4. Full control of the proceeds of any property that fall to the state by escheat and of the proceeds of all gifts and donations to the state for the support or maintenance of the common schools, and of all other property otherwise acquired by the state for the maintenance of the common schools. 6. Authority to award and distribute energy infrastructure and impact grants from moneys deposited in the oil and gas impact grant fund, except that grants awarded annually may not exceed sixty percent of the biennial appropriation for energy infrastructure and impact grants. <sup>2</sup> **SECTION 6. AMENDMENT.** Section 57-51-15 of the North Dakota Century Code is amended and reenacted as follows:

**57-51-15. Apportionment and use of proceeds of tax.**

The gross production tax provided for in this chapter must be apportioned as follows:

1. First the tax revenue collected under this chapter equal to one percent of the gross value at the well of the oil and one-fifth of the tax on gas must be deposited with the state treasurer who shall:
  - a. Credit ~~thirty-three and one-third percent of the revenues~~ to the oil and gas impact grant fund, but not in an amount exceeding ~~eight~~ one hundred million dollars per biennium;
  - b. Allocate five hundred thousand dollars per fiscal year to each city in an oil-producing county which has a population of seven thousand five hundred or more and more than two percent of its private covered employment engaged in the mining industry, according to data compiled by job service North Dakota. The allocation under this subdivision must be doubled if the city has more than seven and one-half percent of its private covered employment engaged in the mining industry, according to data compiled by job service North Dakota; and
  - c. Credit the remaining revenues to the state general fund.
2. After deduction of the amount provided in subsection 1, annual revenue collected under this chapter from oil and gas produced in each county must be allocated as follows:
  - a. The first two million dollars must be allocated to the county.
  - b. The next one million dollars must be allocated seventy-five percent to the county and twenty-five percent to the state general fund.
  - c. The next one million dollars must be allocated fifty percent to the county and fifty percent to the state general fund.
  - d. The next fourteen million dollars must be allocated twenty-five percent to the county and seventy-five percent to the state general fund.
  - e. All annual revenue remaining after the allocation in subdivision d must be allocated ten percent to the county and ninety percent to the state general fund.

---

<sup>2</sup> Section 57-51-15 was also amended by section 1 of Senate Bill No. 2129, chapter 484, and section 1 of House Bill No. 1077, chapter 485.

3. The amount to which each county is entitled under subsection 2 must be allocated within the county so the first five million three hundred fifty thousand dollars is allocated under subsection 4 for each fiscal year and any amount received by a county exceeding five million three hundred fifty thousand dollars is credited by the county treasurer to the county infrastructure fund and allocated under subsection 5.
4.
  - a. Forty-five percent of all revenues allocated to any county for allocation under this subsection must be credited by the county treasurer to the county general fund. However, the allocation to a county under this subdivision must be credited to the state general fund if during that fiscal year the county does not levy a total of at least ten mills for combined levies for county road and bridge, farm-to-market and federal-aid road, and county road purposes.
  - b. Thirty-five percent of all revenues allocated to any county for allocation under this subsection must be apportioned by the county treasurer no less than quarterly to school districts within the county on the average daily attendance distribution basis, as certified to the county treasurer by the county superintendent of schools. However, no school district may receive in any single academic year an amount under this subsection greater than the county average per student cost multiplied by seventy percent, then multiplied by the number of students in average daily attendance or the number of children of school age in the school census for the county, whichever is greater. Provided, however, that in any county in which the average daily attendance or the school census, whichever is greater, is fewer than four hundred, the county is entitled to one hundred twenty percent of the county average per student cost multiplied by the number of students in average daily attendance or the number of children of school age in the school census for the county, whichever is greater. Once this level has been reached through distributions under this subsection, all excess funds to which the school district would be entitled as part of its thirty-five percent share must be deposited instead in the county general fund. The county superintendent of schools of each oil-producing county shall certify to the county treasurer by July first of each year the amount to which each school district is limited pursuant to this subsection. As used in this subsection, "average daily attendance" means the average daily attendance for the school year immediately preceding the certification by the county superintendent of schools required by this subsection.

The countywide allocation to school districts under this subdivision is subject to the following:

- (1) The first three hundred fifty thousand dollars is apportioned entirely among school districts in the county.
- (2) The next three hundred fifty thousand dollars is apportioned seventy-five percent among school districts in the county and twenty-five percent to the county infrastructure fund.
- (3) The next two hundred sixty-two thousand five hundred dollars is apportioned two-thirds among school districts in the county and one-third to the county infrastructure fund.

- (4) The next one hundred seventy-five thousand dollars is apportioned fifty percent among school districts in the county and fifty percent to the county infrastructure fund.
- (5) Any remaining amount is apportioned to the county infrastructure fund except from that remaining amount the following amounts are apportioned among school districts in the county:
  - (a) Four hundred ninety thousand dollars, for counties having a population of three thousand or fewer.
  - (b) Five hundred sixty thousand dollars, for counties having a population of more than three thousand and fewer than six thousand.
  - (c) Seven hundred thirty-five thousand dollars, for counties having a population of six thousand or more.
- c. Twenty percent of all revenues allocated to any county for allocation under this subsection must be apportioned no less than quarterly by the state treasurer to the incorporated cities of the county. Apportionment among cities under this subsection must be based upon the population of each incorporated city according to the last official decennial federal census. A city may not receive an allocation for a fiscal year under this subsection and subsection 5 which totals more than seven hundred fifty dollars per capita. Once this level has been reached through distributions under this subsection, all excess funds to which any city would be entitled except for this limitation must be deposited instead in that county's general fund. In determining the population of any city in which total employment increases by more than two hundred percent seasonally due to tourism, the population of that city for purposes of this subdivision must be increased by eight hundred percent. If a city receives a direct allocation under subsection 1, the allocation to that city under this subsection is limited to sixty percent of the amount otherwise determined for that city under this subsection and the amount exceeding this limitation must be reallocated among the other cities in the county.
5. a. Forty-five percent of all revenues allocated to a county infrastructure fund under subsections 3 and 4 must be credited by the county treasurer to the county general fund. However, the allocation to a county under this subdivision must be credited to the state general fund if during that fiscal year the county does not levy a total of at least ten mills for combined levies for county road and bridge, farm-to-market and federal-aid road, and county road purposes.
- b. Thirty-five percent of all revenues allocated to the county infrastructure fund under subsections 3 and 4 must be allocated by the board of county commissioners to or for the benefit of townships in the county on the basis of applications by townships for funding to offset oil and gas development impact to township roads or other infrastructure needs or applications by school districts for repair or replacement of school district vehicles necessitated by damage or deterioration attributable to travel on oil and gas development-impacted roads. An organized township is not eligible for an allocation of funds under this subdivision unless during that fiscal year that township levies at least ten mills for township purposes. For

unorganized townships within the county, the board of county commissioners may expend an appropriate portion of revenues under this subdivision to offset oil and gas development impact to township roads or other infrastructure needs in those townships. The amount deposited during each calendar year in the county infrastructure fund which is designated for allocation under this subdivision and which is unexpended and unobligated at the end of the calendar year must be transferred by the county treasurer to the county road and bridge fund for use on county road and bridge projects.

- c. Twenty percent of all revenues allocated to any county infrastructure fund under subsections 3 and 4 must be allocated by the county treasurer no less than quarterly to the incorporated cities of the county. Apportionment among cities under this subsection must be based upon the population of each incorporated city according to the last official decennial federal census. A city may not receive an allocation for a fiscal year under this subsection and subsection 4 which totals more than seven hundred fifty dollars per capita. Once this per capita limitation has been reached, all excess funds to which a city would otherwise be entitled must be deposited instead in that county's general fund. If a city receives a direct allocation under subsection 1, the allocation to that city under this subsection is limited to sixty percent of the amount otherwise determined for that city under this subsection and the amount exceeding this limitation must be reallocated among the other cities in the county.
6. Within sixty days after the end of each fiscal year, the board of county commissioners of each county that has received an allocation under this section shall file a report for the fiscal year with the tax commissioner, in a format prescribed by the tax commissioner, showing:
    - a. The amount received by the county in its own behalf, the amount of those funds expended for each purpose to which funds were devoted, and the share of county property tax revenue expended for each of those purposes, and the amount of those funds unexpended at the end of the fiscal year; and
    - b. The amount available in the county infrastructure fund for allocation to or for the benefit of townships or school districts, the amount allocated to each organized township or school district and the amount expended from each such allocation by that township or school district, the amount expended by the board of county commissioners on behalf of each unorganized township for which an expenditure was made, and the amount available for allocation to or for the benefit of townships or school districts which remained unexpended at the end of the fiscal year.

Within sixty days after the time when reports under this subsection were due, the tax commissioner shall provide a report to the legislative council compiling the information from reports received under this subsection.

In developing the format for reports under this subsection, the tax commissioner shall consult the energy development, infrastructure and impact office and at least two county auditors from oil-producing counties.

**SECTION 7. AMENDMENT.** Section 57-62-03 of the North Dakota Century Code is amended and reenacted as follows:

### **57-62-03. Loans - Terms and conditions - Repayment.**

The board of university and school lands is authorized to make loans to coal development-impacted counties, cities, and school districts before or after the beginning of actual coal mining from moneys deposited in the coal development trust fund established by subsection 2 of section 57-62-02. Loans made prior to actual mining must be preceded by site permitting and by beginning actual construction of the mine or its mine mouth facility. Loans may be made for any purpose for which a grant may be made pursuant to this chapter, but before making any loan the board of university and school lands shall receive the recommendation of the energy development infrastructure and impact office. The board of university and school lands shall prescribe the terms and conditions of such loans within the provisions of this chapter and shall require a warrant executed by the governing body of the county, city, or school district as evidence of such loan. The warrants must bear interest at a rate not to exceed six percent. The warrants shall be payable only from the allocations of moneys from the coal development fund to the borrowing county, city, or school district and shall not constitute a general obligation of the county, city, or school district nor may such loans be considered as indebtedness of the county, city, or school district. Loans made in advance of actual coal mining must provide that repayment is to begin when the borrowing county, city, or school district receives allocations from the coal development fund. The terms of the loan must provide that not less than ten percent of each allocation made to the borrowing county, city, or school district pursuant to this chapter must be withheld by the state treasurer to repay the principal of the warrants and the interest thereon. The amount withheld by the state treasurer as payment of interest must be deposited in the general fund and the amount withheld by the state treasurer as payment of principal must be remitted to the board of university and school lands and deposited by the board in the trust fund provided for in subsection 2 of section 57-62-02. The warrants executed by the county, city, or school district have all of the qualities and incidents of negotiable paper and are not subject to taxation by the state of North Dakota or by any political subdivision thereof.

The board of university and school lands is authorized to sell such warrants to other parties and the proceeds of such sale which constitute principal must be deposited in the coal development trust fund and that which constitutes interest in the general fund. If the future allocations of moneys to the borrowing county, city, or school district should, for any reason, permanently cease, the loan shall be canceled except that if the county, city, or school district is merged with another county, city, or school district which receives an allocation of moneys from the coal development fund, the surviving county, city, or school district is obligated to repay the loan from such allocation. If the loan is canceled due to the permanent cessation of allocations of moneys to the county, city, or school district pursuant to this chapter, the board of university and school lands shall cancel those warrants it holds from such county, city, or school district and shall pay from any moneys in the trust fund provided for in subsection 2 of section 57-62-02 the principal and interest, as it becomes due, on those warrants of the county, city, or school district which are held by another party.

**SECTION 8. AMENDMENT.** Section 57-62-03.1 of the North Dakota Century Code is amended and reenacted as follows:

#### **57-62-03.1. Oil and gas impact grant fund –Continuing appropriation.**

The moneys accumulated in the oil and gas impact grant fund must be allocated as provided by law and as appropriated by the legislative assembly for distribution through grants by the energy development infrastructure and impact office to oil and gas development-impacted cities, counties, school districts, and other taxing districts

or for industrial commission enforcement of laws and rules relating to geophysical exploration in this state. ~~The amounts deposited in the oil and gas impact grant fund under subsection 1 of section 57-51-15 are appropriated as a standing and continuing appropriation to the energy development impact office for grants as provided in this section.~~

**SECTION 9. AMENDMENT.** Section 57-62-04 of the North Dakota Century Code is amended and reenacted as follows:

**57-62-04. Energy development infrastructure and impact office - Appointment of director.**

There is hereby created an energy development infrastructure and impact office, to be a division within the office of the commissioner of the board of university and school lands, the director of which must be appointed by and serve at the pleasure of the board of university and school lands. The director shall have knowledge of state and local government and shall have experience or training in the fields of taxation and accounting. The salary of the director must be set by the commissioner of university and school lands within the limits of legislative appropriations. The director may employ such other persons as may be necessary and may fix their compensation within the appropriation made for such purpose. The board of university and school lands shall fill any vacancy in the position of director in the same manner as listed above and, in addition, shall serve as an appeals board under rules promulgated by the board of university and school lands to reconsider grant applications for aid under this chapter which have been denied by the director. All action by the board of university and school lands, including appointment of a director, must be by majority vote.

**SECTION 10. AMENDMENT.** Section 57-62-05 of the North Dakota Century Code is amended and reenacted as follows:

**57-62-05. Powers and duties of energy development infrastructure and impact office director.**

The energy development infrastructure and impact office director shall:

1. Develop a plan for the assistance, through financial grants for services and facilities, of counties, cities, school districts, and other political subdivisions in coal development and oil and gas development impact areas.
2. Establish procedures and provide proper forms to political subdivisions for use in making application for funds for impact assistance as provided in this chapter.
3. Make grants disbursements to counties, cities, school districts, and other taxing districts for grants awarded by the board of university and school lands pursuant to chapter 15-01, as provided in this chapter and within the appropriations made for such purposes. In determining the amount of impact grants for which political subdivisions are eligible, the amount of revenue to which such political subdivisions will be entitled from taxes upon the real property of coal and oil and gas development plants and from other tax or fund distribution formulas provided by law must be considered.
4. Receive and review applications for impact assistance pursuant to this chapter.

The director may not recommend that an incorporated city receive more than sixty percent of the funds available under this subsection.
7. Make recommendations to the board of university and school lands providing for the distribution of sixty-five percent of moneys available in the oil and gas impact fund to cities not otherwise eligible for funding under this section, counties, school districts, and other political subdivisions impacted by oil and gas development.

