SECTION 2. LANDS AND MINERALS TRUST FUND. The amount of \$1,840,956, or so much of the sum as may be necessary, as appropriated in the developmentally disabled facility loan fund line item in section 1 of this Act, may be expended by the department of human services from the lands and minerals trust fund for the purpose of making payments of principal and interest to the common schools trust fund on any loans made from it pursuant to the developmentally disabled loan fund program nos. 2 and 3 for the biennium beginning July 1, 1997, and ending June 30, 1999.

SECTION 3. DEVELOPMENTAL DISABILITIES REVOLVING LOAN FUND. There may be expended by the department of human services, on or before June 1, 1999, from the cash balance of, and any payments deposited in, the revolving loan fund created under section 6-09.6-01, the sum of \$1,183,748, or so much of the sum as may be necessary, which is appropriated in section 1 of this Act.

SECTION 4. TRANSFER. Subject to the provisions of chapter 54-16, the director of the department of human services may transfer appropriation authority between agencies and institutions included in subdivisions 1 through 5 of section 1 of this Act.

SECTION 5. CORRELATION OF RESOURCES FOR DEPARTMENTAL CLIENTS. Notwithstanding section 4 of this Act, the director of the department of human services may transfer appropriation authority and authorized positions between agencies and institutions included within subdivision 4 of section 1 of this Act to correlate fiscal and staff resources with the flow of

institutional residents and human service center clients between community-based programs and institutions. The transfers from human service centers require prior consultation with the regional human service center advisory boards. To the extent permitted by law, the department of human services shall structure the financing arrangements between the state and counties so as to relieve county social service boards of fiscal responsibility for grants to and for recipients in the temporary assistance for needy families program in exchange for increased county responsibility for financing the local cost of administering the program.

SECTION 6. LEGISLATIVE INTENT - HUMAN SERVICE CENTER AND INSTITUTIONAL SERVICES. It is the intent of the legislative assembly that while the legislative assembly is allowing the human service centers and institutions more funding flexibility during the 1997-99 biennium, the human service centers and institutions are expected to:

1. Continue to utilize standards, guidelines, practices, and core services in effect on March 1, 1997, for providing human services pursuant to subsection 2 of section 50-06-05.3.
2. Continue to strive toward improving the quality of services and monitor and strive to achieve successful client outcomes.
3. Maximize available federal or other funds to provide services and for service enhancements in consultation with the central office.
4. Utilize innovative and effective methods of service delivery in order to achieve cost savings or to enhance the level of services provided to clients.

Human service centers are to provide appropriate community services to continue the trend of fewer state hospital and developmental center admissions to serve clients, to the extent possible, in a least restrictive environment.

SECTION 7. LEGISLATIVE INTENT - FULL-TIME EQUIVALENT EMPLOYEES - REPORTS TO THE BUDGET SECTION AND THE LEGISLATIVE COUNCIL. It is the intent of the legislative assembly that the human service centers, the state hospital, and the developmental center report to the budget section and the legislative council, or its designee, on the hiring of any additional full-time equivalent positions in addition to those authorized by the legislative assembly during the biennium beginning July 1, 1997, and ending June 30, 1999.

SECTION 8. HUMAN SERVICE CENTER SERVICE COSTS - REIMBURSEMENT SYSTEM. Each regional human service center shall report its services provided during the biennium beginning July 1, 1997, and ending June 30, 1999, on a cost per service basis in a form designated by the executive director of the department of human services. The department shall analyze the data collected and develop, for the 1999-2001 biennium, a standardized reimbursement system for the human service centers based on service costs and any supplemental payment costs to be incorporated into the department's 1999-2001 biennium budget request.

SECTION 9. BUDGET SECTION APPROVAL. The welfare reform contingency may only be spent with prior budget section approval.

² **SECTION 10. AMENDMENT.** Section 25-04-20 of the North Dakota Century Code is amended and reenacted as follows:

25-04-20. Westwood park assets management committee. The compensation provided for in this section may not be paid to any member of the committee who received salary or other compensation as a regular employee of the state, or any of its political subdivisions, or any institution or industry operated by the state. The westwood park assets management committee shall act when the legislative assembly is not in session to sell; lease; ~~and otherwise manage~~ the property of westwood park, subject to prior budget section approval. The department of human services shall provide staff services for the westwood park assets committee. Any conveyance made by the committee under this section is exempt from sections 54-01-05.2 and 54-01-05.5.

50-06-14.3. Department of human services to develop basic care facility ratesetting methodology. The department of human services shall develop a ratesetting methodology that provides for rates for all residents of basic care facilities that receive payments from the state or any political subdivision. The methodology may not provide for different rates for similarly situated residents because of the source of payment for any resident's care. The department shall consult with representatives of the basic care industry in this state in developing the ratesetting methodology. Beginning July 1, ~~1997~~ 1999, the department shall establish rates for all residents of basic care facilities that receive payments from the state or any political subdivision in accordance with the ratesetting methodology developed by the department. After June 30, ~~1997~~ 1999, no agency of the state or any political subdivision may make payments to a basic care facility that does not set rates at the levels established by the department.

² Section 25-04-20 was also amended by section 17 of Senate Bill No. 2052, chapter 432.

50-06-14.4. Alzheimer's and related dementia projects. The department of human services shall establish projects designed to meet the service needs of the alzheimer's and related dementia population. The projects established under this section must explore the financial and service viability of converting existing nursing facility or basic care capacity to a specific service environment that targets the alzheimer's and related dementia population. The state department of health shall cooperate with the department to ensure the success of the projects. The projects may be established notwithstanding subsections 2, 5, 10, and 11 and subdivision c of subsection 9 of section 50-24.5-01, relating to definitions for aid to aged, blind, and disabled persons, and subsection 1 of section 23-09.3-01, relating to the definition of a basic care facility.

2. The pilot program required by this section must be based on policies developed and implemented without rulemaking that may be otherwise required under law.
3. The department shall study the provision of subsidies under this section and report on the status of available federal waivers and recommendations for the 1999-2001 biennium to the budget section of the legislative council.

SECTION 26. EFFECTIVE DATE - EXPIRATION DATE. Section 25 of this Act becomes effective on April 1, 1997, and is effective through June 30, 1999, and after that date is ineffective. Sections 14 and 15 are effective on August 1, 1997.

Notwithstanding section 15 of this Act, it is the intent of the legislative assembly that the developmental center be allowed to establish a traumatic brain injury program, subject to emergency commission and budget section approval, including up to twenty full-time equivalent employees, if the program can be established at the same or at a reduced cost and funded from other departmental and third-party resources.

SECTION 30. REPORTS TO BUDGET SECTION - WELFARE FRAUD - COST-EFFECTIVENESS. If the legislative council studies the department of human services pursuant to Senate Concurrent Resolution No. 3042, approved by the fifty-fifth legislative assembly, during the 1997-98 interim, the study should review the block grant method of appropriating funds to regional human service centers, including incentives, accountability, and budgeting processes.

SECTION 35. LEGISLATIVE INTENT - CHILD SUPPORT EMPLOYEES. It is the intent of the legislative assembly that the eleven full-time equivalent child support positions added by the fifty-fifth legislative assembly for the department of human services are authorized only for the biennium beginning July 1, 1997, and ending June 30, 1999, and that if the department requests the full-time equivalent authorization and related funding for any of these positions for

the 1999-2001 biennium, the request must be specifically identified as a budget change in the department's 1999-2001 biennium budget request.

SECTION 4. LEGISLATIVE INTENT - DISTRIBUTION OF SPECIAL EDUCATION AID. It is the intent of the legislative assembly that the amount included in the grants - special education line item in subdivision 1 of section 1 of this Act be distributed as follows:

1. Ten million dollars to reimburse school districts or special education units for excess costs incurred relating to contracts for students with disabilities as required in sections 15-40.2-08, 15-59-06, and 15-59-07, and for boarding care reimbursements as required in section 15-59-07.2.

It is the intent of the fifty-fifth legislative assembly that the funds appropriated in subdivision 1 of section 1 of this Act for technology reimbursement payments be used for reimbursing school districts for technology-related expenditures. The educational telecommunications council shall determine the maximum amount to which each school district is entitled by dividing the number of elementary and secondary students in average daily membership in this state into the funds appropriated in subdivision 1 of section 1 of this Act for technology reimbursement payments and then multiplying the result by the number of students in average daily membership in each district. Upon receiving substantiating documentation from a school district indicating the expenditure of funds on or after July 1, 1996, for the acquisition of computer technology for student uses or instructional purposes, interactive television, or teacher inservice programs related to the use of computer technology in classroom instruction, the educational telecommunications council shall provide reimbursement to the school district in an amount equal to that expended but not exceeding that to which the school district is entitled.

SECTION 7. LEGISLATIVE INTENT - MEAT IN SCHOOL LUNCH PROGRAMS. It is the intent of the fifty-fifth legislative assembly that the superintendent of public instruction encourage school boards operating or providing for the operation of child nutrition and food distribution programs in schools to not offer yogurt as a substitute for meat in school lunches served to students.

SECTION 8. LEGISLATIVE INTENT - DIVISION OF INDEPENDENT STUDY TUITION RATES. It is the intent of the fifty-fifth legislative assembly that during the 1997-99 biennium, the division of independent study review the tuition rates charged for resident and nonresident students enrolled in independent study courses and consider increasing the tuition rate charged nonresident students.

department of public instruction be authorized to have no more than 135.45 full-time equivalent positions and that no more than 39.2 of these positions be in the division of independent study. It is the intent of the fifty-fifth legislative assembly that if, during the 1997-99 biennium, the superintendent of public instruction transfers any positions to the division of independent study from other divisions of the department of public instruction, the transfers be reported to the budget section of the legislative council at its next meeting.

SECTION 10. LEGISLATIVE INTENT - GRANT TO LEADERSHIP IN EDUCATION ADMINISTRATION CONSORTIUM - REPORT TO LEGISLATIVE COUNCIL COMMITTEE. It is the intent of the fifty-fifth legislative assembly that \$25,000 of the amount appropriated in the grants - other grants line item in subdivision 1 of section 1 of this Act be used to provide a grant to the leadership in education administration consortium to develop training programs in cooperation with teacher learning centers. It is the intent of the fifty-fifth legislative assembly that the leadership in education administration consortium and the teacher learning centers work cooperatively to develop training programs for teachers and education administrators. The purpose of the meeting is to receive comments regarding the proposed changes, including the scheduling and manner of implementation, associated costs, the applicability of the proposed changes, and the short-term and long-term effects of the proposed changes. If, within thirty days after the date of the meeting, any representative present at the meeting objects in writing to the proposed change, the superintendent may not implement the change prior to July 1, 1999.

SECTION 13. FEDERAL FUNDING FOR SPECIAL EDUCATION. The legislative assembly urges Congress to fund the education of children with disabilities at the level authorized in the Education for All Handicapped Children Act of 1975. In that legislation, now known as the Individuals with Disabilities Education Act, Congress included a graduated formula for determining state entitlement and provided that for the fiscal year ending September 30, 1982, and for each fiscal year thereafter, the federal funding level was to be set at forty percent of the average per student expenditure in public elementary and secondary schools in the United States. Because the level of federal funding received by this state has never exceeded ten percent, this federal legislation constitutes an underfunded mandate. The secretary of state shall forward copies of this section to the secretary of the department of education, to the chairman of the senate labor and human resources committee, to the chairman of the house economic and educational opportunities committee, and to each member of the North Dakota congressional delegation.

SECTION 14. GOALS 2000 - PARTICIPATION VOLUNTARY. The school board of any school district may, on behalf of the district it represents, choose to participate or not to participate in Goals 2000 Educate America Act [Pub. L. 103-227; 108 Stat. 125; 20 U.S.C. 5801 et seq.]. Any school board that chooses to participate and directly or indirectly receives federal funds for its participation shall expend such funds in the manner it determines best meets the goal of educational enhancement in the school district, in accordance with the district's locally developed goals 2000 educational improvement application plan. The superintendent of public instruction may not impose any financial penalty or other sanction on a school or school district if the school board chooses, at any time, to terminate participation in goals 2000.

SECTION 15. School-to-work - Student participation voluntary. Before any elementary or secondary school student may participate in any course, program, or project offered under the auspices of the School-to-Work Opportunities Act of 1994, [Pub. L. 103-239; 108 Stat. 568; 20 U.S.C. 2394 et seq.], the student's school principal shall obtain the written consent of the student's parent or legal guardian. Participation by a student is voluntary and may not be deemed a condition of graduation. Neither school personnel, school district personnel, nor the superintendent of public instruction may impose any academic penalties or any other sanctions on a student for failure to participate. A student's participation in a course, program, or project offered under the auspices of the School-to-Work Opportunities Act of 1994 is subject to all state and federal child labor laws.

SECTION 16. DISPLACED HOMEMAKER FUND. The amount of \$250,000, or so much of the sum as may be necessary, included in the estimated income line item in subdivision 1 of section 1 of this Act is from the displaced homemaker fund for the purpose of providing services for displaced homemakers as provided in chapter 14-06.1 for the biennium beginning July 1, 1997, and ending June 30, 1999.

SECTION 17. GRANTS. The line item entitled grants in subdivision 2 of section 1 of this Act includes \$935,521 for aid to public libraries of which no more than one-half is to be expended during the fiscal year ending June 30, 1998.

SECTION 18. FEES DEPOSITED IN OPERATING FUND. The annual salary of the superintendent of public instruction is ~~fifty-three~~ fifty-six thousand ~~eight~~ five hundred ~~forty-eight~~ sixty-eight dollars through June 30, ~~1996~~ 1998, and ~~fifty-four~~ fifty-eight thousand ~~nine~~ two hundred ~~twenty-five~~ seventy-two dollars thereafter. SECTION 20. A new section to chapter 15-34.1 of the North Dakota Century Code is created and enacted as follows:

If at any time the licensed psychologist, the occupational therapist, the speech pathologist, and the certified teacher agree that adequate progress is not being made, they shall notify the superintendent of the child's school district of residence and request that the child be evaluated by a multidisciplinary team.
2. The superintendent of the child's school district of residence shall forward copies of all documentation required by this section to the superintendent of public instruction. The superintendent of public instruction shall provide a report and recommendations regarding the home schooling of developmentally disabled children with autism under this section and section 20 of this Act to the legislative council.

57-15-01.1. (Effective for first four taxable years beginning after December 31, 1994) Protection of taxpayers and taxing districts. Each taxing district may levy the lesser of the amount in dollars as certified in the budget of the governing body, or the amount in dollars as allowed in this section, subject to the following:

1. No taxing district may levy more taxes expressed in dollars than the amounts allowed by this section.
2. For purposes of this section:

⁵ Section 57-15-01.1 was also amended by section 1 of House Bill No. 1341, chapter 486.

- a. "Base year" means the taxing district's taxable year with the highest amount levied in dollars in property taxes of the three taxable years immediately preceding the budget year, but not including any amount levied in dollars under subsection 9; and
 - b. "Budget year" means the taxing district's year for which the levy is being determined under this section.
3. A taxing district may elect to levy two percent more in taxable year 1995 and two percent more in taxable year 1996 than the amount levied in dollars in the base year and for taxable years 1997 and 1998 may elect to levy the amount levied in dollars in the base year. Any levy under this section must be specifically approved by a resolution approved by the governing body of the taxing district. Before determining the levy limitation under this section, the dollar amount levied in the base year must be:
 - a. Reduced by an amount equal to the sum determined by application of the base year's mill rate for that taxing district to the final base year taxable valuation of any property that is not included in the assessment for the budget year but was included in the assessment for the base year. However, no reduction may be made under this section due to the exemption of the personal property of railroads by enactment of House Bill No. 1396 by the fifty-fourth legislative assembly.
 - b. Increased by an amount equal to the sum determined by the application of the base year's mill rate for that taxing district to the final budget year taxable valuation of any property that was not included in the assessment for the base year but which is included in the assessment for the budget year.
 - c. Reduced to reflect expired temporary mill levy increases authorized by the electors of the taxing district.
4. A taxing district may levy an amount in dollars equal to the amount levied in any of the previous three years reduced to reflect expired temporary mill levy increases authorized by the electors of the taxing district and increased by an amount equal to the sum determined by the application of any unused mill levy authority from that year, which was authorized by law or by the electors of that taxing district but not levied for that year, to the budget year taxable valuation of the taxable property in that taxing district. A taxing district electing to increase its levy under this subsection may not add any amount permitted by subsection 3 to the amount levied under this subsection.
5. In addition to any other levy limitation factor under this section, a taxing district may increase its levy in dollars to reflect new or increased mill levies authorized by the legislative assembly or authorized by the electors of the taxing district.
6. Under this section a taxing district may supersede any applicable mill levy limitations otherwise provided by law, or a taxing district may levy up to the mill levy limitations otherwise provided by law without reference to this section, but the provisions of this section do not apply to the following:

- a. Any irrevocable tax to pay bonded indebtedness levied pursuant to section 16 of article X of the Constitution of North Dakota.
 - b. The one-mill levy for the state medical center authorized by section 10 of article X of the Constitution of North Dakota.
7. A school district choosing to determine its levy authority under this section may apply subsection 3 only to the amount in dollars levied for general fund purposes under section 57-15-14 or, if the levy in the base year included separate general fund and special fund levies under sections 57-15-14 and 57-15-14.2, the school district may apply subsection 3 to the total amount levied in dollars in the base year for both the general fund and special fund accounts. School district levies under any section other than section 57-15-14 may be made within applicable limitations but those levies are not subject to subsection 3.
 8. Optional levies under this section may be used by any city or county that has adopted a home rule charter unless the provisions of the charter supersede state laws related to property tax levy limitations.
 9. In addition to the amount otherwise determined under this section, a county, city, township, or school district eligible for federal funds on a matching basis as a result of a disaster or emergency declared by the president of the United States may levy an amount in dollars equal to the amount required to match federal funds. An additional levy under this subsection may not increase the total budget year levy under this section to more than two percent more than the amount levied by the county, city, township, or school district in the base year. Amounts levied under this subsection are not part of base year levies in dollars for purposes of future budget year calculations under this section.

(Effective for taxable years beginning after December 31, 1998) Protection of taxpayers and taxing districts. Each taxing district may levy the lesser of the amount in dollars as certified in the budget of the governing body, or the amount in dollars as allowed in this section, subject to the following:

1. No taxing district may levy more taxes expressed in dollars than the amounts allowed by this section.
2. For purposes of this section:
 - a. "Base year" means the taxing district's taxable year with the highest amount levied in dollars in property taxes of the three taxable years immediately preceding the budget year;
 - b. "Budget year" means the taxing district's year for which the levy is being determined under this section; and
 - c. "Calculated mill rate" means the mill rate that results from dividing the base year taxes levied by the sum of the taxable value of the taxable property in the base year plus the taxable value of the exempt property calculated in the same manner as the taxable property.
3. A taxing district may elect to levy the amount levied in dollars in the base year. Any levy under this section must be specifically approved by

a resolution approved by the governing body of the taxing district. Before determining the levy limitation under this section, the dollar amount levied in the base year must be:

- a. Reduced by an amount equal to the sum determined by application of the base year's calculated mill rate for that taxing district to the final base year taxable valuation of any taxable and exempt property that is not included in the taxing district for the budget year but was included in the taxing district for the base year.
 - b. Increased by an amount equal to the sum determined by the application of the base year's calculated mill rate for that taxing district to the final budget year taxable valuation of any taxable or exempt property that was not included in the taxing district for the base year but which is included in the taxing district for the budget year.
 - c. Reduced to reflect expired temporary mill levy increases authorized by the electors of the taxing district.
4. A taxing district may levy an amount in dollars equal to the amount levied in any of the previous three years reduced to reflect expired temporary mill levy increases authorized by the electors of the taxing district and increased by an amount equal to the sum determined by the application of any unused mill levy authority from that year, which was authorized by law or by the electors of that taxing district but not levied for that year, to the budget year taxable valuation of the taxable property in that taxing district. A taxing district electing to increase its levy under this subsection may not add any amount permitted by subsection 3 to the amount levied under this subsection.
 5. In addition to any other levy limitation factor under this section, a taxing district may increase its levy in dollars to reflect new or increased mill levies authorized by the legislative assembly or authorized by the electors of the taxing district.
 6. Under this section a taxing district may supersede any applicable mill levy limitations otherwise provided by law, or a taxing district may levy up to the mill levy limitations otherwise provided by law without reference to this section, but the provisions of this section do not apply to the following:
 - a. Any irrevocable tax to pay bonded indebtedness levied pursuant to section 16 of article X of the Constitution of North Dakota.
 - b. The one-mill levy for the state medical center authorized by section 10 of article X of the Constitution of North Dakota.
 7. A school district choosing to determine its levy authority under this section may apply subsection 3 only to the amount in dollars levied for general fund purposes under section 57-15-14 or, if the levy in the base year included separate general fund and special fund levies under sections 57-15-14 and 57-15-14.2, the school district may apply subsection 3 to the total amount levied in dollars in the base year for both the general fund and special fund accounts. School district levies

under any section other than section 57-15-14 may be made within applicable limitations but those levies are not subject to subsection 3.

8. Optional levies under this section may be used by any city or county that has adopted a home rule charter unless the provisions of the charter supersede state laws related to property tax levy limitations.

