Firefighters who are paid a regular wage or stipend by the municipality for serving as a firefighter, or whose entire time is devoted to service as a firefighter for the municipality, for the purpose of this chapter, are not volunteer firefighters.

The term "emergency or disaster volunteer" means any individual serving without remuneration who is actively engaged in training to qualify as a disaster emergency worker or is responding to a hazard, emergency disaster, or enemy attack on this country, and who is registered with the disaster emergency organization of a municipality, which has been officially recognized by the director of the state division of ~~emergency management~~ homeland security.

The term "in training" means only those periods of time, during which an emergency or disaster volunteer is receiving instruction, or is engaged in exercises or operations, in preparation for qualification as a disaster emergency worker in the event of a hazard, emergency, disaster, or enemy attack on this country.

The term "community emergency response team member" means an individual registered as a community emergency response team member with the appropriate authority. For purposes of this chapter, a community emergency response team member is acting as a community emergency response team member only when the individual is receiving approved community emergency response team training or is acting as a member of a community emergency response team in an emergency or disaster.

Upon request of the organization, the disaster emergency organization of a municipality shall provide the organization with its roster of registered community emergency response team members.

The term "municipality" when used in reference to emergency or disaster volunteer means the state, cities, counties, municipalities, districts, or any other geographical entity of this state. This definition is not in any way intended to alter any interpretation or ruling in regard to the use of the term "municipality" when used in reference to volunteer firefighters.

SECTION 6. SALE AND PURCHASE OF LAND AND BUILDING - AUTHORITY - CONTINUING APPROPRIATION.

1. The state water commission, on behalf of the state of North Dakota, may sell in one or more parcels the land and building known as the "state water commission maintenance shop" located at 2603 East Broadway Avenue, Bismarck, North Dakota, and legally described as follows:

A tract of land lying in the Northwest Quarter (NW 1/4) of Section Two (2), Township One Hundred Thirty-Eight (138) North, Range Eighty (80) West of the Fifth (5) Principal Meridian, in the County of Burleigh and State of North Dakota, and described as follows:

Commencing at the northwest corner of said section two; thence traveling in a southerly direction along the west boundary of said section two for a distance of seven hundred seventy-four and six-tenths feet (774.60); thence turning a right angle to the left in an easterly direction along a line which is parallel to the north boundary of said section two for a distance of forty-seven feet (47.00), which shall be called the true point of beginning; thence continuing due east along said line for a distance of eight hundred forty-two and nine-tenths feet (842.90); thence turning a deflection angle of ninety degrees and twenty-two minutes (90 degrees 22') to the right and traveling in a southerly direction to a point of intersection with the north fifty foot railroad right-of-way line; thence traveling in a westerly direction along said north fifty foot railroad right-of-way line to a point of intersection with the west boundary of said section two; thence traveling in a northerly direction along the west boundary of said section two for a distance of four hundred seventy-two and one-tenth feet (472.10); thence turning a right angle to the right in an easterly direction along a line which is parallel to the north boundary of said section two for a distance of forty-seven feet (47.00); thence traveling in a northerly direction along a line which is parallel to the west boundary of said section two for a distance of one hundred fifty feet (150.00) to the point of

beginning. Including all of the property bounded by the above described line, subject to existing rights-of-way and easements.

The above described tract of land contains 11.77 acres, more or less.

2. The conveyance authorized by this section is exempt from sections 54-01-05.2 and 54-01-05.5. The conveyance may only be made after the property has been appraised and the property must be sold at public auction unless no bid equals or exceeds the minimum appraised value. The appraisal must be dated no earlier than eighteen months before the auction. If at the public auction no bid equals or exceeds the minimum appraised value, the state water commission may negotiate a price for the land with a purchaser.
3. All proceeds from the sale or so much of the sale proceeds as may be necessary, not otherwise appropriated, are appropriated on a continuing basis to the state water commission for the purchase or lease of land and the construction of a building and associated appurtenances to be used as a new maintenance facility. The purchase authorized by this subsection may proceed only after completion of a certified appraisal of the property to be purchased and completion of a physical inspection of any building to be purchased demonstrating that the building is structurally sound and suitable for the state water commission's purposes.
4. The attorney general shall review and approve the form and legality of all legal documents required for the conveyance and purchase authorized by this section, including title opinions.

SECTION 7. BUILDING SALE PROCEEDS. Proceeds of the sale of the state water commission maintenance shop located in east Bismarck, as provided in section 6 of this Act, must be used to purchase or lease land and construct a new maintenance shop building. If the proceeds from the sale are less than \$977,100, the state water commission may use other funds appropriated to the state water commission for the purpose of purchasing or leasing land and constructing a new maintenance shop building. If the proceeds from the sale are not available at the time the state water commission needs to purchase or lease land and construct the new building and associated appurtenances, the state water commission may use other funds appropriated to the commission provided that, upon receipt of the proceeds of the sale, the state water commission shall transfer to the funds from which money was taken an amount equal to any funds utilized for the purchase or lease of land and construction of the new maintenance building. If the state water commission uses other funds appropriated to the commission because the funds from the sale of the land and building are insufficient, the state water commission need not make a transfer of sale proceeds. No more than a total of \$977,100 may be expended from the amounts appropriated under this Act to purchase land and construct the new maintenance building and associated appurtenances.

SECTION 8. GRANTS - WATER-RELATED PROJECTS - CARRYOVER AUTHORITY. Section 54-44.1-11 does not apply to funding for grants or water-related projects included in the water and atmospheric resources line item in section 3 of this Act. However, this exclusion is only in effect for two years after June 30, 2007. Any unexpended funds appropriated from the resources trust fund after that period has expired must be transferred to the resources trust fund and any

unexpended funds appropriated from the water development trust fund after that period has expired must be transferred to the water development trust fund.

SECTION 9. LINE OF CREDIT - CONTINGENT APPROPRIATION. If determined necessary by the state water commission, the Bank of North Dakota shall extend a line of credit, not to exceed \$25,000,000, which is appropriated to the state water commission, for the biennium beginning July 1, 2005, and ending June 30, 2007.

SECTION 10. REPAYMENT OF LINE OF CREDIT - CONTINGENT APPROPRIATION. If the line of credit authorized in section 9 of this Act is extended to the state water commission by the Bank of North Dakota, there is appropriated out of any moneys in the water development trust fund, the resources trust fund, bond proceeds, or other sources, the sum of \$25,000,000, or so much of the sum as may be necessary, to the state water commission for the purpose of repaying the line of credit, for the biennium beginning July 1, 2005, and ending June 30, 2007.

SECTION 11. AMENDMENT. Section 61-02-23.3 of the North Dakota Century Code is amended and reenacted as follows:

61-02-23.3. Construction and operation of the Devils Lake outlet - Authorization - Agreement. The state water commission may do all things reasonably necessary to construct an outlet from Devils Lake, including executing an agreement with the federal government wherein the state water commission agrees to hold the United States harmless and free from damages, except for damages due to the fault or negligence of the United States or its contractors. The state engineer may employ full-time personnel and may employ such other personnel as are necessary for the operation and maintenance of the Devils Lake outlet within the limits of legislative appropriations for that purpose. Notwithstanding section 61-02-64.1, funds disbursed from the contract fund and appropriated for the purposes of this section may be used for salaries, equipment, operations, and maintenance costs relating to the Devils Lake outlet.

SECTION 12. LEGISLATIVE INTENT - ADMINISTRATIVE EXPENSES. It is the intent of the fifty-ninth legislative assembly that the use of water development trust fund moneys as a source of funding for state water commission administrative expenses be reduced during the 2007-09 biennium and discontinued as a source thereafter.

SECTION 13. LEGISLATIVE INTENT - NELSON COUNTY INFRASTRUCTURE. It is the intent of the fifty-ninth legislative assembly that the state water commission provide up to \$500,000 for water-related damage to infrastructure in Nelson County.

SECTION 14. BONDING AUTHORITY - WATER PROJECTS. In addition to the \$60,000,000 of bonding authority authorized in section 61-02.1-02.1, the state water commission may issue an additional amount of bonds not to exceed \$7,000,000 plus the costs of issuance of the bonds, capitalized interest, and reasonably required reserves during the biennium beginning July 1, 2005, and ending June 30, 2007. The repayment provision of the additional \$7,000,000 bond issuance must be the same as the \$60,000,000 bond issuance as provided for in section 61-02.1-02.1.

SECTION 15. EXEMPTION FROM PAYMENT OF FEES. For purposes of charging fees or requiring payment for services pursuant to sections 54-10-01, 54-12-08, and 54-44.1-15, the state auditor, attorney general, and the director of the

office of management and budget shall consider the funds appropriated to the state water commission from the water development trust fund in the same manner as if the funds were appropriated from the general fund for the 2005-07 biennium.

SECTION 16. STATE WATER COMMISSION - CASH ADVANCE FROM STATE GENERAL FUND. Notwithstanding any other provision of law, the state water commission may receive a cash advance of up to \$5,000,000 from the state general fund during the biennium beginning July 1, 2005, and ending June 30, 2007. The cash advance may be made available for the state water commission only to pay for administrative expenses if sufficient funding is not available in the water development trust fund for these expenses. The cash advance must be repaid upon the deposit of additional tobacco settlement collections in the water development trust fund. The state water commission shall inform the office of management and budget of any cash advance required pursuant to this section. Any cash advance under this section must be repaid to the state general fund by June 30, 2007.

STUDENT LOAN TRUST TRANSFER

AN ACT to provide for a transfer of earnings from the student loan trust to the general fund; and to amend and reenact section 54-17-25 of the North Dakota Century Code, relating to bonds of the student loan trust.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Student loan trust transfer to state general fund. The industrial commission shall transfer to the general fund in the state treasury the sum of nine million dollars of earnings from the North Dakota student loan trust. The moneys must be transferred in such amounts and at such times as requested by the director of the office of management and budget during the biennium beginning July 1, 2005, and ending June 30, 2007, and upon certification by the student loan trust trustee that sufficient moneys remain available to pay all debt service on student loan trust bonds, all required rebate payments to the United States treasury, and all program operating expenses.

SECTION 2. AMENDMENT. Section 54-17-25 of the North Dakota Century Code is amended and reenacted as follows:

54-17-25. Bonds authorized - Establishment of secondary market program. Whenever the industrial commission decides that it is in the public interest to diminish the investment of state funds in United States government guaranteed or reinsured or North Dakota guaranteed student loans, that it will be difficult to divest the state of appreciable amounts of such loans by piecemeal offering to the investing and saving public, that business conditions are favorable to a state-sponsored program to consolidate state-held student loans, and to enlarge private participation in such loans, or that the public will otherwise benefit, the commission may by plenary resolution duly adopted in accordance with the provisions hereof authorize preparation, sale, and issuance of revenue bonds of North Dakota in such amounts and at such times and in such form, which may include the issuance of bonds the interest income on which is subject to federal income taxes, as the commission shall determine to be for the public good. The industrial commission may issue subordinate or residual bonds in a total principal amount not to exceed twenty-three million dollars plus costs of issuance and any reasonably required reserve whenever the industrial commission determines that it is appropriate or expedient to do so and the bonds may contain such terms and provisions as the commission may determine. The commission may refund and refinance the bonds from time to time as often as it is advantageous and in the public interest to do so. The bonds shall be a charge upon a sufficient designated portion of the resources of the student loan trusts, subject only to necessary administrative expenses of the trusts duly appropriated out of the interest earning resources thereof. The bonds may bear such rate or rates of interest as the commission may provide. The bonds must have all of the qualities and incidents of negotiable paper and are not subject to taxation by the state of North Dakota or by any county, municipality, or political subdivision therein. The bonds must be payable solely out of the separate resources generated respectively from collection of payments on and earnings and proceeds of United States government guaranteed or reinsured or North Dakota guaranteed student loans, and must respectively so recite. They are not indebtedness of the state of North Dakota or of any agency, board, department, or officer or agent thereof. However, the bond bank public finance authority may lend money to political subdivisions, through the purchase and holding

⁵⁷ Section 6-09.4-06 was also amended by section 3 of Senate Bill No. 2276, chapter 90.

of securities issued by the political subdivisions without regard to the principal amount of the bonds issued, if the industrial commission approves a resolution that authorizes the ~~bond bank~~ public finance authority to purchase and hold the securities. The authorizing resolution must state that the industrial commission has determined that private bond markets will not be responsive to the needs of the issuing political subdivision concerning the securities or, if it appears that the securities can be sold through private bond markets without the involvement of the ~~bond bank~~ public finance authority, the authorizing resolution must state reasons for the ~~bond bank's~~ public finance authority's involvement in the bond issue. The ~~bond bank~~ public finance authority may hold such municipal securities for any length of time it finds to be necessary. The ~~bond bank~~ public finance authority, for the purposes authorized by this chapter, may issue its bonds payable solely from the revenues available to the ~~bond bank~~ public finance authority which are authorized or pledged for payment of ~~bond bank~~ public finance authority obligations, and to otherwise assist political subdivisions as provided in this chapter.

