POINT OF PERSONAL PRIVILEGE

Senator Lashkowitz: Mr. President, I rise on a point of personal privilege.

The proposed Federal Constitutional Convention has been before this legislature several times earlier in the session. Each time it was brought up in connection with one issue as its sole basis for being called. In each instance, the issue was one in response to an accumulation of understandable frustrations. However, I felt that it was my duty to oppose the call-

ing of a federal constitutional convention no matter how worthy the issues giving rise to such a request, in view of the high risks involved in such a procedure.

It is gratifying to note that there is a growing awareness that the mechanism of a federal constitutional convention might well be a political time bomb capable of detonating in all directions with unparalleled political chaos, confusion and uncertainty in its wake.

I am pleased to commend for the attention of each member of this legislature, a thoughtful and well reasoned editorial in the Fargo Forum on Saturday, March 17, 1979 entitled "Constitutional Convention for Nation Would Unleash Rough, Tough Politics."

The Forum editorial states the case very well and I urge that each member of this Assembly read the Forum editorial which I have placed on your desks.

POINT OF PERSONAL PRIVILEGE

Senator Naaden: Mr. President, I rise on a point of personal privilege. I would like to urge the members of the Senate to read the chapter of the constitution that refers specifically to the states calling a constitutional convention. I realize that this has never been done since the first one was called but if you read the editorials and see the activity that has been generated over North Dakota and other states asking for a constitutional convention, you can realize this is a planned effort by some people to discourage the states from calling a constitutional revision. I would say that the Congress never will adopt the rules and regulations for a constitutional convention until they have to. When they have to, they will adopt those rules. If the good Senator from the 21st district would read the report of the American Bar Association he would find that Congress has the duty and the right to adopt those rules and regulations that would regulate a constitutional convention. That constitution was written for all of us. That is a provision of the constitution, to call a constitutional convention and it is not our duty to set up those rules and regulations, that is the duty of Congress to do that. Someday, and it might be sooner than everybody thinks, they are going to be forced to write those rules and regulations and the sooner we can get at that, the better off we all will be.

Dear Mr. President:

This letter is to inform you that on March 23, 1979, I signed Senate Bill 2446.

Sincerely yours,
ARTHUR A. LINK
Governor

STATE OF NORTH DAKOTA
EXECUTIVE OFFICE
BISMARCK

The Honorable Wayne G. Sanstead
President of the Senate
Senate Chambers
Bismarck, North Dakota 58505

Dear Mr. President:

Senate Bill 2371 amends section 52-06-36 of the North Dakota Century Code by establishing additional criteria for determining "suitable work" for purposes of eligibility for unemployment compensation benefits.

Under the provisions of the present North Dakota Unemployment Compensation Law, an individual is disqualified from benefits for failing to accept or to apply for suitable employment without good cause. Present law provides a number of factors which are to be considered in determining suitability of work. These factors include the degree of risk involved to an individual's health, safety, and morals, the physical fitness and prior training of the individual, the experience and prior earnings of the individual, the length of unemployment of the individual, the individual's prospects of obtaining work in his customary occupation, and the distance of available work from the residence of the individual.

The existing provisions of the North Dakota Unemployment Compensation Law allow for a fair and reasonable determination to be made as to whether work is suitable based upon an examination of the facts and circumstances of each case. Senate Bill 2371 provides that work is to be deemed suitable if net earnings available after payroll tax deductions are at least equal to 75% of the individual's average weekly wage in the individual's last base period quarter and in no event less than minimum wage. The definition of "suitable work", as set forth in Senate Bill 2371, is inflexible and does not allow for the application of pertinent factors necessary to make a fair and reasonable determination as to whether or not work is suitable.

There are two types of problems which are created by Senate Bill 2371, administrative and conceptual. The administrative problems created by Senate Bill 2371 arise from the language which refers to the individual's average weekly wage in the individual's last base period quarter. Senate

Bill 2371 does not specify how the individual's weekly wage is to be determined, nor does it specify what is to be done in the event that an individual does not have any earnings during the last quarter of the individual's base period. Even if an individual does have earnings during the last quarter of the base period, these earnings may not be representative of the individual's earnings during his base period. Additionally, on each claim the employer who paid the wages in the last base period quarter would have to be contacted to verify average weekly wages. This would be an administratively cumbersome process.

The conceptual problems created by Senate Bill 2371 concern two areas. First, in some instances, Senate Bill 2371 would make the law more liberal than it is in its present form. A good example would be the situation where an individual moved to North Dakota from a highly industrialized state where wages are generally higher than they are in North Dakota. Under present law, this individual would be required to accept the prevailing wage for similar employment in North Dakota in order to be eligible for unemployment compensation benefits. Senate Bill 2371 would allow this type of individual to hold out for a higher wage than the prevailing wage in North Dakota.

Another conceptual problem in the bill is that it would promote extensive inconsistency in the administration of the Unemployment Compensation Program. This inconsistency would be caused by the reference to net earnings after payroll tax deductions, in determining suitability of work. Since an individual has flexibility in determining the number of exemptions he claims for payroll tax deductions, situations would arise in which two individuals had the same number of dependents but each individual claimed a different number of exemptions for purposes of payroll tax deductions. In these situations, work which would be considered suitable for one individual might not be considered suitable for another individual even though both individuals have the same number of dependents. This type of inconsistency is totally unacceptable, and would not promote a fair and proper administration of the Unemployment Compensation Program.

In the operation of the Unemployment Compensation Program, the issue of suitability of work has been administered without difficulty over the years. In fiscal year 1978, 262 claimants were disqualified for refusal to accept or to apply for suitable work. The issue of what is suitable work is a very complex question which should have a great deal of study before undergoing legislative change.

Consequently, I will direct the North Dakota Employment Security Bureau, through its staff and advisory council, to study the issue of suitability of work to determine if there are any problems in this area and to develop proposed solutions in the event that any problems are discovered.

The changes in the Unemployment Compensation Law provided in Senate Bill 2371 are unworkable and not justified. Therefore, I veto Senate Bill 2371.

Sincerely yours,
ARTHUR A. LINK
Governor

Bismarck, March 26, 1979

The Senate convened at 9:00 A.M., with President Sanstead presiding.

The prayer was offered by Rev. Paul Krohn, Shepherd of the Valley Church, Bismarck.

Dear Heavenly Father, You are the Creator of all things. You have given us all the things that are necessary for our lives here on earth. Particularly, have You given us a land which is rich beyond measure. You have blessed us with the fruits of the field, with educational systems which have no equal, with industrial power, with religious freedom, with other countless blessings.

These things you have entrusted to us to use for our good and to Your honor. Help us always to be good stewards of what You have bestowed upon us. Keep us from seeking our own interests; show us the blessedness of sharing with others.

As leaders of our great state keep us honest and sincere in our deliberations. Help us to keep our goals of serving our people uppermost in mind. Give us the wisdom that we need to see the solutions to our difficulties. Above all instill in us the love which You require of us in loving our neighbor as ourself. Be with us today and grant us success. In Jesus, our Savior's Name, Amen.

PRESENTATION OF
PETITIONS AND COMMUNICATIONS
STATE OF NORTH DAKOTA
EXECUTIVE OFFICE
BISMARCK

The Honorable Wayne G. Sanstead
President of the Senate
Senate Chambers
Bismarck, North Dakota 58505

Dear Mr. President:

Senate Bill 2070 restricts the issuance of bonds under the Municipal Industrial Development Act (chapter 40-57, N.D.C.C.) for financing retail enterprises in municipalities having a population over 7,500. The bill also repeals the section of existing law which permits MIDA bond financing for "any other industry or business not prohibited by the Constitution or laws of the state of North Dakota." (Section 40-57-02(6), N.D.C.C.)

Under current law, the governing body of the municipality is permitted to authorize the issuance of MIDA bonds for whatever projects are deemed necessary or desirable for the community.

I recently signed into law Senate Bills 2068 and 2069, which are intended to address some of the problems surrounding the issuance of bonds under the Municipal Industrial Development Act.

Elected officials in the communities of North Dakota should have the responsibility and the right to make independent decisions on the industries and enterprises which would be beneficial or detrimental to their communities. Senate Bill 2070 deprives these officials of that part of our governmental process.

Therefore, I veto Senate Bill 2070.

Sincerely yours,
ARTHUR A. LINK
Governor

STATE OF NORTH DAKOTA
EXECUTIVE OFFICE
BISMARCK

The Honorable Wayne G. Sanstead
President of the Senate
Senate Chambers
Bismarck, North Dakota 58505

Dear Mr. President:

Senate Bill 2160 would tax an unemployed worker's insurance benefits when his or her gross income reaches \$12,000 a year.

This bill would place an undue financial burden on seasonally unemployed workers in North Dakota. The formula for determining the weekly benefits awards approximately one-half of the worker's former wage. This benefit amount is barely sufficient to maintain the worker until he or she can return to work. To tax these minimum benefits when a worker is living on an income that is meant to substitute his or her normal wage is unjustified.

Unemployment insurance benefits have always been regarded as insurance benefits and are not awarded on the basis of means. This bill violates that concept. The taxing of unemployment insurance benefits will create more pressure for higher benefit payments and wages on the part of workers, and to pay higher benefits will accomplish nothing more than transferring payments from one tax fund into another.

