SECTION 11. AMENDMENT. Section 16.1-11-35 of the North Dakota Century Code is amended and reenacted as follows:

16.1-11-35. Nominations by stickers write-in. On both the party and the no-party ballot, a candidate may be nominated by having the candidate's name written on the ballot or by a printed sticker being placed in a blank line left for that purpose underneath the group of candidates in each official position. Not more than one name may be written or printed on any sticker. The provisions of this title do not prevent any elector from writing on the paper ballot, or in the case of direct-recording electronic voting system devices, entering by touchscreen or other data entry device, the name of any person for whom the elector desires to vote, and such vote must be counted according to the provisions for the counting of write-in votes found in section 16.1-12-02.2.

SECTION 12. AMENDMENT. Subsection 1 of section 16.1-12-02.2 of the North Dakota Century Code is amended and reenacted as follows:

1. An election board or canvassing board may not count or be required to officially report any write-in vote for any:

 - b. Fictitious person, nonperson, or person clearly not eligible to qualify for the office for which the vote was cast.
 - c. Statement concerning the candidates.
 - d. Name written or printed by the voter for an office that did not also include the darkening of the oval next to the write-in line, except that a write-in candidate for a nonfederal office may make a timely written demand to a county canvassing board to identify and preserve any write-in vote cast for the office sought by the write-in candidate for canvass by the board. The candidate shall deliver the demand to the county auditor and a copy to the clerk of district court no later than thirty-six hours before the time the county canvassing board is scheduled to meet. A demand only may be made if the unofficial election results maintained by the county auditor demonstrate that the write-in candidate's known vote total is within the pertinent percentage limits provided in subsection 1 or 2 of section 16.1-16-01 and a statement to that effect is included in the demand. After delivery of the ballots as provided by section 16.1-15-08, the canvassing board shall review the ballots to identify any ballot that contains a write-in vote. The county canvassing board shall tally and canvass any write-in vote in the same manner as lawful or qualifying write-in votes if the canvassing board is able to clearly ascertain the intent of the voter from examining the ballot because the write-in candidate's name has been written on the ballot opposite the office to be voted for or because of any other cogent evidence of intent.

- e. Write-in votes which constitute five percent or less of the votes cast by the voters for the candidate receiving the most votes for that office, except in the case of a primary election where enough votes were cast as write-in votes to qualify a name for the general election ballot. This percentage is to be calculated based on the total number of write-in votes tabulated by the voting equipment in the precincts of the county in which that office was on the ballot.
- f. Write-in votes that do not need to be individually canvassed based on the requirements of this subsection must be listed on the county canvass report as "scattered write-ins".

SECTION 13. AMENDMENT. Section 16.1-13-20 of the North Dakota Century Code is amended and reenacted as follows:

16.1-13-20. Examination of ballot box before opening of polls - Regulations for ballot box while polls are open. Before declaring the polls open, the inspector and the election judges shall inspect the ballot box to assure that it is empty. The ballot box must then be locked. While the polls are open, the ballot box must remain locked except as may be necessary to clear a ballot jam or to move voted ballots to a separate locked ballot box to make room for additional ballots.

SECTION 14. AMENDMENT. Section 16.1-13-22 of the North Dakota Century Code is amended and reenacted as follows:

16.1-13-22. Delivering ballot to elector - Stamping Initialing. The inspector or one of the election judges shall deliver ballots to the qualified electors. The inspector or judge delivering the paper ballot shall inform each elector that if the ballot is not stamped and initialed by an election official it will be invalidated and to protect the elector's right to vote the elector should verify that the ballot has been stamped and initialed.

1. ~~The paper ballot is considered stamped if it is either stamped with a stamp and an inkpad or has the stamped information preprinted on the paper ballot, as provided in section 16.1-06-18.~~
2. At primary elections, the inspector or judge shall also inform each elector that if the elector splits the party ballot or votes for candidates of more than one party the elector's party ballot will be rejected.
3. 2. Before delivering any paper ballot to an elector, the inspector or judge shall stamp once in the rectangle provided on the ballot, if required under subsection 1, the designation "official ballot" and the other words provided for in section 16.1-06-18, and also shall initial the ballot. Failure to stamp and initial a paper ballot in the proper place does not invalidate the ballot, but a complete failure to stamp and initial a paper ballot does invalidate the ballot.

SECTION 15. AMENDMENT. Section 16.1-13-23 of the North Dakota Century Code is amended and reenacted as follows:

16.1-13-23. Preparation of ballot by elector - Folding - Depositing - Second-chance voting. Upon receipt of a ballot within the provided secrecy sleeve, the elector, forthwith and without leaving the polling place, shall retire alone to one of the voting booths or compartments to prepare the elector's ballot by placing a crossmark (X) or other mark which clearly shows the intention of the elector within

~~the square darkening the oval~~ opposite the name of each person for whom the elector wishes to vote. In the case of a ballot containing a constitutional amendment, an initiated or referred measure, or any other question to be submitted to a vote of the people, the elector shall ~~place the crossmark (X) or other mark within the square~~ darken the oval opposite the word or words expressing the elector's wish. After preparing the ballot, the elector shall ~~fold it so the face of~~ place the ballot back in the provided secrecy sleeve so it is concealed and so the endorsement of the inspector or election judge stamped thereon may be seen. The elector then shall ~~hand the ballot to the judge, who, without opening the same or permitting it to be opened or examined except to ascertain whether it is a single ballot and whether it has been stamped and initialed,~~ shall deposit it the ballot in the optical scanning device and wait to determine if the ballot is deposited into the ballot box or if the optical scanning device has indicated a possibility for a second-chance voting condition. In precincts which use an electronic counting device, the ballot need not be folded before handing the ballot to the judge. If a second-chance voting condition is indicated, a voter may spoil and receive up to two additional ballots. The voter's third ballot must be cast as is even if errors exist causing certain votes not to be counted.

SECTION 16. AMENDMENT. Section 16.1-13-25 of the North Dakota Century Code is amended and reenacted as follows:

16.1-13-25. Elector may write or paste name on ballot - Counting. The provisions of this title do not prevent any elector from writing ~~or pasting~~ on the paper ballot, or in the case of direct-recording electronic voting system devices, entering by touchscreen or other data entry device, the name of any person for whom the elector desires to vote, and such vote must be counted ~~the same as if printed on the ballot and marked by the elector according to the provisions for the counting of write-in votes found in section 16.1-12-02.2.~~

¹¹² **SECTION 17. AMENDMENT.** Section 16.1-15-08 of the North Dakota Century Code is amended and reenacted as follows:

16.1-15-08. Wrapping and returning of ballots to clerk of the district court. After having prepared the reports and poll lists provided for in section 16.1-15-06 for delivery to the county auditor, the election board shall cause the ballots of each kind cast at the election to be placed in a suitable wrapper to form a complete wrapper for the ballots. The ballots and wrappers must then be tightly secured at the outer end to completely envelop and hold the ballots together. Ballots that are void must be secured in a separate wrapper and must be marked "void". Ballots that are spoiled must be separately secured and marked "spoiled". In sealing ballots, the various classes of ballots must be kept separate. Each wrapper must be endorsed with the name or number of the precinct and the date on which the election was held. The wrappers must be sealed securely in a manner prescribed by the secretary of state so the wrappers cannot be opened without an obvious and permanent breaking of the seal. The ballots, together with those found void or spoiled, and the opened envelopes from voted absentee ballots and the unopened envelopes of absentee ballots rejected as defective, must be returned in person to the clerk of the district court. At the meeting of the county canvassing board, the clerk of the district court shall deliver each ballot that may contain a write-in vote referenced in a demand made under subsection 1 of section 16.1-12-02.2. Ballots

 - b. Offices to be filled by the electors of districts smaller than the county, with a different rotation for each of those districts.

- 3- 2. The precincts must be arranged according to the total votes cast for governor at the last general election in which the office of governor was filled, starting with the precinct having the highest total votes cast and ending with the precinct having the lowest total votes cast in that election. Although the names are to be alternated within the offices on the ballot, the name order for an office is to be the same for all ballots within a precinct.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Subsections 4 and 5 of section 19-03.1-37 of the North Dakota Century Code are amended and reenacted as follows:

4. In all prosecutions under this chapter, chapter 19-03.2, or chapter 19-03.4 involving the analysis of a substance or sample thereof, a certified copy of the analytical report signed by the ~~state toxicologist, or the toxicologist's designee, or the~~ director of the state crime laboratory, or the director's designee, must be accepted as prima facie evidence of the results of the analytical findings.
5. Notwithstanding any statute or rule to the contrary, a defendant who has been found to be indigent by the court in the criminal proceeding at issue may subpoena the ~~state toxicologist or the director or an~~ employee of the state crime laboratory, ~~or any employee of either,~~ to testify at the preliminary hearing and trial of the issue at no cost to the defendant. If the ~~state toxicologist, the director or an employee of the~~ state crime laboratory, ~~or any employee of either,~~ is subpoenaed to testify by a defendant who is not indigent and the defendant does not call the witness to establish relevant evidence, the court shall order the defendant to pay costs to the witness as provided in section 31-01-16.

SECTION 2. AMENDMENT. Section 20.1-13.1-01 of the North Dakota Century Code is amended and reenacted as follows:

20.1-13.1-01. Implied consent to determine alcoholic and drug content of blood. Any person who operates a motorboat or vessel in this state is deemed to have given consent, and shall consent, subject to this chapter, to a chemical test, or tests, of the blood, breath, saliva, or urine for the purpose of determining the alcoholic, other drug, or combination thereof, content of the blood. As used in this chapter, "operates" means to be in motion, en route, but not at anchor or aground;

"vessel" means any watercraft used or designed to be used for navigation on the water such as a boat operated by machinery, either permanently or temporarily affixed, a sailboat other than a sailboard, an inflatable manually propelled boat, a canoe, kayak, or rowboat, but does not include an inner tube, air mattress, or other water toy; "drug" means any drug or substance or combination of drugs or substances which renders a person incapable of safely operating a motorboat or vessel; and "chemical test" means any test or tests to determine the alcoholic, or other drug, or combination thereof, content of the blood, breath, saliva, or urine, approved by the director of the state toxicologist crime laboratory or the director's designee under this chapter. The chemical test must be administered at the direction of a game warden or a law enforcement officer only after placing the person, except persons mentioned in section 20.1-13.1-04, under arrest and informing that person that the person is or will be charged with the offense of operating a motorboat or vessel while under the influence of intoxicating liquor, drugs, or a combination thereof. For the purposes of this chapter, the taking into custody of a minor under section 27-20-13 satisfies the requirement of an arrest. The game warden or law enforcement officer shall also inform the person charged that refusal of the person to submit to the chemical test determined appropriate will result in that person being prohibited from operating a motorboat or vessel for up to three years. The game warden or law enforcement officer shall determine the chemical test to be used. When a minor is taken into custody for violating section 20.1-13-07, the game warden or law enforcement officer shall diligently attempt to contact the minor's parent or legal guardian to explain the cause for the custody and the implied consent chemical testing requirements. Neither the game warden or law enforcement officer's efforts to contact, nor any consultation with, a parent or legal guardian may be permitted to interfere with the administration of chemical testing requirements under this chapter.

SECTION 3. AMENDMENT. Section 20.1-13.1-03 of the North Dakota Century Code is amended and reenacted as follows:

20.1-13.1-03. Persons qualified to administer chemical test and opportunity for additional test. Only an individual medically qualified to draw blood, acting at the request of a game warden or a law enforcement officer, may withdraw blood for the purpose of determining the alcoholic, drug, or combination thereof, content of the blood. The director of the state toxicologist crime laboratory or the director's designee shall determine the qualifications or credentials for being medically qualified to draw blood and shall issue a list of approved designations, including medical doctor and registered nurse. This limitation does not apply to the taking of a breath, saliva, or urine specimen. The person tested may have an individual of that person's own choosing, who is medically qualified to draw blood, administer a chemical test in addition to any administered at the direction of a game warden or a law enforcement officer with all costs of the additional chemical test to be the responsibility of the person charged. The failure or inability to obtain an additional chemical test by a person does not preclude the admission of the chemical test taken at the direction of a game warden or a law enforcement officer. Upon the request of the person who is tested, a copy of the operational checklist and test record of a breath sample test or analytical report of a blood, urine, or saliva sample test taken at the direction of the game warden or law enforcement officer must be made available to that person by the department or law enforcement agency that administered the chemical test.

SECTION 4. AMENDMENT. Subsection 2 of section 20.1-13.1-05 of the North Dakota Century Code is amended and reenacted as follows:

2. If a chemical test administered under section 20.1-13.1-01 or 20.1-13.1-04 was by saliva or urine sample or by drawing blood as provided in section 20.1-13.1-03 and the person tested does not reside in an area in which the game warden or law enforcement officer has jurisdiction, the game warden or law enforcement officer shall, on receiving the analysis of the saliva, urine, or blood from the director of the state ~~toxicologist~~ crime laboratory or the director's designee and if the analysis shows that person had an alcohol, other drug, or a combination thereof concentration of at least ten one-hundredths of one percent by weight, either proceed in accordance with subsection 1 during that person's reappearance within the game warden's or officer's jurisdiction or notify a game warden or law enforcement agency having jurisdiction where the person resides. On that notification, that game warden or law enforcement agency shall immediately issue a statement of intent to prohibit the person from operating a motorboat or vessel. The issuance of a statement of intent to prohibit the person from operating a motorboat or vessel serves as the director's official notification to the person of the director's intent to prohibit the person from operating a motorboat or vessel in this state.

¹¹⁴ **SECTION 5. AMENDMENT.** Subsections 2 and 4 of section 20.1-13.1-08 of the North Dakota Century Code are amended and reenacted as follows:

2. If the issue to be determined by the hearing concerns the prohibition from operating a motorboat or vessel for operating a motorboat or vessel while having an alcohol, other drug, or a combination thereof concentration of at least ten one-hundredths of one percent by weight, the hearing must be before a hearing officer assigned by the director and at a time and place designated by the director. The hearing must be recorded and its scope may cover only the issues of whether the arresting warden or officer had probable cause to believe the person had been operating a motorboat or vessel in violation of section 20.1-13-07; whether the person was placed under arrest; whether the person was tested in accordance with section 20.1-13.1-01 or 20.1-13.1-04 and, if applicable, section 20.1-13.1-03; and whether the chemical test results show the person had an alcohol, other drug, or a combination thereof concentration of at least ten one-hundredths of one percent by weight. For purposes of this section, a copy of a certified copy of an analytical report of a blood, urine, or saliva sample from the director of the state ~~toxicologist~~ crime laboratory or the director's designee, or a certified copy of the checklist and test records from a certified breath test operator establish prima facie the alcohol, other drug, or a combination thereof concentration shown therein. Whether the person was informed that that person may be prohibited from operating a motorboat or vessel based on the results of the chemical test is not an issue.
4. At a hearing under this section, the regularly kept records of the director may be introduced. Those records establish prima facie their contents without further foundation. For purposes of this chapter, the following

¹¹⁴ Section 20.1-13.1-08 was also amended by section 3 of Senate Bill No. 2141, chapter 228.

are deemed regularly kept records of the director: any copy of a certified copy of an analytical report of a blood, urine, or saliva sample received by the director from the director of the state ~~toxicologist~~ crime laboratory or the director's designee or a game warden or a law enforcement officer, a certified copy of the checklist and test records received by the director from a certified breath test operator, and any copy of a certified copy of a certificate of the director of the state ~~toxicologist~~ crime laboratory or the director's designee relating to approved methods, devices, operators, materials, and checklists used for testing for alcohol, other drug, or a combination thereof concentration received by the director from the director of the state ~~toxicologist~~ crime laboratory or the director's designee, or the recorder, unless the board of county commissioners has designated a different official to maintain the certificate.

SECTION 6. AMENDMENT. Subsections 3, 4, and 6 of section 20.1-13.1-10 of the North Dakota Century Code are amended and reenacted as follows:

3. The results of the chemical test must be received in evidence when it is shown that the sample was properly obtained and the test was fairly administered, and if the test is shown to have been performed according to methods and with devices approved by the director of the state ~~toxicologist~~ crime laboratory or the director's designee, and by an individual possessing a certificate of qualification to administer the test issued by the director of the state ~~toxicologist~~ crime laboratory or the director's designee. The director of the state ~~toxicologist~~ crime laboratory or the director's designee is authorized to approve satisfactory devices and methods of chemical tests and determine the qualifications of individuals to conduct such tests, and shall issue a certificate to every qualified operator. An operator shall exhibit the certificate upon demand of the person requested to take the chemical test.
4. The director of the state ~~toxicologist~~ crime laboratory or the director's designee may appoint, train, certify, and supervise field inspectors of breath testing equipment and its operation, and the inspectors shall report the findings of any inspection to the director of the state ~~toxicologist~~ crime laboratory or the director's designee for appropriate action. Upon approval of the methods or devices, or both, required to perform the tests and the persons qualified to administer them, the director of the state ~~toxicologist~~ crime laboratory or the director's designee shall prepare and file written record of the approval with the director and the recorder in each county, unless the board of county commissioners designates a different official, and shall include in the record:
 - a. An annual register of the specific testing devices currently approved, including serial number, location, and the date and results of last inspection.
 - b. An annual register of currently qualified and certified operators of the devices, stating the date of certification and its expiration.
 - c. The operational checklist and forms prescribing the methods currently approved by the director of the state ~~toxicologist~~ crime

laboratory or the director's designee in using the devices during the administration of the tests.

The material filed under this section may be supplemented when the director of the state ~~toxicologist~~ crime laboratory or the director's designee determines it to be necessary, and any supplemental material has the same force and effect as the material that it supplements.

6. A certified copy of the analytical report of a blood, urine, or saliva test issued by the director of the state ~~toxicologist~~ crime laboratory or the director's designee must be accepted as prima facie evidence of the results of a chemical test performed under this chapter.

SECTION 7. AMENDMENT. Section 20.1-15-01 of the North Dakota Century Code is amended and reenacted as follows:

20.1-15-01. Implied consent to determine alcoholic and drug content of blood. Any person who is afield with a gun or other firearm or a bow and arrow is deemed to have given consent, and shall consent, subject to this chapter, to a chemical test of the blood, breath, saliva, or urine for the purpose of determining the alcoholic, other drug, or combination thereof, content of the blood. As used in this chapter, "drug" means any drug or substance or combination of drugs or substances which renders a person incapable of safely hunting or being afield with a gun or other firearm or a bow and arrow, and "chemical test" means any test or tests to determine the alcoholic, or other drug, or combination thereof, content of the blood, breath, saliva, or urine, approved by the director of the state ~~toxicologist~~ crime laboratory or the director's designee under this chapter. The chemical test must be administered at the direction of a game warden or a law enforcement officer only after placing the person, except persons mentioned in section 20.1-15-04, under arrest and informing that person that the person is or will be charged with the offense of being afield with a gun or other firearm or a bow and arrow while under the influence of intoxicating liquor, drugs, or a combination thereof. For the purposes of this chapter, the taking into custody of a minor under section 27-20-13 satisfies the requirement of an arrest. The game warden or law enforcement officer shall also inform the person charged that refusal of the person to submit to the chemical test determined appropriate will result in a revocation for up to four years of the person's hunting privileges. The game warden or law enforcement officer shall determine the chemical test to be used. When a minor is taken into custody for violating section 20.1-01-06, the game warden or law enforcement officer shall diligently attempt to contact the minor's parent or legal guardian to explain the cause for the custody and the implied consent chemical testing requirements. Neither the game warden or law enforcement officer's efforts to contact, nor any consultation with, a parent or legal guardian may be permitted to interfere with the administration of chemical testing requirements under this chapter.

SECTION 8. AMENDMENT. Section 20.1-15-03 of the North Dakota Century Code is amended and reenacted as follows:

20.1-15-03. Persons qualified to administer chemical test and opportunity for additional test. Only an individual medically qualified to draw blood, acting at the request of a game warden or a law enforcement officer, may withdraw blood for the purpose of determining the alcoholic, drug, or combination thereof, content of the blood. The director of the state ~~toxicologist~~ crime laboratory or the director's designee shall determine the qualifications or credentials for being medically qualified to draw blood and shall issue a list of approved designations, including medical doctor and registered nurse. This limitation does not apply to the

taking of a breath, saliva, or urine specimen. The person tested may have an individual of that person's own choosing, who is medically qualified to draw blood, administer a chemical test in addition to any administered at the direction of a game warden or a law enforcement officer with all costs of the additional chemical test to be the responsibility of the person charged. The failure or inability to obtain an additional chemical test by a person does not preclude the admission of the chemical test taken at the direction of a game warden or a law enforcement officer. Upon the request of the person who is tested, a copy of the operational checklist and test record of a breath sample test or analytical report of a blood, urine, or saliva sample test taken at the direction of the game warden or law enforcement officer must be made available to that person by the department or law enforcement agency that administered the chemical test.

SECTION 9. AMENDMENT. Subsection 2 of section 20.1-15-05 of the North Dakota Century Code is amended and reenacted as follows:

2. If a chemical test administered under section 20.1-15-01 or 20.1-15-04 was by saliva or urine sample or by drawing blood as provided in section 20.1-15-03 and the person tested does not reside in an area in which the game warden or law enforcement officer has jurisdiction, the game warden or law enforcement officer shall, on receiving the analysis of the saliva, urine, or blood from the director of the state toxicologist crime laboratory or the director's designee and if the analysis shows that person had an alcohol, other drug, or a combination thereof concentration of at least ten one-hundredths of one percent by weight, either proceed in accordance with subsection 1 during that person's reappearance within the game warden's or officer's jurisdiction or notify a game warden or law enforcement agency having jurisdiction where the person resides. On that notification, that game warden or law enforcement agency shall immediately issue a statement of intent to revoke, suspend, or deny hunting privileges and take possession of the person's hunting license if it is then available and, within twenty-four hours, forward the license to the game warden or law enforcement agency making the arrest or to the director. The issuance of a statement of intent to revoke, suspend, or deny hunting privileges and the taking of possession of the person's hunting license serves as the director's official notification to the person of the director's intent to revoke, suspend, or deny hunting privileges in this state.

SECTION 10. AMENDMENT. Subsections 2 and 4 of section 20.1-15-08 of the North Dakota Century Code are amended and reenacted as follows:

2. If the issue to be determined by the hearing concerns suspension of hunting privileges for being afield with a gun or other firearm or a bow and arrow while having an alcohol, other drug, or a combination thereof concentration of at least ten one-hundredths of one percent by weight, the hearing must be before a hearing officer assigned by the director and at a time and place designated by the director. The hearing must be recorded and its scope may cover only the issues of whether the arresting warden or officer had reasonable grounds to believe the person had been afield with a gun or other firearm or bow and arrow in violation of section 20.1-01-06; whether the person was placed under arrest; whether the person was tested in accordance with section 20.1-15-01 or 20.1-15-04 and, if applicable, section 20.1-15-03; and whether the chemical test results show the person had an alcohol, other drug, or a combination thereof concentration of at least ten

one-hundredths of one percent by weight. For purposes of this section, a copy of a certified copy of an analytical report of a blood, urine, or saliva sample from the director of the state toxicologist crime laboratory or the director's designee, or a certified copy of the checklist and test records from a certified breath test operator establish prima facie the alcohol, other drug, or a combination thereof concentration shown therein. Whether the person was informed that the privilege to hunt might be suspended based on the results of the chemical test is not an issue.

4. At a hearing under this section, the regularly kept records of the director may be introduced. Those records establish prima facie their contents without further foundation. For purposes of this chapter, the following are deemed regularly kept records of the director: any copy of a certified copy of an analytical report of a blood, urine, or saliva sample received by the director from the director of the state toxicologist crime laboratory or the director's designee or a game warden or a law enforcement officer, a certified copy of the checklist and test records received by the director from a certified breath test operator, and any copy of a certified copy of a certificate of the director of the state toxicologist crime laboratory or the director's designee relating to approved methods, devices, operators, materials, and checklists used for testing for alcohol, other drug, or a combination thereof concentration received by the director from the director of the state toxicologist crime laboratory or the director's designee, or the recorder, unless the board of county commissioners has designated a different official to maintain the certificate.

SECTION 11. AMENDMENT. Subsections 5, 6, and 8 of section 20.1-15-11 of the North Dakota Century Code are amended and reenacted are follows:

5. The results of the chemical test must be received in evidence when it is shown that the sample was properly obtained and the test was fairly administered, and if the test is shown to have been performed according to methods and with devices approved by the director of the state toxicologist crime laboratory or the director's designee, and by an individual possessing a certificate of qualification to administer the test issued by the director of the state toxicologist crime laboratory or the director's designee. The director of the state toxicologist crime laboratory or the director's designee is authorized to approve satisfactory devices and methods of chemical tests and determine the qualifications of individuals to conduct such tests, and shall issue a certificate to every qualified operator. An operator shall exhibit the certificate upon demand of the person requested to take the chemical test.
6. The director of the state toxicologist crime laboratory or the director's designee may appoint, train, certify, and supervise field inspectors of breath testing equipment and its operation, and the inspectors shall report the findings of any inspection to the director of the state toxicologist crime laboratory or the director's designee for appropriate action. Upon approval of the methods or devices, or both, required to perform the tests and the persons qualified to administer them, the director of the state toxicologist crime laboratory or the director's designee shall prepare and file written record of the approval with the director and the recorder in each county, unless the board of county

commissioners designates a different official, and shall include in the record:

- a. An annual register of the specific testing devices currently approved, including serial number, location, and the date and results of last inspection.
- b. An annual register of currently qualified and certified operators of the devices, stating the date of certification and its expiration.
- c. The operational checklist and forms prescribing the methods currently approved by the director of the state ~~toxicologist~~ crime laboratory or the director's designee in using the devices during the administration of the tests.

The material filed under this section may be supplemented when the director of the state ~~toxicologist~~ crime laboratory or the director's designee determines it to be necessary, and any supplemental material has the same force and effect as the material that it supplements.

8. A certified copy of the analytical report of a blood, urine, or saliva test issued by the director of the state ~~toxicologist~~ crime laboratory or the director's designee must be accepted as prima facie evidence of the results of a chemical test performed under this chapter.

SECTION 12. AMENDMENT. Section 20.1-15-15 of the North Dakota Century Code is amended and reenacted as follows:

20.1-15-15. Screening tests. Any person who is afield with a gun or other firearm or a bow and arrow is deemed to have given consent to submit to an onsite screening test of the person's breath for the purpose of estimating the alcohol, other drug, or a combination thereof content of the person's blood upon the request of a game warden or a law enforcement officer who has reason to believe and has, through the officer's observations, formulated an opinion that the person's body contains alcohol, other drugs, or a combination thereof. A person may not be required to submit to a screening test of breath while at a hospital as a patient if the medical practitioner in immediate charge of the person's case is not first notified of the proposal to make the requirement or objects to the test on the ground that such would be prejudicial to the proper care or treatment of the patient. The screening test must be performed by a game warden or an enforcement officer certified as a chemical test operator by the director of the state ~~toxicologist~~ crime laboratory or the director's designee and according to methods and with devices approved by the director of the state ~~toxicologist~~ crime laboratory or the director's designee. The results of the screening test must be used only for determining whether a further test is to be given under the provisions of section 20.1-15-01. The officer shall inform the person that refusal of the person to submit to a screening test will result in a revocation for up to four years of that person's hunting privileges. If the person refuses to submit to the screening test, none may be given, but the refusal is sufficient cause to revoke the person's hunting privileges in the same manner as provided in section 20.1-15-06, and a hearing as provided in section 20.1-15-08 and a judicial review as provided in section 20.1-15-09 must be available. However, the director may not revoke a person's hunting privileges for refusing to submit to a screening test requested under this section if the person provides a sufficient breath, blood, or urine sample for a chemical test requested under section 20.1-15-01 for the same incident. This section does not supersede any provisions of sections 20.1-15-01 through 20.1-15-14, nor does any provision of sections 20.1-15-01

through 20.1-15-14 supersede this section except as provided herein. For the purposes of this section, "chemical test operator" means a person certified by the director of the state ~~toxicologist~~ crime laboratory or the director's designee as qualified to perform analysis for alcohol, other drugs, or a combination thereof in a person's blood, breath, saliva, or urine.

- 2. If a test administered under section 39-06.2-10.2 was by a urine or blood sample and the person tested is not a resident of an area in which the law enforcement officer has jurisdiction, the law enforcement officer shall, on receiving the analysis of the sample by the director of the state toxicologist crime laboratory or the director's designee showing that person had an alcohol concentration of at least four one-hundredths of one percent by weight, either proceed in accordance with subsection 1 during that person's reappearance within the officer's jurisdiction or notify a law enforcement agency having jurisdiction where the person lives. On that notification, that law enforcement agency shall immediately take possession of the person's North Dakota commercial driver's license or permit and, within twenty-four hours, forward it and a copy of the temporary driver's permit to the halting officer. The law enforcement agency shall also, on taking possession of the person's commercial driver's license, issue to that person a temporary driver's permit according to section 39-06.2-10.8.

SECTION 15. AMENDMENT. Subsections 2 and 4 of section 39-06.2-10.6 of the North Dakota Century Code are amended and reenacted as follows:

2. If the issue to be determined by the hearing concerns license suspension for operating a commercial motor vehicle while having an alcohol concentration of at least four one-hundredths of one percent by weight, the hearing must be before a hearing officer assigned by the director and at a time and place designated by the director. The hearing must be recorded and its scope may cover only the issues of whether the arresting officer had reasonable grounds to believe the person had been driving or was in actual physical control of a commercial motor vehicle in violation of section 39-06.2-10.1, whether the person was lawfully detained, whether the person was tested in accordance with section 39-06.2-10.2, and whether the test results show the person had an alcohol concentration of at least four one-hundredths of one percent by weight. For purposes of this section, a copy of a certified copy of an analytical report of a blood or urine sample from the office of the director of the state ~~toxicologist~~ crime laboratory or the director's designee, or a certified copy of the checklist and test records from a certified breath test operator establish prima facie the alcohol concentration shown therein. Whether the person was warned that the privilege to drive might be suspended based on the results of the test is not an issue.
4. At a hearing under this section, the regularly kept records of the director may be introduced. Those records establish prima facie their contents without further foundation. For purposes of this chapter, the following are deemed regularly kept records of the director: any copy of a certified copy of an analytical report of a blood or urine sample received by the director from the office of the director of the state ~~toxicologist~~ crime laboratory or the director's designee or a law enforcement officer, a certified copy of the checklist and test records received by the director from a certified breath test operator, and any copy of a certified copy of a certificate of the office of the director of the state ~~toxicologist~~ crime laboratory or the director's designee relating to approved methods, devices, operators, materials, and checklists used for testing for alcohol concentration received by the director from the office of the director of the state ~~toxicologist~~ crime laboratory or the director's designee, or the recorder, unless the board of county commissioners has designated a different official to maintain the certificate.

¹¹⁶ **SECTION 16. AMENDMENT.** Section 39-20-01 of the North Dakota Century Code is amended and reenacted as follows:

39-20-01. Implied consent to determine alcohol and drug content of blood. Any person who operates a motor vehicle on a highway or on public or private areas to which the public has a right of access for vehicular use in this state is deemed to have given consent, and shall consent, subject to the provisions of this chapter, to a chemical test, or tests, of the blood, breath, saliva, or urine for the purpose of determining the alcohol, other drug, or combination thereof, content of the blood. As used in this chapter the word "drug" means any drug or substance or combination of drugs or substances which renders a person incapable of safely driving, and the words "chemical test" or "chemical analysis" mean any test to determine the alcohol, or other drug, or combination thereof, content of the blood,

¹¹⁶ Section 39-20-01 was also amended by section 5 of Senate Bill No. 2099, chapter 330.

breath, saliva, or urine, approved by the director of the state toxicologist crime laboratory or the director's designee under this chapter. The test or tests must be administered at the direction of a law enforcement officer only after placing the person, except persons mentioned in section 39-20-03, under arrest and informing that person that the person is or will be charged with the offense of driving or being in actual physical control of a vehicle upon the public highways while under the influence of intoxicating liquor, drugs, or a combination thereof. For the purposes of this chapter, the taking into custody of a child under section 27-20-13 or a person under twenty-one years of age satisfies the requirement of an arrest. The law enforcement officer shall also inform the person charged that refusal of the person to submit to the test determined appropriate will result in a revocation for up to three years of the person's driving privileges. The law enforcement officer shall determine which of the tests is to be used. When a person under the age of eighteen years is taken into custody for violating section 39-08-01 or an equivalent ordinance, the law enforcement officer shall attempt to contact the person's parent or legal guardian to explain the cause for the custody. Neither the law enforcement officer's efforts to contact, nor any consultation with, a parent or legal guardian may be permitted to interfere with the administration of chemical testing requirements under this chapter. The law enforcement officer shall mail a notice to the parent or legal guardian of the minor within ten days after the test results are received or within ten days after the minor is taken into custody if the minor refuses to submit to testing. The notice must contain a statement of the test performed and the results of that test; or if the minor refuses to submit to the testing, a statement notifying of that fact. The attempt to contact or the contacting or notification of a parent or legal guardian is not a precondition to the admissibility of chemical test results or the finding of a consent to, or refusal of, chemical testing by the person in custody.

SECTION 17. AMENDMENT. Section 39-20-02 of the North Dakota Century Code is amended and reenacted as follows:

39-20-02. Persons qualified to administer test and opportunity for additional test. Only an individual medically qualified to draw blood, acting at the request of a law enforcement officer, may withdraw blood for the purpose of determining the alcohol, drug, or combination thereof, content therein. The director of the state toxicologist crime laboratory or the director's designee shall determine the qualifications or credentials for being medically qualified to draw blood, and shall issue a list of approved designations including medical doctor and registered nurse. This limitation does not apply to the taking of breath, saliva, or urine specimen. The person tested may have an individual of the person's choosing, who is medically qualified to draw blood, administer a chemical test or tests in addition to any administered at the direction of a law enforcement officer with all costs of an additional test or tests to be the sole responsibility of the person charged. The failure or inability to obtain an additional test by a person does not preclude the admission of the test or tests taken at the direction of a law enforcement officer. Upon the request of the person who is tested, a copy of the operational checklist and test record of a breath sample test or analytical report of a blood, urine, or saliva sample test taken at the direction of the law enforcement officer must be made available to that person by the law enforcement agency that administered the test or tests.

SECTION 18. AMENDMENT. Subsection 2 of section 39-20-03.1 of the North Dakota Century Code is amended and reenacted as follows:

2. If a test administered under section 39-20-01 or 39-20-03 was by saliva or urine sample or by drawing blood as provided in section 39-20-02 and the person tested is not a resident of an area in which the law enforcement officer has jurisdiction, the law enforcement officer shall, on

receiving the analysis of the saliva, urine, or blood from the director of the state toxicologist crime laboratory or the director's designee and if the analysis shows that person had an alcohol concentration of at least eight one-hundredths of one percent by weight or, with respect to a person under twenty-one years of age, an alcohol concentration of at least two one-hundredths of one percent by weight, either proceed in accordance with subsection 1 during that person's reappearance within the officer's jurisdiction or notify a law enforcement agency having jurisdiction where the person lives. On that notification, that law enforcement agency shall immediately take possession of the person's North Dakota operator's license or permit if it is then available and, within twenty-four hours, forward the license and a copy of the temporary operator's permit to the law enforcement agency making the arrest or to the director. The law enforcement agency shall also, on taking possession of the person's operator's license, issue to that person a temporary operator's permit as provided in this section, and shall sign and date the permit as provided in subsection 1. The temporary operator's permit serves as the director's official notification to the person of the director's intent to revoke, suspend, or deny driving privileges in this state.

