THIRTY-SIXTH DAY

Bismarck, February 22, 1979

The Senate convened at 1:00 P.M., with President Sanstead presiding.

The prayer was offered by Rev. Josh Nelson, Pastor, Lutheran Church of the Cross, Bismarck.

Thoughts about God, Wisdom, Responsibility, Justice, Conscience, Reason and Religion.

Let us pray:

Our gracious and kind loving Father. Your Holy Word offers good advice from so many authors. It is not difficult to understand the jist of these proverbs written so long ago. You simply love to see Responsibility to Yourself and to Your creation. Great leaders as well as the general populace have understood this great virtue throughout history.

I want to pray for all of us gathered here today. Especially do I pray for our leaders in North Dakota. You know each of us better than we know ourselves. I pray that we will honor You, make wise decisions that help the peoples; that do not oppress the needy; that benefit our state and nation. Make us truly conscious of our uniqueness as a member of Your creation and therefore, responsible to You for our actions with all peoples.

Help us to do this through daily repentance of our sins and daily renewal of our Recognition of You in Word and Deed.

Amen.

THIRTY-SEVENTH DAY

Bismarck, February 23, 1979

The Senate convened at 12:30 P.M., with President Sanstead presiding.

The prayer was offered by Rev. Don Bentz, Faith Lutheran Church, Bismarck.

Almighty God, You have given us this good land as our heritage. Make us always remember Your generosity and constantly do Your Will. Bless our land with honest industry, truthful education, and an honorable way of life. Save us from violence, discord and confusion; from pride and arrogance. Defend our liberties and give those whom we have entrusted with the authority of government the spirit of wisdom, that there might be justice and peace in our land.

Your Son came among us to serve and not to be served, and to give His life for the world. Lead us by His love to serve all those to whom the world offers no comfort and little hope. Through us give hope to the hopeless, peace to the troubled.

We pray in the name of Christ, our Lord.

Amen.

POINT OF PERSONAL PRIVILEGE

Senator Hoffner: Mr. President, I rise on a point of personal privilege. We have just experienced here where earlier an appropriations bill was passed and dictating to an Education Committee, a committee that specializes in Education, which is a sad state of affairs. The Education Committee should have dictated to the Appropriations Committee.

POINT OF PERSONAL PRIVILEGE

Senator Lips: Mr. President, I rise on a point of personal privilege. Mr. President, I would like to make some remarks in regard to those just made by the Senator from the 12th District. Mr. President it has been normal procedure for a bill to be introduced setting the payments per student payment. Now the Governor didn't say it that way. He submitted 2002 along with the legislative intent of what we were to pay per student in the next two year period. Mr. President, the law had to be amended. And that's the reason for 2439, and I don't think we are trying to pull the wool over anybody's eyes here, you can read the bills. I don't think we made payments on legislative intent, we make the payments to the school districts on the law, and that's the reason for 2439.

EXPLANATION OF VOTE

Senator Smykowski: Mr. President, I rise to explain my vote. It seems like a very logical thing when you have an outdated bill on the books by requesting fees which are totally out of date that we should update it to costs that are practical for the day and what we are doing is breaking from tradition and not setting that cost and allowing another agency, in this case the Public Service Commission, to decide what a reasonable fee is. It is my hope that they would consider it reasonable, but there is nothing that would regulate that and they could set that fee anyway they wanted it, and that is the reason I voted against this bill.

THIRTY-EIGHTH DAY

Bismarck, February 26, 1979

The Senate convened at 1:00 P.M., with President Sanstead presiding. The prayer was offered by Rev. John Giles, Pastor, Immanuel Baptist Church, Minot.

Eternal God, we invoke Your presence and blessing as we exalt Your name in praise for the freedoms of our nation, which makes it possible for these men and women to establish policy and pass laws for the great state of North Dakota.

As they meet, discuss, propose and vote may they be reminded of the words of the psalmist when He said, "The Earth Is The Lord's and Every Thing In It, The World and All Who Live In It."

Therefore may they seek Your Divine guidance, may they "do unto others as they would have them do unto them," and Almighty God may their decisions be for the whole state not for their own personal gain, desire or self glory. In Your Holy Name We Ask This. Amen!

EXPLANATION OF VOTE

Senator Tennefos: Mr. President, members of the assembly, I would like to explain why I had a "red" button. I think it was approximately two years ago and possibly four years ago that we provided an additional \$2.00 fee for snowmobile trail tax, and at that time it was to be put into the fund of the State Treasurer to be used by the State Parks and Recreations Department, and I see no reason for this to have to be a special appropriation through this legislative assembly. I think that the determination by the original section to this law provided that that recreational vehicle is going to be provided that trail by the recreational department. Thank you.

MOTION

Senator Goodman moved that the President appoint a committee of three to act with a like committee from the House as a Conference Committee on House Bill No. 1156, which motion prevailed.

The President appointed as a Conference Committee on House Bill No. 1156:

Senator Wright
 Senator Farrington
 Senator Shablow

POINT OF PERSONAL PRIVILEGE

Senator Strinden: Mr. President, I rise on a point of personal privilege. On February 21, 1979, the Senate voted to send me to Kansas City, Missouri to represent the Senate of the 46th Legislative Assembly at the Economic Affairs Task Force meeting of the Midwestern Conference of the Council of State Governments.

The weather forced cancellation of air travel out of Bismarck so the conference was not attended, no legislative funds were spent and no report will be forthcoming of said conference. I just thought as long as it was a matter of record, that the funding would be spent, we should state the reasons for not having a report forthcoming. Thank you.

POINT OF PERSONAL PRIVILEGE

Senator Tennesos: Mr. President, I rise on a point of personal privilege.

Mr. President, members of the Senate, on Friday we passed out of this Assembly, a piece of legislation House Bill No. 1645, concerning fuel tax refunds. It is going to provide 100 gallons of fuel for all registered snowmobiles to be taken from the highway funds, which would amount to \$8.00 per registered vehicle, which will amount to an estimated \$160,000.00 per year or \$320,000.00 for the biennium. I've taken the opportunity to ask, and it is not an opinion at this point, but I would like to be on record to state that I feel very strongly that this is against Article 56 of the Constitution, where it states very clearly that revenue from gasoline and other motor fuel excise and license taxation, motor vehicle registration and license taxes except revenue from aviation gasoline and unclaimed aviation motor fuel refunds and other aviation motor fuel excise and license taxation used by aircraft and after deduction of costs of administration and collections authorized by the legislative appropriations only, and statutory refunds shall be appropriated and used solely for construction, reconstruction, repair and maintenance of public highways and the payment of obligations incurred in construction, reconstruction, repair and maintenance of public highways.

I think it is very explicit in what the use of these funds should be for and I think that we have gone well above and beyond what the intent of the constitution is for this revenue and I think that at a later date it will be proved as a non-constitutional measure, and I tried to call that to the attention of this Assembly last Friday. I didn't get on my feet at an early date because I think that most of you are aware that my past stems from being in the highway construction business. I no longer am, I don't intend to be in the highway construction industry, but I feel very strongly that the people in North Dakota deserve a good highway system and if we start taking piece by piece dollars from that system, that will provide the finest system that we have in America, from our North Dakota people, I think it is an unjust thing to do and I would hope that this record would show at a later date that this Assembly is acting above and beyond what the intent of the Constitution is. Thank you.

THIRTY-NINTH DAY

Bismarck, February 27, 1979

The Senate convened at 1:00 P.M., with President Sanstead presiding. The prayer was offered by Rev. Joe Agee, Jr. Washington Heights Community Church, Bismarck.

Heavenly Father, we pause to remember You who has always been mindful of His creation. You are the One and only God the Creator of man, whom You made in Your Own Image. Your name is worthy of all our praise and glory. You have lifted up nations and You have brought them low. We recognize You as the All-Powerful One.

Father hear our petition, we need wisdom together with knowledge. As the persons of this senate deliberate this day may their minds be infused by Your will. May the actions of this body be such that will bring about the good for Your glory. It is our prayer that they may find joy and fulfillment in the work you have permitted them to be engaged.

Let the words of our mouth be such that will be pleasing in your sight.

We have come into your presence with boldness because Jesus the Christ opened the door by His death and bodily resurrection. Amen.

The roll was called and all members were present except Senators Christensen, Farrington, Mutch, Rait, Redlin, Roen and Sandness.

A quorum was declared by the President.

MESSAGE FROM THE HOUSE

Mr. President: I have the honor to return House Bill No. 1035, which the Senate has requested.

ROY GILBREATH, Chief Clerk

MOTIONS

Senator Jones moved that the President appoint a committee of three to act with a like committee from the House as a Conference Committee on House Bill No. 1073, which motion prevailed.

The President appointed as a Conference Committee on House Bill No. 1073:

Senator Jones

Senator Roen

Senator Rait

Senator Thane moved that the following bills be re-referred to the following committees from the Committee on Judicary, which motion prevailed.

House Bill No. 1142 — to State and Federal Government

House Bill No. 1483 — to Political Subdivisions

House Bill No. 1502 — to Political Subdivisions

House Bill No. 1585 — to Social Welfare & Veterans Affairs.

Senator Melland moved that Senate Concurrent Resolution No. 4037 be returned to the Senate floor from the Joint Committee on Constitutional Revision, which motion prevailed.

POINT OF PERSONAL PRIVILEGE

Senator Melland: Mr. President, I rise on a point of personal privilege, and request that my remarks be printed in the Journal. Mr. President, and ladies and gentlemen of the Senate, Senate Concurrent Resolution No. 4037 is a resolution that if approved by the voters of North Dakota would have changed the term of the Governor, Lt. Governor, Treasurer, Commissioner of Agriculture and the Commissioner of Insurance beginning with the next election to a two year term and then return it to a four year term. This resolution has been variously characterized. It has been characterized as a joke and it isn't a joke. It is, was and remains a serious presentation of conceptual change that the author of the resolution really believes is important to North Dakota.

It has been characterized as blatant, and blatant means obvious. It means brazenly obvious and I suggest to the members of this body that everything we do is blatant and it ought to be because we want to have people know what is happening and we want the obvious purposes expressed and if we sometimes appear brazen, that sometimes is necessary to underscore the meaning of what we are attempting to do.

It has been characterized as political and I suggest to you that it is indeed political. It deals with the highest elected offices in the state of North Dakota and what measure addressing those offices could be anything but political. There were many alternatives available to this bill and I would like to point out some of those but I want to make crystal clear that of all of the characterizations of this bill the one that says it is partisan political is incorrect. No party person spoke to me about introducing this legislation, no party person spoke to me about not introducing this resolution. It was done on my personal volition because I believe in the purpose of this and since its introduction it has been addressed by people of both parties. The opposition from the party which occupies the executive office in this state now seems to be that this is unfair to amend these terms during a time when they are in power, choosing to question my choice of people from that political persuasion to be the ones that receive the two year term.

The opposition from the other party, the one of which I am a member, seems to be that it is untimely to do this because apparently, and many feel this way, the very offices that are addressed will be changing in the next election and certainly we would want the four year term for those people. My feeling in the matter is that the offices of Governor, Lt. Governor, and I favor the team approached to that election and was one who was instrumental in bringing that about is indeed the highest combination that we vote for in this state.

The office of Secretary of State is in the succession line for the Governor's office. The Attorney General's office is the highest legal office that we elect in this state from the point of view of the executive branch, not the judicial branch. The Attorney General serves as the judicial officer in the executive branch and as such is the advisor to the Governor and to all of state government as a matter of fact, the lawyer as it is for the executive branch of government. Those two positions while they are held by members of the same party to which I belong, the Republican party, seem to me to ought not be in the same cycle. Because of the succession and because of the legal advice those offices ought to be separated from the Governor and Lt. Governor if we are going to have a separation.

Now statistically, and that was the real reason for this, in the last thirty years when we have elected the President of the United States the voting turnout in North Dakota has always exceeded seventy percent. It has only been since 1964 that we discontinued voting for the Governor on alternate election years, that is it was a two year term until then. In general the voter interest in 1962, sixty three percent of the people turned out, that was a non-presidential year when we elected a governor, sixty three percent of the voters came to the polls. In general, and you can check these statistics, there has been about a five percent fall off since we discontinued having the governor's election in non-presidential years. Likewise, in two of those years since then, there were important U.S. Senate races which tended to turn out a larger number of voters. Last year only slightly over half of the people of North Dakota chose to turn out to vote, fifty-three percent. That is just too low, this bill would have addressed that problem and encouraged people to turn out and vote.

