Beede**, 249 N.W.2d 230 (N.D.1976).

2. James Dotzenrod applied for a recount over the applicant's 1 vote majority in the General Election pursuant to 16-13-47.1, N.D.C.C. which recount was conducted by Judge Larry M. Hatch of the Third Judicial District in Wahpeton on Monday, November 27, 1978, with the following results:

Richland County		Ransom County	
Morgan	1137	Morgan	1311
Dotzenrod	1114	Dotzenrod	1340

This recount gave Dotzenrod a 6 vote majority.

3. In Richland County, Liberty Grove Township, the canvassing board counted 53 votes, 22 for the applicant and 31 for Dotzenrod. In the recount applicant challenged 21 votes for Dotzenrod on the grounds that the election official had not used the "official stamp", which ballots were stamped with the primary stamp and the date on the stamp was September 5, 1978, which was the Primary. In the recount these 21 votes were marked as Liberty Grove Township Morgan Exhibit 4. In addition, Exhibit 5 was marked indicating that the County Auditor had sent the election supplies including the General Election November 7, 1978 stamp to the election officials of Liberty Grove Township after the September 5, 1978 Primary Election, and pursuant to law. Judge Hatch ruled that these

ballots should be counted and it is Petitioner's contention that this was a serious legal error. In addition, Dotzenrod contested 14 Morgan ballots, denominated by Exhibit 9, on the same grounds and for the same reason. It is Petitioner's contention that all of these ballots ought to have been ruled invalid which would have meant 7 additional votes for the Petitioner or 1 in excess of a majority making him the State Senator. Three North Dakota Statutes require the invalidation of these ballots: 16-11-11, 16-12-04, and 16-13-01, N.D.C.C. The first statute requires that the ballot be stamped as an "official ballot" and the stamp contain "the date of the election." The second statute makes it mandatory that before delivering ballots to electors in Liberty Grove Township the inspector is required to stamp the ballot with the designation "official ballot" and the other words provided in the first statute which requires the date of the election, November 7, 1978, not September 5, 1978. The third statute, 16-13-01, N.D.C.C., provides in clear language that if a ballot is not endorsed with the official stamp the "ballot shall be void and should not be counted." Three North Dakota Supreme Court cases sustain the proposition that these ballots should not have been counted: **Weber v. O'Connell**, 215 N.W. 539 (1927), **Torkelson v. Byrne**, 276 N.W. 134 (1937), and **Kuhn v. Beede**, 249 N.W. 2d 230 (1976).

4. In Richland County in the precincts of Homestead, Brightwood Township and Lidgerwood City, Precinct No. 2, 3 absentee voter ballots were counted for Dotzenrod though they had neither official stamps nor initials in plain violation of Section 16-13-01 (1), N.D.C.C. and contrary to **Kuhn v. Beede** cited above in which the Supreme Court clearly held that the mandatory endorsement requirements of an official stamps and initials set out in Section 16-13-01 (1) applies to absent voter ballots. 2 absentee voter ballots in Richland County in Danton and Grant precincts were counted for Morgan but there would be a net of 1 in favor of Morgan.

5. There were other errors in the counting of the ballots and the accepting or rejection of same.

6. The applicant therefore clearly is the winner in the Legislative race by a minimum of majority of 2 votes, and if the absentee voter ballots are disregarded with a clear majority of 1 vote.

WHEREFORE, Petitioner respectfully requests that said contest be determined by the Senate of the State of North Dakota, 46th Legislative Assembly.

Dated this 1st day of December, 1978.

Place within them the spirit to want to do right, the wisdom to know what is right and the courage to stand for right. Save them, O God, from themselves, from friends and those who give poor advice. Help them to place the welfare of others above personal ambition. In the midst of issues that are complex give them common sense; in ideological struggles give them moral and spiritual fortitude.

COMMUNICATION
STATE OF NORTH DAKOTA
ALLEN I. OLSON
Attorney General
State Capitol
Bismarck, North Dakota 58505

FROM: Allen I. Olson, Attorney General, State of North Dakota
Gentlemen:

The purpose of this memo is to remind you of the policy we initiated

in 1973, pursuant to Subsection 8 of Section 54-12-01 of the North Dakota Century Code, regarding opinions when the Legislative Assembly is in session.

Subsection 8 of Section 54-12-01 reads as follows:

"8. Give written opinions, when requested by either branch of the legislative assembly, upon legal questions;"

To further clarify our policy, Subsection 6 of the same section reads as follows:

"6. Consult with the advise the governor and all other state officers, and when requested give written opinions on all legal or constitutional questions relating to the duties of such officers respectively;"

Our policy is to comply with Subsection 8 when the Legislative Assembly is in session and when not in session to consider all legislators as state officials so that when the Legislative Assembly is not meeting as a body, legislators are still entitled to receive opinions from this office. Pursuant to Subsection 8, individual legislators' questions must be presented as a question from either of the Houses through the respective presiding officers.

I recognize that this procedure is somewhat cumbersome, but it does comply with what we believe to be the intent of the statute and it does tend to provide for continuity and quality of opinions from this office.

Thank you for your cooperation and best wishes for a productive session. I assure you of our total cooperation toward that goal.

SECOND DAY

Bismarck, January 4, 1979

The Senate convened at 1:30 P.M., with President Sanstead presiding.

The prayer was offered by Rev. Dave Knecht, McCabe Methodist Church, Bismarck.

God, our Eternal Father, we thank You for Your mercies, new every morning. As we turn our concerns toward the needs and labors of the people entrusted to our care, may we be constantly aware that unless You build the house they labor in vain that build it. May we seek first Your will — only so can all other things be given unto us.

Give us to build above our deep intent the deed; to put muscles in our ideas, and feet under our thoughts. May all that we do be done with integrity, committed to being honest with ourselves, with each other, and above all with You. Enable us to be faithful even in little things, knowing that so often You have chosen the small, the quiet, the weak through which to accomplish Your great purposes. So would we offer ourselves in service and give glory to Your Name.

AMEN.

The roll was called and all members were present except Senator Roen. A quorum was declared by the President.

MOTIONS

Senator Nothing moved that Senate Bill No. 2132 be laid over one legislative day, which motion prevailed.

Senator Nothing moved that the following remarks of Senator Solberg be printed in the Journal, which motion prevailed.

POINT OF PERSONAL PRIVILEGE

Senator Solberg: Mr. President, I rise on a point of personal privilege. Mr. President, members of the Senate, I promise not to take too long and I will not do it extemporaneously so that I will disturb anyone's mental attitudes too much, so I have prepared a script which I would like to share with the Senate at the end of the first week. We have talked a lot about taxes and so on and this is going to deal with western North Dakota. I spent a great deal of time this summer working in the statistical areas, in the analysis in the weighted factors and indices that are available to us if we look at the economic potential that might be here in North Dakota and that we might miss unless we are very careful, so I am not going to keep anyone from getting out on the highways in cold weather very long, but I would like to share this with you, if I may.

For a whole generation, there has been an uninterrupted exodus in America, from countryside communities to the big cities. Country towns and small cities have lost and continue to lose their people. North Dakota has been a big loser in this drama.

Since 1930, the state's population has been steadily declining while in many states the population has doubled and trebled, and the end is not yet in sight. There will be 12 percent fewer people in the state by 1990, using historic factors of 1972 according to a recent government study on future growth for the United States.

This is the largest indicated loss for any state. The warning should concern the whole country and North Dakota in particular. It need not happen.

The shift in population and industry has reached such proportion that two-thirds of all people in the country now live within less than 2 percent of the area of the United States. And only one-third are left in the other 98 percent.

Some idea of the concentration that now exists in some metropolitan areas may be gained from statistics. In Illinois there is one county that has 5.5 million people and countless industries squeezed into it. This is Cook County in which Chicago is situated. In size it is about the same as Mercer County.

North Dakota is not alone to suffer population losses. South Dakota, Montana, Wyoming, and Idaho, are also expected to have fewer people by 1990.

The total present population of this five-state area of nearly 500,000 square miles is only one-half that of Cook County previously referred to.

Here is a great empire, larger than all of France, West Germany, The Netherlands and Great Britain combined. It has enormous wealth in mineral resources, some of the richest soil in the world, great forests, lakes, rivers, scenic beauty and healthful climate. While Cook County continues to get more crowded, the five states continue to diminish in population.

This disproportionate distribution of people is not due to any super-natural forces. They are man-made. Ever since man invented the wheel, man's inventions have been changing the character of his communities and his relationship with the earth.

It was the invention of machines and technology that wiped out millions of jobs in country communities. The man-hours moved to the big cities to make machines and to process the products from the land. Larger operating units in agriculture grew. There are now 3 million fewer farms than in 1930.

When farms became fewer the bottom began to fall out of the fragile economy in thousands of country towns. Income from other sources did not fill the gap. Local jobs were lost and stores closed up. People left to find work and to seek a brighter future elsewhere.

The American people have always been highly inventive and enterprising. By the turn of the century, the American farmer had developed the most efficient agriculture in the world. This changed the nation's balance of trade and made this country the bread basket for the world. It also made possible a new industrial economy which has grown and multiplied ever since.

Inventiveness created new industries and these industries became so efficient that America attained world leadership and great wealth.

We own enough automobiles to take every man, woman and child in the United States, Canada, and Mexico out for a ride — all at the same time. The total horsepower in the country has increased from 2.773 billion in 1940 to 26 billion in 1977; electric energy has increased from 180 billion kilowatt hours to nearly 1,800. Today farmers in the United States produce seven times as much per man hour as in 1930.

This dynamic growth of industry and services became the economic life blood of big cities. Meanwhile, relative underdevelopment and underpopulation deepened in the country communities that depended primarily on the production of raw materials. The value of these commodities in relation to the total economy continued to shrink.

(The above paragraphs from a presentation at Valley City State College.)

There are those among us who know that our state needs a new revitalization and that individuals need new options. We realize a new redistribution of population into areas now sparse is important. There is no other way to fully capture the total economic value of all resources available to the state. We have given too much thought to human resources without developing the natural resources to put human resources to full use instead of living off the economic processes at a second or third level finance structure. We need to constantly do what can be done to cause natural resources to be refined to a point of no further development and thus keep the rent, interest, capitol, and wages within the state's economy instead of shipping it to other parts of the nation.

We need to recognize that country towns are a part of their own vast economic framework quite separate from that of the larger cities in the state. The two are co-interdependent and co-essential, but the former must never be regarded as a part of the backyard or a province of the bigger cities.

This framework is a part of North Dakota and the nation as well. It is a whole world in itself. At the beginning of our thoughts this afternoon, we

referred to the 98 percent of land surface providing living space for only two percent of the population nationally. This is true in North Dakota if we take the land surface as a whole. We are a small part of the 98 percent of the total, but we have vast productive areas capable of producing for the thousands outside our boundaries. We have a large percent of the natural resources spoken of as part of the 98 percent land surface in the United States with but two percent of the population.

Agriculture is constantly reviewing its role in the American economy. We now must evaluate other resources in the same manner. Oil production has been well assimilated into the national markets as well as the state. We not only produce the crude, we also do much refining and processing for various markets. We have done this without too much confusion due to a regulated national policy in regard to petroleum products. This is now a bit of history. Much could have been different had we developed a state policy regarding it some twenty years ago.