SECTION 19. AMENDMENT. Subsections 2 and 4 of section 39-20-05 of the North Dakota Century Code are amended and reenacted as follows:

2. If the issue to be determined by the hearing concerns license suspension for operating a motor vehicle while having an alcohol concentration of at least eight one-hundredths of one percent by weight or, with respect to a person under twenty-one years of age, an alcohol concentration of at least two one-hundredths of one percent by weight, the hearing must be before a hearing officer assigned by the director and at a time and place designated by the director. The hearing must be recorded and its scope may cover only the issues of whether the arresting officer had reasonable grounds to believe the person had been driving or was in actual physical control of a vehicle in violation of section 39-08-01 or equivalent ordinance or, with respect to a person under twenty-one years of age, the person had been driving or was in actual physical control of a vehicle while having an alcohol concentration of at least two one-hundredths of one percent by weight; whether the person was placed under arrest, unless the person was under twenty-one years of age and the alcohol concentration was less than eight one-hundredths of one percent by weight, then arrest is not required and is not an issue under any provision of this chapter; whether the person was tested in accordance with section 39-20-01 or 39-20-03 and, if applicable, section 39-20-02; and whether the test results show the person had an alcohol concentration of at least eight one-hundredths of one percent by weight or, with respect to a person under twenty-one years of age, an alcohol concentration of at least two one-hundredths of one percent by weight. For purposes of this section, a copy of a certified copy of an analytical report of a blood, urine, or saliva sample from the director of the state toxicologist crime laboratory or the director's designee or a certified copy of the checklist and test records from a certified breath test operator establish prima facie the alcohol concentration shown therein. Whether the person was informed that the privilege to drive might be suspended based on the results of the test is not an issue.

4. At a hearing under this section, the regularly kept records of the director may be introduced. Those records establish prima facie their contents without further foundation. For purposes of this chapter, the following are deemed regularly kept records of the director: any copy of a certified copy of an analytical report of a blood, urine, or saliva sample received by the director from the director of the state ~~toxicologist~~ crime laboratory or the director's designee or a law enforcement officer, a certified copy of the checklist and test records received by the director from a certified breath test operator, and any copy of a certified copy of a certificate of the director of the state ~~toxicologist~~ crime laboratory or the director's designee relating to approved methods, devices, operators, materials, and checklists used for testing for alcohol concentration received by the director from the director of the state ~~toxicologist~~ crime laboratory, the director's designee, or the recorder, unless the board of county commissioners has designated a different official to maintain the certificate.

SECTION 20. AMENDMENT. Subsections 5, 6, and 8 of section 39-20-07 of the North Dakota Century Code are amended and reenacted as follows:

5. The results of the chemical analysis must be received in evidence when it is shown that the sample was properly obtained and the test was fairly administered, and if the test is shown to have been performed according to methods and with devices approved by the director of the state ~~toxicologist~~ crime laboratory or the director's designee, and by an individual possessing a certificate of qualification to administer the test issued by the director of the state ~~toxicologist~~ crime laboratory or the director's designee. The director of the state ~~toxicologist~~ crime laboratory or the director's designee is authorized to approve satisfactory devices and methods of chemical analysis and determine the qualifications of individuals to conduct such analysis, and shall issue a certificate to all qualified operators who exhibit the certificate upon demand of the person requested to take the chemical test.
6. The director of the state ~~toxicologist~~ crime laboratory or the director's designee may appoint, train, certify, and supervise field inspectors of breath testing equipment and its operation, and the inspectors shall report the findings of any inspection to the director of the state ~~toxicologist~~ crime laboratory or the director's designee for appropriate action. Upon approval of the methods or devices, or both, required to perform the tests and the persons qualified to administer them, the director of the state ~~toxicologist~~ crime laboratory or the director's designee shall prepare and file written record of the approval with the director and the recorder in each county, unless the board of county commissioners designates a different official, and shall include in the record:
 - a. An annual register of the specific testing devices currently approved, including serial number, location, and the date and results of last inspection.
 - b. An annual register of currently qualified and certified operators of the devices, stating the date of certification and its expiration.
 - c. The operational checklist and forms prescribing the methods currently approved by the director of the state ~~toxicologist~~ crime

laboratory or the director's designee in using the devices during the administration of the tests.

The material filed under this section may be supplemented when the director of the state ~~toxicologist~~ crime laboratory or the director's designee determines it to be necessary, and any supplemental material has the same force and effect as the material that it supplements.

8. A certified copy of the analytical report of a blood, urine, or saliva analysis referred to in subsection 5 and which is issued by the director of the state ~~toxicologist~~ crime laboratory or the director's designee must be accepted as prima facie evidence of the results of a chemical analysis performed under this chapter. The certified copy satisfies the directives of subsection 5.

SECTION 21. AMENDMENT. Section 39-20-13 of the North Dakota Century Code is amended and reenacted as follows:

39-20-13. State ~~toxicologist~~ crime laboratory to examine specimens of fatalities in accidental deaths involving a motor vehicle - Record use. In cases of death resulting from a motor vehicle accident or other unnatural death occurring in a motor vehicle, the county coroner shall require that specimens of blood, urine, and vitreous humor be withdrawn from the body of the decedent within twenty-four hours after the decedent's death by a coroner, coroner's physician, or other qualified person, prior to embalming. The specimens must be collected and preserved by methods and techniques established by the director of the state ~~toxicologist~~ crime laboratory or the director's designee. The specimens so drawn must be sent to the director of the state ~~toxicologist~~ crime laboratory or the director's designee for analysis for alcohol, carbon monoxide, and other drug content. The director of the state ~~toxicologist~~ crime laboratory or the director's designee shall keep a record of all such examinations to be used for statistical purposes. The records must be made available to the director for use by the national highway traffic safety administration in analyzing fatal accidents. The information in the possession of the director may be obtained from the director of the state ~~toxicologist~~ crime laboratory or the director's designee only as provided in this section. Except as provided, the results of the examinations referred to in this section must be used only for statistical purposes, except that the results must be released upon the issuance of a subpoena duces tecum by a court of competent jurisdiction in any civil or criminal action. The cumulative results of the examinations, without identifying the individuals involved, must be disseminated to interested state and local officials and made public by the director of the state ~~toxicologist~~ crime laboratory or the director's designee. Any person drawing the specimens and any person making any examination under the terms of this section are immune from all liability, civil or criminal, that might otherwise be incurred or imposed. ~~The individual drawing the specimens must be paid a fee of five dollars by the state toxicologist for each acceptable specimen submitted for analysis under the requirements of this section.~~

SECTION 22. AMENDMENT. Section 39-20-14 of the North Dakota Century Code is amended and reenacted as follows:

39-20-14. Screening tests. Any person who operates a motor vehicle upon the public highways of this state is deemed to have given consent to submit to an onsite screening test or tests of the person's breath for the purpose of estimating the alcohol content of the person's blood upon the request of a law enforcement officer who has reason to believe that the person committed a moving traffic violation or was involved in a traffic accident as a driver, and in conjunction with the violation or the

accident the officer has, through the officer's observations, formulated an opinion that the person's body contains alcohol. A person may not be required to submit to a screening test or tests of breath while at a hospital as a patient if the medical practitioner in immediate charge of the person's case is not first notified of the proposal to make the requirement, or objects to the test or tests on the ground that such would be prejudicial to the proper care or treatment of the patient. The screening test or tests must be performed by an enforcement officer certified as a chemical test operator by the director of the state toxicologist crime laboratory or the director's designee and according to methods and with devices approved by the director of the state toxicologist crime laboratory or the director's designee. The results of such screening test must be used only for determining whether or not a further test shall be given under the provisions of section 39-20-01. The officer shall inform the person that refusal of the person to submit to a screening test will result in a revocation for up to three years of that person's driving privileges. If such person refuses to submit to such screening test or tests, none may be given, but such refusal is sufficient cause to revoke such person's license or permit to drive in the same manner as provided in section 39-20-04, and a hearing as provided in section 39-20-05 and a judicial review as provided in section 39-20-06 must be available. However, the director must not revoke a person's driving privileges for refusing to submit to a screening test requested under this section if the person provides a sufficient breath, blood, or urine sample for a chemical test requested under section 39-20-01 for the same incident. No provisions of this section may supersede any provisions of chapter 39-20, nor may any provision of chapter 39-20 be construed to supersede this section except as provided herein. For the purposes of this section, "chemical test operator" means a person certified by the director of the state toxicologist crime laboratory or the director's designee as qualified to perform analysis for alcohol in a person's blood, breath, saliva, or urine.

SECTION 23. AMENDMENT. Section 39-24.1-01 of the North Dakota Century Code is amended and reenacted as follows:

39-24.1-01. Implied consent to determine alcohol and drug content of blood. A person who operates a snowmobile on any public land or private land with public access is deemed to have given consent, and shall consent, subject to this chapter, to a chemical test, or tests, of the blood, breath, saliva, or urine for the purpose of determining the alcohol, other drug, or combination thereof, content of the blood. As used in this chapter, the definitions in section 39-24-01 apply, and in addition, "chemical test" means any test or tests to determine the alcohol, or other drug, or combination thereof, content of the blood, breath, saliva, or urine, approved by the director of the state toxicologist crime laboratory or the director's designee under this chapter; and "drug" means any drug or substance or combination of drugs or substances which renders a person incapable of safely operating a snowmobile. The chemical test must be administered at the direction of a law enforcement officer only after placing the person, except persons mentioned in section 39-24.1-04, under arrest and informing that person that the person is or will be charged with the offense of operating a snowmobile while under the influence of intoxicating liquor, drugs, or a combination thereof. For the purposes of this chapter, the taking into custody of a minor under section 27-20-13 satisfies the requirement of an arrest. The law enforcement officer shall also inform the person charged that refusal of the person to submit to the chemical test determined appropriate will result in that person being prohibited from operating a snowmobile for up to three years. The law enforcement officer shall determine the chemical test to be used. When a minor is taken into custody for violating subdivision c of subsection 5 of section 39-24-09, the law enforcement officer shall diligently attempt to contact the minor's parent or legal guardian to explain the cause for the custody and the implied consent chemical testing requirements. Neither the law enforcement officer's efforts to contact, nor any

consultation with, a parent or legal guardian may be permitted to interfere with the administration of chemical testing requirements under this chapter.

SECTION 24. AMENDMENT. Section 39-24.1-03 of the North Dakota Century Code is amended and reenacted as follows:

39-24.1-03. Persons qualified to administer chemical test and opportunity for additional test. Only an individual medically qualified to draw blood, acting at the request of a law enforcement officer, may withdraw blood for the purpose of determining the alcohol, drug, or combination thereof, content of the blood. The director of the state ~~toxicologist~~ crime laboratory or the director's designee shall determine the qualifications or credentials for being medically qualified to draw blood, and shall issue a list of approved designations including medical doctor and registered nurse. This limitation does not apply to the taking of a breath, saliva, or urine specimen. The person tested may have an individual of that person's own choosing, who is medically qualified to draw blood, administer a chemical test in addition to any administered at the direction of a law enforcement officer with all costs of the additional chemical test to be the responsibility of the person charged. The failure or inability to obtain an additional chemical test by a person does not preclude the admission of the chemical test taken at the direction of a law enforcement officer. Upon the request of the person who is tested, a copy of the operational checklist and test record of a breath sample test or analytical report of a blood, urine, or saliva sample test taken at the direction of the law enforcement officer must be made available to that person by the law enforcement agency that administered the chemical test.

SECTION 25. AMENDMENT. Subsections 3, 4, and 6 of section 39-24.1-08 of the North Dakota Century Code are amended and reenacted as follows:

3. The results of the chemical test must be received in evidence when it is shown that the sample was properly obtained and the test was fairly administered, and if the test is shown to have been performed according to methods and with devices approved by the director of the state ~~toxicologist~~ crime laboratory or the director's designee, and by an individual possessing a certificate of qualification to administer the test issued by the director of the state ~~toxicologist~~ crime laboratory or the director's designee. The director of the state ~~toxicologist~~ crime laboratory or the director's designee is authorized to approve satisfactory devices and methods of chemical tests and determine the qualifications of individuals to conduct such tests, and shall issue a certificate to every qualified operator. An operator shall exhibit the certificate upon demand of the person requested to take the chemical test.
4. The director of the state ~~toxicologist~~ crime laboratory or the director's designee may appoint, train, certify, and supervise field inspectors of breath testing equipment and its operation, and the inspectors shall report the findings of any inspection to the director of the state ~~toxicologist~~ crime laboratory or the director's designee for appropriate action. Upon approval of the methods or devices, or both, required to perform the tests and the persons qualified to administer them, the director of the state ~~toxicologist~~ crime laboratory or the director's designee shall prepare and file written record of the approval with the director and the recorder in each county, unless the board of county commissioners designates a different official, and shall include in the record:

- a. An annual register of the specific testing devices currently approved, including serial number, location, and the date and results of last inspection.
- b. An annual register of currently qualified and certified operators of the devices, stating the date of certification and its expiration.
- c. The operational checklist and forms prescribing the methods currently approved by the director of the state ~~toxicologist~~ crime laboratory or the director's designee in using the devices during the administration of the tests.

The material filed under this subsection may be supplemented when the director of the state ~~toxicologist~~ crime laboratory or the director's designee determines it to be necessary, and any supplemental material has the same force and effect as the material that it supplements.

6. A certified copy of the analytical report of a blood, urine, or saliva test issued by the director of the state ~~toxicologist~~ crime laboratory or the director's designee must be accepted as prima facie evidence of the results of a chemical test performed under this chapter.

BAIL BONDS

AN ACT to create and enact a new section to chapter 19-03.1 of the North Dakota Century Code, relating to bail bonds.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new section to chapter 19-03.1 of the North Dakota Century Code is created and enacted as follows:

Bail - Additional conditions of release. A court shall impose as a condition of release or bail that an individual who has been arrested upon a felony violation of this chapter or chapter 19-03.4 not use a controlled substance without a valid prescription from a licensed medical practitioner and that the individual submit to a medical examination or other reasonable random testing for the purpose of determining the person's use of a controlled substance. The court shall order the frequency of the random testing and the location at which random testing must occur. The court shall provide notice to the selected provider of the required examination or testing. The provider shall notify the court if the individual fails to appear for the examination or testing. The testing must be at the individual's own cost. Submission of an individual to a medical examination or other reasonable random testing as a condition for release is not required if the court makes a specific finding on the record that:

1. The individual has not been arrested for a felony offense relating to the use, possession, manufacture, or delivery of methamphetamine;

GUIDES AND OUTFITTERS LICENSING AND QUALIFICATIONS

AN ACT to create and enact two new sections to chapter 20.1-03 of the North Dakota Century Code, relating to powers of the game and fish director and guiding on prohibited lands; to amend and reenact subsection 25 of section 20.1-01-02 and sections 20.1-03-37, 20.1-03-38, 20.1-03-39, and 20.1-03-40 of the North Dakota Century Code, relating to licensing and qualifications of guides and outfitters; and to provide a penalty.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

¹³⁷ **SECTION 1. AMENDMENT.** Subsection 25 of section 20.1-01-02 of the North Dakota Century Code is amended and reenacted as follows:

25. "Outfitter" means ~~an individual who, while engaging in any of the acts enumerated in this subsection in any manner, advises or otherwise a~~ person that holds the individual's person's business operation out to the public for hire or consideration; provides facilities or services for consideration; or maintains, leases, or otherwise provides compensation for the use of land and which receives compensation from a third party for use of that land; or otherwise uses equipment or accommodations for consideration for the conduct of outdoor recreational activities, including hunting animals or birds and fishing on lakes, reservoirs, rivers, and streams. An outfitter may act as a guide. The term does not include a person holding title or an equitable interest in business operations if the primary purpose of the business operation is to provide food or lodging to the general public, chamber of commerce activities, travel agencies, or others that offer free information to attract outdoor and recreational use of their communities.

SECTION 2. Two new sections to chapter 20.1-03 of the North Dakota Century Code are created and enacted as follows:

Director's powers for immediate suspension. If the director determines by clear and convincing evidence that a substantial violation of state or federal criminal hunting, fishing, or trapping laws of this chapter by a guide or outfitter has occurred, the director may suspend, revoke, or deny a guide or outfitter license to the person violating the laws or provisions. In such a case, a hearing must be held within ten days of the director's intended action and the person must be given notice of the hearing. The person may waive the hearing after having been notified of the

¹³⁷ Section 20.1-01-02 was also amended by section 1 of Senate Bill No. 2041, chapter 204, section 1 of Senate Bill No. 2100, chapter 205, and section 1 of Senate Bill No. 2338, chapter 229.

person's right to a hearing, in which case the action of the director takes effect upon signing the waiver. The director may serve notice of the hearing by publication if reasonable efforts to make personal service have failed.

Guiding on prohibited lands. A person may not act as a hunting guide or hunting outfitter on land the person knows is owned by the state unless the appropriate state agency permits or authorizes the guiding or outfitting, on private land enrolled by the department for purposes of hunting, on land in which the department pays in lieu of taxes, on federal lands without being authorized or permitted as required by the appropriate federal agency, or on private lands posted against hunting or trespassing without first informing and obtaining permission from the landowner to conduct guiding or outfitting on the land. If the landowner did not grant the permission in writing, there is a presumption that the permission did not exist.

SECTION 3. AMENDMENT. Section 20.1-03-37 of the North Dakota Century Code is amended and reenacted as follows:

20.1-03-37. Guides and outfitters license qualifications.

1. An individual who is eighteen years of age or more may apply for a guide or outfitter license.
2. An applicant for a hunting guide license and an outfitter acting as a guide shall provide the director proof that the individual is certified in adult cardiopulmonary resuscitation or its equivalent and in standard or first aid or its equivalent.
3. An applicant for a hunting outfitter or fishing outfitter license shall provide to the director proof that the individual and the individual's business operation are covered by general liability insurance against loss or expense due to accident or injury from outfitting services, at a minimum of one hundred thousand dollars per individual and three hundred thousand dollars per accident.
4. An individual must hold a hunting guide license for two years to be eligible to apply for a hunting outfitter license unless that individual provides proof to the department that the individual has been exempt under subsection 4 of section 20.1-03-36.1 and has been conducting outfitter or guide service as an exempt individual for at least two years.
5. The director may not issue a license to an individual who has been convicted of a state or federal criminal game or fish violation in the last three years or whose license to hunt or fish is under suspension or revocation. As used in this chapter, "conviction" means a finding of guilt, a guilty plea, a plea of no contest, a plea of nolo contendere, a judgment of conviction even though the court suspended execution of a sentence in accordance with subsection 3 of section 12.1-32-02, or a deferred imposition of sentence in accordance with subsection 4 of section 12.1-32-02 or an equivalent statute. The term does not include a finding of guilt which is reversed on appeal.
6. If an application is for a business association, the applicant must be an agent of the association to be held personally responsible for the conduct of the licensed outfitter's operations, in addition to the association, and the applicant must be actively and regularly employed

in and responsible for the management, supervision, and operation of the outfitting business. The department may only issue an outfitter license to a business applicant if the applicant is qualified to conduct the business of outfitting. A corporation or association may qualify for an outfitter license if a majority of stock is owned by licensed outfitters in good standing or landowners who own agricultural land used for the outfitting business, or if a limited liability company, the majority membership interest is owned by licensed outfitters in good standing or by landowners who own agricultural land used for the outfitting business. If a business entity owns, is a leaseholder in land, or provides compensation for the use of land, and directly or indirectly receives remuneration from hunting on that land, the business entity must be licensed under this title unless exempt under subsection 4 of section 20.1-03-36.1. A business entity may not conduct business operations through a subsidiary, contractor, or an agent that would permit the business entity to avoid this chapter. This section does not authorize any act or transaction prohibited by any other law of this state.

7. An applicant for a hunting guide or hunting outfitter license must have legally hunted in this state for part of each of any three years in a manner directly contributing to the individual's experience and competency as a guide. The department may waive this requirement if the applicant proves that the applicant has legally hunted for parts of at least three years in other states and an outfitter employing that individual would suffer an undue hardship without that individual.

SECTION 4. AMENDMENT. Section 20.1-03-38 of the North Dakota Century Code is amended and reenacted as follows:

20.1-03-38. Licensing guides and outfitters by the department - Rules - Inspections.

1. The director may license guides and outfitters and may adopt rules to regulate guides and outfitters. If the director requests a trade secret or proprietary information, the director shall request the information on a separate form, and that information is confidential and is not a public record subject to section 44-04-18 and section 6 of article XI of the Constitution of North Dakota. The director may release this information, however, if it is aggregated so as not to identify any guide, outfitter, or client. Before engaging in rulemaking activities with respect to guides and outfitters, the director shall appoint a committee composed of guides, outfitters, and interested individuals and shall consult with the committee when preparing rules.
2. The director shall periodically inspect or cause to be inspected all outfitter businesses. All records, facilities, and equipment kept or used by the outfitter are open to inspection by the director or a game warden. Records may not be deceptive and must be kept in a manner and location that is readily accessible to the director or a game warden during normal business hours.
3. The director shall perform a background search for criminal and game and fish violations on each applicant on initial application and on each renewal.

4. The director may not issue a license to an individual to be a hunting guide or hunting outfitter unless the individual is proficient in the application of state and federal laws on the hunting of wild game. The director shall create and administer a written examination to test proficiency of hunting guides and outfitters in these laws. The director shall administer examinations at least twice a year; however, an examination may not be given within ninety days after the previous examination.

SECTION 5. AMENDMENT. Section 20.1-03-39 of the North Dakota Century Code is amended and reenacted as follows:

20.1-03-39. Guides and outfitters restrictions - Administrative sanctions.

1. The license of a guide or outfitter may be denied, revoked, or suspended, or placed on probation by the director if:
 - a. The licensee, while carrying out the business of guiding or outfitting, engages in conduct detrimental to the image and professional integrity of the guiding and outfitting industry;
 - b. The licensee willfully and substantially misrepresented that person's facilities, prices, equipment, services, or hunting or fishing opportunities as a guide or outfitter;
 - c. The licensee has been convicted of an offense not listed in subsection 2 this section which is determined by the director to have a direct bearing on the licensee's ability to serve the public as a guide or outfitter;
 - d. The licensee is addicted to the use of intoxicating liquors, narcotics, or stimulants to the extent the licensee's performance of professional duties is affected; ~~or~~
 - e. The licensee has become not qualified, or has violated any rule for the licensing of a guide or outfitter by the director;²
2. ~~The license of a guide or outfitter may be revoked if:~~
 - ~~a. f.~~ The licensee is convicted of violating state or federal criminal law pertaining to hunting, fishing, or trapping, or if the director finds by clear and convincing evidence that such a violation has occurred;
 - ~~b.~~ The licensee acted as a hunting guide or hunting outfitter on land owned or private land enrolled by the department for the purposes of hunting or on land for which the department pays in lieu of tax payments; or
 - ~~c. g.~~ The licensee provided guiding or outfitting services to a person that had not obtained the appropriate license for the species sought by that person; or
 - ~~h.~~ A licensed outfitter utilized any unlicensed person to perform outfitter or guide services on behalf of the outfitter. This subsection applies to outfitters regardless of whether the person who

performed the service is otherwise exempt under subsection 4 of section 20.1-03-36.1.

- ~~3.~~ 2. For the purpose of administrative sanctions, an outfitter is liable if a guide ~~intentionally~~ violates a criminal provision of this chapter or a state or federal criminal law pertaining to hunting, fishing, or trapping ~~if the outfitter knowingly aids in the violation or knows of the violation but fails to report the violation to the department within a reasonable time while guiding on behalf of the outfitter.~~ It is an affirmative defense if the outfitter reported the violation to the department or law enforcement when the outfitter discovered the violation or has not had more than two independent violations by a guide working on behalf of the outfitter in the previous three-year period and the outfitter did not aid in or attempt to conceal evidence of the violation. A guide is liable if a client violates a state or federal criminal law pertaining to hunting, fishing, or trapping if the guide knowingly aids in the violation or knows of the violation and the guide or client fail to report the violation to the department within a reasonable time.
4. 3. Notwithstanding chapters 45-11 and 47-25, another person may not use a name, business name, fictitious name, trade name, internet address, world wide web uniform resource identifier, place of business, or telephone number of an outfitter who has been convicted of a violation at least three years from the time of the conviction except on permission from the director after a determination by the director that the new business is significantly separate from the previous business and the new business does not employ, contract with, or receive assistance from any person who has been prohibited from guiding or outfitting.

SECTION 6. AMENDMENT. Section 20.1-03-40 of the North Dakota Century Code is amended and reenacted as follows:

20.1-03-40. Penalty. ~~Any individual person providing guide or outfitter services without a license, or while under suspension, revocation, or denial is guilty of a class B A misdemeanor. The court must suspend an individual's hunting, trapping, and fishing privileges for at least one year under section 20.1-01-26 if an individual provided guide or outfitter services without a license, or while under suspension, revocation, or denial, or guided on prohibited lands. Unless otherwise specified, other violations of this chapter are a class B misdemeanor. Each client guided is subject to separate and distinct offenses. In addition to this penalty, the director may initiate civil action in a court of competent jurisdiction as necessary to enforce this chapter or any rule adopted under this chapter, including an injunction to restrain a violation, without proof of actual damages sustained by any person. Any individual guiding or outfitting while under suspension, revocation, or denial is guilty of a class A misdemeanor.~~ Any individual who commits for remuneration or compensation an act of fraud involving hunting or fishing or any individual who illegally takes or causes death to fish or wildlife for remuneration or compensation may be prosecuted for theft, fraud, or conspiracy under title 12.1 and is, upon conviction, liable for the higher amount between the actual compensation received or the value of the fish or wildlife illegally taken or killed.

"Introduce" means to place, release, or allow the escape of a nonnative species into a free-living state.

SECTION 2. A new chapter to title 20.1 of the North Dakota Century Code is created and enacted as follows:

Prevention and control of aquatic nuisance species. The director, to prevent and control aquatic nuisance species, shall:

¹⁴⁸ Section 20.1-01-02 was also amended by section 1 of House Bill No. 1276, chapter 221, section 1 of Senate Bill No. 2041, chapter 204, and section 1 of Senate Bill No. 2100, chapter 205.

1. Prepare a statewide management plan for aquatic nuisance species to be approved by the governor.
2. Organize an aquatic nuisance species committee, as provided for in the statewide management plan, composed of the director or the director's designee; representatives of the department of agriculture commissioner, state water commission, parks and recreation department, state department of health, and tourism division; up to five private entities or individuals; and a representative of tribal entities. The director or the director's designee is the chairman of the aquatic nuisance species committee.
3. Develop and adopt the state's list of aquatic nuisance species after consulting with the aquatic nuisance species committee. The list must be updated annually.
4. Provide for a permitting system to import listed aquatic nuisance species into or move those species within the state.
5. Develop rules to prevent the movement of aquatic nuisance species into or within the state.
6. Conduct aquatic nuisance species education and prevention efforts.
7. Provide for the partnership of the federal government, state agencies, and private or public organizations to fund aquatic nuisance species prevention efforts.

Each appointive member of the committee is entitled to receive sixty-two dollars and fifty cents compensation per day and to reimbursement for expenses in the amounts provided in sections 44-08-04 and 54-06-09 while attending meetings of the committee or, at the discretion of the member, may receive either per diem compensation or expenses in those amounts while otherwise engaged in official business of the department, including time of travel between home and the place at which the member performs such duties.

3. A coordinated education and awareness campaign;
4. Coordinated control of selected invasive species of aquatic plants and wild animals on lands and public waters;

Inspection of watercraft. The director shall train and authorize personnel to inspect watercraft and associated equipment, including weed harvesters, for aquatic nuisance species before the watercraft and equipment enter or leave waters of the state during the open water season.

Infested waters - Restricted activities. The director shall designate a water of the state as an infested water if the director determines that the water contains a population of an aquatic nuisance species that may spread to other waters if use of the water and related activities is not regulated to prevent this spread. In determining which waters are infested with a nuisance species, the director shall consider:

1. The extent of a species distribution within the state;
2. The likely means of spread for a species; and
3. Whether rules specific to infested waters containing a specific species will effectively reduce that species' spread.

Prohibited activities. A person may not possess, import, purchase, sell, propagate, transport, or introduce a prohibited aquatic nuisance species except:

1. Under a permit issued by the director;
2. When being transported to the department, or another destination as the director may direct, in a sealed container for purposes of identifying the species or reporting the presence of the species;

5. When being removed from watercraft or equipment, or caught while angling, and immediately returned to the water from which it came; or
6. As the director otherwise may prescribe by rule.

Standard. The director may issue a permit under this chapter only if the director determines that the permitted activity does not pose an unreasonable risk of harm to natural resources or their use in the state. The director may deny, issue with conditions, modify, or revoke a permit issued under this chapter as necessary to ensure that the proposed activity will not pose an unreasonable risk of harm to natural resources or their use in the state.

Seizure. The director may seize or dispose of any specimens of prohibited aquatic nuisance species unlawfully possessed, imported, purchased, sold, propagated, transported, or introduced in this state.

Penalty. A person who violates this chapter is guilty of a class B misdemeanor.

HEALTH CARE DIRECTIVE

I _____, understand this document allows me to do ONE OR ALL of the following:

PART I: Name another person (called the health care agent) to make health care decisions for me if I am unable to make and communicate health care decisions for myself. My health care agent must make health care decisions for me based on the instructions I provide in this document (Part II), if any, the wishes I have made known to him or her, or my agent must act in my best interest if I have not made my health care wishes known.

AND/OR

PART II: Give health care instructions to guide others making health care decisions for me. If I have named a health care agent, these instructions are to be used by the agent. These instructions may also be used by my health care providers, others assisting with my health care and my family, in the event I cannot make and communicate decisions for myself.

AND/OR

PART III: Allows me to make an organ and tissue donation upon my death by signing a document of anatomical gift.

PART I: APPOINTMENT OF HEALTH CARE AGENT THIS IS WHO I WANT TO MAKE HEALTH CARE DECISIONS FOR ME IF I AM UNABLE TO MAKE AND COMMUNICATE HEALTH CARE DECISIONS FOR MYSELF

(I know I can change my agent or alternate agent at any time
and I know I do not have to appoint an agent or an alternate agent)

NOTE: If you appoint an agent, you should discuss this health care directive with your agent and give your agent a copy. If you do not wish to appoint an agent, you may leave Part I blank and go to Part II and/or Part III. None of the following may be designated as your agent: your treating health care provider, a nonrelative

employee of your treating health care provider, an operator of a long-term care facility, or a nonrelative employee of a long-term care facility.

When I am unable to make and communicate health care decisions for myself, I trust and appoint _____ to make health care decisions for me. This person is called my health care agent.

Relationship of my health care agent to me: _____

Telephone number of my health care agent: _____

Address of my health care agent: _____

(OPTIONAL) APPOINTMENT OF ALTERNATE HEALTH CARE AGENT: If

my health care agent is not reasonably available, I trust and appoint _____ to be my health care agent instead.

Relationship of my alternate health care agent to me: _____

Telephone number of my alternate health care agent: _____

Address of my alternate health care agent: _____

THIS IS WHAT I WANT MY HEALTH CARE AGENT TO BE ABLE TO
DO
IF I AM UNABLE TO MAKE AND COMMUNICATE HEALTH CARE
DECISIONS FOR MYSELF
(I know I can change these choices)

My health care agent is automatically given the powers listed below in (A) through (D). My health care agent must follow my health care instructions in this document or any other instructions I have given to my agent. If I have not given health care instructions, then my agent must act in my best interest.

Whenever I am unable to make and communicate health care decisions for myself, my health care agent has the power to:

(A) Make any health care decision for me. This includes the power to give, refuse, or withdraw consent to any care, treatment, service, or procedures. This includes deciding whether to stop or not start health care that is keeping me or might keep me alive and deciding about mental health treatment.

(B) Choose my health care providers.

(C) Choose where I live and receive care and support when those choices relate to my health care needs.

(D) Review my medical records and have the same rights that I would have to give my medical records to other people.

If I DO NOT want my health care agent to have a power listed above in (A) through (D) OR if I want to LIMIT any power in (A) through (D), I MUST say that here:

My health care agent is NOT automatically given the powers listed below in (1) and (2). If I WANT my agent to have any of the powers in (1) and (2), I must INITIAL the line in front of the power; then my agent WILL HAVE that power.

_____ (1) To decide whether to donate any parts of my body, including organs, tissues, and eyes, when I die.

_____ (2) To decide what will happen with my body when I die (burial, cremation).

If I want to say anything more about my health care agent's powers or limits on the powers, I can say it here:

PART II: HEALTH CARE INSTRUCTIONS

NOTE: Complete this Part II if you wish to give health care instructions. If you appointed an agent in Part I, completing this Part II is optional but would be very helpful to your agent. However, if you chose not to appoint an agent in Part I, you MUST complete, at a minimum, Part II (B) if you wish to make a valid health care directive.

These are instructions for my health care when I am unable to make and communicate health care decisions for myself. These instructions must be followed (so long as they address my needs).

(A) THESE ARE MY BELIEFS AND VALUES ABOUT MY HEALTH CARE (I know I can change these choices or leave any of them blank)

I want you to know these things about me to help you make decisions about my health care:

My goals for my health care:

My fears about my health care:

My spiritual or religious beliefs and traditions:

My beliefs about when life would be no longer worth living:

My thoughts about how my medical condition might affect my family:

(B) THIS IS WHAT I WANT AND DO NOT WANT FOR MY HEALTH CARE
(I know I can change these choices or leave any of them blank)

Many medical treatments may be used to try to improve my medical condition or to prolong my life. Examples include artificial breathing by a machine connected to a tube in the lungs, artificial feeding or fluids through tubes, attempts to start a stopped heart, surgeries, dialysis, antibiotics, and blood transfusions. Most medical treatments can be tried for a while and then stopped if they do not help.

I have these views about my health care in these situations:

(Note: You can discuss general feelings, specific treatments, or leave any of them blank).

If I had a reasonable chance of recovery and were temporarily unable to make and communicate health care decisions for myself, I would want:

If I were dying and unable to make and communicate health care decisions for myself, I would want:

If I were permanently unconscious and unable to make and communicate health care decisions for myself, I would want:

If I were completely dependent on others for my care and unable to make and communicate health care decisions for myself, I would want:

In all circumstances, my doctors will try to keep me comfortable and reduce my pain. This is how I feel about pain relief if it would affect my alertness or if it could shorten my life:

There are other things that I want or do not want for my health care, if possible:

BROWNFIELDS REMEDIATION AND INSTITUTIONAL CONTROLS

AN ACT to create and enact a new section to chapter 23-20.3 of the North Dakota Century Code, relating to contaminated properties; to amend and reenact sections 11-33-01 and 40-47-01 and subsection 1 of section 58-03-11 of the North Dakota Century Code, relating to institutional controls by counties, cities, and townships; to provide a continuing appropriation; and to declare an emergency.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 11-33-01 of the North Dakota Century Code is amended and reenacted as follows:

11-33-01. County power to regulate property. For the purpose of promoting health, safety, morals, public convenience, general prosperity, and public welfare, the board of county commissioners of any county may regulate and restrict within the county, subject to section 11-33-20 and chapter 54-21.3, the location and the use of buildings and structures and the use, condition of use, or occupancy of lands for residence, recreation, and other purposes. The board of county commissioners shall establish zoning requirements for solid waste disposal and incineration facilities before July 1, 1994. The board of county commissioners may impose tipping or other fees on solid waste management and incineration facilities. The board of county commissioners may not impose any fee under this section on an energy conversion facility or coal mining operation that disposes of its waste onsite. The board of county commissioners may establish institutional controls that address environmental concerns with the state department of health as provided in section 2 of this Act.

SECTION 2. A new section to chapter 23-20.3 of the North Dakota Century Code is created and enacted as follows:

Institutional controls, responsibility exemptions, and regulatory assurances for contaminated properties - Continuing appropriation.

1. The department may establish institutional controls or give site-specific responsibility exemptions or regulatory assurances to owners, operators, or lenders, as provided by this section for real property contaminated by regulated substances or other pollution or contamination regulated by the department under this chapter or chapter 61-28. To qualify for a site-specific responsibility exemption, the owner of the property, or the political subdivision establishing institutional controls under this section through its zoning authority, must:

- a. Delineate the vertical and horizontal extent and concentration of the pollution or contamination in soil and ground water;
 - b. Identify potential persons or receptors that may be impacted by the pollution or contamination, evaluate the potential for movement or migration of the pollution or contamination and potential pathways of exposure, and identify potential health or environmental impacts to persons or receptors based on the proposed property use;
 - c. Identify the past and current uses of the property, the current uses of contiguous properties, and zoning restrictions or regulations that apply to the property and contiguous properties;
 - d. Identify any surface water or ground water uses, or ground water wells, that may be impacted by the pollution or contamination;
 - e. Agree to comply with and complete any remediation or monitoring plan agreed to or ordered by the department as a condition of receiving a site-specific responsibility exemption, including monitoring of natural attenuation of pollution or contamination;
 - f. If remediation or monitoring of pollution or contamination is being conducted by a responsible party or governmental body other than the landowner or operator, agree to allow access for all monitoring or remedial activities reasonably related to the identified pollution or contamination;
 - g. Agree to any other reasonable institutional controls that are necessary to protect public health and welfare from pollution or contamination on the property or to satisfy environmental standards enforced by the department; and
 - h. Agree to comply with all institutional controls, letters of no further remediation, letters of no further action, or letters of regulatory assurance established or instituted under this section as a condition of receiving a property-specific or site-specific responsibility exemption or regulatory assurance.
2. "Institutional controls" are restrictions on the use and management of real property, including use and management of buildings or fixtures, that contain or prevent migration of regulated substances or other pollution or contamination, or protect receptors from exposure or the threat of exposure to regulated substances or other pollution or contamination. Institutional controls may apply during environmental remediation activities, or may apply to residual regulated substances, pollutants, or other pollution or contamination or their byproducts that may remain on property after active environmental remediation activities are concluded or while natural attenuation of regulated substances or other pollution or contamination is occurring. Institutional controls may be established by the department as follows:
 - a. When an area made subject to institutional controls involves two or more property owners and an area larger than either one city block or ten acres [4.05 hectares], the department and the political subdivision having zoning authority over the property may agree to institutional controls relating to the identified area impacted by the

pollution or the contamination. Before the institutional controls become effective, they must be the subject of a public hearing and be established in the same manner as zoning regulations are established by that political subdivision. The political subdivision is responsible for providing all notices under this subdivision, but any public hearing must be held jointly by the political subdivision and the department.

