Any unexpended funds appropriated from the resources trust fund after that period has expired must be transferred to the resources trust fund and any unexpended funds appropriated from the water development trust fund after that period has expired must be transferred to the water development trust fund.

SECTION 5. SALE AND PURCHASE OF LAND AND BUILDING - AUTHORITY - CONTINUING APPROPRIATION.

1. The state water commission, on behalf of the state of North Dakota, may sell in one or more parcels the land and building known as the "state water commission maintenance shop" located at 2603 East Broadway Avenue, Bismarck, North Dakota, and legally described as follows:

A tract of land lying in the Northwest Quarter (NW 1/4) of Section Two (2), Township One Hundred Thirty-Eight (138) North, Range Eighty (80) West of the Fifth (5) Principal Meridian, in the County of Burleigh and State of North Dakota, and described as follows:

Commencing at the northwest corner of said section two; thence traveling in a southerly direction along the west boundary of said section two for a distance of seven hundred seventy-four and six-tenths feet (744.60); thence turning a right angle to the left in an easterly direction along a line which is parallel to the north boundary of said section two for a distance of forty-seven feet (47.00), which shall be called the true point of beginning; thence continuing due east along said line for a distance of eight hundred forty-two and nine-tenths feet (842.90); thence turning a deflection angle of ninety degrees and twenty-two minutes (90 degrees 22') to the right and traveling in a southerly direction to a point of intersection with the north fifty foot railroad right-of-way line; thence traveling in a westerly direction along said north fifty foot railroad right-of-way line to a point of intersection with the west boundary of said section two; thence traveling in a northerly direction along the west boundary of said section two for a distance of four hundred seventy-two and one-tenth feet (472.10); thence turning a right angle to the right in an easterly direction along a line which is parallel to the north boundary of said section two for a distance of forty-seven feet (47.00); thence traveling in a northerly direction along a line which is parallel to the west boundary of said section two for a distance of one hundred fifty feet (150.00) to the point of beginning. Including all of the property bounded by the above described line, subject to existing rights-of-way and easements.

The above described tract of land contains 11.77 acres, more or less.

2. The conveyance authorized by this Act is exempt from sections 54-01-05.2 and 54-01-05.5. The conveyance may only be made after the property has been appraised and the property must be sold at public auction unless no bid equals or exceeds the minimum appraised value. The appraisal must be dated no earlier than eighteen months before the auction. If at the public auction no bid equals or exceeds the minimum appraised value, the state water commission may negotiate a price for the land with a purchaser.
3. All proceeds from the sale, or so much of the sale proceeds as may be necessary, not otherwise appropriated, are appropriated on a continuing

basis to the state water commission for the purchase or lease of land and the construction of a building and associated appurtenances to be used as a new maintenance facility on new or the existing water commission property. The purchase authorized by this subsection may proceed only after completion of a certified appraisal of the property to be purchased and completion of a physical inspection of any building to be purchased demonstrating that the building is structurally sound and suitable for state water commission purposes.

4. The attorney general shall review and approve the form and legality of all legal documents required for the conveyance and purchase authorized by this Act, including title opinions.

SECTION 6. BUILDING SALE PROCEEDS. Proceeds of the sale of the state water commission maintenance shop located in east Bismarck, as provided in section 5 of this Act, must be used to purchase or lease land and construct a new maintenance shop building on new or the existing water commission property. If the proceeds from the sale are less than \$977,100, the state water commission may use other funds appropriated to the state water commission for the purpose of purchasing or leasing land and constructing a new maintenance shop building on new or the existing water commission property. If the proceeds from the sale are not available at the time the state water commission needs to purchase or lease land and construct the new building and associated appurtenances on new or the existing water commission property, the state water commission may use other funds appropriated to it provided that, upon receipt of the proceeds of the sale, the state water commission transfers to the funds from which moneys were taken an amount equal to any funds utilized for the purchase or lease of land and construction of the new maintenance building on new or the existing water commission property. If the state water commission uses other funds appropriated to it because the funds from the sale of the land and building are insufficient, the state water commission need not make a transfer of sale proceeds. No more than a total of \$977,100 may be expended from the amounts appropriated under this Act to purchase land and construct the new maintenance building and associated appurtenances on new or the existing water commission property.

SECTION 7. LINE OF CREDIT - CONTINGENT APPROPRIATION. If determined necessary by the state water commission, the Bank of North Dakota shall extend a line of credit, not to exceed \$25,000,000, which is appropriated to the state water commission for the purpose of interim financing until bonds are issued under chapters 61-02 and 61-02.1, for the biennium beginning July 1, 2003, and ending June 30, 2005.

SECTION 8. REPAYMENT OF LINE OF CREDIT - CONTINGENT APPROPRIATION. If the line of credit authorized in section 7 of this Act is extended to the state water commission by the Bank of North Dakota, there is appropriated out of any moneys in the water development trust fund, not otherwise appropriated, or from bond proceeds, the sum of \$25,000,000, or so much of the sum as may be necessary, to the state water commission for the purpose of repaying the line of credit, for the biennium beginning July 1, 2003, and ending June 30, 2005.

SECTION 9. BOND ISSUANCE AUTHORIZATION - PURPOSES. Notwithstanding the authority of the state water commission to issue evidences of indebtedness under chapters 61-24.3 and 61-24.6, the state water commission may arrange for the funding of water-related projects or works in this state, including those identified in the statewide water development plan, which are authorized and declared to be in the public interest, through the issuance of evidences of

indebtedness under chapters 61-02 and 61-02.1 in an amount not to exceed \$60,000,000, plus the costs of issuance, capitalized interest, and required reserves, for the biennium beginning July 1, 2003, and ending June 30, 2005. Bonds issued pursuant to this section are not a general obligation of the state of North Dakota.

SECTION 10. RESOURCES TRUST FUND APPROPRIATION - ADJUSTMENT. If the resources trust fund 2003-05 revenues are in excess of \$13,650,000, any excess is appropriated, subject to emergency commission approval, from the resources trust fund to the state water commission for the biennium beginning July 1, 2003, and ending June 30, 2005.

SECTION 11. AMENDMENT. Section 54-27-25 of the North Dakota Century Code is amended and reenacted as follows:

54-27-25. Tobacco settlement trust fund - Interest on fund - Uses. There is created in the state treasury a tobacco settlement trust fund. The fund consists of the tobacco settlement dollars obtained by the state under sections IX (payments) and XI (calculation and disbursement of payments) of the master settlement agreement and consent agreement adopted by the east central judicial district court in its judgment entered December 28, 1998 [Civil No. 98-3778]. All moneys received by the state pursuant to the judgment and all moneys received by the state for enforcement of the judgment must be deposited in the fund. Interest earned on the fund must be credited to the fund and deposited in the fund. The principal and interest of the fund must be allocated as follows:

1. Transfers to a community health trust fund to be administered by the state department of health. The state department of health may use funds as appropriated for community-based public health programs and other public health programs, including programs with emphasis on preventing or reducing tobacco usage in this state. Transfers under this subsection must equal ten percent of total annual transfers from the tobacco settlement trust fund.
2. Transfers to the common schools trust fund to become a part of the principal of that fund. Transfers under this subsection must equal forty-five percent of total annual transfers from the tobacco settlement trust fund.
3. Transfers to the water development trust fund to be used to address the long-term water development and management needs of the state. Transfers under this subsection must equal forty-five percent of the total annual transfers from the tobacco settlement trust fund.

Notwithstanding the provisions of this section, during each biennium transfers that would be made to the common schools trust fund under subsection 2 must instead be transferred to the water development trust fund until the state water commission certifies to the state treasurer that deposits in the water development trust fund during that biennium are sufficient to pay the principal and interest for that biennium on bonds authorized under section 61-02.1-01. When that certification is received, the state treasurer shall determine the amount deposited in the water development trust fund during that biennium and transfers that would be made to the water development trust fund under subsection 3 must instead be transferred to the common schools trust fund until deposits in the common schools trust fund during that biennium are equal to the amount deposited in the water development trust fund during that biennium or until the end of the biennium, whichever occurs first.

Transfers to the funds under this section must be made within thirty days of receipt by the tobacco settlement trust fund.

SECTION 12. A new section to chapter 61-02 of the North Dakota Century Code is created and enacted as follows:

Construction of the Devils Lake outlet - Authorization - Agreement. The state water commission may do all things reasonably necessary to construct an outlet from Devils Lake, including executing an agreement with the federal government wherein the state water commission agrees to hold the United States harmless and free from damages, except for damages due to the fault or negligence of the United States or its contractors.

SECTION 13. AMENDMENT. Section 61-02.1-02.1 of the North Dakota Century Code is amended and reenacted as follows:

61-02.1-02.1. Funding - Statewide water development projects - Bond issuance amount.

1. The priorities for the statewide water development program for the 2001-03 biennium include municipal, rural, and industrial projects; irrigation projects; general water management projects, including rural flood control, snagging and clearing, channel improvement, recreation, and planning studies; flood control projects; and weather modification projects. The state water commission may provide the funds necessary to construct these projects from money appropriated to the state water commission from the resources trust fund, the water development trust fund, or by issuing bonds in an amount not to exceed twenty million dollars plus the costs of issuance of the bonds, capitalized interest, and reasonably required reserves. ~~The commission may utilize up to five million five hundred thousand dollars from the water development trust fund, the resources trust fund, or from bond proceeds to provide cost share for a flood control channel and levy project designed to provide protection from overland flooding to a city with a population in excess of eighty thousand as of the 2000 federal decennial census. The amount provided may not exceed fifty percent of the city's share of the cost to construct the project. Bonds may be issued utilizing the procedures set forth in chapter 61-02. The proceeds of any bonds issued under the authority provided in this section are appropriated to the state water commission for the purposes set forth in this section.~~
2. If the state water commission determines it is appropriate to do so, it may, in lieu of issuing or in combination with the issuance of bonds pursuant to sections 61-02.1-01 and 61-02.1-02, for all or part of the state's cost share for the projects set forth in those provisions, use funds appropriated to it from the resources trust fund or the water development trust fund. ~~Regardless of the source, the amount of funds used may not exceed the limits set forth in section 61-02.1-02.~~

SECTION 14. CONTINUING APPROPRIATION - DEVILS LAKE OUTLET. There is appropriated to the state water commission on a continuing basis from the water development trust fund or the resources trust fund in the state treasury, or from bond proceeds from bonds issued by the state water commission, as determined by the state water commission, the amount of funds required by the agreement between the state and the federal government to construct an outlet from Devils Lake to meet

its cost-share obligations under the agreement and from any legally available funds to meet its indemnification obligations under the agreement.

SECTION 15. TRANSFER. Notwithstanding section 54-27-25, during the biennium beginning July 1, 2003, and ending June 30, 2005, the director of the office of management and budget shall transfer \$10,070,373 from the water development trust fund to the general fund.

The commissioner may also require such additional information relating to the applicant and as to the previous history, record, or association of the applicant, its officers, directors, employees, members, partners, managers, or trustees as the commissioner deems necessary to establish whether or not the applicant should be registered as a dealer under the provisions of this law.

There must be filed with such application a written consent to the service of process upon the commissioner in actions against such dealer, conforming to the requirements of section 10-04-14.

If an agent proposes to be self-employed, the agent shall specifically state the particular security or securities the agent proposes to sell in this state in the application, and if said security or securities are exempt under section 10-04-05 or 10-04-06, or have been registered by description under section 10-04-07, or have been registered by announcement under section 10-04-07.1, or have been registered by qualification under section 10-04-08, then the commissioner may require that said self-employed agent file an indemnity bond running to the state of North Dakota conditioned for the faithful compliance by said self-employed agent with all the applicable provisions of this chapter and for the faithful performance and payment of all obligations hereunder. The bond must be in a form approved and in the amount required by the commissioner.

Except with respect to a federal covered adviser whose clients are those described in paragraph 2 of subdivision a of subsection 3 or who meets the criteria of paragraph 3 of subdivision a of subsection 3, it shall be unlawful for a person to transact business in this state as a federal covered adviser unless such person has made a notice filing with the ~~commissioner~~ department, in writing or electronically, consisting of a copy of those documents that have been filed with the securities and exchange commission as the commissioner may require by rule or otherwise and the prescribed notice filing fee.

A notice filing is effective from receipt until the following December thirty-first. It may be renewed by filing with the ~~commissioner~~ department, prior to expiration, those documents filed with the securities and exchange commission as the commissioner may require by rule or otherwise, with the notice filing renewal fee.

If the information contained in any document filed with the ~~commissioner~~ department is or becomes inaccurate or incomplete in any material respect, the federal covered adviser shall file an amendment with the ~~commissioner~~ department whenever such amendment is filed with the securities and exchange commission.

A notice filing may be terminated by a federal covered adviser by filing a notice of termination with the ~~commissioner~~ department.

5. Investment adviser representatives. Application for registration as an investment adviser representative may be made by any person eighteen years of age or older. The application for registration must be submitted in writing or electronically in a form prescribed by the commissioner, be

signed by the applicant and if applicable, by the investment adviser employing or proposing to employ the applicant, be duly verified by oath, be filed ~~in~~ with the office of the commissioner department, and contain information the commissioner determines to be necessary concerning the applicant.

