The Honorable Vernon Wagner

Speaker of the House

House Chambers

Dear Mr. Speaker:

House Bill 1192 restricts the authority of game wardens to enter buildings without a search warrant. Present law gives game wardens the authority to enter buildings without a search warrant when the warden has reason to believe that game or fish or green furs are present in the building that have been taken as the result of some illegal activity. (Section 20.1-02-15, N.D.C.C.) The law does not give game wardens the authority to enter dwelling houses without a warrant, nor would this bill have any effect on that Fourth Amendment safeguard. However, House Bill 1192 will restrict the game warden's authority to search buildings and will make a game warden's job more difficult.

A peace officer presently has the authority to enter a building if there is danger of evidence being removed or destroyed. The change in the law proposed in House Bill 1192 could be interpreted in a manner that will require game wardens to obtain a search warrant even if there is immediate danger of evidence being removed or destroyed. House Bill 1192 does not grant any exceptions to the warrant requirement, but simply states that the right to enter and search without a warrant shall not apply to buildings. Abandoned buildings used by poachers to hide game will be impossible to enter without a search warrant or permission of the owner or person in charge of the premises.

If, for example, a game warden was aware of contraband such as an illegally taken deer stored in an abandoned barn, granary, or school house, he would not be allowed to enter such a building without first obtaining a search warrant or finding the owner of the building to obtain permission. The evidence could easily be removed while the warden is obtaining a warrant or permission.

State laws cannot give game wardens the authority to violate citizen rights by performing illegal searches. All game wardens must comply

with the Fourth Amendment requirements for search and seizure, as must all peace officers. House Bill 1192, however, unnecessarily restricts game wardens more than other peace officers. For this reason, it should not be permitted to become law.

Therefore, I veto House Bill 1192.

Sincerely yours,  
ARTHUR A. LINK  
Governor

#### STATE OF NORTH DAKOTA EXECUTIVE OFFICE BISMARCK

The Honorable Vernon Wagner  
Speaker of the House  
House Chambers  
Bismarck, North Dakota 58505

Dear Mr. Speaker:

House Bill 1487 would amend the North Dakota Century Code to add "construction work in progress" to the value of property for rate-making purposes. The law now says the rate base is determined from the money "honestly and prudently invested, less accrued depreciation."

Arguments can be made for the concept of "Construction Work In Progress" (CWIP). The most convincing argument for it is that if CWIP is allowed in the rate base, the utility can avoid one large, sudden rate increase occurring when the plant is placed in service.

However, I believe the disadvantages of adding CWIP to the rate base through mandatory language in a statute far outweigh any possible benefits. The primary disadvantages are:

1. The consumer is assuming a stockholder expense.
2. Higher initial rates are passed on to the consumer.
3. Consumers' dollars are worth more to consumers today, due to inflation, and future dollars will be worth less. This is particularly true for low and moderate income families and those on fixed incomes.
4. Elderly citizens should not be forced to pay more for electricity in order to finance future developments they may never have the opportunity to use. We should also take note of people who have to move because of changes in jobs who will not be able to take advantage of all of the benefits of future construction.

I recognize that the cost of power plant construction has escalated in recent years, but I fear that there will be less incentive for public utilities to control costs when they know that the consumer will be paying these costs years and years before the same consumer gets his or her first kilowatt of electricity from the project.

At the present time the Public Service Commission is able, through administrative policies, to significantly ease the economic burden that inflation has placed on utilities. For example, the Public Service Commission has, through administrative decisions, allowed utilities to pass on directly the increased costs of fuel to consumers each month. The Commission has, through its policies, permitted the interest on funds used

during construction to be added to the rate base. Recently the Public Service Commission adopted the policy of permitting utilities to increase their rates based on "forward test years." When a utility files a rate increase, it projects a forward test year which is used as a base for estimating costs and revenues. This gives a much more reasonable picture of inflation and its effect on utilities earnings.

I believe that the present administrative policies of the Public Service Commission provide more than adequate protection of the economic interests of the utilities.

Therefore, I veto House Bill 1487.

Sincerely yours,  
ARTHUR A. LINK  
Governor

STATE OF NORTH DAKOTA  
EXECUTIVE OFFICE  
BISMARCK

The Honorable Vernon Wagner  
Speaker of the House  
House Chambers  
Bismarck, North Dakota 58505

Dear Mr. Speaker:

House Bill 1352 provides that if the number of points assigned to a traffic violation are two or less, the violation and points will not be entered on the driver's record. The records of the violation and points are required to be kept in a separate, confidential file. The aim of this bill is to limit access to and use of information on traffic violations by insurance companies writing motor vehicle insurance in North Dakota.

Restricting the availability of motor vehicle records to insurance companies will have an adverse effect on the insurance rating system in North Dakota. The overall result may be that good drivers with no or few violations will be subsidizing the careless drivers with numerous tickets. Ultimately, rates may be increased to cover claims caused by poor drivers.

House Bill 1352, when considered in light of other legislation that has passed, provides that an individual can speed up to 70 miles per hour and the violation will not be shown on his or her driving record; nor will it be made available to the public. The bill makes no distinction as to where the violation occurs. The violation can be on an interstate highway, on a county road, or on a state highway. Further, it makes no distinction as to when the violation occurs, either during the day or night. The bill places a person who is caught speeding at 70 miles per hour at night on a county road in a better position than before the adoption of the 55 mile per hour speed limit. The bill gives its tacit blessing to driving up to 70 miles per hour, regardless of where the violation occurs or the time when the violation occurs, by providing that traffic violation information will not be made available to insurance companies.

We should all be concerned about the safety of the people of this state when operating motor vehicles on our highways. Statistics indicate that there has been a substantial reduction of highway fatalities since the inception of the 55 mile per hour speed limit. Nationally, 9,000 fewer people were killed on the highways in this country the year after the 55 mile per hour speed limit was introduced. There is a corresponding reduction in fatalities on North Dakota highways since the adoption of the 55 mile per hour speed limit. In 1973, before the adoption of the 55 mile per hour speed limit, the number of fatalities on our highways was 208. In 1974, after the adoption of the 55 mile per hour speed limit, the number of North Dakota deaths on the highway was 162, a 22% reduction.

Since the adoption of the 55 mile per hour speed limit, North Dakota has not experienced the number of deaths on its highways when compared with the number of fatalities that occurred in the year before the adoption

of the lowered speed limit: 1975, 169 fatalities; 1976, 182 fatalities; 1977, 180 fatalities; 1978, 185 fatalities.

The current trend among insurance departments nationwide is to require adequate traffic violation information in order that insurance companies may do a proper underwriting and rating of risk. Full motor vehicle records information is the cornerstone of this trend. Because House Bill 1352 seeks to limit public access to motor vehicle records, it is certainly contrary to this national trend.

In closing, I point out that a vast majority of North Dakota drivers do not have poor driving records. I have received information from an insurance company that nearly 98% of their applicants for renewal of motor vehicle insurance contracts have acceptable citation histories. This means that House Bill 1352 would be helping only the careless drivers on North Dakota highways; limiting access to motor vehicle records would seriously impair the possibility of identifying the few poor drivers from the vast majority of good drivers.

Because this bill could reduce incentive for obeying the 55 mile per hour speed limit, I hereby veto House Bill 1352.

Sincerely yours,  
ARTHUR A. LINK  
Governor

2. Section 54-44.1-11 shall not apply to the appropriation in this section.
3. The director of accounts and purchases and the state treasurer will make such transfers of funds between lined items of appropriation in this section as may be requested by the chairman of the council when the nature of studies and duties undertaken by the council requires such transfers.

SECTION 6. LEGISLATIVE INTENT.) The legislative assembly recognizes that moneys were appropriated from the special fund created by subsection 2 of section 12 of chapter 563 of the 1975 Session Laws for support of the regional environmental assessment program, and that such moneys were used, in essence, in response to the impact of rapid coal development. The legislative assembly intends that, until specifically provided otherwise by law, further deposits in the trust fund referred to above, or its statutory successor, shall consist of moneys allocated from severance tax revenue, and interest and income from investment of fund balances and not by deposits from the regional environmental assessment program or its successor entity."

AMENDMENTS TO HOUSE BILL NO. 1198

On page 1 of the engrossed bill, line 1, delete everything after the words "A BILL" and insert in lieu thereof the following: "for an Act to provide for the award of damages for harm caused by activities associated with the exploration for, the development, and production of oil and gas.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF  
NORTH DAKOTA:

SECTION 1. LEGISLATIVE FINDINGS.) The legislative assembly finds the following:

1. Exploration for and development of oil and gas reserves in this state interferes with the use, agricultural or otherwise, of the surface of certain land.
2. Owners of the surface estate and other persons should be justly compensated for injury to their persons or property and interference with the use of their property occasioned by oil and gas development.

SECTION 2. DEFINITIONS.) In this Act, unless the context or subject matter otherwise requires:

1. "Agricultural production" means the production of any growing grass or crop attached to the surface of the land, whether or not the grass or crop is to be sold commercially, and the production of any farm animals, whether or not the animals are to be sold commercially.
2. "Drilling operations" means the exploration for or drilling of an oil and gas well which requires entry upon the surface estate and was commenced subsequent to June 30, 1979, and the production operations ensuing therefrom.
3. "Mineral developer" means the person who acquires the mineral estate or lease for the purpose of extracting or using the minerals for nonagricultural purposes.

4. "Mineral estate" means an estate in or ownership of all or part of the minerals underlying a specified tract of land.
5. "Minerals" means oil and gas.
6. "Surface estate" means an estate in or ownership of the surface of a particular tract of land.
7. "Surface owner" means the person who has possession of the surface of the land either as an owner or as a tenant.

SECTION 3. SURFACE DAMAGE AND DISRUPTION PAYMENTS.) The mineral developer shall pay the surface owner a sum of money equal to the amount of damages sustained by the surface owner for loss of agricultural production and income, lost land value, and lost value of improvements caused by drilling operations. The amount of damages may be determined by any formula mutually agreeable between the surface owner and the mineral developer. When determining damages, consideration shall be given to the period of time during which the loss occurs and the surface owner may elect to be paid damages in annual installments over a period of time; except that the surface owner shall be compensated for harm caused by exploration only by a single sum payment. The payments contemplated by this section shall only cover land directly affected by drilling operations. Payments under this section are intended to compensate the actual surface owner for damage and disruption; any reservation or assignment of such compensation apart from the surface estate except to a tenant of the surface estate is prohibited.

SECTION 4. NOTICE OF DRILLING OPERATIONS.) Except for exploration activities governed by chapter 38-08.1, the mineral developer shall give the surface owner written notice of the drilling operations contemplated. This notice shall be given to the record surface owner at his address as shown by the records of the county register of deeds at the time the notice is given. This notice shall sufficiently disclose the plan of work and operations to enable the surface owner to evaluate the effect of drilling operations on the surface owners use of the property.

SECTION 5. OTHER RESPONSIBILITIES OF MINERAL DEVELOPER.) The mineral developer shall be responsible for all damages to property, real or personal, resulting from the lack of ordinary care by the mineral developer.

SECTION 6. NOTIFICATION OF INJURY.) Any person, to receive compensation, shall notify the mineral developer of the damages sustained by the person within two years after the injury occurs or would become apparent to a reasonable man.

SECTION 7. AGREEMENT - OFFER OF SETTLEMENT.) Unless both parties provide otherwise by written agreement, within sixth days after the mineral developer receives notice of damages the mineral developer shall make a written offer of settlement to the person seeking compensation for the damages. The person seeking compensation may accept or reject any offer so made.

SECTION 8. REJECTION- LEGAL ACTION - FEES AND COSTS.) If the person seeking compensation receives a written rejection, rejects the offer of the mineral developer, or receives no reply, that person may bring an action for compensation in the court of proper jurisdiction. If the amount of compensation awarded by the court is greater than that which had been offered by the mineral developer, the court shall award the person seeking compensation reasonable attorney fees and any costs assessed by the court.

SECTION 9. APPLICATION OF ACT.) The remedies provided by this Act shall not preclude any person from seeking other remedies allowed by law."

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

  - b. Plus an amount equal to the sum determined by the application of any mill levies specifically authorized by the electors of that taxing district but not levied for 1979 to the final assessed valuation of the taxable property in that taxing district.
2. No taxing district shall be permitted to levy in 1980 and 1981 taxes expressed in dollars in excess of the amount which was levied by that taxing district for the year 1979 plus an amount equal to five percent of that amount compounded for each year after 1979, adjusted as follows:
- a. Plus an amount equal to the sum determined by the application of the mill levies for that taxing district to the final assessed valuation of any land and taxable improvements to real property which was not taxable in 1979 or was omitted from the assessment rolls for that year but which is included in the assessment for the years 1980 or 1981.
  - b. Plus an amount equal to the sum determined by the application of any mill levies specifically authorized by the electors of that taxing district but not levied for 1979 to the final assessed valuation of the taxable property in that taxing district.
3. The limitation on the amount which may be levied by a taxing district pursuant to subsection 2 may be increased if the electors of the taxing district authorize additional levies after the effective date of this Act at either a special or regular election as provided by law.
4. The limitation on the amount which may be levied by a taxing district pursuant to subsection 2 shall not apply to the Fargo school district or to any school district in which the electors have approved unlimited mill levies as provided by law.

  - b. A statement of the full consideration paid for the property conveyed.

2. The register of deeds shall not record any deed unless it contains either of the statements required by subsection 1.
3. The register of deeds shall accumulate and at least monthly forward to the state board of equalization a report containing the information filed in his office pursuant to subsection 1.
4. The state board of equalization shall prescribe the necessary forms for the statements and reports to be used in carrying out the purposes of this Act, and the forms will contain a space for the explanation of special circumstances which may have contributed to the amount of the consideration.
5. For purposes of this section, the word "deed" means an instrument or writing whereby any real property or interest therein shall be granted, conveyed, or otherwise transferred to the grantee, purchaser, or other person.
6. The state board of equalization shall guard the secrecy of information contained on statements filed with the board pursuant to subsection 1, and any information provided local officials shall be limited to such data as is necessary to perform their official duties and shall not include the names of any grantors or grantees. Any reports made available to the public must be made in a manner that will not reveal the names of any grantors or grantees.

