HEALTH CARE DIRECTIVE PROVISIONS

AN ACT to amend and reenact sections 23-06.5-03 and 23-06.5-05.1 of the North Dakota Century Code, relating to provisions of a health care directive.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 23-06.5-03 of the North Dakota Century Code is amended and reenacted as follows:

23-06.5-03. Health care directive.

1. A principal may execute a health care directive. A health care directive may include one or more health care instructions to health care providers, others assisting with health care, family members, and a health care agent. A health care directive may include a power of attorney to appoint an agent to make health care decisions for the principal when the principal lacks the capacity to make health care decisions, unless otherwise specified in the health care directive. Subject to the provisions of this chapter and any express limitations set forth by the principal in the health care directive, the agent has the authority to make any and all health care decisions on the principal's behalf that the principal could make.
2. After consultation with the attending physician and other health care providers, the agent shall make health care decisions:
 - a. In accordance with the agent's knowledge of the principal's wishes and religious or moral beliefs, as stated orally, or as contained in the principal's health care directive; or
 - b. If the principal's wishes are unknown, in accordance with the agent's assessment of the principal's best interests. In determining the principal's best interests, the agent shall consider the principal's personal values to the extent known to the agent.
3. A health care directive, including the agent's authority, is in effect only when the principal lacks capacity to make health care decisions, as certified in writing by the principal's attending physician and filed in the principal's medical record, and ceases to be effective upon a determination that the principal has recovered capacity.
4. Notwithstanding subsection 3, the principal may authorize in a health care directive that the agent make health care decisions for the principal even though the principal retains capacity to make health care decisions. In that case, the health care directive is in effect as stated in the health care directive under any conditions the principal may impose. The principal's authorization under this subsection may be revoked in

the same manner as a health care directive may be revoked under section 23-06.5-07.

5. The principal's attending physician shall make reasonable efforts to inform the principal of any proposed treatment, or of any proposal to withdraw or withhold treatment.
6. Nothing in this chapter permits an agent to consent to admission to a mental health facility or state institution for a period of more than forty-five days without a mental health proceeding or other court order, or to psychosurgery, abortion, or sterilization, unless the procedure is first approved by court order.

4. Limitations, if any, on the nomination of the agent as guardian under chapter 30.1-28;
5. A document of gift for the purpose of making an anatomical gift, as set forth in chapter 23-06.2 or an amendment to, revocation of, or refusal to make an anatomical gift;

HEALTH CARE DIRECTIVES

AN ACT to amend and reenact sections 23-06.5-10 and 23-06.5-17 of the North Dakota Century Code, relating to health care directives.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 23-06.5-10 of the North Dakota Century Code is amended and reenacted as follows:

23-06.5-10. Freedom from influence.

- 1- A health care provider, long-term care services provider, health care service plan, insurer issuing disability insurance, self-insured employee welfare benefit plan, or nonprofit hospital service plan may not charge a person a different rate or require any person to execute a health care directive as a condition of admission to a hospital or long-term care facility nor as a condition of being insured for, or receiving, health care or long-term care services. Health care or long-term care services may not be refused because a person has executed a health care directive.
- 2- ~~The appointment of an agent is not effective if, at the time of execution, the principal is a resident of a long-term care facility unless a recognized member of the clergy, an attorney licensed to practice in this state, or a person as may be designated by the department of human services or the district court for the county in which the facility is located, signs a statement affirming that the person has explained the nature and effect of the appointment to the principal or unless the principal acknowledges in writing that the principal has read a written explanation of the nature and effect of the appointment.~~
- 3- ~~The appointment of an agent is not effective if, at the time of execution, the principal is being admitted to or is a patient in a hospital unless a person designated by the hospital or an attorney licensed to practice in this state signs a statement that the person has explained the nature and effect of the appointment to the principal or unless the principal acknowledges in writing that the principal has read a written explanation of the nature and effect of the appointment.~~

SECTION 2. AMENDMENT. Section 23-06.5-17 of the North Dakota Century Code is amended and reenacted as follows:

23-06.5-17. Optional health care directive form. The following is an optional form of a health care directive and is not a required form:

HEALTH CARE DIRECTIVE

I _____, understand this document allows me to do ONE OR ALL of the following:

PART I: Name another person (called the health care agent) to make health care decisions for me if I am unable to make and communicate health care decisions for myself. My health care agent must make health care decisions for me based on the instructions I provide in this document (Part II), if any, the wishes I have made known to him or her, or my agent must act in my best interest if I have not made my health care wishes known.

AND/OR

PART II: Give health care instructions to guide others making health care decisions for me. If I have named a health care agent, these instructions are to be used by the agent. These instructions may also be used by my health care providers, others assisting with my health care and my family, in the event I cannot make and communicate decisions for myself.

AND/OR

PART III: Allows me to make an organ and tissue donation upon my death by signing a document of anatomical gift.

PART I: APPOINTMENT OF HEALTH CARE AGENT
THIS IS WHO I WANT TO MAKE HEALTH CARE DECISIONS
FOR ME IF I AM UNABLE TO MAKE AND COMMUNICATE
HEALTH CARE DECISIONS FOR MYSELF

(I know I can change my agent or alternate agent at any time
and I know I do not have to appoint an agent or an alternate agent)

NOTE: If you appoint an agent, you should discuss this health care directive with your agent and give your agent a copy. If you do not wish to appoint an agent, you may leave Part I blank and go to Part II and/or Part III. None of the following may be designated as your agent: your treating health care provider, a nonrelative employee of your treating health care provider, an operator of a long-term care facility, or a nonrelative employee of a long-term care facility.

When I am unable to make and communicate health care decisions for myself, I trust and appoint _____ to make health care decisions for me. This person is called my health care agent.

Relationship of my health care agent to me: _____

Telephone number of my health care agent: _____

Address of my health care agent: _____

(OPTIONAL) APPOINTMENT OF ALTERNATE HEALTH CARE AGENT: If my health care agent is not reasonably available, I trust and appoint _____ to be my health care agent instead.

Relationship of my alternate health care agent to me: _____

Telephone number of my alternate health care agent: _____

Address of my alternate health care agent: _____

**THIS IS WHAT I WANT MY HEALTH CARE AGENT TO BE ABLE TO DO
IF I AM UNABLE TO MAKE AND COMMUNICATE HEALTH CARE DECISIONS
FOR MYSELF**

(I know I can change these choices)

My health care agent is automatically given the powers listed below in (A) through (D). My health care agent must follow my health care instructions in this document or any other instructions I have given to my agent. If I have not given health care instructions, then my agent must act in my best interest.

Whenever I am unable to make and communicate health care decisions for myself, my health care agent has the power to:

(A) Make any health care decision for me. This includes the power to give, refuse, or withdraw consent to any care, treatment, service, or procedures. This includes deciding whether to stop or not start health care that is keeping me or might keep me alive and deciding about mental health treatment.

(B) Choose my health care providers.

(C) Choose where I live and receive care and support when those choices relate to my health care needs.

(D) Review my medical records and have the same rights that I would have to give my medical records to other people.

If I DO NOT want my health care agent to have a power listed above in (A) through (D) OR if I want to LIMIT any power in (A) through (D), I MUST say that here:

My health care agent is NOT automatically given the powers listed below in (1) and (2). If I WANT my agent to have any of the powers in (1) and (2), I must INITIAL the line in front of the power; then my agent WILL HAVE that power.

____(1) To decide whether to donate any parts of my body, including organs, tissues, and eyes, when I die.

____(2) To decide what will happen with my body when I die (burial, cremation).

If I want to say anything more about my health care agent's powers or limits on the powers, I can say it here:

PART II: HEALTH CARE INSTRUCTIONS

NOTE: Complete this Part II if you wish to give health care instructions. If you appointed an agent in Part I, completing this Part II is optional but would be very helpful to your agent. However, if you chose not to appoint an agent in Part I, you MUST complete, at a minimum, Part II (B) if you wish to make a valid health care directive.

These are instructions for my health care when I am unable to make and communicate health care decisions for myself. These instructions must be followed (so long as they address my needs).

(A) THESE ARE MY BELIEFS AND VALUES ABOUT MY HEALTH CARE
(I know I can change these choices or leave any of them blank)

I want you to know these things about me to help you make decisions about my health care:

My goals for my health care:

My fears about my health care:

My spiritual or religious beliefs and traditions:

My beliefs about when life would be no longer worth living:

My thoughts about how my medical condition might affect my family:

(B) THIS IS WHAT I WANT AND DO NOT WANT FOR MY HEALTH CARE
(I know I can change these choices or leave any of them blank)

Many medical treatments may be used to try to improve my medical condition or to prolong my life. Examples include artificial breathing by a machine connected to a tube in the lungs, artificial feeding or fluids through tubes, attempts to start a stopped heart, surgeries, dialysis, antibiotics, and blood transfusions. Most medical treatments can be tried for a while and then stopped if they do not help.

I have these views about my health care in these situations:

(Note: You can discuss general feelings, specific treatments, or leave any of them blank).

If I had a reasonable chance of recovery and were temporarily unable to make and communicate health care decisions for myself, I would want:

If I were dying and unable to make and communicate health care decisions for myself, I would want:

If I were permanently unconscious and unable to make and communicate health care decisions for myself, I would want:

If I were completely dependent on others for my care and unable to make and communicate health care decisions for myself, I would want:

In all circumstances, my doctors will try to keep me comfortable and reduce my pain. This is how I feel about pain relief if it would affect my alertness or if it could shorten my life:

There are other things that I want or do not want for my health care, if possible:

Who I would like to be my doctor:

Where I would like to live to receive health care:

Where I would like to die and other wishes I have about dying:

My wishes about what happens to my body when I die (cremation, burial):

Any other things:

PART III: MAKING AN ANATOMICAL GIFT

I would like to be an organ donor at the time of my death. I have told my family my decision and ask my family to honor my wishes. I wish to donate the following (initial one statement):

☐ Any needed organs and tissue.

☐ Only the following organs and tissue: _____

23-06.6-03. Who may make an anatomical gift before donor's death. Subject to section 23-06.6-07, an anatomical gift of a donor's body or part may be made during the life of the donor for the purpose of transplantation, therapy, research, or education in the manner provided in section 23-06.6-04 by:

23-06.6-04. Manner of making anatomical gift before donor's death.

If the donor or other person is physically unable to sign a record, the record may be signed by another individual at the direction of the donor or other person and must:

- 3. Revocation, suspension, expiration, or cancellation of a driver's license or identification card upon which an anatomical gift is indicated does not invalidate the gift.
- 4. An anatomical gift made by will takes effect upon the donor's death whether or not the will is probated. Invalidation of the will after the donor's death does not invalidate the gift.

23-06.6-05. Amending or revoking anatomical gift before donor's death.

- 1. Subject to section 23-06.6-07, a donor or other person authorized to make an anatomical gift under section 23-06.6-03 may amend or revoke an anatomical gift by:

4. Except as otherwise provided in subsection 8 of section 23-06.6-07, in the absence of an express, contrary indication by the individual set forth in the refusal, an individual's unrevoked refusal to make an anatomical gift of the individual's body or part bars all other persons from making an anatomical gift of the individual's body or part.

23-06.6-07. Preclusive effect of anatomical gift, amendment, or revocation.

1. Except as otherwise provided in subsection 7 and subject to subsection 6, in the absence of an express, contrary indication by the donor, a person other than the donor is barred from making, amending, or revoking an anatomical gift of a donor's body or part if the donor made an anatomical gift of the donor's body or part under section

23-06.6-04 or an amendment to an anatomical gift of the donor's body or part under section 23-06.6-05.

2. A donor's revocation of an anatomical gift of the donor's body or part under section 23-06.6-05 is not a refusal and does not bar another person specified in section 23-06.6-03 or 23-06.6-08 from making an anatomical gift of the donor's body or part under section 23-06.6-04 or 23-06.6-09.

4. A revocation of an anatomical gift of a donor's body or part under section 23-06.6-05 by a person other than the donor does not bar another person from making an anatomical gift of the body or part under section 23-06.6-04 or 23-06.6-09.
5. In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift under section 23-06.6-03, an anatomical gift of a part is neither a refusal to give another part nor a limitation on the making of an anatomical gift of another part at a later time by the donor or another person.
6. In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift under section 23-06.6-03, an anatomical gift of a part for one or more of the purposes set forth in section 23-06.6-03 is not a limitation on the making of an anatomical gift of the part for any of the other purposes by the donor or any other person under section 23-06.6-04 or 23-06.6-09.
7. If a donor who is an unemancipated minor dies, a parent of the donor who is reasonably available may revoke or amend an anatomical gift of the donor's body or part.

2. If there is more than one member of a class listed in subdivision a, c, d, e, f, g, or i of subsection 1 entitled to make an anatomical gift, an anatomical gift may be made by a member of the class unless that member or a person to which the gift may pass under section 23-06.6-10 knows of an objection by another member of the class. If an objection is known, the gift may be made only by a majority of the members of the class who are reasonably available.
3. A person may not make an anatomical gift if, at the time of the decedent's death, a person in a prior class under subsection 1 is reasonably available to make or to object to the making of an anatomical gift.

If more than one member of the prior class is reasonably available, the gift made by a person authorized under section 23-06.6-08 may be:
- a. Amended only if a majority of the reasonably available members agree to the amending of the gift; or
 - b. Revoked only if a majority of the reasonably available members agree to the revoking of the gift or if they are equally divided as to whether to revoke the gift.
3. A revocation under subsection 2 is effective only if, before an incision has been made to remove a part from the donor's body or before invasive procedures have begun to prepare the recipient, the procurement organization, transplant hospital, or physician or technician knows of the revocation.

23-06.6-10. Persons that may receive anatomical gift - Purpose of anatomical gift.

1. An anatomical gift may be made to the following persons named in the document of gift:

 - a. A hospital; accredited medical school, dental school, college, or university; organ procurement organization; or other appropriate person for research or education;

2. If an anatomical gift to an individual under subdivision b of subsection 1 cannot be transplanted into the individual, the part passes in accordance with subsection 7 in the absence of an express, contrary indication by the person making the anatomical gift.
3. If an anatomical gift of one or more specific parts or of all parts is made in a document of gift that does not name a person described in subsection 1 but identifies the purpose for which an anatomical gift may be used, the following rules apply:

 - d. If the part is an organ, an eye, or tissue and the gift is for the purpose of research or education, the gift passes to the appropriate procurement organization.
4. For the purpose of subsection 3, if there is more than one purpose of an anatomical gift set forth in the document of gift but the purposes are not set forth in any priority, the gift must be used for transplantation or therapy, if suitable. If the gift cannot be used for transplantation or therapy, the gift may be used for research or education.
5. If an anatomical gift of one or more specific parts is made in a document of gift that does not name a person described in subsection 1 and does not identify the purpose of the gift, the gift may be used only for transplantation or therapy, and the gift passes in accordance with subsection 7.
6. If a document of gift specifies only a general intent to make an anatomical gift by words such as "donor", "organ donor", or "body donor", or by a symbol or statement of similar import, the gift may be

used only for transplantation or therapy, and the gift passes in accordance with subsection 7.

10. A person may not accept an anatomical gift if the person knows that the gift was not effectively made under section 23-06.6-04 or 23-06.6-09 or if the person knows that the decedent made a refusal under section 23-06.6-06 that was not revoked. For purposes of the subsection, if a person knows that an anatomical gift was made on a document of gift, the person is deemed to know of any amendment or revocation of the gift or any refusal to make an anatomical gift on the same document of gift.
11. Except as otherwise provided in subdivision b of subsection 1, nothing in this chapter affects the allocation of organs for transplantation or therapy.

23-06.6-11. Search and notification.

23-06.6-13. Rights and duties of procurement organization and others.

1. When a hospital refers an individual at or near death to a procurement organization, the organization shall make a reasonable search of the records of the department of transportation and any donor registry that it knows exists for the geographical area in which the individual resides to ascertain whether the individual has made an anatomical gift.
2. A procurement organization must be allowed reasonable access to information in the records of the department of transportation to ascertain whether an individual at or near death is a donor.
3. When a hospital refers an individual at or near death to a procurement organization, the organization may conduct any reasonable examination necessary to ensure the medical suitability of a part that is or could be the subject of an anatomical gift for transplantation, therapy, research, or education from a donor or a prospective donor. During the examination period, measures necessary to ensure the medical suitability of the part may not be withdrawn unless the hospital or procurement organization knows that the individual expressed a contrary intent.
4. Unless prohibited by law other than this chapter, at any time after a donor's death, the person to which a part passes under section 23-06.6-10 may conduct any reasonable examination necessary to ensure the medical suitability of the body or part for its intended purpose.
5. Unless prohibited by law other than this chapter, an examination under subsection 3 or 4 may include an examination of all medical and dental records of the donor or prospective donor.
6. Upon the death of a minor who was a donor or had signed a refusal, unless a procurement organization knows the minor is emancipated, the procurement organization shall conduct a reasonable search for the parents of the minor and provide the parents with an opportunity to revoke or amend the anatomical gift or revoke the refusal.
7. Upon referral by a hospital under subsection 1, a procurement organization shall make a reasonable search for any person listed in

section 23-06.6-08 having priority to make an anatomical gift on behalf of a prospective donor. If a procurement organization receives information that an anatomical gift to any other person was made, amended, or revoked, it shall promptly advise the other person of all relevant information.

8. Subject to subsection 9 of section 23-06.6-10 and section 23-06.6-22, the rights of the person to which a part passes under section 23-06.6-10 are superior to the rights of all others with respect to the part. The person may accept or reject an anatomical gift in whole or in part. Subject to the terms of the document of gift and this chapter, a person that accepts an anatomical gift of an entire body may allow embalming, burial or cremation, and use of remains in a funeral service. If the gift is of a part, the person to which the part passes under section 23-06.6-11, upon the death of the donor and before embalming, burial, or cremation, shall cause the part to be removed without unnecessary mutilation.
9. Neither the physician who attends the decedent at death nor the physician who determines the time of the decedent's death may participate in the procedures for removing or transplanting a part from the decedent.

23-06.6-16. Other prohibited act - Penalty. A person that, in order to obtain a financial gain, intentionally falsifies, forges, conceals, defaces, or obliterates a document of gift, an amendment or revocation of a document of gift, or a refusal commits a class B misdemeanor.

23-06.6-17. Immunity.

1. A person that acts in accordance with this chapter or with the applicable anatomical gift law of another state, or attempts in good faith to do so, is not liable for the act in a civil action, criminal prosecution, or administrative proceeding.
2. Neither the person making an anatomical gift nor the donor's estate is liable for any injury or damage that results from the making or use of the gift.

3. In determining whether an anatomical gift has been made, amended, or revoked under this chapter, a person may rely upon representations of an individual listed in subdivision b, c, d, e, f, g, or h of subsection 1 of section 23-06.6-08 relating to the individual's relationship to the donor or prospective donor unless the person knows that the representation is untrue.

2. If a document of gift is valid under this section, the law of this state governs the interpretation of the document of gift.

23-06.6-19. Donor registry.

1. The state department of health may establish or contract for the establishment of a donor registry.
2. The department of transportation shall cooperate with a person that administers any donor registry that this state establishes, contracts for, or recognizes for the purpose of transferring to the donor registry all relevant information regarding a donor's making, amendment to, or revocation of an anatomical gift.
3. A donor registry must:
 - a. Allow a donor or other person authorized under section 23-06.6-04 to include on the donor registry a statement or symbol that the donor has made, amended, or revoked an anatomical gift;
 - b. Be accessible to a procurement organization to allow it to obtain relevant information on the donor registry to determine, at or near death of the donor or a prospective donor, whether the donor or prospective donor has made, amended, or revoked an anatomical gift; and
 - c. Be accessible for purposes of subdivisions a and b seven days a week on a twenty-four-hour basis.
4. Personally identifiable information on a donor registry about a donor or prospective donor may not be used or disclosed without the express

consent of the donor, prospective donor, or person that made the anatomical gift for any purpose other than to determine, at or near death of the donor or prospective donor, whether the donor or prospective donor has made, amended, or revoked an anatomical gift.

5. This section does not prohibit any person from creating or maintaining a donor registry that is not established by or under contract with the state. Any such registry must comply with subsections 3 and 4.

23-06.6-20. Effect of anatomical gift on advance health care directive.

1. In this section:
 - a. "Advance health care directive" means a health care directive under chapter 23-06.5, a power of attorney for health care, or a record signed by a prospective donor containing the prospective donor's direction concerning a health care decision for the prospective donor.
 - b. "Declaration" means a record signed by a prospective donor specifying the circumstances under which a life support system may be withheld or withdrawn from the prospective donor.
 - c. "Health care decision" means any decision made regarding the health care of the prospective donor.
2. If a prospective donor has a declaration or advance health care directive, measures necessary to ensure the medical suitability of an organ for transplantation or therapy may not be withheld or withdrawn from the prospective donor, unless the declaration or advance health care directive expressly provides to the contrary.

23-06.6-21. Cooperation between coroner or medical examiner and a procurement organization.

1. A coroner or medical examiner shall cooperate with procurement organizations to maximize the opportunity to recover anatomical gifts for the purpose of transplantation, therapy, research, or education.
2. If a coroner or medical examiner receives notice from a procurement organization that an anatomical gift might be available or was made with respect to a decedent whose body is under the jurisdiction of the coroner or medical examiner and a post-mortem examination is going to be performed, unless the coroner or medical examiner denies recovery in accordance with section 23-06.6-22, the coroner or medical examiner or designee of the coroner or medical examiner shall conduct a post-mortem examination of the body or the part in a manner and within a period compatible with its preservation for the purposes of the gift.
3. A part may not be removed from the body of a decedent under the jurisdiction of a coroner or medical examiner for transplantation, therapy, research, or education unless the part is the subject of an anatomical gift. The body of a decedent under the jurisdiction of the coroner or medical examiner may not be delivered to a person for research or education unless the body is the subject of an anatomical gift. This subsection does not preclude a coroner or medical examiner

from performing the medicolegal investigation upon the body or parts of a decedent under the jurisdiction of the coroner or medical examiner.

23-06.6-22. Facilitation of anatomical gift from decedent whose body is under jurisdiction of coroner or medical examiner.

1. Upon request of a procurement organization, a coroner or medical examiner shall release to the procurement organization the name, contact information, and available medical and social history of a decedent whose body is under the jurisdiction of the coroner or medical examiner. If the decedent's body or part is medically suitable for transplantation, therapy, research, or education, the coroner or medical examiner shall release post-mortem examination results to the procurement organization. The procurement organization may make a subsequent disclosure of the post-mortem examination results or other information received from the coroner or medical examiner only if relevant to transplantation or therapy.
2. The coroner or medical examiner may conduct a medicolegal examination by reviewing all medical records, laboratory test results, x-rays, other diagnostic results, and other information that any person possesses about a donor or prospective donor whose body is under the jurisdiction of the coroner or medical examiner which the coroner or medical examiner determines may be relevant to the investigation.
3. A person that has any information requested by a coroner or medical examiner pursuant to subsection 2 shall provide that information as expeditiously as possible to allow the coroner or medical examiner to conduct the medicolegal investigation within a period compatible with the preservation of parts for the purpose of transplantation, therapy, research, or education.
4. If an anatomical gift has been or might be made of a part of a decedent whose body is under the jurisdiction of the coroner or medical examiner and a post-mortem examination is not required, or the coroner or medical examiner determines that a post-mortem examination is required but that the recovery of the part that is the subject of an anatomical gift will not interfere with the examination, the coroner or medical examiner and procurement organization shall cooperate in the timely removal of the part from the decedent for the purpose of transplantation, therapy, research, or education.
5. If an anatomical gift of a part from the decedent under the jurisdiction of the coroner or medical examiner has been or might be made, but the coroner or medical examiner initially believes that the recovery of the part could interfere with the post-mortem investigation into the decedent's cause or manner of death, the coroner or medical examiner shall consult with the procurement organization or physician or technician designated by the procurement organization about the proposed recovery. The procurement organization shall provide the coroner or medical examiner with all information the organization has which could relate to the cause or manner of the decedent's death. After consultation, the coroner or medical examiner may allow the recovery.

6. Following the consultation under subsection 5, in the absence of mutually agreed-upon protocols to resolve conflict between the coroner or medical examiner and the procurement organization, if the coroner or medical examiner intends to deny recovery of an organ for transplantation, the coroner or medical examiner or designee of the coroner or medical examiner, at the request of the procurement organization, shall attend the removal procedure for the part before making a final determination not to allow the procurement organization to recover the part. During the removal procedure, the coroner or medical examiner or designee or the coroner or medical examiner may allow recovery by the procurement organization to proceed, or, if the coroner or medical examiner or designee of the coroner or medical examiner reasonably believes that the part may be involved in determining the decedent's cause or manner of death, deny recovery by the procurement organization.
7. If the coroner or medical examiner or designee or the coroner or medical examiner denies recovery under subsection 6, the coroner or medical examiner or designee of the coroner or medical examiner shall:
 - a. Explain in a record the specific reasons for not allowing recovery of the part;
 - b. Include the specific reasons in the records of the coroner or medical examiner; and
 - c. Provide a record with the specific reasons to the procurement organization.
8. If the coroner or medical examiner or designee of the coroner or medical examiner allows recovery of a part under subsection 4, 5, or 6, the procurement organization, upon request, shall cause the physician or technician who removes the part to provide the coroner or medical examiner with a record describing the condition of the part, a biopsy, a photograph, and any other information and observations that would assist in the post-mortem examination.
9. If a coroner or medical examiner or designee of a coroner or medical examiner is required to be present at a removal procedure under subsection 6, upon request the procurement organization requesting the recovery of the part shall reimburse the coroner or medical examiner or designee of the coroner or medical examiner for the additional costs incurred in complying with subsection 6.

If on the first day of July in any year the amount of money in the petroleum release compensation fund is less than six million dollars, the annual registration fee of fifty dollars is increased to one hundred dollars. If on the first day of July in any year the amount of money in the petroleum release compensation fund is five million five hundred thousand dollars or more and the annual registration fee has been increased to one hundred dollars, the fee must be reduced to fifty dollars. Annual registration fees must be reduced to five dollars if on the first day of July in any year the amount of money in the fund exceeds nine million dollars. Annual registration fees must continue at the fee of five dollars until the money in the fund does not exceed nine million dollars. ~~An owner or operator of a tank that was required to be registered by law on or before July 1, 2001, shall pay seventy-five dollars for each aboveground tank and one hundred~~

A tank integrity test must also be performed. The environmental study and tank integrity test must be reviewed by the commissioner along with the application for registration with the fund. If the commissioner rejects the application, the applicant is denied eligibility to the fund. However, if the site is remediated and the leaking tank is replaced, the applicant may reapply for registration with the fund. A new installation that is using a used tank must provide tank integrity test results for the used tank. Use of a synthetic liner in an aboveground dike system negates the need for a tank integrity test. The owner or operator of a new tank at a new site or a new tank at an existing site that had a tank registered at the site previously need only pay the required fees for registration with the fund.
4. If accepted for registration with the fund, the owner or operator of the tank shall pay seventy-five dollars for each aboveground tank and one hundred twenty-five dollars for an underground tank for each underground tank for each previous year that the tank was required to be registered for which a fee was not paid, regardless of ownership in each of those years.

The application must include the name and complete mailing address and street address of the tanning facility and any other information reasonably required by the department for the administration of this section.
2. The permit fee established by the department must be based on the cost of conducting routine and complaint inspections and enforcement actions and the cost of preparing and sending license renewals. Any fee collected under this section must be deposited in the department's operating fund in the state treasury and any expenditure from the fund is subject to appropriation by the legislative assembly. The department

shall waive all or a portion of the permit fee for any tanning facility that is subject to local jurisdiction.

2. A tanning facility shall give to each of the tanning facility's customers written notice of the following:
 - a. Failure to wear the eye protection provided by the tanning facility may result in damage to the customer's eyes and may cause cataracts;

3. A tanning facility shall display prominently a warning sign in each area where a tanning device is used. The warning sign must convey the following directions and information:
 - a. Follow instructions.
 - b. Avoid too frequent or too lengthy exposure. Like exposure to the sun, use of a tanning device can cause eye and skin injury and allergic reactions. Repeated exposure can cause chronic sun damage, which is characterized by wrinkling, dryness, fragility and bruising of the skin, and skin cancer.

Consult a physician before using a tanning device if you are using medications, have a history of skin problems, or believe that you are especially sensitive to sunlight. Women who are pregnant or using birth control pills and who use a tanning device may develop discolored skin.
 - f. If your skin does not tan when exposed to the sun, it is unlikely that your skin will tan when exposed to this tanning device.
- 4. The tanning facility shall maintain a record of the date on which each fluorescent tube is replaced.

INSURANCE DEFINITIONS AND RATE FILINGS

AN ACT to amend and reenact sections 26.1-25-02.1 and 26.1-25-04 of the North Dakota Century Code, relating to the definitions of noncompetitive market, insurance company rate filings, and policy forms.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 26.1-25-02.1 of the North Dakota Century Code is amended and reenacted as follows:

26.1-25-02.1. Definitions.

1. "Advisory organization" means any entity, including its affiliates or subsidiaries, which either has two or more member insurers or is controlled either directly or indirectly by two or more insurers, and which assists insurers in ratemaking-related activities as enumerated in this chapter. Two or more insurers having a common ownership or operating in this state under common management or control constitute a single insurer for purposes of this definition.
2. "Commercial risk" means any kind of risk which is not a personal risk.
3. "Competitive market" means a commercial risk market that has not been found to be noncompetitive as provided for in section 26.1-25-04. All commercial risk markets except crop hail, farmowners, and medical malpractice insurance are presumed to be competitive.
4. "Developed losses" means losses including loss adjustment expenses, adjusted, using standard actuarial techniques, to eliminate the effect of differences between current payment or reserve estimates and those needed to provide actual ultimate loss including loss adjustment expense payments.
4. ~~5.~~ "Expenses" means that portion of a rate attributable to acquisition, field supervision, collection expenses, general expenses, taxes, licenses, and fees.
5. ~~6.~~ "Joint underwriting" means a voluntary arrangement established to provide insurance coverage for a commercial risk pursuant to which two or more insurers jointly contract with the insured at a price and under policy terms agreed upon between the insurers.
6. ~~7.~~ "Loss trending" means any procedure for projecting developed losses to the average date of loss for the period during which the policies are to be effective.

8. "Noncompetitive market" means the crop hail, farmowners, and medical malpractice insurance markets together with any other line of commercial risk insurance that has not been found by the commissioner to have a reasonable degree of competitiveness within the market considering:

- a. Market concentration and changes in market concentration determined through the use of the herfindahl-hirschman index and the United States department of justice merger guidelines for an unconcentrated market;
- b. The existence of financial and other barriers that prevent a company from entering the market;
- c. The number of insurers or groups of affiliated insurers providing coverage in the market;
- d. The extent to which any insurer or group of affiliated insurers controls the market;
- e. Whether the total number of companies writing the line of insurance in this state is sufficient to provide multiple insurance options in the market;
- f. The availability of insurance coverage to consumers in the markets by specific geographic area, by line of insurance, and by class of risk; and
- g. The opportunities available in the market to acquire pricing and other consumer information.

A determination that a market is noncompetitive may not be based solely on the consideration of any one factor.

~~7.~~ 9. "Personal risk" means homeowners, tenants, private passenger nonfleet automobiles, mobile homes, and other property and casualty insurance for personal, family, or household needs.

~~8.~~ 10. "Pool" means a voluntary arrangement, established on an ongoing basis, pursuant to which two or more insurers participate in the sharing of risks on a predetermined basis. The pool may operate through an association, syndicate, or other pooling agreement.

~~9.~~ 11. "Prospective loss costs" means that portion of a rate that does not include provisions for expenses other than loss adjustment expenses, or profit, and are based on historical aggregate losses and loss adjustment expenses adjusted through development to their ultimate value and projected through trending to a future point in time.

~~40.~~ 12. "Rate" means that cost of insurance per exposure unit whether expressed as a single member or as a prospective loss cost with an adjustment to account for the treatment of expenses, profit, and individual insurer variation in loss experience, prior to any application of individual risk variations based on loss or expense considerations, and does not include minimum premium.

- ~~44-~~ 13. "Residual market mechanism" means an arrangement, either voluntary or mandated by law, involving participation by insurers in the equitable apportionment among them of insurance which may be afforded applicants who are unable to obtain insurance through ordinary methods.
- ~~42-~~ 14. "Supplementary rating information" includes any manual or plan of rates, classification, rating schedule, minimum premium, policy fee, rating rule, underwriting rule, statistical plan, and any other similar information needed to determine the applicable rate in effect or to be in effect.
- ~~43-~~ 15. "Supporting information" means:
- The experience and judgment of the filer and the experience or date of other insurers or advisory organizations relied upon by the filer;
 - The interpretation of any other data relied upon by the filer; and
 - Descriptions of methods used in making the rates and any other information required by the commissioner to be filed.

SECTION 2. AMENDMENT. Section 26.1-25-04 of the North Dakota Century Code is amended and reenacted as follows:

26.1-25-04. Rate filings.

- Every insurer shall file with the commissioner, except as to inland marine risks which by general custom of the business are not written according to manual rates or rating plans, every manual, minimum class rate, rating schedule or rating plan, and every other rating rule, and every modification of any of the foregoing which it proposes to use. Every filing must state the proposed effective date thereof and must indicate the character and extent of the coverage contemplated. When a filing is not accompanied by the information upon which the insurer supports the filing, and the commissioner does not have sufficient information to determine whether the filing meets the requirements of this chapter, the commissioner shall require the insurer to furnish the information upon which it supports the filing and the waiting period commences as of the date the information is furnished. Every insurer shall file or incorporate by reference to material which has been approved by the commissioner, at the same time as the filing of the rate, all supplementary rating and supporting information to be used in support of or in conjunction with a rate. The information furnished in support of a filing may include:
 - The experience or judgment of the insurer or advisory organization making the filing.
 - Its interpretation of any statistical data upon which it relies.
 - The experience of other insurers or advisory organizations.
 - Any other relevant factors.

A filing and any supporting information is open to public inspection after the filing becomes effective. Specific inland marine rates on risks specially rated, made by an advisory organization, must be filed with the commissioner.

2. After reviewing an insurer's filing, the commissioner may require that the insurer's rates be based upon the insurer's own loss and expense information. If the insurer's loss or allocated loss adjustment expense information is not actuarially credible, as determined by the commissioner, the insurer may use or supplement its experience with information filed with the commissioner by an advisory organization. Insurers utilizing the services of an advisory organization must provide with their rate filing, at the request of the commissioner, a description of the rationale for such use, including its own information and method of utilization of the advisory organization's information. This chapter does not require any insurer to become a member of or a subscriber to any advisory organization.
3. The commissioner shall review filings as soon as reasonably possible after they have been made in order to determine whether they meet the requirements of this chapter.
4. Subject to the exceptions specified in ~~subsection~~ subsections 5 and 6, each filing must be on file for a waiting period of sixty days before it becomes effective. The period may be extended by the commissioner for an additional period not to exceed fifteen days if the commissioner gives written notice within the waiting period to the insurer or advisory organization which made the filing that the commissioner needs the additional time for the consideration of the filing. Upon written application by the insurer or advisory organization, the commissioner may authorize a filing which the commissioner has reviewed to become effective before the expiration of the waiting period or any extension thereof. A filing is deemed to meet the requirements of this chapter unless disapproved by the commissioner within the waiting period or any extension thereof.
5. ~~Any special A filing with respect to a surety or guaranty bond required by law or by court or executive order or by order or rule of a public body, not covered by a previous filing, becomes effective when filed and~~ competitive market commercial risk rate filing, a private passenger automobile rate filing in which the average rate change is less than five percent, or a homeowner rate filing in which the average rate change is less than five percent is deemed to meet the requirements of this chapter until such time as the commissioner reviews the filing and so long thereafter as the filing remains in effect. Specific inland marine rates on risks specially rated by an advisory organization become effective when filed and are deemed to meet the requirements of this chapter until such time as the commissioner reviews the filing and so long thereafter as the filing remains in effect.
6. An insurer must file notice of a rate change for either a competitive market commercial risk product, a private passenger automobile rate filing in which the average rate change is less than five percent, or a homeowner rate filing in which the average rate change is less than five percent with the commissioner within thirty days after implementing the rate change. The exemption provided in subsection 5 for a private

passenger automobile or homeowner rate change filing is limited to no more than one filing per calendar year.

7. The commissioner after notice and hearing may determine by order that a commercial risk market is noncompetitive. A rate filing for a product in a noncompetitive commercial risk market is subject to the provisions of chapter 26.1-25. The commissioner's order finding that a commercial risk market is noncompetitive expires after two years.
8. Under any rules the commissioner may adopt, the commissioner may, by written order, suspend or modify the requirement of filing as to any kind of insurance, subdivision, or combination thereof, or as to classes of risks, the rates for which cannot practicably be filed before they are used. The orders and rules must be made known to insurers and advisory organizations affected thereby. The commissioner may make any examination the commissioner deems advisable to ascertain whether any rates affected by the order meet the standards set forth in subdivision e of subsection 1 of section 26.1-25-03.
- ~~7.~~ 9. Upon the written application of the insured, stating the insured's reasons therefor, filed with and approved by the commissioner, a rate in excess of that provided by a filing otherwise applicable may be used on any specific risk.
- ~~8.~~ 10. No insurer may make or issue a contract or policy except in accordance with the filings that have been approved and are in effect for the insurer as provided in this chapter or in accordance with subsection ~~6~~ 8 or ~~7~~ 9.
- ~~9.~~ 11. Nothing in this chapter may be construed to require an advisory organization or its members or its subscribers to immediately refile final rates or premium charges previously approved by the commissioner. Members or subscribers of an advisory organization are authorized to continue to use insurance rates or premium charges approved before July 1, 1991, or decreases from those rates or premium charges filed by the advisory organization and subsequently approved after July 1, 1991.

- e. Receipt of the proceeds of a viatical settlement may adversely affect the viator's eligibility for medicaid or other government benefits or entitlements, and advice should be obtained from the appropriate government agencies.
- f. The viator has the right to rescind a viatical settlement contract before the earlier of sixty calendar days after the date upon which the viatical settlement contract is executed by all parties or thirty calendar days after the viatical settlement proceeds have been delivered to the escrow agent by or on behalf of the settlement provider, as provided in subsection 6 of section 26.1-33.3-09. Rescission, if exercised by the viator, is effective only if both notice of the rescission is given, and the viator repays all proceeds and any premiums, loans, and loan interest paid on account of the viatical settlement provider within the rescission period. If the insured dies during the rescission period, the viatical settlement contract shall be deemed to have been rescinded, subject to repayment by the viator or the viator's estate of all viatical settlement proceeds and any premiums, loans, and loan interest the viatical settlement within sixty days of the insured's death.
- g. Funds will be sent to the viator by the later of the expiration of the rescission period or within three business days after the viatical settlement provider has received the insurer or group administrator's written acknowledgment that ownership of the policy or interest in the certificate has been transferred and the beneficiary has been designated.
- h. Entering into a viatical settlement contract may cause other rights or benefits, including conversion rights and waiver of premium benefits that may exist under the policy or certificate, to be forfeited by the viator. Assistance should be sought from a financial adviser.
- i. Disclosure to a viator shall include distribution of a brochure describing the process of viatical settlements. The national association of insurance commissioner's form for the brochure shall be used unless another form is developed or approved by the commissioner.

- j. The disclosure document shall contain the following language: "All medical, financial or personal information solicited or obtained by a viatical settlement provider or viatical settlement broker about an insured, including the insured's identity or the identity of family members, a spouse or a significant other may be disclosed as necessary to effect the viatical settlement between the viator and the viatical settlement provider. If you are asked to provide this information, you will be asked to consent to the disclosure. The information may be provided to someone who buys the policy or provides funds for the purchase. You may be asked to renew your permission to share information every two years."
 - k. Following execution of a viatical contract, the insured may be contacted for the purpose of determining the insured's health status and to confirm the insured's residential or business street address and telephone number, or as otherwise provided in this chapter. This contact shall be limited to once every three months if the insured has a life expectancy of more than one year, and no more than once per month if the insured has a life expectancy of one year or less. All such contacts shall be made only by a viatical settlement provider licensed in the state in which the viator resided at the time of the viatical settlement, or by the authorized representative of a duly licensed viatical settlement provider.
2. A viatical settlement provider shall provide the viator with at least the following disclosures no later than the date the viatical settlement contract is signed by all parties. The disclosures shall be conspicuously displayed in the viatical settlement contract or in a separate document signed by the viator and provide the following information:
- a. The affiliation, if any, between the viatical settlement provider and the issuer of the insurance policy to be viaticated;
 - b. The document shall include the name, business address, and telephone number of the viatical settlement provider;
 - c. Any affiliations or contractual arrangements between the viatical settlement provider and the viatical settlement purchaser;
 - d. If an insurance policy to be viaticated has been issued as a joint policy or involves family riders or any coverage of a life other than the insured under the policy to be viaticated, the viator shall be informed of the possible loss of coverage on the other lives under the policy and shall be advised to consult with the viator's insurance producer or the insurer issuing the policy for advice on the proposed viatical settlement;
 - e. State the dollar amount of the current death benefit payable to the viatical settlement provider under the policy or certificate. If known, the viatical settlement provider shall also disclose the availability of any additional guaranteed insurance benefits, the dollar amount of any accidental death and dismemberment benefits under the policy or certificate, and the extent to which the viator's interest in those benefits will be transferred as a result of the viatical settlement contract; and

- f. Provide the name, business address, and telephone number of the independent third-party escrow agent, and the fact that the viator or owner may inspect or receive copies of the relevant escrow or trust agreements or documents.
- 3. A viatical settlement broker shall provide the viator with at least the following disclosures no later than the date the viatical settlement contract is signed by all parties. The disclosures shall be conspicuously displayed in the viatical settlement contract or in a separate document signed by the viator and provide the following information:
 - a. The name, business address, and telephone number of the viatical settlement broker;
 - b. A full, complete, and accurate description of all offers, counteroffers, acceptances and rejections relating to the proposed viatical settlement contract;
 - c. A written disclosure of any affiliations or contractual arrangements between the viatical settlement broker and any person making an offer in connection with the proposed viatical settlement contracts;
 - d. The amount and method of calculating the broker's compensation, which term "compensation" includes anything of value paid or given to a viatical settlement broker for the placement of a policy; and
 - e. If any portion of the viatical settlement broker's compensation, as defined in subdivision c, is taken from a proposed viatical settlement offer, the broker shall disclose the total amount of the viatical settlement offer and the percentage of the viatical settlement offer comprised by the viatical settlement broker's compensation.
- 4. If the viatical settlement provider transfers ownership or changes the beneficiary of the insurance policy, the provider shall communicate in writing the change in ownership or beneficiary to the insured within twenty days after the change.
- 5. A viatical settlement provider or its viatical settlement investment agent shall provide the viatical settlement purchaser with at least the following disclosures prior to the date the viatical settlement purchase agreement is signed by all parties. The disclosures shall be conspicuously displayed in any viatical purchase contract or in a separate document signed by the viatical settlement purchaser and viatical settlement provider or viatical settlement investment agent, and shall make the following disclosure to the viatical settlement purchaser:
 - a. The purchaser will receive no returns, such as dividends and interest, until the insured dies and a death claim payment is made.
 - b. The actual annual rate of return on a viatical settlement contract is dependent upon an accurate projection of the insured's life expectancy, and the actual date of the insured's death. An annual "guaranteed" rate of return is not determinable.