Bonds of the ~~bond bank~~ public finance authority issued under this chapter are not in any way a debt or liability of the state and do not constitute a loan of the credit of the state or create any debt or debts, liability or liabilities, on behalf of the state, or constitute a pledge of the faith and credit of the state, but all such bonds are payable solely from revenues pledged or available for their payment as authorized in this chapter. Each bond must contain on its face a statement to the effect that the ~~bond bank~~ public finance authority is obligated to pay such principal or interest, and redemption premium, if any, and that neither the faith and credit nor the taxing power of the state is pledged to the payment of the principal of or the interest on such bonds. Specific funds pledged to fulfill the ~~bond bank's~~ public finance authority's obligations are obligations of the ~~bond bank~~ public finance authority.

All expenses incurred in carrying out the purposes of this chapter are payable solely from revenues or funds provided or to be provided under this chapter and nothing in this chapter may be construed to authorize the ~~bond bank~~ public finance authority to incur any indebtedness or liability on behalf of or payable by the state.

6-09.4-07. Powers. The ~~bond bank~~ public finance authority has the following powers:

⁵⁸ Section 6-09.4-07 was also amended by section 4 of Senate Bill No. 2276, chapter 90.

3. To acquire, hold, use, and dispose of its income, revenue, funds, and moneys in accordance with law, this chapter, or legislative appropriations.
4. To acquire, rent, lease, hold, use, and dispose of other personal property for its purposes.

8. To make, enter into, and enforce all contracts or agreements necessary, convenient, or desirable for the purposes of the ~~bond bank~~ public finance authority or pertaining to any loan to a political subdivision or any purchase or sale of municipal securities or other investments or to the performance of its duties and execution or carrying out of any of its powers under this chapter.
9. To purchase or hold municipal securities of political subdivisions at such prices and in such manner as the ~~bond bank~~ public finance authority shall deem advisable, and to sell municipal securities acquired or held by it at such prices without relation to cost and in such manner as the ~~bond bank~~ public finance authority deems advisable.
10. To invest any funds or moneys of the ~~bond bank~~ public finance authority not then required for loan to political subdivisions and for the purchase of municipal securities in the same manner as permitted for investment of funds belonging to the state or the Bank of North Dakota.
11. To fix and prescribe any form of application or procedure to be required of a political subdivision for the purpose of any loan or the purchase of its municipal securities, and to fix the terms and conditions of any such loan or purchase and to enter into agreements with political subdivisions with respect to any such loan or purchase.
12. 13. To impose and collect charges from a political subdivision for its costs and services in review or consideration of any proposed loan to a political subdivision or purchase of municipal securities of such political subdivision, and to impose and collect charges therefor whether or not such loan has been made or such municipal securities have been purchased.

14. To fix and establish any and all terms and provisions with respect to any purchase of municipal securities by the ~~bond bank~~ public finance authority, including dates and maturities of such bonds, provisions as to redemption or payment prior to maturity, and any and all other matters which in connection therewith are necessary, desirable, or advisable in the judgment of the ~~bond bank~~ public finance authority.

To the extent permitted under its contracts with the holders of bonds of the ~~bond bank~~ public finance authority, to consent to any modification with respect to rates of interest, time, and payment of any installment of principal or interest, security, or any other term of bond, contract, or agreement of any kind to which the ~~bond bank~~ public finance authority is a party.
17. To do all acts and things necessary, convenient, or desirable to carry out the powers expressly granted or necessarily implied in this chapter.
18. To do and perform any act and thing authorized by section 54-01-27 or 54-17-36 under, through, or by means of its officers, agents, or employees or by contracts with any person to assist the state, or any agency or institution of the state, in making, entering, and enforcing all contracts or agreements necessary, convenient, or desirable for the purposes of leasing all or part of, or an undivided or other interest in, property.

SECTION 8. AMENDMENT. Section 6-09.4-08 of the North Dakota Century Code is amended and reenacted as follows:

6-09.4-08. Bonds of the ~~bond bank~~ public finance authority. Bonds of the ~~bond bank~~ public finance authority must be authorized by resolution of the industrial commission and may be issued in one or more series and must bear such date or dates, mature at such time or times, bear interest at such rate or rates of interest per year, be in such denomination or denominations, be in such form, either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable from such sources in such medium of payment at such place or places within or without the state, and be subject to such terms of redemption, with or without premium, as such resolution or resolutions may provide. Bonds of the ~~bond bank~~ public finance authority, issued to provide funds to a municipal pipeline authority, are to mature not more than thirty years from the date of issue. Bonds of the ~~bond bank~~ public finance authority may be sold at public or private sale at such time or times and at such price or prices as the ~~bond bank~~ public finance authority determines.

⁵⁹ **SECTION 9. AMENDMENT.** Section 6-09.4-09 of the North Dakota Century Code is amended and reenacted as follows:

⁵⁹ Section 6-09.4-09 was also amended by section 5 of Senate Bill No. 2276, chapter 90.

6-09.4-09. Pledges. Any pledge of revenue made by the industrial commission as security for ~~bond bank~~ public finance authority bonds is valid and binding from time to time when the pledge is made. The industrial commission may also pledge assets of the Bank of North Dakota as security for ~~bond bank~~ public finance authority bonds. The revenues or other moneys so pledged and thereafter received by the ~~bond bank~~ public finance authority are immediately subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the ~~bond bank~~ public finance authority, regardless of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be filed or recorded, except in the records of the ~~bond bank~~ public finance authority.

SECTION 10. AMENDMENT. Section 6-09.4-10 of the North Dakota Century Code is amended and reenacted as follows:

6-09.4-10. Reserve fund.

1. The ~~bond bank~~ public finance authority shall establish and maintain a reserve fund in which there must be deposited all moneys appropriated by the state for the purpose of the fund, all proceeds of bonds required to be deposited therein by terms of any contract between the ~~bond bank~~ public finance authority and its bondholders or any resolution of the ~~bond bank~~ public finance authority with respect to the proceeds of bonds, any other moneys or funds of the ~~bond bank~~ public finance authority which it determines to deposit therein, any contractual right to the receipt of moneys by the ~~bond bank~~ public finance authority for the purpose of the fund, including a letter of credit or similar instrument, and any other moneys made available to the ~~bond bank~~ public finance authority only for the purposes of the fund from any other source or sources. Moneys in the reserve fund must be held and applied solely to the payment of the interest on and the principal of bonds and sinking fund payments as the same become due and payable and for the retirement of bonds, including payment of any redemption premium required to be paid when any bonds are redeemed or retired prior to maturity. Moneys in the reserve fund may not be withdrawn therefrom if the withdrawal would reduce the amount in the reserve fund to an amount less than the required debt service reserve, except for payment of interest then due and payable on bonds and the principal of bonds then maturing and payable and sinking fund payments and for the retirement of bonds in accordance with the terms of any contract between the ~~bond bank~~ public finance authority and its bondholders and for the payments on account of which interest or principal or sinking fund payments or retirement of bonds, other moneys of the ~~bond bank~~ public finance authority are not then available in accordance with the terms of the contract. The required debt service reserve must be an aggregate amount equal to at least the largest amount of money required by the terms of all contracts between the ~~bond bank~~ public finance authority and its bondholders to be raised in the then current or any succeeding calendar year for the payment of interest on and maturing principal of outstanding bonds, and sinking fund payments required by the terms of any contracts to sinking funds established for the payment or redemption of the bonds.
2. If the establishment of the reserve fund for an issue or the maintenance of an existing reserve fund at a required level under this section would

necessitate the investment of all or any portion of a new reserve fund or all or any portion of an existing reserve fund at a restricted yield, because to not restrict the yield may cause the bonds to be taxable under the Internal Revenue Code, then at the discretion of the ~~bond bank~~ public finance authority no reserve fund need be established prior to the issuance of bonds or the reserve fund need not be funded to the levels required by other subsections of this section or an existing reserve fund may be reduced.

3. No bonds may be issued by the ~~bond bank~~ public finance authority unless there is in the reserve fund the required debt service reserve for all bonds then issued and outstanding and the bonds to be issued. Nothing in this chapter prevents or precludes the ~~bond bank~~ public finance authority from satisfying the foregoing requirement by depositing so much of the proceeds of the bonds to be issued, upon their issuance, as is needed to achieve the required debt service reserve. The ~~bond bank~~ public finance authority may at any time issue its bonds or notes for the purpose of providing any amount necessary to increase the amount in the reserve fund to the required debt service reserve, or to meet such higher or additional reserve as may be fixed by the ~~bond bank~~ public finance authority with respect to such fund.
4. In order to assure the maintenance of the required debt service reserve, there shall be appropriated by the legislative assembly and paid to the ~~bond bank~~ public finance authority for deposit in the reserve fund, such sum, if any, as shall be certified by the industrial commission as necessary to restore the reserve fund to an amount equal to the required debt service reserve. However, the commission may approve a resolution for the issuance of bonds, as provided by section 6-09.4-06, which states in substance that this subsection is not applicable to the required debt service reserve for bonds issued under that resolution.
5. If the maturity of a series of bonds of the ~~bond bank~~ public finance authority is three years or less from the date of issuance of the bonds, the ~~bond bank~~ public finance authority may determine that no reserve fund need be established for that respective series of bonds. If such a determination is made, holders of that respective series of bonds may have no interest in or claim on existing reserve funds established for the security of the holders of previously issued ~~bond bank~~ public finance authority bonds, and may have no interest in or claim on reserve funds established for the holders of subsequent issues of bonds of the ~~bond bank~~ public finance authority.

The industrial commission may determine that this section is inapplicable in whole or in part for bonds issued under section 23 of this Act.

SECTION 11. AMENDMENT. Section 6-09.4-11 of the North Dakota Century Code is amended and reenacted as follows:

6-09.4-11. Additional reserves and funds. The ~~bond bank~~ public finance authority may establish such additional and further reserves or such other funds or accounts as may be, in its discretion, necessary, desirable, or convenient to further the accomplishment of the purposes of the ~~bond bank~~ public finance authority to comply with the provisions of any agreement made by or any resolution of the ~~bond bank~~ public finance authority.

SECTION 12. AMENDMENT. Section 6-09.4-12 of the North Dakota Century Code is amended and reenacted as follows:

6-09.4-12. Participation by ~~bond bank~~ public finance authority in bonds held by ~~bank~~ Bank of North Dakota. The ~~bond bank~~ public finance authority may issue its bonds from time to time in an amount sufficient to purchase municipal securities held by the Bank of North Dakota at a price established by mutual agreement between the ~~bond bank~~ public finance authority and the Bank of North Dakota.

SECTION 13. AMENDMENT. Section 6-09.4-14 of the North Dakota Century Code is amended and reenacted as follows:

6-09.4-14. Purchase of bonds of ~~bond bank~~ public finance authority. The ~~bond bank~~ public finance authority has the power to purchase bonds of the ~~bond bank~~ public finance authority out of any funds or money of the ~~bond bank~~ public finance authority available therefor. The ~~bond bank~~ public finance authority may hold, cancel, or resell such bonds or notes subject to and in accordance with agreements with holders of its bonds.

SECTION 14. AMENDMENT. Section 6-09.4-15 of the North Dakota Century Code is amended and reenacted as follows:

6-09.4-15. Bonds as legal investments and security. Notwithstanding any restrictions contained in any other law, the state and all public officers, boards, and agencies, and political subdivisions and agencies thereof, all national banking associations, state banks, trust companies, savings banks and institutions, savings and loan associations, investment companies, and other persons carrying on a banking business, and all executors, administrators, guardians, trustees, and other fiduciaries, may legally invest any sinking funds, moneys, or other funds belonging to them or within their control in any bonds issued by the ~~bond bank~~ public finance authority pursuant to this chapter, and the bonds are authorized security for any and all public deposits.

SECTION 15. AMENDMENT. Section 6-09.4-16 of the North Dakota Century Code is amended and reenacted as follows:

6-09.4-16. Tax exemptions. All property of the ~~bond bank~~ public finance authority and all bonds issued under this chapter must be deemed to be serving essential public and governmental purposes and such property and such bonds so issued, their transfer and the income therefrom, including any profits made on the sale thereof, shall at all times be exempt from state, county, and municipal taxes of any and all kinds.

