SECOND DAY.

HOUSE OF REPRESENTATIVES, }
 YANKTON, Dec. 8, 1863. }

House met pursuant to adjournment.

Speaker in the chair.

Prayer by the chaplain.

Roll called.

The following members answered to their names:

Messrs. Bond, Bottlofson, Brookings, Burgess, Kegan, Lawrence, Larson, Reed, Risling, Shriner, Wall, Wherry, and Speaker.

Yesterday's journal read and approved.

The following obligation was then taken by the officers of the House:

"We, A. W. Puett, Speaker of the House of Representatives, Mahlon Gore, Ole Sampson, Louis Larson and Almon Gore, do solemnly swear that we have never voluntarily borne arms against the Government of the United States, since we have been citizens thereof; that we have voluntarily given no aid, countenance, council or encouragement, to persons engaged in armed hostility thereto; that we have neither sought nor accepted, nor attempted to exercise the functions of any office whatever, under any authority or pretended authority, in hostility to the United States; that we have not yielded a voluntary support to any pretended government, authority, power or constitution within the United States, hostile and inimical thereto. And we do further swear, that, to the best of our knowledge and ability, we will support and defend the Constitution of the United States, and the act of Congress organizing the Territory of Dakota, against all enemies, foreign and domestic; that we will bear true faith and allegiance to the same; that we take this obligation freely, without any mental reservation, or purpose of evasion, and that we will well and faithfully discharge the duties of the offices on which we are about to enter. So help us God."

Mr. Brookings, chairman of the committee on elections, offered the following report:

Mr. SPEAKER:—Your committee on elections, find, that in the case of Bon Homme county, Mr. Warford, who claims to be the register of deeds of said county, and given a certificate of election to R. M. Johnson, was appointed a deputy register of deeds in said county, in the summer of 1862, by one H. W. Granger, who ceased to be resident of said county before the fall election of 1862, if he ever was a resident of said county. That said Warford has no other claim to register of deeds in said county, except by an election held in the night, after he and his party had broken up the legal and regular election, and destroyed the ballots.

Further, your committee find that L. H. Litchfield was appointed by Wm. Jayne, Governor of this Territory, register of deeds of said Bon Homme county, on the first day of August, 1862, and that, from all the evidence before your committee, he is the only legal and proper register of deeds in said county, and that the persons having the certificates of election from said Litchfield, are the only legal representatives of said county, to wit: Henry Brooks and L. H. Litchfield.

Further, your committee would notice the fact, that there is but one claimant under the Warford certificate. Therefore, your committee recommend that Messrs. Brooks and Litchfield be permitted to take their seats in the House, as the legal representatives of Bon Homme county.

W. W. BROOKINGS,
WM. SHRINER.

The ayes and noes being called for,

The report was adopted, by the following vote:

Those voting in the affirmative were

Messrs. Bond, Bottlofson, Brookings, Burgess, Lawrence, Larson, Reed, Risling, Shriner, Wall and Mr. Speaker.—11.

Those voting in the negative were,

Messrs. Kegan, Pratt and Wherry—3.

After taking the oath of office,

Messrs. Brooks and Litchfield took their seats.

Mr. Brookings further offered the report of committee in the case of Cole county, with the affidavits accompanying it, as follows :

MR. SPEAKER:—Your committee on elections beg leave to make the following report in the case of Cole county : Your committee find that N. J. Wallace and those who canvassed the vote with him in Cole county, in the fall of 1862, and gave certificates of election to one H. S. Carpenter, as register of deeds ; Sherman Clyde and Archibald Christie, as commissioners, and Mr. Searls, as judge of probate, regardless of the provisions of the statutes controlling their action as canvassers, and entirely setting aside the laws, did not give the certificates of election to persons having the largest number and a majority of all the votes cast at the election in September, 1862, but to persons who had only a minority of the votes cast.

2. That, had said commissioners, register of deeds, and judge of probate, been duly elected, they have failed to qualify according to the provisions of the statutes ; and, consequently, their seats are null and void.

Further, your committee think, from the testimony in the case, that Mr. Carpenter, the register of deeds, is a non-resident.

Your committee, therefore, think the only legal board of county officers in Cole county, are those appointed by the Governor, to wit : County commissioners, Wm. W. Frisbie, J. R. Wood and Wm. Mathews ; judge of probate, A. R. Phillips ; register of deeds, M. M. Rich ; and that their acts are the only ones to be noticed by this House.

Therefore your committee recommend that N. G. Curtis, Asa Mattison, B. A. Hill, Duncan Ross, and Albert Gore, the persons having the proper certificates, be admitted to seats in this House, as the duly elected representatives from Cole county, Dakota Territory.

W. W. BROOKINGS,
WM. SHRINER.

The following affidavits accompany the report :

I, William Mathers, one of the county commissioners, in and

for Cole county Territory of Dakota, being duly sworn, do depose and say, that Henry Carpenter, as register of deeds, and Edward Lamoure, as sheriff, and William Searls, as judge of probate, have never filed their bonds for approval, before the board of county commissioners, for the respective offices aforementioned, as required by law.

FRANKLIN TAYLOR,
Clerk of the First Judicial District Court of D. T.

Mr. Kegan, of the committee on elections, stated that at some future time, he wished to offer a minority report.

Some discussion upon the adoption of the report in the case of Cole county, here ensued, participated in by Messrs. Brookings and Bond.

Mr. Bond moved that the report be laid upon the table.

Which motion was lost.

The question being upon the adoption of the report,

The ayes and noes were called for,

Which resulted as follows :

Those voting in the affirmative were

Messrs. Bottlofson, Brookings, Brooks, Burgess, Lawrence, Larson, Litchfield, Reed, Risling, Shriner, Wall and Mr. Speaker—12.

Those voting in the negative were

Messrs. Bond, Kegan, Pratt and Wherry—4.

On motion of Mr. Brookings,
The union delegation, from Cole county, were sworn, and took their seats.

Mr. Lawrence moved that a committee of three be appointed to draft rules and regulations for the government of this House.

Whereupon, the Speaker appointed as said committee, Messrs. Lawrence, Mattison and Bottlofson.

Mr. Bond moved that a committee of three be appointed to confer with a like committee on the part of the Council, to draft joint resolutions for the government of both houses.

Whereupon, the Speaker appointed as said committee, Messrs. Bond, Lawrence and Wherry.

On motion of Mr. Bond,

The clerk was instructed to inform the Council, that Messrs. Bond, Lawrence and Wherry had been appointed a committee to confer with a like committee from the Council, to draft joint resolutions for the government of both houses.

THIRD DAY.

HOUSE OF REPRESENTATIVES }
YANKTON, DEC. 9, 1863. }

House met pursuant to adjournment.

Speaker in the chair.

Prayer by the Chaplain.

Roll called.

The following members answered to their names:

Messrs. Bond, Bottolfson, Brookings, Burgess, Curtis, Gore, Hill, Lawrence, Larson, Litchfield, Mattison, Pratt, Risling, Ross, Shriner, Wall, and Mr. Speaker.

The following annual report of the Auditor, together with that of the Adjutant General, was received:

AUDITOR'S REPORT.