- c. The viaticated life insurance contract should not be considered a liquid purchase since it is impossible to predict the exact timing of its maturity and the funds probably are not available until the death of the insured. There is no established secondary market for resale of these products by the purchaser.
- d. The purchaser may lose all benefits or may receive substantially reduced benefits if the insurer goes out of business during the term of the viatical investment.
- e. The purchaser is responsible for payment of the insurance premium or other costs related to the policy, if required by the terms of the viatical purchase agreement. These payments may reduce the purchaser's return. If a party other than the purchaser is responsible for the payment, the name and address of that party also shall be disclosed.
- f. The purchaser is responsible for payment of the insurance premiums or other costs related to the policy if the insured returns to health. Disclose the amount of such premiums, if applicable.
- g. State the name, business address, and telephone number of the independent third party providing escrow services and the relationship to the broker.
- h. The amount of any trust fees or other expenses to be charged to the viatical settlement purchaser shall be disclosed.
- i. State whether the purchaser is entitled to a refund of all or part of the purchaser's investment under the settlement contract if the policy is later determined to be null and void.
- j. Disclose that group policies may contain limitations or caps in the conversion rights, additional premiums may have to be paid if the policy is converted, name the party responsible for the payment of the additional premiums and, if a group policy is terminated and replaced by another group policy, state that there may be no right to convert the original coverage.
- k. Disclose the risks associated with policy contestability including, but not limited to, the risk that the purchaser will have no claim or only a partial claim to death benefits should the insurer rescind the policy within the contestability period.
- l. Disclose whether the purchaser will be the owner of the policy in addition to being the beneficiary, and if the purchaser is the beneficiary only and not also the owner, the special risks associated with that status, including, but not limited to, the risk that the beneficiary may be changed or the premium may not be paid.
- m. Describe the experience and qualifications of the person who determines the life expectancy of the insured, such as in-house staff, independent physicians, and specialty firms that weigh medical and actuarial data; the information this projection is based on; and the relationship of the projection maker to the viatical settlement provider, if any.

- n. Disclosure to an investor shall include distribution of a brochure describing the process of investment in viatical settlements. The national association of insurance commissioner's form for the brochure shall be used unless one is developed by the commissioner.
6. A viatical settlement provider or its viatical settlement investment agent shall provide the viatical settlement purchaser with at least the following disclosures no later than at the time of the assignment, transfer or sale of all or a portion of an insurance policy. The disclosures shall be contained in a document signed by the viatical settlement purchaser and viatical settlement provider or viatical settlement investment agent, and shall make the following disclosures to the viatical settlement purchaser:
- a. Disclose all the life expectancy certifications obtained by the provider in the process of determining the price paid to the viator.
 - b. State whether premium payments or other costs related to the policy have been escrowed. If escrowed, state the date upon which the escrowed funds will be depleted and whether the purchaser will be responsible for payment of premiums thereafter and, if so, the amount of the premiums.
 - c. State whether premium payments or other costs related to the policy have been waived. If waived, disclose whether the investor will be responsible for payment of the premiums if the insurer that wrote the policy terminates the waiver after purchase and the amount of those premiums.
 - d. Disclose the type of policy offered or sold, such as whole life, term life, universal life or a group policy certificate, any additional benefits contained in the policy, and the current status of the policy.
 - e. If the policy is term insurance, disclose the special risks associated with term insurance including the purchaser's responsibility for additional premiums if the viator continues the term policy at the end of the current term.
 - f. State whether the policy is contestable.
 - g. State whether the insurer that wrote the policy has any additional rights that could negatively affect or extinguish the purchaser's rights under the viatical settlement contract, what these rights are, and under what conditions these rights are activated.
 - h. State the name and address of the person responsible for monitoring the insured's condition. Describe how often the monitoring of the insured's condition is done, how the date of death is determined, and how and when this information will be transmitted to the purchaser.
7. The viatical settlement purchase agreement is voidable by the purchaser at any time within three days after the disclosures mandated by subsections 5 and 6 are received by the purchaser.

26.1-33.3-08. Disclosure to insurer. Prior to the initiation of a viatical settlement plan, viatical settlement transaction, or series of viatical settlement transactions, a viatical settlement broker or viatical settlement provider shall fully disclose all nonproprietary information to an insurer the details of the plan, transaction, or series of transactions, to which the viatical settlement broker or viatical settlement provider is a party, to originate, renew, continue, or finance a life insurance policy with the insurer for the purpose of engaging in the business of viatical settlements at any time prior to, or during the first five years after, issuance of the policy. Any disclosure required under this section must be in writing.

26.1-33.3-09. General rules.

1.
 - a. A viatical settlement provider entering into a viatical settlement contract shall first obtain:
 - (1) If the viator is the insured, a written statement from a licensed attending physician that the viator is of sound mind and under no constraint or undue influence to enter into a viatical settlement contract; and
 - (2) A document in which the insured consents to the release of the insured's medical records to a licensed viatical settlement provider, viatical settlement broker and the insurance company that issued the life insurance policy covering the life of the insured.
 - b. Within twenty days after a viator executes documents necessary to transfer any rights under an insurance policy or within twenty days of entering any agreement, option, promise or any other form of understanding, expressed or implied, to viaticate the policy, the viatical settlement provider shall give written notice to the insurer that issued that insurance policy that the policy has or will become a viaticated policy. The notice shall be accompanied by the documents required by subdivision c.
 - c. The viatical provider shall deliver a copy of the medical release required under paragraph 2 of subdivision a, a copy of the viator's application for the viatical settlement contract, the notice required under subdivision b, and a request for verification of coverage to the insurer that issued the life policy that is the subject of the viatical transaction. The national association of insurance commissioner's form for verification of coverage shall be used unless another form is developed or approved by the commissioner.
 - d. The insurer shall respond to a request for verification of coverage submitted on an approved form by a viatical settlement provider or viatical settlement broker within thirty calendar days of the date the request is received and shall indicate whether, based on the medical evidence and documents provided, the insurer intends to pursue an investigation at this time regarding the validity of the insurance contract or possible fraud. The insurer shall accept a request for verification of coverage made on a national association of insurance commissioner's form or any other form approved by the commissioner. The insurer shall accept an original or facsimile or electronic copy of such request and any accompanying

authorization signed by the viator. Failure by the insurer to meet its obligations under this subsection shall be a violation of subsection 3 of section 26.1-33.3-10 and section 26.2-33.3-15.

- e. Prior to or at the time of execution of the viatical settlement contract, the viatical settlement provider shall obtain a witnessed document in which the viator consents to the viatical settlement contract, represents that the viator has a full and complete understanding of the viatical settlement contract, that the viator has a full and complete understanding of the benefits of the life insurance policy, acknowledges that the viator is entering into the viatical settlement contract freely and voluntarily and, for persons with a terminal or chronic illness or condition, acknowledges that the insured has a terminal or chronic illness and that the terminal or chronic illness or condition was diagnosed after the life insurance policy was issued.
 - f. If a viatical settlement broker performs any of these activities required of the viatical settlement provider, the provider is deemed to have fulfilled the requirements of this section.
- 2. All medical information solicited or obtained by any licensee shall be subject to the applicable provisions of state law relating to confidentiality of medical information.
- 3. All viatical settlement contracts entered into in this state shall provide the viator with a right to rescind the contract before the earlier of sixty calendar days after the date upon which the viatical settlement contract is executed by all parties or thirty calendar days after the viatical settlement proceeds have been sent to the escrow agent by or on behalf of the viatical settlement provider as provided in subdivision 6 of section 26.1-33.3-09. Rescission by the viator may be conditioned upon the viator both giving notice and repaying to the viatical settlement provider within the rescission period all proceeds of the settlement and any premiums, loans, and loan interest paid by or on behalf of the viatical settlement provider in connection with or as a consequence of the viatical settlement. If the insured dies during the rescission period, the viatical settlement contract shall be deemed to have been rescinded, subject to repayment to the viatical settlement provider or purchaser of all viatical settlement proceeds, and any premiums, loans, and loan interest that have been paid by the viatical settlement provider or purchaser, which shall be paid within sixty calendar days of the death of the insured. In the event of any rescission, if the viatical settlement provider has paid commissions or other compensation to a viatical settlement broker in connection with the rescinded transaction, the viatical settlement broker shall refund all such commissions and compensation to the viatical settlement provider within five business days following receipt of written demand from the viatical settlement provider, which demand shall be accompanied by either the viator's notice of rescission if rescinded at the election of the viator, or notice of the death of the insured if rescinded by reason of the death of the insured within the applicable rescission period.
- 4. The viatical settlement provider shall instruct the viator to send the executed documents required to effect the change in ownership, assignment, or change in beneficiary directly to the independent escrow

agent. Within three business days after the date the escrow agent receives the document, or from the date the viatical settlement provider receives the documents, if the viator erroneously provides the documents directly to the provider, the provider shall pay or transfer the proceeds of the viatical settlement into an escrow or trust account maintained in a state or federally chartered financial institution whose deposits are insured by the federal deposit insurance corporation. Upon payment of the settlement proceeds into the escrow account, the escrow agent shall deliver the original change in ownership, assignment, or change in beneficiary forms to the viatical settlement provider or related provider trust or other designated representative of the viatical settlement provider. Upon the later to occur of the expiration of any then remaining rescission period or the escrow agent's receipt of the acknowledgment of the properly completed transfer of ownership, assignment, or designation of beneficiary from the insurance company, the escrow agent shall pay the settlement proceeds to the viator.

5. Failure to tender consideration to the viator for the viatical settlement contract within the time set forth in the disclosure pursuant to subdivision g of subsection 1 of section 26.1-33.3-07 renders the viatical settlement contract voidable by the viator for lack of consideration until the time consideration is tendered to and accepted by the viator. Funds shall be deemed sent by a viatical settlement provider to a viator as of the date that the escrow agent either releases funds for wire transfer to the viator or places a check for delivery to the viator via United States postal service or other nationally recognized delivery service.
6. Contacts with the insured for the purpose of determining the health status of the insured by the viatical settlement provider or viatical settlement broker after the viatical settlement has occurred shall only be made by the viatical settlement provider or broker licensed in this state or its authorized representatives and shall be limited to once every three months for insureds with a life expectancy of more than one year, and to no more than once per month for insureds with a life expectancy of one year or less. The provider or broker shall explain the procedure for these contacts at the time the viatical settlement contract is entered into. The limitations set forth in this subsection shall not apply to any contacts with an insured for reasons other than determining the insured's health status. Viatical settlement providers and viatical settlement brokers shall be responsible for the actions of their authorized representatives.

26.1-33.3-10. Prohibited practices.

1. It is in violation of this chapter for any person to enter into a viatical settlement contract at any time prior to the application for or issuance of a policy which is the subject of a viatical settlement contract or within a five-year period commencing with the date of issuance of the insurance policy or certificate unless the viator certifies to the viatical settlement provider or it is otherwise conclusively shown by the viatical settlement provider that one or more of the following conditions have been met within the five-year period:
 - a. The policy was issued upon the viator's exercise of conversion rights arising out of a group or individual policy, provided the total of the time covered under the conversion policy plus the time

covered under the prior policy is at least sixty months. The time covered under a group policy shall be calculated without regard to any change in insurance carriers, provided the coverage has been continuous and under the same group sponsorship;

- b. The viator submits independent evidence to the viatical settlement provider that one or more of the following conditions have been met within the five-year period:

- (1) The viator or insured is terminally or chronically ill;
- (2) The viator's spouse dies or no remaining beneficiaries are then surviving;
- (3) The viator divorces a spouse;
- (4) The viator retires from full-time employment; or
- (5) The viator becomes physically or mentally disabled and a physician determines that the disability prevents the viator from maintaining full-time employment;

- c. A final order, judgment, or decree is entered by a court of competent jurisdiction, on the application of a creditor of the viator, adjudicating the viator in default, bankrupt, or insolvent, or approving a petition seeking reorganization of the viator or appointing a receiver, trustee, or liquidator to all or a substantial part of the viator's assets; or

- d. The viator enters into a viatical settlement contract more than two years after the date of issuance of a policy and, with respect to the policy, at all times prior to the date that is two years after policy issuance, the following conditions are met:

- (1) Policy premiums have been funded exclusively with unencumbered assets, including an interest in the life insurance policy being financed only to the extent of its net cash surrender value, provided by, or fully recourse liability incurred by, the insured or a person described in paragraph 4 of subdivision c of subsection 12 of section 26.1-33.3-01;
- (2) There is no agreement or understanding with any other person to guarantee any such liability or to purchase, or stand ready to purchase, the policy, including through an assumption or forgiveness of the loan; and
- (3) Neither the insured nor the policy has been evaluated for settlement in connection with the issuance of the policy.

2. Copies of the independent evidence described in subdivision b of subsection 1 and documents required by subsection 1 of section 26.1-33.3-09 shall be submitted to the insurer when the viatical settlement provider submits a request to the insurer for verification of coverage. The copies shall be accompanied by a letter of attestation

from the viatical settlement provider that the copies are true and correct copies of the documents received by the viatical settlement provider.

3. If the viatical settlement provider submits to the insurer a copy of the owner or insured's certification described in and the independent evidence required by subdivision b of subsection 1 when the provider submits a request to the insurer to effect the transfer of the policy or certificate to the viatical settlement provider, the copy shall be deemed to conclusively establish that the viatical settlement contract satisfies the requirements of this section and the insurer shall timely respond to the request.
4. A insurer may not require, as a condition of responding to a request for verification of coverage or effecting the transfer of a policy pursuant to a viatical settlement contract, that the viator, insured, viatical settlement provider, or viatical settlement broker sign any forms, disclosures, consent, or waiver form that has not been expressly approved by the commissioner for use in connection with viatical settlement contracts in this state.
5. Upon receipt of a properly completed request for change of ownership or beneficiary of a policy, the insurer shall respond in writing within thirty calendar days with written acknowledgement confirming that the change has been effected or specifying the reasons why the requested change cannot be processed. The insurer shall not unreasonably delay effecting change of ownership or beneficiary and shall not otherwise seek to interfere with any viatical settlement contract lawfully entered into in this state.

26.1-33.3-11. Prohibited practices and conflicts of interest.

1. With respect to any viatical settlement contract or insurance policy, no viatical settlement broker knowingly shall solicit an offer from, effectuate a viatical settlement with, or make a sale to any viatical settlement provider, viatical settlement purchaser, financing entity, or related provider that is controlling, controlled by, or under common control with such viatical settlement broker.
2. With respect to any viatical settlement contract or insurance policy, no viatical settlement provider knowingly may enter into a viatical settlement contract with a viator, if, in connection with such viatical settlement contract, anything of value will be paid to a viatical settlement broker that is controlling, controlled by, or under common control with such viatical settlement provider or the viatical settlement purchaser, financing entity, or related provider trust that is involved in such viatical settlement contract.
3. A violation of subsection 1 or 2 shall be deemed a fraudulent viatical settlement act.
4. It is unlawful for an insurance company to engage in any transaction, act, or practice or course of business or dealing which restricts, limits, or impairs in any way the lawful transfer of ownership, change of beneficiary, or assignment of a policy to effectuate a viatical settlement contract.

26.1-33.3-12. Advertising for viatical settlements. Every viatical settlement licensee shall establish and at all times maintain a system of control over the content, form, and method of dissemination of all advertisements of its contracts, products, and services. All advertisements, regardless of by whom written, created, designed, or presented, shall be the responsibility of the viatical settlement licensee, as well as the individual who created or presented the advertisement. A system of control shall include regular routine notification, at least once a year, to agents and others authorized by the viatical settlement licensee who disseminate advertisements of the requirements and procedures for approval prior to the use of any advertisements not furnished by the viatical settlement licensee. The commissioner may adopt rules to implement this section.

26.1-33.3-13. Fraud prevention and control.

1. Fraudulent viatical settlement acts, interference and participation of convicted felons prohibited.
 - a. A person shall not commit a fraudulent viatical settlement act.
 - b. A person shall not knowingly or intentionally interfere with the enforcement of the provisions of this chapter or investigations of suspected or actual violations of this chapter.
 - c. A person in the business of viatical settlements shall not knowingly or intentionally permit any person convicted of a felony involving dishonesty or breach of trust to participate in the business of viatical settlements.
2. Fraud warning required.
 - a. Viatical settlement contracts and applications for viatical settlements, regardless of the form of transmission, must contain the following statement or a substantially similar statement:

"Any person who knowingly presents false information in an application for insurance or viatical settlement contract is guilty of a crime and may be subject to fines and confinement in prison."
 - b. The lack of a statement as required in subdivision a does not constitute a defense in any prosecution for a fraudulent viatical settlement act.
3. Mandatory reporting of fraudulent viatical settlement acts.
 - a. Any person engaged in the business of viatical settlements having knowledge or a reasonable suspicion that a fraudulent viatical settlement act is being, will be or has been committed shall provide to the commissioner such information as required by, and in a manner prescribed by, the commissioner.
 - b. Any other person having knowledge or a reasonable belief that a fraudulent viatical settlement act is being, will be or has been committed may provide to the commissioner the information required by, and in a manner prescribed by, the commissioner.

4. Immunity from liability.

- a. No civil liability shall be imposed on and no cause of action shall arise from a person's furnishing information concerning suspected, anticipated or completed fraudulent viatical settlement acts or suspected or completed fraudulent insurance acts, if the information is provided to or received from:
- (1) The commissioner or the commissioner's employees, agents or representatives;
 - (2) Federal, state or local law enforcement or regulatory officials or their employees, agents or representatives;
 - (3) A person involved in the prevention and detection of fraudulent viatical settlement acts or that person's agents, employees or representatives;
 - (4) The national association of insurance commissioners, national association of securities dealers, the North American securities administrators association, or their employees, agents or representatives, or other regulatory body overseeing life insurance, viatical settlements, securities or investment fraud; or
 - (5) The life insurer that issued the life insurance policy covering the life of the insured.
- b. Subdivision a shall not apply to statements made with actual malice. In an action brought against a person for filing a report or furnishing other information concerning a fraudulent viatical settlement act, the party bringing the action shall plead specifically any allegation that subdivision a does not apply because the person filing the report or furnishing the information did so with actual malice.
- c. A person furnishing information as identified in subdivision a shall be entitled to an award of attorney's fees and costs if he or she is the prevailing party in a civil cause of action for libel, slander or any other relevant tort arising out of activities in carrying out the provisions of this chapter and the party bringing the action was not substantially justified in doing so. For purposes of this section a proceeding is "substantially justified" if it had a reasonable basis in law or fact at the time that it was initiated. However, such an award does not apply to any person furnishing information concerning that person's own fraudulent viatical settlement acts.
- d. This section does not abrogate or modify common law or statutory privileges or immunities enjoyed by a person described in subdivision a.

5. Confidentiality.

- a. The documents and evidence provided pursuant to subsection 4 or obtained by the commissioner in an investigation of suspected or actual fraudulent viatical settlement acts shall be privileged and

confidential and shall not be a public record and shall not be subject to discovery or subpoena in a civil or criminal action.

- b. Subdivision a does not prohibit release by the commissioner of documents and evidence obtained in an investigation of suspected or actual fraudulent viatical settlement acts:

- (1) In administrative or judicial proceedings to enforce laws administered by the commissioner;
- (2) To federal, state or local law enforcement or regulator agencies, to an organization established for the purpose of detecting and preventing fraudulent viatical settlement acts or to the national association of insurance commissioners; or
- (3) At the discretion of the commissioner, to a person in the business of viatical settlements that is aggrieved by a fraudulent viatical settlement act.

- c. Release of documents and evidence under subdivision b does not abrogate or modify the privilege granted in subdivision a.

6. Other law enforcement or regulatory authority. This chapter shall not:

- a. Preempt the authority or relieve the duty of other law enforcement or regulatory agencies to investigate, examine and prosecute suspected violations of law;
- b. Prevent or prohibit a person from disclosing voluntarily information concerning viatical settlement fraud to a law enforcement or regulatory agency other than the insurance department; or
- c. Limit the powers granted elsewhere by the laws of this state to the commissioner or an insurance fraud unit to investigate and examine possible violations of law and to take appropriate action against wrongdoers.

7. Viatical settlement antifraud initiatives.

- a. Viatical settlement providers and viatical settlement brokers shall have in place antifraud initiatives reasonably calculated to detect, prosecute and prevent fraudulent viatical settlement acts. At the discretion of the commissioner, the commissioner may order, or a licensee may request and the commissioner may grant, such modifications of the following required initiatives as necessary to ensure an effective antifraud program. The modifications may be more or less restrictive than the required initiatives so long as the modifications may reasonably be expected to accomplish the purpose of this section.

- b. Antifraud initiatives shall include:

- (1) Fraud investigators, who may be viatical settlement provider or viatical settlement broker employees or independent contractors; and

- (2) An antifraud plan, which shall be submitted to the commissioner. The antifraud plan shall include, but not be limited to:

 - (a) A description of the procedures for detecting and investigating possible fraudulent viatical settlement acts and procedures for resolving material inconsistencies between medical records and insurance applications;
 - (b) A description of the procedures for reporting possible fraudulent viatical settlement acts to the commissioner;
 - (c) A description of the plan for antifraud education and training of underwriters and other personnel; and
 - (d) A description or chart outlining the organizational arrangement of the antifraud personnel who are responsible for the investigation and reporting of possible fraudulent viatical settlement acts and investigating unresolved material inconsistencies between medical records and insurance applications.
- c. Antifraud plans submitted to the commissioner shall be privileged and confidential and shall not be a public record and shall not be subject to discovery or subpoena in a civil or criminal action.

26.1-33.3-14. Injunctions - Civil remedies - Cease and desist - Penalty.

1. In addition to the penalties and other enforcement provisions of this chapter, if any person violates this chapter or any regulation implementing this chapter, the commissioner may seek an injunction in a court of competent jurisdiction and may apply for temporary and permanent orders that the commissioner determines are necessary to restrain the person from committing the violation.
2. Any person damaged by the acts of a person in violation of this chapter may bring a civil action against the person committing the violation in a court of competent jurisdiction.
3. The commissioner may issue, in accordance with this title and chapter 28-32, a cease and desist order upon a person that violates any provision of this chapter, any regulation or order adopted by the commissioner, or any written agreement entered into with the commissioner.
4. When the commissioner finds that an activity in violation of this chapter presents an immediate danger to the public that requires an immediate final order, the commissioner may issue an emergency cease and desist order reciting with particularity the facts underlying the findings. The emergency cease and desist order is effective immediately upon service of a copy of the order on the respondent and remains effective for ninety days. If the commissioner begins nonemergency cease and desist proceedings, the emergency cease and desist order remains effective,

absent an order by a court of competent jurisdiction pursuant to this title and chapter 28-32.

5. In addition to the penalties and other enforcement provisions of this chapter, any person who violates this chapter is subject to civil penalties of up to fifty thousand dollars per violation. Imposition of civil penalties shall be pursuant to an order of the commissioner issued under this title and chapter 28-32. The commissioner's order may require a person found to be in violation of this chapter to make restitution to persons aggrieved by violations of this chapter.
6. A person convicted of a violation of this chapter by a court of competent jurisdiction is governed by chapter 12.1-32. A person convicted of a violation of this chapter shall be ordered to pay restitution to persons aggrieved by the violation of this chapter. Restitution shall be ordered in addition to a fine or imprisonment, but not in lieu of a fine or imprisonment.
7. Except for a fraudulent viatical settlement act committed by a viator, the enforcement provisions and penalties of this section shall not apply to a viator.
8. A person convicted of a violation of this chapter by a court of competent jurisdiction may be sentenced in accordance with subdivision a, b, c, or d based on the greater of the value of property, services, or other benefit wrongfully obtained or attempted to obtain; or the aggregate economic loss suffered by any person as a result of the violation. A person convicted of a fraudulent viatical settlement act must be ordered to pay restitution to persons aggrieved by the fraudulent viatical settlement act. Restitution must be ordered in addition to a fine or imprisonment but not in lieu of a fine or imprisonment. A fraudulent viatical settlement act is:

 - a. A class A felony if the value of a viatical settlement contract is more than thirty-five thousand dollars;
 - b. A class B felony if the value of a viatical settlement contract is more than two thousand five hundred dollars but not more than thirty-five thousand dollars;
 - c. A class C felony if the value of a viatical settlement contract is more than five hundred dollars but not more than two thousand five hundred dollars; or
 - d. A class A misdemeanor if the value of a viatical settlement contract is five hundred dollars or less.

In any prosecution under this section under subdivisions a, b, c, and d, the value of the viatical settlement contracts within any six-month period may be aggregated and the defendant charged accordingly in applying in the provisions of this section; provided that when two or more offenses are committed by the same person in two or more counties, the accused may be prosecuted in any county in which one of the offenses was committed for all of the offenses aggregated under this section. The applicable statute of limitations provision shall not begin to run until the insurance company or law enforcement agency is aware of the

fraud, but in no event may the prosecution be commenced later than seven years after the act has occurred.

26.1-33.3-15. Unfair trade practices. A violation of this chapter, including the commission of a fraudulent viatical settlement act, shall be considered an unfair trade practice under section 26.1-04-03 subject to the penalties contained in that section.

26.1-33.3-16. Authority to promulgate regulations. The commissioner shall have the authority to:

1. Promulgate regulations implementing this chapter;
2. Establish standards for evaluating reasonableness of payments under viatical settlement contracts for persons who are terminally or chronically ill. This authority includes, but is not limited to, regulation of discount rates used to determine the amount paid in exchange for assignment, transfer, sale, devise or bequest of a benefit under a life insurance policy insuring the life of a person that is chronically or terminally ill;
3. Establish appropriate licensing requirements, fees, and standards for continued licensure for viatical settlement providers and brokers;
4. Require a bond or other mechanism for financial accountability for viatical settlement providers and brokers; and
5. Adopt rules governing the relationship and responsibilities of both insurers and viatical settlement providers and viatical settlement brokers during the viatication of a life insurance policy or certificate.

26.1-33.3-17. Effective date. This chapter takes effect on August 1, 2007. A viatical settlement provider or viatical settlement broker transacting business in this state may continue to do so pending approval or disapproval of the provider or broker application for a license as long as the application is filed with the commissioner by August 1, 2007.

26.1-34.2-02. Definitions.

1. "Annuity" means a fixed annuity or variable annuity that is individually solicited, whether the product is classified as an individual or group annuity.
2. "Insurance producer" means a person required to be licensed under the laws of this state to sell, solicit, or negotiate insurance, including annuities.

3. "Insurer" means a company required to be licensed under the laws of this state to provide insurance products, including annuities.
4. "Recommendation" means advice provided by an insurance producer, or an insurer when no producer is involved, to an individual consumer that results in a purchase or exchange of an annuity in accordance with that advice.

26.1-34.2-03. Duties of insurers and insurance producers.

1. In recommending to a consumer the purchase of an annuity or the exchange of an annuity that results in another insurance transaction or series of insurance transactions, the insurance producer, or the insurer when no producer is involved, must have reasonable grounds for believing that the recommendation is suitable for the consumer on the basis of the facts disclosed by the consumer as to the consumer's investments and other insurance products and as to the consumer's financial situation and needs.
2. Before the execution of a purchase or exchange of an annuity resulting from a recommendation, an insurance producer, or an insurer when no producer is involved, shall make reasonable efforts to obtain information concerning:
 - a. The consumer's financial status;
 - b. The consumer's tax status;
 - c. The consumer's investment objectives; and
 - d. Other information used or considered to be reasonable by the insurance producer, or the insurer when no producer is involved, in making recommendations to the consumer.
3. a. Except as provided under subdivision b, neither an insurance producer nor an insurer when no producer is involved has an obligation to a consumer under subsection 1 related to a recommendation if a consumer:
 - (1) Refuses to provide relevant information requested by the insurer or insurance producer;
 - (2) Decides to enter into an insurance transaction that is not based on a recommendation of the insurer or insurance producer; or
 - (3) Fails to provide complete or accurate information.
- b. An insurer or insurance producer's recommendation subject to subdivision a must be reasonable under all the circumstances actually known to the insurer or insurance producer at the time of the recommendation.
4. a. An insurer shall ensure that a system to supervise recommendations that is reasonably designed to achieve compliance with this chapter is established and maintained by

complying with subdivisions c through e, or shall establish and maintain such a system, including:

- (1) Maintaining written procedures; and
- (2) Conducting periodic reviews of its records that are reasonably designed to assist in detecting and preventing violations of this chapter.

b. A general agent and independent agency shall adopt a system established by an insurer to supervise recommendations of its insurance producers that is reasonably designed to achieve compliance with this chapter, or shall establish and maintain such a system, including:

- (1) Maintaining written procedures; and

c. An insurer may contract with a third party, including a general agent or independent agency, to establish and maintain a system of supervision as required by subdivision a with respect to insurance producers under contract with or employed by the third party.

d. An insurer shall make reasonable inquiry to ensure that the third party contracting under subdivision c is performing the functions required under subdivision a and shall take action as is reasonable under the circumstances to enforce the contractual obligation to perform the functions. An insurer may comply with its obligation to make reasonable inquiry by doing all of the following:

- (1) The insurer annually obtains a certification from a third-party senior manager who has responsibility for the delegated functions that the manager has a reasonable basis to represent, and does represent, that the third party is performing the required functions; and
- (2) The insurer, based on reasonable selection criteria, periodically selects third parties contracting under subdivision c for a review to determine whether the third parties are performing the required functions. The insurer shall perform those procedures to conduct the review that are reasonable under the circumstances.

e. An insurer that contracts with a third party pursuant to subdivision c and that complies with the requirements to supervise in subdivision d has fulfilled its responsibilities under subdivision a.

f. An insurer, general agent, or independent agency is not required by subdivision a or b to:

- (1) Review, or provide for review of, all insurance producer solicited transactions; or

- (2) Include in its system of supervision an insurance producer's recommendations to consumers of products other than the annuities offered by the insurer, general agent, or independent agency.
 - g. A general agent or independent agency contracting with an insurer pursuant to subdivision c shall promptly, when requested by the insurer pursuant to subdivision d, give a certification as described in subdivision d or give a clear statement that it is unable to meet the certification criteria.
 - h. A person may not provide a certification under paragraph 1 of subdivision d unless:
 - (1) The person is a senior manager with responsibility for the delegated functions; and
 - (2) The person has a reasonable basis for making the certification.
- 5. Compliance with the national association of securities dealers conduct rules pertaining to suitability satisfies the requirements under this section for the recommendation of variable annuities. 26.1-34.2-04. Mitigation of responsibility - Penalty.

 - a. An insurer to take reasonably appropriate corrective action for a consumer harmed by the insurer's, or by its insurance producer's, violation of this chapter;

 - c. A general agency or independent agency that employs or contracts with an insurance producer to sell, or solicit the sale of, annuities to consumers, to take reasonably appropriate corrective action for a consumer harmed by the insurance producer's violation of this chapter.

Any applicable penalty under section 26.1-01-03.3 for a violation of subsection 1 or 2 or subdivision b of subsection 3 of section 26.1-34.2-03 may be reduced or eliminated, according to a schedule adopted by the commissioner, if corrective action for the consumer was taken promptly after a violation was discovered.

26.1-34.2-05. Recordkeeping.

- 1. Insurers, general agents, independent agencies, and insurance producers shall maintain or be able to make available to the commissioner a record of the information collected from the consumer and other information used in making the recommendations that were

INSURANCE POLICY PROVISIONS

AN ACT to amend and reenact subsection 2 of section 26.1-36-04 of the North Dakota Century Code, relating to accident and health policy provisions.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Subsection 2 of section 26.1-36-04 of the North Dakota Century Code is amended and reenacted as follows:

2. Except as provided in subsection 3, no accident and health insurance policy delivered or issued for delivery to any person in this state may contain provisions respecting the matters described in this subsection unless the provisions in the policy are not less favorable in any respect to the insured or the beneficiary.
 - a. A provision that if the insured is injured or contracts sickness after having changed occupation to one classified by the insurer as more hazardous than that stated in the policy or while doing for compensation anything pertaining to an occupation so classified, the insurer will pay only such portion of the indemnities provided in the policy as the premium paid would have purchased at the rates and within the limits fixed by the insurer for the more hazardous occupation. If the insured changes occupation to one classified by the insurer as less hazardous than that stated in the policy, the insurer, upon receipt of proof of the change of occupation, will reduce the premium rate accordingly, and will return the excess pro rata unearned premium from the date of change of occupation or from the policy anniversary date immediately preceding receipt of proof, whichever is the more recent. The provision must provide that the classification of occupational risk and the premium rates will be such as have been last filed by the insurer prior to the occurrence of the loss for which the insurer is liable or prior to date of proof of change in occupation with the state official having supervision of insurance in the state where the insured resided at the time the policy was issued; but if the filing was not required, then the classification of occupational risk and the premium rates will be those last made effective by the insurer in such state prior to the occurrence of the loss or prior to the date of proof of change in occupation.
 - b. A provision that if the age of the insured has been misstated, all amounts payable under the policy will be such as the premium paid would have purchased at the correct age.
 - c. A provision that if an accident or health or accident and health policy or policies previously issued by the insurer to the insured are in force concurrently therewith, making the aggregate indemnity for the type of coverage or coverages, in excess of the maximum limit

of indemnity or indemnities, the excess insurance is void and all premiums paid for the excess will be returned to the insured or to the insured's estate. In lieu of this type of provision, the policy may provide that insurance effective at any one time on the insured under the policy and a like policy or policies in the insurer is limited to the one such policy elected by the insured, the insured's beneficiary, or the insured's estate, as the case may be, and the insurer will return all premiums paid for all other such policies.

- d. A provision that upon the payment of a claim under the policy, any premium then due and unpaid or covered by any note or written order may be deducted therefrom.
- e. Subject to chapter 26.1-36.4, a provision that the insurer may cancel the policy at any time by written notice delivered to the insured, or mailed to the insured's last address as shown by the records of the insurer, stating when, not less than five days thereafter, the cancellation is effective; and after the policy has been continued beyond its original term the insured may cancel the policy at any time by written notice delivered or mailed to the insurer, effective upon receipt or on such later date as may be specified in the notice. The provision must provide that in the event of cancellation, the insurer will return promptly the unearned portion of any premium paid, and, if the insured cancels, the earned premium will be computed by the use of the short-rate table last filed in the state where the insured resided when the policy was issued. The provision must provide that if the insurer cancels, the earned premium shall be computed pro rata. The provision must provide that cancellation is without prejudice to any claim originating prior to the effective date of cancellation.
- f. A provision that any provision of the policy which, on its effective date, is in conflict with the statutes of the state in which the insured resides on such date is amended to conform to the minimum requirements of such statutes.
- g. A provision that the insurer is not liable for any loss to which a contributing cause was the insured's commission of or attempt to commit a felony or to which a contributing cause was the insured's being engaged in an illegal occupation.
- h. A provision that the insurer is not liable for any loss sustained or contracted in consequence of the insured's being intoxicated or under the influence of any narcotic unless administered on the advice of a physician.
- i. A provision that if, with respect to a person covered under the policy, benefits for allowable expense incurred during a claim determination period under the policy together with benefits for allowable expense during such period under all other valid coverage exceed the total of the person's allowable expense during such period, the insurer is liable only for such proportionate amount of the benefits for allowable expense under the policy during such period as (1) the total allowable expense during such period bears to (2) the total amount of benefits payable during such period for such expense under the policy and all other valid

coverage, without giving effect to this provision or to any "overinsurance provision" applying to such other valid coverage, less in both (1) and (2) any amount of benefits for allowable expense payable under other valid coverage which does not contain an overinsurance provision. The provision must provide that in no event does the provision operate to increase the amount of benefits for allowable expense payable under the policy with respect to a person covered under the policy above the amount which would have been paid in the absence of the provision. The provision must provide that the insurer may pay benefits to any insurer providing other valid coverage in the event of overpayment by such insurer, and any such payment discharges the liability of this insurer as fully as if the payment had been made directly to the insured, the insured's assignee, or the insured's beneficiary. The provision must provide that in the event that the insurer pays benefits to the insured, the insured's assignee, or the insured's beneficiary, in excess of the amount which would have been payable if the existence of other valid coverage had been disclosed, the insurer has a claim for relief against the insured, the insured's assignee, or the insured's beneficiary, to recover the amount which would not have been paid had there been a disclosure of the existence of the other valid coverage. The provision must provide that the amount of other valid coverage which is on a provision of service basis will be computed as the amount the services rendered would have cost in the absence of such coverage. The provision must provide that:

- (1) "Allowable expense" means one hundred ten percent of any necessary, reasonable, and customary item of expense which is covered, in whole or in part, as a hospital, surgical, medical, or major medical expense under this policy or under any other valid coverage.
- (2) "Claim determination period" with respect to any covered person means the initial period, as provided in the policy, but not less than thirty days and each successive period of a like number of days, during which allowable expense covered under the policy is incurred on account of such person. The first period begins on the date when the first expense is incurred, and successive periods begin when successive expense is incurred after expiration of a prior period.

Or, in lieu thereof:

"Claim determination period" with respect to any covered person means the number of days, as provided in the policy but not less than thirty days during which allowable expense covered under the policy is incurred on account of such person.

- (3) "Overinsurance provision" means the provision which may reduce an insurer's liability because of the existence of benefits under other valid coverage.

This type of provision may be inserted in all policies providing hospital, surgical, medical, or major medical benefits. The insurer

may make this provision applicable to either or both: other valid coverage with other insurers; and, except for individual policies individually underwritten, other valid coverage with the same insurer. The insurer shall include in the provision a definition of "other valid coverage". The definition may include hospital, surgical, medical, or major medical benefits provided by group, blanket, or franchise coverage, individual and family-type coverage, blue cross-blue shield coverage, and other prepayment plans, group practice, and individual practice plans, uninsured benefits provided by labor-management trustee plans, or union welfare plans, or by employer or employee benefit organizations, benefits provided under governmental programs, workforce safety and insurance, or any coverage required or provided by any other statute, and medical payments under automobile liability and personal liability policies. Other valid coverage may not include payments made under third-party liability coverage as a result of a determination of negligence. The insurer may require, as part of the proof of claim, the information necessary to administer the provision.

- j- A provision that after the loss-of-time benefit of the policy has been payable for ninety days, such benefit will be adjusted, as provided below, if the total amount of unadjusted loss-of-time benefits provided in all valid loss-of-time coverage upon the insured should exceed a percentage of the insured's earned income as provided in the policy; provided, however, that if the information contained in the application discloses that the total amount of loss-of-time benefits under the policy and under all other valid loss-of-time coverage expected to be effective upon the insured in accordance with the application for this policy exceeded an alternative percentage of the insured's earned income as provided in the policy, at the time of the application, such higher percentage will be used in place of the original percentage provided. The provision must provide that the adjusted loss-of-time benefit under the policy for any month will be only such proportion of the loss-of-time benefit otherwise payable under the policy as (1) the product of the insured's earned income and the original percent, or, if higher, the alternative percentage, bears to (2) the total amount of loss-of-time benefits payable for such month under the policy and all other valid loss-of-time coverage on the insured, without giving effect to the "overinsurance provision" in this or any other coverage, less in both (1) and (2) any amount of loss-of-time benefits payable under other valid loss-of-time coverage which does not contain an "overinsurance provision". The provision must provide that in making the computation, all benefits and earnings will be converted to a consistent basis weekly if the loss-of-time benefit of the policy is payable weekly, or monthly if the benefit is payable monthly, or otherwise, based upon the time period. If the numerator of the foregoing ratio is zero or is negative, no benefit is payable. The provision must provide that in no event does the provision operate to reduce the total combined amount of loss-of-time benefits for such month payable under the policy and all other valid loss-of-time coverage below the lesser of three hundred dollars and the total combined amount of loss-of-time benefits determined without giving effect to any "overinsurance provision", nor operate to increase the amount of benefits payable

under the policy above the amount which would have been paid in the absence of the provision, nor take into account or operate to reduce any benefit other than the loss-of-time benefit. The provision must provide that:

- (1) "Earned income", except when otherwise specified, means the greater of the monthly earnings of the insured at the time disability commences and the insured's average monthly earnings for a period of two years immediately preceding the commencement of the disability, and does not include any investment income or any other income not derived from the insured's vocational activities.
- (2) "Overinsurance provision" includes this type of provision and any other provision with respect to any loss-of-time coverage which may have the effect of reducing an insurer's liability if the total amount of loss-of-time benefits under all coverage exceeds a stated relationship to the insured's earnings.