SECTION 13. Collection of unpaid assessments. If a first purchaser fails to pay the assessment as provided in this Act, the council may enforce collection in any appropriate court within the state.

SECTION 14. Penalty for nonpayment of assessments. A first purchaser who fails to pay any assessment levied by this Act on the date that the assessment becomes due is delinquent and the council may levy a penalty on the delinquent payments of ten percent of the assessment due, plus interest at the rate of twelve percent per annum from the due date. No appointment is irrevocable unless the appointment is coupled with an interest, including a security interest, in the shares or in the corporation. A shareholder who revokes a proxy is not liable in any way for damages, restitution, or other claim.

 3. In an action under subdivision b of subsection 1 involving a corporation that is not a publicly held corporation at the time the action is commenced and in which one or more of the circumstances described in that subdivision is established, the court, upon motion of a corporation or a shareholder or beneficial owner of shares of the corporation, may order the sale by a plaintiff or a defendant of all shares of the corporation held by the plaintiff or defendant to either the corporation or the moving shareholders, whichever is specified in the motion, if the court determines in its discretion that an order would be fair and equitable to all parties under the circumstances of the case.
 - a. The purchase price of any shares so sold must be the fair value of the shares as of the date of the commencement of the action or as of another date found equitable by the court. However, if the shares in question are then subject to sale and purchase pursuant to the bylaws of the corporation, a shareholder control agreement, the terms of the shares, or otherwise, the court shall order the sale for the price and on the terms as set forth, unless the court determines that the price or terms are unreasonable under all the circumstances of the case.

In determining whether to order equitable relief or dissolution, the court shall take into consideration the duty which all shareholders in a closely held corporation owe one another to act in an honest, fair, and reasonable manner in the operation of the corporation and the reasonable expectations of the shareholders as they exist at the inception and develop during the course of the shareholders' relationship with the corporation and with each other. For purposes of this section, any written agreement, including an employment agreement and a buy-sell agreement, between or among shareholders or between or among one or more shareholders and the corporation is presumed to reflect the parties' reasonable expectation concerning the matters dealt with in the agreement.

Lesser relief may be ordered in any case where it would be appropriate under all the facts and circumstances of the case.
6. If the court finds that a party to a proceeding brought under this section has acted arbitrarily, vexatiously, or otherwise not in good faith, it may in its discretion award reasonable expenses, including attorneys' fees and disbursements, to any of the other parties.
7. Proceedings under this section must be brought in a court within the county in which the ~~registered~~ principal executive office of the corporation is located. It is not necessary to make shareholders parties to the action or proceeding unless relief is sought against them personally.

10-32-28. Nature of a membership interest and statement of interest owned.

1. A membership interest is personal property. A member has no interest in specific limited liability company property. All property of the limited liability company is property of the limited liability company itself.

¹ Section 10-32-28 was also amended by section 2 of Senate Bill No. 2099, chapter 362.

2. At the request of any member, the limited liability company shall state in writing the particular membership interest owned by that member as of the moment the limited liability company makes the statement.
 - a. The statement must describe the member's right to vote, to share in profits and losses, and to share in distributions, restrictions on assignments of financial rights under subsection 3 of section 10-32-31 or governance rights under subsection 6 of section 10-32-32, then in effect, as well as any assignment of the member's rights then in effect other than a security interest.
 - b. The statement is not a certificated security, is not a negotiable instrument, and may not serve as a vehicle by which a transfer of any membership interest may be effected.
3. Notwithstanding any other provision of law, for the purpose of any law relating to security interests, a membership interest, governance rights, and financial rights are each a general intangible, as defined in section 41-09-06, and not a certificated security as defined in subdivision a of subsection 1 of section 41-08-02, an uncertificated security as defined in subdivision b of subsection 1 of section 41-08-02, chattel paper as defined in subdivision b of subsection 1 of section 41-09-05, an instrument as defined in subdivision i of subsection 1 of section 41-09-05, or an account as defined in section 41-09-06.

SECTION 113. AMENDMENT. Section 10-32-31 of the North Dakota Century Code is amended and reenacted as follows:

10-32-31. Assignment of financial rights.

1. Except as provided in subsection 3, a member's financial rights are transferable in whole or in part.
2. An assignment of a member's financial rights entitles the assignee to receive, to the extent assigned, only the share of profits and losses and the distributions to which the assignor would otherwise be entitled.
 - a. An assignment of a member's financial rights does not dissolve the limited liability company and does not entitle or empower the assignee to become a member, to exercise any governance rights, to receive any notices from the limited liability company, or to cause dissolution.
 - b. The assignment may not allow the assignee to control the member's exercise of governance rights.
3. A restriction on the assignment of financial rights may be imposed in the articles, in the operating agreement, by a resolution adopted by the members, or by an agreement among or other written action by members or among them and the limited liability company. A restriction is not binding with respect to financial rights reflected in the required records before the adoption of the restriction, unless the owners of those financial rights are parties to the agreement or voted in favor of the restriction.

4. Subject to subsection 5, a written restriction on the assignment of financial rights that is not manifestly unreasonable under the circumstances and is noted conspicuously in the required records may be enforced against the owner of the restricted financial rights or a successor or transferee of the owner, including a pledgee or a legal representative. Unless noted conspicuously in the required records, a restriction, even though permitted by this section, is ineffective against a person without knowledge of the restriction.
5. With regard to restrictions on the assignment of financial rights, a would-be assignee of financial rights is entitled to rely on a statement of membership interest issued by the limited liability company under section 10-32-28. A restriction on the assignment of financial rights, which is otherwise valid and in effect at the time of the issuance of a statement of membership interest but which is not reflected in that statement, is ineffective against an assignee who takes an assignment in reliance on the statement.
6. Notwithstanding any provision of law, articles of organization, member-control agreement, operating agreement, other agreement, resolution, or action to the contrary, a security interest in a member's financial rights may be foreclosed and otherwise enforced, and a secured party may assign a member's financial rights in accordance with title 41 without the consent or approval of a member whose financial rights are subject to the security interest.

SECTION 114. AMENDMENT. Section 10-32-32 of the North Dakota Century Code is amended and reenacted as follows:

10-32-32. Assignment of a complete membership interest and of governance rights coupled with an assignment of financial rights.

1. A member's governance rights are assignable, in whole or in part, only as provided in this section.
2. Subject to subsection 6, a member may, without the consent of any other member, assign governance rights, in whole or in part, to another person already a member at the time of the assignment. ~~Any~~
 - a. Except as otherwise provided in the articles of organization, any other assignment of any governance rights is effective only if all the members, other than the member seeking to make the assignment, approve the assignment by unanimous written consent; ~~unless the articles of organization provide for written consent by fewer than all members.~~
 - b. Subject to subsection 6, a member may grant a security interest in a complete membership interest or governance rights without obtaining the consent required by this subsection.
 - (1) However, a secured party may not take or assign ownership of governance rights without first obtaining the consent required by this subsection.
 - (2) If a secured party has a security interest in both a member's financial rights and governance rights, including a security

interest in a complete membership interest, this subsection's requirement that the secured party obtain consent applies only to taking or assigning ownership of the governance rights and does not apply to taking or assigning ownership of the financial rights.

3. When an assignment of governance rights is effective under subsection 2:
 - a. If the assignment is not a security interest, the assignee becomes a member, if not already a member; and
 - b. If the assignor does not retain any governance rights, the assignor ceases to be a member, and the written consent required under subsection 2, also constitutes the dissolution avoidance consent necessary to avoid dissolution that would otherwise ensue under subdivision e of subsection 1 of section 10-32-109 on account of the assignor ceasing to be a member if the consent required to avoid dissolution is not greater than the consent required under subsection 2.
4. When an assignment other than a security interest is effective under subsection 2, unless the written consent under subsection 2 otherwise provides:
 - a. The assignee is liable in proportion to the interest assigned for the obligations of the assignor under section 10-32-56, including liability for unperformed promises that have been reflected as contributions in the required records, and section 10-32-65 existing at the time of transfer, except to the extent that, at the time the assignee became a member, the liability was unknown to the assignee, and could not be ascertained from the required records; and
 - b. The assignor is not released from liability to the limited liability company for obligations of the assignor existing at the time of transfer under sections 10-32-56 and 10-32-65.
5. If any purported or attempted assignment of governance rights is ineffective for failure to obtain the consent required in subsection 2:
 - a. The purported or attempted assignment is ineffective in its entirety; and
 - b. Any assignment of financial rights that accompanied the purported or attempted assignment of governance rights is void.
6. Restrictions on the transfer of governance rights may be imposed following the same procedures and under the same conditions as stated in subsections 3 and 4 of section 10-32-31 for restricting the transfer of financial rights.
7. Notwithstanding any provision of law, articles of organization, member-control agreement, operating agreement, other agreement, resolution, or action to the contrary, a security interest in a member's full membership interest or governance rights may be foreclosed and otherwise enforced, and a secured party may assign a member's complete membership interest or governance rights in accordance with

title 41, all without the consent or approval of the member whose full membership interest or governance rights are the subject of the security interest.

SECTION 115. AMENDMENT. Section 10-32-34 of the North Dakota Century Code is amended and reenacted as follows:

10-32-34. Rights of judgment creditor. On application to a court of competent jurisdiction by any judgment creditor of a member, the court may charge a member's or an assignee's financial rights with payment of the unsatisfied amount of the judgment with interest.

1. To the extent so charged, the judgment creditor has only the rights of an assignee of a member's financial rights under section 10-32-31.
2. This chapter does not deprive any member or assignee of financial rights of the benefit of any exemption laws applicable to the membership interest.
3. This section is the sole and exclusive remedy of a judgment creditor with respect to the judgment debtor's membership interest.

SECTION 116. AMENDMENT. Section 10-32-37 of the North Dakota Century Code is amended and reenacted as follows:

- 4. The limited liability company or its manager or agent who accepts or rejects a vote, consent, waiver, or proxy appointment in good faith and in accordance with the standards of this section is not liable in damages to the member for the consequences of the acceptance or rejection.

SECTION 131. AMENDMENT. Subsection 1 of section 10-32-50 of the North Dakota Century Code is amended and reenacted as follows:

- 1. A written agreement among persons who are then members or who have signed contribution agreements, relating to the control of any phase of the business and affairs of the limited liability company, its liquidation, dissolution, and termination, or the relations among members or persons who have signed contribution agreements is valid as provided in subsection 2.

4. On application of the limited liability company, a court in this state may issue a protective order permitting the limited liability company to withhold portions of the records of proceedings of the board of governors for a reasonable period of time, not to exceed twelve months, in order to prevent premature disclosure of confidential information that would be likely to cause competitive injury to the limited liability company. A protective order may be renewed for successive reasonable periods of time, each not to exceed twelve months and in total not to exceed thirty-six months, for good cause shown. In the event a protective order is issued, the statute of limitations for any action that the member might bring as a result of information withheld automatically extends for the period of delay. If the court does not issue a protective order with respect to any portion of the records of proceedings as requested by the limited liability company, it shall award reasonable expenses, including attorney's fees and disbursements, to the member. 5. A member who has gained access under this section to any limited liability company record may not use or furnish to another for use the limited liability company record or a portion of the contents for any purpose other than a proper purpose. 6. Copies of the information referred to in subsection 1 must be furnished at the expense of the limited liability company. In all other cases, the limited liability company may charge the requesting party a reasonable fee to cover the expenses of providing the copy.
7. The records maintained by a limited liability company may utilize any information storage technique, including, for example, punched holes, printed or magnetized spots, or microimages, even though that makes them illegible visually, if the records can be converted accurately and within a reasonable time, into a form that is legible visually and whose contents are assembled by related subject matter to permit convenient use by people in the normal course of business. A limited liability company shall convert any of the records referred to in subsections 2 and 3 upon the request of a person entitled to inspect them, and the expense of the conversion must be borne by the person who bears the expense of copying pursuant to subsection 6. A copy of the conversion is admissible in evidence, and is acceptable for all other purposes, to the same extent as the existing or original records would be if they were legible visually.

SECTION 133. AMENDMENT. Section 10-32-52 of the North Dakota Century Code is amended and reenacted as follows:

"Furnish" for purposes of this subsection means that the limited liability company shall deliver or mail, postage prepaid, the financial statements to the address specified by the requesting member.

SECTION 134. Section 10-32-52.1 of the North Dakota Century Code is created and enacted as follows:

10-32-52.1. Equitable remedies. If a limited liability company or a manager or governor of the limited liability company violates this chapter, a court in this state, in an action brought by a member of the limited liability company, may grant equitable relief it considers just and reasonable in the circumstances and award expenses, including attorneys' fees and disbursements, to the member.

SECTION 135. AMENDMENT. Section 10-32-53 of the North Dakota Century Code is amended and reenacted as follows:

10-32-53. Actions by members. No action may be brought in this state for violations of this chapter by a member in the right of a domestic or foreign limited liability company unless the plaintiff is a member at the time of the transaction of which the plaintiff complains, or the plaintiff's membership interests thereafter devolved upon the plaintiff by operation of law from a person who was a member at such time.

 - a. Market value must be determined on the date the plaintiff institutes the action or, in the case of an intervenor, on the date the intervenor becomes a party to the action.
 - b. The amount of the security may from time to time be increased or decreased, in the discretion of the court, upon showing that the security provided has or may become inadequate or is excessive.
 - c. The limited liability company has recourse to such security in such amount as the court having jurisdiction determines upon the termination of the action, whether or not the court finds the action was brought without reasonable cause.

 - c. A plan of merger to which the limited liability company is a party, except as provided in paragraph 1 of subdivision a of subsection 2 of section 10-32-131 and subject to subsection 3 of section 10-32-131;

 - f. A resolution of the board of governors under subsection 2 of section 10-32-131 to implement a business continuation agreement.
2. The members of a limited liability company who have a right under this section to obtain payment for their membership interests do not have a right at law or in equity to have a limited liability company action described in subsection 1 set aside or rescinded, except when the limited liability company action is fraudulent with regard to the complaining member or the limited liability company.

SECTION 137. AMENDMENT. Section 10-32-55 of the North Dakota Century Code is amended and reenacted as follows:

10-32-55. Procedures for asserting dissenters' rights.

1. For purposes of this section:
 - a. "Limited liability company" means a limited liability company whose members have obtained rights to dissent under subsection 1 of section 10-32-54 and includes any successor by merger.
 - b. "Fair value of the membership interests" means the value of the membership interests of a limited liability company immediately before the effective date of the limited liability company action referred to in subsection 1 of section 10-32-54.
 - c. "Interest" means interest beginning five days after the effective date of the limited liability company action referred to in subsection 1 of section 10-32-54, up to and including the date of payment, calculated at the rate provided in section 28-20-34 for interest on verdicts and judgments.
 - d. "Member" includes a former member when dissenters' rights exist because:
 - (1) The membership of that former member has terminated causing dissolution; and
 - (2) The dissolved limited liability company has then either entered into a winding-up merger under subsection 3 of section 10-32-112 or has disposed of its assets pursuant to a business continuation agreement under subsection 2 of section 10-32-131.
2. If a limited liability company calls a member meeting at which any action described in subsection 1 of section 10-32-54 is to be voted upon, the notice of the meeting must inform each member of the right to dissent and must include a copy of section 10-32-54 and this section and, if applicable, subsections 2 and 3 of section 10-32-131. For members who have assigned some or all of their financial rights, the description must also include the procedures under subsection 8.
3. If the proposed action must be approved by the members, a member who wishes to exercise dissenters' rights must file with the limited liability company before the vote on the proposed action a written notice of intent to demand the fair value of the membership interests owned by the member and must not vote the membership interests in favor of the proposed action.
4. After the proposed action has been approved by the board of governors and, if necessary, the members, the limited liability company shall send to all members who have complied with subsection 3 and to all members entitled to dissent if no member vote was required, a notice that contains:
 - a. The address to which a demand for payment must be sent in order to obtain payment and the date by which the demand must be received;
 - b. A form to be used to certify the date on which the member acquired the membership interests and to demand payment; and

- c. A copy of section 10-32-54, this section and, if applicable, subsections 2 and 3 of section 10-32-131.
5. In order to receive the fair value of the membership interests, a dissenting member must demand payment within thirty days after the notice required by subsection 4 was given, but the dissenter retains all other rights of a member until the proposed action takes effect.
6. After the limited liability company action takes effect, or after the limited liability company receives a valid demand for payment, whichever is later, the limited liability company shall remit to each dissenting member who has complied with subsections 3, 4, and 5, the amount the limited liability company estimates to be the fair value of the membership interests, plus interest, accompanied by:
 - a. The limited liability company's closing balance sheet and statement of income for a fiscal year ending not more than sixteen months before the effective date of the limited liability company action, together with the latest available interim financial statements;
 - b. An estimate by the limited liability company of the fair value of the membership interests and a brief description of the method used to reach the estimate; and
 - c. A copy of section 10-32-54, this section; and, if applicable, subsections 2 and 3 of section 10-32-131.
7. The limited liability company may withhold the remittance described in subsection 6 from a person who was not a member on the date the action dissented from was first announced to the public. If the dissenter has complied with subsections 3, 4, and 5, the limited liability company shall forward to the dissenter the materials described in subsection 6, a statement of the reason for withholding the remittance, and an offer to pay to the dissenter the amount listed in the materials if the dissenter agrees to accept that amount in full satisfaction. The dissenter may decline the offer and demand payment under subsection 8. Failure to do so entitles the dissenter only to the amount offered. If the dissenter makes demand, subsections 9 and 10 apply.
8. If a dissenter believes that the amount remitted under subsections 5, 6, and 7 is less than the fair value of the membership interests plus interest, the dissenter may give written notice to the limited liability company of the dissenter's own estimate of the fair value of the membership interests, plus interest, within thirty days after the limited liability company mails the remittance under subsections 5, 6, and 7, and demand payment of the difference. Otherwise, a dissenter is entitled only to the amount remitted by the limited liability company.
9. If the limited liability company receives a demand under subsection 8, it shall, within sixty days after receiving the demand, either pay to the dissenter the amount demanded or agreed to by the dissenter after discussion with the limited liability company or file in court a petition requesting that the court determine the fair value of the membership interests, plus interest. The petition must be filed in the county in which the registered office of the limited liability company is located, except that a surviving foreign corporation that receives a demand relating to

the membership interests of a constituent limited liability company shall file the petition in the county in this state in which the last registered office of the constituent limited liability company was located. The petition must name as parties all dissenters who have demanded payment under subsection 8 and who have not reached agreement with the limited liability company. The limited liability company shall, after filing the petition, serve all parties with a summons and copy of the petition under the rules of civil procedure. Nonresidents of this state may be served by registered or certified mail or by publication as provided by law. Except as otherwise provided, the rules of civil procedure apply to this proceeding. The jurisdiction of the court is plenary and exclusive. The court may appoint appraisers, with powers and authorities the court considers proper, to receive evidence on and recommend the amount of the fair value of the membership interests. The court shall determine whether the member or members in question have fully complied with the requirements of this section and shall determine the fair value of the membership interests, taking into account any and all factors the court finds relevant, computed by any method or combination of methods that the court, in its discretion, sees fit to use, whether or not used by the limited liability company or by a dissenter. The fair value of the membership interests as determined by the court is binding on all members, wherever located. A dissenter is entitled to judgment for the amount by which the fair value of the membership interests as determined by the court, plus interest, exceeds the amount, if any, remitted under subsections 5, 6, and 7, but is not liable to the limited liability company for the amount, if any, by which the amount, if any, remitted to the dissenter under subsection 5 exceeds the fair value of the membership interests as determined by the court, plus interest.

10. The court shall determine the costs and expenses of a proceeding under subsection 9, including the reasonable expenses and compensation of any appraisers appointed by the court, and shall assess those costs and expenses against the limited liability company, except that the court may assess part or all of those costs and expenses against a dissenter whose action in demanding payment is found to be arbitrary, vexatious, or not in good faith.
11. If the court finds that the limited liability company has failed to comply substantially with this section, the court may assess all fees and expenses of any experts or attorneys as the court considers equitable. These fees and expenses may also be assessed against a person who has acted arbitrarily, vexatiously, or not in good faith in bringing the proceeding, and may be awarded to a party injured by those actions.
12. The court may award, in its discretion, fees and expenses to an attorney for the dissenters out of the amount awarded to the dissenters, if any.
13. When an assignment of some or all of the financial rights of a membership interest is in effect, then as to that membership interest the provisions of subsections 1 through 12 must be followed subject to the following revisions:
 - a. All rights to be exercised and actions to be taken by a member under subsection 2 must be taken by the member and not by any assignee of the member's financial rights. As between the limited

liability company and the assignees, the actions taken or omitted by the member bind the assignees.