When an applicant has fully complied with the provisions of this subsection, the commissioner may register the applicant as an investment adviser representative unless the commissioner finds that the applicant is not of good business reputation; that the investment adviser named in the application is not a registered investment adviser; or the federal covered adviser named in the application has not made a notice filing with the commissioner. When the commissioner has registered an applicant as an investment adviser representative, the commissioner shall immediately notify the investment adviser or the federal covered adviser, as applicable, of such registration.

Every registered investment adviser shall promptly notify the ~~commissioner~~ department of the termination of the employment by the adviser of a registered investment adviser representative. Every registered investment adviser representative employed by a federal covered adviser or the federal covered adviser shall promptly notify the ~~commissioner~~ department of the termination of such employment. The registration of the investment adviser representative is automatically suspended from the time of termination of employment until such time as the representative is registered by the commissioner as a representative of another investment adviser or federal covered adviser.

The commissioner ~~may by rule or order provide for an examination to be taken by the applicant~~ shall require as a condition of registration that the applicant pass a written examination as evidence of knowledge of the securities business. At the discretion of the commissioner, certain professional designations may be accepted in lieu of an examination.

6. Refusal of registration. If the commissioner has reason to believe there are grounds to refuse the approval of any application under this section, the commissioner may, by order, summarily postpone the approval of any application made under this section. If, after affording an applicant a hearing or an opportunity for a hearing as provided in section 10-04-12, the commissioner finds that there is sufficient ground to refuse to register such applicant as provided in this section, the commissioner shall enter an order refusing to register such applicant. Such order shall state specifically the grounds for its issuance. A copy of such order must be mailed to the applicant at the applicant's business address, and if the application is for registration as an agent, to the registered dealer or issuer or if the application is for registration as an investment adviser representative to the investment adviser or federal covered adviser who proposed to employ such applicant. If the commissioner finds that an applicant has been guilty of any act or omission which would constitute a sufficient ground for revocation of a dealer's, agent's, investment adviser's, or investment adviser representative's registration under section 10-04-11, such act or omission may constitute a sufficient ground for a finding by the commissioner that such applicant is not of good business reputation.

7. Record and renewal of registrations. The names and addresses of all persons who have been registered as dealers, agents, investment advisers, or investment adviser representatives, and all orders with respect thereto, and the names and addresses of all federal covered advisers who have made a notice filing must be recorded in a register of dealers, agents, investment advisers, federal covered advisers, and investment adviser representatives in the office of the commissioner. Every registration ~~and notice filing~~ under this section expires on ~~May first of each year, except for the registration of an investment adviser and investment adviser representative which will expire on~~ December thirty-first of each year, unless renewed. The commissioner may by order provide for expirations and renewals, including dates, forms, and procedures, adjust registration and notice filing fees to correspond with expiration dates, and do any other thing which may be necessary or convenient in order to participate in a central registration depository or any similar arrangement designed to promote uniformity, to ease regulatory burdens, or to encourage cooperation with other states, the securities and exchange commission, or any registered national securities association or exchange.
8. Fees. The fee, which must accompany the application, for registration, transfer, or notice filing, and for each annual renewal thereof is:
 - a. For each dealer \$200.00
 - b. For each agent \$60.00
 - c. For each investment adviser or federal covered adviser \$100.00
 - d. For each investment adviser representative \$50.00

An application to register as a dealer, agent, investment adviser, or investment adviser representative may, with the consent of the commissioner, be withdrawn upon written application, but in no event may any registration fees be returned.

 - (1) The identity of the would-be contributor;
 - (2) The class or series to which the future contribution pertains; and
 - (3) As to each future contribution to be made, the same information as subdivision k requires for contributions already accepted;
 - m. A statement of all contribution allowance agreements made under section 10-32-59, including for each contribution allowance agreement:
 - (1) The identity of the would-be contributor;
 - (2) The class or series to which the future contribution would pertain; and
 - (3) As to each future contribution allowed to be made, the same information as subdivision k requires for contributions already accepted;
 - n. An explanation of any restatement of value made under section 10-32-57;
 - o. Any written consents obtained from members under this chapter; and
 - p. A copy of agreements, contracts, or other arrangements or portions of them incorporated by reference under subsections 6 through 8 of section 10-32-56.
2. A member of a limited liability company has an absolute right, upon written demand, to examine and copy, in person or by a legal representative, at any reasonable time, and the limited liability company shall make available within ten days after receipt by a manager of the limited liability company of the written demand, all documents referred to in subsection 1.

3. A member of a limited liability company who has been a member for at least six months immediately preceding the member's demand or who is the holder of record of at least five percent of all membership interests of the limited liability company has a right, upon written demand, to examine and copy, in person or by a legal representative, other limited liability company records at any reasonable time only if the member demonstrates a proper purpose for the examination. A "proper purpose" is one reasonably related to the person's interest as a member of a limited liability company.
4. On application of the limited liability company, a court in this state may issue a protective order permitting the limited liability company to withhold portions of the records of proceedings of the board of ~~governors~~ for a reasonable period of time, not to exceed twelve months, in order to prevent premature disclosure of confidential information that would be likely to cause competitive injury to the limited liability company. A protective order may be renewed for successive reasonable periods of time, each not to exceed twelve months and in total not to exceed thirty-six months, for good cause shown. In the event a protective order is issued, the statute of limitations for any action that the member might bring as a result of information withheld automatically extends for the period of delay. If the court does not issue a protective order with respect to any portion of the records of proceedings as requested by the limited liability company, it shall award reasonable expenses, including attorney's fees and disbursements, to the member. This subsection does not limit the right of a court to grant other protective orders or impose other reasonable restrictions on the nature of the limited liability company records that may be copied or examined under subsections 2 and 3 or the use or distribution of the records by the demanding member.
5. A member who has gained access under this section to any limited liability company record may not use or furnish to another for use the limited liability company record or a portion of the contents for any purpose other than a proper purpose. Upon application of the limited liability company, a court may issue a protective order or order other relief as may be necessary to enforce the provisions of this subsection.
6. Copies of the information referred to in subsection 1 must be furnished at the expense of the limited liability company. In all other cases, the limited liability company may charge the requesting party a reasonable fee to cover the expenses of providing the copy.
7. The records maintained by a limited liability company may utilize any information storage technique, including, for example, punched holes, printed or magnetized spots, or microimages, even though that makes them illegible visually, if the records can be converted accurately and within a reasonable time, into a form that is legible visually and whose contents are assembled by related subject matter to permit convenient use by people in the normal course of business. A limited liability company shall convert any of the records referred to in subsections 2 and 3 upon the request of a person entitled to inspect them, and the expense of the conversion must be borne by the person who bears the expense of copying pursuant to subsection 6. A copy of the conversion is admissible in evidence, and is acceptable for all other purposes, to

the same extent as the existing or original records would be if they were legible visually.

7. All indemnification determinations must be made:
 - a. By the board of ~~governors~~ by a majority of a quorum. Governors who are, at the time, parties to the proceeding are not counted for determining either a majority or the presence of a quorum;
 - b. 11-36-03. Creation of municipal port authority. Any municipality located near the junction of two paved and divided multilane highways, where two competing railroad intermodal lines intersect, and where two class I railroads interchange freight cars, may create by resolution of its governing body a public body corporate and politic to be known as a municipal port authority, which is authorized to exercise its functions upon the appointment and qualification of the first commissioners of the authority. 1. Two or more municipalities, one of which is in this state located near the junction of two paved and divided multilane highways, where two competing railroad intermodal lines intersect, and where two class I railroads interchange freight cars, may create by joint resolution a public body, corporate and politic, to be known as a regional port authority, which is authorized to exercise its functions upon the issuance by the secretary of state of a certificate of incorporation. The number to be appointed and representation must be provided for in the

joint resolution. The term of office of each regional port authority commissioner must be in accordance with subsection 5. Each regional port authority, once created, shall organize, elect officers for terms of office to be fixed by agreement, and adopt and amend rules for its own procedure not inconsistent with section 11-36-07.

2. A regional port authority may be increased to serve one or more additional municipalities if each additional municipality and each of the municipalities then included in the regional port authority and the commissioners of the regional port authority, respectively, adopt a resolution consenting to the addition. If a municipal port authority for any municipality seeking to be included in the regional port authority is then in existence, the commissioners of the municipal port authority must consent to the inclusion of the municipality in the regional port authority, and if the municipal port authority has any bonds outstanding, all of the holders of the bonds must consent, in writing, to the inclusion of the municipality in the regional port authority. Upon the inclusion of any municipality in the regional port authority, all rights, contracts, obligations, and property of the municipal port authority must be in the name of and vest in the regional port authority.
3. A regional port authority may be decreased if each of the municipalities then included in the regional port authority and the commissioners of the regional port authority consent to the decrease and make provisions for the retention or disposition of its assets and liabilities. If the regional port authority has any bonds outstanding, no decrease may be effected unless all of the holders of the bonds consent to the decrease.
4. A municipality may not adopt any resolution authorized by this section without a public hearing. Notice must be given at least ten days before the hearing in a newspaper published in the municipality, or if there is no newspaper published in the municipality, then in a newspaper having general circulation in the municipality.
5. All commissioners of a regional port authority must be appointed for terms of five years each, except that a vacancy occurring otherwise than by expiration of term must be filled for the unexpired term in the same manner as the original appointments.

2. When a regional port authority is increased or decreased pursuant to section 11-36-04, it shall forward to the secretary of state a certified copy of each resolution adopted pursuant to that section, and upon receipt of the resolution, the secretary of state shall issue an amended certificate of incorporation.

11-36-06. Proof of existence of authority.

1. In any proceeding involving the validity or enforcement of, or relating to, any contract of a municipal port authority, created pursuant to section 11-36-03, the municipal port authority is deemed to have become established and authorized to transact its business and exercise its powers upon proof of the adoption by the municipality of the resolution creating the municipal port authority and of the appointment and qualification of the first commissioners. Duly certified copies of the resolution creating the authority and of the certificates of appointment of the commissioners are admissible in evidence in any proceeding.
2. In any proceeding involving the validity or enforcement of, or relating to, any contract of a regional port authority, the regional port authority is deemed to have become established and authorized to transact its business and exercise its powers upon proof of the issuance by the secretary of state of a certificate of incorporation of such regional port authority. A copy of such certificate of incorporation, duly certified by the secretary of state, is admissible in evidence in any suit, action, or proceeding.

11-36-07. Commissioners - Compensation - Meetings - Officers.

1. A commissioner of an authority may not receive compensation for services but is entitled to the reimbursement of necessary expenses incurred in the discharge of duties. Each commissioner shall hold office until a successor has been appointed and has qualified. The certificates of the appointment and reappointment of commissioners must be filed with the port authority.
2. The powers of each port authority are vested in the commissioners.
3. There must be elected a chairman and vice chairman from among the commissioners. A port authority may employ an executive director, secretary, technical experts, and such other officers, agents, and employees, permanent and temporary, as it may require, and shall determine their qualifications, duties, and compensation. For legal services it may require, a port authority may call upon the chief law officer of the municipality or municipalities included in the port authority or may employ its own counsel and legal staff. A port authority may delegate to one or more of its agents or employees the powers or duties as it may deem proper.

11-36-08. Specific powers of a port authority. A port authority has all the powers necessary or convenient to carry out the purposes of this chapter, including the power to certify annually to the governing bodies creating it, the amount of tax to be levied by the governing bodies for port purposes, including the power:

1. To sue and be sued.
2. To execute such contracts and other instruments and take such other action as may be necessary or convenient to carry out the purposes of this chapter.

3. To plan, establish, acquire, develop, construct, purchase, enlarge, improve, maintain, equip, operate, regulate, and protect transportation, storage, or other facilities. For such purposes a port authority may by purchase, gift, devise, lease, or otherwise acquire property, including easements.
4. To establish comprehensive port zoning regulations in accordance with the laws of this state. For the purposes of this chapter, a regional port authority has the same powers as all other political subdivisions in the adoption and enforcement of comprehensive port zoning regulations as provided for by the laws of this state.
5. To acquire, by purchase, gift, devise, lease, or otherwise, existing transportation, storage, or other facilities that may be necessary or convenient to carry out this chapter. A port authority may not acquire or take over any transportation, storage, or other facilities owned or controlled by another port authority, municipality, or public agency of this or any other state without the consent of that port authority, municipality, or public agency.
6. To provide financial and other support to organizations in its jurisdiction, including corporations whose purpose is to promote, stimulate, develop, and advance the general welfare, economic development, and prosperity of its jurisdiction and of the state and its citizens by stimulating, assisting in, and supporting the growth of all kinds of economic activity, including the creation, expansion, modernization, retention, and relocation of new and existing businesses and industries in the state, all of which will tend to promote business development, maintain the economic stability and prosperity of the state, and thus provide maximum opportunities for employment and improvement in the standard of living of citizens of the state.