SECTION 5. AMENDMENT.) Section 57-02-27 of the 1977 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-02-27. PROPERTY TO BE ASSESSED VALUED AT FULL VALUE - LIMITATION ON ASSESSMENT OF ANNEXED AGRICULTURAL LANDS.) All property subject to taxation based on the value thereof shall be assessed valued at its true and full value in money as defined in subsection 4 of section 57-02-01. In determining the true and full value of real and personal property, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall he adopt as a criterion of value the price at which said property would sell at auction, or at forced sale, or in the aggregate with all the property in the town or district, but he shall value each article or description by itself, and at such sum or price as he believes the same to be fairly worth in money. In assessing valuing any tract, or lot of real property, there shall be determined the value of the land, exclusive of improvements, and the value of all taxable improvements and structures thereon, and the aggregate value of the property, including all taxable structures and other improvements, excluding the value of crops growing upon cultivated lands. In valuing any real property upon which there is a coal or other mine, or stone or other quarry, the same shall be valued at such a price as such property, including the mine or quarry, would sell for at a fair voluntary sale for cash. Agricultural lands within the corporate limits of a city, whether or not

platted, shall constitute agricultural property and be so classified and valued for ad valorem property tax purposes until such lands are put to another use. Such valuation shall be uniform with the assessed-value valuation of adjoining unannexed agricultural land.

SECTION 6. AMENDMENT.) Section 57-02-28 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-02-28. BASIS FOR COMPUTATION OF TAX.) The value of all property subject to a general property tax, not exempted by law nor subject to any gross sales or other lieu tax, to be used in the computation of the tax levied for the payment of any bonded or improvement warrant indebtedness shall be the ~~full and true assessed value thereof~~, but the net value of such property to be used in the computation of all other taxes levied thereon shall be fifty percent of the ~~true and full assessed value thereof~~. ~~Assessors and boards of review shall assess and return all taxable property at its full and true value, and the county auditor, after equalization of the property. For purposes of this section, "assessed value" means the value established by the state board of equalization, shall make the computation necessary to ascertain said fifty percent value pursuant to section 7 of this Act.~~

SECTION 7.) A new subsection to section 57-13-04 of the North Dakota Century Code is hereby created and enacted to read as follows:

Establish the assessed value to be used on each of the classes of taxable property, based upon the de facto classes developed prior to the effective date of this Act, by city and township assessors, county directors of tax equalization, and the board based upon the actual average assessment levels, stated as percentages, for each class of property for the previous year. The assessed values so established shall be based upon the returns of assessments of taxable property provided by the counties plus information compiled by the board for property assessed by the board pursuant to section 179 of the Constitution of North Dakota. The percentages so determined shall be certified to county directors of tax equalization on or before October thirty-first of each year. The board may make adjustments in the percentage of assessed valuation to be applied to any class of property, or to specific types of property within a class of property, if required to do so pursuant to a federal law. If the board finds the range of differences between the percentages established pursuant to this subsection increasing as compared to the relationships between the percentages on the various classes of property which existed on the effective date of this Act, the board shall report such fact to the subsequent legislative assembly accompanied by any appropriate proposed legislation to bring the relationships to within the range of the relative levels which existed on the effective date of this Act.

SECTION 8. AMENDMENT.) Subsection 1 of section 57-13-04 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

1. Equalize the assessment of land real property

by adding to the aggregate value thereof in any assessment district in a county and in every county in the state in which the board may believe the valuation too low, such rate percent as will raise the same to its proper relative value, and by deducting from the aggregate assessed value thereof, in any assessment district in a county and in every county in the state in which the board may believe the value too high, such percent as will reduce the same to its proper relative value. City lots shall be equalized in the manner provided for equalizing other ~~lands~~ real property. In performing its duties pursuant to this subsection, the board shall take into consideration the provisions of section 57-01-06.1;

SECTION 9. AMENDMENT.) Section 57-55-04 of the 1977 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-55-04. TAXES - HOW DETERMINED - DISBURSEMENT.) The tax for each mobile home shall be determined by the director of tax equalization by placing an evaluation on such mobile home based upon its true and full value and applying the same assessed valuation as established by the state board of equalization for other property in the same classification based on use, pursuant to standards and guides as determined by the state tax commissioner and applying such evaluation to the preceding year's total mill levies applying to property within the taxing district wherein the mobile home is located. If a mobile home is acquired or moved into this state during the calendar year, and a tax decal has not been previously issued on such mobile home in this state for such year, the tax shall be determined by computing the remaining number of months of the current year to the nearest full month and multiplying such number by one-twelfth of the amount which would be due for the full year. The taxes collected pursuant to the provisions of this chapter shall be disbursed in the same year they are collected and in the same manner as real estate taxes for the preceding year are disbursed.

STATEMENT OF PURPOSE OF AMENDMENT:

This amendment deletes the provisions for a federal aid coordinator. It provides for separate appropriations for the Office of Energy Management, Office of Economic Opportunity, State Planning Division, Natural Resources Council, and the Special Projects Coordinator. The total salaries and wages appropriations for all of these agencies is reduced \$232,000, of which \$118,908 is from the general fund and \$113,092 is from federal funds, from the amounts recommended in the executive budget to reduce the number of positions. Salaries and wages is reduced by 14.4 percent in each of the agency's appropriations from the amount recommended in the executive budget. Originally, this was anticipated to be a reduction of eight positions in total for all five agencies when they were consolidated in an office of federal aid coordinator. The amendment provides a total general fund appropriation for all these agencies of \$500,000.

And when so amended, recommends the same do pass.

Which has been read.

Rep. Unhjem requested that the question of the final passage of Senate Bill No. 2385 be divided to have the sections voted on separately in the following manner:

DIVISION A: Page 2, line 23 through 35, and page 3, line 1 through 27, which reads as follows:

The reason for the dilatation and curettage will be clearly stated and will be accompanied by a copy of the report on the pathological examination done on the dilatation and curettage surgical specimen.
2. No health insurance contract, plan, or policy delivered in this state shall provide payment for a dilatation and curettage procedure in which the pathological examination of the surgical specimen indicates the presence of trophoblastic or chorionic tissue unless:

a statement signed by the attending physician indicating that the procedure does not represent an induced abortion or the termination of an uncomplicated pregnancy. The reason for the dilatation and curettage will be clearly stated and will be accompanied by a copy of the report on the pathological examination done on the dilatation and curettage surgical specimen.

SECTION 6. FORMS.) The North Dakota state department of health shall make the forms required by this Act available to the physicians and hospitals of this state.

DIVISION C: Page 2, lines 8 through 15, which reads as follows:

SECTION 3. PAYMENT FOR ABORTIONS BY HEALTH INSURANCE POLICIES DELIVERED OR ISSUED IN NORTH DAKOTA.) No health insurance contracts, plans, or policies delivered or issued for delivery in this state shall provide coverage for abortions except by an optional rider for which there must be paid an additional premium. Provided, however, that this section shall not apply to the performance of an abortion necessary to prevent the death of the woman.

DIVISION D: Page 1, lines 1 through 22; page 2, lines 16 through 22; page 3, lines 28 through 35; page 4, lines 1 through 8, which reads as follows:

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE  
STATE OF NORTH DAKOTA:

SECTION 1. A STATE POLICY ON ABORTION AND CHILDBIRTH AND THE MEDICAL ASSISTANCE THEREOF.) Between normal childbirth and abortion, it shall be the policy of the state of North Dakota that normal childbirth is to be given preference, encouragement, and support by law and by state action, it being in the best interests of the well-being and common good of North Dakota citizens.

No funds of this state or any agency, county, municipality, or any other subdivision thereof and no federal funds passing through the state treasury or a state agency shall be used to pay for the performance, or for promoting the performance, of an abortion unless the abortion is necessary to prevent the death of the woman.

SECTION 7. PENALTY.) Any person found guilty of violating this Act shall be guilty of a class B misdemeanor.

SECTION 8. SEVERABILITY.) Should any provision, section, clause, or word of this Act be construed by any court of law to be invalid, illegal, unconstitutional, or otherwise

unenforcible, such invalidity, illegality, unconstitutionality, or unenforcibility shall not extend to any other provision or provisions of this Act.

It is the express intent of this legislature to enact legislation that is constitutional. A reviewing court, therefore, is requested to set forth clearly the grounds upon which any provisions of this Act is declared invalid so that appropriate remedial legislation may be enacted.

SECTION 9. EMERGENCY.) This Act is hereby declared to be an emergency measure and shall be in effect from and after its passage and approval.

STATE OF NORTH DAKOTA  
EXECUTIVE OFFICE  
BISMARCK

The Honorable Vernon Wagner  
Speaker of the House  
House Chambers  
Bismarck, North Dakota 58505

Dear Mr. Speaker:

House Bill 1335 defines the word "coal" for purposes of the coal severance tax. The bill specifically excludes leonardite (natural oxidized lignite) from the definition of coal. Under current law the coal severance tax is imposed on all leonardite mined in the state.

"Leonardite" is lignite slack or oxidized lignite. It is formed by the natural weathering of lignite coal. The term "leonardite" was chosen to honor Dr. A. G. Leonard, the first director of the North Dakota Geological Survey, who took part in the initial investigations of the mineral. According to the North Dakota Geological Survey, the term "leonardite" has been used generally to designate partially oxidized lignite, although the term is seldom used outside of the state of North Dakota. In other parts of the country, the substance is known generally as "lignite slack."

Leonardite has been mined commercially in several western North Dakota counties. Commercial development of leonardite in North Dakota has been limited primarily to use for drilling mud in the oil industry. It appears that the demand for leonardite will increase as the pace quickens nationwide for oil field development. Other potential uses of leonardite include use as a stabilizer in water treatment, as a source of brown stain for wood finishing, and, because of leonardite's high humic acid content, use as a soil conditioner and fertilizer. According to Philip G. Freeman of the University of North Dakota, the leading researcher in the uses of leonardite, the humic acid properties of leonardite have little or no value for the soils of North Dakota because the soils in the state have a high humus content. Rather, if leonardite is going to be used for agricultural purposes, it would best serve those soils not located in North Dakota, such as the sandy soils of the American Southwest.

Because of the current demand for leonardite for oil-well drilling mud, processed leonardite presently sells for \$30 to \$50 a ton.

I believe that creating an exemption from the coal severance tax for leonardite is unwarranted for several reasons.

First and foremost, leonardite is, in fact, a form of lignite. Like lignite, it is severed from the earth through strip-mining. As in the case of lignite, leonardite is a non-renewable natural resource of our state. The strip-mined lands reclamation laws apply to the mining of leonardite.

The proponents of this bill have argued that leonardite should be exempt from the coal severance tax because, unlike lignite, leonardite is not used as a fuel. This argument is not persuasive since the use of the resource is not and was not the inspiration for the coal severance tax. The severance tax was enacted to tax the sale of non-renewable natural resources that are the product of strip-mining. The purpose and policy of the tax was to compensate the state for the depletion of its nonrenewable

natural resources. It was also enacted to raise revenue for impact costs.

The severance tax, as the name implies, is truly a **severance** tax, rather than a sales or use tax. In the case of leonardite, as in the case of lignite, the "severance" consists of stripping the overbearing soils to allow for the excavation of the mineral, followed by replacing the soils according to the state's reclamation laws.

I find the imposition of the severance tax on leonardite to be just and reasonable. I see no reason to exempt this natural resource from taxation.

Therefore, I veto House Bill 1335.

Sincerely yours,  
ARTHUR A. LINK  
Governor

#### Other Amendments

This amendment deletes Section 6 of engrossed House Bill No. 1010 relating to general fund moneys included for new positions. It also deletes Section 7 of engrossed House Bill No. 1010 since the earmarking of \$200,000 for the early childhood identification program would not be consistent with amendments to House Bill No. 1624 which delete the early childhood identification program. The \$750,000 for the developmental disabilities program referred to in Section 7 remains in the grants line item of the Health Department appropriation.

The \$750,000 is to be available for matching up to \$1,000,000 of Title XX moneys if the additional allocation of \$2,100,000 currently proposed by the President becomes available to the Social Service Board of North Dakota.

This amendment also includes an appropriation of \$183,000 of funds to be collected by the Health Department through the issuance of permits for registration certificates for air contaminant sources to defray the costs of the air pollution control program. The amendment includes a section addressing the need for funds for the collocation of mental health and retardation centers and area social service centers during the 1979-81 biennium and includes a new section authorizing the Emergency Commission to approve special projects including the construction grants program to be administered by the Health Department.

#### AMENDMENTS TO HOUSE BILL NO. 1011

On page 1 of the engrossed bill, line 9, delete the following: "sum of \$213,640,079" and insert in lieu thereof the following: "sums hereinafter provided"

On page 3 of the engrossed bill, line 9, delete the numerals "60,460,366" and insert in lieu thereof the numerals "60,560,366"

On page 3 of the engrossed bill, line 11, delete the numerals "220,112,242" and insert in lieu thereof the numerals "220,212,242"

On page 4 of the engrossed bill, after line 9, insert the following section:

"SECTION 4. APPROPRIATION.) There is hereby appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum of \$100,000.00, or so much thereof as may be necessary, for the biennium beginning July 1, 1979, and ending June 30, 1981, for the purpose of establishing a pilot program for home care and deinstitutionalization aid for the care, custody, and control of developmentally disabled

persons who are retained in the home, deinstitutionalized, or may be deinstitutionalized. Under such program, the board shall, in the case of persons for whom the head of the institution has determined deinstitutionalization or continued noninstitutionalization to be appropriate, provide financial assistance to the natural parents, adoptive parents, or foster parents applying for aid under this section and qualifying under rules and regulations established by the board. Within the limits of legislative appropriation, qualifying applicants certified eligible shall receive an amount of fifty dollars, or so much thereof as may be necessary, for the basic care and training of such developmentally disabled persons for a seven-day or weekly period. Such program shall begin on January 1, 1980, after the board has developed guidelines and provided adequate time for the receipt of applications."

And renumber the lines, sections, and pages accordingly

STATEMENT OF PURPOSE OF AMENDMENT:

The special section appropriating \$100,000 in general fund moneys is to provide a parent deinstitutionalization aid program.

In regard to the grants, benefits, and claims line item of \$155,710,304, the committee recommends that the following programs be at the following levels:

	<u>Recommended</u>	<u>Executive Budget</u>
AFDC	\$ 29,866,400	\$ 31,003,001
Intermediate care	19,623,766	19,216,918
Nursing home care	35,227,940	34,498,187

These amounts reflect a reduction in the amount recommended by the Governor for AFDC and an increase in the amounts recommended by the Governor for intermediate care and nursing care. This change arises because of an update of estimates in these areas by the Social Service Board. The amount available for AFDC will make it possible for the Social Service Board to continue at rates recommended by the Governor; however, the caseloads at this time appear to be less than those anticipated. The amounts projected for intermediate care and nursing home care are set at 6.8 percent per year increases which are less than those recommended by the Governor. The Governor's budget included a 13 percent per year inflationary cost increase for both nursing care and intermediate care; however, because of cost increases since the Governor made his recommendation, the budget, even though it includes additional funds transferred from the AFDC program, is only adequate to provide for 6.8 percent per year increases for the next biennium.