**SECTION 11. AMENDMENT.** Section 57-62-06 of the North Dakota Century Code is amended and reenacted as follows:

**57-62-06. Legislative intent and guidelines on impact grants.**

The tax commissioner shall give notice of the determination to the person liable for tax. If the determination of tax due relates to an incorrect or insufficient return filed by a taxpayer, notice of the determination must be given not later than three years after the last day on which the return was due or three years after the return was filed, whichever is later. If it is determined upon audit by the tax commissioner that the tax due was twenty-five percent or more above the amount reported on the return, notice of determination of tax due must be given not later than six years after the last day on which the return was due or six years after the return was filed, whichever was later. Notice of determination of tax due for any reporting period for which a taxpayer failed to file a return must be given not later than six years after the due date of the return, but if fraudulent information is given in a return or the failure to file a return is due to the fraudulent intent or willful attempt of the taxpayer in any manner to evade the tax, the time limitation provided in this section for giving notice of the determination of tax due does not apply. If any manufacturer, wholesaler, domestic winery, domestic distillery, or microbrew pub, or direct shipper files a fraudulent return, there must be added to the tax an amount equal to the tax evaded or attempted to be evaded and such manufacturer, wholesaler, domestic winery, domestic distillery, or microbrew pub, or direct shipper is also guilty of a class C felony. All such taxes and civil penalties may be collected by assessment or distraint, and no court of this state may enjoin the collection of any such tax or civil penalty. No wholesaler may purchase alcoholic beverages from a manufacturer after notice from the state tax commissioner that such manufacturer has failed to file required reports with the tax commissioner's office. Any manufacturer, wholesaler, domestic winery, domestic distillery, or microbrew pub, or direct shipper may have its license suspended or revoked for violation of any of the provisions of this title after a hearing conducted similar to that prescribed by this law.

**SECTION 5. AMENDMENT.** Subsection 7 of section 57-40.2-07 of the North Dakota Century Code is amended and reenacted as follows:

7. Penalty and interest for failure to file a return or corrected return or to pay the tax imposed must be that prescribed in section 57-40.2-15. If a person is required to file more than one return pursuant to this section, the monthly payment requirement applies separately to each return. If total sales and purchases subject to sales and use taxes for any succeeding calendar year decrease below three hundred thirty-three

thousand dollars, a person may return to quarterly installments. In the event of a business reorganization in which the ownership of the business organization remains in the same person or persons as prior to the reorganization, the total sales subject to sales and use taxes for the preceding calendar year for the business that was reorganized must be used to determine whether the tax is payable monthly under this section.

If the rate of tax imposed in such other state, or political subdivision thereof, is the same or more than the rate of tax imposed by this chapter, then no tax is due on such motor vehicle. The provisions of this section apply only if such other state, or political subdivision thereof, allows a credit with respect to the excise tax imposed by this chapter which is substantially similar in effect to the credit allowed by this section. **SECTION 7. AMENDMENT.** Section 6-06-08.4 of the North Dakota Century Code is amended and reenacted as follows:

#### 6-06-08.4. Prompt corrective action.

Whenever the state credit union board determines that any credit union under its supervision does not have adequate capital, the state credit union board, without a hearing, may declare that the credit union is either undercapitalized, significantly undercapitalized, or critically undercapitalized. For the purposes of this section, a credit union is undercapitalized if it either has a net worth ratio of less than six percent or fails to meet any applicable risk based net worth requirement established by the board by rule. A credit union is significantly undercapitalized if it has a net worth ratio of less than four percent or has a net worth ratio of less than five percent and fails to submit an acceptable net worth restoration plan or materially fails to implement a plan accepted by the board. A credit union is critically undercapitalized if it has a net worth ratio of less than two percent or such higher net ratio, not exceeding three percent, as the board may specify. The board, by order, may require a credit union that is undercapitalized to annually set aside as net worth an amount equal to up to four tenths percent of its total assets. For purposes of this section, the net worth categories are defined as:

1. Well capitalized. A credit union with a net worth ratio of seven percent or greater which meets any applicable risk-based net worth requirement.
2. Adequately capitalized. A credit union with a net worth ratio six percent or more but less than seven percent which meets any applicable risk-based net worth requirement as defined by the state credit union board by rule.
3. Undercapitalized. A credit union with a net worth ratio of four percent or more but less than six percent or fails to meet any risk-based net worth requirement.
4. Significantly undercapitalized. A credit union with a net worth ratio of two percent or more but less than four percent, fails to increase its net worth, or fails to submit or materially implement a net worth restoration plan.
5. Critically undercapitalized. A credit union with a net worth ratio less than two percent.

A credit union may be reclassified into the next subordinate net worth category by the commissioner or the state credit union board if it is determined that the credit union is in an unsafe or unsound condition or has not corrected unsafe or unsound practices of which it was, or should have been, aware. The board or commissioner may require a credit union that is adequately capitalized, undercapitalized, significantly undercapitalized, or critically undercapitalized to increase its net worth. Additionally, the board or commissioner may require a credit union that is undercapitalized credit union, significantly undercapitalized, or critically undercapitalized to submit an acceptable net worth restoration plan to the board within the time allowed by the board commissioner. For a significantly undercapitalized credit union that has no reasonable prospect of becoming adequately capitalized or a critically undercapitalized credit union, the board may take possession of the credit union, appoint a conservator or liquidating agent for the credit union, or take such other action as the board determines would be appropriate to resolve the problems of the credit union.

A credit union that is the subject of such a board declaration may ask for a hearing before the board within five days after service upon it of the board's declaration. The application for a hearing must be granted and the hearing must be held not later than ten days after the application is filed. A complete record of the hearing must be established and maintained. On the basis of the hearing, the board

shall enter a final order. The institution may appeal the order to the district court of Burleigh County, within ten days after the order is served upon it. The appeal is governed by chapter 28-32.

**SECTION 8. AMENDMENT.** Section 6-06-10 of the North Dakota Century Code is amended and reenacted as follows:

**6-06-10. General and special meetings - Notice - Quorum - Voting privileges.**

General and special meetings may be held in the manner and for the purposes indicated in the bylaws of the credit union. Ten days before any regular or special meeting, written notice thereof must be mailed or sent by an electronic communication to each member and, in the case of a special meeting, the notice must state clearly the purpose of the meeting and what matters will be considered thereat. The members present at a general or special meeting constitute a quorum for the transaction of the business of the credit union. At all meetings, a member has but a single vote, whatever the member's shareholdings. There is no voting by proxy, but any firm, society, or corporation having a membership in the credit union may cast its vote by one person upon presentation by that person to the credit union of written authority from such firm, society, or corporation. The credit union may allow members to vote by mail ballot or electronic ballot for directors and committee members.

**SECTION 9. AMENDMENT.** Section 6-06-11 of the North Dakota Century Code is amended and reenacted as follows:

**6-06-11. Annual meetings - Election of directors - Election or appointment of committees.**

The organization meeting of the members of a credit union shall be the first annual meeting. At its annual meeting, its members shall elect a board of directors of not less than five members and a credit committee of not less than three members, unless the bylaws of the credit union provide that the credit union may not have a credit committee. A supervisory committee of not less than three members must be elected at the annual meeting, unless the bylaws of the credit union provide that the supervisory committee members be appointed by the board of directors of the credit union or the bylaws provide that the credit union may not have a supervisory committee. In the event the bylaws do not provide for a supervisory committee, then the duties and powers of a supervisory committee, as described in section 6-06-15, are the responsibility of the board of directors. The directors and committee members if any, shall hold office for such terms, respectively, as provided by the bylaws of the credit union and until their successors qualify. A record of the names and addresses of the officers and members of the board and committees must be filed with the commissioner within ten days after their election or appointment. Notice of any change in membership on the board or committees by appointment to fill an unexpired term or otherwise must be filed with the commissioner within ten days of such change.

If the bylaws of the credit union provide for a credit committee, then pursuant to the provisions of the bylaws, the board of directors may appoint or the members may elect a credit committee which consists of an odd number of members of the credit union, but which may not include more than one loan officer. The method used must be set forth in the bylaws.

If the credit committee is dispensed with in the bylaws, a credit manager, under the general supervision of the board of directors, may be empowered to approve or disapprove loans subject to the policies and conditions prescribed by the board of

directors. The president or other qualified senior management official may serve as the credit manager. If a credit manager is provided in lieu of ~~an elected~~ credit committee, the credit manager may appoint one or more loan officers with the power to approve or disapprove loans, and may establish an internal credit committee comprised of designated credit union staff with the power to approve or disapprove loans, subject to such limitations or conditions as the credit manager and board of directors prescribes.

**SECTION 10. AMENDMENT.** Section 6-06-14 of the North Dakota Century Code is amended and reenacted as follows:

**6-06-14. Loans - How made - Security - Meetings and duties of credit committee - Preferential loans.**

The credit committee has general supervision over all loans to members, ~~and unless the credit union does not have a credit committee, in which case the~~ general supervision of loans is the responsibility of the credit manager appointed by the board of directors. If the credit union has a credit committee, it shall meet as often as may be necessary to perform its duties and at least once each month, except the foregoing provisions regarding monthly meetings do not apply to any "corporate central" or "corporate" credit union. Notice must be given to each member of the committee before any meeting is held. All applications for a loan must be made on a form approved by the committee or credit manager and must set forth the purpose for which the loan is desired, the security, if any, which is offered, and such other data as the committee or credit manager may require. The maximum aggregate loans that may be made to a member or a group of members relying on a single income source without adequate security is subject to limits approved in loan policy by the board of directors of the credit union. Security under this section includes an assignment of shares or deposits, ~~an endorsement made on the note by a responsible person,~~ and such other security as the committee or credit manager in its discretion may deem adequate. No loan may be made unless it is approved by a majority of the entire committee or by the credit manager, except that the credit committee or credit manager may appoint and delegate to one or more loan officers the power to approve loans up to the limit established by the ~~credit committee~~ board of directors, or in excess of the limit if the excess is fully secured by unpledged shares. An individual may not disburse funds of the credit union for any loan that has been approved by that individual in that individual's capacity as a loan officer. Not more than one member of the credit committee may be appointed as a loan officer, unless the credit committee is made up of credit union employees appointed by the credit manager. Every loan by a credit union to, or guaranteed by, its directors, officers, managers, and committee members shall be current as outlined on the terms of the loan agreement and must be made on substantially the same terms, including interest rates, fee structure, and collateral, as those prevailing at the time for comparable transactions with other persons and ~~must~~ shall be in strict conformity with the credit union's policies, rules, and regulations.

**SECTION 11. AMENDMENT.** Section 6-06-36 of the North Dakota Century Code is amended and reenacted as follows:

**6-06-36. Merger.**

Any credit union chartered under this chapter or under Act of Congress may merge under rules and regulations established by the state credit union board. A federal credit union proposing to merge into a state-chartered credit union shall grant the commissioner discretionary authority to conduct an examination. The commissioner shall set fees for such examination at an hourly rate sufficient to cover

all reasonable expenses of the department of financial institutions associated with the examination. Fees must be collected by the commissioner, transferred to the state treasurer, and deposited in the financial institutions regulatory fund. The secretary of state shall charge a fee of fifty dollars for all services in connection with a merger authorized by the state credit union board, including filing of a certificate of organization or bylaws, and issuing or canceling charters.

Upon approval by the state credit union board of a merger application under this section, the former main office and facilities of the credit union merged will become branches of the continuing credit union and the continuing credit union is not required to file an application for any branches acquired in the merger transaction.

12. "Record" means information that is inscribed on a tangible medium or that is stored in an electronic or other medium and is retrievable in perceivable form.
13. "Savings" means the difference between the principal amount of the debt and the amount paid by the debt-settlement provider to the creditor or negotiated by the debt-settlement provider and paid by the consumer to the creditor pursuant to a settlement negotiated by the debt-settlement provider on behalf of the consumer as full and complete satisfaction of the creditor's claim with regard to that debt.
14. "Settlement fee" means any fee, obligation, or compensation paid or to be paid by the consumer to a debt-settlement provider in consideration of or in connection with a completed agreement or other arrangement on the part of a creditor to accept less than the principal amount of the debt as satisfaction of the creditor's claim against the consumer.
15. "Willfully" means the person acted intentionally in the sense that the person was aware of what the person was doing.

#### **13-11-02. License required.**

It is unlawful for any person to act as a debt-settlement provider except as authorized by this chapter and without first having obtained a license under this chapter. A person that engages in debt settlement is deemed to engage in debt settlement in this state if the debtor resides in this state.

#### **13-11-03. Application for license.**

Every application for a debt-settlement provider license, or for a renewal thereof, must be made upon forms designed and furnished by the commissioner and must contain any information which the commissioner determines necessary and proper. The commissioner may require any application to provide additional information that is not requested on the application form. The applicant must register with the secretary of state if so required.

#### **13-11-04. Fee and bond to accompany application for debt-settlement license.**

The application for license must be in writing, under oath, and in the form prescribed by the commissioner. The application must give the location where the business is to be conducted and must contain any further information the commissioner requires, including the names and addresses of the partners, officers, directors, trustees, and the principal owners or members, as will provide the basis for the investigation and findings contemplated by section 13-11-03. At the time of making the application, the applicant shall include payment in the sum of four hundred dollars, which is not subject to refund, as a fee for investigating the

application; the sum of four hundred dollars for the annual license fee; and provide a surety bond in the sum of fifty thousand dollars or an additional amount as required by the commissioner by rule. In addition, the applicant shall pay a fifty dollar annual fee for each branch location. Fees must be deposited in the financial institutions regulatory fund as provided under section 6-01-01.1.

### **13-11-05. Qualifications for license.**

1. Upon the filing of the application, the approval of the bond, and the payment of the specified fees, the commissioner may issue a license if the commissioner finds all of the following:
  - a. The financial responsibility, experience, character, and general fitness of the applicant, managers, partners, officers, and directors are such as to command the confidence of the community and to warrant belief that the business will be operated fairly, honestly, and efficiently within the purposes of this chapter.
  - b. The applicant, managers, partners, officers, and directors:
    - (1) Have not been convicted of a felony;
    - (2) Have not been convicted of a misdemeanor involving dishonesty or untrustworthiness; or
    - (3) Have not been the subject of an adverse finding or adjudication in a license disciplinary or other administrative proceeding concerning allegations involving dishonesty or untrustworthiness.
  - c. The applicant, managers, partners, officers, and directors have not had a record of having defaulted in the payment of money collected for others, including the discharge of those debts through bankruptcy proceedings.
  - d. The applicant or any managers, partners, officers, and directors previously have not violated any provision of this chapter or any rule adopted by the commissioner unless the commissioner determines the violation is not material.
  - e. The applicant has not made any false statement or representation to the commissioner in applying for a license under this chapter.
2. The commissioner shall deliver a license to the applicant to operate as a debt-settlement provider in accordance with this chapter at the location specified in the application. The license remains in full force and effect until it is surrendered by the debt-settlement provider or revoked by the commissioner as provided in this chapter; provided, however, that each license expires by its terms on December thirty-first next following its issuance unless renewed as provided in this chapter. A license may not be surrendered without the approval of the commissioner.