AUDITOR'S OFFICE, YANKTON }
November 30, 1863. }

To the honorable Council and House of Representatives: —

By the 53d chapter of the laws of 1862 & 63, it is provided,

that "all accounts and claims against the Territory, which shall be by law directed to be paid out of the Treasury of the Territory, shall be presented to the Auditor, who shall examine and adjust the same, and shall issue bills or warrants, payable at the Territorial Treasury, for the sums which shall be found due from the Territory, specifying in each bill the date of its issue, and the name of the person to whom payable." And also, that "The Auditor shall annually make out an accurate statement of the receipts and disbursements of the Treasury for the preceding year, ending on the last day of the month previous to the one during which the Legislative Assembly shall commence its annual sessions; also, of the unexpended balances (if any there be,) of the several appropriations, the amount remaining in the Treasury, the amount of bills or warrants issued and not redeemed, (if any there be,) and shall report the same to each branch of the Legislative Assembly, on the third day of its session, together with such remarks on the finances of the Territory, as he shall deem proper for the consideration of the Legislative Assembly."

In compliance with the foregoing provisions, I have the honor to submit the following report, embracing so far as practicable, the details required :

The total number of warrants issued up to the 30th day of November, 1863, (exclusive of the military warrants,) amount to \$480,00, to wit :

| | | | |
|------------------------------------|---|---|----------|
| No. 1, May 8th, 1863, James Tufts, | - | - | \$120 00 |
| " 2. " " " J. R. Hanson, | - | - | 120 00 |
| " 3. " " " Wm. R. Goodfellow | - | - | 44 00 |
| " 4. " " " Wm. R. Goodfellow | - | - | 196 00 |
| Total, | | | \$480 00 |

All of which warrants are outstanding, and for the payment of the same there is no money in the Treasury.

The several acts creating and regulating the offices of Territorial Treasurer and Territorial Auditor, provide, that the Treasurer and Auditor shall furnish for their respective offices, suitable books, blanks, &c.; neither of which requirements have been complied with, for want of the necessary funds in the

Treasury—and for the same reasons, the Auditor has not been able to furnish his office with a seal, as required by law. The following estimate will indicate the probable amount of liabilities on the last day of December, 1864.

| | Amount. |
|---------------------------------------------------|------------------------|
| Present outstanding warrants..... | \$480 00 |
| Books and stationery for Treasurer's office,..... | 20 00 |
| Books, blanks and stationery, for Auditor,..... | 25 00 |
| Seal for Auditor's office,..... | 10 00 |
| Salary of Treasurer from Oct. 1st, 1862,..... | 112 50 |
| Salary of Auditor, from May 20th, 1862,..... | 129 16 $\frac{2}{3}$ |
| Total, | \$776 66 $\frac{2}{3}$ |

To meet these liabilities, I would recommend that an appropriation be made by the Legislature, and that a Territorial tax be levied upon the real and personal property within the Territory, and a capitation tax of one dollar, upon each male citizen of the Territory. With a capitation tax, as above suggested, a tax of five mills on the dollar, on real and personal property, though light, would, in my judgment, raise sufficient revenue to meet the ordinary expenses of the Territory. I hope you will take these suggestions under consideration, and act upon them as in your wisdom you may deem necessary and advisable.

By an act of the Legislature, entitled "An act appointing and authorizing a commissioner to audit the military accounts against the Territory of Dakota," approved January 9, 1863, James Tufts, Esq., was appointed such Commissioner, whose duty it was to receive, examine and audit the military accounts of the Territory. And said act further provides, that "When the claims audited and certified to by the said James Tufts, shall be presented by him to the Auditor, the Auditor shall forthwith issue Territorial warrants to the persons entitled to the same, as per amount designated by said Commissioner." On the 18th day of March, 1863, the said Commissioner presented the following report :

COMMISSIONER'S REPORT.

DAKOTA TERRITORY,
OFFICE COMMISSIONER OF MILITARY ACCOUNTS, }
YANKTON, March 18th, 1863.

JUSTUS TOWNSEND, ESQ.,

Auditor of Dakota Territory :

Sir—In compliance with an act of the Legislature, entitled, "An act appointing and authorizing a commissioner to audit the military accounts of the Territory of Dakota," approved January 9, 1863, I submit the following report:

Sections one and two of the above entitled act, read as follows: "Sec. 1. That James Tufts is hereby appointed and constituted a Commissioner to audit all of the military accounts outstanding against the Territory of Dakota. Sec. 2. That all persons having military claims against the Territory are hereby required to present them to the said James Tufts on or before the first day of March, 1863, and he, the said James Tufts shall have the same audited and presented to the Auditor by the eighteenth day of March, 1863."

The following general order was published in the *Dakotian* a weekly newspaper published at Yankton, and the *Dakota Republican*, a weekly newspaper published at Vermillion, in said Territory, to wit:

GENERAL HEADQUARTERS, DAKOTA TERRITORY,
ADJUTANT GENERAL'S OFFICE, }
YANKTON, January 27, 1863. }

ORDER No. 12.

*To Captains F. M. Ziebach, A. W. Puett, Daniel Gifford,
A. J. Bell, and Mahlon Gore, of Dakota Militia :*

By order of the Commander-in-Chief, I am directed to instruct all captains of militia companies raised in the Territory under the proclamation of the Governor, issued August 30th, 1862, for protection against Indians, to report themselves without delay to the Hon. James Tufts, at Yankton, who, by an act of the Territorial Legislature, approved January 9, 1863, has been appointed a Commissioner to audit the military

accounts of the Territory; and you will then and there present for adjustment the properly authenticated accounts and claims of your respective companies for services and material furnished for the public defence.

By order of the Commander-in-Chief.

C. P. BOOGE,

Adjutant General.

In pursuance of said act, and in conformity to the above order, I entered upon the discharge of the duties of the responsible trust confided to me. It will be observed that the enactment conferred plenipotentiary power upon the commissioner in the discharge of the duties imposed, without enjoining any special directions, or providing for the defrayment of such expenses as might be incurred in obtaining evidence or examining witnesses necessary to a just and equitable adjustment of the claims presented. In the absence of all directionary provisions; the commissioner established as a rule, that all claims presented, whether for material furnished, labor performed, or service rendered, should be authenticated and duly certified to by the Commander-in-Chief of the militia, or by the captains, or by some commissioned officer in command in the county or district where the expense was incurred. Under this rule the commissioner has acted, and in auditing the claims herewith presented, he has, in no instance, sought to obtain testimony beyond the authentication of the commanding officer.

The few claims which have been presented for material and labor have, in nearly every case, in the opinion of the commissioner, been marked by moderation and justice, and this class of accounts have, with perhaps an exception or two, been allowed in full. The accounts of militia companies for military service rendered, were, in most cases, unavoidably conflicting and irregular. The names of the same individuals, in several instances, appeared on different rolls, but in all cases duly certified by the proper officer. This clashing in the returns of the various commanders of companies is attributable to the unfitness and incongruity of our present militia law, together with those conspiring circumstances incident to an unsettled and alarmed state of the public at the time the several companies were ordered into service; and in the opinion

of the commissioner, such collisions were inevitable, and therefore excusable.

The proclamation under which the militia of the Territory was organized and called into active service was issued on the 30th day of August, 1862. The order has not been revoked at the present writing, nor has the militia been discharged from service by any official order, or otherwise. Under these circumstances the captains could not do otherwise than present their claims for pay from the time they entered the service to the first day of the present month. Though not in constant service, they were obliged, under the law, to hold themselves in readiness, subject to the orders of the Commander-in-Chief, and by virtue of the existing orders, they are entitled to the presumption of uninterrupted active service. While the commissioner therefore deems the account of the militia men for four months pay as reasonable and justifiable by the outstanding orders of the Executive of the Territory, he is quite aware that the term of actual active service would fall considerably short of the period named above, and the commissioner has, therefore, endeavored to approximate, in auditing these pay accounts, as nearly as in his power, to such time as would be warranted by facts, paying due regard to the interests of the claimants, and according them the benefit of any uncertainty or margin of doubt existing. The commissioner believes that some companies have performed more actual service than others but as there was no evidence before him to show the length of time which any of them had been in actual service, (other than the muster rolls,) resorted to a uniform rule of allowance, as may be seen by the schedule hereunto appended. In conforming to this rule, it may be that slight injustice has been done in some cases, but the commissioner is confident that no other rule could have been pursued whereby more exact justice could have been accorded.