- b. Instead of remitting a payment under subsection 6, the limited liability company shall forward to the dissenter member:
 - (1) An offer to pay the fair value of the membership interests with that amount to be allocated among and paid to the member and the assignees of financial rights according to the terms of the assignments reflected in the required records; and
 - (2) A statement of that allocation.
- c. If the dissenter member accepts the amount of the offer made under subdivision b but disputes the allocation, the dissenter shall promptly so notify the limited liability company and promptly after the notification bring an action to determine the proper allocation. The suit must be filed in the county in which the registered office of the limited liability company is located, or in the case of a surviving foreign corporation that is complying with this section following a merger or an exchange with a constituent limited liability company the suit must be filed in the county in this state in which the last registered office of the constituent limited liability company was located. The suit must name as parties the member, the limited liability company, and all assignees of the member's financial rights. Upon being served with the action, the limited liability company shall promptly pay into the court the amount offered under subdivision b and shall then be dismissed from the action.
- d. If the dissenter considers the amount offered under subdivision b inadequate, the dissenter may decline the offer and demand payment under subsection 8. If the dissenter makes demand, subsections 9 and 10 apply, with the court having jurisdiction also to determine the correctness of the allocation.
- e. If the member fails to take action under either subdivision c or d, then:
 - (1) As to the limited liability company, both the member and the assignees of the member's financial rights are limited to the amount and allocation offered under subdivision b; and
 - (2) The limited liability company discharges its obligation of payment by making payment according to the amount and allocation offered under subdivision b.

SECTION 138. AMENDMENT. Section 10-32-56 of the North Dakota Century Code is amended and reenacted as follows:

10-32-56. Authorization, form, and acceptance of contributions.

1. Subject to any restrictions in the articles of organization and only when authorized by the board of governors, a limited liability company may accept contributions under subsections 2 and 3, make contribution agreements under section 10-32-58, and make contribution allowance agreements under section 10-32-59.

2. A person may make a contribution to a limited liability company by paying money or transferring the ownership of an interest in property to the limited liability company for rendering services to or for the benefit of the limited liability company.
3. No purported contribution is to be treated or considered as a contribution, unless:
 - a. The board of governors accepts the contribution on behalf of the limited liability company and in that acceptance describes the contribution and states the value being accorded to the contribution; and
 - b. The fact of contribution and the contribution's accorded value are both reflected in the required records of the limited liability company.
4. The determinations of the board of governors as to the amount or fair value or the fairness to the limited liability company of the contribution accepted or to be accepted by the limited liability company or the terms of payment or performance, including under a contribution agreement in section 10-32-58, and a contribution allowance agreement in section 10-32-59, are presumed to be proper if they are made in good faith and on the basis of accounting methods, or a fair valuation or other method, reasonable in the circumstances. Governors who are present and entitled to vote, and who, intentionally or without reasonable investigation, fail to vote against approving a consideration that is unfair to the limited liability company, or overvalue property or services received or to be received by the limited liability company as a contribution, are jointly and severally liable to the limited liability company for the benefit of the then members who did not consent to and are damaged by the action, to the extent of the damages of those members. A governor against whom a claim is asserted pursuant to this subsection, except in case of knowing participation in a deliberate fraud, is entitled to contribution on an equitable basis from other governors who are liable under this subsection.
5. All the membership interests of a limited liability company must:
 - a. Be of one class, without series, unless the articles of organization establish, or authorize the board of governors to establish, more than one class or series within classes;
 - b. Be ordinary membership interests entitled to vote as provided in section 10-32-45, and have equal rights and preferences in all matters not otherwise provided for by the board of governors unless and to the extent that the articles of organization have fixed the relative rights and preferences of different classes and series; and
 - c. Share profits and losses as provided in section 10-32-36 and be entitled to distributions as provided in sections 10-32-60 and 10-32-61 and subdivision c of subsection 1 of section 10-32-131.
6. Subject to any restrictions in the articles of organization, the power granted in subsection 5 may be exercised by a resolution approved by the affirmative vote of a majority of the directors present establishing a

class or series, setting forth the designation of the class or series, and fixing the relative rights and preferences of the class or series established in the articles of organization or by resolution of the board of governors.

7. A statement executed by a manager setting forth the name of the limited liability company and the text of the resolution and certifying the adoption of the resolution and the date of adoption must be filed with the secretary of state together with the fees provided in section 10-32-150 before the acceptance of any contributions for which the resolution creates rights or preferences not set forth in the articles of organization. The resolution is effective when the statement has been filed with the secretary of state unless the statement specifies a later effective date within thirty days of filing the statement with the secretary of state.
8. Without limiting the authority granted in this section, a limited liability company may have membership interests of a class or series:
 - a. Subject to the right of the limited liability company to redeem any of those membership interests at the price fixed for their redemption by the articles of organization or by the board of governors;
 - b. Entitling the members to cumulative, partially cumulative, or noncumulative distributions;
 - c. Having preference over any class or series of membership interests for the payment of distributions of any or all kinds;
 - d. Convertible into membership interests of any other class or any series of the same or another class; or
 - e. Having full, partial, or no voting rights, except as provided in section 10-32-17.

SECTION 139. AMENDMENT. Section 10-32-58 of the North Dakota Century Code is amended and reenacted as follows:

10-32-58. Contribution agreements.

1. A contribution agreement, whether made before or after the formation of the limited liability company, is not enforceable against the would-be contributor unless it is in writing and signed by the would-be contributor.
2. ~~A~~ Unless otherwise provided in the contribution agreement, or unless all of the would-be contributors and, if in existence, the limited liability company, consent to a shorter or longer period, a contribution agreement is irrevocable for a period of six months unless the contribution agreement provides for, or unless all other would-be contributors who are a party to a contribution consent to, an earlier revocation.
3. A contribution agreement, whether made before or after the formation of a limited liability company, must be paid or performed in full at the time or times, or in the installments, if any, specified in the contribution agreement. In the absence of a provision in the contribution agreement specifying the time at which the contribution is to be paid or performed, the contribution must be paid or performed at the time or times

determined by the board of governors, but a call made by the board of governors for payment or performance on contributions must be uniform for all membership interests of the same class or for all membership interests of the same series.

4. Unless otherwise provided in the contribution agreement, in the event of default in the payment or performance of an installment or call when due, the limited liability company may proceed to collect the amount due in the same manner as a debt due the limited liability company ~~or, if the amount due remains unpaid for a period of twenty days after written notice of demand for payment has been given to the delinquent would-be contributor, the board of governors may declare a forfeiture of the contribution agreement or cancel it in accordance with this subsection.~~ If a would-be contributor does not make a required contribution of property or services, the limited liability company shall require the would-be contributor to contribute cash equal to that portion of the value, as stated in the limited liability company required records, of the contribution that has not been made.
5. ~~Upon forfeiture of a contribution agreement~~ If the amount due under a contribution agreement remains unpaid for a period of twenty days after the written notice of demand for payment has been given to the delinquent would-be contributor, the membership interests that were subject to the contribution agreement may be offered for sale by the limited liability company for a price in money equaling or exceeding the sum of the full balance owed by the delinquent would-be contributor plus the expenses incidental to the sale. ~~Any excess of net proceeds realized by the limited liability company over the sum of the amount owed by the delinquent would-be contributor plus the expenses incidental to the sale must be paid to the delinquent would-be contributor or to a legal representative. 10-32-64. Limitations on distribution.

1. The board of governors may authorize and cause the limited liability company to make a distribution only if the board of governors determines, in accordance with subsection 2, that the limited liability company will be able to pay its debts in the ordinary course of business after making the distribution and the board of governors does not know before the distribution is made that the determination was or has become erroneous; ~~and the~~
 - a. The limited liability company may make the distribution if it is able to pay its debts in the ordinary course of business after making the distribution.
 - b. The effect of a distribution on the ability of the limited liability company to pay its debts in the ordinary course of business after making the distribution must be measured in accordance with subsection 3.
 - c. The right of the board of governors to authorize, and the limited liability company to make, distributions may be prohibited, limited, or restricted by the articles of organization or operating agreement or an agreement.

2. A determination that the limited liability company will be able to pay its debts in the ordinary course of business after the distribution is presumed to be proper if the determination is made in compliance with the standard of conduct provided in section 10-32-86 on the basis of financial information prepared in accordance with accounting methods, or a fair valuation or other method, reasonable in the circumstances. No liability under section 10-32-66 or 10-32-86 will accrue if the requirements of this subsection have been met.
3. In the case of a distribution made by a limited liability company in connection with a redemption of its membership interests, the effect of the distribution must be measured as of the date on which money or other property is transferred, or indebtedness payable in installments or otherwise is incurred, by the limited liability company, or as of the date on which the member ceases to be a member of the limited liability company, whichever is the earliest. The effect of any other distribution must be measured as of the date of its authorization if payment occurs one hundred twenty days or less following the date of authorization, or as of the date of payment if payment occurs more than one hundred twenty days following the date of authorization. The provisions of chapter 13-02.1 do not apply to distributions made by a limited liability company governed by this chapter.

5. A distribution may be made to the owners of a class or series of membership interests only if:
 - a. All amounts payable to the owners of membership interests having a preference for the payment of that kind of distribution, other than those owners who give notice to the limited liability company of their agreement to waive their rights to that payment, are paid; and
 - b. The payment of the distribution does not reduce the remaining net assets of the limited liability company below the aggregate preferential amount payable in the event of liquidation to the owners of membership interests having preferential rights, unless the distribution is made to those members in the order and to the extent of their respective priorities or the owners of membership interests who do not receive distributions in that order give notice to the limited liability company of their agreement to waive their rights to that distribution.
6. A determination that the payment of the distribution described in subsection 5 does not reduce the remaining net assets of the limited liability company below the aggregate preferential amount payable in the event of termination to the owners of membership interests having preferential rights is presumed to be proper if the determination is made in compliance with the standard of conduct provided in section 10-32-86

on the basis of financial information prepared in accordance with accounting methods, or a fair valuation or other method, reasonable in the circumstances. Liability under section 10-32-66 or 10-32-86 will not arise if the requirements of this subsection are met.

- 6: 7. If the money or property available for distribution is insufficient to satisfy all preferences, the distributions must be made pro rata according to the order of priority of preferences by classes and by series within those classes unless those owners who do not receive distributions in that order give notice to the limited liability company of their agreement to waive their rights to that distribution.

1. If the first board of governors is not named in the articles of organization, the organizers may elect the first board of governors or may act as governors with all of the powers, rights, duties, and liabilities of governors, until governors are elected or until a contribution is accepted, whichever occurs first.
2. After the issuance of the certificate of organization, the organizers or the governors named in the articles of organization shall either hold an organizational meeting at the call of a majority of the organizers or of

SECTION 143. AMENDMENT. Section 10-32-68 of the North Dakota Century Code is amended and reenacted as follows:

10-32-68. Operating agreement.

1. A limited liability company may, but need not, have an operating agreement. The operating agreement may contain any provision relating to the management of the business or the regulation of the affairs of the limited liability company not inconsistent with law or the articles of organization. An act of the board under subsection 2 and of the members under subsection 3 will be considered part of the operating agreement only if the act expressly states that it is intended to constitute or revise the operating agreement.
2. An initial operating agreement may be adopted pursuant to section 10-32-67 by the organizers or by the first board of governors. Unless reserved by the articles of organization to the members, the power to adopt, amend, or repeal the operating agreement is vested in the board of governors. The power of the board of governors is subject to the power of the members, exercisable in the manner provided in subsection 3, to adopt, amend, or repeal the operating agreement adopted, amended, or repealed by the board of governors. After the adoption of the initial operating agreement, the board of governors may not adopt, amend, or repeal an operating agreement provision fixing a quorum for meetings of members, prescribing procedures for removing governors or filling vacancies in the board of governors, or fixing the number of governors or their classifications, qualifications, or terms of office, but may adopt or amend an operating agreement provision to increase the number of governors.
3. ¶ Unless the articles or operating agreement provides otherwise, members owning five percent or more of the voting power of the members entitled to vote may propose a resolution for action by the members to adopt, amend, or repeal operating agreement provisions adopted, amended, or repealed by the board of governors and the

resolution ~~sets~~ must set forth the provision or provisions proposed for adoption, amendment, or repeal, the limitations and procedures for submitting, considering, and adopting the resolution are the same as provided in subsections 2 through 4 of section 10-32-16, for amendment of the articles of organization. SECTION 144. AMENDMENT. Section 10-32-72 of the North Dakota Century Code is amended and reenacted as follows:

10-32-72. Terms.

1. With respect to length of terms:

a. Unless fixed terms are provided for in the articles or operating agreement, a governor serves for an indefinite term that expires at the next regular meeting of the members.

(1) A fixed term of a governor, other than an ex officio governor, must not exceed five years. A governor holds office for the term for which the governor was elected and until a successor is elected and has qualified, or until the earlier death, resignation, removal, or disqualification of the governor.

(2) An ex officio governor serves as long as the governor holds the office or position designated in the articles or operating agreement.

b. Unless the articles or operating agreement provides otherwise, a governor holds office until expiration of the term for which the governor was elected or appointed and until a successor is elected and has qualified or until the earlier death, resignation, removal, or disqualification of the governor.

c. A decrease in the number of governors or term of office does not shorten an incumbent director's term.

d. Except as provided in the articles or operating agreement, the term of a governor filling a vacancy expires at the end of the unexpired term that the director is filling.

2. The articles or operating agreement may provide for staggering the terms of governors by dividing the total number of governors into groups.

SECTION 145. AMENDMENT. Section 10-32-77 of the North Dakota Century Code is amended and reenacted as follows:

10-32-77. Resignation.

1. A governor may resign at any time by giving written notice to the limited liability company. The resignation is effective without acceptance when the notice is given to the limited liability company, unless a later effective time is specified in the notice.

2. If a resignation is made effective at a later time, the board may fill the pending vacancy before the effective time if the board of governors provides that the successor does not take office until the effective time.

SECTION 146. AMENDMENT. Section 10-32-78 of the North Dakota Century Code is amended and reenacted as follows:

10-32-78. ~~Removal~~ Nonjudicial removal of governors.

 - a. The governor was named by the board of governors to fill a vacancy;
 - b. The members have not elected governors in the interval between the time of the appointment to fill a vacancy and the time of the removal; and
 - c. A majority of the remaining governors present affirmatively votes to remove the governor.
3. Any one or all of the governors may be removed at any time, with or without cause, by the affirmative vote of the owners of the proportion of the voting power of the membership interests of the classes or series the governor represents sufficient to elect them. If less than the entire board of governors is to be removed, no one of the governors may be removed if the votes cast against the governor's removal which, if then cumulatively voted at the election of the entire board of governors, or if there be classes of governors at an election of the class of governors of which the governor is a part, would be sufficient to elect the governor. Whenever the members of any class are entitled to elect one or more governors by the provisions of the articles of the organization, the provisions of this section apply, in respect to the removal of a governor or governors so elected, to the vote of the members of that class and not to the vote of the members as a whole.
4. New governors may be elected at a meeting at which governors are removed.

The district court of the county where the principal executive office of a limited liability company is located may remove any governor of the limited liability company from office in a proceeding commenced either by the limited liability company, its members holding at least ten percent of the voting power of any class of membership interests, or the attorney general, if the court finds that:
 - a. The governor engaged in fraudulent, dishonest conduct, or gross abuse of authority or discretion with respect to the limited liability

- b. Removal is in the best interest of the limited liability company.
2. The court that removes a governor may bar the governor from serving on the board of governors for a period prescribed by the court.
3. If members or the attorney general commence a proceeding under subsection a, then the limited liability company shall be made a party defendant.

1. Unless different rules for filling vacancies are provided for in the articles or operating agreement:
 - a. Vacancies on the board of governors resulting from the death, resignation, removal, or disqualification of a governor may be filled by the affirmative vote of a majority of the remaining governors, even though less than a quorum; and
 - b. Vacancies on the board of governors resulting from newly created governorships may be filled by the affirmative vote of a majority of the governors serving at the time of the increase.
2. Each governor elected under this section to fill a vacancy holds office until a qualified successor is elected by the members at the next regular or special meeting of the members.
3. A vacancy that will occur at a specific later date may be filled before the vacancy occurs but the new governor may not take office until the vacancy occurs.

SECTION 149. AMENDMENT. Section 10-32-80 of the North Dakota Century Code is amended and reenacted as follows:

10-32-80. Board of governors meetings.

1. Meetings of the board of governors may be held from time to time as provided in the articles of organization or operating agreement at any place within or without the state that the board of governors may select or by any means described in subsection 2. If the articles, operating agreement, or board of governors fails to select a place for a meeting, the meeting must be held at the principal executive office, unless the articles or operating agreement provide otherwise.
2. A board of governors meeting may be conducted by:
 - a. A conference among governors using any means of communication through which the governors may simultaneously hear each other during the conference constitutes a board of governors meeting, if the same notice is given of the conference as would be required by

Participation in a meeting by ~~that~~ this means constitutes personal presence ~~in person~~ at the meeting.
 3. Unless the articles of organization or operating agreement provide for a different time period, a governor may call a board meeting by giving at least ten days' notice or, in the case of organizational meetings under subsection 2 of section 10-32-67, at least three days' notice to all governors of the date, time, and place of the meeting. The notice need not state the purpose of the meeting unless the articles or operating agreement require it.
 4. If the ~~day or~~ date, time, and place of a board of governors meeting have been provided in the articles or operating agreement, or announced at a previous meeting of the board of governors, no notice is required. Notice of an adjourned meeting need not be given other than by announcement at the meeting at which adjournment is taken.
 5. A governor may waive notice of a meeting of the board of governors. A waiver of notice by a governor entitled to notice is effective whether given before, at, or after the meeting, and whether given in writing, or by attendance. Attendance by a governor at a meeting is a waiver of notice of that meeting, except where the governor objects at the beginning of the meeting to the transaction of business because the meeting is not lawfully called or convened and does not participate in the meeting after the objection.

SECTION 150. AMENDMENT. Section 10-32-81 of the North Dakota Century Code is amended and reenacted as follows:

10-32-81. Absent governors. If the articles of organization or operating agreement so provide, a governor may give advance written consent or opposition to a proposal to be acted on at a board of governors meeting. If the governor is not present at the meeting, consent or opposition to a proposal does not constitute presence for purposes of determining the existence of a quorum, but consent or opposition must be counted as a the vote of a governor present at the meeting in favor of or against the proposal and must be entered in the minutes or other record of action at the meeting, if the proposal acted on at the meeting is substantially the same or has substantially the same effect as the proposal to which the governor has consented or objected.

SECTION 151. AMENDMENT. Section 10-32-83 of the North Dakota Century Code is amended and reenacted as follows:

10-32-83. Act of the board of governors. The board of governors shall take action by the affirmative vote of the greater of a majority of governors present at a duly held meeting at the time the action is taken or a majority of the minimum proportion or number of governors that would constitute a quorum for the transaction of business at a meeting, except where this chapter or the articles require

the affirmative vote of a larger proportion or number. If the articles require a larger proportion or number than is required by this chapter for a particular action, the articles control.

SECTION 152. AMENDMENT. Section 10-32-84 of the North Dakota Century Code is amended and reenacted as follows:

10-32-84. Action without a meeting.

1. An action required or permitted to be taken at a board of governors meeting may be taken by written action signed by all of the governors. 2. The written action is effective when signed by the required number of governors, unless a different effective time is provided in the written action.
3. When written action is permitted to be taken by less than all governors, all governors must be notified immediately of its text and effective date. Failure to provide the notice does not invalidate the written action. A governor who does not sign or consent to the written action has no liability for the action or actions ~~taken thereby~~.

SECTION 153. AMENDMENT. Section 10-32-85 of the North Dakota Century Code is amended and reenacted as follows:

Committees may include a special litigation committee consisting of one or more independent governors or other independent persons to consider legal rights or remedies of the limited liability company and whether those rights and remedies should be pursued. Committees other than special litigation committees are subject at all times to the direction and control of the board of governors.
2. Committee members must be individuals. Unless the articles or operating agreement provide for a different membership or manner of appointment, a committee consists of one or more persons, who need not be governors, appointed by ~~affirmative vote of a majority of the governors present~~ the board.
3. Sections 10-32-80 through 10-32-84 apply to committees and members of committees to the same extent as those sections apply to the board of governors and governors.

The articles of organization or operating agreement either may prohibit indemnification or advances of expenses otherwise required by this section or may impose conditions on indemnification or advances of expenses in addition to the conditions contained in subsections 2 through 4 including, without limitation, monetary limits on indemnification or advances of expenses, if the conditions apply equally to all persons or to all persons within a given class. 6. 7. All indemnification determinations must be made:
 - a. By the board of governors by a majority of a quorum. Governors who are, at the time, parties to the proceeding are not counted for determining either a majority or the presence of a quorum;

The person seeking indemnification or payment or reimbursement of expenses pursuant to this clause has the

burden of establishing that the person is entitled to indemnification or payment or reimbursement of expenses.

8. With respect to a person who is not, and was not at the time of the acts or omissions complained of in the proceedings, a governor, manager, or person possessing, directly or indirectly, the power to direct or cause the direction of the management or policies of the limited liability company, the determination whether indemnification of this person is required because the criteria set forth in subsections 2 and 3 have been satisfied and whether this person is entitled to payment or reimbursement of expenses in advance of the final disposition of a proceeding as provided in subsection 4 may be made by an annually appointed committee of the board of governors, having at least one member who is a governor. The committee shall report at least annually to the board of governors concerning its actions.
9. A limited liability company may purchase and maintain insurance on behalf of a person in that person's official capacity against any liability asserted against and incurred by the person in or arising from that capacity, whether or not the limited liability company would have been required to indemnify the person against the liability under the provisions of this section.
10. A limited liability company that indemnifies or advances expenses to a person in accordance with this section in connection with a proceeding by or on behalf of the limited liability company shall report to the members in writing the amount of the indemnification or advance and to whom and on whose behalf it was paid not later than the next meeting of members as part of the annual financial statements furnished to members pursuant to section 10-32-52 covering the period when the indemnification or advance was paid or accrued under the accounting method of the limited liability company reflected in the financial statements.
11. Nothing in this section may be construed to limit the power of the limited liability company to indemnify other persons by contract or otherwise.