### **13-11-06. Expiration and renewal of license.**

All licenses required under this chapter expire on December thirty-first of each year and may be renewed. Renewals are effective the succeeding January first. Applications for renewal must be submitted at least thirty days before the expiration of the license and must be accompanied by the required annual fees, which are not

subject to refund. The form and content of renewal applications must be determined by the commissioner, and a renewal application may be denied upon the same grounds as would justify denial of an initial application. If a licensee has been delinquent in renewing the licensee's license, the commissioner may charge an additional fee of fifty dollars for the renewal of the license. A debt-settlement provider license is not transferable. If the commissioner determines that an ownership change has occurred in a sole proprietorship, partnership, limited liability partnership, corporation, or limited liability corporation that was previously granted a debt-settlement provider license, the commissioner may require a new application from the purchaser. The application must be filed at least thirty days before the date on which the change of ownership is consummated.

### **13-11-07. Applicant's obligation to update information.**

An applicant or licensed provider shall notify the commissioner within ten days after a change in the information provided within the application.

### **13-11-08. Records - Annual reports.**

1. Every licensee shall maintain records in conformity with generally accepted accounting principles and practices in a manner that will enable the commissioner to determine whether the licensee is complying with this chapter. The records of a licensee may be maintained electronically provided all records can be reproduced upon request of the commissioner and within the required statutory timeframe outlined in this section.
2. Before August first of each year, the parent company of each licensee shall file with the commissioner a composite annual report in the form prescribed by the commissioner relating to services provided by licensees.

### **13-11-09. Approval or denial of a license.**

Any complete application for a license must be approved or denied within sixty days after the filing of the complete application with the commissioner.

### **13-11-10. Revocation of license - Suspension of license - Surrender of license.**

1. If the commissioner has reason to believe that grounds for revocation of a license exist, the commissioner may send by certified mail to the licensee a notice of hearing stating the contemplated action and in general the grounds thereof and setting the time and place for a hearing thereon. Grounds for revocation of a license include:
  - a. Any debt-settlement provider has failed to pay the annual license fee or to maintain in effect the bond required under this chapter;
  - b. The debt-settlement provider has violated this chapter or any rule lawfully made by the commissioner implementing this chapter;
  - c. Any fact or condition exists that, if it had existed at the time of the original application for a license, would have warranted the commissioner in refusing its issuance; or
  - d. Any applicant has made any false statement or representation to the commissioner in applying for a license under this chapter.

2. If the commissioner finds that probable cause for revocation of any license exists and that enforcement of the chapter requires immediate suspension of that license pending investigation, the commissioner, upon written notice, may enter an order suspending that license for a period not exceeding thirty days, pending the holding of a hearing as prescribed in this chapter.
3. Any licensee may surrender the licensee's license by delivering the license to the commissioner with written notice of its surrender; however, surrender of the license does not affect the licensee's civil or criminal liability for acts committed before the surrender of the license.

**13-11-11. Suspension and removal of debt-settlement provider officers and employees.**

1. The commissioner may issue and serve upon a debt-settlement provider officer or employee, and upon the licensee involved, a complaint stating the basis for the commissioner's belief that the officer or employee is willfully engaging or has willfully engaged in any of the following conduct:
  - a. Violating a law, rule, order, or written agreement with the commissioner;
  - b. Engaging in harassment or abuse, the making of false or misleading representations, engaging in unfair practices involving debt settlement, or engaging in prohibited acts and practices under section 13-11-23; or
  - c. Performing an act of commission or omission or practice that is a breach of trust or a breach of fiduciary duty.
2. The complaint must contain a notice of opportunity for hearing.
3. If a hearing is not requested within twenty days of the date the complaint is served upon the officer or employee, or if a hearing is held and the commissioner finds that the record so warrants, the commissioner may enter an order suspending or temporarily removing the employee or officer from office for a period not exceeding three years from the effective date of the suspension or temporary removal.
4. A contested or default suspension or temporary removal order is effective immediately upon service of the order on the officer or employee and upon the licensee. A consent order is effective as agreed. An officer or employee suspended or temporarily removed from office pursuant to this section is not eligible, while under suspension, for reinstatement to a position with a debt-settlement provider.
5. When an officer or employee, or other person participating in the conduct of the affairs of a licensee, is charged with a felony in state or federal court which involves dishonesty or breach of trust, the commissioner immediately may suspend the person from office or prohibit the person from further participation in the affairs of the debt-settlement provider, or both. The order is effective immediately upon service of the order on the licensee and the person charged and remains in effect until the criminal charge is finally disposed of or until modified by the commissioner. If a judgment of conviction, federal pretrial diversion, or similar state order or judgment is entered, the commissioner may order that the suspension or prohibition be made permanent. A finding of not

guilty or other disposition of the charge does not preclude the commissioner from pursuing administrative or civil remedies.

### **13-11-12. Advertising and marketing practices.**

1. A debt-settlement provider may not represent, expressly or by implication, any results or outcomes of its debt-settlement services in any advertising, marketing, or other communication to consumers unless the debt-settlement provider possesses substantiation for the representation at the time the representation is made.
2. A debt-settlement provider may not make, expressly or by implication, any unfair or deceptive representations, or any omissions of material facts, in any of its advertising or marketing communications concerning debt-settlement services.
3. All advertising and marketing communications concerning debt-settlement services must disclose the following material information clearly and conspicuously: Debt-settlement services are not appropriate for everyone. Failure to pay your monthly bills in a timely manner will result in increased balances and will harm your credit rating. Not all creditors may agree to reduce principal balance, and they may pursue collection, including lawsuits.

### **13-11-13. Contracts, books, and records.**

1. Upon request, each debt-settlement provider shall furnish to the commissioner a copy of the contract entered between the debt-settlement provider and the debtor. The debt-settlement provider shall furnish the debtor with a copy of the written contract at the time of execution which sets forth the charges, if any, agreed upon for the services of the debt-settlement provider.
2. Each debt-settlement provider shall maintain records and accounts that will enable any debtor contracting with the debt-settlement provider, at any reasonable time, to ascertain the status of all the debtor's accounts with the debt-settlement service provider, including the amount of any fees paid by the debtor, amount held in trust, if applicable, settlement offers made and received on each of the debtor's accounts, and legally enforceable settlements reached with the debtor's creditors. Within seven days after a request for that information by the debtor, the debt-settlement provider shall furnish a statement showing the total amount received and the total disbursements to each creditor to any individual. Each debt-settlement provider shall issue a receipt for each payment made by the debtor at a debt-settlement provider office. Each debt-settlement provider shall prepare and retain in the file of each debtor a written analysis of the debtor's income and expenses to substantiate that the plan of payment is feasible and practical.

### **13-11-14. Trust funds - Requirements and restrictions.**

1. All funds received by a debt-settlement provider or the provider's agent from and for the purpose of paying bills, invoices, or accounts of a debtor constitute trust funds owned by and belonging to the debtor from whom the funds were received. All such funds received by the debt-settlement provider must be separated from the funds of the debt-settlement provider not later than the end of the business day following receipt by the debt-settlement provider. All such funds must be kept separate and apart at all times from funds belonging to the

debt-settlement provider or any of its officers, employees, or agents and may be used for no purpose other than paying bills, invoices, or accounts of the debtor. On or before the close of the business day following receipt, all such trust funds received at the main or branch offices of a debt-settlement provider must be deposited in a bank in an account in the name of the debt-settlement provider-designated trust account, or by some other appropriate name indicating that the funds are not the funds of the debt-settlement provider or its officers, employees, or agents.

2. At least once every month, the debt-settlement provider shall render an accounting to the debtor that itemizes the total amount received from the debtor, the total amount paid each creditor, the amount of charges deducted, and any amount held in reserve, if applicable, and the status of each of the debtor's enrolled accounts. In addition, a debt-settlement provider shall provide such an accounting to a debtor within seven days after written demand, but not more than three times per six-month period.
3. This chapter does not require the establishment of a trust account if no consumer funds other than earned settlement fees are held or controlled by a debt-settlement provider.

#### **13-11-15. Requirement of good faith.**

A provider shall act in good faith in all matters under this chapter.

#### **13-11-16. Customer service.**

A provider that is required to be registered under this chapter shall maintain a toll-free communication system, staffed at a level that reasonably permits an individual to speak to a certified counselor or customer service representative, as appropriate, during ordinary business hours.

#### **13-11-17. Required presale consumer disclosures and warnings.**

1. Before the consumer signs a contract, the debt-settlement provider shall provide an oral and written notice to the consumer that clearly and conspicuously discloses all of the following:
  - a. Debt-settlement services may not be suitable for all consumers.
  - b. Using a debt-settlement service likely will harm the consumer's credit history and credit score.
  - c. Using a debt-settlement service does not stop creditor collection activity, including creditor lawsuits and garnishments.
  - d. Not all creditors may accept a reduction in the balance, interest rate, or fees a consumer owes.
  - e. The consumer should inquire about other means of dealing with debt, including nonprofit credit counseling and bankruptcy.
  - f. The consumer remains obligated to make periodic or scheduled payments to creditors while participating in a debt-settlement plan, and that the debt-settlement provider will not make any periodic or scheduled payments to creditors on behalf of the consumer.

- g. The failure to make periodic or scheduled payments to a creditor is likely to:
- (1) Harm the consumer's credit history, credit rating, or credit score;
  - (2) Lead the creditor to increase lawful collection activity, including litigation, garnishment of the consumer's wages, and judgment liens on the consumer's property; and
  - (3) Lead to the imposition by the creditor of interest charges, late fees, and other penalty fees, increasing the principal amount of the debt.
- h. The amount of time estimated to be necessary to achieve the represented results.
- i. The estimated amount of money or the percentage of debt the consumer must accumulate before a settlement offer will be made to each of the consumer's creditors.
- j. A statement indicating that debt-settlement providers are licensed and regulated by the North Dakota department of financial institutions and any complaints regarding the services of a debt-settlement provider should be directed to the North Dakota department of financial institutions, Bismarck, North Dakota.
2. The consumer shall sign and date an acknowledgment form entitled "Consumer Notice and Rights Form" that states: "I, the debtor, have received from the debt-settlement provider a copy of the form entitled "Consumer Notice and Rights Form". The debt-settlement provider or its representative also shall sign and date the acknowledgment form, which includes the name and address of the debt-settlement services provider. The acknowledgment form must be in duplicate and incorporated into the "Consumer Notice and Rights Form". The original acknowledgment form must be retained by the debt-settlement provider, and the duplicate copy must be retained within the form by the consumer. If the acknowledgment form is in electronic form, then the acknowledgment form must contain the consumer disclosures required by section 101(c) of the federal Electronic Signatures in Global and National Commerce Act [15 U.S.C. 7001(c)].
3. The requirements of this section are satisfied if the provider provides the following warning verbatim, both orally and in writing, with the caption "CONSUMER NOTICE AND RIGHTS FORM" in at least twenty-eight-point font and the remaining portion in at least fourteen-point font to a consumer before the consumer signs a contract for the debt-settlement provider's services:

"CONSUMER NOTICE AND RIGHTS FORM

CAUTION

We CANNOT GUARANTEE that you successfully will reduce or eliminate your debt. If you stop paying your creditors, there is a strong likelihood some or all of the following may happen:

- CREDITORS MAY STILL CONTACT YOU AND TRY TO COLLECT.
- CREDITORS MAY STILL SUE YOU FOR THE MONEY YOU OWE.

- YOUR WAGES OR BANK ACCOUNTS STILL MAY BE GARNISHED.
- YOUR CREDIT RATING AND CREDIT SCORE LIKELY WILL BE HARMED.
- NOT ALL CREDITORS MAY AGREE TO ACCEPT A BALANCE REDUCTION.
- YOU SHOULD CONSIDER ALL YOUR OPTIONS FOR ADDRESSING YOUR DEBT, SUCH AS CREDIT COUNSELING AND BANKRUPTCY FILING.
- THE AMOUNT OF MONEY YOU OWE MAY INCREASE DUE TO CREDITOR IMPOSITION OF INTEREST CHARGES, LATE FEES, AND OTHER PENALTY FEES.
- EVEN IF WE DO SETTLE YOUR DEBT, YOU MAY STILL BE REQUIRED TO PAY TAXES ON THE AMOUNT FORGIVEN.

#### YOUR RIGHT TO CANCEL

If you sign a contract with a debt-settlement provider, you have the right to cancel at any time and receive a full refund of all unearned fees you have paid to the provider and all funds placed in your settlement fund that have not been paid to any creditors.

#### IF YOU ARE DISSATISFIED OR YOU HAVE QUESTIONS

If you are dissatisfied with a debt-settlement provider or have any questions, please bring it to the attention of the North Dakota Department of Financial Institutions, Bismarck, North Dakota.

I, the debtor, have received from the debt-settlement provider a copy of the form entitled Consumer Notice and Rights Form.

  - b. A statement containing a good-faith estimate of the length of time it will take to complete the debt-settlement program, the total amount of debt owed to each creditor included in the debt-settlement program, the total savings estimated to be necessary to complete the debt-settlement program, and the monthly targeted savings amount estimated to be necessary to complete the debt-settlement program.

2. A debt-settlement provider may not enter a written contract with a consumer unless the debt-settlement provider makes written determinations, supported by the financial analysis, that:

#### **13-11-20. Cancellation of contract and right to fee and settlement fund refunds.**

- 1. A consumer may cancel a contract with a debt-settlement provider at any time before the debt-settlement provider has performed fully each service the debt-settlement provider contracted to perform or represented that the debt-settlement provider would perform.
- 2. If a consumer cancels a contract with a debt-settlement provider, or at any time upon a material violation of this chapter on the part of the debt-settlement provider, the debt-settlement provider shall refund all fees and compensation, with the exception of the application fee and any earned settlement fee, as well as all funds paid by the consumer to the debt-settlement provider that

1. A debt-settlement provider may not charge fees of any type or receive compensation from a consumer in a type, amount, or timing other than fees or compensation permitted in this section.
2. A debt-settlement provider may not charge or receive from a consumer any enrollment fee, setup fee, upfront fee of any kind, or any maintenance fee.
3. A debt-settlement provider may charge a settlement fee that may not exceed an amount greater than thirty percent of the savings. If the amount paid by the debt-settlement provider to the creditor or negotiated by the debt-settlement provider and paid by the consumer to the creditor pursuant to a settlement negotiated by the debt-settlement provider on behalf of the consumer as full and complete satisfaction of the creditor's claim with regard to that debt is greater than the principal amount of the debt, the debt-settlement provider is not entitled to any settlement fee.
4. A debt-settlement provider may not collect any settlement fee from a consumer until a creditor enters into a legally enforceable agreement to accept funds in a specific dollar amount as full and complete satisfaction of the creditor's claim with regard to that debt and those funds are provided by the debt-settlement provider on behalf of the consumer or are provided directly by the consumer to the creditor pursuant to a settlement negotiated by the debt-settlement provider.