Some of the alternatives that were available in this, one was to go to a six year term. I declined to put that in this bill because I felt the people of North Dakota have only relatively recently gone from the two year to the four year term and perhaps that would have been too much to ask. We could have proposed to move all of the offices to be in the alternate years, that's when county offices are elected, but I truly believe that it is more in the interests of voter turnout if we have high offices in all of the elections. We could have reversed the officials, and that would have been no problem at all from my point of view, taking the Auditor and Public Instruction office and Tax Commissioner's office and moving those over, transferring the Treasurer, the Commissioner of Agriculture and the Commissioner of Insurance. That might have modified some of the political objection, but it really probably would not have made a great deal of difference. We could have put this on an election ballot or proposed to put it on an election ballot, and have it become effective at some future time and that may well have been a better alternative. The thing that we have overlooked in much of the publicity and characterization that has surrounded this is that it is not our decision, it is the peoples' decision. The question of "veto" of a resolution is not even a threat of any kind because a resolution that deals with putting a question to the people to amend our Constitution does not go to the Governor's desk, it goes directly to the Secretary of State and becomes a ballot item as pointed out in the resolution. One of

these days, the four year term of Governor should be changed so that we have a higher level of interest in all of the elections. One of these days it well may be changed. If the party of which I am a member and if I am active when our party has these offices that are in question, I will encourage our party and those people to take a two year term in the interest of the long range of voter interest of North Dakota, which I think is more important. It is interesting to know that the way the four year term for Governor came about was through an initiated measure. It may well be that that's how the change will have to come about.

With those remarks, Mr. President, I do ask, so as not to cause this body a great deal of debate and concern and the Joint Committee on Constitutional Revision is a busy body that has only an hour or so a week to work on these bills, and they have had many of them, I do request unanimous consent to withdraw Senate Concurrent Resolution No. 4037.

There being no objection, Senate Concurrent Resolution No. 4037 was withdrawn.

POINT OF PERSONAL PRIVILEGE

Senator Barth: Mr. President, I rise on a point of personal privilege. Mr. President, I feel that in the absence of our distinguished minority floor leader that I certainly want to express what I hope are his views in relation to the withdrawal of Senate Concurrent Resolution No. 4037. I want to commend the Senator from the 29th district for having the foresight to withdraw this resolution which we know would not have met with the approval of the people of the state of North Dakota and certainly not met with the approval of the people in the Senate.

I guess there are a few statements that he did make that I think some facts should be brought out that I feel we have in relation to the change in these offices. I would say that certainly to those of us on the other side of the fence it was political because they were all offices held by Democrats. Secondly if some changes were going to be made the Auditor would have fit into that category someplace and he of course is a member of the other party. We might also have changed the Secretary of State and the Attorney General and do this in a little different way. I might also mention that this incidence of having the offices coming up for election, in the election such as we had last fall in relation to the low number of people on the ballot, happens but once in a decade under our present system, so it is not all that bad. I might also mention the resolution I felt was one that addressed itself to the very fact that the resolution left the impression that the office of congressman is not very important. I would submit that some day this party is going to control that office and I will submit to you that it will be very important then, so the change in turnout will be quite different.

POINT OF PERSONAL PRIVILEGE

Senator Lee: Mr. President, I rise on a point of personal privilege. Mr. President, I had not planned to speak on this particular issue, but I do feel very strongly about it. I would hope that the day would come when by some means or some manner, we would devote one election to state affairs and the next election to national affairs. I think this is a very helpful and a very proper method of dealing with both state and federal government.

POINT OF PERSONAL PRIVILEGE

Senator Solberg: Mr. President, I rise on a point of personal privilege. Being an older person in this body, I take a little privilege here. I think we have witnessed this afternoon an area which is most important because it has looked forward, it has reviewed the past, it has given awesome enlightenment into the things that can be done. When men and women rise above the common and are willing to say these things are

good for the future of this state, then we should commend them and I think we had it on both sides in regard to the resolution which would have instituted the change in official procedures in election in North Dakota, so I was reminded of a piece of literature that I would like to share, Mr. President. Senator Meiland expressed that to me and it goes like this:

A builder buildeth a temple

He forged it with grace and skill

Its pillars and groins and arches

He fitted to do his will

Men sit as they saw its beauty greatest; thy

Skill, O builder, thy fame shall endure for aye

He might not endure for aye, but I think it was a manly thing and a good thing for this body and for the state what we have had this afternoon.

Senator Thane moved that the absent Senators be excused, which motion prevailed.

FORTIETH DAY

Bismarck, February 28, 1979

The Senate convened at 1:30 P.M., with President Sanstead presiding.

The prayer was offered by Rev. Doug Diehl, First Methodist Church, Bismarck.

Psalm 19: 7-10 (Revised Standard)

The law of the Lord is perfect, reviving the soul; the testimony of the Lord is sure, making wise the simple; the precepts of the Lord are right, rejoicing the heart; the commandment of the Lord is pure, enlightening the eyes; the fear of the Lord is clean, enduring for ever; the ordinances of the Lord are true, and righteous altogether. More to be desired are they than gold, even much fine gold; sweeter also than honey and drippings of the honeycomb.

Psalm 19: 7-10 (Revised Standard)

Almighty God, our Heavenly Father, under whom our nation and government have been established and under whom all authority is given, we would desire today that we might taste the sweetness and feel the preciousness of Your laws and precepts. In the tasks before us today there will be many opinions, all claiming to be correct. Some may be right, some may be wrong, they may all be right and they may all be wrong. But we ask that Your Will would prevail throughout for we acknowledge that Your ways are much higher than ours. We pray this through Jesus Christ our Lord. Amen.

The roll was called and all members were present except Senators Hof- fner, Nething, Sandness and Wenstrom.

Senator Thane moved that the Journal show that Majority Leader — Senator Nething and the Minority Leader — Senator Hoffner, along with like leadership from the House are representing the 46th Legislative Assembly from North Dakota at a meeting with officials of the Depart- ment of Interior on issues vital to the future of the Garrison Diversion project, which motion prevailed.

POINT OF PERSONAL PRIVILEGE

Senator Barth: Mr. President, I rise on a point of personal privilege. Well, Mr. President, I now know that the bill went down to defeat but I don't know whether we are doing the right thing by legislating the way we just legislated. I would like to say that the Judiciary committee certainly has misled, if that is the word to use, the Senate in saying that we are going to amend this into another bill. The merits of this bill should have been on the bill itself and this body has now killed a bill and we do not know, first of all whether it will be amended into another bill, and secondly the problem arises if this action is taken it locks a person into the idea used into the passage or rejection of another bill, and I would hope that we can avoid these kind of actions in the future and have each bill pass or be killed on its own merits and if this bill were to pass or whatever this concept could then be amended into another, we can do that, but I do not believe that the legislative process was intended to work this way.

POINT OF PERSONAL PRIVILEGE

Senator Hoffner: Mr. President, I rise on a point of personal privilege. Mr. President, I would just like to say that this body approved amendments to cut some two hundred thirty thousand off vocational education. The vote was 32 to 15. Right now every member voted for a tax increase and recognized the need for vocational education.

POINT OF PERSONAL PRIVILEGE

Senator Lips: Mr. President, I rise on a point of personal privilege. I would just like to say this, Mr. President, that wherever there is vocational education there is always local support, and in order to maintain that local support in many of these local school districts it is evident that they need more local money. We are supporting them in the bill we passed, House Bill No. 1006, up to fifty percent. In order to get their 50 percent matching they have to have more money on the local basis. So I don't think we are being unfair or discriminatory at all. We are providing the means by which they can match the fifty percent money from the state and federal government.

FORTY-SECOND DAY

Bismarck, March 1, 1979

The Senate convened at 12:30 P.M., with President Sanstead presiding.

The prayer was offered by Col. Michael Viise, Minot Air Force Base, Minot.

We pray, O Lord, that You would fill this sacred minute with meaning so that, just as Your servant Solomon of old implored You for the gift of wisdom many years ago, so may Your servants, the Senators of North Dakota, reach in their hearts this Solomon's petition today before they tackle the difficult and complex issues confronting them in this legislative session. May they, as a body, generate more light than heat, more compassion than passion and more right than fashion so that, rising above party and politics, public interest and good may be served, and, at the close of the day, they may hear Your whispered benediction: Go now thou good and faithful servant! In our Lord's name. Amen.

The roll was called and all members were present except Senator Sandness.

A quorum was declared by the President.

FORTY-THIRD DAY

Bismarck, March 5, 1979

The Senate convened at 1:00 P.M., with President Sanstead presiding.

The prayer was offered by Rev. Kermit Kaczor, St. Mark's Lutheran Church, Minot, N. Dak.

We say with the Psalm writer, "I will bless the Lord at all times. His praise shall continually be in my mouth. My soul makes it's boast in the Lord O magnify the Lord with me, and let us exalt His Name together." (34:1-3)

We are back again today, Lord, to ask for a double portion of the Spirit to guide and keep us. You Who keep Your eye on the sparrow, keep Your face turned our way, and be in the middle of what we do and say.

This is Your world in which we live. We are Your people to whom You have given life. You are Lord of history and in the middle of it, working Your will and way. Use us, we pray, to do what is Your good will.

You have loved us, and forgiven us in Jesus, in the fullness of time. We praise You for Him. We are bold to ask You to accept us as Your people, in His Name. Amen.

The roll was called and all members were present except Senator Mutch.

A quorum was declared by the President.

FORTY-FOURTH DAY

Bismarck, March 6, 1979

The Senate convened at 1:30 P.M., with President Sanstead presiding. The prayer was offered by Rev. Ralph Cooke, First Baptist Church, Minot, N.D.

Thine, O Lord, is the greatness and the power and the glory and victory and the majesty, for all that is in the heaven and the earth is Thine. Thine is the kingdom, O Lord, and Thou art exalted as head over all. Both riches and honour come of Thee, and Thou reignest over all; and in Thine hand it is to make great, and to give strength unto all. Now Therefore, O God, we thank Thee, and praise Thy glorious Name. We are profoundly grateful that through Jesus Christ, Thine Only Begotten Son, you have become Our Father. We bow before You in these moments to give thanks for all the gifts and blessings of life. We are mindful of our sins and ask for Your forgiveness. We give thanks for the answered prayers of the past. And for this day we now come to seek Your wisdom and strength and joy for the tasks at hand. May honour, peace and good will prevail on this Senate floor. May the deliberations here and the decisions that come from them be for Thy glory and for the well being of the citizens of North Dakota as well as others who will be affected by our actions. Deliver us from bitterness, prejudice or selfish interests that would inhibit sound judgments. Grant us grace for both wins and losses. Make this, Our Father, a good day. We do rejoice in the high privilege that is ours to be Your servants. We give thanks and pray in the Name of Jesus Christ Our Lord and Saviour. Amen.

Senator Nothing moved that the report of the meeting with officials of the Department of Interior in regard to the Garrison Diversion project be printed in the Journal, which motion prevailed.

**COMMUNICATION
SENATE CHAMBER**

**FORTY-SIXTH LEGISLATIVE ASSEMBLY
STATE OF NORTH DAKOTA
BISMARCK 58505**

Honorable Wayne G. Sanstead
President of the Senate
State Capitol
Bismarck, North Dakota 58505

RE: Legislative Leaders Meeting, Washington, D.C.

February 28, 1979

Dear Mr. President:

Our meeting with Secretary of Interior Andrus was opened by the Governor who explained that we stand firmly committed to the 250,000 acre project as authorized. He said we want present emphasis placed on 170,000 acres, leaving the remaining 80,000 acres alone until such time as we can resolve the differences regarding those acres with the Canadian government.

Governor Link also addressed the subject of mitigation acres and requested that our policy regarding wildlife enhancement mitigation acres be flexible.

Specific concern regarding fish and wildlife mitigation acres was made as follows:

1. Credit be given against the total number of mitigation acres for those wildlife acres adjacent to the canal, those acres found in the west bay at Devils Lake, as well as the 28,000 acres of principal supply works land area. In addition, we credit the 40,000 plus acres acquired by the Fish and Wildlife Service in other areas of North Dakota against the total 146,530 acres dedicated.

2. Acquisition of future mitigation acres be limited to those acres acquired between a willing buyer and a willing seller and that condemnation not be utilized.

3. That mitigation acres be natural wildlife habitat acres instead of existing food production acres.

We also urged the Interior Department to submit its proposal to Congress so that negotiations with the Canadian government regarding the IJC report could commence as soon as possible.

Immediate disclosure of the mitigation acres authorized for acquisition by the Fish and Wildlife Service was requested.

