REPORT OF SELECT COMMITTEE.

To the Hon. House of Representatives of the Legislative Assembly of the Territory of Dakota:

The select committee to whom was referred the memorial of N. J. Wallace, M. H. Somers, William Mathews and William Frisbie, of the 1st Representative district—Edward Gifford, R. M. Johnson, Laban H. Littlefield and Henry Hartsough, of the 7th Representative district—Henry A. Kennerly and F. D. Pease of the 8th Representative district, claiming seats upon the floor of this house of representatives from the said respective districts, beg leave to report to the house, that time has been allowed the respective contestants to adduce all the proofs necessary and pertinent to eluminate the truth and aid your committee in the determination arrived at in this report, that they have with much deliberation and care considered the testimony in these several contests, and beg to present hereby their conclusions and recommendations in the premises. Your committee would ask to be excused from here reciting in detail the evidence elicited in the examination and will allude in brief and in their order the conclusion of fact which the testimony afford-

ed to their minds, referring the house to the proofs themselves, herewith accompanying, as to the propriety and right of the views taken of the subject matter by your committee. Your committee find that in the 1st Representative district, comprising Cole county, that three election or voting precincts were held, to wit: one at what is known as Big Sioux Point, one at Elk Point, and the third at Brule Creek, on the 1st day of September last agreeably with legal notice; that at said election in said 1st representative district, N. J. Wallace, M. H. Somers, William Mathews, and William Frisbie, were candidates respectively, for the office of representatives in the house of representatives in the second legislature of the Territory of Dakota; that the election at said Big Sioux Point and Elk Point precincts, held on that day, were conducted in a fair, formal, legal, and orderly manner; that the election at Brule Creek precinct was characterized by systematic, deliberate, and obviously preconcerted fraud, and a predetermination to out-vote, by fraudulent and factitious means, the other two precincts before mentioned, without regard to consequence, to character or the elective franchise. The location of the county seat of Cole county, submitted to the popular vote, doubtless, more than any other motive, instigated, planned, and effected the most flagitious wrong upon the rights and interest of the residue of the voters of the county, furnishing a precedent unrivaled, if equaled, in the history of fraudulent elections—a fraud by common concert and participation, without the usually attendant circumstances of violence in such cases; and if interest, such as might be enhanced by an achievement of this character, can ought extenuate, your committee are fain to say, is all that can be suggested or found in the transaction to cover from reproach and infamy the participants in that election fraud. The evidence before your committee establishes, as facts, that the polls at this precinct were first opened at midnight preceding the regular election held on the 1st day of September, 1862, at a place different from the place where the election was called or was held at the regular hours; that at the midnight sitting *thirty-three* or more votes were cast; that these votes were all illegal, being cast by non-residents and minors; that the object and purpose of casting these votes, at

this time, and in this manner, was to avoid any challenge or question as to the rights of the parties voting to enjoy the elective franchise in this precinct; that the same ballot box in which these votes were received was used at the regular hour, and at the properly named place for holding the election in this precinct; that the ballots cast as heretofore stated still remained in this box, and were counted and canvassed with the ballots cast at the regular hour, and at another place; that the judges of the election at the first sitting (the midnight one,) were non-residents of the precinct, sent into it by some evilly disposed person, for the purpose of subserving their own personal and selfish ends; that in the attempt to canvass the vote of the precinct by the judges it was discovered that the number of ballots far exceeded the number of names on the poll-books, and for the purpose of making the two correspond, these judges opened the box, and after selecting enough of the so called Todd ballots, as would be sufficient to correct the discrepancy, took them from the box and destroyed them; that there are not over thirty legal votes in this precinct, although the returns from the same show *seventy-two* to be the number of votes cast, which is a greater number than the combined vote of the Big Sioux Point and Elk Point precincts, when, in fact, the legal vote of Brule Creek precinct hardly equals that of either of the precincts in Cole county; that Wallace and Somers received the following vote, viz: Wallace, in Elk Point precinct, 27 votes; in Big Sioux Point precinct, 25 votes; Somers, in Elk Point precinct, 25 votes; in Big Sioux Point precinct, 22 votes—omitting the vote received by them in the Brule Creek precinct, while Mathews received but 10 votes in Big Sioux and Elk Point precincts, and Frisbie but 9 votes in these two last named precincts. That we are fully satisfied of the legality and fairness of the election in Big Sioux and Elk Point; that in view of all the circumstances no other disposition can, in equity and justice, be made of the vote of Brule Creek than to throw it out, and entirely disregard it in canvassing the vote of that district; that your committee are only led to this conclusion from the fact that the illegalities and frauds of the election at this precinct are so commingled and intermixed with what even might have been legal and honest; that it is impos-

sible to distinguish between the fraudulent and honest, the legal and illegal, or to determine what portion of it should be canvassed and what not, but are fully satisfied after a thorough, fair, and impartial investigation, that had Mathews and Frisbie received all the legal votes of this precinct, together with what they received in the other two, they would not then have received as many votes as Wallace and Somers received in the two precincts of Big Sioux Point and Elk Point.

Therefore, in view of all the foregoing circumstances, and influenced only by a desire to do justice to all parties, they can arrive to but one conclusion in the premises, viz: that N. J. Wallace and M. H. Somers are the legally and fairly elected representatives for this district, and are now legally and justly entitled to seats in this house.

TENTH DAY.

Wednesday, December 10, 1862.