11-36-09. Disposal of port property. Except as may be limited by the terms and conditions of any grant, loan, or agreement authorized by section 11-36-13, an authority, by sale, lease, or otherwise, may dispose of any transportation, storage, or other facility or other property, or portion thereof or interest therein, acquired pursuant to this chapter. A disposal must be in accordance with the laws of this state governing the disposition of other public property, except that in the case of disposal to another port authority, a municipality, or an agency of the state or federal government for use and operation as a public port, the sale, lease, or other disposal may be effected in such manner and upon such terms as the commissioners of the port authority may deem in the best interest of transportation. Upon the termination of a port and controlling authority, remaining funds shall revert to the general fund of the political subdivision that levied a tax in support of the port.

11-36-10. Bonds and other obligations.

1. A port authority may borrow money for any of its corporate purposes and issue its bonds for that purpose, including refunding bonds, in the form and upon the terms as it may determine, payable out of any revenues of the port authority, including grants or contributions from the federal government or other sources, which bonds may be sold at not less than ninety-eight percent of par plus the interest accrued on the bonds to the date of the delivery of the bonds.

2. Bond issues sold at private sale must bear interest at a rate or rates and be sold at a price resulting in an average net interest cost not exceeding twelve percent per annum. There is no interest rate ceiling on those issues sold at public sale or to this state or any of its agencies or instrumentalities.
3. Any bonds issued pursuant to this chapter by a port authority, or by a governing body exercising the powers of a port authority, are payable, as to principal and interest, solely from revenues of a port or facilities, and must so state on the face of the bond, but if any issue of bonds constitutes an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction, each bond of the issue is, subject to the requirements of subsection 9, an equally valid and binding special obligation of the authority or municipality, as the case may be, in accordance with its terms, in an amount proportionate to the total amount of the issue which is within the limitation or restriction. Neither the commissioners of a port authority nor the governing body of a municipality nor any person executing such bonds is liable personally thereon by reason of the issuance thereof, except to the extent that the bonds, if constituting an indebtedness, exceed any applicable limitation or restriction.
4. In case any of the commissioners or officers of a port authority or municipality whose signatures appear on any bonds or coupons cease to be such commissioners or officers after authorization but before the delivery of the bonds, the signature, nevertheless, is valid and sufficient for all purposes, the same as if the commissioners or officers had remained in office until delivery. Notwithstanding any other provision of any law, any bonds issued pursuant to this chapter are fully negotiable.
5. Any bond reciting in substance that it has been issued by the port authority or municipality pursuant to this chapter and for a purpose or purposes authorized by this chapter is conclusively deemed, in any proceeding involving the validity or enforceability of the bond or the security therefor, to have been issued pursuant to this chapter and for such purpose or purposes.
6. Bonds issued by a port authority or municipality pursuant to this chapter are declared to be issued for an essential public and governmental purpose and, together with interest on the bonds, and income from the bonds are exempt from all taxes.
7. For the security of any such bonds, the port authority or municipality by resolution may make any covenant, agreement, or indenture authorized to be made as security for revenue bonds issued under chapter 40-35. The sums required from time to time to pay principal and interest and to create and maintain a reserve for the bonds may be made payable from any and all revenues referred to in this chapter, before the payment of current costs of operation and maintenance of the facilities.
8. Whenever bonds are issued under this chapter and made payable from revenues of a port involving municipalities with over ten thousand population, subject to requirements of subsection 9, the governing body of the municipality, if at any time all revenues, including taxes, appropriated and to that time collected for the bonds are insufficient to pay principal or interest then due, shall levy a general tax upon all of the

taxable property in the municipality for the payment of the deficiency. If at any time a deficiency is likely to occur within one year for the payment of principal and interest due on the bonds, the governing body, in its discretion, may levy a general tax upon all the taxable property in the municipality for the payment of the deficiency. The taxes are not subject to any limitation of rate or amount applicable to other municipal taxes.

9. For bonds issued under this section to be an obligation of a municipality or port authority, the issuance of the bonds must be approved by a majority vote of the governing body of each municipality involved or, within thirty days after the port authority decides it wishes to issue the bonds, the municipality or port authority must put the question, specifying the amount of the bond at issue, to the people at an election. The question may be put at a general election, a primary election, a municipal election, or at an election called for the purpose. If a majority of the qualified electors voting on the issue vote in favor of issuing the bonds, the port authority or municipality, to the amount authorized in the election, may pledge the general obligation of the port authority or municipality to guarantee the repayment of the principal and interest on the bonds.

11-36-11. Operation and use privileges.

1. In connection with the operation of a port or port facility owned or controlled by a port authority, the port authority may enter a contract, lease, and other arrangement for terms not to exceed thirty years with any person:
 - a. Granting the privilege of using or improving the port or port facility or any portion or space in the port or port facility for commercial purposes;
 - b. Conferring the privilege of supplying goods, commodities, things, services, or facilities at the port or port facility; and
 - c. Making available services to be furnished by the authority or its agents at the port or port facility.
2. In each case the port authority may establish the terms and conditions and fix the charges, rentals, or fees for the privileges or services, which must be reasonable and uniform for the same class or privilege or service and must be established with due regard to the property and improvements used and the expenses of operation to the authority; provided that in no case may the public be deprived of its rightful, equal, and uniform use of the port, port facility, or portion of a port or port facility.
3. Except as may be limited by the terms and conditions of any grant, loan, or agreement authorized by section 11-36-13, a port authority by contract, lease, or other arrangements, upon a consideration fixed by it, may grant to any qualified person for a term not to exceed thirty years the privilege of operating, as agent of the port authority or otherwise, any port owned or controlled by the port authority; provided that no person may be granted any authority to operate a port other than as a public port or to enter any contract, lease, or other arrangement in

connection with the operation of the port which the port authority might not have undertaken under subsection 1.

11-36-12. Regulations. A port authority may adopt, amend, and repeal such reasonable resolutions, regulations, and orders as it determines necessary for the management, government, and use of any port or port facility owned by it or under its control. No rule, regulation, order, or standard prescribed by the port authority may be inconsistent with, or contrary to, any Act of the Congress of the United States or any regulation promulgated or standard established pursuant to an Act of Congress. The port authority shall keep on file at the principal office of the port authority for public inspection a copy of all its regulations.

11-36-13. Federal and state aid. A port authority may accept, receive, receipt for, disburse, and expend federal and state moneys and other moneys, public or private, made available by grant or loan or both, to accomplish, in whole or in part, any of the purposes of this chapter. All federal moneys accepted under this section must be accepted and expended by the port authority upon such terms and conditions as are prescribed by the United States and as are consistent with state law; and all state moneys accepted under this section must be accepted and expended by the port authority upon such terms and conditions as are prescribed by the state.

11-36-14. Tax levy may be certified by port authority or municipality. The port authority may certify annually to the governing bodies the amount of tax to be levied by each municipality participating in the creation of the port authority, and the municipality shall levy the amount certified, pursuant to provisions of law authorizing political subdivisions of this state to levy taxes for port purposes. The levy made may not exceed the maximum levy permitted by the laws of this state for port purposes. The municipality shall collect the taxes certified by a port authority in the same manner as other taxes are levied and collected. The proceeds of such taxes must be deposited in a special account or accounts in which other revenues of the port authority are deposited and may be expended by the port authority as provided in this chapter. Before issuance of bonds under section 11-36-10, the port authority or the municipality by resolution may covenant and agree that the total amount of the taxes then authorized by law, or such portion of the taxes as may be specified by the resolution, will be certified, levied, and deposited annually until the bonds and interest are fully paid.

11-36-15. County tax levy for port purposes. In counties supporting ports or port authorities, a levy not exceeding the limitation in section 2 of this Act may be made but this levy may not apply to any municipality that has a port levy.

11-36-16. Joint operations.

1. For the purposes of this section, unless otherwise qualified, the term "public agency" includes municipality and port authority, any agency of the state government and of the United States, and any political subdivision and agency of an adjoining state; and the term "governing body" includes commissioners of a port authority, the governing body of a municipality, and the head of an agency of a state or the United States if the public agency is other than a port authority or municipality. All powers, privileges, and authority granted by this chapter may be exercised and enjoyed by an authority jointly with any public agency of this state, and jointly with any public agency of any adjoining state or of the United States to the extent that the laws of such other state or of the United States permit such joint exercise of enjoyment. Any agency of

the state government, when acting jointly with any authority, may exercise and enjoy all the powers, privileges, and authority conferred by this chapter upon an authority.

2. Any two or more public agencies may enter agreements with each other for joint action pursuant to the provisions of this section. SECTION 4. Six new sections to chapter 12-65 of the North Dakota Century Code are created and enacted as follows:

Custody and detention of offender for violation of terms and conditions of compact supervision - Hearing and waiver - Report to sending state. Whenever it is alleged that an offender has violated any terms and conditions of supervision under the compact for the supervision of adult offenders, the compact administrator may issue a warrant to take the offender into custody and detain the offender and request that the sending state retake the offender. If there is probable cause to believe an offender has violated any of the terms or conditions of supervision under the compact for the supervision of adult offenders, a parole and probation officer or any peace officer directed by a parole and probation officer may take the offender into custody and detain the offender in a correctional facility pending application for a warrant of arrest and authority to detain. The offender may

not be released on bail pending the probable cause hearing under this chapter. The offender is entitled to a hearing to be held in accordance with this chapter within a reasonable time after being taken into custody to determine whether there is probable cause to find that the offender violated any of the terms and conditions of parole or probation while under compact supervision. The offender may waive the hearing and admit there is probable cause to find that the offender violated any of the terms and conditions of parole or probation while under compact supervision. As soon as practical after the hearing or waiver of the hearing, the compact administrator shall furnish a copy of the hearing record and make a report to the sending state with findings of fact regarding the violations of the terms and conditions of parole or probation while under compact supervision and shall make recommendations regarding the disposition of the offender. If it appears to the compact administrator that the sending state will retake the offender, the compact administrator may detain the offender for a reasonable period after the hearing or waiver in order for the sending state to arrange for retaking the offender.

Waiver of extradition. Authorized officers of a sending state may enter this state and apprehend and retake any offender from the sending state who is present in this state pursuant to the compact for the supervision of adult offenders. The sending state shall establish the authority of the officers and the identity of the offender before the officers may retake the offender back to the sending state. All legal requirements to obtain extradition of fugitives from justice are hereby expressly waived. The decision of the sending state to retake an offender is conclusive upon and not reviewable by this state. If the offender is alleged to have committed a criminal offense within this state, or if there is any criminal charge pending against an offender in this state, and unless permission has been obtained from the state's attorney in the county in which the criminal offense is alleged to have occurred, the sending state may not retake the offender from this state until the offender has been discharged from prosecution or released from imprisonment for the criminal offense.

Who may hold a hearing. A hearing pursuant to this chapter must be before a hearing officer designated by the compact administrator. The hearing may not be conducted by a person directly involved in the supervision of the offender or by the person bringing the allegation of a probation or parole violation.

Conduct of hearing. The offender is entitled to:

1. Notice in writing of the nature and content of the allegations against the offender and that the purpose of the hearing is to determine whether there is probable cause to believe that the offender has violated any terms and conditions of compact supervision that may result in the sending state retaking the offender and may result in revocation of parole or probation in the sending state.
2. Opportunity to be heard in person and present witnesses and evidence.
3. The opportunity to confront and cross-examine adverse witnesses, unless the hearing officer determines that confrontation may present a risk of harm to a witness.
4. Written findings of fact and an explanation of the decision.

Force and effect of hearings in other states. In a case of alleged parole or probation violation by an offender being supervised in another state pursuant to the interstate compact for the supervision of adult offenders, any appropriate judicial or administrative officer or agency in another state is authorized to hold a hearing on

the alleged violation. Upon receipt of the record of a parole or probation violation hearing held in another state pursuant to a statute substantially similar to this chapter, the record has the same standing and effect as though the proceeding of which it is a record was had before the appropriate officer or officers in this state, and any recommendations contained in or accompanying the record must be fully considered by the appropriate officer or officers of this state in making disposition of the matter.

Violation of compact - Penalty. An offender who is on parole or probation in another state, who is present in this state without the permission of the compact administrator, and who does not leave this state within seven days after being notified in writing by a law enforcement officer that the offender may not remain in this state without the permission of the compact administrator is guilty of a class C felony. Within twenty-four hours after a law enforcement officer has notified an offender that the offender may not remain within the state without the permission of the compact administrator, the law enforcement officer shall report the notification to the designated officer. An offender who is on parole or probation in another state may not remain in this state without the permission of the compact administrator. In a prosecution for an offense under this section, an offender's good-faith belief that the offender received permission to be present in this state is an affirmative defense if the offender acted in reasonable reliance upon the written statements of an authorized officer of this state or the state in which the offender is on parole or probation. This defense is not available to a person who remains present in this state after being notified in writing by the compact administrator that the offender does not have permission to be present.