- b. In addition or in the alternative, the department also may establish institutional controls by agreement to an environmental covenant with the owner of the real property. Before agreeing to any environmental covenants under this subdivision, all contiguous landowners to the property to which the covenants will attach must be notified by certified mail or by service by publication as provided in the North Dakota Rules of Civil Procedure. An environmental covenant must state that it is an environmental covenant that runs with the land; have a legally sufficient description of the real property subject to the covenant; describe activity or use limitations and terms of access for any monitoring or remediation; identify every holder who is a grantee of the covenant; be signed by every holder and the owner of the property before a notary public; and describe the name and location of any administrative record for the environmental response or remediation identified for the property under subsection 1. All environmental covenants must be filed with the county recorder of the county in which the property is located.
3. In addition or in the alternative to institutional controls, after completion of the assessments and requirements of subsection 1, the department may issue a letter of no further remediation or a letter of no further action to a property owner when an environmental remediation is completed on the site or property, or when no institutional controls are necessary to protect public health or welfare or to come into compliance with an environmental standard that has been violated and later corrected on the site or property.
4. Notwithstanding any institutional controls established for any real property, the department has access for inspection and enforcement for environmental violations as provided by law.
5. If there is any additional discharge or release of a regulated substance, pollutant, or contaminant on the property subject to institutional controls or regulatory exemptions that intermingles with the delineated pollution or contamination identified under subsection 1, or if the owner or operator of the property manages the property in a manner that causes the contamination to migrate to a neighboring contiguous property or results in the exposure of contaminants to receptors on the property, then institutional controls or regulatory exemptions established under this section are voidable by the department after a public investigatory hearing by giving written notice to the political subdivision and the current owner of the property subject to the institutional controls, as well as any lender holding a lien on the property identified under subsections 7 and 8. Culpability of the owner or operator of the property for any new or additional discharge, release, or movement of pollution or contamination, as well as responsibility for any offsite discharge or release or culpability for exposure of onsite or offsite

receptors to pollution or contamination, must be considered by the department in determining whether to void any institutional controls, and any final determination by the department to void an institutional control is subject to review under chapter 28-32. If the institutional control is an environmental covenant established under subdivision b of subsection 2, the written notice voiding the environmental covenant as well as a copy of the covenant being voided by the department must be filed with the county recorder of the appropriate county.

6. Institutional controls may also be terminated or amended at any time by written agreement between the department, the relevant political subdivision, the owner of the property, or other body or person subject to the institutional controls, as well as any identified lender, after giving notice as described in subsection 2. Letters of no further remediation, of no further action, or regulatory assurance may be amended by written agreement of the participating parties.
7. Before agreeing to any institutional controls or responsibility exemptions, the department may require insurance coverage or other financial assurance for any additional environmental monitoring or remediation that may become necessary on the property after the site-specific responsibility exemptions and institutional controls are established, and must require such insurance coverage or other financial assurance when the projected cost of an active monitoring or remediation program exceeds five hundred thousand dollars. The department may enter a joint agreement with affected political subdivisions, state or federal agencies, property owners, lenders, the administrator of the petroleum tank release compensation fund, or any responsible or potentially responsible party concerning payment for or funding of any insurance coverage or other financial assurance for any additional environmental monitoring or remediation that may become necessary on contaminated or affected properties. Such agreements do not waive the liability limitations that apply by law to the state, to state agencies, or to political subdivisions, except up to the amounts, and subject to the terms, conditions, and limitations, of any insurance policy or any financial assurance fund created by the joint agreement of the parties under this subsection. Any financial assurance fund must comply with chapters 59-01, 59-02, 59-03, and 59-04, and be managed for the benefit of the affected persons or community, but liability of the fund may not exceed the amount deposited with the fund.
8. Participation by a lender in an agreement under this section may not be construed as management of the property under chapter 32-40.1. Lenders who participate in an agreement under this section may not be held responsible for any environmental remediation on the site or property except as provided in subsection 3 of section 32-40.1-02. As part of an agreement under subsection 7, the department may issue a letter of regulatory assurance to a lender which states that the lender is not responsible for environmental remediation on the property or site, and which addresses other issues relating to responsibility, notice, violation of agreement under subsection 7 by the owner or operator, default, or other matters affecting potential environmental liability, investment, or redevelopment. A responsibility exemption of regulatory assurance given or granted to a lender under this section also applies to a lender's transferees or assigns, provided the party has had no prior involvement with or responsibility for the site of the environmental

release, and uses and manages the property after the transfer or assignment in compliance with institutional controls or other conditions established under this section and the requirements of this chapter and chapter 61-28.

9. The department may adopt rules to implement this section. The department may assess administrative fees in an amount and manner established by rule against responsible parties. In addition, by agreement of the participants, under subsection 7 the department may collect an administrative fee for a specific site or project to address the department's costs and expenses at that site or project, in an amount agreed to under subsection 7, or may collect an administrative fee in an amount set by rule from a person making a request for a responsibility exemption or regulatory assurance under this section. Any administrative fees collected under this section must be deposited by the department in a separate account in the department's operating fund and used only for administration of remediation activities under this chapter or chapter 61-28 and moneys deposited in this account are appropriated to the department on a continuing basis. Administrative fees may not be collected out of federal moneys or against the petroleum tank release compensation fund.
10. The administrator of the petroleum tank release compensation fund under chapter 23-37 may request recovery of expenditures the administrator has made at a remediation site from the separate account in the department's operating fund from fees collected under this section if recovery may not be made from a responsible party or as provided in chapter 23-37. If the department determines that sufficient funds are available without compromising the remediation project at the site, moneys in the separate account may be used to reimburse the petroleum tank release compensation fund for expenditures the administrator has made at the remediation site.
11. All letters of partial or complete exemption from responsibility for remediation or further action issued by the department under this section may be revoked by the department if any condition of the letters is violated; if institutional controls on the property are not complied with; or if the person, governmental body, or entity violates any provision of this chapter or chapter 61-28.
12. "Environmental covenant" means a covenant running with the land as established under this section.
13. "Enhanced natural attenuation" means the enhancement of natural attenuation at a site by the addition of chemicals, biota, or other substances or processes. "Monitored natural attenuation" means the monitoring of natural attenuation as it occurs. The department in its discretion may consider natural attenuation or enhanced or monitored natural attenuation as remediation alternatives for a site when pollution or contamination on a site or property does not pose a threat to human health or the environment, and reasonable safeguards are established under this section or other provisions of state or federal law.

14. "Regulatory assurance" means an assurance issued by the department concerning enforcement relating to existing contamination or pollution on a property or site based on compliance with conditions stated in a letter of regulatory assurance. 15. "Responsibility exemption" means a partial or complete exemption from responsibility for remediation or further action on a contaminated property or at a contaminated site based on compliance with the conditions identified in a letter of no further remediation or a letter of no further action. A responsibility exemption is voidable only against a person that violates an institutional control or a condition of a letter of no further action or no further remediation, or that is responsible for a new or additional release or migration of a regulated substance or pollutant on the property or site, or whose actions or negligence cause the violation, release, or migration.

17. This section does not affect the authority of the department, the state, or its political subdivisions to exercise any powers or duties under this chapter or other provisions of state law with respect to any new or additional discharge or release or threatened discharge or release of a pollutant or regulated substance on a property or site regulated under this section, or the right of the department or any other person to seek legal or equitable relief against any person that is not subject to a liability protection provided under this section.

Such regulations may provide that a board of adjustment may determine and vary the application of the regulations in harmony with their general purpose and intent and in accordance with general or specific rules therein contained. The governing body of a city may establish institutional controls that address environmental concerns with the state department of health as provided in section 2 of this Act.

SECTION 4. AMENDMENT. Subsection 1 of section 58-03-11 of the North Dakota Century Code is amended and reenacted as follows:

All such regulations and restrictions must be uniform throughout each district, but the regulations and restrictions in one district may differ from those in other districts. The board of township supervisors may establish institutional controls that address environmental concerns with the state department of health as provided in section 2 of this Act.

ANIMAL FEEDING OPERATIONS

AN ACT to amend and reenact sections 23-25-11 and 42-04-01 of the North Dakota Century Code, relating to animal feeding operations and livestock auction markets.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 23-25-11 of the North Dakota Century Code is amended and reenacted as follows:

23-25-11. Regulation of odors - Rules.

1. In areas located within a city or the area over which a city has exercised extraterritorial zoning as defined in section 40-47-01.1, a person may not discharge into the ambient air any objectionable odorous air contaminant that measures seven odor concentration units or higher outside the property boundary where the discharge is occurring. If an agricultural operation as defined by section 42-04-01 has been in operation for more than one year, as provided by section 42-04-02, and the business or residence making the odor complaint was built or established after the agricultural operation was established, the measurement for compliance with the seven odor concentration units standard must be taken within one hundred feet [30.48 meters] of the subsequently established residence, church, school, business, or public building making the complaint rather than at the property boundary of the agricultural operation. The measurement may not be taken within five hundred feet [.15 kilometer] of the property boundary of the agricultural operation.
2. In areas located outside a city or outside the area over which a city has exercised extraterritorial zoning as defined in section 40-47-01.1, a person may not discharge into the ambient air any objectionable odorous air contaminant that causes odors that measure seven odor concentration units or higher as measured at any of the following locations:
 - a. Within one hundred feet [30.48 meters] of any residence, church, school, business, or public building, or within a campground or public park. An odor measurement may not be taken at the residence of the owner or operator of the source of the odor, or at any residence, church, school, business, or public building, or within a campground or public park, that is built or established within one-half mile [.80 kilometer] of the source of the odor after the source of the odor has been built or established; or
 - b. At any point located beyond one-half mile [.80 kilometer] from the source of the odor, except for property owned by the owner or

operator of the source of the odor, or over which the owner or operator of the source of the odor has purchased an odor easement.

- c. If a county or township has zoned or established a setback distance for an animal feeding operation which is greater than one-half mile [.80 kilometer] under either section 11-33-02 or 58-03-11, or if the setback distance under subsection 7 is greater than one-half mile [.80 kilometer], measurements for compliance with the seven odor concentration units standard must be taken at the setback distance rather than one-half mile [.80 kilometer] from the facility under subdivision b, except for any residence, church, school, business, public building, park, or campground within the setback distance which was built or established before the animal feeding operation was established, unless the animal feeding operation has obtained an odor easement from the preexisting facility.
3. An odor measurement may be taken only with a properly maintained scentometer, by an odor panel, or by another instrument or method approved by the state department of health, and only by inspectors certified by the department who have successfully completed a department-sponsored odor certification course and demonstrated the ability to distinguish various odor samples and concentrations. If a certified inspector measures a violation of this section, the department may send a certified letter of apparent noncompliance to the person causing the apparent violation and may negotiate with the owner or operator for the establishment of an odor management plan and best management practices to address the apparent violation. The department shall give the owner or operator at least fifteen days to implement the odor management plan. If the odor problem persists, the department may proceed with an enforcement action provided at least two certified inspectors at the same time each measure a violation and then confirm the violation by a second odor measurement taken by each certified inspector, at least fifteen minutes, but no more than two hours, after the first measurement.
4. A person is exempt from this section while spreading or applying animal manure or other recycled agricultural material to land in accordance with a nutrient management plan approved by the state department of health. A person is exempt from this section while spreading or applying animal manure or other recycled agricultural material to land owned or leased by that person in accordance with rules adopted by the department. An owner or operator of a lagoon or waste storage pond permitted by the department is exempt from this section in the spring from the time when the cover of the permitted lagoon or pond begins to melt until fourteen days after all the ice cover on the lagoon or pond has completely melted. Notwithstanding these exemptions, all persons shall manage their property and systems to minimize the impact of odors on their neighbors.
5. This section does not apply to chemical compounds that can be individually measured by instruments, other than a scentometer, that have been designed and proven to measure the individual chemical or chemical compound, such as hydrogen sulfide, to a reasonable degree

of scientific certainty, and for which the state department of health has established a specific limitation by rule.

6. For purposes of this section, a public park is a park established by the federal government, the state, or a political subdivision of the state in the manner prescribed by law. For purposes of this section, a campground is a public or private area of land used exclusively for camping and open to the public for a fee on a regular or seasonal basis.
7.
 - a. In a county that does not regulate the nature, scope, and location of an animal feeding operation under section 11-33-02, the department shall require that any new animal feeding operation permitted under chapter 61-28 be set back from any existing residence, church, school, business, public building, park, or campground.
 - (1) If there are fewer than three hundred animal units, there is no minimum setback requirement.
 - (2) If there are at least three hundred animal units but no more than one thousand animal units, the setback for any animal operation is one-half mile [.80 kilometer].
 - (3) If there are at least one thousand one animal units but no more than two thousand animal units, the setback for a hog operation is three-fourths mile [1.20 kilometers] and the setback for any other animal operation is one-half mile [.80 kilometer].
 - (4) If there are at least two thousand one animal units but no more than five thousand animal units, the setback for a hog operation is one mile [1.60 kilometers] and the setback for any other animal operation is three-fourths mile [1.20 kilometers].
 - (5) If there are five thousand one or more animal units, the setback for a hog operation is one and one-half miles [2.40 kilometers] and the setback for any other animal operation is one mile [1.60 kilometers].
 - b. The setbacks set forth in subdivision a do not apply if the owner or operator applying for the permit obtains an odor easement from the preexisting use that is closer.
 - c. For purposes of this section:
 - (1) One mature dairy cow, whether milking or dry, equals 1.33 animal units;
 - (2) One dairy cow, heifer or bull, other than an animal described in paragraph 1 equals 1.0 animal unit;
 - (3) One weaned beef animal, whether a calf, heifer, steer, or bull, equals 0.75 animal unit;
 - (4) One cow-calf pair equals 1.0 animal unit;

- (5) One swine weighing fifty-five pounds [24.948 kilograms] or more equals 0.4 animal unit;
 - (6) One swine weighing less than fifty-five pounds [24.948 kilograms] equals 0.1 animal unit;
 - (7) One horse equals 2.0 animal units;
 - (8) One sheep or lamb equals 0.1 animal unit;
 - (9) One turkey equals 0.0182 animal unit;
 - (10) One chicken, other than a laying hen, equals 0.008 animal unit;
 - (11) One laying hen equals 0.012 animal unit;
 - (12) One duck equals 0.033 animal unit; and
 - (13) Any livestock not listed in paragraphs 1 through 12 equals 1.0 animal unit per each one thousand pounds [453.59 kilograms] whether single or combined animal weight.
8. A permitted animal feeding operation may expand its permitted capacity by twenty-five percent on one occasion without triggering a higher setback distance.
9. Neither a county nor a township may regulate or through any means impose restrictions or requirements on animal feeding operations or on other agricultural operations except as permitted under sections 11-33-02 and 58-03-11.

SECTION 2. AMENDMENT. Section 42-04-01 of the North Dakota Century Code is amended and reenacted as follows:

42-04-01. Agricultural operation defined. As used in this chapter, "agricultural operation" means the science and art of ~~production of~~ producing plants and animals useful to people, by a corporation or a limited liability company as allowed under chapter 10-06.1, or by a corporation or limited liability company, a partnership, or a proprietorship, and ~~including, to a variable extent,~~ includes the preparation of these products for people's use and ~~their the disposal of these products by marketing or otherwise, and other means.~~ The term includes livestock auction markets and horticulture, floriculture, viticulture, forestry, dairy, livestock, poultry, bee, and any and all forms of farm products, and farm production.

AN ACT to amend and reenact subsection 3 of section 23-35-05 and subsection 1 of section 23-35-07 of the North Dakota Century Code, relating to property tax levy limitations of merged health districts; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Subsection 3 of section 23-35-05 of the North Dakota Century Code is amended and reenacted as follows:

3. Any two or more health districts may merge into a single health district upon a majority vote of the respective boards of health and a majority vote of the governing body of each county. The assets of each merging health district become the property of the newly created health district. Board of health membership of a new health district must be determined under section 23-35-03, unless otherwise decided by the board. The new health district maintains the same authority and powers of the previous health districts. The mill levy of the newly created health district is not limited by the old mill levy but may not exceed the amount allowed under section 23-35-07, unless one or more of the combining entities was previously levying more than five mills, in which case the mill levy for property within the former entity that was levying more than five mills may not exceed the cap, expressed in mills, as previously authorized for that entity.

A district board of health shall prepare a budget for the next fiscal year at the time at which and in the manner in which a county budget is adopted and shall submit this budget to the joint board of county commissioners for approval. The amount budgeted and approved must be prorated in health districts composed of more than one county among the various counties in the health district according to the taxable valuation of the respective counties in the health district. For the purpose of this section, "prorated" means that each member county's contribution must be based on an equalized mill levy throughout the district, except as otherwise permitted under subsection 3 of section 23-35-05. Within ten days after approval by the joint board of county commissioners, the district board of health shall certify the budget to the respective county auditors and the budget must be included in the levies of the counties. The budget may not exceed the amount that can be raised by a levy of five mills on the taxable valuation, subject to public hearing in each county in the health district at least fifteen days before an action taken by the joint board of county commissioners. Action taken by the joint board of county commissioners must be based on the record, including comments received at the public hearing. A levy under

this section is not subject to the limitation on the county tax levy for general and special county purposes. The amount derived by a levy under this section must be placed in the health district fund. The health district fund must be deposited with and disbursed by the treasurer of the district board of health. Each county in a health district quarterly shall remit and make settlements with the treasurer. Any funds remaining in the fund at the end of any fiscal year may be carried over to the next fiscal year.

AN ACT to amend and reenact section 25-03.3-03, subsection 4 of section 25-03.3-03.1, and sections 25-03.3-05, 25-03.3-11, and 25-03.3-13 of the North Dakota Century Code, relating to making evidence presented at a commitment hearing, preliminary hearing, or commitment proceeding of a sexually dangerous individual open, notice to the attorney general, and the release of medically identifiable health information.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 25-03.3-03 of the North Dakota Century Code is amended and reenacted as follows:

25-03.3-03. Sexually dangerous individual - Petition.

1. If it appears that an individual is a sexually dangerous individual, the state's attorney may file a petition in the district court alleging that the individual is a sexually dangerous individual and stating sufficient facts to support the allegation.
2. ~~Except for an order of the court committing a respondent for treatment or an order of the court discharging an individual from treatment and as provided in this section, the~~ The petition and all further records and proceedings under this chapter any proceeding under section 25-03.3-11 are confidential and are not public records or proceedings under sections 44-04-18 and 44-04-19 and sections 5 and 6 of article XI of the Constitution of North Dakota. The court may permit access to a respondent's records or proceedings under this chapter to the respondent's guardian, guardian ad litem, or other similarly situated individual. The court may permit access to information in the respondent's records to other individuals who require the information for use in performing official governmental duties. Notwithstanding any other provision of law, proceedings under section 25-03.3-13 and any evidence introduced or presented to the court for any such proceeding are required to be open to the public, with the exception of a proceeding involving an individual who has not been convicted of a sexual act as defined in section 25-03.3-01. The protections of subsection 10 of section 12.1-34-02 and section 12.1-35-03 apply to any records or proceedings under this chapter.

SECTION 2. AMENDMENT. Subsection 4 of section 25-03.3-03.1 of the North Dakota Century Code is amended and reenacted as follows:

4. Following the receipt of a referral, but at least sixty days before the release date of the inmate, the state's attorney shall notify the

department and the attorney general of the state's attorney's intended disposition of the referral.

SECTION 3. AMENDMENT. Section 25-03.3-05 of the North Dakota Century Code is amended and reenacted as follows:

25-03.3-05. Abrogation of confidentiality statutes and privileges.

1. Notwithstanding any other provision of law requiring confidentiality of information about individuals receiving care, custody, education, treatment, or any other services from the state or any political subdivision, any confidential information about a respondent or committed individual must be released to a state's attorney for proceedings pursuant to this chapter unless release results in the loss of federal funds. The physician-patient privilege and psychotherapist-patient privilege do not apply to communications relevant to an issue in proceedings to commit an individual as a sexually dangerous person if the physician or psychotherapist in the course of diagnosis or treatment determines the patient is in need of commitment and to communications with a committed individual. The provision of any confidential or privileged information to the state's attorney does not render the state, any political subdivision, or any state or political subdivision official or employee, or other person liable pursuant to any criminal or civil law relating to confidentiality or privilege.
2. For purposes of this chapter, a treating facility or mental health professional shall, if requested, disclose individually identifiable health information to a court, the state hospital, state's attorney, retained counsel, or other mental health professional, including an expert examiner, and the disclosure is a disclosure for treatment.

25-03.3-11. Preliminary hearing - Probable cause. The respondent is entitled to a preliminary hearing within seventy-two hours of being taken into custody pursuant to an order of the court, excluding weekends and holidays, unless the respondent knowingly waives the preliminary hearing pursuant to section 25-03.3-09. The respondent has a right to be present, to testify, and to present and cross-examine witnesses at any preliminary hearing. The court may receive evidence that would otherwise be inadmissible at a commitment hearing. ~~Every individual not necessary must be excluded, except that the court may admit any individual having a legitimate interest in the proceeding.~~ If the court determines after a preliminary hearing that there is probable cause to believe the respondent is a sexually dangerous individual, the court shall order that the respondent be transferred to an appropriate treatment facility for an evaluation as to whether the respondent has a congenital or acquired condition that is manifested by a sexual disorder, a personality disorder, or other mental disorder or dysfunction that makes the respondent likely to engage in further acts of sexually predatory conduct. If the court determines that probable cause does not exist to believe that the respondent is a sexually dangerous individual, the court shall dismiss the petition. If the respondent waives the preliminary hearing, then the respondent must be immediately transferred to an appropriate treatment facility for an evaluation as to whether the respondent has a congenital or acquired condition that is manifested by a sexual disorder, a personality disorder, or other mental disorder or dysfunction that makes the respondent likely to engage in further acts of sexually predatory conduct.

An individual with mental retardation may be evaluated under this chapter at a facility only if that facility provides care and treatment to individuals with mental retardation.

SECTION 5. AMENDMENT. Section 25-03.3-13 of the North Dakota Century Code is amended and reenacted as follows:

25-03.3-13. Sexually dangerous individual - Commitment proceeding - Report of findings. Within sixty days after the finding of probable cause, the court shall conduct a commitment proceeding to determine whether the respondent is a sexually dangerous individual. The court may extend the time for good cause. At the commitment proceeding, any testimony and reports of an expert who conducted an examination are admissible, including risk assessment evaluations. Any proceeding pursuant to this chapter must be tried to the court and not a jury. At the commitment proceeding, the state's attorney shall present evidence in support of the petition and the burden is on the state to show by clear and convincing evidence that the respondent is a sexually dangerous individual. An individual may not be committed unless evidence is admitted establishing that at least two experts have concluded the individual has a congenital or acquired condition that is manifested by a sexual disorder, a personality disorder, or other mental disorder or dysfunction that makes that individual likely to engage in further acts of sexually predatory conduct. The respondent has a right to be present, to testify, and to present and cross-examine witnesses. ~~Every person not necessary must be excluded, except that the court may admit any person having a legitimate interest in the proceeding.~~ If the respondent is found to be a sexually dangerous individual, the court shall commit the respondent to the care, custody, and control of the executive director. The executive director shall place the respondent in an appropriate facility or program at which treatment is available. The appropriate treatment facility or program must be the least restrictive available treatment facility or program necessary to achieve the purposes of this chapter. The executive director may not be required to create a less restrictive treatment facility or treatment program specifically for the respondent or committed individual. Unless the respondent has been committed to the legal and physical custody of the department of corrections and rehabilitation, the respondent may not be placed at and the treatment program for the respondent may not be provided at the state penitentiary or an affiliated penal facility. If the respondent is found not to be a sexually dangerous individual, the court shall discharge the respondent.

- ~~8.~~ 9. In case of other coverage on the same peril, the liability of each insurer may not be for any greater amount or proportion of the loss than the ratio such insurance bears to the valid and collectible whole insurance covering the property against the peril involved.

SECTION 3. AMENDMENT. Section 26.1-41-09 of the North Dakota Century Code is amended and reenacted as follows:

26.1-41-09. Payment of basic and optional excess no-fault benefits.

1. Basic and optional excess no-fault benefits are payable monthly for economic loss sustained by an injured person or dependent survivors or incurred on the injured person's behalf by the injured person's spouse,

relatives, or guardian. A basic no-fault insurer may pay basic or optional excess no-fault benefits when due to the above persons who it believes have sustained or incurred the economic loss or at its option to the person rendering, for a charge, the services for which the benefits are payable. If the injured person dies, a basic no-fault insurer may pay the benefits due directly to those entitled to the benefits without the appointment of a personal representative and unless a court directs otherwise, may pay all benefits for survivors' income loss or replacement services loss to the surviving spouse for the use and benefit of all dependent survivors. A basic no-fault insurer's payments made in good faith in accordance with this chapter discharges its liability to the extent of the payments unless the basic no-fault insurer has been notified in writing of the claim of some other person prior to the making of any of the payments.

2. Basic and optional excess no-fault benefits are overdue if not paid within thirty days after the basic no-fault insurer receives reasonable proof of the fact and the amount of loss sustained, except that the basic no-fault insurer may accumulate claims for periods not exceeding one month, and the benefits are not overdue if paid within twenty days after the period of accumulation. If reasonable proof is not supplied as to the entire claim, the amount supported by reasonable proof is overdue if not paid within thirty days after the proof is received by the basic no-fault insurer. Any part or all of the remainder of the claim that is later supported by reasonable proof is overdue if not paid within thirty days after proof is received by the basic no-fault insurer. Payment is deemed made on the date of mailing. All overdue payments must bear interest at the judgment rate of eighteen percent per annum allowed in section 28-20-34.
3. Neither the injured person nor a basic no-fault insurer is required to pay for services billed more than one hundred eighty days after the date of treatment.

SECTION 4. AMENDMENT. Section 26.1-41-11 of the North Dakota Century Code is amended and reenacted as follows:

26.1-41-11. Mental and physical examinations.

1. Whenever the mental or physical condition of ~~a person~~ an individual is material to any claim that has been or may be made for past or future basic or optional excess no-fault benefits, the ~~person~~ individual shall submit to mental or physical examination by a physician designated by the basic no-fault insurer at a reasonably convenient location. Basic no-fault insurers are authorized to include reasonable provisions of this nature in policies providing basic or excess no-fault benefits.
2. If an individual refuses to submit to a mental or physical examination, a court at the request of the insurer may enter an order requiring the individual to submit to the examination. If the court finds that the individual failed to appear for the examination without good cause, the court shall order the insured to reimburse the insurer for any reasonably demonstrable cancellation charges for the examination.

SECTION 5. AMENDMENT. Section 26.1-41-12 of the North Dakota Century Code is amended and reenacted as follows:

26.1-41-12. Discovery of facts about an injured person.

1. Every employer or claimant, if a written request is made by a basic no-fault insurer against whom a claim has been made, shall furnish forthwith, in a form approved by the insurance commissioner, a sworn statement of the earnings, since the time of the accidental bodily injury and for a twelve-month period before the injury, of the ~~person~~ individual upon whose injury the claim is based.
2. Every physician, coroner or medical officer, hospital, clinic, or other medical institution providing, before or after an accidental bodily injury upon which a claim for basic or optional excess no-fault benefits is based, any products, services, or accommodations in relation to the injury, or in relation to a condition claimed to be connected with the injury, if requested in writing to do so by the basic no-fault insurer against whom the claim has been made, shall:
 - a. Promptly furnish a written report of the history, condition, treatment, and dates and costs of treatment.
 - b. Permit the inspection and copying of its records regarding the history, condition, treatment, and dates and costs of treatment.
 - c. Promptly furnish autopsy reports.
3. In the event of any dispute regarding a basic no-fault insurer's right to discovery of facts about an injured person's earnings or about history, condition, treatment, and dates and costs of such treatment, a court of record may enter an order for such discovery as justice requires.
4. A person may not charge more than twenty dollars for the first twenty-five pages and seventy-five cents per page for every page beyond twenty-five pages for providing a copy of medical records provided to a basic no-fault insurer pursuant to this chapter. 3. If the requirements of subsection 1 are met, the immunity provision of subsection 2 applies to a licensed physician under subdivision ~~e~~ d of subsection 1, the person who provides the training under subdivision ~~b~~ a of subsection 1, and the person responsible for the site on which the automated external defibrillator is located.
4. This section does not limit civil liability protection provided by any other law.

STATE AND POLITICAL SUBDIVISION CIVIL LIABILITY

AN ACT to amend and reenact sections 32-12.1-02, 32-12.1-03, and 32-12.2-02 of the North Dakota Century Code, relating to civil liability of political subdivisions and the state; and to declare an emergency.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 32-12.1-02 of the North Dakota Century Code is amended and reenacted as follows:

32-12.1-02. Definitions. As used in this chapter, unless the context otherwise requires:

1. "Claim" means any claim permitted by this chapter brought against a political subdivision for an injury caused by a political subdivision or an employee of the political subdivision acting within the scope of the employee's employment or office.
2. "Commissioner" means the insurance commissioner.
3. "Employee" means any officer, employee, board member, volunteer, or servant of a political subdivision, whether elected or appointed and whether or not compensated. The term does not include an independent contractor, or any person performing tasks the details of which the political subdivision has no right to control.
4. "Injury" means personal injury, death, or property damage. ~~Personal injury includes sickness or disease sustained by any person caused by a political subdivision or an employee thereof. Property damage includes injury to or destruction of tangible property caused by a political subdivision or an employee thereof.~~
5. "Personal injury" includes bodily injury, mental injury, sickness, or disease sustained by a person, and injury to a person's rights or reputation.
6. "Political subdivision":
 - a. Includes all counties, townships, park districts, school districts, cities, public nonprofit corporations, and any other units of local government which are created either by statute or by the Constitution of North Dakota for local government or other public purposes, except no new units of government or political subdivisions are created or authorized by this chapter.

- b. Does not include nor may it be construed to mean either the state of North Dakota or any of the several agencies, boards, bureaus, commissions, councils, courts, departments, institutions, or offices of government which collectively constitute the government of the state of North Dakota.
- 6- 7. "Property damage" includes injury to or destruction of tangible or intangible property.
8. "Public nonprofit corporation" means a nonprofit corporation that performs a governmental function and is funded, entirely or partly, by the state, a city, county, park district, school district, or township.

SECTION 2. AMENDMENT. Section 32-12.1-03 of the North Dakota Century Code is amended and reenacted as follows:

32-12.1-03. Liability of political subdivisions - Limitations.

1. Each political subdivision is liable for money damages for injuries when the injuries are proximately caused by the negligence or wrongful act or omission of any employee acting within the scope of the employee's employment or office under circumstances where the employee would be personally liable to a claimant in accordance with the laws of this state, or injury caused from some condition or use of tangible property, real or personal, under circumstances where the political subdivision, if a private person, would be liable to the claimant. The enactment of a law, rule, regulation, or ordinance to protect any person's health, safety, property, or welfare does not create a duty of care on the part of the political subdivision, its employees, or its agents, if that duty would not otherwise exist.
2. The liability of political subdivisions under this chapter is limited to a total of two hundred fifty thousand dollars per person and five hundred thousand dollars for injury to three or more persons during any single occurrence regardless of the number of political subdivisions, or employees of such political subdivisions, which are involved in that occurrence. A political subdivision may not be held liable, or be ordered to indemnify an employee held liable, for punitive or exemplary damages.
3. ~~A political subdivision is not liable for any claim based upon an act or omission of a political subdivision employee exercising due care in the execution of a valid or invalid statute or regulation or based upon the exercise or performance, exercising due care, or the failure to exercise or perform a discretionary function or duty on the part of a political subdivision or its employees, whether or not the discretion involved is abused. Specifically, a political subdivision or a political subdivision employee is not liable for any claim that results from or a political subdivision employee may not be held liable under this chapter for any of the following claims:~~
 - a. A claim based upon an act or omission of a political subdivision employee exercising due care in the execution of a valid or invalid statute or regulation.

- b. The decision to undertake or the refusal to undertake any legislative or quasi-legislative act, including the decision to adopt or the refusal to adopt any statute, charter, ordinance, order, regulation, resolution, or resolve.
- ~~b.~~ c. The decision to undertake or the refusal to undertake any judicial or quasi-judicial act, including the decision to grant, to grant with conditions, to refuse to grant, or to revoke any license, permit, order, or other administrative approval or denial.
- ~~e.~~ d. The decision to perform or the refusal to exercise or perform a discretionary function or duty, whether or not such discretion is abused and whether or not the statute, charter, ordinance, order, resolution, regulation, or resolve under which the discretionary function or duty is performed is valid or invalid.
- ~~d.~~ The failure to provide or maintain sufficient personnel, equipment, or other fire protection facilities; or doing any fire extinguishment or fire prevention work, rescue, resuscitation, or first aid; or any other official acts within the scope of official duties; provided, however, this subdivision does not provide immunity for damages resulting from acts of gross negligence.
- e. Injury directly or indirectly caused by a person who is not employed by the political subdivision.
- f. A claim relating to injury directly or indirectly caused by the performance or nonperformance of a public duty, including:

 - (1) Inspecting, licensing, approving, mitigating, warning, abating, or failing to so act regarding compliance with or the violation of any law, rule, regulation, or any condition affecting health or safety.
 - (2) Enforcing, monitoring, or failing to enforce or monitor conditions of sentencing, parole, probation, or juvenile supervision.
 - (3) Providing or failing to provide law enforcement services in the ordinary course of a political subdivision's law enforcement operations.
 - (4) Providing or failing to provide fire protection services in the ordinary course of a political subdivision's fire protection operations.
- g. "Public duty" does not include action of the political subdivision or a political subdivision employee under circumstances in which a special relationship can be established between the political subdivision and the injured party. A special relationship is demonstrated if all of the following elements exist:

 - (1) Direct contact between the political subdivision and the injured party.

- (2) An assumption by the political subdivision, by means of promises or actions, of an affirmative duty to act on behalf of the party who allegedly was injured.
 - (3) Knowledge on the part of the political subdivision that inaction of the political subdivision could lead to harm.
 - (4) The injured party's justifiable reliance on the political subdivision's affirmative undertaking, occurrence of the injury while the injured party was under the direct control of the political subdivision, or the political subdivision action increases the risk of harm.
- e. The failure of any computer hardware or software, telecommunications network, or device containing a computer processor to interpret, produce, calculate, generate, or account for a date that is compatible with the year 2000 date change if the political subdivision has made a good-faith effort to make the computer hardware or software, telecommunications network, or device containing a computer processor compliant with the year 2000 date change. For the purposes of this subdivision, a political subdivision is presumed to have made a good-faith effort to make the computer hardware or software, telecommunications network, or device containing a computer processor compliant with the year 2000 date change if the results of testing establish that the computer hardware or software, telecommunications network, or device containing a computer processor meets the compliance requirements of this section, or if the political subdivision has sought and received an assurance of compliance from the manufacturer or supplier, or if the political subdivision has sought an assurance of compliance from the manufacturer, supplier, government or other reliable source when testing or receiving an assurance from the manufacturer or supplier of the computer hardware or software, telecommunications network, or device containing a computer processor is not practicable. For purposes of this section, computer hardware or software, a telecommunications network, or device containing a computer processor is compliant with the year 2000 date change if:
 - (1) All stored dates or programs contain century recognition, including dates stored in data bases and hardware or internal system dates in devices;
 - (2) The program logic accommodates same century and multcentury formulas and date values; and
 - (3) The year 2000 or any other leap year is correctly treated as a leap year within all program logic.