The Congress of the United States, after intensive study, set the gross income requirements at \$20,000 for a single taxpayer, and \$25,000 for a couple filing a joint tax return before taxing unemployment insurance benefits. The National Commission on Unemployment Insurance, after a year of study and hearings throughout the United States, has strongly recommended to the Congress of the United States that the Federal Tax Act be repealed.

Senate Bill 2484 would provide conformance of North Dakota's tax law to Public Law 95-600, which includes the taxation of unemployment insurance benefits after the worker's wages reach \$20,000 and \$25,000 respectively. This conformity will further reduce the confusion the taxpayer faces when preparing his or her federal and state income tax returns.

Senate Bill 2484 carries an emergency clause making it effective January 1, 1979, while Senate Bill 2160 would go into effect on July 1, 1979. Accordingly, the taxpayer would pay taxes on \$20,000 or \$25,000 from January 1, 1979 to June 30, 1979, and from July 1, 1979 to December 31, 1979 the taxpayer would be required to pay state income taxes on the unemployment insurance benefits in excess of \$12,000 gross income.

Senate Bill 2160 does not provide any administrative costs to administer this tax by the North Dakota Employment Security Bureau. Additional costs will be incurred to maintain additional records of payments to workers, notifying all recipients of insurance benefits, maintaining cur-

POINT OF PERSONAL PRIVILEGE

Senator Orange:

Mr. President, I rise on a point of personal privilege.

Mr. President, members of the Senate, it is my sincere hope that Monday, March 26, 1979, is a date which will be recorded in the textbooks as one of the most significant dates in this period of history.

We started today's session with the usual prayer, but Mr. President, I would like for us to reflect for a moment on world peace.

The treaty signed today does not represent immediate peace; it does not guarantee a continual flow of oil from the Mid-East; it does not insure Israel safety from attack from its Arab neighbors. The treaty does end 30 years of hostilities between two nations. The treaty does represent a legitimate link between opposite sides of the most volatile area in the world, the area which continually threatens the entire globe with immediate and total world war.

We must never underestimate the value of peace. We must never forget the value of human lives; of our young men and women who I hope will never have to see war on a world-wide scale.

We in North Dakota will see the effects this summer of instability in Iran. I am told unleaded gasoline will hit \$1/gallon by mid-summer. This will also be reflected in increased prices of diesel fuel, fertilizer, plastics, and other petrochemicals as well.

Mr. President, members of the Senate, the world, the United States, and North Dakota cannot afford war, cannot afford economic conflict, cannot afford oil embargos. We, as rational men and women, leaders in the state of North Dakota, might reflect on today as one-more-step for the success of peace in the world.

FIFTY-NINTH DAY

Bismarck, March 27, 1979

The Senate convened at 9:00 A.M., with President Sanstead presiding.

The prayer was offered by Rev. Charles Ostlie, Bismarck Alliance Church, Bismarck.

Dear Heavenly Father,

This morning as we gather again for the purpose of legislative decisions that affect our state, we thank You for the guidance that You desire to give us. We thank You for Your interest in us as a people, that You care for every life here, even as in Your Word that says You know about every sparrow that falls to the ground and the hairs on our head are numbered.

Lord, we ask for a special touch on each Senator as they wrap up the final details of this legislative year. May Your Word prevail. May the principles that had their way in the beginning of our great country, prevail. May each of us even after the legislation is over be willing to stand up for high morales and principles wherever we are, that we might be truly not only decision-makers but also examples to the people of our nation and state of North Dakota.

Give us the courage to fight against the liberal elements that creep into our nation. Lord help us to remember the scripture, "If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land." Lord we pray this because we live in a great country, a country where we enjoy freedom and we don't want to allow such a great country to decline in power and in freedom.

Now I pray for every Senator here that in the years ahead You will guide them in their personal and public decisions, that You will bless their families, that they will read Your abiding word the Bible. May You do mighty things through them even as You did in the days of old with those who followed You.

Thank You for this privilege to speak to You this morning and most of all for listening. In Jesus' name we pray, Amen.

The roll was called and all members were present except Senator Strand.

A quorum was declared by the President.

That the House recede from its amendments and that Senate Bill 2113 be further amended as follows:

On page 1 of the engrossed bill, line 1, delete everything after the words "A BILL" and delete the remainder of the bill and insert in lieu thereof the following: "for an Act to provide for responsibility of inpatient and outpatient care to persons afflicted or suspected of being afflicted with tuberculosis; to create and enact a new section to chapter 25-04 of the North Dakota Century Code, relating to biennial reports and assistant superintendent at the San Haven state hospital; to amend and reenact subsection 5 of section 25-01-01 and sections 25-04-01 and 25-04-03 of the North Dakota Century Code, concerning the Grafton state school, and the San Haven state hospital and the powers and duties of the assistant superintendent; to repeal subsection 6 of section 25-01-01 and chapter 25-05 of the North Dakota Century Code, relating to the state sanitorium and to the care of tubercular persons.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1. DECLARATION OF LEGISLATIVE INTENT.) It is hereby declared that it is the intent of the legislative assembly, as follows: It is the policy of the state of North Dakota to treat persons having

tuberculosis in a communicable and contagious stage as dangerous to the health and welfare of the citizens of the state. It is also the policy of the state to declare that all cases of tuberculosis in a communicable or contagious stage should be treated in a licensed hospital, or at home if such home treatment is approved by the state health officer under the guidelines of the state health council. To this end, it is declared that isolation provisions to achieve treatment of such communicable or contagious tuberculous persons should be accomplished to the fullest extent regardless of such person's ability to pay. It is further declared that such persons with communicable or contagious tuberculosis shall be given full opportunity to enter treatment voluntarily and to seek treatment from physicians and hospitals of their own choice at their own expense. In order to prevent effectively the spread of this disease it is necessary that the state:

1. Further the discovery, care, supervision and treatment of persons having tuberculosis in a communicable or contagious stage.
2. Encourage the use of all available public and private facilities to that end.
3. Regard this tuberculosis program as one of public health and one to be dealt with according to public health requirements rather than those of indigency.

SECTION 2. CARE AND TREATMENT OF TUBERCULOSIS PATIENTS OR SUSPECTS PROVIDED WITHOUT CHARGE BY STATE.) Care and treatment provided by the state of North Dakota for persons suffering from tuberculosis, including diagnosis, tests, studies, and analyses for the discovery of tuberculosis shall be available without cost or charge to anyone who is suffering from tuberculosis or is suspected of having tuberculosis. Any such person who volunteers to assume and pay for the cost of such care and treatment or for the cost of such diagnosis, test, studies or analyses shall be permitted to do so; but no state, county or other public official shall request or require such payment or make or cause to be made any inquiry or investigation for the purpose of determining the ability of such person or of his legally responsible relatives to pay therefor. This section shall in no way bar freedom of the individual to seek treatment from a physician or in an institution of his choice at his own expense.

SECTION 3. STATE HAS PRIOR CLAIM ON PATIENT BENEFITS.) Notwithstanding any provision contained in this Act, the state of North Dakota shall have prior claim on benefits for the care and treatment of tuberculosis, including diagnosis, tests, studies, and analyses, accruing to patients for whom care and treatment is provided by the state of North Dakota under entitlement by the federal government, medical or hospital insurance contracts, workmen's compensation or the medical care and disability provisions of programs under the supervision of the social service board of North Dakota.

SECTION 4. STATE HEALTH OFFICER - DESIGNEE - RESPONSIBILITY.) The state health officer or his designee, under the guidelines of the state health council, is responsible for the inpatient and outpatient care of persons afflicted or suspected of being afflicted with tuberculosis in a contagious state. If the state health officer determines that suspected or actual tuberculous patients may be adequately cared for on an inpatient basis by

contract basis with general hospitals, authority for contracting with such hospitals is granted to the state health officer. In addition, the state health officer is authorized to establish and maintain the necessary outpatient clinics for diagnostic workup and evaluation on all suspected or actual tuberculous patients in the state. The state health officer shall pay the contract fee to general hospitals and provide funds to the outpatient evaluation clinics from funds to be appropriated for this purpose by the legislative assembly. The state's claim on patient benefits as provided in section 3 shall apply insofar as applicable to tuberculous patients in general hospitals and for services rendered in outpatient clinics. The state health officer or his designee, under the guidelines of the state health council, shall have the power to:

1. Do any act necessary and proper in the performance of the functions imposed upon the state health officer by the provisions of this chapter.
2. Issue temporary orders and compel obedience thereto.
3. Administer oaths.

SECTION 5. REPORTS - TEMPORARY ORDERS FOR THE CUSTODY OF PERSONS.) Upon a report to or the receipt of information by the state health officer or any physician in the state that any person is afflicted with tuberculosis and as a source of infection endangers other persons, a report shall be made to the state health officer. Upon the receipt of such information by the state health officer, an investigation shall be made and if the state health officer is convinced that an active case of infectious tuberculosis in an communicable and contagious stage which endangers other persons exists, the state health officer shall request such person to voluntarily seek appropriate care and treatment. If the person refuses to accept voluntary care and treatment, the state health officer, under the guidelines of the state health council, is authorized to issue a temporary order for care and treatment as is determined by the state health officer. If the state health officer's temporary order is ignored, the state health officer may issue an order directing the sheriff or any constable of the county where the alleged tubercular person resides to compel the attendance of the alleged tubercular person and may provide for suitable housing and care of the person until a hearing is held pursuant to section 8 of this Act.