SECTION 5. AMENDMENT. Subsection 1 of section 54-57-03 of the North Dakota Century Code is amended and reenacted as follows:

1. Notwithstanding the authority granted in chapter 28-32 allowing agency heads or other persons to preside in an administrative proceeding, all adjudicative proceedings of administrative agencies under chapter 28-32, except those of the public service commission, the industrial commission, the insurance commissioner, the workers compensation bureau, the state engineer, the department of transportation, job service North Dakota, and the labor commissioner, must be conducted by the office of administrative hearings in accordance with the adjudicative proceedings provisions of chapter 28-32 and any rules adopted pursuant to chapter 28-32. But, appeals hearings pursuant to section 61-03-22 and drainage appeals from water resource boards to the state engineer pursuant to chapter 61-32 must be conducted by the office of administrative hearings. Additionally, hearings of the department of corrections and rehabilitation for the parole board in accordance with ~~chapters 12-56.1 and chapter 12-59~~, regarding parole violations; job discipline and dismissal appeals to the board of higher education; Individuals With Disabilities Education Act and section 504 due process hearings of the superintendent of public instruction; and chapter 37-19.1 veterans' preferences hearings for any agency must be conducted by the office of administrative hearings in accordance with applicable laws.

SECTION 6. REPEAL. Chapters 12-56 and 12-56.1 of the North Dakota Century Code and section 2 of chapter 141 of the 2001 Session Laws are repealed.

12. Coordinate training and education regarding the regulation of interstate movement of juveniles for officials involved in such activity; and
13. Coordinate the implementation and operation of the compact with the interstate compact for the placement of children, the interstate compact for adult offender supervision, and other compacts affecting juveniles particularly in those cases where concurrent or overlapping supervision issues arise. It is the policy of the compacting states that the activities conducted by the interstate commission are the formation of public policies and therefore are public business, and the compacting states shall cooperate and observe their individual and collective duties and responsibilities for the prompt return and acceptance of juveniles subject to the provisions of this compact. The provisions of this compact must be reasonably and liberally construed to accomplish the purposes and policies of the compact.

Article 3. Interstate Commission for Juveniles

1. The compacting states create the interstate commission for juveniles. The commission is a body corporate and joint agency of the compacting states. The commission has all the responsibilities, powers, and duties set forth in this compact, and any additional powers as may be conferred upon it by subsequent action of the respective legislatures of the compacting states in accordance with the terms of this compact.
2. The commission consists of commissioners appointed by the appropriate appointing authority in each state pursuant to the rules and requirements of each compacting state and in consultation with the state

council for interstate juvenile supervision. The commissioner is the compact administrator, deputy compact administrator, or designee from that state who serves on the commission in that capacity under or pursuant to the applicable law of the compacting state.

3. In addition to the commissioners who are the voting representatives of each state, the commission must include individuals who are not commissioners, but who are members of interested organizations. The noncommissioner members include a member of the national organizations of governors, legislators, state chief justices, attorneys general, interstate compact for adult offender supervision, interstate compact for the placement of children, juvenile justice and juvenile corrections officials, and crime victims. All noncommissioner members of the commission are nonvoting members. The commission may provide in its bylaws for other additional nonvoting members, including members of other national organizations, in those numbers as determined by the commission.
4. Each compacting state represented at any meeting of the commission is entitled to one vote. A majority of the compacting states constitutes a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the commission.
5. The commission shall meet at least once each calendar year. The chairman may call additional meetings and, upon the request of a simple majority of the compacting states, shall call additional meetings. Public notice must be given of all meetings and meetings must be open to the public.
6. The commission shall establish an executive committee that includes commission officers, members, and others as determined by the bylaws. The executive committee shall act on behalf of the commission during periods when the commission is not in session, with the exception of rulemaking or amendment to the compact. The executive committee oversees the day-to-day activities of the administration of the compact managed by an executive director and commission staff; administers enforcement and compliance with the provisions of the compact, its bylaws and rules, and performs any other duties as directed by the commission or set forth in the bylaws.
7. Each member of the commission is entitled to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the interstate commission. A member shall vote in person and may not delegate a vote to another compacting state. However, a commissioner, in consultation with the state council, shall appoint another authorized representative, in the absence of the commissioner from that state, to cast a vote on behalf of the compacting state at a specified meeting. The bylaws may provide for members' participation in meetings by telephone or other means of telecommunication or electronic communication.
8. The commission's bylaws must establish conditions and procedures under which the commission makes its information and official records available to the public for inspection or copying. The commission may exempt from disclosure any information or official records to the extent

the information or records would adversely affect personal privacy rights or proprietary interests.

9. Public notice must be given of all meetings and all meetings are open to the public, except as set forth in the rules or as otherwise provided in the compact. The commission and any of its committees may close a meeting to the public when it determines by two-thirds vote that an open meeting would be likely to:
 - a. Relate solely to the commission's internal personnel practices and procedures;
 - b. Disclose matters specifically exempted from disclosure by statute;
 - c. Disclose trade secrets or commercial or financial information that is privileged or confidential;
 - d. Involve accusing any person of a crime or formally censuring any person;
 - e. Disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;
 - f. Disclose investigative records compiled for law enforcement purposes;
 - g. Disclose information contained in or related to examination, operating or condition reports prepared by, or on behalf of or for the use of, the commission with respect to a regulated person for the purpose of regulation or supervision of that person;
 - h. Disclose information, the premature disclosure of which would significantly endanger the stability of a regulated person; or
 - i. Specifically relate to the commission's issuance of a subpoena or its participation in a legal proceeding.
10. For every meeting closed pursuant to this provision, the commission's legal counsel shall publicly certify that, in the legal counsel's opinion, the meeting may be closed to the public and shall reference each relevant exemptive provision. The commission shall keep minutes that fully and clearly describe all matters discussed in any meeting and shall provide a full and accurate summary of any actions taken and the reasons therefor, including a description of each of the views expressed on any item and the record of any roll call vote. All documents considered in connection with any action must be identified in the minutes.
11. The commission shall collect standardized data concerning the interstate movement of juveniles as directed through its rules which shall specify the data to be collected, the means of collection and data exchange, and reporting requirements. The methods of data collection, exchange, and reporting, insofar as is reasonably possible, must conform to up-to-date technology and coordinate its information functions with the appropriate repository of records.

Article 4. Powers and Duties of the Commission

The commission has the following powers and duties:

1. To provide for dispute resolution among compacting states.
2. To adopt rules to effect the purposes and obligations as enumerated in this compact, which have the force and effect of law and are binding in the compacting states to the extent and in the manner provided in this compact.
3. To oversee, supervise, and coordinate the interstate movement of juveniles subject to the terms of this compact and any bylaws adopted and rules adopted by the commission.

10. To accept, use, and dispose of donations and grants of money, equipment, supplies, materials, and services.
11. To lease, purchase, accept contributions or donations of, or otherwise to own, hold, improve, or use any property.
12. To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property.
13. To establish a budget and make expenditures and levy dues as provided in article 8 of this compact.
14. To sue and be sued.
15. To adopt a seal and bylaws governing the management and operation of the commission.

16. To perform such functions as may be necessary or appropriate to achieve the purposes of this compact.
17. To report annually to the legislatures, governors, judiciary, and state councils of the compacting states concerning the activities of the commission during the preceding year. Reports must include any recommendations that may have been adopted by the commission.
18. To coordinate education, training, and public awareness regarding the interstate movement of juveniles for officials involved in that activity.
19. To establish uniform standards of the reporting, collecting, and exchanging of data.
20. To maintain its corporate books and records in accordance with the bylaws.

Article 5. Organization and Operation of the Commission

1. The commission, by a majority of the members present and voting, within twelve months after the first commission meeting, shall adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the compact, including:
 - a. Establishing the fiscal year of the commission;
 - b. Establishing an executive committee and any other committee as may be necessary;
 - c. Providing for the establishment of committees governing any general or specific delegation of any authority or function of the interstate commission;
 - d. Providing reasonable procedures for calling and conducting meetings of the commission and ensuring reasonable notice of each meeting;

 - g. Providing startup rules for initial administration of the compact; and
 - h. Establishing standards and procedures for compliance and technical assistance in carrying out the compact.
2. The commission, by a majority of the members, shall elect annually from among its members a chairman and a vice chairman, each of whom has the authority and duties as may be specified in the bylaws. The chairman or, in the chairman's absence or disability, the vice chairman shall preside at all meetings of the commission. The officers so elected serve without compensation or remuneration from the commission,

provided that, subject to the availability of budgeted funds, the officers are reimbursed for any ordinary and necessary costs and expenses incurred by them in the performance of their duties and responsibilities as officers of the interstate commission.

3. The commission, through its executive committee, shall appoint or retain an executive director for a period, upon the terms and conditions, and for the compensation as the commission determines appropriate. The executive director shall serve as secretary to the commission, but may not be a member, and shall hire and supervise any other staff as may be authorized by the commission.
4.
 - a. The commission's executive director and employees are immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to any actual or alleged act, error, or omission that occurred, or that the person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities; provided, that the individual is not protected from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct.
 - b. The liability of any commissioner, or the employee or agent of a commissioner, acting within the scope of that individual's employment or duties for acts, errors, or omissions occurring within that individual's state may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees, and agents. This subdivision does not protect any individual from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of that individual.
 - c. The commission shall defend the executive director or the employees or representatives of the commission and, subject to the approval of the attorney general of the state represented by any commissioner of a compacting state, shall defend the commissioner or the commissioner's representatives or employees in any civil action seeking to impose liability arising out of any actual or alleged act, error or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of that individual.
 - d. The commission shall indemnify and hold the commissioner of a compacting state, or the commissioner's representatives or employees, or the commission's representatives or employees, harmless in the amount of any settlement or judgment obtained against the individuals arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the individuals had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that

the actual or alleged act, error, or omission did not result from the intentional or willful and wanton misconduct on the part of the individuals.

Article 6. Rulemaking Functions of the Commission

1. The commission shall adopt and publish rules to effectively and efficiently achieve the purposes of the compact.
2. Rulemaking must occur pursuant to the criteria set forth in this article and the bylaws and rules adopted pursuant to this article. The rulemaking must substantially conform to the principles of the Model State Administrative Procedures Act, 1981 Act, Uniform Laws Annotated, Vol. 15, p.1 (2000), or any other administrative procedures act, as the interstate commission deems appropriate consistent with due process requirements under the Constitution of the United States. All rules and amendments become binding as of the date specified, as published with the final version of the rule as approved by the commission.
3. When adopting a rule, the commission shall:
 - a. Publish the proposed rule's entire text stating the reason for that proposed rule;
 - b. Allow and invite any person to submit written data, facts, opinions, and arguments which must be added to the record, and be made publicly available;
 - c. Provide an opportunity for an informal hearing if petitioned by ten or more persons; and
 - d. Adopt a final rule and its effective date, if appropriate, based on comment from interested parties or state or local officials.
4. Not later than sixty days after a rule is adopted, any interested person may file a petition in the United States district court for the District of Columbia or in the federal district court where the commission's principal office is located for judicial review of the rule. If the court finds that the commission's action is not supported by substantial evidence in the rulemaking record, the court shall hold the rule unlawful and set it aside. For purposes of this subsection, evidence is substantial if it would be considered substantial evidence under the Model State Administrative Procedures Act.
5. If a majority of the legislatures of the compacting states rejects a rule, those states, by enactment of a statute or resolution in the same manner used to adopt the compact, may cause that the rule has no further force and effect in any compacting state.
6. The existing rules governing the operation of the interstate compact on juveniles superseded by this act are void twelve months after the first meeting of the commission.
7. Upon determination by the commission that a state of emergency exists, the commission may adopt an emergency rule that becomes effective

immediately upon adoption, provided that the usual rulemaking procedures provided in this article are retroactively applied to the rule as soon as reasonably possible, but no later than ninety days after the effective date of the emergency rule.

Article 7. Oversight, Enforcement, and Dispute Resolution by the Commission

1. The commission shall oversee the administration and operations of the interstate movement of juveniles subject to this compact in the compacting states and shall monitor those activities being administered in noncompacting states which may significantly affect compacting states.
2. The courts and executive agencies in each compacting state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. This compact and the rules adopted under this compact must be received by all the judges, public officers, commissions, and departments of the state government as evidence of the authorized statute and administrative rules. All courts must take judicial notice of the compact and the rules. In any judicial or administrative proceeding in a compacting state pertaining to the subject matter of this compact which may affect the powers, responsibilities or actions of the interstate commission, the commission is entitled to receive all service of process in the proceeding, and has standing to intervene in the proceeding for all purposes.
3. The compacting states shall report to the commission on all issues and activities necessary for the administration of the compact as well as issues and activities pertaining to compliance with the provisions of the compact and its bylaws and rules.
4. The commission shall attempt, upon the request of a compacting state, to resolve any disputes or other issues that are subject to the compact and which may arise among compacting states and between compacting and noncompacting states. The commission shall adopt a rule providing for both mediation and binding dispute resolution for disputes among the compacting states.
5. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact using any or all means set forth in article 11 of this compact.

Article 8. Finance

1. The commission shall pay or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities.
2. The commission shall levy on and collect an annual assessment from each compacting state to cover the cost of the internal operations and activities of the commission and the commission's staff, which must be in a total amount sufficient to cover the commission's annual budget as approved each year. The aggregate annual assessment amount must be allocated based upon a formula to be determined by the commission, taking into consideration the population of each compacting state and

the volume of interstate movement of juveniles in each compacting state and shall adopt a rule binding upon all compacting states which governs the assessment.