This type of provision may be included only in a policy which provides a loss-of-time benefit which may be payable for at least fifty-two weeks, which is issued on the basis of selective underwriting of each individual application, and for which the application includes a question designed to elicit information necessary either to determine the ratio of the total loss-of-time benefits of the insured to the insured's earned income or to determine that such ratio does not exceed the percentage of earnings, not less than sixty percent, selected by the insurer and inserted in lieu of the blank factor above. The insurer may require, as part of the proof of claim, the information necessary to administer this provision. If the application indicates that other loss-of-time coverage is to be discontinued, the amount of such other coverage must be excluded in computing the alternative percentage in the first sentence of the overinsurance provision. The policy must include a definition of "valid loss-of-time coverage" which may include coverage provided by governmental agencies and by organizations subject to regulation by insurance law and by insurance departments of this or any other state or of any other country or subdivision thereof, coverage provided for the insured pursuant to any disability benefits statute or any workforce safety and insurance or employer's liability statute, benefits provided by labor-management trustee plans or union welfare plans or by employer or employee benefit organizations, or by salary continuance or pension programs, and any other coverage the inclusion of which may be approved.

AN ACT to create and enact a new section to chapter 26.1-40 of the North Dakota Century Code, relating to proof of insurance; to amend and reenact section 39-08-20 of the North Dakota Century Code, relating to the criminal procedure for driving without liability insurance; and to provide a penalty.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new section to chapter 26.1-40 of the North Dakota Century Code is created and enacted as follows:

Proof of insurance. An insurer who issues a policy shall provide proof of insurance to the insured in the form of written evidence of the policy's terms as to type, duration, and the vehicle covered by the policy.

¹⁴⁷ **SECTION 2. AMENDMENT.** Section 39-08-20 of the North Dakota Century Code is amended and reenacted as follows:

39-08-20. Driving without liability insurance prohibited - Penalty.

1. A person may not drive, or the owner may not cause or knowingly permit to be driven, a motor vehicle in this state without a valid policy of liability insurance in effect in order to respond in damages for liability arising out of the ownership, maintenance, or use of that motor vehicle in the amount required by chapter 39-16.1.
2. Upon being stopped by a law enforcement officer for the purpose of enforcing or investigating the possible violation of an ordinance or state law or during the investigation of an accident, the person driving the motor vehicle shall provide to the officer upon request satisfactory evidence of the policy required under this section. If unable to comply with the request, that person may be charged with a violation of this section if that person fails to submit satisfactory evidence of the policy to the officer or the officer's agency within twenty days of the date of the request. If that person produces satisfactory evidence of a valid policy of liability insurance in effect at the time of the alleged violation of this section to the officer, the officer's agency, or a court, that person may not be convicted or assessed any administration fee for violation of ~~this section~~ subsection 1.

¹⁴⁷ Section 39-08-20 was also amended by section 1 of Senate Bill No. 2146, chapter 328.

3. Notwithstanding section 26.1-30-18, a person may be convicted for failure to have a valid policy of liability insurance in effect under this section if the time of acquisition of the policy was after the time of the alleged incidence of driving without liability insurance. If the time of acquisition of the policy comes into question, the driver or owner has the burden of establishing the time of acquisition. If the driver is not an owner of the motor vehicle, the driver does not violate this section if the driver provides the court with evidence identifying the owner of the motor vehicle and describing circumstances under which the owner caused or permitted the driver to drive the motor vehicle.
4. Violation of ~~this section~~ subsection 1 is a class B misdemeanor and the sentence imposed must include a fine of at least one hundred fifty dollars which may not be suspended. A person convicted for a second or subsequent violation of driving without liability insurance within ~~an eighteen-month~~ a three-year period must be fined at least three hundred dollars which may not be suspended. For a second or subsequent conviction for a violation of subsection 1 or equivalent ordinance, the court shall impound the motor vehicle number plates of the motor vehicle owned and operated by the person at the time of the violation until that person provides proof of insurance and a twenty dollar fee to the department. The person shall deliver the number plates to the court without delay at a time certain as ordered by the court following the conviction. The court shall deliver the number plates to the department. A person who does not provide the number plates to the court at the appropriate time is guilty of a class B misdemeanor.
- 2- 5. Upon conviction for a violation of ~~this section~~ subsection 1 or equivalent ordinance, the person who has been convicted shall provide proof of motor vehicle liability insurance to the department in the form of a written or electronically transmitted certificate from an insurance carrier authorized to do business in this state. This proof must be provided for a period of three years and kept on file with the department. If the person fails to provide this information, the department shall suspend that person's driving privileges and may not issue or renew that person's operator's license unless that person provides proof of insurance.
- 3- 6. A person who has been convicted for violation of ~~this section~~ subsection 1 or equivalent ordinance shall surrender that person's operator's license and purchase a duplicate operator's license with a notation requiring that person to keep proof of liability insurance on file with the department. The fee for this license is fifty dollars and the fee to remove this notation is fifty dollars.
- 4- 7. When an insurance carrier has certified a motor vehicle liability policy, the insurance carrier shall notify the director no later than ten days after cancellation or termination of the certified insurance policy by filing a notice of cancellation or termination of the certified insurance policy; except that a policy subsequently procured and certified shall, on the effective date of its certification, terminate the insurance previously certified with respect to any motor vehicle designated in both certificates.

STATE CONTRACT INDEMNIFICATION AND INSURANCE PROVISIONS

AN ACT to create and enact a new section to chapter 32-12.2 of the North Dakota Century Code, relating to indemnification and insurance provisions in state contracts.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new section to chapter 32-12.2 of the North Dakota Century Code is created and enacted as follows:

Indemnification and insurance requirements in state contracts.

1. The director of the office of management and budget shall establish guidelines for indemnification and insurance provisions in contracts that may be entered by an executive branch state agency. The director shall consult with representatives of executive branch state agencies, the insurance industry, and the business community to establish and revise the guidelines and provisions. The guidelines must establish procedures for determining the appropriate indemnification and insurance provisions in contracts.
2. If a contract for services requires a provision for indemnification, the contract must require the contractor to indemnify the state and its agencies, officers, and employees for vicarious liability, but may not require indemnification for the contributory negligence, comparative degree of fault, sole negligence, or intentional misconduct of the state or its agencies, officers, and employees, unless the director of the office of management and budget or the director's designee determines a more stringent indemnification provision is appropriate. If indemnification is required, the contract must require that the state be endorsed on the contractor's commercial general liability policy as an additional insured or must require an equivalent form of protection for the state.
3. This section does not apply to a contract between an executive branch state agency and another person that is the owner of private property that is being used to accommodate a state construction project.

It is further found and declared that certain slum or blighted areas, or portions thereof, may require acquisition, clearance, and disposition subject to use restrictions, as provided in this chapter, since the prevailing condition of decay may make impracticable the reclamation of the area by conservation or rehabilitation; that other areas or portions thereof may, through the means provided in this chapter, be susceptible of conservation or rehabilitation in such a manner that the conditions and evils described in this section may be eliminated, remedied, or prevented; and that to the extent feasible salvable slum and blighted areas should be conserved and rehabilitated through voluntary action and the regulatory process.
2. It is further found and declared that there exist in municipalities of the state conditions of unemployment, underemployment, and joblessness detrimental to the economic growth of the state economy; that it is appropriate to implement economic development programs both desirable and necessary to eliminate the causes of unemployment, underemployment, and joblessness for the benefit of the state economy; and that tax increment financing is an economic development program designed to facilitate projects that create economic growth and development.
3. ~~It is further found and declared that the powers conferred by this chapter are for public uses and purposes for which public money may be expended and the power of eminent domain exercised and that the necessity in the public interest for the provisions herein enacted is hereby declared as a matter of legislative determination.~~

1. To receive temporary housing units to be occupied by disaster or emergency victims from any agency of the United States and to make such units available to any county or city of the state.
2. To assist any county or city of this state which is the site of temporary housing for disaster or emergency victims, to acquire and to prepare sites necessary for such temporary housing, and to "pass through" funds made available by any agency, public or private.

Any county or city of this state is expressly authorized to acquire, temporarily or permanently, by purchase, lease, or otherwise, sites required for installation of temporary housing units for disaster or emergency victims and to enter into whatever arrangements, including purchase of temporary housing units and payment of transportation charges, which are necessary to prepare or equip such sites to utilize the housing units.

The governor may:

1. Determine the amount needed by any applicant local government to restore or resume its governmental functions and certify the same to the federal government. No application amount may exceed twenty-five percent of the annual operating budget of the applicant for the fiscal year in which the disaster occurs.
2. Recommend to the federal government, based upon the governor's review, the cancellation of all or any part of repayment when, within three fiscal years following the disaster, the revenues of the local government are insufficient to meet its operating expenses, including additional disaster-related expenses of a county or city.

37-17.1-21. Debris and wreckage removal in disasters or emergencies. ~~In accordance with the provisions of the United States Disaster Relief Act of 1974 [Pub. L. 93-288; 88 Stat. 143], the~~ The governor is authorized to enter into such

1. Notwithstanding any other provision of law, through the use of state departments or agencies, or the use of any of the state's instrumentalities, to clear or remove from publicly or privately owned land or water, debris and wreckage which may threaten public health or safety, or threaten public or private property, in any disaster or emergency declared by the governor.
2. To accept funds from the federal government and utilize such funds to make grants to any local government for the purpose of removing debris or wreckage from publicly or privately owned land or water.

Authority under sections 37-17.1-19, 37-17.1-20, and 37-17.1-21 may not be exercised, except upon state-owned lands, unless the affected local government, corporation, limited liability company, organization, or individual first presents an unconditional authorization for removal of such debris or wreckage from public and private property and, in the case of removal of debris or wreckage from private property, first agrees to indemnify the state government against any claim arising from such removal.

Whenever the governor provides for clearance of debris or wreckage pursuant to subsection 1 or 2, employees of the designated state agencies or individuals appointed by the state are authorized to enter upon private land or waters and perform any tasks necessary to the removal or clearance operation.

Except in cases of willful misconduct, gross negligence, or bad faith, any state employee or agent complying with orders of the governor and performing duties pursuant thereto under sections 37-17.1-19, 37-17.1-20, and 37-17.1-21 is not liable for death of or injury to persons or damage to property.

The governor shall establish guidelines to carry out the purposes of sections 37-17.1-19, 37-17.1-20, and 37-17.1-21.

SECTION 14. AMENDMENT. Section 37-17.1-24 of the North Dakota Century Code is amended and reenacted as follows:

2. "Emergency response unit" includes a fire department, law enforcement agency, emergency medical services operation, and any other public, tribal, and private group that responds to a request for assistance at the scene of an incident.
3. "Incident" means any situation that requires actions to immediately protect lives and property, to provide for public health and safety, or to avert or lessen the threat of a disaster.

4. "Incident command system" means a recognized system adopted by the United States department of homeland security and the division of emergency management for the command, control, and coordination of resources and personnel at the scene of an incident standardized, on-scene incident management concept designed specifically to allow responders to adopt an integrated organizational structure equal to the complexity and demands of any single incident or multiple incidents without being hindered by jurisdictional boundaries.
5. "National incident management system" means a system that provides a consistent nationwide approach for federal, state, and local governments to work effectively and efficiently together to prepare for, respond to, and recover from domestic incidents, regardless of cause, size, or complexity.
6. "National response plan" means a comprehensive all-hazards approach to enhance the ability of the United States to manage domestic incidents, incorporating best practices and procedures from incident management disciplines and integrating them into a unified structure to guide national support of state and local governments and the private sector.

An assisting unit withdrawing from an emergency response operation is not liable for damage to the requesting unit.

SECTION 16. AMENDMENT. Section 57-15-28 of the North Dakota Century Code is amended and reenacted as follows:

57-15-28. Emergency fund - County. The governing body of any county may levy a tax for emergency purposes not exceeding the limitation in subsection 22 of section 57-15-06.7. The emergency fund may not be considered in determining the budget or the amount to be levied for each fiscal year for normal tax purposes but must be shown in the budget as an "emergency fund" and may not be deducted from the budget as otherwise provided by law. Each county may create an emergency fund, and all taxes levied for emergency purposes by any county, when collected, must be deposited in the emergency fund, and must be used only for emergency purposes caused by the destruction or impairment of any county property necessary for the conduct of the affairs of the county, emergencies caused by nature or by the entry by a court of competent jurisdiction of a judgment for damages against the county. The emergency fund may not be used for any road construction or

maintenance, except for repair of roads damaged by nature within sixty days preceding ~~such~~ the determination to expend emergency funds, or for the purchase of road equipment; however, the emergency fund may be used to match federal funds appropriated to mitigate damage to roads related to a federally declared disaster that occurred more than sixty days preceding the determination. Any unexpended balance, remaining in the emergency fund at the end of any fiscal year, must be kept in ~~such~~ the fund. When the amount of money in the emergency fund, plus the amount of money due the fund from outstanding taxes, equals the amount produced by a levy of five mills on the taxable valuation of property in a county with a population of thirty thousand or more, or ten mills on the taxable valuation of property in a county with a population of less than thirty thousand, the levy authorized by this section must be discontinued, and no further levy may be made until required to replenish the emergency fund.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. A new subdivision to subsection 1 of section 38-08-04 of the North Dakota Century Code is created and enacted as follows:

The placing of wells in abandoned-well status which have not produced oil or natural gas in paying quantities for one year. A well in abandoned-well status must be promptly returned to production in paying quantities, approved by the commission for temporarily abandoned status, or plugged and reclaimed within six months. If none of the three preceding conditions are met, the industrial commission may require the well to be placed immediately on a single-well bond in an amount equal to the cost of plugging the well and reclaiming the well site. In setting the bond amount, the commission shall use information from recent plugging and reclamation operations. After a well has been in abandoned-well status for one year, the well's equipment, all well-related equipment at the well site, and salable oil at the well site are subject to forfeiture by the commission. If the commission exercises this authority, section 38-08-04.9 applies. BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 38-08-05 of the North Dakota Century Code is amended and reenacted as follows:

38-08-05. Drilling permit required. UNLOCATABLE MINERAL INTEREST TRUSTS

AN ACT to create and enact chapter 38-13.1 of the North Dakota Century Code, relating to trusts for unlocatable mineral, leasehold, and royalty interest owners; and to repeal chapter 38-13 of the North Dakota Century Code, relating to execution of oil and gas instruments affecting interests owned by absent persons.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Chapter 38-13.1 of the North Dakota Century Code is created and enacted as follows:

38-13.1-01. Trusts for unlocatable mineral, leasehold, or royalty interest owners - Creation. A person that owns a mineral, leasehold, or royalty interest underlying a tract of land may petition the district court of the county in which the tract or a portion of the tract is located to declare a trust in favor of other persons also owning or claiming an interest in the mineral, leasehold, or royalty interest underlying the tract if the place of residence and present whereabouts of the other persons are unknown and cannot reasonably be ascertained. In requesting the appointment of a trustee, the petitioner must show that a diligent but unsuccessful effort to locate the absent owner or claimant has been made and that appointment of a trustee will be in the best interest of all owners of an interest in the mineral, leasehold, or royalty interest. After determining that these conditions have been met, the court shall appoint the county treasurer as trustee and shall authorize the county treasurer to execute and deliver an oil, gas, or other mineral lease, a ratification, a division order, or any other related document or instrument on the terms and the conditions as the court may approve. A trust in existence on the effective date of this Act may be transferred to the county treasurer of the county in which the mineral, leasehold, or royalty interest is located.

38-13.1-02. No further liability for petitioner. If a trust in favor of unlocatable owners or claimants of an interest in the mineral, leasehold, or royalty interest has been created and all bonuses, rental payments, royalties, and other income due to the unlocatable owners being or have been paid to the trustee, the person petitioning for creation of the trust is not liable for further claims by unlocatable owners for bonuses, rental payments, royalties, and other income produced after the creation of the trust.

38-13.1-03. Administration of trust. The administration of the trust must comply with the appropriate provisions regulating trusts contained in title 59. Except as provided in this section, trustee or attorney's fees may not be paid from the trust proceeds. All bonuses, rental payments, royalties, and other income must be paid to the trustee until the trust is terminated and notice of its termination is given to all interested parties. The trustee shall distribute all moneys held in the trust to the person entitled to the money upon the order of the district court. A trust in favor of unlocatable owners must be kept in force until the unlocatable owners of the mineral interests in question have successfully claimed their share of the funds held in trust

and have filed the notice as provided in section 38-13.1-04. The creation of a trust in favor of unlocatable owners does not affect the right of a surface owner who succeeds to ownership of a mineral interest upon its lapse under chapter 38-18.1. A person who succeeds to ownership under chapter 38-18.1 owns the mineral interest and the proceeds from the mineral interest from the date of succession. The trustee shall invest funds in a prudent manner. Upon receipt, fifty percent of the moneys paid to the trustee must be credited to the general fund of the county in which the mineral interest is located to defray the costs of administration. Funds held in trust are subject to the laws governing abandoned property as provided in chapter 47-30.1.

38-13.1-04. Filing of addresses - Fee. A person claiming an interest in the mineral, leasehold, or royalty interest underlying a tract of land that is the subject of a trust proceeding under section 38-13.1-01 may record with the recorder of each county in which the land is located a notice containing the person's address and a description of the person's mineral, leasehold, or royalty interest. Recording the notice creates a rebuttable presumption that the person owns the interest claimed.

SECTION 2. REPEAL. Chapter 38-13 of the North Dakota Century Code is repealed.

Title to the abandoned mineral interest vests in the owner or owners of the surface estate in the land in or under which the mineral interest is located on the date of abandonment. The owner of the surface estate in the land in or under which the mineral interest is located on the date of abandonment may record a statement of succession in interest indicating that the owner has succeeded to ownership of the minerals under this chapter.

39-20-14. Screening tests. Any person who operates a motor vehicle upon the public highways of this state is deemed to have given consent to submit to an onsite screening test or tests of the person's breath for the purpose of estimating the alcohol content of the person's blood upon the request of a law enforcement officer who has reason to believe that the person committed a moving traffic violation or was involved in a traffic accident as a driver, and in conjunction with the violation or the accident the officer has, through the officer's observations, formulated an opinion that the person's body contains alcohol. A person may not be required to submit to a screening test or tests of breath while at a hospital as a patient if the medical practitioner in immediate charge of the person's case is not first notified of the proposal to make the requirement, or objects to the test or tests on the ground that such would be prejudicial to the proper care or treatment of the patient. The screening test or tests must be performed by an enforcement officer certified as a chemical test operator by the director of the state crime laboratory or the director's designee and according to methods and with devices approved by the director of the state crime laboratory or the director's designee. The results of such screening test must be used only for determining whether or not a further test shall be given under the provisions of section 39-20-01. The officer shall inform the person that refusal of the person to submit to a screening test will result in a revocation for up to ~~three~~ four years of that person's driving privileges. If such person refuses to submit to such screening test or tests, none may be given, but such refusal is sufficient cause to revoke such person's license or permit to drive in the same manner as provided in section 39-20-04, and a hearing as provided in section 39-20-05 and a judicial review as provided in section 39-20-06 must be available. However, the director must not revoke a person's driving privileges for refusing to submit to a screening test requested under this section if the person provides a sufficient breath, blood, or urine sample for a chemical test requested under section 39-20-01 for the same incident. No provisions of this section may supersede any provisions of chapter 39-20, nor may any provision of chapter 39-20 be construed to supersede this section except as provided herein. For the purposes of this section, "chemical test operator" means a person certified by the director of the state crime laboratory or the director's designee as qualified to perform analysis for alcohol in a person's blood, breath, saliva, or urine.

 - c. ~~Four miles [6.44 kilometers]~~ Two miles [3.22 kilometers] if the city has a population of twenty-five thousand or more.
2. Subject to subsections 5 and 6, a city, by ordinance, may extend the application of the city's zoning regulations to two times the distance allowed under subdivisions a, b, and c of subsection 1 if the extension is approved by at least five of six members of a committee established to review the proposed extension. The committee must consist of three members appointed by the governing body of the city and three members appointed, jointly, by the governing bodies of any political subdivision that is exercising zoning authority within the territory to be extraterritorially zoned.
3. If a quarter quarter section line divides a platted lot and the majority of that platted lot lies within the quarter quarter section, a city may apply its extraterritorial zoning authority to the remainder of that platted lot. If the majority of the platted lot lies outside the quarter quarter section, the city may not apply its extraterritorial zoning authority to any of that platted lot.

- ~~3.~~ 4. A city exercising its extraterritorial zoning authority shall hold a zoning transition meeting if the territory to be extraterritorially zoned is currently zoned. The city's zoning or planning commission shall provide at least fourteen days' notice of the meeting to the zoning board or boards of all political subdivisions losing their partial zoning authority. The purpose of the zoning transition meeting is to review existing zoning rules, regulations, and restrictions currently in place in the territory to be extraterritorially zoned and to plan for an orderly transition. The zoning transition meeting must take place before the city's adoption of an ordinance exercising extraterritorial zoning.
4. 5. If two or more cities have boundaries at a distance where there is an overlap of extraterritorial zoning authority under this section, the governing bodies of the cities may enter into an agreement regarding the extraterritorial zoning authority of each city. The agreement must be for a specific term and is binding upon the cities unless the governing bodies of the cities agree to amend or rescind the agreement or unless determined otherwise by an administrative law judge in accordance with this chapter. If a dispute arises concerning the extraterritorial zoning authority of a city and the governing bodies of the cities involved fail to resolve the dispute, the dispute must be submitted to a committee for mediation. The committee must be comprised of one member appointed by the governor, one member of the governing body of each city, and one member of the planning commission of each city who resides outside the corporate city limits. The governor's appointee shall arrange and preside over the meeting and act as mediator at the meeting. A meeting may be continued until the dispute has been resolved or until the mediator determines that continued mediation is no longer worthwhile.
- ~~5.~~ 6. If the mediation committee is unable to resolve the dispute to the satisfaction of the governing bodies of all the cities involved, the governing body of any of the cities may petition the office of administrative hearings to appoint an administrative law judge to determine the extraterritorial zoning authority of the cities in the disputed area. A hearing may not be held until after at least two weeks' written notice has been given to the governing bodies of the cities involved in the dispute. At the hearing, the governor's appointee who mediated the meetings under subsection 4 shall provide information to the administrative law judge on the dispute between the cities involved and any proposed resolutions or recommendations made by a majority of the committee members. Any resident of, or person owning property in, a city involved in the dispute or the unincorporated territory that is the subject of the proposed extraterritorial zoning, a representative of such a resident or property owner, and any representative of a city involved, may appear at the hearing and present evidence on any matter to be determined by the administrative law judge. A decision by the administrative law judge is binding upon all the cities involved in the dispute and remains effective until the governing bodies of the cities agree to a change in the zoning authority of the cities. The governing body of a city may request a review of a decision of an administrative law judge due to changed circumstances at any time ten years after the decision has become final. An administrative law judge shall consider the following factors in making a decision under this subsection:

- a. The proportional extraterritorial zoning authority of the cities involved in the dispute;
 - b. The proximity of the land in dispute to the corporate limits of each city involved;
 - c. The proximity of the land in dispute to developed property in the cities involved;
 - d. Whether any of the cities has exercised extraterritorial zoning authority over the disputed land;
 - e. Whether natural boundaries such as rivers, lakes, highways, or other physical characteristics affecting the land are present;
 - f. The growth pattern of the cities involved in the dispute; and
 - g. Any other factor determined to be relevant by the administrative law judge.
- 6- 7. For purposes of this section, the population of a city must be determined by the last official regular or special federal census. If a city has incorporated after a census, the population of the city must be determined by a census taken in accordance with chapter 40-22.
- 7- 8. When a portion of the city is attached to the bulk of the city by a strip of land less than one hundred feet [30.48 meters] wide, that portion and strip of land must be disregarded when determining the extraterritorial zoning limits of the city. This subsection does not affect the ability of a city to zone land within its city limits.
- 8- 9. For the purposes of this section, a quarter quarter section shall be determined in the manner provided by 2 Stat. 313 [43 U.S.C. 752]. When appropriate, the phrase "quarter quarter section" refers to the equivalent government lot.

- (1) To deposit in the mail or deliver for transmission by any other usual means of communication with postage or cost of transmission provided for and properly addressed and, in the case of an instrument, to an address specified on the instrument or otherwise agreed, or if there be none to any address reasonable under the circumstances; or
 - (2) In any other way to cause to be received any record or notice within the time it would have arrived if properly sent.
- kk. "Signed" includes using any symbol executed or adopted with present intention to adopt or accept a writing.

- ll. "State" means a state of the United States, the District of Columbia, Puerto Rico, the United States Virgin Islands, or any territory or insular possession subject to the jurisdiction of the United States.
- mm. "Surety" includes a guarantor or other secondary obligor.
- nn. "Term" means a portion of an agreement that relates to a particular matter.
- oo. "Unauthorized signature" means a signature made without actual, implied, or apparent authority. The term includes a forgery.
- pp. "Warehouse receipt" means a document of title issued by a person engaged in the business of storing goods for hire.
- qq. "Writing" includes printing, typewriting, or any other intentional reduction to tangible form. "Written" has a corresponding meaning.

41-01-10. (1-202) Notice - Knowledge.

- 1. Subject to subsection 6, a person has "notice" of a fact if the person:
 - a. Has actual knowledge of that fact;
 - b. Has received a notice or notification of that fact; or
 - c. From all the facts and circumstances known to the person at the time in question, has reason to know that that fact exists.
- 2. "Knowledge" means actual knowledge. "Knows" has a corresponding meaning.
- 3. "Discover", "learn", or words of similar import refer to knowledge rather than to reason to know.
- 4. A person "notifies" or "gives" a notice or notification to another person by taking such steps as may be reasonably required to inform the other person in ordinary course, whether or not the other person actually comes to know of it.
- 5. Subject to subsection 6, a person "receives" a notice or notification when:
 - a. It comes to that person's attention; or
 - b. It is duly delivered in a form reasonable under the circumstances at the place of business through which the contract was made or at another location held out by that person as the place for receipt of such communications.
- 6. Notice, knowledge, or a notice or notification received by an organization is effective for a particular transaction from the time it is brought to the attention of the individual conducting that transaction and, in any event, from the time it would have been brought to the individual's attention if the organization had exercised due diligence. An organization exercises due diligence if the organization maintains

reasonable routines for communicating significant information to the person conducting the transaction and there is reasonable compliance with the routines. Due diligence does not require an individual acting for the organization to communicate information unless the communication is part of the individual's regular duties or the individual has reason to know of the transaction and that the transaction would be materially affected by the information.

41-01-11. (1-203) Lease distinguished from security interest.

1. Whether a transaction in the form of a lease creates a lease or security interest is determined by the facts of each case.
2. A transaction in the form of a lease creates a security interest if the consideration that the lessee is to pay the lessor for the right to possession and use of the goods is an obligation for the term of the lease and is not subject to termination by the lessee, and:
 - a. The original term of the lease is equal to or greater than the remaining economic life of the goods;
 - b. The lessee is bound to renew the lease for the remaining economic life of the goods or is bound to become the owner of the goods;
 - c. The lessee has an option to renew the lease for the remaining economic life of the goods for no additional consideration or for nominal additional consideration upon compliance with the lease agreement; or
 - d. The lessee has an option to become the owner of the goods for no additional consideration or for nominal additional consideration upon compliance with the lease agreement.
3. A transaction in the form of a lease does not create a security interest merely because:
 - a. The present value of the consideration the lessee is obligated to pay the lessor for the right to possession and use of the goods is substantially equal to or is greater than the fair market value of the goods at the time the lease is entered;
 - b. The lessee assumes risk of loss of the goods;
 - c. The lessee agrees to pay, with respect to the goods, taxes, insurance, filing, recording, or registration fees, or service or maintenance costs;
 - d. The lessee has an option to renew the lease or to become the owner of the goods;
 - e. The lessee has an option to renew the lease for a fixed rent that is equal to or greater than the reasonably predictable fair market rent for the use of the goods for the term of the renewal at the time the option is to be performed; or

- f. The lessee has an option to become the owner of the goods for a fixed price that is equal to or greater than the reasonably predictable fair market value of the goods at the time the option is to be performed.
- 4. Additional consideration is nominal if that consideration is less than the lessee's reasonably predictable cost of performing under the lease agreement if the option is not exercised. Additional consideration is not nominal if:
 - a. When the option to renew the lease is granted to the lessee, the rent is stated to be the fair market rent for the use of the goods for the term of the renewal determined at the time the option is to be performed; or
 - b. When the option to become the owner of the goods is granted to the lessee, the price is stated to be the fair market value of the goods determined at the time the option is to be performed.
- 5. The "remaining economic life of the goods" and "reasonably predictable" fair market rent, fair market value, or cost of performing under the lease agreement must be determined with reference to the facts and circumstances at the time the transaction is entered.

41-01-12. (1-204) Value. Except as otherwise provided in chapters 41-03, 41-04, and 41-05, a person gives value for rights if the person acquires the rights:

- 1. In return for a binding commitment to extend credit or for the extension of immediately available credit, whether or not drawn upon and whether or not a chargeback is provided for in the event of difficulties in collection;
- 2. As security for, or in total or partial satisfaction of, a preexisting claim;
- 3. By accepting delivery under a preexisting contract for purchase; or
- 4. In return for any consideration sufficient to support a simple contract.

41-01-13. (1-205) Reasonable time - Seasonableness.

- 1. Whether a time for taking an action required under this title is reasonable depends on the nature, purpose, and circumstances of the action.
- 2. An action is taken seasonably if the action is taken at or within the time agreed or, if no time is agreed, at or within a reasonable time.

41-01-14. (1-206) Presumptions. If this title creates a "presumption" with respect to a fact or provides that a fact is "presumed", the trier of fact shall find the existence of the fact unless and until evidence is introduced that supports a finding of the fact's nonexistence.

Part 3
Territorial Applicability and General Rules

41-01-15. Territorial applicability - Parties' power to choose applicable

law.

1. Except as provided hereafter in this section, when a transaction bears a reasonable relation to this state and also to another state or nation the parties may agree that the law either of this state or of such other state or nation shall govern their rights and duties. Failing such agreement, this title applies to transactions bearing an appropriate relation to this state.
2. Where one of the following provisions of this title specifies the applicable law, that provision governs and a contrary agreement is effective only to the extent permitted by the law, including the conflict of laws rules, so specified:
 - a. Rights of creditors against sold goods. Section 41-02-47.
 - b. Applicability of the chapter on leases. Sections 41-02.1-05 and 41-02.1-06.
 - c. Applicability of the chapter on bank deposits and collections. Section 41-04-02.
 - d. Governing law in the chapter on funds transfers. Section 41-04.1-38.
 - e. Letters of credit. Section 41-05-16.
 - f. Applicability of the chapter on investment securities. Section 41-08-10.
 - g. Law governing perfection, the effect of perfection or nonperfection, and the priority of security interests and agricultural liens. Sections 41-09-21 through 41-09-27.

41-01-16. (1-302) Variation by agreement.

1. Except as otherwise provided in subsection 2 or elsewhere under this title, the effect of provisions of this title may be varied by agreement.
2. The obligations of good faith, diligence, reasonableness, and care prescribed under this title may not be disclaimed by agreement. The parties, by agreement, may determine the standards by which the performance of those obligations is to be measured if those standards are not manifestly unreasonable. If this title requires an action to be taken within a reasonable time, a time that is not manifestly unreasonable may be fixed by agreement.
3. The presence in certain provisions of this title of the phrase "unless otherwise agreed", or words of similar import, does not imply that the effect of other provisions may not be varied by agreement under this section.

41-01-17. (1-303) Course of performance - Course of dealing - Usage of trade.

1. A "course of performance" is a sequence of conduct between the parties to a particular transaction that exists if:

 - a. The agreement of the parties with respect to the transaction involves repeated occasions for performance by a party; and
 - b. The other party, with knowledge of the nature of the performance and opportunity for objection to it, accepts the performance or acquiesces in the performance without objection.
2. A "course of dealing" is a sequence of conduct concerning previous transactions between the parties to a particular transaction that is fairly to be regarded as establishing a common basis of understanding for interpreting their expressions and other conduct.
3. A "usage of trade" is any practice or method of dealing having such regularity of observance in a place, vocation, or trade as to justify an expectation that it will be observed with respect to the transaction in question. The existence and scope of such a usage must be proved as facts. If it is established that such a usage is embodied in a trade code or similar record, the interpretation of the record is a question of law.
4. A course of performance or course of dealing between the parties or usage of trade in the vocation or trade in which the parties are engaged or of which the parties are or should be aware is relevant in ascertaining the meaning of the parties' agreement, may give particular meaning to specific terms of the agreement, and may supplement or qualify the terms of the agreement. A usage of trade applicable in the place in which part of the performance under the agreement is to occur may be so utilized as to that part of the performance.
5. Except as otherwise provided in subsection 6, the express terms of an agreement and any applicable course of performance, course of dealing, or usage of trade must be construed whenever reasonable as consistent with each other. If such a construction is unreasonable:

 - a. Express terms prevail over course of performance, course of dealing, and usage of trade;
 - b. Course of performance prevails over course of dealing and usage of trade; and
 - c. Course of dealing prevails over usage of trade.
6. Subject to section 41-02-16, a course of performance is relevant to show a waiver or modification of any term inconsistent with the course of performance.
7. Evidence of a relevant usage of trade offered by one party is not admissible unless that party has given the other party notice that the court finds sufficient to prevent unfair surprise to the other party.

41-01-18. (1-304) Obligation of good faith. Every contract or duty within this title imposes an obligation of good faith in its performance and enforcement. This section does not support an independent claim for relief for failure to perform or enforce in good faith and does not create a separate duty of fairness and reasonableness which can be independently breached.

41-01-19. (1-305) Remedies to be liberally administered.

1. The remedies provided under this title must be liberally administered to the end that the aggrieved party may be put in as good a position as if the other party had fully performed but neither consequential or special damages nor penal damages may be had except as specifically provided under this title or by other rule of law.
2. Any right or obligation declared under this title is enforceable by action unless the provision declaring the right or obligation specifies a different and limited effect.

41-01-20. (1-306) Waiver or renunciation of claim or right after breach. A claim or right arising out of an alleged breach may be discharged in whole or in part without consideration by agreement of the aggrieved party in an authenticated record.

41-01-21. (1-307) Prima facie evidence by third-party documents. A document in due form purporting to be a bill of lading, a policy or certificate of insurance, an official weigher's or inspector's certificate, a consular invoice, or any other document authorized or required by the contract to be issued by a third party is prima facie evidence of the document's own authenticity and genuineness and of the facts stated in the document by the third party.

41-01-22. (1-308) Performance or acceptance under reservation of rights.

1. A party that with explicit reservation of rights performs or promises performance or assents to performance in a manner demanded or offered by the other party does not thereby prejudice the rights reserved. Such words as "without prejudice", "under protest", or the like are sufficient.
2. Subsection 1 does not apply to an accord and satisfaction.

41-01-23. (1-309) Option to accelerate at will. A term providing that one party or that party's successor in interest may accelerate payment or performance or require collateral or additional collateral "at will" or when the party "deems itself insecure", or words of similar import, means that the party has power to do so only if that party in good faith believes that the prospect of payment or performance is impaired. The burden of establishing lack of good faith is on the party against which the power has been exercised.

41-01-24. (1-310) Subordinated obligations. An obligation may be issued as subordinated to performance of another obligation of the person obligated, or a creditor may subordinate the creditor's right to performance of an obligation by agreement with either the person obligated or another creditor of the person obligated. Subordination does not create a security interest as against either the common debtor or a subordinated creditor.

1. In this chapter:

- a. "Authorized account" means a deposit account of a customer in a bank designated by the customer as a source of payment of payment orders issued by the customer to the bank. If a customer does not so designate an account, any account of the customer is an authorized account if payment of a payment order from that account is not inconsistent with a restriction on the use of that account.
- b. "Bank" means a person engaged in the business of banking and includes a savings bank, savings and loan association, credit union, and trust company. A branch or separate office of a bank is a separate bank for purposes of this chapter.
- c. "Customer" means a person, including a bank, having an account with a bank or from whom a bank has agreed to receive payment orders.

SECTION 18. AMENDMENT. Subsection 1 of section 41-04.1-06 of the North Dakota Century Code is amended and reenacted as follows:

1. The time of receipt of a payment order or communication canceling or amending a payment order is determined by the rules applicable to receipt of a notice stated ~~in subsection 27 of~~ under section 41-01-14 ~~41-01-10.~~ A receiving bank may fix a cutoff time or times on a funds-transfer business day for the receipt and processing of payment orders and communications canceling or amending payment orders. Different cutoff times may apply to payment orders, cancellations, or amendments, or to different categories of payment orders, cancellations, or amendments. A cutoff time may apply to senders generally or different cutoff times may apply to different senders or categories of payment orders. If a payment order or communication canceling or amending a payment order is received after the close of a funds-transfer business day or after the appropriate cutoff time on a funds-transfer business day, the receiving bank may treat the payment order or communication as received at the opening of the next funds-transfer business day.

SECTION 19. AMENDMENT. Subsection 2 of section 41-04.1-12 of the North Dakota Century Code is amended and reenacted as follows:

2. Reasonable time under subsection 1 may be fixed by agreement under subsection 1 of section ~~41-01-14~~ 41-01-16, but the obligation of a receiving bank to refund payment as stated in subsection 1 may not otherwise be varied by agreement.

this chapter may be varied by agreement or by a provision stated or incorporated by reference in an undertaking. A term in an agreement or undertaking generally excusing liability or generally limiting remedies for failure to perform obligations is not sufficient to vary obligations prescribed by this chapter.

SECTION 22. AMENDMENT. Subdivision k of subsection 1 of section 41-08-02 of the North Dakota Century Code is amended and reenacted as follows:

- k. ~~"Good faith", for purposes of the obligation of good faith in the performance or enforcement of contracts or duties within this chapter, means honesty in fact and the observance of reasonable commercial standards of fair dealing.~~ (Reserved).

The registrar shall within a reasonable time forward a copy of the list to the state tax commissioner. The applicant shall include with the application a copy of a certificate of liability insurance unless the registrar has a current valid certificate of insurance on file, and a certification that the applicant has submitted all payroll taxes, including North Dakota income tax, workforce safety and insurance premiums, and unemployment insurance premiums due at the time of renewal, which documents need not be notarized.
2. The registrar may refuse to renew a license if the registrar determines the application contains false, misleading, or incomplete information or if the contractor's license is not in good standing for any of the reasons listed in subsection 3 of section 43-07-04. The registrar shall notify the applicant in writing if the registrar does not grant the license and shall provide the applicant an opportunity to respond to or cure the defect in the application for a period of ten days from the date of the written notification. Within sixty days after March first, the contractor must be notified by mail that the contractor's license is not in good standing. The contractor then has until June first to renew by paying a penalty fee of seventy-five percent of the renewal fee, filing an application for a certificate of renewal, and paying the renewal fee. A contractor who applies for a certificate of renewal before or within ninety days of the filing deadline is not subject to the investigation authorized in section 43-07-09. After the June first deadline any licenses not renewed are revoked. Any application for a certificate of renewal must be fully completed within sixty days of the date the application is received by the registrar or the registrar shall return the application to the contractor who

then is subject to section 43-07-09. The registrar may destroy all renewals provided for in this section after they have been on file for six years.

SECTION 4. AMENDMENT. Subsection 3 of section 43-07-14 of the North Dakota Century Code is amended and reenacted as follows:

- 1. A wholesale distributor that engages in the wholesale distribution of prescription drugs must be licensed by the board under this chapter and must be properly licensed in any other state in which the wholesale distributor engages in the distribution of prescription drugs before engaging in wholesale distributions of wholesale prescription drugs in this state. However, information and qualification requirements for licensure beyond that required by federal law or regulation do not apply to manufacturers distributing their own United States food and drug

administration-approved drugs, unless particular requirements are deemed necessary and appropriate following rulemaking.

 - a. The name, full business address, and telephone number of the licensee.

The board shall require every wholesale distributor applying for a license to submit a bond of at least one hundred thousand dollars, or other equivalent means of security acceptable to the state, including an irrevocable letter of credit or a deposit in a trust account or financial institution, payable to a fund established by the state under subsection 7. A chain pharmacy warehouse that is engaged only in intracompany transfers is not subject to the bond requirement. The purpose of the bond is to secure payment of any fines or penalties imposed by the state and any fees and costs incurred by the state regarding that license which are authorized under state law and which the licensee fails to pay thirty days after the fines, penalties, or costs become final. The state may make a claim against the bond or security until one year after the licensee's license ceases to be valid. A single bond may cover all facilities operated by the applicant in the state. Any chain pharmacy warehouse that is engaged only in intra-company transfers is exempt from the bond requirement.

Within thirty days of receiving the form, the wholesale distributor must identify and state under oath to the state licensing authority all changes or corrections to the information that was provided under subsection 2. Changes in, or corrections to, any information in subsection 2 must be submitted to the board as required by that authority. 10. The designated representative identified pursuant to subdivision g of subsection 2 must receive and complete continuing training in applicable federal and state laws governing wholesale distribution of prescription drugs.
11. Information provided under subdivision h of subsection 2 may not be disclosed to any person other than a government agency that needs the information for licensing or monitoring purposes.

43-15.3-04. Requirements to distribute prescription drugs.

A person may not engage in wholesale distributions of prescription drugs without, after December 31, 2007, obtaining and maintaining accreditation or certification from the national association of boards of pharmacy's verified accredited wholesale distributor or an accreditation body approved by the board under subsection 4, obtaining and maintaining a license issued by the board, and paying any reasonable fee required by the board. By action of the board, the deadline may be extended through December 31, 2008.
2. The board may not issue or renew the license of a wholesale drug distributor that does not comply with this chapter. The board shall require a separate license for each facility or location where wholesale distribution operations are conducted. An agent or employee of any licensed wholesale drug distributor does not need a license and may lawfully possess pharmaceutical drugs when acting in the usual course of business or employment. The issuance of a license under this chapter does not affect tax liability imposed by the tax department on any wholesale drug distributor.
3. The board may adopt rules that permit out-of-state wholesale drug distributors to obtain a license on the basis of reciprocity if an out-of-state wholesale drug distributor possesses a valid license granted by another state and the legal standards for licensure in the other state are comparable to the standards under this chapter and the other state extends reciprocity to wholesale drug distributors licensed in this state. However, if the requirements for licensure under this chapter are more restrictive than the standards of the other state, the out-of-state

wholesale drug distributor must comply with the additional requirements of this chapter to obtain a license under this chapter.