House met pursuant to adjournment.

The Speaker in the chair.

Prayer by the chaplain.

George P. Waldron, from the second representative district, appeared with a certificate of election, as representative from said district, and the oath of office was duly administered to him by Attorney General Gleeson.

Roll called.

Present—Messrs. Armstrong, Buckman, Donaldson, Johnson, Wallace, Waldron, Kennerly, and the Speaker.

Absent—Messrs. Bothun, Frisbie, Litchfield, Jacobson, Larson and Puett.

The journal of yesterday was read and approved.

On motion of Mr. Waldron,

Rule 16 of the rules of the house (relative to the order of business of the day) was suspended.

Mr. Armstrong, chairman of the committee on elections, presented the following report, to wit :

MR. SPEAKER :

The majority of the committee on elections, to whom was referred the certificates, petitions, and papers of M. H. Somers, of Cole county, and of Edward Gifford, of Bon Homme county, claiming the seats in this house now occupied by William Frisbie and Laben H. Litchfield, of said respective districts, would beg leave to report that they have had the matter under a careful consideration, and from the evidence and facts laid before your committee, by the contestants in the cases, have arrived at the following conclusions, to wit: That M. H. Somers received in said 1st representative district 48 votes, and William Frisbie 70 votes; that, at the precinct of Brule Creek, where Mr. Frisbie received 61 votes and Mr. Somers 1 vote, the polls were opened by candle light about 1 o'clock on Sunday night, before the day of election; that 29 votes were polled at said midnight election by non-residents and boys, for William Frisbie; that on the following day the polls were regularly opened at 9 o'clock, at the proper place, and 32 addi-

tional votes cast for Mr. Frisbie ; that the judges and clerks of election were not sworn at either opening of the polls ; and that admitting said 32 votes cast to be legal ones, together with the nine which Mr. Frisbie received at Big Sioux and Elk Point, he has but 41 legal votes in the county and M. H. Somers 48 votes. Therefore, your committee are forced to the conviction that M. H. Somers is duly and legally elected by a majority of the legal votes of his district, and is therefore justly entitled to the seat now occupied in this house by said William Frisbie.

In the contested case coming from Bon Homme county, comprising the 7th representative district, wherein Edward Gifford claims a right to the seat in this body now occupied by L. H. Litchfield, your committee would state that from all the evidence and affidavits furnished by the contestants, it is proven that only 39 votes were polled in said district on the 1st day of September, as is established by the affidavits of the judges and clerks of election ; that out of said 39 votes, your petitioner, Mr. Gifford, received 25 votes, as is proven by affidavits coming direct from the individual electors who voted for said Gifford ; that Mr. Gifford holds a certificate of election from the acting register of said district ; that, although a disturbance was created at the closing of the polls on the ground of a presumed fraud on the delegate candidates, thereby preventing the canvass of the votes, yet it is proven that 22 of said 39 voters voted open tickets for said Gifford at a second election, and that 26 of said 39, voted for Mr. Gifford at the first election. Therefore, your committee can arrive at no other conclusion than that your petitioner, Mr. Gifford, is endorsed by a large majority of the legal electors of his district, and is therefore justly entitled to the seat now occupied in this house by Laben H. Litchfield, as representative from the 7th representative district.

M. K. ARMSTRONG,
H. S. DONALDSON.

On motion of Mr. Donaldson, the
Report was adopted.

Mr. Wallace offered the following resolution :

HOUSE JOURNAL.

The following communication was received from the Attorney General of the Territory, Hon. W. E. Gleeson :

ATTORNEY GENERAL'S OFFICE, }
YANKTON, D. T., DEC. 10, 1862. }

*To the Honorable House of Representatives of the Territory of
Dakota :*

GENTLEMEN :

Your communication inclosing copy of resolution adopted by the house, asking to be advised as to whether the recognition of the Governor is essential to the competency of the house, as a branch of the Legislative Assembly of {Dakota, to proceed with the business of legislation, is received through your chief clerk, Byron M. Smith, Esq.

I make you the earliest reply practicable. The act of Congress organizing the Territory furnishes the solution to your question. By its provisions, the power of the executive, its nature and extent is defined. It contains no clause that even constructively supports such a claim ; and I may be permitted here to suggest that it is most fortunate for the general welfare, under present auspices, that there is no authority for arrogance so strange and monstrous as your inquiry would imply, to have been attempted on the part of the Governor.

There is not in the whole range of territorial history such an example of official presumption. Congress has made your office elective ; has authorized the apportionment of the Territory into representative districts ; has prescribed the number and limits of representation ; has enabled the first Legislative Assembly to establish the qualifications of voters and representatives, with certain expressed limitations ; in a word, has deferred to the wisdom of the first Legislature all requisite powers to give the people of the Territory the largest control over their domestic interest compatible with a provisional and dependant state of government.

In pursuance of the authority thus conferred, the first Legislative Assembly of the Territory enacted, with the approval of the Governor, chapter thirty-two of your Territorial Statutes, leaving the representative districts with a single exception as first described and promulgated by the Governor, in the absence of a Legislature, to apply these several powers conferred by the

organic act. This statute here referred to, provides the qualification of voters, as also of representatives; the time, place, and manner of their election; the mode of conducting the canvass, and by whom the result shall be certified as well as the time of the annual meeting of the Legislature. Under the statute, the clerk of the board of county commissioners of the different counties is solely authorized to issue the certificate of election to the person elect. The single inquiry then arises from the premises: are you in fact the representative duly chosen and accredited as the law prescribes? If so, then you have and may exercise all the functions of a Legislative body, subject to but one limitation, the executive veto upon your enactments.