Now we have lignite coal as a resource of quantity. We have waged political battles concerning its production and taxation, but have left much to be desired in state policy concerning its total production and concentrated economic use. We have been concerned more about taxes for revenue rather than production for economic gain for the state and its employable people. We have heard much about the fact that we are subsidizing large corporations by levying a tax against a resource supplying power to be used throughout the region. Let us be aware of the fact that large corporations do not pay the tax on power produced in North Dakota. They pay it in the first instance and then it is passed on to the consumer of goods produced from power generated by the use of lignite coal. This applies to farm machinery manufactured in Minnesota and sold to consumers in North Dakota as well as electric power companies supplying power for REC lines in North Dakota or in other states. We do not subsidize large industry with a proper tax on our raw product. Everytime we tax the corporations more, the consumer costs go up accordingly. A severance tax on lignite must be a true severance tax and not a compromise between political factions. A severance tax is technically a tax applied to the raw product in its natural state when severed from its natural location in the earth. The tax is applied to the measurement used to determine its quantity which with lignite coal is the metric ton. (2000 lbs.)

Thus the tax is applied to the measured ton rather than to the price per ton which may be changed by inflation and not supply and demand. Anytime we add an escalator to the base severance tax, we add to the inflationary force on the price of a ton of coal. Therefore, a severance tax must be a tax levied against a ton of coal, and with the BTU content of North Dakota lignite. This tax should be set at about fifty cents per ton on a permanent basis. A fixed base tax is not a cause for inflation in itself. But a tax moving with the inflation cycle merely increases the force of inflation whenever used in the productive economy. I believe this is a must for the forty-sixth legislative assembly and needs our real attention and unprejudiced appraisal.

In my estimation we must legislate as follows:

1. Set a fixed tax on a ton of lignite on a permanent basis.
2. Define impact in economic terms and develop criteria to be used in the statutory definition.
3. Continue the Office of Lignite Impact and establish a five member commission to administer its programs. Only secretarial help should be on the payroll.
4. A continued formula for allocating funds to the communities qualify-

ing under the provisions of the impact definition.

North Dakota is losing population in the western part of the state. It is the greatest resource we have ever had outside of agriculture available to us and constantly there for us to utilize. We do not destroy the land by taking the coal out from under, because we have one of the best rehabilitation laws for rehabilitating land in the nation. You study them as I have done and you will come up with the same answer. Therefore it is expedient for us now to take a good look at the thing that we may be doing to cause us to not utilize the resource within the time period that is going to be of value to us rather than to wait and cause others to divert into other sources of power simply because of the tax that is applied to it or because of the lack of ability to produce those things that are essential to the productive economy outside of North Dakota. Therefore I urge in this moment that has been given to me by you, Mr. President, that you look at some of the things that I have suggested. You might not agree, and I know you won't agree, which is a wonderful thing to have, because then we can sit down and talk about it and disagree more. Thank you very much.

Senator Nething moved that after the reading of Senate Bills 2015, 2025, 2093, 2100, 2132 and 2158, the Senate stand adjourned until 1:30 P.M., Monday, January 8, 1979, which motion prevailed.

REPORT

of the

LEGISLATIVE COMPENSATION COMMISSION

to the

46TH LEGISLATIVE ASSEMBLY

The Legislative Compensation Commission was created by the Legislative Assembly in 1969. Its statutory authority is codified in Sections 54-03-20.2 and 54-03-20.3 of the North Dakota Century Code.

The commission consists of five members appointed by the Governor, none of whom may hold state office or serve in any capacity in state government, at the time of appointment, or during service on the commission. The members are appointed for four-year terms. The current membership of the commission is Mr. Gorman King, Chairman; Mr. Lloyd Bjella; Mrs. Mavis Couchigian; Mrs. Carol Johnson; and Dr. James Mahoney.

The commission held one meeting in Bismarck at which there was not a quorum, and then held another meeting by telephone conference call. During the conference call meeting, the commission considered the results of a questionnaire which had been distributed to the 46th Legislative Assembly during its Organizational Session on December 5-7, 1978.

Responses to the questionnaire indicated that the present constitutional compensation limitation is unrealistic; that the \$45 per diem received for interim committee work is inadequate; that the \$60 daily unvouchered expense allowance paid during each calendar day of a legislative session is inadequate; and that the \$150 monthly unvouchered expense allowance is adequate. A collation of the questionnaire is attached to this report.

The commission believed, in general, that it would be appropriate to hold any recommended compensation increases to the national inflation control guidelines of seven percent. Commissioner Mahoney dissented from this commission consensus. He believes no step should be taken at this time which would increase state expenditures.

The commission then questioned whether the seven percent increase should be spread among each item of compensation over which it had jurisdiction to make recommendations, or whether it should all be lumped in one item. The commission voted to total up a seven percent increase of each item over the biennium, divide that amount by 24, and add the result to the monthly unvouchered expense allowance. Therefore, the commission is recommending that the monthly unvouchered expense

allowance contained in Section 54-03-20 of the Century Code be increased from \$150 to \$180 per month. Commissioner Mahoney also voted in the negative on this recommendation.

The commission also discussed whether it would be appropriate to recommend a change in the current constitutional provision (Section 45) dealing with legislative compensation. The commission unanimously believed that the Constitution should be changed to more realistically provide for legislative compensation. All of the commissioners, with the exception of Commissioner Mahoney, believe that constitutional provision for a Legislative Compensation Commission with authority to set legislative compensation and expense reimbursement levels was most appropriate. Commissioner Mahoney believes that the Constitution should provide that compensation be set by law.

Therefore, the commission is recommending that the Constitution be amended by changing Section 45 from a provision for a daily compensation (\$5) to provision for a Legislative Compensation Commission. The commission is submitting a bill and a resolution to accomplish its two major recommendations.

Finally, the commission discussed legislative space needs and the need for more adequate staffing for the entire Legislative Assembly. The commission recognized that the proposed new Judicial Wing and State Office Building will relieve some of the pressure for physical space placed on state government. However, the commission believes that there is particular need for more adequate legislative space. Therefore, the commission recommends that the Legislative Assembly take steps to provide itself with more adequate space and additional staffing whenever, in its judgment, funds for that action become available.

COLLATION OF LEGISLATIVE COMPENSATION QUESTIONNAIRE

On December 5, 1978, a questionnaire concerning legislative compensation (copy attached) was distributed to each member of the 1979 Legislative Assembly. Eighty-five of the 150 (56.7%) members of the Legislative Assembly responded by the end of the Organizational Session on Thursday, December 7, 1978. The following is a collation of the results. Not all respondents answered every question, and some respondents who answered a particular question negatively ventured an opinion as to an appropriate solution.

QUESTION 1

The first of the six questions asked whether the monthly allowance for uncompensated expenses (\$150 per month payable semiannually) is adequate. The majority of respondents (52 or 61.2%) think the amount is adequate. Thirty-three (38.8%) think the amount is inadequate. When asked for a suggested amount, the majority of those who responded in the negative (18 or 58%) think the monthly reimbursement should be set at \$200. Other answers are: \$170 (2 or 6.5%); \$175 (2 or 6.5%); \$177.50 (1 or 3.2%); \$180 (2 or 6.5%); \$250 (2 or 6.5%); \$300 (3 or 9.6%); and \$400 (1 or 3.2%).

Comments on this question included suggestions that the monthly allowance be paid quarterly, instead of semiannually; and that the allowance should be high enough so a wage earner can serve.

QUESTION 2

Question 2 asked whether the present constitutional limitation on daily salary (\$5 per day of session) is realistic. Six legislators (7.1%) responding think that it is. The great majority of the respondents (79 or 92.9%) believe the present provision inadequate. Seventy-four of the 79 picked one of the suggested solutions. Most of the 74 (38 or 51.3%) chose the compensation commission solution. Twenty-two (29.7%)

chosed the method which would have allowed legislative compensation to be set by statute. Nine respondents (12.2%) think the Constitution should set a more realistic per diem; and five (6.8%) think the Constitution should set a realistic salary figure.

QUESTION 3

Question 3 asked whether interim committee per diem payments (\$45) are adequate. Only 84 of the respondents answered this question, and 34 or 40.5%, think the interim committee per diem is adequate. Forty-nine respondents (58.3%) think the per diem is inadequate and recommend per diem ranging from \$50 to \$100. The plurality (20 legislators or 44.4%) believe the per diem should be set at \$60, the same as the per diem received during the legislative session. The next largest number (9 or 20%) recommended a \$50 per diem.

QUESTION 4

Question 4 concerned the adequacy of the daily unvouchered expense allowance (\$60) paid during each calendar day of a legislative session. Thirty-three respondents (38.8% of those responding) think the daily legislative unvouchered expense allowance is adequate. Fifty-two (61.2%) think it is not. Fifty-one of the latter recommend a new rate, and 36 of the 51 suggest \$65 to \$75. Eight (15.7%) suggest a \$100-per-day figure; and six (11.7%) suggest an \$80-per-day amount.

QUESTION 5

Question 5 asked whether levels of legislative compensation have a "significant effect" on attracting persons to run for the Legislative Assembly. Eighty-two legislators answered this question, and 45 (52.9%) believe compensation has a significant effect. Comments were primarily to the effect that wage earners and those on fixed incomes are almost prohibited from running. Thirty-seven respondents (43.5%) think compensation does not have an effect on the decision to run.

QUESTION 6

Question 6 attempted to determine legislative opinion on whether compensation levels influence legislators' decisions to remain in the legislature. Fifty-two (61.2%) of the 85 respondents said that it does. Thirty-three (38.8%) said that it does not.

MOTION

Senator Redlin moved that Senate Bill No. 2015 be laid over one legislative day, which motion prevailed.

FIFTH DAY

Bismarck, January 9, 1979

The Senate convened at 1:30 P.M., with President Sanstead presiding.

The prayer was offered by Rev. Ted Kalkwarf, Pastor, Faith Lutheran Church, Bismarck.

Father God of mankind, we stand before You on this day which You have given to us. Assist us to remember that on this stage of life, all the drama we play here, we play before You. Remind us in these few moments that You are the only audience we must please.

Help us to see that without Your wisdom and Your guidance, we tend to build walls between our neighbor and ourselves. Guide us in the effort to remove whatever barriers separate us from one another.

Guide us in the effort to build bridges of understanding and cooperation between one another. Strengthen us in the missions of binding up the brokenness of our society, bless us that what we do with this time You've given us, we do for the good of all people.

Lay Your claim heavy upon us, O Lord, use us for the good of others. Amen.

O God, Lord of all things and ruler over the lives of all people, please bless and guide the men and women who govern here and decide the future of North Dakota. Our special schools, our laws, and the welfare of our people in a year when money is short and needs are many. Give them wisdom to choose where needs are greatest and most worthy. MOTION

Senator Melland moved that the remarks of Senator Barth be printed in the Journal, which motion prevailed.

POINT OF PERSONAL PRIVILEGE

Senator Barth:

Mr. President. Ladies & Gentlemen of the Senate.

I rise on a point of personal privilege and request my remarks be printed in the Journal.

As a member of the minority, I am willing to accept the fact that I am a member of the political party not in control of this body. I am not willing, however, to sit back and listen to the hollow, pious statements by the ma-

majority party relating to what is referred to as, "cooperation and doing what is best for the people."