### **13-11-22. Voluntary contributions.**

A provider may not solicit a voluntary contribution from an individual or an affiliate of the individual for any service provided to the individual.

1. A provider directly or indirectly may not:

- b. Settle a debt on behalf of an individual for more than fifty percent of the principal amount of the debt owed a creditor, unless the individual assents to the settlement after the creditor has assented;
- c. Take a power of attorney that authorizes the provider to settle a debt;
- d. Exercise or attempt to exercise a power of attorney after an individual has terminated a contract;
- e. Initiate a transfer from an individual's account at a bank or with another person unless the transfer is:

  - (2) Before termination of a contract, properly authorized by the contract and this chapter, and for:
    - (a) Payment to one or more creditors pursuant to a plan; or
    - (b) Payment of a fee;
- f. Offer a gift or bonus, premium, reward, or other compensation to an individual for executing a contract;
- g. Offer, pay, or give a gift or bonus, premium, reward, or other compensation to a person for referring a prospective customer, if the person making the referral has a financial interest in the outcome of debt-management services provided to the customer, unless neither the provider nor the person making the referral communicates to the prospective customer the identity of the source of the referral;
- h. Receive a bonus, commission, or other benefit for referring an individual to a person;
- i. Structure a plan in a manner that would result in a negative amortization of any of an individual's debts, unless a creditor that is owed a negatively amortizing debt agrees to refund or waive the finance charge upon payment of the principal amount of the debt;
- j. Compensate the provider's employees on the basis of a formula that incorporates the number of individuals the employee induces to enter contracts;
- k. Settle a debt or lead an individual to believe that a payment to a creditor is in settlement of a debt to the creditor unless, at the time of settlement, the individual receives a certification by the creditor that the payment is in full settlement of the debt or is part of a payment plan, the terms of which are included in the certification, that upon completion, will lead to full settlement of the debt;
- l. Make a representation that:
  - (1) The provider will furnish money to pay bills or prevent attachments;

- (2) Payment of a certain amount will permit satisfaction of a certain amount or range of indebtedness; or
    - (3) Participation in a plan will or may prevent litigation, garnishment, attachment, repossession, foreclosure, eviction, or loss of employment;
  - m. Misrepresent that the provider is authorized or competent to furnish legal advice or perform legal services;
  - n. Represent that it is a not-for-profit entity unless the provider is organized and properly operating as a not-for-profit under the law of the state in which it was formed or that it is a tax-exempt entity unless the provider has received certification of tax-exempt status from the internal revenue service;
  - o. Take a confession of judgment or power of attorney to confess judgment against an individual; or
  - p. Employ an unfair, unconscionable, or deceptive act or practice, including the knowing omission of any material information.

  - a. Purchase a debt or obligation of the individual;

    - (1) A promissory note or other negotiable instrument other than a check or a demand draft; or
    - (2) A postdated check or demand draft;
  - c. Lend money or provide credit to the individual, except as a deferral of a settlement fee at no additional expense to the individual;
  - d. Obtain a mortgage or other security interest from any person in connection with the services provided to the individual;
  - e. Except as permitted by federal law, disclose the identity or identifying information of the individual or the identity of the individual's creditors, except to:

- g. Charge the individual for or provide credit or other insurance, coupons for goods or services, membership in a club, access to computers or the internet, or any other matter not directly related to debt-management services or educational services concerning personal finance; or
  - h. Furnish legal advice or perform legal services, unless the person furnishing that advice to or performing those services for the individual is licensed to practice law in this state.
3. This chapter does not authorize any person to engage in the practice of law.
  4. A provider may not receive a gift or bonus, premium, reward, or other compensation, directly or indirectly, for advising, arranging, or assisting an individual in connection with obtaining an extension of credit or other service from a lender or service provider, except for educational or counseling services required in connection with a government-sponsored program.
  5. Unless a person supplies goods, services, or facilities generally and supplies them to the provider at a cost no greater than the cost the person generally charges to others, a provider may not purchase goods, services, or facilities from the person if an employee or a person that the provider should reasonably know is an affiliate of the provider:
    - a. Owns more than ten percent of the person; or
    - b. Is an employee or affiliate of the person.

#### **13-11-24. Notice of litigation.**

Within thirty days after a provider has been served with notice of a civil action for violation of this chapter by or on behalf of an individual who resides in this state at either the time of a contract or the time the notice is served, the provider shall notify the commissioner in a record that it has been sued.

#### **13-11-25. Liability for the conduct of other persons.**

If a provider delegates any of its duties or obligations under a contract or this chapter to another person, including an independent contractor, the provider is liable for conduct of the person which, if done by the provider, would violate the contract or this chapter.

#### **13-11-26. Powers of the commissioner.**

Insofar as consistent with other provisions of law, the commissioner may:

1. Determine the qualifications of all applicants based on financial responsibility, financial condition, business experience, character, and general fitness which must reasonably warrant the belief that the applicant's business will be conducted lawfully and fairly. In determining whether this qualification is met, and for the purpose of investigating compliance with this chapter, the commissioner may review and consider the relevant business records and capital adequacy of the applicant and the competence, experience, integrity, and financial ability of a person who is a member, partner, director, officer, or twenty-five percent or more shareholder of the applicant.

2. Conduct investigations and make an examination of any person, whether licensed or not, who is engaged in the debt-settlement services business, including all records of such business, and to subpoena witnesses anytime the commissioner has reason to believe such is necessary. The licensee shall pay an examination or visitation fee and must be charged by the commissioner at an hourly rate to be set by the commissioner, sufficient to cover all reasonable expenses of the department associated with the examination or visitation provided for by this section. Fees must be deposited in the financial institutions regulatory fund.
3. Issue and serve upon any person or licensed debt-settlement provider an order to cease and desist to take corrective action when the commissioner has reason to believe the person or agency is violating, has violated, or is about to violate the provisions of this chapter. This provision does not extend to private communications between the employee or agent and a child of the employee or agent.
2. Between normal childbirth and abortion, it is the policy of the state of North Dakota that normal childbirth is to be given preference, encouragement, and support by law and by state action. A person acting in an official capacity as an employee or agent of a school district, between normal childbirth and abortion, shall give preference, encouragement, and support to normal childbirth. No public school in the state may endorse or support any program that, between normal childbirth and abortion, does not give preference, encouragement, and support to normal childbirth. No public school of the state may authorize a presentation to students that, between normal childbirth and abortion, does not give preference, encouragement, and support to normal childbirth.

**SECTION 14. AMENDMENT.** Section 23-16-14 of the North Dakota Century Code is amended and reenacted as follows:

#### 23-16-14. Participation in abortion - Not mandatory.

No hospital, physician, nurse, hospital employee, nor any other person is under any duty, by law or contract, nor may such hospital or person in any circumstances be required to participate in the performance of an abortion, if such hospital or person objects to such abortion. No such person or institution may be discriminated against because the person or institution so objects. For purposes of this section, "abortion" means the act of using or prescribing any instrument, medicine, drug, or any other substance, device, or means with the intent to terminate the clinically diagnosable intrauterine pregnancy of a woman, including the elimination of one or more unborn children in a multifetal pregnancy, with knowledge that the termination by those means will with reasonable likelihood cause the death of the unborn child. Such use, prescription, or means is not an abortion if done with the intent to save the life or preserve the health of the unborn child; remove a dead unborn child caused by spontaneous abortion; or treat a woman for an ectopic pregnancy.

**SECTION 15. STATE DEPARTMENT OF HEALTH REPORT TO LEGISLATIVE MANAGEMENT - ABORTION DATA.** During the 2011-12 interim, the state department of health shall:

1. Create an inventory of the data, reports, records, and other material the department is required to gather, receive, create, or maintain relating to abortions as required under chapter 14-02.1. The inventory must include information regarding the frequency with which the items in the inventory must be gathered, received, or created.
2. Create a report that outlines the department's practices in gathering, receiving, and creating the items in the inventory.
3. Make three reports to the legislative management on the status and outcome of the creation of the inventory and the practices report. The first report must be made before January 1, 2012; the second before April 1, 2012; and the third before September 1, 2012.

**SECTION 16. STATEMENT OF LEGISLATIVE INTENT.** The costs incurred by the state department of health as a result of producing the printed information required under section 2 of this Act may not exceed fifty thousand dollars.

### SENATE BILL NO. 2288

(Senator Holmberg)

AN ACT to create and enact a new section to chapter 14-05 of the of the North Dakota Century Code, relating to summary real estate disposition judgments.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** A new section to chapter 14-05 of the North Dakota Century Code is created and enacted as follows:

##### **Summary real estate disposition judgment.**

1. If real estate is described in a judgment and decree of divorce, the court may direct either of the parties or their legal counsel to prepare and submit to the court, in a form prescribed by the court, a proposed summary real estate disposition judgment. Upon approval by the court and filing of the summary real estate disposition judgment with the clerk of court, the clerk of court shall provide to any party upon request certified copies of the summary real estate disposition judgment.
2. A summary real estate disposition judgment must contain the following information:
  - a. The full caption and file number of the case and the title "Summary Real Estate Disposition Judgment";
  - b. The dates of the parties' marriage and of the entry of the judgment and decree of divorce;
  - c. The names of the parties' attorneys or if either or both appeared pro se;
  - d. The name of the judge and referee, if any, who signed the order for judgment and decree;
  - e. Whether the judgment and decree resulted from a stipulation, a default, or a trial and the appearances at the default or trial;
  - f. If the judgment and decree resulted from a stipulation, whether the real property was described by a legal description;
  - g. If the judgment and decree resulted from a default, whether the petition contained the legal description of the property and whether disposition was made in accordance with the request for relief;
  - h. Whether the summons and petition were served personally upon the respondent in accordance with the North Dakota Rules of Civil Procedure;

- i. If the summons and petition were served on the respondent only by publication, the name of each legal newspaper and county in which the summons and petition were published and the dates of publications;
  - j. Whether either party changed the party's name through the judgment and decree;
  - k. The legal description of each parcel of real estate;
  - l. The name or names of the persons awarded an interest in each parcel of real estate and a description of the interest awarded;
  - m. Liens, mortgages, encumbrances, or other interests in the real estate described in the judgment and decree; and
  - n. Triggering or contingent events set forth in the judgment and decree affecting the disposition of each parcel of real estate.
3. a. On the court's own motion or on application by an interested person, the court shall issue an order authorizing the clerk of court to issue an amended summary real estate disposition judgment to correct an erroneous legal description of real estate contained in the judgment and decree of divorce.
  - b. An application to correct a legal description under this subdivision must contain:
    - (1) The erroneous legal description contained in the judgment and decree;
    - (2) The correct legal description of the real estate;
    - (3) Written evidence satisfactory to the court to show the correct legal description, or a request for an evidentiary hearing to produce evidence of the correct legal description; and
    - (4) A proposed amended summary real estate disposition judgment.
  - c. The court shall consider an application under this subsection on an expedited basis. The court's order must be based on the evidence provided in the application, the evidence produced at an evidentiary hearing, or the evidence already in the record of the proceeding. If the court is satisfied that an erroneous legal description should be corrected under this subsection, the court may issue its order without a hearing or notice to any person. A filing fee is not required for an application under this subsection. The court's order must be treated as an amendment of the court's findings of fact regarding the legal description of the property in question, without the need to amend the original judgment and decree. The court shall issue the order if the court specifically finds that the court had jurisdiction over the respondent in the divorce proceeding and that the property was sufficiently identified in the original proceedings to prevent prejudice to the rights of either party to the divorce and that the amendment will not prejudice their rights. The court's order is effective retroactive to the date of entry of the original judgment and decree of divorce.

- d. An amended summary real estate disposition judgment must be treated the same as the prior summary real estate disposition judgment for all purposes.
  - e. On request by any interested person, the clerk of court shall provide a certified copy of an amended summary real estate disposition judgment showing the correct legal description of the real property affected by the judgment and decree.
  - f. This subsection may not be used to add omitted property to a judgment and decree of divorce, unless the court determines that the omitted property is an integral or appurtenant part of real property already properly included in the judgment and decree.
4. An order or provision in a judgment and decree that provides that the judgment and decree must be recorded in the office of the county recorder means, if a summary real estate disposition judgment has been approved by the court, that the summary real estate disposition judgment, rather than the judgment and decree, must be recorded in the office of the county recorder.
  5. The summary real estate disposition judgment operates as a conveyance and transfer of each interest in the real estate in the manner and to the extent described in the summary real estate disposition judgment. A summary real estate disposition judgment, or an amended summary real estate disposition judgment that supersedes an earlier judgment, is prima facie evidence of the facts stated in the summary real estate disposition judgment. A purchaser for value without notice of any defect in the divorce proceedings may rely on a summary real estate disposition judgment or a later amended summary real estate disposition judgment to establish the facts stated in the judgment.
  6. If a conflict exists between the judgment and decree and the summary real estate disposition judgment, the summary real estate disposition judgment recorded in the office of the county recorder controls as to the interest acquired in real estate by any subsequent purchaser in good faith and for a valuable consideration, who is in possession of the interest or whose interest is recorded with the county recorder, before the recording of the judgment and decree in office of county recorder.

    - (2) If the member dies and was not eligible for unreduced retirement benefits and if the beneficiary is one person, the beneficiary may select:
      - (a) A lump sum payment of the member's account value; or
      - (b) A lifetime monthly annuity effective on the first of the month following the month of the member's death. The amount of the monthly annuity is equal to an amount that would have been paid to the beneficiary under a one hundred percent joint and survivor annuity without reduction for early retirement and using the disability option reduction factor. If the beneficiary dies before receiving the guaranteed member account value, any remaining balance must be paid in a lump sum to a named contingent beneficiary, or if none, to the estate of the recipient.

- (3) If the member dies and multiple beneficiaries are eligible for death benefits, the plan shall pay the member's account value to the member's beneficiaries.

The refund is in lieu of any other benefits to which the member may be entitled under the terms of this chapter, and by accepting the refund, the member is waiving any right to participate in the fund under the same provisions that existed at the time the refund was accepted regardless of whether the member later repurchases refunded service credit. A member or a beneficiary of a member may elect, at the time and under rules adopted by the board, to have any portion of an eligible rollover distribution paid directly in a direct rollover to an eligible retirement plan specified by the member ~~as allowed under~~ the beneficiary to the extent permitted by section 401(a)(31) of the Internal Revenue Code in effect on August 1, ~~2009~~2011.