On page 1, line 1, delete everything after the words "A BILL" and delete the remainder of the bill and insert in lieu thereof the following: "for an Act to create the west river water supply district in order to coordinate and facilitate the development and implementation of a plan for the supplementation of the water resources of Dickinson and other North Dakota counties and governmental entities with water from the Missouri River; and providing an appropriation.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1. FINDINGS AND DECLARATION OF POLICY.)

It is hereby found and declared by the legislative assembly that many areas and localities do not enjoy safe drinking water, and that in many such areas and localities the water contains iron, sulfates, alkali, salt, nitrates, and other hazardous and discoloring substances, and that other areas and localities do not have sufficient quantities of water to ensure a dependable, long-term supply. It is further found and declared that supplementation of the water resources of the city of Dickinson and other governmental entities with water supplies from the Missouri River, utilizing a pipeline transmission and delivery system, is a potentially feasible approach to provide the city of Dickinson and other governmental entities with a safe and dependable source of water. It is therefore declared to be in the best interest of the people of the city of Dickinson and other governmental entities to exercise the sovereign power of the state by providing a means for the establishment of the west river water supply district to further investigate and develop a pipeline transmission and delivery system for purposes including, but not limited to, domestic, rural water districts, municipal,

The secretary of state shall receive, record, and maintain the certification of the result of the election in the manner provided by section 16-13-26. The district shall be established by a sixty percent majority of the votes cast in each governmental entity in favor of the creation of the district. SECTION 4. BOARD OF DIRECTORS - OFFICERS - MEETINGS - COMPENSATION.) The district shall be governed by a board of directors who shall be chosen in accordance with the provisions of this Act. The board shall elect annually from its membership a chairman, vice chairman,

Board members shall receive compensation in the amount provided for by subsection 1 of section 54-35-10, and shall be reimbursed for their mileage and expenses in the amount provided for by sections 44-08-04 and 54-06-09.

SECTION 5. APPOINTMENT OF DIRECTORS - TERM OF OFFICE.) Within thirty days of the creation of the district, the governing bodies of the governmental entities within the district shall each appoint a director who shall be a resident and elector of the governmental entity from which he is appointed. Each governmental entity shall be represented by one director, provided that in no case shall any county within the district have more than one representative on the board of directors of the district, except for Stark County whose representation shall include two directors from the city of Dickinson and one director representing Stark County, provided that Dickinson and Stark County are members of the district. An appointee from the state water commission shall serve as a board member temporarily until the time that the board shall be comprised of no less than three directors as defined in section 5 of this Act. ## JOURNAL OF THE HOUSE

All moneys collected pursuant to such levy shall be deposited in the Bank of North Dakota to the credit of the district and shall be disbursed only as provided herein.
8. To exercise all powers for, or incidental to, the achievement of the purposes and objectives of this Act.

SECTION 8. DISTRICT BUDGET - CERTIFICATION OF MILL LEVY - LIMITATIONS.) The board of directors of the district shall, upon the organization of the board in 1980, and in July of each year thereafter, estimate the expenses and obligations of the district, including, but not limited to, expenses of the directors, expenses of operating and maintaining the offices of the district, and other administrative expenses. The board of directors may include in the budget estimates of funds deemed necessary to create a reserve fund to meet future

payments of obligations incurred by the district. Upon the completion and adoption of the budget, the board shall determine a mill levy for each governmental entity within the district in an amount sufficient to meet the expenses of the budget. The mill levy may be in differing amounts for each governmental entity and shall be based upon the benefit to be gained by such governmental entities from the project for which the assessment is made, but in no event shall the mill levy for any governmental entity exceed one mill. The determination of the mill levy shall be in the form of a resolution adopted by a majority vote of the members of the board.

SECTION 9. BOARD TO CERTIFY MILL LEVY TO CITY AUDITORS, COUNTY AUDITORS, AND STATE TAX COMMISSIONER.) Upon the adoption of the annual mill levy by the board of directors, but no later than October first, the secretary of the board shall send one certified copy of the appropriate mill levy to the city auditor of every member city within the district, and shall send to the county auditor one copy of the mill levy for each governmental entity within the county which is a member of the district. Copies of all such documents shall be sent to the state tax commissioner.

SECTION 10. CITY AUDITORS AND COUNTY AUDITORS TO EXTEND TAX LEVY.) The city auditor of each member city and county auditor of each county within the district, to whom a mill levy is certified in accordance with this chapter, shall extend the levy upon the tax lists for the current year against each description of real property and all personal property within the governmental entities, as defined for the purposes of this Act, in the same manner and with the same effect as other taxes are extended.

SECTION 11. COUNTY OR CITY TREASURER TO COLLECT AND REMIT DISTRICT TAXES - DISTRICT FUND ESTABLISHED - NONREVERTER - DISBURSEMENTS.) The treasurer of each city or county within the district to which a mill levy has been certified shall collect the district taxes, together with interest and penalty thereon, if any, in the same manner as the general taxes are collected, and shall pay over to the treasurer of the district, on demand, all taxes, interest, and penalties so collected, and shall forthwith notify the secretary of the district of such payment. Expenditures shall be made by the board of directors upon vouchers signed by the chairman of the board.

SECTION 12. PROCEEDINGS TO CONFIRM CONTRACT.) The board of directors of the district, after entering into a contract with the United States government, the state of North Dakota, or with any public corporation of the state of North Dakota, may commence a special proceeding in and by which the proceedings of the board and the making of such contract, or contracts, shall be judicially examined, approved, and confirmed, or disapproved and disaffirmed. Such proceeding shall comply as nearly as possible with the procedure required in the case of irrigation districts under the laws of North Dakota.

SECTION 13. TERMINATION OF DISTRICT.) Upon the vote of a majority of the directors of the board, the district shall cease to exist from and after the thirty-first day of December following the vote, subject to the payment of any obligations entered into prior to such vote. After all obligations of the district have been paid, the board of directors shall certify such fact to the city or county auditor of each of the cities or counties within the district and shall proceed to liquidate the assets of the district in such a manner as

the board shall deem in the best interests of the district. Following liquidation, the board shall return to each governmental entity its pro rata share of any moneys remaining in the district treasury. The pro rata share shall be equal to the proportion that such governmental entity's total contribution to the district bears to the total contribution of all governmental entities to the district.

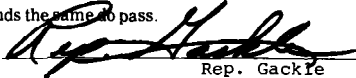

SECTION 14. ADDITION OF OTHER GOVERNMENTAL ENTITY TO DISTRICT.) Upon filing with the county commission a petition containing the signatures of ten percent of the eligible electors residing in the governmental entity, voters within that governmental entity may join the district upon a favorable vote of sixty percent majority of the eligible electors residing therein, exclusive of any cities within the entity, provided that the governing body's application for membership be approved by the board of directors of the district. The county auditor of each county shall certify the results of the election to the secretary of state in the manner provided by section 16-13-24. The board of directors, as a condition of approval of such application, may require the levy of such taxes within said governmental entity as may be equitable to equalize the burden of such governmental entity with the obligations paid or assumed by the other governmental entities in the district. Such governmental entity is hereby authorized to levy such taxes as may be necessary to carry out its part of the agreement for becoming a part of the district, which levy shall be in addition to the amount which may otherwise be legally levied by that governmental entity.

SECTION 15. LIMITATIONS.) The provisions of this Act shall not be construed to limit the rights, powers, or duties of any state department or agency, or of any political subdivision. Nor shall any of the provisions of this Act be construed as limiting or in any way affecting the laws of this state relating to organization and maintenance of water management districts, park districts, or irrigation districts, or any other legal entity found wholly or partly within the boundaries of the west river water supply district.

SECTION 16. APPROPRIATION.) There is hereby appropriated out of any moneys in the lands and mineral trust fund in the state treasury, not otherwise appropriated, the sum of \$40,000.00, or so much thereof as may be necessary, to the state water commission for the purpose of assisting the west river water supply district in carrying out the provisions of the Act for the biennium beginning July 1, 1979, and ending June 30, 1981. BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1. DECLARATION OF LEGISLATIVE INTENT.) It is hereby declared that it is the intent of the legislative assembly, as follows: It is the policy of the state of North Dakota to treat persons having tuberculosis in a communicable and contagious stage as dangerous to the health and welfare of the citizens of the state. It is also the policy of the state to declare that all cases of tuberculosis in a communicable or contagious stage should be treated in a licensed hospital, or at home if such home treatment is approved by the state health officer under the guidelines of the state health council. To this end, it is declared that isolation provisions to achieve treatment of such communicable or contagious tuberculous persons should be accomplished to the fullest extent regardless of such person's ability to pay. It is further declared that such persons with communicable or contagious tuberculosis shall be given full opportunity to enter treatment voluntarily. In order to prevent effectively the spread of this disease it is necessary that the state:

## JOURNAL OF THE HOUSE

1. Further the discovery, care, supervision and treatment of persons having tuberculosis in a communicable or contagious stage.
2. Encourage the use of all available public and private facilities to that end.
3. Regard this tuberculosis program as one of public health and one to be dealt with according to public health requirements rather than those of indigency.

SECTION 2. CARE AND TREATMENT OF TUBERCULOSIS PATIENTS OR SUSPECTS PROVIDED WITHOUT CHARGE BY STATE.) Care and treatment provided by the state of North Dakota for persons suffering from tuberculosis, including diagnosis, tests, studies, and analyses for the discovery of tuberculosis shall be available without cost or charge to anyone who is suffering from tuberculosis or is suspected of having tuberculosis. Any such person who volunteers to assume and pay for the cost of such care and treatment or for the cost of such diagnosis, test, studies or analyses shall be permitted to do so; but no state, county or other public official shall request or require such payment or make or cause to be made any inquiry or investigation for the purpose of determining the ability of such person or of his legally responsible relatives to pay therefor. This section shall in no way bar freedom of the individual to seek treatment from a physician or in an institution of his choice at his own expense.

SECTION 3. STATE HAS PRIOR CLAIM ON PATIENT BENEFITS.) Notwithstanding any provision in this chapter contained, the state of North Dakota shall have prior claim on benefits accruing to patients for care and treatment of tuberculosis including diagnosis, tests, studies, and analyses under entitlement by the federal government, medical or hospital insurance contracts, workmen's compensation or the medical care and disability provisions of programs under the supervision of the social service board of North Dakota.

SECTION 4. STATE HEALTH OFFICER - DESIGNEE - RESPONSIBILITY.) The state health officer or his designee, under the guidelines of the state health council, is responsible for the inpatient and outpatient care of persons afflicted or suspected of being afflicted with tuberculosis. If the state health officer determines that suspected or actual tuberculous patients may be adequately cared for on an inpatient basis by contract basis with general hospitals, authority for contracting with such hospitals is granted to the state health officer. In addition, the state health officer is authorized to establish and maintain the necessary outpatient clinics for diagnostic workup and evaluation on all suspected or actual tuberculous patients in the state. The state health officer shall pay the contract fee to general hospitals and provide funds to the outpatient evaluation clinics from funds to be appropriated for this purpose by the legislative assembly. The state's claim on patient benefits as provided in section 3 shall apply insofar as applicable to tuberculous patients in general hospitals and for services rendered in outpatient clinics. The state health officer or his designee, under the guidelines of the state health council, shall have the power to:

1. Do any act necessary and proper in the performance of the functions imposed upon the state health officer by the provisions of this chapter.
2. Issue orders and compel obedience thereto.

3. Administer oaths.

SECTION 5. REPORT, CUSTODY, OF PERSONS.) Upon report to, or receipt of information by the state health officer or any physician in the state that any person is afflicted with tuberculosis and, as a source of infection endangers other persons, such report shall be made to the state health officer. Upon receipt of such information by the state health officer it shall be investigated and, if convinced that an active case of infectious tuberculosis endangering other persons exists, the state health officer shall request such person voluntarily to seek appropriate care and treatment. If such person refuses to accept voluntary care and treatment, the state health officer, under the guidelines of the state health council, is authorized to issue an order for care and treatment as is determined by the state health officer. If the state health officer's order is ignored, the state health officer, under the guidelines of the state health council, may issue an order to be served by the sheriff or any constable of the county where the alleged tubercular person resides to compel the attendance of the alleged tubercular person and may provide for suitable housing and care of such person until the alleged tubercular person is further investigated. The state health officer or his designee, under the guidelines of the state health council, shall hear all relevant testimony for or against the order and the examination and hearing on the order shall be in the presence of the alleged tubercular person. Any citizen of this state and any relative of the alleged tubercular person may appeal and resist the order and the parties may be represented by counsel.

SECTION 6. PHYSICIAN'S EXAMINATION - FINDINGS - ORDER.) The state health officer, under the guidelines of the state health council, may appoint a practicing physician to make a personal examination of the alleged tubercular person and to make such thorough investigation of his condition as will enable the state health officer to determine whether or not such person has active, infectious tuberculosis and is dangerous to the public health. As soon as practical after the return of the physician's statement to the state health officer, the state health officer shall conclude his investigation and make his determination. If the state health officer finds that the alleged tubercular person does not have active, infectious tuberculosis and is not dangerous to public health he shall make an order dismissing the case. If the state health officer, under the guidelines of the state health council, finds that the person does have active, infectious tuberculosis and is dangerous to public health he shall issue his order which shall:

1. State his findings that such person does have active, infectious tuberculosis and is dangerous to public health; and shall
2. Authorize the medical facility specified in the order to receive and keep such person in its facility for necessary and appropriate care, treatment, quarantine, and isolation.

SECTION 7. SHERIFF'S EXECUTION OF STATE HEALTH OFFICER'S ORDER.) The order of the state health officer, in duplicate, together with the findings of the physician and the findings of the state health officer shall be delivered to the sheriff who shall execute the same by conveying the person named therein to the medical facility specified in the order and delivering him together with the findings of the physician and the state health officer's findings and the duplicate of the order to the person in charge of such medical facility. The person in charge, over his official signature, shall

acknowledge the delivery on the original order and the sheriff shall return the order to the state health officer. Return to the state health officer may be by certified mail. The sheriff shall be allowed reasonable travel expenses, paid by the county, in the same manner and at the same rate as the expenses of other county officials are paid.

SECTION 8. APPEAL TO DISTRICT COURT - HABEAS CORPUS - HEARING.) An appeal from an order of the state health officer authorizing a specified medical facility to receive a person in his custody for care, treatment, quarantine and isolation may be taken to the district court of the county in the manner provided in chapter 28-32. In such a proceeding, the state's attorney of the county wherein the appeal is taken, without additional compensation, shall represent the state health officer. The clerk of court of the county in which the appeal is taken shall notify the state's attorney of the filing of such appeal. All persons placed in the custody of the state health officer under the provisions of this chapter for care, treatment, quarantine and isolation shall be entitled to the benefit of the writ of habeas corpus and a determination as to whether a person in such custody has active, infectious tuberculosis and is dangerous to public health shall be made at the hearing. If the court shall decide that the person does have active, infectious tuberculosis and is dangerous to public health, such decision shall not preclude a subsequent application for a writ or the issuing of a writ upon a subsequent application, if it shall be alleged that such person shall have been restored to health.