The major issues of this session and past sessions can be described under the general heading of taxation.

Yet the majority party has seen fit to make access to the Senate Finance and Taxation Committee burdensome to the public by assigning it to meet in the less than adequate Senate Conference Room.

The minority members have strenuously objected to the room assignment but the objections have obviously fallen on deaf ears.

The majority party has seen fit to use their power in what appears to be an obvious attempt to stifle public input on the crucial legislation affecting the pocketbooks of each and every North Dakotan by the assignment of this particular room to this committee.

Apparently the majority party has already decided what tax legislation is going to be enacted and feels there is no need to make the hearings to the Finance and Taxation Committee accessible and comfortable to the general public. If not, why the assignment of a cubicle for hearing the public on tax legislation. This is not unusual behavior on the part of the majority party for we only need to refresh our memories of the 1977 Legislative Assembly. The majority party had established a hit list early in that session wherein the majority party decided on what would or would not pass even before public input was taken. This type of behavior is a far cry from a democracy.

Power in itself is not bad, but arrogance of power as exhibited by the majority party in past legislative sessions regarding the public and in what appears to be the mode of operation for this session is wrong and should not be tolerated. To expect people to participate in the functioning of one of the most important committees of the Senate under current conditions, is first of all, an insult to the people; secondly an attempt to thwart public input and thirdly, an outward manifestation of the attitude of the majority party towards tax legislation and the people's pocketbooks.

It is one thing to run roughshod over the minority party, however, it is quite another to do so to the public.

SEVENTH DAY

Bismarck, January 11, 1979

The Senate convened at 1:00 P.M., with President Sanstead presiding.

The prayer was offered by Sister Burnie Kunz, Deaconess, First Lutheran Church, Bismarck.

Eternal Lord, You are the ruler of the nations, by Your precepts our affairs are judged. Look to those we have selected as our leaders. Impress upon them the importance of their responsibilities but humble them by reminding them of their humanity and their weakness. Hold before them the ideal of the greatest good for the greatest number, but make them aware, as well, of the rights of the smallest minority in our midst. Turn them away from intemperate decisions and aggressive actions, and into the paths of service for all the people; through Christ, our Lord. Amen.

NINTH DAY

Bismarck, January 15, 1979

The Senate convened at 1:30 P.M., with President Sanstead presiding.

The prayer was offered by Rev. Don Klingensmith, Pastor, United Methodist Church, Mandan.

Almighty God, Father of our Lord Jesus Christ, whom You raised from among the dead to show Your love and power for each one of us. Not only we who are assembled here, but also the folks back home, the neighbors, the strangers, our whole State and Nation, and, that You hold all other nations and their people as precious, so that whoever will may come and take of the water of life, without cost. And, with it you also give freely of Your wisdom to uphold us in our weak struggle, as well as correct and reprove us when we go wrong after our own selfish ways. So, with confidence, we look for wisdom and power as You reveal to us the things that make for justice and mercy and peace.

Help each of us who is confused and uncertain as to what is best and according to justice, we pray.

Guide us all as we have honest convictions of differences and, as the debates go on, may that which is better than what we know now, come out and be adopted. And, if anyone is trying to put over something that debases or hurts, expose it and let it be destroyed, we also pray.

To this end, guide each Legislator, the clerks, the pages, even the janitors and those we overlook usually.

May Your peace rest on the folks and neighbors at home. Give rest to the sick and weary, we pray, that Your will may be done there also.

We would not forget to thank You for guiding our Fathers to this good land that flows with milk and honey, that produces a surplus of food for the needy of the world, and for the dreams You gave them of establishing a Government Of, and by, and for the People, in justice and mercy. So, as Your Spirit is still guiding, we pray that It shall continue for our good and for Your glory, thru Jesus Christ our Lord. Amen.

The roll was called and all members were present.

A quorum was declared by the President.

The Senate convened at 1:00 P.M., with President Sanstead presiding.

The prayer was offered by Rev. John Nicolai, Pastor, Trinity Lutheran Church, Bismarck.

Aware, O Lord, of the responsibilities before these Legislators in the limited amount of time that is theirs. And aware of the inability of man to understand all things and man's incapability of knowing all things, we seek Your direction and blessing. May Your Spirit guide them in the weighty matters before them. In their relationship one with another, grant them wisdom and understanding as they strive to bring forth what they feel is right. In all their dealings may they act with decency, order and love. We thank You for Your presence and pray for Your continued direction in the business that is now at hand. In Jesus' name. Amen.

Bismarck, January 19, 1979

The Senate convened at 12:30 P.M., with President Sanstead presiding. The prayer was offered by Rev. Dan Wissmann, Good Shepherd Lutheran Church, Bismarck.

Our Arena of Service

O Lord, our God, we are grateful for our arena of service, for a place to put our feet, for work to shoulder, burdens to carry and lives to touch in the course of our daily tasks.

May we be sensitive to Your leading as we plan for the future and may we also be sensitive to the hurts and needs of people here in the State of North Dakota and of other people in the U.S. and around the world.

We step into this legislative session as Your messengers and servants. Help us to be bold yet full of understanding, having our own convictions while humble and tolerant with the convictions of others. Willing to proclaim but just as willing to listen and reach out to serve someone who is lost and lonely. And while we are Your servants may we learn and grow in our understanding of life and Your will in this world in which we live. Amen.

The roll was called and all Senators were present except Senator Naaden.

Father, guide each person's thoughts, works and deeds that what is being done today will indeed be Your will and so we pray as Jesus taught us: Our Father who art in Heaven, hallowed by Thy name, Thy kingdom come, Thy will be done on earth as it is in heaven. SIXTEENTH DAY

Bismarck, January 24, 1979

The Senate convened at 1:30 P.M., with President Sanstead presiding.

The prayer was offered by Capt. Ed Jarvis of the Salvation Army, Bismarck.

O God, our guardian by night, our guide by day; thou hast led us forth from darkness into the light of life, and it is thy day. Pour the light of thy Spirit into our minds and hearts, that we might discover what is thy holy will, and discern the true from the false, the evil from the good, that we may henceforth walk in all humility in the paths of wisdom and peace.

Shed forth thy blessed Spirit richly on all the members of this Senate. Make each one an instrument in thy hands for good. Purify our hearts; strengthen our minds and bodies; fill us with mutual love. Let no pride, no self-conceit, no rivalry, no malace spring up among us. Make us earnest and true, wise and prudent, giving no just cause for offense; and may thy holy peace rest upon us this very day, sweetening our trials, cheering us in our work, and keeping us faithful to the task that is before us.

We pray now that thou wilt raise out thoughts and purify our aspirations. Strengthen our wills, and may we trust thee this day for all the needs of this body.

So Almighty and everlasting God, strengthen by thy presence all who work in this Senate, and by thou present with them this day and in all their duties, through Jesus Christ our Lord...Amen.

The roll was called and all members were present except Senators Hanson and Rait.

A quorum was declared by the President.

RECOGNITION

President Sanstead announced to the Senate that the 1979 Easter Seal Poster children, Kelly Steckler and Dale Hart, are in the chamber. Their parents are Mr. and Mrs. Terry Steckler of Mandan and Mrs. Jan Seaman of Minot. They are accompanied by Charlene Seifert, Easter Seal representative and Bernice Fagerland, Steve Benedict and Juls Jahr, board members of the Easter Seal Society.

Senator Nething moved that a committee of two be appointed to escort Kelly, Dale and their escorts to the rostrum. The motion prevailed and the President appointed as such committee, Senators Wenstrom and Redlin, whereupon Kelly, Dale and escorts were escorted to the rostrum and introduced to the assembly.

Senator Nething moved that the remarks of Mrs. Fagerland and Steve Benedict be printed in the Journal, which motion prevailed.

REMARKS OF BERNICE FAGERLAND

Mr. President and distinguished Senators: I consider this a great opportunity to appear before the governing body of North Dakota, the Senate, to inform you as to the program of the North Dakota Easter Seal Society. First, I want to mention that 96% of the money donated stays in North Dakota. Seventy-five percent goes to direct service for the handicapped. Now, what are these services? We have care and treatment at two of our centers; one in Bismarck and one in Minot. We have an equipment loan program for anyone needing walkers and wheelchairs, etc. throughout North Dakota. We have transportation, recreational activities, information and referral awareness, barrier-free environment, and our purpose and philosophy is to create and seek the development of programs to fill the unmet needs of the handicapped in North Dakota. For the first time, the North Dakota Easter Seal Society will be joining the National Society for the Easter Seal Telethon on March 24th and 25th on KX network. This is a most exciting venture and our plans are with increased money we can increase program and services and this is what

it's all about. The money gathered today will be presented on the Telethon by one of our Easter Seal poster children. I'd like to tell you a little bit about our poster children. Dale Hart is 11 years old and in the 4th grade and he goes to Sunnyside School in Minot. Dale had cerebral palsy since birth. He receives hydro and physical therapy at the Minot Treatment Center. Kelly Steckler, six years old, is in the 1st grade at Roosevelt School in Mandan. Kelly has juvenile rheumatoid arthritis and she receives hydro and physical therapy at the center in Bismarck. Now, I would like to introduce Steve Benedict who is on our Board of Directors and is also a member of the Governor's Council on Human Resources. Thank you.

REMARKS OF STEVE BENEDICT:

Mr. President, Members of the Senate, and everybody else: I bring you greetings on behalf of the Governor's Council on Human Resources — Committee on Employment of the Handicapped. I'm here not only as a representative of the Easter Seal Society, but also as a representative of the Governor's Council and want to express our appreciation for the Senators and Representatives that turned out last night for our awareness banquet in Mandan. They had to endure a few quips! There were both Republicans and Democrats and there were Senators and Representatives and there were a few things like the blind leading the blind. We had blindfolds on and we had awareness type activities that involved wheelchairs and lifts and everybody that came, I think, was a very good sport and it really turned out quite well and we wish to, at this time, express our appreciation to this august body for their participation in last night's activities. Thank you.

President Sanstead: Thank you very much. We appreciate the presence of this delegation and the cause. I might say that as long as I can remember, the Senate has always been the major contributor of funds to the Easter Seal Society at the urging of Mr. Wenstrom, who as a Senator, has been very involved with the Easter Seal Society and in competition with the House, even though we are a smaller body. We have always presented a gift of considerable size to the Easter Seal Society each session and we will certainly do that again and I'm going to appoint Senator Wenstrom to be in charge of that fund-raising activity again. On behalf of the State Senators, I present him with my check to start it out. We would like to have our Easter Seal children stay with us but they will now make the trip to the House to try to encourage them to raise some funds and Dale and Kelly will be on the House side.

NINETEENTH DAY

Bismarck, January 29, 1979

The Senate convened at 1:30 P.M., with President Sanstead presiding.

The prayer was offered by Rev. Norman E. Winkelman, Pastor Calvary United Methodist Church, Bismarck.

Almighty God, You have promised to lead us by Your Holy Spirit into all truth. Prepare our hearts and minds for the business of this day, that we may conduct ourselves with true courtesy and honor. Compel us to be just and honest in all our dealings. Let our motives be above suspicion. Let our word be our bond. Save us from the fallacy of depending upon our personality, or ingenuity, or position, to solve our problems. Since You have the answers, O God, make us willing to listen to you, so that Your will may be done in us. Through Jesus Christ our Lord. Amen.