The Attorney General advised the Secretary that consideration was being given for the State of North Dakota to enter into the defense of any condemnation actions which are contemplated and are in violation of the master contract.

Our meeting with Commissioner Higginson focused primarily on the present plan for acquiring mitigation acres and we were advised there is presently no money or plans for acquiring wildlife mitigation acres and that the only land now being acquired is that relating to canal right-of-way. Mr. Higginson also stated that the reason the Bureau is involved in purchasing wildlife mitigation acres is because they had the initial responsibility for acquiring the canal right-of-way and canal mitigation acres. He said the Fish and Wildlife Service determines the wildlife mitigation acres and the Bureau of Reclamation has nothing to say about why or how those acres are selected.

At a meeting with our Congressional delegation we informed them of the meeting with Secretary Andrus covering the same subjects as outlined above.

All of the Congressional delegation was given a copy of the proposed bill which would create the Garrison Diversion Mitigation and Enhancement Lands Commission, whose purpose would be to act as an "ombudsman" between the purchaser and the seller and a draft of a resolution relating to wildlife mitigation acres and acquisition thereof. We requested each of them to review the documents and advise their wishes to the legislative leaders for determining the feasibility of introduction and passage of same.

Respectfully submitted,
David E. Nothing

CONSIDERATION OF AMENDMENTS

Senator Lips moved that the amendments to Senate Bill No. 2480 as recommended by the Committee on Appropriations as printed on pages 1255-1257 of the Senate Journal be adopted.

POINT OF PERSONAL PRIVILEGE

Senator Hoffner: Mr. President, I rise on a point of personal privilege.

Ladies and gentlemen of the Senate. We have before us amendments to Senate Bill No. 2480 — amendments which, like Senate Bill No. 2480 itself, are contrary to the wishes of the people. Let's look at the facts concerning this bill.

2480 was introduced through a delayed bills committee on February 12, this was almost three weeks after the deadline for introducing bills. The introduction of delayed bills is intended as a means to take action in emergencies, there is no emergency involved here — in fact the record will show quite the contrary.

2480 was heard in the state and federal government committee on February 20. At that hearing all of the testimony supported retaining the Laboratories Department as a separate state agency. Testimony from the North Dakota Feed Manufacturers Association, North Dakota Hospitality Association, North Dakota Agricultural Association, North Dakota Beverage Dealers Association and from various sheriffs and law enforcement personnel supported the work of the Laboratories Department and verified the efficiency and responsiveness of that agency. At the hearing in the State and Federal Government Committee, the Health Department submitted, without consultation with and without important facts from the Laboratories Department, a fiscal note in which they said they would eliminate 15 positions from the Laboratories Department and save over \$560,000 if the Lab would be transferred. Yet no one has been able to substantiate this alleged savings. In fact, testimony by the Laboratories Department justified the addition of two people.

Contrary to all the testimony, however, Senate Bill No. 2480 was referred to the Appropriations Committee. That Committee held three hearings on the bill. Again, all the testimony presented was in opposition to the bill except for one person. That person was Willis Van Heuvelen who, in response to a question from me, said he was personally in favor of the transfer. It is important to note that this was Mr. Van Heuvelen's personal opinion — it was not the official position of the State Health Department. In a letter dated February 22, 1979, from Dr. Jonathan Weisbuch to the Chairman of the Appropriations Committee, the State Health Officer stated, "At no time during the current Legislative Session has the Department spoken as a proponent for this legislation." The department he referred to was the State Health Department. So once again, in three appropriations committee hearings, the testimony overwhelmingly supported defeat of the bill. A former state Senator, Richard Goldberg, from West Fargo, even made a special effort to present testimony in opposition to 2480. And yet here we are considering amendments which, as reported by a member of the appropriations committee, were not given proper time for discussion before they were acted on. It is indeed sad when a political caucus votes to approve amendments the day before the amend-

ments are even presented to an appropriate legislative committee. Yet this has happened with these amendments to Senate Bill No. 2480.

Ladies and Gentlemen, literally every person in North Dakota is affected by the work of the Laboratories Department. The testimony in four legislative committee hearings has, without question, supported the defeat of 2480. The Lab has been shown to be an efficient responsive agency which is responsibly meeting the needs of our citizens. These amendments would take a small, efficient department and place it under an administrative bureaucracy with over 1,000 employees. We all know that bureaucracy breeds inefficiency and we would certainly be taking a step backward if we pass these amendments.

One more point, these amendments would transfer the lab's consumer affairs division to the Attorney General. At the December, 1978 meeting of the State Laboratories Commission, Attorney General Allen Olson reaffirmed his position stating the role of his office is to deal with consumer fraud and he also reaffirmed his belief that the consumer affairs office was appropriately placed in the Laboratories Department.

In conclusion, we are looking at a meat axe approach to reorganization. The fact that no one has been able to substantiate the Health Department's fiscal note shows how ill advised and unbusinesslike the concept of transferring the Laboratories Department to the Health Department really is. Neither of the sponsors of Senate Bill 2480 consulted with, or asked the opinion of the State Laboratories Commission or Director before introducing the bill. And it is ridiculous to transfer an entire state agency and then study the effect of the transfer after it has been done. The amendments to Senate Bill No. 2480 would do just that. It is clear that we have before us a reorganization for the sake of reorganization that will very likely lead to less efficiency in a governmental service agency. This transfer is even more ridiculous when one considers the fact that the Senate Appropriations Committee is considering the elimination of twenty-nine new positions from the Health Department. I believe it is time we conduct a thorough, in depth, performance review of the entire State Health Department.

I ask, ladies and gentlemen, that we act on the basis of the overwhelming testimony presented concerning Senate Bill No. 2480. To do otherwise would be a mockery of the legislative process. If we act on the basis of that testimony we cannot approve these amendments. I ask for the defeat of the amendments to Senate Bill No. 2480.

MOTIONS

Senator Strinden moved that the Senate reconsider the action by which Senator Wenstrom withdrew Senate Concurrent Resolution No. 4054.

Senator Thane moved that the Senate recess briefly so that the Senate Majority Leader, the Minority Leader and the President meet to decide if the motion of Senator Strinden is in order, which motion prevailed.

The Senate reconvened, with President Sanstead presiding.

The President ruled that the motion to reconsider Senate Concurrent Resolution No. 4054, (Senate Rule 62) was out of order, and the motion to reconsider lost.

POINT OF PERSONAL PRIVILEGE

Senator Smykowski: Mr. President, I rise on a point of personal privilege. Mr. President, members of the assembly. The concern I guess that bothers me is that if I were chairing a committee and if I decided to withdraw someone's bill or resolution, it could easily be that he isn't even in the chamber at that time, and that has no reflection on this particular issue, but that possibility could continue to exist, and it seems if we are concerned about the welfare of a minority's interest, that would sort of diminish that if we could allow someone else to withdraw your particular bill or resolution.

COMMUNICATION
STATE OF NORTH DAKOTA
EXECUTIVE OFFICE
BISMARCK

The Honorable Wayne Sanstead
President of the Senate
Senate Chambers
Bismarck, North Dakota 58505

Dear Mr. President:

Senate Bill 2083 would give the chairman of the Legislative Council the authority to assign proposed and existing rules and regulations promulgated by executive branch agencies to an interim committee for review and recommendation. I vetoed similar bills in 1975 and 1977.

Every executive branch agency has the statutory authority to promulgate reasonable rules and regulations. All proposed administrative rules are submitted to the Attorney General for his opinion as to their legality before they are adopted. (Section 28-32-01, N.D.C.C.)

If any person is aggrieved by the operation of an administrative rule, that person has the right to petition the agency for a reconsideration of the rule. The agency may hold a public hearing on the reconsideration of the rule if it deems such a hearing desirable.

Furthermore, the Administrative Agencies Practices Act gives persons aggrieved by the decisions or the rules of an administrative agency the right to appeal the question in the district court and the Supreme Court. (Sections 28-32-15 and 28-32-19, N.D.C.C.)

Since the present statutory procedures are fully adequate to insure that the administrative agency rule-making power is exercised fairly and competently, I see no valid reason for the legislative branch of government to encroach on the rule-making power of the executive branch.

Therefore, I veto Senate Bill 2083 as a violation of the separation of powers doctrine.

Sincerely yours,
ARTHUR A. LINK
Governor

MOTION

Senator Nething moved that Senate Bill No. 2083 be laid over one legislative day for the purpose of its reconsideration as a vetoed measure pursuant to Section 79 of the Constitution of the State of North Dakota, which motion prevailed.

"100% NORTH DAKOTA PRODUCTS"

**RECOGNITION OF THE WAHPETON "WOPS"
 NORTH DAKOTA STATE "A" BASKETBALL CHAMPIONS**

Senator Thane: Mr. President, I rise on a point of personal privilege.
 Mr. President, Ladies and Gentlemen of the Senate:

Our rules no longer allow resolutions of congratulations unless the honor is of a national nature. However, I consider it only fitting that I take this means of extending my personal congratulations as well as that of the North Dakota Senate to the victorious Wahpeton basketball team, better known as the "Wops".

Their victory over the Jamestown "Blue Jays" was hard earned and close. Both teams played exceedingly well. Wahpeton's last victory was 25 years ago. However, the one I remember best occurred in 1941 when Wahpeton was the undefeated State Champions at Bismarck. I was a freshman in high school at the time and listened to the game on a battery operated radio. A blizzard struck that evening and lasted into the following day. The victorious Wahpeton team returned home on the Empire Builder several hours late the following day due to the storm. Art Swenson, the father of player George Swenson, was a sophomore at the time and a member of the team.

Once again, congratulations, not only to my home town team but to all the teams and players who participated in the tournament. They are fine examples of the sportsmanship shown and the great young people who are the future of North Dakota.

Senator Thane requested that copies of the Senate Journal recognizing the Wahpeton "Wops" team be forwarded to the coach and members of the team, which request was granted.

CONSIDERATION OF AMENDMENTS

Senator Christensen moved that the amendments to House Bill No. 1048 as recommended by the Committee on Social Welfare and Veterans Affairs as printed on page 1291 of the Senate Journal be adopted, and that House Bill No. 1048 be re-referred to the Committee on Appropriations, which motion prevailed.

COMMUNICATION
STATE OF NORTH DAKOTA
EXECUTIVE OFFICE
BISMARCK

The Honorable Wayne G. Sanstead
President of the Senate
Senate Chambers
Bismarck, North Dakota 58505

Dear Mr. President:

Senate Bill 2340 amends present statutes to move the date of primary elections from the first Tuesday in September to the second Tuesday in June of every general election year and provides for a presidential preference primary in presidential election years.

I consider this bill objectionable for the following reasons:

1) North Dakota's present delegate selection procedures at the precinct, district, and state levels have served the state well in terms of providing national delegations that are representative of their respective parties and a credit to the state. This has been done without the additional time and expense of a statewide presidential preference primary, the outcome of which is often determined by the volume of campaign funds a candidate is able to spend on mass media. North Dakota does not need a presidential preference primary in order to have a significant and responsible role in the nomination of national candidates.

2) Moving the primary date from September to June would extend the length of time in which candidates, parties, and the public would be involved in political campaigns. Present law provides adequate time for political parties and independent groups to present their positions on issues and their candidates for voter assessment and final casting of ballots.

3) Changing the primary date to June would significantly increase the cost of campaigns.

4) A September primary appears to be in better harmony with the rhythm of North Dakota's lifestyle. It comes at the end of the active planting and harvesting cycles which are so important to our economy. It comes at a time when our families are home from vacations and children are back in school.

5) A September primary is closer to the November general election and thus attracts more interest on the part of voters. A June primary seems far removed from the November general election five months later, in this day of instant communication and rapid travel.

For these reasons, I veto Senate Bill 2340.

Sincerely yours,
ARTHUR A. LINK
Governor

MOTION

Senator Nething moved that Senate Bill No. 2340 be placed on the calendar for the purpose of its reconsideration as a vetoed measure pursuant to Section 79 of the Constitution of the State of North Dakota, which motion prevailed.

SECOND READING OF SENATE BILLS

Senate Bill No. 2340. — A Bill for an Act to provide for presidential preference primary elections in presidential election years; and to amend and reenact sections 16-04-01, 16-04-11, and 16-04-20, relating to the primary election date, notice to county auditors of the offices to be filled at the primary, and filing petitions to obtain a separate column on the primary election ballot; or, in the alternative, to create and enact sections 16.1-11-01, 16.1-11-02, and 16.1-11-25 of the North Dakota Century Code, relating to the primary election date, notifying the county auditors of the offices to be filled at the primary, and filing petitions to obtain a separate column on the primary ballot; and to repeal sections 16-04-01, 16-04-11, and 16-04-20 of the North Dakota Century Code, as described above, if House Bill No. 1138 is approved by the forty-sixth legislative assembly.