If these alternatives cannot be accommodated by the receiving state for a student transferring in the student's senior year, then subsection 3 applies.
3. Should a military student transferring at the beginning or during the student's senior year be ineligible to graduate from the receiving school district after all alternatives have been considered, the sending and receiving school districts shall ensure the receipt of a diploma from the sending school district if the student meets the graduation requirements of the sending school district. If one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on-time graduation of the student in accordance with subsections 1 and 2.

### **ARTICLE VIII - STATE COORDINATION**

Members of the executive committee shall serve a one-year term. Members of the executive committee are entitled to one vote each. The executive committee may act on behalf of the commission, with the exception of rulemaking, during periods when the commission is not in session. The executive committee shall oversee the day-to-day activities of the administration of the compact, including enforcement and compliance with the compact, its bylaws and rules, and other such duties as determined necessary. The department of defense is an ex officio nonvoting member of the executive committee.
8. The commission shall establish bylaws and rules that provide for conditions and procedures under which the commission shall make its information and official records available to the public for inspection or copying. The commission may exempt from disclosure information or official records to the extent they would adversely affect personal privacy rights or proprietary interests.
9. The commission shall give public notice of all meetings and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the compact.   - g. Specifically relate to the commission's participation in a civil action or other legal proceeding.

10. The commission shall cause its legal counsel or designee to certify that a meeting may be closed and shall reference each relevant exemptible provision for any meeting, or portion of a meeting, which is closed pursuant to this provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed and the record of a roll call vote. All documents considered in connection with an action must be identified in the minutes. All minutes and documents of a closed meeting must remain under seal, subject to release by a majority vote of the commission.
11. The commission shall collect standardized data concerning the educational transition of the children of military families under this compact as directed through its rules, which shall specify the data to be collected, the means of collection, and data exchange and reporting requirements. The methods of data collection, exchange, and reporting, insofar as is reasonably possible, must conform to current technology and coordinate its information functions with the appropriate custodian of records as identified in the bylaws and rules.
12. The commission shall create a process that permits military officials, education officials, and parents to inform the commission if and when there are alleged violations of the compact or its rules or when issues subject to the jurisdiction of the compact or its rules are not addressed by the state or local education agency. This subsection does not create a private right of action against the commission, any member state, or any school district.

#### **ARTICLE X - POWERS AND DUTIES OF THE COMMISSION**

The commission may:

1. Provide for dispute resolution among member states;

#### **ARTICLE XI - ORGANIZATION AND OPERATION OF THE COMMISSION**

1. The commission, by a majority of the members present and voting, within twelve months after the first commission meeting, shall adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the compact, including:

  - d. Providing reasonable procedures for calling and conducting meetings of the commission and ensuring reasonable notice of each meeting;

- e. Establishing the titles and responsibilities of the officers and staff of the commission;
  - f. Providing a mechanism for concluding the operations of the commission and the return of surplus funds that may exist upon the termination of the compact after the payment and reserving of all its debts and obligations; and
  - g. Providing startup rules for initial administration of the compact.
2. The commission, by a majority of the members, shall elect annually from among its members a chairman, a vice chairman, and a treasurer, each of whom has the authority and duties specified in the bylaws. The chairman or, in the chairman's absence or disability, the vice chairman shall preside at all meetings of the commission. The officers so elected serve without compensation or remuneration from the commission; provided that, subject to the availability of budgeted funds, the officers are entitled to be reimbursed for ordinary and necessary costs and expenses incurred by them in the performance of their responsibilities as officers of the commission.
3. a. The executive committee has the authority and duties set forth in the bylaws, including:
- (1) Managing the affairs of the commission in a manner consistent with the bylaws and purposes of the commission;
  - (2) Overseeing an organizational structure and appropriate procedures for the commission to provide for the creation of rules, operating procedures, and administrative and technical support functions; and
  - (3) Planning, implementing, and coordinating communications and activities with other state, federal, and local government organizations in order to advance the goals of the commission.
- b. The executive committee, subject to the approval of the commission, may appoint or retain an executive director for such period, upon such terms and conditions, and for such compensation as the commission determines appropriate. The executive director shall serve as secretary to the commission but may not be a member of the commission. The executive director shall hire and supervise such other persons as may be authorized by the commission.
4. The commission's executive director and its employees are immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities; provided, those individuals are not protected from suit or liability for damage, loss, injury, or liability caused by their intentional or willful and wanton misconduct.
- a. The liability of the commission's executive director and employees or commission representatives, acting within the scope of that individual's employment or duties for acts, errors, or omissions occurring within that individual's state, may not exceed the limits of liability set forth under the

- constitution and laws of that state for state officials, employees, and agents. The commission is considered to be an instrumentality of the states for the purposes of any such action. This subsection does not protect an individual from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of the individual.
- b. The commission shall defend the executive director and its employees and, subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by a commission representative, shall defend a commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of the individual.
- c. To the extent not covered by the state involved, member state, or the commission, the representatives or employees of the commission must be held harmless in the amount of a settlement or judgment, including attorney's fees and costs, obtained against the individuals arising out of an actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that those individuals had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of those individuals.

## **ARTICLE XII - RULEMAKING FUNCTIONS OF THE COMMISSION**

1. The commission shall adopt reasonable rules in order to effectively and efficiently achieve the purposes of this compact. If the commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this compact, or the powers granted by this compact, then such an action by the commission is invalid and has no force or effect.
2. Rules must be made pursuant to a rulemaking process that substantially conforms to the Model State Administrative Procedure Act of the national conference of commissioners on uniform state laws, as may be appropriate to the operations of the commission.
3. Within thirty days after a rule is adopted, any person may file a petition for judicial review of the rule; provided, that the filing of the petition does not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the commission's authority.
4. If a majority of the legislatures of the compacting states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the compact, then the rule has no further force and effect in any compacting state.

**ARTICLE XIII - OVERSIGHT, ENFORCEMENT, AND DISPUTE RESOLUTION**

1.
  - a. Each member state shall enforce this compact to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder have standing as statutory law.
  - b. Courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.
  - c. The commission is entitled to receive all service of process in any proceeding and has standing to intervene in the proceeding for all purposes. Failure to provide service of process to the commission renders a judgment or order void as to the commission, this compact, or adopted rules.
2. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact, or the bylaws or adopted rules, the commission shall:
  - a. Provide written notice to the defaulting state and other member states of the nature of the default, the means of curing the default, and any action taken by the commission, and specify the conditions by which the defaulting state must cure its default; and
  - b. Offer technical assistance to the member state.
3. If the defaulting state fails to cure the default, the defaulting state shall terminate from the compact upon an affirmative vote of a majority of the member states and all rights, privileges, and benefits conferred by this compact are terminated from the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default, except that in the event of a default by this state, its total financial responsibility is limited to the amount of its most recent annual assessment.
4. Suspension or termination of membership in the compact may be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate must be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each member state.
5. The state that has been suspended or terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of suspension or termination, to a maximum of five thousand dollars multiplied by the number of years that the state has been a member of the compact. In the event that this state is suspended or terminated, its total financial responsibility is limited to the amount of its most recent annual assessment.
6. The commission may not bear any costs relating to any state that has been found to be in default or which has been suspended or terminated from the compact, unless otherwise mutually agreed upon in writing between the commission and the defaulting state.

7. The defaulting state may appeal the action of the commission by petitioning the United States district court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing party must be awarded all costs of such litigation, including reasonable attorney's fees.
8. The commission shall attempt, upon the request of a member state, to resolve disputes that are subject to the compact and which may arise among member states and between member and nonmember states. The commission shall adopt a rule providing for mediation and binding dispute resolution for disputes as appropriate.

#### **ARTICLE XIV - FINANCING OF THE COMMISSION**

1. The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.
2.
  - a. The commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the commission and its staff which must be in a total amount sufficient to cover the commission's annual budget as approved each year.
  - b. The aggregate annual assessment amount must be allocated based upon a formula to be determined by the commission, which shall adopt a rule binding upon all member states.
  - c. The annual assessment applicable to this state may not exceed an amount equal to two dollars multiplied by the latest available number of children of military families in this state.
  - d. This state may not be held liable for the payment of any special assessment or any assessment other than the annual assessment in the amount established by this subsection.
3. The commission may not incur obligations of any kind prior to securing the funds adequate to meet the same; nor may the commission pledge the credit of any of the member states, except by and with the authority of the member state.
4. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission are subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission must be audited yearly by a certified or licensed public accountant and the report of the audit must be included in and become part of the annual report of the commission.

#### **ARTICLE XV - MEMBER STATES, EFFECTIVE DATE, AND AMENDMENT**

1. Any state is eligible to become a member state.
2. The compact becomes effective and binding upon legislative enactment of the compact into law by no less than ten states. The effective date may not be earlier than December 1, 2007. Thereafter, the compact becomes effective and binding as to any other member state upon enactment of the compact into law by that state. The governors of nonmember states or their designees must

be invited to participate in the activities of the commission on a nonvoting basis prior to adoption of the compact by all states.

3. The commission may propose amendments to the compact for enactment by the member states. No amendment may become effective and binding upon the commission and the member states until the amendment is enacted into law by unanimous consent of the member states.

#### **ARTICLE XVI - WITHDRAWAL AND DISSOLUTION**

1.
  - a. Once effective, the compact continues in force and remains binding upon each member state, provided that a member state may withdraw from the compact by specifically repealing the statute that enacted the compact into law, except that in the case of this state, withdrawal from the compact may also be accomplished by statutorily allowing for the expiration of this Act.
  - b. Withdrawal from this compact must be by the enactment of a statute repealing the compact, except that in the case of this state, withdrawal from the compact may also be accomplished by statutorily allowing for the expiration of this Act.
  - c. The withdrawing state immediately shall notify the chairman of the commission in writing upon the introduction of legislation repealing this compact in the withdrawing state, except that if this state elects to withdraw from the compact by statutorily allowing for the expiration of this Act, this state shall notify the chairman of the commission when it becomes evident that the expiration will take effect. The commission shall notify the other member states of the withdrawing state's intent to withdraw within sixty days of receiving the notice.
  - d. The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, to a maximum amount equal to two dollars multiplied by the latest available number of children of military families in this state.
  - e. Reinstatement following withdrawal of a member state occurs upon the withdrawing state reenacting the compact or upon such later date as determined by the commission.
2. This compact dissolves effective upon the date of the withdrawal or default of the member state which reduces the membership in the compact to one member state. Upon the dissolution of this compact, the compact becomes null and void and is of no further force or effect, and the business and affairs of the commission must be concluded and surplus funds must be distributed in accordance with the bylaws.

#### **ARTICLE XVII - SEVERABILITY AND CONSTRUCTION**

1. The provisions of this compact are severable and if any phrase, clause, sentence, or provision is determined unenforceable, the remaining provisions of the compact are enforceable.
2. This compact must be liberally construed to effectuate its purposes.
3. Nothing in this compact prohibits the applicability of other interstate compacts to which the states are members.

**ARTICLE XVIII - BINDING EFFECT OF COMPACT AND OTHER LAWS**

1. Nothing in this compact prevents the enforcement of any other law of a member state that is not inconsistent with this compact. All member states' laws conflicting with this compact are superseded to the extent of the conflict.
2.
  - a. All lawful actions of the commission, including all rules and bylaws promulgated by the commission, are binding upon the member states.
  - b. All agreements between the commission and the member states are binding in accordance with their terms.
  - c. If any provision of this compact exceeds the constitutional limits imposed on the legislature of any member state, the provision is ineffective to the extent of the conflict with the constitutional provision in question in that member state.

**Confirmation of receipt of application and voted ballot.**

The secretary of state, in coordination with local election officials, shall implement an electronic free-access system by which a covered voter may determine by telephone, electronic mail, or internet access whether:

1. The voter's military-overseas ballot application has been received and accepted; and
2. The voter's military-overseas ballot has been received and the current status of the ballot.

**SECTION 14.** A new section to chapter 16.1-07 of the North Dakota Century Code is created and enacted as follows:

An election official shall provide a military-overseas ballot to a voter who makes a request for each election to which the request is applicable. A covered voter

entitled to receive a military-overseas ballot for a primary election under this subsection also is entitled to receive a military-overseas ballot for the general election.

2. An electronic mail address provided by a covered voter is a confidential record. An election official may use the address only to communicate with the voter about the voting process, including transmitting military-overseas ballots and election materials if the voter has requested electronic transmission, and verifying the voter's mailing address and physical location, as needed.

The election notice must contain a list of all of the ballot measures and federal, state, and local offices that as of that date the secretary of state and the local election official expect to be on the ballot on the date of the election. The notice also must contain specific instructions for how a voter is to indicate on the federal write-in absentee ballot the voter's choice for each office to be filled and for each ballot measure to be contested.
2. A covered voter may request a copy of an election notice. The officials charged with preparing the election notice shall send the notice to the voter by facsimile, electronic mail, or regular mail, as the voter requests if the voter is not able to obtain that same notice from the secretary of state's website.
3. At least fifty-five days before an election, the officials charged with preparing the election notice shall update the notice with the certified candidates for each office and ballot measure questions and make the updated notice publicly available.
4. A local election official who maintains an internet website shall make updated versions of its election notices regularly available on the website.

**SECTION 16.** A new section to chapter 16.1-07 of the North Dakota Century Code is created and enacted as follows:

**Prohibition of nonessential requirements.**

1. If a voter's mistake or omission in the completion of a document under sections 3 through 18 of this Act does not prevent determining whether a covered voter is eligible to vote, the mistake or omission does not invalidate the document. Failure to satisfy a nonessential requirement, such as using paper or envelopes of a specified size or weight, does not invalidate a document submitted under this chapter. In any write-in ballot authorized by law, if the intention of the voter is discernable, as provided under the Help America Vote Act [42 U.S.C. 15481(a)(6)], an abbreviation, misspelling, or other minor variation in the form of the name of a candidate or a political party must be accepted as a valid vote.

2. Notarization is not required for the execution of a document under sections 3 through 18 of this Act. An authentication, other than the declaration specified in section 12 of this Act or the declaration on the federal postcard application and federal write-in absentee ballot, is not required for execution of a document under sections 3 through 18 of this Act. The declaration and any information in the declaration may be compared against information on file to ascertain the validity of the document.

**SECTION 17.** A new section to chapter 16.1-07 of the North Dakota Century Code is created and enacted as follows:

**Issuance of injunction or other equitable relief.**

A court may issue an injunction or grant other equitable relief appropriate to ensure substantial compliance with, or enforce, sections 3 through 18 of this Act on application by:

1. A covered voter alleging a grievance under sections 3 through 18 of this Act;  
or
2. An election official in this state.