The roll was called and all members were present except Senators Jones and Melland. Senator Jones is absent from Session today as he is attending the funeral of his wife's mother.

BE IT FURTHER RESOLVED, that each legislator make every effort to attend the Editors Day banquet at the invitation of the press or be prepared to put up with two years of having their names misspelled; and

BE IT FURTHER RESOLVED, That the Secretary of State send copies of this resolution to Mr. Walter Ridder, to Dr. Vernon Keel and Professor Al Austin at the University of North Dakota Journalism Department, and to Mr. Gene Carr of the North Dakota Newspaper Association.

LEO LEIDHOLM, Secretary

TWENTIETH DAY

Bismarck, January 30, 1979

The Senate convened at 1:00 P.M., with President Sanstead presiding.

The prayer was offered by Rev. Harold Vold, Concordia College, Moorhead, Minnesota.

PRAYER IN THE SENATE

O God Our Father, we pray that the people of America, who have made such progress in material things, may now seek to grow in spiritual understanding.

For we have improved means, but not improved ends. We have better ways of getting there, but we have no better places to go. We can save more time, but are not making any better use of the time we save.

We need Thy help to do something about the world's true problems; the problem of lying, which is called propaganda; the problem of selfishness, which is called self-interest; the problem of greed, which is often called profit; the problem of license, disguising itself as liberty; the problem of lust, masquerading as love; the problem of materialism, the hook which is baited with security.

Hear our prayers, O Lord, for the spiritual understanding which is better than political wisdom, that we may see our problems for what they are. This we ask in Jesus' name. Amen.

The roll was called and all members were present except Senator Miller Heinrich.

A quorum was declared by the President.

POINT OF PERSONAL PRIVILEGE

Senator Nothing:

We are now concluding the 23rd Legislative Day and by the 33rd Legislative Day we need to have all Senate Bills passed to the House. I want to report to you that the Senate will meet that schedule. We have had 478 bills introduced into the Senate and 51 Resolutions for a total of 529. While this is not as many as the past session, it is nevertheless a terrific workload. I want to commend each committee chairman and each committee member for their diligent efforts in fairly and impartially processing these bills through our Senate structure. February 14th, the 31st Legislative Day, is the day that all Senate Bills must be reported out of committee. I am happy to report to you — not only will each committee meet that deadline — but 10 of the 11 committees will have begun processing House Bills several days before that time. This is an example of what attention, diligence and discipline can do for the legislative process.

To avoid any House member misinterpreting my remarks, I want all of you to know that their workload involved considerable more bills than ours did — 205 more to be exact. There are also twice as many members in the House and naturally this will account for some of the duplications, but there are also the same number of legislative districts represented in each body which should help offset some of the total bills introduced. If we want to continue to have a citizen legislature, it is incumbent upon

each of us to discipline ourselves and to support only those bills which deal with an interest good for all of North Dakota, and to refrain from duplication of bills that have already been introduced or disposed of by the other House. It is that personal discipline which will be the key ingredient to retention of a citizen legislature because we can easily make enough extra work for ourselves to justify spending more time here.

While speaking of discipline, I also want to remind each of you that in dealing with the fiscal affairs of this state, we will need to exemplify and practice more dollar discipline than in any time in recent years. By doing so we will be able to complete this legislative session without a tax increase and with the full confidence of the citizens of North Dakota regarding our abilities to recognize and abide by their best interests.

As we conclude our work this week, I again want to thank each of you for your willingness to not only spend long hours of concentrated effort in handling our workload, but to also compliment you for the discipline you have shown towards management of the finances of this Great State.

POINT OF PERSONAL PRIVILEGE

Senator Hoffner: Mr. President, I rise on a point of personal privilege.

Mr. President, members of the Senate, I want to take this opportunity to also throw out some compliments. I want to commend the majority leader, now he is just next door to me, and I see him move around and we are always suspicious of each other in what direction we are moving. But I know for a fact that he moves into these committee rooms and keeps on his chairmen to keep an orderly process of bills and keeps an orderly flow of bills coming up to this chamber. I also want to commend the chairmen and all of the members because I have attended a lot of the meetings, there are always a lot of members there, I know how difficult it is for the members to move around and be at committee hearings and hear bills. I have really been impressed with the way things are going. There have been some incidents, but so very few that it is unbelievable.

The majority leader mentioned that he doesn't want the House to misunderstand, and I will say the same thing, I don't want the House to misunderstand — we joke about the House and Senate. The other night I heard the majority leader of the House say that he thought we should have a unicameral system and that way eliminate the Senate. I told him no, in a unicameral system I think they would call it the Senate, and we go back and forth. I go over there and tell them I feel like I am at a convention center, and over here is where the work is being done.

I do want to remind the House that 2 years ago, everyone was worried about the even split and that really caused some problems. I did some checking and 2 years ago we did have fewer bills but not that many fewer, there were 601 in the House, this time there are 692, (that is the report that I got). We have introduced 479 bills.

As we go through this session, we should think about all the things we think should be done to improve the legislative process. Now we have done that, we have a committee on Procedure and Arrangements and incidentally the leadership in the House also sits on this committee. During the interim we sent out questionnaires and we come up with all the ideas we think are important to improve the legislative process, and one of the real improvements, in my opinion, was that no more than three bills be introduced after the 10th legislative day. Had the House adopted that rule, I think they would be in much better shape right now. Two years from now they will probably change that rule.

REPORT OF PROCEDURAL COMMITTEE

The committee on Enrollment and Engrossment respectfully reports that:

Senate Concurrent Resolution 4047

Was delivered to the Secretary of State on February 5, 1979.

SENATOR PETERSON, Chairman

Senator Nething moved that after the reading of Senate Bills 2024, 2030, 2042, 2092, 2156, 2180, 2216, 2218, 2226, 2254, 2266, 2273, 2291, 2303, 2379, 2434, 2436, 2446 and SCR's 4026, 4028, 4031 and 4032, the Senate adjourn and convene at 1:00 P.M., Tuesday, February 6, 1979, which motion prevailed.

LEO LEIDHOLM, Secretary

TWENTY-FIFTH DAY

Bismarck, February 6, 1979

The Senate convened at 1:00 P.M., with President Sanstead presiding.

The prayer was offered by Rev. Jim Butler, First Presbyterian Church, Bismarck.

Save this moment, O Lord, from being only a gesture to custom. However brief, may it be a creative instant when we are aware of Your presence and Your concern and also of Your resource.

Give grace and strength to our Governor, his staff, the officials and employees, this Senate, and the representatives of Your people, for they are tempted and they are tried. How grateful we are that in a world where so many become fearful and impatient of freedom, and turn to tyranny or to chaos, there are those willing to accept the risks of public life; and to bring their experience and skills to the place of decision. Purify and strengthen the processes of democracy.

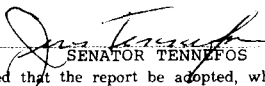

You know how blind and stubborn we can all be in our own intention. Please help Your servants here assembled, that they may protect and use wisely the wealth and resources of this state, may they make decisions which will help bring abundant life to people and may they be aware of the special needs of the poor, the voiceless, the displaced, and the dispossessed. May we all serve our state, within Your divine will. Amen.

The roll was called and all Senators were present.

A quorum was declared by the President.

Correction and Revision of The Journal

Mr. President Your Committee on Revision and Correction of the Journal has carefully examined the Journal of the Twenty-fourth day and finds the same to be correct.

SENATOR CUSSONS moved that the report be adopted, which motion prevailed.  Chairman
SENATOR TENNESSEE

POINT OF PERSONAL PRIVILEGE

Senator Lips: Mr. President, I rise on a point of personal privilege. Mr. President, I was asked a question relative to the funding of medical care for the family, etc., of employees of the State, which I answered correctly; but the thing in our mind in the Appropriations Committee, and I think the Senate should know, and I think it should be a matter for the record: When we analyzed the budgets that came to us from the various institutions we found that in the ones that we had, that were assigned to the Senate, that we're short about 1½ million dollars in the Governor's budget from paying a full family medical program. The House had other bills and sizable institutions, like Higher Education, and I think it was somewhere near at least a million and a half or two million dollars that those budgets were short to fully fund the family program. So we had a sub-committee from the Senate Appropriations Committee and a sub-committee from the House Appropriations Committee who met with representatives of Blue Cross and Blue Shield. We saw their contracts, we went over their contracts, and we felt that with the money available, the most we can possibly fund, as far as the family was concerned, was the alternate family contract, which is a part of that contract now and was an option to the family members at the present time. This contract runs from January 1, 1979 until June 30, 1981 so that it will then coincide with the biennial budget of the state. I think the Senate as a whole should understand that, and that's what we're trying to do in our budgets and that's what the House is trying to do in their budgets.

Our Father, who has ordained that whatever is to be desired should be sought by labor, and who by Thy blessing bringest honest labor to good effect. Look with mercy upon our deliberations and endeavors. Grant us O God, to design only what is lawful and right; and afford us calmness of mind and steadiness of purpose that we may so do Thy will in this short life so as to obtain happiness and peace of mind.

Assist us that we may be blessed in our work this day, and above all things may we attain the knowledge of Thee, according to Thy holy example, that we may ever be found going about our daily task doing good and being a helper to our brothers.

We thank Thee today for Thou art our refuge, our strength and our exceeding great reward, in Thy name we pray. Amen.

SECTION 5. COMPENSATION.) An interpreter appointed under the provisions of this Act shall be compensated at a reasonable rate to be determined by the appointing authority, including travel expenses. Nothing

SECTION 6. PRIVILEGED COMMUNICATIONS.) Whenever a deaf person communicates through an interpreter to any person under such circumstances that the communication would be privileged and the deaf person could not be compelled to testify as to the communications, the privilege shall apply to the interpreter as well.

SECTION 7. VISUAL RECORDING.) TWENTY-SEVENTH DAY

Bismarck, February 8, 1979

The Senate convened at 1:00 P.M., with President Sanstead presiding.

The prayer was offered by Rev. Dave Knecht, McCabe Methodist Church, Bismarck.

Eternal God, Whom to know is Life and Peace; apart from You our best laid plans become victimized by the limits of our vision, and the prejudices of our desires.

We invoke Your Presence among this body today, that we may be ever sensitive to Your will and purpose. Grant us here, O Lord, to resolve to know only that which is worth knowing, and to love only that which You love. Keep ever before us the vision of persons and their needs — for this is the highest of all your Creation.

Grant us the honesty and simplicity of true judgment, that we may search out and do only that which is right and good in Your sight. Amen.

The roll was called and all members were present except Senators Jones, Reiten and Smykowski.

RECOGNITION

Senator Nething moved that a committee of two be appointed to escort Mr. Olaf Solli, Royal Norwegian Consul General, Minneapolis, and Chester J. Serkland, Norwegian Vice-Consul for North Dakota, Fargo. The motion prevailed and the President appointed as such committee, Senators Christensen and Solberg.

Mr. Solli and Mr. Serkland were escorted to the rostrum and introduced to the Senate. Mr. Solli then addressed the assembly.

Senator Nething moved that the remarks of Mr. Solli be printed in the Journal, which motion prevailed.