This subsection does not limit the liability of a political subdivision or an employee thereof for a personal injury arising out of the execution of any legislative or quasi-legislative act, judicial or quasi-judicial act, or discretionary function.

- 4. This chapter does not obligate political subdivisions for an amount that is more than the limitations upon liability imposed by this chapter.

Subject to this chapter, any payments to persons constitute payment in full of any compromised claim or judgment or any final judgment under this chapter.

5. Notwithstanding this chapter, a political subdivision or its insurance carrier is not liable for any claim arising out of the conduct of a ridesharing arrangement, as defined in section 8-02-07.
6. A political subdivision is not liable for any claim based on an act or omission in the designation, repair, operation, or maintenance of a minimum maintenance road if that designation has been made in accordance with sections 24-07-35 through 24-07-37 and if the road has been maintained at a level to serve occasional and intermittent traffic.

SECTION 3. AMENDMENT. Section 32-12.2-02 of the North Dakota Century Code is amended and reenacted as follows:

32-12.2-02. Liability of the state - Limitations - Statute of limitations.

1. The state may only be held liable for money damages for an injury proximately caused by the negligence or wrongful act or omission of a state employee acting within the employee's scope of employment under circumstances in which the employee would be personally liable to a claimant in accordance with the laws of this state, or an injury caused from some condition or use of tangible property under circumstances in which the state, if a private person, would be liable to the claimant. No claim may be brought against the state or a state employee acting within the employee's scope of employment except a claim authorized under this chapter or otherwise authorized by the legislative assembly. The enactment of a law, rule, or regulation to protect any person's health, safety, property, or welfare does not create a duty of care on the part of the state, its employees, or its agents, if that duty would not otherwise exist.
2. The liability of the state under this chapter is limited to a total of two hundred fifty thousand dollars per person and one million dollars for any number of claims arising from any single occurrence. The state may not be held liable, or be ordered to indemnify a state employee held liable, for punitive or exemplary damages. Any amount of a judgment against the state in excess of the one million dollar limit imposed under this subsection may be paid only if the legislative assembly adopts an appropriation authorizing payment of all or a portion of that amount. A claimant may present proof of the judgment to the director of the office of management and budget who shall include within the proposed budget for the office of management and budget a request for payment for the portion of the judgment in excess of the limit under this section at the next regular session of the legislative assembly after the judgment is rendered.
3. Neither the state nor a state employee may be held liable under this chapter for any of the following claims:
 - a. A claim based upon an act or omission of a state employee exercising due care in the execution of a valid or invalid statute or rule.

- b. A claim based upon a decision to exercise or perform or a failure to exercise or perform a discretionary function or duty on the part of the state or its employees, regardless of whether the discretion involved is abused or whether the statute, order, rule, or resolution under which the discretionary function or duty is performed is valid or invalid. Discretionary acts include acts, errors, or omissions in the design of any public project but do not include the drafting of plans and specifications that are provided to a contractor to construct a public project.
- c. A claim resulting from the decision to undertake or the refusal to undertake any legislative or quasi-legislative act, including the decision to adopt or the refusal to adopt any statute, order, rule, or resolution.
- d. A claim resulting from a decision to undertake or a refusal to undertake any judicial or quasi-judicial act, including a decision to grant, to grant with conditions, to refuse to grant, or to revoke any license, permit, order, or other administrative approval or denial.
- e. A claim relating to injury directly or indirectly caused by a person who is not employed by the state.
- f. A claim relating to injury directly or indirectly caused by the performance or nonperformance of a public duty, including:
 - (1) Inspecting, licensing, approving, mitigating, warning, abating, or failing to so act regarding compliance with or the violation of any law, rule, regulation, or any condition affecting health or safety.
 - (2) Enforcing, monitoring, or failing to enforce or monitor conditions of sentencing, parole, probation, or juvenile supervision.
 - (3) Providing or failing to provide law enforcement services in the ordinary course of a state's law enforcement operations.
- g. "Public duty" does not include action of the state or a state employee under circumstances in which a special relationship can be established between the state and the injured party. A special relationship is demonstrated if all of the following elements exist:
 - (1) Direct contact between the state and the injured party.
 - (2) An assumption by the state, by means of promises or actions, of an affirmative duty to act on behalf of the party who allegedly was injured.
 - (3) Knowledge on the part of the state that inaction of the state could lead to harm.
 - (4) The injured party's justifiable reliance on the state's affirmative undertaking, occurrence of the injury while the injured party was under the direct control of the state, or the state action increases the risk of harm.

- ~~h.~~ h. A claim resulting from the assessment and collection of taxes.
- ~~f.~~ i. A claim resulting from snow or ice conditions, water, or debris on a highway or on a public sidewalk that does not abut a state-owned building or parking lot, except when the condition is affirmatively caused by the negligent act of a state employee.
- ~~g.~~ j. A claim resulting from any injury caused by a wild animal in its natural state.
- ~~h.~~ k. A claim resulting from the condition of unimproved real property owned or leased by the state.
- ~~i.~~ l. A claim resulting from the loss of benefits or compensation due under a program of public assistance.
- ~~j.~~ m. A claim resulting from the reasonable care and treatment, or lack of care and treatment, of a person at a state institution where reasonable use of available appropriations has been made to provide care.
- ~~k.~~ n. A claim resulting from damage to the property of a patient or inmate of a state institution.
- ~~l.~~ o. A claim resulting from any injury to a resident or an inmate of a state institution if the injury is caused by another resident or inmate of that institution.
- ~~m.~~ p. A claim resulting from environmental contamination, except to the extent that federal environmental law permits the claim.
- ~~n.~~ q. A claim resulting from a natural disaster, an act of God, a military action, or an act or omission taken as part of a disaster relief effort.
- ~~o.~~ r. A claim for damage to property owned by the state.
- ~~p.~~ s. A claim for liability assumed under contract, except this exclusion does not apply to liability arising from a state employee's operation of a rental vehicle if the vehicle is rented for a period of thirty days or less and the loss is not covered by the state employee's personal insurance or by the vehicle rental company.
- ~~q.~~ A claim resulting from the failure of any computer hardware or software, telecommunications network, or device containing a computer processor to interpret, produce, calculate, generate, or account for a date that is compatible with the year 2000 date change if the state has made a good-faith effort to make the computer hardware or software, telecommunications network, or device containing a computer processor compliant with the year 2000 date change. For the purposes of this subdivision, the state is presumed to have made a good-faith effort to make the computer hardware or software, telecommunications network, or device containing a computer processor compliant with the year 2000 date change if the results of testing establish that the computer hardware or software, telecommunications network, or device containing a computer processor meets the compliance

requirements of this section, or if the state has sought and received an assurance of compliance from the manufacturer or supplier, or if the state has sought an assurance of compliance from the manufacturer, supplier, government or other reliable source when testing or receiving an assurance from the manufacturer or supplier of the computer hardware or software, telecommunications network, or device containing a computer processor is not practicable. For purposes of this section, computer hardware or software, a telecommunications network, or device containing a computer processor is compliant with the year 2000 date change if:

- (1) All stored dates or programs contain century recognition, including dates stored in data bases and hardware or internal system dates in devices;
 - (2) The program logic accommodates same century and multicentury formulas and date values; and
 - (3) The year 2000 or any other leap year is correctly treated as a leap year within all program logic.
4. An action brought under this chapter must be commenced within the period provided in section 28-01-22.1.
 5. This chapter does not create or allow any claim that does not exist at common law or has not otherwise been created by law as of April 22, 1995.

Nothing elsewhere contained in this chapter shall be construed to postpone or affect any remedies the creditor may have against any person personally liable for the debt, other than the mortgagor or purchaser and the successors in interest of either. The plaintiff may not obtain a deficiency judgment in a foreclosure of residential property with four or fewer units of up to forty contiguous acres [16.19 hectares] containing a residence occupied by the owner as a homestead. The plaintiff may obtain a deficiency judgment on agricultural land of more than forty acres [16.19 hectares] but solely for the difference between the amount of the debt and the fair market value of the land at the time of commencement of the action. The plaintiff may obtain a deficiency judgment in all other cases for the difference between the appraised value, as determined by a licensed appraiser appointed by the court at the request of the plaintiff, and the amount determined due. The plaintiff shall also state in the complaint whether the plaintiff will in a later and separate action demand judgment for any sufficient allegations to identify the mortgage being foreclosed, to establish the applicable redemption period, and to determine whether a deficiency which may remain due to the plaintiff after sale of the mortgaged premises against every party who is personally liable for the debt secured by the mortgage judgment will be sought and against which parties.

¹⁵⁶ **SECTION 6. AMENDMENT.** Section 32-19-06 of the North Dakota Century Code is amended and reenacted as follows:

32-19-06. What judgment must contain - Deficiency judgments and other suits prohibited in excess of amount by which debt exceeds fair value of mortgaged premises - Determination of fair value of mortgaged real property. In any action for the foreclosure of a real estate mortgage or the cancellation or the foreclosure of a land contract, the court may shall render judgment for the amount found to be due at the time of the rendition of the judgment, and the costs of the action, and may shall order and decree a sale of the premises described in the mortgage or contract or that part thereof as may be sufficient to pay the amount adjudged to be due and the costs of the action. The court may order and compel delivery of the possession of the premises to the purchaser at the sale, but in no case may the possession of the premises sold be delivered until after the expiration of the one-year redemption period unless otherwise allowed ordered by the court pursuant to section 32-19-19. The court shall direct, and the judgment must provide, that during the redemption period the debtor or owner of the premises is entitled to the possession, rents, use, and benefit of the real property sold except as provided by section 32-19-19. The court may not render a deficiency judgment for any sum whatever against the mortgagor or purchaser, or the successor in interest of either, except as hereinafter provided. Where a note or other obligation and a mortgage upon real property have been given to secure a debt contracted after July 1, 1951, and the sale of the mortgaged premises has failed to satisfy in full the sum adjudged to be due and the costs of the action, the plaintiff may, in a separate action, ask for a deficiency judgment; if the plaintiff has so indicated in the complaint, against the party or parties personally liable for that part of the debt and costs of the action remaining unsatisfied after the sale of the mortgaged premises. The separate action for a deficiency judgment must be brought within ninety days after the sale of the mortgaged premises. The court, in the separate action, may render a deficiency judgment against the party or parties personally liable, but the deficiency judgment may not be in excess of the amount by which the sum adjudged to be due and the costs of the action exceed the fair value of the mortgaged premises. In case the mortgaged premises sell for less than the amount due and to become due on the mortgaged debt and costs of sale, there is no presumption that the premises sold for their fair value. In all actions brought for a deficiency judgment and before any judgment can be rendered therein, the determination of the fair value of the mortgaged premises must first be submitted to a jury at a regular term or to a jury impaneled for that purpose, and no deficiency judgment may be rendered against

¹⁵⁶ Section 32-19-06 was also amended by section 1 of House Bill No. 1312, chapter 303.

the party or parties personally liable unless the fair value of the mortgaged premises is determined by the jury to be less than the sum adjudged to be due and the costs of the action. Fifteen days' notice of the time and place when or where the fair value of the mortgaged premises is to be determined must, in all cases, be given, as the court may direct, to the party or parties against whom personal judgment is sought. At that time and place the party or parties may offer evidence to show the fair value of the mortgaged premises even though they may not have otherwise appeared in the action for a deficiency judgment. Any deficiency judgment obtained must be enforced by execution as provided by law, except that no execution may be enforced after three years from the date of the rendition of the deficiency judgment. The mortgagee or vendor or the successor in interest of either is not permitted or authorized either before or after the rendition of a judgment for the foreclosure of a real estate mortgage or the cancellation or the foreclosure of a land contract, if the mortgage or contract was made after July 1, 1951, to bring any action in any court in this state for the recovery of any part of the debt secured by the mortgage or contract so foreclosed or canceled in excess of the amount by which the debt and the costs of the action exceed the fair value of the mortgaged premises. The fair value must be determined by a jury in the same manner as the fair value is determined in cases where a deficiency judgment is sought in an action to foreclose the mortgage and such judgment must be enforced by execution as provided by law except that the execution may not be enforced after three years after the date of the rendition of the judgment.

SECTION 7. AMENDMENT. Section 32-19-06.1 of the North Dakota Century Code is amended and reenacted as follows:

32-19-06.1. Deficiency judgments on commercial real property. Notwithstanding any other provision of law, a mortgagee holding a mortgage on commercial real property may obtain a deficiency judgment against the mortgagor of commercial real property contracted for after August 1, 1993, and any successor in interest of the mortgagor who has assumed the debt secured by the mortgage. In an action involving the foreclosure of a mortgage on commercial real property, the foreclosing party plaintiff shall state in its the pleading whether a deficiency judgment will be sought, and if sought shall identify the parties claimed to be personally liable for payment of the debt secured by the mortgage being foreclosed, and demand a deficiency judgment against those parties. Within ninety twenty days after the later of the filing or service of the pleading seeking the foreclosure of a mortgage, the party seeking a deficiency judgment on commercial real property shall file with the clerk of district court a notice for an completion of the appraisal of the real property by a licensed or certified, the appraiser and shall provide the plaintiff and file with the clerk of court a written report, including the fair market value of the property. The plaintiff shall mail a copy of the request to the parties claimed to be liable for a deficiency; of the appraisal to a party that may be personally liable at their last known the party's last-known residences or business addresses by first-class mail. The notice must contain the foreclosing party's agreement to pay the cost of the appraisal, which must be included as a cost allowed the foreclosing party if judgment is entered granting foreclosure. Upon the filing of the notice, the foreclosing party shall arrange for an appraisal of the property. Within twenty days after completion of the appraisal, the appraiser shall provide to the foreclosing party and file with the clerk of court a written report indicating the fair market value of the commercial real property. The foreclosing party shall also mail copies of the report to the parties claimed to be personally liable to their last known residences or business addresses by first-class mail. Within fifteen days of the later of the filing or mailing of the report of the foreclosing party's appraisal, any party may file a notice of intention to obtain an additional appraisal to be conducted by a licensed or certified appraiser at the party's own expense. The additional appraisal report must be served upon the

foreclosing party and filed within thirty days of the filing of the notice of appraisal and must be considered; with other appraisal reports filed, in the determination by the court of the fair market value of the property which determination as to fair market value must be made as of the date of the foreclosing party's appraisal. At the time of the entry of the judgment, the court shall include in its findings of fact the fair market value of the property and, if the fair market value is less than the amount found to be due the foreclosing party, identify the persons who are liable for any deficiency remaining after a sheriff's sale of the property pursuant to foreclosure judgment of any prior liens on the property. If the fair market value and the amount of any prior liens are less than the amount found to be due to the plaintiff. The court shall identify each person who is liable for any deficiency after the sheriff's sale. The foreclosure judgment must be in an amount equal to the balance then due and owing on the mortgage, plus costs taxed by the court. Upon entry of an order confirming the sheriff's sale in the foreclosure, the clerk of court shall note the amount to be credited on the foreclosure judgment, which credit must be at least the amount bid at the sheriff's sale, less the cost of the sheriff's sale as a credit on the foreclosure judgment, which credit may not in any event be less than the fair market value established by the court. However, only the Any amount actually paid in excess of the foreclosure judgment may constitute constitutes surplus payable to the debtor pursuant to section 28-23-09. At any time after the order confirming sale, the The clerk shall enter a money judgment to the extent of the deficiency against those parties found by the court to be personally liable for the deficiency. The foreclosing party, then the plaintiff may thereafter pursue the same remedies to collect the deficiency judgment as are available to collect other money judgments. The deficiency judgment must be for the entire amount found to be due the foreclosing party in the foreclosure judgment, together with interest on the amount of the foreclosure judgment at the rate provided in the note secured by the mortgage, less the amount credited by the clerk of court upon entry of the order confirming the sheriff's sale. The deficiency judgment must bear interest at the same rate as the foreclosure judgment. As used in this section, "commercial real property" means any real property except residential real property consisting of fewer than three residential units and agricultural property, whose primary use is determined as of the time the mortgage is executed, as defined by section 57-02-01. As used in this section, "fair market value" means the highest price that commercial real property can be sold for in the open market by a willing seller to a willing buyer, neither acting under compulsion and both exercising reasonable judgment, reduced by the value of any liens paramount to the lien of the foreclosing party. In addition to the appraisals filed by the parties appraisal, the court, in its determination of the fair market value of the property, may consider affidavits from the parties or other proof of paramount liens and other matters that may affect the value.

The provisions of this section are not available unless the obligation and mortgage upon which the deficiency liability is based contain language located immediately above the signatures of the parties advising them that the mortgagee has the right to proceed to obtain and collect a deficiency judgment, together with foreclosure of the real property mortgaged under applicable laws.

SECTION 8. Section 32-19-06.2 of the North Dakota Century Code is created and enacted as follows:

32-19-06.2. Deficiency judgments on agricultural land. If the complaint in an action to foreclose on agricultural land of more than forty acres [16.19 hectares] has provided for a deficiency judgment, a separate action for the deficiency must be brought within ninety days after the sheriff's sale. In the separate action, a deficiency judgment may be entered, but may not be in excess of the amount by which the sum adjudged to be due and the costs of the action exceed the fair market value of the

mortgaged premises. There is not a presumption that the premises sold for the fair market value. The court may not render a deficiency judgment unless the fair market value as determined by the court is less than the sum adjudged to be due and costs of the action. Fifteen days' notice of the time and place for determination of fair market value must be given to all parties against whom personal judgment is sought. Any party may offer evidence to show the fair market value even though that party may not have otherwise appeared in the action for a deficiency judgment. Any deficiency judgment obtained may only be enforced by execution within three years from the date of entry of the judgment. If the judgment is not collected within three years, the judgment expires. As used in this section, "fair market value" means the most probable price that real property can be sold for in the open market by a willing seller to a willing buyer, neither acting under compulsion and both exercising reasonable judgment.

AGRICULTURAL PROPERTY DEFICIENCY JUDGMENTS

AN ACT to create and enact a new section to chapter 32-19 of the North Dakota Century Code, relating to deficiency judgments on agricultural land; and to amend and reenact section 32-19-06 of the North Dakota Century Code, relating to foreclosures of real estate mortgages.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

¹⁵⁷ **SECTION 1. AMENDMENT.** Section 32-19-06 of the North Dakota Century Code is amended and reenacted as follows:

32-19-06. What judgment must contain - Deficiency judgments and other suits prohibited in excess of amount by which debt exceeds fair value of mortgaged premises - Determination of fair value of mortgaged real property. In any action for the foreclosure of a real estate mortgage or the cancellation or the foreclosure of a land contract, the court may shall render judgment for the amount found to be due at the time of the rendition of the judgment; and the costs of the action; and may shall order and decree a sale of the premises described in the mortgage or contract or that part thereof as may be sufficient to pay the amount adjudged to be due ~~and the costs of the action~~. The court may order and ~~compel~~ delivery of the possession of the premises to the purchaser at the sale, but in ~~no case may the possession of the premises sold be delivered until after the expiration of the one-year redemption period unless otherwise allowed~~ ordered by the court pursuant to section 32-19-19. ~~The court shall direct, and the judgment must provide,~~ that during the redemption period the debtor or owner of the premises is entitled to the possession, rents, use, and benefit of the real property sold except as provided by section 32-19-19. ~~The court may not render a deficiency judgment for any sum whatever against the mortgagor or purchaser, or the successor in interest of either, except as hereinafter provided. Where a note or other obligation and a mortgage upon real property have been given to secure a debt contracted after July 1, 1951, and the sale of the mortgaged premises has failed to satisfy in full the sum adjudged to be due and the costs of the action, the plaintiff may, in a separate action, ask for a deficiency judgment; if the plaintiff has so indicated in the complaint, against the party or parties personally liable for that part of the debt and costs of the action remaining unsatisfied after the sale of the mortgaged premises. The separate action for a deficiency judgment must be brought within ninety days after the sale of the mortgaged premises. The court, in the separate action, may render a deficiency judgment against the party or parties personally liable, but the deficiency judgment may not be in excess of the amount by which the sum adjudged to be due and the costs of the action exceed the fair value of the mortgaged premises. In case the~~

¹⁵⁷ Section 32-19-06 was also amended by section 6 of Senate Bill No. 2232, chapter 302.

mortgaged premises sell for less than the amount due and to become due on the mortgaged debt and costs of sale, there is no presumption that the premises sold for their fair value. In all actions brought for a deficiency judgment and before any judgment can be rendered therein, the determination of the fair value of the mortgaged premises must first be submitted to a jury at a regular term or to a jury impaneled for that purpose, and no deficiency judgment may be rendered against the party or parties personally liable unless the fair value of the mortgaged premises is determined by the jury to be less than the sum adjudged to be due and the costs of the action. Fifteen days' notice of the time and place when or where the fair value of the mortgaged premises is to be determined must, in all cases, be given, as the court may direct, to the party or parties against whom personal judgment is sought. At that time and place the party or parties may offer evidence to show the fair value of the mortgaged premises even though they may not have otherwise appeared in the action for a deficiency judgment. Any deficiency judgment obtained must be enforced by execution as provided by law, except that no execution may be enforced after three years from the date of the rendition of the deficiency judgment. The mortgagee or vendor or the successor in interest of either is not permitted or authorized either before or after the rendition of a judgment for the foreclosure of a real estate mortgage or the cancellation or the foreclosure of a land contract, if the mortgage or contract was made after July 1, 1951, to bring any action in any court in this state for the recovery of any part of the debt secured by the mortgage or contract so foreclosed or canceled in excess of the amount by which the debt and the costs of the action exceed the fair value of the mortgaged premises. The fair value must be determined by a jury in the same manner as the fair value is determined in cases where a deficiency judgment is sought in an action to foreclose the mortgage and such judgment must be enforced by execution as provided by law except that the execution may not be enforced after three years after the date of the rendition of the judgment.

SECTION 2. A new section to chapter 32-19 of the North Dakota Century Code is created and enacted as follows:

Deficiency judgments on agricultural land. If the complaint in an action to foreclose on agricultural land of more than forty acres [16.19 hectares] has provided for a deficiency judgment, a separate action for the deficiency must be brought within ninety days after the sheriff's sale. In the separate action, a deficiency judgment may be entered, but may not be in excess of the amount by which the sum adjudged to be due and the cost of the action exceed the fair market value of the mortgaged premises. There is not a presumption that the premises sold for the fair market value. The court may not render a deficiency judgment unless the fair market value as determined by the court is less than the sum adjudged to be due and costs of the action. Fifteen days' notice of the time and place for determination of fair market value must be given to all parties against whom personal judgment is sought. Any party may offer evidence to show the fair market value even though the party may not have otherwise appeared in the action for a deficiency judgment. Any deficiency judgment obtained may be enforced only by execution within three years from the date of entry of the judgment. If the judgment is not collected within three years, the judgment expires. As used in this section, "fair market value" means the most probable price that real property can be sold for in the open market by a willing seller to a willing buyer, neither acting under compulsion and both exercising reasonable judgment.

SECTION 2. A new section to chapter 37-17.1 of the North Dakota Century Code is created and enacted as follows:

Intrastate mutual aid. Unless other terms have been specifically agreed upon, an emergency response unit may render mutual aid to another emergency response unit in the state under the following terms and conditions:

1. An incident command system must be designated by the requesting unit, and the incident command system must be used. The incident

If emergency grant funds or other assistance becomes available to the requesting unit, the requesting unit shall reimburse any assisting units, whether paid or volunteer within their own area of responsibility, on an equitable basis at rates consistent with the policies of the agencies or entities providing emergency grant funds or other reimbursement assistance, for costs incurred by the assisting units for salaries and benefits. The cost of repair and maintenance of equipment used or expended while rendering assistance must be borne by the emergency response unit owning the equipment unless emergency grant funds or other assistance becomes available to cover the costs. An emergency response unit taking independent action outside a mutual aid request by the requesting unit is not eligible for reimbursement or compensation of costs.
5. Personnel of an assisting unit who sustain injury or death in the course of their employment are entitled to all applicable benefits normally available to personnel while performing duties for their unit.

SECTION 3. EMERGENCY. This Act is declared to be an emergency measure.

INTERSTATE MINING COMPACT

AN ACT to create and enact a new chapter to title 38 of the North Dakota Century Code, relating to the interstate mining compact.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new chapter to title 38 of the North Dakota Century Code is created and enacted as follows:

Interstate mining compact. The interstate mining compact is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

Article I - Findings and Purposes

1. The party states find that:
 - a. Mining and the contributions thereof to the economy and well-being of every state are of basic significance.
 - b. The effects of mining on the availability of land, water, and other resources for other uses present special problems which properly can be approached only with due consideration for the rights and interests of those engaged in mining, those using or proposing to use these resources for other purposes, and the public.
 - c. Measures for the reduction of the adverse effects of mining on land, water, and other resources may be costly and the devising of means to deal with them are of both public and private concerns.
 - d. Such variables as soil structure and composition, physiography, climatic conditions, and the needs of the public make impracticable the application to all mining areas of a single standard for the conservation, adaptation, or restoration of mined land or the development of mineral and other natural resources; but justifiable requirements of law and practice relating to the effects of mining on lands, water, and other resources may be reduced in equity or effectiveness unless they pertain similarly from state to state for all mining operations similarly situated.
 - e. The states are in a position and have the responsibility to assure that mining is conducted in accordance with sound conservation principles and with due regard for local conditions.
2. The purposes of this compact are to:

- a. Advance the protection and restoration of land, water, and other resources affected by mining.
- b. Assist in the reduction or elimination or counteracting of pollution or deterioration of land, water, and air attributable to mining.
- c. Encourage, with due recognition of relevant regional, physical, and other differences, programs in each of the party states which will achieve comparable results in protecting, conserving, and improving the usefulness of natural resources, to the end that the most desirable conduct of mining and related operations may be universally facilitated.
- d. Assist the party states in their efforts to facilitate the use of land and other resources affected by mining, so that such use may be consistent with sound land use, public health, and public safety, and to this end to study and recommend, wherever desirable, techniques for the improvement, restoration, or protection of such land and other resources.
- e. Assist in achieving and maintaining an efficient and productive mining industry and in increasing economic and other benefits attributable to mining.

Article II - Definitions

As used in this compact, the term:

1. "Mining" means the breaking of the surface soil in order to facilitate or accomplish the extraction or removal of minerals, ores, or other solid matter, any activity or process constituting all or part of a process for the extraction or removal of minerals, ores, and other solid matter from its original location, and the preparation, washing, cleaning, or other treatment of minerals, ores, or other solid matter so as to make them suitable for commercial, industrial, or construction use, but does not include those aspects of deep mining not having significant effect on the surface and does not include excavation of grading when conducted solely in aid of onsite farming or construction.
2. "State" means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or a territory or possession of the United States.

Article III - State Programs

Each party state agrees that it has or will establish effective programs to accomplish the purposes of this compact.

Article IV - Powers

In addition to any other powers conferred upon the interstate mining commission, established by article V of this compact, such commission shall have power to:

1. Study mining operations, processes and techniques for the purpose of gaining knowledge concerning the effects of such operations, processes

and techniques on land, soil, water, air, plant and animal life, recreation, and patterns of community or regional development or change.

2. Study the conservation, adaptation, improvement, and restoration of land and related resources affected by mining.
3. Make recommendations concerning any aspects of law or practice and governmental administration dealing with matters within the purview of this compact.
4. Gather and disseminate information relating to any of the matters within the purview of this compact.
5. Cooperate with the federal government and any public or private entities having interests in any subject coming within the purview of this compact.
6. Consult, upon the request of a party state and within available resources, with the officials of such state in respect to any problem within the purview of this compact.
7. Study and make recommendations with respect to any practice, process, technique, or course of action that may improve the efficiency of mining or the economic yield from mining operations.
8. Study and make recommendations relating to the safeguarding of access to resources which are or may become the subject of mining operations to the end that the needs of the economy for the products of mining may not be adversely affected by unplanned or inappropriate use of land and other resources containing minerals or otherwise connected with actual or potential mining sites.

Article V - The Commission

1. There is hereby created an agency of the party states to be known as the "interstate mining commission", hereinafter called "the commission". The commission shall be composed of one commissioner from each party state who shall be the governor thereof. Pursuant to the laws of the party state, each governor may have the assistance of an advisory body, including membership from mining industries, conservation interests, and such other public and private interests as may be appropriate, in considering problems relating to mining and in discharging the responsibilities as a commissioner on the commission. If a governor is unable to attend a meeting of the commission or perform any other function in connection with the business of the commission, an alternate must be designated to represent and act on behalf of the governor. The alternate designated by the governor must be employed by the state agency with responsibilities for protecting and restoring lands affected by mining. The designation of an alternate must be communicated by the governor to the commission in such manner as its bylaws may provide.
2. The commissioners shall be entitled to one vote each on the commission. No action of the commission making a recommendation pursuant to subsections 3, 7, and 8 of article IV or requesting, accepting, or disposing of funds, services, or other property pursuant to

this subsection, subsections 7 and 8 of this article, or article VII shall be valid unless taken at a meeting at which a majority of the total number of votes on the commission is cast in favor thereof. All other action must be by a majority of those present and voting provided that action of the commission shall be only at a meeting at which a majority of the commissioners, or their alternates, who are present. The commission may establish and maintain such facilities as may be necessary for the transaction of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

3. The commission shall have a seal.
4. The commission shall elect annually, from among its members, a chairman, a vice chairman, and a treasurer. The commission shall appoint an executive director and fix the duties and compensation. Such executive director shall serve at the pleasure of the commission. The executive director, the treasurer, and such other personnel as the commission shall designate shall be bonded. The amounts of such bonds must be determined by the commission.
5. Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director, with the approval of the commission, shall appoint, remove, or discharge such personnel as may be necessary for the performance of the commission's functions and shall fix the duties and compensation of such personnel.
6. The commission may establish and maintain independently, or in conjunction with a party state, a suitable retirement system for its employees. Employees of the commission shall be eligible for social security coverage in respect of old-age and survivor insurance provided that the commission takes such steps as may be necessary pursuant to the laws of the United States to participate in such program of insurance as a governmental agency or unit. The commission may establish and maintain or participate in such additional programs of employee benefits as it may deem appropriate.
7. The commission may borrow, accept, or contract for the services of personnel from any state, the United States, or any other governmental agency, or from any person, firm, association, or corporation.
8. The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, or corporation and may receive, utilize, and dispose of the same. Any donation or grant accepted by the commission pursuant to this subsection or services borrowed pursuant to subsection 7 must be reported in the annual report of the commission. Such report must include the nature, amount, and conditions, if any, of the donation, grant, or services borrowed and the identity of the donor or lender.
9. The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a

copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

10. The commission annually shall make to the governor, legislative assembly, and any advisory body established under subsection 1 of each party state a report covering the activities of the commission for the preceding year and embodying such recommendations as may have been made by the commission. The commission may make such additional reports as it may deem desirable.

Article VI - Advisory, Technical, and Regional Committees

The commission shall establish such advisory, technical, and regional committees as it may deem necessary, membership on which must include private persons and public officials, and shall cooperate with the use and services of any such committees and the organizations which the members represent in furthering any of its activities. Such committees may be formed to consider problems of special interest to any party states, problems dealing with particular commodities or types of mining operations, problems related to reclamation, development, or use of mined land, or any other matters of concern to the commission.

Article VII - Finance

1. The commission shall submit to the governor or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that party state for presentation to the legislature thereof.
2. Each of the commission's budgets of estimated expenditures must contain specific recommendations of the amounts to be appropriated by each of the party states. The total amount of appropriations requested under any such budget must be apportioned among the party states one half in equal shares and the remainder in proportion to the value of minerals, ores, and other solid matter mined. In determining such values, the commission shall employ such available public sources of information as, in its judgment, present the most equitable and accurate comparisons among the party states. Each of the commission's budgets of estimated expenditures and requests for appropriations must indicate the sources used in obtaining information concerning value of minerals, ores, and other solid matter mined.
3. The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under subsection 8 of article V, provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except when the commission makes use of funds available to it under subsection 8 of article V hereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.
4. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission must be subject to the audit and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the commission must be audited yearly by a qualified public accountant

and the report of the audit must be included in and become part of the annual report of the commission.

5. The accounts of the commission must be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.
6. Nothing contained herein must be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

Article VIII - Entry Into Force and Withdrawal

1. The compact enters into force when enacted into law by any four or more states. Thereafter, this compact becomes effective as to any other state upon its enactment thereof.
2. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal takes effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. No withdrawal affects any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

Article IX - Effect on Other Laws

Nothing in this compact shall be construed to limit, repeal, or supersede any other law of any party state.

Article X - Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any state or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating herein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

Filing bylaws and amendments. In accordance with subsection 9 of article V of the compact, the interstate mining compact commission shall file copies of its bylaws and any amendments thereto with the governor and public service commission.

If the director has good cause to believe that the licensed operator presents an immediate danger to the motoring public, the director may immediately, and without prior notice, suspend the operator's license pending the examination. The notice of suspension must provide the operator with the opportunity for a hearing within five days of the receipt of the notice of suspension. When a hearing is requested it must be

conducted under section 39-06-33 and the hearing officer's recommended decision must be rendered within two days of the conclusion of the hearing. Upon the conclusion of such examination the director shall take action as may be appropriate and may suspend or revoke the license of such person or permit the licensee to retain the license, or may issue a license subject to restrictions as permitted under section 39-06-17. 1. Except as provided in ~~chapters 39-16 and 39-16.1~~ and section 39-06.1-11, any person who drives a motor vehicle on a highway or on public or private areas to which the public has a right of access for vehicular use in this state while that person's license or privilege so to do is suspended or revoked in any jurisdiction is guilty of a class B misdemeanor for the first, second, or third offense within a five-year period. Any subsequent offense within the same five-year period is a class A misdemeanor.

blood. As used in this chapter the word "drug" means any drug or substance or combination of drugs or substances which renders a person incapable of safely driving, and the words "chemical test" or "chemical analysis" mean any test to determine the alcohol, or other drug, or combination thereof, content of the blood, breath, saliva, or urine, approved by the state toxicologist under this chapter. The test or tests must be administered at the direction of a law enforcement officer only after placing the person, except persons mentioned in section 39-20-03, under arrest and informing that person that the person is or will be charged with the offense of driving or being in actual physical control of a vehicle upon the public highways while under the influence of intoxicating liquor, drugs, or a combination thereof. The law enforcement officer shall determine which of the tests is to be used. When a person under the age of eighteen years is taken into custody for violating section 39-08-01 or an equivalent ordinance, the law enforcement officer shall attempt to contact the person's parent or legal guardian to explain the cause for the custody. The notice must contain a statement of the test performed and the results of that test; or if the minor refuses to submit to the testing, a statement notifying of that fact. The attempt to contact or the contacting or notification of a parent or legal guardian is not a precondition to the admissibility of chemical test results or the finding of a consent to, or refusal of, chemical testing by the person in custody.

SECTION 6. AMENDMENT. Subsection 2 of section 39-20-04 of the North Dakota Century Code is amended and reenacted as follows:

A wheel may not carry a gross weight over five hundred fifty pounds [249.48 kilograms] for each inch [2.54 centimeters] of tire width. Axles spaced forty inches [101.60 centimeters] apart or less are considered as one axle. On axles spaced over forty inches [101.60 centimeters] and under eight feet [2.44 meters] apart, the axle load may not exceed nineteen thousand pounds [8618.26 kilograms] per axle, with a maximum of thirty-four thousand pounds [15422.14 kilograms] gross weight on a tandem axle and a maximum of forty-eight thousand pounds [21772.32 kilograms] gross weight on any grouping of three or more axles. The wheel load, in any instance, may not exceed one-half the allowable axle load. Spacing between axles is measured from axle center to axle center.
2. Subject to the limitations imposed by subsection 1 on tires, wheel, and axle loads, a person may not operate on a highway that is not part of the interstate system any vehicle the gross weight of which exceeds that determined by the formula of:

$$W = 500 \left(\frac{LN}{N-1} + 12N + 36 \right)$$

where W equals the maximum gross weight in pounds on any vehicle or combination of vehicles; L equals distance in feet between the two extreme axles of any vehicle or combination of vehicles; and N equals the number of axles of any vehicle or combination of vehicles under consideration. The gross weight on state highways may not exceed one hundred five thousand five hundred pounds [47854.00 kilograms] unless otherwise posted and on all other highways the gross weight may not exceed eighty thousand pounds [36287.39 kilograms] unless designated by local authorities for highways under their jurisdiction for gross weights not to exceed one hundred five thousand five hundred pounds [47854.00 kilograms]. Local authorities are encouraged to assess all roads under their jurisdiction and designate the roads for the appropriate weight limits allowed under this subsection.