3. The commission may not incur any obligations of any kind before securing the funds adequate to meet the obligations, nor may the commission pledge the credit of any of the compacting states, except by and with the authority of the compacting state.
4. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission are subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission must be audited yearly by a certified or licensed public accountant and the report of the audit must be included in and become part of the annual report of the commission.

Article 9. Compact Administrator and State Council

1. The director of the department of corrections and rehabilitation, or the director's designee, shall serve as the compact administrator for this state's commissioner to the commission.
2. The North Dakota state council for interstate juvenile supervision is established, consisting of seven members. The director of the department of corrections and rehabilitation, or the director's designee, is a member of the state council and serves as chairman. Of the remaining members of the state council:
 - a. The governor shall appoint three members, one of whom must represent a crime victim's organization; and
 - b. The chief justice of the supreme court shall appoint one member and the chairman of the legislative council shall appoint one member from the house of representatives and one member from the senate.
3. The term of office of a member is four years.
4. The state council shall meet at least twice a year.
5. The state council may advise the compact administrator on participation in the commission activities and administration of the compact.
6. Members of the state council are entitled to expenses as provided in sections 44-08-04 and 54-06-09. Legislative assembly members also are entitled to compensation at the rate provided in section 54-35-10.

Article 10. Compacting States, Effective Date, and Amendment

1. Any state is eligible to become a compacting state.
2. The compact becomes effective and binding upon legislative enactment of the compact into law by no less than thirty-five states. The initial effective date is the later of July 1, 2004, or upon enactment into law by

the thirty-fifth jurisdiction. Thereafter, the compact becomes effective and binding, as to any other compacting state, upon enactment of the compact into law by that state. The governors of nonmember states or their designees must be invited to participate in the activities of the commission on a nonvoting basis before the adoption of the compact by all states and territories of the United States.

3. The commission may propose amendments to the compact for enactment by the compacting states. An amendment does not become effective and binding upon the commission and the compacting states until it is enacted into law by unanimous consent of the compacting states.

Article 11. Withdrawal, Default, Termination, and Judicial Enforcement

1. Once effective, the compact continues in force and remains binding upon every compacting state, but a compacting state may withdraw from the compact by specifically repealing the statute that enacted the compact into law. The effective date of withdrawal is the effective date of the repeal. The withdrawing state shall notify the chairman of the commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The commission shall notify the other compacting states of the withdrawing state's intent to withdraw within sixty days of receipt of the notice. The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, including any obligations the performance of which extend beyond the effective date of withdrawal. Reinstatement following withdrawal of any compacting state occurs upon the withdrawing state reenacting the compact or upon a later date as determined by the interstate commission.
2. If the commission determines that any compacting state has at any time defaulted in the performance of any of its obligations or responsibilities under this compact or the bylaws or rules of the commission, the commission may impose any or all of the following penalties:
 - a. Remedial training and technical assistance as directed by the commission;
 - b. Alternative dispute resolution;
 - c. Fines, fees, and costs in those amounts as are determined to be reasonable as fixed by the commission; and
 - d. Suspension or termination of membership in the compact, which may be imposed only after all other reasonable means of securing compliance under the bylaws and rules have been exhausted and the commission has determined that the offending state is in default.
 - (1) Immediate notice of suspension must be given by the commission to the governor, the chief justice or the chief judicial officer of the state, the majority and minority leaders of the defaulting state's legislature, and the state council. The grounds for default include failure of a compacting state

to perform the obligations or responsibilities imposed upon the state by this compact, the bylaws, or rules and any other grounds designated in commission bylaws and rules. The commission shall notify the defaulting state in writing of the penalty imposed by the commission and of the default pending a cure of the default. The commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the commission, the defaulting state must be terminated from the compact upon an affirmative vote of a majority of the compacting states and all rights, privileges, and benefits conferred by this compact must be terminated from the effective date of termination.

- (2) Within sixty days of the effective date of termination of a defaulting state, the commission shall notify the governor, the chief justice or chief judicial officer, the majority and minority leaders of the defaulting state's legislature, and the state council of the termination. The defaulting state is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including any obligations the performance of which extends beyond the effective date of termination. The commission does not bear any costs relating to the defaulting state unless otherwise mutually agreed upon in writing between the commission and the defaulting state. Reinstatement following termination of any compacting state requires both a reenactment of the compact by the defaulting state and the approval of the commission pursuant to the rules.
3. The commission, by majority vote of the members, may initiate legal action in the United States district court for the District of Columbia or, at the discretion of the commission, in the federal district where the commission has its offices, to enforce compliance with the compact, its duly promulgated rules, and bylaws against any compacting state in default. If judicial enforcement is necessary, the prevailing party must be awarded all costs of the litigation, including reasonable attorney fees.
4. The compact dissolves effective upon the date of the withdrawal or default of the compacting state which reduces membership in the compact to one compacting state. Upon the dissolution of this compact, the compact becomes void and the business and affairs of the commission must be concluded and any surplus funds must be distributed in accordance with the bylaws.

Article 12. Binding Effect of Compact and Other Laws

1. This compact does not prevent the enforcement of any other law of a compacting state which is consistent with this compact. All compacting states' laws other than the Constitution of North Dakota and other interstate compacts conflicting with this compact are superseded to the extent of the conflict.
2. All lawful actions of the commission, including all rules and bylaws adopted by the commission, are binding upon the compacting states.

3. All agreements between the commission and the compacting states are binding in accordance with their terms.
4. Upon the request of a party to a conflict over meaning or interpretation of commission actions, and upon a majority vote of the compacting states, the commission may issue advisory opinions regarding the meaning or interpretation.
5. In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by the provision upon the commission are ineffective and the obligations, duties, powers, or jurisdiction remain in the compacting state and must be exercised by the agency to which the obligations, duties, powers, or jurisdiction are delegated by law in effect at the time this compact becomes effective.

AN ACT to amend and reenact subsection 2 of section 6-08-16, subdivision p of subsection 4 of section 12.1-32-07, and section 12.1-32-08 of the North Dakota Century Code, relating to the civil penalty for issuing a check or draft without sufficient funds and the collection of restitution for insufficient funds checks; and to provide for a continuing appropriation.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Subsection 2 of section 6-08-16 of the North Dakota Century Code is amended and reenacted as follows:

2. The grade of an offense under this section may be determined by individual or aggregate totals of insufficient funds checks, drafts, electronic funds transfer authorizations, or orders. The person is also liable for collection fees or costs, not in excess of twenty-five dollars, which are recoverable by the holder, or its agent or representative, of the check, draft, electronic funds transfer authorization, or order. A collection agency shall reimburse the original holder of the check, draft, electronic funds transfer authorization, or order any additional charges assessed by the depository bank of the check, draft, electronic funds transfer authorization, or order not in excess of two dollars if recovered by the collection agency. A If the person does not pay the instrument in full and any collection fees or costs not in excess of twenty-five dollars within ten days from receipt of the notice of dishonor provided for in subsection 4, a civil penalty is also recoverable by civil action by the holder, or its agent or representative, of the check, draft, electronic funds transfer authorization, or order. The civil penalty consists of payment to the holder, or its agent or representative, of the instrument of the lesser of two hundred dollars or three times the amount of the instrument. The court may order an individual convicted under this section to undergo an evaluation by a licensed gaming, alcohol, or drug addiction counselor.

⁵⁶ **SECTION 2. AMENDMENT.** Subdivision p of subsection 4 of section 12.1-32-07 of the North Dakota Century Code is amended and reenacted as follows:

- p. Reimburse the costs and expenses determined necessary for the defendant's adequate defense when counsel is appointed for the defendant. When reimbursement of indigent defense costs and expenses is imposed as a condition of probation, the court shall proceed as provided in subsection ~~3~~ 4 of section 12.1-32-08.

⁵⁶ Section 12.1-32-07 was also amended by section 9 of House Bill No. 1183, chapter 138.

SECTION 3. AMENDMENT. Section 12.1-32-08 of the North Dakota Century Code is amended and reenacted as follows:

12.1-32-08. Hearing prior to ordering restitution, reparation, or reimbursement of indigent defense costs and expenses - Conditions - Collection of restitution for insufficient funds checks - Continuing appropriation.

1. Before imposing restitution or reparation as a sentence or condition of probation, the court shall hold a hearing on the matter with notice to the prosecuting attorney and to the defendant as to the nature and amount thereof. The court, when sentencing a person adjudged guilty of criminal activities that have resulted in pecuniary damages, in addition to any other sentence it may impose, shall order that the defendant make restitution to the victim or other recipient as determined by the court, unless the court states on the record, based upon the criteria in this subsection, the reason it does not order restitution or orders only partial restitution. In determining whether to order restitution, the court shall take into account:
 - a. The reasonable damages sustained by the victim or victims of the criminal offense, which damages are limited to those directly related to the criminal offense and expenses actually incurred as a direct result of the defendant's criminal action. This can include an amount equal to the cost of necessary and related professional services and devices relating to physical, psychiatric, and psychological care. The defendant may be required as part of the sentence imposed by the court to pay the prescribed treatment costs for a victim of a sexual offense as defined in chapters 12.1-20 and 12.1-27.2.
 - b. The ability of the defendant to restore the fruits of the criminal action or to pay monetary reparations, or to otherwise take action to restore the victim's property.
 - c. The likelihood that attaching a condition relating to restitution or reparation will serve a valid rehabilitational purpose in the case of the particular offender considered.

The court shall fix the amount of restitution or reparation, which may not exceed an amount the defendant can or will be able to pay, and shall fix the manner of performance of any condition or conditions of probation established pursuant to this subsection. The court shall order restitution be paid to the division of adult services for any benefits the division has paid or may pay under chapter 54-23.4 unless the court, on the record, directs otherwise. Any payments made pursuant to the order must be deducted from damages awarded in a civil action arising from the same incident. An order that a defendant make restitution or reparation as a sentence or condition of probation may, unless the court directs otherwise, be filed, transcribed, and enforced by the person entitled to the restitution or reparation or by the division of adult services in the same manner as civil judgments rendered by the courts of this state may be enforced.

2. When the restitution ordered by the court under subsection 1 is the result of a finding that the defendant issued a check or draft without

sufficient funds or without an account, the court shall impose as costs the greater of the sum of ten dollars or an amount equal to twenty-five percent of the amount of restitution ordered. The costs imposed under this subsection, however, may not exceed one thousand dollars. The state-employed clerks of district court shall remit the funds collected as costs under this subsection to the state treasurer for deposit in the restitution collection assistance fund. The funds deposited into the restitution collection assistance fund are appropriated to the judicial branch on a continuing basis for the purpose of defraying expenses incident to the collection of restitution, including operating expenses and the compensation of additional necessary personnel. The state's attorneys and county-employed clerks of district court shall remit the funds collected as costs under this subsection to the county treasurer to be deposited in the county general fund.

3. The court may order the defendant to perform reasonable assigned work as a condition of probation, which assigned work need not be related to the offense charged, but must not be solely for the benefit of a private individual other than the victim.

- ~~3.~~ 4.
- a. Under section 12.1-32-07, the court may order that the defendant reimburse indigent defense costs and expenses as a condition of probation. The court shall notify the defendant, the defendant's probation officer, and the prosecuting attorney of the amount of costs and expenses to be reimbursed and of the defendant's right to a hearing on the reimbursement amount. It is a rebuttable presumption that reasonable reimbursement of costs and expenses consists of seventy-five dollars per hour for appointed counsel services plus reasonable expenses. The reimbursement amount must include an application fee imposed under section 29-07-01.1 if the fee has not been paid before disposition of the case and the court has not waived payment of the fee. If the defendant requests a hearing within thirty days of receiving notice under this subdivision, the court shall schedule a hearing at which the basis for the amount to be reimbursed must be demonstrated. In determining the amount and method of reimbursement, the court shall consider the financial resources of the defendant and the nature of the burden that reimbursement of costs and expenses will impose.
 - b. A defendant who is required to reimburse indigent defense costs and expenses as a condition of probation and who is not willfully in default in that reimbursement may at any time petition the court that imposed the condition to waive reimbursement of all or any portion of the costs and expenses. If the court is satisfied that reimbursement of the amount due will impose undue hardship on the defendant or the defendant's immediate family, the court may waive reimbursement of all or any portion of the amount due or modify the method of payment.
 - c. If at any time the court finds that the defendant is able to reimburse costs and expenses and has willfully failed to do so, the court may continue, modify, or enlarge the conditions of probation or revoke probation as provided in subsection 6 or 7, as applicable, of section 12.1-32-07.

4. 5. If the court finds that the defendant is unable to pay a fine, supervision fee, reimbursement for indigent defense costs and expenses, or restitution or reparations, the court may order the defendant to perform reasonable assigned work in lieu of all or part of a fine, a supervision fee, reimbursement for indigent defense costs and expenses, or restitution or reparations. The defendant may not perform reasonable assigned work in lieu of restitution or reparations unless the person entitled to restitution or reparations has consented in writing or on the record.