The commissioner trusts that the incompleteness of our territorial militia system, and the complications and embarrassments consequent thereto, together with the meagre provisions of the law creating this commission, and a desire to award to the yeoman militia of Dakota their full and just deserts, will furnish a plenary excuse for his short comings, and pardon

to him those errors into which he may have unconsciously fallen.

All of which is respectfully submitted.

JAMES TUFTS,

Commissioner.

The foregoing report was accompanied by an itemized statement of the accounts audited and allowed by the commissioner, which concluded with the following summary :

RECAPITULATION.

| FOR WHAT TIME. | ON WHAT ACCOUNT AUDITED. | AMOUNT. |
|----------------|---------------------------------------------------------|-------------------|
| Two months. | Pay, commutations, &c., of Co. " A," Dakota militia, | \$4,629 00 |

| " " | Pay, commutations, &c., of Co. " E," Dakota militia, | 3,128 00 |

| " " | Surgeon and hospital expenses, | 406 75 |

| | | <hr/> \$28,137 17 |

Agreeable to the list of audited accounts reported to me by the commissioner, and in obedience to the act creating the commission, I issued warrants on the treasurer, to the amount aforesaid.

This expense was necessarily incurred in defending the lives and property of our citizens from the numerous bands of hostile Indians which infested our Territory during the fall of 1862, before adequate protection was afforded by the Government. I would therefore recommend that you memorialize Congress for an appropriation of twenty-eight thousand one

hundred and thirty-seven dollars and seventeen cents, to refund the Territory the amount expended for the defence of the frontier of Dakota, which was also affording protection to Northern Nebraska, Northwest Iowa, and Western Minnesota.

All of which is respectfully submitted.

JUSTUS TOWNSEND,

Auditor.

ADJUTANT GENERAL'S REPORT.

ADJUTANT GENERAL'S OFFICE,
YANKTON, DAKOTA TERRITORY,
December 1st, 1863. }

TO HIS EXCELLENCY, GOVERNOR NEWTON EDMUNDS,
Commander-in-Chief of Dakota Militia :

I have the honor to submit this, my first annual report of the military operations coming within the supervision of this department since my appointment by Governor William Jayne, in September, 1862.

By proclamation of the Governor, dated August 30th, 1862, the militia forces of the Territory were called out to protect the settlements against a threatened invasion of the hostile Sioux; and the following officers were also appointed, who, with the Governor, compose the present roster of Dakota militia, to wit :

Governor and Commander-in-Chief—Newton Edmunds.
Adjutant General—Chas. P. Booge, Brigadier General.
Quartermaster General—D. T. Bramble, Brigadier General.
Paymaster General—Enos Stutsman, Colonel.
Judge Advocate General—J. R. Hanson, Colonel.
Aid-de-Camp to Governor—R. M. Hagaman, Colonel.
Surgeon General—Justus Townsend, Captain.
Brigade Chaplain—Melancthon Hoyt, Captain.

The following captains and company officers were also commissioned and ordered to raise and muster five companies of militia with all possible dispatch. In obedience to this call 266 men were enrolled in companies, as herein set forth, to wit :

Company "A," (at Yankton)—Captain, F. M. Ziebach; 1st Lieutenant, David Fisher; 2nd Lieutenant, John Lawrence—79 men.

Company "B," (Bon Homme)—Captain, D. Gifford; 1st Lieutenant, S. G. Irish; 2nd Lieutenant, N. McDonalds—32 men.

Company "C," (Vermillion)—Captain, A. W. Puett; 1st Lieutenant, A. A. Patridge; 2nd Lieutenant, J. W. Boyle—83 men.

Company "D"—Captain, A. J. Bell; 1st Lieutenant, J. M. Somers; 2nd Lieutenant, J. R. Wood. (Not reported.)

Company "E," (Brule Creek)—Captain, Mahlon Gore; 1st Lieutenant, S. M. Crooks; 2nd Lieutenant, M. M. Rich—50 men.

Company "F," (Mounted Rangers)—Captain A. G. Fuller; 1st Lieutenant, James Malony; 2nd Lieutenant, William Borden—22 men.

The officers of the militia, as above classified, all entered upon the discharge of their duties with commendable promptness and energy, and were zealous and untiring in their efforts at enrolling the militia and gathering the people together in places convenient for self defence.

By the militia law of the Territory it is required that the sheriffs of the different counties shall enroll the militia at the time of assessment, after which they will be formed into companies consisting of not less than forty men each.

But the Territory was yet in its infancy, and no enrollment of the militia had ever been made; and now, amid the terror and consternation of the people, without arms or ammunition, in the face of a threatened outbreak of the Sioux nation, pre-faced by the horrid massacre in Minnesota, surely the citizens of Dakota were not in a situation to leave their homes and defenceless families, for the purpose of forming themselves, with drilled precision, into the ranks of new made companies.

Every able-bodied man relied upon himself and his trusty rifle to defend his household from the nightly expected attack of the knife and tomahawk, until the isolated settlers could assemble together and throw up their hasty fortifications for mutual protection.

Hence no official muster rolls of the militia then in service, have ever been properly made to this office, and I am not, therefore, able, in this report, to furnish your Excellency with the real aggregate of Dakota militia, for the reason that when the muster was made, many had left the Territory through fear of an Indian war; and I have, therefore, left the matter open for future enrollment, and would respectfully recommend a thorough revision of the militia law—such as will insure a speedy and accurate enumeration, and an organization of the Territorial militia, to be armed and equipped, in readiness at all times to meet our frontier foe.

I would also respectfully recommend to your Excellency, the propriety of the Legislature appropriating a small annual amount, sufficient to defray the expense of storing the Territorial arms, ammunition, and ordnances, and to pay a suitable officer of the militia (to be designated by the Commander-in-Chief,) to act as “Keeper of the ordnance stores” of the Territory.

In November, 1862, twenty-nine tons of these stores were shipped from the St. Louis Arsenal, by Government, to this Territory, and were received and receipted for by your predecessor in office.

A large portion of these arms and ammunition are in the hands of the disbanded militia throughout the Territory, and can be collected by order at any time.

A large amount of ammunition was also necessarily used and damaged during the Sioux troubles of 1862-3; but a major share, however, of these arms and stores, are in the Government Store Houses at Yankton and Vermillion, including two six-pound brass field pieces, (mounted) 15 boxes of shell and shot, 120 Prussian muskets, and 60,000 rounds of musket cartridges.

Aside from the militia force of the Territory, there have been raised and mustered into the United States service, two full companies of Dakota cavalry, numbering in the aggregate 188 men.

Company “A” was recruited at Yankton, by Captain Nelson Miner, and was mustered into the United States service

April 26th, 1862, by Lieutenant M. B. Luce, 14th Iowa volunteer infantry—numbering 92 men.

Company "B" was recruited at Elk Point, by William Tripp, and was mustered into the United States service March 31st, 1863, by Lieutenant J. A. Hearn, 16th United States infantry—numbering 86 men.

Since the mustering of these companies into the United States service, the following changes have occurred in the ranks of officers and privates :

COMPANY "A."—Officers at organization—Captain, Nelson Miner; 1st lieutenant, J. K. Fowler; 2nd lieutenant, —. —. Ploghoff. Strength at organization—92. Present officers—Captain, N. Miner; 1st lieutenant, J. A. Bacon; 2nd lieutenant, I. C. Smith. Present strength—87. Resigned, 2; died, 2; discharged, 5; drummed out of service, 1; recruits, 5.