REMARKS OF MR. OLAF SOLLI
ROYAL NORWEGIAN CONSUL, MINNEAPOLIS

Thank you Mr. President, distinguished Senators, Ladies and Gentlemen:

You have accorded my country and myself a great honor in inviting me to enter this rostrum and say a few words to this distinguished Assembly.

As a representative of Norway I am most happy to be able to face you and sense the kind of kinship and friendship which meets a Norwegian official in this part of the country. Your State and my Country are topographically as different as they can possibly be; but otherwise they are very much alike: small and sparsely populated rich in energy resources, perhaps burdened with environmental problems that go with energy extraction, and finally they both have a large Norwegian ethnic population.

Next to Ireland, no country has sent a higher percentage of its population to America than Norway. And no state in the Union has such a large percentage of people of Norwegian ancestry as North Dakota. I am not going to congratulate you with your heritage, nor have I come here to tell you how fortunate you North Dakotans are that you got more Norwegians than Swedes here.

Rather I want to say that for a small country like Norway it is exciting and nice to find right in the heart of North America a population with a feeling and knowledge about Norway and her culture that we find nowhere else in the other 150 foreign nations of the world.

I feel strongly that the multi-ethnic societies of Norway on her part is proud of the special relationship she can feel with this part of the world. It has shown itself by visits to North Dakota by the King, Crown Princess and Prime Minister of Norway. The United States are more interrelated to the rest of the world and more content with their cultural diversity than any other nation. You are self reliant and strong.

North Dakota food and energy resources are important in a world context. I am happy to pay my respects to you, ladies and gentlemen, who are charged with the task of leading the people of North Dakota to a good life, and find ways to progress and prosperity for your state.

I, on my side, can tell you that Norway as a shipping nation is happy to transport your oils and grain across the oceans economically and efficiently. I also want to say that Norway, by having a full fledged Consulate General in your neighbor state of Minnesota and a Vice Consul in Fargo, wants to facilitate the solution of all legal and administrative problems which may hamper the Norwegian and North Dakotan people in their dealings with each other.

I salute you on behalf of Norway's government and people.

POINT OF PERSONAL PRIVILEGE

Senator Barth: Mr. President, I rise on a point of personal privilege in regard to Senate Bill No. 2098. I would like my remarks recorded, Mr. President, if I may, in the Journal. Mr. President, Members of the Senate:

It is true — I did visit with the Chairman of the Appropriations Committee and I knew the bill was up for an I.P. and knew, of course, that I had no way to stop this — but I would like to inform the Senate as to why this bill is here and what took place in the interim and what has really happened. I introduced this same bill two years ago and it was then felt that the machinery was not in order; it was not in the Governor's budget and the price tag honorably was something like seven or six million dollars last year. I think it's higher than that now.

I promised the state employees two years ago that if I were back I would re-introduce this bill. In December, during the pre-session, I pre-filed this bill to accommodate the legislative process and speed it up. I'd like to just relate the scenario as to what has happened to this bill and it is rather interesting. I pre-filed it in December. I introduced it on the third of January. It was referred to the State and Federal Committee and ironically on January the eleventh, House Bill No. 1301 was introduced in the House, just 8 days later, and I have a copy of that bill before me. It is that same bill — it is the same language as my bill word for word. The ironic part of it is, Mr. President and members of the Senate, that the sponsors, of course, must make a difference and I'd like to read the sponsors to you. The sponsors are: Representative Martinson, whose district is Bismarck — a large group of state employees; Representative Kingsbury who represents Grafton (the Grafton School); Representative Swiontek for Fargo (the North Dakota State University); Representative Stenhjem who represents the University of North Dakota at Grand Forks and Representative Unhjem at Jamestown.

It's ironic the five sponsors are Republicans; the five sponsors are people who have a state supported institution and a large number of state employees within their districts. I believe, and I'm not sure Mr. Chairman, I guess that's my involvement with my employees in my district, I

Senator Naaden requested the unanimous consent of the Senate to withdraw Senate Bill No. 2334. There being no objection, it was so ordered by the President.

POINT OF PERSONAL PRIVILEGE

Senator Naaden: Mr. President, I rise on a point of personal privilege and request that my remarks be printed in the Journal. Mr. President and members of the Senate. Senate Bill No. 2334 before this body at this time, provides for the total repeal of tax on estates by North Dakota. That consideration has had overwhelming endorsement at nearly every level of consideration. People, at least most people, view estate taxes as duplicatory, as unfair, as contrary to the principal of the foundation of this country. People, at least most people, view estate taxes as duplicatory because the person who earned and accumulated the estate has paid taxes every step of the way in building the estate and the estate tax taxes it all over again. The only possible exception to duplication is the tax on the appreciation of the property in the estate. The tax on appreciation is a large contribution to the unfairness of the estate tax. Inflation and disproportionate values that are the result of government action and government interference have caused valuations to be increased beyond real worth. At the time of death, the artificial gain is taxed through the real tax on estates. As to the estate tax being contrary to the principles of the foundation of our nation — this country was founded by people who wanted to govern themselves and keep the rewards of their in-

initiative, the rewards of their innovation and the rewards of their energy and productivity. The founders of this country wanted the rewards of personal effort to remain with the person that earned them or with his heirs.

Today the paternalism of our new federalism is so overwhelming, we dare not vote our complete conviction and conscience because we are so compromised by our federal dependency. If we, acting as free thinking North Dakotans, repeal our state tax on estates without regard to the conditions imposed on us by the federal government that are called deductions and tax credits but which are, in truth, federal restrictions in disguise — if we repeal our estate tax we penalize ourselves. Only a few of us are willing to pay the penalty to preserve the principal. The price of that penalty in 1979 seems too high for a majority of this body to accept and to pay.

It is with sadness and regret that I withdraw Senate Bill No. 2334.

MOTION

Senator Barth moved that Senate Bill 2213 be returned to the Senate floor from the Committee on Finance and Taxation, which motion prevailed.

Senator Barth requested the unanimous consent of the Senate to withdraw Senate Bill No. 2213. There being no objection it was so ordered by the President.

TWENTY-EIGHTH DAY

Bismarck, February 9, 1979

The Senate convened at 12:30 P.M., with President Pro Tem Strinden presiding.

The prayer was offered by Rev. Ron Mayforth, area minister for the North American Baptist Church.

Almighty God, Our Heavenly Father,

In Jesus name we come to bless You for the freedom which permits us to gather to govern. We bless You for our state — its colorful heritage, beautiful people, bountiful resources, expanding industries, multiple potentials, and bright future.

We thank You for all who serve in our State Government. Especially, I pray for those who serve in the Senate. Grant them this day a new measure of strength, wisdom, fairness, vision, creativity, compassion, and courage. Grant them to know the difference between the good and bad, the good and best, the necessities and the nice, and the workable and the wasteful. Help them to make difficult choices. May the laws they enact decrease burdens, not increase them; make life here better, not harder; and may they protect the common good but also encourage individual fulfillment.

Protect and compensate their families while their time is taken up with governing. Reward each Senate member for his or her good efforts.

May North Dakota be more strong, free, and beautiful because these have served.

In the name of Christ, Amen.

The roll was called and all members were present except Senators Iszler and Reiten.

A quorum was declared by the President.

REMARKS OF

REPRESENTATIVE MARK ANDREWS

Mr. President, Members of the North Dakota Senate and ladies and gentlemen: It's, of course, a great privilege to be here and to have the opportunity to kind of say "hello" to our many friends of this legislative body of our home state. Actually you are old friends because Mary and I have met you so many times in your own homes, campaigned with you and gotten to know your areas better through your eyes, your thoughts and your friends. My Democratic friends in the Senate say that when we're in your area and we're walking down one side of the street and you're walking down the other side; often we pretty well get together in a lot of the issues too. Serving in a legislative body is a unique experience. We understand that the seniority is even creeping in to the North Dakota State Senate. I thought that that was one of those vices that was only enjoyed at the national level but in the escort committee, between Senator Nelson and Senator Melland, when they met us back by the gate, the information came quickly that seniority won out. Melland got to escort Mary and my friend Gary was stuck with me so you're learning, of course, a lot of the same techniques. Buckshot told me when I visited him a minute ago, how come they turned you loose, you know, they give you all these vacations and I said, "Buckshot, I'll tell you the people are safe when the United States Congress isn't meeting. I mean, the fewer days we put in the better off we all are." And, you know, he agreed with me. I think we're getting a new bi-partisan bright spirit here. But it's good to be home and it's particularly good to be here in our own legislature and to see the support and confidence that people put in individual members of the legislature, when I think of the years of service that some of you have put in. Frank Wenstrom serving here in the Senate for a period of time as long as he has, means the people back home who know him best feel that he's an outstanding individual. Buckshot Hoffner, other members of the Senate, enjoy the respect of their people over a long and fruitful period of time. This really is what makes serving in the legislature really an enjoyable thing — not just the chores that are heaped on us — but we're part of a team. We represent a community and of course having the privilege of representing the state of North Dakota is indeed a great honor and privilege as well. I understand that when members of the North Dakota Congressional Delegation address the State Legislature, that it's become traditional this year for them to have suggestions as to how the election law must

be changed and I don't want to step back from that tradition, but I want to immediately remind you that I'm not going to push for some benefits for incumbents or some benefits for challengers or some benefits for Republicans or some benefits for the Democratic Party. I think the incumbents, the challengers, the Democrats and the Republicans can pretty well take care of themselves. I think that if you are thinking and since it's the tradition and since I hesitate, however, but I want to follow that tradition, to offer this suggestion. I would hope that if the North Dakota State Legislature sees fit to move the primaries back to June, that you include in that primary a presidential preference ballot for the people of North Dakota. I'm getting sick and tired of having people in New Hampshire and these other places kind of pick and choose between candidates for the presidency and I think that the latter week in June would be an excellent time for the presidential candidates and I don't think my crystal ball is all that cloudy. I think many people in both parties will agree with me that there might well be 3 or 4 candidates for the presidency in each of the 2 great parties in 1980, and they might well be coming down to the wire that last week in June and I'd kind of like to have a little North Dakota input. I think we've got a good group from North Dakota right now in Washington...in the tractorcade the farmers are putting on and it's great to see the type of individual that comes down. We've got all kinds of demonstrations from all kinds of different groups but when you talk to a young man who'd been the President of his FFA Chapter and he's driving one of those tractors you know there is a commitment. We enjoy that as North Dakotans. Sometimes we take it for granted but this desire to participate ought to be extended for our people so they can participate in a presidential preference plan. Again, with propagation only, I suggest that because this is your responsibility — you do a whole of a lot better job of measuring up to the expectations of the people than the United States Congress has ever done — but since it was in order to mention something about election law changes, I was told, I thought I might just as well leave that suggestion with you. Frankly, I'm proud to be addressing the North Dakota Legislature of course. Not only because we're proud of our state but because you're one of the first legislatures that memorialized the United States Congress to put a limit on spending through a Constitutional amendment. Other legislatures have followed your footsteps and now we have well over 20 that memorialized Congress to that end. We think that there's a good chance in the next year that we might have enough to force the Constitutional amendment through Congress and I think as you do — I'm sure that that would be a step in the right direction. But I think more than just limiting spending, one of the challenges to those of us who serve in legislative bodies has to be the fact that we have to do more in our nation than just adjust spending. This whole concept of unloading the wagon has been one that's been around for 25 or 30 years — certainly as long as I've been in politics — and I think we ought to get away from it. It doesn't take a lot of brains to unload a wagon. You ought to start wondering, how do you keep that wagon full? How do we provide incentives to our farmers? How do we provide incentives to businessmen, to working people for job opportunities and all these other things? How do we legislate so that we provide for the filling of the wagon that is all too easy to unload later on, with a whole host of programs. I think it's far more important for us to take a close look at finding new forms of energy, finding ways to utilize geothermal potential, solar potential, nuclear potential, than it is to tax and tax and make energy that we now have higher priced and scarcer. That's

no way towards a higher standard of living. I think it's far more important to broaden agriculture exports than it is to put together a farm program that will cut back the production and limit the opportunities of individual farmers and I would like to hope that we could find ways, as we did in the last Congress, to provide more incentives for capital accumulation so the small businessman can prosper, and often with job opportunities right in his own small town. These are methods of loading the wagon that those of us who are in legislative responsibility should be looking towards more and more and not just dealing with ways of unloading the wagon. Again, it's a privilege to be with you because you're the legislative body that, probably among all the 50 state legislatures, has done your work, done your homework, kept the state a great place to live in and provided opportunities for all our people. I want to thank you for giving Mary and me the opportunity to appear before you this afternoon; I want to wish you the best in the word ahead of you; I want to say that I'm proud to share with you the title of North Dakota State Legislature. Thank you so much for letting me be with you this afternoon.