SECTION 9. DISCHARGE - RELEASE.) All orders of the state health officer authorizing the reception and retention in custody for care, treatment, quarantine and isolation of persons having active and infectious tuberculosis endangering public health shall be effective only during the continuation of such condition and any person who is cured shall be discharged immediately from custody. Such discharge shall be made by the state health officer or his designee, under the guidelines of the state health council. The person in charge of a medical facility may also release any person admitted to the medical facility under the provisions of this chapter at such times and under such conditions as deemed advisable after consultation with the state health officer or his designee.

SECTION 10. LIABILITY OF OFFICERS.) The order of the state health officer authorizing the admission of any person to the custody of a medical facility and the reception and detention of such person at such medical facility as a patient, accompanied by the state health officer's findings as provided in this chapter shall protect the state health officer or his designee and the other personnel of the medical facility from all liability, civil or criminal, on account of the reception and detention of such person therein. Such detention, however, shall be in accordance with the laws and bylaws regulating the management of the medical facility.

SECTION 11. EXCEPTION - QUARANTINE.) Any person who shall observe quarantine regulations as established by the state health officer, under the guidelines of the state health council, shall not be subject to confinement under the provisions of this chapter.

SECTION 12. TUBERCULAR INDIAN JURISDICTION.) Nothing in this chapter shall require the admission of an enrolled Indian, resident on any reservation in this state, to any off-reservation institution except upon written request and authorization of the superintendent of the reservation on which said Indian is enrolled.

However, in the public interest and with the objective of eradication of tuberculosis in the state of North Dakota, an Indian with active infectious tuberculosis off any reservation shall be subject to this chapter. It shall be the responsibility of the Indian Affairs Commission pursuant to the commission's powers and duties, stated in section 54-36-03, to work closely with the tribal councils and other reservation officials to adopt any agreements found necessary in assisting the state health officer in carrying out his responsibilities under this chapter so that all residents of this state will benefit, and eradication of tuberculosis in North Dakota can be achieved.

SECTION 13. CARE OF TUBERCULAR PATIENTS - ACCEPTANCE OF FEDERAL FUNDS - GENERAL HOSPITAL.) The state health officer, or his designee, under the guidelines of the state health council, is hereby authorized to contract with public or private agencies for the care of tubercular patients. The state health officer is hereby authorized to accept any federal funds or to enter into any federal programs on behalf of tubercular patients in North Dakota. The state health officer may, under the guidelines of the state health council, also utilize general hospitals in the placement of recalcitrant tuberculous patients.

CONSIDERATION OF PETITIONS AND COMMUNICATIONS  
State of North Dakota  
EXECUTIVE OFFICE  
BISMARCK

The Honorable Vernon Wagner  
Speaker of the House  
House Chambers  
Bismarck, North Dakota 58505

Dear Mr. Speaker:

This letter is to inform you that on March 23, 1979, I signed House Bill 1130.

Sincerely yours,  
ARTHUR A. LINK  
Governor

State of North Dakota  
EXECUTIVE OFFICE  
BISMARCK

The Honorable Vernon Wagner  
Speaker of the House  
House Chambers  
Bismarck, North Dakota 58505

Dear Mr. Speaker:

House Bill 1138, known as the "election reform" bill, revises the election laws of North Dakota.

There are good features contained in this bill. House Bill 1138 places the responsibility for the conduct of elections squarely in the hands of the Secretary of State and charges him and county auditors with responsibility for developing training manuals and providing training for all members of election boards. Our present laws do not have clear-cut placement of responsibility for the conduct of elections and are weak in the area of training. Another step toward election reform in the bill is the increased compensation for election day workers.

However, I cannot give my support of this bill, which, taken as a whole, has lost its status as an election reform bill. To reform means to improve. This bill changes existing law, but not for the better.

As one who has watched the progress of this lengthy bill through committees, I am aware of a proposed section of the bill that did constitute true reform, the "Minnesota Ballot" provision. The Minnesota Ballot has been eliminated from the bill; a ballot form which would have given no

particular advantage to either political party. Instead, the proponents of this bill have submitted a proposal for rotating party columns, a ballot reform that the Democratic Party has advocated for years. But this so-called reform is not sincere, for the provision does not become effective until 1981, after the next general election. This postponed effective date for rotating party columns is so obviously politically motivated as to be ludicrous.

In my last two State of the State Messages to the Legislative Assembly, I spelled out my recommendation for true election reform:

"(1) Insure the right to vote by absentee ballot to every person who will not have the opportunity to vote on election day so that no confusion exists as to the validity of such absentee ballots and votes."

"(2) Restructuring party columns in both voting machines and paper ballots and apportioning voting machines according to population.

"(3) Requiring qualified election officials who are given adequate compensation, proper instruction and easily understood election manuals to have specific duties in assisting voters at the polls.

"(4) Creating an independent advisory commission on elections that would attempt to establish standards of uniformity for the election process."

The Legislature has not seen fit to implement these protections of the right to vote, with the exception of improving the remuneration and training of election officials. Instead, they have passed House Bill 1138, which will tend to disenfranchise voters.

It is my firm conviction that election reform should make it easier for a person to vote. There is, in effect, a form of voter registration contained in House Bill 1138. The county auditors would be required to return completed poll books to the precincts. Essentially, if the voter's name did not appear in the poll books from previous elections, he or she could be required to sign an affidavit. This requirement is unduly restrictive.

The affidavit which the voter must sign uses intimidating language such as "under penalty of criminal prosecution". Several unsuccessful attempts were made to amend this threatening language out of the bill. Similar intimidating language is used in the application for absent voters ballots. We may disenfranchise voters who would resist this affidavit approach.

Under present law, North Dakota citizens may register at the polls on the day of the election. This is a simple procedure that our voters are familiar and comfortable with.

An effort was also made in committee to amend the bill to allow voters to use the paper ballot if they choose to do so. Many of our elderly citizens resist going to the polls because they are not at ease with the electronic voting machines. The paper ballot option would speed up the voting process when there are long lines at the polls and it is nearing closing time. As it is now, some voters become discouraged and leave. Again, the process does not accommodate the voter.

The use of an agent in securing absent voters ballots is not a part of this bill. Present law provides for the use of agents, a provision which is considered an important aid in assisting people who would not otherwise be able to vote. Attempts were made to amend this agency method into the bill and they were rejected. I contend we will again disenfranchise voters.

The recount procedures set forth in House Bill No. 1138 are confusing and could place the handling of a recount entirely in the hands of elected officials representing one political viewpoint. Under present law, a district judge presides over the recount process and is charged by law

with ruling on all challenged ballots. House Bill 1138 places these functions in the hands of the county auditor, the states attorney, the clerk of district court, and the chairman of the board of county commissioners. Since the present recount procedure has worked well in the past, I see no reason for this change in the law.

Proponents of this bill made the argument that we must "tighten up" our election laws to eliminate fraud. There has been no evidence of fraud in recent elections in this state. Rather, problems we have encountered in recent elections have been the result of errors of election officials. I strongly object to the provisions of this bill which continue the practice of disenfranchising voters if the election officials fail to properly stamp and initial ballots.

Because I believe this legislation will make it more difficult for North Dakota citizens to vote rather than easier, I veto House Bill 1138.

Sincerely yours,  
ARTHUR A. LINK  
Governor

#### Report of Conference Committees

Mr. Speaker \_\_\_\_\_: Your Conference Committee to whom was referred House \_\_\_\_\_ Bill No. 1198 \_\_\_\_\_ has had the same under

consideration and recommends:

That the Senate recede from its amendments and that HB 1198 be amended as follows:

On page 1 of the engrossed bill, line 1, delete everything after the words "A BILL" and delete the remainder of the bill and insert in lieu thereof the following: "for an Act to provide for the award of damages for harm caused by activities associated with the exploration for, the development, and production of oil and gas.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1. LEGISLATIVE FINDINGS.) The legislative assembly finds the following:

1. It is necessary to exercise the police power of the state to protect the public welfare of North Dakota which is largely dependent on agriculture, and to protect the economic well-being of individuals engaged in agricultural production.
2. Exploration for and development of oil and gas reserves in this state interferes with the use, agricultural or otherwise, of the surface of certain land.
3. Owners of the surface estate and other persons should be justly compensated for injury to their persons or property and interference with the use of their property occasioned by oil and gas development.

SECTION 2. PURPOSE AND INTERPRETATION.) It is the purpose of this Act to provide the maximum amount of constitutionally permissible protection to surface owners and other persons from the undesirable effects of development of minerals. This Act is to be interpreted in light of the legislative intent expressed herein. Sections 4 and 5 of this Act shall be interpreted to benefit surface owners, regardless of whether the mineral estate was separated from the surface estate and regardless of who executed the document which gave the mineral developer the right to conduct drilling operations on the land. Sections 6 through 10 of this Act shall be interpreted to benefit all persons.

SECTION 3. DEFINITIONS.) In this Act, unless the context or subject matter otherwise requires:

1. "Agricultural production" means the production of any growing grass or crop attached to the surface of the land, whether or not the grass or crop is to be sold commercially, and the production of any farm animals, whether or not the animals are to be sold commercially.
2. "Drilling operations" means the exploration for or drilling of an oil and gas well which requires entry upon the surface estate and was commenced subsequent to June 30, 1979, and the production operations ensuing therefrom.
3. "Mineral developer" means the person who acquires the mineral estate or lease for the purpose of extracting or using the minerals for nonagricultural purposes.
4. "Mineral estate" means an estate in or ownership of all or part of the minerals underlying a specified tract of land.
5. "Minerals" means oil and gas.
6. "Surface estate" means an estate in or ownership of the surface of a particular tract of land.
7. "Surface owner" means the person who has possession of the surface of the land either as an owner or as a tenant.

SECTION 4. SURFACE DAMAGE AND DISRUPTION PAYMENTS.) The mineral developer shall pay the surface owner a sum of money equal to the amount of damages sustained by the surface owner for loss of agricultural production and income, lost land value, and lost value of improvements caused by drilling operations. The amount of damages may be determined by any formula mutually agreeable between the surface owner and the mineral developer. When determining damages, consideration shall be given to the period of time during which the loss occurs and the surface owner may elect to be paid damages in annual installments over a period of time; except that the surface owner shall be compensated for harm caused by exploration only by a single sum payment. The payments contemplated by this section shall only cover land directly affected by drilling operations. Payments under this section are intended to compensate the actual surface owner for damage and disruption; any reservation or assignment of such compensation apart from the surface estate except to a tenant of the surface estate is prohibited.

SECTION 5. NOTICE OF DRILLING OPERATIONS.) Except for exploration activities governed by chapter 38-08.1, the mineral developer shall give the surface owner written notice of the drilling operations contemplated. This notice shall be given to the record surface owner at his address as shown by the records of the county register of deeds at the time the notice is given. This notice shall sufficiently disclose the plan of work and operations to enable the surface owner to evaluate the effect of drilling operations on the surface owner's use of the property. Included with this notice shall be a form

prepared by the state geologist advising the surface owner of his rights and options under the act.

SECTION 6. OTHER RESPONSIBILITIES OF MINERAL DEVELOPER.) The mineral developer shall be responsible for all damages to person or property, real or personal, resulting from the lack of ordinary care by the mineral developer. The mineral developer shall also be responsible for all damages to person or property, real or personal, resulting from a nuisance caused by drilling operations.

SECTION 7. NOTIFICATION OF INJURY.) Any person, to receive compensation under Sections 8 and 9, shall notify the mineral developer of the damages sustained by the person within two years after the injury occurs or would become apparent to a reasonable man.

SECTION 8. AGREEMENT - OFFER OF SETTLEMENT.) Unless both parties provide otherwise by written agreement, within sixty days after the mineral developer receives notice of damages the mineral developer shall make a written offer of settlement to the person seeking compensation for the damages. The person seeking compensation may accept or reject any offer so made.

SECTION 9. REJECTION - LEGAL ACTION - FEES AND COSTS.) If the person seeking compensation receives a written rejection, rejects the offer of the mineral developer, or receives no reply, that person may bring an action for compensation in the court of proper jurisdiction. If the amount of compensation awarded by the court is greater than that which had been offered by the mineral developer, the court shall award the person seeking compensation reasonable attorney fees and any costs assessed by the court.

SECTION 10. APPLICATION OF ACT.) The remedies provided by this Act shall not preclude any person from seeking other remedies allowed by law. This act does not apply to the operation, maintenance, or use of a motor vehicle upon the highways of this state as these terms are defined in section 39-01-01.

State of North Dakota  
EXECUTIVE OFFICE  
BISMARCK

The Honorable Wayne Sanstead  
President of the Senate  
Senate Chambers  
Bismarck, North Dakota 58505

Dear Mr. President:

Senate Bill 2151 would create an interim Legislative Council committee on administrative rules and regulations.

The statutory language in this bill closely parallels that of Senate Bill 2175 which I vetoed in 1975. In 1977, I vetoed another bill, Senate Bill 2475, with almost identical provisions. Three days ago, on March 12, 1979, I vetoed Senate Bill 2083 which would have given an interim Legislative Council committee the authority to review administrative rules and regulations promulgated by executive branch agencies.

The language of section 2 of Senate Bill 2151 setting forth the duties and responsibilities of the proposed Legislative Council committee on administrative rules follows verbatim the language of Senate Bill 2083 on the same subject.

In the three days since I vetoed Senate Bill 2083, I have been provided with no justification for the violation of separation of powers inherent in these proposals.

Therefore, for the reasons stated in my veto message dated March 12, 1979, on Senate Bill 2083, I hereby veto Senate Bill 2151.

Sincerely yours,  
ARTHUR A. LINK  
Governor

#### Report of Conference Committees

Mr. Speaker: Your Conference Committee to whom was referred House Bill No. 1550 has had the same under consideration and recommends:

That the Senate recede from its amendments and that House Bill No. 1550 be amended as follows:

On page 1, line 1, delete everything after the words "A BILL" and delete the remainder of the bill and insert in lieu thereof the following: "for an Act relating to the taxation of property and providing legislative intent concerning property taxation, limitations on increases or forced reductions in property taxes levied by taxing districts for certain years, and statements of full consideration; to create and enact a new subsection to section 57-13-04 of the North Dakota Century Code, relating to the powers and duties of the state board of equalization; to amend and reenact sections 57-02-27 and 57-02-28, subsection 1 of section 57-13-04, and section 57-55-04 of the North Dakota Century Code, relating to the assessment of property, the basis for the computation of property taxes, the powers and duties of the state board of equalization, and the taxation of mobile homes; providing a penalty; and providing an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1. STATEMENT OF LEGISLATIVE FINDINGS - LEGISLATIVE INTENT.) Although the laws of this state require the assessment of all taxable property at its true and full value, it is the finding of the legislative assembly that actual assessments are much less than true and full value. It is the intent of the legislative assembly that the state board of equalization shall, from the effective date of this Act, establish equity of taxation within the guidelines established by this Act.