UNIFORM INTERSTATE ENFORCEMENT OF
DOMESTIC VIOLENCE PROTECTION ORDERS ACT

AN ACT to create and enact a new chapter to title 14 of the North Dakota Century Code, relating to the Uniform Interstate Enforcement of Domestic Violence Protection Orders Act; to amend and reenact section 14-07.1-06 of the North Dakota Century Code, relating to penalties for violation of a protection order; to repeal section 14-07.1-02.2 of the North Dakota Century Code, relating to foreign domestic violence protection orders; to provide a penalty; and to provide for application.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

⁵⁷ **SECTION 1. AMENDMENT.** Section 14-07.1-06 of the North Dakota Century Code is amended and reenacted as follows:

14-07.1-06. Penalty for violation of a protection order. Whenever a protection order is granted under section 14-07.1-02 or 14-07.1-03 and the respondent or person to be restrained has been served a copy of the order, a violation of the order is a class A misdemeanor and also constitutes contempt of court. A second or subsequent violation of a protection order is a class C felony. ~~Violation of a foreign protection order entitled to full faith and credit recognition under section 14-07.1-02.2 is a class A misdemeanor. A second or subsequent violation of such an order is a class C felony.~~

SECTION 2. A new chapter to title 14 of the North Dakota Century Code is created and enacted as follows:

Definitions. In this chapter:

1. "Foreign protection order" means a protection order issued by a tribunal of another state.
2. "Issuing state" means the state whose tribunal issues a protection order.
3. "Mutual foreign protection order" means a foreign protection order that includes provisions issued in favor of both the protected individual seeking enforcement of the order and the respondent.
4. "Protected individual" means an individual protected by a protection order.

⁵⁷ Section 14-07.1-06 was also amended by section 3 of Senate Bill No. 2329, chapter 105.

5. "Protection order" means an injunction or other order, issued by a tribunal under the domestic violence or family violence laws of the issuing state, to prevent an individual from engaging in violent or threatening acts against, harassment of, contact or communication with, or physical proximity to another individual. The term includes an injunction or other order issued under the antistalking laws of the issuing state.
6. "Respondent" means the individual against whom enforcement of a protection order is sought.
7. "State" means a state of the United States, the District of Columbia, Puerto Rico, the United States Virgin Islands, or any territory or insular possession subject to the jurisdiction of the United States. The term includes an Indian tribe or band that has jurisdiction to issue protection orders.
8. "Tribunal" means a court, agency, or other entity authorized by law to issue or modify a protection order.

Judicial enforcement of order.

1. A tribunal of this state shall enforce the terms of a valid foreign protection order, including terms that provide relief that a tribunal of this state would lack power to provide but for this section. A tribunal of this state shall enforce a valid foreign protection order issued by a tribunal, whether the order was obtained by independent action or in another proceeding, if it is an order issued in response to a complaint, petition, or motion filed by or on behalf of an individual seeking protection. A tribunal of this state may not enforce an order issued by a tribunal that does not recognize the standing of a protected individual to seek enforcement of the order.
2. A tribunal of this state shall enforce the provisions of a valid foreign protection order which governs custody and visitation. The custody and visitation provisions of the order must have been issued in accordance with the jurisdictional requirements governing the issuance of custody and visitation orders in the issuing state.
3. A protection order is valid if it:
 - a. Identifies the protected individual and the respondent;
 - b. Is currently in effect;
 - c. Was issued by a tribunal that had jurisdiction over the parties and matter under the law of the issuing state; and
 - d. Was issued after the respondent was provided with reasonable notice and had an opportunity to be heard before the tribunal issued the order or, in the case of an order ex parte, the respondent was given notice and has had or will have an opportunity to be heard within a reasonable time after the issuing of the order, in a manner consistent with the rights of the respondent to due process.

4. A person authorized under the law of this state to seek enforcement of a foreign protection order establishes a prima facie case for its validity by presenting an order valid on its face.
5. Absence of any of the criteria for validity of a foreign protection order is an affirmative defense in an action seeking enforcement of the order.
6. A tribunal of this state may enforce the provisions of a mutual foreign protection order which favor a respondent only if:
 - a. The respondent filed a written pleading seeking a protection order from the tribunal of the issuing state; and
 - b. The tribunal of the issuing state made specific findings in favor of the respondent.

Nonjudicial enforcement of order.

1. A law enforcement officer of this state, upon determining that there is probable cause to believe that a valid foreign protection order exists and that the order has been violated, shall enforce the order as if it were the order of a tribunal of this state. Presentation of a protection order that identifies both the protected individual and the respondent and, on its face, is currently in effect constitutes probable cause to believe that a valid foreign protection order exists. For the purposes of this section, the protection order may be inscribed on a tangible medium or may have been stored in an electronic or other medium if it is retrievable in perceivable form. Presentation of a certified copy of a protection order is not required for enforcement.
2. If the protection order is not presented, the officer may consider other information in determining whether there is probable cause to believe that a valid foreign protection order exists.
3. If a law enforcement officer of this state determines that an otherwise valid foreign protection order cannot be enforced because the respondent has not been notified or served with the order, the officer shall inform the respondent of the order and make a reasonable effort to serve the order upon the respondent. After informing the respondent and serving the order, the officer shall allow the respondent a reasonable opportunity to comply with the order before enforcing the order.
4. Registration or filing of an order in this state is not required for the enforcement of a valid foreign protection order under this chapter.

Registration of order.

1. Any individual may register a foreign protection order in this state. To register a foreign protection order, an individual shall present a certified copy of the order to any clerk of district court in this state.
2. Upon receipt of a protection order, the clerk of district court shall register the order in accordance with this section. After the order is registered, the clerk of district court shall furnish to the individual registering the order a certified copy of the registered order. If a foreign order is

registered, the clerk of district court shall transmit a copy of the order to the appropriate law enforcement agency.

3. The clerk of district court shall register an order upon presentation of a copy of a protection order which has been certified by the issuing state. A registered foreign protection order which is inaccurate or is not currently in effect shall be corrected or removed from the registry in accordance with the law of this state.
4. An individual registering a foreign protection order shall file an affidavit by the protected individual that, to the best of the individual's knowledge, the order is currently in effect.
5. A foreign protection order registered under this chapter may be entered in any existing state or federal registries of protection orders, in accordance with state or federal law.
6. A fee may not be charged for the registration of a foreign protection order or the correction or removal of a foreign protection order.

Immunity. This state or a local governmental agency, or a law enforcement officer, prosecuting attorney, clerk of district court, or any state or local governmental official acting in an official capacity, is immune from civil and criminal liability for an act or omission arising out of the registration or enforcement of a foreign protection order or the detention or arrest of an alleged violator of a foreign protection order if the act or omission is done in good faith in an effort to comply with this chapter.

Other remedies. Pursuant to remedies under this chapter does not preclude a protected individual from pursuing other legal or equitable remedies against the respondent.

Penalty. Violation of a protection order under this chapter is a class A misdemeanor. A second or subsequent violation of such an order is a class C felony.

SECTION 3. REPEAL. Section 14-07.1-02.2 of the North Dakota Century Code is repealed.

SECTION 4. APPLICATION. Section 2 of this Act applies to any protection order issued before, on, or after August 1, 2003, including any continuing action for enforcement of a foreign protection order commenced before August 1, 2003. A request for enforcement of a foreign protection order brought after July 31, 2003, for violations of a foreign protection order occurring before August 1, 2003, is governed by the provisions of section 2 of this Act.

CHILD SUPPORT ARREARS AND LICENSE SUSPENSIONS

AN ACT to create and enact a new subsection to section 14-09-09.3 and a new section to chapter 50-09 of the North Dakota Century Code, relating to late fees charged to a child support income payer and the withholding, restriction, or suspension of licenses, permits, and registrations for failure to pay child support or comply with a subpoena; and to amend and reenact subsection 3 of section 14-09-08.1, subsection 2 of section 14-09-08.16, subsection 2 of section 14-09-09.3, and subsection 6 of section 14-09-25 of the North Dakota Century Code, relating to notice of child support arrears, duties and responsibilities of a child support income payer, and judgment interest for past-due child support.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Subsection 3 of section 14-09-08.1 of the North Dakota Century Code is amended and reenacted as follows:

3. Whenever there is failure to make the payments as required, the clerk of court shall send notice of the arrears by first-class mail, with affidavit of service, to the person required to make the payments, or request a district judge of the judicial district to issue a citation for contempt of court against the person who has failed to make the payments and the citation must be served on that person as provided by the North Dakota Rules of Civil Procedure. The clerk of court may delay sending a notice of arrears or request for a citation for contempt of court under this section if a notice has been mailed to the obligor under section 6 of this Act.

SECTION 2. AMENDMENT. Subsection 2 of section 14-09-08.16 of the North Dakota Century Code is amended and reenacted as follows:

2. Within ten days after receipt of a request for information issued under subsection 1, an income ~~payer~~ payer shall provide the requester with a written statement informing the requester whether or not the income ~~payer~~ payer is, or within the ~~thirty~~ one hundred eighty days immediately preceding receipt of the request has been, an income ~~payer~~ payer with respect to that obligor. If the income ~~payer~~ payer is, or within the previous ~~thirty~~ one hundred eighty days has been, an income ~~payer~~ payer with respect to that obligor, the income ~~payer~~ payer shall furnish information to the requester including:
 - a. The amount of any income currently paid to the obligor, calculated on a monthly basis;

- b. The total amount of income paid to the obligor in the twelve months preceding the month in which the request is received;
- c. Information regarding any health insurance that may be made available to the obligor's children through the income ~~payer~~ payer;
- d. The social security number under which payment of any income by the income ~~payer~~ payer to the obligor is reported;
- e. The obligor's address; and
- f. If the income ~~payer~~ payer is no longer an income ~~payer~~ payer with respect to that obligor, the date of last payment and any forwarding address.

SECTION 3. AMENDMENT. Subsection 2 of section 14-09-09.3 of the North Dakota Century Code is amended and reenacted as follows:

- 2. Any income ~~payer~~ payer who fails or refuses to deliver income pursuant to an income withholding order, when such income ~~payer~~ payer has had in its possession such income, is personally liable for the amount of such income which the income ~~payer~~ payer failed or refused to deliver, together with costs, interest, and reasonable attorney's fees. If an income payer fails or refuses to deliver income for more than fourteen business days after the date an obligor is paid, the court shall award damages in an amount equal to two hundred dollars or actual damages caused by the violation, whichever is greater, in addition to costs, interest, late fees, and reasonable attorney's fees. Any damages awarded under this subsection must be reduced by the amount of any late fees for the same payment which have been collected by the public authority under section 4 of this Act. Any damages collected by the public authority under this subsection must be paid to the state disbursement unit for distribution under section 14-09-25 and any remaining balance must be paid to the obligor. If an income payer has failed to deliver income for more than one obligor, any damages collected under this section must be divided equally among all affected obligors. Each remedy authorized in this subsection is a remedial sanction as defined in section 27-10-01.1.

SECTION 4. A new subsection to section 14-09-09.3 of the North Dakota Century Code is created and enacted as follows:

An income payer who fails to deliver income for more than seven business days after the date one or more obligors are paid may be charged a late fee equal to twenty-five dollars per obligor for each additional business day the payment is delinquent or seventy-five dollars for each additional business day the payment is delinquent, whichever is greater. A late fee charged under this subsection is payable fifteen days after service on the employer, by first-class mail, of notice of the imposition of the late fee. Failure to pay a late fee under this subsection may be punished as a contempt of court. Any late fee collected by the public authority under this subsection must be paid to the state disbursement unit for distribution under section 14-09-25 and any remaining balance must be paid to the obligor. If an income payer has failed to deliver income for more than one obligor, any late fees

collected under this section must be divided equally among all affected obligors.

SECTION 5. AMENDMENT. Subsection 6 of section 14-09-25 of the North Dakota Century Code is amended and reenacted as follows:

6. Notwithstanding section 28-20-36, the state disbursement unit shall disburse collected child support payments in conformity with title IV-D of the Social Security Act [Pub. L. 93-647; 88 Stat. 2351; 42 U.S.C. 651 et seq.]. Any disbursement made in error is not a gift and must be repaid. The public authority may take any action not inconsistent with law to secure repayment of any disbursement made in error. Interest accrued on an unpaid child support obligation is child support. To the extent consistent with the requirements of title IV-D, a payment received with respect to a child support arrearage must first be applied to accrued interest on the earliest arrearage, and then to the principal of that arrearage. The public authority may calculate judgment interest accrued ~~only~~ on child support obligations that first became arrearages after July 1, 2002. The public authority shall enter in its records judgment interest on child support obligations that first became arrearages on or before July 1, 2002, for periods before January 1, 2004, only if a court has ordered the interest amount calculated by some individual or entity other than the public authority and approved the calculated amount. For child support obligations that first became arrearages on or before July 1, 2002, the public authority may calculate judgment interest accrued only for periods on or after January 1, 2004. For purposes of this subsection, arrearage means an unpaid child support obligation that was due in a month prior to the current month.

SECTION 6. A new section to chapter 50-09 of the North Dakota Century Code is created and enacted as follows:

Suspension of occupational, professional, recreational, motor vehicle operator, and vehicle licenses and registrations for nonpayment of child support or failure to obey subpoena.