POINT OF PERSONAL PRIVILEGE

Senator Redlin: Mr. President, I rise on a point of personal privilege and request my remarks be printed in the Journal.

We have just witnessed the introduction of a bill out of Delayed Bills Committee relating to the complete rewriting of North Dakota Law relating to the State Laboratories Department.

I believe we must jealously guard the prerogative of limiting bills coming through delayed bills to those items of extreme emergency where timeliness of action is important and where the subject was near impossible to address earlier in the session.

Many times we have been schooled about the difficulty of getting a bill through the delayed bills committee when it concerns a matter which clearly could have been covered earlier in the session.

I know where the power lies in this body and I respect the will of the majority which used its power 4 to 2 to introduce this bill.

That does not free me from voicing a strenuous objection to the introduction of this type of legislation at this time because I believe this action to be an abuse of the delayed bills introduction process.

A serious overhaul of any part of the code is deserving of more lead time than is being given this subject. Those citizens vitally interested in a fundamental change are deserving of maximum opportunity to prepare testimony and supporting evidence.

RECOGNITION

Senator Nothing moved that a committee of two be appointed to escort Mr. James Biddle, President, National Trust for Historic Preservation, to the rostrum.

The motion prevailed, and the President appointed as such committee, Senators Lee and Dotzenrod. Mr. Biddle was escorted to the rostrum, whereupon he addressed the assembly.

Senator Nothing moved that the remarks of Mr. Biddle be printed in the Journal, which motion prevailed.

REMARKS OF JAMES BIDDLE, PRESIDENT NATIONAL TRUST FOR HISTORIC PRESERVATION

Thank you Mr. Speaker: I also understand I was being introduced by the Lieutenant Governor. I had an interesting experience last week in Hawaii, sitting next to the Lieutenant Governor there. She was thirty-

five, very blonde, and a very delightful dinner companion, as I'm sure you would be, Sir. In my business you get into all kinds of acts. I know you ladies and gentlemen are very, very busy so I shall be very brief.

I'm often asked the coy old joke "what is the National Trust"? We haven't heard of that particular bank. Well, we're kind of a bank. We are a preservation bank and what we are preserving are the tangible assets of our entire country. I'm here at the invitation of members of the preservation community in North Dakota and tomorrow South Dakota and of our advisors. We have two advisors in each state to keep us abreast of what's happening in the preservation community in the different states.

The National Trust was chartered by our Congress of the United States to be the only national private preservation organization in the country. We are given three responsibilities: One is to preserve sites, buildings, objects of cultural importance to the nation. In other words, we own property all over the nation. Secondly, we are to be a coordinating agency for the whole private sector of the private preservation movement. Thirdly, we're an educational foundation to try to educate at every level to the need to conserve the historic resources of the country. We work out of Washington. We work out of 6 regional offices with a staff of 300 and an annual budget of \$15 million, which is a drop in the bucket, I can assure you, when you try to get every community involved in historic preservation. And, we feel that historic preservation is a movement whose time has truly come.

It has become a grass roots movement with millions of people now involved and I'm meeting some of them right here in North Dakota and some in some of the communities that I will be visiting. I'm here simply to offer the services of the National Trust to your state historic preservation officer and your various historical associations and organizations. Now I was just shown a hole in the ground outside where your own Heritage Building Concept is going up. I hope you will look on the National Trust and our staff and our various services that we can perform. We have expertise from maritime preservation, to neighborhood conservation, to recycling commercial buildings, to rehabilitating inner city slum areas, as well as running museums. So we are a multifaceted force which I hope you all feel free to call upon because our services are there and I think, as you'll agree as we find our membership soaring month by month, the interest in historic preservation is now truly a national one and we are here to serve it. Thank you for letting me be with you today. Thank you.

Thereafter, the corporation, owning or leasing the land has a period of three years from the date of the order to divest itself of the lands. Any land not divested within the time prescribed shall be sold at public sale in the manner prescribed by law for the foreclosure of a real estate mortgage by action. In addition, any prospective or threatened violation may be enjoined by an action brought by the attorney general in the manner provided by law. It shall be lawful for any corporation, domestic or foreign, to acquire agricultural or farm land as security for indebtedness, by process of law in the collection of debts, or by any procedure for the enforcement of a lien or claim thereon, whether created by mortgage or otherwise; provided, that all agricultural or farm land acquired as security for indebtedness, in the collection of debts, or by the enforcement of a lien or claim shall be disposed of within three years after acquiring ownership, if the acquisition would otherwise violate this chapter.

creating the West River Water Supply

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE

STATE OF NORTH DAKOTA:

SECTION 1. FINDINGS AND DECLARATION OF POLICY.) It is hereby found and declared by the legislative assembly that many areas and localities in southwestern North Dakota do not enjoy safe drinking water, and that in many such areas and localities the water contains iron, sulfates, alkali, salt, nitrates, and other hazardous and discoloring substances, and that other areas and localities in southwestern North Dakota which have good quality water do not have sufficient quantities of water to ensure a dependable, long-term supply. It is further found and declared that initial investigation of supplementation of the water resources of southwestern North Dakota with water supplies from the Missouri River, utilizing a pipeline transmission and delivery system, is a potentially feasible approach to provide southwestern North Dakota, including municipalities and rural areas, with a safe and dependable source of water. It is therefore declared to be in the best interest of the people of southwestern North Dakota, as well as the entire state of North Dakota, to exercise the sovereign power of the state by providing a means for the establishment of the West River Water Supply District to further investigate and develop a pipeline transmission and delivery system to provide southwestern North Dakota with a safe and dependable water supply for purposes including, but not limited to, domestic, rural water districts, municipal, livestock, irrigation, light

industrial, mining, recreational, fish and wildlife, and pollution abatement uses which will result in the best use of such waters and related land resources, with primary emphasis on domestic, rural water district, and municipal uses.

SECTION 2. DEFINITIONS.) In this chapter, unless the context or subject matter requires otherwise:

4. "Person" means and includes any state agency, natural person, municipality, political subdivision, public or private corporation, partnership or association.

The district shall be established by, and shall consist of, a minimum of five governmental entities in which a majority of the votes cast are in favor of the creation of the district. Upon the determination of the secretary of state that the district has been created in accordance with law, he shall certify that fact to the governmental entities within the district. If so created, the district shall be a corporate agency of this state, a body politic and corporate with the authority to exercise the powers specified in this Act, including the power to certify a mill levy as provided by section 8 of this Act, and an administrative agency within the meaning of chapter 28-32.

SECTION 6. ELECTION OF DIRECTORS - TERM OF OFFICE - VACANCY.) In 1980, and thereafter, a director of the district shall be nominated and elected in each county within the district in the same manner as county officers are nominated and elected, and in the city of Dickinson in the same manner as city officers are nominated and elected.

One-half of the members of the board of directors elected in 1980 shall hold office for a term of two years, and one-half of the members of the board of directors elected in 1980 shall hold office for a term of four years.

Directors elected after 1980 shall each serve for a term of four years. In the event the office of any district director shall become vacant by reason of removal from a governmental entity, death, resignation, or otherwise, the vacancy shall be filled by appointment of the governing body of the governmental entity in which the vacancy occurs. 6. To contract for supplies of water from the United States, or any department or agency thereof, the state of North Dakota, or any department or agency thereof, and to sell, lease, and otherwise to furnish any such water for beneficial use.
7. To levy a tax, in 1980 and thereafter, of not to exceed one mill annually on each dollar of taxable

property in those counties within the district, for the payment of the expenses of the district, including but not limited to per diem, mileage, and other expenses of directors; technical, administrative, clerical, operating, and other expenses of the district office, and for the cumulation of a continuing fund through such levy for the performance of obligations entered into with the United States of America, the state of North Dakota, or any political subdivision or other person. All moneys collected pursuant to such levy shall be deposited in the Bank of North Dakota to the credit of the district and shall be disbursed only as provided herein;

8. To exercise all powers for, or incidental to, the achievement of the purposes and objectives of this Act.

SECTION 8. DISTRICT BUDGET - CERTIFICATION OF MILL LEVY - LIMITATIONS.) The board of directors may include in the budget estimates of funds deemed necessary to create a reserve fund to meet future payments of obligations incurred by the district. Upon the completion and adoption of the budget, the board shall determine a mill levy for each governmental entity within the district in an amount sufficient to meet the expenses of the budget. The mill levy may be in differing amounts for each governmental entity and shall be based upon the benefit to be gained by such governmental entities from the project for which the assessment is made, but in no event shall the mill levy for any governmental entity exceed one mills. The determination of the mill levy shall be in the

form of a resolution adopted by a majority vote of the members of the board.

SECTION 11. COUNTY OR CITY TREASURER TO COLLECT AND REMIT DISTRICT TAXES - DISTRICT FUND ESTABLISHED - NONREVERTER - DISBURSEMENTS.) The treasurer of the city of Dickinson and of each county within the district to which a mill levy has been certified shall collect the district taxes, together with interest and penalty thereon, if any, in the same manner as the general taxes are collected, and shall pay over to the treasurer of the district, on demand, all taxes, interest, and penalties so collected, and shall forthwith notify the secretary of the district of such payment. Such proceeding shall comply as nearly as possible with the procedure required in the case of irrigation districts under the laws of North Dakota.

SECTION 13. TERMINATION OF DISTRICT.) Upon the vote of a majority of the directors of the board, the district shall cease to exist from and after the thirty-first day of December following the vote, subject to the payment of any obligations entered into prior to such vote. After all obligations of the district have been paid, the board of directors shall certify such fact to the city auditor of the city of Dickinson and to the county auditor of each of the counties within the district and shall proceed to liquidate the assets of the district in such a manner as the board shall deem in the best interests of the district. Following liquidation, the board shall return to each governmental entity, its pro rata share of any moneys remaining in the district treasury. The pro rata share shall be equal to the proportion that such governmental entity's total contribution to the district bears to the total contribution of all governmental entities to the district.