The total amount of bonds issued by a county and a city under this section shall be in proportion to the joint usage of the building by the county and the city and shall also consider the tax base of the county and the tax base of the city. When a county and a city wholly within the county boundaries propose to issue bonds for the purpose of a building for their joint use, the governing body of the county may submit to its qualified voters the proposition of issuing bonds in the total amount required to be borrowed for the building, under an initial resolution and ballot stating the maximum total principal amount of the bonds and the maximum principal amount thereof for which the city shall be obligated. In this event the governing body of the city shall adopt an ordinance or resolution stating the maximum amount of the obligation proposed to be incurred by the city and the other matters of information required for an initial resolution for bonds under the provisions of section 21-03-09, which ordinance or resolution shall be subject to referral to the electors of the city by petition of the percentage of the electors referred to in chapter 40-12 and upon the conditions and in the manner therein set forth. If the issuance of the bonds is approved by the required majority of the qualified voters of the county voting thereon, and if the city ordinance or resolution is not referred or is approved by a majority of the qualified electors of the city voting thereon, the bonds may be issued by the county and the obligation incurred by the city. The principal amount of the obligation incurred by the city to the county, as provided in the agreement, shall be a general obligation and indebtedness of the city as referred to and limited by section 21-03-04 and by section 183 of the Constitution, and shall be deducted from the principal amount of the bonds in determining the net indebtedness incurred by the county in the issuance thereof. The city shall levy a direct, annual, irrevocable tax for the payment of its obligation and the interest thereon as required for the payment of general obligation bonds under the provisions of section 21-03-15, which tax shall be retained by the county auditor in the sinking and interest fund for the county bonds as provided in section 21-03-41. Each payment of principal, interest and premium, if any, due with respect to the county bonds shall be the obligation of the city in the proportion that the original principal amount of the city's obligation bears to the original principal amount of the bonds, for the purpose of ascertaining the amount of net indebtedness of the city and the county outstanding at any time, of determining the amount of taxes required to be assessed and collected annually by the city and the county for the bond sinking and interest fund, and of determining the amounts of income from the investment of the sinking and interest fund which are to be credited against the obligations of the city and county, respectively, and for all other purposes whatsoever. Nothing herein requires the city-county agreement to be executed before the authorization of the bonds and the city's obligation thereon. The agreement when executed shall fix the relative contributions of the city and county to the capital cost of the building in a manner consistent with the maximum net indebtedness authorized to be incurred by each of them, respectively. If so provided in the agreement, the city may evidence its obligation by the issuance of general obligation bonds of the city and appropriate the proceeds of its bonds for expenditure in accordance with the terms of the agreement, and the amount of the county bonds may be reduced by the amount issued by the city.

 BISMARCK

The Honorable Wayne G. Sanstead
 President of the Senate

Dear Mr. President:

Senate Bill 2052 provides that possession of any amount of hashish is a Class C felony. The bill also provides for a graduated penalty system for marijuana possession offenses as follows:

- 1) under one-half ounce, Class B misdemeanor;
- 2) one-half ounce to one ounce, Class A misdemeanor;
- 3) more than one ounce, Class C felony.

The bill also states that a person who pleads guilty or is found guilty of a first offense of possessing one ounce or less of marijuana may, after two years, petition a court to have his or her record expunged, if the person has not been subsequently convicted of any criminal offense.

By decreasing the penalty for possession of one-half ounce or less of marijuana, the Legislature may be encouraging wider experimentation and use of this drug.

More and more evidence is becoming available of the harmful effects of the use of marijuana.

For this reason, I veto Senate Bill 2052.

Sincerely yours,
 ARTHUR A. LINK
 Governor

MOTION

Senator Sands moved that Senate Bill 2052 be placed at the bottom of the calendar for the purpose of its reconsideration as a vetoed measure pursuant to Section 79 of the Constitution of the State of North Dakota, which motion prevailed.

REMARKS OF FORMER SENATOR

DON HOLAND

Memorial Service

Mr. President, Members of the Senate, Staff, Families of the deceased Senators whom we honor today and friends: First, I want to express my personal, sincere appreciation to the Century Choir, for the beautiful setting which they have provided for this service today and to you too, Leland, I see you haven't lost your touch as a vocalist and I'm sure everyone agrees with me in that regard. I was honored when Senator Hal Christensen called me last week to ask if it would be possible to come out to make a few remarks at this occasion. It gave me an excuse to come back and greet old friends whom I've missed, of course, over the years and I want to say to you, members of the Senate, that it's most appropriate, I believe, that you do continue this tradition of honoring those who have gone before. It would be so easy in these busy moments to ignore that responsibility to the past and to overlook perhaps some of the important things in life and I'm glad you are doing this.

When Senator Christensen sent me a list of the names of those who would be memorialized today, I was quite taken with it. To me it's kind of a special list and I'll tell you why. Senator Roen has mentioned to you I began my service in the Senate in 1955 and it ended with the 1973 session. With respect to the people you memorialize today, this is rather a unique period of service because these people we are speaking of today were leaving the scene or had left the scene when I arrived and yet there are many of you here today with whom I had the pleasure of serving before I left the Senate in 1973.

The cast of characters for this memorial service today is indeed a distinguished one and I want to say to the family members who are here that a separate service could be held for each one of these people, I'm sure, if time permitted because each in his own way distinguished himself to such an extent that his life and service would warrant such a memorial. We, of course, are not doing that today. We are simply generalizing about those who have served in the past and who unfortunately left us during this interim.

In general terms who were these people? They were men who were outstanding in their own communities and they were from assorted walks of life, just as you are. They were men who were leaders in their communities, just as you are. They were men who were truly dedicated to public servants, who had the people's interests at heart, just as you do. And last but not least, they were men who were held in high enough regard in their communities that they were chosen by them to serve in this august body. Most of them served during a period of time when things were a little different from what they are now. The changing of our economy, the new demands that society is making, the greater needs for different kinds of service have brought about new requirements of the legislature, both in terms of how it acts and how it goes about its business. Most of these people served, for example, during a time when the legislature was not as well organized as it is now.

When I first came into the legislature, for example, and I'm not speaking in terms of ancient history by any means, and when some of these people were here and had just left the scene, there was by our present standards a definite lack of organization. Committees might meet, for example, at 11:00 on Tuesday and Thursday. I remember my first session when the Judiciary Committee met. It might meet from 11:00 until the Chairman decided we were ready to come up here for the session of the legislature. The Appropriations Committee was meeting downtown at the Patterson Hotel at evening time and those who wanted to meet with the Appropriations Committee had to wade through a cloud of smoke to find out where the Chairman was sitting in order to appear before the Committee. All of those things began to change, as you know, some of you, like myself, were involved in some of the changes which brought about the kind of organization that we have now of which North Dakota can certainly be most proud.

The bills that were introduced then don't begin to compare, of course, with the bills you have now. This morning Leo was pointing out to me the size of the House Bill Book and of course even in those times the Bill Book was contained in a relatively small volume with paperback on it and shoestrings to hold it together so you can imagine it was not that complicated a process to keep up-to-date on the bills. One of the Senators whom most of you remember from recent times, Clyde Duffy, prided himself on the fact, and I don't doubt this to be a fact, that he read and understood every bill upon which he voted. The cash flow of those days was a little different from what it is now.

I will remember even in my early terms in the session when we had a most vigorous fight over the question of whether or not to jackpot the state equalization fund which represented about \$36 million which had been accumulated under the sales tax for the welfare department and education and now I understand you're toying with figures of over \$200 million for just a foundation program for the biennium. That equalization fund was a safeguard for all times, so times have changed, not the least of which also is the kind of support the legislature is receiving from the legislative council which was more or less in its infancy in the early 50's and when these people were around. In fact, some of them did not see a Legislative Council. A great many of the Senators I know were doing their own research work and notably among them were Senator Knudson incidentally, and I remember that he spent probably as much time in the library of the Supreme Court at that time as he did on the floor of the Senate making sure that he understood all the legal ramifications of the legislation that was before him. Well, I only mention these things from a historical standpoint to point out how times have changed, how circumstances are different from what they were only a few years ago when these people, most of them were serving here, the people we honor today. Through the years North Dakota has enjoyed good responsible financially sound government. The underlying philosophy of North Dakota's government was developed years ago and the tradition of that basic philosophy, give or take a little here and there, have been carried on by those who have followed.

The men we memorialize today were an important link in this chain of good government which North Dakota has enjoyed and which you are carrying on. It is important, I think then, again to say that it is important that we honor and memorialize these people who during the period of time that they were here carried the torch of good government so that you and I might enjoy it and carry it forward from this day. Members of the Senate, friends, again I want to say that it's been a real honor and pleasure for me to be here with you. I know that you are terribly pressed in these last days of the session. I know that from experience so I shall not speak any further. My last two comments are: God speed to you and your work and if I may be permitted as a senior to say keep your perspective. Thank you very much.

Senator Nething moved that the Senate Memorial Session be dissolved, which motion prevailed.

CONSIDERATION OF MESSAGES FROM THE HOUSE

Senator Jones moved that the Senate do not concur in the House amendments to Senate Bill No. 2095 as printed on page 1344 of the Senate Journal, and that a conference committee be appointed to meet with a like committee from the House, which motion prevailed.

SECTION 1. AMENDMENT.) Subsection 3 of section 12 of House Bill No. 1257, as approved by the forty-sixth legislative assembly, is hereby amended and reenacted to read as follows:

3. Twenty percent shall be allocated to the coal-producing counties and shall be distributed among such counties in such proportion as the number of tons of coal severed in each county bears to the total number of tons of coal severed in the state during such quarterly period. Such allocations shall be apportioned as follows:
 - a. If the tippel of a currently active coal mining operation in a county is not within fifteen miles of another county in which no coal is mined, the revenue apportioned according to this subsection shall be allocated as follows:
 - (1) Thirty percent shall be paid by the county treasurer to the incorporated cities of the county based upon the population of each incorporated city according to the last official regular or special federal census or the census taken in accordance with the provisions of chapter 40-02 in case of a city incorporated subsequent to such census.
 - b- (2) Forty percent shall be deposited by the county treasurer in the county general fund to be used for general governmental purposes.
 - e- (3) Thirty percent shall be apportioned by the county treasurer to school districts within the county on the average daily membership basis, as certified to him by the county superintendent of schools.
 - b. If the tippel of a currently active coal mining operation in a county is within fifteen miles of another county in which no coal is mined, the revenue apportioned according to this subsection shall be allocated as follows:
 - (1) Thirty percent shall be paid by the county treasurer of the coal-producing county to the incorporated cities of that county and to any city of a non-coal-producing county when any portion of the city lies within fifteen miles of the tippel of a currently active coal mining operation in the coal-producing county, based upon the population of each incorporated city according to the last official regular or special federal census or the census taken in accordance with the provisions of

chapter 40-42 in case of a city incorporated subsequent to such census.

- (2) Forty percent shall be divided by the county treasurer of the coal-producing county between the general fund of the coal-producing county and the general fund of any non-coal-producing county when any portion of the latter county lies within fifteen miles of the tippie of a currently active coal mining operation in the coal-producing county. The non-coal-producing county portion shall be based upon the ratio which the assessed valuation of all quarter sections of land in that county, any portion of which lies within fifteen miles of the tippie of a currently active coal mining operation, bears to the combined assessed valuations of all land in the coal-producing county and the quarter sections of land in the non-coal-producing county within fifteen miles of the tippie of the currently active coal mining operation. It shall be the duty of the county director of tax equalization of the coal-producing county to certify to the treasurer of the same county the number of quarter sections of land in the non-coal-producing counties which lie at least in part within fifteen miles of the tippie of a currently active coal mining operation and their assessed valuations.
- (3) Thirty percent shall be apportioned by the county treasurer of the coal-producing county to school districts within that county and to school districts in adjoining non-coal-producing counties when a portion of those school districts' land includes any of the quarter sections of land certified by the director of tax equalization to the county treasurer to be eligible to share county funds as provided for in paragraph 2 of subdivision b above. The county superintendent of the non-coal-producing counties shall certify to the county treasurer of the coal-producing county the number of students actually residing on these quarter sections lying outside the coal-producing county and each school district in non-coal-producing counties shall receive a portion of the money under this paragraph based upon the ratio of the number of children residing on quarter sections of that school district within the fifteen mile radius of the tippie of a currently active coal mining operation to the total number of school children from the coal-producing county combined with all the school children certified to be living on quarter sections within fifteen miles of the tippie of a currently active coal

In determining the true and full value of real and personal property, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall he adopt as a criterion of value the price at which said property would sell at auction, or at forced sale, or in the aggregate with all the property in the town or district, but he shall value each article or description by itself, and at such sum or price as he believes the same to be fairly worth in money. In ~~assessing~~ valuing any tract, or lot of real property, there shall be determined the value of the land, exclusive of improvements, and the value of all taxable improvements and structures thereon, and the aggregate value of the property, including all taxable structures and other improvements, excluding the value of crops growing upon cultivated lands. Agricultural lands within the corporate limits of a city, whether or not platted, shall constitute agricultural property and be so classified and valued for ad valorem property tax purposes until such lands are put to another use. Such valuation shall be uniform with the assessed-value valuation of adjoining unannexed agricultural land.