SECTION 16. AMENDMENT. Section 6-09.4-17 of the North Dakota Century Code is amended and reenacted as follows:

6-09.4-17. Exemption of property from execution sale. All property of the ~~bond bank~~ public finance authority is exempt from levy and sale by virtue of an execution and no execution or other judicial process may issue against the same nor may any judgment against the ~~bond bank~~ public finance authority be a charge or lien upon its property; provided, that nothing contained in this chapter applies to or limits the rights of the holder of any bonds to pursue any remedy for the enforcement of any pledge or lien given by the ~~bond bank~~ public finance authority on its revenues. Any action or proceeding in any court to set aside a resolution authorizing the issuance of bonds by the ~~bond bank~~ public finance authority under this chapter or to

obtain any relief upon the ground that such resolution is invalid must be commenced within ten days after the adoption of said resolution by the industrial commission. After the expiration of such period of limitation, no claim for relief or defense founded upon the invalidity of the resolution or any of its provisions may be asserted nor may the validity of the resolution or any of its provisions be open to question in any court on any ground whatever.

SECTION 17. AMENDMENT. Section 6-09.4-18 of the North Dakota Century Code is amended and reenacted as follows:

6-09.4-18. Insurance or guaranty. The ~~bond bank~~ public finance authority is authorized and empowered to obtain from any entity of the state, any department or agency of the United States of America, or any nongovernmental insurer any insurance, guaranty, or liquidity facility, or from a financial institution a letter of credit to the extent such insurance, guaranty, liquidity facility, or letter of credit now or hereafter available, as to, or for, the payment or repayment of, interest or principal, or both, or any part thereof, on any bonds issued by the ~~bond bank~~ public finance authority, or on any municipal securities purchased or held by the ~~bond bank~~ public finance authority, pursuant to this chapter; and to enter into any agreement or contract with respect to any such insurance, guaranty, letter of credit, or liquidity facility, and pay any required fee, unless the same would impair or interfere with the ability of the ~~bond bank~~ public finance authority to fulfill the terms of any agreement made with the holders of its bonds.

SECTION 18. AMENDMENT. Section 6-09.4-19 of the North Dakota Century Code is amended and reenacted as follows:

6-09.4-19. Remedies on default of municipal securities. In the event of default by a political subdivision in the payment of interest on or principal of any municipal securities owned or held by the ~~bond bank~~ public finance authority, the ~~bond bank~~ public finance authority may proceed to enforce payment, pursuant to applicable provisions of law, of such interest or principal or other amount then due and payable.

SECTION 19. AMENDMENT. Section 6-09.4-20 of the North Dakota Century Code is amended and reenacted as follows:

6-09.4-20. Form of municipal securities and investments. All municipal securities held by the ~~bond bank~~ public finance authority as permitted or provided for under this chapter must at all times be purchased and held in fully marketable form, subject to provision for any registration in the name of the ~~bond bank~~ public finance authority. All municipal securities at any time purchased, held, or owned by the ~~bond bank~~ public finance authority must, upon delivery to the ~~bond bank~~ public finance authority, be in fully marketable form and accompanied by such documentation as shall from time to time be required by the ~~bond bank~~ public finance authority.

SECTION 20. AMENDMENT. Section 6-09.4-21 of the North Dakota Century Code is amended and reenacted as follows:

6-09.4-21. Presumption of validity. After issuance, all bonds of the ~~bond bank~~ public finance authority are conclusively presumed to be fully authorized and issued under the laws of the state, and any person or governmental unit is estopped from questioning their authorization, sale, issuance, execution, or delivery by the ~~bond bank~~ public finance authority.

SECTION 21. AMENDMENT. Section 6-09.4-22 of the North Dakota Century Code is amended and reenacted as follows:

6-09.4-22. Protection of service during term of loan.

1. The service provided or made available by a political subdivision through the construction or acquisition of an improvement, or the revenues therefrom, financed in whole or in part with a loan to the political subdivision from the ~~bond bank~~ public finance authority or any other state agency or enterprise, may not be curtailed or limited by inclusion of all or any part of the area served by the political subdivision within the boundaries of any other political subdivision, or by the granting of any private franchise for similar service within the area served by the political subdivision, during the term of the loan. The political subdivision providing the service may not be required to obtain or secure any franchise, license, or permit as a condition of continuing to serve the area if it is included within the boundaries of another political subdivision during the term of the loan.
2. Under the circumstances described in subsection 1, nothing prevents the two political subdivisions, with the ~~bond bank~~ public finance authority or other state agency or enterprise, from negotiating an agreement for the right or obligation to provide the service in question, provided that any agreement is invalid and unenforceable unless the ~~bond bank~~ public finance authority or other state agency or enterprise is a party to the agreement and unless the agreement contains adequate safeguards to ensure the security and timely payment of any outstanding bonds of the ~~bond bank~~ public finance authority issued to fund the loan.

SECTION 22. AMENDMENT. Section 6-09.4-23 of the North Dakota Century Code is amended and reenacted as follows:

6-09.4-23. Evidences of indebtedness - Authority to withhold school district state aid.

1. If the ~~municipal bond bank~~ public finance authority or a paying agent notifies the superintendent of public instruction, in writing, that a school district has failed to pay when due the principal or interest on any evidences of indebtedness issued after July 31, 1999, or that the ~~bond bank~~ public finance authority or the paying agent has reason to believe a school district will not be able to make a full payment of the principal and interest when the payment is due, the superintendent of public instruction shall withhold any funds that are due or payable or appropriated to the school district under chapter 15.1-27 until the payment of the principal or interest has been made to the ~~bond bank~~ public finance authority or the paying agent, or until the ~~bond bank~~ public finance authority or the paying agent notifies the superintendent of public instruction that arrangements satisfactory to the ~~bond bank~~ public finance authority or the paying agent have been made for the payment of the principal and interest then due and owing. The notification must include information required by the superintendent of public instruction. State funds available to a school district under chapter 15.1-27 are not subject to withholding under this section unless the withholding is authorized by resolution of the district's school board.

2. Notwithstanding any withholding of state funds under section 15-39.1-23 or any other law, the superintendent of public instruction shall make available any funds withheld under subsection 1 to the municipal bond bank public finance authority or the paying agent. The bond bank public finance authority or the paying agent shall apply the funds to payments that the school district is required to make to the bond bank public finance authority or the paying agent.
3. If funds are withheld from a school district and made available to the bond bank public finance authority or a paying agent under this section and if tax revenues are received by the school district during the fiscal year in which the funds are withheld and are deposited in the district's sinking fund established in accordance with section 21-03-42, the district, with the consent of the bond bank public finance authority or the paying agent, may withdraw from its sinking fund an amount equal to that withheld by the superintendent of public instruction and made available to the bond bank public finance authority or a paying agent under this section.
4. Any excess funds at the Bank of North Dakota escrowed pursuant to an agreement between the municipal bond bank public finance authority and the state board of public school education for the benefit of the bond bank public finance authority and a school district must be held by the Bank. With the approval of the superintendent of public instruction, those funds may be used to subsidize the debt service payments on construction loans that are made to school districts by the bond bank public finance authority and which are subject to the withholding provisions of this section or construction loans made to school districts under the state school construction program established by section 11 of chapter 2 of the 1989 Session Laws. Notwithstanding the existence of an escrow agreement between the bond bank public finance authority and the state board of public school education, those funds must be transferred to the bond bank public finance authority upon certification by the bond bank public finance authority that the funds are in excess of the amount needed to provide for the payment in full of the outstanding principal and interest, when due, on the bond bank public finance authority bonds issued to purchase the municipal securities for which the escrow fund was established.

SECTION 23. A new section to chapter 6-09.4 of the North Dakota Century Code is created and enacted as follows:

Public finance authority - Issuance on behalf of other state agencies.

AN ACT to amend and reenact section 6-09.4-02, subsection 5 of section 6-09.4-03, sections 6-09.4-06, 6-09.4-07, 6-09.4-09, and 6-09.4-13, and subsection 1 of section 40-57-02 of the North Dakota Century Code, relating to the purchase of qualified small issue bonds by the municipal bond bank and issuance of municipal industrial development revenue bonds by the municipal bond bank; and to provide program limits for the purchase or issuance of qualified small issue bonds or municipal industrial revenue bonds by the municipal bond bank.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 6-09.4-02 of the North Dakota Century Code is amended and reenacted as follows:

6-09.4-02. Legislative policy. It is declared to be the policy of the state of North Dakota to foster and promote the provision of adequate capital markets and facilities for borrowing money by political subdivisions or other contracting parties and for the financing of their respective public improvements or projects as those terms are used or defined in this chapter or chapter 40-57. It is in the public interest to encourage political subdivisions or other contracting parties to continue their independent undertakings of public improvements or projects and the financing thereof by making funds available at reduced interest costs, especially during periods of restricted credit or money supply. Current credit and municipal bond market conditions require the exercise of the powers of the state to further and implement such policies by authorizing a state instrumentality to be created to borrow money and to issue its bonds to make funds available at reduced rates and on favorable terms for borrowing by political subdivisions or other contracting parties through the purchase or holding of marketable municipal securities of political subdivisions or other contracting parties in fully marketable form or in another form adequate to secure bonds issued by the state instrumentality and by granting broad powers to accomplish and to carry out the policies of the state.

⁶¹ **SECTION 2. AMENDMENT.** Subsection 5 of section 6-09.4-03 of the North Dakota Century Code is amended and reenacted as follows:

5. "Municipal security" means an evidence of indebtedness issued by a political subdivision and a revenue agreement entered into by a contracting party as those terms are used in chapter 40-57, but does not generally include an evidence of indebtedness issued pursuant to chapter 40-57 other than an evidence of indebtedness that qualifies as

a qualified small issue bond as defined under 26 U.S.C. 144(a) [Pub. L. 99-514; 100 Stat. 2606], as amended, and regulations promulgated and officially proposed to be promulgated thereunder, or as an "exempt facility bond" as defined under 26 U.S.C. 142(a) (4), (5), or (6) [Pub. L. 99-514; 100 Stat. 2606], as amended, and regulations promulgated and officially proposed to be promulgated thereunder, issued to provide one of the following:

- a. A facility for the furnishing of water.
- b. A wastewater facility.
- c. A ~~nonpoint source pollution control~~ solid waste disposal facility.

⁶² **SECTION 3. AMENDMENT.** Section 6-09.4-06 of the North Dakota Century Code is amended and reenacted as follows:

6-09.4-06. Lending and borrowing powers generally. The bond bank may lend money to political subdivisions or other contracting parties through the purchase ~~and or~~ holding of municipal securities which, in the opinion of the attorney general, are properly eligible for purchase or holding by the bond bank under this chapter or chapter 40-57 and for which the principal amount of any one issue does not exceed two hundred thousand dollars. However, the bond bank may lend money to political subdivisions or other contracting parties, through the purchase ~~and or~~ holding of securities issued by the political subdivisions or other contracting parties without regard to the principal amount of the bonds issued, if the industrial commission approves a resolution that authorizes the bond bank to purchase ~~and or~~ hold the securities. The authorizing resolution must state that the industrial commission has determined that private bond markets will not be responsive to the needs of the issuing political subdivision or other contracting party concerning the securities or, if it appears that the securities can be sold through private bond markets without the involvement of the bond bank, the authorizing resolution must state reasons for the bond bank's involvement in the bond issue. The bond bank may hold such municipal securities for any length of time it finds to be necessary. The bond bank, for the purposes authorized by this chapter or chapter 40-57, may issue its bonds payable solely from the revenues available to the bond bank which are authorized or pledged for payment of bond bank obligations, and to otherwise assist political subdivisions or other contracting parties as provided in this chapter or chapter 40-57.

The bond bank may lend money to the Bank of North Dakota under terms and conditions requiring the Bank to use the proceeds to make loans for agricultural improvements that qualify for assistance under the revolving loan fund program established by chapter 61-28.2.

Bonds of the bond bank issued under this chapter or chapter 40-57 are not in any way a debt or liability of the state and do not constitute a loan of the credit of the state or create any debt or debts, liability or liabilities, on behalf of the state, or constitute a pledge of the faith and credit of the state, but all such bonds are payable solely from revenues pledged or available for their payment as authorized in this chapter. Each bond must contain on its face a statement to the effect that the bond

bank is obligated to pay such principal or interest, and redemption premium, if any, and that neither the faith and credit nor the taxing power of the state is pledged to the payment of the principal of or the interest on such bonds. Specific funds pledged to fulfill the bond bank's obligations are obligations of the bond bank.