SECTION 14. GOVERNMENTAL ENTITY SHALL BE EXCLUDED FROM DISTRICT IF NOT BENEFITED.)

1. Any governmental entity in the district, not benefited or not to be benefited, in whole or in part, as determined by the governing body of any such governmental entity, by the establishment of the West River Water Supply District as authorized by this Act shall be excluded from the district as provided herein. The board of county commissioners of any such county, or the governing body of the city of Dickinson, may by resolution direct the chairman of the board to file with the board of

directors of the district a petition, for and on behalf of the county, or the city, requesting the board of directors of the district to exclude such county, or city, therefrom. A certified copy of the resolution of the governing body of the governmental entity shall accompany and be filed with such petition. The petition and resolution shall state specific reasons why such governmental entity will not be benefited by the establishment and development of the West River Water Supply District.

2. The notice shall state that the petitioning governmental entity has filed a petition for exclusion from the district, and that the district board of directors shall grant such petition within sixty days from the date of filing. Within sixty days from the date the petition is filed with the district board, the board shall grant such petition.

SECTION 15. ADDITION OF OTHER GOVERNMENTAL ENTITY TO DISTRICT.) Any governmental entity adjoining the district as herein created, or as hereafter composed, may join such district upon application of its governing body and the approval of such application by the board of directors of the district. The board of directors, as a condition of approval of such application, may require the levy of such taxes within said governmental entity as may be equitable to equalize the burden of such governmental entity with the obligations paid or assumed by the other governmental entities in the district. Such governmental entity is hereby authorized to levy such taxes as may be necessary to carry out its part of the agreement for becoming a part of the district, which levy shall be in addition to the amount which may otherwise be legally levied for county or city purposes.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF THE STATE OF NORTH DAKOTA:

SECTION 1. STATEMENT OF LEGISLATIVE FINDINGS - LEGISLATIVE INTENT.) Although the laws of this state require the assessment of all taxable property at its true and full value, it is the finding of the legislative assembly that actual assessments are much less than true and full value, and the average for all property is less than ten percent. It is also the finding of the legislative assembly that, although the laws of this state provide no general property classification system for property tax purposes, a de facto system has developed. It is the intent of the legislative assembly to provide an equitable system of property taxation by the adoption of the system which has developed. It is the further intent of the legislative assembly that the state board of equalization shall, from the effective date of this Act, establish equity of taxation within the guidelines established by this Act.

SECTION 2. PROPERTY TO BE VALUED AT TRUE AND FULL VALUE.) Beginning with the year 1980, all assessors and boards of equalization shall place the value of all items of taxable property at the true and full value of the property except as otherwise specifically provided by law, and the amount of taxes that may be levied on such property for the year 1980 and each year thereafter shall

be determined for each class of property as established by the state board of equalization pursuant to section 7 of this Act. For the purposes of this Act, the term "true and full value" shall have the same meaning as provided in subsection 4 of section 57-02-01.

SECTION 3. LIMITATIONS ON INCREASES OR FORCED REDUCTIONS IN PROPERTY TAXES LEVIED BY TAXING DISTRICTS FOR YEARS 1980, 1981, 1982, AND 1983 - EXCEPTIONS.)

1. Each taxing district may levy in 1980, 1981, 1982, and 1983 at least as much in dollars as the amount which was levied by that taxing district for the year 1979 plus an amount equal to five percent of that amount compounded for each year after 1979, adjusted as follows:
 - a. Less an amount equal to the sum determined by the application of the mill levies for that taxing district to the final assessed valuation of any land or taxable improvements to real property which is removed from the assessment rolls of that taxing district after the year 1979 but was included in the assessment for the year 1979.
 - b. Plus an amount equal to the sum determined by the application of any mill levies specifically authorized by the electors of that taxing district but not levied for 1979 to the final assessed valuation of the taxable property in that taxing district.
2. No taxing district shall be permitted to levy in 1980, 1981, 1982, and 1983 taxes expressed in dollars in excess of the amount which was levied by that taxing district for the year 1979 plus an amount equal to five percent of that amount compounded for each year after 1979, adjusted as follows:
 - a. Plus an amount equal to the sum determined by the application of the mill levies for that taxing district to the final assessed valuation of any land and taxable improvements to real property which was not taxable in 1979 or was omitted from the assessment rolls for that year but which is included in the assessment for the years 1980, 1981, 1982, or 1983.
 - b. Plus an amount equal to the sum determined by the application of any mill levies specifically authorized by the electors of that taxing district but not levied for 1979 to the final assessed valuation of the taxable property in that taxing district.
3. The limitation on the amount which may be levied by a taxing district pursuant to subsection 2 may be increased if the electors of the taxing district authorize additional levies after the effective date of this Act at either a special or regular election as provided by law.
4. The limitation on the amount which may be levied by a taxing district pursuant to subsection 2 shall not apply to the Fargo school district or to any school district in which the electors have approved unlimited mill levies as provided by law.

JOURNAL OF THE SENATE

SECTION 4. STATEMENTS OF FULL CONSIDERATION TO BE FILED WITH STATE BOARD OF EQUALIZATION OR REGISTER OF DEEDS - PROCEDURE - SECRECY OF INFORMATION - PENALTY.)

1. Any grantee or his authorized agent who presents a deed in the office of the county register of deeds shall certify on the face of the deed either of the following:
 - a. A statement that a report of the full consideration paid for the property conveyed has been filed with the state board of equalization.
 - b. A statement of the full consideration paid for the property conveyed.
2. The register of deeds shall not record any deed unless it contains either of the statements required by subsection 1.
3. The register of deeds shall accumulate and at least monthly forward to the state board of equalization a report containing the information filed in his office pursuant to subsection 1.
4. The state board of equalization shall prescribe the necessary forms for the statements and reports to be used in carrying out the purposes of this Act, and the forms will contain a space for the explanation of special circumstances which may have contributed to the amount of the consideration.
5. For purposes of this section, the word "deed" means an instrument or writing whereby any real property or interest therein shall be granted, conveyed, or otherwise transferred to the grantee, purchaser, or other person.
6. The state board of equalization shall guard the secrecy of information contained on statements filed with the board pursuant to subsection 1, and any information provided local officials shall be limited to such data as is necessary to perform their official duties and shall not include the names of any grantors or grantees.
7. Any person who shall, in the statements provided for in subsection 1, willfully falsify the consideration paid for the transferred real property or interest therein or who falsely certifies that he has filed a report of full consideration with the state board of equalization shall be guilty of a class B misdemeanor.

SECTION 5. AMENDMENT.) Section 57-02-27 of the 1977 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-02-27. PROPERTY TO BE ~~ASSESSED~~ VALUED AT FULL VALUE - LIMITATION ON ASSESSMENT OF ANNEXED AGRICULTURAL LANDS.) All property subject to taxation based on the value thereof shall be ~~assessed~~ valued at its true and full value in money. In determining the true and full value of real and personal property, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall he adopt as a criterion of value the price at which said property would sell at auction, or at forced sale, or in the aggregate with all the property in the town or

district, but he shall value each article or description by itself, and at such sum or price as he believes the same to be fairly worth in money. In assessing valuing any tract, or lot of real property, there shall be determined the value of the land, exclusive of improvements, and the value of all taxable improvements and structures thereon, and the aggregate value of the property, including all taxable structures and other improvements, excluding the value of crops growing upon cultivated lands. In valuing any real property upon which there is a coal or other mine, or stone or other quarry, the same shall be valued at such a price as such property, including the mine or quarry, would sell for at a fair voluntary sale for cash. Agricultural lands within the corporate limits of a city, whether or not platted, shall constitute agricultural property and be so classified and valued for ad valorem property tax purposes until such lands are put to another use. Such valuation shall be uniform with the assessed-value valuation of adjoining unannexed agricultural land.

SECTION 6. AMENDMENT.) Section 57-02-28 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-02-28. BASIS FOR COMPUTATION OF TAX - DUTY OF STATE BOARD OF EQUALIZATION.) The assessed value of all property subject to a general property tax, net-exempted by-law-net-subject-to-any-gross-sales-or-other-lieu-tax, to be used in the computation of the tax levied for the payment of any bonded or improvement warrant indebtedness shall be the full and true value thereof, but the net value of such property to be used in the computation of all other taxes levied thereon shall be fifty percent of the true and full value thereof. Assessors and boards of review shall assess and return all taxable property at its full and true value, and the county auditor, after equalization established by the state board of equalization, shall make the computation necessary to ascertain said fifty percent value based upon the actual average assessment for each class of property as established pursuant to section 7 of this Act.

SECTION 7.) A new subsection to section 57-13-04 of the North Dakota Century Code is hereby created and enacted to read as follows:

Establish the assessed value to be used on each class of taxable property by city and township assessors and county directors of tax equalization based upon the actual average assessment levels, stated as percentages, for each class of property for the previous year. The assessed values so established shall be based upon the returns of assessments of taxable property provided by the counties plus information compiled by the board for property assessed by the board pursuant to section 179 of the Constitution of North Dakota. The percentages so determined shall be certified to county directors of tax equalization on or before October thirty-first of each year. The board may make adjustments in the percentage of assessed valuation to be applied to any class of property, or to specific types of property within a class of property, if required to do so pursuant to a federal law.

SECTION 8. AMENDMENT.) Subsection 1 of section 57-13-04 of the North Dakota Century Code is hereby amended and reenacted to read as follows:

1. Equalize the assessment of land real property

JOURNAL OF THE SENATE

by adding to the aggregate value thereof in any assessment district in a county and in every county in the state in which the board may believe the valuation too low, such rate percent as will raise the same to its proper relative value, and by deducting from the aggregate assessed value thereof, in any assessment district in a county and in every county in the state in which the board may believe the value too high, such percent as will reduce the same to its proper relative value. City lots shall be equalized in the manner provided for equalizing other lands real property. In performing its duties pursuant to this subsection, the board shall take into consideration the provisions of section 57-01-06.1;

SECTION 9. AMENDMENT.) Section 57-55-04 of the 1977 Supplement to the North Dakota Century Code is hereby amended and reenacted to read as follows:

57-55-04. TAXES - HOW DETERMINED - DISBURSEMENT.) The tax for each mobile home shall be determined by the director of tax equalization by placing an evaluation on such mobile home based upon its true and full value and applying the same assessed valuation as established by the state board of equalization for other property in the same classification based on use, pursuant to standards and guides as determined by the state tax commissioner and applying such evaluation to the preceding year's total mill levies applying to property within the taxing district wherein the mobile home is located. If a mobile home is acquired or moved into this state during the calendar year, and a tax decal has not been previously issued on such mobile home in this state for such year, the tax shall be determined by computing the remaining number of months of the current year to the nearest full month and multiplying such number by one-twelfth of the amount which would be due for the full year. The taxes collected pursuant to the provisions of this chapter shall be disbursed in the same year they are collected and in the same manner as real estate taxes for the preceding year are disbursed.