4. 43-15.3-05. Restrictions on transactions.

1. PROFESSIONAL EMPLOYER ORGANIZATION LICENSING

AN ACT to create and enact a new chapter to title 43 of the North Dakota Century Code, relating to the licensing of professional employer organizations; to provide a penalty; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new chapter to title 43 of the North Dakota Century Code is created and enacted as follows:

Definitions. As used in this chapter:

1. "Administrative fee" means the fee charged to a client by a professional employer organization for professional employer services. The term does not include any amount of a fee which is for wages and salaries, benefits, workers' compensation coverage, payroll taxes, withholding, or other assessment paid by the professional employer organization to or on behalf of a covered employee under a professional employer agreement.
2. "Client" means any person that enters a professional employer agreement with a professional employer organization.
3. "Coemployer" means either a professional employer organization or a client.
4. "Coemployment relationship" means a relationship that is intended to be an ongoing relationship rather than a temporary or project-specific relationship, wherein the rights, duties, and obligations of an employer which arise out of an employment relationship have been allocated between coemployers under a professional employer agreement and this chapter.
5. "Covered employee" means an individual having a coemployment relationship with a professional employer organization and a client, who has received written notice of coemployment with the professional employer organization, and whose coemployment relationship is under a professional employer agreement subject to this chapter. An individual who is an officer, director, shareholder, partner, or manager of the client is a "covered employee" to the extent the professional employer organization and the client have expressly agreed in the professional employer agreement that the individual is a covered employee and if the individual meets the criteria of this subsection and acts as an operational manager or performs day-to-day operational services for the client.

6. "Licensee" means a professional employer organization licensed under this chapter.
7. "Professional employer agreement" means a written contract between a client and a professional employer organization which provides for the coemployment of a covered employee, for the allocation of employer rights and obligations between the client and the professional employer organization with respect to a covered employee, and the assumption of the responsibilities required by this chapter.
8. "Professional employer organization" means a person engaged in the business of providing professional employer services. The term does not include an arrangement through which a person that does not have as its principal business activity the practice of entering a professional employer arrangement and does not hold itself out as a professional employer organization and that shares an employee with a commonly owned company within the meaning of section 414(b) and (c) of the Internal Revenue Code of 1986; an independent contractor arrangement through which a person assumes responsibility for a product produced or a service performed by the person or the person's agents and retains and exercises primary direction and control over the work performed by an individual whose services are supplied under the arrangement; or the provision of temporary help services.
9. "Professional employer services" means the entering of a coemployment relationship under this chapter.
10. "Temporary help services" means services consisting of a person recruiting and hiring its own employees; finding another organization that needs the services of those employees; assigning those employees to perform work at or services for the other organization to support or supplement the other organization's workforce, to provide assistance in special work situations, such as an employee absence, skill shortage, or seasonal workload or to perform a special assignment or project; and customarily attempting to reassign the employees to another organization when the employers finish each assignment.

Rights, duties, and obligations unaffected.

1. Neither this chapter nor a professional employer agreement may affect, modify, or amend a collective bargaining agreement or any right or obligation of a client, professional employer organization, or covered employee under federal law.
2. Neither this chapter nor a professional employer agreement may:
 - a. Diminish, abolish, or remove any right of a covered employee to a client or obligation of the client to a covered employee existing before the effective date of the professional employer agreement.
 - b. Affect, modify, or amend any contractual relationship or restrictive covenant between a covered employee and a client in effect at the time a professional employer agreement becomes effective or prohibit or amend a contractual relationship or restrictive covenant that is entered subsequently between a client and a covered employee.

3. A covered employee who is required under law to be licensed, registered, or certified is deemed solely an employee of the client for purposes of the license, registration, or certification requirement.
4. Unless otherwise provided by this chapter, a professional employer organization is not deemed to engage in any occupation, trade, profession, or other activity that is subject to licensing, registration, or certification requirements or is otherwise regulated solely by entering and maintaining a coemployment relationship with a covered employee who is subject to the requirement.
5. A client has the sole right of direction and control of the professional or licensed activities of a covered employee and of the client's business. The covered employee and client remain subject to regulation by the entity responsible for licensing, registration, or certification of the covered employee or client.
6. For purposes of determination of a tax credit or other economic incentive based on employment, a covered employee is deemed an employee solely of the client. A client is entitled to the benefit of any tax credit, economic incentive, or other benefit arising as the result of the employment of a covered employee of the client. If the grant or amount of the incentive is based on the number of employees, each client must be treated as employing only those covered employees coemployed by the client. A covered employee working for another client of the professional employer organization may not be counted. Each professional employer organization shall provide, upon request by a client or an agency or department of the state, employment information reasonably required for administration of the tax credit or economic incentive and which is necessary to support any request, claim, application, or other action by a client seeking the tax credit or economic incentive.
7. With respect to a bid, contract, purchase order, or agreement entered with the state or a political subdivision, a client company's status or certification by any agency of this state as a small, minority-owned, disadvantaged, or woman-owned business enterprise or as a historically underutilized business is not affected because the client company has entered an agreement with a professional employer organization or uses the services of a professional employer organization.

48-01.2-03. Specified brands, marks, names, or patented articles may not be specified. A governing body, in specifying materials to be used for a public improvement or in plans or specifications for a public improvement, may not request bids for any article of a specified or copyrighted brand or name, the product of any one manufacturer, or any patented apparatus or appliance when the requirement will prevent proper competition, unless the specifications also request bids on other similar articles of equal value, utility, and merit.

48-01.2-04. Publication of advertisement for bids - Emergency exception.

1. Except as otherwise provided in this chapter, if the construction of a public improvement is estimated to cost in excess of one hundred thousand dollars, the governing body shall advertise for bids by publishing for three consecutive weeks. The first publication of the advertisement must be at least twenty-one days before the date of the opening of bids. The advertisement must be published in the official newspaper of the political subdivision in which the public improvement is or will be located, and in a trade publication of general circulation among the contractors, building manufacturers, and dealers in this state, except the advertisement for a public improvement financed by special

assessments need be published only once each week for two weeks in the official newspaper with the first publication being at least fourteen days before the bid opening.

2. If a governing body declares an emergency situation, the governing body may contract for the construction of a public improvement without seeking bids.

48-01.2-05. Contents of advertisement. The advertisement for bids required by section 48-01.2-04 must state:

1. The nature of the work and the type and location of the proposed public improvement.
2. When and where the plans, drawings, and specifications may be seen and examined.
3. The place, date, and time the bids will be opened.
4. That each bid must be accompanied by a separate envelope containing the contractor's license and bid security. The bid security must be in a sum equal to five percent of the full amount of the bid and must be in the form of a bidder's bond. A bidder's bond must be executed by the bidder as principal and by a surety, conditioned that if the principal's bid is accepted and the contract awarded to the principal, the principal, within ten days after notice of the award, shall execute a contract in accordance with the terms of the bid and the bid bond and any condition of the governing body. A countersignature of a bid bond is not required under this section. If a successful bidder does not execute a contract within the ten days allowed, the bidder's bond must be forfeited to the governing body and the project awarded to the next lowest responsible bidder.
5. That a bidder, except a bidder on a municipal, rural, and industrial water supply project using funds provided under Public Law No. 99-294 [100 Stat. 426; 43 U.S.C. 390a], must be licensed for the full amount of the bid as required by sections 43-07-05 and 43-07-12. For projects using funds provided under Public Law No. 99-294 [100 Stat. 426; 43 U.S.C. 390a], the advertisement must state that, unless a bidder obtains a contractor's license for the full amount of its bid within twenty days after it is determined the bidder is the lowest responsible bidder, the bid must be rejected and the contract awarded to the next lowest responsible bidder.
6. That no bid may be read or considered if the bid does not fully comply with the requirements of this section and that any deficient bid submitted must be resealed and returned to the bidder immediately.
7. That the governing body reserves the right to reject any and all bids and rebid the project until a satisfactory bid is received.

48-01.2-06. Bid requirements for public improvements. Multiple prime bids for the general, electrical, and mechanical portions of a project are required when any individual general, electrical, or mechanical contract or any combination of individual contracts is in excess of one hundred thousand dollars. If a general, mechanical, or electrical contract is estimated to be less than twenty-five thousand

dollars, the contract may be included in one of the other prime contracts. A governing body may allow submission of a single prime bid for the complete project or bids for other specialized portions of the project. A governing body may not accept the single prime bid unless that bid is lower than the combined total of the lowest responsible multiple bids for the project.

48-01.2-07. Opening of bids - Award of contract. At the time and place specified in the notice, a governing body shall open publicly and read aloud each responsible bid received and award the contract to the lowest responsible bidder. A governing body may reject any and all bids and readvertise for bids if no bid is satisfactory or if the governing body determines any agreement has been entered by the bidders or others to prevent competition. The governing body may advertise for new bids in accordance with this chapter until a satisfactory bid is received.

48-01.2-08. Officers must not be interested in contract. A governing body, or any member, employee, or appointee of a governing body, may not be pecuniarily interested or concerned in a contract for a public improvement entered by the governing body.

48-01.2-09. Contract with successful bidder. A governing body shall enter a contract with the lowest responsible bidder as determined under section 48-01.2-07. The contract must contain the following:

1. The written terms of the agreement and any associated document signed by the governing body and the contractor;
2. The required surety bond; and
3. Any other document deemed appropriate by the governing body and identified in the advertisement for bids.

48-01.2-10. Bonds from contractors for public improvements.

1. Unless otherwise provided under this chapter, a governing body authorized to enter a contract for the construction of a public improvement in excess of one hundred thousand dollars shall take from the contractor a bond before permitting any work to be done on the contract. The bond must be for an amount equal at least to the price stated in the contract. The bond must be conditioned to be void if the contractor and all subcontractors fully perform all terms, conditions, and provisions of the contract and pay all bills or claims on account of labor performed and any supplies, and materials furnished and used in the performance of the contract, including all demands of subcontractors. The requirement that bills and claims be paid must include the requirement that interest of the amount authorized under section 13-01-14 be paid on bills and claims not paid within ninety days. The bond is security for all bills, claims, and demands until fully paid, with preference to labor and material suppliers as to payment. The bond must run to the governing body, but any person having a lawful claim against the contractor or any subcontractor may sue on the bond.
2. A governing body may not require any person required to provide a surety bond to obtain the surety bond from a specified insurance or surety company or insurance producer or to submit financial data to the company or producer.

48-01.2-11. Claim for public improvement - Suit on contractor's bond. A person that has furnished labor or material for any public improvement for which a bond is furnished and has not been paid in full within ninety days after completion of the contribution of labor or materials may sue on the bond for the amount unpaid at the time of institution of suit. However, a person having a direct contractual relationship with a subcontractor, but no contractual relationship with the contractor furnishing the bond, does not have a claim for relief upon the bond unless that person has given written notice to the contractor, within ninety days from the date on which the person completed the contribution, stating with substantial accuracy the amount claimed and the name of the person for which the contribution was performed. The notice must be served by registered mail in an envelope addressed to the contractor at any place the contractor maintains an office, conducts business, or has a residence.

A governing body shall provide a certified copy of the bond and the contract for which the bond was given to any individual who submits an affidavit that either the individual has supplied labor or materials for the improvement and that payment has not been made or that the individual is being sued on the bond. The individual requesting the copy shall pay the actual cost of the preparation of the certified copy of the bond and the contract. The certified copy of the bond is prima facie evidence of the contents, execution, and delivery of the original.

48-01.2-12. Claims - When barred as liens against contractor and surety. Any claim for any labor, material, or supply furnished for an improvement, upon which a suit is not commenced within one year after completion and acceptance of the project, is barred as a lien or claim against the contractor and the contractor's surety and any right of setoff or counterclaim may be enforced in any court in this state against the governing body, the contractor, or the contractor's surety. This chapter does not bar the right of any person who has furnished any labor, supply, or material to any subcontractor to enforce the claim against the subcontractor.

48-01.2-13. Payments. At least once in each calendar month during the continuance of work upon any public improvement, the governing body shall receive and consider any partial payment estimate prepared by the architect or engineer. Upon review and approval, the governing body shall pay an estimate in an amount equal to the estimated value of the labor and material furnished plus the material adequately stored. A partial payment estimate must include retentions or retainage as follows: ten percent of each estimate until the project is fifty percent completed with no further retainage on estimates during the continuance of the contract unless unsatisfactory progress or performance is documented. The governing body may, upon completion of ninety-five percent of the contract, pay to the contractor up to ninety-five percent of the amount retained from previous estimates. The remaining amount retained must be paid to the contractor in the amounts and at the times approved by the architect or engineer. The governing body shall make final payment of all moneys due to the contractor following completion of all work, acceptance of the project by the governing body, and the provision of necessary releases. If an architect or engineer is not employed by the governing body for administration of the contract, the contractor, at the end of each calendar month during the continuance of work, may furnish a payment estimate to the governing body. After considering and approving an estimate, the governing body shall draw a warrant upon the proper fund and promptly transmit the warrant to the contractor. The governing body may invest or deposit any retained amount in a financial association or institution so that the contractor's money retained is earning interest or dividends for the benefit of the contractor. Any amount invested or deposited must remain in the name of the governing body until final payment of all money due to the contractor is to be made.

48-01.2-14. Late payment - Rate of interest. If a governing body fails or neglects to consider any estimate properly submitted, pay any estimate approved, or make final payment upon completion and acceptance of a public improvement, for a period of more than thirty days from the date of approval of the estimate or the completion and acceptance date, the governing body shall pay interest on the estimate or final payment from the date of approval. The interest rate must be the rate per annum of two percentage points below the Bank of North Dakota prime interest rate as set thirty days from the date of the estimate or completion date until the issuance of a proper warrant for the payment. The governing body shall compute and add the interest to the face of the estimate or final payment and the interest must be charged to the fund upon which payment for the contract is to be made. No payment for, or on account of, any contract made under this chapter may be made except upon estimate of the architect, engineer, or contractor as provided in section 48-01.2-13.

48-01.2-15. Appropriations may not be diverted. No portion of any special appropriation for the erection of any public improvement, or for the doing of any work, may be drawn from the state treasury in advance of the work being completed or of the materials furnished. The funds may be drawn only upon proper estimates approved by the governing body of the institution for which the improvement is being constructed. No portion of any appropriation for any purpose may be drawn from the treasury before the appropriation is required for the purpose for which it is made, and no appropriation that is or may be made for any purpose with respect to the construction or improvement may be drawn or used for any other purpose until the construction or improvement for which the appropriation was made is fully completed and paid for.

48-01.2-16. Architects, landscape architects, and engineers - Duties. The governing body shall employ the architect, landscape architect, or engineer furnishing the plans as provided in this chapter or some other qualified person to provide construction administration and construction observation services for which the plans and specifications are prepared as provided by section 48-01.2-02. The architect, landscape architect, or engineer shall assist the governing body in determining that the contractor performs the work in accordance with the intent of the plans and specifications. As part of a site visit or construction observation, the architect, landscape architect, or engineer may not supervise, direct, or have control over the contractor's work. The architect, landscape architect, or engineer may not exercise control over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by the contractor, the quality control of the work, the security or safety on the site, any safety precaution or program incident to the contractor's work, the failure of the contractor to comply with any law or rule applicable to the contractor's furnishing of or performance of the work, or the failure of the contractor to furnish or perform the work in accordance with the construction contract. The architect, landscape architect, or engineer is entitled to receive a reasonable compensation to be fixed by the governing body. Any duty imposed or power conferred upon the governing body by this chapter applies to a successor to the governing body.

48-01.2-17. Coordination of work under multiple prime bids. If a public improvement is awarded as multiple prime contracts for the general, electrical, mechanical work, and other prime contracts as contained in the bid for the project, the governing body may assign the coordination of the electrical and mechanical contracts and any other contracts to the general contractor for the project to facilitate the coordination of the work.

48-01.2-18. Construction management - Governing body determinations.

1. Notwithstanding any other provision of law, a governing body may use the agency construction management or construction management at-risk delivery methods for construction of a public improvement if:
 - a. The agency construction manager has no common ownership or conflict of interest with the architect, landscape architect, or engineer involved in the planning and design of the public improvement or with any person engaged in the construction of the public improvement.
 - b. The construction manager at-risk has no common ownership or conflict of interest with the architect, landscape architect, or engineer involved in the planning and design of the public improvement.
2. Before utilizing the agency construction management or construction management at-risk delivery method, a governing body shall make the following determinations:
 - a. That it is in the best interest of the public to utilize the agency construction manager or construction manager at-risk public improvement delivery method.
 - b. That the agency construction manager or construction manager at-risk planning and design phase services will not duplicate services normally provided by an architect or engineer.
 - c. That the agency construction manager or construction manager at-risk construction services will be in addition to and not duplicate the services provided for in the architect and engineer contracts.
3. The governing body shall provide written documentation of the determinations provided for under subsection 2 upon written request from any individual.

48-01.2-19. Agency construction management procurement procedures - Contract.

1. A governing body electing to utilize the agency construction management delivery method shall establish a construction management services selection committee composed of individuals the governing body determines to be qualified to make an informed decision as to the most competent and qualified person for the proposed public improvement.
2. The agency selection committee shall:
 - a. Develop a description of the proposed public improvement;
 - b. Enumerate each required agency construction management service for the proposed public improvement; and

- c. Prepare the formal invitation request for qualifications, which must include the project title, the general scope of work, a description of each service required for the public improvement, the final selection criteria, the address to which responses to the request must be submitted, and the deadline for submission of responses.
3. The governing body shall publish a notice of the request for qualifications in a newspaper of general circulation in the county in which the public improvement is located and in a construction trade publication in general circulation among the contractors, building manufacturers, and dealers in this state and shall be published for three consecutive weeks, with the first publication being at least twenty-one days before the date of opening of the request for qualifications. Upon written request, the governing body shall mail a copy of the invitation to any interested party.
4. After the submission deadline, the selection committee shall hold interviews with at least three persons that have responded to the advertisement and which are deemed most qualified on the basis of information available before the interviews. If less than three persons have responded to the advertisement, the committee may readvertise or hold interviews with any person that submitted a response. The selection committee's determination as to which person will be interviewed must be in writing and must be based upon the committee's review and evaluation of all materials submitted. The written report of the committee must list the name of each person that responded to the advertisement and enumerate any reason for selecting any person to be interviewed. The written report must be available to the public upon written request. The purpose of the interviews must be to provide any information required by the selection committee to fully acquaint the committee members with the relative qualifications of each person that responded to the advertisement.
5. The selection committee shall evaluate each person interviewed on the basis of the following criteria:
 - a. The past performance of the person with respect to prior public improvements.
 - b. The qualifications of proposed personnel.
 - c. The willingness to meet time and budget requirements of the governing body.
 - d. The business location of the person.
 - e. The recent, current, and projected workloads of the person.
 - f. Any related experience performing agency construction management services on projects of similar size and scope.
 - g. Any recent or current work by the person for the agency.
 - h. The ability of the person to provide the bond for the person's portion of the work on the public improvement.

- i. The possession by the person of a class A contractor's license.
6. Based upon the evaluation under subsection 5, the selection committee shall rank the three persons which, in its judgment, are most qualified. If fewer than three persons responded to the advertisement, the selection committee shall rank each person that responded. The selection committee's report ranking the interviewed persons must be in writing and must include data substantiating the committee's determinations. The data must be available to the public upon written request.
7. The selection committee shall submit its written report ranking the interviewed persons to the governing body for evaluation and approval by the governing body. The governing body shall determine the final ranking of each person and provide written notification of the order of preference to each person that responded to the request for qualifications.
8. After providing the notice under subsection 7, the governing body shall negotiate a contract for services with the most qualified person at a compensation which is fair and reasonable to the governing body. If the governing body is unable to negotiate a satisfactory contract with that person, the governing body shall terminate negotiations with that person and commence negotiations in the same manner with the second and then the third most qualified person until a satisfactory contract has been negotiated. This objective is voluntary and there is no penalty or sanction for a retail provider of electricity that fails to meet this objective. The objective applies to all retail providers of electricity in the state, regardless of the ownership status of the electricity retailer. Municipal and cooperative utilities that receive wholesale electricity through a municipal power agency or generation and transmission cooperative may aggregate their renewable and recycled energy objective resources to meet this objective.

²⁰³ **SECTION 2. AMENDMENT.** Section 49-02-25 of the North Dakota Century Code is amended and reenacted as follows:

49-02-25. Renewable electricity and recycled energy defined. As used in section 49-02-24, renewable electricity and recycled energy include electricity generated from facilities using the following sources:

Associated operating expenses are costs incurred by the public utility to comply with the environmental mandate. The tariff must:

 - b. Allow a return on the public utility's investment made to meet federal environmental mandates at the level approved in the utility's most recent general rate case.
 - c. Provide a current return on construction work in progress to meet federal environmental mandates provided the cost recovery from retail customers of the allowance for funds used during construction is not sought through any other means.
 - d. Terminate cost recovery after the public utility's costs and expenses to meet federal environmental mandates have been recovered fully or have been reflected in the utility's general rate tariffs.
2. Rate adjustments filed under the tariff must be accompanied by:

- a. A description and quantification of the costs and expenses incurred by the public utility to meet federal environmental mandates which are subject to recovery;
 - b. A schedule for implementation of the applicable projects; and
 - c. Calculations to establish that the rate adjustment is consistent with the terms of the tariff.
3. Upon receipt of a rate adjustment filed under the tariff, the commission shall approve the rate adjustment to become effective unless, after notice and opportunity for hearing and comment, the commission determines the rate adjustment does not comply with the tariff or the incurred costs and expenses to meet federal environmental mandates are not reasonable and prudent. The commission may order the expenses of investigating rate adjustments to meet federal environmental mandates under this section be paid by the public utility in accordance with section 49-02-02. The public utility has the burden of proving that the rate adjustment complies with the tariff and that the costs and expenses incurred to meet federal environmental mandates are reasonable and prudent.

3. Every personal representative, upon the granting of letters of administration or testamentary shall forward to the department of human services a copy of the petition or application commencing probate, heirship proceedings, or joint tenancy tax clearance proceedings in the respective district court, together with a list of the names of the legatees, devisees, surviving joint tenants, and heirs at law of the estate. To the extent a claim for repayment of medical assistance arises for services provided in months during which the department of human services has in effect an approved state plan amendment that provides for the disregard of assets in an amount equal to the insurance benefit payments that are made to or on behalf of an individual who is a beneficiary of an insurance policy under a qualified state long-term care insurance partnership, the department's claim need not be paid out of assets of the decedent's estate of a recipient of medical assistance, or assets of the decedent's estate of the spouse of such a recipient, of a value equal to an amount the estate demonstrates was paid for long-term care provided to the recipient of medical assistance during those months by that insurance policy.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 50-24.1-02.8 of the North Dakota Century Code is amended and reenacted as follows:

50-24.1-02.8. Transfers involving annuities.

1. For purposes of this section, "annuity" means a policy, certificate, contract, or other arrangement between two or more parties whereby one party pays money or other valuable consideration to the other party in return for the right to receive payments in the future. ~~Except for purposes of subsections 3 and 5, the term does not mean an employee benefit that qualifies for favorable tax treatment under the Internal Revenue Code or a plan described in the Internal Revenue Code as a retirement plan under which contributions must end and withdrawals begin by age seventy and one-half.~~
2. ~~The purchase of an~~ An annuity purchased before August 1, 2005, ~~an instrument purporting to be an annuity, or any other arrangement that meets the definition of annuity in subsection 4 is considered an available asset and its purchase is~~ an uncompensated assignment or transfer of assets under section 50-24.1-02, resulting in a penalty under the applicable rules established by the department of human services unless the following criteria are met:
 - a. The annuity is a single premium immediate annuity or an annuity in which a settlement option has been selected, is irrevocable, and cannot be assigned to another person.
 - b. The annuity is purchased from an insurance company or other commercial company that sells annuities as part of the normal course of business.
 - c. The annuity provides substantially equal monthly payments of principal and interest and does not have a balloon or deferred payment of principal or interest. Payments will be considered substantially equal if the total annual payment in any year varies by five percent or less from the payment in the previous year.
 - d. The annuity will return the full principal and interest within the purchaser's life expectancy as determined by the life expectancy tables published by the centers for medicare and medicaid services.

- e. The monthly payments from the annuity, unless specifically ordered otherwise by a court of competent jurisdiction, do not exceed the maximum monthly income amount allowed for a community spouse as determined under 42 U.S.C. 1396r-5.
3. Unless done in compliance with subsection 4, a provision in an annuity that purports to preclude assignment or transfer of any interest in the annuity is void as against public policy upon application of the purchaser, the purchaser's spouse, the annuitant, or the annuitant's spouse for benefits under this chapter. This subsection applies only to an annuity for which a payment option has been irrevocably selected after July 31, 2005.
4. An annuity, ~~an instrument purporting to be an annuity, or any other arrangement that meets the definition of annuity in subsection 4,~~ purchased after July 31, 2005, and before February 8, 2006, is not an available asset and the expenditure of funds to purchase such an annuity, instrument, or other arrangement may not be considered to be a disqualifying transfer of an asset for purposes of this chapter if:
 - a. The annuity is purchased from an insurance company or other commercial company that sells annuities as part of the normal course of business;
 - b. The annuity is irrevocable and neither the annuity nor payments due under the annuity may be assigned or transferred;
 - c. The monthly payments from all annuities owned by the purchaser that comply with this subsection may not exceed the minimum monthly maintenance needs allowance for a community spouse as determined by the department pursuant to 42 U.S.C. 1396r-5 and, when combined with the purchaser's other monthly income, at the time of application of the purchaser, the purchaser's spouse, the annuitant, or the annuitant's spouse, for benefits under this chapter, do not exceed one hundred fifty percent of the minimum monthly maintenance needs allowance allowed for a community spouse as determined by the department pursuant to 42 U.S.C. 1396r-5;
 - d. The annuity provides substantially equal monthly payments of principal and interest and does not have a balloon or deferred payment of principal or interest. Payments will be considered substantially equal if the total annual payment in any year varies by five percent or less from the payment in the previous year;
 - e. The annuity will return the full principal and has a guaranteed period that is equal to at least eighty-five percent of the purchaser's life expectancy as determined by the life expectancy tables used by the department of human services; and
 - f. The annuity does not include any provision that limits the effect of subsection 5.
5. ~~Except as provided in subsection 2, before~~ Before benefits under this chapter may be provided to an otherwise eligible applicant who is fifty-five years of age or older, the department of human services, or the

successor of that department, must be irrevocably named on each annuity owned by that applicant, or by the spouse of that applicant, that complies with subsection 4, as primary beneficiary for payment of amounts due following the death of the applicant and the applicant's spouse, if any, not to exceed the amount of benefits paid under this chapter on behalf of that applicant after age fifty-five, plus interest on that amount at the legal rate from six months after the applicant's death. If the department receives notice within ninety days of the death of the applicant or the applicant's spouse that reliably demonstrates that the applicant is survived by a minor child who resided and was supported financially by the deceased or by a permanently and totally disabled child, the department shall remit any payments made to the department under this section to those survivors in equal shares. When the obligations to the minor child or children who resided and were supported financially by the deceased or the permanently and totally disabled child or children and the department are fulfilled, the department shall remit any future payments made to the department under this section to the contingent beneficiaries selected by the annuitant regarding each annuity owned by the applicant or by the spouse of the applicant ~~which complies with subsection 4.~~

6. The purchase of an annuity on or after February 8, 2006, or the selection or alteration on or after February 8, 2006, of a payment option for an annuity purchased at any time, is a disqualifying transfer of an asset for purposes of this chapter unless:
 - a. The state is named as the remainder beneficiary in the first position for at least the total amount of medical assistance paid on behalf of the annuitant or the state is named in the second position after the community spouse or minor or disabled child and is named in the first position if the community spouse or a representative of the minor or disabled child disposes of any remainder for less than fair market value;
 - b. The annuity is purchased from an insurance company or other commercial company that sells annuities as part of the normal course of business;
 - c. The annuity is irrevocable and neither the annuity nor payments due under the annuity may be assigned or transferred;
 - d. The annuity provides substantially equal monthly payments of principal and interest and does not have a balloon or deferred payment of principal or interest. Payments will be considered substantially equal if the total annual payment in any year varies by five percent or less from the payment in the previous year; and
 - e. The annuity will return the full principal and interest within the purchaser's life expectancy as determined in accordance with actuarial publications of the office of the chief actuary of the social security administration.
7. An annuity purchased on or after February 8, 2006, or a payment option selected or altered on or after February 8, 2006, with respect to an annuity purchased at any time is an asset for purposes of this chapter unless:

- a. The annuity meets all of the requirements of subsection 6;
 - b. The monthly payments from all annuities owned by the purchaser that comply with this subsection do not exceed the minimum monthly maintenance needs allowance for a community spouse of the maximum amount allowed pursuant to 42 U.S.C. 1396r-5 and, at the time of application for benefits under this chapter, the total combined income from all sources of the purchaser and the purchaser's spouse, or the annuitant and the annuitant's spouse, does not exceed one hundred fifty percent of the minimum monthly maintenance needs allowance allowed for a community spouse of the maximum amount allowed pursuant to 42 U.S.C. 1396r-5; and
 - c. The annuity will return the full principal and has a guaranteed period that is equal to at least eighty-five percent of the purchaser's life expectancy as determined by the life expectancy tables used by the department of human services.
8. Except for the provision in subdivision a of subsection 6, this section does not apply to:
- a. An annuity described in subsection b or q of section 408 of the Internal Revenue Code of 1986;
 - b. An annuity purchased with proceeds from an account or trust described in subsection a, c, or p of section 408 of the Internal Revenue Code of 1986;

Notwithstanding any other provision of law, every health insurer, not more frequently than twelve times in a year, shall provide to the department upon its request information, including automated data matches conducted under the direction of the department, as necessary, to:

3. To facilitate the department in obtaining the information required by this section, a health insurer shall:

b. Respond to the request for information within ninety days after receipt of written proof of loss or claim for payment for health care services provided to a recipient of medical assistance who is covered by the insurer's health benefit plan.

d. Respond to any inquiry by the department regarding a claim for payment for any health care item or service that is submitted no later than three years after the date of the provision of the health care item or service.

(1) The claim is submitted by the department within the three-year period beginning on the date on which the item or service was furnished; and

(2) Any action by the department to enforce its rights with respect to such claim is commenced within six years of the department's submission of the claim.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new section to chapter 50-24.1 of the North Dakota Century Code is created and enacted as follows:

Third-party liability recovery.

1. For purposes of this section:
 - a. "Department" means the department of human services.
 - b. "Third party" means an individual, entity, or program that is or may be liable to pay all or part of the expenditures for medical assistance furnished under this chapter.
2. The department shall seek recovery of reimbursement from a third party up to the full amount of medical assistance paid.
3. A medical assistance recipient shall inform the department of any rights the recipient has to third-party benefits and shall inform the department of the name and address of any individual, entity, or program that is or may be liable to provide third-party benefits.
4. A release or satisfaction of a cause of action, suit, claim, counterclaim, demand, judgment, settlement, or settlement agreement is not valid or effectual as against a claim created under this chapter unless the department joins in the release or satisfaction or executes a release of its claim.
5. The department shall recover the full amount of all medical assistance provided on behalf of a recipient to the full extent of third-party benefits received by the recipient or the department for medical expenses. The department shall recover the third-party benefits directly from any third party or from the recipient or legal representative, if the recipient or legal representative has received third-party benefits, up to the amount of medical assistance provided to the recipient.
6. An applicant for or recipient of medical assistance shall cooperate in the recovery of third-party benefits.

7. To enforce its rights to third party benefits, the department may institute, intervene in, or join any legal or administrative proceeding in its own name.

If either the department or the recipient brings an action, the other may become a party to or may consolidate an action brought independently with the other.
 - b. A judgment, award, or settlement of a claim in an action by a recipient to recover damages for injuries or other third-party benefits in which the department has an interest may not be satisfied or released without first giving the department notice and a reasonable opportunity to file and satisfy its claim or proceed with any action as otherwise permitted by law.
8. Any transfer or encumbrance of any right, title, or interest to which the department has a right with the intent, likelihood, or practical effect of defeating, hindering, or reducing recovery by the department for reimbursement of medical assistance provided to a recipient is void and of no effect against the claim of the department.
9. A recipient who has notice or who has actual knowledge of the department's rights to third-party benefits who receives any third-party benefit or proceeds for a covered illness or injury is either required to pay the department within sixty days after receipt of settlement proceeds the full amount of the third-party benefits up to the total medical assistance provided or to place a sum equal to the full amount of the total medical assistance provided in a trust account pending judicial or administrative determination of the department's right to the third-party benefits.
10. CONSUMER CREDIT REPORT FREEZES

AN ACT to create and enact chapter 51-33 of the North Dakota Century Code, relating to security freezes on consumer credit reports; to provide a penalty; to provide an effective date; and to declare an emergency.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Chapter 51-33 of the North Dakota Century Code is created and enacted as follows:

51-33-01. Definitions. In this chapter, unless the context or subject matter otherwise requires:

1. "Consumer report" has the same meaning as provided in 15 U.S.C. 1681(a)(d).
2. "Consumer reporting agency" means any person that for monetary fees or dues, or on a cooperative nonprofit basis, regularly engages in the practice of assembling or evaluating consumer credit information or other information on consumers for the purpose of furnishing consumer reports to third parties, and which uses any means or facility of interstate commerce for the purpose of preparing or furnishing consumer reports.
3. "Proper identification" means information sufficient to verify identity. Only if the consumer is unable to sufficiently provide self-identifying information may a consumer reporting agency require additional information concerning the consumer's employment and personal or family history in order to verify the consumer's identity.
4. "Security freeze" means a notice placed in a consumer's consumer report, at the request of the consumer and subject to certain exceptions, that prohibits the consumer reporting agency from releasing the consumer credit file or any information derived from it, without the express authorization of the consumer. If a security freeze is in place, information from a consumer's consumer credit file may not be released to a third party without prior express authorization from the consumer. A security freeze does not prevent a consumer reporting agency from advising a third party that a security freeze is in effect with respect to the consumer report.
5. "Victim of identity theft" means a consumer who has a copy of a valid police report, investigative report, or complaint to law enforcement evidencing that the consumer has alleged to be a victim of identity theft.

51-33-02. Right to obtain security freeze. A consumer may elect to place a security freeze on the consumer's consumer credit file by making a request to a consumer reporting agency. The consumer may make the request:

1. By mail;
2. By telephone by providing proper identification or certain personal identification required by the consumer reporting agency; or
3. Directly to the consumer reporting agency through a secure electronic mail connection if the connection is made available by the consumer reporting agency.

51-33-03. Response of consumer reporting agency.

1. A consumer reporting agency shall place a security freeze on a consumer's consumer credit file no later than three business days after receiving from the consumer a request under section 51-33-02 which includes proper identification. If a victim of identity theft requests a security freeze, a consumer reporting agency shall place a security freeze on the consumer's credit report no later than forty-eight hours after receiving:
 - a. A notice under section 51-33-02; and
 - b. A copy of a valid police report, investigative report, or complaint to law enforcement evidencing the identity theft victim has alleged being a victim of identity theft. The copy may be transmitted to the consumer reporting agency by mail, facsimile, or secure electronic mail connection, if the connection is made available by the consumer reporting agency.
2. Effective August 1, 2009, if a victim of identity theft requests a security freeze, a consumer reporting agency shall place a security freeze on the consumer's credit report no later than twenty-four hours after receiving:
 - a. A notice under section 51-33-02; and
 - b. A copy of a valid police report, investigative report, or complaint to law enforcement evidencing the identity theft victim has alleged being a victim of identity theft. The copy may be transmitted to the consumer reporting agency by mail, facsimile, or secure electronic mail connection, if the connection is made available by the consumer reporting agency.
3. The consumer reporting agency, within five business days after receiving the request, shall send a written confirmation of the security freeze to the consumer and provide the consumer with a unique personal identification number or password to be used by the consumer when providing authorization for the release of the consumer's consumer report for a specific party or period of time.
4. When a consumer requests a security freeze, the consumer reporting agency shall disclose the process of placing and temporarily lifting a freeze, including the process for allowing access to information from the consumer's consumer report for a specific party or period of time while the freeze is in place.

51-33-04. Temporary lifting or permanent removal of the freeze.

1. If the consumer wishes to allow the consumer's consumer credit file to be accessed for a specific party or period of time while a freeze is in place, the consumer shall contact the consumer reporting agency, request that the freeze be temporarily lifted, and provide the following:
 - a. Proper identification;
 - b. The unique personal identification number or password provided by the credit reporting agency under section 51-33-03;
 - c. The proper information regarding the third party who is to receive the consumer report or access the credit file or the time period for which the report or credit file is to be available to users of the consumer credit file; and
 - d. A fee if applicable.
2. A consumer reporting agency that receives a request from a consumer to temporarily lift a freeze on a consumer credit file under this section shall comply with the request no later than three business days after receiving the request.
3. A consumer reporting agency may develop procedures involving the use of telephone, fax, internet, or other electronic media to receive and process a request from a consumer to temporarily lift a freeze on a consumer report under this section in an expedited manner, with the goal of processing a request within fifteen minutes after the request.
4. A consumer reporting agency shall remove or temporarily lift a freeze placed on a consumer report only in the following cases:
 - a. Upon consumer request under this section; or
 - b. When the consumer credit file was frozen due to a material misrepresentation of fact by the consumer. When a consumer reporting agency intends to remove a freeze on a consumer credit file under this section, the consumer reporting agency shall notify the consumer in writing at least three business days prior to removing the freeze on the consumer credit file.
5. A security freeze remains in place until the consumer requests that the security freeze be removed. A consumer reporting agency shall remove a security freeze within three business days of receiving a request for removal from the consumer, who provides both of the following:
 - a. Proper identification; and
 - b. The unique personal identification number or password provided by the credit reporting agency under section 51-33-03.

51-33-05. Response by third party to denial of access. When a third party requests access to a consumer report on which a security freeze is in effect, and this request is in connection with an application for credit or the opening of an

account and the consumer does not allow the consumer's consumer report to be accessed for that specific party or period of time, the third party may treat the application as incomplete.

51-33-06. Nonapplicability. Sections 51-33-01 through 51-33-05 do not apply to the use of a consumer report by any of the following:

1. A person or entity, or a subsidiary, affiliate, or agent of that person or entity, or an assignee of a financial obligation owing by the consumer to that person or entity, or a prospective assignee of a financial obligation owing by the consumer to that person or entity in conjunction with the proposed purchase of the financial obligation, with which the consumer has or had prior to assignment an account or contract, including a demand deposit account, or to whom the consumer issued a negotiable instrument, for the purposes of reviewing the account or collecting the financial obligation owing for the account, contract, or negotiable instrument. For purposes of this subsection, "reviewing the account" includes activities related to account maintenance, monitoring, credit line increases, and account upgrades and enhancements;
2. A subsidiary, affiliate, agent, assignee, or prospective assignee of a person to whom access has been granted under section 51-33-04 for purposes of facilitating the extension of credit or other permissible use;
3. Any federal, state, or local governmental entity, including a law enforcement agency, court, or its agents or assigns;
4. A private collection agency acting under a court order, warrant, or subpoena;
5. Any person or entity for the purposes of prescreening as provided for by the Fair Credit Reporting Act, 15 U.S.C. 1681 et seq.;
6. Any person or entity administering a credit file monitoring subscription service to which the consumer has subscribed;
7. Any person or entity for the purpose of providing a consumer with a copy of the consumer's consumer report upon the consumer's request;
8. Any person or entity for use in setting or adjusting a rate, adjusting a claim, or underwriting for insurance purposes. This exemption does not determine or affect whether these uses are permitted under other law; and
9. A consumer reporting agency for its data base or file that consists entirely of information concerning, and used solely for, one or more of the following:
 - a. Criminal record information;
 - b. Tenant screening;
 - c. Employment screening; and
 - d. Fraud prevention or detection.

51-33-07. Information to government agencies not affected. Sections 51-33-01 through 51-33-06 do not prohibit a consumer reporting agency from furnishing to a governmental agency a consumer's name, address, former address, places of employment, or former places of employment.

51-33-08. Fees.

1. A consumer reporting agency may charge a fee not to exceed five dollars for placing or temporarily lifting a security freeze unless:
 - a. The consumer is a victim of identity theft; and
 - b. The consumer provides, or has already provided in connection with the security freeze, the consumer reporting agency with a valid copy of a police report or a police case number documenting the identity theft, investigative report, or complaint to a law enforcement agency.
2. In addition to the charge, if any, permitted under this section, a consumer may be charged no more than five dollars if the consumer fails to retain the original personal identification number given to the consumer by the agency, but the consumer may not be charged for a one-time reissue of the same or a new personal identification number. The consumer may be charged no more than five dollars for subsequent instances of loss of the personal identification number. No other fees may be imposed in connection with the security freeze.

51-33-09. Changes to information - Written confirmation required. If a security freeze is in place, a consumer reporting agency may not change any of the following official information in a consumer report without sending a written confirmation of the change to the consumer within thirty days of the change being posted to the consumer's file: name, date of birth, social security number, and address. Written confirmation is not required for technical modifications of a consumer's official information, including name and street abbreviations, complete spellings, or transposition of numbers or letters. In the case of an address change, the written confirmation shall be sent to both the new address and to the former address.

51-33-10. Security freeze not applicable to certain consumer reporting agencies. A consumer reporting agency is not required to place a security freeze in a consumer credit file under this chapter if it acts only as a reseller of credit information by assembling and merging information contained in the data base of another consumer reporting agency or multiple consumer reporting agencies and does not maintain a permanent data base of credit information from which new consumer reports are produced. However, a consumer reporting agency must honor any security freeze placed on a consumer credit file by another consumer reporting agency.