SECTION 6. AMENDMENT.) Section 57-02-28 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-02-28. BASIS FOR COMPUTATION OF TAX.) SECTION 7.) A new subsection to section 57-13-04 of the North Dakota Century Code is hereby created and enacted to read as follows:

Establish the assessed value to be used on each of the classes of taxable property, based upon the de facto classes developed prior to the effective date of this Act, by city and township assessors, county directors of tax equalization, and the board based upon the actual average assessment levels, stated as percentages, for each class of property for the previous year. The assessed values so established shall be based upon the returns of assessments of taxable property provided by the counties plus information compiled by the board for property assessed by the board pursuant to section 179 of the Constitution of North Dakota. The percentages so determined shall be certified to county directors of tax equalization on or before October thirty-first of each year. The board may make adjustments in the percentage of assessed valuation to be applied to any class of property, or to specific types of property within a class of property, if required to do so pursuant to a federal law. If the board finds the range of differences between the percentages established pursuant to this subsection increasing as compared to the relationships between the percentages on the various classes of property which existed on the effective date of this Act, the board shall report such fact to the subsequent legislative assembly accompanied by any appropriate proposed legislation to bring the relationships to within the range of the relative levels which existed on the effective date of this Act.

If a mobile home is acquired or moved into this state during the calendar year, and a tax decal has not been previously issued on such mobile home in this state for such year, the tax shall be determined by computing the remaining number of months of the current year to the nearest full month and multiplying such number by one-twelfth of the amount which would be due for the full year. The taxes collected pursuant to the provisions of this chapter shall be disbursed in the same year they are collected and in the same manner as real estate taxes for the preceding year are disbursed.

The prayer was offered by Rev. Lee Ruud, Pastor, Zoar and St. Ansgar Lutheran Churches, LaMoure, N. Dak.

Shall we pray. Dear Lord, we pray for Your forgiveness where we have been too quick to think of ourselves and slow to really care for the needs of others. As I stand here today before the North Dakota Legislature I'm grateful that you choose each of us with all our weaknesses as well as our strengths to be instruments of your love and peace and that you have invested your life for each of us. Lord help us to accept this treasure. To those of us who are aimless let us then be the people who can bring purpose. To those who do not know who they are let us teach them that they are children of God and can be used by You as instruments of healing, justice and peace for families, communities our nation and our world, Lord, open our eyes and hearts that we may be able today to be able to do some work of peace for You. Amen.

The roll was called and all members were present except Senator Mutch.

A quorum was declared by the President.

PRESENTATIONS OF
PETITIONS AND COMMUNICATIONS
ARTHUR A. LINK
GOVERNOR

North Dakota Senate
46th Legislative Assembly
The Honorable Wayne Sanstead, President
Senate Chambers
Bismarck, North Dakota 58505

Dear Mr. President and Members of the Senate:

As we near the end of this legislative session, I believe it is very important that we work closely together on behalf of all the people of North Dakota in seeing that legislation is processed promptly and efficiently. There are several pieces of major legislation still before both houses of the legislature and I know that you will be giving these measures careful consideration during the remaining days of this session.

Because of this, I am respectfully requesting that the legislature make an extra effort to act on those major pieces of legislation as soon as possible in order for me to have a reasonable opportunity to consider them before you adjourn.

Thank you for your cooperation.

Sincerely yours,
ARTHUR A. LINK
Governor

STATE OF NORTH DAKOTA
EXECUTIVE OFFICE
BISMARCK

The Honorable Wayne Sanstead
President of the Senate
Senate Chambers
Bismarck, North Dakota 58505

Dear Mr. President:

Senate Bill 2151 would create an interim Legislative Council committee on administrative rules and regulations.

The statutory language in this bill closely parallels that of Senate Bill 2175 which I vetoed in 1975. In 1977, I vetoed another bill, Senate Bill 2475, with almost identical provisions. Three days ago, on March 12, 1979, I vetoed Senate Bill 2083 which would have given an interim Legislative Council committee the authority to review administrative rules and regulations promulgated by executive branch agencies.

The language of section 2 of Senate Bill 2151 setting forth the duties and responsibilities of the proposed Legislative Council committee on administrative rules follows verbatim the language of Senate Bill 2083 on the same subject.

In the three days since I vetoed Senate Bill 2083, I have been provided with no justification for the violation of separation of powers inherent in these proposals.

Therefore, for the reasons stated in my veto message dated March 12, 1979, on Senate Bill 2083, I hereby veto Senate Bill 2151.

Sincerely yours,
ARTHUR A. LINK
Governor

POINT OF PERSONAL PRIVILEGE

Senator Hoffner: Mr. President, I rise on a point of personal privilege. Mr. President, members of the Senate, the action that was taken on House Bill No. 1130 is to repeal the business privilege tax by 1981. I noticed that it must have been a caucus position by the Majority party and I expect a delayed bill to be introduced to send a message to the next legislative session that this delayed bill would be to increase the sales tax by 1 per cent to take care of the finances for the next legislative session.

POINT OF PERSONAL PRIVILEGE

Senator Nething: Mr. President, I rise on a point of personal privilege. Mr. President the assumptions that were made simply are not based on fact. As a matter of fact the subject matter of House Bill No. 1130 has not been discussed in a Republican caucus of the Senate in this entire session. The debate was what was presented on the floor today and in committee.

MOTION

Senator Nething moved that House Bill No. 1138 be laid over one legislative day, which motion prevailed.

When a county and a city wholly within the county boundaries propose to issue bonds for the purpose of a building for their joint use, the governing body of the county may submit to its qualified voters the proposition of issuing bonds in the total amount required to be borrowed for the building, under an initial resolution and ballot stating the maximum total principal amount of the bonds and the maximum principal amount thereof for which the city shall be obligated. In this event the governing body of the city shall adopt an ordinance or resolution stating the maximum amount of the obligation proposed to be incurred by the city and the other matters of information required for an initial resolution for bonds under the provisions of section 21-03-09, which ordinance or resolution shall be subject to referral to the electors of the city by petition of the percentage of the electors referred to in chapter 40-12 and upon the conditions and in the manner therein set forth. If the issuance of the bonds is approved by the required majority of the qualified voters of the county voting thereon, and if the city ordinance or resolution is not referred or is approved by a majority of the qualified electors of the city voting thereon, the bonds may be issued by the county and the obligation incurred by the city. The city shall levy a direct, annual, irrepealable tax for the payment of its obligation and the interest thereon as required for the payment of general obligation bonds under the provisions of section 21-03-15, which tax shall be retained by the county auditor in the sinking and interest fund for the county bonds as provided in section 21-03-41. Each payment of principal, interest and premium, if any, due with respect to the county bonds shall be the obligation of the city in the proportion that the original principal amount of the city's obligation bears to the original principal amount of the bonds, for the purpose of ascertaining the amount of net indebtedness of the city and the county outstanding at any time, of determining the amounts of taxes required to be assessed and collected annually by the city and the county for the bond sinking and interest fund, and of determining the amounts of income from the investment of the sinking and interest fund which are to be credited against the obligations of the city and county, respectively, and for all other purposes whatsoever. Nothing herein requires the city-county agreement to

be executed before the authorization of the bonds and the city's obligation thereon. The agreement when executed shall fix the relative contributions of the city and county to the capital cost of the building in a manner consistent with the maximum net indebtedness authorized to be incurred by each of them, respectively. If so provided in the agreement, the city may evidence its obligation by the issuance of general obligation bonds of the city and appropriate the proceeds of its bonds for expenditure in accordance with the terms of the agreement, and the amount of the county bonds may be reduced by the amount issued by the city."

SECTION 4. SCIENCE AND TECHNOLOGY PROGRAM - DATA PROCESSING SERVICES TO COUNCIL.) The office of data processing of the department of accounts and purchases, hereafter "the office", shall provide such data processing services as the council may request within the limits of the appropriations available to the council. SECTION 5. SCIENCE AND TECHNOLOGY PROGRAM - APPROPRIATION.)

These funds will be available commencing July 1, 1979, until June 30, 1981, except as provided in subsection 2 of this section.
2. Section 54-44.1-11 shall not apply to the appropriation in this section.

On page 1 of the engrossed bill, line 1, delete everything after the words "A BILL" and insert in lieu thereof the following: "for an Act to provide for the award of damages for harm caused by activities associated with the exploration for, the development, and production of oil and gas.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1. LEGISLATIVE FINDINGS.) The legislative assembly finds the following:

1. Exploration for and development of oil and gas reserves in this state interferes with the use, agricultural or otherwise, of the surface of certain land.
2. Owners of the surface estate and other persons should be justly compensated for injury to their persons or property and interference with the use of their property occasioned by oil and gas development.

SECTION 2. DEFINITIONS.) In this Act, unless the context or subject matter otherwise requires:

1. "Agricultural production" means the production of any growing grass or crop attached to the surface of the land, whether or not the grass or crop is to be sold commercially, and the production of any farm animals, whether or not the animals are to be sold commercially.
2. "Drilling operations" means the exploration for or drilling of an oil and gas well which requires entry upon the surface estate and was commenced subsequent to June 30, 1979, and the production operations ensuing therefrom.
3. "Mineral developer" means the person who acquires the mineral estate or lease for the purpose of extracting or using the minerals for nonagricultural purposes.
4. "Mineral estate" means an estate in or ownership of all or part of the minerals underlying a specified tract of land.
5. "Minerals" means oil and gas.
6. "Surface estate" means an estate in or ownership of the surface of a particular tract of land.
7. "Surface owner" means the person who has possession of the surface of the land either as an owner or as a tenant.

SECTION 3. SURFACE DAMAGE AND DISRUPTION PAYMENTS.) The mineral developer shall pay the surface owner a sum of money equal to the amount of damages sustained by the surface owner for loss of agricultural production and income, lost land value, and lost

value of improvements caused by drilling operations. The amount of damages may be determined by any formula mutually agreeable between the surface owner and the mineral developer. When determining damages, consideration shall be given to the period of time during which the loss occurs and the surface owner may elect to be paid damages in annual installments over a period of time; except that the surface owner shall be compensated for harm caused by exploration only by a single sum payment. The payments contemplated by this section shall only cover land directly affected by drilling operations. Payments under this section are intended to compensate the actual surface owner for damage and disruption; any reservation or assignment of such compensation apart from the surface estate except to a tenant of the surface estate is prohibited.

SECTION 4. NOTICE OF DRILLING OPERATIONS.) Except for exploration activities governed by chapter 38-08.1, the mineral developer shall give the surface owner written notice of the drilling operations contemplated. This notice shall be given to the record surface owner at his address as shown by the records of the county register of deeds at the time the notice is given. This notice shall sufficiently disclose the plan of work and operations to enable the surface owner to evaluate the effect of drilling operations on the surface owners use of the property.

SECTION 5. OTHER RESPONSIBILITIES OF MINERAL DEVELOPER.) The mineral developer shall be responsible for all damages to property, real or personal, resulting from the lack of ordinary care by the mineral developer.

SECTION 6. NOTIFICATION OF INJURY.) Any person, to receive compensation, shall notify the mineral developer of the damages sustained by the person within two years after the injury occurs or would become apparent to a reasonable man.

SECTION 7. AGREEMENT - OFFER OF SETTLEMENT.) Unless both parties provide otherwise by written agreement, within six days after the mineral developer receives notice of damages the mineral developer shall make a written offer of settlement to the person seeking compensation for the damages. The person seeking compensation may accept or reject any offer so made.