You may adopt rules for your government, and for the facilitation of business.

You may memorialize and resolve without executive sanction, and insert all other and necessary incidental powers.

The certificates on file with your chief clerk afford *prima facie* evidence of your authority in the premises, and not either the notional or arbitrary judgment of any one, whether he holds an official or private relation; such certificates furnishing the decision of the popular choice, from whom alone, under the act of Congress, you derive your representative *status*.

The effect of a concession, that the recognition of a Governor forms a condition precedent and necessary to the performance of your duties, would be to withdraw from the people, where Congress vests it, all power in your selection, and render elections, so far at least as representative is concerned, a barren and farcical ceremony, making the Governor at once the artificer and sovereign arbiter of the Legislature and its laws, a conclusion that is in so marked variance with the specific language of the organic act, so repugnant to its entire spirit and design, as to carry with it its own confutation.

The power, therefore, gentlemen, of the Governor over the Legislative Assembly—as well over one branch as the other—is restricted to the simple and unqualified dissent to or approval of such laws as you may enact. This is at once the measure and limit of his control over you.

You are as independent in your sphere of duties, as the

Governor is of your body in the administration of his official duty, and he rests under no less obligation to obey and execute each and every particular territorial statute in force, and every provision of the organic act as faithfully as you are to subserve their requirements.

It may be perhaps not impertinent to the inquiry raised by your resolution, to add in this connection, that by virtue of chapter 56, section 7, Dakota laws, approved May 7th, 1862, the respective houses of the Legislative Assembly are made the sole judges of the competency of the members in the event of a contested claim to a seat. This also is a power which you possess subject to no dictation, other than that of your own enlightened conciousness and judgment; the wise theory of the law being that you have both the integrity and qualifications to determine such controversies, and that your interest, moral and material, in the society for which you are called to legislate, will urge and lead you to fair conclusions. The confidence reposed by your respective constituencies adds no inferior incentive to the impartial discharge of this duty.

While the recognition of the executive is not essential, he cannot capriciously withdraw it when made. Nor may it be even irrelevant to further add, in conclusion, that the Governor is bound by his relation and his oath to co-operate with and aid you in the discharge of your public offices. As a practical question, I trust these views will have no application.

The Governor will not, I am persuaded, assume to impede and prevent all legislation, in which the Territory has so deep an interest, nor permit the beneficent appropriation of the general Government, for legislative purposes, to be exhausted without benefits to the people. I am sure he will not take the responsibility of initiating an action so unwarranted and unexampled.

I have the honor to be,
Most respectfully,
Your obedient servant,
W. E. GLEESON.

Mr. Smith presented the following resignation :

YANKTON, D. T., DEC. 18, 1862.

Gentlemen of the House of Representatives :

I take this opportunity of saying to the members of this body, that I decline to have any further communication with this house. My reasons are these :

1st. That I did not at the first feel that I have any right to a position which I at present occupy, having been elected to fill this place before six other members had taken their seats who had the same right to a voice in the selection of a chief clerk as those who did take part in that election.

2d. Because I am entirely unwilling to act in this capacity, after the recent developements and acts of your body, so repugnant to my feelings and sense of right and justice.

But before I take my leave, I have a word to say to a few of your members ; and would to God they could know my feelings towards them. It is to those who have been true and immovable as the rocks—those men who would not, who could not, be turned to the right or the left, from their own consciousness of their duty. No pressure from outsiders, or the united efforts of the combined official forces, or any threats of “ no pay ” has been to any effect to those members. And to those only I have to extend my heartfelt thanks for their kindness and courtesy extended during this long struggle for the right, and I hope that their future record may be marked by the same manly course. To them, nothing too dear to my heart will be reserved in any time of want. Be true, then, my brave fellows. You have thus far shown yourselves manly, noble, and true ; incapable of being corrupted by any temptation or inducements of the servile mercenaries who have encircled you and sought your ruin, and sought to influence you to violate principle more sacred than any and all things else. May God

save you and our once happy and peaceful land, in the event of the despotism which to all appearances we are about to be thrown into. Allow me to say to you further, I leave you, the faithful, with feelings I cannot describe.

B. M. SMITH.

The assistant clerk pro tem submitted the following :

I respectfully decline acting further as assistant clerk of this house.

J. M. ALLEN.

MR. SPEAKER:

A majority of your committee on Elections have had under
consideration the contested case of Messrs. Kennerly and Pease,

sion, after examining the affidavits and other papers before
them, that there were one hundred and thirty-eight votes polled
in Charles Mix county, at the last general election held in said
county on the first of December, 1862. Subtracting eighty
soldier votes, leaves fifty-eight as the legal vote in said county,
eight of which were polled for H. A. Kennerly, the remaining
fifty for F. D. Pease. In Todd county there were thirty-two
votes polled, twenty-six of which were polled for H. A. Ken-
nerly, and six for F. D. Pease, making the entire legal vote in
the district, ninety; fifty-six of which F. D. Pease received for
representative, and thirty-four were cast for H. A. Kennerly
for the same office; therefore, a majority of your committee

respectfully recommend that said Pease be admitted to a seat in this house, as the representative from the eighth representative district of Dakota Territory.