COMPANY "B."—Officers at organization—Captain, Wm. Tripp; 1st lieutenant, J. R. Wood; 2nd lieutenant, T. E. Clark. Strength at organization—86. Present officers—Captain, Wm. Tripp; 1st lieutenant, J. R. Wood; 2nd lieutenant, T. E. Clark. Present strength—89. Recruits, 3. Total—Strength at organization, 178; present strength, 176; resigned, 2; died, 2; discharged, 5; drummed out of service, 1; recruits, 8.

These companies have been constantly stationed upon the border for the protection of the frontier settlements, and have been of incalculable benefit to Dakota, in sustaining the hopes of the people and dispelling a fear which threatened to depopulate our Territory, at a time when the settlements were menaced by a barbarous foe, and the Government was unable to assist us with timely reinforcements.

During the past year these two companies of cavalry have been scouting, in detachments, through most of the ceded lands in the Territory, and their frequent inroads upon the Indian grounds have done much to admonish the savages and restore peace and security to our settlements.

I have the honor to remain, sir,

Your most obedient servant,

C. P. BOOGE,

Adjutant General Dakota Militia.

2. Upon the appearance of a quorum, the journal of the preceding day shall be read by the clerk, and any mistake therein may be corrected by the House.

3. The speaker shall preserve order and decorum and shall decide questions of order, subject to an appeal to the House.

4. The speaker shall vote on all questions taken by yeas and nays, (except on appeals from his own decisions) and in all elections or divisions called for by any member.

5. When the House adjourns, the members shall keep their seats, until the speaker announces the adjournment.

9. No motion shall be debated or put, unless the same be seconded ; it shall be stated by the speaker before debate, and any such motion shall be reduced to writing, if the speaker or any member desire it.

10. After a motion shall be stated by the speaker, it shall be

11. When a question is under debate, no motion shall be received but to adjourn, to lay on the table, for the previous question, to postpone indefinitely, to postpone to a certain day, to commit or to amend; which several motions shall have precedence in the order in which they stand arranged; and a call of the House may be had upon the demand of two members.

12. A motion to adjourn shall always be in order; except when a member is addressing the chair, or a vote is being taken; that, and the motion to lay upon the table, shall be decided without debate.

13. The previous question shall be in this form: "Shall the main question be now put?" It shall only be admitted when demanded by a majority of the members present, and its effect shall be to put an end to all debate, and bring the House to a direct vote upon the amendments reported by a committee—if any; upon pending amendments, and then upon the main question. On a motion for the previous question, and prior to the seconding of the same, a call of the House shall be in order; but after a majority shall have seconded such motion, no call shall be in order prior to a decision of the main question.

14. When the previous question is decided in the negative, it shall leave the main question under debate for the residue of the sitting, unless sooner disposed of by taking the question, or in some other manner.

19. If the question in debate contains several points, any member may have the same divided.

If there be no appeal, the decision of the chair shall be submitted to. On an appeal no member shall speak more than once without leave of the House, except when a member is called to order for offensive language, in which case there shall be no debate.

21. Every bill shall be introduced by a motion for leave, or by an order of the House on a report of a committee; and one day's notice at least shall be given of a motion for leave to bring in a bill, unless two-thirds of the members present shall vote in favor of its being brought in without such previous notice. 33. When notice of the intention to move the reconsideration

A communication was received from his Excellency, which was read to the convention by J. R. Hanson, as follows :

GOVERNOR'S MESSAGE.

Gentlemen of the Council and House of Representatives :

A year has elapsed since you last assembled in this hall to deliberate and enact laws for the government and welfare of our people. A year of great trial to our country ; a year of intestine war and bloody feuds ; a year in which our loyal and patriotic citizen soldiers have, by their bravery, indomitable energy and perseverance, obtained great and important victories over our enemies ; a year in which whole States have been conquered and reclaimed from the possession and control of the traitors, who have, for more than two years and a half, been engaged in murdering and plundering our fellow citizens, and devastating our once happy, united, and peaceful country ; a year of border war with the relentless, implacable, and heartless savages of our own Territory—and still we have a country and government left us, of which we may well be proud, and which should be the pride and boast of every true, patriotic

and loyal American citizen, whether such by birth or naturalization.

While all this has been transpiring within our country the past year, we have every reason to feel thankful for the blessings that have been bestowed upon us by an all-wise over-ruling Providence, and should fervently thank Him for His continued mercies vouchsafed to us.

In the progress of the war for the preservation of our Government, the enforcement of just laws, and the maintenance of our national domain, it behooves us to mention some of the causes which have led to our calamities, in order that, on the recurrence of peace—which, judging from the progress made by our armies the past season, must, ere long, return to our distracted country—we may, if possible, in the future avoid them.

Whatever is loose in the foundation of the fabric of our glorious Government, must be made fast; whatever has become corrupted must be lopped off; whatever is not built on the broad basis of public utility, equality, justice, and freedom to all, must be thrown to the ground. Liberty and equal rights must be our watchword, and must be extended and guaranteed to all classes of American citizens, not even excepting the poor benighted African, who has, to the present time, in this country, been the victim of hard, implacable avarice.

The great main spring of human action will forever be emulation, and it is only in a just, well ordered, and well regulated government, that we shall be able to prevent in the future, that emulation from degenerating into dangerous ambition, destructive factions, and, worse than all, bloody civil wars, as evinced in our present national difficulties.

A people become tumultuous and unmanagable when made to believe they are oppressed;—although naturally of a peaceable temper, if circumvented or misled by those they have trusted, are easily led astray, over-run the bounds of justice and honesty, ruining all before them; and, unhappily, for their own good, frequently rebel, and undertake to overthrow the most beneficent, just, and liberal government, and insist upon being misled by the most artful, knavish, and ambitious of the

land, as witnessed in the persons of the leaders of this great rebellion.

A great majority of the people are too fond of ease and peace to trouble themselves about public affairs, and this gives an opportunity for the ambitious, profligate, and dissolute, to have more of influence than they ought in public affairs, and enables them to set before the people such idols as will flatter and seduce them from the path of rectitude, and lead them to become careless and heedless in the discharge of their duties as good citizens.

Emulation, envy, pride, and lust for power, are so natural in the human heart, that wherever men are to be found and however connected, we see its effects. They are not more affected by it as individuals than they are as communities. There are rivalries between trades and professions; between congregations, parishes, and churches; between colleges and universities; between villages, cities, provinces, states, and nations. Hence the great struggle in which we, as a nation, find ourselves engaged. Ambition, pride, envy, and emulation, are among the leading causes which have led to our present national calamities. These feelings have been nursed and fostered by us, as a people, by a process so subtle, slow and diversified, that the fires of rebellion were kindled and brightly burning over nearly one-half our country, ere we could awake ourselves to a realizing sense of our danger or be brought to the thinking point on the subject of the necessity of prompt and vigorous action, if we would preserve our institutions and republican form of government.

Ambition, pride, jealousy, and emulation, caused the South to secede, and have enabled them to maintain a contest unparalleled in the history of nations, or the annals of warfare, for two years and eight months, with a tenacity and strength worthy a better and more patriotic cause; and it grieves me to be obliged to confess, that the men engaged in this rebellion, the instigators of it, have been vastly aided and strengthened, and doubtless advised and counseled with, by a large number of influential citizens of the North, who have, in this manner, contributed, in no small degree, in prolonging the war beyond the conception of the most sagacious statesmen of our land.