SECTION 8. REJECTION- LEGAL ACTION - FEES AND COSTS.) If the person seeking compensation receives a written rejection, rejects the offer of the mineral developer, or receives no reply, that person may bring an action for compensation in the court of proper jurisdiction. If the amount of compensation awarded by the court is greater than that which had been offered by the mineral developer, the court shall award the person seeking compensation reasonable attorney fees and any costs assessed by the court.

SECTION 9. APPLICATION OF ACT.) The remedies provided by this Act shall not preclude any person from seeking other remedies allowed by law."

And renumber the lines and pages accordingly.

And when so amended recommends the same do pass.

The prayer was offered by Rev. James Stenslie, Pastor, American Lutheran Church, Stanley, N.D.

Let us pray. Dear Father, those of us who are not an active part of this legislative process often find ourselves confused by what goes on here, and yet we thank You for these people who daily struggle with decisions that we have entrusted to them. Help us to support them with our prayers. Help these legislators sense Your guidance. Help us all rise above our own ignorance and narrowness to a sense of stewardship as members of Your household. Sustain these people in their long and stressful days of work on our behalf and continue to bless our state through them. In the name of Jesus, Amen.

FIFTY-THIRD DAY

Bismarck, March 19, 1979

The Senate convened at 1:00 P.M., with President Sanstead presiding.

The prayer was offered by Paula Youngdale, Lutheran Ministry, Bismarck Junior College and Mary College.

Almighty Father,

We pray that You will teach, instruct and guide us in deciding what is best for our nation, and our state.

Grant us wisdom, Lord. Help us to realize that You are the Source of wisdom. Help us to understand things as You see them, trusting that You know what's right and good. Help us to let You be God.

Grant us wisdom, Lord. Give us Strength and determination to grow into You Lord. Help us to increase in wisdom: to take responsibility for the life You have given us. Help us be good stewards of Your world, by making responsible choices. Our freedom is the ability to act responsibly and our responsibility leads to freedom.

Grant us wisdom, Lord. Bless us with the knowledge and insight, the common sense and good judgement to knowing only You hold the Truth. Grant us the ability to apply our knowledge in revealing this Truth in our daily actions and decisions.

"Happy is the nation whose God is the Lord, happy are the people He has chosen for His own." Ps. 33:12. Amen.

The roll was called and all members were present except Senators Barth, Reiten, Sandness.

STATE OF NORTH DAKOTA
 EXECUTIVE OFFICE
 BISMARCK

March 17, 1979

The Honorable Wayne G. Sanstead
 President of the Senate
 Senate Chambers
 Bismarck, North Dakota 58505

Dear Mr. President:

Senate Bill 2330 authorizes the construction of low pressure gas gathering lines across federal lands without a permit from the federal government.

The federal government has, in the past, been slow to act on gas gathering line permit applications. Furthermore, the current federal moratorium on permits pending the completion of a pipeline corridor study has caused the needless waste of natural gas by flaring at the wellhead. As chairman of the Industrial Commission, I am fully aware of this deplorable situation and of the need to save our natural gas resource at a time when energy resources are scarce. The Industrial Commission's policy is to restrict flaring of gas at the wellhead through a system of limited oil production until gas gathering systems are in place.

Thus, while I understand the reasons why Senate Bill 2330 was introduced, I object to it for the following reasons:

First, this bill will be ineffective. The federal government has full control over the management of its own lands. This legislation will have no legal force or effect on federal law or policy. The appropriate vehicle for conveying grievances to the federal government is through a resolution of the Legislative Assembly.

Second, Senate Bill 2330 states that any gas gathering lines constructed across federal lands would come under the jurisdiction of the Public Ser-

vice Commission. This creates a potential conflict with a major bill still pending before the Legislature concerning the state's siting act — Senate Bill 2233. Under present law and under Senate Bill 2233, the Public Service Commission has no jurisdiction over the laying of gas gathering lines. There are good reasons for exempting these low pressure lines from the siting act:

1. These lines are small and have minimal impact on the environment.
2. Rights of way for these pipelines cannot be acquired by eminent domain.
3. Subjecting these lines to the siting act would cause inevitable delays, potentially resulting in more gas being wasted pending the site reviews required under the act before a permit may be issued.

I do not believe the Legislative Assembly intended to subject gas gathering lines to the provisions of the siting act. However, in order to avoid the possibility of conflicting laws on gas gathering lines, I hereby veto Senate Bill 2330.

Sincerely yours,
ARTHUR A. LINK
Governor

Other Amendments

This amendment deletes Section 6 of engrossed House Bill No. 1010 relating to general fund moneys included for new positions. It also deletes Section 7 of engrossed House Bill No. 1010 since the earmarking of \$200,000 for the early childhood identification program would not be consistent with amendments to House Bill No. 1624 which delete the early childhood identification program.

The \$750,000 for the developmental disabilities program referred to in Section 7 remains in the grants line item of the Health Department appropriation.

The \$750,000 is to be available for matching up to \$1,000,000 of Title XX moneys if the additional allocation of \$2,100,000 currently proposed by the President becomes available to the Social Service Board of North Dakota.

This amendment also includes an appropriation of \$183,000 of funds to be collected by the Health Department through the issuance of permits for registration certificates for air contaminant sources to defray the costs of the air pollution control program. The amendment includes a section addressing the need for funds for the collocation of mental health and retardation centers and area social service centers during the 1979-81 biennium and includes a new section authorizing the Emergency Commission to approve special projects including the construction grants program to be administered by the Health Department.

And when so amended recommends the same do ~~pass~~.

On page 4 of the engrossed bill, after line 9, insert the following section:

"SECTION 4. APPROPRIATION.) There is hereby appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum of \$100,000.00, or so much thereof as may be necessary, for the biennium beginning July 1, 1979, and ending June 30, 1981, for the purpose of establishing a pilot program for home care and deinstitutionalization aid for the care, custody, and control of developmentally disabled persons who are retained in the home, deinstitutionalized, or may be deinstitutionalized. Under such program, the board shall, in the case of persons for whom the head of the institution has determined deinstitutionalization or continued noninstitutionalization to be appropriate, provide financial assistance to the natural parents, adoptive parents, or foster parents applying for aid under this section and qualifying under rules and regulations established by the board. Within the limits of legislative appropriation, qualifying applicants certified eligible shall receive an amount of fifty dollars, or so much thereof as may be necessary, for the basic care and training of

JOURNAL OF THE SENATE

such developmentally disabled persons for a seven-day or weekly period. Such program shall begin on January 1, 1980, after the board has developed guidelines and provided adequate time for the receipt of applications."

And renumber the lines, sections, and pages accordingly

STATEMENT OF PURPOSE OF AMENDMENT:

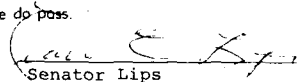

The special section appropriating \$100,000 in general fund moneys is to provide a parent deinstitutionalization aid program.

In regard to the grants, benefits, and claims line item of \$155,710,304, the committee recommends that the following programs be at the following levels:

	<u>Recommended</u>	<u>Executive Budget</u>
AFDC	\$ 29,866,400	\$ 31,003,001
Intermediate care	19,623,766	19,216,918
Nursing home care	35,227,940	34,498,187

These amounts reflect a reduction in the amount recommended by the Governor for AFDC and an increase in the amounts recommended by the Governor for intermediate care and nursing care. This change arises because of an update of estimates in these areas by the Social Service Board. The amount available for AFDC will make it possible for the Social Service Board to continue at rates recommended by the Governor; however, the caseloads at this time appear to be less than those anticipated. The amounts projected for intermediate care and nursing home care are set at 6.8 percent per year increases which are less than those recommended by the Governor. The Governor's budget included a 13 percent per year inflationary cost increase for both nursing care and intermediate care; however, because of cost increases since the Governor made his recommendation, the budget, even though it includes additional funds transferred from the AFDC program, is only adequate to provide for 6.8 percent per year increases for the next biennium.

And when so amended recommends the same do pass.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE
STATE OF NORTH DAKOTA:

SECTION 1. DECLARATION OF LEGISLATIVE INTENT.) It is hereby declared that it is the intent of the legislative assembly, as follows: It is the policy of the state of North Dakota to treat persons having tuberculosis in a communicable and contagious stage as dangerous to the health and welfare of the citizens of the state. It is also the policy of the state to declare that all cases of tuberculosis in a communicable or contagious stage should be treated in a licensed hospital, or at home if such home treatment is approved by the state health officer under the guidelines of the state health council. To this end, it is declared that isolation provisions to achieve treatment of such communicable or contagious tuberculous persons should be accomplished to the fullest extent regardless of such person's ability to pay. It is further declared that such persons with communicable or contagious tuberculosis shall be given full opportunity to enter treatment voluntarily. In order to prevent effectively the spread of this disease it is necessary that the state:

1. Further the discovery, care, supervision and treatment of persons having tuberculosis in a communicable or contagious stage.
2. Encourage the use of all available public and private facilities to that end.
3. Regard this tuberculosis program as one of public health and one to be dealt with according to public health requirements rather than those of indigency.

SECTION 2. CARE AND TREATMENT OF TUBERCULOSIS PATIENTS OR SUSPECTS PROVIDED WITHOUT CHARGE BY STATE.) Care and treatment provided by the state of North Dakota for persons suffering from tuberculosis, including diagnosis, tests, studies, and analyses for the discovery of tuberculosis shall be available without cost or charge to anyone who is suffering from tuberculosis or is suspected of having tuberculosis. Any such person who volunteers to assume and pay for the cost of such care and treatment or for the cost of such diagnosis, test, studies or analyses shall be permitted to do so; but no state, county or other public official shall request or require such payment or make or cause to be made any inquiry or investigation for the purpose of determining the ability of such person or of his legally responsible relatives to pay therefor. This section shall in no way

bar freedom of the individual to seek treatment from a physician or in an institution of his choice at his own expense.

SECTION 3. STATE HAS PRIOR CLAIM ON PATIENT BENEFITS.) Notwithstanding any provision in this chapter contained, the state of North Dakota shall have prior claim on benefits accruing to patients for care and treatment of tuberculosis including diagnosis, tests, studies, and analyses under entitlement by the federal government, medical or hospital insurance contracts, workmen's compensation or the medical care and disability provisions of programs under the supervision of the social service board of North Dakota.

SECTION 4. STATE HEALTH OFFICER - DESIGNEE - RESPONSIBILITY.) The state health officer or his designee, under the guidelines of the state health council, is responsible for the inpatient and outpatient care of persons afflicted or suspected of being afflicted with tuberculosis. If the state health officer determines that suspected or actual tuberculous patients may be adequately cared for on an inpatient basis by contract basis with general hospitals, authority for contracting with such hospitals is granted to the state health officer. In addition, the state health officer is authorized to establish and maintain the necessary outpatient clinics for diagnostic workup and evaluation on all suspected or actual tuberculous patients in the state. The state health officer shall pay the contract fee to general hospitals and provide funds to the outpatient evaluation clinics from funds to be appropriated for this purpose by the legislative assembly. The state's claim on patient benefits as provided in section 3 shall apply insofar as applicable to tuberculous patients in general hospitals and for services rendered in outpatient clinics. The state health officer or his designee, under the guidelines of the state health council, shall have the power to:

1. Do any act necessary and proper in the performance of the functions imposed upon the state health officer by the provisions of this chapter.
2. Issue orders and compel obedience thereto.
3. Administer oaths.

SECTION 5. REPORT, CUSTODY, OF PERSONS.) Upon report to, or receipt of information by the state health officer or any physician in the state that any person is afflicted with tuberculosis and, as a source of infection endangers other persons, such report shall be made to the state health officer. Upon receipt of such information by the state health officer it shall be investigated and, if convinced that an active case of infectious tuberculosis endangering other persons exists, the state health officer shall request such person voluntarily to seek appropriate care and treatment. If such person refuses to accept voluntary care and treatment, the state health officer, under the guidelines of the state health council, is authorized to issue an order for care and treatment as is determined by the state health officer. If the state health officer's order is ignored, the state health officer, under the guidelines of the state health council, may issue an order to be served by the sheriff or any constable of the county where the alleged tubercular person resides to compel the attendance of the alleged tubercular person and may provide for suitable housing and care of such person until the alleged tubercular person is further investigated. The state health officer or his designee, under the guidelines of the state health council, shall hear all relevant

testimony for or against the order and the examination and hearing on the order shall be in the presence of the alleged tubercular person. Any citizen of this state and any relative of the alleged tubercular person may appeal and resist the order and the parties may be represented by counsel.