All expenses incurred in carrying out the purposes of this chapter or chapter 40-57 are payable solely from revenues or funds provided or to be provided under this chapter or chapter 40-57 and nothing in this chapter may be construed to authorize the bond bank to incur any indebtedness or liability on behalf of or payable by the state.

6. To fix and revise from time to time and charge and collect fees and charges for the use of its services or facilities.
7. To do and perform any acts and things authorized by this chapter or chapter 40-57 under, through, or by means of its officers, agents, or employees or by contracts with any person, firm, or corporation.
8. To make, enter into, and enforce all contracts or agreements necessary, convenient, or desirable for the purposes of the bond bank or pertaining to any loan to a political subdivision or other contracting party or any purchase or sale of municipal securities or other investments or to the performance of its duties and execution or carrying out of any of its powers under this chapter or chapter 40-57.

held by it at such prices without relation to cost and in such manner as the bond bank deems advisable.

10. To invest any funds or moneys of the bond bank not then required for loan to political subdivisions or other contracting parties and for the purchase of municipal securities in the same manner as permitted for investment of funds belonging to the state or the Bank of North Dakota.
11. To fix and prescribe any form of application or procedure to be required of a political subdivision or other contracting party for the purpose of any loan or the purchase of its municipal securities, and to fix the terms and conditions of any such loan or purchase and to enter into agreements with political subdivisions or other contracting parties with respect to any such loan or purchase.

14. To fix and establish any and all terms and provisions with respect to any purchase of municipal securities by the bond bank, including dates and maturities of such bonds, provisions as to redemption or payment prior to maturity, and any and all other matters which in connection therewith are necessary, desirable, or advisable in the judgment of the bond bank.
15. To procure insurance against any losses in connection with its property, operations, or assets in such amounts and from such insurers as it deems desirable to pay the premiums on such insurance.
16. To the extent permitted under its contracts with the holders of bonds of the bond bank, to consent to any modification with respect to rates of interest, time, and payment of any installment of principal or interest, security, or any other term of bond, contract, or agreement of any kind to which the bond bank is a party.
17. To do all acts and things necessary, convenient, or desirable to carry out the powers expressly granted or necessarily implied in this chapter or chapter 40-57.
18. To do and perform any act and thing authorized by section 54-01-27 or 54-17-36 under, through, or by means of its officers, agents, or employees or by contracts with any person to assist the state, or any agency or institution of the state, in making, entering, and enforcing all contracts or agreements necessary, convenient, or desirable for the purposes of leasing all or part of, or an undivided or other interest in, property.

6-09.4-09. Pledges. Any pledge of revenue or of a revenue agreement under chapter 40-57 made by the industrial commission as security for bond bank bonds is valid and binding from time to time when the pledge is made. The industrial commission may also pledge assets of the Bank of North Dakota as security for bond bank bonds. The revenues or other moneys so pledged and thereafter received by the bond bank are immediately subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge is valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the bond bank, regardless of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be filed or recorded, except in the records of the bond bank.

SECTION 6. AMENDMENT. Section 6-09.4-13 of the North Dakota Century Code is amended and reenacted as follows:

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Chapter 6-09.17 of the North Dakota Century Code is created and enacted as follows:

6-09.17-01. Definitions. In this chapter, unless the context or subject matter otherwise requires:

1. "Biodiesel partnership in assisting community expansion fund" or "fund" means a fund established to buy down the interest rate on loans to biodiesel production facilities as provided under this chapter.
2. "Biodiesel production facility" means a corporation, limited liability company, partnership, individual, or association involved in production of diesel fuel containing at least five percent biodiesel meeting the specifications adopted by the American society for testing and materials.
3. "Community" means the city or county in which an eligible biodiesel production facility is located, or a local development corporation, community organization, or any other group whose interest is in the economic growth of the area.

6-09.17-02. Biodiesel partnership in assisting community expansion fund - Continuing appropriation - Administration. A biodiesel partnership in assisting community expansion fund is hereby established. All moneys transferred into the fund, interest on fund moneys, and payments to the fund are hereby appropriated for the purposes of this chapter. This fund is subject to section 54-44.1-11 and any unexpended and unobligated balance in the fund at the end of the biennium must be transferred to the state general fund. The Bank of North Dakota shall administer the fund.

6-09.17-03. Fund - Purpose - Interest rate buydown. Moneys in the biodiesel partnership in assisting community expansion fund must be used for the purpose of buying down the interest rate on loans made by a lead financial institution in participation with the Bank of North Dakota. The Bank of North Dakota's

participation may not exceed eighty percent nor be less than fifty percent of the total loans. If the loan is approved by the lenders and there is evidence of the community's commitment and ability to fund its portion of the buydown, the fund's participation in the buydown must automatically be approved.

6-09.17-04. Fund moneys - Eligible uses.

1. a. The fund moneys may be used to participate in an interest rate buydown on a loan to a biodiesel production facility for the following eligible uses:

 - (2) Expansion of facilities.
 - (3) Working capital.
 - (4) Inventory.
- b. The loan funds cannot be used to refinance any existing debt or for the relocation of the business within North Dakota.
2. The community shall determine the amount of the interest rate buydown and apply to the Bank of North Dakota for participation from the biodiesel partnership in assisting community expansion fund. The funds for the community's portion of the buydown may come from a local development corporation, contributions, community funds, future dedicated tax programs, or any other community source. Any community funds provided for a buydown under chapter 6-09.14 for a biodiesel production facility may be considered as funds for the community's portion of the buydown under this chapter for that facility.
3. The fund participation portion in the buydown must be determined by the Bank of North Dakota based on economic conditions in the city or county in which the business is located.
4. The maximum amount from the fund in the interest rate buydown may not exceed four hundred thousand dollars per loan and not more than one loan may be provided to any single biodiesel production facility under this chapter. However, if the partnership in assisting community expansion fund does not have adequate funds on hand for an interest rate buydown for a biodiesel production facility, the maximum amount from the fund under this subsection is increased to six hundred thousand dollars per loan. The community funds required for participation in the interest rate buydown are limited to the amount required when the fund provides two hundred fifty thousand dollars per loan. The licensee may contract for and collect a returned check or electronic debit charge not to exceed twenty dollars ~~per customer, per year.~~ No other fee or charge may be collected as a result of a returned check or electronic debit or as a result of default by the ~~maker of the check~~ customer in timely payment to the licensee.
8. A ~~maker of a check~~ customer who has authority to make ~~the a~~ check or authorize an electronic debit and enters ~~into~~ a deferred presentment service agreement is not subject to a criminal penalty relating to the check, electronic debit, or the deferred presentment service agreement unless the customer's account on which the check was written was closed on the original date of the transaction. At the time of entering a transaction involving a written check, a licensee shall verify that the account on which the check is written is open. A licensee may not pursue or threaten to pursue criminal penalties against a ~~maker of a check~~ customer for criminal penalties prohibited by this subsection.
9. A licensee may not engage in unfair or deceptive acts, practices, or advertising in the conduct of a deferred presentment service business.

A licensee that engages in a deferred presentment service transaction via the internet shall require its customers to acknowledge the fees imposed using a click-through or other method that prevents customers from completing the transaction without reviewing the licensee's fees.
12. A licensee may not renew a deferred presentment service transaction more than once. A licensee's renewal fee may not exceed twenty percent of the amount being renewed. The total period of deferral, including the initial deferral and one renewal, may not exceed ~~forty-five~~ sixty days. An individual renewal period may not be less than fifteen

13. A licensee may not renew, repay, refinance, or consolidate a deferred presentment service transaction with the proceeds of another deferred presentment service transaction with that licensee by the same maker or customer. It is presumed that a deferred presentment service transaction initiated within three business days before completion of a deferred presentment service transaction is a violation of this subsection.
14. A licensee may not conduct another business, other than a bona fide pawnbroking business, within the same office, suite, room, or place of business at which the licensee engages in deferred presentment service transactions unless the commissioner provides written authorization after a determination the other business is not contrary to the best interests of consumers.
15. A licensee shall provide a notice in a prominent place on each deferred presentment service agreement in no less than ten-point type in substantially the following form:

4. Banks, bank holding companies, credit unions, building and loan associations, savings and loan associations, savings banks or mutual banks organized under the laws of any state or the United States, provided that they do not issue or sell payment instruments through authorized delegates who are not banks, bank holding companies, credit unions, building and loan associations, savings and loan associations, savings banks, or mutual banks;

13-09-04. Licensed qualifications. To qualify for a license each applicant must satisfy the following requirements:

1. Each licensee under this chapter must at all times have a net worth of not less than one hundred thousand dollars, calculated in accordance with generally accepted accounting principles.
2. The financial condition and responsibility, financial and business experience, and character and general fitness of the applicant must reasonably warrant the belief that the applicant's business will be conducted honestly, fairly, and in a manner commanding the confidence and trust of the community. In determining whether this qualification is met and for purposes of investigating compliance with this chapter, the commissioner may review and consider the relevant business records and capital adequacy of the applicant.
3. Every corporate applicant, at the time of filing of an application for a license under this chapter and at all times after a license is issued, must be in good standing in the state of its incorporation. At the time of the filing of an application for a license under this chapter and at all times after a license is issued, all noncorporate applicants must be registered or qualified to do business in the state.

13-09-05. Bond or other security device.

1. Each application must be accompanied by a surety bond, irrevocable letter of credit, or such other similar security device, hereinafter "security device", acceptable to the commissioner in the amount of one hundred fifty thousand dollars. The commissioner may increase the amount of the bond or security device to a maximum of five hundred thousand dollars for good cause. The security device must be in a form satisfactory to the commissioner and must run to the state for the benefit of any claimants against the licensee to secure the faithful performance of the obligations of the licensee with respect to the receipt, handling, transmission, and payment of money in connection with the sale and issuance of payment instruments and transmission of money. In the case of a bond, the aggregate liability of the surety may not exceed the principal sum of the bond. Claimants against the licensee may themselves bring suit directly on the security device or the commissioner may bring suit on behalf of such claimants, either in one action or in successive actions.
2. In lieu of a security device or of any portion of the principal thereof, as required by this section, the licensee may deposit with the commissioner, or with banks in this state as the licensee may designate and the commissioner may approve, cash, interest-bearing stocks and bonds, notes, debentures, or other obligations of the United States or any agency or instrumentality thereof, or guaranteed by the United States, or of this state, or of a city, county, town, village, school district, or instrumentality of this state, or guaranteed by this state, to an aggregate amount, based upon principal amount or market value, whichever is lower, of not less than the amount of the security device or portion thereof. The securities and cash must be deposited as aforesaid and held to secure the same obligations as would the security device, but the depositor is entitled to receive all interest and dividends thereon, with the approval of the commissioner may substitute other securities for those deposited, and must be required so to do on written order of the commissioner made for good cause shown.
3. The security device must remain in effect until cancellation, which may occur only after thirty days' written notice to the commissioner. Cancellation does not affect any liability incurred or accrued during the period.
4. The security device must remain in place for at least five years after the licensee ceases money transmission operations in the state. However, notwithstanding this provision, the commissioner may permit the security device to be reduced or eliminated before that time to the extent that the amount of the licensee's payment instruments outstanding in this state are reduced. The commissioner may also permit a licensee to substitute a letter of credit or such other form of security device acceptable to the commissioner for the security device in place at the time the licensee ceases money transmission operations in the state.

13-09-06. Permissible investments and statutory trust.

1. Each licensee under this chapter must at all times possess permissible investments having an aggregate market value, calculated in accordance with generally accepted accounting principles, of not less than the aggregate face amount of all outstanding payment instruments and stored value issued or sold by the licensee in the United States.

This requirement may be waived by the commissioner if the dollar volume of a licensee's outstanding payment instruments and stored value does not exceed the bond or other security devices posted by the licensee pursuant to section 13-09-05.

2. Permissible investments, even if commingled with other assets of the licensee, are deemed by operation of law to be held in trust for the benefit of the purchasers and holders of the licensee's outstanding payment instruments in the event of the bankruptcy of the licensee.