3. The gross weight limitations in subsections 1 and 2 do not apply to equipment the director and the state highway patrol approve for exemption. The exemption may not exceed one hundred five thousand five hundred pounds [47854.00 kilograms]. For every vehicle approved for exemption the highway patrol shall issue a nontransferable permit valid for one year. The highway patrol may charge an administrative fee for the permit.
4. The director, and local authorities, as to the highways under their respective jurisdictions, may issue permits authorizing a specific motor vehicle to exceed the weight limitations stated in subsections 1 and 2 by ten percent. The permits may not provide for a gross weight in excess of one hundred five thousand five hundred pounds [47854.00 kilograms]. The permits must provide only for the movement of agricultural products from the field of harvest to the point of initial storage site, and for the collection and transport of solid wastes, during the period from July fifteenth to December first, and for the general movement of products during the period from December first to March seventh. The appropriate jurisdictional authority shall establish an appropriate fee for the permits and direct how they shall be issued. The highway patrol shall issue the permits authorized by the director.
5. The director, and local authorities, as to highways under their respective jurisdictions, may issue permits authorizing all vehicles carrying potatoes or sugar beets to exceed weight limitations stated in subsections 1 and 2 by ten percent during the period from July fifteenth to December first. The permits may not provide for a gross weight in excess of one hundred five thousand five hundred pounds [47854.00 kilograms]. The appropriate jurisdictional authority shall establish an appropriate fee for the permits and direct how they shall be issued. The highway patrol shall issue the permits authorized by the director.
6. The gross weight limitations in subsections 1 and 2 do not apply to movement of a self-propelled fertilizer spreader if the weight of a single axle does not exceed twenty-two thousand pounds [9979.03 kilograms] and does not exceed five hundred fifty pounds [249.48 kilograms] for each inch [2.54 centimeters] of tire width. The gross weight limitations in subsections 1 and 2 do not apply to movement of a self-propelled agricultural chemical applicator if the weight of a single axle does not exceed twenty-two thousand pounds [9979.03 kilograms] and does not exceed five hundred fifty pounds [249.48 kilograms] for each inch [2.54 centimeters] of tire width. The highway

patrol shall issue a seasonal permit for the commercial movement of vehicles exempted by this subsection. The seasonal permit issued under this subsection or under subdivision d of subsection 1 of section 39-12-04 entitles an individual with the permit to operate a vehicle as allowed by either of these provisions. A seasonal permit issued under this subsection is subject to the requirements of subdivision d of subsection 1 of section 39-12-04.

7. The weight limitations in subsections 1 and 2 do not apply to equipment the director and the state highway patrol approve for exemption but the weight limitations in section 39-12-05 do apply to that equipment. For every vehicle approved for exemption, the highway patrol shall issue a nontransferable bridge length permit valid for a single trip or a calendar year.

No person, partnership, corporation, or limited liability company may engage in the business of buying, selling, or exchanging of mobile homes or travel trailers, or advertise or hold oneself or itself out to the public as being in the business of buying, selling, or exchanging of mobile homes or travel trailers without first being licensed to do so as hereinafter provided.

A mobile home dealer's license must be issued only to those who will maintain a permanent office and place of business, and an adequate service department, during the licensing year, and will abide by all the provisions of law pertaining to mobile home dealers.

A dealer's license plates expire on December thirty-first of each year.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Subsections 5, 6, 10, 14, 15, 20, 25, 26, 27, 38, and 45 of section 41-01-11 of the North Dakota Century Code are amended and reenacted as follows:

5. "Bearer" means the a person in control of a negotiable electronic document of title or a person in possession of an instrument, a negotiable tangible document of title, or a certificated security payable to bearer or endorsed in blank.
6. "Bill of lading" means a document of title evidencing the receipt of goods for shipment issued by a person engaged in the business of directly or indirectly transporting or forwarding goods; and includes an airbill. "Airbill" means a document serving for air transportation as a bill of lading does for marine or rail transportation, and includes an air consignment note or air waybill. The term does not include a warehouse receipt.

10. "Conspicuous". A term or clause is conspicuous when it is so written that a reasonable person against whom it is to operate ought to have noticed it. A printed heading in capitals (as: NONNEGOTIABLE BILL OF LADING) is conspicuous. Language in the body of a form is "conspicuous" if it is in larger or other contrasting type or color. But in a telegram any stated term is "conspicuous", with reference to a term, means so written, displayed, or presented that a reasonable person against which it is to operate ought to have noticed it. Whether a term or clause is "conspicuous" or not is for a decision by the court. Conspicuous terms include the following:
- a. A heading in capitals equal to or greater in size than the surrounding text, or in contrasting type, font, or color to the surrounding text of the same or lesser size; and
 - b. Language in the body of a record or display in larger type than the surrounding text, or in contrasting type, font, or color to the surrounding text of the same size, or set off from surrounding text of the same size by symbols or other marks that call attention to the language.
14. "Delivery" with respect to an electronic document of title means voluntary transfer of control and with respect to instruments, tangible documents of title, chattel paper, or certificated securities means voluntary transfer of possession.
15. "Document of title" includes bill of lading, dock warrant, dock receipt, warehouse receipt, or order for the delivery of goods, and also any other document which means a record (i) that in the regular course of business or financing is treated as adequately evidencing that the person in possession or control of it the record is entitled to receive, control, hold, and dispose of the document record and the goods it the record covers and (ii) that purports to be issued by or addressed to a bailee and to cover goods in the bailee's possession which are either identified or are fungible portions of an identified mass. The term includes a bill of lading, transport document, dock warrant, dock receipt, warehouse receipt, and order for delivery of goods. An electronic document of title means a document of title evidenced by a record consisting of information stored in an electronic medium. A tangible document of title means a document of title evidenced by a record consisting of information that is inscribed on a tangible medium. To be a document of title, a document must purport to be issued by or addressed to a bailee and purport to cover goods in the bailee's possession which are either identified or are fungible portions of an identified mass.
20. "Holder" with respect to an instrument, certificated security, or document of title means the person in possession if, in the case of an instrument, it is payable to bearer or to the order of the person in possession; in the case of a security, the person in possession is the registered owner, the security has been endorsed to the person in possession by the registered owner, or the security is in bearer form; or, in the case of a document of title, the goods are deliverable to bearer or to the order of the person in possession means:

- a. The person in possession of a negotiable instrument that is payable either to bearer or to an identified person that is the person in possession;
 - b. The person in possession of a negotiable tangible document of title if the goods are deliverable either to bearer or to the order of the person in possession; or
 - c. The person in control of a negotiable electronic document of title.
25. A Subject to subsection 27, a person has "notice" of a fact ~~when if:~~
- a. The person has actual knowledge of it;
 - b. The person has received a notice or notification of it; or
 - c. From all the facts and circumstances known to the person at the time in question the person has reason to know that it exists.
- A person "knows" or has "knowledge" of a fact when the person has actual knowledge of it. "Discover" or "learn" or a word or phrase of similar import refers to knowledge rather than to reason to know. The time and circumstances under which a notice or notification may cease to be effective are not determined by this title.
26. A person "notifies" or "gives" a notice or notification to another person by taking such steps as may be reasonably required to inform the other person in ordinary course, whether or not ~~such the other person~~ actually comes to know of it. A Subject to subsection 27, a person "receives" a notice or notification when:
- a. It comes to ~~the~~ that person's attention; or
 - b. It is duly delivered in a form reasonable under the circumstances at the place of business through which the contract was made or at ~~any other place~~ another location held out by ~~the~~ that person as the place for receipt of such communications.
27. Notice, knowledge, or a notice or notification received by an organization is effective for a particular transaction from the time when it is brought to the attention of the individual conducting that transaction, and in any event, from the time when it would have been brought to the ~~person's individual's~~ attention if the organization had exercised due diligence. An organization exercises due diligence if it maintains reasonable routines for communicating significant information to the person conducting the transaction and there is reasonable compliance with the routines. Due diligence does not require an individual acting for the organization to communicate information unless such communication is part of the individual's regular duties or ~~unless~~ the individual has reason to know of the transaction and that the transaction would be materially affected by the information.
38. "Send" in connection with ~~any writing or notice means to deposit in the mail or deliver for transmission by any other usual means of communication with postage or cost of transmission provided for and properly addressed and in the case of an instrument to an address~~

~~specified thereon or otherwise agreed, or if there be none to any address reasonable under the circumstances. The receipt of any writing or notice within the time at which it would have arrived if properly sent has the effect of a proper sending~~ a writing, record, or notice means:

- a. To deposit in the mail or deliver for transmission by any other usual means of communication with postage or cost of transmission provided for and properly addressed and, in the case of an instrument, to an address specified thereon or otherwise agreed, or if there be none to any address reasonable under the circumstances; or
 - b. In any other way to cause to be received any record or notice within the time it would have arrived if properly sent.
45. "Warehouse receipt" means a ~~receipt~~ document of title issued by a person engaged in the business of storing goods for hire.

SECTION 2. AMENDMENT. Subsection 3 of section 41-02-03 of the North Dakota Century Code is amended and reenacted as follows:

3. ~~The~~ "Control" as provided under section 41-07-06 and the following definitions in other chapters apply to this chapter:
 - a. "Check". Section 41-03-04.
 - b. "Consignee". Section 41-07-02.
 - c. "Consignor". Section 41-07-02.
 - d. "Consumer goods". Section 41-09-02.
 - e. "Dishonor". Section 41-03-59.
 - f. "Draft". Section 41-03-04.

SECTION 3. AMENDMENT. Subsection 2 of section 41-02-04 of the North Dakota Century Code is amended and reenacted as follows:

2. "Financing agency" means a bank, finance company, or other person who in the ordinary course of business makes advances against goods or documents of title or who by arrangement with either the seller or the buyer intervenes in ordinary course to make or collect payment due or claimed under the contract for sale, as by purchasing or paying the seller's draft or making advances against it or by merely taking it for collection whether or not documents of title accompany or are associated with the draft. "Financing agency" includes also a bank or other person who similarly intervenes between persons who are in the position of seller and buyer in respect to the goods (section 41-02-86).

SECTION 4. AMENDMENT. Subsection 3 of section 41-02-27 of the North Dakota Century Code is amended and reenacted as follows:

3. If delivery is authorized and made by way of documents of title otherwise than by subsection 2, then payment is due regardless of where the goods are to be received (a) at the time and place at which

the buyer is to receive delivery of the tangible documents regardless of where the goods are to be received or (b) at the time the buyer is to receive delivery of the electronic documents and at the seller's place of business or if none, the seller's residence.

SECTION 5. AMENDMENT. Subsection 2 of section 41-02-40 of the North Dakota Century Code is amended and reenacted as follows:

2. If in a case within subsection 1 a tangible bill of lading has been issued in a set of parts, unless otherwise agreed if the documents are not to be sent from abroad the buyer may demand tender of the full set; otherwise only one part of the bill of lading need be tendered. Even if the agreement expressly requires a full set:
 - a. Due tender of a single part is acceptable within the provisions of this chapter on cure of improper delivery (subsection 1 of section 41-02-56); and
 - b. Even though the full set is demanded, if the documents are sent from abroad the person tendering an incomplete set may nevertheless require payment upon furnishing an indemnity which the buyer in good faith deems adequate.

SECTION 6. AMENDMENT. Subsection 3 of section 41-02-46 of the North Dakota Century Code is amended and reenacted as follows:

3. Unless otherwise explicitly agreed, if delivery is to be made without moving the goods:
 - a. If the seller is to deliver a tangible document of title, title passes at the time when and the place where the seller delivers such documents- and if the seller is to deliver an electronic document of title, title passes when the seller delivers the document; or
 - b. If the goods are at the time of contracting already identified and no documents of title are to be delivered, title passes at the time and place of contracting.

SECTION 7. AMENDMENT. Subsections 4 and 5 of section 41-02-51 of the North Dakota Century Code are amended and reenacted as follows:

4. If goods are in the possession of a bailee and are to be delivered without being moved:
 - a. Tender requires that the seller either tender a negotiable document of title covering such goods or procure acknowledgment by the bailee of the buyer's right to possession of the goods; but
 - b. Tender to the buyer of a nonnegotiable document of title or of a ~~written direction to record~~ directing the bailee to deliver is sufficient tender unless the buyer seasonably objects, and except as otherwise provided under chapter 41-09 receipt by the bailee of notification of the buyer's rights fixes those rights as against the bailee and all third persons; but risk of loss of the goods and of any failure by the bailee to honor the nonnegotiable document of title or to obey the direction remains on the seller until the buyer has had

a reasonable time to present the document or direction, and a refusal by the bailee to honor the document or to obey the direction defeats the tender.

5. Where the contract requires the seller to deliver documents:
 - a. The seller must tender all such documents in correct form, except as provided in this chapter with respect to bills of lading in a set (subsection 2 of section 41-02-40); and
 - b. Tender through customary banking channels is sufficient and dishonor of a draft accompanying or associated with the documents constitutes nonacceptance or rejection.

SECTION 8. AMENDMENT. Section 41-02-53 of the North Dakota Century Code is amended and reenacted as follows:

41-02-53. (2-505) Seller's shipment under reservation.

1. If the seller has identified goods to the contract by or before shipment:
 - a. The seller's procurement of a negotiable bill of lading to the seller's own order or otherwise reserves in the seller a security interest in the goods. The seller's procurement of the bill to the order of a financing agency or of the buyer indicates in addition only the seller's expectation of transferring that interest to the person named.
 - b. A nonnegotiable bill of lading to the seller or the seller's nominee reserves possession of the goods as security but except in a case of conditional delivery (subsection 2 of section 41-02-55) a nonnegotiable bill of lading naming the buyer as consignee reserves no security interest even though the seller retains possession or control of the bill of lading.
2. When shipment by the seller with reservation of a security interest is in violation of the contract for sale it constitutes an improper contract for transportation within section 41-02-52 but impairs neither the rights given to the buyer by shipment and identification of the goods to the contract nor the seller's powers as a holder of a negotiable document of title.

SECTION 9. AMENDMENT. Subsection 2 of section 41-02-54 of the North Dakota Century Code is amended and reenacted as follows:

2. The right to reimbursement of a financing agency which has in good faith honored or purchased the draft under commitment to or authority from the buyer is not impaired by subsequent discovery of defects with reference to any relevant document which was apparently regular ~~on its face~~.

SECTION 10. AMENDMENT. Subsection 2 of section 41-02-57 of the North Dakota Century Code is amended and reenacted as follows:

2. If the goods are held by a bailee to be delivered without being moved, the risk of loss passes to the buyer:

- a. On the buyer's receipt of possession or control of a negotiable document of title covering the goods;
- b. On acknowledgment by the bailee of the buyer's right to possession of the goods; or
- c. After the buyer's receipt of possession or control of a nonnegotiable document of title or other ~~written~~ direction to deliver in a record, as provided in subdivision b of subsection 4 of section 41-02-51.

SECTION 11. AMENDMENT. Subsection 2 of section 41-02-68 of the North Dakota Century Code is amended and reenacted as follows:

2. Payment against documents made without reservation of rights precludes recovery of the payment for defects apparent ~~on the face of~~ in the documents.

SECTION 12. AMENDMENT. Section 41-02-84 of the North Dakota Century Code is amended and reenacted as follows:

41-02-84. (2-705) Seller's stoppage of delivery in transit or otherwise.

1. The seller may stop delivery of goods in the possession of a carrier or other bailee when the seller discovers the buyer to be insolvent (section 41-02-81) and may stop delivery of carload, truckload, planeload, or larger shipments of express or freight when the buyer repudiates or fails to make a payment due before delivery or if for any other reason the seller has a right to withhold or reclaim the goods.
2. As against such buyer the seller may stop delivery until:
 - a. Receipt of the goods by the buyer;
 - b. Acknowledgment to the buyer by any bailee of the goods except a carrier that the bailee holds the goods for the buyer;
 - c. Such acknowledgment to the buyer by a carrier by reshipment or as ~~warehouseman~~ a warehouse; or
 - d. Negotiation to the buyer of any negotiable document of title covering the goods.
3.
 - a. To stop delivery the seller must so notify as to enable the bailee by reasonable diligence to prevent delivery of the goods.
 - b. After such notification the bailee must hold and deliver the goods according to the directions of the seller but the seller is liable to the bailee for any ensuing charges or damages.
 - c. If a negotiable document of title has been issued for goods the bailee is not obliged to obey a notification to stop until surrender of possession or control of the document.

- d. A carrier who has issued a nonnegotiable bill of lading is not obliged to obey a notification to stop received from a person other than the consignor.

SECTION 13. AMENDMENT. Subdivisions a and o of subsection 1 of section 41-02.1-03 of the North Dakota Century Code are amended and reenacted as follows:

- a. "Buyer in ordinary course of business" means a person who in good faith and without knowledge that the sale is in violation of the ownership rights or security interest or leasehold interest of a third party in the goods buys in ordinary course from a person in the business of selling goods of that kind but does not include a pawnbroker. "Lessee in ordinary course of business" means a person who, in good faith and without knowledge that the lease is in violation of the ownership rights or security interest or leasehold interest of a third party in the goods, leases in ordinary course from a person in the business of selling or leasing goods of that kind, but does not include a pawnbroker. SECTION 14. AMENDMENT. Subsection 2 of section 41-02.1-62 of the North Dakota Century Code is amended and reenacted as follows:

2. A lessee's failure to reserve rights when paying rent or other consideration against documents precludes recovery of the payment for defects apparent ~~on the face of~~ in the documents.

- c. Such an acknowledgment to the lessee by a carrier via reshipment or as ~~warehouseman~~ a warehouse.

 - a. The electronic document ceases to have any effect or validity; and
 - b. The person that procured issuance of the tangible document warrants to all subsequent persons entitled under the tangible document that the warrantor was a person entitled under the electronic document when the warrantor surrendered control of the electronic document to the issuer.
- 3. Upon request of a person entitled under a tangible document of title, the issuer of the tangible document may issue an electronic document of title as a substitute for the tangible document if:
 - a. The person entitled under the tangible document surrenders possession of the document to the issuer; and
 - b. The electronic document when issued contains a statement that it is issued in substitution for the tangible document.
- 4. Upon issuance of an electronic document of title in substitution for a tangible document of title in accordance with subsection 3:
 - a. The tangible document ceases to have any effect or validity; and
 - b. The person that procured issuance of the electronic document warrants to all subsequent persons entitled under the electronic document that the warrantor was a person entitled under the tangible document when the warrantor surrendered possession of the tangible document to the issuer.

41-07-06. (7-106) Control of electronic document of title.

- 1. A person has control of an electronic document of title if a system employed for evidencing the transfer of interests in the electronic document reliably establishes that person as the person to which the electronic document was issued or transferred.
- 2. A system satisfies subsection 1, and a person is deemed to have control of an electronic document of title, if the document is created, stored, and assigned in such a manner that:
 - a. A single authoritative copy of the document exists which is unique, identifiable, and, except as otherwise provided in subdivisions d, e, and f, unalterable;
 - b. The authoritative copy identifies the person asserting control as:
 - (1) The person to which the document was issued; or

- (2) If the authoritative copy indicates that the document has been transferred, the person to which the document was most recently transferred;
- c. The authoritative copy is communicated to and maintained by the person asserting control or its designated custodian;
- d. Copies or amendments that add or change an identified assignee of the authoritative copy can be made only with the consent of the person asserting control;
- e. Each copy of the authoritative copy and any copy of a copy is readily identifiable as a copy that is not the authoritative copy; and
- f. Any amendment of the authoritative copy is readily identifiable as authorized or unauthorized.

41-07-07. (7-201) Person that may issue a warehouse receipt - Storage under bond.

- 1. A warehouse receipt may be issued by any warehouse.
- 2. If goods, including distilled spirits and agricultural commodities, are stored under a statute requiring a bond against withdrawal or a license for the issuance of receipts in the nature of warehouse receipts, a receipt issued for the goods is deemed to be a warehouse receipt even if issued by a person that is the owner of the goods and is not a warehouse.

41-07-08. (7-202) Form of warehouse receipt - Effect of omission.

- 1. A warehouse receipt need not be in any particular form.
- 2. Unless a warehouse receipt provides for each of the following, the warehouse is liable for damages caused to a person injured by its omission:
 - a. A statement of the location of the warehouse facility where the goods are stored;
 - b. The date of issue of the receipt;
 - c. The unique identification code of the receipt;
 - d. A statement whether the goods received will be delivered to the bearer, to a named person, or to a named person or its order;
 - e. The rate of storage and handling charges, unless goods are stored under a field warehousing arrangement, in which case a statement of that fact is sufficient on a nonnegotiable receipt;
 - f. A description of the goods or the packages containing them;
 - g. The signature of the warehouse or its agent;

- h. If the receipt is issued for goods that the warehouse owns, either solely, jointly, or in common with others, a statement of the fact of that ownership; and
 - i. A statement of the amount of advances made and of liabilities incurred for which the warehouse claims a lien or security interest, unless the precise amount of advances made or liabilities incurred, at the time of the issue of the receipt, is unknown to the warehouse or to its agent that issued the receipt, in which case a statement of the fact that advances have been made or liabilities incurred and the purpose of the advances or liabilities is sufficient.
 - 3. A warehouse may insert in its receipt any terms that are not contrary to this title and do not impair its obligation of delivery under section 41-07-28 or its duty of care under section 41-07-10. Any contrary provision is ineffective.

41-07-09. (7-203) Liability for nonreceipt or misdescription. A party to or purchaser for value in good faith of a document of title, other than a bill of lading, that relies upon the description of the goods in the document may recover from the issuer damages caused by the nonreceipt or misdescription of the goods, except to the extent that:

- 1. The document conspicuously indicates that the issuer does not know whether all or part of the goods in fact were received or conform to the description, such as a case in which the description is in terms of marks or labels or kind, quantity, or condition, or the receipt or description is qualified by "contents, condition, and quality unknown", "said to contain", or words of similar import, if the indication is true; or
- 2. The party or purchaser otherwise has notice of the nonreceipt or misdescription.

41-07-10. (7-204) Duty of care - Contractual limitation of warehouse's liability.

- 1. A warehouse is liable for damages for loss of or injury to the goods caused by its failure to exercise care with regard to the goods that a reasonably careful person would exercise under similar circumstances. Unless otherwise agreed, the warehouse is not liable for damages that could not have been avoided by the exercise of that care.
- 2. Damages may be limited by a term in the warehouse receipt or storage agreement limiting the amount of liability in case of loss or damage beyond which the warehouse is not liable. Such a limitation is not effective with respect to the warehouse's liability for conversion to its own use. On request of the bailor in a record at the time of signing the storage agreement or within a reasonable time after receipt of the warehouse receipt, the warehouse's liability may be increased on part or all of the goods covered by the storage agreement or the warehouse receipt. In this event, increased rates may be charged based on an increased valuation of the goods.
- 3. Reasonable provisions as to the time and manner of presenting claims and commencing actions based on the bailment may be included in the warehouse receipt or storage agreement.

4. This section does not modify or repeal chapter 60-02.

41-07-11. (7-205) Title under warehouse receipt defeated in certain cases. A buyer in ordinary course of business of fungible goods sold and delivered by a warehouse that is also in the business of buying and selling such goods takes the goods free of any claim under a warehouse receipt even if the receipt is negotiable and has been duly negotiated.

41-07-12. (7-206) Termination of storage at warehouse's option.

1. A warehouse, by giving notice to the person on whose account the goods are held and any other person known to claim an interest in the goods, may require payment of any charges and removal of the goods from the warehouse at the termination of the period of storage fixed by the document of title or, if a period is not fixed, within a stated period not less than thirty days after the warehouse gives notice. If the goods are not removed before the date specified in the notice, the warehouse may sell them pursuant to section 41-07-16.
2. If a warehouse in good faith believes that goods are about to deteriorate or decline in value to less than the amount of its lien within the time provided in subsection 1 and section 41-07-16, the warehouse may specify in the notice given under subsection 1 any reasonable shorter time for removal of the goods and, if the goods are not removed, may sell them at public sale held not less than one week after a single advertisement or posting.
3. If, as a result of a quality or condition of the goods of which the warehouse did not have notice at the time of deposit, the goods are a hazard to other property, the warehouse facilities, or other persons, the warehouse may sell the goods at public or private sale without advertisement or posting on reasonable notification to all persons known to claim an interest in the goods. If the warehouse, after a reasonable effort, is unable to sell the goods, it may dispose of them in any lawful manner and does not incur liability by reason of that disposition.
4. A warehouse shall deliver the goods to any person entitled to them under this chapter upon due demand made at any time before sale or other disposition under this section.
5. A warehouse may satisfy its lien from the proceeds of any sale or disposition under this section but shall hold the balance for delivery on the demand of any person to which the warehouse would have been bound to deliver the goods.

41-07-13. (7-207) Goods must be kept separate - Fungible goods.

1. Unless the warehouse receipt provides otherwise, a warehouse shall keep separate the goods covered by each receipt so as to permit at all times identification and delivery of those goods. However, different lots of fungible goods may be commingled.
2. If different lots of fungible goods are commingled, the goods are owned in common by the persons entitled thereto and the warehouse is severally liable to each owner for that owner's share. If, because of

overissue, a mass of fungible goods is insufficient to meet all the receipts the warehouse has issued against it, the persons entitled include all holders to which overissued receipts have been duly negotiated.

41-07-14. (7-208) Altered warehouse receipts. If a blank in a negotiable tangible warehouse receipt has been filled in without authority, a good-faith purchaser for value and without notice of the lack of authority may treat the insertion as authorized. Any other unauthorized alteration leaves any tangible or electronic warehouse receipt enforceable against the issuer according to its original tenor.

41-07-15. (7-209) Lien of warehouse.

1. A warehouse has a lien against the bailor on the goods covered by a warehouse receipt or storage agreement or on the proceeds thereof in its possession for charges for storage or transportation, including demurrage and terminal charges, insurance, labor, or other charges, present or future, in relation to the goods, and for expenses necessary for preservation of the goods or reasonably incurred in their sale pursuant to law. If the person on whose account the goods are held is liable for similar charges or expenses in relation to other goods whenever deposited and it is stated in the warehouse receipt or storage agreement that a lien is claimed for charges and expenses in relation to other goods, the warehouse also has a lien against the goods covered by the warehouse receipt or storage agreement or on the proceeds thereof in its possession for those charges and expenses, whether or not the other goods have been delivered by the warehouse. However, as against a person to which a negotiable warehouse receipt is duly negotiated, a warehouse's lien is limited to charges in an amount or at a rate specified in the warehouse receipt or, if no charges are so specified, to a reasonable charge for storage of the specific goods covered by the receipt subsequent to the date of the receipt.
2. A warehouse may also reserve a security interest against the bailor for the maximum amount specified on the receipt for charges other than those specified in subsection 1, such as for money advanced and interest. The security interest is governed by chapter 41-09.
3. A warehouse's lien for charges and expenses under subsection 1 or a security interest under subsection 2 is also effective against any person that so entrusted the bailor with possession of the goods that a pledge of them by the bailor to a good-faith purchaser for value would have been valid. However, the lien or security interest is not effective against a person that before issuance of a document of title had a legal interest or a perfected security interest in the goods and that did not:

 - a. Deliver or entrust the goods or any document of title covering the goods to the bailor or the bailor's nominee with:

 - (1) Actual or apparent authority to ship, store, or sell;
 - (2) Power to obtain delivery under section 41-07-28; or
 - (3) Power of disposition under section 41-02-48, subsection 2 of section 41-02.1-34, subsection 2 of section 41-02.1-35,

section 41-09-40, subsection 3 of section 41-09-41, or other statute or rule of law; or

- b. Acquiesce in the procurement by the bailor or its nominee of any document.
- 4. A warehouse's lien on household goods for charges and expenses in relation to the goods under subsection 1 is also effective against all persons if the depositor was the legal possessor of the goods at the time of deposit. In this subsection, "household goods" means furniture, furnishings, or personal effects used by the depositor in a dwelling.
- 5. A warehouse loses its lien on any goods that it voluntarily delivers or unjustifiably refuses to deliver.

41-07-16. (7-210) Enforcement of warehouse's lien.

- 1. Except as otherwise provided in subsection 2, a warehouse's lien may be enforced by public or private sale of the goods, in bulk or in packages, at any time or place and on any terms that are commercially reasonable, after notifying all persons known to claim an interest in the goods. The notification must include a statement of the amount due, the nature of the proposed sale, and the time and place of any public sale. The fact that a better price could have been obtained by a sale at a different time or in a method different from that selected by the warehouse is not of itself sufficient to establish that the sale was not made in a commercially reasonable manner. The warehouse sells in a commercially reasonable manner if the warehouse sells the goods in the usual manner in any recognized market therefor, sells at the price current in that market at the time of the sale, or otherwise sells in conformity with commercially reasonable practices among dealers in the type of goods sold. A sale of more goods than apparently necessary to be offered to ensure satisfaction of the obligation is not commercially reasonable, except in cases covered by the preceding sentence.
- 2. A warehouse may enforce its lien on goods, other than goods stored by a merchant in the course of its business, only if the following requirements are satisfied:
 - a. All persons known to claim an interest in the goods must be notified.
 - b. The notification must include an itemized statement of the claim, a description of the goods subject to the lien, a demand for payment within a specified time not less than ten days after receipt of the notification, and a conspicuous statement that unless the claim is paid within that time the goods will be advertised for sale and sold by auction at a specified time and place.
 - c. The sale must conform to the terms of the notification.
 - d. The sale must be held at the nearest suitable place to where the goods are held or stored.
 - e. After the expiration of the time given in the notification, an advertisement of the sale must be published once a week for two

weeks consecutively in a newspaper of general circulation where the sale is to be held. The advertisement must include a description of the goods, the name of the person on whose account the goods are being held, and the time and place of the sale. The sale must take place at least fifteen days after the first publication. If there is no newspaper of general circulation where the sale is to be held, the advertisement must be posted at least ten days before the sale in not fewer than six conspicuous places in the neighborhood of the proposed sale.

3. Before any sale pursuant to this section, any person claiming a right in the goods may pay the amount necessary to satisfy the lien and the reasonable expenses incurred in complying with this section. In that event, the goods may not be sold but must be retained by the warehouse subject to the terms of the receipt and this chapter.
4. A warehouse may buy at any public sale held pursuant to this section.
5. A purchaser in good faith of goods sold to enforce a warehouse's lien takes the goods free of any rights of persons against which the lien was valid, despite the warehouse's noncompliance with this section.
6. A warehouse may satisfy its lien from the proceeds of any sale pursuant to this section but shall hold the balance, if any, for delivery on demand to any person to which the warehouse would have been bound to deliver the goods.
7. The rights provided by this section are in addition to all other rights allowed by law to a creditor against a debtor.
8. If a lien is on goods stored by a merchant in the course of its business, the lien may be enforced in accordance with subsection 1 or 2.
9. A warehouse is liable for damages caused by failure to comply with the requirements for sale under this section and, in case of willful violation, is liable for conversion.

41-07-17. (7-301) Liability for nonreceipt or misdescription - Said to contain - Shipper's weight, load, and count - Improper handling.

1. A consignee of a nonnegotiable bill of lading which has given value in good faith, or a holder to which a negotiable bill has been duly negotiated, relying upon the description of the goods in the bill or upon the date shown in the bill, may recover from the issuer damages caused by the misdating of the bill or the nonreceipt or misdescription of the goods, except to the extent that the bill indicates that the issuer does not know whether any part or all of the goods in fact were received or conform to the description, such as in a case in which the description is in terms of marks or labels or kind, quantity, or condition or the receipt or description is qualified by "contents or condition of contents of packages unknown", "said to contain", "shipper's weight, load, and count", or words of similar import, if that indication is true.
2. If goods are loaded by the issuer of a bill of lading:

- a. The issuer shall count the packages of goods if shipped in packages and ascertain the kind and quantity if shipped in bulk; and
 - b. Words such as "shipper's weight, load, and count", or words of similar import indicating that the description was made by the shipper are ineffective except as to goods concealed in packages.
3. If bulk goods are loaded by a shipper that makes available to the issuer of a bill of lading adequate facilities for weighing those goods, the issuer shall ascertain the kind and quantity within a reasonable time after receiving the shipper's request in a record to do so. In that case, "shipper's weight" or words of similar import are ineffective.
4. The issuer of a bill of lading, by including in the bill the words "shipper's weight, load, and count", or words of similar import, may indicate that the goods were loaded by the shipper, and, if that statement is true, the issuer is not liable for damages caused by the improper loading. However, omission of such words does not imply liability for damages caused by improper loading.
5. A shipper guarantees to an issuer the accuracy at the time of shipment of the description, marks, labels, number, kind, quantity, condition, and weight, as furnished by the shipper, and the shipper shall indemnify the issuer against damage caused by inaccuracies in those particulars. This right of indemnity does not limit the issuer's responsibility or liability under the contract of carriage to any person other than the shipper.

41-07-18. (7-302) Through bills of lading and similar documents of title.

1. The issuer of a through bill of lading, or other document of title embodying an undertaking to be performed in part by a person acting as its agent or by a performing carrier, is liable to any person entitled to recover on the bill or other document for any breach by the other person or the performing carrier of its obligation under the bill or other document. However, to the extent that the bill or other document covers an undertaking to be performed overseas or in territory not contiguous to the continental United States or an undertaking including matters other than transportation, this liability for breach by the other person or the performing carrier may be varied by agreement of the parties.
2. If goods covered by a through bill of lading or other document of title embodying an undertaking to be performed in part by a person other than the issuer are received by that person, the person is subject, with respect to its own performance while the goods are in its possession, to the obligation of the issuer. The person's obligation is discharged by delivery of the goods to another person pursuant to the bill or other document and does not include liability for breach by any other person or by the issuer.
3. The issuer of a through bill of lading or other document of title described in subsection 1 is entitled to recover from the performing carrier, or other person in possession of the goods when the breach of the obligation under the bill or other document occurred:

- a. The amount it may be required to pay to any person entitled to recover on the bill or other document for the breach, as may be evidenced by any receipt, judgment, or transcript of judgment; and
- b. The amount of any expense reasonably incurred by the issuer in defending any action commenced by any person entitled to recover on the bill or other document for the breach.

41-07-19. (7-303) Diversion - Reconsignment - Change of instructions.

1. Unless the bill of lading otherwise provides, a carrier may deliver the goods to a person or destination other than that stated in the bill or may otherwise dispose of the goods, without liability for misdelivery, on instructions from:
 - a. The holder of a negotiable bill;
 - b. The consignor on a nonnegotiable bill, even if the consignee has given contrary instructions;
 - c. The consignee on a nonnegotiable bill in the absence of contrary instructions from the consignor, if the goods have arrived at the billed destination or if the consignee is in possession of the tangible bill or in control of the electronic bill; or
 - d. The consignee on a nonnegotiable bill, if the consignee is entitled as against the consignor to dispose of the goods.
2. Unless instructions described in subsection 1 are included in a negotiable bill of lading, a person to which the bill is duly negotiated may hold the bailee according to the original terms.

41-07-20. (7-304) Tangible bills of lading in a set.

1. Except as customary in international transportation, a tangible bill of lading may not be issued in a set of parts. The issuer is liable for damages caused by violation of this subsection.
2. If a tangible bill of lading is lawfully issued in a set of parts, each of which contains an identification code and is expressed to be valid only if the goods have not been delivered against any other part, the whole of the parts constitutes one bill.
3. If a tangible negotiable bill of lading is lawfully issued in a set of parts and different parts are negotiated to different persons, the title of the holder to which the first due negotiation is made prevails as to both the document of title and the goods even if any later holder may have received the goods from the carrier in good faith and discharged the carrier's obligation by surrendering its part.
4. A person that negotiates or transfers a single part of a tangible bill of lading issued in a set is liable to holders of that part as if it were the whole set.
5. The bailee shall deliver in accordance with part 4 against the first presented part of a tangible bill of lading lawfully issued in a set.

Delivery in this manner discharges the bailee's obligation on the whole bill.

41-07-21. (7-305) Destination bills.