SECTION 6. PHYSICIAN'S EXAMINATION - FINDINGS - ORDER.) The state health officer, under the guidelines of the state health council, may appoint a practicing physician to make a personal examination of the alleged tubercular person and to make such thorough investigation of his condition as will enable the state health officer to determine whether or not such person has active, infectious tuberculosis and is dangerous to the public health. As soon as practical after the return of the physician's statement to the state health officer, the state health officer shall conclude his investigation and make his determination. If the state health officer finds that the alleged tubercular person does not have active, infectious tuberculosis and is not dangerous to public health he shall make an order dismissing the case. If the state health officer, under the guidelines of the state health council, finds that the person does have active, infectious tuberculosis and is dangerous to public health he shall issue his order which shall:

1. State his findings that such person does have active, infectious tuberculosis and is dangerous to public health; and shall
2. Authorize the medical facility specified in the order to receive and keep such person in its facility for necessary and appropriate care, treatment, quarantine, and isolation.

SECTION 7. SHERIFF'S EXECUTION OF STATE HEALTH OFFICER'S ORDER.) The order of the state health officer, in duplicate, together with the findings of the physician and the findings of the state health officer shall be delivered to the sheriff who shall execute the same by conveying the person named therein to the medical facility specified in the order and delivering him together with the findings of the physician and the state health officer's findings and the duplicate of the order to the person in charge of such medical facility. The person in charge, over his official signature, shall acknowledge the delivery on the original order and the sheriff shall return the order to the state health officer. Return to the state health officer may be by certified mail. The sheriff shall be allowed reasonable travel expenses, paid by the county, in the same manner and at the same rate as the expenses of other county officials are paid.

SECTION 8. APPEAL TO DISTRICT COURT - HABEAS CORPUS - HEARING.) An appeal from an order of the state health officer authorizing a specified medical facility to receive a person in his custody for care, treatment, quarantine and isolation may be taken to the district court of the county in the manner provided in chapter 28-32. In such a proceeding, the state's attorney of the county wherein the appeal is taken, without additional compensation, shall represent the state health officer. The clerk of court of the county in which the appeal is taken shall notify the state's attorney of the filing of such appeal. All persons placed in the custody of the state health officer under the provisions of this chapter for care, treatment, quarantine and isolation shall be entitled to the benefit of the writ of habeas corpus and a determination as to whether a person in such custody has active, infectious tuberculosis and is dangerous to public health shall be made at the hearing. If the court

shall decide that the person does have active, infectious tuberculosis and is dangerous to public health, such decision shall not preclude a subsequent application for a writ or the issuing of a writ upon a subsequent application, if it shall be alleged that such person shall have been restored to health.

SECTION 9. DISCHARGE - RELEASE.) All orders of the state health officer authorizing the reception and retention in custody for care, treatment, quarantine and isolation of persons having active and infectious tuberculosis endangering public health shall be effective only during the continuation of such condition and any person who is cured shall be discharged immediately from custody. Such discharge shall be made by the state health officer or his designee, under the guidelines of the state health council. The person in charge of a medical facility may also release any person admitted to the medical facility under the provisions of this chapter at such times and under such conditions as deemed advisable after consultation with the state health officer or his designee.

SECTION 10. LIABILITY OF OFFICERS.) The order of the state health officer authorizing the admission of any person to the custody of a medical facility and the reception and detention of such person at such medical facility as a patient, accompanied by the state health officer's findings as provided in this chapter shall protect the state health officer or his designee and the other personnel of the medical facility from all liability, civil or criminal, on account of the reception and detention of such person therein. Such detention, however, shall be in accordance with the laws and bylaws regulating the management of the medical facility.

SECTION 11. EXCEPTION - QUARANTINE.) Any person who shall observe quarantine regulations as established by the state health officer, under the guidelines of the state health council, shall not be subject to confinement under the provisions of this chapter.

SECTION 12. TUBERCULAR INDIAN JURISDICTION.) Nothing in this chapter shall require the admission of an enrolled Indian, resident on any reservation in this state, to any off-reservation institution except upon written request and authorization of the superintendent of the reservation on which said Indian is enrolled. However, in the public interest and with the objective of eradication of tuberculosis in the state of North Dakota, an Indian with active infectious tuberculosis off any reservation shall be subject to this chapter. It shall be the responsibility of the Indian Affairs Commission pursuant to the commission's powers and duties, stated in section 54-36-03, to work closely with the tribal councils and other reservation officials to adopt any agreements found necessary in assisting the state health officer in carrying out his responsibilities under this chapter so that all residents of this state will benefit, and eradication of tuberculosis in North Dakota can be achieved.

SECTION 13. CARE OF TUBERCULAR PATIENTS - ACCEPTANCE OF FEDERAL FUNDS - GENERAL HOSPITAL.) The state health officer, or his designee, under the guidelines of the state health council, is hereby authorized to contract with public or private agencies for the care of tubercular patients. The state health officer is hereby authorized to accept any federal funds or to enter into any federal programs on behalf of tubercular patients in North Dakota. The state health officer may, under the guidelines of the state health council, also utilize general hospitals in the placement of recalcitrant tuberculous patients.

SECTION 14.) A new section to chapter 25-04 of the North Dakota Century Code is hereby created and enacted to read as follows:

BIENNIAL REPORT - ASSISTANT SUPERINTENDENT.) The assistant superintendent of San Haven shall submit to the superintendent a biennial report including the number and type of resident being served and the conditions and needs of the institution and any other information which the director of institutions may require. The superintendent upon his review of the report will submit it to the director of institutions who shall include it in his required biennial report. The director may authorize the printing of copies of the separate report of such institution not exceeding one thousand in number. The charges for the printing of such separate copies shall be paid in the same manner as payment is made for printing reports of the various departments of the state.

SECTION 15. AMENDMENT.) Subsection 5 of section 25-01-01 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

5. "State school" shall mean the Grafton state school and ~~such portion of the state institution at San Haven that is designated for the care of the mentally deficient~~ San Haven.

The Senate convened at 9:00 A.M., with President Sanstead presiding.

The prayer was offered by Rev. Chuck Hill, United Church of Christ, Bismarck.

Father, we stand now on the downward side of the task assigned and the time allowed for its completion. We ask the blessing of Thy Holy Spirit upon these so engaged. Grant to them a sense of having done Thy Will in the decisions made and the legislation enacted. Having completed the task at hand may we be able to turn our attention to preparation of the land for the approaching seed time. Hearing the voice of the meadow lark in our land may we rejoice in the constancy of Thy time and our place in it. May Thy protecting providence be about these Thy servants as they return home to their loved ones. In Christ name we pray. Amen.

POINTS OF PERSONAL PRIVILEGE

Senator Smykowski: Mr. President, I rise on a point of personal privilege. I think the Senator from District 17 did an outstanding job of carrying that total amount of amendments and the bill on the floor. He did make a comment that he liked to play blackjack frequently and nearly all the time lost and I think it should be pointed out to the members of the Senate — "Thank Goodness he's a school teacher so he gets a monthly check so he can keep on playing and continue to lose."

Senator Holmberg: I gave up playing blackjack when the Attorney General cracked down a number of years ago and prior to that I always lost.

House Bill No. 1066 was declared lost.

Senator Sands moved that the vote by which House Bill No. 1066 was lost be reconsidered and the motion to reconsider be laid on the table.

POINT OF PERSONAL PRIVILEGE

Senator Lashkowitz: Mr. President, I rise on a point of personal privilege. Well, Mr. President, members of the Senate, I rise against the clincher motion because I think we are legislating in the heat of passion, rather than on careful reflection. I realize that in the flush of victory you want to exult, but I think it's wise to reflect, perhaps overnight, as to whether you want to live with this decision because there's been misinformation disseminating in these chambers and I think it's well that we

each go home tonight, do our respective homework and legislate as responsibly as we can so that we can live with the final results. Thank you.

Senator Sands moved that the vote by which House Bill No. 1066 was lost be reconsidered and the motion to reconsider be laid on the table, which motion prevailed on a division vote.

Senator Nething moved that the Senate stand in recess for fifteen minutes, which motion prevailed.

The Senate reconvened with President Sanstead presiding.

The legislative council shall appoint a committee comprised of the chairman of the legislative council, the director of the state parks and recreation department, and such other members as the legislative council may determine, to review the contract for the purchase of the veterans memorial state park and make written findings concerning the interests of the state in the purchase of the land. The chairman of the legislative council shall serve as chairman of the contract review committee and the committee shall meet as necessary at the call of the chairman prior to the purchase of the veterans memorial state park. The appropriation in section 1 of this Act is contingent upon the approval of the contract by the committee. The committee shall report its findings to

the budget section of the legislative council. Upon certification of the contents of the purchase contract and approval by the budget section, the parks and recreation department may purchase the lands. The legislative assembly shall have full, exclusive, and continuing authority to determine the use of all the property included in the land purchase."

EXPLANATION OF VOTE

Senator Wenstrom: Mr. President, I rise to explain my vote. On the proposed original amendments as offered by the Minority Leader, I voted "red" on them, and I doubt I've had a decision that was more difficult to make in the time I've been here than to vote "red" on that particular bill. I think you members of the Senate know that I was a sponsor of Senate Bill No. 2373 that provided matching funds for the mill levies. You will also recall that we tried to reconsider that measure and that was denied. Here today I had an opportunity to have this bill back on a live piece of legislation and because I deemed that this was against the rules of the Senate that this particular amendment was out of order, I had to go along with my conscience and vote "red".

Senator Cussons moved that the Senate reconsider the action by which House Bill No. 1438 passed, which motion prevailed.

Senator Cussons moved that House Bill No. 1438 be laid over one legislative day, which motion prevailed.

STATEMENT OF PURPOSE OF AMENDMENT:

This amendment deletes the provisions for a federal aid coordinator. It provides for separate appropriations for the Office of Energy Management, Office of Economic Opportunity, State Planning Division, Natural Resources Council, and the Special Projects Coordinator. The total salaries and wages appropriations for all of these agencies is reduced \$232,000, of which \$118,908 is from the general fund and \$113,092 is from federal funds, from the amounts recommended in the executive budget to reduce the number of positions. Salaries and wages is reduced by 14.4 percent in each of the agency's appropriations from the amount recommended in the executive budget. Originally, this was anticipated to be a reduction of eight positions in total for all five agencies when they were consolidated in an office of federal aid coordinator. The amendment provides a total general fund appropriation for all these agencies of \$500,000.

EXPLANATION OF VOTE

Senator Tennefos: I rise to explain my vote on Senator Naaden's amendment on the cigarette tax. Mr. President, members of the Assembly, I, as one of the members of this body don't smoke, so it wouldn't affect me so I could vote either way. However, number 2, is that I think that would have been a very important amendment in my mind, as we would have been providing funds to develop programs with. I think one of the things that we do out here constantly is to work with unknowns, and one of those unknowns is that estimate that we are always getting, that is why I asked a question early today, do we really know we have 11,000,000 dollars. Do we really know that, is it an estimate? When you work with estimates, you can really get into a lot of trouble. Senator Naaden's was not an estimate, it was a matter of what the cigarette tax has developed and I thought it was a good idea and that is why I voted in favor of that amendment, it would have provided that money and it wouldn't have been a guessing game, it would have been what we were actually going to have.

Senator Lips moved that House Bill No. 1385 be amended as follows:

PRESENTATION OF PETITIONS AND COMMUNICATIONS
 State of North Dakota
 EXECUTIVE OFFICE
 BISMARCK

The Honorable Wayne G. Sanstead
 President of the Senate
 Senate Chambers
 Bismarck, North Dakota 58505

Dear Mr. President:

Senate Bill 2092 allows creditors to collect a late payment service charge in the amount of 1½% per month (18% per year) on overdue accounts. This is not legal under present law. Current law only permits creditors to collect interest or service charges if they are agreed to in a written contract by the debtor.

At the outset, it should be made clear that this legislation will have no effect on retail sales installment contracts. Whenever a consumer purchases goods or services on an installment basis, he or she must sign a contract for the interest and service charges that are added to the price of the goods or services. This would remain in the case under Senate Bill 2092.

Senate Bill 2092 would affect debts for goods or services where the consumer has not agreed to pay for interest or service charges. Generally, these debts are for necessities and are involuntarily rather than voluntarily incurred. The most common types of debts that this bill applies to are medical, hospital, and fuel bills.