SECTION 2. PROPERTY TO BE VALUED AT TRUE AND FULL VALUE.) Beginning with the year 1980, all assessors and boards of equalization shall place the value of all items of taxable property at the true and full value of the property and the assessed valuation on such property for the year 1980 and each year thereafter shall be determined pursuant to section 7 of this Act. For the purposes of this Act, the term "true and full value"

shall have the same meaning as provided in subsection 4 of section 57-02-01.

SECTION 3. LIMITATIONS ON INCREASES OR FORCED REDUCTIONS IN PROPERTY TAXES LEVIED BY TAXING DISTRICTS FOR YEARS 1980 and 1981 - EXCEPTIONS.)

1. Each taxing district may levy in 1980 and 1981 at least as much in dollars as the amount which was levied by that taxing district for the year 1979 plus an amount equal to five percent of that amount compounded for each year after 1979, adjusted as follows:
  - a. Less an amount equal to the sum determined by the application of the mill levies for that taxing district to the final assessed valuation of any land or taxable improvements to real property which is removed from the assessment rolls of that taxing district after the year 1979 but was included in the assessment for the year 1979.
  - b. Plus an amount equal to the sum determined by the application of any mill levies authorized by law but not levied by the governing body of the taxing district for 1979 and any mill levies specifically authorized by the electors of that taxing district but not levied for 1979 to the final assessed valuation of the taxable property in that taxing district.
2. No taxing district shall be permitted to levy in 1980 and 1981 taxes expressed in dollars in excess of the amount which was levied by that taxing district for the year 1979 plus an amount equal to five percent of that amount compounded for each year after 1979, adjusted as follows:
  - a. Plus an amount equal to the sum determined by the application of the mill levies for that taxing district to the final assessed valuation of any land and taxable improvements to real property which was not taxable in 1979 or was omitted from the assessment rolls for that year but which is included in the assessment for the years 1980 or 1981.
  - b. Plus an amount equal to the sum determined by the application of any mill levies authorized by law but not levied by the governing body of the taxing district for 1979 and any mill levies specifically authorized by the electors of that taxing district but not levied for 1979 to the final assessed valuation of the taxable property in that taxing district.
3. The limitation on the amount which may be levied by a taxing district pursuant to subsection 2 may be increased to reflect increased mill levies authorized by the forty-sixth legislative assembly or if the electors of the taxing district authorize additional levies after the effective date of this Act at either a special or regular election as provided by law.

## JOURNAL OF THE HOUSE

4. The limitation on the amount which may be levied by a taxing district pursuant to subsection 2 shall not apply to the Fargo school district or to any school district in which the electors have approved unlimited mill levies as provided by law.
5. The provisions of this section shall supersede any applicable mill levy limitations otherwise provided by law for the period provided in subsections 1 and 2, but the provisions of this section shall not apply to any of the following:
  - a. Any irrevocable tax to pay bonded indebtedness levied pursuant to section 184 of the Constitution of North Dakota.
  - b. The twenty-one mill levy for schools provided in section 57-15-24.
  - c. The one-mill levy for the state medical center authorized by article 60 of the amendments to the Constitution of North Dakota.
6. The provisions of this section shall not apply to any city which has adopted a home rule charter unless the provisions of the charter specifically provide that state laws related to property tax levy limitations shall apply.

SECTION 4. STATEMENTS OF FULL CONSIDERATION TO BE FILED WITH STATE BOARD OF EQUALIZATION OR REGISTER OF DEEDS - PROCEDURE - SECRECY OF INFORMATION - PENALTY.)

1. Any grantee or his authorized agent who presents a deed in the office of the county register of deeds shall certify on the face of the deed either of the following:

  - b. A statement of the full consideration paid for the property conveyed.
2. The register of deeds shall not record any deed unless it contains either of the statements required by subsection 1.
3. The register of deeds shall accumulate and at least monthly forward to the state board of equalization a report containing the information filed in his office pursuant to subsection 1.
4. The state board of equalization shall prescribe the necessary forms for the statements and reports to be used in carrying out the purposes of this Act, and the forms will contain a space for the explanation of special circumstances which may have contributed to the amount of the consideration.
5. For purposes of this section, the word "deed" means an instrument or writing whereby any real property or interest therein shall be granted, conveyed, or otherwise transferred to the grantee, purchaser, or other person.

6. The state board of equalization shall guard the secrecy of information contained on statements filed with the board pursuant to subsection 1, and any information provided local officials shall be limited to such data as is necessary to perform their official duties and shall not include the names of any grantors or grantees. Any reports made available to the public must be made in a manner that will not reveal the names of any grantors or grantees.
7. Any person who shall, in the statements provided for in subsection 1, willfully falsify the consideration paid for the transferred real property or interest therein or who falsely certifies that he has filed a report of full consideration with the state board of equalization shall be guilty of a class B misdemeanor.

SECTION 5. AMENDMENT.) Section 57-02-27 of the 1977 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-02-27. PROPERTY TO BE ASSESSED VALUED AT FULL VALUE - LIMITATION ON ASSESSMENT OF ANNEXED AGRICULTURAL LANDS.) All property subject to taxation based on the value thereof shall be assessed valued at its true and full value ~~in money~~ as defined in subsection 4 of section 57-02-01. In determining the true and full value of real and personal property, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall he adopt as a criterion of value the price at which said property would sell at auction, or at forced sale, or in the aggregate with all the property in the town or district, but he shall value each article or description by itself, and at such sum or price as he believes the same to be fairly worth in money. In ~~assessing~~ valuing any tract, or lot of real property, there shall be determined the value of the land, exclusive of improvements, and the value of all taxable improvements and structures thereon, and the aggregate value of the property, including all taxable structures and other improvements, excluding the value of crops growing upon cultivated lands. In valuing any real property upon which there is a coal or other mine, or stone or other quarry, the same shall be valued at such a price as such property, including the mine or quarry, would sell for at a fair voluntary sale for cash. Agricultural lands within the corporate limits of a city, whether or not platted, shall constitute agricultural property and be so classified and valued for ad valorem property tax purposes until such lands are put to another use. Such valuation shall be uniform with the ~~assessed value~~ valuation of adjoining unannexed agricultural land.

SECTION 6. AMENDMENT.) Section 57-02-28 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-02-28. BASIS FOR COMPUTATION OF TAX.) The value of all property subject to a general property tax, not exempted by law nor subject to any gross sales or other lieu tax, to be used in the computation of the tax levied for the payment of any bonded or improvement warrant indebtedness shall be the ~~full-and-true~~ assessed value thereof, but the net value of such property to be used in the computation of all other taxes levied thereon shall be fifty percent of the ~~true-and-full~~ assessed value thereof. ~~Assessors and boards of review shall assess-and-return-all-taxable-property-at-its-full-and-true-value,-and-the-county-auditor,-after-equalization of~~

the property. For purposes of this section, "assessed value" means the value established by the state board of equalization, shall make the computation necessary to ascertain said fifty percent value pursuant to section 7 of this Act.

SECTION 7.) A new subsection to section 57-13-04 of the North Dakota Century Code is hereby created and enacted to read as follows:

Establish the assessed value to be used on each of the classes of taxable property, based upon the de facto classes developed prior to the effective date of this Act, by city and township assessors, county directors of tax equalization, and the board based upon the actual average assessment levels, stated as percentages, for each class of property for the previous year. The assessed values so established shall be based upon the returns of assessments of taxable property provided by the counties plus information compiled by the board for property assessed by the board pursuant to section 179 of the Constitution of North Dakota. The percentages so determined shall be certified to county directors of tax equalization on or before October thirty-first of each year. The board may make adjustments in the percentage of assessed valuation to be applied to any class of property, or to specific types of property within a class of property, if required to do so pursuant to a federal law. If the board finds the range of differences between the percentages established pursuant to this subsection increasing as compared to the relationships between the percentages on the various classes of property which existed on the effective date of this Act, the board shall report such fact to the subsequent legislative assembly accompanied by any appropriate proposed legislation to bring the relationships to within the range of the relative levels which existed on the effective date of this Act.

SECTION 8. AMENDMENT.) Subsection 1 of section 57-13-04 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

1. Equalize the assessment of land real property by adding to the aggregate value thereof in any assessment district in a county and in every county in the state in which the board may believe the valuation too low, such rate percent as will raise the same to its proper relative value, and by deducting from the aggregate assessed value thereof, in any assessment district in a county and in every county in the state in which the board may believe the value too high, such percent as will reduce the same to its proper relative value. City lots shall be equalized in the manner provided for equalizing other lands real property. In performing its duties pursuant to this subsection, the board shall take into consideration the provisions of section 57-01-06.1;

SECTION 9. AMENDMENT.) Section 57-55-04 of the 1977 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-55-04. TAXES - HOW DETERMINED - DISBURSEMENT.) The tax for each mobile home shall be determined by the

director of tax equalization by placing an evaluation on such mobile home based upon its true and full value and applying the same assessed valuation as established by the state board of equalization for other property in the same classification based on use, pursuant to standards and guides as determined by the state tax commissioner and applying such evaluation to the preceding year's total mill levies applying to property within the taxing district wherein the mobile home is located. If a mobile home is acquired or moved into this state during the calendar year, and a tax decal has not been previously issued on such mobile home in this state for such year, the tax shall be determined by computing the remaining number of months of the current year to the nearest full month and multiplying such number by one-twelfth of the amount which would be due for the full year. The taxes collected pursuant to the provisions of this chapter shall be disbursed in the same year they are collected and in the same manner as real estate taxes for the preceding year are disbursed.

SECTION 10. EFFECTIVE DATE.) The provisions of this Act shall be effective on and after January 1, 1980."

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1. DECLARATION OF LEGISLATIVE INTENT.) It is hereby declared that it is the intent of the legislative assembly, as follows: It is the policy of the state of North Dakota to treat persons having tuberculosis in a communicable and contagious stage as dangerous to the health and welfare of the citizens of the state. It is also the policy of the state to declare that all cases of tuberculosis in a communicable or contagious stage should be treated in a licensed hospital, or at home if such home treatment is approved by the state health officer under the guidelines of the state health council. To this end, it is declared that isolation provisions to achieve treatment of such communicable or contagious tuberculous persons should be accomplished to the fullest extent regardless of such person's ability to pay. It is further declared that such persons with communicable or contagious tuberculosis shall be given full opportunity to enter treatment voluntarily and to seek treatment from physicians and hospitals of their own choice at their own expense. In order to prevent effectively the spread of this disease it is necessary that the state:

1. Further the discovery, care, supervision and treatment of persons having tuberculosis in a communicable or contagious stage.
2. Encourage the use of all available public and private facilities to that end.
3. Regard this tuberculosis program as one of public health and one to be dealt with according to public health requirements rather than those of indigency.

SECTION 2. CARE AND TREATMENT OF TUBERCULOSIS PATIENTS OR SUSPECTS PROVIDED WITHOUT CHARGE BY STATE.) Care and treatment provided by the state of North Dakota for persons suffering from tuberculosis, including diagnosis, tests, studies, and analyses for the discovery of tuberculosis shall be available without cost or charge to anyone who is suffering from tuberculosis or is suspected of having tuberculosis. Any such person who volunteers to assume and pay for the cost of such care and treatment or for the cost of such diagnosis, test, studies or analyses shall be permitted to do so; but no state, county or other public official shall request or require such payment or make or cause to be made any inquiry or investigation for the purpose of determining the ability of such person or of his legally responsible relatives to pay therefor. This section shall in no way bar freedom of the individual to seek treatment from a physician or in an institution of his choice at his own expense.

SECTION 3. STATE HAS PRIOR CLAIM ON PATIENT BENEFITS.) Notwithstanding any provision contained in this Act, the state of North Dakota shall have prior claim on benefits for the care and treatment of tuberculosis, including diagnosis, tests, studies, and analyses, accruing to patients for whom care and treatment is provided by the state of North Dakota under entitlement by the federal government, medical or hospital insurance contracts, workmen's compensation or the medical care and disability provisions of programs under the supervision of the social service board of North Dakota.

SECTION 4. STATE HEALTH OFFICER - DESIGNEE - RESPONSIBILITY.) The state health officer or his designee, under the guidelines of the state health council, is responsible for the inpatient and outpatient care of persons afflicted or suspected of being afflicted with tuberculosis in a contagious state. If the state health officer determines that suspected or actual tuberculous patients may be adequately cared for on an inpatient basis by contract basis with general hospitals, authority for contracting with such hospitals is granted to the state health officer. In addition, the state health officer is authorized to establish and maintain the necessary outpatient clinics for diagnostic workup and evaluation on all suspected or actual tuberculous patients in the state. The state health officer shall pay the contract fee to general hospitals and provide funds to the outpatient evaluation clinics from funds to be appropriated for this purpose by the legislative assembly. The state's claim on patient benefits as provided in section 3 shall apply insofar as applicable to tuberculous patients in general hospitals and for services rendered in outpatient clinics. The state health officer or his designee, under the guidelines of the state health council, shall have the power to:

1. Do any act necessary and proper in the performance of the functions imposed upon the state health officer by the provisions of this chapter.
2. Issue temporary orders and compel obedience thereto.
3. Administer oaths.

SECTION 5. REPORTS - TEMPORARY ORDERS FOR THE CUSTODY OF PERSONS.) Upon a report to or the receipt of information by the state health officer or any physician in the state that any person is afflicted with

tuberculosis and as a source of infection endangers other persons, a report shall be made to the state health officer. Upon the receipt of such information by the state health officer, an investigation shall be made and if the state health officer is convinced that an active case of infectious tuberculosis in an communicable and contagious stage which endangers other persons exists, the state health officer shall request such person to voluntarily seek appropriate care and treatment. If the person refuses to accept voluntary care and treatment, the state health officer, under the guidelines of the state health council, is authorized to issue a temporary order for care and treatment as is determined by the state health officer. If the state health officer's temporary order is ignored, the state health officer may issue an order directing the sheriff or any constable of the county where the alleged tubercular person resides to compel the attendance of the alleged tubercular person and may provide for suitable housing and care of the person until a hearing is held pursuant to section 8 of this Act.

Prior to issuing a temporary order pursuant to this section, the state health officer or his designee, under the guidelines of the state health council, shall hear all relevant testimony for or against the temporary order and the examination and hearing on the order shall be in the presence of the alleged tubercular person. The alleged tubercular person and any relative may resist the order and the parties may be represented by counsel.