Except as provided in subsection 2, these provisions govern the corporation as to the use, retention, and disposition of its income and property regardless of provisions of the articles or instrument or other law of this state to the contrary:

6. The use of a name by a corporation in violation of this section does not affect or vitiate its corporate existence, but a court in this state may, upon application of the state or of an interested or affected person, enjoin the corporation from doing business under a name assumed in violation of this section, although its articles may have been filed with the secretary of state and a certificate of incorporation issued.
7. If a corporation's period of existence has expired or is involuntarily dissolved by the secretary of state pursuant to section 10-33-139, the corporation may reacquire the right to use that name by refiling articles

of incorporation pursuant to section 10-33-08; amending pursuant to section 10-33-118; or reinstating pursuant to section 10-33-139. 2. A registered agent of a corporation may resign by filing with the secretary of state a signed written notice of resignation, including a statement that a signed copy of the notice has been given to the corporation at its principal executive office or to a legal representative of the corporation. The appointment of the agent terminates thirty days after the notice is filed with the secretary of state.

10-33-14. Amendment of articles. The articles of a corporation may be amended at any time to include or modify any provision that is required or permitted to appear in the articles or to omit any provision not required to be

10-33-15. Procedure for amendment of articles.

1. A majority of incorporators may amend the articles by written action if no directors are named in the original articles, if no directors have been elected, and if there are no members with voting rights. A majority of directors may amend the articles if there are no members with voting rights, if members with voting rights have authorized the board to amend the articles under subsection 3, or if the amendment merely restates the existing articles, as amended. Notice of the meeting and of the proposed amendment must be given to the board. An amendment restating the existing articles may, but need not, be submitted to and approved by the members as provided in subsection 2.

2. If the corporate name is changed by the amendment, a suit brought by or against the corporation under its former name does not abate for that reason.
3. When effective under section 10-33-19, an amendment restating the articles in their entirety supersedes the original articles and all amendments to the original articles.

10-33-18. Filing articles of amendment. An original of the articles of amendment must be filed with the secretary of state. 12. A corporation may pay pensions, retirement allowances, and compensation for past services and establish employee or incentive benefit plans, trusts, and provisions for the benefit of the corporation and the corporation's related organizations' officers, managers, directors, governors, employees, and agents and, in the case of a related organization that is a limited liability company, members who provide services to the limited liability company, and the families, dependents, and beneficiaries of any of them. It may indemnify and purchase and maintain insurance for a fiduciary of any of these employee benefit and incentive plans, trusts, and provisions.
13. A corporation may participate in any capacity in the promotion, organization, ownership, management, and operation of any organization or in any transaction, undertaking, or arrangement that the participating corporation would have power to conduct by itself, whether or not the participation involves sharing or delegation of control.

14. A corporation may provide for its benefit life insurance and other insurance with respect to the services of its officers, directors, employees, and agents, or on the life of a member for the purpose of acquiring, at the death of the member, any membership interests in the corporation owned by the member.
15. A corporation may have, alter at pleasure, and use a corporate seal as provided in section 10-33-22.
16. A corporation may adopt, amend, and repeal bylaws relating to the management of the business or the regulation of the affairs of the corporation as provided in section 10-33-26.
17. A corporation may establish committees of the board of directors, elect or appoint persons to the committees, and define their duties as provided in section 10-33-44 and fix their compensation.
18. A corporation may elect or appoint officers, employees, and agents of the corporation, and define their duties and fix their compensation.
19. A corporation may lend money to, guarantee an obligation of, become a surety for, or otherwise financially assist persons as provided in section 10-33-82.
20. A corporation may make advances to its directors, officers, and employees and those of its subsidiaries as provided in section 10-33-83.
21. A corporation shall indemnify those persons identified in section 10-33-84 against certain expenses and liabilities only as provided in section 10-33-84 and may indemnify other persons.
22. A corporation may conduct all or part of its business under one or more trade names as provided in chapter 47-25.
23. A corporation may take, receive, and hold real and personal property, including the principal and interest of money or other fund, that is given, conveyed, bequeathed, devised to, or vested in the corporation in trust where the corporation or a related organization has a vested or contingent interest in the trust.
24. Except where the trust instrument prescribes otherwise, a corporation may invest trust property or its proceeds in accordance with section 59-02-08.
25. A corporation may be a member of or the owner of the ownership interest in another domestic or foreign organization.
26. A corporation may dissolve and wind up.
27. A corporation may merge and consolidate with other domestic or foreign nonprofit corporations organized for related purposes.
28. A corporation doing business as a hospital may merge with a corporation incorporated for profit and form a corporation under this chapter.

29. A corporation may acquire an owner's interest in another organization.

30. A corporation may have and exercise all other powers necessary or convenient to effect any or all of the purposes for which the corporation is incorporated.

10-33-22. Corporate seal. A corporation may, but need not, have a corporate seal. The use or nonuse of a corporate seal does not affect the validity, recordability, or enforceability of a document or act. If a corporation has a corporate seal, the use of the seal by the corporation on a document is not necessary.

10-33-23. Defense of ultra vires. No act of a corporation and no conveyance or transfer of real or personal property to or by a corporation is invalid by reason of the fact that the corporation was without capacity or power to do such act or to make or receive such conveyance or transfer but such lack of capacity or power may be asserted:

1. In a proceeding by a member against the corporation to enjoin the doing of any act or acts or the transfer of real or personal property by or to the corporation. If the unauthorized acts or transfers sought to be enjoined are being, or are to be, performed or made pursuant to any contract to which the corporation is a party, the court, if all of the parties to the contract are parties to the proceeding and if it deems the same to be equitable, may set aside and enjoin the performance of the contract, and in so doing may allow to the corporation or to the other parties to the contract, as the case may be, compensation for the loss or damage sustained by either of them which may result from the action of the court in setting aside and enjoining the performance of the contract. However, anticipated profits to be derived from the performance of the contract may not be awarded by the court as a loss or damage sustained.
2. In a proceeding by the corporation, whether acting directly or through a receiver, trustee or other legal representative, or through members in a representative suit, against the incumbent or former officers or directors of the corporation.
3. In a proceeding by the attorney general, as provided in this chapter, to dissolve the corporation or to enjoin the corporation from the transaction of unauthorized business.

10-33-24. Unauthorized assumption of corporate powers - Liability. All persons who assume to act as a corporation without authority are jointly and severally liable for all debts and liabilities incurred or arising as a result.

10-33-25. Organization.

1. If the first board is not named in the articles, the incorporators may elect the first board or may act as directors with all of the powers, rights, duties, and liabilities of directors, until directors are elected.
2. After the issuance of the certificate of incorporation, the incorporators or the directors named in the articles shall, within a reasonable time, either hold an organizational meeting at the call of a majority of the incorporators or of the directors named in the articles, or take written

action, for the purposes of transacting business and taking actions necessary or appropriate to complete the organization of the corporation. If a meeting is held, the person or persons calling the meeting shall give at least three days' notice of the meeting to each incorporator or director named, stating the date, time, and place of the meeting. Incorporators and directors may waive notice of an organizational meeting in the same manner that a director may waive notice of meetings of the board pursuant to subsection 5 of section 10-33-39.

10-33-26. Bylaws.

1. A corporation may, but need not, have bylaws. Bylaws may contain any provision relating to the management or regulation of the affairs of the corporation consistent with law or the articles, including:
 - a. The number of directors, and the qualifications, manner of election, powers, duties, and compensation, if any, of directors;
 - b. The qualifications of members;
 - c. Different classes of membership;
 - d. The manner of admission, withdrawal, suspension, and expulsion of members;
 - e. Property, voting, and other rights and privileges of members;
 - f. The appointment and authority of committees;
 - g. The appointment or election, duties, compensation, and tenure of officers;
 - h. The time, place, and manner of calling, conducting, and giving notice of member, board, and committee meetings, or of conducting mail ballots;
 - i. The making of reports and financial statements to members; or
 - j. The number establishing a quorum for meetings of members and the board.

2. Initial bylaws may be adopted by the incorporators or by the first board pursuant to section 10-33-25. Unless reserved by the articles to the members, the power to adopt, amend, or repeal the bylaws is vested in the board. The power of the board is subject to the power of the members with voting rights exercisable in the manner provided in subsection 3 to adopt, amend, or repeal bylaws adopted, amended, or repealed by the board. After the adoption of the initial bylaws and if there are members with voting rights, the board may not adopt, amend, or repeal a bylaw fixing a quorum for meetings of members, prescribing procedures for removing directors or filling vacancies in the board, or fixing the number of directors or their classifications, qualifications, or terms of office, but may adopt or amend a bylaw to increase the number of directors. A bylaw amendment to increase or decrease the vote required for a member action must be approved by the members.

3. Unless the articles or bylaws provide otherwise, at least fifty members with voting rights or ten percent of the members with voting rights, whichever is less, may propose a resolution for action by the members to adopt, amend, or repeal bylaws adopted, amended, or repealed by the board.
 - a. The resolution must contain the provisions proposed for adoption, amendment, or repeal.
 - b. The limitations and procedures for submitting, considering, and adopting the resolution are the same as provided in section 10-33-15, for amendment of the articles, except that board approval is not required.
 - c. The articles or bylaws may impose different or additional requirements for the members to adopt, amend, or repeal the bylaws.

10-33-27. Board.

1. The business and affairs of a corporation must be managed by or under the direction of a board.
 - a. All directors are entitled to vote and have equal rights and preferences except as otherwise provided in the articles or bylaws.
 - b. The members of the first board may be named in the articles, designated or appointed pursuant to the articles, or elected by the incorporators under section 10-33-25.
2. No more than forty-nine percent of the individuals serving on the board of any corporation may be financially interested individuals.
3. For the purposes of this section "financially interested individuals" means:
 - a. Individuals who have received or are entitled to receive compensation, directly or indirectly, from the corporation for services rendered to it within the previous twelve months, whether as full-time or part-time employees, independent contractors, consultants, or otherwise, excluding any reasonable payments made to directors for serving as directors;
 - b. Any parent, child, child of a spouse, brother, or sister, of that individual; or
 - c. The spouse of any individual described in subdivision a or b.
4. Failure to comply with the provisions of this section does not affect the validity or enforceability of any transaction entered into by the corporation.

10-33-28. Number. The board must consist of three or more directors, with the number specified in or fixed in accordance with the articles or bylaws. However, if the corporation has either one or two members with voting rights, the number of directors may be less than three but not less than the number of members with

voting rights. The number of directors may be increased or, subject to sections 10-33-36 and 10-33-37, decreased at any time by amendment to or in the manner provided in the articles or bylaws.

10-33-29. Qualifications - Election. Directors must be individuals. The method of election and any additional qualifications for directors may be imposed by or in the manner provided in the articles or bylaws.

10-33-30. Terms.

1. With respect to length of terms:

- a. Directors are elected or appointed and hold office for fixed terms provided for in the articles or bylaws. A fixed term of a director, other than an ex officio director, may not exceed ten years. If the articles or bylaws do not provide for a fixed term, the term is one year. An ex officio director serves as long as the director holds the office or position designated in the articles or bylaws.
- b. Unless the articles or bylaws provide otherwise, a director holds office until expiration of the term for which the director was elected or appointed and until a successor is elected and qualified, or until the earlier death, resignation, removal, or disqualification of the director.
- c. A decrease in the number of directors or term of office does not shorten an incumbent director's term.
- d. Except as provided in the articles or bylaws, the term of a director filling a vacancy expires at the end of the unexpired term that the director is filling.

2. The articles or bylaws may provide for staggering the terms of directors by dividing the total number of directors into groups. The terms of office of the groups need not be uniform.

10-33-31. Acts not void or voidable. The expiration of a director's term with or without the election of a qualified successor does not make prior or subsequent acts of the officers or the board void or voidable.

10-33-32. Compensation. Subject to any limitations in the articles or bylaws, the board may fix the compensation of directors.

10-33-33. Classification of directors.

1. Except as provided in subsection 2, directors may be divided into classes.
2. Directors of a corporation described in subsection 1 of section 10-33-122 may not vote by class except when the articles or bylaws provide that only one class of directors may vote on a particular matter.

10-33-34. Cumulative voting for directors. Unless the articles provide otherwise or except as provided in section 1 of article XII of the Constitution of North Dakota, there is no cumulative voting.

10-33-35. Resignation.

1. A director may resign at any time by giving written notice to the corporation. The resignation is effective without acceptance when the notice is given to the corporation, unless a later effective time is specified in the notice.
2. If a resignation is made effective at a later date, the board may fill the pending vacancy before the effective date if the board provides that the successor does not take office until the effective date.

10-33-36. Nonjudicial removal of directors.

1. This section applies unless a different method of removal is provided for in the articles or bylaws.
2. With respect to an elected director:
 - a. If there is a member with voting rights:
 - (1) A director may be removed by the board at any time, with or without cause, if:
 - (a) The director was named by the board to fill a vacancy;
 - (b) The members with voting rights have not elected directors in the interval between the time of the appointment to fill the vacancy and the time of the removal; and
 - (c) A majority of the remaining directors present affirmatively vote to remove the director.
 - (2) A director may be removed at any time, with or without cause, by those members eligible to elect the director.
 - b. If there is no member with voting rights, a director may be removed at any time, with or without cause, by those directors eligible to elect the director.
3. With respect to an appointed director:
 - a. Except as otherwise provided in the articles or bylaws, an appointed director may be removed without cause by the person appointing the director.
 - b. The person removing the director shall do so by giving written notice of the removal to the director and either the presiding officer of the board or the corporation's president or secretary.
 - c. A removal is effective when the notice is effective unless the notice states a future effective date.
4. A new director may be elected at a meeting at which a director is removed.

10-33-37. Removal of directors by judicial proceeding.

1. The district court of the county the principal executive office of a corporation is located in may remove any director of the corporation from office in a proceeding commenced either by the corporation, its members holding at least ten percent of the voting power of any class of shares, or the attorney general, if the court finds:
 - a. The director engaged in fraudulent or dishonest conduct, or gross abuse of authority or discretion, with respect to the corporation;
 - b. That the provisions of subsection 2 of section 10-33-27 have been violated; or
 - c. Final judgment has been entered finding the director violated section 10-33-45.
2. The court that removes a director may bar the director from serving on the board for a period prescribed by the court.
3. If members or the attorney general commence a proceeding under subdivision a of subsection 1, then the corporation must be made a party defendant.
4. If a corporation or its members commence a proceeding under subsection 1, they must give the attorney general written notice of the proceeding.

10-33-38. Vacancies.

1. Unless the articles or bylaws provide otherwise, and except as provided in this section, if a vacancy occurs on the board, including a vacancy resulting from an increase in the number of directors:
 - a. The members with voting rights, if any, may fill the vacancy; or
 - b. The remaining members of the board, though less than a quorum, may fill the vacancy.
2. If a vacant office was held by a director elected by a class, chapter, or other organizational unit or by region or other geographic grouping, only members of the class, chapter, unit, or grouping are entitled to vote to fill the vacancy.
3. If a vacant office was held by an appointed director, only the person who appointed the director may fill the vacancy.
4. A vacancy that will occur at a specific later date may be filled before the vacancy occurs but the new director may not take office until the vacancy occurs.

10-33-39. Board meetings.

1. Meetings of the board may be held from time to time as provided in the articles or bylaws at any place within or without the state that the board may select or by any means described in subsection 2. If the articles,

bylaws, or board fails to select a place for a meeting, the meeting must be held at the principal executive office, unless the articles or bylaws provide otherwise.

2. A board meeting may be conducted by:
 - a. A conference among directors using any means of communication through which the directors may simultaneously hear each other during the conference constitutes a board meeting, if the same notice is given of the conference as would be required by subsection 3 for a meeting, and if the number of directors participating in the conference is a quorum. Participation in a meeting by this means is personal presence at the meeting; or
 - b. Any means of communication through which the director, other directors so participating, and all directors physically present at the meeting may simultaneously hear each other during the meeting. Participation in a meeting by this means is personal presence at the meeting.
3. Unless the articles or bylaws provide for a different time period, a director may call a board meeting by giving at least ten days' notice or, in the case of organizational meetings pursuant to subsection 2 of section 10-33-25, at least three days' notice, to all directors of the date, time, and place of the meeting. The notice need not state the purpose of the meeting unless the articles or bylaws require it.
4. If the date, time, and place of a board meeting have been provided in the articles or bylaws, or announced at a previous meeting of the board, no notice is required. Notice of an adjourned meeting need not be given other than by announcement at the meeting at which adjournment is taken.
5. A director may waive notice of a meeting of the board. A waiver of notice by a director entitled to notice is effective whether given before, at, or after the meeting, and whether given in writing or by attendance. Attendance by a director at a meeting is a waiver of notice of that meeting, except where the director objects at the beginning of the meeting to the transaction of business because the meeting is not lawfully called or convened and does not participate in the meeting after the objection.

10-33-40. Absent directors. If the articles or bylaws so provide, a director may give advance written consent or opposition to a proposal to be acted on at a board meeting. If the director is not present at the meeting, consent or opposition to a proposal does not constitute presence for purposes of determining the existence of a quorum, but consent or opposition must be counted as the vote of a director present at the meeting in favor of or against the proposal and must be entered in the minutes or other record of action at the meeting, if the proposal acted on at the meeting is substantially the same or has substantially the same effect as the proposal to which the director has consented or objected.

10-33-41. Quorum. A majority, or a larger or smaller proportion or number provided in the articles or bylaws, of the directors currently holding office is a quorum for the transaction of business. In the absence of a quorum, a majority of the directors present may adjourn a meeting from time to time until a quorum is

present. If a quorum is present when a duly called or held meeting is convened, the directors present may continue to transact business until adjournment, even though the withdrawal of a number of directors originally present leaves less than the proportion or number otherwise required for a quorum.

10-33-42. Act of the board. The board shall take action by the affirmative vote of a majority of directors with voting rights present and entitled to vote at a duly held meeting, unless this chapter or the articles or bylaws require the affirmative vote of a larger proportion or number.

10-33-43. Action without meeting.

1. An action required or permitted to be taken at a board meeting may be taken by written action signed by all of the directors. If the articles so provide, any action, other than an action requiring member approval, may be taken by written action signed by the number of directors that would be required to take the same action at a meeting of the board at which all directors were present.
2. The written action is effective when signed by the required number of directors, unless a different effective time is provided in the written action.
3. When written action is permitted to be taken by less than all directors, all directors must be notified immediately of its text and effective date. Failure to provide the notice does not invalidate the written action. A director who does not sign or consent to the written action has no liability for the action or actions.

10-33-44. Committees.

1. A resolution approved by the affirmative vote of a majority of the board may establish committees having the authority of the board in the management of the business of the corporation to the extent provided in the resolution. Committees may include a special litigation committee consisting of one or more independent directors or other independent persons to consider legal rights or remedies of the corporation and whether those rights or remedies should be pursued. Committees other than special litigation committees are subject at all times to the direction and control of the board.
2. Committee members must be individuals. Unless the articles or bylaws provide for a different membership or manner of appointment, a committee must consist of one or more persons, who need not be directors, appointed by the board.
3. Sections 10-33-39 through 10-33-43 apply to committees and members of committees to the same extent as those sections apply to the board and directors.
4. Minutes, if any, of committee meetings must be made available upon request to members of the committee and to any director.
5. The establishment of, delegation of authority to, and action by a committee does not alone constitute compliance by a director with the standard of conduct set forth in section 10-33-45.

6. Committee members are deemed to be directors for purposes of sections 10-33-45, 10-33-46, and 10-33-84.

10-33-45. Standard of conduct for directors.

1. A director shall discharge the duties of the position of director in good faith, in a manner the director reasonably believes to be in the best interests of the corporation, and with the care an ordinarily prudent person in a like position would exercise under similar circumstances. A person who so performs those duties is not liable by reason of being or having been a director of the corporation.
2. A director is entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, in each case prepared or presented by:
 - a. One or more officers or employees of the corporation whom the director reasonably believes to be reliable and competent in the matters presented;
 - b. Counsel, public accountants, or other persons as to matters that the director reasonably believes are within the person's professional or expert competence; or
 - c. A committee of the board upon which the director does not serve, duly established in accordance with section 10-33-44 as to matters within its designated authority, if the director reasonably believes the committee to merit confidence.
3. Subsection 2 does not apply to a director who has knowledge concerning the matter in question that makes the reliance otherwise permitted by subsection 2 unwarranted.
4. A director who is present at a meeting of the board when an action is approved by the affirmative vote of a majority of the directors present is presumed to have assented to the action approved, unless the director:
 - a. Objects at the beginning of the meeting to the transaction of business because the meeting is not lawfully called or convened and does not participate in the meeting, in which case the director may not be considered to be present at the meeting for any purpose of this chapter;
 - b. Votes against the action at the meeting; or
 - c. Is prohibited from voting on the action:
 - (1) By the articles;
 - (2) By the bylaws;
 - (3) As the result of the decision to approve, ratify, or authorize a transaction pursuant to section 10-33-46; or
 - (4) By a conflict of interest policy adopted by the board.