51-33-11. Exempt entities. The following entities are not required to place a security freeze on a consumer credit file under this chapter:

1. A check services or fraud prevention services company that issues reports on incidents of fraud or authorizations for the purpose of approving or processing negotiable instruments, electronic funds transfers, or similar methods of payments; and

2. A deposit account information service company that issues reports regarding account closures due to fraud, substantial overdrafts, ATM abuse, or similar negative information regarding a consumer, to inquiring banks or other financial institutions for use only in reviewing a consumer's request for a deposit account at the inquiring bank or financial institution.

51-33-12. Notice of rights. At any time that a consumer is required to receive a summary of rights required under 15 U.S.C. 1681g or under North Dakota law, the following notice shall be included:

North Dakota Consumers Have the Right to Obtain a Security Freeze

You may obtain a security freeze on your consumer credit file at no charge to protect your privacy and ensure that credit is not granted in your name without your knowledge. You have a right to place a "security freeze" on your consumer credit file pursuant to North Dakota law.

The security freeze will prohibit a consumer reporting agency from releasing any information in your consumer credit file without your express authorization or approval.

The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. When you place a security freeze on your credit file, within five business days you will be provided a personal identification number or password to use if you choose to remove the freeze on your credit file or to temporarily authorize the release of your credit report or credit score for a specific party, parties, or period of time after the freeze is in place. To provide that authorization, you must contact the consumer reporting agency and provide all of the following:

1. The unique personal identification number or password provided by the consumer reporting agency.
2. Proper identification to verify your identity.
3. The proper information regarding the third party or parties who are to receive the credit report or the period of time for which the report shall be available to users of the credit report.

A consumer reporting agency that receives a request from a consumer to lift temporarily a freeze shall comply with the request no later than three business days after receiving the request.

A consumer reporting agency may charge you up to five dollars each time you freeze or temporarily lift the freeze, except a consumer reporting agency may not charge any amount to a victim of identity theft who has submitted a copy of a valid investigative report or complaint to a law enforcement agency about the unlawful use of the victim's information by another person.

A security freeze does not apply to circumstances where you have an existing account relationship and a copy of your report is requested by your existing creditor or its agents or affiliates for certain types of account review, collection, fraud control, or similar activities.

If you are actively seeking a new credit, loan, utility, or telephone account, you should understand that the procedures involved in lifting a security freeze may slow your own applications for credit. You should plan ahead and lift a freeze - either completely if you are shopping around, or specifically for a certain creditor - with enough advance notice before you apply for new credit for the lifting to take effect.

You have a right to bring a civil action against someone who violates your rights under the credit reporting laws. The action can be brought against a consumer reporting agency or a user of your credit report.

51-33-13. Private enforcement.

1. If a consumer reporting agency erroneously releases a consumer's credit file or any information derived from the file, the consumer reporting agency shall send written notification to the affected consumer within five business days following discovery or notification of the erroneous release, including specificity as to the information released and the third-party recipient of the information. In addition, the affected consumer in a civil action against the consumer reporting agency may recover:
 - a. Injunctive relief to prevent or restrain further violation of the security freeze;
 - b. The greater of actual damages or two thousand dollars in civil penalties for each violation; and
 - c. Reasonable expenses, court costs, investigative costs, and attorney's fees.
2. Each violation of the security freeze shall be counted as a separate incident for purposes of imposing penalties under this section.

51-33-14. Enforcement by attorney general - Powers - Remedies - Separate violations - Venue. The attorney general may enforce this chapter. In enforcing this chapter, the attorney general has all the powers provided in chapter 51-15 and may seek all the remedies in chapter 51-15. A violation of this chapter is a violation of chapter 51-15. Each violation of the security freeze shall be counted as a separate violation. The remedies, duties, prohibitions, and penalties of this chapter are not exclusive and are in addition to all other causes of action, remedies, and penalties under chapter 51-15 and as otherwise provided by law. The attorney general may bring an action pursuant to this section in either the county of the consumer's residence or Burleigh County.

SECTION 2. EFFECTIVE DATE. This Act becomes effective on June 1, 2007.

SECTION 3. EMERGENCY. This Act is declared to be an emergency measure.

- c. The positive employer ~~maximum~~ minimum rate necessary to generate the amount of income needed to pay benefits must be set so that all the rates combined generate the average required rate for income needed to pay benefits, multiplied by the ratio, calculated under subdivision d, needed to reach the solvency balance. The negative employer maximum rate necessary to generate the amount of income needed to pay benefits is the negative employer minimum rate necessary to generate the amount of income needed to pay benefits plus three and six-tenths percent. However, the maximum rate must be at least five and four-tenths percent.
 - d. The tax rate necessary to generate the amount of income needed to reach a solvency balance must be calculated by dividing the solvency balance by the amount of income estimated as needed to pay benefits and multiplying the resulting ratio times each rate, within the positive and negative rate arrays, as determined under this section to meet the average required rate needed to pay benefits as defined by subdivision a. The ratio calculated under this subdivision must also be multiplied by any rate calculated as required by subsection 6 to arrive at a final rate for a new business. All results calculated under this subdivision must be rounded to the nearest one-hundredth of one percent.
6. a. Except as otherwise provided in this subsection, an employer's rate may not be less than the negative employer minimum rate for a calendar year unless the employer's account has been chargeable with benefits throughout the thirty-six-consecutive-calendar-month period ending on September thirtieth of the preceding calendar year. If an employer in construction services has not been subject to the law as required, that employer qualifies for a reduced rate if the account has been chargeable with benefits throughout the twenty-four-consecutive-calendar-month period ending September thirtieth of the preceding calendar year. If an employer in nonconstruction services has not been subject to the law as required, the employer in nonconstruction services qualifies for a reduced rate if the account has been chargeable with benefits throughout the twelve-consecutive-calendar-month period ending September thirtieth of the preceding calendar year. The executive director may provide any negative employer whose contributions paid into the trust fund are greater than the benefit charges against that employer's account, for a minimum of three consecutive years immediately preceding the computation date or subject to the law as required, with up to a thirty percent reduction to that employer's rate for any year if that employer has in place a plan approved by the bureau which addresses substantive changes to that employer's business operation and ensures that any rate reduction provided will not put the employer account back into a negative status.

- b. An employer that does not qualify under subdivision a is subject to a rate determined as follows:
- (1) For each calendar year new employers must be assigned a rate that is ~~one hundred fifty ninety~~ percent of the positive employer maximum rate or a rate of one percent, whichever is greater, unless the employer is classified in construction services. However, an employer must be assigned within the negative employer rate ranges for any year if, as of the computation date, the cumulative benefits charged to that employer's account equal or exceed the cumulative contributions paid on or before October thirty-first with respect to wages paid by that employer before October first of that year.
 - (2) New employers in construction services must be assigned the negative employer maximum rate.
 - (3) Assignment by the bureau of an employer's industrial classification for the purposes of this section must be the three-digit major group provided in the North American industrial classification system manual, in accordance with established classification practices found in the North American industrial classification system manual, issued by the executive office of the president, office of management and budget. Employers who are liable for coverage before August 1, 2001, remain under an industrial classification under the two-digit major group provided in the standard industrial classification manual unless they are classified in the construction industry within the standard industrial classification code.

SECTION 2. AMENDMENT. Subsections 2, 3, and 6 of section 52-04-06 of the North Dakota Century Code are amended and reenacted as follows:

2. For each calendar year the bureau shall establish a schedule of positive employer rate groups within the positive employer minimum rate and the positive employer maximum rate determined under section 52-04-05. Each successive rate group for positive employer rate groups must be assigned a rate equal to one hundred twenty percent of the previous group's rate ~~plus with a minimum increase of one-tenth of one percent and a maximum increase of four-tenths of one percent.~~ The number of rate groups in the positive employer schedule must be ~~the number required to provide for a rate group at each one-tenth of one percent interval between the positive employer minimum rate and the positive employer maximum rate determined under section 52-04-05 ten.~~ For each calendar year the bureau shall establish a schedule of negative employer rate groups with the negative employer minimum rate and the negative employer maximum rate determined under section 52-04-05. Each successive rate group for negative employer rate groups must be assigned a rate equal to the previous group's rate plus four-tenths of one percent. The number of rate groups in the negative employer schedule must be the number required to provide for a rate group at each four-tenths of one percent interval between the negative employer minimum rate and the negative employer maximum rate determined under section 52-04-05.

3. Positive employers must be assigned to the rate in the positive employer rate schedule in the rank order of their reserve ratios, as determined in subsection 1, with the highest reserve ratio positive employers assigned to the first positive employer rate. Each successively ranked positive employer must be assigned to a rate within the positive employer rate schedule so that ~~each rate within the rate schedule is assigned the same proportion~~ the first rate within the rate schedule is assigned sixty percent of the positive employer's prior year's taxable wages and each of the remaining nine rates within the rate schedule are assigned the same proportion of the remaining forty percent of the positive employer's prior year's taxable wages. Negative employers must be assigned to the rate in the negative employer rate schedule in the rank order of their reserve ratios, as determined in subsection 1, with the highest reserve ratio negative employers assigned to the first negative employer rate. Each successively ranked negative employer must be assigned to a rate within the negative employer rate schedule so that each rate within the rate schedule is assigned the same proportion of the negative employer's prior year's taxable wages.
6. If an employer has a quarterly taxable payroll in excess of fifty thousand dollars and at least three times its established average annual payroll or the average annual payroll is zero, and the employer's cumulative lifetime reserve balance is positive, then the tax rate for that employer is ~~one hundred fifty ninety~~ percent of the positive employer maximum rate in effect that year or a rate of one percent, whichever is greater, beginning the first day of the calendar quarter in which it occurred and for the remainder of the calendar year. If the employer's cumulative lifetime reserve balance is negative, then the tax rate for that employer is the negative employer maximum rate of contribution in effect that year, beginning the first day of the calendar quarter in which it occurred and for the remainder of the calendar year.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 52-04-06.1 of the North Dakota Century Code is amended and reenacted as follows:

52-04-06.1. Construction project risk protection.

1. Any project in this state with an estimated construction cost of at least fifty million dollars which is planned to be completed or discontinued within a period of seven years is subject to this section. The general or prime contractor, or the owner in those situations in which there is no general or prime contractor, of a project that meets the criteria specified under this section shall post the bond or irrevocable letter of credit required in subsection 2 before commencement of construction work on the project and shall report annually, within thirty days of the anniversary date the project becomes subject to this section, to the bureau any change in the construction costs of projects subject to this section.
2. If the bureau determines that the project is or will be within the criteria stated by this section, the bureau shall require the general or prime contractor, or the owner in those situations in which there is no general or prime contractor, for whom the project is being constructed, on behalf of each employing unit, excluding design and engineering firms, to post a bond executed by a surety company authorized to do business in the state or an irrevocable letter of credit from a federal deposit insurance corporation insured state or nationally chartered bank authorized to do business in the state which will insure payment for all benefits claimed by employees of all employing units working on the project. The bureau may adjust the amount of bond or irrevocable letter of credit required under this subsection to cover any significant increases or decreases in project construction costs reported by the general or prime contractor or owner. If any general or prime contractor or owner fails to comply with this subsection, the bureau may apply to any court of this state within the jurisdiction in which the contractor or owner is found, located, or transacts business to obtain an order to compel the general or prime contractor or owner to post the required bond or irrevocable letter of credit required under this subsection. Any failure to obey an order of the court may be punished by the court as a contempt of court.
3. The amount of bond or irrevocable letter of credit must be the difference between the estimated benefits paid and estimated contributions, multiplied by fifty percent. The estimation of contributions expected must be made as follows: multiply the current year's ~~negative~~ positive

employer minimum rate ~~or six percent, whichever is greater~~ times the current year's taxable wage base times the estimated number of employees on the project using figures from project plans, times the number of years between the start date and the estimated completion date of the project. The estimation of benefits paid must be made as follows: the ratio of benefits charged to contributions paid in the most recent three fiscal years by employers in the construction industry multiplied by the estimated contributions multiply the estimated number of employees, from the project plans, times the current year's maximum weekly benefit amount times the duration, twelve weeks for the first year and twelve weeks for subsequent years, times the number of years between the start date and the completion date rounded up to the next whole number.

4. Thirty months after the completion or discontinuance of the project, the bureau shall determine the total benefits paid to employees of the employing unit or units. If the total amount paid to the employees of the unit or units exceeds the total amount of contributions collected from the units under the North Dakota Unemployment Compensation Law, the general or prime contractor, or the owner in those situations in which there is no general or prime contractor, shall pay the total amount of benefits paid to the employees of the units which exceeded the total amount of contributions collected from the unit or units. If the general or prime contractor, or the owner in those situations in which there is no general or prime contractor, does not pay the payment requirement, job service North Dakota shall collect the payment from the surety company that executed the surety bond or bank that issued the irrevocable letter of credit. The general or prime contractor, or the owner in those situations in which there is no general or prime contractor, shall remain liable for any amount of benefits paid to the employees working on the project which exceeds the amount of contributions collected from the employers who worked on the project which is not covered by the amount of the bond or irrevocable letter of credit.
5. For the purposes of this section, a project includes all entities that employ or contract for the employment of, or is employing directly or indirectly through agents, independent contractors, or subcontractors, excluding design and engineering firms. Each employing unit, whether contractor, subcontractor, or otherwise, involved in the project is subject to this section, excluding design and engineering firms.
6. Each employing unit having employees working on a project subject to this section, excluding design and engineering firms, shall maintain separate records for all employment on the project showing each individual's name, social security number, wages paid, and the dates the wages were paid. The employers shall submit separate reports from other employment subject to the North Dakota Unemployment Compensation Law under a separate reporting account established for the project.
7. This section applies to projects for which bids are let after August 1, 2001.
8. The determination of whether a project is subject to this section must be made in the same manner as provided for in section 52-04-17.

9. This section does not apply to any project in which the state is the owner or contractor.

SECTION 6. AMENDMENT. Section 53-06.2-10.1 of the North Dakota Century Code is amended and reenacted as follows:

53-06.2-10.1. Simulcast wagering. In addition to racing under the certificate system, as authorized by this chapter, and conducted upon the premises of a racetrack, simulcast parimutuel wagering may be conducted in accordance with this chapter ~~and interim standards that need not comply with chapter 28-32~~, or rules adopted by the commission under this chapter in accordance with chapter 28-32. Any organization qualified under section 53-06.2-06 to conduct racing may make written application to the commission for the conduct of simulcast parimutuel wagering on races held at licensed racetracks inside the state or racetracks outside the state, or both. Licensure of service providers, totalizator companies, site operators, or organizations applying to conduct or conducting simulcast or account wagering must be approved by the attorney general. The attorney general may not grant a license denied by the commission. Notwithstanding any other provision of this chapter, the commission may authorize any licensee to participate in interstate or international combined wagering pools with one or more other racing jurisdictions. Anytime that a licensee participates in an interstate or international combined pool, the licensee, as prescribed by the commission, may adopt the take-out of the host jurisdiction or facility. The commission may permit a licensee to use one or more of its races or simulcast programs for an interstate or international combined wagering pool at locations outside its jurisdiction and may allow parimutuel pools in other states to be combined with parimutuel pools in its jurisdiction for the purpose of establishing an interstate or international combined wagering pool. The participation by a licensee in a combined interstate or international wagering pool does not cause that licensee to be considered to be doing business in any jurisdiction other than the jurisdiction in which the licensee is physically located. Parimutuel taxes or commissions may not be imposed on any amounts wagered in an interstate or

international combined wagering pool other than amounts wagered within this jurisdiction. The certificate system also permits parimutuel wagering to be conducted through account wagering. As used in this section, "account wagering" means a form of parimutuel wagering in which an individual deposits money in an account and uses the account balance to pay for parimutuel wagers. An account wager made on an account established in this state may only be made through the licensed simulcast service provider approved by the attorney general and authorized by the commission to operate the simulcast parimutuel wagering system under the certificate system. The attorney general may not grant a license denied by the commission. An account wager may be made in person, by direct telephone communication, or through other electronic communication in accordance with rules adopted by the commission. Breakage for interstate or international combined wagering pools must be calculated in accordance with the statutes or rules of the host jurisdiction and must be distributed among the participating jurisdictions in a manner agreed to among the jurisdictions.

The industrial commission shall adopt policies and procedures as necessary to implement this program. The Bank of North Dakota may charge fees to participants in the program. The industrial commission shall limit participation in the program so that the cumulative value of the guaranteed portion of the receivables under the program does not exceed five million dollars at any one time.
2. In the case of a payment dispute, the program must provide a participating North Dakota business with sure and certain payment of receivable owing under the contract between the North Dakota business and the tribal-owned or Indian-owned business. Any litigation over a payment dispute must be conducted by the participating businesses and is not the responsibility of the industrial commission, the Bank of North Dakota, or this guaranty program. The industrial commission shall establish a guaranty reserve board. The board membership, which may not exceed twelve members, consists of the attorney general or the attorney general's representative, who serves as chairman of the board; the president of the Bank of North Dakota or the president's representative; one representative for each participating tribal government; and representatives of private business equal to the number of tribal government representatives serving on the board. Each North Dakota Indian tribe that participates in the program may appoint one board member to serve a two-year term. A tribally appointed member serves at the pleasure of the appointing tribal government. The board members representing private business serve two-year terms to run concurrently with the corresponding tribally appointed member. The members of the industrial commission shall take turns appointing the board members representing private business,

in the following order: governor, attorney general, and agriculture commissioner. Each member representing private business serves at the pleasure of the industrial commission and any vacant position must be filled by an individual appointed by the member of the industrial commission making the original appointment. The board must meet annually, or more often as may be determined necessary by the chairman, for the purpose of reviewing participation in the program and conducting the business of the board.

3. To participate in the program, all parties must agree that for purposes of the program and related business contract issues any claim or dispute between any of the parties are governed by the laws of the state of North Dakota and any claim or dispute between the parties must be brought in Burleigh County district court in Bismarck or by agreement of the parties may be brought to a mutually agreed-upon arbitrator. To participate in the program, the business owned by a North Dakota Indian tribe or the Indian-owned small business must have secured the pledge of a North Dakota Indian tribe or a tribally approved entity to guarantee repayment to the guaranty program for any payments made due to payment disputes. This repayment guarantee must be consistent with the policies and procedures established by the industrial commission to implement this program.
4. If the Bank of North Dakota provides a North Dakota business with a payment due to a payment dispute, as a guarantor the board is an assignee and as such may seek reimbursement from a third party or from the North Dakota business for any payment made under the program.

No eligible facility may receive state ~~ethanol~~ payments that exceed a cumulative total of ten million dollars or for longer than ten years. Change in ownership of an eligible facility does not affect the ten million dollar cumulative total allowed to be paid to that eligible facility under this section or the ten-year limitation contained in this section.

SECTION 2. State board of higher education - Biomass energy center. The state board of higher education is encouraged to establish or name a biomass energy center or centers at an institution or institutions under the control of the board to conduct research and provide education and technical assistance related to biomass production, harvesting, transportation, and conversion.

Any moneys in the registration fund accruing from license fees or from other like sources, in excess of the amount required to pay salaries and other necessary expenses, in accordance with the legislative assembly's appropriation for such purposes, must be promptly deposited in the highway tax distribution fund which must be distributed in the manner as prescribed by law. The state treasurer shall transfer annually from the highway tax distribution fund to the ethanol production incentive fund an amount equal to forty percent of all sums collected for the registration of farm vehicles under subsection 5 of section 39-04-19 except that no transfer may be made in an amount that would result in the balance of the ethanol production incentive fund exceeding five seven million five hundred thousand dollars.

20. Fixtures, buildings, and improvements up to the amount of valuation specified, when owned and occupied as a homestead, as hereinafter defined, by any of the following persons:
 - a. A paraplegic disabled veteran of the United States armed forces or any veteran who has been awarded specially adapted housing by the veterans' administration, or the unremarried surviving spouse if such veteran is deceased, for the first one hundred twenty thousand dollars of true and full valuation of the fixtures, buildings, and improvements.
 - b. A disabled veteran of the United States armed forces who was discharged under honorable conditions or who has been retired from the armed forces of the United States with an armed forces service-connected disability of fifty percent or greater, or the unremarried surviving spouse if the veteran is deceased; if the income of the veteran and the spouse, or if the veteran is deceased the income of the unremarried surviving spouse, in the calendar year prior to the year for which the exemption is claimed did not exceed the maximum amount of income provided in section 57-02-08.1 for receiving a homestead credit under that section exclusive of any compensation or pension for service-connected disability from the United States government for a percentage, equal to the percentage of the disabled veteran's certified rated service-connected disability, applied against the first one hundred twenty thousand dollars of true and full valuation of the fixtures, buildings, and improvements.
 - c. Any permanently and totally disabled person who is permanently confined to use of a wheelchair, or, if deceased, the unremarried

surviving spouse of a permanently and totally disabled person. If the spouse of a permanently and totally disabled person owns the homestead or if it is jointly owned by them, the same reduction in assessed valuation applies as long as both reside thereon. The provisions of this subdivision do not reduce the liability for special assessments levied upon the homestead. The phrase "permanently confined to use of a wheelchair" means that the person cannot walk with the assistance of crutches or any other device and will never be able to do so and that a physician selected by the local governing board has so certified.

Any person claiming an exemption under this subsection for the first time shall file with the county auditor an affidavit showing the facts herein required and a description of the property and, in addition, a disabled veteran claiming exemption under subdivision b shall also file with the affidavit a certificate from the United States veterans' administration, or its successors, certifying to the amount of the disability; ~~the~~. The affidavit and certificate must be open for public inspection. ~~Any person shall thereafter furnish to the assessor or other assessment officials when requested to do so any information which is believed will support the claim for exemption for any subsequent year. After the initial filing of a claim for exemption under this subsection, the exemption is automatically renewed each following year but the veteran or veteran's unremarried surviving spouse must refile if that person sells the property or no longer claims it as a primary place of residence or if the veteran dies or receives a change in the percentage of the certified rated service-connected disability.~~

For purposes of this subsection, and except as otherwise provided in this subsection, "homestead" has the meaning provided in section 47-18-01 except that it also applies to any person who otherwise qualifies under the provisions of this subsection whether or not the person is the head of a family. The board of county commissioners is hereby authorized to cancel the unpaid taxes for any year in which the veteran has held title to the exempt property.

This subsection does not apply within a county in which a resolution approved by the board of county commissioners is in effect disallowing the exemption under this subsection for the taxable year.

SECTION 2. EFFECTIVE DATE. This Act is effective for taxable years beginning after December 31, 2006.

7. Before February first of each year, the county director of tax equalization in each county shall provide to all assessors within the county an estimate of the average agricultural value of agricultural lands within each assessment district. Each parcel must then be assessed according to section 57-02-27. If either a local assessor or a township board of equalization develops an agricultural value for the lands in its assessment district differing substantially from the estimate provided by the county director of tax equalization, written evidence to support the change must be provided to the county director of tax equalization. AN ACT to create and enact section 57-15-63.1 of the North Dakota Century Code, relating to relevy by a school district of property taxes omitted by mistake; to provide an effective date; and to provide an expiration date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Section 57-15-63.1 of the North Dakota Century Code is created and enacted as follows:

57-15-63.1. (Effective through December 31, 2011) Mistake in levy - Levy increase in later year - Levy reverts.

1. Notwithstanding sections 57-15-01.1 and 57-15-14, if a mistake occurred in the 2006 tax year which resulted in a reduction of twenty mills or more in the amount a school district intended to be levied, as of the October tenth deadline under section 57-15-31.1, not being levied and the mistake has been brought to the attention of the county auditor or county treasurer of any county with land in the school district by February 1, 2007, the taxing district may include the amount that was mistakenly not levied in the taxing district's budget and general fund levy for a single tax year, or spread among one or more tax years, in tax years 2007 through 2011.
2. If the resulting general fund levy for the tax year is above one hundred eighty-five mills, the taxing district need not comply with chapter 57-16.
3. After a tax year in which a taxing district's levy increase authority under this section is exhausted, the taxing district's general fund levy must revert to the general fund levy as it would have been determined without application of this section, plus any increase authorized by law or the taxing district may elect to apply subsection 5 to determine its general fund levy limitation.

5. A school district that uses this section to determine its general fund levy may use the amount it intended to levy in the 2006 tax year as its "base year" under section 57-15-01.1 or as its "prior school year" under section 57-15-14.
6. In any allocation of funds among school districts in which the school district mill rate or levy in dollars is used, the 2006 tax year mill rate and

levy in dollars for a school district eligible for a levy increase under this section must be replaced by the mill rate and levy in dollars that would have been levied without the mistake and the 2007 through 2011 tax year mill rates and levies in dollars for a school district applying a levy increase under this section must be reduced to the amount of the mill rate and levy in dollars without the levy increase under this section. The school district shall notify the tax commissioner and superintendent of public instruction of the amount the correct 2006 tax year mill rate and levy in dollars would have been.

A true copy of the federal income tax return must be furnished to the commissioner by the taxpayer at any time after the taxpayer has filed the return required by this section if required by the commissioner before the expiration of the applicable period for assessment of additional tax liability under section 57-38-38. The commissioner may prescribe alternative methods for signing, subscribing, or verifying a return filed by electronic means, including telecommunications, that has the same validity and consequence as the actual signature and written declaration for a paper return. The commissioner may grant a reasonable extension of time for filing a return under the standards and terms applicable to other corporations under section 57-38-34.

SECTION 2. AMENDMENT. Subsection 3 of section 57-38-31.1 of the North Dakota Century Code is amended and reenacted as follows:

The passthrough entity is liable to the state for the payment of the tax required to be withheld under this section and is not liable to any member for the amount withheld and paid over in compliance with this section. A member of a passthrough entity that is itself a passthrough entity (a lower-tier passthrough entity) is subject to this same requirement to withhold and pay over income tax on the share of income distributed by the lower-tier passthrough entity to each of its nonresident members. The tax

commissioner shall apply tax withheld and paid over by a passthrough entity on distributions to a lower-tier passthrough entity to the withholding required of that lower-tier passthrough entity.

- b. At the time of a payment made under this section, a passthrough entity shall deliver to the tax commissioner a return upon a form prescribed by the tax commissioner showing the total amounts paid or credited to its nonresident members, the amount withheld in accordance with this section, and any other information the tax commissioner may require. A passthrough entity shall furnish to its nonresident member annually, but not later than the fifteenth day of the third month after the end of its taxable year, a record of the amount of tax withheld on behalf of such member on a form prescribed by the tax commissioner.
- c. Notwithstanding subdivision a, a passthrough entity is not required to withhold tax for a nonresident member if:
 - (1) The member has a pro rata or distributive share of income of the passthrough entity from doing business in, or deriving income from sources within, this state of less than one thousand dollars per annual accounting period;
 - (2) The tax commissioner has determined by rule, ruling, or instruction that the member's income is not subject to withholding;
 - (3) The member elects to have the tax due paid as part of a composite return filed by the passthrough entity under subsection 2; or
 - (4) The entity is a publicly traded partnership as defined by section 7704(b) of the Internal Revenue Code which is treated as a partnership for the purposes of the Internal Revenue Code and which has agreed to file an annual information return reporting the name, address, taxpayer identification number, and other information requested by the tax commissioner of each unitholder with an income in the state in excess of five hundred dollars.
- d. A passthrough entity failing to file a return, or failing to withhold or remit the tax withheld, as required by this section, is subject to the provisions of section 57-38-45.

SECTION 3. AMENDMENT. Subsection 2 of section 57-38-34 of the North Dakota Century Code is amended and reenacted as follows:

- 2. Returns made on the basis of the calendar year must be filed on or before the fifteenth day of April following the close of the calendar year and returns made on the basis of a fiscal year must be filed on or before the fifteenth day of the fourth month following the close of the fiscal year. A return filed for a period of less than one year must be filed on or before April fifteenth, or on or before the date prescribed by the United States internal revenue service, whichever is later.

SECTION 4. AMENDMENT. Section 57-38-63 of the North Dakota Century Code is amended and reenacted as follows:

57-38-63. Due date for payment of estimated income tax. A taxpayer shall pay no less than one-quarter of the estimated tax to the tax commissioner on April fifteenth, June fifteenth, and September fifteenth of the taxable year, and January fifteenth of the following taxable year; provided, that a taxpayer having a taxable year other than a calendar year shall pay the estimated tax on the fifteenth day of the fourth, sixth, and ninth months of the taxable year, and the fifteenth day of the first month of the following taxable year. In the case of a tax year that is for a period of less than one year, and the short tax year ends prior to any remaining due dates under this section, the final estimated tax payment is due on the fifteenth day of the last month of the short tax year. In the case of a tax year that is for a period of less than one hundred twenty days, no estimated tax payment is due.

57-38-01.8. Income tax credit for installation of geothermal, solar, ~~or~~ wind, or biomass energy devices.

1. Any taxpayer filing a North Dakota income tax return pursuant to the provisions of this chapter may claim a credit for the cost of a geothermal, solar, ~~or~~ wind, or biomass energy device installed before January 1, 2011, in a building or on property owned or leased by the taxpayer in North Dakota. The credit provided in this section for a device installed before January 1, 2001, must be in an amount equal to five percent per year for three years, and for a device installed after December 31, 2000, must be in an amount equal to three percent per year for five years of the actual cost of acquisition and installation of the geothermal, solar, ~~or~~ wind, or biomass energy device and must be subtracted from any income tax liability of the taxpayer as determined pursuant to the provisions of this chapter.
2. For the purposes of this section:
 - a. "Biomass energy device" means a system using agricultural crops, wastes, or residues; wood or wood wastes or residues; animal wastes; landfill gas; or other biological sources to produce fuel or electricity.
 - b. "Geothermal energy device" means a system or mechanism or series of mechanisms designed to provide heating or cooling or to produce electrical or mechanical power, or any combination of these, by a method which extracts or converts the energy naturally occurring beneath the earth's surface in rock structures, water, or steam.

²⁵⁴ Section 57-38-01.8 was also amended by section 1 of House Bill No. 1233, chapter 515, and section 1 of Senate Bill No. 2298, chapter 516.

3. If a geothermal, solar, ~~or~~ wind, or biomass energy device is a part of a system which uses other means of energy, only that portion of the total system directly attributable to the cost of the geothermal, solar, ~~or~~ wind, or biomass energy device may be included in determining the amount of the credit. The costs of installation may not include costs of redesigning, remodeling, or otherwise altering the structure of a building in which a geothermal, solar, ~~or~~ wind, or biomass energy device is installed.
 4. A partnership, subchapter S corporation, limited partnership, limited liability company, or any other passthrough entity that installs a geothermal, solar, ~~or~~ wind, or biomass energy device in a building or on property owned or leased by the passthrough entity must be considered to be the taxpayer for purposes of this section, and the amount of the credit allowed with respect to the entity's investments must be determined at the passthrough entity level. The amount of the total credit determined at the entity level must be passed through to the partners, shareholders, or members in proportion to their respective interests in the passthrough entity.
 5. If a taxpayer entitled to the credit provided by this section is a member of a group of corporations filing a North Dakota consolidated tax return using the combined reporting method, the credit may be claimed against the aggregate North Dakota tax liability of all of the corporations included in the North Dakota consolidated return.

WIND ENERGY TAX CREDIT ASSIGNMENT

AN ACT to amend and reenact section 57-38-01.8 of the North Dakota Century Code, relating to assignment of a wind energy device installation tax credit; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

²⁵⁵ **SECTION 1. AMENDMENT.** Section 57-38-01.8 of the North Dakota Century Code is amended and reenacted as follows:

57-38-01.8. Income tax credit for installation of geothermal, solar, or wind energy devices.

1. Any taxpayer filing a North Dakota income tax return pursuant to the provisions of this chapter may claim a credit for the cost of a geothermal, solar, or wind energy device installed before January 1, 2011, in a building or on property owned or leased by the taxpayer in North Dakota. The credit provided in this section for a device installed before January 1, 2001, must be in an amount equal to five percent per year for three years, and for a device installed after December 31, 2000, must be in an amount equal to three percent per year for five years of the actual cost of acquisition and installation of the geothermal, solar, or wind energy device and must be subtracted from any income tax liability of the taxpayer as determined pursuant to the provisions of this chapter.
2. For the purposes of this section:
 - a. "Geothermal energy device" means a system or mechanism or series of mechanisms designed to provide heating or cooling or to produce electrical or mechanical power, or any combination of these, by a method which extracts or converts the energy naturally occurring beneath the earth's surface in rock structures, water, or steam.
 - b. "Solar or wind energy device" means a system or mechanism or series of mechanisms designed to provide heating or cooling or to produce electrical or mechanical power, or any combination of these, or to store any of these, by a method which converts the natural energy of the sun or wind.

²⁵⁵ Section 57-38-01.8 was also amended by section 1 of House Bill No. 1514, chapter 514, and section 1 of Senate Bill No. 2298, chapter 516.

3. If a geothermal, solar, or wind energy device is a part of a system which uses other means of energy, only that portion of the total system directly attributable to the cost of the geothermal, solar, or wind energy device may be included in determining the amount of the credit. The costs of installation may not include costs of redesigning, remodeling, or otherwise altering the structure of a building in which a geothermal, solar, or wind energy device is installed.
4. A partnership, subchapter S corporation, limited partnership, limited liability company, or any other passthrough entity that installs a geothermal, solar, or wind energy device in a building or on property owned or leased by the passthrough entity must be considered to be the taxpayer for purposes of this section, and the amount of the credit allowed with respect to the entity's investments must be determined at the passthrough entity level. The amount of the total credit determined at the entity level must be passed through to the partners, shareholders, or members in proportion to their respective interests in the passthrough entity.
5. If a taxpayer entitled to the credit provided by this section is a member of a group of corporations filing a North Dakota consolidated tax return using the combined reporting method, the credit may be claimed against the aggregate North Dakota tax liability of all of the corporations included in the North Dakota consolidated return.
6. The credit allowed under this section may not exceed the liability for tax under this chapter. If the amount of credit determined under this section exceeds the liability for tax under this chapter, the excess may be used as a credit carryover to each of the five succeeding taxable years.
7. All or part of the unused credit allowed under this section may be sold, assigned, or otherwise transferred by the taxpayer to the purchaser of the power generated by the device as part of the consideration in a power purchase agreement, or to any North Dakota taxpayer that constructs or expands an electricity transmission line in North Dakota after August 1, 2007. The taxpayer receiving the assignment of the credit is entitled to claim the credit against that taxpayer's tax liability under this chapter beginning with the tax year in which the power purchase agreement or the tax credit purchase agreement was fully executed by the parties and the geothermal, solar, or wind energy device is installed. If the credit is transferred to an entity that constructs or expands transmission lines, the amount of credit claimed by that entity in any taxable year may not exceed the actual cost of acquisition and installation of the transmission lines constructed in North Dakota for that taxable year.
 - a. A purchaser of the tax credit must claim the credit beginning with the tax year in which the purchase agreement is fully executed by the parties and the geothermal, solar, or wind energy device is installed. A purchaser of a tax credit under this section has only the right to claim and use the credit under the terms that would have applied to the tax credit transferor, except that in the case of a credit that is sold, assigned, or otherwise transferred by the taxpayer to the tax credit transferor, the credit allowed under this section may not exceed sixty percent of the liability for tax of the tax credit purchaser under this chapter. This subsection does not limit

the ability of the tax credit purchaser to reduce the tax liability of the purchaser, regardless of the actual tax liability of the tax credit transferor.

- b. The tax credit transferor may sell the credit to only one tax credit purchaser each taxable year. The tax credit purchaser may not sell, assign, or otherwise transfer the credit purchased under the purchase agreement.
- c. If the taxpayer elects to sell, assign, or otherwise transfer an excess credit under this subsection, the tax credit transferor and the tax credit purchaser shall file jointly with the tax commissioner a copy of the purchase agreement affecting the tax credit transfer and a statement containing the name, address, and taxpayer identification number of any party to the transfer; the total installed cost of the qualifying geothermal, solar, or wind energy device; the amount of the credit being transferred; the gross proceeds received by the transferor; and the tax year for which the credit may be claimed. The purchase agreement must state clearly the purchase price associated with the tax credit sold. The taxpayer and the purchaser also shall file a document allowing the tax commissioner to disclose tax information to either party for the purpose of verifying the correctness of the transferred tax credit. The purchase agreement, supporting statement, and confidentiality waiver must be filed within thirty days after the date the purchase agreement is fully executed. The tax commissioner may audit the returns and assess or issue refunds, notwithstanding any other time limitation prescribed under law which may have expired for the purchaser.
- d. If the amount of the credit available under this section is changed as a result of an amended return filed by the transferor or as the result of an audit conducted by the internal revenue service or the tax commissioner, the transferor shall report to the purchaser the adjusted credit amount within thirty days of the amended return or within thirty days of the final determination made by the internal revenue service or the tax commissioner. The tax credit purchaser shall file amended returns reporting the additional tax due or claiming a refund as provided in section 57-38-38 or 57-38-40.
- e. The total amount of credits that can be sold by all taxpayers is limited to three million dollars each biennium. This limit applies on the basis of the date of installation of the geothermal, solar, or wind energy device.
- f. Gross proceeds received under the purchase agreement by the tax credit transferor for the sale, assignment, or transfer of the tax credit must be allocated to North Dakota. The amount assigned under this subsection may not be reduced by the taxpayer's income apportioned to North Dakota or any North Dakota net operating loss of the taxpayer.
- g. Within four years after the date of the credit assignment, the tax commissioner may audit the returns of the credit transferor and the purchaser to verify the correctness of the amount of the transferred credit and, if necessary, assess the credit purchaser if additional

tax is found due. This subdivision does not limit or restrict any other time period prescribed in this chapter for the assessment of tax.

- h. The tax commissioner may adopt rules to permit verification of the validity, timeliness, and limitations on the sale of the tax credit transferred under this section.

SECTION 2. EFFECTIVE DATE. This Act is effective for geothermal, solar, or wind energy devices installed after December 31, 2006.

 - f. A person may not receive a refund under this section for a taxable year in which that person received an exemption under subsection 1.
3. All forms necessary to effectuate this section must be prescribed, designed, and made available by the tax commissioner. The county directors of tax equalization shall make these forms available upon request.

- e. "Permanently and totally disabled" means the inability to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or has lasted or can be expected to last for a continuous period of not less than twelve months as established by a certificate from a licensed physician.

The aggregate amount levied each year for the purposes listed in section 57-15-14.2 by any school district, except the Fargo school district, may not exceed the amount in dollars which the school district levied for the prior school year plus eighteen percent up to a general fund levy of one hundred eighty-five mills on the dollar of the taxable valuation of the district, except that:

1. In any school district having a total population in excess of four thousand according to the last federal decennial census:
 - a. There may be levied any specific number of mills that upon resolution of the school board has been submitted to and approved by a majority of the qualified electors voting upon the question at any regular or special school district election.
 - b. There is no limitation upon the taxes which may be levied if upon resolution of the school board of any such district the removal of the mill levy limitation has been submitted to and approved by a majority of the qualified electors voting at any regular or special election upon such question.
2. In any school district having a total population of less than four thousand, there may be levied any specific number of mills that upon resolution of the school board has been approved by fifty-five percent of the qualified electors voting upon the question at any regular or special school election.
3. After June 30, 2007, in any school district election for approval by electors of unlimited or increased levy authority under subsection 1 or 2, the ballot must specify the number of mills, the percentage increase in dollars levied, or that unlimited levy authority is proposed for approval, and the number of taxable years for which that approval is to apply. After June 30, 2007, approval by electors of unlimited or increased levy authority under subsection 1 or 2 may not be effective for more than ten taxable years.
4. In any school district in which the total assessed valuation of property has increased twenty percent or more over the prior year and in which as a result of that increase the school district is entitled to less in state aid payments provided in chapter 15.1-27 because of the deduction required in section 15.1-27-05, there may be levied any specific number of mills more in dollars than was levied in the prior year up to a general fund levy of one hundred eighty-five mills on the dollar of the taxable valuation of the school district. The additional levy authorized by this subsection may be levied for not more than two years because of any twenty percent or greater annual increase in assessed valuation. The total amount of revenue generated in excess of the eighteen percent

The question of authorizing or discontinuing such specific number of mills authority or unlimited taxing authority in any school district must be submitted to the qualified electors at the next regular election upon resolution of the school board or upon the filing with the school board of a petition containing the signatures of qualified electors of the district equal in number to ~~twenty ten~~ percent of the number of ~~persons enumerated in the school census for that district for the most recent year such census was taken, unless such census is greater than four thousand in which case only fifteen percent of the number of persons enumerated in the school census is required~~ electors who cast votes in the most recent election in the school district. However, not fewer than twenty-five signatures are required unless the district has fewer than twenty-five qualified electors, in which case the petition must be signed by not less than twenty-five percent of the qualified electors of the district. In those districts with fewer than twenty-five qualified electors, the number of qualified electors in the district must be determined by the county superintendent for such county in which such school is located. However, the approval of discontinuing either such authority does not affect the tax levy in the calendar year in which the election is held. The election must be held in the same manner and subject to the same conditions as provided in this section for the first election upon the question of authorizing the mill levy.