1. As used in this section:

- a. "License" means:

- (1) Any certificate, permit, or license issued by an agency of the state or a political subdivision of the state which the obligor is required to obtain prior to engaging in the obligor's occupation or profession;
- (2) Any certificate, permit, or license issued by lottery or by tag which the obligor is required to obtain prior to engaging in a recreational activity; and
- (3) Any operator's license or vehicle license or registration which the obligor is required to obtain prior to operating or owning a vehicle in this state. As used in this section, "vehicle" includes any motor vehicle as defined in section 39-01-01, aircraft, snowmobile, motorboat, or personal watercraft.

- b. "Licensee" means a person who has applied for or currently possesses a license.
 - c. "Licensing authority" means an agency of the state or a political subdivision of the state that issues a license, including occupational or professional boards, the game and fish department, and the department of transportation.
- 2. The state agency, directly or through agents and child support agencies, may withhold, restrict, or suspend one or more licenses issued to:
 - a. A person who has failed, after receiving proper notice, to comply with a subpoena relating to a paternity or child support matter;
 - b. An obligor who is in arrears in child support in an amount greater than three times the obligor's current or most recent monthly child support obligation or five thousand dollars, whichever is less; or
 - c. An obligor who is not in compliance with an existing payment plan that has been negotiated between the obligor and the state agency under this section.
- 3. Before withholding, restricting, or suspending a license under this section, the state agency shall send a notice to the licensee by first-class mail to the licensee's last-known address stating that the licensee has thirty days after the date of the notice to comply with the subpoena, satisfy the arrearage in full, or negotiate a payment plan with the state agency under this section. The notice must further state that the licensee may contest the action of the state agency by making a written request for a court hearing to the state agency within ten days of the date of the notice.
- 4. Upon request for a hearing under this section, the state agency shall petition the court that issued or considered the child support order for an order authorizing the state agency to withhold, restrict, or suspend one or more licenses issued to the licensee. If a child support order was issued by a court or administrative tribunal in another jurisdiction, the hearing may be held in any court of this state which has jurisdiction to enforce that order or, if no court of this state has jurisdiction to enforce that order, in any court of this state with jurisdiction over the licensee.
- 5. The court shall authorize the state agency to withhold, restrict, or suspend a license only if it finds that the licensee's failure to comply with a subpoena, a child support order, or an existing payment plan was willful. Upon a showing by the state agency that the licensee has failed to comply with a subpoena, owes arrears in an amount greater than three times the obligor's current or most recent monthly child support obligation or five thousand dollars, whichever is less, or is not in compliance with an existing payment plan between the obligor and the state agency under this section, the licensee has the burden of proving that the delinquency or failure to comply was not willful.
- 6. The state agency shall notify the appropriate licensing authority that the state agency has withheld, restricted, or suspended a license under this section. A license that is withheld, restricted, or suspended by the state agency under this section may be reinstated only by the state agency

after the licensee complies with the subpoena, satisfies the arrearage in full, or enters into a payment plan with the state agency under this section.

7. An obligor and the state agency may enter into a payment plan under which the obligor agrees to satisfy the obligor's total child support obligation, including arrears, within a period not to exceed ten years. A payment plan under this section must require the obligor to make an immediate payment to the state disbursement unit in an amount equal to five percent of the total arrears owed by the obligor or five hundred dollars, whichever is greater. The state agency may waive or reduce the immediate payment that is due under a payment plan if the obligor's current or most recent monthly support obligation is less than five hundred dollars. The state agency may require that a payment plan under this section include satisfaction of all court-ordered child support obligations of the obligor. The obligor's current or most recent monthly support obligation under section 14-09-09.30 must be considered when determining the duration of a payment plan under this section and the payments due under the agreement. A payment plan under this section is not a modification of any child support obligation of the obligor and does not bar judicial review of a child support order under section 14-09-08.4 or other enforcement actions by the obligee or the state agency.
8. An action of the state agency to withhold, restrict, or suspend a license under this section may not be appealed to the state agency or to the licensing authority, including an appeal under chapter 28-32. Section 50-09-14 does not apply to actions taken by the state agency under this section.
9. Except for statistical purposes, an entry on the driving record or abstract of a restriction or suspension under this section after the restriction or suspension ceases may not be available to the public other than by order of a court of competent jurisdiction.
10. A licensing authority and any person acting on its behalf is not liable for any actions taken to withhold, restrict, or suspend a license under this section. This section does not limit the ability of a licensing authority to withhold, restrict, or suspend a license on any other grounds authorized by law.

The amount of the reduced retirement allowance payable upon the exercise of any of these options must be computed upon an actuarial basis through the use of standard actuarial tables and based upon the ages of the teacher and the teacher's designated beneficiary. INDIAN CULTURAL EDUCATION TRUST

AN ACT to create and enact a new chapter to title 15 of the North Dakota Century Code, relating to establishing the Indian cultural education trust; and to provide a continuing appropriation.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new chapter to title 15 of the North Dakota Century Code is created and enacted as follows:

Trust establishment. The Indian cultural education trust is established for the purpose of generating income to benefit Indian culture.

Powers and duties of board. The board of university and school lands may accept and administer any gift, grant, bequest, or devise of land or money, on behalf of the state, for the purposes of the Indian cultural education trust. The board may refuse to accept any gift, grant, devise, or bequest that is upon terms or circumstances unacceptable to the board. The board shall manage all land and money in the trust in the same manner that it manages its other trust land and money except as is otherwise provided in this chapter, in the donor agreement, or as may otherwise be required to satisfy the purposes of this chapter.

The board, in its sole discretion, may divest any land or money acquired under this chapter. The donor agreement which placed the land and money into the trust must provide to whom the land is to be conveyed and money disbursed in the event the board decides to divest the land or money.

Donation. A person proposing to donate land or money for the benefit of the trust must present to the board an application and an executed donor agreement between the donor and tribal government of a federally recognized Indian tribe located in North Dakota, South Dakota, Montana, Minnesota, or Wyoming. In accepting the donor agreement, the board is not subject to the provisions of chapter 54-40.2. The board is not responsible for determining which lands have cultural resource significance or for any site preservation or maintenance measures deemed necessary by the donor or the affected tribe. The donor agreement must also make any provision deemed necessary for access to the land by Indians for educational, cultural, or religious purposes.

Trust management. The board must be reimbursed from trust proceeds for all reasonable costs and expenses in managing land and investing trust proceeds. Such reimbursements are to be placed in the state lands maintenance fund. The net income derived from the land and money donated to the trust must be used for trust purposes, except the donor agreement may dedicate a percentage of the net income to trust principal.

The lands placed in the trust may be leased by the board only for grazing or haying purposes.

The board may maintain separate accounts in the trust if a donor agreement requires.

The donor agreement must designate the tribe entitled to receive trust proceeds. The net income from each account must be remitted annually to the designated tribe. The designated tribe is responsible for disbursements of trust proceeds. A dispute over a tribe's use of the disbursements must be resolved by the government of the designated tribe to which the disbursement has been made.

Payments in lieu of taxation. Net income from land and money in the trust must be used in part to pay to the county where the land is located the same amount that would have been assessed against the land for real property taxes if the land was privately owned.

Continuing appropriation. There is appropriated annually the amounts necessary to pay expenses for lands donated under this chapter and managed by the board of university and school lands, including survey costs, surface lease refunds, weed and insect control, cleanup costs, capital improvement rent credits, in lieu of tax payments, or expenses determined by the board as necessary to manage, preserve, and enhance the value of the trust asset. Each payment must be made from the trust fund account for which the land is held.

Whenever the number of electors in any two or more contiguous wards does not exceed one hundred as determined by the number of votes cast at the last city election, the council, by ordinance, may consolidate those two or more wards into one precinct for voting purposes. In any city containing less than four hundred electors as determined by the number of votes cast at the last city election, the council, by ordinance, may consolidate all the wards of the city into one precinct for voting purposes. An ordinance dividing or consolidating wards must be passed and takes effect before the time of giving notice of the election. On one designated day, following presidential nominating contests in the states of Iowa and New Hampshire and prior to the first Wednesday in March in every presidential election year, every political party entitled to a separate column under section 16.1-11-30 may conduct a presidential preference caucus.
2. Before August fifteenth of the odd-numbered year immediately preceding the presidential election year, the secretary of state shall designate the day after consulting with and taking recommendations from the two political parties casting the greatest vote for president of the United States at the most recent general election when the office of president of the United States appeared on the ballot.
3. A political party entitled to conduct a presidential preference caucus must notify the secretary of state before September first of the odd-numbered year immediately preceding the presidential election year if the political party will conduct a presidential preference caucus in that presidential election year according to this section. If selected by a political party, the results of a presidential preference caucus must be used to instruct delegates attending the political party's national political convention.
4. A political party that establishes itself according to section 16.1-11-30 after September first of the odd-numbered year immediately preceding the presidential election year and before the day designated by the secretary of state according to subsection 2 is entitled to conduct a presidential preference caucus according to this section. The political party is entitled to conduct a presidential preference caucus on the day

designated by the secretary of state according to subsection 2 and shall notify the secretary of state of the political party's intent to conduct a presidential preference caucus at the time it establishes itself.

5. Before the presidential preference caucuses, the legislative district chairman of each participating party shall issue the call for the presidential preference caucus, which may be held in conjunction with any other caucuses or meetings of the political party that are scheduled for the purpose of endorsing legislative candidates or selecting officers of the legislative district, at least thirty days before the time set for holding the caucus. At the time of making the call, the district chairman shall notify the secretary of state of the information contained in the call, which must include the following:

 - a. Name of the party.
 - b. Precinct number or name.
 - c. Date of caucus.
 - d. Place of caucus.
 - e. Hours of caucus.
 - f. A statement of the business to be conducted, including the nomination of a candidate for president of the United States.
 - g. The name of the district chairman issuing the call.
6. The district chairman shall provide ten days' published notice in the official county newspaper in circulation within each precinct in the district. The notices must contain that information set forth in subsection 5.
7. A presidential preference caucus must be conducted in the manner provided in this chapter with the exception that a political party is not required to hold individual caucuses in every election precinct throughout a legislative district. Only those persons who either voted or affiliated with the political party at the last general election or intend to vote or affiliate with the political party at the next general election may participate and vote at the presidential preference caucus.
8. Unless specifically forbidden by national party rules, the voting delegates selected by political parties are bound to cast their first ballots at the political party's national convention in the same proportion as the total votes cast for all candidates for president of the United States at the political party's presidential preference caucus. If political party rules do not allow apportionment of a delegate and such an apportionment appears necessary because a candidate did not receive more than one-half of a delegate, those partial delegates must be assigned to the candidate receiving the highest number of votes at the caucus. If a candidate withdraws before voting begins on the first ballot, delegates obligated to vote for the candidate on the first ballot are released from that obligation.

9. Every political party entitled to a separate column under section 16.1-11-30 that chooses not to conduct a presidential preference caucus is entitled to nominate a presidential candidate and select presidential electors for inclusion on the general election ballot in the presidential election year according to section 16.1-03-14.

SECTION 2. AMENDMENT. Section 16.1-11-15 of the North Dakota Century Code is amended and reenacted as follows:

16.1-11-15. Nominating petition not to be circulated more than ninety days prior to filing time. Any signatures to a petition secured more than ninety days before that time may not be counted.

SECTION 3. AMENDMENT. Section 16.1-11-30 of the North Dakota Century Code is amended and reenacted as follows:

Any party that had printed on the ballot at the last preceding presidential election the names of a set of presidential electors pledged to the election of the party's candidates for president and vice president or a candidate for governor and those candidates for presidential electors or governor received at least five percent of the total vote cast for presidential electors or the office of governor within this state at that election or has organized according to all the requirements of chapter 16.1-03 must be provided with a separate column on primary election ballots.

Any other political organization is entitled to endorse candidates or have candidates petition to be included on the primary ballot in a consolidated column or on a special election ballot, if a petition signed by at least seven thousand qualified electors of this state is filed with the secretary of state before four p.m. of the sixtieth day before a primary or special election, naming the political organization, stating the platform principles of the party, and requesting the names of its candidates to be included on the state's primary ballot in a consolidated column. If the petition is mailed it must be in the possession of the secretary of state before four p.m. on the sixtieth day prior to a primary or special election. Candidates of that party are entitled to the same rights and privileges as those of other parties. The names of nominees for president of the United States may appear on the ballot with a designation, not to exceed five words, that names the organization or political party to which the presidential candidate affiliates. The designation may not falsely indicate an affiliation with or the support of any political party organized in accordance with this title or include any substantive word or phrase that is profane or that is already included in or resembles the name of a political party entitled to a separate column under section 16.1-11-30. Each certificate of nomination by petition must meet the specifications for nominating petitions set forth in section 16.1-11-16. The signatures on the petition must be in the following number:

AN ACT to amend and reenact sections 16.1-11-18 and 16.1-13-10 of the North Dakota Century Code, relating to filling vacancies occurring in nominations for party office and filling legislative vacancies.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 16.1-11-18 of the North Dakota Century Code is amended and reenacted as follows:

16.1-11-18. Party committees to fill vacancy occurring in nomination for party office.