**SECTION 18.** A new section to chapter 16.1-07 of the North Dakota Century Code is created and enacted as follows:

### SENATE BILL NO. 2122

(Human Services Committee)  
(At the request of the State Board of Pharmacy)

AN ACT to amend and reenact subsections 3 and 4 of section 19-02.1-14.1 of the North Dakota Century Code, relating to electronic prescriptions.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Subsections 3 and 4 of section 19-02.1-14.1 of the North Dakota Century Code are amended and reenacted as follows:

3. If a practitioner prescribes a drug by its brand name, the pharmacist may exercise professional judgment in the economic interest of the patient by selecting a drug product with the same generic name and demonstrated therapeutical equivalency as the one prescribed for dispensing and sale to the patient unless the practitioner specifically indicates in the practitioner's own handwriting "brand medically necessary" on a written prescription or expressly indicates that an oral prescription is to be dispensed as communicated. If the prescription is created electronically by the prescriber, the required legend must appear on the practitioner's screen. The practitioner must take a specific overt action to include the "brand medically necessary" language with the electronic transmission. The pharmacist shall note the instructions on the file copy of the prescription, or maintain the digital record as transmitted if it is an electronic prescription. A reminder legend must be placed on all prescription forms or appear on the computer screen of the electronic prescribing system. The legend must state "In order to require that a brand name product be dispensed, the practitioner must handwrite the words 'brand medically necessary'.". The legend printed on the prescription form or appearing on the prescriber's computer screen must be in at least six-point uppercase print or font. The pharmacist may not substitute a generic name drug product unless its price to the purchaser is less than the price of the prescribed drug product. In addition, a pharmacist may not substitute drug products in the following dosage forms: enteric coated tablets, controlled release products, injectable suspensions other than antibiotics, suppositories containing active ingredients for which systemic absorption is necessary for therapeutic activity, and different delivery systems for aerosol and nebulizer drugs. In the event that any drug listed above is, subsequent to January 1, 1982, determined to be therapeutically equivalent, then the previously mentioned substitution ban is automatically removed for that drug. The pharmacist shall inform the person receiving the drug when a prescription for a brand name drug product does not require that the prescribed drug be dispensed and of the person's right to refuse a generic name drug product selected by the pharmacist. The

pharmacy file copy of every prescription must include the brand name, if any, or the name of the manufacturer, packer, or distributor of the generic name drug dispensed. A pharmacist who selects and dispenses a therapeutically equivalent generic name drug product shall assume no greater liability for selecting the dispensed drug product than would be incurred in filling a prescription for a drug product prescribed by its generic name. The practitioner is not liable for the substitution made by a pharmacist.

4. In the case of a prescription for which a maximum allowable cost program for purposes of reimbursement has been established under title XIX of the federal Social Security Act, the following also apply:
  - a. If the practitioner has instructed the pharmacist to dispense as written, the words "brand medically necessary" must also be written on the prescription in the practitioner's own handwriting, or appear as part of the electronic prescription as noted in subsection 3. The pharmacist may dispense a therapeutically equivalent generic name drug product if this handwritten or electronic instruction does not appear on the prescription.
  - b. If the pharmacist is instructed orally to dispense a brand name drug as prescribed, the pharmacist shall reduce the prescription to writing and shall note the instructions on the file copy of the prescription. ~~The prescription must then be signed by the practitioner and the words "brand necessary" must also be written on the prescription in the practitioner's own handwriting.~~
  - c. If the practitioner has not instructed the pharmacist to dispense a brand name drug or medicine and the patient specifically requests a brand name drug or medicine, the patient shall pay the difference between the price to the patient of the brand name drug or medicine and the therapeutically equivalent generic name drug or medicine if the price of the brand name drug or medicine is higher.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

##### SECTION 1.

###### Definitions.

For the purposes of this Act:

1. "Entity" means a managed care company, an insurance company, a third-party payer, a pharmacy benefits manager, or any other organization that represents an insurance company, a third-party payer, or a pharmacy benefits manager.
2. "Insurance company" includes any corporation, association, benefit society, exchange, partnership, or individual engaged as principal in the business of insurance.
3. "Managed care company" is an entity that handles both health care and health care financing.
4. "Pharmacy benefits manager" means a person that performs pharmacy benefits management and includes any other person acting for such person under a contractual or employment relationship in the performance of pharmacy benefits management for a managed care company, nonprofit hospital or medical service organization, insurance company, third-party payer, or health program administered by a state agency.
5. "Plan sponsor" means the employer in the case of an employee benefit plan established or maintained by a single employer, or the employee organization in the case of a plan established or maintained by an employee organization, an association, joint board of trustees, committee, or other similar group that establishes or maintains the plan.
6. "Third-party payer" means an organization other than the patient or health care provider involved in the financing of personal health services.

##### SECTION 2.

###### Pharmacy benefits manager audit - Rules.

1. An entity conducting an audit of a pharmacy shall:

- a. If conducting an onsite audit, give the pharmacy a written notice at least fourteen business days before conducting an initial audit.
  - b. If the audit involves clinical or professional judgment, ensure the audit is conducted by or in consultation with a pharmacist licensed in any state and employed by or contracted with the pharmacy benefits manager.
  - c. Limit the audit to no more than twenty-four months from the date that the claim was submitted to or adjudicated by the entity. A claim may not be reviewed that is older than twenty-four months from the date of the audit, unless a longer period is permitted under federal law.
  - d. Refrain from conducting the audit during the first five business days of the month unless otherwise consented to by the pharmacy.
  - e. Refrain from entering the pharmacy area where patient-specific information is available and remain out of sight and hearing range of the pharmacy customers. The pharmacy shall designate an area for auditors to conduct their business.
  - f. Allow the pharmacy to use the records, including a medication administration record, of a hospital, physician, or other authorized practitioner to validate the pharmacy record and delivery.
  - g. Allow the pharmacy to use any legal prescription, including medication administration records, electronic documents, or documented telephone calls from the prescriber or the prescriber's agents, to validate claims in connection with prescriptions and refills or changes in prescriptions.
2. An audit may not allow a recoupment to be assessed for items on the face of a prescription not required by rules adopted by the state board of pharmacy with respect to patient hard copy prescription forms for controlled and uncontrolled drugs.
  3. A finding of overpayment or underpayment may be based only on the actual overpayment or underpayment and not on a projection based on the number of patients served having a similar diagnosis or on the number of similar orders or refills for similar drugs. A calculation of an overpayment may not include dispensing fees, unless a prescription was not dispensed or the prescriber denied authorization. In the case of an error that has no financial harm to the patient or plan, the pharmacy benefits manager may not assess any chargeback. The entity conducting the audit may not use extrapolation in calculating the recoupment or penalties for audits. Any recoupment may not be deducted against future remittances and must be invoiced to the pharmacy for payment. An entity performing an audit may not receive payment based on a percentage of the amount recovered. Interest may not accrue during the audit period, which begins with the notice of audit and ends with the final audit report.
  4. A clerical or recordkeeping error may not be considered fraud, but may be subject to recoupment. A person is not subject to any criminal penalty for a clerical or recordkeeping error without proof of intent to commit fraud.
  5. The parameters of an audit must comply with consumer-oriented parameters based on manufacturer listings or recommendations for the following:

- a. The day supply for eye drops must be calculated so that the consumer pays only one 30-day copayment if the bottle of eye drops is intended by the manufacturer to be a thirty-day supply.
  - b. The day supply for insulin must be calculated so that the highest dose prescribed is used to determine the day supply and consumer copayment.
  - c. The day supply for a topical product must be determined by the judgment of the pharmacist based upon the treated area.
6. Unless an alternate price is published in a provider contract and signed by both parties, the usual and customary price charged by a pharmacy for compounded medications is considered to be the reimbursable cost.
  7. An entity conducting an audit shall utilize the same standards and parameters in auditing a pharmacy the entity uses with other similarly situated pharmacies.
  8. An entity conducting an audit shall establish a written appeals process.

### **SECTION 3.**

#### **Audit reports - Disclosure - Distribution of recouped funds - Review of auditor.**

1. A preliminary audit report must be delivered to the pharmacy within one hundred twenty days after the conclusion of the audit.
2. A pharmacy must be allowed at least sixty days following receipt of the preliminary audit to provide documentation to address any discrepancy found in the audit.
3. A final audit report must be delivered to the pharmacy within ninety days after receipt of the preliminary audit report or final appeal, whichever is later.
4. No chargeback, recoupment, or other penalty may be assessed until the appeal process has been exhausted and the final report issued.
5. An entity shall remit any money due to a pharmacy or pharmacist as a result of an underpayment of a claim within thirty days after the appeals process has been exhausted and the final audit report has been issued.
6. An auditing entity shall provide a copy of the final report to the plan sponsor for which claims were included in the audit. Any funds recouped must be returned to the plan sponsor.

### **SECTION 4.**

#### **Applicability.**

Securities that are eligible for the pledge are bills, notes, or bonds issued by the United States government, its agencies or instrumentalities, all bonds and notes guaranteed by the United States government, irrevocable standby letters of credit issued by federal home loan banks of a rating of AA or better by Moody's Investors Service, Inc. or Standard & Poor's Corporation, federal land bank bonds, bonds, notes, warrants, certificates of indebtedness, insured certificates of deposit, shares of investment companies registered under the Investment Companies Act of 1940, letters of credit issued by the Bank of North Dakota, and all other forms of securities issued by the state of North Dakota, its boards, agencies, or instrumentalities, or by any county, city, township, school district, park district, or other political subdivision of the state of North Dakota, whether payable from special revenues or supported by the full faith and credit of the issuing body, and bonds issued by any other state of the United States or such other securities approved by the banking board. 1. For purposes of this section, "bordering state" means Minnesota, Montana, or South Dakota.
2. Unless prohibited by another law and subject to the exceptions in subsection 3, the department may contract with any appropriate treatment or detoxification facility in a bordering state for the treatment of mental illness or chemical dependency or for providing chemical dependency detoxification services for residents of North Dakota. The department may also contract with any public or private agency or facility to provide treatment of mental illness or chemical dependency or to provide chemical dependency detoxification services in North Dakota to residents of a bordering state. An individual who receives treatment for mental illness or chemical dependency or who receives chemical dependency detoxification services in another state under this section is subject to the laws of the state in which treatment or detoxification is provided. An individual who receives treatment or detoxification in another state under this section must be informed of the consequences of receiving treatment or detoxification in another state, including the implications of the differences in state laws.
3. A contract may not be entered under this section for treatment or detoxification to individuals who:
  - a. Are serving a sentence after conviction of a criminal offense;
  - b. Are on probation or parole;
  - c. Are the subject of a presentence investigation; or
  - d. Have been committed involuntarily in North Dakota under chapter 25-03.1 for treatment of mental illness or chemical dependency, except as provided under subsection 5.

5. The department may enter negotiations with appropriate personnel of a bordering state to develop an agreement that conforms to the requirements of this section. An agreement with a bordering state must enable the placement in North Dakota of individuals who require detoxification services, are on emergency holds, or who have been involuntarily committed as mentally ill or chemically dependent in a bordering state and enable the temporary placement in a bordering state of patients who require detoxification services or who are on emergency holds in North Dakota under chapter 25-03.1. An agreement with a bordering state must also provide that the North Dakota courts retain jurisdiction over North Dakota residents, and that the bordering state affords to North Dakota residents the rights afforded to them under North Dakota law. Individuals committed by a court of a bordering state and placed in North Dakota facilities continue to be in the legal custody of the bordering state. The bordering state's laws governing length of commitment, reexaminations, and extension of commitment must continue to apply to these residents. In all other respects, residents of a bordering state placed in North Dakota facilities are subject to North Dakota laws. An agreement with a bordering state must specify that responsibility for payment for the cost of care of a resident of a bordering state remains with the bordering state of which that individual is a resident and the cost of care of a North Dakota resident remains with the state of North Dakota. This section applies to detoxification services regardless of whether the services are provided on a voluntary or involuntary basis.

**26.1-34.2-03. Duties of insurers and insurance producers.**

1. In recommending to a consumer the purchase of an annuity or the exchange of an annuity that results in another insurance transaction or series of insurance transactions, the insurance producer, or the insurer when no producer is involved, must have reasonable grounds for believing that the recommendation is suitable for the consumer on the basis of the facts disclosed by the consumer as to the consumer's investments and other insurance products and as to the consumer's financial situation and needs, including the consumer's suitability information, and that there is a reasonable basis to believe all of the following:

- a. The consumer has been reasonably informed of various features of the annuity, such as the potential surrender period and surrender charge; potential tax penalty if the consumer sells, exchanges, surrenders or annuitizes the annuity; mortality and expense fees; investment advisory fees; potential charges for and features of riders; limitations on interest returns; insurance and investment components; and market risk;
  - b. The consumer would benefit from certain features of the annuity, such as tax-deferred growth, annuitization, or death or living benefit;
  - c. The particular annuity as a whole, the underlying subaccounts to which funds are allocated at the time of purchase or exchange of the annuity, and riders and similar product enhancements, if any, are suitable, and in the case of an exchange or replacement, the transaction as a whole is suitable, for the particular consumer based on the consumer's suitability information; and
  - d. In the case of an exchange or replacement of an annuity, the exchange or replacement is suitable, including taking into consideration whether:
    - (1) The consumer will incur a surrender charge; be subject to the commencement of a new surrender period; lose existing benefits, such as death, living, or other contractual benefits; or be subject to increased fees, investment advisory fees, or charges for riders and similar product enhancements;
    - (2) The consumer would benefit from product enhancements and improvements; and
    - (3) The consumer has had another annuity exchange or replacement and, in particular, an exchange or replacement within the preceding thirty-six months.
2. Before the execution of a purchase, replacement, or exchange of an annuity resulting from a recommendation, an insurance producer, or an insurer when no producer is involved, shall make reasonable efforts to obtain the consumer's suitability information concerning:
- a. The consumer's financial status;
  - b. The consumer's tax status;
  - c. The consumer's investment objectives; and
  - d. Other information used or considered to be reasonable by the insurance producer, or the insurer when no producer is involved, in making recommendations to the consumer.
3. a. Except as provided under subdivision b, neither an insurance producer nor an insurer when no producer is involved has an obligation to a consumer under subsection 1 related to a recommendation if a consumer:
- (1) Refuses to provide relevant information requested by the insurer or insurance producer;