13-09-07. Application for license. Each application for a license under this chapter must be made in writing, and in a form prescribed by the commissioner. Each application must state or contain:

 - g. A copy of the applicant's most recent audited financial statement including balance sheet, statement of income or loss, statement of changes in shareholder equity, and statement of changes in financial position and, if available, the applicant's audited financial statements for the immediately preceding two-year period. However, if the applicant is a wholly owned subsidiary of another corporation, the applicant may submit either the parent corporation's consolidated audited financial statements for the current year and for the immediately preceding two-year period or the parent corporation's form 10K reports filed with the United States securities and exchange commission for the prior three years in lieu of the applicant's financial statements. If the applicant is a wholly owned subsidiary of a corporation having its principal place of business outside the United States, similar documentation filed with the parent corporation's non-United States regulator may be submitted to satisfy this provision.
 - h. Copies of all filings, if any, made by the applicant with the United States securities and exchange commission, or with a similar regulator in a country other than the United States, within the year preceding the date of filing of the application.
- 3. If the applicant is not a corporation, the applicant must also provide:
 - a. The name, business and residence address, personal financial statement and employment history, for the past five years, of each principal of the applicant and the name, business and residence address, and employment history for the past five years of any other person or persons who will be in charge of the applicant's activities to be licensed under this chapter;
 - b. The place and date of the applicant's registration or qualification to do business in this state;
 - c. The history of criminal convictions and material litigation for the five-year period before the date of the application for each individual having any ownership interest in the applicant and each individual who exercises supervisory responsibility with respect to the applicant's activities; and
 - d. Copies of the applicant's audited financial statements including balance sheet, statement of income or loss, and statement of

changes in financial position for the current year and, if available, for the immediately preceding two-year period.

4. For good cause shown, the commissioner may waive any requirement of this section with respect to any license application or to permit a license applicant to submit substituted information in its license application in lieu of the information required by this section.

13-09-08. Application fee. Each application must be accompanied by a nonrefundable investigation fee in the amount of four hundred fifty dollars and license fee of four hundred dollars. The license fee must be refunded if the application is denied. The commissioner shall deposit fees and costs collected by the department under this chapter in the department of financial institutions regulatory fund.

13-09-09. Issuance of license.

1. Upon the filing of a complete application, the commissioner shall investigate the financial condition and responsibility, financial and business experience, character, and general fitness of the applicant. The commissioner may conduct an onsite investigation of the applicant, the reasonable cost of which must be borne by the applicant. If the commissioner finds that the applicant's business will be conducted honestly, fairly, and in a manner commanding the confidence and trust of the community and that the applicant has fulfilled the requirements imposed by this chapter and has paid the required license fee, the commissioner shall issue a license to the applicant authorizing the applicant to engage in the licensed activities in this state. If these requirements have not been met, the commissioner shall deny the application in writing, setting forth the reasons for the denial.
2. The commissioner shall approve or deny every application for an original license within one hundred twenty days from the date a complete application is submitted, which period may be extended by the written consent of the applicant. The commissioner shall notify the applicant of the date when the application is deemed complete.
3. Any applicant aggrieved by a denial issued by the commissioner under this chapter may at any time within thirty days from the date of receipt of written notice of the denial request a hearing before the commissioner.

13-09-10. Renewal of license and annual report.

1. A licensee under this chapter shall pay an annual renewal fee of four hundred fifty dollars which is not subject to refund.
2. The renewal fee must be accompanied by a report, in a form prescribed by the commissioner, which must include:
 - a. A copy of its most recent audited consolidated annual financial statement including balance sheet, statement of income or loss, statement of changes in shareholder's equity, and statement of changes in financial position, or, in the case of a licensee that is a wholly owned subsidiary of another corporation, the consolidated audited annual financial statement of the parent corporation may be filed in lieu of the licensee's audited annual financial statement;

- b. For the most recent quarter for which data is available before the date of the filing of the renewal application, but in no event more than one hundred twenty days before the renewal date, the licensee must provide the number of payment instruments sold by the licensee in the state, the dollar amount of those instruments, and the dollar amount of those instruments currently outstanding;
 - c. Any material changes to any of the information submitted by the licensee on its original application which have not previously been reported to the commissioner on any other report required to be filed under this chapter;
 - d. A list of the licensee's permissible investments; and
 - e. A list of the locations, if any, within this state at which business regulated by this chapter is being conducted by either the licensee or its authorized delegates.
3. All licenses issued pursuant to this chapter expire on June thirtieth of each year. Applications for renewal must be submitted thirty days before expiration of the license. A licensee that has not filed a renewal report or paid its renewal fee by June thirtieth and has not been granted an extension of time to do so by the commissioner must have its license suspended. The licensee in such case has thirty days after its license is suspended in which to file a renewal report and pay the renewal fee, plus fifty dollars for each business day after suspension that the commissioner does not receive the renewal report and the renewal fee. For good cause, the commissioner may grant an extension of the renewal date or reduce or suspend the fifty dollars per day late filing fee.

13-09-11. Extraordinary reporting requirements. Within fifteen business days of the occurrence of any one of the events listed below, a licensee shall file a written report with the commissioner describing such event and its expected impact on the licensee's activities in the state:

- 1. Any material changes in information provided in a licensee's application or renewal report;
- 2. The filing for bankruptcy or reorganization by the licensee;
- 3. The institution of revocation or suspension proceedings against the licensee by any state or governmental authority with regard to the licensee's money transmission activities;
- 4. Any felony indictment of the licensee or any of its key officers or directors related to money transmission activities; and
- 5. Any felony conviction of the licensee or any of its key officers or directors related to money transmission activities.

13-09-12. Changes in control of a licensee.

- 1. A licensee shall give the commissioner written notice of a proposed change of control within fifteen days after learning of the proposed change of control and request approval of the acquisition.

2. After review of a request for approval under subsection 1, the commissioner may require the licensee to provide additional information concerning the proposed persons in control of the licensee. The additional information must be limited to the same types required of the licensee or persons in control of the licensee as part of its original license or renewal application.
3. The commissioner shall approve a request for change of control under subsection 1 if, after investigation, the commissioner determines that the person or group of persons requesting approval has the competence, experience, character, and general fitness to operate the licensee or person in control of the licensee in a lawful and proper manner and that the interests of the public will not be jeopardized by the change of control.
4. The following persons are exempt from the requirements of subsection 1, but the licensee shall notify the commissioner of a change of control:

 - a. A person that acts as a proxy for the sole purpose of voting at a designated meeting of the securityholders or holders of voting interests of a licensee or person in control of a licensee;

 - c. A person that the commissioner by rule or order exempts in the public interest.
5. Before filing a request for approval to acquire control, a person may request in writing a determination from the commissioner as to whether the person would be considered a person in control of a licensee upon consummation of a proposed transaction.

13-09-13. Examinations.

1. The commissioner may conduct an annual onsite examination of a licensee upon reasonable written notice to the licensee. The commissioner may examine a licensee without prior notice if the commissioner has a reasonable basis to believe that the licensee is in noncompliance with this chapter. Should the commissioner conclude that an onsite examination of a licensee is necessary, the licensee shall pay an examination or visitation fee and the commissioner shall charge for the actual cost of the examination or visitation at an hourly rate set by the commissioner which is sufficient to cover all reasonable expenses associated with the examination or visitation. The onsite examination may be conducted in conjunction with examinations to be performed by representatives of agencies of another state or states. The commissioner, in lieu of an onsite examination, may accept the examination report of an agency of another state, or a report prepared by an independent accounting firm, and reports so accepted are considered for all purposes as an official report of the commissioner. The reasonable expenses incurred by the department, agencies of

another state, or an independent licensed or certified public accountant in making the examination or report must be borne by the licensee.

2. The commissioner may request financial data from a licensee in addition to that required under section 13-09-10, or conduct an onsite examination of any authorized delegate or location of a licensee within this state without prior notice to the authorized delegate or licensee only if the commissioner has a reasonable basis to believe that the licensee or authorized delegate is in noncompliance with this chapter. When the commissioner examines an authorized delegate's operations, the authorized delegate shall pay all reasonably incurred costs of such examination. When the commissioner examines a licensee's location within the state, the licensee shall pay all reasonably incurred costs of such examination.

13-09-14. Maintenance of records.

1. Each licensee shall make, keep, and preserve the following books, accounts, and other records for a period of five years and which are open to inspection by the commissioner:
 - a. A record or records of each payment instrument and stored value sold;

 - e. Records of each payment instrument and stored value paid within the five-year period;
 - f. A list of the names and addresses of all of the licensee's authorized delegates; and
 - g. Any other records the commissioner reasonably requires by rule.
2. Maintenance of such documents as are required by this section in a photographic, electronic, or other similar form constitutes compliance with this section.
3. Records may be maintained at a location other than within this state so long as the records are made accessible to the commissioner on seven business days' written notice.

13-09-15. Authorized delegate contracts. Licenses desiring to conduct licensed activities through authorized delegates shall authorize each delegate to operate pursuant to an express written contract, which, for contracts entered into after the effective date of this Act, must provide the following:

1. That the licensee appoints the person as its delegate with authority to engage in money transmission on behalf of the licensee;

2. That neither a licensee nor an authorized delegate may authorize subdelegates without the written consent of the commissioner; and
3. That licensees are subject to supervision and regulation by the commissioner.

13-09-16. Authorized delegate conduct.

1. An authorized delegate may not make a fraudulent or false statement or misrepresentation to a licensee or to the commissioner.
2. All money transmission or sale or issuance of payment instrument activities conducted by authorized delegates must be strictly in accordance with the licensee's written procedures provided to the authorized delegate.
3. An authorized delegate must remit all money owing to the licensee in accordance with the terms of the contract between the licensee and the authorized delegate.
4. An authorized delegate is deemed to consent to the commissioner's inspection, with or without prior notice to the licensee or authorized delegates.
5. An authorized delegate is under a duty to act only as authorized under the contract with the licensee and this chapter and an authorized delegate who exceeds its authority is subject to cancellation of its contract and further disciplinary action by the commissioner.
6. All funds, less fees, received by an authorized delegate of a licensee from the sale or delivery of a payment instrument issued by a licensee or received by an authorized delegate for transmission must, from the time such funds are received by such authorized delegate until such time when the funds or an equivalent amount are remitted by the authorized delegate to the licensee, constitute trust funds owned by and belonging to the licensee. If an authorized delegate commingles any such funds with any other funds or property owned or controlled by the authorized delegate, all commingled proceeds and other property is impressed with a trust in favor of the licensee in an amount equal to the amount of the proceeds due the licensee.

13-09-17. Suspension or revocation of licenses. The commissioner may suspend or revoke a licensee's license if the commissioner finds that:

1. Any fact or condition exists that, if it had existed at the time when the licensee applied for its license, would have been grounds for denying such application;
2. The licensee's net worth becomes inadequate and the licensee, after ten days' written notice from the commissioner, fails to take such steps as the commissioner deems necessary to remedy such deficiency;
3. The licensee knowingly violates any material provision of this chapter or any rule or order validly adopted by the commissioner under authority of this title;

4. The licensee is conducting its business in an unsafe or unsound manner;
5. The licensee is insolvent;
6. The licensee has suspended payment of its obligations, made an assignment for the benefit of its creditors, or admitted in writing its inability to pay its debts as they become due;
7. The licensee has applied for an adjudication of bankruptcy, reorganization, arrangement, or other relief under any bankruptcy;
8. The licensee refuses to permit the commissioner to make any examination authorized by this chapter; or
9. The licensee willfully fails to make any report required by this chapter.

13-09-18. Suspension or revocation of authorized delegates.

1. The commissioner may issue an order suspending or revoking the designation of an authorized delegate, if the commissioner finds that:
 - a. The authorized delegate violates this chapter or a rule adopted or an order issued under this chapter;
 - b. The authorized delegate does not cooperate with an examination or investigation by the commissioner;
 - c. The authorized delegate engages in fraud, intentional misrepresentation, or gross negligence;
 - d. The authorized delegate is convicted of a violation of a state or federal antimoney laundering statute;
 - e. The competence, experience, character, or general fitness of the authorized delegate or a person in control of the authorized delegate indicates that it is not in the public interest to permit the authorized delegate to provide money services; or
 - f. The authorized delegate is engaging in an unsafe or unsound practice.
2. In determining whether an authorized delegate is engaging in an unsafe or unsound practice, the commissioner may consider the size and condition of the authorized delegate's provision of money services, the magnitude of the loss, if any, the gravity of the violation of this chapter, and the previous conduct of the authorized delegate.
3. An authorized delegate may appeal from a suspension or revocation of designation as an authorized delegate by filing a written appeal with the commissioner within twenty days of the issuance of the order.

13-09-19. Orders to cease and desist.

1. If the commissioner determines that an unlicensed person, a licensee, or an authorized delegate has committed a violation of this chapter or of

a rule adopted or an order issued under this chapter, the commissioner may issue an order to cease and desist from the violation. The order becomes effective upon service.

2. The commissioner may issue an order against a licensee to cease and desist from providing money transmission services through an authorized delegate that is the subject of a separate order pursuant to section 13-09-18.
3. An order to cease and desist remains effective and enforceable pending the completion of any administrative proceeding.