Prior to issuing a temporary order pursuant to this section, the state health officer or his designee, under the guidelines of the state health council, shall hear all relevant testimony for or against the temporary order and the examination and hearing on the order shall be in the presence of the alleged tubercular person. The alleged tubercular person and any relative may resist the order and the parties may be represented by counsel.

SECTION 6. PHYSICIAN'S EXAMINATION - FINDINGS - ORDER.) The state health officer, under the guidelines of the state health council, may appoint a practicing physician to make a personal examination of the alleged tubercular person and to make such thorough investigation of his condition as will enable the state health officer to determine whether or not such person has active, infectious tuberculosis in a communicable and contagious stage and is dangerous to the public health. As soon as practical after the return of the physician's statement to the state health officer, the state health officer

shall conclude his investigation and make his determination. If the state health officer finds that the alleged tubercular person does not have active, infectious tuberculosis and is not dangerous to public health he shall make an order dismissing the case. If the state health officer, under the guidelines of the state health council, finds that the person does have active, infectious tuberculosis and is dangerous to public health he shall issue his temporary order which shall:

1. State his findings that such person does have active, infectious tuberculosis and is dangerous to public health; and
2. Authorize the medical facility specified in the temporary order to receive and keep such person in its facility for necessary and appropriate care, treatment, quarantine, and isolation until a hearing is held pursuant to section 8 of this Act.

SECTION 7. SHERIFF'S EXECUTION OF STATE HEALTH OFFICER'S TEMPORARY ORDER.) The temporary order of the state health officer, in duplicate, together with the findings of the physician and the findings of the state health officer shall be delivered to the sheriff who shall execute the same by conveying the person named therein to the medical facility specified in the order and delivering him together with the findings of the physician and the state health officer's findings and the duplicate of the order to the person in charge of such medical facility. The person in charge, over his official signature, shall acknowledge the delivery on the original order and the sheriff shall return the order to the state health officer. Return to the state health officer may be by certified mail. The sheriff shall be allowed reasonable travel expenses, paid by the county, in the same manner and at the same rate as the expenses of other county officials are paid.

SECTION 8. HEARING - ORDER.) Unless waived by the alleged tubercular person, a hearing shall be held by a law-trained county justice or a judge of a county court of increased jurisdiction of the county in which the alleged tubercular person resides within one hundred twenty hours, exclusive of weekends and holidays, after the date of the state health officer's temporary order. The court may consider all relevant evidence, including the results of a physical examination made pursuant to section 6 of this Act, and the state health officer and the alleged tubercular person shall be afforded an opportunity to testify, to present and cross-examine witnesses, and to be represented by counsel. Upon the request of the state health officer, the state's attorney of the county wherein the hearing is held shall represent the state health officer without additional compensation.

If, upon completion of the hearing, the court finds that the allegation that the person has active, infectious tuberculosis in a communicable and contagious stage has not been sustained by clear and convincing evidence, the court shall dismiss the case and order that the alleged tubercular be discharged if he had been in custody prior to the hearing. If the court finds that the allegation has been sustained by clear and convincing evidence, the court shall issue an order which shall:

1. State its findings that the person does have active, infectious tuberculosis in a communicable and contagious stage and is dangerous to public health; and

2. Authorize the medical facility specified in the order to receive and keep such person in its facility for necessary and appropriate care, treatment, quarantine, and isolation for so long as the disease remains in a communicable and contagious stage and the danger to public health exists.

SECTION 9. APPEAL TO DISTRICT COURT - HABEAS CORPUS - HEARING.) An appeal from an order of the county

justice or judge of a county court with increased jurisdiction authorizing a specified medical facility to receive a person for care, treatment, quarantine and isolation may be taken to the district court of the county. In such a proceeding, the state's attorney of the county wherein the appeal is taken, without additional compensation, shall represent the state health officer. The clerk of court of the county in which the appeal is taken shall notify the state's attorney of the filing of such appeal. The hearing shall be limited to a review of the procedures, findings, and conclusions of the lower court. All persons placed in the custody of the state health officer under the provisions of this chapter for care, treatment, quarantine and isolation shall be entitled to the benefit of the writ of habeas corpus and a determination as to whether a person in such custody has active, infectious tuberculosis in a communicable and contagious stage and is dangerous to public health shall be made at the hearing. If the court shall decide that the person does have active, infectious tuberculosis and is dangerous to public health, such decision shall not preclude a subsequent application for a writ or the issuing of a writ upon a subsequent application, if it shall be alleged that such person shall have been restored to health.

SECTION 10. DISCHARGE - RELEASE.) All orders of the state health officer or of a county justice or judge of a county court with increased jurisdiction authorizing the reception and retention in custody for care, treatment, quarantine and isolation of persons having active and infectious tuberculosis endangering public health shall be effective only during the continuation of such condition and any person who is cured or who no longer has tuberculosis in a communicable and contagious stage shall be discharged immediately from custody. Such discharge shall be made by the state health officer or his designee, under the guidelines of the state health council. The person in charge of a medical facility may also release any person admitted to the medical facility under the provisions of this chapter at such times and under such conditions as deemed advisable after consultation with the state health officer or his designee.

SECTION 11. LIABILITY OF OFFICERS.) The order of the state health officer authorizing the admission of any person to the custody of a medical facility and the reception and detention of such person at such medical facility as a patient, accompanied by the state health officer's findings as provided in this chapter shall protect the state health officer or his designee and the other personnel of the medical facility from all liability, civil or criminal, on account of the reception and detention of such person therein, if such detention is in accordance with the laws of the state of North Dakota.

SECTION 12. EXCEPTION - QUARANTINE.) Any person who shall observe quarantine regulations as established by the state health officer, under the guidelines of the state health council, shall not be subject to confinement under the provisions of this chapter.

SECTION 13. TUBERCULAR INDIAN JURISDICTION.) Nothing in this chapter shall require the admission of an enrolled Indian, resident on any reservation in this state, to any off-reservation institution except upon written request and authorization of the superintendent of the reservation on which said Indian is enrolled. However, in the public interest and with the objective of eradication of tuberculosis in the state of North Dakota, an Indian with active infectious tuberculosis off any reservation shall be subject to this chapter. It shall be the responsibility of the Indian Affairs Commission pursuant to the commission's powers and duties, stated in section 54-36-03, to work closely with the tribal councils and other reservation officials to adopt any agreements found necessary in assisting the state health officer in carrying out his responsibilities under this chapter so that all residents of this state will benefit, and eradication of tuberculosis in North Dakota can be achieved.

SECTION 14. CARE OF TUBERCULAR PATIENTS - ACCEPTANCE OF FEDERAL FUNDS - GENERAL HOSPITAL.) The state health officer, or his designee, under the guidelines of the state health council, is hereby authorized to contract with public or private agencies for the care of tubercular patients. The state health officer is hereby authorized to accept any federal funds or to enter into any federal programs on behalf of tubercular patients in North Dakota. The state health officer may, under the guidelines of the state health council, also utilize general hospitals in the placement of recalcitrant tuberculous patients.

The director may authorize the printing of copies of the separate report of such institution not exceeding one thousand in number. The charges for the printing of such separate copies shall be paid in the same manner as payment is made for printing reports of the various departments of the state.

SIXTIETH DAY

Bismarck, March 28, 1979

The Senate convened at 9:00 A.M., with President Sanstead presiding.

The prayer was offered by Rev. John MacMullen, Pastor, First United Methodist Church, Mandan.

O God, Our Heavenly Father, this morning's snow is so white and looks so pure. It makes one wish we could be as white and as pure in our own selves. Everyone has sinned and fallen short of the Glory of God, but, Thank God, we can know forgiveness and be assured of it as we confess our sins to Thee, and here and now we do ask forgiveness and please cleanse our hearts from all wrong doing. We thank You for Your promise to forgive, we do confess and we accept forgiveness in Jesus Name. Thank You. And now, Lord, for the business of this day, please help each of us to be directed by Thy governance for truly that is the best for all of us. Bless each family represented here, and, again we ask You to bless our fair state and those who have the responsibility of deciding our future. We ask this in the Name of Our Savior and Lord, Jesus Christ. Amen.

The roll was called and all members were present except Senators Strand and Walsh.

A quorum was declared by the President.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:
 SECTION 1. LEGISLATIVE FINDINGS.) The legislative assembly finds the following:
 1. It is necessary to exercise the police power of the state to protect the public welfare of North Dakota

JOURNAL OF THE SENATE

which is largely dependent on agriculture, and to protect the economic well-being of individuals engaged in agricultural production.

2. Exploration for and development of oil and gas reserves in this state interferes with the use, agricultural or otherwise, of the surface of certain land.
3. Owners of the surface estate and other persons should be justly compensated for injury to their persons or property and interference with the use of their property occasioned by oil and gas development.

SECTION 2. PURPOSE AND INTERPRETATION.) It is the purpose of this Act to provide the maximum amount of constitutionally permissible protection to surface owners and other persons from the undesirable effects of development of minerals. This Act is to be interpreted in light of the legislative intent expressed herein. Sections 4 and 5 of this Act shall be interpreted to benefit surface owners, regardless of whether the mineral estate was separated from the surface estate and regardless of who executed the document which gave the mineral developer the right to conduct drilling operations on the land. Sections 6 through 10 of this Act shall be interpreted to benefit all persons.