J. H. SHOBER.

A. W. PUETT.

Committee.

The private Secretary of the Governor appeared and presented a communication from his excellency, which was read to the convention, as follows :

Gentlemen of the Council and House of Representatives :

While humbly acknowledging our dependence on the kindness of God, let us return thanks for the many blessings, which our people have enjoyed during the past year,—peace in the midst of war, abundant harvests and general health. While the whole country has been convulsed with the throes of a mighty civil rebellion, devastating the finest regions of our country, destroying the crops, and wasting the hard earned accumulations of the husbandman, depopulating and laying waste whole districts of country, sacking and destroying towns, ruining commercial marts, and carrying want and destitution into tens of thousands of once happy homes. While Indian depreda-

tions and massacres of untold ferocity and brutality, and to an extent unheard of in all the annals of savage war, have been committed only just without our limits, yet Dakota has been spared all the immediate calamities of civil, and, to a great extent, the horrors of Indian war, and our people have been blessed with security and prosperity.

The first Legislative Assembly enacted a civil and criminal code, established a revenue, militia and educational system, formed all the counties which our settlements seemed to require and passed many other acts of necessary legislation. I am not aware of many alterations or amendments to our laws, which are at present demanded, though doubtless time and more experience in their practical operations will suggest some.

I would recommend some legislation in reference to the establishment of Territorial Courts. No time or place for the holding of terms of the Territorial Courts having as yet been designated by any act of the Legislature, many cases which cannot be brought before the Federal Courts, will have to be postponed until some action is taken by your honorable body upon this subject.

The questions, which are most intimately connected with the welfare and settlement of Dakota, and which will require your attention and consideration, are Indian affairs and military protection to the frontier. Although the Legislature has no direct control and authority over these matters, yet it is very desirable, and, I think, absolutely necessary that you take cognizance of these subjects, and that you memorialize Congress in reference to them, and ask for the adoption of prompt and vigorous measures, which shall quiet the apprehensions of the settlers, and give peace and perfect security to all the border settlements.

During the past year, we have had no formidable attack or appalling massacres, yet our people have suffered from Indian depredation, and the continual fear of being plundered and murdered by the roving bands of lawless savages, who have been prowling around our settlements, has been the source of annoyance and alarm to all our citizens.

The murder of Judge J. B. Amidon and son at Sioux Falls, occurring immediately upon the receipt of the first news of the

terrible massacre of men, women and children in Minnesota, very justly alarmed the settlers in that portion of the Territory. Knowing their entire inability to protect themselves against any considerable force of Indians, with the small detachment of Dakota Cavalry I had stationed there, they wisely concluded to withdraw to the more thickly settled portions of the Territory lying upon the Missouri river. After the abandonment of that place, the Indians came in and destroyed and burned the town and all the improvements in the surrounding country.— Upon the reception of the news of this attack, at Sioux Falls, coupled with the news of a great savage war in Minnesota, and the actual presence of hostile bands in the vicinity of our towns, engaged in plunder and threatening war, a feeling of general alarm naturally spread through the Territory—and many of our citizens moved temporarily into Iowa.

As we have but one military company stationed in the whole district of country between the Big Sioux and Fort Randall, and as this company was divided into several detachments, and could render only very limited protection to our scattered settlements, I issued a proclamation calling for the immediate organization of the entire militia of the Territory. Finding, however, that the feeling of insecurity was likely to depopulate some of our counties, I dispatched Lieutenant Kellam, a special messenger to Gen. Blunt, commanding the department of Kansas, with letters and a requisition for arms, ammunition, and additional troops. Just at this time the Department of the North-West was created and Dakota was transferred from the Department of Kansas to the Department of the North-West. Some delay was thus occasioned in the reception of arms, but as soon as the requisition was forwarded to Gen. Pope, he promptly responded to it, and we are now in possession of arms and ammunition sufficient for all our militia force.

As no troops could be sent to us immediately, I thought it necessary to call into active service a part of our militia, which would tend to restore confidence and give us protection until United States troops could be stationed in our midst.

I would recommend that an act be passed authorizing the auditor of the territory to audit the military accounts of the territory, and to issue warrants sufficient to defray the expense

connected with subsisting and paying the militia for the time they have been in actual service ; and that, when the amount is ascertained, the legislature memorialize Congress for an appropriation sufficient to refund to the territory all the expenses incurred by her in providing for the maintenance of the militia force.

The Yankton Sioux and the Ponca Indians, the annuity tribes which are located upon their own reservations, in close proximity to our settlements, have remained friendly, and I see no good reason to apprehend any trouble with them, but believe that the same peaceful relations will continue with those tribes which have heretofore existed.