5. A director, regardless of how identified, is not considered to be a trustee with respect to the corporation or with respect to property held or administered by the corporation, including without limit, property that may be subject to restrictions imposed by the donor or transferor of the property.

10-33-46. Director conflicts of interest.

1. A contract or other transaction between a corporation and its director or a member of the family of its director; a director of a related organization, or a member of the family of a director of a related organization; or an organization in or of which the corporation's director, or a member of the family of its director, is a director, officer, or legal representative or has a material financial interest, is not void or voidable because the director or the other individual or organization are parties or because the director is present at the meeting of the members or the board or a committee at which the contract or transaction is authorized, approved, or ratified, if at least one of the requirements of subsection 2 is satisfied.
2. A contract or transaction described in subsection 1 is not void or voidable if:
 - a. The contract or transaction was, and the person asserting the validity of the contract or transaction has the burden of establishing that the contract or transaction was, fair and reasonable as to the corporation when it was authorized, approved, or ratified;
 - b. The material facts as to the contract or transaction and as to the director's interest are fully disclosed or known to the members and the contract or transaction is approved in good faith by two-thirds of the members entitled to vote, not counting any vote that the interested director might otherwise have, or the unanimous affirmative vote of all members, whether or not entitled to vote;
 - c. The material facts as to the contract or transaction and as to the director's interest are fully disclosed or known to the board or a committee, and the board or committee authorizes, approves, or ratifies the contract or transaction in good faith by a majority of the board or committee, not counting any vote that the interested director might otherwise have, and not counting the director in determining the presence of a quorum; or
 - d. The contract or transaction is a merger or consolidation described in section 10-33-85.
3. For purposes of this section:
 - a. A director does not have a material financial interest in a resolution fixing the compensation of the director or fixing the compensation of another director as a director, officer, employee, or agent of the corporation, even though the first director is also receiving compensation from the corporation;

- b. A director has a material financial interest in an organization in which the director, or a member of the family of the director, has a material financial interest; and
 - c. A "member of the family" of a director is a spouse, parent, child, child of a spouse, brother, sister, or the spouse of any of them.
 4. The procedures described under subdivisions a, b, and c of subsection 2 are not required if the contract or other transaction is between related organizations.

10-33-47. Immunity of officers, directors, and trustees. Any person who serves as a director, officer, or trustee of a corporation that is, or would qualify as a nonprofit organization that is described in paragraphs 3, 4, 5, 6, 7, 10, and 19 of section 501(c)(3) of the Internal Revenue Code of 1954, as amended [26 U.S.C. 501(c)(3), (4), (5), (6), (7), (10), and (19)], is immune from civil liability for any act or omission resulting in damage or injury if at the time of the act or omission all of the following are met:

1. The officer, director, or trustee was acting in good faith and in the scope of that person's official duties as a director, officer, or trustee.
2. The act or omission did not constitute willful misconduct or gross negligence on the part of the officer, director, or trustee.
3. The officer, director, or trustee did not receive or expect to receive reimbursement for or payment of expenses in excess of two thousand dollars per year for expenses actually incurred as a result of providing services as a director, officer, or trustee, and did not receive or expect to receive compensation or anything in lieu of compensation as payment for services provided as a director, officer, or trustee.

10-33-48. Immunity of volunteers.

1. Any person who, on a volunteer basis, provides services or performs duties on behalf of a corporation is immune from civil liability for any act or omission resulting in damage or injury if at the time of the act or omission all of the following are met:
 - a. The person who caused the damage or injury was acting in good faith and in the scope of that person's duties as a volunteer for the corporation.
 - b. The act or omission did not constitute willful misconduct or gross negligence.
2. This section does not grant immunity to any person causing damage as the result of the negligent operation of a motor vehicle.

10-33-49. Officers. The officers of a corporation must be individuals who are eighteen years of age or more, and must include a president, secretary, and treasurer. The officers of the corporation may also include one or more vice presidents and any other officers or agents as may be prescribed by the bylaws. Each officer must be elected by the board at the time and in the manner as may be provided in the bylaws unless the articles or bylaws provide that the members may elect the officers.

10-33-50. Duties of officers and agents. Unless the articles, bylaws, or a resolution adopted by the board which is not inconsistent with the articles or bylaws, provides otherwise:

1. The president shall:
 - a. Have general active management for the business of the corporation;
 - b. When present, preside at all meetings of the board and of members;
 - c. See that all orders and resolutions of the board are carried into effect;
 - d. Sign and deliver in the name of the corporation, any deeds, mortgages, bonds, contracts, or other instruments pertaining to the business of the corporation, except in cases in which the authority to sign and deliver is required by law to be exercised by another person or is expressly delegated by the articles or bylaws or by the board to some officer or agent of the corporation;
 - e. Maintain records of and, whenever necessary, certify all proceedings of the board and the members; and
 - f. Perform other duties prescribed by the board.
2. The vice president, if any, or, if there is more than one, the vice presidents in the order determined by the board, shall:
 - a. In the absence or disability of the president, perform the duties and exercise the powers of the president; and
 - b. Perform any other duties and shall have such other powers as the board may from time to time prescribe.
3. The treasurer shall:
 - a. Keep accurate financial records for the corporation;
 - b. Deposit all money, drafts, and checks in the name of and to the credit of the corporation in the banks and depositories designated by the board;
 - c. Endorse for deposit all notes, checks, and drafts received by the corporation as ordered by the board, making proper vouchers;
 - d. Disburse corporate funds and issue checks and drafts in the name of the corporation, as ordered by the board;
 - e. Give to the president and the board, whenever requested, an account of all transactions by the treasurer and of the financial condition of the corporation; and
 - f. Perform other duties prescribed by the board or by the president.
4. The secretary shall:

- a. Attend all meetings of the board, all meetings of the members and, when required, all meetings of standing committees;
 - b. Record all proceedings of the meetings;
 - c. Give, or cause to be given, notice of all meetings of the members and meetings of the board; and
 - d. Perform other duties prescribed by the board.
5. All other officers and agents of the corporation, as between themselves and the corporation, have the authority and shall perform the duties in the management of the corporation as may be provided in the articles or bylaws, or as may be determined by resolution of the board not inconsistent with the articles and bylaws.

10-33-51. Multiple offices. Any number of offices or functions of those offices may be held or exercised by the same individual. If a document must be signed by individuals holding different offices or functions and an individual holds or exercises more than one of those offices or functions, that individual may sign the document in more than one capacity, but only if the document indicates each capacity in which the individual signs.

10-33-52. Officers deemed elected. In the absence of an election or appointment of officers by the board, the individual or individuals exercising the functions of the principal officers of the corporation are deemed to have been elected to those offices.

10-33-53. Contract rights. The election or appointment of an individual as an officer or agent does not, of itself, create contract rights. However, a corporation may enter into a contract with an officer or agent. The resignation or removal of an officer or agent is without prejudice to any contractual rights or obligations. The fact that the contract may be for a term that is longer than the terms of the directors who authorized or approved the contract does not make the contract void or voidable.

10-33-54. Resignation - Removal - Vacancies.

1. An officer may resign by giving written notice to the corporation. The resignation is effective without acceptance when the notice is given to the corporation, unless a later effective date is specified in the notice.
2. Except as otherwise provided in the articles or bylaws, an officer may be removed at any time, with or without cause, by a resolution adopted by the board or by the members, whichever elected or appointed the officer. The removal is without prejudice to any contractual rights of the officer.
3. A vacancy in an office because of death, resignation, removal, disqualification, or other cause may, or in the case of a vacancy in the office of president or treasurer must, be filled for the unexpired part of the term in the manner provided in the articles or bylaws, or as determined by the board or under section 10-33-52.

10-33-55. Delegation. Unless prohibited by the articles or bylaws or by a resolution adopted by the board, an officer elected or appointed by the board, without the approval of the board, may delegate some or all of the duties and

10-33-56. Standard of conduct for officers.

1. An officer shall discharge the duties of an office in good faith, in a manner the officer reasonably believes to be in the best interests of the corporation, and with the care an ordinarily prudent person in a like position would exercise under similar circumstances. An individual exercising the principal functions of an office or to whom some or all of the duties and powers of an office are delegated pursuant to section 10-33-55 is deemed an officer for purposes of this section and sections 10-33-81 and 10-33-84.
2. An officer is not considered to be a trustee with respect to the corporation or with respect to property held or administered by the corporation, including without limit, property that may be subject to restrictions imposed by the donor or transferor of the property.

10-33-57. Members.

1. A corporation may have one or more classes of members or may have no members. In the absence of a provision in its articles or bylaws providing for members, a corporation has no members.
 - a. If a corporation has no members, an action for which there is no specific provision of this chapter applicable to a corporation without members and that would otherwise require approval of the members requires only the approval of the board.
 - b. A reference in this chapter to a corporation that has no members includes a corporation in which the directors are the only members.
2. A corporation may admit any person as a member.
 - a. The articles or bylaws may establish criteria or procedures for admission.
 - b. A person may not be admitted as a member without the person's express or implied consent.
 - (1) For purposes of this subdivision, consent includes acceptance of membership benefits knowing that the benefits are available only to members, or taking some other affirmative action that confers membership benefits.
 - (2) If the articles or bylaws provide that a person who contributes to the corporation is a member, a contribution is consent.
3. Except as provided in its articles or bylaws, a corporation may admit members for no consideration or for consideration as is determined by the board.
4. Members are of one class unless the articles establish, or authorize the bylaws to establish, more than one class. Members are entitled to vote

10-33-58. Membership certificates. A corporation may issue certificates showing membership in the corporation. In lieu of a membership certificate, a corporation may issue preferred or common shares. Shares may be issued upon the terms and conditions that the board considers appropriate.

10-33-59. Transfer of membership.

1. Except as provided in the articles or bylaws, a member of a corporation may not transfer a membership or a right arising from it.

 - d. Provide for cancellation of membership, on reasonable notice, for nonpayment of dues, assessments, or fees; or
 - e. Provide for reinstatement of membership.

10-33-62. Termination.

1. A member may not be expelled or suspended, and a membership may not be terminated or suspended except pursuant to a procedure that is fair and reasonable and is carried out in good faith. This section does not apply to the termination of a membership at the end of a fixed term.

2. Calling, noticing, holding, and conducting meetings of delegates; and
3. Carrying on corporate activities during and between meetings of delegates.

10-33-65. Annual meetings of voting members.

1. Unless the articles or bylaws provide otherwise, a corporation with voting members shall hold at least an annual meeting of voting members.
2. If an annual meeting of voting members has not been held during the preceding fifteen months, at least fifty members with voting rights or ten percent of the members with voting rights, whichever is less, may demand an annual meeting of members by written notice of demand given to the president or the secretary of the corporation. Within thirty days after receipt of the demand, the board shall cause a meeting of members to be called and held at the expense of the corporation on

 - a. On call of its board or persons authorized to do so by the articles or bylaws; or
 - b. If at least fifty members with voting rights or ten percent of the members with voting rights, whichever is less, sign, date, and deliver to the president or the secretary one or more written demands for the meeting describing the purpose for which it is to be held.
2. Within thirty days after receipt of a demand for a special meeting from voting members, the board shall cause a special meeting to be called and held on notice no later than ninety days after receipt of the demand. If the board fails to cause a special meeting to be called and held as required by this subsection, a voting member making the demand may call the meeting by giving notice pursuant to section 10-33-68. All necessary expenses of the notice and meeting shall be paid by the corporation.
3. Special meetings of members may be held in or out of this state at the place stated in or fixed in accordance with the articles, bylaws, or by the president or the board. If a special meeting is demanded by the members, the meeting must be held in the county where the principal executive office of the corporation is located.

4. The notice of a special meeting must contain a statement of the purposes of the meeting and may contain other information required by the articles or bylaws or considered necessary or desirable by the board or by another person calling the meeting.
 - a. The business transacted at a special meeting is limited to the purposes stated within the notice of the meeting.
 - b. Business transacted at a special meeting that is not included in those stated purposes is voidable by or on behalf of the corporation, unless all of the members with voting rights have waived notice of the meeting pursuant to section 10-33-68.

10-33-67. Court-ordered meeting of voting members.

1. The district court of the county where the principal executive office of a corporation is located may order a meeting to be held:

 - (1) Notice of the special meeting was not given within thirty days after the date the demand was delivered to a corporate officer; or
 - (2) The special meeting was not held in accordance with the notice.
2. The court may:
 - a. Fix the time and place of the meeting;
 - b. Specify a record date for determining members entitled to notice of and to vote at the meeting;
 - c. Prescribe the form and content of the meeting notice;
 - d. Fix the quorum required for specific matters to be considered at the meeting, or direct that the votes represented at the meeting constitute a quorum for action on those matters; and
 - e. Enter other orders necessary to accomplish the purposes of the meeting.

3. If the court orders a meeting, it may also order the corporation to pay the costs of the member, including reasonable attorneys' fees incurred to obtain the order.

10-33-68. Notice.

1. Except as otherwise provided in this chapter, notice of meetings of members must be given to every voting member as of the record date determined under section 10-33-69 unless:
 - a. The meeting is an adjourned meeting and the date, time, and place of the meeting were announced at the time of adjournment, notice is not required unless a new record date for the adjourned meeting is or must be fixed under section 10-33-69; or
 - b. Two consecutive annual meeting notices and notices of any special meetings held during the period between the two annual meetings have been mailed to the member by first-class mail and returned undeliverable.
2. An action or meeting that is taken or held without notice under subdivision b of subsection 1 has the same force and effect as if notice was given. If the member delivers a written notice of the member's current address to the corporation, the notice requirement is reinstated.
3. If notice of an adjourned meeting is required under subdivision a of subsection 1, the date for determination of members entitled to notice and entitled to vote at the adjourned meeting must comply with subsection 1 of section 10-33-69, except that if the date of the meeting is set by court order, the court may provide the original date of determination will continue in effect or fix a new date.
4. The notice:
 - a. In all cases where a specific minimum notice period has not been fixed by law, must be given at least five days before the date of the meeting, or a shorter time provided in the articles or bylaws, and not more than fifty days before the date of the meeting;
 - b. Must contain the date, time, and place of the meeting;
 - c. Must inform members if proxies are permitted at the meeting and, if so, state the procedure for appointing proxies;
 - d. Must contain a statement of the purpose of the meeting, in the case of a special meeting;
 - e. Must contain any other information required by the articles or bylaws, this chapter, or considered necessary or desirable by the board; and
 - f. May contain any other information considered necessary or desirable by the person calling the meeting.
5. A member may waive notice of a meeting of members.

- a. A waiver of notice by a member entitled to notice is effective:
 - (1) Whether given before, at, or after the meeting; and
 - (2) Whether given in writing, orally, or by attendance.
- b. Attendance by a member at a meeting is a waiver of notice of that meeting, unless the member:
 - (1) Objects at the beginning of the meeting to the transaction of business because the meeting is not lawfully called or convened; or
 - (2) Objects before a vote on an item of business because the item may not lawfully be considered at that meeting and does not participate in the consideration of the item at that meeting.

10-33-69. Record date - Determining members entitled to notice and vote.

1. The board may fix a date not more than fifty days, or a shorter time period provided in the articles or bylaws, before the date of a meeting of members as the date for the determination of the members entitled to notice of and entitled to vote at the meeting. When a date is fixed, only members with voting rights on that date are entitled to notice of and permitted to vote at that meeting of members.
2. A determination of members entitled to notice and to vote at a membership meeting is effective for an adjournment of the meeting unless the board fixes a new date for determining the right to notice and to vote, which it must do if the meeting is adjourned to a date more than fifty days after the record date for determining members entitled to notice of the original meeting.
3. If a court orders a meeting adjourned to a date more than one hundred twenty days after the date fixed for the original meeting, the court may provide that the original record date for notice and voting continues in effect or the court may fix a new record date for notice and voting.

10-33-70. Members' list for meeting.

1. After fixing a record date for notice of and voting at a meeting, a corporation shall prepare an alphabetical list of the names of its members who are entitled to notice and to vote. The list must show the address and number of votes each member is entitled to vote at the meeting.
2. The list of members must be available for inspection by a member with voting rights for the purpose of communication with other members concerning the meeting, beginning two business days after the meeting notice is given and continuing through the meeting, at the principal executive office of the corporation or at a reasonable place identified in the meeting notice in the city where the meeting will be held.
 - a. The list also must be available at the meeting.

- b. A member, a member's agent, or attorney is entitled on written demand to inspect and to copy the list, at a reasonable time and at the member's expense, during the period it is available for inspection and at any time during the meeting or an adjournment.
3. If the corporation refuses to allow a member with voting rights, the member's agent, or attorney to inspect the list of members before or at the meeting, the district court of the county where the principal executive office of the corporation is located, on application of the member, may:
 - a. Order the inspection or copying at the corporation's expense;
 - b. Postpone the meeting until the inspection or copying is complete; or
 - c. Order the corporation to pay the member's costs, including reasonable attorneys' fees, incurred to obtain the order.
4. Unless a written demand to inspect and copy a membership list has been made under subsection 2 before the membership meeting and a corporation improperly refuses to comply with the demand, refusal or failure to comply with this section does not affect the validity of action taken at the meeting.
5. A member, agent, or attorney who gains access to a membership list under this section may not use or give to another for use the membership list for any purpose other than a proper purpose. Upon application of the corporation, the district court may issue a protective order or order other relief necessary to enforce this subsection.

10-33-71. Right to vote. Unless the articles or bylaws provide otherwise, each member with voting rights is entitled to one vote on each matter voted on by the members. If a membership stands of record in the names of two or more persons, their acts with respect to voting have the following effect:

1. If only one votes, the act binds all.
2. If more than one votes, the vote must be divided on a pro rata basis.

10-33-72. Act of the members.

1. Unless this chapter or the articles or bylaws require a greater vote or voting by class, the members shall take action by the affirmative vote of the greater of:
 - a. A majority of the members with voting rights present and entitled to vote on that item of business; or
 - b. A majority of the voting power of the minimum number of members with voting rights that would constitute a quorum for the transaction of business at the meeting.

If the articles or bylaws require a larger proportion or number than is required by this chapter for a particular action, the articles or bylaws control.

2. Unless otherwise provided in the articles or bylaws, members may take action at a meeting:
 - a. By voice or ballot.
 - b. By action without a meeting pursuant to section 10-33-73.
 - c. By written ballot pursuant to section 10-33-74.
 - d. By electronic communication pursuant to section 10-33-75.

10-33-73. Action without a meeting. An action required or permitted to be taken at a meeting of the members may be taken without a meeting by written action signed by all of the members entitled to vote on that action.

1. If the articles so provide, any action may be taken by written action signed by the members who hold voting power equal to the voting power that would be required to take the same action at a meeting of the members at which all members were present.
2. The written action is effective when signed by the required members, unless a different effective time is provided in the written action.
3. When written action is permitted to be taken by less than all members, all members must be notified immediately of its text and effective date. Failure to provide the notice does not invalidate the written action. A member who does not sign or consent to the written action has no liability for the action or actions taken by the written action.
4. When this chapter requires or permits a certificate concerning an action to be filed with the secretary of state, the certificate must indicate that the action was taken under this section.

10-33-74. Action by written ballot.

1. Except as provided in subsection 5 and unless prohibited or limited by the articles or bylaws, an action that may be taken at a regular or special meeting of members may be taken without a meeting if the corporation mails or delivers a written ballot to every member entitled to vote on the matter.
2. A written ballot must set forth each proposed action and provide an opportunity to vote for or against each proposed action.
3. Approval by written ballot under this section is valid only if:
 - a. The number of votes cast by ballot equals or exceeds the quorum required to be present at a meeting authorizing the action; and
 - b. The number of approvals equals or exceeds the number of votes that would be required to approve the matter at a meeting at which the total number of votes cast was the same as the number of votes cast by ballot.
4. Solicitations for votes by written ballot must:

- a. Indicate the number of responses needed to meet the quorum requirements;
 - b. State the percentage of approvals necessary to approve each matter other than election of directors; and
 - c. Specify the time by which a ballot must be received by the corporation in order to be counted.
5. Except as otherwise provided in the articles or bylaws, a written ballot may not be revoked.

10-33-75. Electronic communications.

1. A conference among the members by any means of communication through which the participants may simultaneously hear each other during the conference constitutes a regular or special meeting of the members:
 - a. If the same notice is given of the conference as would be required for a meeting; and
 - b. If the number of members participating in the conference would be sufficient to constitute a quorum at a meeting.

Participation in a conference by this means constitutes presence at the meeting in person or by proxy if all the other requirements of section 10-33-77 are met.