SECTION 3. DEFINITIONS.) In this Act, unless the context or subject matter otherwise requires:

1. "Agricultural production" means the production of any growing grass or crop attached to the surface of the land, whether or not the grass or crop is to be sold commercially, and the production of any farm animals, whether or not the animals are to be sold commercially.
2. "Drilling operations" means the exploration for or drilling of an oil and gas well which requires entry upon the surface estate and was commenced subsequent to June 30, 1979, and the production operations ensuing therefrom.
3. "Mineral developer" means the person who acquires the mineral estate or lease for the purpose of extracting or using the minerals for nonagricultural purposes.
4. "Mineral estate" means an estate in or ownership of all or part of the minerals underlying a specified tract of land.
5. "Minerals" means oil and gas.
6. "Surface estate" means an estate in or ownership of the surface of a particular tract of land.
7. "Surface owner" means the person who has possession of the surface of the land either as an owner or as a tenant.

SECTION 4. SURFACE DAMAGE AND DISRUPTION PAYMENTS.) The mineral developer shall pay the surface owner a sum of money equal to the amount of damages sustained by the surface owner for loss of agricultural production and income, lost land value, and lost value of improvements caused by drilling operations. The amount of damages may be determined by any formula mutually agreeable between the surface owner and the mineral developer. When determining damages, consideration shall be given to the period of time during which the loss occurs and the surface owner may elect to be paid damages in annual installments over a period of time; except that the surface owner shall be compensated for harm caused by exploration only by a single sum payment. The payments contemplated by this section shall only cover land directly affected by drilling operations. Payments under this section are intended to compensate the actual surface owner for

damage and disruption; any reservation or assignment of such compensation apart from the surface estate except to a tenant of the surface estate is prohibited.

SECTION 5. NOTICE OF DRILLING OPERATIONS.) Except for exploration activities governed by chapter 38-08.1, the mineral developer shall give the surface owner written notice of the drilling operations contemplated. This notice shall be given to the record surface owner at his address as shown by the records of the county register of deeds at the time the notice is given. This notice shall sufficiently disclose the plan of work and operations to enable the surface owner to evaluate the effect of drilling operations on the surface owner's use of the property. Included with this notice shall be a form prepared by the state geologist advising the surface owner of his rights and options under the act.

SECTION 6. OTHER RESPONSIBILITIES OF MINERAL DEVELOPER.) The mineral developer shall be responsible for all damages to person or property, real or personal, resulting from the lack of ordinary care by the mineral developer. The mineral developer shall also be responsible for all damages to person or property, real or personal, resulting from a nuisance caused by drilling operations.

SECTION 7. NOTIFICATION OF INJURY.) Any person, to receive compensation under Sections 8 and 9, shall notify the mineral developer of the damages sustained by the person within two years after the injury occurs or would become apparent to a reasonable man.

SECTION 8. AGREEMENT - OFFER OF SETTLEMENT.) Unless both parties provide otherwise by written agreement, within sixty days after the mineral developer receives notice of damages the mineral developer shall make a written offer of settlement to the person seeking compensation for the damages. The person seeking compensation may accept or reject any offer so made.

SECTION 9. REJECTION - LEGAL ACTION - FEES AND COSTS.) If the person seeking compensation receives a written rejection, rejects the offer of the mineral developer, or receives no reply, that person may bring an action for compensation in the court of proper jurisdiction. If the amount of compensation awarded by the court is greater than that which had been offered by the mineral developer, the court shall award the person seeking compensation reasonable attorney fees and any costs assessed by the court.

SECTION 10. APPLICATION OF ACT.) The remedies provided by this Act shall not preclude any person from seeking other remedies allowed by law. This act does not apply to the operation, maintenance, or use of a motor vehicle upon the highways of this state as these terms are defined in section 39-01-01.

to most of our citizens to the best of our ability and within the constraints of limited revenue.

Sounds very noble, doesn't it? Those of us who choose to or must run again will no doubt campaign effectively or otherwise on some of these accomplishments. The coal severance tax will continue to be one issue many of you will hang your political hopes on. You will say it's not high enough or you will say it's too high. You will still talk percentage versus flat rate and you will continue to cry impact and you will continue to fail to define true impact. You will continue to ignore the net beneficial effect on the economy of your cities, your counties, and your citizens and you will continue to justify what you are doing just because someone else will help pay the bill.

The "Someone Else's" supposedly are the Out-Of-State Consumers of Energy — Big Industry, The Other Guy — Baloney!

The one who pays is the citizen of North Dakota. That's where the tax buck stops. Once you get to him there's no more pass through. He is the big consumer of our coal and our coal derived electrical energy. About 50 percent of all our coal mined in North Dakota is used by North Dakota citizens. These people are your neighbors and mine. Most of them are not complaining because they have been brainwashed into believing all is right with the world and fair by Mr. Dorgan, by most Democrats, and yes, even some Republicans. We hear cries of shortfall, loss of millions in revenue, inadequate impact funds — on and on the cry goes.

To satisfy the conscience, a bill was introduced and passed to exempt the user of lignite for heating purposes and yes, even an attempt was made to exempt the beet industry, conveniently forgetting the heating by electricity of thousands of homes within the state. My bill for electricity was \$395 this month! This was lignite coal used to heat my home and farm shop.

The beet processing industry is the states largest user of lignite other than the generating plants. We used over 800,000 tons of lignite coal and over 80 million kilowatt hours of coal generated electrical power. This industry is our industry — we own it — we have millions of dollars invested in it. We pay your high severance tax and we do not pass it on! At the present rate, we pay about \$3.00 per acre for the average grower. Not much you say for a beet grower. I suppose you've heard we are all rich. To the contrary, we are in trouble. Many of us would quit if we could. It is considered a high risk investment and at least one plant has closed in another state.

It costs over \$400 per acre to raise beets. At \$23.00 a ton (our indicated price for the '78 crop) it takes 17.5 tons per acre to break even. The valley average is about 15. On top of this we are under fire from nutritionists who say sugar is unhealthy and from our city cousins because they say we create smells and pollute the rivers. We apologize for the latter and will, no doubt, pay for it.

We have impact too, but we considered it opportunity. We looked at the multiplier effect and the broadened tax base and the new jobs and increased sales and we took the risk. All we ask from government is fair treatment. We are willing to pay a fair severance tax. We are not willing to pay for your frills of local government nor are we willing to replenish the general fund.

Those of us who represent the beet growing and processing industry in the valley represent people, not large corporations owned by outside investors. However, we are a minority and minorities are often ignored by legislators unless they are poor, handicapped or ethnic. Perhaps we

should lobby harder or shed larger crocodile tears to offset the effects of the coal counties.

The hour is late and enough has been said. You have given me the unique privilege of expressing my views. Few votes have been changed. The compromises have been made. However, I assure you that I will continue to speak out until the inequities of the severance tax are recognized.

POINT OF PERSONAL PRIVILEGE

Senator Hoffner: Mr. President, I rise on a point of personal privilege and request my remarks be printed in the Journal.

Mr. President, members of the Senate:

As I predicted early in the session, the Republican Party will hold the coal severance tax until the end. To dump it on the Governor's desk in such a manner leaves the Governor three alternatives: Sign; let it become law without his signature; or veto. The Republican Party knew full well that they could not override a veto, so the majority chose to dump this bill at the end of the session. This would force the Governor to call back the legislators to enact a fair severance tax. The Republican majority rushed many other bills through, such as the primary election, because they felt they had the votes to override.

There is no reason to keep this issue until the last day. Such an important issue as the coal severance tax should have been dealt with early. The Republican Party has again denied the Governor the flexibility to exercise his Constitutional responsibility.

POINT OF PERSONAL PRIVILEGE

Senator Tallackson: Mr. President, I rise on a point of personal privilege and request my remarks be printed in the Journal.

I am very disappointed in what's happening in the last days of this session. You will recall I sponsored a bill, Senate Bill 2170, which called for a 65¢ severance tax. This, in the minds of many people, is sufficient for proper impact payments to the affected coal producing areas. Last fall four eastern rural electric distribution co-ops, representing about a third of the consumers in all rural electric co-ops in North Dakota, passed resolutions favoring a 65¢ severance tax.

What is happening now is some people are trying to use the severance tax for other than direct impact and I believe this will result in a reaction from many people wanting to change the distribution of the tax. In the next session you will see many legislators wanting to place the biggest proportion of the severance tax in the general fund for the benefit of everyone in North Dakota. This is going to have to be my position even though I know over one-third of the consumers in North Dakota do not pay any North Dakota severance tax and that all North Dakotans will receive the benefit from the severance tax that is paid by only a part of the state residents. I do not agree with the idea we should gold plate a few counties at the expense of consumers of electricity.

The severance tax has always been an emotional issue and it seems to be just as bad this session as the last.

I understand the minority party position. They have been locked into a high tax position for years for various reasons which I will not go into at this time. But the majority party is a mystery to me at this point. I had felt they would adopt a more reasonable approach to the severance tax but evidently for reasons unknown to me they seem to be drinking out of the same bottle as the high tax party.

I have no problem with my position. I agree with former impact director Ralph Dewing. I believe 65¢ is enough for impact to coal producing areas. It looks to me like we are trying to kill the goose that is laying

golden eggs. We are not helping our energy crisis and are doing a disservice to electric consumers of our area.