I regret to say that I fear we are to have trouble with the Sioux of the Upper Missouri agency. They have for some time past been uneasy, restless, and dissatisfied with the Government, and disposed to war. The unusual amount of travel during the past year through the region of country claimed and occupied by the upper Sioux, has excited and alarmed them. The news of new gold fields, of unsurpassed richness, on the Salmon river and the head waters of the Missouri has made a highway through a part of this territory never before marked by the foot-print of the white man, save an occasional hunter and trapper. The presence of the stranger, and this passage to and fro through their lands, has awakened their jealousy, and made them suspicious that they, too, would soon be crowded from the hunting grounds of their fathers, and be pressed farther west towards the setting sun. Portions of these tribes, who are friendly and who desire to remain at peace, are becoming intimidated by the more bold and lawless members of their bands, and are fast being won over the views and feelings of the hostile ones. Four-Bears, one of the friendly Yanktonnai chiefs, was murdered last year by his own people, on account of his friendship for the Government. Bear's-Rib, one of the head chiefs of the Onckpapa, and most devoted friend of the whites, was murdered by members of his own tribe, because he opposed any hostility against the United States, and consenting to still receive the goods brought up for distribution by Mr. Latta, the Indian Agent for the Upper Missouri. This year the Rees and Grosventres, who are locat-

ed near Fort Berthold, and who are the most peaceful of all the upper tribes, were twice attacked in their own village by the Sioux, for the reason that they still hold out for peace, and refuse to combine with them to make war on the whites.

The Indians were promised by the Government, that so long as they remained at peace, and faithfully observed their treaty stipulations, they should have aid and protection against all hostile tribes. How has this been observed? Experience has taught the friendly tribes that the greatest safety is to be found in hostility to the whites,—the Government having neglected and failed to give the friendly disposed Indians the promised aid.

The hostile Indians embrace a large majority of the tribes of the Upper Missouri, and unless prompt measures are taken to suppress any uprising there, and to punish the hostile bands, we have every reason to expect a combination of all the numerous tribes of Dakota, and a general Indian war of unparalleled proportions and untold ferocity.

We require for the purpose of giving ample security to our settlements, and to preserve peace throughout our territory, the establishment of three military posts—one at Sioux Falls; one at or near Fort Berthold, and one near Fort Benton. Ample protection to Dakota is protection to Western Minnesota, Northwestern Iowa, and Northern Nebraska. When Dakota is left unprotected, then the frontier settlements of Minnesota, Iowa, and Nebraska are liable to a repetition of the horrible massacre which last August devastated two hundred miles of frontier settlements in Minnesota. This question of protection is vital to all frontier settlements. Without it, settlements must recede and not advance; with it, emigration, the hardy pioneer with his axe and plow, will push forward the advanced line of civilization and open up new lands which will furnish happy homes for thousands, who are now looking to the great North-West.

I take great pleasure in informing you that I now believe that we are to have protection, and that a powerful expedition is now being organized, which will visit summary punishment upon all the hostile tribes, and teach them a proper respect for, and fear of the authority of the Federal Government. Major

General John Pope, commanding the Department of the North-West, is fully alive to the interests and the military necessities of his department, and he intends that these Indian difficulties shall be thoroughly attended to.

General Pope has created the first military district of his department, which is to embrace Dakota and a portion of Northwestern Iowa; he has assigned to this command General John Cook, of Illinois, one of the heroes of Fort Donelson and Shiloh—an officer whose ability and gallantry in the field, are only equaled by his executive talent. The appointment of General Cook to the command of this district is a guarantee of a prompt, vigorous and effective campaign—one which shall inflict severe punishment upon a treacherous foe, and give peace to our borders, and create a feeling of security among our people, which shall tend to the settlement and development of Dakota. I have dwelled at some length upon our Indian relations, because I consider it a matter of the most vital importance, and one that will enlist your hearty co-operation.

At the last session of Congress, an appropriation was made for the purpose of defraying the expense of making a treaty with the Chippewa Indians, living on the Red River of the North, and, but for the late Indian war in Minnesota, this treaty would have been made, and that rich and fertile portion of our Territory would have been opened to white settlement. I trust that treaty may not long be delayed, thereby affording encouragement and protection to the large and remunerating trade already established between that region of country and Saint Paul, on the Mississippi.

I would again call to your notice some recommendations made in my first message to the Legislature of Dakota. I would urge that Congress be memorialized in reference to a geological survey of the Territory; to make Fort Randall the distributing post for supplying the Forts to the west of us, and for the establishment of military roads from the Big Sioux river to Fort Randall, and from the Red River of the North, to points on the Missouri river at or near forts Union and Benton. The reasons for these recommendations were given at length in my last message, and it would seem unnecessary to repeat them at this time.

It is not my intention to enlarge to you on the future of this Territory, and discuss the many advantages offered to those desirous of leaving the older States, for the purpose of seeking new locations, and participating in the many benefits incident to a young and prosperous Territory. Dakota, unsurpassed in soil, climate, and the abundance of her own resources, has already attracted the attention of the whole country, and promises soon to be filled up by a hardy, industrious, and intelligent population.

With a satisfactory adjustment of Indian Affairs, and the end of the rebellion, we shall witness the checked emigration of the past few years once more spring up, and soon the rich valleys of the Missouri, the Big Sioux, Dakota, Red River, and Niobrara will be crowded with dense settlements, thriving towns and commercial cities.

At the last session of Congress, an act was passed authorizing the construction of the Pacific Railroad. The idea of a great central Railway across the continent has been a popular one for some years, and has received the approval of the whole country. While this is a great enterprise of public improvement—identified with every interest of the nation, which we, in common with others, will participate in, yet we have every reason to expect local and immediate benefits to flow from its construction. Sioux City has been very properly designated as the point from which the north branch shall start. We are especially interested in an amendment to the bill as passed, which shall require that this branch shall be located on the north side of the Missouri, and thence up the valley of the Niobrara river, to the most practicable point of connection with the main trunk. As the bill will be amended in many particulars at the present session of Congress, I think, with the proper effort, that the amendment which most interests our Territory may be carried.