1. If a vacancy occurs in any party certificate of endorsement at the primary election for any state or legislative district office, the proper state or district executive committee of the political party may fill the vacancy by filing another certificate of endorsement with the proper officer as provided in sections 16.1-11-06 and 16.1-11-11.
2. If no party endorsement has been made by certificate and a vacancy occurs in a slate of candidates seeking party nomination by petition at the primary election, the proper state or district executive committee may fill the vacancy by filing a certificate of endorsement with the proper officer as provided in sections 16.1-11-06 and 16.1-11-11.
3. If party endorsements by certificate have been made for any state or district office and a vacancy occurs in the slate of persons seeking nomination at the primary election because of the unavailability of the person who is seeking nomination by petition, that vacancy may not be filled except by petition.
4. If a vacancy occurs in a slate of statewide candidates after the candidates have been nominated at the primary election, the proper state executive committee may fill any vacancy by filing a certificate of nomination with the secretary of state. The chairman and secretary of the committee shall make and file with the secretary of state a certificate setting forth the cause of the vacancy, the name of the person for whom the new nominee is to be substituted, the fact that the committee was authorized to fill vacancies, and any further information as may be required to be given in an original certificate of nomination. When such a certificate is filed, the secretary of state shall certify the new nomination and the name of the person who has been nominated to fill the vacancy in place of the original nominee to the various auditors. If the secretary of state already has forwarded the certificate, the secretary of state forthwith shall certify to the auditors the name and address of

the new nominee, the office the new nominee is nominated for, the party or political principle the new nominee represents, and the name of the person for whom the new nominee is substituting. Failure to publish the name of a new nominee does not invalidate the election.

5. If a vacancy occurs in a slate of legislative candidates after the candidates have been nominated at the primary election, the proper district executive committee may fill the vacancy by filing a certificate of nomination with the county auditor of the new nominee's county of residence. The chairman and secretary of the committee shall make and file with the county auditor of the new nominee's county of residence a certificate setting forth the cause of the vacancy, the name of the person for whom the new nominee is to be substituted, the fact that the committee was authorized to fill vacancies, and any further information as may be required to be given in an original certificate of nomination. When the certificate is filed, the county auditor of the new nominee's county of residence shall certify the new nomination to the various auditors affected by the change and to the secretary of state by forwarding to them the name of the person who has been nominated to fill the vacancy in place of the original nominee. The certification must include the name and address of the new nominee, the office the new nominee is nominated for, the party or political principle the new nominee represents, and the name of the person for whom the new nominee is substituting. Failure to publish the name of a new nominee does not invalidate the election.
6. A vacancy in a nomination following a primary election may not be filled according to subsections 4 or 5 unless the nominated candidate:
 - a. Dies;
 - b. Would be unable to serve, if elected, as a result of a debilitating illness;
 - c. Ceases to be a resident of the state or an individual nominated for legislative office will not be a resident of the legislative district at the time of the election; or
 - d. Ceases to be qualified to serve, if elected, as otherwise provided by law.

Vacancies to be filled according to the provisions of this section may be filled not later than sixty days prior to the election.

SECTION 2. AMENDMENT. Section 16.1-13-10 of the North Dakota Century Code is amended and reenacted as follows:

16.1-13-10. Vacancy existing in office of member of legislative assembly.

1. If a vacancy in the office of a member of the legislative assembly occurs, the county auditor of the county in which the former member resides or resided shall notify the chairman of the legislative council of the vacancy. The county auditor need not notify the chairman of the legislative council of the resignation of a member of the legislative assembly when the resignation was made under section 44-02-02.

Upon receiving notification of a vacancy, the chairman of the legislative council shall notify the district committee of the political party that the former member represented in the district in which the vacancy exists. The district committee shall hold a meeting within twenty-one days after receiving the notification and select an individual to fill the vacancy. If the former member was elected as an independent candidate or if the district committee does not make an appointment within twenty-one days after receiving the notice from the chairman of the legislative council, the chairman of the legislative council shall appoint a resident of the district to fill the vacancy. # Except as provided in subsection 2, if eight hundred twenty-eight days or more remain until the expiration of the term of office for that office, the individual appointed to fill the vacancy shall serve until a successor is elected at and qualified following the next general election or special election called by the governor according to subsection 2 to serve for the remainder of the term of office for that office.

2. The qualified electors of a legislative district in which a vacancy in the legislative assembly occurs may petition for a special election to be called by the governor to fill the vacancy. The petition must include the signatures of qualified electors equal in number to four percent of the resident population of the legislative district as determined by the last federal decennial census and must be presented to the secretary of state within thirty days following an appointment being made according to subsection 1. If the secretary of state determines the petition contains the required number of signatures of qualified electors of the affected legislative district, the secretary of state shall notify the governor that a special election is required to be called to fill the vacancy. Upon receiving such notice, the governor shall issue a writ of election directed to the county auditor of each affected county commanding the county auditor to hold a special election to fill the vacancy at a time designated by the governor. A special election under this section must conform to the applicable election deadlines found in this title and may be called to coincide with a regularly scheduled primary or general election provided the special election is called by the fifteenth day before the deadline for candidates to file for office before a regularly scheduled primary or general election. A special election under this section may not be scheduled to occur during the time from a general election through eighty days following the adjournment of the next ensuing regular session of the legislative assembly.
3. The secretary of state must be notified of an appointment made by a district committee or the chairman of the legislative council according to this section. Upon notification, the secretary of state shall issue the appointee a certificate of appointment and an oath of office for the appointee to complete and file with the secretary of state.

The application for registration must be submitted to the commissioner on a form furnished by the commissioner and must be accompanied by a fee of fifty dollars. Upon approval by the commissioner, a certificate of registration must be furnished to the applicant. Registrations cover a two-year period beginning July first and ending June thirtieth of every even-numbered year. Distribution of fertilizer products without prior registration or renewal received after July thirty-first must be assessed a penalty of twenty-five dollars per product. A distributor is not required to register any brand of fertilizer, soil amendment, or plant amendment that is already registered under this chapter by another person, providing the label complies with the issued registration. Compost that is transferred between parties without compensation is exempt from these requirements.

SECTION 2. AMENDMENT. Section 19-20.1-03.1 of the North Dakota Century Code is amended and reenacted as follows:

19-20.1-03.1. License required - Penalty. A person may not distribute any fertilizer, soil amendment, or plant amendment in this state without first obtaining a distributor's license from the commissioner. A license must be obtained for each location or mobile mechanical unit used by a distributor in the state. The application for the license must be submitted on a form furnished by the commissioner and must be accompanied by a fee of one hundred dollars. A license covers a two-year period beginning July first and ending June thirtieth ~~of the second ensuing year~~ every even-numbered year. License renewal applications received after July thirty-first may be assessed a penalty fee of twenty dollars. Licenses are not transferable, and each license must be conspicuously posted at each location and must accompany each mobile mechanical unit operating in the state.

SECTION 3. AMENDMENT. Section 19-20.1-06 of the North Dakota Century Code is amended and reenacted as follows:

19-20.1-06. Inspection fees and tonnage reports. There must be paid to the commissioner for all fertilizers, soil amendments, or plant amendments distributed in this state an inspection fee at the rate of twenty cents per ton [907.18 kilograms]. The inspection fee may not be less than ten dollars. Sales to manufacturers or exchanges between them are exempt from the inspection fee. Fees collected under this section must be used for the payment of the costs of inspection, sampling, and analysis, and other expenses necessary for the administration of this chapter.

Individual packages of fertilizers, soil amendments, or plant amendments sold exclusively in packages of twenty-five pounds [11.34 kilograms] or less are exempt from the provisions of this section. If a person sells fertilizer, soil amendments, or plant amendments in packages of twenty-five pounds [11.34 kilograms] or less and in packages over twenty-five pounds [11.34 kilograms], that portion sold in packages over twenty-five pounds [11.34 kilograms] is subject to the same inspection fee of twenty cents per ton [907.18 kilograms], including the minimum ten dollar fee, as provided in this chapter.

Every licensed person who distributes a fertilizer, soil amendment, or plant amendment to a nonlicensed person in this state shall file with the commissioner, on forms furnished by the commissioner, an annual statement for the calendar year, setting forth the number of net tons [kilograms] of each fertilizer, soil amendment, or plant amendment so distributed in this state during the period. A licensed end user shall report all sales and purchases and pay the appropriate tonnage tax. The statement is due on or before January thirty-first of the following year. A resident who is eligible for a license under this subsection may transfer that eligibility for the license to a spouse or legal dependent residing customarily with the resident, but no more than one license may be issued under this subsection for any qualifying land. A resident transferring eligibility under this subsection is not eligible to apply for a license to hunt elk in future years but is eligible to participate in the ~~rocky mountain elk foundation~~ raffle under section 20.1-08-04.6. If not otherwise specified in an agricultural lease, the landowner is entitled to receive the license. The governor's proclamation may restrict the districts or units for which preferential licenses may be issued under this subsection. However, the governor shall give primary consideration to allowing preferential licenses under this subsection to be issued to persons owning or leasing land in the following areas: that portion of township one hundred forty-seven north, range ninety-five west which is north and west of state highway 22; township one hundred forty-six north, range ninety-six west; township one hundred forty-seven north, range ninety-six west; township one hundred forty-eight north, range ninety-six west; township one hundred forty-six north, range ninety-seven west; township one hundred forty-seven north, range ninety-seven west;

If the number of applications for licenses to be issued under this subsection in a district or unit exceeds the maximum number of such licenses allocated to that district or unit, the licenses to be issued must be issued by lottery as prescribed in the governor's proclamation. A person who receives a license under this subsection is not eligible to apply for a license to hunt elk in future years but is eligible to participate in the ~~rocky mountain elk foundation~~ raffle under section 20.1-08-04.6. Notwithstanding this subsection, if a person other than the transferee of license eligibility is unsuccessful in harvesting an elk under this subsection, that person may return the unused license to the department and is eligible to apply for, but not transfer, a one-time additional license to hunt elk in future years. A person who receives a second license under this subsection is not eligible to participate in the ~~rocky mountain elk foundation~~ raffle under section 20.1-08-04.6. Licenses to hunt elk may not be issued under this subsection when the total number of licenses prescribed in the governor's proclamation is less than twenty. The provisions of this section governing the number of licenses issued for each designated district or unit for hunting elk do not apply to special elk depredation management licenses and a person who receives such a license under this subsection is eligible to apply for a license to hunt elk in future years and is eligible to participate in the ~~rocky mountain elk foundation~~ raffle under section 20.1-08-04.6.

8. A resident who has executed a lease for at least one hundred sixty acres [64.75 hectares] of land and who actively farms or ranches that land or a resident who holds title to at least one hundred sixty acres [64.75 hectares] of land is eligible to apply for a license to hunt moose without charge upon filing a signed application describing that land. The land must be within a unit open for the hunting of moose. The license must include a legal description of the eligible land described in the completed application and may be used to hunt moose only upon that land. Upon request, a lessee shall provide proof that the land described in the completed application is leased for agricultural purposes. A resident who is eligible for a license under this subsection may transfer that eligibility for the license to a spouse or a legal dependent residing customarily with the resident, but no more than one license may be issued under this subsection for any qualifying land. A

resident transferring eligibility under this subsection is not eligible to apply for a license to hunt moose in future years but is eligible to participate in the ~~North Dakota game warden association~~ raffle under section 20.1-08-04.2. If not otherwise specified in an agricultural lease, the landowner is entitled to receive the license. The number of licenses issued under this subsection for a district or unit may not exceed fifteen percent of the total licenses prescribed in the governor's proclamation for that district or unit. If the number of eligible persons who apply for a license under this subsection exceeds the number of licenses available under this subsection, the licenses must be issued by lottery as prescribed in the governor's proclamation. A person who receives a license under this subsection and who is successful in harvesting a moose is not eligible to apply for a license to hunt moose in future years but is eligible to participate in the ~~North Dakota game warden association~~ raffle under section 20.1-08-04.2. Notwithstanding this subsection, if a person other than the transferee of license eligibility is unsuccessful in harvesting a moose under this subsection, that person may return the unused license to the department and is eligible to apply for, but not transfer, an additional license to hunt moose in future years. A person who receives a second license under this subsection is not eligible to participate in the ~~North Dakota game warden association~~ raffle under section 20.1-08-04.2. If a person receives a license under this subsection, the person's spouse, children, and parents living with the person are not eligible to receive a license under this subsection for the district or unit in which the land described in the completed application is located, unless the person has sold or otherwise transferred the person's rights to the land described in the completed application. The governor's proclamation may restrict the area of land within a unit open for the hunting of moose for which a preferential license is issued under this subsection. If the proclamation restricts the area for issuance of preferential licenses, an applicant must own or lease land within the restricted area to be eligible to apply for a license to hunt moose upon payment of the fee required for a resident big game license. The license may be used to hunt moose within the entire unit in which the land described in the completed application is located. A successful applicant from a restricted area may not return an unused license to regain eligibility for a license to hunt moose in future years.