For these reasons, I voted "no" on House Bill 1257.

EXPLANATION OF VOTE

Senator Smykowski: Mr. President, I rise to explain my vote. I voted "no" on this particular measure as having the only means of showing my dissatisfaction with the right that we have established by passing this bill. I came to this 46th Legislative Assembly in conscience dedicated not to support any tax higher than 75¢ a ton. I think that would be adequate. I am satisfied with the escalator clause that has been included but I think we passed a tax that is higher than is needed and consequently I had no other choice but to express my opinion by voting against the measure that was before us.

REMARKS
OF SENATOR BARTH
REGARDING HOUSE CONCURRENT RESOLUTION 3071

Senator Barth:

House Concurrent Resolution 3071 is a camouflaged attempt to cover the mistakes of the majority party caucus position on the Coal Severance Tax by essentially having stated that they know what level the tax should be, but just in case they erred in their judgements, we should continue to study the Severance Tax and the effects of coal development on state and local governments for the next several years.

The majority party decided by their action on House Bill 1257 that they already know what the tax should be and have affirmed in their own way that the present tax is too high and that the citizens of North Dakota do not deserve to share in the broader benefits of energy development in this state. They have created by their action a so-called permanent tax in House Bill 1257 — so why should this legislature now decide that more studies are needed? How much longer must the public be subjected to the idle debate of the Severance Tax? I submit that the Republican majority has made their decision, and they now should live with it! The citizens of North Dakota expect their elected legislators to move forward in solving other issues which must be dealt with. It is time to put the Severance Tax aside. We have spent many years debating the Severance Tax. We have spent millions of tax dollars in studies of every kind imaginable; we have funded REAP to provide us with valid cost projections; we have read editorials in newspapers from the coal impact counties pleading that “no more studies be made”. At one point during the last two years there were no less than 89 studies of various purposes being conducted in the coal impact counties.

It is time for us as legislators to say “enough is enough” — we have studied the effects and costs of energy development — we don’t need any more studies. We’ve got enough information upon which to make prudent and sound judgements despite the fact that party caucus positions overruled better judgement in the full interest of every citizen of this state.

I submit to you that the sponsor of this resolution, who by the way decided what the Severance Tax should be, insisted at the time that he knew what the costs to state and local governments are — so why do we need two more years of studies? If he was confident of his position at the time, is he in effect admitting that he might have been wrong and that more study is needed to justify his position?

The best and most important part of this resolution was removed by the conference committee and that was the amendment which would have provided an energy education curriculum for the young generation in our public schools. What have we done to broaden public information and education programs in this state to help young people and succeeding generations cope with the energy problems we face in this country and around the world? What have we as legislators done to help prepare the next generation in the change in energy consuming lifestyles which they will be called upon to make? The amendment on House Concurrent Resolution 3071 would have addressed these issues and would have redeemed, at least in part, the purpose behind this study. Without this amendment the study called for by this resolution is not worth the effort, nor is it needed. We already passed House Concurrent Resolution 3068 which will basically accomplish that which is asked for in this resolution.

I submit that we don’t need two resolutions which address the same subject in order to bring some comfort or assurance to the sponsor.

Without an energy education curriculum to help our young people in this state now and in the future I firmly believe that House Concurrent Resolution 3071 should be defeated, and I ask that the Senate dispose of this bill by voting no. The public is tired of these feeble yet costly studies which in the final result show nothing and prove even less.

Senator Goodman moved that the Conference Committee Report on House Concurrent Resolution No. 3071 as printed on page 1851 of the Senate Journal be adopted, which motion prevailed.

Senator Goodman moved that the rules be suspended, that House Concurrent Resolution No. 3071 be placed on the calendar, as amended, for second reading and final passage, which motion prevailed.

Bismarck, March 29, 1979

The Senate convened at 8:00 A.M., with President Pro Tem Strinden presiding.

The prayer was offered by Rev. Chuck Hill, United Church of Christ, Bismarck.

Father, we thank You for life and the duties and tasks to which we are called and for these people who have brought to our state's service their talents and skills, knowledge and convictions. They have finished their tasks and charted the course for the days ahead for our state. There has been hurt, anger and doubt but transcending these has been an awareness of love, comfort and understanding which they have given each other as they have done their work. We ask Thy blessing on them for what they have done and for our state as we continue to exercise our civil duties and tasks which are a part of our heritage. Return them safely to their homes and to their loved ones with a feeling of personal accomplishment. In Christ's name we pray. Amen.

PRESENTATION OF PETITIONS AND COMMUNICATIONS
State of North Dakota
EXECUTIVE OFFICE
BISMARCK

The Honorable Wayne G. Sanstead
President of the Senate
Senate Chambers
Bismarck, North Dakota 58505
Dear Mr. President:

Senate Bill 2280 repeals North Dakota's anti-corporation farm law and permits family farm and ranch operations to incorporate.

Corporation farming is not a new idea in North Dakota. The Anti-Corporation Farming Act was initiated and passed by the people in 1932 in the drought and depression days. The law gave banks and corporations that had acquired farms through foreclosure proceedings and other means ten years to dispose of the farmlands they owned. The law prohibits corporations from farming or owning farmlands. Its constitutionality was tested and upheld in both the North Dakota Supreme Court and the United States Supreme Court.

Toward the end of the ten-year grace period, a concerted effort was made to amend the anti-corporation farm law in the 1941 legislative session. According to the news stories of that time, five thousand farmers marched on the State Capitol; they succeeded in killing the attempt to weaken the law.

Corporate farming legislation has been introduced and defeated in many legislative sessions since 1941. In 1967 the legislative assembly passed a corporate farm bill. Governor William L. Guy vetoed the bill, and the assembly passed it over his veto. The bill was referred and in November, 1968, the people defeated the corporate farming measure by a three to one margin.

Today North Dakota is unique in the nation because it has retained its family-based style of agriculture. We are the envy of many states which have recently enacted laws restricting corporate farm activity.

North Dakotans can thank our present law for our unique status; it has served us well over the past forty-five years. That law has helped to keep the ownership of the land in the hands of those who are farming it. Current law permits cooperative corporations to farm only if 75% of the stockholders are actually making their living from farming. Consequently, most North Dakota farmland is owned by North Dakotans. I do not think we want to change that.

I cannot support Senate Bill 2280 because it will endanger the strong family-based type of agriculture which prevails in our state.

At first glance, this bill appears to be acceptable legislation. By its title it permits only small family-type operations to incorporate. To the casual observer, it appears that this bill will restrict corporation farming to those families who now farm North Dakota's land. But consider the implications of this bill. First, there is no limit on the amount of acreage that could be accumulated. This could lead to very few large corporations controlling much of North Dakota's food production.

Second, there is no requirement that 14 out of 15 possible stockholders be residents of North Dakota. This will foster absentee ownership of the land. The bill does require the officers and the directors of the corporation to be "actively engaged in operating the farm or ranch." However, the bill does not define what "actively engaged in farming or ranching" means. This provision could lead to out-of-state officers and directors controlling the management of the corporation. The bill only requires one stockholder to actually reside on the farm. I contend that personal ownership of farmland by the people who farm it is a major factor contributing to North Dakota's present strength and agricultural productivity.

Third, I submit that this bill has implications far beyond our generation or even our children's generation. It may take three or four generations, but eventually these corporation farms are going to become larger and larger at the expense of our small family farms. When the family farms disappear, so do our towns and so does our rural North Dakota way of life. Any action that hastens the de-population of rural communities works a hardship on main street and such necessary institutions as schools and churches.

We need only to look at what is happening across the country for evidence of this pattern. There have been many changes in agriculture over the last forty years. Farms have dramatically increased in size. We have noted the nationwide trend away from on-farm, family ownership of land. We have seen the declining proportion of farm labor contributed by the operator and immediate family. This differentiation between ownership, management, and labor indicates the tendency away from the family farm as the historically dominant farm type in this country.

There are several other reasons why this bill should not become law. Although the tax benefits of incorporating have been emphasized, there is no doubt that these benefits will only accrue to the large, wealthy farmer or rancher. In essence, incorporation provides tax benefits to those farmers who need them the least. This is not an estate planning or tax planning tool that would be used by average-sized farms simply because other less costly estate planning methods are now available.

In Senate Bill 2280, North Dakotans are faced with a policy decision of potentially enormous consequences. The future of the small farm is at stake. I subscribe to the policy of preserving and rejuvenating our rural life style and economy. I strongly believe that all agricultural policy decisions made in North Dakota today should work toward a system of agriculture in which the ownership, operation, and management of a farm unit are all vested within the family who resides on the farm and makes its livelihood from that farm.

To further this policy, I have worked closely with the Agriculture Department and the Family Farm Committee, the Industrial Commission and the Bank of North Dakota in developing the Beginning Farmer Program. I have recently signed into law three bills proposed by the Family Farm Committee to help ease the entry of young farmers into agriculture. These bills, by providing tax incentives to persons who sell their farmland to beginning farmers and by increasing the availability of agricultural loans, will help foster the family farm.

Because I believe that opening the door to corporation farming is potentially dangerous to the small family farm and contrary to the public interest of the state of North Dakota, I hereby veto Senate Bill 2280.