My former message contained several suggestions and recommendations which, under the great pressure of local and general business, were not acted upon by the last Legislature, and as I believe some of them vital to the best interests of the Territory, and equally appropriate at the present time, I trust that you will give them the attention and consideration that you, in your wisdom, may deem necessary.

I would also most respectfully bespeak your counsel and hearty co-operation in all public measures for the promotion of the general well-being of the Territory ; and I trust that your deliberations will be harmonious—guided by wisdom and justice. And inconclusion, I ask you to join me in the hope that, before the coming of another Legislative Assembly in your respective halls, the dark clouds of civil and Indian wars, which now overcast our political sky, through the interposition of an overruling Providence, will have been swept away forever, letting in the sunshine of peace, liberty and prosperity upon our once more happy country.

The following communication was received from the Secretary of the Territory, Hon. John Hutchinson :

SECRETARY'S OFFICE,
Yankton, Dec. 23, 1862. }

Gentlemen of the House of Representatives :

Your resolution requesting me to furnish a list of the appointments of registers of deeds in the several counties of the Territory has been forwarded to me, and in reply I give you the following :

<i>Counties.</i>	<i>Names.</i>	<i>When appointed.</i>
Kittson county,	Charles Morrian,	May 14, 1862.
Cole "	N. J. Wallace,	" 15, "
Clay "	Franklin Taylor,	" 23, "
Yankton "	William Bordino,	June 23, "
Bon Homme "	H. W. Granger,	" 4, "
Todd "	Jas. B. Gayton,	
Charles Mix "	C. Lamont,	
Minnehaha "	H. Masters,	" 4, "

In Bon Homme county, a second commission was issued to L. H. Litchfield, in August, 1862.

In September, 1862, Governor Jayne informed me that he had appointed M. M. Rich, in the place of N. J. Wallace, in Cole county.

I am, gentlemen,
Very truly yours,
JOHN HUTCHINSON, Sec'y.

Mr. Harlan, of the committee on elections, presented the following minority report, in the matter of contest between F. D. Pease and Henry A. Kennerly :

MINORITY REPORT.

MR. SPEAKER :

The undersigned, one of the committee on Privileges and Elections, takes this occasion, in connection, with his rights and the consent of the house, to give his reasons and protest against the acceptance of the report of the majority of said committee, to-wit : Messrs. Buckman and Puett, in the contested case of Kennerly and Pease, from the 8th representative district.

The house will remember that that committee was appointed by the Speaker on Thursday morning, the 18th of Dec. 1862, about eleven o'clock, and in about thirty minutes thereafter, the house took a recess for one-half hour. Immediately thereafter my colleagues on said committee called on me, and stated that they wished a meeting of the committee with respect to some matters of importance that were likely to come before us. Thereupon we went to the committee room. As soon as we got there, the case of Kennerly and Pease was brought up for consideration, but none of the proofs nor allegations of the parties—in a word, not anything pertaining to the case was before our committee. I moved that the committee report the facts back to the house, with a resolution asking the authority of the house to send for persons and papers, and have the same brought before the committee, so that it might proceed in order, and act intelligently in the examination of the case. My motion did not prevail. Thereupon, the chairman drew from his coat pocket the following report, which the majority agreed to, and did in a few minutes report to the house, as their action in the premises, to-wit :

MR. SPEAKER :

A majority of your committee on Elections have had under consideration the contested case of Messrs. Kennerly and Pease, and a majority of your committee have arrived at the conclusion, after examining the affidavits and other papers before them, that there were one hundred and thirty-eight votes polled in Charles Mix county, on the first of December, 1862. Subtracting eighty soldier votes, leaves fifty-eight as the legal vote in said county, eight of which were polled for H. A. Kennerly, the remaining fifty for F. D. Pease. In Todd county there were

thirty-two votes, twenty of which were polled for H. A. Kennerly, and six for F. D. Pease, making the entire legal vote in the district, ninety; fifty-six of which F. D. Pease received for representative, and thirty-four were cast for H. A. Kennerly for the same office; therefore, a majority of your committee respectfully recommend that said Pease be admitted to a seat in this house, as the representative from the eighth representative district of Dakota Territory.

JOS. Y. BUCKMAN,
A. W. PUETT.

Now, sir, I and the country are called upon to sanction and approve this hasty and most extraordinary action of a majority of the committee. Can we do it? Ought we to do it? Under all the circumstances of the case, it would be most strange and cruel if we should do it. I cannot—I will not. On the contrary, I most earnestly and solemnly protest against it for palpable and obvious reasons.

The committee, if not disposed to do justice to the parties, certainly should be willing, at least, to do justice to themselves.

The rights and interests of the parties contestants, demand that we should have heard the cases *patiently, fairly, and justly*; that we should have closed no door against an impartial investigation. We were created and made a committee, or tribunal, for the express purpose of hearing and trying such cases, and hearing and trying such cases with *deliberation, with fairness, and strict impartiality*. To stop short of such a hearing and such a trial, is to do the parties injustice, the committee injustice, and also, our fellow members of this house injustice. Moreover, it is adding insult to injury, by asking them to accept and approve the action of one of its standing committees, and which action, and report, is wholly based upon unreliable and untruthful hypothesis, and in violation of all rule, precedent and fairness. How could we perform our duty fairly and justly without hearing both sides of the case? How could we hear both, or either side of the case, with the door *absolutely closed* against hearing the case, or either side thereof? Pease did not know where we were, nor that we were absent on that business. Kennerly did not know where we were,

nor that we were absent, trying his right to a seat in this house.