SECTION 6. PHYSICIAN'S EXAMINATION - FINDINGS - ORDER.) The state health officer, under the guidelines of the state health council, may appoint a practicing physician to make a personal examination of the alleged tubercular person and to make such thorough investigation of his condition as will enable the state health officer to determine whether or not such person has active, infectious tuberculosis in a communicable and contagious stage and is dangerous to the public health. As soon as practical after the return of the physician's statement to the state health officer, the state health officer shall conclude his investigation and make his determination. If the state health officer finds that the alleged tubercular person does not have active, infectious tuberculosis and is not dangerous to public health he shall make an order dismissing the case. If the state health officer, under the guidelines of the state health council, finds that the person does have active, infectious tuberculosis and is dangerous to public health he shall issue his temporary order which shall:

1. State his findings that such person does have active, infectious tuberculosis and is dangerous to public health; and
2. Authorize the medical facility specified in the temporary order to receive and keep such person in its facility for necessary and appropriate care, treatment, quarantine, and isolation until a hearing is held pursuant to section 8 of this Act.

SECTION 7. SHERIFF'S EXECUTION OF STATE HEALTH OFFICER'S TEMPORARY ORDER.) The temporary order of the state health officer, in duplicate, together with the findings of the physician and the findings of the state health officer shall be delivered to the sheriff who shall execute the same by conveying the person named therein to the medical facility specified in the order and delivering him together with the findings of the

## JOURNAL OF THE HOUSE

physician and the state health officer's findings and the duplicate of the order to the person in charge of such medical facility. The person in charge, over his official signature, shall acknowledge the delivery on the original order and the sheriff shall return the order to the state health officer. Return to the state health officer may be by certified mail. The sheriff shall be allowed reasonable travel expenses, paid by the county, in the same manner and at the same rate as the expenses of other county officials are paid.

SECTION 8. HEARING - ORDER.) Unless waived by the alleged tubercular person, a hearing shall be held by a law-trained county justice or a judge of a county court of increased jurisdiction of the county in which the alleged tubercular person resides within one hundred twenty hours, exclusive of weekends and holidays, after the date of the state health officer's temporary order. The court may consider all relevant evidence, including the results of a physical examination made pursuant to section 6 of this Act, and the state health officer and the alleged tubercular person shall be afforded an opportunity to testify, to present and cross-examine witnesses, and to be represented by counsel. Upon the request of the state health officer, the state's attorney of the county wherein the hearing is held shall represent the state health officer without additional compensation.

If, upon completion of the hearing, the court finds that the allegation that the person has active, infectious tuberculosis in a communicable and contagious stage has not been sustained by clear and convincing evidence, the court shall dismiss the case and order that the alleged tubercular be discharged if he had been in custody prior to the hearing. If the court finds that the allegation has been sustained by clear and convincing evidence, the court shall issue an order which shall:

1. State its findings that the person does have active, infectious tuberculosis in a communicable and contagious stage and is dangerous to public health; and
2. Authorize the medical facility specified in the order to receive and keep such person in its facility for necessary and appropriate care, treatment, quarantine, and isolation for so long as the disease remains in a communicable and contagious stage and the danger to public health exists.

SECTION 9. APPEAL TO DISTRICT COURT - HABEAS CORPUS - HEARING.) An appeal from an order of the county justice or judge of a county court with increased jurisdiction authorizing a specified medical facility to receive a person for care, treatment, quarantine and isolation may be taken to the district court of the county. In such a proceeding, the state's attorney of the county wherein the appeal is taken, without additional compensation, shall represent the state health officer. The clerk of court of the county in which the appeal is taken shall notify the state's attorney of the filing of such appeal. The hearing shall be limited to a review of the procedures, findings, and conclusions of the lower court. All persons placed in the custody of the state health officer under the provisions of this chapter for care, treatment, quarantine and isolation shall be entitled to the benefit of the writ of habeas corpus and a determination as to whether a person in such custody has active, infectious tuberculosis in a communicable and contagious stage and is dangerous to public health shall be made at the hearing. If the court

shall decide that the person does have active, infectious tuberculosis and is dangerous to public health, such decision shall not preclude a subsequent application for a writ or the issuing of a writ upon a subsequent application, if it shall be alleged that such person shall have been restored to health.

SECTION 10. DISCHARGE - RELEASE.) All orders of the state health officer or of a county justice or judge of a county court with increased jurisdiction authorizing the reception and retention in custody for care, treatment, quarantine and isolation of persons having active and infectious tuberculosis endangering public health shall be effective only during the continuation of such condition and any person who is cured or who no longer has tuberculosis in a communicable and contagious stage shall be discharged immediately from custody. Such discharge shall be made by the state health officer or his designee, under the guidelines of the state health council. The person in charge of a medical facility may also release any person admitted to the medical facility under the provisions of this chapter at such times and under such conditions as deemed advisable after consultation with the state health officer or his designee.

SECTION 11. LIABILITY OF OFFICERS.) The order of the state health officer authorizing the admission of any person to the custody of a medical facility and the reception and detention of such person at such medical facility as a patient, accompanied by the state health officer's findings as provided in this chapter shall protect the state health officer or his designee and the other personnel of the medical facility from all liability, civil or criminal, on account of the reception and detention of such person therein, if such detention is in accordance with the laws of the state of North Dakota.

SECTION 12. EXCEPTION - QUARANTINE.) Any person who shall observe quarantine regulations as established by the state health officer, under the guidelines of the state health council, shall not be subject to confinement under the provisions of this chapter.

SECTION 13. TUBERCULAR INDIAN JURISDICTION.) Nothing in this chapter shall require the admission of an enrolled Indian, resident on any reservation in this state, to any off-reservation institution except upon written request and authorization of the superintendent of the reservation on which said Indian is enrolled. However, in the public interest and with the objective of eradication of tuberculosis in the state of North Dakota, an Indian with active infectious tuberculosis off any reservation shall be subject to this chapter. It shall be the responsibility of the Indian Affairs Commission pursuant to the commission's powers and duties, stated in section 54-36-03, to work closely with the tribal councils and other reservation officials to adopt any agreements found necessary in assisting the state health officer in carrying out his responsibilities under this chapter so that all residents of this state will benefit, and eradication of tuberculosis in North Dakota can be achieved.

SECTION 14. CARE OF TUBERCULAR PATIENTS - ACCEPTANCE OF FEDERAL FUNDS - GENERAL HOSPITAL.) The state health officer, or his designee, under the guidelines of the state health council, is hereby authorized to contract with public or private agencies for the care of tubercular patients. The state health officer is hereby authorized to accept any federal funds or to enter into any federal programs on behalf of tubercular patients in North Dakota. The state health

officer may, under the guidelines of the state health council, also utilize general hospitals in the placement of recalcitrant tuberculous patients.

The director may authorize the printing of copies of the separate report of such institution not exceeding one thousand in number. The Honorable Wayne G. Sanstead

President of the Senate

Dear Mr. President:

Senate Bill 2092 allows creditors to collect a late payment service charge in the amount of 1½% per month (18% per year) on overdue accounts. This is not legal under present law. Current law only permits creditors to collect interest or service charges if they are agreed to in a written contract by the debtor.

At the outset, it should be made clear that this legislation will have no effect on retail sales installment contracts. Whenever a consumer purchases goods or services on an installment basis, he or she must sign a contract for the interest and service charges that are added to the price of the goods or services. This would remain the case under Senate Bill 2092.

Senate Bill No. 2092 would affect debts for goods or services where the consumer has not agreed to pay for interest or service charges. Generally, these debts are for necessities and are involuntarily rather than voluntarily incurred. The most common types of debts that this bill applies to are medical, hospital, and fuel bills.

This bill permits creditors to charge interest at the rate of 18% per year by calling it a "service charge" or "late payment" charge. I submit there is no relationship between the creditor's actual cost of carrying an overdue account and the 18% carrying charge contained in this bill. For example, a hospital bill of \$5,000 is not at all unusual today. If a person fell behind in making payments on a hospital bill, the creditor could, from the thirty-first day after the obligation became due, begin charging monthly "service charges" of \$75 (\$900 in a year). Many families would be hard-pressed to pay that service charge alone and would be literally unable to reduce the principal of the debt. This legislation would have the undesirable result of forcing many families who are struggling to pay large medical bills into bankruptcy.

It is apparent that the people who will be hardest hit by this legislation are those who can ill-afford the cost of additional interest on their involuntary debts. It is those who are on fixed or low incomes who are least able to afford the kind of medical insurance that would protect them from large medical and hospital bills.

Because I cannot support legislation that treads most heavily on those with limited resources, I veto Senate Bill 2092.

Sincerely yours,  
ARTHUR A. LINK  
Governor

board of equalization, and the taxation of mobile homes; providing a penalty; and providing an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1. STATEMENT OF LEGISLATIVE FINDINGS - LEGISLATIVE INTENT.) Although the laws of this state require the assessment of all taxable property at its true and full value, it is the finding of the legislative assembly that actual assessments are much less than true and full value. It is the intent of the legislative assembly that the state board of equalization shall, from the effective date of this Act, establish equity of taxation within the guidelines established by this Act.

SECTION 2. PROPERTY TO BE VALUED AT TRUE AND FULL VALUE.) Beginning with the year 1980, all assessors and boards of equalization shall place the value of all items of taxable property at the true and full value of the property and the assessed valuation on such property for the year 1980 and each year thereafter shall be determined pursuant to section 7 of this Act. For the purposes of this Act, the term "true and full value" shall have the same meaning as provided in subsection 4 of section 57-02-01.

SECTION 3. LIMITATIONS ON INCREASES OR FORCED REDUCTIONS IN PROPERTY TAXES LEVIED BY TAXING DISTRICTS FOR YEARS 1980 and 1981 - EXCEPTIONS.)

1. Each taxing district may levy in 1980 and 1981 at least as much in dollars as the amount which was levied by that taxing district for the year 1979 plus an amount equal to five percent of that amount compounded for each year after 1979, adjusted as follows:
  - a. Less an amount equal to the sum determined by the application of the mill levies for that taxing district to the final assessed valuation of any land or taxable improvements to real property which is removed from the assessment rolls of that taxing district after the year 1979 but was included in the assessment for the year 1979.
  - b. Plus an amount equal to the sum determined by the application of any mill levies authorized by law but not levied by the governing body of the taxing district for 1979 and any mill levies specifically authorized by the electors of that taxing district but not levied for 1979 to the final assessed valuation of the taxable property in that taxing district.
2. No taxing district shall be permitted to levy in 1980 and 1981 taxes expressed in dollars in excess of the amount which was levied by that taxing district for the year 1979 plus an amount equal to five percent of that amount compounded for each year after 1979, adjusted as follows:
  - a. Plus an amount equal to the sum determined by the application of the mill levies for that taxing district to the final assessed valuation of any land and taxable improvements to real property which was not taxable in 1979 or was omitted from the

- assessment rolls for that year but which is included in the assessment for the years 1980 or 1981.
- b. Plus an amount equal to the sum determined by the application of any mill levies authorized by law but not levied by the governing body of the taxing district for 1979 and any mill levies specifically authorized by the electors of that taxing district but not levied for 1979 to the final assessed valuation of the taxable property in that taxing district.
3. The limitation on the amount which may be levied by a taxing district pursuant to subsection 2 may be increased to reflect increased mill levies authorized by the forty-sixth legislative assembly or if the electors of the taxing district authorize additional levies after the effective date of this Act at either a special or regular election as provided by law.
4. The limitation on the amount which may be levied by a taxing district pursuant to subsection 2 shall not apply to the Fargo school district or to any school district in which the electors have approved unlimited mill levies as provided by law.
5. The provisions of this section shall supersede any applicable mill levy limitations otherwise provided by law for the period provided in subsections 1 and 2, but the provisions of this section shall not apply to any of the following:
- a. Any irrepealable tax to pay bonded indebtedness levied pursuant to section 184 of the Constitution of North Dakota.
- b. The twenty-one mill levy for schools provided in section 57-15-24.
- c. The one-mill levy for the state medical center authorized by article 60 of the amendments to the Constitution of North Dakota.
6. The provisions of this section shall not apply to any city which has adopted a home rule charter unless the provisions of the charter specifically provide that state laws related to property tax levy limitations shall apply.

SECTION 4. STATEMENTS OF FULL CONSIDERATION TO BE FILED WITH STATE BOARD OF EQUALIZATION OR REGISTER OF DEEDS - PROCEDURE - SECRECY OF INFORMATION - PENALTY.)

1. Any grantee or his authorized agent who presents a deed in the office of the county register of deeds shall certify on the face of the deed any one of the following:

  5. For purposes of this section, the word "deed" means an instrument or writing whereby any real property or interest therein shall be granted, conveyed, or otherwise transferred to the grantee, purchaser, or other person, except any instrument or writing which transfers any ownership in minerals or interests in minerals underlying land if that ownership has been severed from the ownership of the overlying land surface or any instrument or writing for the easement, lease, or rental of real property or any interest therein.
  6. The state board of equalization shall guard the secrecy of information contained on statements filed with the board pursuant to subsection 1, and any information provided local officials shall be limited to such data as is necessary to perform their official duties and shall not include the names of any grantors or grantees. Any reports made available to the public must be made in a manner that will not reveal the names of any grantors or grantees. The register of deeds shall guard the secrecy of information contained on statements filed in his office pursuant to subdivision b of subsection 1.
  7. Any person who shall, in the statements provided for in subsection 1, willfully falsify the consideration paid for the transferred real property or interest therein or who falsely certifies that he has filed a report of full consideration with the state board of equalization shall be guilty of a class B misdemeanor.

SECTION 5. AMENDMENT.) Section 57-02-27 of the 1977 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-02-27. PROPERTY TO BE ~~ASSESSED~~ VALUED AT FULL VALUE - LIMITATION ON ASSESSMENT OF ANNEXED AGRICULTURAL LANDS.) All property subject to taxation based on the value thereof shall be ~~assessed~~ valued at its true and full value ~~in money as defined in subsection 4 of section 57-02-01.~~ in determining the true and full value of real and personal property, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall he adopt as a criterion of value the price at which said property would sell at auction, or at forced sale, or in the aggregate

with all the property in the town or district, but he shall value each article or description by itself, and at such sum or price as he believes the same to be fairly worth in money. In ~~assessing~~ valuing any tract, or lot of real property, there shall be determined the value of the land, exclusive of improvements, and the value of all taxable improvements and structures thereon, and the aggregate value of the property, including all taxable structures and other improvements, excluding the value of crops growing upon cultivated lands. In valuing any real property upon which there is a coal or other mine, or stone or other quarry, the same shall be valued at such a price as such property, including the mine or quarry, would sell for at a fair voluntary sale for cash.

Agricultural lands within the corporate limits of a city, whether or not platted, shall constitute agricultural property and be so classified and valued for ad valorem property tax purposes until such lands are put to another use. Such valuation shall be uniform with the assessed value valuation of adjoining unannexed agricultural land.