SECTION 4. AMENDMENT. Section 57-20-07.1 of the North Dakota Century Code is amended and reenacted as follows:

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

1. a. Income from personal or professional services performed in this state by individuals must be assigned to this state regardless of the residence of the recipients of such income, except that income from such services performed within this state by an individual who resides and has the individual's place of abode in another state to which place of abode the individual customarily returns at least once a month must be excluded from the individual's income for the purposes of this chapter if such income is subject to an income tax imposed by the state in which the individual resides, provided that the state in which the individual resides allows a similar exclusion for income received from similar services performed in that state by residents of North Dakota.
- b. Notwithstanding any other provision of this chapter, the compensation received from services performed within this state by an individual, who performs services for a common carrier engaged in interstate transportation and who resides and has the individual's place of abode to which the individual customarily returns at least once a month in another state, must be excluded from income to the extent that the income is subject to an income tax imposed by the state of the individual's residence; provided, that the state allows a similar exclusion of the compensation received by residents of North Dakota for similar services performed therein, or a credit against the tax imposed on the income of residents of this state that is substantially similar in effect. For purposes of this subdivision, the term an individual who performs services for a common carrier engaged in interstate transportation is limited to an individual who performs the services for a common carrier only during the course of making regular runs into North Dakota or from within North Dakota to outside North Dakota, or both, on the transportation system of the common carrier.
2. ~~Except as provided in subsection 4:~~

- a. Income received from personal or professional services performed by residents of this state, regardless of where such services are performed, and income received by residents of this state from intangible personal property must be assigned to this state. If a tax is paid to another state or territory of the United States or to the District of Columbia on any income assigned to this state under this subsection, a credit for any tax so paid may be deducted from the tax assessed under this chapter; provided, that this credit for such tax may not exceed the proportion of the tax otherwise due under this chapter that the amount of the taxpayer's adjusted gross income derived from sources in the other taxing jurisdiction bears to the taxpayer's adjusted gross income as computed pursuant to the Internal Revenue Code of 1954, as amended. The tax commissioner may require written proof of the tax paid to another state. The required proof must be provided in a form and manner as determined by the tax commissioner.
- b. Notwithstanding any other provision of this chapter, the compensation received from services performed within this state by an individual, who performs services for a common carrier engaged in interstate transportation and who resides and has the individual's place of abode to which the individual customarily returns at least once a month in another state, shall be excluded from income to the extent that such income is subject to an income tax imposed by the state of the individual's residence; provided, that such state allows a similar exclusion of such compensation received by residents of North Dakota for similar services performed therein, or a credit against the tax imposed on the income of residents of this state that is substantially similar in effect. For the purposes of this subdivision, the words "an individual who performs services for a common carrier engaged in interstate transportation" must be limited to an individual who performs such services for a common carrier only during the course of making regular "runs" into North Dakota or from within North Dakota to outside North Dakota, or both, on the transportation system of the common carrier. A resident individual, estate, or trust is entitled to a credit against the tax imposed under this chapter equal to the amount of income tax paid for the taxable year to another state or territory of the United States or the District of Columbia on income derived from sources in those jurisdictions that is also taxable under this section. The tax commissioner may require written proof of the tax paid to another state. The required proof must be provided in a form and manner as determined by the tax commissioner. For an individual, estate, or trust that is a resident of this state for the entire taxable year, the credit allowed under this subdivision may not exceed an amount equal to the tax imposed under this chapter multiplied by a ratio equal to federal adjusted gross income derived from sources in the other jurisdiction divided by total federal adjusted gross income less the amounts under subdivisions a and s of subsection 1 of section 57-38-01.2. For an individual, estate, or trust that is a resident of this state for only part of the taxable year, the credit allowed under this subdivision may not exceed the lesser of the following:

- (1) The tax imposed under this chapter multiplied by a ratio equal to federal adjusted gross income derived from sources in the other jurisdiction received while a resident of this state divided by federal adjusted gross income derived from North Dakota sources less the amounts under this subsection.
 - (2) The tax paid to the other jurisdiction multiplied by a ratio equal to federal adjusted gross income derived from sources in the other jurisdiction received while a resident of this state divided by federal adjusted gross income derived from sources in the other states.
6.
 - a.  - b. Income derived from business activity carried on by residents of this state, whether the business activity is conducted as a sole proprietorship, or through a partnership, subchapter S corporation, or other passthrough entity, must be assigned to this state without regard to where the business activity is conducted, and the provisions of chapter 57-38.1 do not apply. If the taxpayer believes the operation of this subdivision with respect to the taxpayer's income is unjust, the taxpayer may petition the tax commissioner who may allow use of another method of reporting income, including separate accounting.
 - c. If a tax is paid to another state or territory of the United States or to the District of Columbia on any income assigned to this state under this subsection, a credit for any tax so paid may be deducted from the tax assessed under this chapter; provided, that this credit for the tax may not exceed the proportion of the tax otherwise due under this chapter that the amount of the taxpayer's adjusted gross income derived from sources in the other taxing jurisdiction bears to the taxpayer's adjusted gross income as computed pursuant to the Internal Revenue Code of 1954, as amended. The tax commissioner may require written proof of the tax paid to another state. The required proof shall be provided in a form and manner as determined by the tax commissioner. - (1) The numerator is the federal adjusted gross income allocable and apportionable to this state; and
- (2) The denominator is the federal adjusted gross income from all sources reduced by the net income from the amounts specified in subdivisions a and b of subsection 2.

In the case of married individuals filing a joint return, if one spouse is a resident of this state for the entire year and the other spouse is a nonresident for part or all of the tax year, the tax on the joint return must be computed under this subdivision.

- g. For taxable years beginning after December 31, 2001, the tax commissioner shall prescribe new rate schedules that apply in lieu of the schedules set forth in subdivisions a through e. The new schedules must be determined by increasing the minimum and maximum dollar amounts for each income bracket for which a tax is imposed by the cost-of-living adjustment for the taxable year as determined by the secretary of the United States treasury for purposes of section 1(f) of the United States Internal Revenue Code of 1954, as amended. For this purpose, the rate applicable to each income bracket may not be changed, and the manner of applying the cost-of-living adjustment must be the same as that

used for adjusting the income brackets for federal income tax purposes.

2. For purposes of this section, "North Dakota taxable income" means the federal taxable income of an individual, estate, or trust as computed under the Internal Revenue Code of 1986, as amended, adjusted as follows:
 - a. Reduced by interest income from obligations of the United States and income exempt from state income tax under federal statute or United States or North Dakota constitutional provisions.
 - b. Reduced by the portion of a distribution from a qualified investment fund described in section 57-38-01 which is attributable to investments by the qualified investment fund in obligations of the United States, obligations of North Dakota or its political subdivisions, and any other obligation the interest from which is exempt from state income tax under federal statute or United States or North Dakota constitutional provisions.
 - c. Reduced by the amount equal to the earnings that are passed through to a taxpayer in connection with an allocation and apportionment to North Dakota under chapter 57-35.3.
 - d. Reduced by thirty percent of the excess of the taxpayer's net long-term capital gain for the taxable year over the net short-term capital loss for that year, as computed for purposes of the Internal Revenue Code of 1986, as amended. The adjustment provided by this subdivision is allowed only to the extent the net long-term capital gain is allocated to this state.
 - e. Increased by the amount of a lump sum distribution for which income averaging was elected under section 402 of the Internal Revenue Code of 1986 [26 U.S.C. 402], as amended. This adjustment does not apply if the taxpayer received the lump sum distribution while a nonresident of this state and the distribution is exempt from taxation by this state under federal law.
 - f. Increased by an amount equal to the losses that are passed through to a taxpayer in connection with an allocation and apportionment to North Dakota under chapter 57-35.3.
 - g. Reduced by the amount received by the taxpayer as payment for services performed when mobilized under title 10 United States Code federal service as a member of the national guard or reserve member of the armed forces of the United States. This subdivision does not apply to federal service while attending annual training, basic military training, or professional military education.
 - h. Reduced by income from a new and expanding business exempt from state income tax under section 40-57.1-04.
 - i. Reduced by interest and income from bonds issued under chapter 11-37.

- j. Reduced by up to ten thousand dollars of qualified expenses that are related to a donation by a taxpayer or a taxpayer's dependent, while living, of one or more human organs to another human being for human organ transplantation. A taxpayer may claim the reduction in this subdivision only once for each instance of organ donation during the taxable year in which the human organ donation and the human organ transplantation occurs but if qualified expenses are incurred in more than one taxable year, the reduction for those expenses must be claimed in the year in which the expenses are incurred. For purposes of this subdivision:
 - (1) "Human organ transplantation" means the medical procedure by which transfer of a human organ is made from the body of one person to the body of another person.
 - (2) "Organ" means all or part of an individual's liver, pancreas, kidney, intestine, lung, or bone marrow.
 - (3) "Qualified expenses" means lost wages not compensated by sick pay and unreimbursed medical expenses as defined for federal income tax purposes, to the extent not deducted in computing federal taxable income, whether or not the taxpayer itemizes federal income tax deductions.
 - k. Increased by the amount of the contribution upon which the credit under section 57-38-01.21 is computed, but only to the extent that the contribution reduced federal taxable income.
 - l. Reduced by the amount of any payment received by a veteran or beneficiary of a veteran under section 37-28-03 or 37-28-04.
3. Married individuals filing a joint federal income tax return shall file a joint state income tax return if the return is filed under this section. If separate federal income tax returns are filed, one spouse's state income tax return may be filed under this section and the other spouse's income tax return may be filed under the other provisions of this chapter.
4. a. A resident individual, estate, or trust must be allowed a credit against the tax otherwise due under this section for the amount of any income tax imposed on the taxpayer for the taxable year by another state or territory of the United States or the District of Columbia on income derived from sources therein and which is also subject to tax under this section.
- b. The credit provided under this subsection may not exceed the proportion of the tax otherwise due under this section that the amount of the taxpayer's adjusted gross income derived from sources in the other taxing jurisdiction bears to the taxpayer's federal adjusted gross income as reported on the taxpayer's federal income tax return.
- c. The tax commissioner may require written proof of the tax paid to another state. The required proof must be provided in a form and manner as determined by the tax commissioner.

5. Individuals, estates, or trusts that file an amended federal income tax return changing their federal taxable income figure for a year for which an election to file state income tax returns has been made under this section shall file an amended state income tax return to reflect the changes on the federal income tax return.
6. The tax commissioner may prescribe procedures and guidelines to prevent requiring income that had been previously taxed under this chapter from becoming taxed again because of the provisions of this section and may prescribe procedures and guidelines to prevent any income from becoming exempt from taxation because of the provisions of this section if it would otherwise have been subject to taxation under the provisions of this chapter.
7. A taxpayer filing a return under this section is entitled to the ~~credit provided under section 57-38-01.20~~ following tax credits:
 - a. Family care tax credit under section 57-38-01.20.
 - b. Renaissance zone tax credits under sections 40-63-04, 40-63-06, and 40-63-07.

9.
 - a. A taxpayer is entitled to a credit against the tax imposed by this section for any unused federal credit for prior year minimum tax. "Unused federal credit for prior year minimum tax" means the amount of the federal credit for prior year minimum tax attributable to federal alternative minimum tax included in the taxpayer's federal income tax liability for purposes of this section for taxable years beginning before January 1, 2001, reduced by the total amount of the federal credit for prior year minimum tax claimed on the taxpayer's federal income tax return for all taxable years beginning after December 31, 2000.
 - b. The credit under this subsection is equal to fourteen percent of the portion of the unused federal credit for prior year minimum tax claimed on the taxpayer's federal income tax return and may not exceed the taxpayer's tax liability under this section for the taxable year. For a nonresident taxpayer, the credit determined under this subsection must be multiplied by the percentage that the nonresident taxpayer's North Dakota adjusted gross income is of the nonresident's federal adjusted gross income.

- e. ~~The credit under this subsection is not allowed for taxable years beginning after December 31, 2004.~~
10. a. If an individual taxpayer engaged in a farming business elects to average farm income under section 1301 of the Internal Revenue Code [26 U.S.C. 1301], the taxpayer may elect to compute tax under this subsection. If an election to compute tax under this subsection is made, the tax imposed by subsection 1 for the taxable year must be equal to the sum of the following:
- (1) The tax computed under subsection 1 on North Dakota taxable income reduced by elected farm income.
 - (2) The increase in tax imposed by subsection 1 which would result if North Dakota taxable income for each of the three prior taxable years were increased by an amount equal to one-third of the elected farm income. However, if other provisions of this chapter other than this section were used to compute the tax for any of the three prior years, the same provisions in effect for that prior tax year must be used to compute the increase in tax under this paragraph. For purposes of applying this paragraph to taxable years beginning before January 1, 2001, the increase in tax must be determined by recomputing the tax in the manner prescribed by the tax commissioner.
- b. For purposes of this subsection, "elected farm income" means that portion of North Dakota taxable income for the taxable year which is elected farm income as defined in section 1301 of the Internal Revenue Code of 1986 [26 U.S.C. 1301], as amended, reduced by the portion of an exclusion claimed under subdivision d of subsection 2 that is attributable to a net long-term capital gain included in elected farm income.
- c. The reduction in North Dakota taxable income under this subsection must be taken into account for purposes of making an election under this subsection for any subsequent taxable year.
- d. The tax commissioner may prescribe rules, procedures, or guidelines necessary to administer this subsection.
44. 10. The tax commissioner may prescribe tax tables, to be used in computing the tax according to subsection 1, if the amounts of the tax tables are based on the tax rates set forth in subsection 1. If prescribed by the tax commissioner, the tables must be followed by every individual, estate, or trust determining a tax under this section.
- ~~12. An individual, estate, or trust is entitled to a credit against the tax determined under this section as calculated under section 57-38.6-03.~~
- ~~13. A taxpayer filing a return under this section is entitled to the credit provided under section 57-38.5-03.~~

- e. A member state may utilize a system in which the purchaser exempt from the payment of the tax is issued an identification number that shall be presented to the seller at the time of the sale.
 - f. The seller shall maintain proper records of exempt transactions and provide them to a member state when requested.
 - g. A member state shall administer use-based and entity-based exemptions when practicable through a direct pay permit, an exemption certificate, or another means that does not burden sellers.
 - h. In the case of drop shipment sales, member states must allow a third-party vendor, drop shipper, to claim a resale exemption based on an exemption certificate by its customer or reseller or any other acceptable information available to the third-party vendor evidencing qualification for a resale exemption, regardless of whether the customer or reseller is registered to collect and remit sales and use tax in the state where the sale is sourced.
2. Each member state shall relieve sellers that follow the requirements of this section from ~~any~~ the tax otherwise applicable if it is determined that the purchaser improperly claimed an exemption and to hold the purchaser liable for the nonpayment of tax. This relief from liability does not apply to a seller who fraudulently fails to collect the tax ~~or~~; to a seller who solicits purchasers to participate in the unlawful claim of an exemption; to a seller who accepts an exemption certificate when the purchaser claims an entity-based exemption when the subject of the transaction sought to be covered by the exemption certificate is actually received by the purchaser at a location operated by the seller and the state in which that location resides provides an exemption certificate that clearly and affirmatively indicates graying out exemption reason types on the uniform form and posting it on a state's web site is an indicator that the claimed exemption is not available in that state.
3. Each state shall relieve a seller of the tax otherwise applicable if the seller obtains a fully completed exemption certificate or captures the relevant data elements required under the agreement within ninety days subsequent to the date of sale.
- a. If the seller has not obtained an exemption certificate or all relevant data elements as provided by this section, the seller may, within one hundred twenty days subsequent to a request for substantiation by a member state, either prove that the transaction was not subject to tax by other means or obtain a fully completed exemption certificate from the purchaser, taken in good faith. For purposes of this section, member states may continue to apply their own standards of good faith until such time as a uniform standard for good faith is defined in the agreement.
 - b. Nothing in this section shall affect the ability of member states to require purchasers to update exemption certificate information or to reapply with the state to claim certain exemptions.
 - c. Notwithstanding the aforementioned, each member state shall relieve a seller of the tax otherwise applicable if it obtains a blanket

exemption certificate for a purchaser with which the seller has a recurring business relationship. States may not request from the seller renewal of blanket certificates or updates of exemption certificate information or data elements when there is a recurring business relationship between the buyer and seller. For purposes of this section, a recurring business relationship exists when a period of no more than twelve months elapses between sales transactions.

 - b. If the price is attributable to products that are subject to tax at different tax rates, the total price may be treated as attributable to the products subject to tax at the highest tax rate unless the provider can identify by reasonable and verifiable standards the portion of the price attributable to the products subject to tax at the lower rate from its books and records that are kept in the regular course of business for other purposes, including, but not limited to, nontax purposes.
 - c. The provisions of this section shall apply unless otherwise provided by federal law.

 3. For purposes of this section, the term "penalty" means an amount imposed for noncompliance that is not fraudulent, willful, or intentional which is in addition to the correct amount of sales or use tax and interest.

5. a. For all coal conversion facilities, other than electrical generating plants, the production from the facilities is exempt from eighty-five percent of the tax imposed by this section for a period of five years from the date of first taxable production from the facility ~~or for a period of five years from April 20, 1987, whichever is later.~~ The operator of each facility applying for exemption under this subsection shall certify to the tax commissioner the date of first taxable production of the facility.
- b. The board of county commissioners may, by resolution, grant to the operator of a coal conversion facility, other than an electrical generating plant, located within the county a partial or complete exemption from the remaining fifteen percent of tax imposed by this section for a period not exceeding five years from the date of the first taxable production from the facility. Notwithstanding the provisions of section 57-60-14, any tax collected which is based upon the production of a facility subject to the exemption provided by this subsection must be allocated entirely to the county for allocation as provided in section 57-60-15. ~~If a board of county commissioners grants a partial or complete exemption for a specific coal conversion facility under this subsection, the provisions of subsection 2 of section 57-60-14 do not apply as that subsection relates to revenue from the specific coal conversion facility for which the partial or complete exemption has been granted.~~

SECTION 5. AMENDMENT. Section 57-60-06 of the North Dakota Century Code is amended and reenacted as follows:

The taxes imposed by this chapter are in lieu of ad valorem taxes on the property so classified as personal property. The taxes imposed by this chapter are also in lieu of those taxes imposed by chapters 57-33 and 57-33.1 on cooperative electrical generating plants that qualify as coal conversion facilities as defined in this chapter for gross receipts derived from the operation of such plants ~~on or after July 1, 1975.~~ Each cooperative electrical generating plant shall receive a credit against the taxes imposed by this chapter for any taxes imposed pursuant to chapters 57-33 and 57-33.1 and payable ~~after July 1, 1975.~~ Such credit applies only for such taxes actually paid and must be applied against the taxes imposed by this chapter in the years in which such payments are made.

The statement from the insurance company must accompany the purchaser's application for a certificate of title for the replacement vehicle. If the full amount of the credit under this subsection has not been used, the director of the department of transportation shall record on the face of the notarized statement the necessary information to identify the partial use of the credit and shall retain a copy and return the original to the purchaser. In instances in which a licensed motor vehicle dealer places into the dealer's service a new vehicle for the purpose of renting, leasing, or dealership utility service, the reasonable value of the vehicle replaced shall be included as trade-in value provided the vehicle replaced has been subject to motor vehicle excise tax under section 57-40.3-02 and if the new vehicle is properly registered and licensed. "Purchase price" when the motor vehicle is acquired by gift or by any other transfer for a nominal or no monetary consideration also includes the average value of similar motor vehicles, established by standards and guides as determined by the director of the department of transportation. "Purchase price" when a motor vehicle is manufactured

by a person who registers it under the laws of this state means the manufactured cost of such motor vehicle and manufactured cost means the amount expended for materials, labor, and other properly allocable costs of manufacture except that, in the absence of actual expenditures for the manufacture of a part or all of the motor vehicle, manufactured cost means the reasonable value of the completed motor vehicle.

SECTION 2. AMENDMENT. Section 57-40.6-02 of the North Dakota Century Code is amended and reenacted as follows:

57-40.6-02. Authority of counties or cities to impose fee on telephone exchange access service and on wireless assessed communications service - Procedure. The governing body of a county or city may impose a fee on ~~the use of telephone exchange access service and on the use of wireless service~~ all assessed communications services in accordance with the following requirements:

1. The governing body shall adopt a resolution that proposes the adoption of the fee permitted under this section. The resolution must specify an effective date for the fee which is no more than two years before the expected implementation date of the emergency services communication system to be funded by the fee. The resolution must include a provision for submitting the proposed fee to the electors of the county or city before the imposition of the fee is effective. The resolution must specify a fee that does not exceed one dollar per month per ~~telephone access line and per wireless access line~~ communication connection and must be applied equally upon all assessed communications services.
2. The question of the adoption of the fee must be submitted on a ballot on which the ballot title of the proposition includes the maximum monthly rate of the proposed fee authorized under subsection 1. The question of the adoption of the fee may be submitted to electors at a general, primary, or special election or at a school district election if the boundaries of the school district are coterminous with the boundaries of the governing body adopting the resolution proposing the adoption of the fee. The fee is not effective unless it is approved by a majority of the electors voting on the proposition. The ballot must be worded so that a "yes" vote authorizes imposition of the fee for an initial six-year period.
3. If the electors have approved imposition of a fee under this section before July 1, 2005, and the governing body of the city or county has not implemented that fee by June 30, 2005, the approval by the electors remains valid until the fee is implemented and, upon implementation,

the fee may be imposed for a six-year period and is subject to reimposition under subsection 4.

4. Any political subdivision that desires to increase the fee, subject to the limitations in subsection 1, before the end of the six-year term, must use the same ballot procedure originally used to authorize the fee. The new ballot question may apply to only the proposed increase and not to the original amount or the original term. If the increase is approved, the new amount may be collected for the balance of the original six-year term. If the fee authorized by this section is approved by the electors, the fee may be reimposed for six additional years without resubmitting the question to the electors.
5. In any geographic area, only one political subdivision may impose the fee and imposition must be based on the subscriber service address.
6. In the interest of public safety, where the subscriber's telephone exchange access service boundary and the boundary of the political subdivision imposing the fee do not coincide, and where all of the political subdivisions within the subscriber's telephone exchange access service boundary have not complied with subsection 1, and where a majority of the E911 subscribers within the subscriber's telephone exchange access service boundary have voted for the fee, a telephone exchange access service subscriber whose subscriber service address is outside the political subdivision may receive E911 services by signing a contract agreement with the political subdivision providing the emergency services communication system. The telephone exchange access service provider may collect an additional fee, equal in amount to the basic fee on those subscribers within the exchange boundary. The additional fee amounts collected must be remitted as provided in this chapter.
7. A fee imposed under this section before August 1, 2004, ~~may be 2007,~~ on telephone exchange access service is extended to all wireless service at each subscriber service address within the area in which the fee is imposed only if that extension of the fee has been approved by a majority vote of the governing body of the city or county upon at least thirty days' prior notice in the official newspaper of the city or county that the governing body will consider the issue or by majority vote of the electors of the city or county voting on the question upon placement of the question on the ballot by the governing body of the city or county at a regular or special city or county election assessed communications services.

SECTION 3. AMENDMENT. Section 57-40.6-03 of the North Dakota Century Code is amended and reenacted as follows:

57-40.6-03. Payment of fee by telephone exchange access service and wireless assessed communications service subscriber or customer. ~~The resolution imposing a fee under section 57-40.6-02 must include a requirement that the telephone exchange access service provider and the wireless assessed communications service provider shall collect the fee from the subscriber or customer of the service. In its~~

1. For prepaid wireless service, the provider shall remit the monthly fee authorized by section 57-40.6-02 based either upon each active prepaid

wireless telephone associated with this state for each active prepaid wireless telephone customer that has a sufficient positive balance as of the last day of each month or upon a two percent assessment on the gross revenue received from the sale of prepaid wireless services each month. The provider shall remit the fee in a manner consistent with the provider's existing operating or technological abilities, including by customer address, location associated with the wireless telephone number, or reasonable allocation method based upon other relevant data. The fee amount or an equivalent number of minutes may be reduced from the prepaid customer's account. However, collection of the fee in the manner of a reduction of value or minutes from the prepaid customer's account does not constitute a reduction in the sales price for purposes of taxes that are collected at the point of sale.

2. For assessed communications service that involves a monthly billing, in the billing statement or invoice to the subscriber, the telephone exchange access service provider and the wireless service provider shall state the amount of the fee separately.

SECTION 4. AMENDMENT. Section 57-40.6-04 of the North Dakota Century Code is amended and reenacted as follows:

57-40.6-04. Fee collection procedure. A resolution adopted under section 57-40.6-02 must include adequate procedures for the administration and collection of the fee, including a provision for reimbursement to the telephone exchange access service provider and the wireless service provider for the actual costs of administration in collection of the fee. An assessed communications service provider may retain the actual costs of administration in collection of the fee, not to exceed five percent of the fee collected. The resolution must also include a provision that the fee proceeds must be paid by the telephone exchange access service provider and the wireless assessed communications service provider within thirty days after it is collected from the subscriber or customer unless the provider has fewer than ten subscribers or customers in a jurisdiction, in which case the provider may pay the proceeds quarterly.

SECTION 5. AMENDMENT. Section 57-40.6-05 of the North Dakota Century Code is amended and reenacted as follows:

57-40.6-05. Restriction on use of fee proceeds. The governing body may not use the proceeds of the fee imposed under section 57-40.6-02 solely for any purpose other than as provided in this section.

1. Within twenty-four months after the extension of the fee to wireless access lines under subsection 6 of section 57-40.6-02, the governing body shall request enhanced 911 service from all wireless carriers providing service as of that date within the governing body's jurisdiction.
2. The governing body shall hold the portion of the revenues from the fee on wireless service unexpended in a separate fund until such time as the governing body makes a request for wireless enhanced 911 service or adopts a statement certifying that it is capable of receiving and utilizing wireless enhanced 911 service, whichever is earlier, provided that those revenues may not be expended until the agreements required under subsection 3 have been executed.

3. The governing body or its designee shall enter into agreements directly with each wireless service provider for only that provider's services necessary to implement, maintain, and operate wireless enhanced 911 service as provided by law. A governing body may not reimburse a wireless service provider for tower construction or for the extension of a wireless service provider's infrastructure which is not directly related to providing wireless enhanced 911 service.
4. Revenues in excess of the obligations incurred under the agreements specified by this section, as determined on a monthly basis, may only be used for implementing, maintaining, or operating the emergency services communication system and may enter into agreements to effectuate the same.
5. The governing body or its designee shall deposit the fee proceeds in a separate fund and keep records to show all expenditures for wireless service providers separately from expenditures for telephone exchange access service providers from the fee proceeds.

SECTION 6. AMENDMENT. Section 57-40.6-06 of the North Dakota Century Code is amended and reenacted as follows:

57-40.6-06. Data base. Any telephone exchange access service provider providing emergency 911 service shall provide current customer names, addresses, and telephone numbers to each 911 coordinator, the coordinator's designee, or public safety answering point within each 911 system. Information provided under this section must be provided in accordance with the transactional record disclosure requirements of the federal Electronics Communications Privacy Act of 1986, 18 U.S.C. 2703(c)(1)(B)(iii), and in a manner that identifies the names and telephone numbers that are unpublished. The provider shall report data base information regarding new service or a change of service within two business days of the actual service change unless a longer period is permitted by the jurisdiction. The provider shall report data base information regarding dropped service at least monthly.

SECTION 7. AMENDMENT. Section 57-40.6-08 of the North Dakota Century Code is amended and reenacted as follows:

3. This section does not waive, limit, or modify any existing immunity or other defense of the state or any political subdivision, or any of its agencies, departments, commissions, boards, officers, or employees, nor does it create any claim for relief against any of these entities.

Upon this agreement, the secondary public safety answering point becomes responsible for the call.

- k. Beginning June 1, 2002, ensure that the closest available emergency medical service is dispatched to the scene of medical emergencies regardless of city, county, or district boundaries. The state department of health shall provide emergency 911 telephone systems with necessary geographical information to assist in the implementation of this subdivision.

OIL TAX REVENUE ALLOCATION

AN ACT to amend and reenact section 57-51-15 of the North Dakota Century Code, relating to allocation of oil and gas gross production tax revenues; to provide for application; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

²⁸³ **SECTION 1. AMENDMENT.** Section 57-51-15 of the North Dakota Century Code is amended and reenacted as follows:

57-51-15. (Effective through June 30, 2007) Apportionment and use of proceeds of tax. The gross production tax provided for in this chapter must be apportioned as follows:

1. First the tax revenue collected under this chapter equal to one percent of the gross value at the well of the oil and one-fifth of the tax on gas must be deposited with the state treasurer, who shall credit thirty-three and one-third percent of the revenues to the oil and gas impact grant fund, but not in an amount exceeding five million dollars per biennium, including any amounts otherwise appropriated for oil and gas impact grants for the biennium by the legislative assembly, and who shall credit the remaining revenues to the state general fund.
2. The first one million dollars of annual revenue after the deduction of the amount provided for in subsection 1 from oil or gas produced in any county must be allocated seventy-five percent to that county and twenty-five percent to the state general fund. The second one million dollars of annual revenue after the deduction of the amount provided for in subsection 1 from oil or gas produced in any county must be allocated fifty percent to that county and fifty percent to the state general fund. All annual revenue after the deduction of the amount provided for in subsection 1 above two million dollars from oil or gas produced in any county must be allocated twenty-five percent to that county and seventy-five percent to the state general fund. However, the amount to which each county is entitled pursuant to this subsection must be limited based upon the population of the county according to the last official decennial federal census as follows:
 - a. Counties having a population of three thousand or less shall receive no more than three million nine hundred thousand dollars for each fiscal year.

²⁸³ Section 57-51-15 was also amended by section 1 of Senate Bill No. 2178, chapter 543.

- b. Counties having a population of over three thousand but less than six thousand shall receive no more than four million one hundred thousand dollars for each fiscal year.
- c. Counties having a population of six thousand or more shall receive no more than four million six hundred thousand dollars for each fiscal year.

Any allocations for any county pursuant to this subsection which exceed the applicable limitation for that county as provided in subdivisions a through c must be deposited instead in the state's general fund.

- 3. Forty-five percent of all revenues as may by the legislative assembly be allocated to any county hereunder must be credited by the county treasurer to the county general fund. Thirty-five percent of all revenues allocated to any county must be apportioned by the county treasurer no less than quarterly to school districts within the county on the average daily attendance distribution basis, as certified to the county treasurer by the county superintendent of schools. However, no school district may receive in any single academic year an amount under this subsection greater than the county average per student cost multiplied by seventy percent, then multiplied by the number of students in average daily attendance or the number of children of school age in the school census for the county, whichever is greater. Provided, however, that in any county in which the average daily attendance or the school census, whichever is greater, is fewer than four hundred, the county is entitled to one hundred twenty percent of the county average per student cost multiplied by the number of students in average daily attendance or the number of children of school age in the school census for the county, whichever is greater. Once this level has been reached through distributions under this subsection, all excess funds to which the school district would be entitled as part of its thirty-five percent share must be deposited instead in the county general fund. The county superintendent of schools of each oil-producing county shall certify to the county treasurer by July first of each year the amount to which each school district is limited pursuant to this subsection. As used in this subsection, "average daily attendance" means the average daily attendance for the school year immediately preceding the certification by the county superintendent of schools required by this subsection. Twenty percent of all revenues allocated to any county hereunder must be paid no less than quarterly by the state treasurer to the incorporated cities of the county based upon the population of each incorporated city according to the last official decennial federal census. However, no city may receive in any fiscal year an amount under this subsection greater than five hundred dollars per capita. Once this level has been reached through distributions under this subsection, all excess funds to which any city would be entitled except for this limitation must be deposited instead in that county's general fund. Provided, however, that in determining the population of any city in which total employment increases by more than two hundred percent seasonally due to tourism, the population of that city for purposes of determining the per capita limitation in this section must be increased by adding to the population of the city as determined by the last official decennial federal census a number to be determined as follows:

- a. Seasonal employees of state and federal tourist facilities within five miles [8.05 kilometers] of the city must be included by adding the months all such employees were employed during the prior year and dividing by twelve.
- b. Seasonal employees of all private tourist facilities within the city and seasonal employees employed by the city must be included by adding the months all such employees were employed during the prior year and dividing by twelve.
- c. The number of visitors to the tourist attraction within the city or within five miles [8.05 kilometers] of the city which draws the largest number of visitors annually must be included by taking the smaller of either of the following:
 - (1) The total number of visitors to that tourist attraction the prior year divided by three hundred sixty-five; or
 - (2) Four hundred twenty.

(Effective after June 30, 2007) Apportionment and use of proceeds of tax. The gross production tax provided for in this chapter must be apportioned as follows:

1. First the tax revenue collected under this chapter equal to one percent of the gross value at the well of the oil and one-fifth of the tax on gas must be deposited with the state treasurer who shall credit thirty-three and one-third percent of the revenues to the oil and gas impact grant fund, but not in an amount exceeding six million dollars per biennium, including any amounts otherwise appropriated for oil and gas impact grants for the biennium by the legislative assembly, and who shall credit the remaining revenues to the state general fund.
2. The first one million dollars of annual revenue after the deduction of the amount provided for in subsection 1 from oil or gas produced in any county must be allocated to that county. The second one million dollars of annual revenue after the deduction for the amount provided for in subsection 1 from oil and gas produced in any county must be allocated seventy-five percent to that county and twenty-five percent to the state general fund. The ~~second~~ third one million dollars of annual revenue after the deduction of the amount provided for in subsection 1 from oil or gas produced in any county must be allocated fifty percent to that county and fifty percent to the state general fund. All annual revenue after the deduction of the amount provided for in subsection 1 above ~~two~~ three million dollars from oil or gas produced in any county must be allocated twenty-five percent to that county and seventy-five percent to the state general fund. However, the amount to which each county is entitled pursuant to this subsection must be limited based upon the population of the county according to the last official decennial federal census as follows:
 - a. Counties having a population of three thousand or less shall receive no more than three million nine hundred thousand dollars for each fiscal year.

- b. Counties having a population of over three thousand but less than six thousand shall receive no more than four million one hundred thousand dollars for each fiscal year.

Any allocations for any county pursuant to this subsection which exceed the applicable limitation for that county as provided in subdivisions a through c must be deposited instead in the state's general fund.

- 3. Forty-five percent of all revenues as may by the legislative assembly be allocated to any county hereunder must be credited by the county treasurer to the county general fund. Thirty-five percent of all revenues allocated to any county must be apportioned by the county treasurer no less than quarterly to school districts within the county on the average daily attendance distribution basis, as certified to the county treasurer by the county superintendent of schools. The county superintendent of schools of each oil-producing county shall certify to the county treasurer by July first of each year the amount to which each school district is limited pursuant to this subsection. As used in this subsection, "average daily attendance" means the average daily attendance for the school year immediately preceding the certification by the county superintendent of schools required by this subsection. Twenty percent of all revenues allocated to any county hereunder must be paid no less than quarterly by the state treasurer to the incorporated cities of the county based upon the population of each incorporated city according to the last official decennial federal census. - 9. The tax commissioner must retain authority to administer and enforce chapters 57-51 and 57-51.1 as applied to wells subject to any agreement authorized by this chapter.
- 10. An oil or gas well that is drilled and completed during the time an agreement under this chapter is in effect is subject to state regulatory provisions for the life of the well in addition to any other applicable regulatory provisions.
- 11. The federal district court for the western division of North Dakota is the venue for any dispute arising from a revenue-sharing agreement between the state and the Three Affiliated Tribes.

57-51.2-03. Statutory inconsistencies superseded. This chapter supersedes any inconsistent provisions of chapters 57-51 and 57-51.1 and any inconsistent provisions of state law relating to regulatory provisions and state law relating to oil and gas exploration and production and administration of those provisions.

This section does not affect the duty of the personal representative to administer and distribute the estate in accordance with the rights of claimants whose claims have been allowed, the surviving spouse, any minor and dependent children, and any pretermitted child of the decedent as described in this title.
3. Except as to proceedings which do not survive the death of the decedent, a personal representative of a decedent domiciled in this

state at the decedent's death has the same standing to sue and be sued in the courts of this state and the courts of any other jurisdiction as the decedent had immediately prior to death.

2. If the trust instrument does not excuse the trustee from giving bond, the personal representative may petition the appropriate court to require that the trustee post bond if the personal representative apprehends that distribution might jeopardize the interests of persons who are not able to protect themselves, and the personal representative may withhold distribution until the court has acted.
3. No inference of negligence on the part of the personal representative shall be drawn from the personal representative's failure to exercise the authority conferred by subsections 1 and 2.

SECTION 8. AMENDMENT. Section 30.1-29-17 of the North Dakota Century Code is amended and reenacted as follows:

30.1-29-17. (5-417) General duty of conservator. In the exercise of conservator's powers, a conservator is to act as a fiduciary and shall observe the standards of care applicable to trustees ~~as described by section 30.1-34-02.~~

SECTION 9. AMENDMENT. Section 30.1-32-03 of the North Dakota Century Code is amended and reenacted as follows:

30.1-32-03. (7-103) Effect of registration.

2. If the terms of a charitable trust do not indicate a particular charitable purpose or beneficiary, the court may select one or more charitable purposes or beneficiaries. The selection must be consistent with the settlor's intention to the extent it can be ascertained.
3. The settlor of a charitable trust or the attorney general, among others, may maintain a proceeding to enforce the trust.
4. Chapters 59-09, 59-10, 59-11, 59-12, 59-13, 59-14, 59-15, 59-16, 59-17, 59-18, and 59-19 do not impair the rights and powers of the attorney general with respect to any trust.
5. In all cases of charitable trusts, the attorney general and the state's attorney of the county in which the trust is located are interested persons with respect to the trust estate.

59-12-06. (406) Creation of trust induced by fraud, duress, or undue influence. A trust is void or subject to reformation by the court to the extent its creation was induced by fraud, duress, or undue influence.

59-12-07. (407) Evidence of oral trust. Except as required by section 47-11-02 or a statute other than chapters 59-09, 59-10, 59-11, 59-12, 59-13, 59-14, 59-15, 59-16, 59-17, 59-18, and 59-19, a trust need not be evidenced by a trust instrument, but the creation of an oral trust and its terms, or an amendment or revocation of an oral trust, may be established only by clear and convincing evidence.

59-12-08. (408) Trust for care of animal.

1. A trust may be created to provide for the care of an animal alive during the settlor's lifetime. The trust terminates upon the death of the animal or, if the trust was created to provide for the care of more than one animal alive during the settlor's lifetime, upon the death of the last surviving animal.
2. A trust authorized by this section may be enforced by a person appointed in the terms of the trust or, if no person is so appointed, by a person appointed by the court. A person having an interest in the welfare of the animal may request the court to appoint a person to enforce the trust or to remove a person appointed.
3. Property of a trust authorized by this section may be applied only to its intended use, except to the extent the court determines that the value of the trust property exceeds the amount required for the intended use. Except as otherwise provided in the terms of the trust, property not required for the intended use must be distributed to the settlor, if then living, otherwise to the settlor's successors in interest.

59-12-09. (409) Noncharitable trust without ascertainable beneficiary.

Except as otherwise provided in section 59-12-08 or by another statute, the following rules apply:

1. A trust may be created for a noncharitable purpose without a definite or definitely ascertainable beneficiary or for a noncharitable but otherwise valid purpose to be selected by the trustee.
2. A trust authorized by this section may be enforced by a person appointed in the terms of the trust or, if no person is so appointed, by a person appointed by the court.
3. Property of a trust authorized by this section may be applied only to its intended use, except to the extent the court determines that the value of the trust property exceeds the amount required for the intended use. Except as otherwise provided in the terms of the trust, property not required for the intended use must be distributed to the settlor, if then living, otherwise to the settlor's successors in interest.

59-12-10. (410) Modification or termination of trust - Proceedings for approval or disapproval.

1. In addition to the methods of termination prescribed by sections 59-12-11, 59-12-12, 59-12-13, and 59-12-14, a trust terminates to the extent the trust is revoked or expires pursuant to its terms, no purpose of the trust remains to be achieved, or the purposes of the trust have become unlawful or impossible to achieve.
2. A proceeding to approve or disapprove a proposed modification or termination under sections 59-12-11, 59-12-12, 59-12-13, 59-12-14, 59-12-15, and 59-12-16, or trust combination or division under section 59-12-17, may be commenced by a trustee or beneficiary. The settlor of a charitable trust may maintain a proceeding to modify the trust under section 59-12-13.

59-12-11. (411) Modification or termination of noncharitable irrevocable trust by consent.

1. A noncharitable irrevocable trust may be terminated upon consent of all of the beneficiaries if the court concludes that continuance of the trust is not necessary to achieve any material purpose of the trust. A noncharitable irrevocable trust may be modified upon consent of all of the beneficiaries if the court concludes that modification is not inconsistent with a material purpose of the trust.
2. Upon termination of a trust under subsection 1, the trustee shall distribute the trust property as agreed by the beneficiaries.
3. If not all of the beneficiaries consent to a proposed modification or termination of the trust under subsection 1, the modification or termination may be approved by the court if the court is satisfied that if all of the beneficiaries had consented, the trust could have been modified or terminated under this section and the interests of a beneficiary who does not consent will be adequately protected.

59-12-12. (412) Modification or termination because of unanticipated circumstances or inability to administer trust effectively.

1. Upon petition by the trustee, the attorney general, or an interested party other than the settlor, the court may modify the administrative or dispositive terms of a trust or terminate the trust if, because of circumstances not anticipated by the settlor, modification or termination will further the purposes of the trust. To the extent practicable, the modification must be made in accordance with the settlor's probable intention.
2. The court may modify the administrative terms of a trust if continuation of the trust on its existing terms would be impracticable or wasteful or impair the trust's administration.
3. Upon termination of a trust under this section, the trustee shall distribute the trust property in a manner consistent with the purposes of the trust.

59-12-13. (413) Cy pres.

1. Except as otherwise provided in subsection 2, if a particular charitable purpose becomes unlawful, impracticable, impossible to achieve, or wasteful, the trust does not fail, in whole or in part; the trust property does not revert to the settlor or the settlor's successors in interest; and the court may apply cy pres to modify or terminate the trust by directing that the trust property be applied or distributed, in whole or in part, in a manner consistent with the settlor's charitable purposes.
2. A provision in the terms of a charitable trust that would result in distribution of the trust property to a noncharitable beneficiary prevails over the power of the court under subsection 1 to apply cy pres to modify or terminate the trust.

59-12-14. (414) Modification or termination of uneconomic trust.

1. After notice to the qualified beneficiaries, the trustee of a trust consisting of trust property having a total value less than one hundred thousand dollars may terminate the trust if the trustee concludes that the value of the trust property is insufficient to justify the cost of administration.
2. The court may modify or terminate a trust or remove the trustee and appoint a different trustee if the court determines that the value of the trust property is insufficient to justify the cost of administration.
3. Upon termination of a trust under this section, the trustee shall distribute the trust property in a manner consistent with the purposes of the trust.
4. This section does not apply to an easement for conservation or preservation.

59-12-15. (415) Reformation to correct mistakes. The court may reform the terms of a trust, even if unambiguous, to conform the terms to the settlor's intention if it is proved by clear and convincing evidence that both the settlor's intent and the terms of the trust were affected by a mistake of fact or law, whether in expression or inducement.