Sincerely yours,
ARTHUR A. LINK
Governor

MESSAGE TO THE HOUSE

Senate Chamber

Mr. Speaker: I have the honor to transmit herewith the following on which the Senate has adopted the conference committee report and subsequently passed:

Senate Bill No. 2412

Senate Bill No. 2487

LEO LEIDHOLM, Secretary

POINT OF PERSONAL PRIVILEGE

Senator Melland: Mr. President, I rise on a point of personal privilege and request my remarks be printed in the Journal.

The Governor's refusal to allow farmers the economic equity they deserve is a disappointment. That's the result of his veto of limited farm corporations.

Our failure to override his veto in the Senate is hardly a surprise because the issue has been lost in politics and emotionalism — in the closing moments of the session we did not muster the economic objectivity the measure deserves.

Following the suggestion Senator Hoffner made, I have contacted counsel and am having prepared an initiated measure to present to the people involving the question of farm corporations. I'm an implement dealer. When the petitions are ready I'll distribute them to dealers across the state, asking them to put them on their counters so that the people involved, the farmers and ranchers, can make the choice of whether the question should go to a ballot. I'll provide petitions for organizations and individuals who request them.

I don't intend to lead a drive. I want only to provide the people involved

the opportunity to choose if farmers should have the additional opportunity for limited corporation privileges. I want them to have the chance for choice.

The initiative drive will be beyond politics — the question will be objective rather than emotional. Farmers and ranchers are the people who say they need this extra business form — they deserve the opportunity to address the issue.

I intend to present farmers and ranchers the alternative for choice. They'll have to carry the ball from here.

Senator Nething moved that the Senate stand in recess until 1:30 P.M., which motion prevailed.

The Senate reconvened, pursuant to recess taken, with President Sanstead presiding.

Senator Nething requested a call of the Senate, which request was granted.

Senator Nething moved that the call of the Senate be dissolved, which motion prevailed.

Salaries and wages is increased by \$63,416 for two additional positions fees and services by \$7,345, supplies and materials by \$1,727, equipment by \$1,500, and the federal grant line item by \$900,000 for amounts related to House Bill No. 1063 which provides that the adult basic education program now administered at the University of North Dakota will be administered by the Department of Public Instruction. All funds related to this program are federal funds.

Supplies and materials are increased by \$68,000 for publication of paperback textbooks covering the history and current status of North Dakota. The estimates of the 21- and 20-mill local levies

Net general fund for foundation program in SB 2002	<u>\$191,594,000</u>

(The kindergarten appropriation is being included in Senate Bill No. 2439)

The provisions of the amendments reflect the amount of funds necessary to fund the foundation program in accordance with the provisions of Senate Bill No. 2439. The estimated income line item is increased \$5,427,849 by adding the \$4,400,000 Vietnam bonus sinking funds which are also included in the foundation aid grant line item, adding \$53,861 related to the necessary adjustment in the salaries and wages line item, and by adding \$973,988 for the adult basic education program.

POINT OF PERSONAL PRIVILEGE

Senator Lips: Mr. President, I rise on a point of personal privilege.

When we came into this session, we did not have a bill by which to make the payments on the Foundation Program. Senate Bill 2439 came out of the Senate Appropriations Committee and I think Senator Melland and Chester Nelson from the Council, and other members of my committee devised the idea of using some other surplus funds instead of using the general fund to finance education. I think they should be complimented for their work on this particular bill and I am happy now that Senate Bill 2439 passed and Senate Bill 2002 furnished the funding for 2439.

Report of Conference Committees

Mr. President : Your Conference Committee to whom was referred Senate Bill No. 2009 has had the same under

It is the intent of the legislative assembly that \$13,438 of the increase in Grafton state school salaries and wages and \$11,413 of the increase in the San Haven state hospital salaries and wages be for the purpose of increasing institutional support worker salaries because of contemplated reclassification of institutional support workers effective July 1, 1979. It is not the intent of the legislative assembly that everyone within each classification receive the same salary. It is the intent of the legislative assembly that the institutions work closely with representatives of the central personnel division so that any salary increases given to institutional support workers be compatible with the central personnel division pay grades for such classifications."

And renumber the lines, sections, and pages accordingly

POINT OF PERSONAL PRIVILEGE

Senator Lips: Mr. President, I rise on a point of personal privilege. We have been talking about property taxes and equalization. It doesn't seem to be going to happen in this session and I would just like to indicate to the Senate some of the things that happened in property taxes. The Bismarck school district does not just encompass the city of Bismarck, it takes in some of the rural area around the city. If you had a \$60,000.00 dwelling in Bismarck assessed at 10.6 per cent and a 50 percent taxable rate, with 151.89 mills, you are paying \$483.00 toward the school tax in the Bismarck school district. If you had a piece of farmland valued at \$60,000 at a 6.2 percent ratio of assessment and a 50 percent tax base at the same mill rate, you are paying \$282.00, the residential dwelling paying \$483.00 and the rural paying \$282.00. The commercial property in the city assessed at 11.8 percent would be paying \$537.00 to that school district. Now that's the problem, and it's not going to be solved in this session, I guess.

LETTER TO THE SENATE

Written by Melinda Wold, Stenographer
Dear Ma & Pa:

I finally got time to Wright home. I'm having a real good time here in Norwegian Camp. My best friends are Christensen, Hanson, Jacobson, Nelson and Peterson.

Nothing good has happened lately. The other day we were Roen a boat and hit some Sands and over Wenstrom. He got a Sorum his Lips and a Strand of hair on his face and was Cussons something terrible but couldn't do a Thane about it. Sanstead just stood on the shore and laughed.

Then yesterday Smyk was cleaning his gun and got Buckshot all over him so they made him Walsh up before dinner. That reminds me, the food sure ain't like yer home cookin'. We have SourKrauter, Oranges, waterMelland, Mister Salty Fritzells and Miller-Highlife. We can't have too Mutch of that and still stay Solberg or we'd Barth.

Our camp director, Olin, has a girlfriend. Her name is Lena and she Vospers in his ear til he gets Redlin the face.

We were going to put on a play and they asked me to Be Rube but I said, "Heck no! I ain't goin' to act like no Gerl!"

I can't believe how Tall ack son is! He drives one of those there Dotzen.....rods. How does he Rait anyway? We needed a Good man to send to the Golf Tournament in Georgia so they sent Erdman. When they asked him if he liked the weather there, he told 'em "Schirado".

I wanted to play Tennessees the other day but Albers (that's another one of my friends) didn't feel like doin' Naaden.

We have a kid here named Lashkowitz. His clothes are getting Shablow from playing in the Sandness box all the time.

I sure miss Lee old Finnie drug store back home.

Don't get so Lodoen because you can't keep up with the Jones', Mom.

I'm sick of Reiten now.

Love,

Your Son Strinden

P.S. Iszler anything happenin' back Holm, berg?

SPECIAL ORDER OF BUSINESS

President Pro-Tem Strinden

Presiding

Senator Nething moved that Senator Lee be recognized:

Senator Lee: Mr. President, members of the Senate, I'm very happy to have this opportunity to make a little presentation today because I am making this presentation to one of my favorite Democrats, one whom I've gotten to know and associate with during the past 61 days. This senator and I have served on the same committee every day of the week, we have spent five mornings together for the past 61 days. Not only that, we serve on another committee together, another board of directors, if you please, so that we're together every other month. I have really come to know and appreciate this senator very much. He is always a gentleman, he has learned the fine art of disagreeing without being disagreeable, and I would like at this time to present a gift as an expression of our appreciation and esteem to Senator Rolland Redlin.

Senator Redlin: Mr. President, I would like to respond to those excellent kind words from my colleague Senator Lee. I appreciate the opportunity to serve with Senator Lee on several occasions in organizations and endeavors separate from the legislature, and it has increased my esteem for that senator. I have been cast in a new role in this session of the legislature. I have appreciated the cooperation of the members of my own party, and equally I have appreciated the cooperation of the members of the majority party, the leadership of that party and I am particularly grateful for the help I have received from the Majority leader and his whip, my counter part across the aisle. My last words are, never have I had a greater experience than serving with my Majority leader, with whom I have not always agreed, but believe me we have had an eye-ball to eye-ball relationship and I believe we are going away from the session as very close friends.

Senator Lee; Mr. President, could we please at this time recognize Senator Tallackson.

Senator Tallackson: Mr. President, ladies and gentlemen of the Senate, it's an honor and privilege for me to be able to present a small token of appreciation to our assistant Majority leader. We all know him as an honest, sincere, hard working senator and he represents his district 25 very well. If you don't know that he represents his district, his farmers, and his sugar beet farmers, you haven't been listening very well the last 61 days. He does an excellent job taking over when the Majority leader is absent, and I sure wouldn't want to be the one to say that he does better job than the Majority leader but I suppose I could say that now that we're all done and he can't do anything against me. I think we will remember our assistant Majority leader for two other good reasons. The first one would be that he is one of the original "fat-finders" and I don't know if this has been good for Russell or not, this session, but I guess time will tell as far as that goes. The other reason that we will remember him for the next year is for

his ability to make that one famous motion — “Mr. President, I move that the absent Senators be excused”, and I think I’ll hear that over and over again all summer. Mr. President, I served with Russell Thane on the Appropriations Committee this session and I learned to respect him, I appreciate his knowledge and his very good judgment and it is an honor to me to present a small token to Russell Thane from the 25th district for his very excellent work during this session.