1. Instead of issuing a bill of lading to the consignor at the place of shipment, a carrier, at the request of the consignor, may procure the bill to be issued at destination or at any other place designated in the request.
2. Upon request of any person entitled as against a carrier to control the goods while in transit and on surrender of possession or control of any outstanding bill of lading or other receipt covering the goods, the issuer, subject to section 41-07-05, may procure a substitute bill to be issued at any place designated in the request.

41-07-22. (7-306) Altered bills of lading. An unauthorized alteration or filling in of a blank in a bill of lading leaves the bill enforceable according to its original tenor.

41-07-23. (7-307) Lien of carrier.

1. A carrier has a lien on the goods covered by a bill of lading or on the proceeds thereof in its possession for charges after the date of the carrier's receipt of the goods for storage or transportation, including demurrage and terminal charges, and for expenses necessary for preservation of the goods incident to their transportation or reasonably incurred in their sale pursuant to law. However, against a purchaser for value of a negotiable bill of lading, a carrier's lien is limited to charges stated in the bill or the applicable tariffs or, if no charges are stated, a reasonable charge.
2. A lien for charges and expenses under subsection 1 on goods that the carrier was required by law to receive for transportation is effective against the consignor or any person entitled to the goods unless the carrier had notice that the consignor lacked authority to subject the goods to those charges and expenses. Any other lien under subsection 1 is effective against the consignor and any person that permitted the bailor to have control or possession of the goods unless the carrier had notice that the bailor lacked authority.
3. A carrier loses its lien on any goods that it voluntarily delivers or unjustifiably refuses to deliver.

41-07-24. (7-308) Enforcement of carrier's lien.

1. A carrier's lien on goods may be enforced by public or private sale of the goods, in bulk or in packages, at any time or place and on any terms that are commercially reasonable, after notifying all persons known to claim an interest in the goods. The notification must include a statement of the amount due, the nature of the proposed sale, and the time and place of any public sale. The fact that a better price could have been obtained by a sale at a different time or in a method different from that selected by the carrier is not of itself sufficient to establish that the sale was not made in a commercially reasonable manner. The carrier sells goods in a commercially reasonable manner if the carrier sells the

goods in the usual manner in any recognized market therefor, sells at the price current in that market at the time of the sale, or otherwise sells in conformity with commercially reasonable practices among dealers in the type of goods sold. A sale of more goods than apparently necessary to be offered to ensure satisfaction of the obligation is not commercially reasonable, except in cases covered by the preceding sentence.

2. Before any sale pursuant to this section, any person claiming a right in the goods may pay the amount necessary to satisfy the lien and the reasonable expenses incurred in complying with this section. In that event, the goods may not be sold but must be retained by the carrier, subject to the terms of the bill of lading and this chapter.
3. A carrier may buy at any public sale pursuant to this section.
4. A purchaser in good faith of goods sold to enforce a carrier's lien takes the goods free of any rights of persons against which the lien was valid, despite the carrier's noncompliance with this section.
5. A carrier may satisfy its lien from the proceeds of any sale pursuant to this section but shall hold the balance, if any, for delivery on demand to any person to which the carrier would have been bound to deliver the goods.
6. The rights provided by this section are in addition to all other rights allowed by law to a creditor against a debtor.
7. A carrier's lien may be enforced pursuant to either subsection 1 or the procedure set forth under subsection 2 of section 41-07-16.
8. A carrier is liable for damages caused by failure to comply with the requirements for sale under this section and, in case of willful violation, is liable for conversion.

41-07-25. (7-309) Duty of care - Contractual limitation of carrier's liability.

1. A carrier that issues a bill of lading, whether negotiable or nonnegotiable, shall exercise the degree of care in relation to the goods which a reasonably careful person would exercise under similar circumstances. This subsection does not affect any statute, regulation, or rule of law that imposes liability upon a common carrier for damages not caused by its negligence.
2. Damages may be limited by a term in the bill of lading or in a transportation agreement that the carrier's liability may not exceed a value stated in the bill or transportation agreement if the carrier's rates are dependent upon value and the consignor is afforded an opportunity to declare a higher value and the consignor is advised of the opportunity. However, such a limitation is not effective with respect to the carrier's liability for conversion to its own use.
3. Reasonable provisions as to the time and manner of presenting claims and commencing actions based on the shipment may be included in a bill of lading or a transportation agreement.

41-07-26. (7-401) Irregularities in issue of receipt or bill or conduct of issuer. The obligations imposed by this chapter on an issuer apply to a document of title even if:

1. The document does not comply with the requirements of this chapter or of any other statute, rule, or regulation regarding its issuance, form, or content;
2. The issuer violated laws regulating the conduct of its business;
3. The goods covered by the document were owned by the bailee when the document was issued; or
4. The person issuing the document is not a warehouse but the document purports to be a warehouse receipt.

41-07-27. (7-402) Duplicate document of title - Overissue. A duplicate or any other document of title purporting to cover goods already represented by an outstanding document of the same issuer does not confer any right in the goods, except as provided in the case of tangible bills of lading in a set of parts, overissue of documents for fungible goods, substitutes for lost, stolen, or destroyed documents, or substitute documents issued pursuant to section 41-07-05. The issuer is liable for damages caused by its overissue or failure to identify a duplicate document by a conspicuous notation.

41-07-28. (7-403) Obligation of bailee to deliver - Excuse.

1. A bailee shall deliver the goods to a person entitled under a document of title if the person complies with subsections 2 and 3 unless and to the extent that the bailee establishes any of the following:
 - a. Delivery of the goods to a person whose receipt was rightful as against the claimant;
 - b. Damage to or delay, loss, or destruction of the goods for which the bailee is not liable;
 - c. Previous sale or other disposition of the goods in lawful enforcement of a lien or on a warehouse's lawful termination of storage;
 - d. The exercise by a seller of its right to stop delivery pursuant to section 41-02-84 or by a lessor of its right to stop delivery pursuant to section 41-02.1-74;
 - e. A diversion, reconsignment, or other disposition pursuant to section 41-07-19;
 - f. Release, satisfaction, or any other personal defense against the claimant; or
 - g. Any other lawful excuse.
2. A person claiming goods covered by a document of title shall satisfy the bailee's lien if the bailee so requests or if the bailee is prohibited by law from delivering the goods until the charges are paid.

3. Unless a person claiming the goods is a person against which the document of title does not confer a right under subsection 1 of section 41-07-32:
 - a. The person claiming under a document shall surrender possession or control of any outstanding negotiable document covering the goods for cancellation or indication of partial deliveries; and
 - b. The bailee shall cancel the document or conspicuously indicate in the document the partial delivery or the bailee is liable to any person to which the document is duly negotiated.

41-07-29. (7-404) No liability for good-faith delivery pursuant to document of title. A bailee that in good faith has received goods and delivered or otherwise disposed of the goods according to the terms of a document of title or pursuant to this chapter is not liable for the goods even if:

1. The person from which the bailee received the goods did not have authority to procure the document or to dispose of the goods; or
2. The person to which the bailee delivered the goods did not have authority to receive the goods.

41-07-30. (7-501) Form of negotiation and requirements of due negotiation.

1. The following rules apply to a negotiable tangible document of title:
 - a. If the document's original terms run to the order of a named person, the document is negotiated by the named person's indorsement and delivery. After the named person's indorsement in blank or to bearer, any person may negotiate the document by delivery alone.
 - b. If the document's original terms run to bearer, it is negotiated by delivery alone.
 - c. If the document's original terms run to the order of a named person and it is delivered to the named person, the effect is the same as if the document had been negotiated.
 - d. Negotiation of the document after it has been indorsed to a named person requires indorsement by the named person and delivery.
 - e. A document is duly negotiated if it is negotiated in the manner stated in this subsection to a holder that purchases it in good faith, without notice of any defense against or claim to it on the part of any person, and for value, unless it is established that the negotiation is not in the regular course of business or financing or involves receiving the document in settlement or payment of a monetary obligation.
2. The following rules apply to a negotiable electronic document of title:
 - a. If the document's original terms run to the order of a named person or to bearer, the document is negotiated by delivery of the

document to another person. Indorsement by the named person is not required to negotiate the document.

- b. If the document's original terms run to the order of a named person and the named person has control of the document, the effect is the same as if the document had been negotiated.
 - c. A document is duly negotiated if it is negotiated in the manner stated in this subsection to a holder that purchases it in good faith, without notice of any defense against or claim to it on the part of any person, and for value, unless it is established that the negotiation is not in the regular course of business or financing or involves taking delivery of the document in settlement or payment of a monetary obligation.
- 3. Indorsement of a nonnegotiable document of title neither makes it negotiable nor adds to the transferee's rights.
- 4. The naming in a negotiable bill of lading of a person to be notified of the arrival of the goods does not limit the negotiability of the bill or constitute notice to a purchaser of the bill of any interest of that person in the goods.

41-07-31. (7-502) Rights acquired by due negotiation.

- 1. Subject to sections 41-07-11 and 41-07-32, a holder to which a negotiable document of title has been duly negotiated acquires thereby:
 - a. Title to the document;
 - b. Title to the goods;
 - c. All rights accruing under the law of agency or estoppel, including rights to goods delivered to the bailee after the document was issued; and
 - d. The direct obligation of the issuer to hold or deliver the goods according to the terms of the document free of any defense or claim by the issuer except those arising under the terms of the document or under this chapter, but in the case of a delivery order, the bailee's obligation accrues only upon the bailee's acceptance of the delivery order and the obligation acquired by the holder is that the issuer and any indorser will procure the acceptance of the bailee.
- 2. Subject to section 41-07-32, title and rights acquired by due negotiation are not defeated by any stoppage of the goods represented by the document of title or by surrender of the goods by the bailee and are not impaired even if:
 - a. The due negotiation or any prior due negotiation constituted a breach of duty;
 - b. Any person has been deprived of possession of a negotiable tangible document or control of a negotiable electronic document

by misrepresentation, fraud, accident, mistake, duress, loss, theft, or conversion; or

- c. A previous sale or other transfer of the goods or document has been made to a third person.

41-07-32. (7-503) Document of title to goods defeated in certain cases.

1. A document of title confers no right in goods against a person that before issuance of the document had a legal interest or a perfected security interest in the goods and that did not:
 - a. Deliver or entrust the goods or any document of title covering the goods to the bailor or the bailor's nominee with:
 - (1) Actual or apparent authority to ship, store, or sell;
 - (2) Power to obtain delivery under section 41-07-28; or
 - (3) Power of disposition under section 41-02-48, subsection 2 of section 41-02.1-34, subsection 2 of section 41-02.1-35, section 41-09-40, subsection 3 of section 41-09-41, or other statute or rule of law; or
 - b. Acquiesce in the procurement by the bailor or its nominee of any document.
2. Title to goods based upon an unaccepted delivery order is subject to the rights of any person to which a negotiable warehouse receipt or bill of lading covering the goods has been duly negotiated. That title may be defeated under section 41-07-34 to the same extent as the rights of the issuer or a transferee from the issuer.
3. Title to goods based upon a bill of lading issued to a freight forwarder is subject to the rights of any person to which a bill issued by the freight forwarder is duly negotiated. However, delivery by the carrier in accordance with part 4 pursuant to its own bill of lading discharges the carrier's obligation to deliver.

41-07-33. (7-504) Rights acquired in absence of due negotiation - Effect of diversion - Stoppage of delivery.

1. A transferee of a document of title, whether negotiable or nonnegotiable, to which the document has been delivered but not duly negotiated, acquires the title and rights that its transferor had or had actual authority to convey.
2. In the case of a transfer of a nonnegotiable document of title, until but not after the bailee receives notice of the transfer, the rights of the transferee may be defeated:
 - a. By those creditors of the transferor which could treat the transfer as void under section 41-02-47 or 41-02.1-38;

- b. By a buyer from the transferor in ordinary course of business if the bailee has delivered the goods to the buyer or received notification of the buyer's rights;
 - c. By a lessee from the transferor in ordinary course of business if the bailee has delivered the goods to the lessee or received notification of the lessee's rights; or
 - d. As against the bailee, by good-faith dealings of the bailee with the transferor.
3. A diversion or other change of shipping instructions by the consignor in a nonnegotiable bill of lading which causes the bailee not to deliver the goods to the consignee defeats the consignee's title to the goods if the goods have been delivered to a buyer in ordinary course of business or a lessee in ordinary course of business and, in any event, defeats the consignee's rights against the bailee.
4. Delivery of the goods pursuant to a nonnegotiable document of title may be stopped by a seller under section 41-02-84 or a lessor under section 41-02.1-74, subject to the requirements of due notification in those sections. A bailee that honors the seller's or lessor's instructions is entitled to be indemnified by the seller or lessor against any resulting loss or expense.

41-07-34. (7-505) Indorser not guarantor for other parties. The indorsement of a tangible document of title issued by a bailee does not make the indorser liable for any default by the bailee or previous indorsers.

41-07-35. (7-506) Delivery without indorsement - Right to compel indorsement. The transferee of a negotiable tangible document of title has a specifically enforceable right to have its transferor supply any necessary indorsement, but the transfer becomes a negotiation only as of the time the indorsement is supplied.

41-07-36. (7-507) Warranties on negotiation or delivery of document of title. If a person negotiates or delivers a document of title for value, otherwise than as a mere intermediary under section 41-07-37, unless otherwise agreed, the transferor, in addition to any warranty made in selling or leasing the goods, warrants to its immediate purchaser only that:

- 1. The document is genuine;
- 2. The transferor does not have knowledge of any fact that would impair the document's validity or worth; and
- 3. The negotiation or delivery is rightful and fully effective with respect to the title to the document and the goods it represents.

41-07-37. (7-508) Warranties of collecting bank as to documents of title. A collecting bank or other intermediary known to be entrusted with documents of title on behalf of another or with collection of a draft or other claim against delivery of documents warrants by the delivery of the documents only its own good faith and authority even if the collecting bank or other intermediary has purchased or made advances against the claim or draft to be collected.

41-07-38. (7-509) Adequate compliance with commercial contract.

Whether a document of title is adequate to fulfill the obligations of a contract for sale, a contract for lease, or the conditions of a letter of credit is determined by chapter 41-02, 41-02.1, or 41-05.

41-07-39. (7-601) Lost, stolen, or destroyed documents of title.

1. If a document of title is lost, stolen, or destroyed, a court may order delivery of the goods or issuance of a substitute document and the bailee may without liability to any person comply with the order. If the document was negotiable, a court may not order delivery of the goods or issuance of a substitute document without the claimant's posting security unless it finds that any person that may suffer loss as a result of nonsurrender of possession or control of the document is adequately protected against the loss. If the document was nonnegotiable, the court may require security. The court may also order payment of the bailee's reasonable costs and attorney's fees in any action under this subsection.
2. A bailee that, without a court order, delivers goods to a person claiming under a missing negotiable document of title is liable to any person injured thereby. If the delivery is not in good faith, the bailee is liable for conversion. Delivery in good faith is not conversion if the claimant posts security with the bailee in an amount at least double the value of the goods at the time of posting to indemnify any person injured by the delivery which files a notice of claim within one year after the delivery.

41-07-40. (7-602) Judicial process against goods covered by negotiable document of title. Unless a document of title was originally issued upon delivery of the goods by a person that did not have power to dispose of them, a lien does not attach by virtue of any judicial process to goods in the possession of a bailee for which a negotiable document of title is outstanding unless possession or control of the document is first surrendered to the bailee or the document's negotiation is enjoined. The bailee may not be compelled to deliver the goods pursuant to process until possession or control of the document is surrendered to the bailee or to the court. A purchaser of the document for value without notice of the process or injunction takes free of the lien imposed by judicial process.

41-07-41. (7-603) Conflicting claims - Interpleader. If more than one person claims title to or possession of the goods, the bailee is excused from delivery until the bailee has a reasonable time to ascertain the validity of the adverse claims or to commence an action for interpleader. The bailee may assert an interpleader either in defending an action for nondelivery of the goods or by original action.

SECTION 19. Subsection 7 of section 41-08-03 of the North Dakota Century Code is created and enacted as follows:

7. A document of title is not a financial asset unless paragraph 3 of subdivision j of subsection 1 of section 41-08-02 applies.

SENATE BILL NO. 2082

(Political Subdivisions Committee)

(At the request of the Abstracters' Board of Examiners)

ABTRACTOR CERTIFICATION AND LIMITED ABSTRACTS

AN ACT to create and enact a new section to chapter 43-01 of the North Dakota Century Code, relating to the temporary certification of an abstractor to work in a county that has no certified abstractor; and to amend and reenact sections 43-01-15.1 and 43-01-16 of the North Dakota Century Code, relating to the furnishing of limited abstracts upon request and the cancellation of an abstractor's certificate.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 43-01-15.1 of the North Dakota Century Code is amended and reenacted as follows:

43-01-15.1. Surface abstracts and mineral abstracts to be furnished upon request - Zoning and subdivision exclusion upon request. An abstractor shall furnish an abstract of title to the surface of any tract of land, when requested to do so, omitting therefrom all instruments of transfer or conveyance of mineral rights, royalties, and other mineral interests except instruments which sever mineral rights or royalties from surface rights. In addition to such surface abstract, an abstractor shall, when requested to do so, furnish a list showing the names of the grantor and grantee and the recording data of all instruments in the chains of title which transfer or convey mineral rights, royalties, or other mineral interests and which are not included in the surface abstract. For each instrument searched and listed, but not included in the surface abstract, an abstractor may charge a fee of one dollar and fifty cents, and no more. When requested to do so, an abstractor shall furnish a mineral abstract of any chain of title to the minerals of any tract of land which shall consist of the instrument severing the mineral rights or royalties from the surface rights and include all instruments of transfer or conveyance of mineral rights, royalties, and other mineral interests. If requested, such mineral abstract may be combined with a surface abstract of all instruments affecting title to the tract of land to and including the instrument severing the mineral rights, royalties, or other mineral interests being abstracted. Further, when requested to do so, an abstractor shall omit zoning and subdivision ordinances but shall note and exclude them from the abstract of title. An abstractor may charge a per entry fee under section 43-01-18 for each omitted zoning and subdivision ordinance.

SECTION 2. AMENDMENT. Section 43-01-16 of the North Dakota Century Code is amended and reenacted as follows:

43-01-16. Cancellation or denial of certificate - Discipline. The board, after receiving a written and signed complaint alleging a violation of any ground for

discipline under this section and upon thirty days' notice, may require any person, firm, corporation, or limited liability company holding a certificate of authority, or any person holding a certificate as a registered abstractor, to show cause why the same should not be ~~annulled~~ canceled or other disciplinary measures taken. The board may deny an application for a certificate of authority or a certificate of registration for any reason that a certificate of authority or a certificate of registration may be canceled or disciplinary measures taken. A certificate of authority or certificate of registration may be ~~recalled and annulled~~ canceled or disciplinary measures taken, however, only for one or more of the following reasons:

1. Violation of the provisions of this chapter or the board's administrative rules by the holder.
2. If the holder thereof has been convicted of an offense determined by the board to have a direct bearing upon the holder's ability to serve the public as an abstractor, or if, following conviction of an offense, the board finds the holder is not sufficiently rehabilitated under section 12.1-33-02.1.
3. A finding by the board that the holder is guilty of habitual carelessness, inattention to business or unreasonable timeliness of service, or intoxication; or the use of drugs to such an extent as to incapacitate the holder for business, including not preparing an abstract as requested under section 43-01-15.1.
4. A finding by the board that the holder is guilty of fraudulent practices.
5. A certificate of authority may be canceled, or other disciplinary measures taken, upon the failure of the holder thereof to provide additional security as provided by section 43-01-12, or upon failure to file an abstractor's liability policy in lieu of any canceled policy, before such cancellation becomes effective, or a surety bond in place thereof.

The board may inspect an abstractor's records to determine compliance with this chapter or rules adopted under this chapter. The board may adopt rules under chapter 28-32 addressing discipline of abstractors, including establishing standards for timeliness of service based on a presumed standard turnaround time of three weeks or less. If the certificate of authority is held by a firm, corporation, or limited liability company, the provisions of this section shall be applicable to the members, officers, or managers thereof. Disciplinary measures that the board may take include canceling or suspending a certificate of authority or certificate of registration, requiring additional education, establishing a mentor or monitor, restricting practice parameters, or imposing a monetary penalty of no greater than five hundred dollars for each violation. In addition, an individual or organization found in violation of the requirements of this section may be assessed costs, including attorney's fees, by the board. An entity whose certificate of authority has been canceled or suspended must surrender all customer abstracts and pending orders to the board immediately upon being notified of the cancellation or suspension. The board shall take reasonable measures to contact the customers.

SECTION 3. A new section to chapter 43-01 of the North Dakota Century Code is created and enacted as follows:

Temporary authority of an abstractor to act in an additional county.

1. If it appears to the board that there is no abstracter authorized to engage in and carry on the business of an abstracter of real estate titles in a county or that there is an authorized abstracter in a county who is unable to perform the duties of an abstracter due to death, disability, a disaster or emergency, or disciplinary action, the board may authorize an individual or organization having a certificate of authority and certificate of registration to operate in another county to operate in the county having no abstracter through the issuance of a temporary certificate of authority. BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Subsection 2 of section 28-32-33 of the North Dakota Century Code is amended and reenacted as follows:

2. In an adjudicative proceeding, a party must first show good cause, by written petition, and get the written approval of the hearing officer before obtaining discovery from an administrative agency. ~~Before obtaining discovery from an administrative agency by means of a request for the production of documents that are public records, the requesting party must have first made a diligent and good-faith effort to review the documents under existing general law procedures for the inspection of public records and access must have been denied.~~

¹⁸⁵ **SECTION 2. AMENDMENT.** Subsection 6 of section 39-08-13 of the North Dakota Century Code is amended and reenacted as follows:

6. Upon request of any person and upon payment of a fee of two dollars, the director or the law enforcement agency may furnish to a requestor a copy of that portion of an investigating officer's accident report which does not disclose the opinion of the reporting officer, if the report shows that the accident is one for which a driver is required to file a report under section 39-08-09.

¹⁸⁵ Section 39-08-13 was also amended by section 1 of House Bill No. 1098, chapter 334.

SECTION 3. AMENDMENT. Subsection 8 of section 44-04-17.1 of the North Dakota Century Code is amended and reenacted as follows:

8. a. "Meeting" means a formal or informal gathering, whether in person or through ~~other~~ electronic means such as telephone or video conference, of:
 - (1) A quorum of the members of the governing body of a public entity regarding public business; or

- b. "Meeting" includes work sessions, but does not include chance or social gatherings where public business is not considered and does not include the attendance of members of a governing body at meetings of any national, regional, or state association to which the public entity, the governing body, or individual members belong.

SECTION 4. AMENDMENT. Section 44-04-18 of the North Dakota Century Code is amended and reenacted as follows:

44-04-18. Access to public records - Electronically stored information.

1. Except as otherwise specifically provided by law, all records of a public entity are public records, open and accessible for inspection during reasonable office hours. As used in this subsection, "reasonable office hours" includes all regular office hours of a public entity. If a public entity does not have regular office hours, the name and telephone number of a contact person authorized to provide access to the public entity's records must be posted on the door of the office of the public entity, if any. Otherwise, the information regarding the contact person must be filed with the secretary of state for state-level entities, for public entities defined in subdivision c of subsection 12 of section 44-04-17.1, the city auditor or designee of the city for city-level entities, or the county auditor or designee of the county for other entities.
2. Upon request for a copy of specific public records, any entity subject to subsection 1 shall furnish the requester one copy of the public records requested. A request need not be made in person or in writing, and the copy must be mailed upon request. A public entity may charge up to twenty-five cents per impression of a paper copy. As used in this section, "paper copy" means a one-sided or two-sided duplicated copy of a size not more than eight and one-half by fourteen inches. For any copy of a record that is not a paper copy as defined in this section, the public entity may charge a reasonable fee for making the copy. As used in this section, "reasonable fee" means the actual cost to the public

entity of making the copy, including labor, materials, and equipment. The entity may charge a reasonable fee for making or mailing the copy, or both for the actual cost of postage to mail a copy of a record. An entity may require payment before making or mailing the copy, or both. An entity may impose a fee not exceeding twenty-five dollars per hour per request, excluding the initial hour, for locating records if locating the records requires more than one hour. An entity may impose a fee not exceeding twenty-five dollars per hour per request, excluding the initial hour, for excising confidential or closed material under 44-04-18.10. If the entity is not authorized to use the fees to cover the cost of providing or mailing the copy, or both, or if a copy machine is not readily available, the entity may make arrangements for the copy to be provided or mailed, or both, by another entity, public or private, and the requester shall pay the fee to that other entity. As used in this subsection, "reasonable fee" means the actual cost to the public entity of making or mailing a copy of a record, or both, including labor, materials, postage, and equipment, but excluding any cost associated with excising confidential or closed material under section 44-04-18.10. An entity may impose a fee not exceeding twenty-five dollars per hour per request, excluding the initial hour, for locating records if locating the records requires more than one hour. This subsection does not apply to copies of public records for which a different fee is specifically provided by law.

3. Access to electronically stored records is free if the records are recoverable without the use of a computer backup. If a request is made for access to a record on a backup, or for a copy of an electronically stored record, in addition to the charge in this section, the public entity may charge a reasonable fee for providing the copies, including costs attributable to the use of information technology resources.
4. Except as provided in this subsection, nothing in this section requires a public entity to create or compile a record that does not exist. Access to an electronically stored record under this section, or a copy thereof, must be provided at the requester's option in either a printed document or through any other available medium. A computer file is not an available medium if no means exist to separate or prevent the disclosure of any closed or confidential information contained in that file. Except as reasonably necessary to reveal the organization of data contained in an electronically stored record, a public entity is not required to provide an electronically stored record in a different structure, format, or organization. This section does not require a public entity to provide a requester with access to a computer terminal.
4. 5. A state-level public entity as defined in subdivision a of subsection 12 of section 44-04-17.1 may establish procedures for providing access from an outside location to any computer data base or electronically filed or stored information maintained by that entity. The procedures must address the measures that are necessary to maintain the confidentiality of information protected by federal or state law. Except for access provided to another state-level public entity, the entity may charge a reasonable fee for providing that outside access. If the original information is keyed, entered, provided, compiled, or submitted by any political subdivision, the fees must be shared by the state and the political subdivision based on their proportional costs to make the data available.

- ~~5-~~ 6. Any request under this section for records in the possession of a public entity by a party to a criminal or civil action or adversarial administrative proceeding in which the public entity is a party, or by an agent of the party, must comply with applicable discovery rules and be made to the attorney representing that entity in the criminal or civil action or adversarial administrative proceeding. The public entity may deny a request from a party or an agent of a party under this subsection if the request seeks records that are privileged under applicable discovery rules.
- ~~6-~~ 7. A denial of a request for records made under this section must describe the legal authority for the denial and must be in writing if requested.
- ~~7-~~ 8. This section is violated when a person's right to review or receive a copy of a record that is not exempt or confidential is denied or unreasonably delayed or when a fee is charged in excess of the amount authorized in subsection 2.
- ~~8-~~ 9. It is not an unreasonable delay or a denial of access under this section to withhold from the public a record that is prepared at the express direction of, and for presentation to, a governing body until the record is mailed or otherwise provided to a member of the body or until the next meeting of the body, whichever occurs first. It also is not an unreasonable delay or a denial of access to withhold from the public a working paper or preliminary draft until a final draft is completed, the record is distributed to a member of a governing body or discussed by the body at an open meeting, or work is discontinued on the draft but no final version has been prepared, whichever occurs first.
10. For public entities headed by a single individual, it is not an unreasonable delay or a denial of access to withhold from the public a working paper or preliminary draft until a final draft is completed, or work is discontinued on the draft but no final version has been prepared, whichever occurs first. A working paper or preliminary draft shall be deemed completed if it can reasonably be concluded, upon a good faith review, that all substantive work on it has been completed.
- ~~9-~~ 11. A disclosure of a requested record under this section is not a waiver of any copyright held by the public entity in the requested record or of any applicable evidentiary privilege.

SECTION 5. AMENDMENT. Subsection 2 of section 44-04-18.1 of the North Dakota Century Code is amended and reenacted as follows:

2. Except as otherwise specifically provided by law, personal information regarding a public employee contained in an employee's personnel record or given to the state or a political subdivision by the employee in the course of employment is exempt. As used in this section, "personal information" means a person's home address; home telephone number; photograph; medical information; motor vehicle operator's identification number; payroll deduction information; the name, address, telephone number, and date of birth of any dependent or emergency contact; any credit, debit, or electronic fund transfer card number; and any account number at a bank or other financial institution.

3. "Proprietary information" includes information received from a sponsor of research conducted by a public entity, as well as any discovery or innovation generated by that research, technical, financial, and marketing information and other documents related to the commercialization, and any other discovery or innovation produced by the public entity which an employee or the entity intends to commercialize.

Mere presence or participation of an attorney at a meeting is not sufficient to constitute attorney consultation.
6. "Investigatory work product" means records obtained, compiled, or prepared by a public entity in an effort to monitor and enforce compliance with the law or an order. Investigatory work product must be considered active as long as it is related to monitoring or enforcement activity conducted with a reasonable good-faith belief that it will lead to enforcement of the law or an order.
5. 7. "Adversarial administrative proceedings" include only those administrative proceedings where the administrative agency or institution of higher education acts as a complainant, respondent, or decisionmaker in an adverse administrative proceeding. This term does not refer to those instances where the administrative agency or institution acts in its own rulemaking capacity.
6. 8. Following the final completion of the civil or criminal litigation or the adversarial administrative proceeding, including the exhaustion of all appellate remedies, attorney work product must be made available for public disclosure by the public entity, unless another exception to section 44-04-18 applies or if disclosure would have an adverse fiscal effect on the conduct or settlement of other pending or reasonably predictable civil or criminal litigation or adversarial administrative proceedings, or the attorney work product reflects mental impressions, opinions, conclusions, or legal theories regarding potential liability of a public entity.
7. 9. A governing body may hold an executive session under section 44-04-19.2 to discuss negotiating strategy or provide negotiating instructions to its attorney or other negotiator regarding litigation,

adversarial administrative proceedings, or contracts, which are currently being negotiated or for which negotiation is reasonably likely to occur in the immediate future. An executive session may be held under this subsection only when an open meeting would have an adverse fiscal effect on the bargaining or litigating position of the public entity.

- 8- 10. Nothing in this section may be construed to waive any attorney-client privilege of a public entity as defined in subdivision c of subsection 12 of section 44-04-17.1 regarding matters that do not pertain to public business.

SECTION 10. A new subsection to section 44-04-19.2 of the North Dakota Century Code is created and enacted as follows:

A public entity may sequester all competitors in a competitive selection or hiring process from that portion of a public meeting wherein presentations are heard or interviews are conducted.

SECTION 11. AMENDMENT. Subsections 5 and 6 of section 44-04-20 of the North Dakota Century Code are amended and reenacted as follows:

5. The governing body's presiding officer has the responsibility of assuring that such public notice is given at the same time as such governing body's members are notified, and that this notice is available to anyone requesting such information. When a request is made for notice of meetings, the request is effective for one year unless a different time period is specified.
6. In the event of emergency or special meetings of a governing body, the person calling such a meeting shall also notify the public entity's official newspaper, if any, and any representatives of the news media which have requested to be so notified of such special or emergency meetings, of the time, place, date, and topics to be considered at the same time as such governing body's members are notified. If the public entity does not have an official newspaper, then it must notify the official newspaper of the county where its principal office or mailing address is located. Topics that may be considered at an emergency or special meeting are limited to those included in the notice.

SECTION 12. AMENDMENT. Section 44-04-21.1 of the North Dakota Century Code is amended and reenacted as follows:

44-04-21.1. Administrative review procedure.

1. Any interested person may request an attorney general's opinion to review a written denial of a request for records under section 44-04-18, a denial of access to a meeting under section 44-04-19, or other alleged violation of section 44-04-18, 44-04-19, 44-04-19.2, 44-04-20, or 44-04-21 by any public entity other than the legislative assembly or any committee thereof. A request made under this section must be made within thirty days of the alleged violation, except that a request based on allegations that a meeting occurred without the notice required by section 44-04-20, must be made within ninety days of the alleged violation. In preparing an opinion under this section, the attorney general has discretion to obtain and review a recording made under section 44-04-19.2. The attorney general may request and obtain

information claimed to be exempt or confidential for the purpose of determining whether the information is exempt or confidential. Any such information may not be released by the attorney general and may be returned to the provider of the information. The attorney general shall issue to the public entity involved an opinion on the alleged violation unless the request is withdrawn by the person requesting the opinion or a civil action has been filed involving the possible violation. If the request pertains to a public entity as defined in subdivision c of subsection 12 of section 44-04-17.1, the opinion must be issued to the public entity providing the public funds. In any opinion issued under this section, the attorney general shall base the opinion on the facts given by the public entity.

2. If the attorney general issues a written opinion concluding that a violation has occurred, the public entity has seven days after the opinion is issued, regardless of whether a civil action is filed under section 44-04-21.2, to disclose the record, to issue a notice of a meeting that will be held within a reasonable time to correct the violation, or to take steps to correct any other violation. If the public entity fails to take the required action within the seven-day period and the person requesting the opinion prevails in a civil action brought under section 44-04-21.2, the person must be awarded costs, disbursements, and reasonable attorney's fees in the action and on appeal. The consequences for failing to comply with an attorney general's opinion issued under this section will be the same as for other attorney general's opinions, including potential personal liability for the person or persons responsible for the noncompliance.
3. If a state-level public entity as defined in subdivision a of subsection 12 of section 44-04-17.1 does not comply in full with the attorney general's opinion, and a civil action is brought under section 44-04-21.2 or is reasonably predictable, the entity, at its sole cost and expense, shall retain separate counsel who has been approved and appointed by the attorney general as a special assistant attorney general to represent the entity in that action.

 - e. Eliminate the duty of loyalty under section 45-10.2-44, but the partnership agreement may:
 - (1) Identify specific types or categories of activities that do not violate the duty of loyalty, if not manifestly unreasonable; and
 - (2) Specify the number or percentage of partners which may authorize or ratify, after full disclosure to all partners of all material facts, a specific act or transaction that otherwise would violate the duty of loyalty;
 - f. Unreasonably reduce the duty of care under subsection 3 of section 45-10.2-44;

- g. Eliminate the obligation of good faith and fair dealing under subsection 2 of section 45-10.2-35 and subsection 4 of section 45-10.2-44, but the partnership agreement may prescribe the standards by which the performance of the obligation is to be measured, if the standards are not manifestly unreasonable;

45-10.2-15. (113) Dual capacity. A person may be both a general partner and a limited partner.

1. A person that is both a general and limited partner has the rights, powers, duties, and obligations provided by this chapter and the partnership agreement in each of those capacities.
2. When the person acts as a general partner, the person is subject to the obligations, duties, and restrictions under this chapter and the partnership agreement for general partners.
3. When the person acts as a limited partner, the person is subject to the obligations, duties, and restrictions under this chapter and the partnership agreement for limited partners.

45-10.2-16. Registration of general partner. A general partner must be registered separately with the secretary of state at the time of filing a certificate of limited partnership or the application for certificate of authority of a foreign limited partnership whenever that general partner is either a domestic or foreign:

3. Limited partnership;

3. The registered agent shall maintain a business office identical to its registered office.
4. Proof of the consent of the registered agent to serve in the capacity of registered agent must be filed with the secretary of state.

45-10.2-18. Change of registered office or agent - Resignation of registered agent - Change of name or address of registered agent.

1. A limited partnership may change the registered office of the limited partnership, change the registered agent of the limited partnership, or state a change in the name of the registered agent of the limited partnership, by filing with the secretary of state a statement containing:
 - a. The name of the limited partnership;
 - b. The new address of the registered office of the limited partnership, if the address of the registered office of the limited partnership is to be changed;
 - c. The name of the new registered agent of the limited partnership, if the registered agent of the limited partnership is to be designated or changed;

4. The fee provided in section 45-10.2-109 for change of registered office must be refunded if in the opinion of the secretary of state a change of address of registered office results from rezoning or postal reassignment.

45-10.2-19. Action without a meeting. An action required or permitted to be taken or permitted to be taken at a meeting of the partners may be taken without a meeting by written action signed, or consented to by authenticated electronic communication, by all of the partners entitled to vote on that action.