- (2) ~~Decides to enter into an insurance transaction that is not based on a recommendation of the insurer or insurance producer; or~~
- (3) ~~Fails to provide complete or accurate information.~~
- b. ~~An insurer or insurance producer's recommendation subject to subdivision a must be reasonable under all the circumstances actually known to the insurer or insurance producer at the time of the recommendation.~~
4. a. ~~An insurer shall ensure that a system to supervise recommendations that is reasonably designed to achieve compliance with this chapter is established and maintained by complying with subdivisions c through e, or shall establish and maintain such a system, including:~~
- (1) ~~Maintaining written procedures; and~~
- (2) ~~Conducting periodic reviews of its records that are reasonably designed to assist in detecting and preventing violations of this chapter.~~
- b. ~~A general agent and independent agency shall adopt a system established by an insurer to supervise recommendations of its insurance producers that is reasonably designed to achieve compliance with this chapter, or shall establish and maintain such a system, including:~~
- (1) ~~Maintaining written procedures; and~~
- (2) ~~Conducting periodic reviews of records that are reasonably designed to assist in detecting and preventing violations of this chapter.~~
- e. ~~An insurer may contract with a third party, including a general agent or independent agency, to establish and maintain a system of supervision as required by subdivision a with respect to insurance producers under contract with or employed by the third party.~~
- d. ~~An insurer shall make reasonable inquiry to ensure that the third party contracting under subdivision c is performing the functions required under subdivision a and shall take action as is reasonable under the circumstances to enforce the contractual obligation to perform the functions. An insurer may comply with its obligation to make reasonable inquiry by doing all of the following:~~
- (1) ~~The insurer annually obtains a certification from a third party senior manager who has responsibility for the delegated functions that the manager has a reasonable basis to represent, and does represent, that the third party is performing the required functions; and~~
- (2) ~~The insurer, based on reasonable selection criteria, periodically selects third parties contracting under subdivision c for a review to determine whether the third parties are performing the required functions. The insurer shall perform those procedures to conduct the review that are reasonable under the circumstances.~~

- e. ~~An insurer that contracts with a third party pursuant to subdivision c and that complies with the requirements to supervise in subdivision d has fulfilled its responsibilities under subdivision a.~~
- f. ~~An insurer, general agent, or independent agency is not required by subdivision a or b to:~~
- ~~(1) Review, or provide for review of, all insurance producer solicited transactions; or~~
  - ~~(2) Include in its system of supervision an insurance producer's recommendations to consumers of products other than the annuities offered by the insurer, general agent, or independent agency.~~
- g. ~~A general agent or independent agency contracting with an insurer pursuant to subdivision c shall promptly, when requested by the insurer pursuant to subdivision d, give a certification as described in subdivision d or give a clear statement that it is unable to meet the certification criteria.~~
- h. ~~A person may not provide a certification under paragraph 1 of subdivision d unless:~~
- ~~(1) The person is a senior manager with responsibility for the delegated functions; and~~
  - ~~(2) The person has a reasonable basis for making the certification.~~
5. ~~Compliance with the financial industry regulatory authority conduct rules pertaining to suitability satisfies the requirements under this section for the recommendation of annuities registered under the Securities Act of 1933 [15 U.S.C. 77a et seq.] or rules or regulations adopted under that act. However, nothing in this subsection limits the insurance commissioner's ability to enforce the provisions of this chapter.~~
6. ~~This chapter does not preempt, supersede, or limit any provision of any securities law of this state or any rule, order, or notice issued thereunder. Except as permitted under subsection 4, an insurer may not issue an annuity recommended to a consumer unless there is a reasonable basis to believe the annuity is suitable based on the consumer's suitability information.~~
4. a. Except as provided under subdivision b, neither an insurance producer, nor an insurer, has any obligation to a consumer under subsection 1 or 3 related to any annuity transaction if:
- (1) A recommendation was not made;
  - (2) A recommendation was made and was later found to have been prepared based on materially inaccurate information provided by the consumer;
  - (3) A consumer refuses to provide relevant suitability information and the annuity transaction is not recommended; or
  - (4) A consumer decides to enter an annuity transaction that is not based on a recommendation of the insurer or the insurance producer.

- b. An insurer's issuance of an annuity subject to subdivision a must be reasonable under all the circumstances actually known to the insurer at the time the annuity is issued.
5. An insurance producer or, when no insurance producer is involved, the responsible insurer representative, at the time of sale shall:
- a. Make a record of any recommendation subject to subsection 1;
  - b. Obtain a customer signed statement documenting a customer's refusal to provide suitability information, if any; and
  - c. Obtain a customer signed statement acknowledging that an annuity transaction is not recommended if a customer decides to enter an annuity transaction that is not based on the insurance producer's or insurer's recommendation.
6. a. An insurer shall establish a supervision system that is reasonably designed to achieve the insurer's and the insurer's insurance producers' compliance with this chapter, including the following:
- (1) The insurer shall maintain reasonable procedures to inform the insurer's insurance producers of the requirements of this chapter and shall incorporate the requirements of this chapter into relevant insurance producer training manuals.
  - (2) The insurer shall establish standards for insurance producer product training and shall maintain reasonable procedures to require the insurer's insurance producers to comply with the requirements of section 4 of this Act.
  - (3) The insurer shall provide product-specific training and training materials that explain all material features of the insurer's annuity products to the insurer's insurance producers.
  - (4) The insurer shall maintain procedures for review of each recommendation before issuance of an annuity which are designed to ensure that there is a reasonable basis to determine that a recommendation is suitable. Such review procedures may apply a screening system for the purpose of identifying selected transactions for additional review and may be accomplished electronically or through other means, including physical review. Such an electronic or other system may be designed to require additional review only of those transactions identified for additional review by the selection criteria.
  - (5) The insurer shall maintain reasonable procedures to detect recommendations that are not suitable. This may include confirmation of consumer suitability information, systematic customer surveys, interviews, confirmation letters, and programs of internal monitoring. This paragraph does not prevent an insurer from complying with this paragraph by applying sampling procedures or by confirming suitability information after issuance or delivery of the annuity.

- (6) Annually, the insurer shall provide a report to senior management, including to the senior manager responsible for audit functions, which details a review, with appropriate testing, reasonably designed to determine the effectiveness of the supervision system, the exceptions found, and corrective action taken or recommended, if any.
- b. (1) This subsection does not restrict an insurer from contracting for performance of a function, including maintenance of procedures, required under subdivision a. An insurer is responsible for taking appropriate corrective action and may be subject to sanctions and penalties pursuant to section 26.1-34.2-04, regardless of whether the insurer contracts for performance of a function and regardless of the insurer's compliance with paragraph 2.
- (2) An insurer's supervision system under subdivision a must include supervision of contractual performance under this subsection. This includes the following:
- (a) Monitoring and, as appropriate, conducting audits to assure that the contracted function is properly performed; and
- (b) Annually, obtaining a certification from a senior manager who has responsibility for the contracted function that the manager has a reasonable basis to represent, and does represent, that the function is properly performed.
- c. An insurer is not required to include in the insurer's system of supervision an insurance producer's recommendations to consumers of products other than the annuities offered by the insurer.
7. An insurance producer may not dissuade, or attempt to dissuade, a consumer from:
- a. Responding truthfully to an insurer's request for confirmation of suitability information;
- b. Filing a complaint; or
- c. Cooperating with the investigation of a complaint.
8. a. Sales made in compliance with the financial industry regulatory authority requirements pertaining to suitability and supervision of annuity transactions must satisfy the requirements under this chapter. This subsection applies to financial industry regulatory authority broker-dealer sales of variable annuities and fixed annuities if the suitability and supervision is similar to those applied to variable annuity sales. However, this subsection does not limit the insurance commissioner's ability to enforce, including investigate, this chapter.
- b. For subdivision a to apply, an insurer shall:
- (1) Monitor the financial industry regulatory authority member broker-dealer using information collected in the normal course of an insurer's business; and

- (2) Provide to the financial industry regulatory authority member broker-dealer information and reports that are reasonably appropriate to assist the financial industry regulatory authority member broker-dealer to maintain its supervision system.

**SECTION 4.** A new section to chapter 26.1-34.2 of the North Dakota Century Code is created and enacted as follows:

**Insurance producer training.**

1. An insurance producer may not solicit the sale of an annuity product unless the insurance producer has adequate knowledge of the product to recommend the annuity and the insurance producer is in compliance with the insurer's standards for product training. An insurance producer may rely on insurer-provided product-specific training standards and materials to comply with this subsection.
2.
  - a.
    - (1) An insurance producer who engages in the sale of annuity products shall complete a one-time, four-hour training course.
    - (2) An insurance producer who holds a life insurance line of authority on the effective date of this Act and who desires to sell annuities shall complete the requirements of this subsection within twelve months after the effective date of this Act. An individual who obtains a life insurance line of authority on or after the effective date of this Act may not engage in the sale of annuities until the annuity training course required under this subsection has been completed.
  - b. The training required under this subsection must include information on the following topics:
    - (1) The types of annuities and various classifications of annuities;
    - (2) Identification of the parties to an annuity;
    - (3) How fixed, variable, and indexed annuity contract provisions affect consumers;
    - (4) The application of income taxation of qualified and nonqualified annuities;
    - (5) The primary uses of annuities; and
    - (6) Appropriate sales practices, replacement, and disclosure requirements.
  - c. Providers of courses intended to comply with this subsection shall cover all topics listed in the prescribed outline and may not present any marketing information or provide training on sales techniques or provide specific information about a particular insurer's products. Additional topics may be offered in conjunction with and in addition to the required outline.
  - d. Providers of annuity training shall issue certificates of completion.

- e. The satisfaction of the training requirements of another state which are substantially similar to the provisions of this subsection are deemed to satisfy the training requirements of this subsection in this state.
- f. An insurer shall verify that an insurance producer has completed the annuity training course required under this subsection before allowing the producer to sell an annuity product for that insurer. An insurer may satisfy the insurer's responsibility under this subsection by obtaining certificates of completion of the training course or obtaining reports from a reasonably reliable commercial database vendor that has a reporting arrangement with insurance education providers.

**SECTION 5. AMENDMENT.** Section 26.1-34.2-04 of the North Dakota Century Code is amended and reenacted as follows:

**26.1-34.2-04. Mitigation of responsibility - Penalty.**

1. ~~The commissioner may order:~~
  - a. ~~An insurer to take reasonably appropriate corrective action for a consumer harmed by the insurer's, or by its insurance producer's, violation of this chapter;~~
  - b. ~~An insurance producer to take reasonably appropriate corrective action for a consumer harmed by the insurance producer's violation of this chapter; and~~
  - e. ~~A general agency or independent agency that employs or contracts with an insurance producer to sell, or solicit the sale of, annuities to consumers, to take reasonably appropriate corrective action for a consumer harmed by the insurance producer's violation of this chapter.~~An insurer is responsible for compliance with this chapter. If a violation occurs, either because of the action or inaction of the insurer or the insurer's insurance producer, the commissioner may order:
    - a. An insurer to take reasonably appropriate corrective action for any consumer harmed by the insurer's or by the insurer's insurance producer's violation of this chapter;
    - b. A general agency, independent agency, or the insurance producer to take reasonably appropriate corrective action for any consumer harmed by the insurance producer's violation of this chapter; and
    - c. Appropriate penalties and sanctions.
2. Any applicable penalty under section 26.1-01-03.3 for a violation of subsection 1 or 2 or subdivision b of subsection 3 of section 26.1-34.2-03 may be reduced or eliminated, according to a schedule adopted by the commissioner, if corrective action for the consumer was taken promptly after a violation was discovered.

AN ACT to create and enact two new sections to chapter 26.1-36 of the North Dakota Century Code, relating to health carrier external appeals and internal claims and appeals procedures; to amend and reenact sections 26.1-03-01, 26.1-26.4-01, and 26.1-36-44 of the North Dakota Century Code, relating to limitation on health insurance company risks, utilization review, and independent external reviews; to provide for application; to provide an effective date; and to declare an emergency.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Section 26.1-03-01 of the North Dakota Century Code is amended and reenacted as follows:

##### **26.1-03-01. Limitation on risks acceptable by company.**

An insurance company transacting an insurance business in this state may not expose itself to loss on any one risk or hazard to an amount exceeding ten percent of its paid-up capital and surplus if a stock company, or ten percent of its surplus if a mutual company, unless the excess is reinsured. An insurance company offering group or individual insurance that is subject to the lifetime or annual benefit limit restrictions of the Patient Protection and Affordable Care Act [Pub. L. 111-148], as amended by the Health Care and Education Reconciliation Act of 2010 [Pub. L. 111-152], is not subject to this section.

**SECTION 2. AMENDMENT.** Section 26.1-26.4-01 of the North Dakota Century Code is amended and reenacted as follows:

##### **26.1-26.4-01. Purpose and scope.**

This chapter applies to grandfathered health plans unless a health care insurer or utilization review agent determines to extend the protections of section 5 of this Act to a grandfathered plan. "Grandfathered health plan" has the meaning stated in the Patient Protection and Affordable Care Act [Pub. L. 111-148], as amended by the Health Care and Education Reconciliation Act of 2010 [Pub. L. 111-152]. The purpose of this chapter is to:

1. Promote the delivery of quality health care in a cost-effective manner;
2. Assure that utilization review agents adhere to reasonable standards for conducting utilization review;
3. Foster greater coordination and cooperation between health care providers and utilization review agents;
4. Improve communications and knowledge of benefits among all parties concerned before expenses are incurred; and

Every insurance company, nonprofit health service corporation, and health maintenance organization that offers an accident and health line of insurance shall establish and implement an independent external review mechanism to review and determine whether medical care rendered under the line of insurance was medically necessary and appropriate to the claim as submitted by the provider. For purposes of this section, "independent external review" means a review conducted by the North Dakota health care review, inc., another peer review organization meeting the requirements of section 1152 of the Social Security Act, or any person designated by the commissioner to conduct an independent external review. A determination made by the independent external reviewer is binding on the parties. Costs associated with the independent external review are the responsibility of the nonprevailing party. A provider may not use an independent external review under this section unless the provider first has exhausted all internal appeal processes offered by the insurance company, nonprofit health service corporation, or health maintenance organization. The insurance commissioner shall take steps necessary to ensure compliance with this section. If federal laws or rules relating to independent external review are amended, repealed, or otherwise changed, the insurance commissioner shall adopt rules to ensure the independent external review procedure is in compliance with and substantively equivalent to the federal requirements.