14-09-09.24. Immediate income withholding.

1. Except as provided in subsection 2 or 3, each judgment or order which requires the payment of child support, issued or modified on or after January 1, 1990, subjects the income of the obligor to income withholding, regardless of whether the obligor's support payments are delinquent.
2. If a party to a proceeding, who would otherwise be subject to immediate income withholding under subsection 1, demonstrates, and the court finds that there is good cause not to require immediate withholding, or if the parties, including any assignee of support rights, reach a written agreement that provides for an alternative arrangement for assuring the regular payment of child support, the court need not subject the income of the obligor to immediate withholding.
3. If an obligor, who would otherwise be subject to immediate income withholding under subsection 1 in at least one case in which services are being provided by a child support agency under title IV-D, demonstrates, and a child support agency finds there is good cause not to require immediate income withholding, the child support agency may enter into a written agreement with an obligor that provides for an alternate payment arrangement in lieu of immediate income withholding. Notwithstanding section 14-09-09.13, any failure to comply with an agreement under this subsection subjects the income of the obligor to income withholding under this section. Any obligee aggrieved by a finding of a child support agency under this subsection may seek review of the finding under subsection 2 of section 50-09-14.
4. A finding that there is good cause not to require immediate income withholding under subsection 2 or 3 must be based on at least:

- b. Proof of timely payment of previously ordered support, if any; and
 - c. A requirement that the obligor keep the clerk and the public authority informed of any employment-related health insurance to which the obligor has access.
4. 5. A written agreement for an alternative arrangement for assuring the regular payment of child support is effective only if the agreement at least, in addition to other conditions the parties agree to:
- a. Provides that the obligor shall keep the clerk and the public authority informed of any employment-related health insurance to which the obligor has access;
 - b. Describes the provisions by which regular payment of child support is assured; and
 - c. Is reviewed and approved by the court and entered into the court's records.

SECTION 2. A new section to chapter 14-09 of the North Dakota Century Code is created and enacted as follows:

Transfers of funds for payment of child support. If a court determines that income withholding under this chapter is inapplicable, ineffective, or insufficient to ensure monthly payment of child support as determined under section 14-09-09.30, a court may, and upon request of a child support agency shall, order an obligor to identify or establish a deposit account that allows for periodic transfers of funds for payment of child support and to execute any necessary agreement for preauthorized transfers of funds from the account to the state disbursement unit for the payment of child support. An obligor who fails to comply with this section or make sufficient funds available to satisfy any preauthorized transfer, or who stops payment or revokes authorization for any preauthorized transfer, may be punished for contempt of court.

SECTION 2. A new section to chapter 14-09 of the North Dakota Century Code is created and enacted as follows:

Termination of parental rights - Duty of support. A termination of parental rights does not terminate the duty of either parent to support the child before the child's adoption unless that duty is specially terminated by order of the court after notice of a proposed termination or relinquishment is given to the department of human services in the manner appropriate for the service of process in a civil action in this state. A termination of a child support obligation under this section does not relieve a parent of the duty to pay any unpaid child support.

SECTION 3. AMENDMENT. Subsection 1 of section 14-15-05 of the North Dakota Century Code is amended and reenacted as follows:

1. Unless consent is not required under section 14-15-06, a petition to adopt a minor may be granted only if written consent to a particular adoption has been executed by:
 - a. The mother of the minor whether by birth or adoption;
 - b. The father of the minor, if:
 - (1) The minor is the father's child by adoption, or the father has otherwise legitimated the minor according to the laws of the place in which the adoption proceeding is brought; or
 - (2) The person is presumed to be the biological father of the minor under subsection 1 of section ~~14-17-04~~ 14-20-10, provided the nonexistence of the father and child relationship between them has not been judicially determined;
 - c. Any individual lawfully entitled to custody of the minor or empowered to consent;
 - d. The court having jurisdiction to determine custody of the minor, if the legal guardian or custodian of the minor is not empowered to consent to the adoption;
 - e. The minor, if more than ten years of age, unless the court in the best interest of the minor dispenses with the minor's consent; and
 - f. The spouse of the minor to be adopted.

SECTION 4. AMENDMENT. Subsection 1 of section 14-15-11 of the North Dakota Century Code is amended and reenacted as follows:

1. a. After the filing of a petition to adopt a minor, the court shall fix a time and place for hearing the petition. At least twenty days before the date of hearing, notice of the filing of the petition and of the time and place of hearing must be given by the petitioner to the department; any agency or individual whose consent to the adoption is required by this chapter but who has not consented; an individual whose consent is dispensed with upon any ground mentioned in subdivisions a, b, f, h, i, and j of subsection 1 of section 14-15-06 but who has not consented; and any individual identified by the court as a biological parent or a possible biological parent of the minor, upon making inquiry to the extent necessary and appropriate, as in proceedings under ~~sections~~ section 27-20-45 ~~and 14-17-24~~, unless the individual has relinquished parental rights or the individual's parental rights have been previously terminated by a court. The notice to the department must be accompanied by a copy of the petition.
- b. Notice of the filing of a petition to adopt an adult must be given by the petitioner at least twenty days before the date of the hearing to each living parent of the adult to be adopted.

SECTION 5. AMENDMENT. Section 14-18-01 of the North Dakota Century Code is amended and reenacted as follows:

14-18-01. Definitions. As used in this chapter:

1. SECTION 6. AMENDMENT. Section 14-18-05 of the North Dakota Century Code is amended and reenacted as follows:

14-18-05. Surrogate agreements. Any agreement in which a woman agrees to become a surrogate or to relinquish that woman's rights and duties as parent of a child conceived through assisted conception is void. The surrogate, however, is the mother of a resulting child and the surrogate's husband, if a party to the agreement, is the father of the child. If the surrogate's husband is not a party to the agreement or the surrogate is unmarried, paternity of the child is governed by chapter ~~14-17~~ 14-20.

SECTION 7. A new section to chapter 14-18 of the North Dakota Century Code is created and enacted as follows:

Gestational carrier agreements. A child born to a gestational carrier is a child of the intended parents for all purposes and is not a child of the gestational carrier and the gestational carrier's husband, if any.

SECTION 8. AMENDMENT. Section 14-19-05 of the North Dakota Century Code is amended and reenacted as follows:

14-19-05. Filing of acknowledgment. An acknowledgment of paternity made under this chapter ~~14-20~~ must be filed with the state department of health on a form approved by the department, which must include the social security number of the parents and any other information required by the secretary of the United States department of health and human services. 14-20-10. (204) Presumption of paternity.

- 1. A man is presumed to be the father of a child if:
 - a. He and the mother of the child are married to each other and the child is born during the marriage;

 - (2) He agreed to be and is named as the child's father on the child's birth certificate; or
 - (3) He promised in a record to support the child as his own; or
 - e. For the first two years of the child's life, he resided in the same household with the child and openly held out the child as his own.

14-20-11. (301) Acknowledgment of paternity. The mother of a child and a man claiming to be the genetic father of the child may sign an acknowledgment of paternity with intent to establish the man's paternity.

14-20-12. (302) Execution of acknowledgment of paternity.

 - c. State that the child whose paternity is being acknowledged:
 - (1) Does not have a presumed father, or has a presumed father whose full name is stated; and
 - (2) Does not have another acknowledged or adjudicated father;
 - d. State whether there has been genetic testing and, if so, that the acknowledging man's claim of paternity is consistent with the results of the testing; and
 - e. State that the signatories understand that the acknowledgment is the equivalent of a judicial adjudication of paternity of the child and that a challenge to the acknowledgment is permitted only under limited circumstances and is barred after one year.
2. An acknowledgment of paternity is void if it:
 - a. States that another man is a presumed father, unless a denial of paternity signed or otherwise authenticated by the presumed father is filed with the state department of health;
 - b. States that another man is an acknowledged or adjudicated father; or
 - c. Falsely denies the existence of a presumed, acknowledged, or adjudicated father of the child.

3. A presumed father may sign or otherwise authenticate an acknowledgment of paternity.

14-20-13. (303) Denial of paternity. A presumed father may sign a denial of his paternity. The denial is valid only if:

1. An acknowledgment of paternity signed, or otherwise authenticated, by another man is filed pursuant to section 14-20-15;
2. The denial is in a record, and is signed, or otherwise authenticated, under penalty of perjury; and
3. The presumed father has not previously:
 - a. Acknowledged his paternity, unless the previous acknowledgment has been rescinded pursuant to section 14-20-17 or successfully challenged pursuant to section 14-20-18; or
 - b. Been adjudicated to be the father of the child.

14-20-14. (304) Rules for acknowledgment and denial of paternity.

1. An acknowledgment of paternity and a denial of paternity may be contained in a single document or may be signed in counterparts, and may be filed separately or simultaneously. If the acknowledgment and denial are both necessary, neither is valid until both are filed.
2. An acknowledgment of paternity or a denial of paternity may be signed before the birth of the child.
3. Subject to subsection 1, an acknowledgment of paternity or denial of paternity takes effect on the birth of the child or the filing of the document with the state department of health, whichever occurs later.
4. An acknowledgment of paternity or denial of paternity signed by a minor is valid if it is otherwise in compliance with this chapter.
5. An acknowledgment of paternity or denial of paternity may be completed for a child who was not born in this state.

14-20-15. (305) Effect of acknowledgment or denial of paternity.

1. Except as otherwise provided in sections 14-20-17 and 14-20-18, a valid acknowledgment of paternity filed with the state department of health is equivalent to an adjudication of paternity of a child and confers upon the acknowledged father all of the rights and duties of a parent and must be recognized as a basis for a support order in any proceeding to establish, enforce, or modify a support order.
2. Except as otherwise provided in sections 14-20-17 and 14-20-18, a valid denial of paternity by a presumed father filed with the state department of health in conjunction with a valid acknowledgment of paternity is equivalent to an adjudication of the nonpaternity of the presumed father and discharges the presumed father from all rights and duties of a parent.

14-20-16. (306) No filing fee. The state department of health may not charge for filing an acknowledgment of paternity or denial of paternity.

14-20-17. (307) Proceeding for rescission. A signatory may rescind an acknowledgment of paternity or denial of paternity by commencing a proceeding to rescind before the earlier of:

1. Sixty days after the effective date of the acknowledgment or denial, as provided in section 14-20-14; or
2. The date of the first hearing, in a proceeding to which the signatory is a party, before a court to adjudicate an issue relating to the child, including a proceeding that establishes support.

14-20-18. (308) Challenge after expiration of period for rescission.

1. After the period for rescission under section 14-20-17 has expired, a signatory of an acknowledgment of paternity or denial of paternity may commence a proceeding to challenge the acknowledgment or denial only:
 - a. On the basis of fraud, duress, or material mistake of fact; and
 - b. Within one year after the acknowledgment or denial is filed with the state department of health.
2. A party challenging an acknowledgment of paternity or denial of paternity has the burden of proof.

14-20-19. (309) Procedure for rescission or challenge.

1. Every signatory to an acknowledgment of paternity and any related denial of paternity must be made a party to a proceeding to rescind or challenge the acknowledgment or denial.
2. For the purpose of rescission of, or challenge to, an acknowledgment of paternity or denial of paternity, a signatory submits to personal jurisdiction of this state by signing the acknowledgment or denial, effective upon the filing of the document with the state department of health.
3. Except for good cause shown, during the pendency of a proceeding to rescind or challenge an acknowledgment of paternity or denial of paternity, the court may not suspend the legal responsibilities of a signatory arising from the acknowledgment, including the duty to pay child support.
4. A proceeding to rescind or to challenge an acknowledgment of paternity or denial of paternity must be conducted in the same manner as a proceeding to adjudicate parentage under sections 14-20-36 through 14-20-58.
5. At the conclusion of a proceeding to rescind or challenge an acknowledgment of paternity or denial of paternity, the court shall order the state department of health to amend the birth record of the child, if appropriate.

14-20-20. (310) Ratification barred. A court or administrative agency conducting a judicial or administrative proceeding is not required or permitted to ratify an unchallenged acknowledgment of paternity.

14-20-21. (311) Full faith and credit. A court of this state shall give full faith and credit to an acknowledgment of paternity or denial of paternity effective in another state if the acknowledgment or denial has been signed and is otherwise in compliance with the law of the other state.

14-20-22. (312) Forms for acknowledgment and denial of paternity.

- 1.** To facilitate compliance with sections 14-20-11 through 14-20-24, the state department of health shall prescribe forms for the acknowledgment of paternity and the denial of paternity.
- 2.** A valid acknowledgment of paternity or denial of paternity is not affected by a later modification of the prescribed form.