Senator Thane: Mr. President, ladies and gentlemen of the Senate, I very much appreciate this recognition, and Senator Tallackson, thank you very much for the kind words. Harvey and I have a lot in common. We’ve got the same background when it comes to farming, sugar beet growing. I’ve appreciated the honor of serving the Senate in the role of assistant Majority leader and helping in the only way that an assistant Majority leader can help. I think we have had a good session, and I think we will go away from here, some of us with some small regrets, but I think we can talk about our accomplishments as well. Thank you very much.

Senator Tallackson: Mr. President, could we please recognize Senator Melland at this time.

Senator Melland: Mr. President, late yesterday afternoon, the secretary to the Majority leader stopped me behind the rail and said, “Will you give it to the Minority leader?”. I said “You bet!” I thought that was unnecessary, I thought many of my colleagues in the Majority, the President Pro Tem, the Majority leader, several others have done a rather adequate job of that, but nonetheless I stayed up nearly all night making preparations to deliver a scathing denunciation of his activities and of the abuse and mistreatment that he has given to many of us through this whole session, only to find this morning that what she meant to say, would you make a presentation to the Minority leader so I have destroyed those notes, I have some new ones. This session, it seems to me has been one that’s been characterized by an exchange of characterization for charity. For example, early in the session on a day when doing my duty for the humble Senate Appropriations Committee, I had to take kindergarten out of a bill. That day, this man said I was a robber. That night I swept off his car which was snowbound. A couple of days later, when a building bill was up he characterized me as lacking in consideration for people, substituting bricks and mortar for peoples program. That day I shined his shoes. Earlier in the session he predicted that I would sheepishly take action in this session. In response to that I made an effort, you will remember the other day we talked about the sheepskin coat, I made an effort to have my son bring the coat over so that I could present it to Senator Hoffner, but my son said it’s still March in North Dakota and he wasn’t willing to relinquish it. But I tell you what has really distinguished this man, and he is indeed a distinguished senator, I have attempted to curry all this favor with him and then in typical fashion when good legislators are recognized for being able to resist those who seek to curry favor and continue on their plotted course of action, I want you to know that Senator Hoffner has done that very well. He has done a lot of other things very well. He has served this body, the people of his district and the people of North Dakota with distinction and with honor and he has characterized his own activity and set a tone and a tempo for us by handling irritation with good humor. By responding to frequent criticism with distinguished courtesy, and by responding to sometimes defeat, with a great deal of dignity. He is a man that deserves our recognition and I know that personally it is an honor for me to ask a page to come so this presentation can be made and I know I do it personally

and I know I do it for the Majority and I know I do it for all of those in and around the Senate. On behalf of all of us, "Thanks very much, Buckshot".

Senator Hoffner: Mr. President, members of the Senate, I would like a recorded roll call vote on that one. I certainly want to thank you, Senator Melland, and we have had a very good relationship over the years. I've appreciated all the bills you've introduced, because it has gotten me in the news once in a while, and he did come over and brush the snow off my car one night. No one saw it though, he made sure of that. The other day when he offered to polish my shoes, I made sure the newsmen were around. I want to take this opportunity to say that I do believe in the two-party system very seriously, and I think you all know that, I've stated that a number of times, and I do believe in good honest disagreement. I want to say to all the chairmen that I have not heard a single unfairness from any of the minority members, that you treat them fairly and that goes to the rest of the members of all the committees. I want to say to the assistant Majority floor leader, I appreciate our relationship and your fairness and to the Majority floor leader, I hope you don't run for Governor because I don't want to have to vote for you, but I certainly appreciate your fairness, you've always informed me when new things were developing, you've always come to me to talk with. I think everyone knows that. I appreciate the hard work you've put in, I know for a fact that the progress that's made in a session is mainly because of you and your assistant and all the members. Of course I can't forget the senator from the 24th district who is sitting up there. You see, I was right, you know I predicted he'd be in the chair and the Lt. Governor would have his \$38,000 job, we haven't seen him since, he's been walking around — well, that bill might get vetoed you know, Wayne. To the Minority party, to the caucus chairman, Senator Heinrich, I appreciate all the work you've done. To the Minority party, boy, you know there are only 15, but you're right there and loyal. To my assistant, Rollie "Thank you very much for all your work". We have gone nose to nose a few times and we resolved our differences and that is how the system works. I'm convinced that we should have these sessions about three times, and I've written them down, once shortly after cross-over and once on the 50th day, and then at the close because I think it psychs us up and even Smykowski would vote with me once in a while. Thank you very much.

Senator Melland: Mr. President, could we please recognize Senator Shablow at this time.

Senator Shablow:

Mr. President, Ladies & Gentlemen of the Senate, I feel truly privileged and honored to be asked to present to the Majority floor leader of this Senate body a small gift as a token of appreciation for the manner in which he conducted himself and the manner in which he conducted the affairs of this Senate body. Although Senator Nething and I are members of the opposing political parties, I can truthfully say that he has always been fair to me as I believe he has to every member of the Senate.

Without question our voting pattern has been somewhat different at times, however, I sincerely believe that he has always had as his goal the best interests of North Dakota in his heart as all of us have, and I commend him for that. Our only differences are as to how we should attain these goals.

Senator Nething has always been fair and patient, almost to a fault at times, which I consider a virtue; because no one in my opinion has been denied any rights or privileges on the Senate floor to express their opinions or beliefs. He has been diligent in his duties and dedicated to the office he holds and I am sure we all commend him for these attributes.

I am confident, Senator Nething, that I properly express the sentiments of this Senate in saying that we appreciate the manner in which you have performed as Senate Majority leader.

We would like to give you this gift as a token of that appreciation.

Senator Nething: Mr. President, I move that the remarks of Senator Shablow be printed in the Journal. Mr. President, ladies and gentlemen of the Senate, this is always a very difficult time of the session for me, because we are going to adjourn soon and I am going to miss you all so much. Consequently if you hear my voice quiver a little bit, it is because my heart is pounding so loud, and I know its a good one. Senator Thane, it has been a great year, it has been a great session. Senator Smykowski, I appreciate your efforts as caucus chairman. Senator Hoffner, I guess if I had to select any two nicer people than you and Senator Redlin to work with, why I don't know where I'd find them. I know they're as nice, but not any nicer.

Throughout this legislative session as well as every session I have served in the Senate, I have attempted to cast my vote with four overriding considerations: (1) Individual conscience, (2) What is best for all of North Dakota, (3) What effect it has on my district, and (4) The political considerations of my party which philosophy recognizes fiscal responsibility, free enterprise system, and the rights of each individual.

I know that many of you in this body also have set your own criteria and, hopefully, you have structured your considerations similar to those I have mentioned.

As we end this legislative session, I recognize that it may be my last session since at this time I do not intend to seek re-election. Between now and September 15th of this year, I will be asking for advice to aid me in deciding whether or not to seek my party's nomination for Governor of North Dakota. My evaluation will relate to: (1) What effect will my candidacy have on my family, (2) Will my philosophy, coupled with my legislative experience be beneficial to the State, and (3) Will there be a broad base of support should my decision be in the affirmative.

Should my decision be to not seek this nomination or should I be unsuccessful in my efforts, it will then be my hope that the electors in my district will return me to the North Dakota Senate, inasmuch as I would be privileged to continue helping resolve state problems as an elected State Senator. Because of my present plans, I intend to keep a low profile as a member of the Legislative Council during the next biennium.

My purpose in making this announcement today is to inform you, my colleagues, as to what my political interests are in the future. There are people who believe I have different political ambitions than those I have now expressed. They infer I will seek other offices. I assure you that what I have said today represents the interest in my heart. I do not want conjecture by others regarding what my future plans are to deter those individuals who may be willing to seek state or federal office.

I also want each of you to know what an honor it has been for me to serve as Senate Majority Leader. It is an experience that falls to very few. Hopefully, it has made me a better person to meet the personal and political challenges that lie ahead.

In conclusion, I want to ask each of you to remember that each legislator was elected from a district of 12,500 people. Never forget, when working with each Senator or House member, those 12,500 people must consistently be respected. By doing this, we will always preserve the integrity of this great deliberative body. Thank you.

Senator Smykowski: Mr. President, I would just like to take a minute to thank President Sanstead for his fairness and his diligence of effort

throughout the entire session. We may have different philosophies and party affiliations as far as the majority party and his party that he represents. He has been more than fair to try to let each and every member have his opportunity to have his say. To you, the fellow members of the Senate, it has once again been a wonderful experience, my fourth session here in the legislature. To the desk staff, I don't know where we could hire a more diligent group that work without grumbling, and cooperate and never have any ruffles. Some of the times when we get to those long dragged out days, it's really a credit to you and it shows your interest and dedication. Those of us as legislators rely so heavily, although they are hired people, on the Legislative Council. The hours and hours and hours of time that they put in over and above the call of duty answering our requests and the various things that we ask of them, and they continue on. To all of the other employees that we ask to do those errands, they do it with great diligence. I think just as a spokesman of the Senate, I have taken it upon myself to say thanks to all of you. To Senator Nething, an experienced true leader, a man who has worked with diligence in government, it has really been an experience for all of us to watch him continue with his work. To Senator Thane, a comment made by Senator Tallackson that he would hear those remarks about excusing the absent senators, I want you to know that Senator Thane is going to hear them too, because he runs around with that dumb little recorder all the time. He plays it when he's in his big tractor out on his farm. When Senator Melland mentioned that Dave's secretary asked Senator Melland about "giving it to Buck" I pleaded, and begged and begged if I could have the chance, but he wouldn't let me do it. Seriously, it has been a great experience, and I have the little thing to leave with you, and it's only our little family at the Holiday Inn that kind of know what this joke is about. Down on the farm, we have had a hobby of raising various specialty crops, everything from strawberries to raspberries, to watermelons, to squash, and I'm on a popcorn kick now. We've raised about an acre of popcorn this last year, we have a lot of fun with it, it's kind of a standing joke around the group that stays at the Holiday, and so as a kind of a going away gift, just a bag of homegrown of popcorn from Smykowski's farm. Thank you.