How could they? No one had told them. They had not been invited to be present and lay their respective claims before our committee in order that we might do them *justice*, and at the same time, enable us to come to just and intelligent conclusions in the premises. As to all these things the parties were in the dark—so acted the committee.

I have said that the committee, at least, owed it to themselves, to hear with patience, both sides of the case. So I still think. Otherwise, the public may put a false construction upon our conduct, and construe our motives into the use of *unfairness* and *wanton partiality*.

It may be well to state in this place, that the report of the majority of the committee is untrue, both in fact and logic. It states that "*after examining the affidavits and other papers before them,*" they come to the conclusion, &c., &c.

I am compelled to say that there was no affidavits nor other papers before the committee. Not only were there none, but the committee refused to bring any before it. The report finds that there was 133 votes polled in Charles Mix county, on the first of December, 1862, which I suppose was intended for September first, 1862; but for whom and for what purpose they were given it does not say. This it must have done on rumor. I suppose it states correctly the whole number, when it is put at 138.

Immediately thereupon the report adopts the rule of subtraction; for what purpose, I am unable to say; and why subtract the votes and number it does, is equally incomprehensible.

It says, "Subtracting 80 soldier votes, leaves 58 as the legal vote in said county."

Who had said anything about legal or illegal votes? What may have been said in the streets or in the prairie, I neither know nor care. Whatever came properly before us, as a committee, we were bound by—nothing else.

To all of this hasty and inconsiderate action of the committee, I protest earnestly and solemnly. Before the committee nothing was shown, or proven, with respect to legal or illegal

votes. Whether the persons who cast the 138 votes were soldiers or civilians, was not a question before the committee, and had it been, it does not (as the majority of the committee seem to think it did) follow as a matter of course, that the soldier vote should have been subtracted. It is due, however, to my colleagues of the committee, and who made the majority report, to say that they stated, at the time of making the same, that they had heard statements and seen testimony, which was alleged to be lost, which would warrant them in coming to the conclusion to which they had arrived.

This, of course, was shown them as individuals, and not as members of the committee, and which, if true, only established more clearly the necessity for sending for persons and papers.

If the majority are allowed to act upon what they may have seen and heard, as individuals, may I not also? Rumor has it, and I believe the facts abundantly sustain that rumor, (indeed, I state it positively as a fact,) that Mr. Pease received only 109 votes in the whole district, and Kennerly but 34. It must be borne in mind that the report, no where pretends to say how many votes were given to Pease, but it assumes, (which is not true) that he got 138 in Charles Mix county and 6 in Todd county, making his total vote 144. Then it proceeds with its rule of subtraction, and takes from Pease, 80 soldier votes, leaving him but 64.

This process of reasoning and rule of arithmetic would elect Pease by just 30 votes. But if Pease received only 109, in the district, which is the case, and it becomes necessary, (as a majority of the committee have thought it was,) to take from him, Pease, the "80 soldier votes," then Kennerly is elected by just five votes.

Now, with all due respect, to the majority of the committee on Elections, and also its proceedings in the premises, I must nevertheless, be permitted to say that their conduct is unparliamentary and without a precedent. What would be said or thought of a court or jury, who should be called upon to try a cause between two parties, if it, or they should assume to determine that cause without hearing the testimony, much more, not only not hearing, but refusing to hear the proofs and allegation of the parties.

Would there not go up one universal condemnation from an insulted and justly indignant people ?

If so, how can we expect to escape censure, and how shall we justify ourselves before our constituents ?

Such a course of procedure is a vital and fatal stab at the rights of a citizen, giving him no chance to be heard, in the only court or tribunal in which his case could be heard. Subversive alike of freedom and justice, and if persisted in, is highly calculated to sap the very foundations of our free and republican institutions, and rearing in their stead, violence, tyranny, mob law and anarchy.

As an humble member, I protest against such proceedings, as an humble member of the committee whence originated the report, I protest against it, as a citizen of the Territory of Dakota, I protest against it, and call upon the people whose dearest rights are thus, heedlessly and unlawfully trampled under foot, to protest against it.

To the Hon. House of Representatives :

YANKTON, D. T., Dec. 19, 1862.

GENTLEMEN :—Intimation having reached me, through direct and indirect sources, that a dissatisfaction exists in the minds of those members of the house, who withdrew early in the session, with reference to my official action in a particular instance, viz : entering at large on the house journal the report of the

Select Committee on Elections, made while the house was acting under a temporary organization. As I cannot meet the insinuation as briefly in writing as I may by an oral defence of my official course in this matter, I respectfully ask the privilege of my vindication before your *honorable body* in person, reserving, however, my belief that any explanation will be unnecessary to those who sanctioned my action during the absence of the members above referred to, and whose approval of my conduct throughout, has been consistent and uniform.

If it suits the convenience of the house, should this privilege be extended, I will, on Monday next, present the house with the original journal, when the same can be compared with the entry upon the final journal now in the custody of secretary Hutchinson.

I am, very respectfully,

Your obedient servant,

B. M. SMITH.

Mr. Wallace presented the following petition :

Mr. Speaker and members of the House of Representatives :

I hereby give notice that I will contest the seat of Mr. William Frisbie who holds a seat in your house as representative for the 1st representative district of this territory, averring that at the general election held pursuant to law in said district, on the 1st day of September, A. D. 1862, your petitioner received a greater number of legal votes than said Frisbie for the office of representative ; also, the certificate of his election from the register of deeds authorized to issue the same.