14-20-23. (313) Release of information. The state department of health may release information relating to the acknowledgment of paternity or denial of paternity to a signatory of the acknowledgment or denial and to courts and appropriate state or federal agencies of this or another state.

14-20-24. (314) Adoption of rules. The state department of health may adopt rules to implement sections 14-20-11 through 14-20-23.

14-20-25. (501) Scope. Sections 14-20-25 through 14-20-35 govern genetic testing of an individual to determine parentage, whether the individual:

- 1.** Voluntarily submits to testing; or
- 2.** Is tested pursuant to an order of the court or a support enforcement agency.

14-20-26. (502) Order for testing.

- 1.** Except as otherwise provided in sections 14-20-25 through 14-20-58, the court shall order the child and other designated individuals to submit to genetic testing if the request for testing is supported by the sworn statement of a party to the proceeding:
 - a.** Alleging paternity and stating facts establishing a reasonable probability of the requisite sexual contact between the individuals;
or
 - b.** Denying paternity and stating facts establishing a possibility that sexual contact between the individuals, if any, did not result in the conception of the child.
- 2.** A support enforcement agency may order genetic testing only if there is no presumed, acknowledged, or adjudicated father.
- 3.** If a request for genetic testing of a child is made before birth, the court or support enforcement agency may not order in utero testing.

4. If two or more men are subject to court-ordered genetic testing, the testing may be ordered concurrently or sequentially.

14-20-27. (503) Requirements for genetic testing.

1. Genetic testing must be of a type reasonably relied upon by experts in the field of genetic testing and performed in a testing laboratory accredited by:
 - a. The American association of blood banks, or a successor to its functions;
 - b. The American society for histocompatibility and immunogenetics, or a successor to its functions; or
 - c. An accrediting body designated by the federal secretary of health and human services.
2. A specimen used in genetic testing may consist of one or more samples, or a combination of samples, of blood, buccal cells, bone, hair, or other body tissue or fluid. The specimen used in the testing need not be of the same kind for each individual undergoing genetic testing.
3. Based on the ethnic or racial group of an individual, the testing laboratory shall determine the data bases from which to select frequencies for use in calculation of the probability of paternity. If there is a disagreement as to the testing laboratory's choice, the following rules apply:
 - a. The individual objecting may require the testing laboratory, within thirty days after receipt of the report of the test, to recalculate the probability of paternity using an ethnic or racial group different from that used by the laboratory.
 - b. The individual objecting to the testing laboratory's initial choice shall:
 - (1) If the frequencies are not available to the testing laboratory for the ethnic or racial group requested, provide the requested frequencies compiled in a manner recognized by accrediting bodies; or
 - (2) Engage another testing laboratory to perform the calculations.
 - c. The testing laboratory may use its own statistical estimate if there is a question regarding which ethnic or racial group is appropriate. If available, the testing laboratory shall calculate the frequencies using statistics for any other ethnic or racial group requested.
4. If, after recalculation using a different ethnic or racial group, genetic testing does not rebuttably identify a man as the father of a child under section 14-20-29, an individual who has been tested may be required to submit to additional genetic testing.

14-20-28. (504) Report of genetic testing.

1. A report of genetic testing must be in a record and signed under penalty of perjury by a designee of the testing laboratory. A report made under the requirements of sections 14-20-25 through 14-20-35 is self-authenticating.
2. Documentation from the testing laboratory of the following information is sufficient to establish a reliable chain of custody that allows the results of genetic testing to be admissible without testimony:
 - a. The names and photographs of the individuals whose specimens have been taken;
 - b. The names of the individuals who collected the specimens;
 - c. The places and dates the specimens were collected;
 - d. The names of the individuals who received the specimens in the testing laboratory; and
 - e. The dates the specimens were received.

14-20-29. (505) Genetic testing results - Rebuttal.

1. Under this chapter, a man is rebuttably identified as the father of a child if the genetic testing complies with sections 14-20-25 through 14-20-35 and the results disclose that:
 - a. The man has at least a ninety-nine percent probability of paternity, using a prior probability of five-tenths, as calculated by using the combined paternity index obtained in the testing; and
 - b. A combined paternity index of at least one hundred to one.
2. A man identified under subsection 1 as the father of the child may rebut the genetic testing results only by other genetic testing satisfying the requirements of sections 25 through 35 of this Act which:
 - a. Excludes the man as a genetic father of the child; or
 - b. Identifies another man as the possible father of the child.
3. Except as otherwise provided in section 14-20-34, if more than one man is identified by genetic testing as the possible father of the child, the court shall order them to submit to further genetic testing to identify the genetic father.

14-20-30. (506) Costs of genetic testing.

1. Subject to assessment of costs under sections 14-20-36 through 14-20-58, the cost of initial genetic testing must be advanced:
 - a. By a support enforcement agency in a proceeding in which the support enforcement agency is providing services;
 - b. By the individual who made the request;

- c. As agreed by the parties; or
 - d. As ordered by the court.
- 2. In cases in which the cost is advanced by the support enforcement agency, the agency may seek reimbursement from a man who is rebuttably identified as the father.

14-20-31. (507) Additional genetic testing. The court or the support enforcement agency shall order additional genetic testing upon the request of a party who contests the result of the original testing. If the previous genetic testing identified a man as the father of the child under section 14-20-29, the court or agency may not order additional testing unless the party provides advance payment for the testing.

14-20-32. (508) Genetic testing when specimens not available.

- 1. Subject to subsection 2, if a genetic-testing specimen is not available from a man who may be the father of a child, for good cause and under circumstances the court considers to be just, the court may order the following individuals to submit specimens for genetic testing:
 - a. The parents of the man;
 - b. Brothers and sisters of the man;
 - c. Other children of the man and their mothers; and
 - d. Other relatives of the man necessary to complete genetic testing.
- 2. Issuance of an order under this section requires a finding that a need for genetic testing outweighs the legitimate interests of the individual sought to be tested.

14-20-33. (509) Deceased individual. For good cause shown, the court may order genetic testing of a deceased individual.

14-20-34. (510) Identical brothers.

- 1. The court may order genetic testing of a brother of a man identified as the father of a child if the man is commonly believed to have an identical brother and evidence suggests that the brother may be the genetic father of the child.
- 2. If each brother satisfies the requirements as the identified father of the child under section 14-20-29 without consideration of another identical brother being identified as the father of the child, the court may rely on nongenetic evidence to adjudicate which brother is the father of the child.

14-20-35. (511) Confidentiality of genetic testing. The report of genetic testing for parentage is confidential. An individual who knowingly releases an identifiable specimen of another individual for any purpose other than that relevant to the proceeding regarding parentage without a court order or the written permission of the individual who furnished the specimen is subject to section 12.1-13-01.

14-20-36. (601) Proceeding authorized. A civil proceeding may be maintained to adjudicate the parentage of a child. The proceeding is governed by the North Dakota Rules of Civil Procedure.

14-20-37. (602) Standing to maintain proceeding. Subject to sections 14-20-11 through 14-20-24 and sections 14-20-42 and 14-20-44, a proceeding to adjudicate parentage may be maintained by:

1. The child;
2. The mother of the child;
3. A man whose paternity of the child is to be adjudicated;
4. The support enforcement agency;
5. An authorized adoption agency or licensed child-placing agency; or
6. A representative authorized by law to act for an individual who would otherwise be entitled to maintain a proceeding but who is deceased, incapacitated, or a minor.

14-20-38. (603) Parties to proceeding. The following individuals must be joined as parties in a proceeding to adjudicate parentage:

1. The mother of the child; and
2. A man whose paternity of the child is to be adjudicated.

14-20-39. (604) Personal jurisdiction.

1. An individual may not be adjudicated to be a parent unless the court has personal jurisdiction over the individual.
2. A court of this state having jurisdiction to adjudicate parentage may exercise personal jurisdiction over a nonresident individual, or the guardian or conservator of the individual, if the conditions prescribed in section 14-12.2-04 are fulfilled.
3. Lack of jurisdiction over one individual does not preclude the court from making an adjudication of parentage binding on another individual over whom the court has personal jurisdiction.

14-20-40. (605) Venue. Venue for a proceeding to adjudicate parentage is in the county of this state in which:

1. The child resides or is found;
2. The respondent resides or is found if the child does not reside in this state; or
3. A proceeding for probate or administration of the presumed or alleged father's estate has been commenced.

14-20-41. (606) No limitation - Child having no presumed, acknowledged, or adjudicated father. A proceeding to adjudicate the parentage of

a child having no presumed, acknowledged, or adjudicated father may be commenced at any time, even after:

1. The child becomes an adult, but only if the child initiates the proceeding;
or
2. An earlier proceeding to adjudicate paternity has been dismissed based on the application of a statute of limitation then in effect.

14-20-42. (607) Limitation - Child having presumed father.

1. Except as otherwise provided in subsection 2, a proceeding brought by a presumed father, the mother, or another individual to adjudicate the parentage of a child having a presumed father must be commenced not later than two years after the birth of the child.
2. A proceeding seeking to disprove the father-child relationship between a child and the child's presumed father may be maintained at any time if the court determines that:
 - a. The presumed father and the mother of the child neither cohabited nor engaged in sexual intercourse with each other during the probable time of conception; and
 - b. The presumed father never openly held out the child as his own.
3. For purposes of this section and section 14-20-43, an action to establish support for a child is a proceeding to adjudicate parentage if the child's presumed father raises nonpaternity as a defense to the action.

14-20-43. (608) Authority to deny motion for genetic testing.

1. In a proceeding to adjudicate the parentage of a child having a presumed father or to challenge the paternity of a child having an acknowledged father, the court may deny a motion seeking an order for genetic testing of the mother, the child, and the presumed or acknowledged father if the court determines that:
 - a. The conduct of the mother or the presumed or acknowledged father estops that party from denying parentage; and
 - b. It would be inequitable to disprove the father-child relationship between the child and the presumed or acknowledged father.
2. In determining whether to deny a motion seeking an order for genetic testing under this section, the court shall consider the best interest of the child, including the following factors:
 - a. The length of time between the proceeding to adjudicate parentage and the time that the presumed or acknowledged father was placed on notice that he might not be the genetic father;
 - b. The length of time during which the presumed or acknowledged father has assumed the role of father of the child;

- c. The facts surrounding the presumed or acknowledged father's discovery of his possible nonpaternity;
 - d. The nature of the relationship between the child and the presumed or acknowledged father;
 - e. The age of the child;
 - f. The harm that may result to the child if presumed or acknowledged paternity is successfully disproved;
 - g. The nature of the relationship between the child and any alleged father;
 - h. The extent to which the passage of time reduces the chances of establishing the paternity of another man and a child support obligation in favor of the child; and
 - i. Other factors that may affect the qualities arising from the disruption of the father-child relationship between the child and the presumed or acknowledged father or the chance of other harm to the child.
3. In a proceeding involving the application of this section, a minor or incapacitated child must be represented by a guardian ad litem.
4. Denial of a motion seeking an order for genetic testing must be based on clear and convincing evidence.
5. If the court denies a motion seeking an order for genetic testing, it shall issue an order adjudicating the presumed or acknowledged father to be the father of the child.

14-20-44. (609) Limitation - Child having acknowledged or adjudicated father.

1. If a child has an acknowledged father, a signatory to the acknowledgment of paternity or denial of paternity may commence a proceeding seeking to rescind the acknowledgment or denial or challenge the paternity of the child only within the time allowed under section 14-20-17 or 14-20-18.
2. If a child has an acknowledged father or an adjudicated father, an individual, other than the child, who is neither a signatory to the acknowledgment of a paternity nor a party to the adjudication and who seeks an adjudication of paternity of the child must commence a proceeding not later than two years after the effective date of the acknowledgment or adjudication.
3. A proceeding under this section is subject to the application of the principles of estoppel established in section 14-20-43.

14-20-45. (610) Joinder of proceedings.

1. Except as otherwise provided in subsection 2, a proceeding to adjudicate parentage may be joined with a proceeding for adoption.

termination of parental rights, child custody or visitation, child support, divorce, annulment, legal separation or separate maintenance, probate or administration of an estate, or other appropriate proceeding.

2. A respondent may not join a proceeding described in subsection 1 with a proceeding to adjudicate parentage brought under chapter 14-12.2.

14-20-46. (611) Proceeding before birth. A proceeding to determine parentage may be commenced before the birth of the child, but may not be concluded until after the birth of the child. The following actions may be taken before the birth of the child:

1. Service of process;
2. Discovery; and
3. Except as prohibited by section 14-20-26, collection of specimens for genetic testing.