59-12-16. (416) Modification to achieve settlor's tax objectives. To achieve the settlor's tax objectives, the court may modify the terms of a trust in a manner that is not contrary to the settlor's probable intention. The court may provide that the modification has retroactive effect.

59-12-17. (417) Combination and division of trusts. After notice to the qualified beneficiaries, a trustee may combine two or more trusts into a single trust or divide a trust into two or more separate trusts, if the result does not impair rights of any beneficiary or adversely affect achievement of the purposes of the trust. The terms of each new trust created by a division under this section do not have to be identical if the interest of each beneficiary is substantially the same under the terms of the trust prior to its division and the combined terms of all trusts after the division. Two or more trusts may be combined into a single trust if the interests of each beneficiary in the trust resulting from the combination are substantially the same as the combined interests of the beneficiary in the trusts prior to the combination. The trustee shall determine the terms controlling any trust after its combination as authorized by this section.

59-12-18. Requisites of trust relating to real property. A trust in relation to real property is not valid unless the trust is created or declared:

1. By a written instrument, subscribed by the trustee or by the trustee's agent thereto authorized in writing;
2. By the instrument under which the trustee claims the estate affected; or
3. By operation of law.

SECTION 19. Chapter 59-13 of the North Dakota Century Code is created and enacted as follows:

59-13-01. (501) Rights of beneficiary's creditor or assignee. To the extent a beneficiary's interest is not subject to a spendthrift provision, the court may authorize a creditor or assignee of the beneficiary to reach the beneficiary's interest by attachment of present or future distributions to or for the benefit of the beneficiary or other means. The court may limit the award to such relief as is appropriate under the circumstances.

59-13-02. (502) Spendthrift provision.

1. A spendthrift provision is valid if it restrains either the voluntary or involuntary transfer or both the voluntary and involuntary transfer of a beneficiary's interest.
2. A term of a trust providing that the interest of a beneficiary is held subject to a "spendthrift trust", or words of similar import, is sufficient to restrain both voluntary and involuntary transfer of the beneficiary's interest.
3. A beneficiary may not transfer an interest in a trust in violation of a valid spendthrift provision and, except as otherwise provided in this chapter, a creditor or assignee of the beneficiary may not reach the interest or a distribution by the trustee before its receipt by the beneficiary.

59-13-03. (503) Exceptions to spendthrift provision.

1. In this section, "child" includes any person for whom an order or judgment for child support has been entered by a court of competent jurisdiction.
2. A spendthrift provision is unenforceable against:
 - a. A beneficiary's child, spouse, or former spouse who has a judgment or court order against the beneficiary for support or maintenance;
 - b. A judgment creditor who has provided services for the protection of a beneficiary's interest in the trust; and
 - c. A claim of this state or the United States to the extent a statute of this state or federal law so provides.
3. The exceptions contained in subsection 2 do not apply to a self-settled special needs trust or a third-party special needs trust under chapter 59-08 nor to any trust that meets the qualifications of 42 U.S.C. 1396p(d).
4. A claimant against which a spendthrift provision cannot be enforced may obtain from a court an order attaching present or future distributions to or for the benefit of the beneficiary. The court may limit the award to such relief as is appropriate under the circumstances. If there is more than one permissible distributee, the court may grant such relief as is equitable.

59-13-04. (504) Discretionary trusts - Effect of standard.

1. In this section, "child" includes any person for whom an order or judgment for child support has been entered by a court of competent jurisdiction.
2. Except as otherwise provided in subsection 3, whether or not a trust contains a spendthrift provision, a creditor of a beneficiary may not compel a distribution that is subject to the trustee's discretion, even if the discretion is expressed in the form of a standard of distribution, or the trustee has abused the discretion.
3. To the extent a trustee has not complied with a standard of distribution or has abused a discretion, a distribution may be ordered by the court to satisfy a judgment or court order against the beneficiary for support or maintenance of the beneficiary's child, spouse, or former spouse and the court shall direct the trustee to pay the child, spouse, or former spouse such amount as is equitable under the circumstances but not more than the amount the trustee would have been required to distribute to or for the benefit of the beneficiary had the trustee complied with the standard or not abused the discretion.
4. This section does not limit the right of a beneficiary to maintain a judicial proceeding against a trustee for an abuse of discretion or failure to comply with a standard for distribution.

5. If the trustee's or cotrustee's discretion to make distributions for the trustee's or cotrustee's own benefit is limited by an ascertainable standard, a creditor may not reach or compel distribution of the beneficial interest except to the extent the interest would be subject to the creditor's claim if the beneficiary was not acting as trustee or cotrustee.

59-13-05. (505) Creditor's claim against settlor.

1. The following rules apply whether or not the terms of a trust contain a spendthrift provision. During the lifetime of the settlor, the property of a revocable trust is subject to claims of the settlor's creditors to the extent that the property would be subject to creditors' claims if the property had not been placed in the trust. With respect to an irrevocable trust, other than a special needs trust, a creditor or assignee of the settlor may reach the maximum amount that can be distributed to or for the settlor's benefit. If a trust has more than one settlor, the amount the creditor or assignee of a particular settlor may reach may not exceed the settlor's interest in the portion of the trust attributable to that settlor's contribution. After the death of a settlor, and subject to the settlor's right to direct the source from which liabilities will be paid, the property of a trust that was revocable immediately before the settlor's death is subject to claims of the settlor's creditors, costs of administration of the settlor's estate, the expenses of the settlor's funeral and disposal of remains, and statutory allowances to a surviving spouse and children to the extent the settlor's probate estate is inadequate to satisfy those claims, costs, expenses, and allowances. For purposes of this section, "statutory allowances" includes any homestead exception under chapter 47-18 and the allowances included in title 30.1.
2. For purposes of this section during the period the power may be exercised, the holder of a power of withdrawal is treated in the same manner as the settlor of a revocable trust to the extent of the property subject to the power and, upon the lapse, release, or waiver of the power, the holder is treated as the settlor of the trust only to the extent the value of the property affected by the lapse, release, or waiver exceeds the greater of the amount specified in section 2041(b)(2) or 2514(e) of the Internal Revenue Code of 1986, or section 2503(b) of the Internal Revenue Code of 1986, or corresponding future provisions of federal tax law.

59-13-06. (506) Overdue distribution.

1. In this section, "mandatory distribution" means a distribution of income or principal which the trustee is required to make to a beneficiary under the terms of the trust, including a distribution upon termination of the trust. The term does not include a distribution subject to the exercise of the trustee's discretion even if:
 - a. The discretion is expressed in the form of a standard of distribution; or
 - b. The terms of the trust authorizing a distribution couple language of discretion with language of direction.

2. Whether or not a trust contains a spendthrift provision, a creditor or assignee of a beneficiary may reach a mandatory distribution of income or principal, including a distribution upon termination of the trust, if the trustee has not made the distribution to the beneficiary within a reasonable time after the designated distribution date.

59-13-07. (507) Personal obligations of trustee. Trust property is not subject to personal obligations of the trustee, even if the trustee becomes insolvent or bankrupt.

SECTION 20. Chapter 59-14 of the North Dakota Century Code is created and enacted as follows:

59-14-01. (601) Capacity of settlor of revocable trust. The capacity required to create, amend, revoke, or add property to a revocable trust, or to direct the actions of the trustee of a revocable trust, is the same as that required to make a will.

59-14-02. (602) Revocation or amendment of revocable trust.

1. Unless the terms of a trust expressly provide that the trust is irrevocable, the settlor may revoke or amend the trust. This subsection does not apply to a trust created under an instrument executed before the effective date of this section.
2. If a revocable trust is created or funded by more than one settlor to the extent the trust consists of community property, the trust may be revoked by either spouse acting alone but may be amended only by joint action of both spouses; to the extent the trust consists of property other than community property, each settlor may revoke or amend the trust with regard to the portion of the trust property attributable to that settlor's contribution; and upon the revocation or amendment of the trust by fewer than all of the settlors, the trustee shall promptly notify the other settlors of the revocation or amendment.
3. The settlor may revoke or amend a revocable trust by substantial compliance with a method provided in the terms of the trust or, if the terms of the trust do not provide a method or the method provided in the terms is not expressly made exclusive, by a later will or codicil that expressly refers to the trust or any other method manifesting clear and convincing evidence of the settlor's intent.
4. Upon revocation of a revocable trust, the trustee shall deliver the trust property as the settlor directs.
5. A settlor's powers with respect to revocation, amendment, or distribution of trust property may be exercised by an agent under a power of attorney only to the extent expressly authorized by the terms of the trust or the power, exercised in writing and delivered to the trustee.
6. A conservator of the settlor or, if no conservator has been appointed, a guardian of the settlor may exercise a settlor's powers with respect to revocation, amendment, or distribution of trust property only with the approval of the court supervising the conservatorship or guardianship.

7. A trustee who does not know that a trust has been revoked or amended is not liable to the settlor or settlor's successors in interest for distributions made and other actions taken on the assumption that the trust had not been amended or revoked.

59-14-03. (603) Settlor's powers - Powers of withdrawal.

1. While a trust is revocable, rights of the beneficiaries are subject to the control of, and the duties of the trustee are owed exclusively to, the settlor.
2. During the period the power may be exercised, the holder of a power of withdrawal has the rights of a settlor of a revocable trust under this section to the extent of the property subject to the power.

59-14-04. (604) Limitation on action contesting validity of revocable trust - Distribution of trust property.

1. A person shall commence a judicial proceeding to contest the validity of a trust that was revocable immediately before the settlor's death within the earlier of three years after the settlor's death or one hundred twenty days after the trustee sent the person a copy of the trust instrument and a notice informing the person of the trust's existence, of the trustee's name and address, and of the time allowed for commencing a proceeding.
2. Upon the death of the settlor of a trust that was revocable immediately before the settlor's death, the trustee may proceed to distribute the trust property in accordance with the terms of the trust. The trustee is not subject to liability for doing so unless the trustee knows of a pending judicial proceeding contesting the validity of the trust or a potential contestant has notified the trustee of a possible judicial proceeding to contest the trust and a judicial proceeding is commenced within sixty days after the contestant sent the notification.
3. A beneficiary of a trust that is determined to have been invalid is liable to return any distribution received.
4. This section does not impose a duty upon the trustee to give notice under this section unless the notice is expressly required in the trust agreement.

SECTION 21. Chapter 59-15 of the North Dakota Century Code is created and enacted as follows:

59-15-01. (701) Accepting or declining trusteeship.

1. Except as otherwise provided in subsection 3, a person designated as trustee accepts the trusteeship by substantially complying with a method of acceptance provided in the terms of the trust or, if the terms of the trust do not provide a method or the method provided in the terms is not expressly made exclusive, by accepting delivery of the trust property, exercising powers or performing duties as trustee, or otherwise indicating acceptance of the trusteeship.

2. A person designated as trustee who has not yet accepted the trusteeship may decline the trusteeship. A designated trustee who does not accept the trusteeship within a reasonable time after knowing of the designation is deemed to have declined the trusteeship.
3. A person designated as trustee, without accepting the trusteeship, may act to preserve the trust property if, within a reasonable time after acting, the person sends a declination of the trusteeship to the settlor or, if the settlor is dead or lacks capacity, to a qualified beneficiary and inspect or investigate trust property to determine potential liability under environmental or other law or for any other purpose.

59-15-02. (702) Trustee's bond.

1. A trustee shall give bond to secure performance of the trustee's duties only if the court finds that a bond is needed to protect the interests of the beneficiaries or is required by the terms of the trust and the court has not dispensed with the requirement.
2. The court may specify the amount of a bond, its liabilities, and whether sureties are necessary. The court may modify or terminate a bond at any time.
3. A bank or trust company qualified to act as a trustee in this state need not give bond, even if required by the terms of the trust.

59-15-03. (703) Cotrustees.

1. Cotrustees who are unable to reach a unanimous decision may act by majority decision.
2. If a vacancy occurs in a cotrusteeship, the remaining cotrustees may act for the trust.
3. A cotrustee must participate in the performance of a trustee's function unless the cotrustee is unavailable to perform the function because of absence, illness, disqualification under other law, or other temporary incapacity or the cotrustee has properly delegated the performance of the function to another trustee.
4. If a cotrustee is unavailable to perform duties because of absence, illness, disqualification under other law, or other temporary incapacity, and prompt action is necessary to achieve the purposes of the trust or to avoid injury to the trust property, the remaining cotrustee or a majority of the remaining cotrustees may act for the trust.
5. A trustee may delegate to a cotrustee the performance of any function other than a function that the terms of the trust expressly require to be performed by the trustees jointly. Unless a delegation was irrevocable, a trustee may revoke a delegation previously made.
6. Except as otherwise provided in subsection 7, a trustee who does not join in an action of another trustee is not liable for the action.

7. Each trustee shall exercise reasonable care to prevent a cotrustee from committing a serious breach of trust and compel a cotrustee to redress a serious breach of trust.
8. A dissenting trustee who joins in an action at the direction of the majority of the trustees and who notified any cotrustee of the dissent at or before the time of the action is not liable for the action unless the action is a serious breach of trust.

59-15-04. (704) Vacancy in trusteeship - Appointment of successor.

1. A vacancy in a trusteeship occurs if a person designated as trustee declines the trusteeship, a person designated as trustee cannot be identified, cannot be located, or does not exist, a trustee resigns, a trustee is disqualified or removed, a trustee dies, or a guardian or conservator is appointed for an individual serving as trustee.
2. If one or more cotrustees remain in office, a vacancy in a trusteeship need not be filled. A vacancy in a trusteeship must be filled if the trust has no remaining trustee.
3. A vacancy in a trusteeship of a noncharitable trust which is required to be filled must be filled in the following order of priority. First, the vacancy must be filled by a person designated in the terms of the trust or appointed under the terms of the trust to act as successor trustee. Second, the vacancy must be filled by a person appointed by unanimous agreement of the qualified beneficiaries. Finally, the vacancy must be filled by a person appointed by the court.
4. A vacancy in a trusteeship of a charitable trust which is required to be filled must be filled in the following order of priority. First, the vacancy must be filled by a person designated in the terms of the trust or appointed under the terms of the trust to act as successor trustee. Second, the vacancy must be filled by a person selected by the charitable organizations expressly designated to receive distributions under the terms of the trust if the attorney general concurs in the selection. Finally, the vacancy must be filled by a person appointed by the court.
5. Whether or not a vacancy in a trusteeship exists or is required to be filled, the court may appoint an additional trustee or special fiduciary whenever the court considers the appointment necessary for the administration of the trust.

59-15-05. (705) Resignation of trustee.

1. A trustee may resign:
 - a. Upon at least thirty days' notice to the settlor, if living, to all cotrustees, and the qualified beneficiaries, except those qualified beneficiaries under a revocable trust that the settlor has the capacity to revoke; or
 - b. With the approval of the court.

2. In approving a resignation, the court may issue orders and impose conditions reasonably necessary for the protection of the trust property.
3. Any liability of a resigning trustee or of any sureties on the trustee's bond for acts or omissions of the trustee is not discharged or affected by the trustee's resignation.

59-15-06. (706) Removal of trustee.

1. The settlor, a cotrustee, or a beneficiary may request the court to remove a trustee, or a trustee may be removed by the court on its own initiative.
2. The court may remove a trustee if the trustee has committed a serious breach of trust; if lack of cooperation among cotrustees substantially impairs the administration of the trust; if because of unfitness, unwillingness, or persistent failure of the trustee to administer the trust effectively, the court determines that removal of the trustee best serves the interests of the beneficiaries; or if there has been a substantial change of circumstances or removal is requested by all of the qualified beneficiaries, the court finds that removal of the trustee best serves the interests of all of the beneficiaries and is not inconsistent with a material purpose of the trust, and a suitable cotrustee or successor trustee is available.
3. Pending a final decision on a request to remove a trustee, or in lieu of or in addition to removing a trustee, the court may order such appropriate relief under subsection 2 of section 59-18-01 as may be necessary to protect the trust property or the interests of the beneficiaries.

59-15-07. (707) Delivery of property by former trustee.

1. Unless a cotrustee remains in office or the court otherwise orders, and until the trust property is delivered to a successor trustee or other person entitled to it, a trustee who has resigned or been removed has the duties of a trustee and the powers necessary to protect the trust property.
2. A trustee who has resigned or been removed shall proceed expeditiously to deliver the trust property within the trustee's possession to the cotrustee, successor trustee, or other person entitled to the property.
3. Title to all trust property must be owned by and vested in any successor trustee without any conveyance, transfer, or assignment by the prior trustee.

59-15-08. (708) Compensation of trustee.

1. If the terms of a trust do not specify the trustee's compensation, a trustee is entitled to compensation that is reasonable under the circumstances.
2. If the terms of a trust specify the trustee's compensation, the trustee is entitled to be compensated as specified, but the court may allow more or less compensation if the duties of the trustee are substantially

different from those contemplated when the trust was created or the compensation specified by the terms of the trust would be unreasonably low or high.

59-15-09. (709) Reimbursement of expenses.

1. A trustee is entitled to be reimbursed out of the trust property, with interest as appropriate, for expenses that were properly incurred in the administration of the trust and, to the extent necessary to prevent unjust enrichment of the trust, expenses that were not properly incurred in the administration of the trust.
2. An advance by the trustee of money for the protection of the trust gives rise to a lien against trust property to secure reimbursement with reasonable interest. The lien under this subsection does not apply to a common or collective fund that is exempt under 26 U.S.C. 584.

SECTION 22. Chapter 59-16 of the North Dakota Century Code is created and enacted as follows:

59-16-01. (801) Duty to administer trust. Upon acceptance of a trusteeship, the trustee shall administer the trust in good faith, in accordance with its purposes and in accordance with chapters 59-09, 59-10, 59-11, 59-12, 59-13, 59-14, 59-15, 59-16, 59-17, 59-18, and 59-19.

59-16-02. (802) Duty of loyalty.

1. A trustee shall administer the trust solely in the interests of the beneficiaries.
2. Subject to the rights of persons dealing with or assisting the trustee as provided in section 59-18-12, a sale, encumbrance, or other transaction involving the investment or management of trust property entered into by the trustee for the trustee's own personal account or which is otherwise affected by a conflict between the trustee's fiduciary and personal interests is voidable by a beneficiary affected by the transaction unless the transaction was authorized by the terms of the trust; the transaction was approved by the court; the beneficiary did not commence a judicial proceeding within the time allowed by section 59-18-05; the beneficiary consented to the trustee's conduct, ratified the transaction, or released the trustee in compliance with section 59-18-09; or the transaction involves a contract entered into or claim acquired by the trustee before the person became or contemplated becoming trustee.
3. A sale, encumbrance, or other transaction involving the investment or management of trust property is presumed to be affected by a conflict between personal and fiduciary interests if it is entered into by the trustee with the trustee's spouse; the trustee's descendants, siblings, parents, or their spouses; an agent or attorney of the trustee; or a corporation or other person or enterprise in which the trustee, or a person that owns a significant interest in the trustee, has an interest that might affect the trustee's best judgment.
4. A transaction between a trustee and a beneficiary that does not concern trust property but that occurs during the existence of the trust or while

the trustee retains significant influence over the beneficiary and from which the trustee obtains an advantage is voidable by the beneficiary unless the trustee establishes that the transaction was fair to the beneficiary.

5. A transaction not concerning trust property in which the trustee engages in the trustee's individual capacity involves a conflict between personal and fiduciary interests if the transaction concerns an opportunity properly belonging to the trust.
6. An investment by a trustee in securities of an investment company or investment trust to which the trustee, or its affiliate, provides services in a capacity other than as trustee is not presumed to be affected by a conflict between personal and fiduciary interests if the investment complies with the prudent investor rule of chapter 59-17. In addition to its compensation for acting as trustee, the trustee may be compensated by the investment company or investment trust for providing those services out of fees charged to the trust. If the trustee receives compensation from the investment company or investment trust for providing investment advisory or investment management services, the trustee at least annually shall notify the persons entitled under section 59-16-13 to receive a copy of the trustee's annual report of the rate and method by which that compensation was determined.
7. In voting shares of stock or in exercising powers of control over similar interests in other forms of enterprise, the trustee shall act in the best interests of the beneficiaries. If the trust is the sole owner of a corporation or other form of enterprise, the trustee shall elect or appoint directors or other managers who will manage the corporation or enterprise in the best interests of the beneficiaries.
8. If fair to the beneficiaries, an agreement between a trustee and a beneficiary relating to the appointment or compensation of the trustee; payment of reasonable compensation to the trustee; a transaction between a trust and another trust, decedent's estate, or conservatorship of which the trustee is a fiduciary or in which a beneficiary has an interest; a deposit of trust money in a regulated financial service institution operated by the trustee; or an advance by the trustee of money for the protection of the trust is not precluded by this section.
9. The court may appoint a special fiduciary to make a decision with respect to any proposed transaction that might violate this section if entered into by the trustee.

59-16-03. (803) Impartiality. If a trust has two or more beneficiaries, the trustee shall act impartially in investing, managing, and distributing the trust property, giving due regard to the beneficiaries' respective interests.

59-16-04. (804) Prudent administration. A trustee shall administer the trust as a prudent person would by considering the purposes, terms, distributional requirements, and other circumstances of the trust. In satisfying this standard, the trustee shall exercise reasonable care, skill, and caution.

59-16-05. (805) Costs of administration. In administering a trust, the trustee may incur only costs that are reasonable in relation to the trust property, the purposes of the trust, and the skills of the trustee.

59-16-06. (806) Trustee's skills. A trustee who has special skills or expertise, or is named trustee in reliance upon the trustee's representation that the trustee has special skills or expertise, shall use those special skills or expertise.

59-16-07. (807) Delegation by trustee.

1. A trustee may delegate duties and powers that a prudent trustee of comparable skills could properly delegate under the circumstances. The trustee shall exercise reasonable care, skill, and caution in selecting an agent; establishing the scope and terms of the delegation, consistent with the purposes and terms of the trust; and periodically reviewing the agent's actions in order to monitor the agent's performance and compliance with the terms of the delegation.
2. In performing a delegated function, an agent owes a duty to the trust to exercise reasonable care to comply with the terms of the delegation.
3. A trustee who complies with subsection 1 is not liable to the beneficiaries or to the trust for an action of the agent to whom the function was delegated.
4. By accepting a delegation of powers or duties from the trustee of a trust that is subject to the law of this state, an agent submits to the jurisdiction of the courts of this state.

59-16-08. (808) Powers to direct.

1. While a trust is revocable, the trustee may follow a direction of the settlor that is contrary to the terms of the trust.
2. If the terms of a trust confer upon a person other than the settlor of a revocable trust power to direct certain actions of the trustee, the trustee shall act in accordance with an exercise of the power unless the attempted exercise is manifestly contrary to the terms of the trust or the trustee knows the attempted exercise would constitute a serious breach of a fiduciary duty that the person holding the power owes to the beneficiaries of the trust.
3. The terms of a trust may confer upon a trustee or other person a power to direct the modification or termination of the trust.
4. A person, other than a beneficiary, who holds a power to direct is presumptively a fiduciary who, as such, is required to act in good faith with regard to the purposes of the trust and the interests of the beneficiaries. The holder of a power to direct is liable for any loss that results from breach of fiduciary duty.

59-16-09. (809) Control and protection of trust property. A trustee shall take reasonable steps to take control of and protect the trust property.

59-16-10. (810) Recordkeeping and identification of trust property.

1. A trustee shall keep adequate records of the administration of the trust.
2. A trustee shall keep trust property separate from the trustee's own property.

3. Except as otherwise provided in subsection 4, a trustee, other than a trustee granted trust or fiduciary powers from a federal or state authority, shall cause the trust property to be designated so that the interest of the trust, to the extent feasible, appears in records maintained by a party other than a trustee or beneficiary.
4. If the trustee maintains records clearly indicating the respective interests, a trustee may invest as a whole the property of two or more separate trusts.

59-16-11. (811) Enforcement and defense of claims. A trustee shall take reasonable steps to enforce claims of the trust and to defend claims against the trust.

59-16-12. (812) Collecting trust property. A trustee shall take reasonable steps to compel a former trustee or other person to deliver trust property to the trustee and to redress a breach of trust known to the trustee to have been committed by a former trustee or other fiduciary.

59-16-13. (813) Duty to inform and report.

1. A trustee shall keep the qualified beneficiaries of the trust reasonably informed about the administration of the trust and of the material facts necessary for them to protect their interests. Unless unreasonable under the circumstances, a trustee shall promptly respond to a beneficiary's request for information related to the administration of the trust.
2. A trustee upon written request shall promptly furnish a copy of the trust instrument:
 - a. To a qualified beneficiary of a revocable trust; and
 - b. To a beneficiary of a trust that is not revocable.
3. A trustee within sixty days after accepting a trusteeship shall notify the qualified beneficiaries of the acceptance and of the trustee's name, address, and telephone number.
4. A trustee within sixty days after the date the trustee acquires knowledge of the creation of an irrevocable trust, or the date the trustee acquires knowledge that a formerly revocable trust has become irrevocable, whether by the death of the settlor or otherwise, shall notify the qualified beneficiaries of the trust's existence, of the identity of the settlor or settlors, of the right to request a copy of the trust instrument, and of the right to a trustee's report as provided in subsection 6.
5. A trustee shall notify the qualified beneficiaries in advance of any change in the method or rate of the trustee's compensation.
6. A trustee shall send to the distributees or permissible distributees of trust income or principal, and to other qualified or nonqualified beneficiaries who request it, at least annually and at the termination of the trust, a report of the trust property, liabilities, receipts, and disbursements, including the source and amount of the trustee's compensation, a listing of the trust assets and, if feasible, their respective market values. Upon a vacancy in a trusteeship, unless a

cotrustee remains in office, a report must be sent to the qualified beneficiaries by the former trustee. A personal representative, conservator, or guardian may send the qualified beneficiaries a report on behalf of a deceased or incapacitated trustee.

7. A beneficiary may waive the right to a trustee's report or other information otherwise required to be furnished under this section. A beneficiary, with respect to future reports and other information, may withdraw a waiver previously given.
8. The duties of a trustee specified in this section are not subject to section 59-14-03.
9. Subsections 3 and 4 do not apply to a trustee that accepts a trusteeship before August 1, 2007, to an irrevocable trust created before August 1, 2007, or to a revocable trust that becomes irrevocable before August 1, 2007.

59-16-14. (814) Discretionary powers - Tax savings.

1. Notwithstanding the breadth of discretion granted to a trustee in the terms of the trust, including the use of such terms as "absolute", "sole", or "uncontrolled", the trustee shall exercise a discretionary power in good faith and in accordance with the purposes of the trust.
2. Subject to subsection 4, and unless the terms of the trust expressly indicate that a rule in this subsection does not apply:
 - a. A person other than a settlor who is a beneficiary and trustee of a trust that confers on the trustee a power to make discretionary distributions to or for the trustee's personal benefit may exercise the power only in accordance with an ascertainable standard; and
 - b. A trustee may not exercise a power to make discretionary distributions to satisfy a legal obligation of support that the trustee personally owes another person.
3. A power whose exercise is limited or prohibited by subsection 2 may be exercised by a majority of the remaining trustees whose exercise of the power is not so limited or prohibited. If the power of all trustees is so limited or prohibited, the court may appoint a special fiduciary with authority to exercise the power.
4. Subsection 2 does not apply to:
 - a. A power held by the settlor's spouse who is the trustee of a trust for which a marital deduction, as defined in section 2056(b)(5) or 2523(e) of the Internal Revenue Code was previously allowed;
 - b. Any trust during any period that the trust may be revoked or amended by its settlor; or
 - c. A trust if contributions to the trust qualify for the annual exclusion under section 2503(c) of the Internal Revenue Code.

59-16-15. (815) General powers of trustee. A trustee, without authorization by the court, may exercise powers conferred by the terms of the trust and, except as limited by the terms of the trust, all powers over the trust property which an unmarried owner, who is not an incapacitated person, has over individually owned property, any other powers appropriate to achieve the proper investment, management, and distribution of the trust property, and any other powers conferred by chapters 59-09, 59-10, 59-11, 59-12, 59-13, 59-14, 59-15, 59-16, 59-17, 59-18, and 59-19. The exercise of a power is subject to the fiduciary duties prescribed by this chapter.

59-16-16. (816) Specific powers of trustee. Without limiting the authority conferred by section 59-16-15, a trustee may:

1. Collect trust property and accept or reject additions to the trust property from a settlor or any other person.
2. Acquire or sell property, for cash or on credit, at public or private sale.
3. Exchange, partition, or otherwise change the character of trust property.
4. Deposit or invest trust money in a regulated financial institution, including one operated by the trustee or an affiliate of the trustee.

7. With respect to stocks or other securities, exercise the rights of an absolute owner, including the right to vote, or give proxies to vote, with or without power of substitution, or enter into or continue a voting trust agreement; hold a security in the name of a nominee or in other form without disclosure of the trust so that title may pass by delivery; pay calls, assessments, and other sums chargeable or accruing against the securities, and sell or exercise stock subscription or conversion rights; and deposit the securities with a depository or other regulated financial service institution.
8. With respect to an interest in real property, construct or make ordinary or extraordinary repairs to, alterations to, or improvements in, buildings or other structures, demolish improvements, raze existing or erect new party walls or buildings, subdivide or develop land, dedicate land to public use or grant public or private easements, and make or vacate plats and adjust boundaries.

10. Grant an option involving a sale, lease, or other disposition of trust property or acquire an option for the acquisition of property, including an option exercisable beyond the duration of the trust, and exercise an option so acquired.
11. Insure the property of the trust against damage or loss and insure the trustee, the trustee's agents, and beneficiaries against liability.
12. Abandon, distribute, or decline to administer property of no value or of insufficient value to justify its collection or continued administration.
13. With respect to possible liability for violation of environmental law, inspect or investigate property the trustee holds or has been asked to hold, or property owned or operated by an organization in which the trustee holds or has been asked to hold an interest for the purpose of determining the application of environmental law with respect to the property; take action to prevent, abate, or otherwise remedy any actual or potential violation of any environmental law affecting property held directly or indirectly by the trustee, whether taken before or after the assertion of a claim or the initiation of governmental enforcement; decline to accept property into trust or disclaim any power with respect to property that is or may be burdened with liability for violation of environmental law; compromise claims against the trust which may be asserted for an alleged violation of environmental law; and pay the expense of any inspection, review, abatement, or remedial action to comply with environmental law.
14. Pay or contest any claim, settle a claim by or against the trust, and release, in whole or in part, a claim belonging to the trust.
15. Pay taxes, assessments, compensation of the trustee and of employees and agents of the trust, and other expenses incurred in the administration of the trust.
16. Exercise elections with respect to federal, state, and local taxes.
17. Select a mode of payment under any employee benefit or retirement plan, annuity, or life insurance payable to the trustee, exercise rights thereunder, including exercise of the right to indemnification for expenses and against liabilities, and take appropriate action to collect the proceeds.
18. Make loans out of trust property, including loans to a beneficiary on terms and conditions the trustee considers to be fair and reasonable under the circumstances, and the trustee has a lien on future distributions for repayment of those loans.
19. Pledge trust property to guarantee loans made by others to the beneficiary.
20. Appoint a trustee to act in another jurisdiction with respect to trust property located in the other jurisdiction, confer upon the appointed trustee all of the powers and duties of the appointing trustee, require that the appointed trustee furnish security, and remove any trustee so appointed.

21. Pay an amount distributable to a beneficiary who is under a legal disability or who the trustee reasonably believes is incapacitated, by paying it directly to the beneficiary or applying it for the beneficiary's benefit, or by paying it to the beneficiary's conservator or, if the beneficiary does not have a conservator, the beneficiary's guardian; paying it to the beneficiary's custodian under chapter 47-24.1 and for that purpose, creating a custodianship or custodial trust; if the trustee does not know of a conservator, guardian, custodian, or custodial trustee, paying it to an adult relative or other person having legal or physical care or custody of the beneficiary, to be expended on the beneficiary's behalf; or managing it as a separate fund on the beneficiary's behalf, subject to the beneficiary's continuing right to withdraw the distribution.
22. On distribution of trust property or the division or termination of a trust, make distributions in divided or undivided interests, allocate particular assets in proportionate or disproportionate shares, value the trust property for those purposes, and adjust for resulting differences in valuation.
23. Resolve a dispute concerning the interpretation of the trust of the trust's administration by mediation, arbitration, or other procedure for alternative dispute resolution.
24. Prosecute or defend an action, claim, or judicial proceeding in any jurisdiction to protect trust property and the trustee in the performance of the trustee's duties.
25. Sign and deliver contracts and other instruments that are useful to achieve or facilitate the exercise of the trustee's powers.
26. Purchase and pay from trust principal the premiums on life insurance.
27. Allocate items of income or expense to either trust income or principal, as provided by law, including creation of reserves out of income for depreciation, obsolescence or amortization, or for depletion in mineral or timber properties.
28. a. With respect to the administration of trust assets as one or more trusts to:

 - (1) Receive and administer additional property as part of the trust estate or as a separate trust having terms identical to the terms of the existing trust;
 - (2) Sever any trust estate on a fractional basis, before or after a trust is funded, into two or more separate trusts for any reason;
 - (3) Segregate by allocation to a separate account or trust a specific amount or gift made from any trust to reflect a partial disclaimer, to reflect or result in differences in federal tax attributes, to satisfy any federal tax requirements or elections, or to reduce potential generation, skipping transfer tax liability, in a manner consistent with the rules governing disclaimers, such federal tax attributes, such requirements or

elections, or any applicable tax rules or regulations, and any income earned on a segregated amount or gift after segregation occurs passes to the designated taker of such amount or gift; and

- (4) Consolidate two or more trusts having substantially similar terms into a single trust.
- b. In managing, investing, administering, and distributing the trust property of any separate account or trust and in making applicable tax elections, consider the differences in federal tax attributes and all other factors the trustee believes pertinent and may make disproportionate distributions from the separate trusts created. A separate account or trust created by severance or segregation must be treated as a separate trust for all purposes from and after the date on which the severance or segregation is effective. The trustee shall hold such separate account or trust on terms and conditions that are substantially equivalent to the terms of the trust from which it was severed or segregated so that the aggregate interests of each beneficiary in the several trusts are substantially equivalent to the beneficiary's interests in the trust before severance or segregation; provided, however, that any terms of the trust before severance that would affect qualification of the trust for any federal tax deduction, exclusion, election, exemption, or other special federal tax status must remain identical in each of the separate trusts created.
29. Employ persons, including attorneys, auditors, investment advisors or agents, to advise or assist the trustee in the performance of administrative duties. A trustee may act based on the recommendations of professionals without independently investigating the recommendations.
30. Deal with the personal representative, trustee, or other representative of any other trust or estate in which a beneficiary of the trust estate has an interest, notwithstanding the fact that the trustee is a personal representative, trustee, or other representative of the other trust or estate.
31. On termination of the trust, exercise the powers appropriate to wind up the administration of the trust and distribute the trust property to the persons entitled to the property.

59-16-17. (817) Distribution upon termination.

1. Upon termination or partial termination of a trust, the trustee may send to the beneficiaries, and the attorney general in the case of a charitable trust, a proposal for distribution. The right of any beneficiary, or the attorney general in the case of a charitable trust, to object to the proposed distribution terminates if the beneficiary, or the attorney general in the case of a charitable trust, does not notify the trustee of an objection within thirty days after the proposal was sent, but only if the proposal informed the beneficiary, or the attorney general in the case of a charitable trust, of the right to object and of the time allowed for objection.

2. Upon the occurrence of an event terminating or partially terminating a trust, the trustee shall proceed expeditiously to distribute the trust property to the persons entitled to it, subject to the right of the trustee to retain a reasonable reserve for the payment of debts, expenses, and taxes.
3. A release by a beneficiary of a trustee from liability for breach of trust is invalid to the extent it was induced by improper conduct of the trustee or the beneficiary, at the time of the release, did not know of the beneficiary's rights or of the material facts relating to the breach.

SECTION 23. Chapter 59-17 of the North Dakota Century Code is created and enacted as follows:

59-17-01. Prudent investor rule.

1. Except as otherwise provided in subsection 2, a trustee who invests and manages trust assets owes a duty to the beneficiaries of the trust to comply with the prudent investor rule set forth in sections 59-16-02, 59-16-03, 59-16-05, 59-16-06, and 59-16-07 and in this chapter.
2. The prudent investor rule, a default rule, may be expanded, restricted, eliminated, or otherwise altered by the provisions of a trust. A trustee is not liable to a beneficiary to the extent that the trustee acted in reasonable reliance on the provisions of the trust.

59-17-02. Standard of care - Portfolio strategy - Risk and return objectives.

1. A trustee shall invest and manage trust assets as a prudent investor would, by considering the purposes, terms distribution requirements, and other circumstances of the trust. In satisfying this standard, the trustee shall exercise reasonable care, skill, and caution.
2. A trustee's investment and management decisions respecting individual assets must be evaluated not in isolation but in the context of the trust portfolio as a whole and as a part of an overall investment strategy having risk and return objectives reasonably suited to the trust.
3. Among circumstances a trustee shall consider in investing and managing trust assets are any of the following that are relevant to the trust or its beneficiaries:
 - a. General economic conditions;
 - b. The possible effect of inflation or deflation;
 - c. The expected tax consequences of investment decisions or strategies;
 - d. The role that each investment or course of action plays within the overall trust portfolio, which may include financial assets, interests in closely held enterprises, tangible and intangible personal property, and real property;

- e. The expected total return from income and the appreciation of capital;
 - f. Other resources of the beneficiaries;
 - g. Needs for liquidity, regularity of income, and preservation or appreciation of capital; and
 - h. An asset's special relationship or special value, if any, to the purposes of the trust or to one or more of the beneficiaries.
- 4. A trustee shall make a reasonable effort to verify facts relevant to the investment and management of trust assets.
 - 5. A trustee may invest in any kind of property or type of investment consistent with the standards of this title.

59-17-03. Diversification. A trustee shall diversify the investments of the trust unless the trustee reasonably determines that, because of special circumstances, the purposes of the trust are better served without diversifying.

59-17-04. Duties at inception of trusteeship. Within a reasonable time after accepting a trusteeship or receiving trust assets, a trustee shall review the trust assets and make and implement decisions concerning the retention and disposition of assets, in order to bring the trust portfolio into compliance with the purposes, terms, distribution requirements, and other circumstances of the trust and with the requirements of this chapter.

59-17-05. Reviewing compliance. Compliance with the prudent investor rule is determined in light of the facts and circumstances existing at the time of a trustee's decision or action and not by hindsight.

59-17-06. Language invoking standard. The following terms or comparable language in the provisions of a trust, unless otherwise limited or modified, authorizes any investment or strategy permitted under sections 59-16-02, 59-16-03, 59-16-05, 59-16-06, and 59-16-07 and under this chapter: "investments permissible by law for investment of trust funds", "legal investments", "authorized investments", "using the judgment and care under the circumstances then prevailing that persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income as well as the probable safety of their capital", "prudent man rule", "prudent trustee rule", "prudent person rule", and "prudent investor rule".

SECTION 24. Chapter 59-18 of the North Dakota Century Code is created and enacted as follows:

59-18-01. (1001) Remedies for breach of trust.

- 1. A violation by a trustee of a duty the trustee owes to a beneficiary is a breach of trust.
- 2. To remedy a breach of trust that has occurred or may occur, the court may compel the trustee to perform the trustee's duties; enjoin the trustee from committing a breach of trust; compel the trustee to redress a breach of trust by paying money, restoring property, or other means;

order a trustee to account; appoint a special fiduciary to take possession of the trust property and administer the trust; suspend the trustee; remove the trustee as provided in section 59-15-06; reduce or deny compensation to the trustee; subject to section 59-18-12, void an act of the trustee, impose a lien or a constructive trust on trust property, or trace trust property wrongfully disposed of and recover the property or its proceeds; or order any other appropriate relief.

59-18-02. (1002) Damages for breach of trust.

1. A trustee who commits a breach of trust is liable to the beneficiaries affected for the greater of the amount required to restore the value of the trust property and trust distributions to what they would have been had the breach not occurred or the profit the trustee made by reason of the breach.
2. Except as otherwise provided in this subsection, if more than one trustee is liable to the beneficiaries for a breach of trust, a trustee is entitled to contribution from the other trustee or trustees. A trustee is not entitled to contribution if the trustee was substantially more at fault than another trustee or if the trustee committed the breach of trust in bad faith or with reckless indifference to the purposes of the trust or the interests of the beneficiaries. A trustee who received a benefit from the breach of trust is not entitled to contribution from another trustee to the extent of the benefit received.

59-18-03. (1003) Damages in absence of breach. Absent a breach of trust, a trustee is not liable to a beneficiary for a loss or depreciation in the value of trust property or for not having made a profit.

59-18-04. Reserved.

59-18-05. (1005) Limitation of action against trustee.

1. A beneficiary may not commence a proceeding against a trustee for breach of trust more than one year after the date the beneficiary or a representative of the beneficiary was sent a report that adequately disclosed the existence of a potential claim for breach of trust and informed the beneficiary in the report or in a separate notice accompanying the report of the time allowed for commencing a proceeding.
2. A report adequately discloses the existence of a potential claim for breach of trust if it provides sufficient information so that the beneficiary or representative knows of the potential claim or should have inquired into its existence.
3. If subsection 1 does not apply, a judicial proceeding by a beneficiary against a trustee for breach of trust must be commenced within five years after whichever occurs first: the removal, resignation, or death of the trustee; the termination of the beneficiary's interest in the trust; or the termination of the trust.

59-18-06. (1006) Reliance on trust instrument. A trustee who acts in reasonable reliance on the terms of the trust as expressed in the trust instrument is

not liable to a beneficiary for a breach of trust to the extent the breach resulted from the reliance.

59-18-07. (1007) Event affecting administration or distribution. If the happening of an event, including marriage, divorce, performance of educational requirements, or death, affects the administration or distribution of a trust, a trustee who has exercised reasonable care to ascertain the happening of the event is not liable for a loss resulting from the trustee's lack of knowledge.

59-18-08. (1008) Exculpation of trustee.