Therefore, your petitioner would respectfully request your honorable body to take immediate action to determine his right to a seat as representative for said district.

*To the Honorable W. P. Dole, Commissioner of Indian
Affairs :—*

Your memorialists, the legislative assembly of the territory
of Dakota, would most respectfully represent that, during the
past season, large amounts of property have been stolen and
destroyed by the Dakota or Sioux Indians of Minnesota, in
different parts of this territory. That, on the twenty-fifth day
of August last, the town of Sioux Falls was attacked by a
party of Sissiton Indians, two of the citizens were murdered,
and the rest were driven from the place. Immediately after
the escape of the settlers, the town was burned, and all the

improvements, crops and other property belonging to said settlers, were burned and destroyed—leaving the settlers in an utterly destitute condition, saving only the few articles of clothing, and necessaries, that they were able to take with them in their flight.

And your memorialists would further represent, that the inhabitants of Clay Creek, in Clay county, in this territory, were, by the same Indians, plundered and robbed of a large amount of property.

They therefore pray that such action may be taken by the department, as shall ensure to said settlers, out of the annuities of said Indians, full remuneration for all losses which they may prove to the department that they have suffered from said Indians.

THIRTY-FIRST DAY.

Wednesday, December 31, 1862.

House met pursuant to adjournment at 10 o'clock A. M.

The speaker in the chair.

Prayer by the chaplain.

Roll called.

Present—Messrs. Bothun, Buckman, Donaldson, Frisbie, Gifford, Harlan, Johnson, Jacobson, Larson, Pease, Puett, Wallace, Waldron and the Speaker.

Journal of yesterday was read and approved.

Mr. Puett from committee on Enrollment presented the following report :

MR. SPEAKER :

Your committee on Enrollment have examined,
H. F. No. 8,
A memorial to Brigadier General Cook, and
Report the same as correctly enrolled.

A. W. PUETT, Ch'n.

Report adopted.

Mr. Buckman submitted the following majority report from committee on Elections :

MR. SPEAKER :

Your committee on elections, to whom was referred the contested case of Messrs. Somers and Frisbie from the first representative district, have had the same under consideration, and beg leave to report.

That Mr. Somers and Mr. Frisbie were opposing candidates for the office of representative in said district.

That there were three election precincts in said districts or county, to-wit:—Big Sioux, Elk Point and Brule Creek.

That, at Big Sioux precinct Mr. Somers received for the office of representative twenty-two (22) votes, and Mr. Frisbie received five (5) votes, at Elk Point precinct Mr. Somers received twenty-four (24) votes and Mr. Frisbie received four (4) votes.

Making for Mr. Somers at the two precincts forty-six (46) votes and for Mr. Frisbie nine votes.

Your committee have had before them a voluminous amount

of testimony in regard to the election at the Brule Creek precinct ; very much of this testimony is of such a contradictory character that your committee are embarrassed in arriving at a safe and just conclusion.

They can therefore simply submit their own common sense view of the case.

And it is the opinion of your committee, from all the evidence before them, that there were not more than thirty legal votes polled in the Brule Creek precinct, for the office of representative.

It is the opinion of your committee that the votes polled at Big Sioux and Elk Point precincts, were strictly legal, and even allowing the entire legal vote cast at Brule Creek to have been in favor of Mr. Frisbie he could not have received a majority of the votes of said district or said county of Cole.

It is therefore the opinion of your committee, that the contestant, M. H. Somers, received a majority of the legal votes of said district or county of Cole.

Therefore be it

Resolved, that Wm. Frisbie who now holds a seat on the floor of this house as a member from the first representative district, is not entitled to the same.

And be it further

Resolved, that M. H. Somers is entitled to a seat on the floor of this house as representative from the first representative district, and that he be and hereby is admitted to the same.

J. Y. BUCKMAN, Ch'n,
A. J. HARLAN.

Mr. Donaldson moved the adoption of the report.

DAKOTA TERRITORY, EXECUTIVE OFFICE, }
Yankton, January 9, 1863. }

To the Honorable, the House of Representatives :

GENTLEMEN :

At the time when I defined the council and representative districts of this Territory, and apportioned the representation thereto, I was in doubt as to the right of the white persons residing upon the unceded Indian lands on the Red River, in this Territory, to be included within a council or representative district ; but as I did not feel clear upon this point, I concluded to give them the benefit of the doubt. And when I approved the act of the last Legislative Assembly, defining the Red River district and fixing the representation thereof, I did so under a false apprehension as to the extent of the white population of said district. I have since heard, and now know by indisputable evidence, that if entitled to a representation at all, the white population of said district would not, under the ratio of house file No. 22, entitle said district to a larger representation than one member of the house of representatives. And were it not for the existence of said act of the last Legislative Assembly, entitled "an act to apportion the representation to the Red River district," I would not at this time approve of any act giving to said district (if any) a larger representation than one member of the house of representatives. But, as I am convinced that a large majority of the voters of the Territory desire an increased representation and a re-apportionment, I have approved and signed house file No. 22, entitled, "an act dividing the Territory of Dakota into council and representative districts, and apportioning the councilmen and representatives therein," and I herewith return the same.

Very respectfully,