SECTION 6. AMENDMENT.) Section 57-02-28 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-02-28. BASIS FOR COMPUTATION OF TAX.) The value of all property subject to a general property tax, not exempted by law nor subject to any gross sales or other lieu tax, to be used in the computation of the tax levied for the payment of any bonded or improvement warrant indebtedness shall be the full and true assessed value thereof, but the net value of such property to be used in the computation of all other taxes levied thereon shall be fifty percent of the ~~true and full assessed value thereof.~~ Assessors and boards of review shall assess and return all taxable property at its full and true value, and the county auditor, after equalization of the property. For purposes of this section, "assessed value" means the value established by the state board of equalization, shall make the computation necessary to ascertain said fifty percent value pursuant to section 7 of this Act.

SECTION 7.) A new subsection to section 57-13-04 of the North Dakota Century Code is hereby created and enacted to read as follows:

Establish the assessed value to be used on each of the classes of taxable property, based upon the de facto classes developed prior to the effective date of this Act, by city and township assessors, county directors of tax equalization, and the board based upon the actual average assessment levels, stated as percentages, for each class of property for the previous year. The assessed values so established shall be based upon the returns of assessments of taxable property provided by the counties plus information compiled by the board for property assessed by the board pursuant to section 179 of the Constitution of North Dakota. The percentages so determined shall be certified to county directors of tax equalization on or before October thirty-first of each year. The board may make adjustments in the percentage of assessed valuation to be applied to any class of property, or to specific types of property within a class of property, if required to do so pursuant to a federal law. If the board finds the range of differences between the percentages established pursuant to this subsection increasing as compared to the relationships between the

percentages on the various classes of property which existed on the effective date of this Act, the board shall report such fact to the subsequent legislative assembly accompanied by any appropriate proposed legislation to bring the relationships to within the range of the relative levels which existed on the effective date of this Act.

SECTION 8. AMENDMENT.) Subsection 1 of section 57-13-04 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

1. Equalize the assessment of land real property by adding to the aggregate value thereof in any assessment district in a county and in every county in the state in which the board may believe the valuation too low, such rate percent as will raise the same to its proper relative value, and by deducting from the aggregate assessed value thereof, in any assessment district in a county and in every county in the state in which the board may believe the value too high, such percent as will reduce the same to its proper relative value. City lots shall be equalized in the manner provided for equalizing other lands real property. In performing its duties pursuant to this subsection, the board shall take into consideration the provisions of section 57-01-06.1;

SECTION 9. AMENDMENT.) Section 57-55-04 of the 1977 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-55-04. TAXES - HOW DETERMINED - DISBURSEMENT.) The tax for each mobile home shall be determined by the director of tax equalization by placing an evaluation on such mobile home based upon its true and full value and applying the same assessed valuation as established by the state board of equalization for other property in the same classification based on use, pursuant to standards and guides as determined by the state tax commissioner and applying such evaluation to the preceding year's total mill levies applying to property within the taxing district wherein the mobile home is located. If a mobile home is acquired or moved into this state during the calendar year, and a tax decal has not been previously issued on such mobile home in this state for such year, the tax shall be determined by computing the remaining number of months of the current year to the nearest full month and multiplying such number by one-twelfth of the amount which would be due for the full year. The taxes collected pursuant to the provisions of this chapter shall be disbursed in the same year they are collected and in the same manner as real estate taxes for the preceding year are disbursed.

SECTION 10. EFFECTIVE DATE.) The provisions of this Act shall be effective on and after January 1, 1980."

That the Senate recede from its amendments and that House Bill No. 1550 be amended as follows:

That the Senate recede from its amendments and that House Bill No. 1550 be amended as follows:

On page 1, line 1, delete everything after the words "A BILL" and delete the remainder of the bill and insert in lieu thereof the following: "for an Act relating to the taxation of property and providing legislative intent concerning property taxation, limitations on increases or forced reductions in property taxes levied by taxing districts for certain years, and statements of full consideration; to create and enact a new subsection to section 57-13-04 of the North Dakota Century Code, relating to the powers and duties of the state board of equalization; to amend and reenact sections 57-02-27 and 57-02-28, subsection 1 of section 57-13-04, and section 57-55-04 of the North Dakota Century Code, relating to the assessment of property, the basis for the computation of property taxes, the powers and duties of the state board of equalization, and the taxation of mobile homes; providing a penalty; and providing an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE  
STATE OF NORTH DAKOTA:

SECTION 1. STATEMENT OF LEGISLATIVE FINDINGS - LEGISLATIVE INTENT.) Although the laws of this state require the assessment of all taxable property at its true and full value, it is the finding of the legislative assembly that actual assessments are much less than true and full value. It is the intent of the legislative assembly that the state board of equalization shall, from the effective date of this Act, establish equity of taxation within the guidelines established by this Act.

SECTION 2. PROPERTY TO BE VALUED AT TRUE AND FULL VALUE.) Beginning with the year 1980, all assessors and boards of equalization shall place the value of all items of taxable property at the true and full value of the property and the assessed valuation on such property for the year 1980 and each year thereafter shall be determined pursuant to section 7 of this Act. For the purposes of this Act, the term "true and full value"

shall have the same meaning as provided in subsection 4 of section 57-02-01.

SECTION 3. LIMITATIONS ON INCREASES OR FORCED REDUCTIONS IN PROPERTY TAXES LEVIED BY TAXING DISTRICTS FOR YEARS 1980 and 1981 - EXCEPTIONS.)

1. Each taxing district may levy in 1980 and 1981 at least as much in dollars as the amount which was levied by that taxing district for the year 1979 plus an amount equal to five percent of that amount compounded for each year after 1979, adjusted as follows:
  - a. Less an amount equal to the sum determined by the application of the mill levies for that taxing district to the final assessed valuation of any land or taxable improvements to real property which is removed from the assessment rolls of that taxing district after the year 1979 but was included in the assessment for the year 1979.
  - b. Plus an amount equal to the sum determined by the application of any mill levies authorized by law but not levied by the governing body of the taxing district for 1979 and any mill levies specifically authorized by the electors of that taxing district but not levied for 1979 to the final assessed valuation of the taxable property in that taxing district.
2. No taxing district shall be permitted to levy in 1980 and 1981 taxes expressed in dollars in excess of the amount which was levied by that taxing district for the year 1979 plus an amount equal to five percent of that amount compounded for each year after 1979, adjusted as follows:
  - a. Plus an amount equal to the sum determined by the application of the mill levies for that taxing district to the final assessed valuation of any land and taxable improvements to real property which was not taxable in 1979 or was omitted from the assessment rolls for that year but which is included in the assessment for the years 1980 or 1981.
  - b. Plus an amount equal to the sum determined by the application of any mill levies authorized by law but not levied by the

governing body of the taxing district for 1979 and any mill levies specifically authorized by the electors of that taxing district but not levied for 1979 to the final assessed valuation of the taxable property in that taxing district.

3. The limitation on the amount which may be levied by a taxing district pursuant to subsection 2 may be increased to reflect increased mill levies authorized by the forty-sixth legislative assembly or if the electors of the taxing district authorize additional levies after the effective date of this Act at either a special or regular election as provided by law.
4. The limitation on the amount which may be levied by a taxing district pursuant to subsection 2 shall not apply to the Fargo school district or to any school district in which the electors have approved unlimited mill levies as provided by law.
5. The provisions of this section shall supersede any applicable mill levy limitations otherwise provided by law for the period provided in subsections 1 and 2, but the provisions of this section shall not apply to any of the following:
  - a. Any irrevocable tax to pay bonded indebtedness levied pursuant to section 184 of the Constitution of North Dakota.
  - b. The twenty-one mill levy for schools provided in section 57-15-24.
  - c. The one-mill levy for the state medical center authorized by article 60 of the amendments to the Constitution of North Dakota.
6. The provisions of this section shall not apply to any city which has adopted a home rule charter unless the provisions of the charter specifically provide that state laws related to property tax levy limitations shall apply.

SECTION 4. STATEMENTS OF FULL CONSIDERATION TO BE FILED WITH STATE BOARD OF EQUALIZATION OR REGISTER OF DEEDS - PROCEDURE - SECRECY OF INFORMATION - PENALTY.)

1. Any grantee or his authorized agent who presents a deed in the office of the county register of deeds shall certify on the face of the deed any one of the following:

In determining the true and full value of real and personal property, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall he adopt as a criterion of value the price at which said property would sell at auction, or at forced sale, or in the aggregate with all the property in the town or district, but he shall value each article or description by itself, and at such sum or price as he believes the same to be fairly worth in money. In ~~assessing~~ valuing any tract, or lot of real property, there shall be determined the value of the land, exclusive of improvements, and the value of all taxable improvements and structures thereon, and the aggregate value of the property, including all taxable structures and other improvements, excluding the value of crops growing upon cultivated lands. Agricultural lands within the corporate limits of a city, whether or not platted, shall constitute agricultural property and be so classified and valued for ad valorem property tax purposes until such lands are put to another use. Such valuation shall be uniform with the ~~assessed value~~ valuation of adjoining unannexed agricultural land.

SECTION 6. AMENDMENT.) Section 57-02-28 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-02-28. BASIS FOR COMPUTATION OF TAX.) The value of all property subject to a general property tax, not exempted by law nor subject to any gross sales or other lieu tax, to be used in the computation of the tax levied for the payment of any bonded or improvement warrant indebtedness shall be the ~~full and true~~ assessed value thereof, but the net value of such property to be used in the computation of all other taxes levied thereon shall be fifty percent of the ~~true and full~~ assessed value thereof. ~~Assessors and boards of review shall assess and return all taxable property at its full and true value, and the county auditor, after equalization of the property. For purposes of this section, "assessed~~

value" means the value established by the state board of equalization ~~shall make the computation necessary to ascertain said fifty-percent value~~ pursuant to section 7 of this Act.

SECTION 7.) A new subsection to section 57-13-04 of the North Dakota Century Code is hereby created and enacted to read as follows:

Establish the assessed value to be used on each of the classes of taxable property, based upon the de facto classes developed prior to the effective date of this Act, by city and township assessors, county directors of tax equalization, and the board based upon the actual average assessment levels, stated as percentages, for each class of property for the previous year. The assessed values so established shall be based upon the returns of assessments of taxable property provided by the counties plus information compiled by the board for property assessed by the board pursuant to section 179 of the Constitution of North Dakota. The percentages so determined shall be certified to county directors of tax equalization on or before October thirty-first of each year. The board may make adjustments in the percentage of assessed valuation to be applied to any class of property, or to specific types of property within a class of property, if required to do so pursuant to a federal law. If the board finds the range of differences between the percentages established pursuant to this subsection increasing as compared to the relationships between the percentages on the various classes of property which existed on the effective date of this Act, the board shall report such fact to the subsequent legislative assembly accompanied by any appropriate proposed legislation to bring the relationships to within the range of the relative levels which existed on the effective date of this Act.

SECTION 8. AMENDMENT.) Subsection 1 of section 57-13-04 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

1. Equalize the assessment of land real property by adding to the aggregate value thereof in any assessment district in a county and in every county in the state in which the board may believe the valuation too low, such rate percent as will raise the same to its proper relative value, and by deducting from the aggregate assessed value thereof, in any assessment district in a county and in every county in the state in which the board may believe the value too high, such percent as will reduce the same to its proper relative value. City lots shall be equalized in the manner provided for equalizing other lands real property. In performing its duties pursuant to this subsection, the board shall take into consideration the provisions of section 57-01-06.1;

SECTION 9. AMENDMENT.) Section 57-55-04 of the 1977 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-55-04. TAXES - HOW DETERMINED - DISBURSEMENT.) The tax for each mobile home shall be determined by the

director of tax equalization by placing an evaluation on such mobile home based upon its true and full value and applying the same assessed valuation as established by the state board of equalization for other property in the same classification based on use, pursuant to standards and guides as determined by the state tax commissioner and applying such evaluation to the preceding year's total mill levies applying to property within the taxing district wherein the mobile home is located. If a mobile home is acquired or moved into this state during the calendar year, and a tax decal has not been previously issued on such mobile home in this state for such year, the tax shall be determined by computing the remaining number of months of the current year to the nearest full month and multiplying such number by one-twelfth of the amount which would be due for the full year. The taxes collected pursuant to the provisions of this chapter shall be disbursed in the same year they are collected and in the same manner as real estate taxes for the preceding year are disbursed.

SECTION 10. EFFECTIVE DATE.) The provisions of this Act shall be effective on and after January 1, 1980."

#### MOTIONS

Rep. Olson moved that the Assembly go into a special order of business, and that Rep. Eagles be appointed to preside, which motion prevailed.

Rep. Olson moved that a committee of two be appointed to escort Rep. Eagles to the rostrum, which motion prevailed.

Speaker Wagner appointed Reps. Kretschmar and Mushik who then escorted Rep. Eagles to the podium to preside.

Rep. Kelly was recognized, and she addressed the Assembly.

Rep. Kelly: "Madam Speaker and Members of the Assembly:

"You might say that Representative Kretschmar is having a good session this year. When last heard of, those simple little bills on games of chance and the gentlemanly pursuit of placing wagers on superior horseflesh, were alive and well. We have yet to hear from the gentleman down the hall.

"I have served with Bill for three sessions — two of them on the Political Subdivisions Committee. I was always amazed at his ability to rewrite a bill in ten minutes or less. Sometimes this wasn't particularly to my advantage.

"On a more serious note, Bill is unfailing in his courtesy to his colleagues. I am sure we have all benefited from his sound judgment and good advice. This gift is just a small token of our affection and esteem."

Rep. Kretschmar: "Madam Speaker, Ladies and Gentlemen:

"Thank you very much, Tish, and thank you members of the House of Representatives. In the four sessions I have been here, I have come to love this body and its members. I even like most of you.

"I think my thoughts may be best summed up by a phrase from Emerson — and I think all of you could strive for that ideal, 'We should laugh often and we should seek the respect of intelligent people. We should appreciate our honest critics, and we should try to find the best in one another and make North Dakota a little better place to live and work in.

"Thank you very much."

Rep. Kermott: "Madam Speaker, Members of the Assembly:

"Rep. Mushik, will you please come to the rostrum.

"Rep. Mushik, I am honored to have been chosen to present you with this small token of our appreciation and thanks for a job well done, as the Democratic Assistant Floor Leader. Corliss, I want you to know that we, the Ladies of the House of Representatives, are especially proud of you, one of us, was chosen again, and has served with distinction, in a position of leadership.

"On behalf of all the members of this Assembly, we thank you."

Rep. Mushik: "Mr. Speaker, Colleagues of the House, Desk Force and Employees:

"It has been said that in the Legislature the air is full of speeches and vice versa, and I suspect that may be true today.