This deplorable state of affairs has been brought upon our country simply because one set of men saw power, patronage, and position slipping from their grasp, never to return to them, for reason of their lack of fidelity, faithfulness, patriotism, and love of country.

A large majority of our loyal countrymen have become thoroughly convinced of the necessity of thrusting from power and place, men who have betrayed their confidence, proved themselves untrustworthy, and have during the pending of our great national struggle, contributed, and are now engaged in fostering and strengthening the rebels for the gratification of their selfish and personal ends. The evidence of the truthfulness of this statement is found in the triumphs of our combined loyal voters, over traitors and rebel sympathizers in the States which have recently held elections, where the result has been so decided and overwhelming, as to astonish even the most sagacious and ardent patriot in the country. These results have gladdened and warmed the heart of every truly loyal and patriotic citizen of our Territory, and the effect will be only to nerve and encourage every such man to renewed exertion and determination never to cease their laudable efforts until every official position in our Territory is in the hands of men who truly love their whole country, and will hold themselves in readiness at all times to do battle, if need be, in defense and for the preservation of our free institutions.

SIoux WAR.

Two expeditions have been fitted out the past season by the government, at great expense and at a time of great peril to our whole country, when the aid of every able-bodied man was needed by the government for its protection against armed traitors—one from the State of Minnesota, the other from the State of Iowa, both of which have, by long and tedious marches westward, traversed nearly the entire breadth of our Territory, having for their object the punishment of the Indians engaged in the massacre of the whites, our neighbors in the State of Minnesota, and for depredations committed by them in that State, and in our own Territory, within the past eighteen months; and though ample force was provided by the Government in both cases, and both succeeded in coming up with the

Indians and inflicting some punishment upon them, I am sorry to say that in neither case has the punishment been of that severe and decided character as will be likely to end this bloody, expensive and harrassing war; and there will doubtless be a necessity for another expedition next season. This circumstance is greatly to be regretted, from the effect that a border war of this character, has upon the settlement and development of our new Territory and the increased burthens to the general government caused thereby. While I would censure no one, for these failures, who has been connected with either of these expeditions, I feel that I would not be discharging my whole duty without expressing the opinion that the plan of these campaigns was on a much larger and more expensive scale than was necessary to accomplish the object, and was not organized on a basis to insure dispatch and thereby success. In connection with this subject, I believe it to be due to Brigadier General Sully, who had command of the Expedition up the Missouri river, to mention some of the obstacles which surrounded him in the execution of his part of the campaign.

It is well known that in consequence of the unprecedented low stage of water in the Missouri river, the boats chartered to accompany the expedition were delayed much beyond the expectations of the officer in command, and when they arrived at headquarters (Sioux City) were found to be almost useless for the purpose for which they were chartered. The failure to furnish animals for land transportation also caused much delay, and when they were finally furnished, many were in a condition as to be entirely useless. The unprecedented drought, which destroyed the prairie grass, made it necessary for a much larger amount of land transportation than would have been necessary had the season been an average one. These obstacles, doubtless, prevented General Sully from moving his command in time to meet General Sibley, as was contemplated in the original design of the campaign.

After garrisoning the several military posts in the Indian country, and distributing, at proper points along the frontier, a sufficient force to protect the settlements, I am of opinion that one full regiment of cavalry, well armed and provided with pack mules, sufficient for their necessities, under the command

of active, energetic, and determined officers who have no feeling but a desire to punish and thoroughly subdue these Indians, would accomplish all these ends in one campaign, and that a short one.

With all the vigilance exercised by our officers along this frontier (and I most cheerfully accord to them the exercise of this cardinal military virtue) the Indians have made frequent raids upon our isolated settlers, have committed several most atrocious and cold blooded massacres, stolen many horses and much other valuable property, and none engaged in these raids have, to my knowledge, been in the slightest degree punished. Why this is so I am unable to say, but am irresistibly led to the conclusion that the system adopted is radically wrong. If so, and experience and results would seem to establish the position, then why not change it and try some other.

Long and rapid marches must be performed; quick and heavy blows must be given; severe and ample punishment must be inflicted upon these Indians, to effect the object desired; and it is to be hoped that such a policy will, in future, be adopted by the Government, as will speedily insure a lasting and permanent peace, and bring quiet and tranquility to our harrassed citizens.

ORGANIZATION OF DAKOTA.

Two years and eight months have now elapsed since Congress saw fit to construct the machinery for putting into operation our territorial government, and, on a change of administration, which occurred only two days thereafter, and as soon as our present excellent Chief Magistrate had fairly got the reins of Government in hand, our first Governor, his Excellency, William Jayne, was appointed, and, very soon thereafter, repaired to the post of official duty and proceeded to put the wheels of our territorial government in motion. The task was a most delicate, arduous, and difficult one, and most faithfully was it accomplished. As an evidence of the favor with which our people have looked upon and appreciated this selection of the President's; and as a just reward for constant courtesy, fairness and uniform kindness, and the impartial manner with which he discharged the trusts imposed upon him, our people,

within a little more than fifteen months after his arrival in our Territory, with great unanimity, selected him to represent them at the National Capital. He, by the choice of our citizens, thus becomes our second Delegate in Congress. Important results have been anticipated by our citizens in connection with this selection, not only from the fact of his intimate personal relations with the President, his earnest, hearty and cordial sympathy and identity with the Administration, his fidelity, patriotism and love of country, but also for his condemnation of rebels and rebel sympathizers, wherever they are found.

EDUCATION.

I would call your attention to the importance and necessity of inaugurating a thorough and complete system of common schools in this Territory, for the benefit of rising generations. Congress has, by its munificence, understanding well the importance to American citizens, set apart two sections of the public domain in our Territory to every six miles square, as a basis on which to found a permanent and enduring school system, which, if properly cared for, will, in time, enable us to establish a system of free schools, with such an endowment as will cause the burthens of such a system to fall lightly upon our citizens.

The importance of having a common head in our school system, it appears to me, must be patent to all. The plan adopted at your last session, of county superintendents, may be well as far it goes; but it appears you have in this, inaugurated just so many independent school systems as there are organized counties in the Territory. Such a system must, in a short time, lead to almost inextricable confusion, the result of which will be to bring the whole plan into disrepute.

Wise and judicious modes of education, patronized and supported by communities, will draw together the children of all grades of society, among whom it makes no distinction. It will cultivate the natural genius, elevate the soul, excite laudable emulation to excel in knowledge and benevolence, and it will reward its benefactors by shedding its benign influence on the public mind and morals. Education inures men to thinking and reflection, to reasoning and demonstration, and enables

them to discover the moral and religious duties they owe to God and their country. It leads our youth to the study of human nature, society and universal history, and causes the mind to be interested in discovering truth; and will, at least, induce a large majority to array themselves on the side of and in defence of truth.

I would recommend such an amendment of our school law, as will make these county superintendents amenable and subordinate to a territorial superintendent, who shall be elected by the people; who shall have the general supervision of our school system. It appears to me that our common school system will be very imperfect and ineffective until this is done.

I deem it of the utmost importance, in inaugurating a system of the magnitude that this will ultimately become in our Territory, to future generations, that we start on a firm, sure, and perfect basis.

ELECTION LAW.

Our election law needs amending in many particulars. Its workings have demonstrated the necessity of more stringent provisions to prevent illegal voting; for the protection of the voters and ballot box at the polls, and for the protection and safety of the persons of the judges and clerks of election.