2. A member may participate in a regular or special meeting of members not described in subsection 1 by any means of communication through which the member, other participants, and all persons physically present at the meeting may simultaneously hear each other during the meeting. Participation in a meeting by that means constitutes presence at the meeting in person or by proxy if all the other requirements of section 10-33-77 are met.
3. Waiver of notice of a meeting by means of communication described in subsections 1 and 2 may be given in the manner provided in subsection 5 of section 10-33-68. Participation in a meeting by means of communications described in subsections 1 and 2 is a waiver of notice of that meeting, except where the member:
 - a. Objects at the beginning of the meeting to the transaction of business because the meeting is not lawfully called or convened; or
 - b. Objects before a vote on an item of business because the item may not lawfully be considered at the meeting and does not participate in the consideration of the item at that meeting.

10-33-76. Quorum.

1. Unless otherwise provided by the articles or bylaws, a quorum for a meeting of members is ten percent of the members entitled to vote at the meeting.

2. Except as provided in subdivision b, a quorum is necessary for the transaction of business at a meeting of members.
 - a. If a quorum is not present, a meeting may be adjourned from time to time for that reason.
 - b. If a quorum has been present at a meeting and members have withdrawn from the meeting so that less than a quorum remains, the members still present may continue to transact business until adjournment.

10-33-77. Proxies.

1. If the articles or bylaws permit proxy voting, a member may appoint a proxy to vote or otherwise act for the member by signing an appointment form either personally or by an attorney-in-fact.
2. An appointment of a proxy is effective when received by the secretary or other officer or agent authorized to tabulate votes. An appointment is valid for eleven months unless a different period is expressly provided in the appointment. However, a proxy is not valid for more than three years from its date of execution.
3. An appointment of a proxy is revocable by the member. Appointment of a proxy is revoked by the person appointing the proxy by attending a meeting and voting in person, or signing and delivering to the officer or agent authorized to tabulate proxy votes either a writing stating that the appointment of the proxy is revoked, or a later appointment. Revocation in either manner revokes all prior proxy appointments and is effective when filed with an officer of the corporation.
4. The death or incapacity of the member appointing a proxy does not affect the right of the corporation to accept the authority of the proxy unless notice of the death or incapacity is received by an officer authorized to tabulate votes before the proxy exercises authority under the appointment.
5. Subject to section 10-33-78 and an express limitation on the authority of the proxy appearing on the face of the appointment form, a corporation is entitled to accept the vote or other action of the proxy as that of the member making the appointment.
6. The vote of a proxy is final, binding, and not subject to challenge, but the proxy is liable to the member for damages resulting from a failure to exercise the proxy or from an exercise of the proxy in violation of the authority granted in the appointment.
7. Unless the appointment specifically provides otherwise, if two or more persons are appointed as proxies for a member, any one of them may vote on each item of business in accordance with specific instructions contained in the appointment, but if no specific instructions are contained in the appointment with respect to voting on a particular item of business, a majority of the proxies have the authority conferred by the instrument. If the proxies are equally divided, they share the vote equally.

10-33-78. Corporation's acceptance of member's act.

1. If the name signed on a vote, consent, waiver, or proxy appointment corresponds to the record name of a member, the corporation if acting in good faith may accept the vote, consent, waiver, or proxy appointment and give it effect as the act of the member.
2. Unless the articles or bylaws provide otherwise, if the name signed on a vote, consent, waiver, or proxy appointment does not correspond to the record name of a member, the corporation if acting in good faith may accept the vote, consent waiver, or proxy appointment and give it effect as the act of the member if:
 - a. The member is an organization and the name signed purports to be that of an officer, manager, or agent of the organization;
 - b. The name signed purports to be that of an administrator, guardian, or conservator representing the member and, if the corporation requests, evidence of fiduciary status acceptable to the corporation has been presented with respect to the vote, consent, waiver, or proxy appointment;
 - c. The name signed purports to be that of a receiver or trustee in bankruptcy of the member, and, if the corporation requests, evidence of this status acceptable to the corporation has been presented with respect to the vote, consent, waiver, or proxy appointment;
 - d. The name signed purports to be that of a pledgee, beneficial owner, or attorney-in-fact of the member and if the corporation requests, evidence acceptable to the corporation of the signatory's authority to sign for the member has been presented with respect to the vote, consent, waiver, or proxy appointment; or
 - e. Two or more persons hold the membership as cotenants or fiduciaries and the name signed purports to be the name of at least one of the coholders and the person signing appears to be acting on behalf of all the coholders.
3. The corporation may reject a vote, consent, waiver, or proxy appointment if the officer or agent authorized to tabulate votes, acting in good faith, has reasonable basis for doubt about the validity of the signature on it or about the signatory's authority to sign for the member.
4. The corporation or its officer or agent who accepts or rejects a vote, consent, waiver, or proxy appointment in good faith and in accordance with the standards of this section is not liable in damages to the member for the consequences of the acceptance or rejection.
5. Corporate action based on the acceptance or rejection of a vote, consent, waiver, or proxy appointment under this section is valid unless a court of competent jurisdiction determines otherwise.

10-33-79. Voting agreements.

1. To the extent permitted in the articles or bylaws, two or more members may provide for how they will vote by signing an agreement for that purpose. An agreement may be valid for a period of up to ten years. The agreement must have a reasonable purpose consistent with the purposes of the corporation.
2. A voting agreement created under this section is specifically enforceable.
3. A voting agreement is not effective until it is filed with the corporation.

10-33-80. Books and records - Financial statement.

3. Upon request, a corporation shall give the member or the director a statement showing the financial result of all operations and transactions affecting income and surplus during its last annual accounting period and a balance sheet containing a summary of its assets and liabilities as of the closing date of the accounting period.
4. A member or director who has gained access under this section to any corporate record may not use or furnish to another for use the corporate record or a portion of the contents for any purpose other than a proper purpose. Upon application of the corporation, a court may issue a protective order or order other relief as may be necessary to enforce the provisions of this subdivision.
5. The corporation may charge the requesting party a reasonable fee to cover the expenses of providing copies of documents under this section.
6. The records maintained by a corporation may use any information storage technique, even though the technique makes them illegible visually, if the records can be converted accurately and within a reasonable time into a form that is legible visually and whose contents are assembled by related subject matter to permit convenient use by people in the normal course of business. A corporation shall convert any of the records referred to in subsection 1 or 3 upon the request of a person entitled to inspect them with the expense of the conversion being borne by the person who bears the expense of copying under subsection 5. A copy of the conversion is admissible in evidence, and must be accepted for all other purposes, to the same extent as the existing or original records would be if they were legible visually.
7. A member or a director who is wrongfully denied access to or copies of documents under this section may bring an action for injunctive relief, damages, and costs and reasonable attorneys' fees.

10-33-81. Equitable remedies. If a corporation or an officer or director of the corporation violates this chapter, a court in this state, in an action brought by at least fifty members with voting rights or ten percent of the members with voting rights, whichever is less, or by the attorney general, may grant equitable relief it considers just and reasonable in the circumstances and award expenses, including attorneys' fees and disbursements, to the members.

4. This section does not grant authority to act as a bank or to carry on the business of banking.

10-33-83. Advances. A corporation, without a vote of the directors or its members, may advance money to its directors, officers, employees, or agents to cover expenses that can reasonably be anticipated to be incurred by them in the performance of their duties and for which they would be entitled to reimbursement in the absence of an advance.

10-33-84. Indemnification.

1. For purposes of this section:
 - a. "Corporation" includes a domestic or foreign corporation that was the predecessor of the corporation referred to in this section in a merger or other transaction in which the predecessor's existence ceased upon consummation of the transaction.
 - b. "Official capacity" means:
 - (1) With respect to a director, the position of director in a corporation;
 - (2) With respect to a person other than a director, the elective or appointive office or position held by an officer, member of a committee of the board, or the employment relationship undertaken by an employee of the corporation; and
 - (3) With respect to a director, officer, or employee of the corporation who, while a director, officer, or employee of the corporation, is or was serving at the request of the corporation or whose duties in that position involve or involved service as a director, governor, officer, manager, partner, trustee, employee, or agent of another organization or employee benefit plan, the position of that person as a director, governor, officer, manager, partner, trustee, employee, or agent, as the case may be, of the other organization or employee benefit plan.
 - c. "Proceeding" means a threatened, pending, or completed civil, criminal, administrative, arbitration, or investigative proceeding, including a proceeding by or in the right of the corporation.
 - d. "Special legal counsel" means counsel who has not represented the corporation or a related organization, or a director, officer, member of a committee of the board, or employee whose indemnification is in issue.
2. Subject to subsection 5, a corporation shall indemnify a person made or threatened to be made a party to a proceeding by reason of the former or present official capacity of the person against judgments, penalties, fines including excise taxes assessed against the person with respect to an

employee benefit plan, settlements, and reasonable expenses, including attorneys' fees and disbursements, incurred by the person in connection with the proceeding, if, with respect to the acts or omissions of the person complained of in the proceeding, the person:

- a. Has not been indemnified by another organization or employee benefit plan for the same judgments, penalties, fines including excise taxes assessed against the person with respect to an employee benefit plan, settlements, and reasonable expenses, including attorneys' fees and disbursements, incurred by the person in connection with the proceeding with respect to the same acts or omissions;
 - b. Acted in good faith;
 - c. Received no improper personal benefit and section 10-33-45, if applicable, has been satisfied;
 - d. In the case of a criminal proceeding, had no reasonable cause to believe the conduct was unlawful; and
 - e. In the case of acts or omissions occurring in the official capacity described in paragraph 1 or 2 of subdivision b of subsection 1, reasonably believed that the conduct was in the best interests of the corporation, or in the case of acts or omissions occurring in the official capacity described in paragraph 3 of subdivision b of subsection 1, reasonably believed that the conduct was not opposed to the best interests of the corporation. If the person's acts or omissions complained of in the proceeding relate to conduct as a director, governor, officer, manager, trustee, employee, or agent of an employee benefit plan, the conduct is not considered to be opposed to the best interests of the corporation if the person reasonably believed that the conduct was in the best interests of the participants or beneficiaries of the employee benefit plan.
3. The termination of a proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent does not, of itself, establish that the person did not meet the criteria set forth in subsection 2.
 4. Subject to subsection 5, if a person is made or threatened to be made a party to a proceeding, the person is entitled, upon written request to the corporation, to payment or reimbursement by the corporation of reasonable expenses, including attorneys' fees and disbursements, incurred by the person in advance of the final disposition of the proceeding:
 - a. Upon receipt by the corporation of a written affirmation by the person of a good faith belief that the criteria for indemnification set forth in subsection 2 have been satisfied and a written undertaking by the person to repay all amounts so paid or reimbursed by the corporation, if it is ultimately determined that the criteria for indemnification have not been satisfied; and

- b. After a determination that the facts then known to those making the determination would not preclude indemnification under this section.

The written undertaking required by subdivision a is an unlimited general obligation of the person making it, but need not be secured and shall be accepted without reference to financial ability to make the repayment.

5. The articles or bylaws either may prohibit indemnification or advances of expenses otherwise required by this section or may impose conditions on indemnification or advances of expenses in addition to the conditions contained in subsections 2, 3, and 4 including monetary limits on indemnification or advances for expenses, if the conditions apply equally to all persons or to all persons within a given class. A prohibition or limit on indemnification or advances may not apply to or affect the right of a person to indemnification or advances of expenses with respect to any acts or omissions of the person occurring prior to the effective date of a provision in the articles or the date of adoption of a provision in the bylaws establishing the prohibition or limit on indemnification or advances.
6. This section does not require, or limit the ability of, a corporation to reimburse expenses, including attorneys' fees and disbursements, incurred by a person in connection with an appearance as a witness in a proceeding at a time when the person has not been made or threatened to be made a party to a proceeding.
7. All determinations whether indemnification of a person is required because the criteria provided in subsection 2 have been satisfied and whether a person is entitled to payment or reimbursement of expenses in advance of the final disposition of a proceeding as provided in subsection 4 must be made:
 - a. By the board by a majority of a quorum, if the directors who are at the time parties to the proceeding are not counted for determining either a majority or the presence of a quorum;
 - b. If a quorum under subdivision a cannot be obtained by a majority of a committee of the board, consisting solely of two or more directors not at the time parties to the proceeding, duly designated to act in the matter by a majority of the full board including directors who are parties;
 - c. If a determination is not made under subdivision a or b, by special legal counsel, selected either by a majority of the board or a committee by vote pursuant to subdivision a or b or, if the requisite quorum of the full board cannot be obtained and the committee cannot be established, by a majority of the full board including directors who are parties;
 - d. If a determination is not made under subdivisions a, b, and c, by the members with voting rights, other than members who are a party to the proceeding; or

e. If an adverse determination is made under subdivisions a through d, or under subsection 8, or if no determination is made under subdivisions a through d, or under subsection 8, within sixty days after:

- (1) The later to occur of the termination of a proceeding or a written request for indemnification to the corporation; or
- (2) A request for an advance of expenses, as the case may be, by a court in this state, which may be the same court in which the proceeding involving the person's liability took place, upon application of the person and any notice the court requires.

The person seeking indemnification or payment or reimbursement of expenses pursuant to this subdivision has the burden of establishing that the person is entitled to indemnification or payment or reimbursement of expenses.

8. With respect to a person who is not, and who was not at the time of the acts or omissions complained of in the proceedings, a director, officer, or person possessing, directly or indirectly, the power to direct or cause the direction of the management or policies of the corporation, the determination whether indemnification of this person is required because the criteria set forth in subsection 2 have been satisfied and whether this person is entitled to payment or reimbursement of expenses in advance of the final disposition of a proceeding as provided in subsection 4 may be made by an annually appointed committee of the board, having at least one member who is a director. The committee shall report at least annually to the board concerning its actions.
9. A corporation may purchase and maintain insurance on behalf of a person in that person's official capacity against any liability asserted against and incurred by the person in or arising from that capacity, whether or not the corporation would have been required to indemnify the person against the liability under this section.
10. A corporation with members with voting rights that indemnifies or advances expenses to a person in accordance with this section in connection with a proceeding by or on behalf of the corporation shall report to the members in writing the amount of the indemnification or advance and to whom and on whose behalf it was paid not later than the next meeting of members.
11. Nothing in this section may be construed to limit the power of the corporation to indemnify other persons by contract or otherwise.

If the court requires the filing of claims, it shall fix a date, which may not be less than one hundred twenty days from the date of the order, as the last day for the filing of claims, and shall prescribe the notice of the fixed date that must be given to creditors and claimants. Before the fixed date, the court may extend the time for filing claims. Creditors and claimants failing to file claims on or before the fixed date may be barred, by order of court, from claiming an interest in or receiving payment out of the property or assets of the corporation.

10-33-111. Discontinuance of dissolution proceedings. The involuntary or supervised voluntary dissolution of a corporation must be discontinued at any time during the dissolution proceedings when it is established that cause for dissolution no longer exists. 10-33-112. Decree of dissolution.

1. In an involuntary or supervised voluntary dissolution, the court shall provide for the discharge of obligations and the distribution of the assets as set forth in subsection 4 of section 10-33-108, and shall enter a decree dissolving the corporation.

3. All known contractual debts, obligations, and liabilities incurred during dissolution proceedings must be paid by the corporation before the distribution of assets under section 10-33-105. A person to whom this kind of debt, obligation, or liability is owed but not paid may pursue any remedy against the officers or directors of the corporation before the expiration of the applicable statute of limitations. This subsection does not apply to dissolution under the supervision or order of a court.

10-33-116. Right to sue or defend after dissolution. After a corporation has been dissolved, any of its former officers, directors, or members with voting rights may assert or defend, in the name of the corporation, any claim by or against the corporation.

The return of the sheriff, or the affidavit of a person who is not a party, that no registered agent or officer can be found at the registered office must be provided to the secretary of state. Service on the secretary of state of any process, notice, or demand is deemed personal service upon the corporation and must be made by filing with the secretary of state an original and two copies of the process, notice, or demand, along with the fees provided in section 10-33-140. The secretary of state shall immediately forward, by registered mail, addressed to the corporation at its registered office, a copy of the process, notice, or demand. Service on the secretary of state is returnable in not less than thirty days notwithstanding a shorter period specified in the process, notice, or demand.
4. Process, notice, or demand may be served on a dissolved corporation as provided in this subsection. The court shall determine if service is proper. If a corporation has voluntarily dissolved or a court has entered a decree of dissolution, service may be made according to subsection 2 as long as claims are not finally barred under section 10-33-115. If a corporation has been involuntarily dissolved pursuant to section 10-33-139, service may be made according to subsection 2.
5. A record of all processes, notices, and demands served upon the secretary of state under this section, including the date of service and the action taken with reference to it, must be maintained in the office of the secretary of state.
6. Nothing in this section limits the right to serve any process, notice, or demand required or permitted by law to be served upon a corporation in any other manner permitted by law.

10-33-121. State interested - Proceedings. If it appears at any stage of a proceeding in a court in this state that the state is, or is likely to be, interested therein, or that it is a matter of general public interest, the court shall order that a copy of the complaint or petition be served upon the attorney general in the same manner prescribed for serving a summons in a civil action. The attorney general shall intervene in a proceeding when the attorney general determines that the public interest requires it, whether or not the attorney general has been served.

4. The attorney general may extend the waiting period under subsection 3 for one additional thirty-day period by notifying the corporation in writing of the extension. The attorney general shall notify the secretary of state if the waiting period is extended.
5. When all or substantially all of the assets of a corporation described in subsection 1 have been transferred or conveyed following expiration or waiver of the waiting period, the board shall deliver to the attorney general a list of persons to whom the assets were transferred or conveyed. The list must include the addresses of each person who received assets and show what assets the person received.
6. Failure of the attorney general to take an action with respect to a transaction under this section does not constitute approval of the transaction and does not prevent the attorney general from taking other action.

7. Subsections 1 through 5 do not apply to a merger with, consolidation into, or transfer of assets to an organization exempt under section 501(c)(3) of the Internal Revenue Code, or any successor section. A corporation that is exempt under this subsection shall send a copy of the certificate of merger or certificate of consolidation and incorporation to the attorney general.

certificate of authority executed by an authorized person correcting the statement and, in the case of a change in its name, a certificate to that effect authenticated by the proper officer of the jurisdiction under the laws of which the foreign corporation is incorporated. In the case of a dissolution or merger, a foreign corporation that is not the surviving organization need not file an application for an amended certificate of authority but shall promptly file with the secretary of state a certificate to that effect authenticated by the proper officer of the jurisdiction under the laws of which the foreign corporation is incorporated.

10-33-131. Foreign corporation - Registered agent - Registered office - Certain reports. A foreign corporation authorized to conduct activities in this state must:

It is not necessary for any foreign organization, which is the surviving organization in a merger, to procure either a new or amended certificate of authority to conduct activities in this state unless the name of the organization is changed thereby or unless the organization desires to pursue in this state purposes other than those which it is authorized to transact in this state.

3. A foreign corporation, by conducting activities in this state without a certificate of authority, appoints the secretary of state as its agent upon whom any notice, process, or demand may be served.
4. A foreign corporation that conducts activities in this state without a valid certificate of authority is liable to the state for the years or parts of years during which it conducted activities in this state without the certificate in an amount equal to all fees that would have been imposed by this chapter upon that corporation had it duly obtained the certificate, filed all reports required by this chapter, and paid all penalties imposed by this chapter. The foreign corporation must be enjoined from conducting activities in this state until all civil penalties plus any interest and court costs that the court may assess have been paid and until the foreign corporation has otherwise complied with this chapter.

11-10.2-02. Methods of accomplishing office combination, separation, or redesignation of elective or appointive status. The combination or separation of elective county offices, or redesignation of a county office as elective or appointive, may be accomplished:

1. By resolution of the board of county commissioners, subject to the right of referendum in the county electors. The board of county commissioners may by a majority vote adopt a preliminary resolution incorporating a proposed plan for combining or separating county offices, or redesignating a county office as elective or appointive. The board shall cause the complete text of the proposed plan to be published in the official newspaper of the county, at least once during two different weeks within the thirty-day period immediately following the adoption of the preliminary resolution. The board of county commissioners shall hold public hearings and community forums or use other suitable means to disseminate information, receive suggestions and comments, and encourage public discussion of the purpose, conclusions, and recommendations of the plan. Within two years after the adoption of the preliminary resolution, the board of county commissioners may by final resolution approve the plan or amend the plan and approve it for implementation according to its terms. The final resolution may be referred to the qualified electors of the county by a petition protesting the plan. The petition must be signed by ten percent or more of the total number of qualified electors of the county voting for governor at the most recent gubernatorial election, and filed with the county auditor, or functional equivalent of that office, before four p.m. on the thirtieth day after the final resolution is adopted. Within ten days after the filing of

the petition, the county auditor shall examine the petition and ascertain from the voter list whether the petition contains the signatures of a sufficient number of qualified electors. Any insufficiencies may be cured by the filing of an amended petition within ten days after the county auditor declares the insufficiency. The final resolution is suspended upon a determination by the county auditor that the petition was timely filed and contains the signatures of a sufficient number of qualified electors. The county auditor shall cause the complete text of the resolution to be published in the official newspaper of the county, not less than two weeks nor more than thirty days, before the date of the election. If a majority of the qualified electors voting on the question approves the resolution, the plan incorporated in the resolution is effective and becomes operative according to its terms as if it had not been suspended.