"I was counting up the other day and discovered that I have been a part of the legislative sessions since 1965, when I was secretary to the Speaker — now Governor — Link. He started me on my political career, mostly I suspect because I assisted him with daily brief explanations of bills, and I generally added a small hint about how I thought he should vote. One day he quoted to me from George Bernard Shaw — 'He knows nothing; he thinks he knows everything — that clearly points to a political career.' And then he added from Robert Louis Stevenson, 'Politics is the only profession for which no preparation is thought necessary.'

"That started me thinking about the great game of politics for I obviously had the required qualifications.

"It has been a privilege and a pleasure to serve again as the Assistant Democratic-NPL floor leader. Even though the minority and majority disagree on philosophy, we can come together as friends, and I like to think that we all leave here as friends.

"Thank you very much."

Rep. Meiers: "Madam Speaker, Members of the Assembly:

"It is entirely appropriate that a member of the Minority party in the House be chosen to give recognition to Rep. Strinden. Without us what would he have to do. The 'Troops' and 'Turks' wouldn't have to be kept in line and life for him would be less complicated. I had planned to do some research on Rep. Strinden but decided I knew all I needed to know about him. It is the general consensus of the members that no one in this legislature has more skill in the art of politics than Rep. Strinden.

"Undoubtedly, his years of experience as Director of the University of North Dakota Alumni Association has helped him develop that expertise. We all recognize excellence in any field of endeavor. However, there are those of us who, at times, wish he had chosen another field. The cloak of the Leader of the Majority Party is indeed a heavy one — and the Minority Party would gladly lift that mantle from his shoulders another session.

"Today, however, we recognize Rep. Earl Strinden for his able leadership and for the part he has played in the history of this great state. On behalf of all the members of the 46th Legislative Assembly, I present this gift to you with our thanks and our esteem."

Rep. Strinden: "Madam Speaker, Members of the Assembly:

"Thank you. I have always thought the girls here from the Democratic caucus were more fun. Thank you very much, Rep. Meiers.

"I would like to first thank you, Desk Force. What efficient people they are and without them we would not get the job done. To all of the employees, thank you so very much for your able work. To the members of the Assembly, thank you for the honor you have given me to allow me to serve with you in this 46th Legislative Assembly. It is indeed an honor to be in the people branch of government — the tug and pulls of a free association among those who serve here.

"There is one thing about the North Dakota legislature that is some times overlooked. The news media so often covers the partisanship, but that is really very much left to the sidelines, as 90 percent of the bills that we speak to are handled on a non-partisan basis. I have great respect for the good judgment of this body.

"Thoreau said, 'If a man does not keep pace with his companions, it may be that he marches to a different drummer'.

"To the members of the Assembly, don't ever be afraid to be the only red or the only green vote. Stay independent in your thinking, strong in your convictions.

"Thank you again for allowing me to serve with you."

Rep. Herman, "Madam Speaker, Members of the Assembly:

"Rep. Backes, will you please come to the rostrum.

"Rep. Backes is a farmer and businessman from Glenburn. He organized the American Legion Club in Glenburn, organized the Citizens United to Save the Valley, served on the Glenburn School Board from 1956 to 1961, and was elected to the House of Representatives from 1961 to the present. The last few sessions he has been Democrat Floor Leader. I asked Rep. Backes' secretary for some background information, and she called Mrs. Backes, who said she couldn't give her any more information than she already had because she really hasn't seen Richard much the last eighteen years.

"North Dakota is a marvelous conglomeration of diverse types of people. Rep. Backes has the ability to bring city folk, farmers, and cowboys together with what people have described as being a likeable person who doesn't push, but who has charm and a gentle art of persuasion. He is well liked by all who know him whether or not they agree with his political philosophy.

"Rep. Backes, I am delighted to present this gift of appreciation to you from all the members of this Legislative body. We wish you good health and great happiness."

Rep. Backes: "Madam Speaker:

"First, I would like to ask Rep. Herman to give me her script as a gift.

"Mr. Speaker and Members of the Assembly, it has been my pleasure to serve with you this session as a floor leader of the Democrat party, and as a floor leader in this great House.

"I sincerely mean that I do appreciate this honor. The people at home do not realize that the two political parties can fight it out and still be close friends. Never in the whole time I have been here have I had a bad word from any member — not in this session nor in past sessions. The closest I came was a couple of years ago when Gackle ran off with a bill.

"One can judge the tenor of the sessions, and I judge a session by the number of Alka Seltzers I must take, and this session I haven't taken a single one.

"I want to thank Rep. Strinden for the courtesy he has shown me. I appreciate the courtesy from the Majority Leader, and the courtesy shown me by all of the committee chairmen of the majority, and all the rest of you.

"I want to compliment my Democratic caucus for the courtesy you have shown me.

"I appreciated being your floor leader again.

"Thank you very much."

Rep. Benedict: "Madam Speaker and Members of the Assembly:

"I consider it a great honor to have been asked to present the appreciation gift of the Legislative Assembly to our great and capable Speaker, Vernon Wagner.

“What our Speaker lacks in stature, he makes up for with his humorous wit and his big melodious voice — which reverberates throughout assembly halls as he says, ‘The key will be open, and you may record your vote,’ we do not have to lean over to another colleague and ask ‘What did he say?’”

“Another plus is his medical knowledge — we feel very secure in this body when eyes glare, — tempers flare and blood pressures rise — we know our Speaker not only has the expertise to guide us intelligently but cares for our physical energy as well.

“I wish to present this gift to our Speaker on behalf of each member of this assembly who consider him a good friend who has treated each one of us as individuals and with all fairness.”

Speaker Wagner: “Madam Chairman, Speaker Solberg and Members of the Assembly, and particularly to you Pauline:

“Thank you for those fine words. I have always said flattery will get you everything.

“One of the greatest honors that anyone can receive is the honor that is bestowed on him or her by his peers. The honor you have given me is so great that it is very difficult to express to you my deep appreciation that you have allowed me to be one of forty-six Speakers in the history of our state. I have enjoyed it thoroughly, and I hope that as we leave this session that each one of you will have as great a memory and as pleasant memories of this session as I have.

“When we began this session, I did say I would attempt to be as fair as possible in all respects. If at one time or another I did not treat you as you felt was equal, for that I apologize. If you did feel I treated you fairly, you deserved every bit of it.

“As I was sitting on the floor here a moment ago, I realized how beautiful it is to sit on the floor and look up instead of being up here and looking down. Many times I would like to have taken a hold of the microphone and given you a piece of my mind, as I have been known to do in the past. Again I want to say it was a great privilege.

“It would not have been a successful session for me without the help of Rep. Backes, Rep. Strinden, Rep. Mushik and Rep. Kretschmar. You have done an outstanding job. The committee chairmen worked well. But, ladies and gentlemen, will you just think with me that if you were to organize a corporation meeting in a three day session, and hire ninety some employees some of whom have never been in the chamber before, and have them go to work and process some 1200 pieces of legislation without any great error along the way is proof we have a tremendous group of employees. I think Speaker Solberg would agree with me that no Speaker could serve without the dedicated employees, and although I would like to thank all of you, I particularly want to thank my secretary Dotty, the Desk Force — Roy, Del, Glad and Barbara.

“Thank you again for the great experience — an experience I shall never forget.”

Rep. Olson: “Madam Speaker, Members of the Assembly:

“This caucus will now come to order! There is no fooling around when Rep. LeRoy Hausauer raps the gavel!

“You know, I really don’t know too much about LeRoy and perhaps that is all well and good, but I’ve been watching him closely since being asked to make this presentation to him, to try to come up with some interesting facts. I’ve noticed he makes many trips to our Majority Leader’s office and it worried me because I thought surely his kidneys aren’t that weak, — and surely he doesn’t solicit that much voting guidance, so what can it be? When I gathered my courage and ventured into the office myself, I

discovered the attraction — 3 or 4 dishes of candy and munching foods and Rep. Hausauer eagerly sampling them all.

“Now that the mystery has been solved, Rep. Hausauer may have to stage a more aggressive fight to retain the same seat next session. Anyway, we have appreciated your hard work and dedication to our Republican Caucus and you have our respect and admiration.

“I am very pleased to present this gift to you, LeRoy, from all of us, with love.”

Rep. R. Hausauer: “Madam Chairman, Mr. Speaker and Members of the Assembly:

“This is a great group — a great group to work with. I have really enjoyed working in the caucus and in the Legislative Council. I want to thank all of you for letting me serve you in these varied capacities.

“Thank you.”

Rep. Black: “Madam Chairman, Members of the Assembly:

“It is indeed an honor to recognize the young man who holds the position of House Minority Caucus Chairman. Now, by not being a member of this caucus, I have not had the opportunity to really see him in action in that position, but he certainly does a good job when he ‘heads’ em up and moves ‘em out’ each day at lunch for caucus.

“I especially admire Representative Fleming for his talent as a parliamentarian. He’s an able and dedicated legislator. Even though I do not always agree with Chuck, I respect his ability to get his point across, always in a concise and eloquent manner.

“Rep. Fleming, thank you for a job well done and may God be with you and yours.”

Rep. Fleming: “Madam Speaker:

“It is very difficult to change your train of thought in such a short time. I was in the Gold Room on official business. This is a much more enjoyable occasion.

“I thank you for the gift, and I thank the Democratic minority for the encouragement and help you have given me throughout the session.

“It is a real privilege for citizens of North Dakota to be members of this body, and I think all of you in these closing hours of the session think about this high privilege of serving the people of North Dakota.

“Thank you.”

Rep. Wentz expressed the thanks of the Assembly to Robert Kneifel for his work as Sergeant-at-Arms, and he acknowledged the gift presented to him.

Rep. Houmann presented a gift to Gladys Derrick, and Mrs. Derrick expressed her appreciation to the Assembly.

Rep. Vig presented a gift to Barbara King from the House, and this gift was acknowledged with thanks from the Desk Reporter.

Rep. Bjornson presented a gift to Roy Gilbreath with the thanks of the House of Representatives, and this gift was gratefully acknowledged.

Rep. Reed thanked Del Wawers for his work as Assistant Chief Clerk, who acknowledged the gift presented to him, and he in turn thanked the Assembly for the opportunity of serving here.

Rep. Dietz: “Madam Speaker, Members of the Assembly:

“North Dakota is proud of Brynhild Haugland.

“Representative Haugland has served Minot districts in the legislative assembly since 1938.

“From her vantage point in the House Chambers, she has witnessed North Dakota history. She has been an active participant and partner in creating that history for future generations of North Dakotans. Brynhild is a practical politician, preferring to stay in the background unless an

issue demands her response. That response is based on reason and experience.

“Representative Haugland will ask three questions before making legislative decisions:

1. Will it work in North Dakota?
2. Is it the best solution possible?
3. Will it work in the future?

“Brynhild Haugland has a vast storehouse of knowledge and experience to draw upon in decision making.

“Plutarch said: ‘They are wrong who think that politics is like an ocean voyage or a military campaign, something to be done with some particular end in view, something which leaves off as soon as that end is reached. It is not a public chore, to be got over with. It is a way of life. It is the life of a domesticated political and social creature who is born with a love for public life, with a desire for honor, with a feeling for his fellows, and it lasts as long as need be.

“Politics has been a way of life for this lovely lady for a long time. It has been her life. I’m proud to have been a momentary part of that life and to present her with a token of appreciation.”

Rep. Haugland: “Madam Chairman and Members of the House:

“Thank you for the gift.

“It has been a privilege and joy to have served with you in this Legislative Session.

“I deeply appreciate your kindness, your generosity, and the many courtesies which have been extended to me.

“Thank you.”

Rep. Solberg: “Madam Speaker and Members of the Assembly:

“This gift giving ceremony called our ‘love feast’ indicates one thing — that we will soon adjourn, leave this beautiful chamber and be on our way to our respective homes. The Forty-Sixth Legislative Session will become part of North Dakota history, but it also affords us an opportunity to give recognition to the members of this assembly who have contributed much to the success of this session.

“The man I have been chosen to honor deserves credit, not only for his ability, but for his courage, good humor and patience. It was on a Sunday afternoon, November 12, that I received a phone call from the Dean of the House informing me that at that very moment one of our legislative members was in surgery following a car accident that almost claimed his life. It sometimes takes a near tragedy for us to realize the respect and affection we feel for a fellow legislator and the prayers and good wishes were with you, Jim, as you were in the hospital and on your road to recovery.

“It was good to see Rep. Peterson on hand for the first day of the session and to see the continued improvement that has taken place since that time. I believe the work of presiding as Chairman of a difficult House Appropriations Committee was the best therapy that he could have had and he has done an excellent job. And so, Jim, it is with sincere pleasure and with a great sense of gratitude to the House for giving me this privilege, that I present you with this gift given in recognition of your work this session, but also in gratitude for the progress that we have seen in your recovery. And as this timepiece ticks away the hours and days, I hope you will have many pleasant remembrances of the Forty-Sixth Legislative Assembly.”

Rep. Peterson: “Madam Speaker, Rep. Solberg, Members of the Assembly:

“I really don’t know what to say. It has been a privilege to serve in this

session, and I guess for the sessions past. I really don't know what to say.

"Thank you so much."

Rep. Kelly: "Madam Speaker and Members of the Assembly:

"During the interim, Representative Solberg chaired a Committee on Criminal Justice. One of the areas studied was the controlled substances act. A 'fun bus' of sorts was chartered and the committee set about its task of unearthing information on drug abuse in the state. It was a real eye-opener for Oscar, and no one was more startled than Oscar when it was suggested that marijuana had real potential as a cash crop.

"Oscar is our ranking Democrat, our former Speaker and the most elegant and gentle man in the House. On behalf of the Assembly, I would like to present this gift. We sincerely hope you will be our ranking Democrat again in 1981."

Rep. Solberg: "Madam Speaker:

"Thank you all. I thought I would be on the giving end of this ceremony. I enjoyed my associations with each and every one of you. I want to congratulate the Speaker for a job well done. I know what a difficult job it is, and how tired you have been these last few days.

"We really appreciate your firm and kind treatment to all of us.

"My thanks to all of you."

A round of applause was given to all of the employees in the House of Representatives in the 46th Legislative Assembly.

Rep. Olson moved that the Special Order of Business be dissolved, which motion prevailed.

Rep. Strinden moved that the House stand recessed for fifteen minutes, which motion prevailed.

The House reconvened, pursuant to recess taken, with Speaker Wagner presiding.

EXPLANATION OF VOTE

Rep. Richard: "Mr. Speaker:

“I want to explain my vote.

“I voted ‘No’ to the heavy-handed manner in which this matter was carried on by the Senate. It appears to me that someone once said a society is judged by the manner in which it cares for the individuals who cannot take care of themselves, and I am disappointed about how the Senate appears to be caring for its helpless.”