Senator Shallow: Could we please at this time recognize Senator Wenstrom.

Senator Wenstrom: President Strinden, Dr. Sanstead, our presiding officer during the session, not at the moment, became interested in government at the state level when he was elected to the House of Representatives in 1964. He served in the sessions 1965, 1967 and 1969. He found time to be a delegate to the Constitutional Convention in 1972. He was elected Lt. Governor in 1972 and has presided over this august body during the sessions of 1973, 1975, 1977 and now just completing 1979. Here he has demonstrated his abilities, continuing to rule over this body with justice and impartiality. Since he became our presiding officer, he has also been associated with the conference of Lt. Governors. That group has honored him by naming him vice chairman of the National Lieutenant Governors' Conference. Along with his other activities, he has found time to go back to school and obtain his doctorate from the University of North Dakota. Presently when he is not occupied by other activities he is a member of the faculty at Minot High, where he is an instructor in law, justice and government. President Sanstead, on behalf of we senators, I wish to thank you for the fairness and the many courtesies you have shown us over these many years as our presiding officer. I am sure you appreciate our watching the big board so that you had to break the tie vote but once

during this past session. Dr. Sanstead I think as I have observed this 46th Legislative Session, that there has been a different feeling here among the members of the Senate, a little different than any other session I have been privileged to attend. I think this is due to your ability as presiding officer and to the abilities of our two floor leaders. This thing, may I call it that I find peculiar to this session, is the lack of animosity. Sure there has been some ribbing on the floor, but there is nothing wrong with that, but you know in reminiscing I have seen times when we would meet in the hall and never even recognize a person. I have seen that, that's not malarkey, you don't see that in this session, haven't seen it at all, and I think that's a tribute to our presiding officer and our two fine floor leaders. Now, Mr. President, on behalf of the members of the Senate, I have a token here of our appreciation and esteem which I would like to present to you at this time.

President Sanstead Thank you very much, Senator Wenstrom, former Lt. Governor Wenstrom. It has indeed been a privilege to serve with you for these many sessions, and most especially the colleagues of this 46th State Legislature. I certainly would be remiss if I did not begin with Doris, Vern, Sandy, most especially Leo, because we have worked very well as a team, and I think we have given the kind of service to the Senate that needs to be done in terms of management and movement of each day's business. Then too, the thanks from those of us here at the desk to all of those who often times are not seen, but who deliver the goods, get the job done in terms of providing the paper work, in terms of serving you as members of the State Senate — to the Majority Leader, Assistant Majority Leader, Minority Leader, Assistant Minority Leader, of my appreciation for your cooperation and assistance during this session. I certainly appreciate the opportunity to serve, I think it's a rare privilege to be the presiding officer of a group as distinguished as this and it has been our job to facilitate that process and most especially to make it a fair, honest and a forthright process. I thank you for the opportunity of being with you. To my President Pro Tem this session, I extend my appreciation for the times that Senator Strinden has served us and the opportunity to have worked with him as well as with each and every one of you as a distinguished member of this 46th State Legislature. Thank you very much.

Senator Wenstrom: Mr. President, could we at this time please recognize Senator Erdman.

Senator Erdman: Mr. President, members of the Senate. It gives me a great deal of pleasure on behalf of the Senators and staff of this chamber to make this presentation to the President Pro Tem. Senator Hoffner sort of stole my speech, I had a few notes, here, but he always has to get ahead of me because just yesterday, he tried to promote Senator Strinden to that chair up there as a permanent gesture I guess. I don't know whether he was being generous to Senator Strinden, our President Pro Tem or whether he was trying to get the Lt. Governor into his position as Energy Coordinator so as he wouldn't have to go back to Minot and go back on food stamps. Anyhow, the President Pro Tem has a unique way of presiding, when he says "Indicate by the usual". Even if he is one of the famous "fat-finders", when you really get to know him, he isn't such a "bad Joe". You know we had a certain bill down in Appropriations early in the session and it effected my area and some of the boys wanted to be real hard, and of course I guess we are sort of noted for that in Appropriations, and I made a plea, I related to some of the people that they had been on a tour in my area, and that there were some difficult things to face up there, and I said where there were tears, there was a heart, and Senator

Strinden was the first one to come to my rescue, he moved a "do pass" on the bill and it indicated that he really had a true heart. You know after all, he's really a pretty good "Joe". Congratulations.

Senator Strinden: Thank you Senator Erdman for the kind remarks, I considered it a great honor when this body elected me to be the President Pro Tem of the 46th Legislative Assembly. I sat in the wings for quite a while before I had the opportunity to sit here and so call "govern" you in session, but then I finally determined why this came about because when we had the reception at the Inauguration I shook the Lt. Governor's hand. I said, "Governor, should I be called on to preside, my first duty will be to lock your office". For that reason I thought he would probably never leave. I have appreciated the consideration that this body has given me the times I have presided and I certainly respect the friendship of each and every one of you. The good Senator from the 12th District and I have some friendly words on occasion, and that is as it should be. I certainly appreciate and thank each and every one of you for the opportunity you have given me in my service to the state of North Dakota in the Senate, and I appreciate it very much.

Senator Erdman: Mr. President, could we please recognize Senator Thane.

Senator Thane: Mr. President, Lt. Governor Sanstead, ladies and gentlemen of the Senate. Before I make the presentations that I have been asked to make, I would like to comment on a group of people who will not be recognized in this form today, but they are vital to the way the Senate runs, that perhaps they should be, so I am going to take just a second to recognize all the other Senate employees, whether they be up in the Steno pool, whether they be one of our pages, one of our assistant sergeant-at-arms, or whoever, because all of us know that we rely on them to run our errands and do our work and if they all quit some day just for the fun of it, everything would come to a screeching halt and we really appreciate them, and I think we should give them a hand! We have a fellow that sits up in the front here, smokes a pipe all the time, and I've been a little concerned that perhaps one of these times he'll set fire to himself, but it hasn't happened yet. He is our very efficient Secretary of the Senate, he sometimes knows what's going on better than we do, and that is to be expected, and we have a little gift for you, Leo Leidholm.

The next on my list is a lady who once pushed the wrong button on the recorder and gave us a little recording of something that had taken place, she is very efficient, we appreciate her very much, she can anticipate what's going to happen better than we can, and Doris, we love you.

The other one is a cute little gal, I've never seen her quit smiling, her hair is a shade of red, she blushes a little bit, but not too often, and she is so friendly, that she is a real asset and she does her work well, Sandy Boehler.

Next we have our assistant Secretary, who can always be counted on to get something that we need quick when we have forgotten that we had a committee report to give, all of a sudden we need it in about one minute, and he can get it to us if we can get a note to him on time, and Vern, we appreciate you very much, Vern Asheim.

We are always fortunate to have excellent Sergeant-at-Arms and our chief Sergeant-at-Arms, Olger Sandven, always manages to hold the mike just the right distance away from the mouth of the other guy so we won't break his teeth, or hold it too far away so he can't hear — Olger, we sure are glad to have you with us.

Last of all, Mr. President, our deputy Sergeant-at-Arms who is of a great deal of assistance to us, Carl Bjerke.

Leo Leidholm: Mr. President, members of the Senate, it's that time of the session again when everybody is about to go their own way. Our record shows that they have been doing a little of that since the 3rd of January. On behalf of the Senate employees we want the members of the Employment Committee to know that we appreciate serving the 46th Legislative Assembly. We know that they had many applications to screen and feel fortunate to have been selected. It is our hope that we have all done our duties well and have served each individual senator to the best of our ability. We want the chairman and each member of the Employment Committee to receive a token of our appreciation, Senators Thane, Smykowski, Strinden, Solberg, Iszler, Barth, Krauter and Orange. Thank you.

Senator Strinden: Mr. President, members of the Senate, there is one thing that I have always wanted to do, and that is to give the Lt. Governor an order, so, Mr. President, I move that we dissolve our Hearts and Flowers Session, which motion prevailed.

Senator Nothing moved that the President appoint a committee of three to notify the Governor that the Senate had completed its business and is about to adjourn sine die, which motion prevailed.

The President appointed as such committee:

Senator Lips

Senator Farrington

Senator Orange

Senator Nothing moved that the President appoint a committee of three to notify the House that the Senate had completed its business and is about to adjourn sine die, which motion prevailed.

Senator Goodman announced that the committee appointed to inform the House that the Senate had completed its business and is about to adjourn, had completed its business and requested that the committee be discharged, which request was granted.