1. If the certificate of limited partnership or the partnership agreement so provide, any action may be taken by written action signed, or consented to by authenticated electronic communication, by the partners entitled to vote on the action who own voting power equal to the voting power that would be required to take the same action at a meeting of the partners at which all partners entitled to vote on the action were present. After the adoption of the initial certificate of limited partnership or the initial partnership agreement, an amendment to the certificate of limited partnership or to the partnership agreement to permit written action to be taken by less than all partners entitled to vote on an action requires the approval of all partners entitled to vote on the amendment.
 - a. When written action is permitted to be taken by less than all partners entitled to vote on the action, all partners entitled to vote on the action must be notified immediately of its text and effective date.
 - b. Failure to provide the notice does not invalidate the written action.
 - c. A partner who does not sign or consent to the written action has no liability for the action or actions taken by the written actions.
2. The written action is effective when it has been signed, or consented to by authenticated electronic communication, by the partners entitled to

vote on the action, unless a different effective time is provided in the written action.

3. When this chapter requires or permits a certificate concerning an action to be filed with the secretary of state, the general partner signing the certificate must so indicate if the action was taken under this section.

45-10.2-20. Remote communications for partner meetings.

1. This section must be construed and applied to:
 - a. Facilitate remote communication consistent with other applicable law; and
 - b. Be consistent with reasonable practices concerning remote communication and with the continued expansion of those practices.
2. To the extent authorized in the certificate of limited partnership or the partnership agreement and determined by the general partners:
 - a. A meeting of the partners may be held solely by any combination of means of remote communication through which the participants may participate in the meeting:
 - (1) If notice of the meeting is given to every holder of interests entitled to vote as would be required by the certificate of limited partnership or the partnership agreement for a meeting; and
 - (2) If the number of partnership interests held by the partners participating in the meeting would be sufficient to constitute a quorum at a meeting.
 - b. A partner not physically present in person or by proxy at a meeting of partners may by means of remote communication participate in a meeting of partners held at a designated place.
3. In any meeting of partners held solely by means of remote communication under subdivision a of subsection 2 or in any meeting of partners held at a designated place in which one or more partners participate by means of remote communication under subdivision b of subsection 2:
 - a. The limited partnership shall implement reasonable measures to:
 - (1) Verify that each person deemed present and entitled to vote at the meeting by means of remote communication is a partner; and
 - (2) Provide each partner participating by means of remote communication with a reasonable opportunity to participate in the meeting, including an opportunity to:
 - (a) Read or hear the proceedings of the meeting substantially concurrently with those proceedings;

- (2) A proxy so appointed may vote on behalf of the partner, or otherwise participate, in a meeting by remote communication according to section 45-10.2-20 to the extent the partner appointing the proxy would have been entitled to participate by remote communication according to section 45-10.2-20 if the partner did not appoint the proxy.
 - c. A copy, facsimile telecommunication, or other reproduction of the original writing or transmission may be substituted or used in lieu of the original writing or transmission for any purpose for which the original writing or transmission could be used if the copy, facsimile telecommunication, or other reproduction is a complete and legible reproduction of the entire original writing or transmission.
 - d. An appointment of a proxy for partnership interests held jointly by two or more partners is valid if signed or consented to by authenticated electronic communication by any one of the partners, unless the limited partnership receives from any of those partners written notice or authenticated electronic communication either denying the authority of that person to appoint a proxy or appointing a different proxy.
2. The appointment of a proxy is valid for eleven months, unless a longer period is expressly provided in the appointment. No appointment is irrevocable unless the appointment is coupled with an interest, including a security interest, in the partnership interests or in the limited partnership. A partner who revokes a proxy is not liable in any way for damages, restitution, or other claim.
 3. An appointment may be revoked at will, unless the appointment is coupled with an interest, in which case it may not be revoked except in accordance with the terms of an agreement, if any, between the parties to the appointment. Appointment of a proxy is revoked by the person appointing the proxy by:
 - a. Attending a meeting and voting in person; or
 - b. Signing and delivering to the partner or agent authorized to tabulate proxy votes either:
 - (1) A writing stating the appointment of the proxy is revoked; or
 - (2) A later appointment.
 4. Revocation in either manner provided in subsection 3 revokes all earlier proxy appointments and is effective when filed with a general partner or agent of the limited partnership.
 5. The death or incapacity of a person appointing a proxy does not affect the right of the limited partnership to accept the authority of the proxy, unless written notice of the death or incapacity is received by a partner or agent authorized to tabulate votes before the proxy exercises authority under that appointment.
 6. Unless the appointment specifically provides otherwise, if two or more persons are appointed as proxies for a partner:

- a. Then any one of them may vote the partnership interests on each item of business in accordance with specific instructions contained in the appointment; or
 - b. If no specific instructions are contained in the appointment with respect to voting the partnership interests on a particular item of business, then the partnership interests must be voted as a majority of the proxies determine. If the proxies are equally divided, then the partnership interests may not be voted.
7. Subject to section 45-10.2-22 and an express restriction, limitation, or specific reservation of authority of the proxy appearing on the appointment, the limited partnership may accept a vote or action by the proxy as the action of the partner. The vote of a proxy is final, binding, and not subject to challenge. However, the proxy is liable to the partner or beneficial owner for damages resulting from a failure to exercise the proxy or from an exercise of the proxy in violation of the authority granted in the appointment.
8. If a proxy is given authority by a partner to vote on less than all items of business considered at a meeting of partners, then the partner is considered to be present and entitled to vote by the proxy, only with respect to those items of business for which the proxy has authority to vote. A proxy who is given authority by a partner who abstains with respect to an item of business is considered to have authority to vote on the item of business for purposes of this subsection.

45-10.2-22. Acceptance of partner act by the limited partnership.

1. If the name signed on a vote, consent, waiver, or proxy appointment corresponds to the record name of a partner, then the limited partnership if acting in good faith may accept the vote, consent, waiver, or proxy appointment and give it effect as the act of the partner.
2. Unless the certificate of limited partnership or partnership agreement provides otherwise, if the name signed on a vote, consent, waiver, or proxy appointment does not correspond to the record name of a partner, then the limited partnership if acting in good faith may accept the vote, consent, waiver, or proxy appointment and give it effect as the act of the partner if:
 - a. The partner is an organization and the name signed purports to be that of an officer, manager, or agent of the organization;
 - b. The name signed purports to be that of an administrator, guardian, or conservator representing the partner, and, if the limited partnership requests, evidence of fiduciary status acceptable to the limited partnership has been presented with respect to the vote, consent, waiver, or proxy appointment;
 - c. The name signed purports to be that of a receiver or trustee in bankruptcy of the partner, and, if the limited partnership requests, evidence of this status acceptable to the limited partnership has been presented with respect to the vote, consent, waiver, or proxy appointment;

- d. The name signed purports to be that of a pledgee, beneficial owner, or attorney in fact of the partner, and, if the limited partnership requests, evidence acceptable to the limited partnership of the authority of the signatory to sign for the partner has been presented with respect to the vote, consent, waiver, or proxy appointment; or
 - e. Two or more persons hold the interests as cotenants or fiduciaries and the name signed purports to be the name of at least one of the coholders and the person signing appears to be acting on behalf of all the coholders.
- 3. The limited partnership may reject a vote, consent, waiver, or proxy appointment if the partner or agent authorized to tabulate votes, acting in good faith, has reasonable basis to doubt the validity of the signature on it or the authority of the signatory to sign for the partner.
- 4. The limited partnership or its agent who accepts or rejects a vote, consent, waiver, or proxy appointment in good faith and in accordance with the standards of this section is not liable in damages to the partner for the consequences of the acceptance or rejection.
- 5. Action of the limited partnership based on the acceptance or rejection of a vote, consent, waiver, or proxy appointment under this section is valid unless a court of competent jurisdiction determines otherwise.

45-10.2-24. (202) Amendment or restatement of certificate.

4. A certificate of limited partnership may be amended at any time for any other proper purpose as determined by the limited partnership.

5. A restated certificate of limited partnership may be delivered to the secretary of state for filing in the same manner as an amendment.
6. Subject to subsection 3 of section 45-10.2-27, an amendment or restated certificate is effective when filed by the secretary of state or on a date specified in the amendment or restated certificate that is within ninety days after the filing of the amendment or restated certificate with the secretary of state.
7. A limited partnership shall report any change of address of the principal executive office to the secretary of state and need not file an amendment to a certificate of limited partnership.

 - c. Whether all fees and penalties due to the secretary of state under this chapter have been paid.
- 2. The secretary of state, upon request and payment of the fee provided in section 45-10.2-109, shall furnish a certificate of authorization for a foreign limited partnership if the records filed in the office of the secretary of state show that the secretary of state has filed a certificate of authority, has not revoked the certificate of authority, and has not filed a notice of cancellation. A certificate of authorization must state:
 - a. The name of the foreign limited partnership;
 - b. That it is authorized to transact business in this state; and
 - c. Whether all fees and penalties due to the secretary of state under this chapter have been paid.

3. Subject to any qualification stated in the certificate, a certificate of existence or authorization issued by the secretary of state may be relied upon as conclusive evidence that the limited partnership or foreign limited partnership is in existence or is authorized to transact business in this state.

45-10.2-31. (301) Becoming a limited partner. A person becomes a limited partner:

1. As provided in the partnership agreement;
2. As the result of a conversion or merger under sections 45-10.2-94 through 45-10.2-106; or
3. With the consent of all of the partners.

45-10.2-32. (302) No right or power as limited partner to bind limited partnership. A limited partner does not have the right or the power as a limited partner to act for or bind the limited partnership.

45-10.2-33. (303) No liability as limited partner for limited partnership obligation. An obligation of a limited partnership, whether arising in contract, tort, or otherwise, is not the obligation of a limited partner. A limited partner is not personally liable, directly or indirectly, by way of contribution or otherwise, for an obligation of the limited partnership solely by reason of being a limited partner, even if the limited partner participates in the management and control of the limited partnership.

45-10.2-34. (304) Right of limited partner and former limited partner to information.

1. On ten days' demand, made in a record received by the limited partnership, a limited partner may inspect and copy required information during regular business hours in the principal executive office of the limited partnership. The limited partner need not have any particular purpose for seeking the information.
2. During regular business hours and at a reasonable location specified by the limited partnership, a limited partner may obtain from the limited partnership and inspect and copy true and full information regarding the state of the activities and financial condition of the limited partnership and other information regarding the activities of the limited partnership as is just and reasonable if:
 - a. The limited partner seeks the information for a purpose reasonably related to an interest as a limited partner;
 - b. The limited partner makes a demand in a record received by the limited partnership, describing with reasonable particularity the information sought and the purpose for seeking the information; and
 - c. The information sought is directly connected to the purpose of the limited partner.

3. Within ten days after receiving a demand pursuant to subsection 2, the limited partnership in a record shall inform the limited partner that made the demand:

 - a. What information the limited partnership will provide in response to the demand;
 - b. When and where the limited partnership will provide the information; and
 - c. If the limited partnership declines to provide any demanded information, the reasons of the limited partnership for declining.
4. Subject to subsection 6, a person dissociated as a limited partner may inspect and copy required information during regular business hours in the designated office of the limited partnership if:

 - a. The information pertains to the period during which the person was a limited partner;
 - b. The person seeks the information in good faith; and
 - c. The person meets the requirements of subsection 2.
5. The limited partnership shall respond to a demand made pursuant to subsection 4 in the same manner as provided in subsection 3.
6. If a limited partner dies, then section 45-10.2-65 applies.
7. The limited partnership may impose reasonable restrictions on the use of information obtained under this section. In a dispute concerning the reasonableness of a restriction under this subsection, the limited partnership has the burden of proving reasonableness.
8. A limited partnership may charge a person that makes a demand under this section reasonable costs of copying, limited to the costs of labor and material.
9. Whenever this chapter or a partnership agreement provides for a limited partner to give or withhold consent to a matter, before the consent is given or withheld, the limited partnership shall, without demand, provide the limited partner with all information material to the decision of the limited partner that the limited partnership knows.
10. A limited partner or person dissociated as a limited partner may exercise the rights under this section through an attorney or other agent. Any restriction imposed under subsection 7 or by the partnership agreement applies both to the attorney or other agent and to the limited partner or person dissociated as a limited partner.
11. The rights stated in this section do not extend to a person as transferee, but may be exercised by the legal representative of an individual under legal disability who is a limited partner or person dissociated as a limited partner.

45-10.2-35. (305) Limited duties of limited partners.

1. A limited partner does not have any fiduciary duty to the limited partnership or to any other partner solely by reason of being a limited partner.
2. A limited partner shall discharge the duties to the partnership and the other partners under this chapter or under the partnership agreement and exercise any rights consistently with the obligation of good faith and fair dealing.
3. A limited partner does not violate a duty or obligation under this chapter or under the partnership agreement merely because the conduct of the limited partner furthers the interest of that limited partner.

45-10.2-36. (306) Person erroneously believing self to be limited partner.

1. Except as otherwise provided in subsection 2, a person that makes an investment in a business enterprise and erroneously but in good faith believes that the person has become a limited partner in the enterprise is not liable for the obligations of the enterprise by reason of making the investment, receiving distributions from the enterprise, or exercising any rights of or appropriate to a limited partner, if, on ascertaining the mistake, the person:
 - a. Causes an appropriate certificate of limited partnership, amendment, or statement of correction to be signed and delivered to the secretary of state for filing; or
 - b. Withdraws from future participation as an owner in the enterprise by signing and delivering to the secretary of state for filing a statement of withdrawal under this section.
2. A person that makes an investment described in subsection 1 is liable to the same extent as a general partner to any third party that enters into a transaction with the enterprise, believing in good faith that the person is a general partner, before the secretary of state files a statement of withdrawal, certificate of limited partnership, amendment, or statement of correction to show that the person is not a general partner.
3. If a person makes a diligent effort in good faith to comply with subdivision a of subsection 1 and is unable to cause the appropriate certificate of limited partnership, amendment, or statement of correction to be signed and delivered to the secretary of state for filing, then the person has the right to withdraw from the enterprise pursuant to subdivision b of subsection 1 even if the withdrawal would otherwise breach an agreement with others that are or have agreed to become coowners of the enterprise.

45-10.2-37. (401) Becoming general partner. A person becomes a general partner:

1. As provided in the partnership agreement;
2. Under subdivision b of subsection 3 of section 45-10.2-66 following the dissociation of the last general partner of a limited partnership;

3. As the result of a conversion or merger under sections 45-10.2-94 through 45-10.2-106; or
4. With the consent of all the partners.

45-10.2-38. (402) General partner agent of limited partnership.

1. Each general partner is an agent of the limited partnership for the purposes of its activities. An act of a general partner, including the signing of a record in the name of the partnership, for apparently carrying on in the ordinary course the activities of the limited partnership or activities of the kind carried on by the limited partnership binds the limited partnership, unless the general partner did not have authority to act for the limited partnership in the particular matter and the person with which the general partner was dealing knew, had received a notification, or had notice under subsection 4 of section 45-10.2-06 that the general partner lacked authority.
2. An act of a general partner which is not apparently for carrying on in the ordinary course the activities of the limited partnership or activities of the kind carried on by the limited partnership binds the limited partnership only if the act was actually authorized by all of the other partners.

45-10.2-39. (403) Limited partnership liable for actionable conduct of general partner.

1. A limited partnership is liable for loss or injury caused to a person, or for a penalty incurred, as a result of a wrongful act or omission, or other actionable conduct, of a general partner acting in the ordinary course of activities of the limited partnership or with authority of the limited partnership.
2. If, in the course of the activities of the limited partnership or while acting with authority of the limited partnership, a general partner receives or causes the limited partnership to receive money or property of a person not a partner, and the money or property is misapplied by a general partner, then the limited partnership is liable for the loss.

45-10.2-40. (404) Liability of general partner.

1. Except as otherwise provided in subsections 2 and 3, all general partners are liable jointly and severally for all obligations of the limited partnership unless otherwise agreed by the claimant or provided by law.
2. A person that becomes a general partner of an existing limited partnership is not personally liable for an obligation of a limited partnership incurred before the person became a general partner.
3. An obligation of a limited partnership incurred while the limited partnership is a limited liability limited partnership, whether arising in contract, tort, or otherwise, is solely the obligation of the limited partnership.
 - a. A general partner is not personally liable, directly or indirectly, by way of contribution or otherwise, for such an obligation solely by reason of being or acting as a general partner.

- b. This subsection applies despite anything inconsistent in the partnership agreement that existed immediately before the consent required under subdivision b of subsection 2 of section 45-10.2-42 to become a limited liability limited partnership pursuant to chapter 45-23.

45-10.2-41. (405) Actions by and against partnership and partners.

1. To the extent not inconsistent with section 45-10.2-40, a general partner may be joined in an action against the limited partnership or named in a separate action.
2. A judgment against a limited partnership is not by itself a judgment against a general partner. A judgment against a limited partnership may not be satisfied from assets of a general partner unless there is also a judgment against the general partner.
3. A judgment creditor of a general partner may not levy execution against the assets of the general partner to satisfy a judgment based on a claim against the limited partnership, unless the partner is personally liable for the claim under section 45-10.2-40, and:
 - a. A judgment based on the same claim has been obtained against the limited partnership and a writ of execution on the judgment has been returned unsatisfied in whole or in part;
 - b. The limited partnership is a debtor in bankruptcy;
 - c. The general partner has agreed that the creditor need not exhaust limited partnership assets;
 - d. A court grants permissions to the judgment creditor to levy execution against the assets of a general partner based on a finding:
 - (1) That limited partnership assets subject to execution are clearly insufficient to satisfy the judgment;
 - (2) That exhaustion of limited partnership assets is excessively burdensome; or
 - (3) That the grant of permission is an appropriate exercise of equitable powers of the court; or
 - e. Liability is imposed on the general partner by law or contract independent of the existence of the limited partnership.

45-10.2-42. (406) Management rights of general partner.

1. Each general partner has equal rights in the management and conduct of the activities of the limited partnership. Except as expressly provided in this chapter, any matter relating to the activities of the limited partnership may be exclusively decided by the general partner or, if there is more than one general partner, by a majority of the general partners.

2. The consent of each partner is necessary:
 - a. To amend the partnership agreement;
 - b. Subject to section 45-10.2-104, to amend the certificate of limited partnership to convert the limited partnership to a limited liability limited partnership; and
 - c. To sell, lease, exchange, or otherwise dispose of all, or substantially all, of the property of the limited partnership, with or without the good will, other than in the usual and regular course of the activities of the limited partnership.
3. A limited partnership shall reimburse a general partner for payments made and indemnify a general partner for liabilities incurred by the general partner in the ordinary course of the activities of the partnership or for the preservation of its activities or property.
4. A limited partnership shall reimburse a general partner for an advance to the limited partnership beyond the amount of capital the general partner agreed to contribute.
5. A payment or advance made by a general partner which gives rise to an obligation of the limited partnership under subsection 3 or 4 constitutes a loan to the limited partnership which accrues interest from the date of the payment or advance.
6. A general partner is not entitled to remuneration for services performed for the partnership.

45-10.2-43. (407) Right of general partner and former general partner to information.

1. A general partner, without having any particular purpose for seeking the information, may inspect and copy during regular business hours:
 - a. In the principal executive office of the limited partnership, required information; and
 - b. At a reasonable location specified by the limited partnership, any other records maintained by the limited partnership regarding the activities and financial condition of the limited partnership.
2. Each general partner and the limited partnership shall furnish to a general partner:
 - a. Without demand, any information concerning the activities and financial condition of the limited partnership reasonably required for the proper exercise of the rights and duties of the general partner under the partnership agreement or this chapter; and
 - b. On demand, any other information concerning the activities of the limited partnership, except to the extent the demand or the information demanded is unreasonable or otherwise improper under the circumstances.

3. Subject to subsection 5, on ten days' demand made in a record received by the limited partnership, a person dissociated as a general partner may have access to the information and records described in subsection 1 at the location specified in subsection 1 if:
 - a. The information or record pertains to the period during which the person was a general partner;
 - b. The person seeks the information or record in good faith; and
 - c. The person satisfies the requirements imposed on a limited partner by subsection 2 of section 45-10.2-34.
4. The limited partnership shall respond to a demand made pursuant to subsection 3 in the same manner as provided in subsection 3 of section 45-10.2-34.
5. If a general partner dies, then section 45-10.2-65 applies.
6. The limited partnership may impose reasonable restrictions on the use of information under this section. In any dispute concerning the reasonableness of a restriction under this subsection, the limited partnership has the burden of proving reasonableness.
7. A limited partnership may charge a person dissociated as a general partner that makes a demand under this section reasonable costs of copying, limited to the costs of labor and material.
8. A general partner or person dissociated as a general partner may exercise the rights under this section through an attorney or other agent. Any restriction imposed under subsection 6 or by the partnership agreement applies both to the attorney or other agent and to the general partner or person dissociated as a general partner.
9. The rights under this section do not extend to a person as transferee, but the rights under subsection 3 of a person dissociated as a general partner may be exercised by the legal representative of an individual who dissociated as a general partner under subdivisions b and c of subsection 7 of section 45-10.2-57.

45-10.2-44. (408) General standards of conduct of general partner.

1. The only fiduciary duties that a general partner has to the limited partnership and the other partners are the duties of loyalty and care under subsections 2 and 3.
2. A duty of loyalty of the general partner to the limited partnership and the other partners is limited to the following:
 - a. To account to the limited partnership and hold as trustee for it any property, profit, or benefit derived by the general partner in the conduct and winding up of the activities of the limited partnership or derived from a use by the general partner of limited partnership property, including the appropriation of a limited partnership opportunity;

- b. To refrain from dealing with the limited partnership in the conduct or winding up of the activities of the limited partnership as or on behalf of a party having an interest adverse to the limited partnership; and
 - c. To refrain from competing with the limited partnership in the conduct or winding up of the activities of the limited partnership.
- 3. Duty of care of a general partner to the limited partnership and the other partners in the conduct and winding up of the activities of a limited partnership is limited to refraining from engaging in grossly negligent or reckless conduct, intentional misconduct, or a knowing violation of law.
- 4. A general partner shall discharge the duties to the partnership and the other partners under this chapter or under the partnership agreement and exercise any rights consistently with the obligation of good faith and fair dealing.
- 5. A general partner does not violate a duty or obligation under this chapter or under the partnership agreement merely because conduct of the general partner furthers the interest of that general partner.

45-10.2-45. (409) Transfer of partnership property.

- 1. Subject to the effect of a notification effective under subsections 4 and 9 of section 45-10.2-06, property held in the name of a limited partnership may be transferred by a record of transfer signed by a general partner in the limited partnership name.
- 2. Where a transfer has been made to an initial transferee through a record of transfer effective under subsection 1, a limited partnership may recover the transferred limited partnership property:
 - a. From a transferee only if the limited partnership proves that signing the record of initial transfer did not bind the partnership under section 45-10.2-38; and
 - b. As to a subsequent transferee who gave value for the property, only if the limited partnership proves that the subsequent transferee knew or had received a notification that the person that signed the record of initial transfer lacked authority to bind the partnership.
- 3. A partnership may not recover partnership property from a subsequent transferee if the partnership would not have been entitled to recover the property under subsection 2 from any earlier transferee of the property.
- 4. This section does not affect the power of a person dissociated as a general partner to bind a limited partnership under subsection 1 of section 45-10.2-60 and subsection 2 of section 45-10.2-70.

45-10.2-46. (501) Form of contribution. A contribution of a partner may consist of tangible or intangible property or other benefit to the limited partnership, including money, services performed, promissory notes, other agreements to contribute cash or property, and contracts for services to be performed.

45-10.2-47. (502) Liability for contribution.

1. The obligation of a partner to contribute money or other property or other benefit to, or to perform services for, a limited partnership is not excused by the death of a partner, disability, or other inability to perform personally.
2. If a partner does not make a promised nonmonetary contribution, the partner is obligated at the option of the limited partnership to contribute money equal to that portion of the value, as stated in the required information, of the stated contribution that has not been made.
3. The obligation of a partner to make a contribution or return money or other property paid or distributed in violation of this chapter may be compromised only by consent of all partners. A creditor of a limited partnership that extends credit or otherwise acts in reliance on an obligation described in subsection 1, without notice of any compromise under this subsection, may enforce the original obligation.

45-10.2-48. (503) Sharing of distributions. A distribution by a limited partnership must be shared among the partners on the basis of the value, as stated in the required information when the limited partnership decides to make the distribution, of the contributions the limited partnership has received from each partner.

45-10.2-49. (504) Interim distributions. A partner does not have a right to any distribution before the dissolution and winding up of the limited partnership unless the limited partnership decides to make an interim distribution.

45-10.2-50. (505) No distribution on account of dissociation. A person does not have a right to receive a distribution on account of dissociation.

45-10.2-51. (506) Distribution in kind. A partner does not have a right to demand or receive any distribution from a limited partnership in any form other than cash. Subject to subsection 2 of section 45-10.2-75, a limited partnership may distribute an asset in kind to the extent each partner receives a percentage of the asset equal to the share of distributions of the partner.

45-10.2-52. (507) Right to distribution. When a partner or transferee becomes entitled to receive a distribution, the partner or transferee has the status of, and is entitled to all remedies available to, a creditor of the limited partnership with respect to the distribution. However, the obligation of the limited partnership to make a distribution is subject to offset for any amount owed to the limited partnership by the partner or dissociated partner on whose account the distribution is made.

45-10.2-53. (508) Limitation on distribution.

1. A limited partnership may not make a distribution in violation of the partnership agreement.
2. A limited partnership may not make a distribution if after the distribution:
 - a. The limited partnership would not be able to pay its debts as they become due in the ordinary course of the activities of the limited partnership; or

- b. The total assets of the limited partnership would be less than the sum of its total liabilities plus the amount that would be needed, if the limited partnership were to be dissolved, wound up, and terminated at the time of the distribution, to satisfy the preferential rights upon dissolution, winding up, and termination of partners whose preferential rights are superior to those of persons receiving the distribution.
- 3. A limited partnership may base a determination that a distribution is not prohibited under subsection 2 on financial statements prepared on the basis of accounting practices and principles that are reasonable in the circumstances or on a fair valuation or other method that is reasonable in the circumstances.
- 4. Except as otherwise provided in subsection 7, the effect of a distribution under subsection 2 is measured:
 - a. In the case of distribution by purchase, redemption, or other acquisition of a transferable interest in the limited partnership, as of the date money or other property is transferred or debt incurred by the limited partnership; and
 - b. In all other cases, as of the date:
 - (1) The distribution is authorized, if the payment occurs within one hundred twenty days after that date; or
 - (2) The payment is made, if payment occurs more than one hundred twenty days after the distribution is authorized.
- 5. Indebtedness of a limited partnership to a partner incurred by reason of a distribution made in accordance with this section is at parity with the indebtedness of the limited partnership to its general, unsecured creditors.
- 6. Indebtedness of a limited partnership, including indebtedness issued in connection with or as part of a distribution, is not considered a liability for purposes of subsection 2 if the terms of the indebtedness provide that payment of principal and interest are made only to the extent that a distribution could then be made to partners under this section.
- 7. If indebtedness is issued as a distribution, each payment of principal or interest on the indebtedness is treated as a distribution, the effect of which is measured on the date the payment is made.

45-10.2-54. (509) Liability for improper distributions.

- 1. A general partner that consents to a distribution made in violation of section 45-10.2-53 is personally liable to the limited partnership for the amount of the distribution which exceeds the amount that could have been distributed without the violation if it is established that in consenting to the distribution the general partner failed to comply with section 45-10.2-44.
- 2. A partner or transferee that received a distribution knowing that the distribution to that partner or transferee was made in violation of section

45-10.2-53 is personally liable to the limited partnership but only to the extent that the distribution received by the partner or transferee exceeded the amount that could have been properly paid under section 45-10.2-53.

3. A general partner against which an action is commenced under subsection 1 may:
 - a. Implead in the action any other person that is liable under subsection 1 and compel contribution from the person; and
 - b. Implead in the action any person that received a distribution in violation of subsection 2 and compel contribution from the person in the amount the person received in violation of subsection 2.
4. An action under this section is barred if it is not commenced within two years after the distribution.

45-10.2-55. (601) Dissociation as limited partner.

1. A person does not have a right to dissociate as a limited partner before the termination of the limited partnership.
2. A person is dissociated from a limited partnership as a limited partner upon the occurrence of any of the following events:
 - a. The limited partnership has notice of the express will of a person to withdraw as a limited partner or on a later date specified by the person;
 - b. An event agreed to in the partnership agreement as causing the dissociation of a person as a limited partner;
 - c. The expulsion of a person as a limited partner pursuant to the partnership agreement;
 - d. The expulsion of a person as a limited partner by the unanimous consent of the other partners if:
 - (1) It is unlawful to carry on the activities of the limited partnership with the person as a limited partner;
 - (2) There has been a transfer of all of the transferable interest of the person in the limited partnership, other than a transfer for security purposes, or a court order charging the interest of the person, which has not been foreclosed;
 - (3) The person is a corporation and, within ninety days after the limited partnership notifies the person that it will be expelled as a limited partner because it has filed a certificate of dissolution or the equivalent, its charter has been revoked, or its right to conduct business has been suspended by the jurisdiction of its incorporation, there is not revocation of the certificate of dissolution or no reinstatement of its charter or its right to conduct business; or

- (4) The person is a limited liability company or partnership that has been dissolved and whose business is being wound up;
 - e. On application by the limited partnership, the expulsion of the person as a limited partner by judicial order because:
 - (1) The person engaged in wrongful conduct that adversely and materially affected the activities of the limited partnership;
 - (2) The person willfully or persistently committed a material breach of the partnership agreement or of the obligation of good faith and fair dealing under section 45-10.2-35; or
 - (3) The person engaged in conduct relating to the activities of the limited partnership which make it not reasonably practicable to carry on the activities with the person as limited partner;
 - f. In the case of a person who is an individual, the death of the person;
 - g. In the case of a person that is a trust or is acting as a limited partner by virtue of being a trustee of a trust, distribution of the entire transferable interest in the limited partnership of the trust, but not merely by reason of the substitution of a successor trustee;
 - h. In the case of a person that is an estate or is acting as a limited partner by virtue of being a personal representative of an estate, distribution of the entire transferable interest of the estate in the limited partnership, but not merely by reason of the substitution of a successor personal representative;
 - i. Termination of a limited partner that is not an individual, partnership, limited liability company, corporation, trust, or estate; and
 - j. The participation by limited partnership in a conversion or merger under sections 45-10.2-94 through 45-10.2-106, if the limited partnership:
 - (1) Is not the converted or surviving organization; or
 - (2) Is the converted or surviving organization but, as a result of the conversion or merger, the person ceases to be a limited partner.

45-10.2-56. (602) Effect of dissociation as limited partner.

- 1. Upon the dissociation of a person as a limited partner:
 - a. Subject to section 45-10.2-65, the person does not have further rights as a limited partner;
 - b. The obligation of a person for good faith and fair dealing as a limited partner under subsection 2 of section 45-10.2-35 continues

only as to matters arising and events occurring before the dissociation; and

- c. Subject to section 45-10.2-65 and sections 45-10.2-94 through 45-10.2-106, any transferable interest owned by the person in the capacity as a limited partner immediately before dissociation is owned by the person as a mere transferee.
 2. The dissociation of a person as a limited partner does not of itself discharge the person from any obligation to the limited partnership or the other partners which the person incurred while a limited partner.

45-10.2-57. (603) Dissociation as general partner. A person is dissociated from a limited partnership as a general partner upon the occurrence of any of the following events:

 - c. The person is a corporation and, within ninety days after the limited partnership notifies the person that it will be expelled as a general partner because it filed a certificate of dissolution or the equivalent, its charter has been revoked, or its right to conduct business has been suspended by the jurisdiction of its incorporation, there is no revocation of the certificate of dissolution or no reinstatement of its charter or its right to conduct business; or
 - d. The person is a limited liability company or partnership that has been dissolved and whose business is being wound up;

- 10. Termination of a general partner that is not an individual, partnership, limited liability company, corporation, trust, or estate; or
- 11. The participation of the limited partnership in a conversion or merger under sections 45-10.2-94 through 45-10.2-106, if the limited partnership:
 - a. Is not the converted or surviving organization; or
 - b. Is the converted or surviving organization but, as a result of the conversion or merger, the person ceases to be a general partner.

45-10.2-58. (604) Power of a person to dissociate as a general partner - Wrongful dissociation.

1. A person has the power to dissociate as a general partner at any time, rightfully or wrongfully, by express will pursuant to subsection 1 of section 45-10.2-57.
2. The dissociation of a person as a general partner is wrongful only if:
 - a. It is in breach of an express provision of the partnership agreement; or
 - b. It occurs before the termination of the limited partnership and:

3. A person that wrongfully dissociates as a general partner is liable to the limited partnership and, subject to section 45-10.2-89, to the other partners for damages caused by the dissociation. The liability is in addition to any other obligation of the general partner to the limited partnership or to the other partners.

- e. Subject to section 45-10.2-65 and sections 45-10.2-94 through 45-10.2-106, any transferable interest owned by the person immediately before dissociation in the capacity as a general partner is owned by the person as a mere transferee.
- 2. The dissociation of a person as a general partner does not of itself discharge the person from any obligation to the limited partnership or the other partners which the person incurred while a general partner.

45-10.2-60. (606) Power to bind and liability to limited partnership before dissolution of partnership of person dissociated as general partner.

- 1. After a person is dissociated as a general partner and before the limited partnership is dissolved, or is converted or merged out of existence under sections 45-10.2-94 through 45-10.2-106, the limited partnership is bound by an act of the person if:

Except as otherwise provided in subsections 2 and 3, the person is not liable for an obligation of a limited partnership incurred after dissociation.
- 2. A person whose dissociation as a general partner resulted in a dissolution and winding up of the activities of the limited partnership is liable to the same extent as a general partner under section 45-10.2-40 on an obligation incurred by the limited partnership under section 45-10.2-70.

3. A person that has dissociated as a general partner but whose dissociation did not result in a dissolution and winding up of the activities of the limited partnership is liable on a transaction entered into by the limited partnership after the dissociation only if:

 - b. At the time the other party enters into the transaction:
 - (1) Less than two years have passed since the dissociation; and

1. A transfer, in whole or in part, of the transferable interest of a partner:
 - a. Is permissible;
 - b. Does not by itself cause the dissociation of a partner or a dissolution and winding up of the activities of the limited partnership; and
 - c. Does not, as against the other partners or the limited partnership, entitle the transferee:
 - (1) To participate in the management or conduct of the activities of the limited partnership;
 - (2) To require access to information concerning the transactions of the limited partnership except as otherwise provided in subsection 3; or
 - (3) To inspect or copy the required information or the other records of the limited partnership.

- 3. In a dissolution and winding up, a transferee is entitled to an account of the transactions of the limited partnership only from the date of dissolution.
- 4. Upon transfer, the transferor retains the rights of a partner other than the interest in distributions transferred and retains all duties and obligations of a partner.
- 5. A limited partnership need not give effect to the rights of a transferee under this section until the limited partnership has notice of the transfer.
- 6. A transfer of the transferable interest of a partner in the limited partnership in violation of a restriction on transfer contained in the partnership agreement is ineffective as to a person having notice of the restriction at the time of transfer.
- 7. A transferee that becomes a partner with respect to a transferable interest is liable for the obligations of the transferor under sections 45-10.2-47 and 45-10.2-54. However, the transferee is not obligated for liabilities unknown to the transferee at the time the transferee became a partner.

- 1. On application to a court of competent jurisdiction by any judgment creditor of a partner or transferee, the court may charge the transferable interest of the judgment debtor with payment of the unsatisfied amount of the judgment with interest. To the extent so charged, the judgment creditor has only the rights of a transferee. The court may appoint a receiver of the share of the distributions due or to become due to the judgment debtor in respect of the partnership and make all other orders, directions, accounts, and inquiries the judgment debtor might have made or which the circumstances of the case may require to give effect to the charging order.
- 2. A charging order constitutes a lien on the transferable interest of the judgment debtor. The court may order a foreclosure upon the interest subject to the charging order at any time. The purchaser at the foreclosure sale has the rights of a transferee.
- 3. At any time before foreclosure, an interest charged may be redeemed:
 - a. By the judgment debtor;
 - b. With property other than limited partnership property, by one or more of the other partners; or

45-10.2-65. (704) Power of estate of deceased partner. If a partner dies, then the personal representative or other legal representative of the deceased partner may exercise the rights of a transferee as provided in section 45-10.2-63 and, for the purposes of settling the estate, may exercise the rights of a current limited partner under section 45-10.2-34.