STATEMENT OF PURPOSE OF AMENDMENT:

This amendment provides that the Lieutenant Governor will be the Federal Aid Coordinator. It also provides that the Federal Aid Coordinator will report to the Budget Section of the Legislative Council regarding the consolidation of receipt of federal funds. This amendment combines the appropriations of the Office of Energy Management, Division of Economic Opportunity, State Planning Division, Natural Resources Council, and Special Projects Coordinator. The appropriation deletes \$232,000 from the executive budget level for 8 positions since it is intended that the consolidation of these agencies will result in less administrative costs. The general fund appropriation is reduced \$118,908 from the amount recommended in the executive budget. The general fund appropriation of \$500,000 is to be expended at the discretion of the federal aid coordinator.

And when so amended recommends the same do pass

POINT OF PERSONAL PRIVILEGE

Senator Hoffner: Mr. President, I rise on a point of personal privilege: I didn't know that accusing a committee of stealing funds from the children of North Dakota was a felony and so I would like to reduce my charge and say "legalized robbery".

POINT OF PERSONAL PRIVILEGE

Senator Shablow: Mr. President, I rise on a point of personal privilege. Mr. President, ladies and gentlemen of the Senate, I'm not only concerned but I could say I was somewhat perturbed — I don't want to ruffle any more feathers than have been ruffled—but somehow I feel like I'm slightly disenfranchised today. We had a bill that's been in the bill book, the bill has been before the committee, and on the last day, or near the last day, then we come in with a bunch of amendments that, more or less, totally have changed the bill from the original concept — changed it from the Governor's recommendations and so forth. I believe that we have other bills that have been delayed, held over, amended and reamended, which is a process that sometimes is certainly necessary. However, I have a feeling that there is an intensitive purpose here that I do not appreciate. It seems that if you have a tough bill to get through, something that's pretty controversial, hold it back till the last day and then we'll force it down your throats no matter what you care to vote for. And I really feel that I am being put-upon by this method of handling some of these bills. Thank you.

Senator Lips moved that the amendments to Senate Bill No. 2013 as recommended by the Committee on Appropriations as printed on page 701 of the Senate Journal be adopted, which motion prevailed.

Senator Lips moved that the amendments to Senate Bill No. 2085 as recommended by the Committee on Appropriations as printed on page 704 of the Senate Journal be adopted, which motion prevailed.

Senator Jones moved that the amendments to Senate Bill No. 2095 as recommended by the Committee on State and Federal Government as printed on page 704 of the Senate Journal be adopted, which motion prevailed.

Senator Lips moved that the amendments to Senate Bill No. 2099 as recommended by the Committee on Appropriations as printed on pages 705, 706 of the Senate Journal be adopted, which motion lost.

POINTS OF PERSONAL PRIVILEGE

Senator Lips: Mr. President, I rise on a point of personal privilege. We met with the clerk of the insurance department to get the fiscal impact of this bill. I don't know if they've got the figures that I could tell you on the floor of the Senate after spending several meetings with them, plus his man meeting with us in the Appropriations Committee. And, Mr. President, I want you to understand it is 2099 at this time and, members of the Senate, is all in addition to the Governor's budget and it could amount to as much as \$900,000.

Senator Thane: I agree not only with everything the previous speaker has said, but I'd also like this body to understand that we're in sympathy with fire departments, with the fire districts, rural fire departments; we know they do a good job, but we've got a budget problem and the total impact of this was more than we thought we could handle. We came very close to IPing the bill, but out of respect to these people, and to the sponsor of the bill, we kept it alive.

Senator Farrington: We realize the budgetary problems the Appropriations Committee have. We sympathize with them and we appreciate their sympathy for the rural fire departments, but the rural fire departments cannot run on sympathy — they need money.

Senator Reiten moved that the amendments to Senate Bill No. 2160 as recommended by the Committee on Industry, Business and Labor as printed on page 706 of the Senate Journal be adopted, which motion prevailed.

Senator Goodman moved that the amendments to Senate Bill No. 2257 as recommended by the Committee on Finance and Taxation as printed on pages 706, 707 of the Senate Journal be adopted, which motion prevailed. Senate Bill No. 2257 has committee recommendation for Indefinite Postponement.

Senator Sands moved that the amendments to Senate Bill No. 2283 as recommended by the Committee on Judiciary as printed on pages 707, 708 of the Senate Journal be adopted, which motion prevailed.

Senator Sands moved that the amendments to Senate Bill No. 2286 as recommended by the Committee on Judiciary as printed on pages 708, 709 of the Senate Journal be adopted, which motion prevailed.

Senator Goodman moved that the amendments to Senate Bill No. 2309 as recommended by the Committee on Finance and Taxation as printed on page 710 of the Senate Journal be adopted, which motion prevailed.

Senator Goodman moved that the amendments to Senate Bill No. 2310 as recommended by the Committee on Finance and Taxation as printed on pages 710-720 of the Senate Journal be adopted, and that the rules be suspended, and Senate Bill No. 2310 be re-referred to the Committee on Appropriations, which motion prevailed.

Senator Lips moved that the amendments to Senate Bill No. 2327 as recommended by the Committee on Appropriations as printed on pages 721, 722 of the Senate Journal be adopted, which motion prevailed.

Senator Goodman moved that the amendments to Senate Bill No. 2341 as recommended by the Committee on Finance and Taxation as printed on pages 722, 726 of the Senate Journal be adopted, which motion prevailed.

Senator Sands moved that the amendments to Senate Bill No. 2358 as recommended by the Committee on Judiciary as printed on pages 726, 727 of the Senate Journal be adopted, which motion prevailed.

Senator Sands moved that the amendments to Senate Bill No. 2362 as recommended by the Committee on Judiciary as printed on page 727 of

EXPLANATION OF VOTE

Senator Hoffner: The resolution floating around to study the whole area of state land use. In every session, that I have served there is always a little track of land that doesn't amount to too much that should be sold and we keep selling away little parcels of land and I think the study should have been done many years ago. And that is my reason for a no vote.

THIRTY-THIRD DAY

Bismarck, February 16, 1979

The Senate convened at 12:30 P.M., with President Sanstead presiding.

The prayer was offered by Laurie Natwick, former page of the 45th Legislative Assembly, and now a parish worker at the Ascension Lutheran Church, Emerado, N. Dak.

Here we are Lord, and we thank you for that opportunity. It's Friday and maybe we're a bit weary, for the awesome responsibilities of our task here often become a burden. Bless us Lord, that we may do our task here in a spirit of wisdom, kindness, and justice. We Your people, always stumbling, sometimes falling, need a word of grace along the way. We thank You for those persons in our lives who speak that word for us. We thank You Lord, for taking our efforts here, such as they are, and making them good. Not because we are good, but because You are so very, very good. Amen.

The roll was called and all Senators were present.
A quorum was declared by the President.

EXPLANATION OF VOTE

Senator Orange: Mr. President, I rise to explain my vote. Two years ago we did have to supplement the teachers retirement fund to the tune of fourteen and a half million dollars, because each benefit we passed for that retirement fund, we assumed it wouldn't hurt that fund. We assumed until it cost us 14.5 million dollars, the taxpayers of this state and because of that we established a Retirement Review Committee and though they do act as a road block, they also provide this Senate a verification that the actuarial soundness of the proposed amendments or benefits to a fund are actuarially sound and meet with that committee's approval. And I think that if we continue to allow bills to circumvent that committee, we might as well abolish that committee.

Senate Bill No. 2332. — A Bill for an Act to amend and reenact sections 39-06-45, 39-06.1-05, subsection 1 of section 39-06.1-08, and subdivisions a and b of subsection 3 of section 39-06.1-10 of the North Dakota Century Code, relating to penalties for permitting unauthorized persons to drive, offenses excepted from noncriminal disposition, definition of nonmoving violation, and points assigned for noncriminal disposition.

THIRTY-FOURTH DAY

Bismarck, February 20, 1979

The Senate convened at 1:00 P.M., with President Sanstead presiding.

The prayer was offered by Rev. Ira Herzberg, Calvary United Methodist Church, Bismarck.

Lord Jesus, we need Thy power, obtained through prayer, to solve problems, decide issues, and to do Thy will. But let us not imagine that this formal prayer can take the place of private petition. May there arise from every desk the silent prayer that seeks to know Thy will. We long for such guidance that when a thing is right, we shall all know it; and when it is wrong, it will not be proposed. We would not run away from truth, but find a refuge in it. We would not avoid the discipline of hard thinking, but deliver us, O Lord from wrong thinking that leads to wrong conclusions. Guide us this day, for Thy mercy's sake. Amen.

The roll was called and all Senators were present.

A quorum was declared by the President.

POINT OF PERSONAL PRIVILEGE

Senator Redlin: Mr. President, I rise on a point of personal privilege. Mr. President, ladies and gentlemen of the Senate, Senate Bill No. 2233 contains a section which defines a gathering system. Since the gathering systems are exempted from many of the provisions of this law relating particularly to environmental considerations, I want the Journal to show that concerns were expressed in committee. These concerns were about the possibility that a gathering system could be as potentially disruptive of the environment in certain areas as a long cross-country pipeline which is subject to the routing law and regulations of the Public Service Commission. My hope is that the Industrial Commission in making designations of gathering systems will be mindful of all aspects as well as conservation of oil and gas which is their specific charge.

POINT OF PERSONAL PRIVILEGE

Senator Hoffner:

Mr. President, I rise on a point of personal privilege and request that my remarks be printed in the Journal.

Mr. President, members of the Senate, I believe that Senate Bill No. 2460 represents a serious and dangerous precedent. Yes, the people of North Dakota sent a message to stop excessive spending in government. Yes, that message calls upon both political parties to do their best to cut the total dollars spent. Yes, these decisions are difficult and must all be made in a short period of time. But the mandate of public trust that is invested in each one of us as elected officials demands that we do much more than just chop dollars indiscriminately. The public demands that we provide maximum service to meet the public need, at minimum cost. That is not an unreasonable demand at all. That is the heart of efficiency that this legislative body needs to develop.

Consolidation of governmental agencies is the most effective way of improving efficiency; I support the concept wholeheartedly. However, combining agencies that have little in common, other than they are in the Executive Branch, does not necessarily improve efficiency. Cutting \$232,000 indiscriminately could sacrifice millions of dollars in services to North Dakota citizens.

Let me be more specific. Presently there is one staff person to deal with alternative energy. This \$15,000 position is responsible for bringing \$173,600 into the state for development of such things as gasohol, solar grain driers, windless generators, and more. Maybe this is one of the positions to be eliminated.

The Schools and hospitals program deals with federal funding of capital improvements in heating and insulation of these public institutions. One position administers \$11 million for this purpose. Maybe this will be one of the positions eliminated. No one knows.

My point, ladies and gentlemen, is this: All of the dollars included in the Governor's budget are productive dollars providing valid services to the public. If this body cuts those productive dollars, and thereby the programs, then this body should also decide which programs are to be cut. The North Dakota Senate should not cop out by leaving such decisions to a "Federal Aid Coordinator" regardless who he or she may be. It is totally irresponsible to do so.

I urge the members of this body to vote with me to defeat this bill in its present form. If it would be the desire of this body, I would support sending this measure back to committee. We must make responsible decisions and not mislead the people of North Dakota by merely cutting positions when in truth we cut valuable programs. We must shoulder the full responsibility ourselves.