It is desired by all, that every actual and bona fide resident of Dakota, of lawful age, who is a citizen of the United States, and has resided the requisite time in this Territory, should be permitted to exercise the privileges of the elective franchise; and especially is this the feeling, on the part of our citizens, in relation to persons in the military service of the Government, who were actual residents, and entitled to vote at the time they entered the military service. While this is the feeling, it is at the same time important that every possible safeguard should be thrown around the ballot box, to preserve its purity, in order that the actual wishes of our citizens may be arrived at, as expressed through that medium, and at the same time the law should be so guarded, that no one, not actually entitled to exercise the right of suffrage, whether in the military service or not, shall be permitted to vote at any election in this Territory, without incurring such fines and penalties as shall deter all such persons from offering to vote.

I would recommend a change in the time of holding our annual elections, from the first Monday in September, to the first Tuesday after the first Monday in October in each year; and the enactment of law making it a high crime for any person or persons, except the judges of election, or those whose duty it is made by the law, to interfere in any manner with the ballot box or the ballots, and attach such fines and penalties in such case, as will be likely to deter, in future, all efforts at interference by outsiders, in such cases.

IMMIGRATION.

The subject of fostering and promoting immigration into our new Territory, is a matter of vital importance to our whole people, and cannot well be over-estimated. The individual efforts of some of our citizens, in this respect, very justly deserves your attention and commendation, and should receive that encouragement at your hands that the importance of the subject would seem to indicate.

The efforts made by Surveyor-General Hill in this direction, though as yet attended with no very decided results, would seem to have laid the foundation for a large and flourishing settlement from the Empire State; and when made, as in this instance, from an earnest desire to promote our growth, and increase our material wealth and importance as a people, full credit and co-operation should be given him, as far as possible, on your part.

I would recommend that you memorialize Congress for an allowance of one thousand dollars, to be placed at the disposal of three commissioners of immigration, to be by them used in such manner as will be deemed most likely to secure the desired object. I have no doubt that this sum, judiciously expended, would accomplish results that would be entirely satisfactory to our citizens; even though it should be necessary for us to have this sum annually deducted from the appropriation by Congress for legislative purposes in our Territory, and, if necessary to secure it, I would recommend that you ask that this amount be deducted, from year to year, to be so applied.

With a view of securing the services of able and competent

men, who will carefully guard this expenditure, make it accomplish as much as possible, who can afford to serve gratuitously, I would recommend that our Chief Justice, Secretary, and Surveyor-General constitute the said commissioners.

ROUTE TO THE GOLD MINES.

The recent discoveries of rich deposits of gold in our neighboring territory, Idaho, has very justly attracted a large share of attention, not only in our own Territory, but in all the northwestern States and Territories; and the question of most importance among the numerous persons who have had their attention directed to this new Eldorado, and who are desirous of making a pilgrimage thereto, seems to be, "how to get there," and "which way to go."

But two routes have thus far been available, to the numerous persons who have left our Territory for this auriferous region. The shortest, most practicable, and expeditious route, at present, is via the Missouri river, (when the stage of water is such as to admit of it,) to Fort Benton, by steamer, thence overland, by teams or pack mules, to the gold fields. The other is by a long and tedious journey overland, by way of Omaha, Forts Kearney and Laramie, to Salt Lake City—thus traveling, in taking the latter route, over six hundred miles farther than necessary to reach the desired point, provided an overland route was opened through our own Territory, and protection afforded to those desiring to visit the gold mines of Idaho.

The importance of opening a direct route to these mines, through our own Territory, and turning the tide of emigration this way, cannot well be over-estimated, either to the emigrant, or to the interest of our people. To the emigrant, as a means of shortening his long and tedious marches, by reducing the distance over six hundred miles, and by saving from three to four weeks' time. To our own citizens, by affording to our farmers a ready market for all their surplus produce, at their own doors; thus saving the necessity of cartage, and necessary absence from the fields of their labor,—and to our merchants and business men, from the increased demands made upon their stocks, and business occasioned

by the emigration flowing constantly past their doors, making it necessary for them to establish large and extensive depots of supplies, in the way of mining implements, provisions, and other articles necessary to supply the wants of a people about to engage in such a business.

The shortest, best and most practicable route to the gold fields of Idaho, from any of the Northwestern States, is undoubtedly through the settled portions of our Territory, to the mouth of the Niobrara river or Fort Randall; from thence along the divide between the Niobrara and White rivers; thence under the base of the Black Hills, passing the sources of the Yellowstone, to the Forks of the Missouri.

I trust that our delegate in Congress will, at any early day, urge this matter upon the attention of Congress, in such manner, and with such force, as will secure an appropriation sufficient to open the route and secure protection to all who may desire to avail themselves of the shortest route to these mines.

This matter is also of vast and vital importance in another point of view, from the fact that this route would pass through the very heart of the Indian country, and its effect, in my opinion, would be, in a very short time, to satisfy the Indians of the folly of their efforts to exterminate the whites, and would soon cause them to come forward, make treaties of peace and amity, and at no very distant day, lead them to locate upon reservations, and by judicious management cause them to abandon their present mode of life, and turn their attention to agriculture and the arts, ultimately civilize and enlighten them, and finally become, as they are undoubtedly capable of becoming, in the course of time, respected and esteemed citizens—no longer a terror to defenceless women and children, and a barrier to the advancement of settlement and civilization.

PACIFIC RAILROAD ROUTE.

The subject of the location of the northern branch of the Pacific Railroad is very justly attracting a large share of the attention of our citizens, and its importance to our people cannot well be over-estimated when we take into consideration the very important fact, which is susceptible of positive demonstra-

tion, that the shortest and indeed only practicable route for this road, from Sioux City westward, is through our own Territory, along the valley of the Missouri River, to the mouth of the Niobrara; thence up the valley of that stream to or near Fort Laramie; thence to the South Pass.

The saving of distance in adopting this route cannot be much less than one hundred and fifty miles, to say nothing about the difference in the cost of construction, which may be estimated at many millions of dollars, as in following the valleys of these streams a grade is already virtually established, timber and water in abundance is at hand to construct the road and supply it for years; while in the other case, in adopting the route contemplated in the bill, as passed by Congress, the road would run for a long distance over the most hilly and broken country to be found in Nebraska, at right angles, or nearly so, with the general range of divides between the streams of that Territory and through a country for several hundred miles entirely destitute of timber, and, I, suppose, for long distances, of water also; with an additional expense to the company of maintaining and operating an extra one hundred and fifty miles of railroad of the importance of the one under consideration. It appears to me that it is only necessary to call the attention of members of Congress to this subject, to cause them at once to take such action as will secure to our people a fair participation in the benefits to be derived from the construction and operation of this road.

I would recommend that you memorialize Congress on this subject, setting forth the advantages of adopting the line of route indicated, and praying Congress to authorize the Missouri and Niobrara Valley Railroad Company to construct a railroad and telegraph line from the Big Sioux River, near Sioux City, Iowa, by the most direct and feasible route to such point as will connect said railroad with the Union Pacific Railroad, in the direction of the South Pass of the Rocky Mountains, on the same terms as is provided for the Union Pacific Railroad, by act of Congress, approved July 1st, 1862.

PUBLIC DOMAIN.

None of the public domain in our Territory having, as yet,

been brought into market by the General Government—a fact which happily accords with the present desire of our citizens, who all feel that in this matter the Government has consulted the best interests of our actual settlers—we have inaugurated no system of taxation, and as a consequence, have no means at hand of showing, by actual and reliable returns, the favorable condition of our citizens engaged in agriculture, manufacture or the arts, or the large and important interests of our stock growers. While this would be a matter of pride and boast to our citizens, when compared with other sections of the country, taking into consideration our population, and the recent purchase and redemption of our Territory from the Indians, we all feel that it would not be compensated for, by placing the public lands in a position to be entered by speculators or non-residents, to be held for years at a largely enhanced price, to the great detriment of our Territory and our actual bona fide settlers.