2. By initiative of county electors. A petition signed by ten percent or more of the total number of qualified electors of the county voting for governor at the most recent gubernatorial election may be submitted to the board of county commissioners, calling upon the board to submit to the electors the question of adopting a plan described in, or annexed to, the petition. The county auditor, or the functional equivalent of that officer, shall examine the petition and ascertain from the voter list whether or not the petition contains the signatures of a sufficient number of qualified electors. Any insufficiencies may be cured by the filing of an amended petition within thirty days after the county auditor declares the insufficiency. When a plan for the combination or separation of county offices or redesignation of county offices as elective or appointive is proposed pursuant to this subsection, the board of county commissioners shall submit the proposed plan to a vote of the qualified electors of the county at a primary or general election not less than sixty days nor more than two years, as specified in the petition, after determining that the petition is sufficient. The question on the ballot at the election must be framed in a manner that fairly and accurately describes the substance of the proposed plan. The board shall cause the complete text of the proposed plan to be published in the official newspaper of the county, at least once during two different weeks within the thirty-day period immediately preceding the date of the election. The board of county commissioners may, prior to the election, hold public hearings and community forums and use other suitable means to disseminate information, receive suggestions and comments, and encourage public discussion of the purpose, conclusions, and recommendations of the plan. of services among those counties. The procedures set forth in this chapter apply to the combination, unless a specific procedure for combining particular elective county offices is otherwise provided by law.

2. A proposal for combining county elective offices may be accomplished:
 - a. By the boards of county commissioners of each affected county by entering into a joint powers agreement incorporating a plan for the office combination, subject to the right of referendum in the electors of each of the counties; or
 - b. By initiative of the electors of each affected county. A petition signed by ten percent or more of the total number of qualified electors of each county voting for governor at the most recent gubernatorial election may be submitted to the boards of county commissioners of each county, calling upon the boards to submit to the electors the question of adopting a plan described in, or annexed to, the petition.
3. A joint powers agreement entered into between counties for combining the functions of any county elective office pursuant to subdivision a of subsection 2 may be referred to the qualified electors of an affected county by a petition protesting the agreement. The petition must be signed by ten percent or more of the total number of qualified electors of the county voting for governor at the most recent gubernatorial election, and filed with the county auditor, or functional equivalent of that office, before four p.m. on the thirtieth day after the agreement is adopted. Within ten days after the filing of the petition, the county auditor shall examine the petition and ascertain from the voter list whether the petition contains the signatures of a sufficient number of qualified electors. Any insufficiencies may be cured by the filing of an amended petition within ten days after the county auditor declares the insufficiency. The implementation of the terms of the joint powers agreement is suspended upon a determination by the county auditor that the petition was timely filed and contains the signatures of a sufficient number of qualified electors. The board of county commissioners shall reconsider the referred agreement and, if the board does not terminate the agreement in its entirety, shall submit the question to a vote of the qualified electors of the county at the next regular election. The county auditor shall cause the complete text of the agreement to be published in the official newspaper of the county, not less than two weeks nor more than thirty days, before the date of the election. The boards of county commissioners may, prior to the election, hold public hearings and community forums and use other suitable means to disseminate information, receive suggestions and comments, and encourage public discussion of the purpose and provisions of the plan. If the electors of either county ~~disapprove~~ do not approve the question, the plan does not become effective.
4. The question of combination of the functions of elective county offices brought by petition pursuant to subdivision b of subsection 2 must be submitted by the boards of county commissioners to the electors in each

of the affected counties at a primary or general election not less than sixty days nor more than two years, as specified in the petition, after the petition is determined sufficient by each board. The question on the ballot at the election must be framed in a manner that fairly and accurately describes the substance of the proposed office-sharing arrangement. The board of county commissioners in each affected county shall cause the complete text of the proposed plan for combining offices to be published in the official newspaper of the county, at least once during two different weeks within the thirty-day period immediately preceding the date of the election. The boards of county commissioners may, prior to the election, hold public hearings and community forums and use other suitable means to disseminate information, receive suggestions and comments, and encourage public discussion of the purpose and provisions of the plan. If a majority of the qualified electors of each county voting on the ~~proposed plan~~ approves the question approves of its adoption, the plan is effective according to its terms.

5. One copy of the plan as approved must be filed with the district court for each county and one with each county auditor or functional equivalent to remain as a part of each county's permanent records. The boards of county commissioners may take any action necessary to bring about an orderly transition in implementation of the plan.
6. A plan, or part of a plan, adopted pursuant to this chapter may be revised or terminated through another joint powers agreement or petition submitted pursuant to the procedure set forth in this chapter for adopting a plan, or pursuant to provisions for termination or revision provided in the original joint powers agreement.

SECTION 6. AMENDMENT. Section 15-27.3-19 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

15-27.3-19. Changes in reorganization proposal. At any time after the reorganization proposal has become effective, any provision of the reorganization proposal, including provisions affecting the adjustment of assets and liabilities but excepting provisions defining the boundaries of the district, may be changed by a majority vote of the qualified electors voting on the question without approval of the state board or the county committee. The school board in the reorganized district may, upon its own motion, or shall, upon the filing with it of a petition signed by qualified electors equal in number to twenty percent or more of the persons enumerated in the most recent school district census, unless the census is greater than four thousand, in which case only fifteen percent or more of the number of persons enumerated in the school census is required, submit the question of authorizing a change in the school district's adopted reorganization proposal at the next regular or special election. However, not fewer than twenty-five signatures of qualified electors is required unless the district has fewer than twenty-five qualified electors, in which case the petition must be signed by not less than twenty-five percent of the qualified electors of the district. In districts with fewer than twenty-five qualified electors, the county superintendent for the county in which the school is located shall determine the number of qualified electors in the district. If a majority of all votes cast on the question by the electors residing in the district is in favor of the proposed change, then the proposed change is effected. If a reorganization plan has been in effect for at least ten years, any proposed change to geographic voting areas is effective upon a majority vote in an election at large by the qualified electors of the district voting on the question. A school board in a

reorganized school district may change, by resolution, to at large voting for school board candidates if there is a variance of more than ten percent in the population between any of the district's established geographic areas with resident candidates.

SECTION 7. AMENDMENT. Section 15-27.3-21 of the North Dakota Century Code is amended and reenacted as follows:

15-27.3-21. Proportionate tax rate on agricultural property. Any school district which imposed a proportionate tax rate for school purposes levied on agricultural property different from the school district levy on other taxable property as permitted by sections 15-53.1-37 and 15-53.1-38, as they existed on December 31, 1984, must continue to levy that proportionate tax rate unless it is discontinued by the school board upon a majority of the ~~voters~~ qualified electors of the school district voting on the question. No other school district may impose such a proportionate tax rate for different classes of property within the school district.

SECTION 8. AMENDMENT. Subsection 2 of section 15-27.6-10 of the North Dakota Century Code is amended and reenacted as follows:

2. If a majority of qualified electors residing within each school district and voting on the question vote in favor of the formation of the new district, the county superintendent shall make the proper adjustments and perform all necessary duties as provided in subsection 5 of section 15-27.3-08.

SECTION 9. AMENDMENT. Subsection 2 of section 15-28-01 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

2. The number of school board members in any public school district may be increased to either five, seven, or nine or decreased to seven or five if a petition signed by at least one-third of the qualified electors of the school district as determined by the number of persons voting at the most recent annual school district election is filed with the school board asking for such change, and the change is approved by a majority of the qualified electors of the district voting on the question at a special election called for that purpose. If approved, the additional members must be elected to the board at the next annual school district election in the same manner as other school board members. If the total number of board members after the increase is approved is five, two shall serve until the first annual election, two until the second annual election, and one until the third annual election thereafter. If the total number of board members after the increase is approved is seven, three shall serve until the first annual election, two until the second annual election, and two until the third annual election thereafter. If the total number of board members after the increase is approved is nine, three shall serve until the first annual election, three until the second annual election, and three until the third annual election thereafter. All such members shall serve for the terms prescribed ~~above~~ in this section and until their successors are elected and qualified, and the length of the respective terms of those members elected as a result of the increase in membership of the board shall be determined by lot. The length of any term which existed prior to the increase in membership and which is held by a member who has duly qualified, may not be modified by such determination. Terms subsequent to the first must be for the normal term of three years, and until a successor is elected and qualified.

School board members must be elected at large, except that if the district in which they are elected has been reorganized, such members may be elected either at large or by geographical area. In reorganized districts, in which an increase in the membership of the board is proposed, the election on the reorganization proposal takes the place of the petition and election requirements of this subsection, and approval of the reorganization proposal has the same effect as if the approval were by the election provided for in this subsection. Should a decrease to not fewer than five members be approved by the qualified electors voting on the question, the excess number of members will serve out existing terms until the number approved by the qualified electors has been reached.

SECTION 10. AMENDMENT. Section 15-48-05 of the North Dakota Century Code is amended and reenacted as follows:

15-48-05. Record of proceedings - Certificate filed with county auditor. A record of the proceedings connected with the submission of the question of increasing the debt limit, the result of the election, and the number of votes cast for and against the proposition, respectively, must be made and preserved in the records of the school district. If a majority of votes cast on the question are in favor of increasing the debt limit, a certificate, signed by the president of the school board and attested by the business manager of the school district, reciting the result of the election and the fact that the limit of indebtedness of said school district has been increased to ten percent of the assessed valuation of the taxable property of said district, and stating the number of votes cast for and against such increase, respectively, must be filed with the county auditor of the county in which said school district is situated, where the said certificates must be preserved and kept on file.

SECTION 11. AMENDMENT. Subsection 3 of section 21-03-38.1 of the North Dakota Century Code is amended and reenacted as follows:

3. The governing body, upon approval by a majority vote of the qualified electors, voting on the question at an election called therefor, may use the funds for some other purpose authorized by law.

SECTION 12. AMENDMENT. Section 23-14-01 of the North Dakota Century Code is amended and reenacted as follows:

23-14-01. Formation of health districts. When in the opinion of the state health officer, on information obtained in cooperation with local health officers and local boards of health, the health needs of any given area may be better served by the formation of a health district, as hereinafter provided, the state health officer shall so notify the county auditor of each county involved and the city auditor of each city having a population in excess of fifteen thousand persons. Each county auditor and city auditor shall place the matter before the governing board of the county or city at its next regular meeting, and the governing board by resolution either shall adopt or reject the plan at the same or the first subsequent meeting. If resolutions are adopted by the governing boards of the cities and counties as hereinbefore provided, adopting the health district plan, all laws and parts of laws in conflict therewith automatically become inoperative throughout the territory embraced within the district, and particularly the laws relative to city, township, and county boards of health. If the board of county commissioners of any county or the city council or city commission of any city, rejects the plan, it may submit the question of adoption of the provisions of this chapter to the qualified electors of the county or city at the next ensuing general or special election to be held in said county or city. In all elections held under this chapter, the votes cast in the cities

having a population in excess of fifteen thousand inhabitants must be considered separate and apart from the votes cast elsewhere in the county, and the participation in the health district by any city must be governed by the votes cast in the city as distinguished from the vote cast elsewhere in the county. If a majority of the qualified electors voting on the question vote in favor of the adoption of the provisions of this chapter, the board of county commissioners, within ten days after the canvass of said election, shall adopt such resolution, and, upon the adoption of such resolution such county or counties, together with the cities voting in favor of the plan, must be considered a district health unit or health district. On a petition filed with the county auditor containing names of qualified electors of the county equal to ten percent or more of the votes cast for the office of governor at the last general election, an election on the question of forming a health district must be held as heretofore provided. The health districts must follow county lines, and in case the district as outlined by the state health officer includes more than one county, and the plan is adopted in any of said counties or cities, and rejected in any one or more of the other counties or cities, it becomes effective in the county or counties and city or cities adopting the plan, if ~~in the exercise of his discretion~~ the state health officer deems the same operative.

If a majority of the votes cast on the question in a majority of the counties favor dissolution, the health unit must be dissolved on January first following the election. If a majority of the votes cast on the question in a majority of the counties are against dissolution, no other election may be held until a period of two years has again expired.

If a majority of the votes cast on the question favor withdrawing from the district, the county will be considered withdrawn from the unit on January first following the election. If a majority of the votes cast on the question are against withdrawal, no other election may be held until a period of two years has again expired.

SECTION 15. AMENDMENT. Section 23-29-07 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

23-29-07. Permits.

1. The department may issue permits for solid waste management facilities and solid waste transporters. It is unlawful for any person to own, operate, or use a facility for solid waste disposal or transport solid wastes without a valid permit. Upon receipt of a permit application, the department shall give public notice, in the official newspaper of the county in which the facility is to be located, that the department is considering an application for a solid waste management facility. The notice must state the name of the applicant, the location of the facility, and a description of the facility. The department shall require as a condition of a permit for a solid waste management facility, not owned or operated by the state or a political subdivision, that any entity that controls the permitholder agrees to accept responsibility for any remedial measures, closure and postclosure care, or penalties incurred by the permitholder. For purposes of this section, "control" means ownership or control, directly, indirectly, or through the actions of one or more persons of the power to vote twenty-five percent or more of any class of voting shares of a permitholder, or the direct or indirect power to control in any manner the election of a majority of the directors of a permitholder, or to direct the management or policies of a permitholder, whether by individuals, corporations, partnerships, trusts, or other entities or organizations of any type. All permits are nontransferable, are for a term of not more than ten years from the date of issuance, and are conditioned upon the observance of the laws of the state and the rules adopted under this chapter.
2. For any permit application completed after July 1, 1994, the department shall notify the board of county commissioners of a county in which a new solid waste management facility will be located of the department's intention to issue a permit for the facility. The board of county commissioners may call a special election to be held within sixty days after receiving notice from the department to allow the qualified electors of the county to vote to approve or disapprove of the facility based on public interest and impact on the environment. If a majority of the qualified electors voting on the question in the election vote to disapprove of the facility, the department may not issue the permit and the facility may not be located in that county.
3. Notwithstanding subsection 2, if the new solid waste management facility for which the permit application was completed after July 1, 1994, will be owned or operated by a solid waste management authority, a special election to approve or disapprove of a facility may be called only if the boards of county commissioners from a majority of the counties in the solid waste management district call for a special election. However, a special election must be conducted in each county within the authority. If a majority of the qualified electors voting on the question in the election vote to disapprove of the facility, the department may not issue the permit.
4. Subsections 2 and 3 do not apply to a solid waste management facility operated as part of an energy conversion facility or part of a surface coal mining and reclamation operation, if the solid waste management facility disposes of only waste generated by the energy conversion facility or surface coal mining and reclamation operation.

AN ACT to amend and reenact sections 12.1-32-07 and 12.1-32-08 of the North Dakota Century Code, relating to supervision of probationers, restitution, and reimbursement of indigent defense costs from offenders.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 12.1-32-07 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

12.1-32-07. Supervision of probationer - Conditions of probation - Revocation.

1. When the court imposes probation upon conviction for a felony, the court shall place the defendant under the supervision and management of the department of corrections and rehabilitation. In class A misdemeanor cases, the court may place the defendant under the supervision and management of the department of corrections and rehabilitation or other responsible party ~~selected by the court~~. In all other cases, the court may place the defendant under the supervision and management of a ~~responsible party selected by the court~~ community corrections program other than the department of corrections and rehabilitation. If an appropriate community corrections program is not reasonably available, the court may place the defendant under the supervision and management of the department of corrections and rehabilitation. The department of corrections and rehabilitation may arrange for the supervision and management of the defendant by a community corrections program selected by the department of corrections and rehabilitation. A community corrections program means a program for the supervision of a defendant, including monitoring and enforcement of terms and conditions of probation set by the court or pursuant to a conditional release from the physical custody of a correctional facility or the department of corrections and rehabilitation.
2. The conditions of probation must be such as the court in its discretion deems reasonably necessary to ensure that the defendant will lead a law-abiding life or to assist the defendant to do so. The court shall provide as an explicit condition of every probation that the defendant not commit another offense during the period for which the probation remains subject to revocation. The court shall order supervision costs and fees of not less than thirty dollars per month unless the court makes a specific finding on record that the imposition of fees will result in an undue hardship.

3. The court shall provide as an explicit condition of every probation that the defendant may not possess a firearm, destructive device, or other dangerous weapon while the defendant is on probation.

Unless waived on the record by the court, the court shall also provide as a condition of probation that the defendant undergo various agreed-to community constraints and conditions as intermediate measures of the department of corrections and rehabilitation to avoid revocation, which may include:

- a. Community service;
 - b. Day reporting;
 - c. Curfew;
 - d. Home confinement;
 - e. House arrest;
 - f. Electronic monitoring;
 - g. Residential halfway house; or
 - h. Intensive supervision program.
4. When imposing a sentence to probation, probation in conjunction with imprisonment, or probation in conjunction with suspended execution or deferred imposition of sentence, the court may impose such conditions as it deems appropriate, and may include any one or more of the following:
 - a. Work faithfully at a suitable employment or faithfully pursue a course of study or of vocational training that will equip the defendant for suitable employment.
 - b. Undergo available medical or psychiatric treatment and remain in a specified institution if required for that purpose.
 - c. Attend or reside in a facility established for the instruction, recreation, or residence of persons on probation.
 - d. Support the defendant's dependents and meet other family responsibilities.
 - e. Make restitution or reparation to the victim of the defendant's conduct for the damage or injury which was sustained, or perform other reasonable assigned work. When restitution, reparation, or assigned work is a condition of probation, the court shall proceed as provided in subsection 1 or 2, as applicable, of section 12.1-32-08.
 - f. Pay a fine imposed after consideration of the provisions of section 12.1-32-05, except when imposition of sentence is deferred.
 - g. Refrain from excessive use of alcohol, or any use of narcotics or of another dangerous or abusable drug without a prescription.

- h. Permit the probation officer to visit the defendant at reasonable times at the defendant's home or elsewhere.
 - i. Remain within the jurisdiction of the court, unless granted permission to leave by the court or the probation officer.
 - j. Answer all reasonable inquiries by the probation officer and promptly notify the probation officer of any change in address or employment.
 - k. Report to a probation officer at reasonable times as directed by the court or the probation officer.
 - l. Submit to a medical examination or other reasonable testing for the purpose of determining the defendant's use of narcotics, marijuana, or other controlled substance whenever required by a probation officer.
 - m. Refrain from associating with known users or traffickers in narcotics, marijuana, or other controlled substances.
 - n. Submit the defendant's person, place of residence, or vehicle to search and seizure by a probation officer at any time of the day or night, with or without a search warrant.
 - o. Serve a term of imprisonment of up to one-half of the maximum term authorized for the offense of which the defendant was convicted or one year, whichever is less.
 - p. Reimburse the costs and expenses determined necessary for the defendant's adequate defense when counsel is appointed for the defendant. When reimbursement of indigent defense costs and expenses is imposed as a condition of probation, the court shall proceed as provided in subsection 3 of section 12.1-32-08.
 - q. Provide community service for the number of hours designated by the court.
5. When the court imposes a sentence to probation, probation in conjunction with imprisonment, or probation in conjunction with suspended execution or deferred imposition of sentence, the defendant must be given a certificate explicitly setting forth the conditions on which the defendant is being released.
6. The court, upon notice to the probationer and with good cause, may modify or enlarge the conditions of probation at any time prior to the expiration or termination of the period for which the probation remains conditional. If the defendant violates a condition of probation at any time before the expiration or termination of the period, the court may continue the defendant on the existing probation, with or without modifying or enlarging the conditions, or may revoke the probation and impose any other sentence that was available under section 12.1-32-02 or 12.1-32-09 at the time of initial sentencing or deferment. In the case of suspended execution of sentence, the court may revoke the probation and cause the defendant to suffer the penalty of the sentence previously imposed upon the defendant.

7. The court may continue or modify probation conditions or revoke probation for a violation of probation conditions occurring before the expiration or termination of the period of probation notwithstanding that the order of the court is imposed after the expiration or termination has occurred. The petition for revocation must be issued within sixty days of the expiration or termination of probation.
8. Jurisdiction over a probationer may be transferred from the court that imposed the sentence to another court of this state, with the concurrence of both courts. Retransfers of jurisdiction may also occur in the same manner. The court to which jurisdiction has been transferred under this subsection may exercise all powers permissible under this chapter over the defendant.

⁹ **SECTION 2. AMENDMENT.** Section 12.1-32-08 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

12.1-32-08. Hearing prior to ordering restitution, reparation, or reimbursement of indigent defense costs and expenses - Conditions.

1. Prior to imposing restitution or reparation as a sentence or condition of probation, the court shall hold a hearing on the matter with notice to the prosecuting attorney and to the defendant as to the nature and amount thereof. The court, when sentencing a person adjudged guilty of criminal activities which have resulted in pecuniary damages, in addition to any other sentence it may impose, shall order that the defendant make restitution to the victim or other recipient as determined by the court, unless the court states on the record, based upon the criteria in this subsection, the reason it does not order restitution or orders only partial restitution. In determining whether to order restitution the court shall take into account:
 - a. The reasonable damages sustained by the victim or victims of the criminal offense, which damages must be limited to those directly related to the criminal offense and expenses actually incurred as a direct result of the defendant's criminal action. This can include an amount equal to the cost of necessary and related professional services and devices relating to physical, psychiatric, and psychological care. The defendant may be required as part of the sentence imposed by the court to pay the prescribed treatment costs for a victim of a sexual offense as defined in chapters 12.1-20 and 12.1-27.2.
 - b. The ability of the defendant to restore the fruits of the criminal action or to pay monetary reparations, or to otherwise take action to restore the victim's property.
 - c. The likelihood that attaching a condition relating to restitution or reparation will serve a valid rehabilitational purpose in the case of the particular offender considered.