45-10.2-66. (801) Nonjudicial dissolution. Except as otherwise provided in section 45-10.2-67, a limited partnership is dissolved, and its activities must be wound up, only upon the occurrence of any of the following:

PUBLIC UTILITY ADVANCE DETERMINATION OF PRUDENCE

AN ACT to create and enact a new section to chapter 49-05 of the North Dakota Century Code, relating to advance determination of prudence for a public utility's proposed new construction, lease, or improvement of an energy conversion facility, renewable energy facility, transmission facility, or proposed energy purchase contract.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new section to chapter 49-05 of the North Dakota Century Code is created and enacted as follows:

Advance determination of prudence. A public utility proposing to construct, lease, or make improvements to an energy conversion facility, renewable energy facility, transmission facility, or proposed energy purchase contract from another entity or person for the purpose of ensuring reliable electric service to its customers may file an application with the commission for an advance determination of prudence regarding the proposal. The commission may order that expenses associated with investigating the application made by the public utility for prudence of a resource addition be paid by the public utility in accordance with section 49-02-02.

1. The commission may issue an order approving the prudence of an electric resource addition if:
 - a. The public utility files with its application a projection of costs to the date of the anticipated commercial operation of the electric resource addition;
 - b. The commission provides notice and holds a hearing, if appropriate, in accordance with section 49-02-02; and
 - c. The commission determines that the resource addition is reasonable and prudent. For facilities located or to be located in this state the commission, in determining whether the resource addition is reasonable and prudent, shall consider the benefits of having the energy conversion facility, renewable energy facility, transmission facility, or facility generating the energy to be purchased located in this state.
2. The commission order must be rendered no later than seven months after the public utility files its application requesting a prudence determination of an electric resource addition.

3. A resource addition approved by the commission is subject to annual reporting requirements until commercial operation of the resource addition.
4. The commission's order determining prudence of the resource adjustment is binding for ratemaking purposes.
5. If at any time following an initial commission order, the commission, following a subsequent hearing, determines that continuation of a project is no longer prudent or that its prior order should be modified, the public utility may recover in its rates, and in a timely manner consistent with the public utility's financial obligations, the amounts the public utility already has expensed, incurred, or obligated on a project, including interest expense and a return on equity invested in the project up to the time the new order is entered even though the project may never be fully operational or used by the public utility to serve its customers.
6. There is a rebuttable presumption that an energy conversion facility, renewable energy facility, transmission facility, or facility generating the energy to be purchased which is located in the state is prudent.

SECTION 4. AMENDMENT. Section 49-21-01.3 of the North Dakota Century Code is amended and reenacted as follows:

49-21-01.3. Certain price increases prohibited - Essential telecommunications services. Changes in essential telecommunications services prices are prohibited except as specifically provided for in chapter 49-21 and section 49-02-01.1.

1. All increases or decreases in governmentally imposed surcharges and any financial impact on cost of essential telecommunications services caused by governmentally imposed changes in taxes, accounting practices, or separations procedures must be fully reflected in any price for those services within thirty days of the effective date of the surcharge or change.
2. Nothing in this section prohibits the lowering of a price of an essential service based on reasonable business practices in a competitive environment provided that no price change may be anticompetitive or otherwise in violation of antitrust or unfair trade practice laws.
3. Whenever a price change provided for in this section is less than three percent of the existing price, notwithstanding any time limitations in this section, a telecommunications company may accumulate such changes in price subject to the following conditions:
 - a. Price increases may be accumulated up to a percentage total of five percent.
 - b. Price decreases may be accumulated only to the extent that there is an offsetting accumulated price increase of an equal or greater percentage. Accumulated price decreases may never exceed accumulated price increases.
 - c. Price decreases may be accumulated only for two years beginning January first of the year in which the change is allowed.
 - d. Accumulated price increases may be implemented at the discretion of the telecommunications company.

- e. The effective date of implementation of an accumulated price change may be prospective only, and in accordance with the filing requirements of section 49-21-04.
4. The monthly price of residence service for telecommunications companies with over fifty thousand subscribers may be increased after July 31, 1999, up to fifteen dollars and fifty cents and may be increased after June 30, 2000, up to eighteen dollars. A telecommunications company increasing prices under this subsection must submit a report to the commission reasonably demonstrating that it reduced the prices of its intrastate intraLATA message toll service and intrastate switched access, as such prices existed on January 1, 1999, in aggregate by an annual amount not less than the annual revenue increase resulting from the service price increases under this subsection. Reductions in message toll and switched access prices attributable to the price increases under this section must be made by similar percentages as to be accomplished in a competitively neutral manner. The commission may review the report and may set aside pursuant to section 49-21-06 the prices of intraLATA message toll service and intrastate switched access if the reductions have not been made in a revenue neutral manner and by similar percentages. Prices set aside pursuant to this section remain effective until the effective date of revised prices filed by the telecommunications company within forty-five days of the commission's order.
 5. The commission may investigate an increased price allowed pursuant to subsection 4 and may set aside all or part of the increase if it finds the price is unfair or unreasonable, provided a price for residence service at or below the price in effect on January 1, 1999, may not be set aside under this subsection or section 49-21-06. The commission may not set aside all or part of an increased price as unfair or unreasonable if the commission determines after notice and opportunity for hearing the average cost of providing residence service, as calculated under either representative embedded or forward-looking economic cost methodologies, including shared and common costs, exceeds the price resulting from the increase.
 6. Subject to the limitations of this section, nothing in this chapter prohibits an incumbent local exchange carrier from deaveraging local exchange service prices provided the incumbent local exchange carrier agrees to amend its commission approved interconnection agreements to allow for deaveraged interconnection prices effective concurrently with the deaveraged retail prices.

²⁰⁷ **SECTION 5. AMENDMENT.** Section 49-21-01.7 of the North Dakota Century Code is amended and reenacted as follows:

49-21-01.7. Powers in general. The commission has the power to:

49-21-02.2. Cross-subsidization prohibited. The commission may require a telecommunications company to keep separate books of account, to allocate costs in accordance with procedures established by rule or order of the commission, and to perform other acts that will assist the commission in enforcing this section. The price charged for an unregulated telecommunications service or a nonessential telecommunications service must cover the cost of providing that service.

SECTION 7. AMENDMENT. Section 49-21-10.2 of the North Dakota Century Code is amended and reenacted as follows:

49-21-10.2. Quality of service - Procedure and remedies. TRANSMISSION AUTHORITY

AN ACT to provide for the North Dakota transmission authority, provide for the planning, constructing, owning, financing, maintaining, operating, and disposing of electric transmission facilities and related infrastructure, and to authorize issuance of revenue bonds; to amend and reenact subdivision 1 of subsection 2 of section 28-32-01 of the North Dakota Century Code, relating to an Administrative Agencies Practice Act exemption for the transmission authority; and to provide for reports to the legislative council.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Declaration of findings and public purpose. The legislative assembly finds and declares that:

1. North Dakota has twenty-five billion tons of abundant, recoverable lignite coal reserves, enough to last eight hundred years at today's thirty million tons of annual production.
2. The lignite industry presently generates electricity for more than two million people in the northern great plains region and there is increased regional demand for development of North Dakota's lignite resources.
3. North Dakota has enormous wind resources, providing additional economic opportunity to broaden and diversify the state's economy and diversify the region's energy supply, and that timely development of these resources will stabilize and increase revenues to the state.
4. Transmission constraints impede the development of the state's lignite and wind resources.
5. An essential governmental function and public purpose is to assist with the removal of electric transmission export constraints and to assist with upgrading and expansion of the region's electrical transmission grid to facilitate the development of the state's abundant natural resources.
6. Developing and exporting our natural resources will promote the public interest by increasing employment, stimulating economic activity, augmenting sources of tax revenue, fostering economic stability, and improving the state's economy.
7. State ownership of electrical transmission facilities may not exceed the extent and duration necessary or useful to promote the public interest.

SECTION 2. North Dakota transmission authority. There is created the North Dakota transmission authority, which shall be governed by the industrial commission.

SECTION 3. Definitions. As used in this chapter:

1. "Authority" means the industrial commission acting as the North Dakota transmission authority.
2. "Commission" means the industrial commission.
3. "Notice of intent" means the notice a person delivers to the authority indicating willingness to construct transmission facilities contemplated by the authority or to provide services fulfilling the need for such transmission facilities.
4. "Project area" means the geographic area in which construction of a transmission facility contemplated by the authority is likely to occur.
5. "Transmission facilities" means electric transmission lines and substations, and related structures, equipment, rights of way, and works of public improvement, located within and outside this state, excluding electric generating facilities.

SECTION 4. Purposes. The purpose for which the authority is created is to diversify and expand the North Dakota economy by facilitating development of transmission facilities to support the production, transportation, and utilization of North Dakota electric energy.

SECTION 5. Powers. The authority has all powers necessary to carry out the purposes of this chapter, including the power to:

1. Make grants or loans and to provide other forms of financial assistance as necessary or appropriate for the purposes of this chapter;
2. Make and execute contracts and all other instruments necessary or convenient for the performance of its powers and functions under this chapter;
3. Borrow money and issue evidences of indebtedness as provided in this chapter;
4. Receive and accept aid, grants, or contributions of money or other things of value from any source, including aid, grants, or contributions from any department, agency, or instrumentality of the United States, subject to the conditions upon which the aid, grants, or contributions are made and consistent with the provisions of this chapter;
5. Issue and sell evidences of indebtedness in an amount or amounts as the authority may determine, but not to exceed eight hundred million dollars, plus costs of issuance, credit enhancement, and any reserve funds required by agreements with or for the benefit of holders of the evidences of indebtedness for the purposes for which the authority is created under this chapter, provided that the amount of any refinancing shall not be counted toward such eight hundred million dollar limitation to the extent it does not exceed the outstanding amount of the obligations being refinanced;
6. Refund and refinance its evidences of indebtedness;

7. Make and execute interest rate exchange contracts;
8. Enter lease-sale contracts;
9. Pledge any and all revenues derived by the authority under this chapter or from a transmission facility, service, or activity funded under this chapter to secure payment or redemption of the evidences of indebtedness;

SECTION 6. Authority may act.

1. The authority shall coordinate its plans for transmission facilities with regional organizations having transmission planning responsibilities for the project area.
2. Before exercising its powers to construct transmission facilities granted to it in this chapter, the authority shall publish in a newspaper of general circulation in North Dakota and in a newspaper in the project area, a notice describing the need for transmission facilities contemplated by the authority. Persons willing to construct the transmission facilities or furnish services to satisfy the needs described in the notice have a period of one hundred eighty days from the date of last publication of the notice within which to deliver to the authority a notice of intent. After receipt of a notice of intent, the authority may not exercise its powers to construct transmission facilities unless the authority finds that exercising its authority would be in the public interest. In making such a finding the authority shall consider factors including economic impact to the state, economic feasibility, technical performance, reliability, past performance and the likelihood of successful completion and ongoing operation.
3. The authority may require a person giving a notice of intent to provide a bond and to submit a plan for completion of the transmission facilities or

commencement of services within a period of time acceptable to the authority. If no person submits an adequate plan or bond as required by the authority, the authority may proceed with contracting for construction of the facility described in the authority's published notice.

SECTION 7. Authority may participate upon request. The authority may participate in a transmission facility through financing, planning, joint ownership, or other arrangements at the request of a person giving a notice of intent.

- 6. Any pledge of revenue made by the industrial commission as security for the authority's evidences of indebtedness is valid and binding from time to time when the pledge is made. The revenues or other moneys so pledged and thereafter received by the authority are immediately subject to the lien of any such pledge without any physical delivery thereof or further act, and the lien of any such pledge is valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the authority, regardless of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be filed or recorded, except in the records of the authority.
- 7. The authority is authorized and empowered to obtain from any entity of the state, any department or agency of the United States of America, or any nongovernmental insurer any insurance, guaranty, or liquidity facility, or from a financial institution a letter of credit to the extent such insurance, guaranty, liquidity facility, or letter of credit now or hereafter available, as to, or for, the payment or repayment of, interest or principal, or both, or any part thereof, on any evidences of indebtedness issued by the authority pursuant to this chapter, and to enter into any agreement or contract with respect to any such insurance, guaranty, letter of credit, or liquidity facility, and pay any required fee, unless the same would impair or interfere with the ability of the authority to fulfill the terms of any agreement made with the holders of its evidences of indebtedness.

Upon sale or disposal by the authority, transmission facilities built under this chapter are subject to the provisions of title 49.
2. The authority shall consult with the public service commission with respect to the rates charged by the authority for use of its transmission facilities and such rates must thereafter be considered just and reasonable in proceedings before the public service commission pursuant to section 49-05-06.

Except as provided in subsection 2, before benefits under this chapter may be provided to an otherwise eligible applicant who is fifty-five years of age or older, the department of human services, or the successor of that department, must be irrevocably named on each annuity owned by that applicant, or by the spouse of that applicant, that complies with subsection 4, as primary beneficiary for payment of amounts due following the death of the applicant and the applicant's spouse, if any, not to exceed the amount of benefits paid under this chapter on behalf of that applicant after age fifty-five, plus interest on that amount at the legal rate from six months after the applicant's death. If the department receives notice within ninety days of the death of the applicant or the applicant's spouse that reliably demonstrates that the applicant is survived by a minor child who resided and was supported financially by the deceased or by a permanently and totally disabled child, the department shall remit any payments made to the department under this section to those survivors in equal shares. When the obligations to the minor child or children who resided and were supported financially by the deceased or the permanently and totally disabled child or children and the department are fulfilled, the department shall remit any future payments made to the department under this section to the contingent beneficiaries selected by the annuitant regarding each annuity owned by the applicant or by the spouse of the applicant which complies with subsection 4.

SECTION 2. APPLICATION. If any provision of this Act is determined by the federal government to be in conflict with existing or future federal requirements with respect to federal participation in medical assistance, the federal requirements prevail.

SECTION 1. A new section to chapter 50-24.1 of the North Dakota Century Code is created and enacted as follows:

Effect of purchase of long-term care insurance on eligibility for medical assistance benefits.

1. Notwithstanding any other provision of law to the contrary, the assets of an individual must be disregarded when determining medical assistance eligibility if the individual owns a long-term care insurance policy as described in this section and purchased before application for medical assistance was made. For purposes of this section, assets mean any kind of property or property interest, whether real, personal, or mixed, whether liquid or illiquid, and whether presently vested with possessory rights and that would be considered in determining eligibility for medical assistance. The following asset disregards must be applied:
 - a. A one dollar increase in the medical assistance asset limit must be granted to an individual who is the beneficiary of a long-term care insurance policy that meets the requirements of this section for each one dollar of benefit paid out under the individual's long-term care insurance policy for long-term care services; or
 - b. The total assets an individual owns and may retain and still qualify for medical assistance benefits at the time the individual applies for benefits must be disregarded if the individual is the beneficiary of a long-term care insurance policy that meets the requirements of this section, provides maximum benefits at the time of purchase of at least the total asset protection amount in effect at the time of purchase, and includes a provision under which the daily benefit increases by at least five percent per year compounded at least annually, and that individual has exhausted the benefits of the long-term care insurance policy.
2. As used in this section, long-term care insurance has the meaning set forth in section 26.1-45-01.
3. As used in this section, "total asset protection amount" means a maximum benefit equal to one hundred sixty-four thousand two hundred

fifty dollars for policies purchased during 2005 and that amount plus an additional five percent compounded annually for policies purchased in any year after 2005.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Two new sections to chapter 50-24.1 of the North Dakota Century Code are created and enacted as follows:

Long-term care facility information. NURSING HOME AND BASIC CARE RATES

AN ACT to amend and reenact sections 50-24.4-06 and 50-24.4-10, subsection 1 of section 50-24.4-11, sections 50-24.4-13, 50-24.4-14, 50-24.4-16, 50-24.4-19, and 50-24.4-27, and subsection 3 of section 50-24.5-02 of the North Dakota Century Code, relating to nursing home rates and basic care rates; and to repeal section 50-24.4-09 of the North Dakota Century Code, relating to interim rates for nursing homes.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 50-24.4-06 of the North Dakota Century Code is amended and reenacted as follows:

50-24.4-06. Rate determination. The department shall determine prospective payment rates for resident care costs. ~~For rate years beginning on or after January 1, 1990, the~~ The department shall develop procedures for determining operating cost payment rates that take into account the mix of resident needs and other factors as determined by the department.

The department shall establish, by rule, limitations on compensation recognized in the historical base for top management personnel. Compensation for top management personnel must be categorized as a general and administrative cost and is subject to any limits imposed on that cost category.

SECTION 2. AMENDMENT. Section 50-24.4-10 of the North Dakota Century Code is amended and reenacted as follows:

50-24.4-10. Operating costs after January 1, 1990.

1. ~~For rate years beginning on or after January 1, 1990, the~~ The department shall establish procedures for determining per diem reimbursement for operating costs.
2. ~~The department shall maintain access to national and state economic change indices that can be applied to the appropriate cost categories when determining the operating cost payment rate.~~
3. The department shall analyze and evaluate each nursing home's cost report of allowable operating costs incurred by the nursing home during the reporting year immediately preceding the rate year for which the payment rate becomes effective.
4. 3. The department shall establish limits on actual allowable historical operating cost per diems based on cost reports of allowable operating costs ~~for the reporting year that begins July 1, 1987,~~ taking into consideration relevant factors including resident needs, nursing hours necessary to meet resident needs, size of the nursing home, and the

costs that must be incurred for the care of residents in an efficiently and economically operated nursing home. ~~The limits established by the department may not be less, in the aggregate, than the sixtieth percentile of total actual allowable historical operating cost per diems for each group of nursing homes established under this chapter based on cost reports of allowable operating costs in the previous reporting year. The limits established under this subsection remain in effect until the department establishes a new base period. For the rate year beginning 2006, the department shall establish limits for cost categories using the June 30, 2003, cost report year as the base period. The limits may not fall below the median of the most recent cost report. Until the a new base period is established, the department shall adjust the limits annually using the appropriate economic change indices established in subsection 5 by the inflation rate for nursing home services used to develop the legislative appropriation for the department. In determining allowable historical operating cost per diems for purposes of setting limits and nursing home payment rates, the department shall divide the allowable historical operating costs by the actual number of resident days, except that where a nursing home is occupied at less than ninety percent of licensed capacity days, the department may establish procedures to adjust the computation of the indirect care cost per diem to an imputed occupancy level at or below ninety percent. To encourage the development of home and community-based services as an alternative to nursing home care, the department may waive the imputed occupancy level requirements for a nursing home that the department determines to be providing significant home and community-based services in coordination with home and community-based service providers to avoid duplicating existing services. The department shall establish efficiency incentives as appropriate for indirect care costs. The department may establish efficiency incentives for different operating cost categories. The department shall consider establishing efficiency incentives in care-related cost categories. The department may combine one or more operating cost categories and may use different methods for calculating payment rates for each operating cost category or combination of operating cost categories.~~

5. ~~The department shall establish a composite index or indices based on the average of the increase in the Data Resources, Incorporated, nursing home input price index and the increase in the consumer price index for all urban wage earners and clerical workers (all items, United States city average) to be applied to specific operating cost categories or combination of operating cost categories.~~
6. 4. Each nursing home shall receive an operating cost payment rate equal to the sum of the nursing home's operating cost payment rates for each operating cost category. The operating cost payment rate for an operating cost category must be the lesser of the nursing home's historical operating cost in the category increased by the ~~appropriate index established in subsection 5~~ inflation rate for nursing home services used to develop the legislative appropriation for the department for the operating cost category plus an efficiency incentive established pursuant to subsection 4 3 or the limit for the operating cost category increased by the same ~~index~~ inflation rate. If a nursing home's actual historic operating costs are greater than the prospective payment rate for that rate year, there may be no retroactive cost settle-up. In

establishing payment rates for one or more operating cost categories, the department may establish separate rates for different classes of residents based on their relative care needs.

7. 5. Effective July 1, 1991, the ~~The~~ efficiency incentives to be established by the department pursuant to subsection 4 3 for a facility with an actual rate below the limit rate for indirect care costs must include the lesser of two dollars and sixty cents per resident day or the amount determined by multiplying seventy percent times the difference between the actual rate, exclusive of inflation ~~indices~~ rates, and the limit rate, exclusive of current inflation ~~indices~~ rates. The efficiency incentive must be included as a part of the indirect care cost rate.
8. 6. Effective July 1, 1991, each ~~Each~~ nursing home must receive an operating margin of at least three percent based upon the lesser of the actual direct care and other direct care costs and the limit rate prior to inflation. The operating margin will then be added to the rate for direct care and other direct care cost categories.
7. A new base period must be established at least every four years beginning with the cost report period June 30, 2006.

SECTION 3. AMENDMENT. Subsection 1 of section 50-24.4-11 of the North Dakota Century Code is amended and reenacted as follows:

1. ~~For rate years beginning on or after January 1, 1991, the~~ The department may allow a one-time adjustment to historical operating costs of a nursing home that has been found by the department to be significantly below care related minimum standards appropriate to the mix of resident needs in that nursing home when it is determined by the department that the nursing home is unable to meet minimum standards through reallocation of nursing home costs and efficiency incentives or allowances. In developing procedures to allow adjustments, the department shall specify the terms and conditions governing any additional payments made to a nursing home as a result of the adjustment. The department shall establish procedures to recover amounts paid under this section, in whole or in part, and to adjust current and future rates, for nursing homes that fail to use the adjustment to satisfy care related minimum standards.

SECTION 4. AMENDMENT. Section 50-24.4-13 of the North Dakota Century Code is amended and reenacted as follows:

50-24.4-13. Exclusion. Until procedures for determining operating cost payment rates according to mix of resident needs are established for nursing homes that exclusively provide residential services for nongeriatric individuals with physical disabilities or units within nursing homes which exclusively provide geropsychiatric services, such nursing homes or units within nursing homes may not be included in the calculation of the ~~percentiles of any group~~ limits of any cost categories. Each of these nursing homes or units within nursing homes shall receive its actual allowed historical operating cost per diem adjusted by a ~~percentage amount equal to the increase, if any, in the national or state economic change index, made available under section 50-24.4-10~~ the inflation rate for nursing home services used to develop the legislative appropriation for the department, and which the department determines to be relevant to residential services for nongeriatric individuals with physical disabilities or geropsychiatric services.

SECTION 5. AMENDMENT. Section 50-24.4-14 of the North Dakota Century Code is amended and reenacted as follows:

50-24.4-14. General and administrative costs after January 1, 1990. ~~For rate years beginning on or after January 1, 1990, all~~ All general and administrative costs must be included in general and administrative costs in total, without direct or indirect allocation to other cost categories. In a nursing home of sixty or fewer beds, part of an administrator's salary may be allocated to other cost categories to the extent justified in records kept by the nursing home. Central or home office costs representing services of consultants required by law in areas including, but not limited to, dietary, pharmacy, social services, or activities may be allocated to the appropriate department, but only if those costs are directly identified by the nursing home. Central, affiliated, or corporate office costs representing services of consultants not required by law in the areas of nursing, medical records, dietary, other care related services, and plant operations may be allocated to the appropriate operating cost category of a nursing home according to subsections 1 through 5.

1. Only the salaries, fringe benefits, and payroll taxes associated with the individual performing the service may be allocated. No other costs may be allocated.
2. The allocation must be based on direct identification and only to the extent justified in time distribution records that show the actual time spent by the consultant performing the services ~~in~~ for the nursing home.
3. The cost in subsection 1 for each consultant must not be allocated to more than one operating cost category in the nursing home. If more than one nursing home is served by a consultant, all nursing homes shall allocate the consultant's cost to the same operating category.
4. Top management personnel must not be considered consultants.
5. The consultant's full-time responsibilities are to provide the services identified in this section.

SECTION 6. AMENDMENT. Section 50-24.4-16 of the North Dakota Century Code is amended and reenacted as follows:

50-24.4-16. Special rates.

1. For nursing homes with a significant capacity increase and for newly constructed nursing homes, which first provide services on or after July 1, 1988, and which are not included in the calculation of the ~~percentile for any group~~ limits of any cost category, the department shall establish procedures for determining interim operating cost payment rates. The interim payment rate may not be in effect for more than eighteen months. The department shall establish procedures for determining the interim rate and for making a retroactive cost settle-up for periods when an interim rate was in effect.
2. As soon as is practicable following the establishment of the procedures required by subsection 1, the department shall apply the special rates for all affected facilities ~~for rate periods beginning on or after January 1, 1990.~~

SECTION 7. AMENDMENT. Section 50-24.4-19 of the North Dakota Century Code is amended and reenacted as follows:

50-24.4-19. Prohibited practices. ~~From and after January 1, 1990, a~~ A nursing home is not eligible to receive medical assistance payments unless it refrains from all of the following:

1. Charging private-paying residents rates for similar services which exceed those rates which are approved by the department for medical assistance recipients, as determined by the prospective desk audit rate, except under the following circumstances: the nursing home may charge private-paying residents a higher rate for a private room and charge for special services which are not included in the daily rate if medical assistance residents are charged separately at the same rate for the same services in addition to the daily rate paid by the department of human services. Services covered by the payment rate must be the same regardless of payment source. Special services, if offered, must be offered to all residents and charged separately at the same rate. Residents are free to select or decline special services. Special services must not include services which must be provided by the nursing home in order to comply with licensure or certification standards and that if not provided would result in a deficiency or violation by the nursing home. Services beyond those required to comply with licensure or certification standards must not be charged separately as a special service if they were included in the payment rate for the previous reporting year. A nursing home that charges a private-paying resident a rate in violation of this chapter is subject to an action by the state or any of its subdivisions or agencies for civil damages. A private-paying resident or the resident's legal representative has a cause of action for civil damages against a nursing home that charges the resident rates in violation of this chapter. The damages awarded shall include three times the payments that result from the violation, together with costs and disbursements, including reasonable ~~attorneys'~~ attorney's fees or their equivalent.
2. Requiring an applicant for admission to the home, or the guardian or conservator of the applicant, as a condition of admission, to pay any fee or deposit in excess of one hundred dollars, loan any money to the nursing home, or promise to leave all or part of the applicant's estate to the home.
3. Requiring any resident of the nursing home to utilize a vendor of health care services who is a licensed physician or pharmacist chosen by the nursing home.
4. Providing differential treatment on the basis of status with regard to public assistance.
5. Discriminating in admissions, services offered, or room assignment on the basis of status with regard to public assistance. Admissions discrimination shall include, but is not limited to:
 - a. Basing admissions decisions upon assurance by the applicant to the nursing home, or the applicant's guardian or conservator, that the applicant is neither eligible for nor will seek public assistance for payment of nursing home care costs.

- b. Engaging in preferential selection from waiting lists based on an applicant's ability to pay privately.

The collection and use by a nursing home of financial information of any applicant pursuant to a preadmission screening program does not raise an inference that the nursing home is utilizing that information for any purpose prohibited by this chapter.

6. Requiring any vendor of medical care, who is reimbursed by medical assistance under a separate fee schedule, to pay any portion of the vendor's fee to the nursing home except as payment for the fair market value of renting or leasing space or equipment of the nursing home or purchasing support services, if those agreements are disclosed to the department.
7. Refusing, for more than twenty-four hours, to accept a resident returning to the resident's same bed or a bed certified for the same level of care, in accordance with a physician's order authorizing transfer, after receiving inpatient hospital services.
8. Violating any of the rights of health care facility residents enumerated in section 50-10.2-02.
9. Charging a managed care organization a rate that is less than the rate approved by the department for a medical assistance recipient in the same classification.

SECTION 8. AMENDMENT. Section 50-24.4-27 of the North Dakota Century Code is amended and reenacted as follows:

50-24.4-27. Medicare certification. All nursing facilities certified under the medical assistance program shall participate in medicare part A and part B with respect to at least thirty percent of the beds in the facility unless, after submitting an application, medicare certification is denied by the federal health care financing administration. The facility shall file on behalf of each patient or assist each patient in the filing of requests for any third-party benefits to which the patient may be entitled. ~~Medicare review must be conducted at the time of the annual medical assistance review.~~ Charges for medicare-covered services provided to residents who are simultaneously eligible for medical assistance and medicare must be billed to medicare part A or part B before billing medical assistance. Medical assistance may be billed only for charges not reimbursed by medicare.

SECTION 9. AMENDMENT. Subsection 3 of section 50-24.5-02 of the North Dakota Century Code is amended and reenacted as follows:

3. Supplement, within the limits of legislative appropriation, the income of an eligible beneficiary receiving necessary basic care services to the extent that the eligible beneficiary lacks income sufficient to meet the cost of that care, provided at rates determined by the department adjusted by the inflation rate for basic care services used to develop the legislative appropriation for the department.

AN ACT to create and enact sections 51-07-02.1, 51-07-02.2, and 51-07-02.3 of the North Dakota Century Code, relating to contractual relationships between automobile and truck wholesalers and retailers; to amend and reenact section 51-07-01.1 of the North Dakota Century Code, relating to the termination of a contractual relationship between automobile and truck wholesalers and retailers; and to provide for application.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 51-07-01.1 of the North Dakota Century Code is amended and reenacted as follows:

51-07-01.1. Termination of retail contract to be done in good faith - Definition of good cause.

1. Any manufacturer, wholesaler, or distributor of merchandise and tools covered under section 51-07-01, ~~who~~ excluding automobile dealers, truck dealers, or parts dealers of the automobiles or trucks, that enters into a contract with any person engaged in the business of retailing the covered merchandise by which the retailer agrees to maintain a stock of the covered merchandise may not terminate, cancel, or fail to renew the contract with the retailer without good cause.
2. For the purpose of this section, good cause for terminating, canceling, or failing to renew a contract is limited to failure by the retailer to substantially comply with those essential and reasonable requirements imposed by the contract between the parties if the requirements are not different from those requirements imposed on other similarly situated retailers. ~~Further, the~~ The determination by the manufacturer, wholesaler, or distributor of good cause for the termination, cancellation, or failure to renew must be made in good faith.
3. In any action against a manufacturer, wholesaler, or distributor for violation of this section, the manufacturer, wholesaler, or distributor shall establish that the termination, cancellation, or failure to renew was made in good faith for good cause. If a notice of termination is issued and the dealer challenges the notice by filing an action, there is an automatic stay during the pendency of the action. If the manufacturer, wholesaler, or distributor fails to establish good cause for its action, the manufacturer, wholesaler, or distributor is liable for all special and general damages sustained by the plaintiff, including the costs of the litigation and reasonable attorney's fees for prosecuting the action and the plaintiff, if appropriate, is entitled to injunctive relief. ~~The provisions of this~~ This section apply applies to all contracts now in effect which

have no expiration date and are continuing contracts and all other contracts entered into, amended, or renewed after July 31, 2003. Any contract in force and effect on August 1, 2003, which by its terms will terminate on a date subsequent thereto is governed by the law as it existed before August 1, 2003.

SECTION 2. Section 51-07-02.1 of the North Dakota Century Code is created and enacted as follows:

51-07-02.1. Change in automobile or truck franchise agreement - Notification requirements.

1. At least ninety days before any change in or from an existing contract which will substantially impair the sales, the service obligations, or investment of a retailer of automobiles or trucks, or parts of the automobiles or trucks, the manufacturer, wholesaler, or distributor that is a party to the contract shall give notice by certified mail to the retailer of the intended change and the specific grounds for the change.
2. If the manufacturer, wholesaler, or distributor fails to give the proper notice under subsection 1, the change is voidable at the option of the retailer.
3. A contract between a manufacturer, wholesaler, or distributor and a retailer of automobiles or trucks, or parts of the automobiles or trucks, is offered for automatic renewal under the same terms unless notice is provided under subsection 1.
4. A retailer may file an action against the manufacturer, wholesaler, or distributor for violation of this section or for a determination of whether the action proposed by the manufacturer, wholesaler, or distributor is an unfair or a prohibited change in or from the contract. Contracts and certificates of appointment continue in effect until final determination of the issues in the action.
5. A change in or from a contract is unfair and prohibited if the change is not clearly permitted by the agreement; is not taken in good faith; is not taken for good cause; is based on an alleged breach of the agreement which is not in fact a material and substantial breach; or, if the grounds relied on for the change have not been applied in a uniform and consistent manner by the manufacturer, wholesaler, or distributor. Good faith means honesty in fact and fair dealing. The manufacturer, wholesaler, or distributor shall have the burden of proof that any action taken by the manufacturer, wholesaler, or distributor is fair and not prohibited. A manufacturer, wholesaler, or distributor that fails to carry the burden of proof is liable for all special and general damages sustained by the retailer, including the costs of litigation and reasonable attorney's fees. If appropriate, the retailer is entitled to injunctive relief.

SECTION 3. Section 51-07-02.2 of the North Dakota Century Code is created and enacted as follows:

51-07-02.2. Dealership transfers. A retailer of automobiles or trucks, or parts for the automobiles or trucks, may not transfer, assign, or sell a franchise agreement to another person unless the retailer first provides written notice to the franchisor of the intended action. Within sixty days of receiving the notice, the

franchisor must approve or deny the action. If the franchisor denies the action, the franchisor shall provide material reasons for the denial to the franchisee. If the franchisor does not respond within the sixty-day period, the action is deemed approved. The refusal by the franchisor to accept a proposed transferee who meets the written, reasonable, and uniformly applied standards of qualifications of the franchisor relating to the financial qualifications of the transferee and business experience of the transferee is presumed to be unreasonable. If an action is rejected by the franchisor, the franchisee may file an action for determination of a violation of this section. The retailer may elect to pursue either the retailer's remedy under the contract or the remedy provided in this section. The franchisor has the burden of proof with respect to all issues raised in the action. The court shall approve the transfer unless the franchisor can prove the proposed transferee does not meet the written, reasonable, and uniformly applied standards regarding financial qualifications and business experience.

SECTION 4. Section 51-07-02.3 of the North Dakota Century Code is created and enacted as follows:

51-07-02.3. Prohibited acts. A manufacturer, wholesaler, or distributor of automobiles or trucks, or parts of the automobiles or trucks, that enters a contract with any person engaged in the business of selling or retailing automobiles, trucks, or parts for the automobiles or trucks, may not:

1. Coerce or attempt to coerce the retailer into accepting delivery of automobiles, trucks, parts, or accessories that the retailer has not ordered voluntarily.
2. Condition or attempt to condition the sale of automobiles or trucks on a requirement that the automobile or truck retailer purchase other goods or services, except that the manufacturer, wholesaler, or distributor may require a retailer to purchase all parts reasonably necessary to maintain the quality of operation and telecommunications necessary to communicate with the manufacturer, wholesaler, or distributor.
3. Coerce or attempt to coerce an automobile or truck retailer into not carrying dual lines or into maintaining separate facilities as long as the retailer's facilities otherwise satisfy the reasonable requirements of the manufacturer, wholesaler, or distributor.
4. Discriminate in the prices charged for automobiles or trucks of like grade and quality sold by automobile or truck manufacturers to similarly situated automobile or truck retailers. This prohibition does not prevent the use of differentials that solely make due allowance for differences in the cost of manufacture, sale, or delivery or for differing methods or quantities in which the automobiles or trucks are sold or delivered by the manufacturer, wholesaler, or distributor.
5. Attempt or threaten to terminate, cancel, or fail to renew, or substantially change the competitive circumstances of the dealership contracts for any reason other than the failure of the automobile or truck retailer to comply with the terms of the contract between the parties, if the attempt or threat is based on the results of a circumstance beyond the retailer's control, including a natural disaster in the dealership market area or a labor dispute.

SECTION 5. APPLICATION OF ACT. This Act applies to all contracts in effect on August 1, 2005, which do not have an expiration date and are continuing contracts and all other contracts entered, amended, or renewed after July 31, 2005. 3. "Consumer reporting agency" means any person that, for monetary fees or dues or on a cooperative nonprofit basis, regularly engages in the practice of assembling or evaluating consumer credit information or other information on consumers for the purpose of furnishing consumer reports to third parties, and which uses any means or facility of interstate or intrastate commerce for the purpose of preparing or furnishing consumer reports. The term does not include an agency that compiles and maintains files on consumers on a nationwide basis, as described in 15 U.S.C. 1681a(p), a "reseller" as defined in 15 U.S.C. 1681a(u), when engaged in the act of the reselling of consumer information or other information, or a "nationwide specialty consumer reporting agency" that maintains "check writing history" as defined in 15 U.S.C. 1681a(w)(3).
4. "File", when used in connection with information on any consumer, means all of the information on that consumer reported and retained by a consumer reporting agency regardless of how the information is stored.