We can but feel thankful to the Government for its liberality to us in this respect, particularly when we consider the enormous amount of money required, and the great relief that would be afforded by large sales of the public domain.

Here free homes are offered by our beneficent Government to all actual settlers, in a country unsurpassed in salubrity and purity of climate, and where whole townships, and even counties, of vacant lands are found, as productive as the savannas of the South. There are to-day thousands of men in the Eastern and Middle States that have constantly toiled from year to year for a subsistence for themselves and families, on a few acres of well worn rented land, and paying, in many cases, a price per acre for the use of such land per annum, as would secure in our Territory a homestead of one hundred and sixty acres of as fine and productive lands as the sun ever shone upon, every foot of which is susceptible of the highest state of cultivation, at less cost in labor than in any country to be found in the Eastern or Middle States. The small farmers in these States, have only to see these lands and all the surrounding advantages, to appreciate the liberality of the Government, and the great advantage of seeking a home in our Territory, where but a few years of the same industry and economy practiced by

them in their Eastern homes, from childhood, would be requisite to make them all comparatively independent, in a pecuniary point of view.

LEGISLATIVE EXPENSES.

Through the courtesy of Secretary Hutchinson, who has performed the double duties of Acting Governor and Secretary for the last nine months, and who, so far as I am able to judge has discharged these double duties to the general satisfaction of our citizens, and from a desire to furnish information not only interesting to you, but also the people, I am enabled to lay before you a statement of the condition of the several appropriations made by Congress to defray the Legislative expenses in this Territory from its organization to the present time, which includes two Legislative appropriations, or years :

| | | | | | |
|--------------------------------|---|---|---|---|-------------|
| 1st Session, Appropriation, | - | - | - | - | \$20,000,00 |
| Expended, | - | - | - | - | 18,813,94 |
| | | | | | <hr/> |
| Unexpended Balance | - | - | - | - | \$1,186,06 |
| Second Session, Appropriation, | - | - | - | - | \$20,000,00 |
| Expended, | - | - | - | - | 13,270,70 |
| | | | | | <hr/> |
| Unexpended Balance, | - | - | - | - | \$6,729,20 |

It was to be expected that the expenditure the first year would exceed that of any other year, from the fact that the first Legislature had necessarily to create and perfect as far as possible a system of laws for the government of our people. The amount of labor performed by that industrious and honorable body in a session of sixty days, can but be a source of gratification to those gentlemen.

Subsequent legislatures have only to improve and perfect the system then adopted, by wise and judicious amendments, such as usage and the light of experience would seem to indicate, and make such alterations as are demanded by the improved condition of our citizens, and the necessities of the times in which we live. The reduction of expenditures under this head of five thousand five hundred and forty-three dollars and fourteen cents at the second session, is the best commentary that can be made on the action of the members composing that body, and is

an example in this respect well worthy of imitation on your part, and it is to be hoped that you may still further reduce our legislative expenses, (notwithstanding our decided increase of representation) without prejudice to the interests of the public service.

AUDITOR'S REPORT AND MILITIA SERVICE.

I transmit herewith the full and very able report of our Territorial Auditor, to whom much credit is due for the fidelity with which he has discharged his laborious and arduous duties. Incorporated in the report of the Auditor is that of Hon James Tufts, Special Commissioner, by act of our last Legislative Assembly, approved January 9, 1863, to pass upon the claims of our citizens for military services under the proclamation of my predecessor, issued on the 30th day of August, 1862, calling out the "entire militia of the Territory," for the protection of the lives and property of our citizens.

With great promptness and unanimity our citizens responded to the call of the Governor; remained in service, and afforded ample and perfect protection until the immediate danger was over, and until relieved by a force of volunteers regularly mustered into the service of the United States.

The best commentary on the faithfulness and fidelity of Commissioner Tufts in the discharge of his delicate duties, is shown in the aggregate of these claims, which only amounts to \$28,137,17, twenty-eight thousand one hundred and thirty-seven dollars and seventeen cents, for two months' services of our militia, including rations, forage, transportation, &c. These figures can but compare favorably with claims of like character which have accrued in other Territories, under similar circumstances. I would renew the recommendation of my predecessor, in his last annual message, that you memorialize Congress for an appropriation sufficient to refund to the Territory all the expenses incurred by her in providing for the maintenance of the militia on the occasion referred to.

ADJUTANT GENERAL'S REPORT.

I transmit herewith the report of Adjutant-General C. P. Booge, which shows the present status of military matters in the Territory, so far as returns have been made to his office;

but which, owing to the negligence of some of the company officers, and the imperfection of the law creating our militia system, are necessarily very imperfect and unsatisfactory in their details.

In case injustice is done to individuals, it is caused by the negligence of the officers in not making the proper returns to the Adjutant General.

The reforms recommended by General Booge are such as experience has shown to be necessary; and I hope you will provide an efficient law, and a suitable place to store the arms and property of the Territory.

MILITARY POSTS.

The subject of military protection is one in which all our citizens take a deep interest, and it is one of vital importance to us, as, unless ample protection is afforded by the Government, we cannot expect our isolated settlements will flourish and expand.

I am fully convinced that a line of military posts, extending from the Minnesota State line, across the southeastern portion of this Territory, intersecting the Missouri River near the mouth of Crow Creek, under the command of officers who will make themselves active in the discharge of their duties, will afford our settlers, and those of northwestern Iowa and southwestern Minnesota, better protection, at less cost to the Government, than can be afforded in any other way. Should the Government see fit to establish military posts at Lake Shetek, in Minnesota; at or near Sioux Falls, and at the crossing of Dakota River, near the mouth of Flint Creek, in this Territory; with proper energy and activity on the part of the troops at these several stations, I believe full, ample, and perfect protection could be afforded to all the frontier settlers of Minnesota, Iowa and Dakota.

COUNTY CONTROVERSIES.

An unfortunate controversy has existed in two of our organized counties, from the time of their organization under the laws passed at the first session of the Legislature, to the present, and to all appearance, is no nearer a satisfactory solution than when first inaugurated. This controversy has been a

source of much anxiety and regret to our citizens generally, and has had a most damaging and deleterious effect upon the prosperity and development of the counties wherein it exists; and, what is more to be regretted, has been the cause of fostering and keeping alive an ill feeling among neighbors and those who would otherwise be warm personal and political friends. I hope, in your wisdom, you will devise some means of settling and disposing of these unfortunate controversies, which shall have the merit of being strictly just to all the citizens of Bon Homme and Cole counties, and rely on time, and strict justice, to heal the unfortunate differences and ill feeling which now exist in those counties.

CONCLUSION.

Hoping that your deliberations may be characterized by such courtesy, forbearance and justice, as to give no ground of complaint on the part of any one, I solicit from you your counsel and hearty co-operation in all measures calculated to promote the well-being of Dakota.

I deem it my duty, and it will be a pleasure to me, to furnish you all the information within my reach, calculated to aid you in your deliberations, in arriving at just and equitable conclusions on all subjects, and I shall most cheerfully and heartily co-operate with you in all measures calculated to promote our growth and increase our material wealth and prosperity.

In conclusion, allow me to express the hope that ere the return of the next annual meeting of the Legislature, we may, through the aid of Divine Providence, look upon a reunited, peaceful, happy, and free country.

HOUSE OF REPRESENTATIVES,
YANKTON, December 16, 1863. }

House met pursuant to adjournment.