14-20-47. (612) Child as party - Representation.

1. A minor child is a permissible party, but is not a necessary party to a proceeding under sections 14-20-36 through 14-20-58.
2. The court shall appoint a guardian ad litem to represent a minor or incapacitated child if the child is a party or the court finds that the interests of the child are not adequately represented.

14-20-48. (621) Admissibility of results of genetic testing - Expenses.

1. Except as otherwise provided in subsection 3, a record of a genetic-testing expert is admissible as evidence of the truth of the facts asserted in the report unless a party objects to its admission within fourteen days after its receipt by the objecting party and cites specific grounds for exclusion. The admissibility of the report is not affected by whether the testing was performed:
 - a. Voluntarily or pursuant to an order of the court or a support enforcement agency; or
 - b. Before or after the commencement of the proceeding.
2. A party objecting to the results of genetic testing may call one or more genetic-testing experts to testify in person or by telephone, videoconference, deposition, or another method approved by the court. Unless otherwise ordered by the court, the party offering the testimony bears the expense for the expert testifying.
3. If a child has a presumed, acknowledged, or adjudicated father, the results of genetic testing are inadmissible to adjudicate parentage unless performed:
 - a. With the consent of both the mother and the presumed, acknowledged, or adjudicated father; or
 - b. Pursuant to an order of the court under section 14-20-26.

4. Copies of bills for genetic testing and for prenatal and postnatal health care for the mother and child which are furnished to the adverse party not less than ten days before the date of a hearing are admissible to establish:
 - a. The amount of the charges billed; and
 - b. That the charges were reasonable, necessary, and customary.

14-20-49. (622) Consequences of declining genetic testing.

1. An order for genetic testing is enforceable by contempt.
2. If an individual whose paternity is being determined declines to submit to genetic testing ordered by the court, the court for that reason may adjudicate parentage contrary to the position of that individual.
3. Genetic testing of the mother of a child is not a condition precedent to testing the child and a man whose paternity is being determined. If the mother is unavailable or declines to submit to genetic testing, the court may order the testing of the child and every man whose paternity is being adjudicated.

14-20-50. (623) Admission of paternity authorized.

1. A respondent in a proceeding to adjudicate parentage may admit to the paternity of a child by filing a pleading to that effect or by admitting paternity under penalty of perjury when making an appearance or during a hearing.
2. If the court finds that the admission of paternity satisfies the requirements of this section and finds that there is no reason to question the admission, the court shall issue an order adjudicating the child to be the child of the man admitting paternity.

14-20-51. (624) Temporary order.

1. In a proceeding under sections 14-20-36 through 14-20-58, the court shall issue a temporary order for support of a child if the order is appropriate and the individual ordered to pay support is:
 - a. A presumed father of the child;
 - b. Petitioning to have his paternity adjudicated;
 - c. Identified as the father through genetic testing under section 14-20-29;
 - d. An alleged father who has declined to submit to genetic testing;
 - e. Shown by clear and convincing evidence to be the father of the child; or
 - f. The mother of the child.

2. A temporary order may include provisions for custody and visitation as provided by other law of this state.

14-20-52. (631) Rules for adjudication of paternity. The court shall apply the following rules to adjudicate the paternity of a child:

1. The paternity of a child having a presumed, acknowledged, or adjudicated father may be disproved only by admissible results of genetic testing excluding that man as the father of the child or identifying another man as the father of the child.
2. Unless the results of genetic testing are admitted to rebut other results of genetic testing, a man identified as the father of a child under section 14-20-29 must be adjudicated the father of the child.
3. If the court finds that genetic testing under section 14-20-29 neither identifies nor excludes a man as the father of a child, the court may not dismiss the proceeding. In that event, the results of genetic testing, and other evidence, are admissible to adjudicate the issue of paternity.
4. Unless the results of genetic testing are admitted to rebut other results of genetic testing, a man excluded as the father of a child by genetic testing must be adjudicated not to be the father of the child.

14-20-53. (632) Jury prohibited. The court, without a jury, shall adjudicate paternity of a child.

14-20-54. (633) Hearings - Inspection of records.

1. On request of a party and for good cause shown, the court may close a proceeding under sections 14-20-36 through 14-20-58.
2. A final order in a proceeding under sections 14-20-36 through 14-20-58 is available for public inspection. Other papers and records are available only with the consent of the parties or on order of the court for good cause.

14-20-55. (634) Order on default. The court shall issue an order adjudicating the paternity of a man who:

1. After service of process, is in default; and
2. Is found by the court to be the father of a child.

14-20-56. (635) Dismissal for want of prosecution. The court may issue an order dismissing a proceeding commenced under this chapter for want of prosecution only without prejudice. An order of dismissal for want of prosecution purportedly with prejudice is void and has only the effect of a dismissal without prejudice.

14-20-57. (636) Order adjudicating parentage.

1. The court shall issue an order adjudicating whether a man alleged or claiming to be the father is the parent of the child.

2. An order adjudicating parentage must identify the child by name and date of birth.
3. The order must include the social security numbers of the child and the individuals determined to be the child's parents.
4. The order may contain any other provision in the best interest of the child, including payment of support, payment of expenses of the mother's pregnancy and confinement, custody of the child, visitation with the child, and furnishing of bond or other security for payment of support. A support order must be for a monthly payment in an amount consistent with the guidelines established under section 14-09-09.7 and must be subject to section 14-09-08.1. All remedies for the enforcement of support, custody, and visitation orders apply. The court has continuing jurisdiction to modify an order for future support and, subject to section 14-09-09.6, custody of and visitation with the child.
5. Except as otherwise provided in subsection 6, the court may assess filing fees, reasonable attorney's fees, fees for genetic testing, other costs, and necessary travel and other reasonable expenses incurred in a proceeding under sections 14-20-36 through 14-20-58. The court may award attorney's fees, which may be paid directly to the attorney, who may enforce the order in the attorney's own name.
6. The court may not assess fees, costs, or expenses against the support enforcement agency of this state or another state, except as provided by other law.
7. On request of a party and for good cause shown, the court may order that the name of the child be changed.
8. If the order of the court is at variance with the child's birth certificate, the court shall order the state department of health to issue an amended birth registration.
9. An order adjudicating parentage must be filed with the state department of health.

14-20-58. (637) Binding effect of determination of parentage.

1. Except as otherwise provided in subsection 2, a determination of parentage is binding on:
 - a. All signatories to an acknowledgment or denial of paternity as provided in sections 14-20-11 through 14-20-24; and
 - b. All parties to an adjudication by a court acting under circumstances that satisfy the jurisdictional requirements of section 14-12.2-04.
2. A child is not bound by a determination of parentage under this chapter unless:
 - a. The determination was based on an unrestricted acknowledgment of paternity and the acknowledgment is consistent with the results of genetic testing;

- b. The adjudication of parentage was based on a finding consistent with the results of genetic testing and the consistency is declared in the determination or is otherwise shown; or
 - c. The child was a party or was represented in the proceeding determining parentage by a guardian ad litem.
 - 3. In a proceeding to dissolve a marriage, the court is deemed to have made an adjudication of the parentage of a child if the court acts under circumstances that satisfy the jurisdictional requirements of section 14-12.2-04, and the final order:
 - a. Expressly identifies a child as a "child of the marriage", "issue of the marriage", or similar words indicating that the husband is the father of the child; or
 - b. Provides for support of the child, custody of the child, or visitation with the child by the husband unless paternity is specifically disclaimed in the order.
 - 4. Except as otherwise provided in subsection 2, a determination of parentage may be a defense in a subsequent proceeding seeking to adjudicate parentage by an individual who was not a party to the earlier proceeding.
 - 5. A party to an adjudication of paternity may challenge the adjudication only under law of this state relating to appeal, vacation of judgments, or other judicial review.

14-20-58.1. Liability for collection of support.

- 1. As used in this section, "former parent" means an acknowledged father who successfully rescinded or challenged an acknowledgment of paternity under this chapter, a presumed father whose parentage was successfully rebutted under this chapter, or an adjudicated father whose parentage was disestablished after an order issued under this chapter was vacated.
- 2. The state is not liable for child support that was collected from or on behalf of a former parent and disbursed to an obligee as defined in section 14-09-09.10.
- 3. The state is not liable for child support that was collected from or on behalf of a former parent and retained by the state unless ordered by a court after being presented with genetic test results that would otherwise be admissible under this chapter showing that the former parent is not the genetic parent of the child.

14-20-59. (701) Scope. Sections 14-20-59 through 14-20-65 do not apply to the birth of a child conceived by means of sexual intercourse.

14-20-60. (702) Parental status of donor. A donor is not a parent of a child conceived by means of assisted reproduction.

14-20-61. (703) Paternity of child of assisted reproduction. A man who provides sperm for, or consents to, assisted reproduction by a woman as provided in

section 14-20-62 with the intent to be the parent of her child, is a parent of the resulting child. Parentage of a child born to a gestational carrier is governed by chapter 14-18.

14-20-62. (704) Consent to assisted reproduction.

1. Consent by a woman, and a man who intends to be a parent of a child born to the woman by assisted reproduction, must be in a record signed by the woman and the man. This requirement does not apply to a donor.
2. Failure by a man to sign a consent required by subsection 1, before or after birth of the child, does not preclude a finding of paternity if the woman and the man, during the first two years of the child's life, resided together in the same household with the child and openly held out the child as their own.

14-20-63. (705) Limitation on husband's dispute of paternity.

1. Except as otherwise provided in subsection 2, the husband of a wife who gives birth to a child by means of assisted reproduction may not challenge his paternity of the child unless:
 - a. Within two years after learning of the birth of the child he commences a proceeding to adjudicate his paternity; and
 - b. The court finds that he did not consent to the assisted reproduction, before or after birth of the child.
2. A proceeding to adjudicate paternity may be maintained at any time if the court determines that:
 - a. The husband did not provide sperm for, or before or after the birth of the child consent to, assisted reproduction by his wife;
 - b. The husband and the mother of the child have not cohabited since the probable time of assisted reproduction; and
 - c. The husband never openly held out the child as his own.
3. The limitation provided in this section applies to a marriage declared invalid after assisted reproduction.

14-20-64. (706) Effect of dissolution of marriage or withdrawal of consent.

1. If a marriage is dissolved before placement of eggs, sperm, or embryos, the former spouse is not a parent of the resulting child unless the former spouse consented in a record that if assisted reproduction were to occur after a divorce, the former spouse would be a parent of the child.
2. The consent of a woman or a man to assisted reproduction may be withdrawn by that individual in a record at any time before placement of eggs, sperm, or embryos. An individual who withdraws consent under this section is not a parent of the resulting child.

14-20-65. (707) Parental status of deceased individual. If an individual who consented in a record to be a parent by assisted reproduction dies before placement of eggs, sperm, or embryos, the deceased individual is not a parent of the resulting child unless the deceased spouse consented in a record that if assisted reproduction were to occur after death, the deceased individual would be a parent of the child.

14-20-66. (901) Uniformity of application and construction. In applying and construing the chapter, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

SECTION 10. AMENDMENT. Subsection 5 of section 23-02.1-13 of the North Dakota Century Code is amended and reenacted as follows:

5. If the child is not born during the marriage of the mother, or within three hundred days after a marriage is terminated by death, annulment, declaration of invalidity, or divorce, or after a decree of separation is entered by a court, the name of the father may not be entered on the birth certificate unless:
 - a. After the child's birth, the father and the child's natural mother have married, or attempted to marry, each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared invalid, and:
 - (1) He has acknowledged his paternity of the child in writing filed with the state registrar;
 - (2) With his consent, he is named as the child's father on the child's birth certificate; or
 - (3) He is obligated to support the child under a written voluntary promise or by court order;
 - b. ~~While the child is under the age of majority, he received the child into his home and openly holds out the child as his natural child;~~
 - e. After the child's birth, the child's natural mother and the father voluntarily acknowledge the child's paternity in a writing signed by both and filed with the state registrar; or
 - ~~d.~~ c. A court or other entity of competent jurisdiction has adjudicated paternity.

SECTION 11. REPEAL. Sections 14-09-01, 14-09-02, and 14-09-03, chapter 14-17, and sections 14-18-02.1, 14-18-03, 14-18-04, 14-18-06, 14-18-07, 14-19-02, 14-19-03, 14-19-04, 14-19-09, and 14-19-10 of the North Dakota Century Code are repealed.

SECTION 12. TRANSITION. A proceeding to adjudicate parentage which was commenced before the effective date of this chapter is governed by the law in effect at the time the proceeding was commenced.