1. A term of a trust relieving a trustee of liability for breach of trust is unenforceable to the extent that the term relieves the trustee of liability for breach of trust committed in bad faith or with reckless indifference to the purposes of the trust or was inserted as the result of an abuse by the trustee of a fiduciary or confidential relationship to the settlor.
2. Unless the settlor was represented by an attorney not employed by the trustee with respect to the trust containing the exculpatory term, an exculpatory term drafted or caused to be drafted by the trustee is invalid as an abuse of a fiduciary or confidential relationship unless the trustee proves that the exculpatory term is fair under the circumstances and that its existence and contents were adequately communicated to the settlor.

59-18-09. (1009) Beneficiary's consent, release, or ratification. A trustee is not liable to a beneficiary for breach of trust if the beneficiary consented to the conduct constituting the breach, released the trustee from liability for the breach, or ratified the transaction constituting the breach, unless the consent, release, or ratification of the beneficiary was induced by improper conduct of the trustee or at the time of the consent, release, or ratification, the beneficiary lacked capacity or did not know of the beneficiary's rights or of the material facts relating to the breach.

59-18-10. (1010) Limitation on personal liability of trustee.

1. Except as otherwise provided in the contract, a trustee is not personally liable on a contract properly entered into in the trustee's fiduciary capacity in the course of administering the trust if the trustee in the contract disclosed the fiduciary capacity. The addition of the phrase "trustee" or "as trustee" or a similar designation to the signature of a trustee on a written contract is considered prima facie evidence of a disclosure of a fiduciary capacity.
2. A trustee is personally liable for torts committed in the course of administering a trust or for obligations arising from ownership or control of trust property, including liability for violation of environmental law, only if the trustee is personally at fault.
3. A claim based on a contract entered into by a trustee in the trustee's fiduciary capacity, on an obligation arising from ownership or control of trust property, or on a tort committed in the course of administering a trust, may be asserted in a judicial proceeding against the trustee in the trustee's fiduciary capacity, whether or not the trustee is personally liable for the claim.
4. Whenever a trust instrument reserves to the settlor, or vests in an advisory or investment committee, or in any other person, including one

or more cotrustees to the exclusion of the trustee or to the exclusion of one or more of several trustees, authority to direct the making or retention of any investment, the excluded trustee or trustees are not liable, either individually or as a fiduciary, for any loss resulting from the making or retention of any investment pursuant to such direction.

5. In the absence of actual knowledge or information that would cause a reasonable trustee to inquire further, a trustee may not be held liable for failure to take necessary steps to compel the redress of any breach of trust or fiduciary duty by any predecessor personal representative, trustee, or other fiduciary. This section may not be construed to limit the fiduciary liability of any trustee for the acts or omissions of the trustee with respect to the trust estate.

59-18-11. (1011) Interest as general partner.

1. Except as otherwise provided in subsection 3 or unless personal liability is imposed in the contract, a trustee who holds an interest as a general partner in a general or limited partnership is not personally liable on a contract entered into by the partnership after the trust's acquisition of the interest if the fiduciary capacity was disclosed:
 - a. In the contract;
 - b. In a registration of the partnership as a limited liability partnership filed pursuant to chapter 45-22 in which the trustee is listed as a managing partner; or
 - c. In a certificate of limited liability limited partnership filed pursuant to chapter 45-23 in which the trustee is listed as a general partner.
2. Except as otherwise provided in subsection 3, a trustee who holds an interest as a general partner is not personally liable for torts committed by the partnership or for obligations arising from ownership or control of the interest unless the trustee is personally at fault.
3. The immunity provided by this section does not apply if an interest in the partnership is held by the trustee in a capacity other than that of trustee or is held by the trustee's spouse or one or more of the trustee's descendants, siblings, or parents, or the spouse of any of them.
4. If the trustee of a revocable trust holds an interest as a general partner, the settlor is personally liable for contracts and other obligations of the partnership as if the settlor were a general partner.

59-18-12. (1012) Protection of person dealing with trustee.

1. A person other than a beneficiary who in good faith assists a trustee, or who in good faith and for value deals with a trustee, without knowledge that the trustee is exceeding or improperly exercising the trustee's powers, is protected from liability as if the trustee properly exercised the power.
2. A person other than a beneficiary who in good faith deals with a trustee is not required to inquire into the extent of the trustee's powers or the propriety of their exercise.

3. A person who in good faith delivers assets to a trustee need not ensure their proper application.
4. A person other than a beneficiary who in good faith assists a former trustee, or who in good faith and for value deals with a former trustee, without knowledge that the trusteeship has terminated, is protected from liability as if the former trustee were still a trustee.
5. Comparable protective provisions of other laws relating to commercial transactions or transfer of securities by fiduciaries prevail over the protection provided by this section.

59-18-13. (1013) Certification of trust.

1. Unless otherwise required by chapter 59-09, 59-10, 59-11, 59-12, 59-13, 59-14, 59-15, 59-16, 59-17, 59-18, or 59-19, the trustee may furnish to the person a certification of trust containing information that includes that the trust exists and the effective date of the trust instrument, the name of the trust, if a name is given, the identity of each settlor, the identity and address of the currently acting trustee, the applicable powers of the trustee, which may make reference to the powers set forth in chapters 59-09, 59-10, 59-11, 59-12, 59-13, 59-14, 59-15, 59-16, 59-17, 59-18, and 59-19, the revocability or irrevocability of the trust and the identity of any person holding a power to revoke the trust, and the authority of cotrustees to sign or otherwise authenticate and whether all or less than all are required in order to exercise powers of the trustee.
2. A certification of trust may be signed or otherwise authenticated by any trustee.
3. A certification of trust must state that the trust has not been revoked, modified, or amended in any manner that would cause the representations contained in the certification of trust to be incorrect.
4. A certification of trust need not contain the dispositive terms of a trust.
5. A recipient of a certification of trust may require the trustee to furnish copies of those excerpts from the original trust instrument and later amendments which designate the trustee and confer upon the trustee the power to act in the pending transaction.
6. A person who acts in reliance upon a certification of trust without knowledge that the representations contained therein are incorrect is not liable to any person for so acting and may assume without inquiry the existence of the facts contained in the certification. Knowledge of the terms of the trust may not be inferred solely from the fact that a copy of all or part of the trust instrument is held by the person relying upon the certification.
7. A person who in good faith enters into a transaction in reliance upon a certification of trust may enforce the transaction against the trust property as if the representations contained in the certification were correct.

8. A person making a demand for the trust instrument in addition to a certification of trust or excerpts is liable for damages if the court determines that the person did not act in good faith in demanding the trust instrument.
9. This section does not limit the right of a person to obtain a copy of the trust instrument in a judicial proceeding concerning the trust.

SECTION 25. Chapter 59-19 of the North Dakota Century Code is created and enacted as follows:

59-19-02. (1106) Application to existing relationships.

1. Except as otherwise provided in chapters 59-09, 59-10, 59-11, 59-12, 59-13, 59-14, 59-15, 59-16, 59-17, 59-18, and 59-19, effective August 1, 2007, these chapters:
 - a. Apply to all trusts created after July 31, 2007; and

2. Except as otherwise provided in chapters 59-09, 59-10, 59-11, 59-12, 59-13, 59-14, 59-15, 59-16, 59-17, 59-18, and 59-19, from August 1, 2007, through July 31, 2009:
 - a. A trust created before August 1, 2007, may elect to be subject to chapters 59-09, 59-10, 59-11, 59-12, 59-13, 59-14, 59-15, 59-16, 59-17, 59-18, and 59-19; however, that trust must be in compliance with those chapters by August 1, 2009;
 - b. Any rule of construction or presumption provided in chapters 59-09, 59-10, 59-11, 59-12, 59-13, 59-14, 59-15, 59-16, 59-17, 59-18, and 59-19 applies to trust instruments executed before August 1, 2009, unless there is a clear indication of a contrary intent in the terms of the trust;

- d. An act done before August 1, 2009, is not affected by chapters 59-09, 59-10, 59-11, 59-12, 59-13, 59-14, 59-15, 59-16, 59-17, 59-18, and 59-19.

SECTION 26. Chapter 59-20 of the North Dakota Century Code is created and enacted as follows:

59-20-01. Private foundations - Charitable trusts - Split-interest trusts.

- 1. Any will or trust instrument creating a trust that is a "private foundation", as defined in section 509(a) of the Internal Revenue Code of 1954, or a "charitable trust", as defined in section 4947(a)(1) of the Internal Revenue Code of 1954, or a "split-interest trust", as defined in section 4947(a)(2) of the Internal Revenue Code of 1954, and any other instrument governing the trustee of any such trust, or the use, retention, or disposition of any of the income or property of such trust, may be deemed to have incorporated within the will, trust instrument, or other governing instrument, with the same effect as though such language were included in the will, trust instrument, or other governing instrument, the following provisions with respect to the trust and the trustee thereof, and, except as the contrary is provided in subsection 2, such provisions govern the administration and distribution of any such trust, irrespective of any provisions of any applicable will, trust instrument, or other governing instrument, statute, or law of this state to the contrary:
 - a. The trustee shall distribute for each taxable year of the trust amounts at least sufficient to avoid liability for the tax imposed by section 4942(a) of the Internal Revenue Code of 1954, as now enacted or as hereafter amended.
 - b. The trustee may not engage in any act of "self-dealing", as defined in section 4941(d) of the Internal Revenue Code of 1954, which would give rise to any liability for the tax imposed by section 4941(a) of the Internal Revenue Code of 1954.
 - c. The trustee may not retain any "excess business holdings", as defined in section 4943(c) of the Internal Revenue Code of 1954, which would give rise to any liability for the tax imposed by section 4943(a) of the Internal Revenue Code of 1954.
 - d. The trustee may not make any investments that would jeopardize the carrying out of any of the exempt purposes of the trust, within the meaning of section 4944 of the Internal Revenue Code of 1954, so as to give rise to any liability for the tax imposed by section 4944(a) of the Internal Revenue Code of 1954.
 - e. The trustee may not make any "taxable expenditure", as defined in section 4945(d) of the Internal Revenue Code of 1954, which

would give rise to any liability for the tax imposed by section 4945(a) of the Internal Revenue Code of 1954.

2. Subsection 1 does not apply to the extent that a court of competent jurisdiction determines that application would be contrary to the terms of the will, trust instrument, or other governing instrument described in subsection 1 and that such will, trust instrument, or other governing instrument may not be changed to conform to subsection 1.
3. As used in this section, "trustee" means a corporation, individual, or other legal entity acting as an original, added, or successor trustee of a testamentary or inter vivos trust estate. Any reference to a particular section of the Internal Revenue Code of 1954 includes, as now enacted or as hereafter amended, such section and any provision of federal law as is or may hereafter be applicable, cognate to such section.
4. This section does not impair the rights and powers of the attorney general or the courts of this state with respect to any trust.

SECTION 27. REPEAL. Chapters 30.1-32, 30.1-33, 30.1-34, 59-01, 59-02, 59-03, 59-04, and 59-05 of the North Dakota Century Code are repealed.

If a water resource board enters or has been assigned rights in a contract with a federal agency for construction of a flood control project or soil conservation service project, and the terms of the contract require the water resource board to provide for maintenance of the project after construction, the water resource board may finance in whole or in part the maintenance of the project with funds raised through the collection of a special assessment levied against the land and premises benefited by maintenance of the project. The assessments to be levied may not exceed ~~one dollar and fifty cents~~ two dollars per acre [.40 hectare] annually on agricultural lands and may not exceed ~~one dollar and fifty cents~~ two dollars annually for each five hundred dollars of taxable valuation of nonagricultural property. No action is required for the establishment of the assessment district or the assessments except the water resource board must approve the maintenance and assessment therefor by a vote of two-thirds of the members and the board of county commissioners of the county in which the project is located must approve and levy the assessments to be made by a vote of two-thirds of its members. If a board that undertakes a project finds that the project may benefit lands in this state outside water resource district boundaries, the board shall provide notice to the water resource board where the benefited lands are located. The board of each water resource district containing lands benefited by a project must approve the project and assessment by vote of two-thirds of its members. ASSESSMENT DRAIN MAINTENANCE

AN ACT to amend and reenact sections 61-16.1-45 and 61-21-46 of the North Dakota Century Code, relating to maintenance of assessment drains.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 61-16.1-45 of the North Dakota Century Code is amended and reenacted as follows:

61-16.1-45. Maintenance of drainage projects. If it is desired to provide for maintenance of an assessment drain in whole or in part by means of special assessments, the levy in any year for the maintenance may not exceed ~~one dollar and fifty cents~~ two dollars per acre [.40 hectare] on any agricultural lands benefited by the drain. The district, at its own discretion, may utilize either of the following methods for levying special assessments for the maintenance:

1. Agricultural lands that carried the highest assessment when the drain was originally established, or received the most benefits under a reassessment of benefits, may be assessed the maximum amount of ~~one dollar and fifty cents~~ two dollars per acre [.40 hectare]. The assessment of other agricultural lands in the district must be based upon the proportion that the assessment of benefits at the time of construction or at the time of any reassessment of benefits bears to the assessment of the benefits of the agricultural land assessed the full one dollar per acre [.40 hectare]. Nonagricultural property must be assessed the sum in any one year as the ratio of the benefits under the original assessments or any reassessment bears to the assessment of agricultural lands bearing the highest assessment.
2. Agricultural lands must be assessed uniformly throughout the entire assessed area. Nonagricultural property must be assessed an amount not to exceed one dollar for each five hundred dollars of taxable valuation of the nonagricultural property.

In case the maximum levy or assessment on agricultural and nonagricultural property for any year will not produce an amount sufficient to cover the cost of cleaning out and repairing the drain, a water resource board may accumulate a fund in an amount not exceeding the sum produced by the maximum permissible levy for ~~four~~ six years.

If the cost of, or obligation for, the cleaning and repair of any drain exceeds the total amount that may be levied by the board in any ~~four-year~~ six-year period, the board shall obtain the approval of the majority of the landowners as determined by chapter 61-16.1 before obligating the district for the costs.

SECTION 2. AMENDMENT. Section 61-21-46 of the North Dakota Century Code is amended and reenacted as follows:

61-21-46. Maximum levy - Accumulation of fund. The levy in any year for cleaning out and repairing a drain may not exceed ~~one dollar and fifty cents~~ two dollars per acre [.40 hectare] on any agricultural lands in the drainage district.

1. Agricultural lands that carried the highest assessment when the drain was originally established, or received the most benefits under a reassessment of benefits, may be assessed the maximum amount of ~~one dollar and fifty cents~~ two dollars per acre [.40 hectare]. The assessment of other agricultural lands in the district must be based upon the proportion that the assessment of benefits at the time of construction or at the time of any reassessment of benefits bears to the assessment of the benefits of the agricultural land assessed the full ~~one dollar and fifty cents~~ two dollars per acre [.40 hectare]. Nonagricultural property must be assessed the sum in any one year as the ratio of the benefits under the original assessments or any reassessments bears to the assessment of agricultural land bearing the highest assessment.
2. Agricultural lands must be assessed uniformly throughout the entire assessed area. Nonagricultural property must be assessed an amount not to exceed one dollar for each five hundred dollars of taxable valuation of the nonagricultural property.

In case the maximum levy or assessment on agricultural and nonagricultural property for any year will not produce an amount sufficient to cover the cost of cleaning out and repairing the drain, the board may accumulate a fund in an amount not exceeding the sum produced by the maximum permissible levy for ~~four~~ six years. If the cost of, or obligation for, the cleaning and repair of any drain exceeds the total amount that can be levied by the board in any ~~four-year~~ six-year period, the board shall obtain an affirmative vote of the majority of the landowners as determined by section 61-21-16 before obligating the district for the costs.

DRAIN OBSTRUCTIONS

AN ACT to amend and reenact sections 61-16.1-51 and 61-21-43.1 of the North Dakota Century Code, relating to obstructions to drains.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 61-16.1-51 of the North Dakota Century Code is amended and reenacted as follows:

61-16.1-51. Removal of obstructions to drain - Notice and hearing - Appeal - Injunction - Definition. If a water resource board determines that an obstruction to a drain has been caused by the negligent act or omission of a landowner or tenant, the board shall notify the landowner by registered mail at the landowner's post-office address of record. A copy of the notice must also be sent to the tenant, if any. The notice must specify the nature and extent of the obstruction, the opinion of the board as to its cause, and must state that if the obstruction is not removed within such period as the board determines, but not less than fifteen days, the board shall procure removal of the obstruction and assess the cost of the removal, or the portion the board determines appropriate, against the property of the landowner responsible. The notice must also state that the affected landowner, within fifteen days of the date the notice is mailed, may demand, in writing, a hearing on the matter. Upon receipt of the demand the board shall set a hearing date within fifteen days from the date the demand is received. In the event of an emergency the board may immediately apply to the appropriate district court for an injunction prohibiting a landowner or tenant from maintaining an obstruction. Assessments levied under the provisions of this section must be collected in the same manner as other assessments authorized by this chapter. If, in the opinion of the board, more than one landowner or tenant has been responsible, the costs may be assessed on a pro rata basis in accordance with the proportionate responsibility of the landowners. A landowner aggrieved by action of the board under this section may appeal the decision of the board to the district court of the county in which the land is located in accordance with the procedure provided in section 28-34-01. A hearing as provided for in this section is not a prerequisite to an appeal. If the obstruction is located in a road ditch, the timing and method of removal must be approved by the appropriate road authority before the notice required by this section is given and appropriate construction site protection standards must be followed.

For the purposes of this section, "an obstruction to a drain" means a barrier to a watercourse, as defined by section 61-01-06, or an artificial drain, including if the watercourse or drain is located within a road ditch, which materially affects the free flow of waters in the watercourse or drain.

SECTION 2. AMENDMENT. Section 61-21-43.1 of the North Dakota Century Code is amended and reenacted as follows:

61-21-43.1. Removal of obstructions to drain - Notice and hearing - Appeal - Injunction. If the board determines that an obstruction to a drain, including if the drain is located within a road ditch, has been caused by the negligent act or omission of a landowner or landowner's tenant, the board shall notify the landowner by registered mail at the landowner's post office of record. A copy of the notice must also be sent to the tenant, if any. The notice must specify the nature and extent of the obstruction, the opinion of the board as to its cause, and must state that if the obstruction is not removed within the period the board determines, but not less than fifteen days, the board shall procure removal of the obstruction and assess the cost of the removal, or the portion the board determines, against the property of the landowner responsible. The notice must also state that the affected landowner, within fifteen days of the date the notice is mailed, may demand in writing a hearing upon the matter. Upon receipt of the demand the board shall set a hearing date within fifteen days from the date the demand is received. In the event of an emergency the board may, immediately upon learning of the existence of the obstruction, apply to a court of proper jurisdiction for an injunction prohibiting the landowner or landowner's tenant to maintain the obstruction. Assessments levied under this section must be collected in the same manner as other assessments authorized by this chapter. If, in the opinion of the board, more than one landowner or tenant has been responsible, the costs may be assessed on a pro rata basis in accordance with the proportionate responsibility of the landowners. A landowner aggrieved by action of the board under this section may appeal the decision of the board to the district court of the county in which the land is located in accordance with the procedure provided for in section 28-34-01. A hearing as provided for in this section is not a prerequisite to an appeal. If the obstruction is located in a road ditch, the timing and method of removal must be approved by the appropriate road authority before the notice required by this section is given and appropriate construction site protection standards must be followed.

WSI PERMANENT IMPAIRMENT AWARDS

AN ACT to amend and reenact section 65-05-12.2 of the North Dakota Century Code, relating to workers' compensation permanent impairment awards; and to provide for application.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 65-05-12.2 of the North Dakota Century Code is amended and reenacted as follows:

65-05-12.2. Permanent impairment - Compensation - Time paid. When A permanent impairment is not intended to be a periodic payment and is not intended to reimburse the employee for specific expenses related to the injury or wage loss. If a compensable injury causes permanent impairment, the organization shall determine a permanent impairment award on the following terms:

1. If the compensable injury causes permanent impairment and the permanent impairment award payable by the organization is at least two thousand dollars, the injured employee may defer payment of the permanent impairment award for a period of time not to exceed the date the employee reaches age sixty-five. A permanent impairment award payable by the organization under this subsection must be paid to the employee in a lump sum that consists of the amount of the award plus any interest that has accrued at the actuarial discount rate in use by the organization. The actuarial discount rate applied to the award is the average actuarial discount rate in effect for the period of deferment of the employee's award. The organization shall adopt rules implementing any necessary procedures for award payments made under this subsection.
2. The organization shall calculate the amount of the award by multiplying thirty-three and one-third percent of the average weekly wage in this state on the date of the impairment evaluation, rounded to the next highest dollar, by the number of weeks permanent impairment multiplier specified in subsection 10.
3. The organization shall notify the employee by certified mail, to the last-known address of the employee, when that employee becomes potentially eligible for a permanent impairment award. After the organization has notified the employee, the employee shall file, within one hundred eighty days from the date the employee was notified, a written request for an evaluation for permanent impairment. Failure to file the written request within the one hundred eighty-day period precludes an award under this section.
4. An injured employee is entitled to compensation for permanent impairment under this section only for those findings of impairment that

are permanent and which were caused by the compensable injury. The organization may not issue an impairment award for impairment findings due to unrelated, noncompensable, or preexisting conditions, even if these conditions were made symptomatic by the compensable work injury, and regardless of whether section 65-05-15 applies to the claim.

5. An injured employee is eligible for an evaluation of permanent impairment only when all conditions caused by the compensable injury have reached maximum medical improvement. The injured employee's doctor shall report to the organization the date an employee has reached maximum medical improvement and any evidence of impairment of function the injured employee has after that date. If the report states that the employee is potentially eligible for a permanent impairment award, the organization shall provide notice to the employee as provided by subsection 3. If the injured employee files a timely written request under subsection 3, the organization shall schedule an impairment evaluation by a doctor qualified to evaluate the impairment.
6. A doctor evaluating permanent impairment shall include a clinical report in sufficient detail to support the percentage ratings assigned. The organization shall adopt administrative rules governing the evaluation of permanent impairment. These rules must incorporate principles and practices of the fifth edition of the American medical association's "Guides to the Evaluation of Permanent Impairment" modified to be consistent with North Dakota law, to resolve issues of practice and interpretation, and to address areas not sufficiently covered by the guides. Subject to rules adopted under this subsection, impairments must be evaluated under the fifth edition of the guides.
7. The organization shall deduct, on a whole body impairment basis, from an award for impairment under this section, any previous impairment award for that same member or body part under the ~~workforce safety and insurance~~ workers' compensation laws of any jurisdiction.
8. An injured employee is not entitled to a permanent impairment award due solely to pain.
9. If an employee dies, the right to any compensation payable pursuant to an impairment evaluation previously requested by the employee under subsection 3, which remains unpaid on the date of the employee's death, survives and passes to the employee's dependent spouse, minor children, parents, or estate, in that order. If the employee dies, only those findings of impairment which are objectively verifiable such as values for surgical procedures and amputations may be considered in a rating for impairment. Impairment findings not supported by objectively verifiable evidence may not be included in a rating for impairment. The deceased employee's dependents or representatives shall request an impairment award under this subsection within one year from the date of death of the employee.
10. If the injury causes permanent impairment, the award must be determined based on the percentage of whole body impairment in accordance with the following schedule:

The award for the amputation of more than one toe of one foot may not exceed an award for the amputation of a foot. If any of the amputations or losses set out in this subsection combine with other impairments for the same work-related injury or condition, the organization shall issue an impairment award based on the greater of the number of weeks permanent impairment multiplier allowed for the combined rating established under the fifth edition of the American medical association's "Guides to the Evaluation of Permanent Impairment" or the number of weeks permanent impairment multiplier set forth in this subsection.

12. The organization shall establish lists of doctors who are qualified by the doctor's training, experience, and area of practice to rate permanent impairments caused by various types of injuries. The organization shall define, by rule, the process by which the organization and the injured employee choose an independent doctor or doctors to review a disputed permanent impairment evaluation or rating. 13. An attorney's fees are not payable unless there is a bona fide dispute as to the percentage of the employee's permanent impairment or unless there is a dispute as to the employee's eligibility for an award for permanent partial impairment. An attorney's fees payable in connection with a permanent impairment dispute may not exceed twenty percent of the additional amount awarded upon final resolution of the dispute, subject to the maximum fees established pursuant to section 65-02-08.
14. An attorney may not seek or obtain from an employee through a contingent fee arrangement, or on a percentage basis, costs or fees payable in connection with the award or denial of compensation for permanent impairment. A permanent impairment award is exempt from the claims of creditors, including an employee's attorney, except as provided by section 65-05-29.

15. If an injured employee qualifies for an additional award and the prior award was based upon the number of weeks, the impairment multiplier must be used to compare against the prior award of weeks in determining any additional award.

Item Veto of Section 12 in HB 1012

Dear Speaker Delzer:

I signed House Bill 1012, the appropriation bill for the Department of Transportation, but veto Section 12 of the bill.

Section 12 of HB 1012 would extend the rights entitled to a member of a federally recognized tribe living on a reservation in North Dakota to any tribal member in the country, regardless of the individual's domicile.

While the motor vehicle excise tax applies to all North Dakotans, the state's taxation authority has limits in transactions involving a federally enrolled tribal member. The limit largely depends on geography. This unique exception to tax individuals differently is based primarily on geographic differences and not only tribal affiliation.

According to the United States Supreme Court, tribal tax immunity jurisprudence and the doctrine of tribal sovereignty have a significant geographical component. E.g. Wagon v. Prairie Band Potawatomi Nation, 126 S. Ct. 676 (2005). As the Court pointed out, Native Americans going beyond reservation boundaries have generally been held subject to nondiscriminatory taxation under state law otherwise applicable to all citizens of the State. E.g. id.

Section 12 of HB 1012 would remove any geographical component to tribal tax jurisprudence and extend a narrowly tailored right that applied exclusively to tribal members transacting business on a reservation to any transactions outside the reservation boundaries. The effect of this extension could cause similarly situated neighbors to be treated differently based solely on their race.

Section 12 of HB 1012 would create inequity and open an exception that would be overly broad and exempt certain individuals from a law that is otherwise blind to a person's nationality. North Dakota's tax laws should respect tribal sovereignty but be applied equitably and without regard to race when tribal immunity based on geography is not involved.

For these reasons, I disapprove and veto Section 12 of HB 1012.

Sincerely,

John Hoeven
Governor

SENATE BILL NO. 2047

(Government and Veterans Affairs Committee)

(At the request of the Public Employees Retirement System Board)

DEFERRED COMPENSATION AUTOMATIC ENROLLMENT

AN ACT to amend and reenact sections 54-52.2-01, 54-52.2-02, and 54-52.2-05 of the North Dakota Century Code, relating to automatic enrollment of employees in the deferred compensation program under the public employees retirement system.

VETO

May 9, 2007

The Honorable Jack Dalrymple
President of the Senate
Senate Chambers
State Capitol
Bismarck, North Dakota 58505

RE: SB 2047

Dear President Dalrymple:

I hereby veto Senate Bill 2047 and return it unsigned.

Senate Bill 2047 provides that new state employees would be automatically enrolled in a self-directed 457 Plan, the public sector equivalent of a 401(k) Plan. Under provisions of the bill, the employee would have 30 days from the beginning of employment to fill out a prescribed form "opting out" of the plan.

Although I approve of measures to encourage employees to save for retirement, I have concerns regarding this bill. The bill authorizes the State to withhold a portion of a new employee's salary without his or her prior consent to do so. It requires the action of the new employee to prevent the involuntary withholding of a portion of their salary. A new employee should be treated the same as an existing employee in determining how he or she wants to plan for retirement.

The State offers retirement plans to help its employees save for their retirement, but it should not withhold their salary without their consent and subject them to a penalty if they request out of the plan after they have been automatically enrolled. Individuals should be free to determine in the first instance how best to establish their savings.

Because SB 2047 withholds employees' compensation without their active consent and treats new employees different than existing employees, I have vetoed the legislation.

Sincerely,

John Hoeven
Governor

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

CHILD SUPPORT AND CUSTODY

An initiated measure to create and enact section 14-09-06.7 of the North Dakota Century Code, relating to child custody and support and would provide that in the event of a divorce or separation, each parent would be entitled to joint legal and physical custody unless first declared unfit based on clear and convincing evidence. Parents would develop a joint parenting plan, with a court becoming involved only if the parents could not agree on a plan. Child support payments would be determined base on the parenting plan and could not be greater than the actual cost of providing for the basic needs of each child.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF NORTH DAKOTA:

SECTION 1. Section 14-09-06.7 of the North Dakota Century Code is created and enacted as follows:

14-09-06.7. Shared Parenting - equal access to children.

Notwithstanding any other state statute or common law, the following fundamental rights are hereby recognized for all adults and children of North Dakota, and this section shall be self activating upon voter approval.

1. Parents have a fundamental liberty interest in the care, custody and control of their children. Acknowledging the long established legal tenet that fit parents act in the best interest of their children, no parent shall be denied custody of a child without first having been declared unfit, utilizing the clear and convincing evidentiary standard. Absent a finding of parental unfitness parents retain joint legal and joint physical custody of their children. Joint physical custody of the children is defined as a rebuttable presumption of equal time sharing by the parents. In the event of a finding of unfitness of one parent, the best interests and welfare of the child is determined at the court's discretion utilizing current best interest standards as defined in existing state code.

2. Parents shall develop a joint parenting plan, or if they can not agree to such a plan, the court shall facilitate production of a parenting plan with them. These plans must take into account the fundamental liberty interest of the parents, encouraging parents to craft a plan based on their unique family circumstances. Parents may modify the parenting plan anytime without restriction by mutual agreement. Parenting plan changes as a result of court petition require the petitioner to demonstrate how the modification serves the child's best interest. Parents who have not previously had a fitness hearing my petition the court for a fitness hearing at any time. All decisions or actions under state law shall be gender and race neutral. Gender cannot be a determining factor in parenting plan formulation or modification decisions.

3. Child support payments and allocation of child support obligations will be determined according to the parenting plan, and will not be greater than the actual cost of providing for the basic needs of the child(ren).

A concurrent resolution urging the President of the United States and Congress to open the coastal plain of the Arctic National Wildlife Refuge to oil and gas exploration and development.

WHEREAS, the oil and natural gas industry is a vital part of the United States' economy for the foreseeable future with increased oil production needed to fuel the nation's transportation system; and

WHEREAS, increasing domestic energy production and reducing dependence on foreign supplies are in the best interests of our nation's strategic and economic well-being as high energy prices impact the nation's farmers, businesses, and the consuming public; and

WHEREAS, the United States currently imports 65 percent of the petroleum it needs at a cost of more than \$160 billion a year; and

WHEREAS, the coastal plain of the Arctic National Wildlife Refuge is America's best possibility for the discovery of another onshore giant "Prudhoe Bay-sized" oil and gas field in North America, with an estimated 9 billion to 16 billion barrels of recoverable oil; and

WHEREAS, advanced technology has greatly reduced the "footprint" needed for Arctic oil development by approximately 64 percent; and

WHEREAS, only the 1.5 million acre coastal plain, 8 percent of the Arctic National Wildlife Refuge, is being considered for development and less than 2,000 acres of the 1.5 million acres will be affected by surface development activities while the remaining 17.5 million acres or 92 percent of the Arctic National Wildlife Refuge will remain permanently closed to any kind of development as federally designated wilderness; and

WHEREAS, revenues to the federal treasury will be enhanced by billions of dollars from bonus bids, lease rentals, royalties, and taxes attributable to development within the coastal plain of the Arctic National Wildlife Refuge; and

WHEREAS, hundreds of thousands of jobs and billions of dollars of economic activity in every state in the Union will be created by development within the coastal plain of the Arctic National Wildlife Refuge; and

WHEREAS, the north slope oil fields currently provide the United States with approximately 20 percent of its domestic production, but since 1988 this production has been on the decline, and the Trans-Alaska Oil Pipeline currently operates each day at less than half of its designed capacity; and

WHEREAS, government studies suggest that new production from the coastal plain of the Arctic National Wildlife Refuge could produce a 10-year sustained rate of 1 million barrels of oil per day, supplying over 35 percent of the nation's domestic output, with production likely to continue for more than 25 years; and

WHEREAS, oil and gas development and wildlife are successfully coexisting in Alaska's Arctic, with the central arctic caribou herd at Prudhoe Bay growing from 3,000 head to as high as 31,857 head during the last 25 years of operations; and

WHEREAS, more than 75 percent of Alaskans, including a majority of the residents of Kakovik, the only Inupiat Village on the Arctic National Wildlife Refuge, favor exploration and production in the Arctic National Wildlife Refuge;

WHEREAS, cattle over 30 months of age which originate in a BSE-affected country have an inherently higher risk of having been infected with BSE; and

WHEREAS, the potato districts have remained geographically unchanged since 1976, with potato districts 1 through 4 consisting of six counties and district 5 consisting of the remaining 47 counties; and

WHEREAS, currently the majority of North Dakota potato production occurs within the 47 counties of district 5; and

WHEREAS, North Dakota potato growers pay three cents for each 100-pound bag of potatoes they produce; and

HUMAN SERVICES FUNDING STUDY

A concurrent resolution directing the Legislative Council to study the trends and correlations of property tax revenue in relation to funding human service delivery in individual counties.

WHEREAS, North Dakota operates a state supervised, county administered system of human services delivery; and

WHEREAS, county property taxes support a significant share of human service delivery costs in the state; and

WHEREAS, the human service needs of a county and their related costs are not well correlated with the individual county's ability to generate property tax; and

WHEREAS, six of North Dakota's counties have more than twenty percent of their human service caseload made up by people who reside on a federally recognized Indian reservation or property tax-exempt tribal trust lands; and

WHEREAS, these reservation counties have some of the lowest capacity to generate property tax revenue but some of the largest and fastest growing human service costs, creating great difficulty in meeting these critical human service needs;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

That the Legislative Council study the trends and correlations of property tax revenue in relation to funding human service delivery in individual counties; and

WHEREAS, it was never the intent of Congress to interfere with or otherwise prohibit the production and utilization of industrial hemp; and

WHEREAS, the United States Court of Appeals for the Ninth Circuit has ruled that the federal Controlled Substances Act of 1970 explicitly excludes nonpsychoactive industrial hemp from the definition of marijuana; and

WHEREAS, industrial hemp is grown commercially in more than 30 nations without undue restriction or complications; and

WHEREAS, the reluctance of the United States Drug Enforcement Administration to decriminalize industrial hemp is denying agricultural producers in this country the ability to benefit from a high-value, low-input crop that requires no pesticides and which can provide significant economic benefits not only to American producers but also to American manufacturers;

NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:

A concurrent resolution urging the President and Congress to make the entire nation available for energy development in an environmentally responsible manner.

WHEREAS, the oil and gas industry has demonstrated that onshore and offshore oil and natural gas resources can be developed in an environmentally responsible manner; and

WHEREAS, policies of the federal government have placed much of the nation's outer continental shelf off-limits to oil and natural gas production; and

WHEREAS, development of oil and natural gas resources, where allowed offshore, has coexisted for decades with recreational and commercial activities while benefiting the entire nation; and

WHEREAS, America's increased dependence on foreign energy supplies and global competition for oil and natural gas creates a threat to our national security; and

WHEREAS, United States energy use is growing twice as fast as United States energy production, and as a result natural gas prices have increased 140 percent and oil prices have increased 107 percent since 2000; and

WHEREAS, the Department of Energy forecasts the annual average price for natural gas will rise 10 percent in 2007; and

WHEREAS, rising energy costs are taking a toll on families throughout the nation; according to the National Energy Assistance Directors Association, 32 percent of families had to sacrifice medical care, 24 percent of families failed to make their rent or mortgage payment, 20 percent of families were without food for at least a day, and 44 percent of families skipped paying or only partially paid their home energy bill in the past year; and

WHEREAS, applications for the low-income home energy assistance program in 2006 reached almost 5.8 million households last year, the highest level in the last 13 years, with applications up an average of 12 percent, while nine states reported increases of at least 25 percent; and

WHEREAS, the nation's farming and ranching sectors depend on a reliable and affordable supply of energy to run equipment, fertilize crops, and transport products to market; and

WHEREAS, according to the United States Department of Agriculture, over the past three years increases in the fuel prices paid index have averaged 31 percent, and higher energy prices mean increased costs to farmers and ranchers, who already face tremendous economic challenges; and

WHEREAS, farmers' fuel, oil, and electricity expenditures have increased from \$8.6 billion to \$11.5 billion since 1999 according to the United States Department of Agriculture; these increases led to a \$4.5 billion decline in the United States fertilizer industry, which uses natural gas as a raw material to produce nitrogen fertilizer; and 36 percent of the United States fertilizer industry has been shutdown or mothballed since 2002; and

WHEREAS, in spite of significant progress in energy efficiency, the United States will still need 32 percent more energy to support economic growth by 2025; and

WHEREAS, inland states such as North Dakota are doing more to increase domestic oil and gas production, in 2005 North Dakota was the ninth largest oil-producing state, totaling 35.6 million barrels, while the state's natural gas production was more than 58 billion cubic feet; and

WHEREAS, North Dakota is cooperating with federal agencies in coordinating energy production on public lands that lie within state borders in an effort to better meet the energy needs of all Americans; and

WHEREAS, North Dakota's public lands have more than 1,500 federal oil and gas leases covering more than 814,000 acres and these public lands produced more than 6 million barrels of oil and more than 7.3 billion cubic feet of natural gas in 2005, generating almost \$35 million in federal oil and gas royalties; and

WHEREAS, public lands that lie off the nation's coasts also hold enormous potential for energy production, which could significantly help meet the energy needs of all Americans; and

WHEREAS, the United States outer continental shelf is conservatively estimated to hold over 419 trillion cubic feet of technically recoverable natural gas and 86 billion barrels of technically recoverable oil; and

WHEREAS, the Arctic National Wildlife Refuge has shown great potential for oil and natural gas production; and

WHEREAS, as this nation seizes the challenge of increasing domestic energy production, it is important to remember that those public lands that lie off our nation's coasts and in the Arctic National Wildlife Refuge hold enormous potential for energy production, which could significantly help to meet the energy needs of all Americans;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Sixtieth Legislative Assembly urges the President and the Congress of the United States to make the entire nation available for energy development in an environmentally responsible manner; and

MEAT AND POULTRY INSPECTION PROGRAM FUNDING URGED

A concurrent resolution urging Congress to provide adequate funding for state meat and poultry inspection programs and to enact legislation that allows federally approved state programs to ship state-inspected products interstate.

WHEREAS, state meat and poultry inspection programs are being funded at a level less than adequate for established and growing programs; and

WHEREAS, if the United States Department of Agriculture does not provide adequate funding, states may be unable to maintain their "equal to" status with federal requirements and the United States Department of Agriculture would then have to assume all responsibilities for meat inspection, which would be at nearly twice the cost and cause many plants to drop inspection; and

WHEREAS, the United States Department of Agriculture has verified through annual reviews and oversight of state inspection programs over the past 35 years that state meat and poultry inspection programs are equal to or exceed the level of food safety of the federal inspection program; and

WHEREAS, federal plants have an unfair advantage over state-inspected plants because they can ship products interstate; and

WHEREAS, current law penalizes small businesses by limiting marketing options; and

WHEREAS, current law discriminates against United States' products by allowing foreign-inspected products, which have received less inspection oversight from the United States Department of Agriculture than state programs, to be freely shipped and sold nationwide; and

WHEREAS, the current law banning interstate shipment is a marketing issue, not a food safety issue; and

WHEREAS, legislation is pending before Congress to lift the ban on interstate shipment of state-inspected meat and poultry products; and

WHEREAS, legislation would improve food safety by creating a more uniform system and increase consumer confidence;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

That the Sixtieth Legislative Assembly urges the Congress of the United States to provide adequate funding for state meat and poultry inspection programs

and to enact legislation that allows federally approved state-inspected products to be shipped interstate; and

BE IT FURTHER RESOLVED, that the Secretary of State forward copies of this resolution to the President of the United States, the Secretary of the United States Department of Agriculture, the Chairmen of the United States Senate and United States House of Representatives Agriculture Committees, and to each member of the North Dakota Congressional Delegation.

CHILD WELFARE SERVICES STUDY

A concurrent resolution directing the Legislative Council to study issues affecting the delivery of child welfare services in the state, including out-of-home placement determinations; emphasis on family counseling, including in-home counseling; staffing patterns in county social services offices; supervision standards for child welfare staff; funding from private, state, and federal sources; and the viability of joint powers agreements among counties and the nature of public and private partnerships in support of effective child welfare services.

WHEREAS, the Children's Justice Initiative Task Force was established to review issues regarding children in the state's child welfare system, particularly children who are abused or neglected, and to consider methods of ensuring better collaboration among and support for entities associated with child welfare services, including the courts; and

WHEREAS, information assembled and reviewed by the task force indicated that a disparity in standards used to determine the extent of child welfare services to be provided and to identify adequate methods to ensure child safety in the home exists; and

WHEREAS, joint efforts between the Department of Human Services and Village Family Services demonstrate contributions made by public and private partnerships in support of families; and

WHEREAS, there appears to be a need to establish uniform supervision standards for local level child welfare staff and to consider mechanisms to ensure an adequate level of training and compensation for child welfare staff; and

WHEREAS, lack or uncertainty of funding may adversely affect the delivery of basic services in rural areas and may limit the availability of effective preventative program services to limit children being removed from the home and to assist in effective transition upon return if a child is removed; and

WHEREAS, funding issues demonstrate the need to review the mix of private, state, and federal funding in support of child welfare services and to consider the viability of joint powers agreements among counties and the nature of public and private relationships to ensure that effective child welfare services are provided;

NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA, THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:

WHEREAS, since 1981 North Dakota income tax laws have provided for two independent and inconsistent methods to determine state individual income tax liability; and

WHEREAS, an estimated 20,000 youth transition out of foster care annually in the United States; and

WHEREAS, youth who transition out of foster care are often at extreme risk of poverty and homelessness, victimization and criminal involvement, illness, early childbearing, and low educational attainment; and