Speaker in the chair.

Prayer by the chaplain.

Roll called.

The following members answered to their names :

Messrs. Bond, Bottolfson, Brookings, Brooks, Burgess, Curtis, Gore, Hill, Lawrence, Larson, Mattison, Pratt, Reed, Risling, Ross, Shriner, Wall, Wherry, and Mr. Speaker.

Absent—Mr. Litchfield.

Yesterday's journal read, corrected and approved.

Mr. Lawrence, chairman of committee on internal improvements, to whom was referred C. B. No. 2, reported the same back and recommended its passage.

Mr. Gore, chairman of committee on federal relations, to whom was referred H. F. No. 11, reported the same back and recommended its passage without amendment.

Mr. Bond, chairman of committee on education, to whom was referred H. F. No. 8, reported the same back without amendment, and recommended its passage.

Mr. Kegan, of committee on elections, submitted the following views of the minority in the matter of the contested seats, by members from Bon Homme and Cole counties :

MR. SPEAKER:—I beg leave, as one of the members of the standing committee on elections, to whom was referred the matter of contest between the members from Bon Homme and Cole counties, to present this, my *minority report*, hereby entering my protest, together with my reasons why the *majority report* already offered, should not be accepted. The undue haste with which the majority of your committee disposed of the subject matter in question, would seem to indicate a disposition, regardless of facts and evidence, to discharge their duty, as a committee, more with expedition than good judgment.

The evidence in the case of the Bon Homme members was as follows: It appeared that both delegations, R. M. Johnson (G. L. Tackett being absent,) and L. H. Litchfield and Henry Brooks, claiming seats, presented to your committee certificates of election—the former issued by W. W. Warford and the latter by L. H. Litchfield, as register of deeds of said Bon Homme county. The majority of your committee decided the certificates issued by L. H. Litchfield to be legal, and recommended the admission of L. H. Litchfield and Henry Brooks to seats in this House. To this decision the minority of your committee protest for the following reasons: By an act passed by your legislature, and approved by his Excellency the Governor, on the 24th April, 1862, the Governor was “authorized to nominate, and with the advise and consent of the Council, appoint the officers mentioned in this act, to hold their respective positions until the first general election, and their successors are elected and qualified.” That H. W. Granger was nominated by the Governor, and *confirmed* by the Council as register of deeds of Bon Homme county; that H. W. Granger appointed W. W. Warford his deputy, who was authorized to act for him.

By reference to the House Journal of 1862-3, page 109, in answer to resolution “passed” by this House, “requesting the Secretary of the Territory to furnish the names of the registers of deeds appointed and elected since September 1st, 1862,” you will find the name of H. W. Granger recorded as register of deeds of Bon Homme county. It also appears that a second appointment was made to L. H. Litchfield, in August, 1862, just one month previous to the election held on the 1st September, 1862,—no legislature intervening he was consequently not appointed “with the advise and consent of the Council,” and was not, therefore, legally authorized to act as register of deeds for said county; that at the election held on the 1st of September, 1862, W. W. Warford was declared, by his own certificate as deputy of H. W. Granger, the register of deeds of Bon Homme county, having received the highest number of legal votes cast at said election, and duly qualified before county commissioners who were elected and qualified as provided by law. It also appeared, by evidence to your com-

mittee, that a majority of the legal votes of Bon Homme county were cast for R. M. Johnson, and that non-residents and half-breeds were allowed to vote for the said L. H. Litchfield and Henry Brooks, as by reference to their poll books will be seen the names of Colin Campbell, Benj. Cadotte, Zeffier Renconter, Baptice ———, ——— Foster, ——— Beam, ——— Clarke, ——— Cook, and ——— Proteau, registered as voters of said county.

The minority of your committee, therefore, in view of the foregoing facts protest against the acceptance of said majority report.

In the matter of the parties contesting seats from Cole county, the majority of your committee were, in my opinion, equally, if not more hasty, in their conclusions, than in the Bon Homme case, to which the minority of your committee also, most solemnly, protest, as illegal, unjust, and an egregious wrong perpetrated upon an honest people, and most flourishing county—containing nearly as large a population as the balance of the Territory.

The facts and evidence before your committee in this case were as follows, to wit: That there were presented to your committee, certificates issued by two persons, both claiming to be registers of deeds for said county—one issued by H. S. Carpenter, and one by M. M. Rich, now holding a seat in the Council; that a majority of your committee reported in favor of Messrs. Gore, Curtis, Mattison, Hill, and Ross, holding certificates issued by M. M. Rich as register of deeds, in lieu of Messrs. Watson, Ryan, Le Marge, McBride, and Cross, holding certificates issued by H. S. Carpenter. By reference to House Journal, 1862–3, page 109, mentioned in the Bon Homme matter, it will be seen that the honorable Secretary of the Territory has returned to this House the name of N. J. Wallace as register of deeds for Cole county, and that he was “informed that M. M. Rich had been appointed in place of N. J. Wallace, in September, 1862.” This does not appear to the minority of your committee as being a legal appointment, M. M. Rich not having been confirmed by the Council, as required by law, and the appointment, if any, dated after the general election held on the first day of September, A. D. 1862,

in which H. S. Carpenter was duly elected, and holds his certificate signed by N. J. Wallace, who was confirmed by the Council, as register of deeds for said county—and the said H. S. Carpenter having duly qualified before the county commissioners of Cole county, as required by law. It also appeared, in evidence to your committee, that the said Watson, Ryan, Le Marge, McBride, and Cross, received the majority of the legal votes of Cole county. The so called Brule Creek delegation, Messrs. Gore, Curtis, Mattison, Hill, and Ross, receiving between 20 and 30 votes, while the so called Elk Point delegation, Messrs. Watson, Ryan, Le Marge, McBride, and Cross, received between 60 and 65 votes—there being no evidence of fraudulent votes being cast in either case at this election. As the majority of your committee have rested the case upon the bare fact of the certificate signed by M. M. Rich, claiming to be register of deeds, regardless of the honest expressions of the majority of the people of Cole county, I now protest against the reception of the majority report, not only on account of illegality, but as disregarding the wishes and interest of said Cole county, in violation of law, right, and justice.

PETER KEEGAN.

The Speaker being absent,

House called to order by the Clerk.

The following communication from the Governor was received:

DAKOTA TERRITORY, EXECUTIVE OFFICE, }
YANKTON, December 25, 1863. }

To the House of Representatives:

GENTLEMEN:—I herewith return, without my approval, E

F. No. 9, An act authorizing John Cain and Cornelius Cain to establish and keep a ferry on the Missouri river.

In returning this bill to your honorable body, in which it originated, I wish to say that I have no objection to the parties to whom the privileges are granted in the act named above, and shall most cheerfully sign a bill granting to them all reasonable ferry privileges.

My objections to the act herewith transmitted, are found mainly in section six. This section makes all other parties to whom ferry privileges have been granted on the Missouri river in this Territory, amenable to the persons named in this act, and liable to them in the penal sum of ten dollars, and declares further, that they shall be considered as guilty of a misdemeanor in case they engage in "crossing persons or property for consideration."

I cannot think it right or proper to grant such exclusive privileges as is granted in the section of the act referred to, to any person or persons; neither can I conceive it to be the desire or intention of the Legislature to do so. Such preferences can, in my opinion, have no other effect than to retard and greatly embarrass the transit intercourse on this stream.

It appears to me that the repealing clause in section seven of this act, should be extended to subsequent Legislatures, and should not be confined, as is the case in this section, to "this Legislative assembly," inasmuch as the charter is to last fifteen years.

Very respectfully,

Your ob't serv't