⁹ Section 12.1-32-08 was also amended by section 1 of House Bill No. 1109, chapter 134.

The court shall fix the amount of restitution or reparation, which may not exceed an amount the defendant can or will be able to pay, and shall fix the manner of performance of any condition or conditions of probation established pursuant to this subsection. The court may order restitution be paid to the division of parole and probation for any benefits it has paid or may pay under chapter 54-23.4. Any payments made pursuant to such order must be deducted from damages awarded in a civil action arising from the same incident. An order that a defendant make restitution or reparation as a sentence or condition of probation ~~must~~ may, unless the court directs otherwise, be filed, transcribed, and enforced by the person entitled to the restitution or reparation in the same manner as civil judgments rendered by the courts of this state may be enforced.

2. The court may order the defendant to perform reasonable assigned work as a condition of probation, which assigned work need not be related to the offense charged, but must not be solely for the benefit of a private individual other than the victim.
3.
 - a. Prior to imposing reimbursement of indigent defense costs and expenses as a condition of probation, the court shall hold a hearing on the matter with notice to the prosecuting attorney, the defendant, and the defendant's probation officer concerning the nature and amount of costs and expenses to be reimbursed. It is a rebuttable presumption that reasonable reimbursement of costs and expenses consists of fifty dollars per hour for appointed counsel services plus reasonable expenses. The court may not impose reimbursement of indigent defense costs and expenses as a condition of probation unless the court finds the defendant is or may be able to pay them. In determining the amount and method of reimbursement, the court shall consider the financial resources of the defendant and the nature of the burden that reimbursement of costs and expenses will impose.
 - b. A defendant who is required to reimburse indigent defense costs and expenses as a condition of probation and who is not willfully in default in that reimbursement may at any time petition the court that imposed the condition to waive reimbursement of all or any portion of the costs and expenses. If the court is satisfied that reimbursement of the amount due will impose undue hardship on the defendant or the defendant's immediate family, the court may waive reimbursement of all or any portion of the amount due or modify the method of payment.
 - c. If at any time the court finds that the defendant is able to reimburse costs and expenses and has willfully failed to do so, the court may continue, modify, or enlarge the conditions of probation or revoke probation as provided in subsection 5 or 6, as applicable, of section 12.1-32-07.

4. If the court finds that the defendant is unable to pay a fine, supervision fee, reimbursement for indigent defense costs and expenses, or restitution or reparations, the court may order the defendant to perform reasonable assigned work in lieu of all or of part of a fine, a supervision fee, reimbursement for indigent defense costs and expenses, or restitution or reparations. The defendant may not perform reasonable assigned work in lieu of restitution or reparations unless the person entitled to restitution or reparations has consented in writing or on the record.

PERPETRATOR INJURY CLAIMS BARRED

AN ACT to create and enact a new chapter to title 12.1 of the North Dakota Century Code, relating to barring perpetrators of certain crimes from recovering for injuries sustained during criminal conduct.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new chapter to title 12.1 of the North Dakota Century Code is created and enacted as follows:

Definitions. As used in this section, unless the context otherwise requires:

1. "Convicted" includes a finding of guilt, whether or not the adjudication of guilt is stayed or executed, an unwithdrawn judicial admission of guilt or guilty plea, a no contest plea, a judgment of conviction, an adjudication as a delinquent child, or an admission to a juvenile delinquency petition.
2. "Course of criminal conduct" includes the acts or omissions of a victim in resisting criminal conduct.
3. "Crime" includes an offense named in section 12.1-16-01, 12.1-16-02, 12.1-16-03, 12.1-17-01, 12.1-17-01.1, 12.1-17-02, 12.1-17-03, 12.1-17-04, chapter 12.1-18, section 12.1-20-03, 12.1-20-04, 12.1-20-05, 12.1-20-07, chapter 12.1-21, section 12.1-22-01, 12.1-22-02, or 12.1-22-03, or an attempt to commit any of these offenses. The term includes a crime in other states which would have been within this definition if the crime had been committed in this state.
4. "Perpetrator" means a person who has engaged in criminal conduct and includes a person convicted of a crime.
5. "Victim" means a person who was the object of another's criminal conduct and includes a person at the scene of an emergency who gives reasonable assistance to another person who is exposed to or has suffered grave physical harm.

Perpetrator's assumption of the risk. A perpetrator assumes the risk of loss, injury, or death resulting from or arising out of a course of criminal conduct involving a crime, as defined in this Act, engaged in by the perpetrator or an accomplice, as defined in section 12.1-03-01, and the crime victim is immune from and not liable for any damages as a result of acts or omissions of the victim if the victim used reasonable force as authorized in section 12.1-05-03 or 12.1-05-04. However, the perpetrator's assumption of risk does not eliminate the crime victim's duty to protect against conditions upon the premises which the crime victim knows or has reason to know may create an unreasonable risk of harm or which may

cause a foreseeable trespass by minors, nor does the assumption of risk apply to perpetrators who are mentally incompetent or deficient.

Evidence. Notwithstanding other evidence that the victim may adduce relating to the perpetrator's conviction of the crime involving the parties to a claim for relief, a certified copy of a guilty plea, a court judgment of guilt, a court record of conviction, or an adjudication as a delinquent child is conclusive proof of the perpetrator's assumption of the risk.

Attorney's fees to victim. If the perpetrator does not prevail in a claim for relief that is subject to this chapter, the court may award reasonable expenses, including attorney's fees and disbursements, to the victim.

Stay of claim for relief. Except to the extent needed to preserve evidence, any claim for relief in which the defense set forth in this chapter is raised must be stayed by the court on the motion of the defendant during the pendency of any criminal action against the plaintiff based on the alleged crime.

1. There is hereby created a special fund designated as the financial institutions regulatory fund. The amounts received under the following ~~sections chapters~~, and any other moneys received by the department of banking and financial institutions, must be deposited into this fund: ~~sections 6-01-17, 6-01-17.1, 6-01-17.2, 6-03-70, 6-05-28, subsections 1, 2, and 4 of section 6-06-08, sections 6-10-06, 7-05-01, 13-03-04, subsection 1 of section 13-03-09, section 13-03.1-05, subsection 1 of section 13-03.1-11, section 13-04.1-04, subdivision a of subsection 1 of section 13-04.1-11, section 13-05-04, subsection 2 of section 13-05-06, subsection 1 of section 51-17-07, and section 51-17-10 chapters 6-01, 6-03, 6-05, 6-06, 6-10, 7-05, 13-03.1, 13-04.1, 13-05, and 51-17.~~

SECTION 2. A new section to chapter 13-03.1 of the North Dakota Century Code is created and enacted as follows:

Maximum charges permitted for loans not in excess of one thousand dollars - Refund - Installment payments - Permitted charges.

1. Every licensee may make loans under this section in any amount not exceeding one thousand dollars, and may contract for, receive, or collect on the loans, charges not in excess of two and one-half percent per month on that part of the unpaid balance of principal not exceeding two hundred fifty dollars; two percent per month on that part of the unpaid balance of principal exceeding two hundred fifty dollars but not exceeding five hundred dollars; one and three-fourths percent per month on that part of the unpaid balance of principal in excess of five hundred dollars but not exceeding seven hundred fifty dollars; and one and one-half percent per month on that part of the unpaid balance of principal exceeding seven hundred fifty dollars but not exceeding one thousand dollars. For the purpose of computing charges for a fraction of a month, whether at the maximum rate or less, a day is considered one-thirtieth of a month. Amounts to be charged for any small loan by a licensee under this chapter may also be calculated and charged on a stated dollar per hundred basis but the charges over the entire term of the loan may not be in excess of the equivalent percentage charges on the monthly unpaid balances of principal authorized in this section. If charges are calculated and charged on a dollar per hundred basis, the loan must be repayable in substantially equal periodic installments of principal and charges, and the annual percentage simple interest equivalent must be conspicuously stated in the note or small loan contract executed in connection with the loan.
2. When any note or loan contract in which charges have been calculated and charged on a dollar per hundred basis is paid in full by cash, a new loan, renewal or otherwise, one month or more before the final installment date, the licensee shall refund or credit to the borrower a portion of the total charges which must be at least as great as the sum of the full periodic installment balances scheduled to follow the installment date following the date of prepayment in full bears to the sum of all the periodic installment balances of the loan contract, both sums to be determined according to the payment schedules that had been agreed upon in the loan contract. Charges during the month of payment must be prorated in the proportion that the number of days remaining in the installment period bears to the total days of the installment period. No refund of one dollar or less need be made.
3. On any note or loan contract in which charges have been calculated and charged on a dollar per hundred basis, a licensee may charge, collect, and receive on any installment of principal and charges continuing unpaid for five or more days from the date the payment is due a sum that may not exceed the amount of charges during the final full month of the loan before maturity. The charge may not be collected more than once for the same default. The charge may be collected at the time of the default or any time thereafter. However, if the charge is taken out of any payment received after a default occurs and if the deduction results in the default of a subsequent installment, no charge may be made for the subsequent default.
4. On any note or loan contract in which charges have been calculated and charged on a dollar per hundred basis, if the payment date for any scheduled installment is deferred one or more full months and a corresponding deferment is made for all subsequent installments, the licensee may charge and receive a deferment charge that may not exceed one-twelfth of the charges authorized in subsection 1 applied to the

balance of principal and charges due at the date of the deferment multiplied by the number of full months during the deferment in which no payment is made. Thereafter, charges must be made over the remaining extended life of the loan in the same manner and at the same ratio as though no deferral or extension had been granted. The charges may be collected at the time of the deferment or any later time. If the loan is prepaid in full during the deferment period, the borrower is entitled to receive in addition to the refund required under subsection 2 a refund of that portion of the deferment charge applicable to any unexpired months of deferment period.

5. A licensee may not enter into any contract of loan under this section under which the borrower agrees to make any scheduled payment of principal and charges more than twenty-four and one-half calendar months from the date of making the contract. Every loan contract must require payment of principal and charges in installments that must be payable at approximately equal periodic intervals except that payment dates may be omitted to accommodate borrowers with seasonal incomes. No installment contracted for may be substantially larger than any preceding installment. When a loan contract provides for monthly installments, the first installment may be payable at any time within forty-five days after the date of the loan.
6. A licensee may not induce or permit any person, or husband and wife, jointly or severally, to be obligated, directly or indirectly, under more than one contract of loan at the same time if the multiple loans result in a higher rate of charge than would otherwise be permitted by this chapter.
7. No further amount in addition to the charges provided for in this chapter may be directly or indirectly charged, contracted for, or received. However, this restriction does not apply to court costs, lawful fees for the filing, recording, or releasing in any public office of any instrument securing a loan, and the identifiable charge or premium for insurance provided for in section 13-03.1-17. If any sum in excess of the amounts authorized by this chapter is willfully charged, contracted for or received, the licensee or any assignee or other person has no right to collect or receive any charges or recompense.

SECTION 3. AMENDMENT. Section 13-03.1-02 of the North Dakota Century Code is amended and reenacted as follows:

13-03.1-02. Administration and exemptions.

COLLECTION AGENCY OFFICER REMOVAL

AN ACT to create and enact a new section to chapter 13-05 of the North Dakota Century Code, relating to removal from office of collection agency officers or employees by the department of banking and financial institutions.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new section to chapter 13-05 of the North Dakota Century Code is created and enacted as follows:

Suspension and removal of collection agency officers or employees.

1. The commissioner of banking and financial institutions may issue and serve upon any collection agency officer or employee and upon the collection agency involved, a complaint stating the basis for the commissioner's belief that the officer or employee is willfully engaging or has willfully engaged in any of the following conduct:
 - a. Violating any law, rule, order, or written agreement with the commissioner;
 - b. Engaging in any harassment or abuse, the making of false or misleading representations, or engaging in unfair practices involving collection activity; or
 - c. Performing any act of commission or omission or practice which is a breach of trust or a breach of fiduciary duty.
2. The complaint must contain a notice of opportunity for hearing pursuant to chapter 28-32.
3. If no hearing is requested within twenty days of the date the complaint is served upon the officer or employee, or if a hearing is held and the commissioner finds that the record so warrants, the commissioner may enter an order suspending or temporarily removing the employee or officer from office for a period not exceeding three years from the effective date of the suspension or temporary removal.
4. A contested or default suspension or temporary removal order is effective immediately upon service of the order on the officer or employee and upon the collection agency. A consent order is effective as agreed. An officer or employee suspended or temporarily removed from office pursuant to this section is not eligible, while under suspension, for reinstatement to any position within a licensed collection agency.

5. When an officer or employee, or other person participating in the conduct of the affairs of a collection agency is charged with a felony in state or federal court which involves dishonesty or breach of trust, the commissioner may immediately suspend the person from office or prohibit the person from any further participation in the collection affairs, or both. The order is effective immediately upon service of the order on the collection agency and the person charged, and remains in effect until the criminal charge is finally disposed of or until modified by the commissioner. If a judgment of conviction, federal pretrial diversion, or similar state order or judgment is entered, the commissioner may order that the suspension or prohibition be made permanent. A finding of not guilty or other disposition of the charge does not preclude the commissioner from pursuing administrative or civil remedies.
6. Under this section, a person engages in conduct "willfully" if the person acted intentionally in the sense that the person was aware of what the person was doing.

DOMESTIC VIOLENCE IN CUSTODY PROCEEDINGS

AN ACT to amend and reenact subsections 3 and 5 of section 14-05-22 and subdivision j of subsection 1 of section 14-09-06.2 of the North Dakota Century Code, relating to the effect of domestic violence on visitation rights and child custody proceedings; and to declare an emergency.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Subsections 3 and 5 of section 14-05-22 of the 1995 Supplement to the North Dakota Century Code are amended and reenacted as follows:

3. If the court finds that a parent has perpetrated domestic violence and that parent does not have custody, and there exists one incident of domestic violence which resulted in serious bodily injury or involved the use of a dangerous weapon or there exists a pattern of domestic violence within a reasonable time proximate to the proceeding, the court shall allow only supervised child visitation with that parent unless there is a showing by clear and convincing evidence that unsupervised visitation would not endanger the child's physical or emotional health.
5. In any custody or visitation proceeding in which a parent is found to have perpetrated domestic violence, and there exists one incident of domestic violence which resulted in serious bodily injury or involved the use of a dangerous weapon or there exists a pattern of domestic violence within a reasonable time proximate to the proceeding, all court costs, attorneys' fees, evaluation fees, and expert witness fees must be paid by the perpetrator of the domestic violence unless those costs would place an undue financial hardship on that parent.

SECTION 2. AMENDMENT. Subdivision j of subsection 1 of section 14-09-06.2 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

- j. Evidence of domestic violence. In awarding custody or granting rights of visitation, the court shall consider evidence of domestic violence. If the court finds credible evidence that domestic violence has occurred, and there exists one incident of domestic violence which resulted in serious bodily injury or involved the use of a dangerous weapon or there exists a pattern of domestic violence within a reasonable time proximate to the proceeding, this ~~evidence~~ combination creates a rebuttable presumption that a parent who has perpetrated domestic violence may not be awarded sole or joint custody of a child. This presumption may be overcome only by clear and convincing evidence that the best interests of the child require that parent's participation as a custodial parent. The court shall cite specific findings of fact to show that the custody or

visitation arrangement best protects the child and the parent or other family or household member who is the victim of domestic violence. If necessary to protect the welfare of the child, custody may be awarded to a suitable third person, provided that the person would not allow access to a violent parent except as ordered by the court. If the court awards custody to a third person, the court shall give priority to the child's nearest suitable adult relative. The fact that the abused parent suffers from the effects of the abuse may not be grounds for denying that parent custody. As used in this subdivision, "domestic violence" means domestic violence as defined in section 14-07.1-01. A court may consider, but is not bound by, a finding of domestic violence in another proceeding under chapter 14-07.1.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

⁷ **SECTION 1. AMENDMENT.** Section 15-27.1-11 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

15-27.1-11. Reorganization or dissolution of school district not operating a school - Transportation. This section does not apply to school districts established pursuant to chapter 15-27.5.

⁸ **SECTION 2. AMENDMENT.** Subsection 1 of section 15-40.2-01 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

⁷ Section 15-27.1-11 was also amended by section 2 of House Bill No. 1154, chapter 159.

⁸ Section 15-40.2-01 was also amended by section 3 of House Bill No. 1146, chapter 175.

1. The school board of any district may send kindergarten, elementary, or high school pupils into another school district or to an accredited institution ~~of another state~~ when, because of shorter distances and other conveniences, it is to the best interests of the school district to do so, and in such instances the board may pay the tuition of ~~such the~~ pupils to the district or institution to which they are sent. The school board may arrange, and when petitioned to do so by a majority of qualified electors of the district, shall arrange with the school boards of other districts or with the institutions, to send pupils to ~~such the~~ other districts or institutions who can be taught conveniently therein, and for the payment of their tuition and for furnishing and paying for their transportation to and from ~~such the~~ other schools or institutions.

SECTION 3. AMENDMENT. Section 15-40.2-09 of the North Dakota Century Code is amended and reenacted as follows:

15-40.2-09. Attendance in public schools or institutions of bordering states, when permitted - Continuation of attendance ~~when district annexed or reorganized~~ under certain circumstances.

1. Students may attend a school in a bordering state in accordance with section 15-40.2-10 under the following circumstances:
 - a. A student who lives within forty miles [64.37 kilometers] of another state or in a county bordering on another state may, with the approval of the school board, attend a public school or institution in a bordering state; ~~and the school board of the school district within which the student resides may contract with the bordering state for the education of the student.~~
 - b. A student who resides ~~within a school district that is annexed to or reorganized with another district or districts, and who has~~ attended a school district in a bordering state ~~during since, and including,~~ the 1990-91 school year, must be permitted to ~~attend or~~ continue attending school in the district in the bordering state.
 - c. 2. If the school board of the district in which the student resides denies a request for attendance and payment of tuition in another state, an appeal may be made to the three-member committee ~~referred to~~ in accordance with section 15-40.2-05. If the three-member committee determines that the student falls within the terms of subdivision b or c of subsection 1, then the student may attend in the bordering state and the school district of residence shall pay the tuition. If the three-member committee determines the student falls within the terms of subdivision a of subsection 1, then the three-member committee shall make its decision using the criteria specified in section 15-40.2-05. For kindergarten students, the three-member committee shall use the criteria specified for elementary students in section 15-40.2-05. Subsection 3 of section 15-40.2-05 does not apply to an appeal for out-of-state attendance and payment of tuition. Regardless of the provisions of this section, if the

school district of residence does not provide for the education of kindergarten students, it may not pay tuition for a kindergarten student to attend school in a bordering state. The decision of the committee regarding payment of tuition for high school, elementary, or kindergarten students may be appealed by the school board, or the parent or guardian of the student, to the state board of public school education, whose decision is final.

3. Foundation aid payments for students attending out-of-state schools must be made to the district of residence. However, the district of the student's residence is entitled to reduce the tuition payment to an out-of-state school by an amount commensurate with the tuition costs the district would be entitled to receive as compensation for a student from the out-of-state district enrolled in its school. Transportation payments for students attending school in a bordering state must be determined as provided in section 15-40.1-16.
4. This section does not require the district of residence to provide student transportation, or payments in lieu thereof, for students attending out-of-state schools.

SECTION 4. AMENDMENT. Section 15-40.2-10 of the North Dakota Century Code is amended and reenacted as follows:

15-40.2-10. Reciprocal master agreements for student attendance in other states - School district agreements - Procedure when bordering state does not enter into reciprocal master agreement.

1. The superintendent of public instruction shall enter into reciprocal master agreements with the appropriate state educational agencies or officers of bordering states in regard to the cost of educating elementary and high school students in the public schools or institutions in such bordering states. A school district may either comply with the terms of the reciprocal master agreement or, upon notification to the superintendent of public instruction, may enter into an agreement with a school district in a bordering state for the education of elementary and high school students. The agreement, which replaces the provisions of the master reciprocal agreement, ~~may~~ must provide for the payment of tuition at an amount agreed upon by the school district of residence and the school district of the bordering state. However, the tuition may not exceed the amount established under the reciprocal master agreement, nor may it be less than the per student foundation aid plus tuition apportionment in the student's school district of residence. For purposes of foundation aid, a student attending school in a bordering state under such an agreement is deemed to be in attendance in the student's school district of residence. The student's school district of residence is liable to the school district in the bordering state for payments as provided in the agreement.

2. If the state educational agency or officer of the bordering state is not authorized to or declines to enter into a reciprocal master agreement with the superintendent of public instruction, a school district may negotiate with a school district of that bordering state an amount of tuition it is willing to pay to that other state's school district for the education of pupils in that state. The school district of residence is liable to the school district in the bordering state for the payments it agrees to make under this subsection. However, if the school district accepts students from that bordering state, it may not agree to accept those nonresident students for an amount of tuition less than the foundation aid plus tuition apportionment it would have received from this state for one of its students in the same grade if its student had been attending in that bordering state.