This bill permits creditors to charge interest at the rate of 18% per year by calling it a "service charge" or "late payment" charge. I submit there is no relationship between the creditor's actual cost of carrying an overdue account and the 18% carrying charge contained in this bill. For example, a hospital bill of \$5,000 is not at all unusual today. If a person fell behind in making payments on a hospital bill, the creditor could, from the thirty-first day after the obligation became due, begin charging monthly "service charges" of \$75 (\$900 in a year). Many families would be hard-pressed to pay that service charge alone and would be literally unable to reduce the principal of the debt. This legislation would have the undesirable result of forcing many families who are struggling to pay large medical bills into bankruptcy.

It is apparent that the people who will be hardest hit by this legislation are those who can ill-afford the cost of additional interest on their involuntary debts. It is those who are on fixed or low incomes who are least able to afford the kind of medical insurance that would protect them from large medical and hospital bills.

Because I cannot support legislation that treads most heavily on those with limited resources, I veto Senate Bill 2092.

Sincerely yours,
 ARTHUR A. LINK
 Governor

Every high school district shall receive at least as much in total payments as it would have received if it had the highest number of pupils in the next lower category. BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1. FINDINGS AND DECLARATION OF POLICY.)

It is hereby found and declared by the legislative assembly that many areas and localities do not enjoy safe drinking water, and that in many such areas and localities the water contains iron, sulfates, alkali, salt, nitrates, and other hazardous and discoloring substances, and that other areas and localities do not have sufficient quantities of water to ensure a dependable, long-term supply. It is further found and declared that supplementation of the water resources of the city of Dickinson and other governmental entities with water supplies from the Missouri River, utilizing a pipeline transmission and delivery system, is a potentially feasible approach to provide the city of Dickinson and other governmental entities with a safe and dependable source of water. It is therefore declared to be in the best interest of the people of the city of Dickinson and other governmental entities to exercise the sovereign power of the state by providing a means for the establishment of the west river water supply district to further investigate and develop a pipeline transmission and delivery system for purposes including, but not limited to, domestic, rural water districts, municipal, livestock, irrigation, light industrial, mining, recreational, fish and wildlife, and pollution abatement uses which will result in the best use of such waters and related land resources, with primary emphasis on domestic, rural water district, and municipal uses.

SECTION 2. DEFINITIONS.) In this chapter, unless the context or subject matter requires otherwise:

1. "Board" means the board of directors of the west river water supply district.
2. "District" means the west river water supply district.
3. "Works" shall include:
 - a. All property rights, easements, and franchises relating thereto and deemed necessary or convenient for their operation.

JOURNAL OF THE SENATE

5. "Governmental entity" means any city, county, portion of any county, organized township, or other political subdivision.

SECTION 3. CREATION OF DISTRICT BY ELECTION - SECRETARY OF STATE TO CERTIFY RESULT - DISTRICT TO BE CORPORATE AGENCY OF STATE.) A vote upon the question of the creation of the district and authorization of a mill levy may be held in the first election in the city of Dickinson and any other governmental entity, following the effective date of this Act. The election results shall be determined in the manner provided by section 40-21-12, and shall also be certified to the secretary of state. The secretary of state shall receive, record, and maintain the certification of the result of the election in the manner provided by section 16-13-26. The district shall be established by a sixty percent majority of the votes cast in each governmental entity in favor of the creation of the district. Upon the determination of the secretary of state that the district has been created in accordance with law, he shall certify that fact to the governmental entities within the district. If so created, the district shall be a corporate agency of this state, a body politic and corporate with the authority to exercise the powers specified in this Act, including the power to certify a mill levy as provided by section 8 of this Act, and an administrative agency within the meaning of chapter 28-32.

Laws applicable to elections generally and not inconsistent with this section shall govern the elections required by this section.

SECTION 4. BOARD OF DIRECTORS - OFFICERS - MEETINGS - COMPENSATION.) The district shall be governed by a board of directors who shall be chosen in accordance with the provisions of this Act. The board shall elect annually from its membership a chairman, vice chairman, and secretary. A majority of the members shall constitute a quorum for the purpose of conducting the business of the board. The board shall meet at the time and place designated by the secretary. Board members shall receive compensation in the amount provided for by subsection 1 of section 54-35-10, and shall be reimbursed for their mileage and expenses in the amount provided for by sections 44-08-04 and 54-06-09.

SECTION 5. APPOINTMENT OF DIRECTORS - TERM OF OFFICE.) Within thirty days of the creation of the district, the governing bodies of the governmental entities within the district shall each appoint a director who shall be a resident and elector of the governmental entity from which he is appointed. Each governmental entity shall be represented by one director, provided that in no case shall any county within the district have more than one representative on the board of directors of the district, except for Stark County whose representation shall include two directors from the city of Dickinson and one director representing Stark County, provided that Dickinson and Stark County are members of the district. An appointee from the state water commission shall serve as a board member temporarily until the time that the board shall be comprised of no less than three directors as defined in section 5 of this Act. The first governmental entity of any county within the district electing to be a part of the district shall be entitled to a representative on the board of directors until such time as the county elects to become a part of the district. If a county elects to become a part of the district, the other governmental entity representative of that county shall serve until the end of that term as director, at which time the county shall be entitled to elect a single member on the

board of directors to represent that county and all governmental entities within that county which are members of the district, except that Stark County shall be represented as set out above. Directors so appointed shall serve in the manner provided by section 3 of this Act and shall hold office until a successor has been duly elected and qualified.

SECTION 6. ELECTION OF DIRECTORS - TERM OF OFFICE - VACANCY.) In 1980, and thereafter, a director of the district shall be nominated and elected in each governmental entity within the district in the same manner as city or county officers are nominated and elected.

One-half of the members of the board of directors elected in 1980 shall hold office for a term of two years, and one-half of the members of the board of directors elected in 1980 shall hold office for a term of four years.

Directors elected after 1980 shall each serve for a term of four years. In the event the office of any district director shall become vacant by reason of removal from a governmental entity, death, resignation, or otherwise, the vacancy shall be filled by appointment of the governing body of the governmental entity in which the vacancy occurs. A director so appointed shall be an elector and a resident of the governmental entity from which he is appointed and shall serve only for the unexpired term.

SECTION 7. POWERS AND DUTIES OF THE BOARD.) The district board of directors may exercise the following powers and shall have the following duties:

1. To sue and be sued in the name of the district.
2. To accept funds, property, and services or other assistance, financial or otherwise, from federal, state, and other public or private sources for the purpose of aiding and promoting the construction, maintenance, and operation of the west river water supply district, or any part thereof.
3. To cooperate and contract with the state of North Dakota, its agencies and political subdivisions, and any agency of the United States, in investigation and the establishment, construction, development, of operation of the west river water supply district, or any part thereof.

5. To appoint and, within the limits of legislative appropriations, fix the compensation of, such employees as the board shall deem necessary to conduct the business and affairs of the district.
6. To contract for supplies of water from the United States, any department or agency thereof, the state of North Dakota, any

JOURNAL OF THE SENATE

department or agency thereof, or any rural water association; and to sell, lease, and otherwise to furnish any such water for beneficial use.

7. To levy a tax, in 1980 and thereafter, of not to exceed one mill annually on each dollar of taxable property in those governmental entities creating a district pursuant to section 3 of this Act, for the payment of the expenses of the district, including but not limited to per diem, mileage, and other expenses of directors; technical, administrative, clerical, operating, and other expenses of the district office, and for the cumulation of a continuing fund through such levy for the performance of obligations entered into with the United States of America, the state of North Dakota, or any political subdivision or other person. All moneys collected pursuant to such levy shall be deposited in the Bank of North Dakota to the credit of the district and shall be disbursed only as provided herein.
8. To exercise all powers for, or incidental to, the achievement of the purposes and objectives of this Act.

SECTION 8. DISTRICT BUDGET - CERTIFICATION OF MILL LEVY - LIMITATIONS.) The board of directors of the district shall, upon the organization of the board in 1980, and in July of each year thereafter, estimate the expenses and obligations of the district, including, but not limited to, expenses of the directors, expenses of operating and maintaining the offices of the district, and other administrative expenses. The board of directors may include in the budget estimates of funds deemed necessary to create a reserve fund to meet future payments of obligations incurred by the district. Upon the completion and adoption of the budget, the board shall determine a mill levy for each governmental entity within the district in an amount sufficient to meet the expenses of the budget. The mill levy may be in differing amounts for each governmental entity and shall be based upon the benefit to be gained by such governmental entities from the project for which the assessment is made, but in no event shall the mill levy for any governmental entity exceed one mill. The determination of the mill levy shall be in the form of a resolution adopted by a majority vote of the members of the board.

SECTION 9. BOARD TO CERTIFY MILL LEVY TO CITY AUDITORS, COUNTY AUDITORS, AND STATE TAX COMMISSIONER.) Upon the adoption of the annual mill levy by the board of directors, but no later than October first, the secretary of the board shall send one certified copy of the appropriate mill levy to the city auditor of every member city within the district, and shall send to the county auditor one copy of the mill levy for each governmental entity within the county which is a member of the district. Copies of all such documents shall be sent to the state tax commissioner.

SECTION 10. CITY AUDITORS AND COUNTY AUDITORS TO EXTEND TAX LEVY.) The city auditor of each member city and county auditor of each county within the district, to whom a mill levy is certified in accordance with this chapter, shall extend the levy upon the tax lists for the current year against each description of real property and all personal property within the governmental entities, as defined for the purposes of this Act, in the same manner and with the same effect as other taxes are extended.

SECTION 11. COUNTY OR CITY TREASURER TO COLLECT AND REMIT DISTRICT TAXES - DISTRICT FUND ESTABLISHED - NONREVERTER - DISBURSEMENTS.) The treasurer of each city or county within the district to which a mill levy has been certified shall collect the district taxes, together with interest and penalty thereon, if any, in the same manner as the general taxes are collected, and shall pay over to the treasurer of the district, on demand, all taxes, interest, and penalties so collected, and shall forthwith notify the secretary of the district of such payment. Expenditures shall be made by the board of directors upon vouchers signed by the chairman of the board.

SECTION 12. PROCEEDINGS TO CONFIRM CONTRACT.) The board of directors of the district, after entering into a contract with the United States government, the state of North Dakota, or with any public corporation of the state of North Dakota, may commence a special proceeding in and by which the proceedings of the board and the making of such contract, or contracts, shall be judicially examined, approved, and confirmed, or disapproved and disaffirmed. Such proceeding shall comply as nearly as possible with the procedure required in the case of irrigation districts under the laws of North Dakota.

SECTION 13. TERMINATION OF DISTRICT.) Upon the vote of a majority of the directors of the board, the district shall cease to exist from and after the thirty-first day of December following the vote, subject to the payment of any obligations entered into prior to such vote. After all obligations of the district have been paid, the board of directors shall certify such fact to the city or county auditor of each of the cities or counties within the district and shall proceed to liquidate the assets of the district in such a manner as the board shall deem in the best interests of the district. Following liquidation, the board shall return to each governmental entity its pro rata share of any moneys remaining in the district treasury. The pro rata share shall be equal to the proportion that such governmental entity's total contribution to the district bears to the total contribution of all governmental entities to the district.

SECTION 14. ADDITION OF OTHER GOVERNMENTAL ENTITY TO DISTRICT.) Upon filing with the county commission a petition containing the signatures of ten percent of the eligible electors residing in the governmental entity, voters within that governmental entity may join the district upon a favorable vote of sixty percent majority of the eligible electors residing therein, exclusive of any cities within the entity, provided that the governing body's application for membership be approved by the board of directors of the district. The county auditor of each county shall certify the results of the election to the secretary of state in the manner provided by section 16-13-24. The board of directors, as a condition of approval of such application, may require the levy of such taxes within said governmental entity as may be equitable to equalize the burden of such governmental entity with the obligations paid or assumed by the other governmental entities in the district. Such governmental entity is hereby authorized to levy such taxes as may be necessary to carry out its part of the agreement for becoming a part of the district, which levy shall be in addition to the amount which may otherwise be legally levied by that governmental entity.

SECTION 15. LIMITATIONS.) The provisions of this Act shall not be construed to limit the rights, powers, or duties of any state department or agency, or of any political subdivision. Nor shall any of the provisions

of this Act be construed as limiting or in any way affecting the laws of this state relating to organization and maintenance of water management districts, park districts, or irrigation districts, or any other legal entity found wholly or partly within the boundaries of the west river water supply district.

SECTION 16. APPROPRIATION.) There is hereby appropriated out of any moneys in the lands and mineral trust fund in the state treasury, not otherwise appropriated, the sum of \$40,000.00, or so much thereof as may be necessary, to the state water commission for the purpose of assisting the west river water supply district in carrying out the provisions of the Act for the biennium beginning July 1, 1979, and ending June 30, 1981.