**SECTION 4.** A new section to chapter 26.1-36 of the North Dakota Century Code is created and enacted as follows:

**External appeals procedures.**

An insurance company, nonprofit health services corporation, or health maintenance organization may not deliver, issue, execute, or renew any health insurance policy, health service contract, or evidence of coverage on an individual, group, blanket, franchise, or association basis unless the policy, contract, or evidence of coverage meets the minimum requirements of 42 U.S.C. 300gg-19 and complies with 29 U.S.C. 1133, 29 CFR 2560.503-1; 42 U.S.C. 300gg-19, 26 CFR 54.9815-2719T; 29 U.S.C. 1185d, 29 CFR 2590.715-2719; and 26 U.S.C. 9815, 45 CFR 147.136. The insurance commissioner may take steps necessary to ensure compliance with this section. If federal laws or rules relating to external appeals are amended, repealed, or otherwise changed, the insurance commissioner shall adopt rules to ensure the external appeals procedure is in compliance with and substantively equivalent to the federal requirements.

**SECTION 5.** A new section to chapter 26.1-36 of the North Dakota Century Code is created and enacted as follows:

**Internal claims and appeals procedures.**

An insurance company, nonprofit health services corporation, or health maintenance organization may not deliver, issue, execute, or renew any health insurance policy, health service contract, or evidence of coverage on an individual, group, blanket, franchise, or association basis unless the policy, contract, or evidence of coverage meets the minimum requirements of 42 U.S.C. 300gg-19 and complies with 29 U.S.C. 1133, 29 CFR 2560.503-1; 42 U.S.C. 300gg-19, 26 CFR 54.9815-2719T; 29 U.S.C. 1185d, 29 CFR 2590.715-2719; and 26 U.S.C. 9815, 45 CFR 147.136. #### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Section 26.1-38.1-01 of the North Dakota Century Code is amended and reenacted as follows:

##### **26.1-38.1-01. Scope.**

1. This section provides coverage for the policies and contracts specified in subsection 2:
  - a. To persons, except for nonresident certificate holders under group policies or contracts, who, regardless of where they reside, are the beneficiaries, assignees, or payees of the persons covered under subdivision b.
  - b. To persons who are owners of or certificate holders under such policies or contracts other than unallocated annuity contracts and structured settlement annuities, and in each case who:
    - (1) Are residents; or
    - (2) Are not residents, but only under all of the following conditions:
      - (a) The insurer that issued such policies or contracts is domiciled in this state;
      - (b) The states in which the persons reside have associations similar to the association created under this chapter; and
      - (c) The persons are not eligible for coverage by an association in any other state due to the fact that the insurer was not licensed in the state at the time specified in the state's guaranty association law.

- c. For any unallocated annuity contract specified in subsection 2, subdivisions a and b do not apply, and this chapter, except as provided in subdivisions e and f, provides coverage to:
    - (1) Persons who are the owners of the unallocated annuity contracts if the contracts are issued to or in connection with a specific benefit plan, the sponsor of which has its principal place of business in this state; and
    - (2) Persons who are owners of unallocated annuity contracts issued to or in connection with government lotteries if the owners are residents.
  - d. For structured settlement annuities specified in subsection 2, subdivisions a and b do not apply, and this chapter, except as provided in subdivisions e and f, provides coverage to a person who is a payee under a structured settlement annuity or beneficiary of a payee if the payee is deceased, if the payee:
    - (1) Is a resident, regardless of where the contract owner resides; or
    - (2) Is not a resident, and:
      - (a) The contract owner of the structured settlement annuity is a resident, or the contract owner of the structured settlement annuity is not a resident but the insurer that issued the structured settlement annuity is domiciled in this state and the state in which the contract owner resides has an association similar to the association created under this chapter; and
      - (b) Neither the payee or beneficiary nor the contract owner is eligible for coverage by the association of the state in which the payee or contract owner resides.
  - e. This chapter does not provide coverage to:
    - (1) A person who is a payee or beneficiary of a contract owner resident of this state, if the payee or beneficiary is afforded any coverage by the association of another state; or
    - (2) A person covered under subdivision b, if any coverage is provided by the association of another state to the person.
  - f. This chapter provides coverage to a person who is a resident of this state and, in special circumstances, to a nonresident. In order to avoid duplicate coverage, if a person who would otherwise receive coverage under this chapter is provided coverage under the laws of any other state, the person may not be provided coverage under this chapter. In determining the application of the provisions of this subdivision in situations in which a person could be covered by the association of more than one state, whether as an owner, payee, beneficiary, or assignee, this chapter must be construed in conjunction with other state laws to result in coverage by only one association.
2. This chapter provides coverage to the persons specified in subsection 1 for direct, nongroup life, health, or annuity policies or contracts, and supplemental contracts to any of these, for certificates under direct group policies and

contracts, and supplemental contracts to any of these and for unallocated annuity contracts issued by member insurers, except as limited by this chapter. Annuity contracts and certificates under group annuity contracts include guaranteed investment contracts, deposit administration contracts, unallocated funding agreements, allocated funding agreements, structured settlement annuities, annuities issued to or in connection with government lotteries, and any immediate or deferred annuity contracts.

3. This chapter does not provide coverage for:
  - a. Any portion of a policy or contract not guaranteed by the insurer, or under which the risk is borne by the policy owner or contract owner;
  - b. Any policy or contract of reinsurance, unless assumption certificates have been issued pursuant to the reinsurance policy or contract;
  - c. Any portion of a policy or contract to the extent that the rate of interest on which the portion of the policy or contract is based or to the extent that the rate of interest, crediting of a rate of interest, or similar factor determined by using an index or other external reference stated in the policy or contract which is employed in calculating returns or changes in value:
    - (1) Averaged over the period of four years prior to the date on which the association member insurer becomes ~~obligated with respect to such policy or contract~~ an impaired or insolvent insurer under this chapter, exceeds a rate of interest determined by subtracting two percentage points from Moody's corporate bond yield average averaged for that same four-year period or for such lesser period if the policy or contract was issued less than four years ~~before the association became obligated prior to the date on which the member insurer becomes an impaired or insolvent insurer under this chapter~~; and
    - (2) On and after the date on which the association member insurer becomes ~~obligated with respect to such policy or contract~~ an impaired or insolvent insurer under this chapter, exceeds the rate of interest determined by subtracting three percentage points from Moody's corporate bond yield average as most recently available;
  - d. A portion of a policy or contract issued to a plan or program of an employer, association, or other person to provide life, health, or annuity benefits to its employees, members, or others, to the extent that such plan or program is self-funded or uninsured, including benefits payable by an employer, association, or other person under:
    - (1) A multiple employer welfare arrangement as defined in 29 U.S.C. 1144;
    - (2) A minimum premium group insurance plan;
    - (3) A stop-loss group insurance plan; or
    - (4) An administrative services only contract;
  - e. Any portion of a policy or contract to the extent that it provides for dividends or experience rating credits, voting rights, or payment of any

- fees or allowances to any person, including the policy owner or contract owner, in connection with the service to or administration of such policy or contract;

  - h. Any portion of any unallocated annuity contract which is not issued to, or in connection with, a specific employee, union, or association of natural persons benefit plan or a government lottery;
  - i. A portion of a policy or contract to the extent that the assessments required by section 26.1-38.1-06 with respect to the policy or contract are preempted or otherwise not permitted by federal or state law;
  - j. An obligation that does not arise under the express written terms of the policy or contract issued by the insurer to the contract owner or policy owner, including:
    - (1) Claims based on marketing materials;
    - (2) Claims based on side letters, riders, or other documents that were issued by the insurer without meeting applicable policy form filing or approval requirements;
    - (3) Misrepresentations of or regarding policy benefits;
    - (4) Extracontractual claims; or
    - (5) A claim for penalties or consequential or incidental damages;
  - k. A contractual agreement that establishes the member insurer's obligations to provide a book value accounting guaranty for defined contribution benefit plan participants by reference to a portfolio of assets that is owned by the benefit plan or its trustee, which in each case is not an affiliate of the member insurer; ~~and~~
  - l. A portion of a policy or contract to the extent it provides for interest or other changes in value to be determined by the use of an index or other external reference stated in the policy or contract, but which has not been credited to the policy or contract, or as to which the policy owner's or contract owner's rights are subject to forfeiture, as of the date the member insurer becomes an impaired or insolvent insurer under this chapter, whichever is earlier. If a policy's or contract's interest or changes in value are credited less frequently than annually, then for purposes of determining the values that have been credited and are not subject to forfeiture under this subdivision, the interest or changes in value determined by using the procedures defined in the policy or contract will be credited as if the contractual date of crediting interest or changing values was the date of

impairment or insolvency, whichever is earlier, and is not subject to forfeiture; and

m. A policy or contract providing any hospital, medical, prescription drug, or other health care benefits pursuant to part C or part D of subchapter XVIII, chapter 7 of title 42 of the United States Code (commonly known as medicare part C and part D) or any regulations issued pursuant thereto.

4. The benefits that the association may become obligated to cover may in no event exceed the lesser of:

a. The contractual obligations for which the insurer is liable or would have been liable if it were not an impaired or insolvent insurer;

b. (1) With any respect to one life, regardless of the number of policies, or contracts:

(1) (a) Three hundred thousand dollars in life insurance death benefits, but not more than one hundred thousand dollars in net cash surrender and net cash withdrawal values for life insurance;

(2) (b) In health insurance benefits:

[1] One hundred thousand dollars in health insurance benefits for coverages not defined as disability insurance or basic hospital, medical, and surgical insurance or major medical insurance or long-term care insurance, including any net cash surrender and net cash withdrawal values; or

[3] Five hundred thousand dollars for basic hospital, medical, and surgical insurance or major medical insurance.

(c) OneTwo hundred fifty thousand dollars in the present value of annuity benefits, including net cash surrender and net cash withdrawal values;

e-(2) With respect to each individual participating in a government retirement benefit plan established under section 401(k), 403(b), or 457 of the United States Internal Revenue Code covered by an unallocated annuity contract or the beneficiaries of each such individual if deceased, in the aggregate, ~~one~~two hundred fifty thousand dollars in present value annuity benefits, including net cash surrender and net cash withdrawal values;

d-(3) With respect to each payee of a structured settlement annuity or beneficiary, or beneficiaries of the payee if deceased, ~~one~~two hundred fifty thousand dollars in present value annuity benefits, in the aggregate, including net cash surrender and net cash withdrawal values, if any; or

(4) However, in no event shall the association be obligated to cover more than:

- (a) An aggregate of three hundred thousand dollars in benefits with respect to any one life under paragraphs 1, 2, and 3 of subdivision b except with respect to the benefits for basic hospital, medical, and surgical insurance and major medical insurance under subparagraph b of paragraph 1 of subdivision b, in which case the aggregate liability of the association shall not exceed five hundred thousand dollars with respect to any one individual; or
- (b) With respect to one owner of multiple nongroup policies of life insurance, whether the persons insured are officers, managers, employees, or other persons, more than five million dollars in benefits, regardless of the number of policies and contracts held by the owner.
- e-(5) With respect to either one contract owner provided coverage under subparagraph c of paragraph 2 of subdivision b of subsection 1; or one plan sponsor whose plans own directly or in trust one or more unallocated annuity contracts not included in paragraph 2 of subdivision eb, five million dollars in benefits, irrespective of the number of contracts with respect to the contract owner or plan sponsor. However, in the case in which one or more unallocated annuity contracts are covered contracts under this chapter and are owned by a trust or other entity for the benefit of two or more plan sponsors, coverage must be afforded by the association if the largest interest in the trust or entity owning the contract or contracts is held by a plan sponsor whose principal place of business is in this state and in no event is the association obligated to cover more than five million dollars in benefits with respect to all these unallocated contracts.
5. ~~However, under subsection 4 in no event shall the association be obligated to cover more than an aggregate of three hundred thousand dollars in benefits with respect to any one life under subdivision b of subsection 4, or with respect to one owner of multiple nongroup policies of life insurance, whether the policy owner is an individual, firm, corporation, or other person, and whether the persons insured are officers, managers, employees, or other persons, more than five million dollars in benefits, regardless of the number of policies and contracts held by the owner.~~
6. (6) The limitations set forth in this subsection-4 are limitations on the benefits for which the association is obligated before taking into account either its subrogation and assignment rights or the extent to which those benefits could be provided out of the assets of the impaired or insolvent insurer attributable to covered policies. The costs of the association's obligations under this chapter may be met by the use of assets attributable to covered policies or reimbursed to the association pursuant to its subrogation and assignment rights.
- 7-5. In performing its obligations to provide coverage under this chapter, the association is not required to guarantee, assume, reinsure, or perform, or cause to be guaranteed, assumed, reinsured, or performed, the contractual obligations of the insolvent or impaired insurer under a covered policy or contract that do not materially affect the economic values or economic benefits of the covered policy or contract.

**SECTION 9. AMENDMENT.** Section 26.1-38.1-11 of the North Dakota Century Code is amended and reenacted as follows:

**26.1-38.1-11. Miscellaneous provisions.**

- 1. This chapter does not reduce the liability for unpaid assessments of the insured of an impaired or insolvent insurer operating under a plan with assessment liability.
- 2. Records must be kept of all meetings of the board of directors to discuss the activities of the association in carrying out its powers and duties under section 26.1-38.1-05. The records of the association with respect to an impaired or insolvent insurer may not be disclosed before the termination of a liquidation, rehabilitation, or conservation proceeding involving the impaired or insolvent insurer, ~~upon the termination of the impairment or insolvency of the insurer, or~~ except upon the order of a court of competent jurisdiction. Nothing in this subsection limits the duty of the association to render a report of its activities under section 26.1-38.1-12.
- 3. For the purpose of carrying out its obligations under this chapter, the association must be deemed to be a creditor of the impaired or insolvent insurer to the extent of assets attributable to covered policies reduced by any amounts to which the association is entitled as subrogee pursuant to subsections 12, 13, and 14 of section 26.1-38.1-05. As a creditor of the impaired or insolvent insurer as established in subsection 3 and consistent with chapter 26.1-06, the association and other similar associations are entitled to receive a disbursement of assets out of the marshaled assets, from time to time as the assets become available to reimburse it, as a credit against contractual obligations under this chapter. If the liquidator, within one hundred twenty days of a final determination of insolvency of an insurer by the receivership court, does not apply to the court for the approval of a proposal to disburse assets out of marshaled assets to guaranty associations having obligations because of the insolvency, the association is entitled to apply to the receivership court for approval of its own proposal to disburse these assets.

5. Prior to the termination of any liquidation, rehabilitation, or conservation proceeding, the court may take into consideration the contributions of the respective parties, including the association, the shareholders, any policy owners of the insolvent insurer, and any other party with a bona fide interest, in making an equitable distribution of the ownership rights of such insolvent insurer. In making such a determination, consideration must be given to the welfare of the policy owners of the continuing or successor insurer.
6. No distribution to stockholders, if any, of an impaired or insolvent insurer may be made until and unless the total amount of valid claims of the association with interest thereon for funds expended in carrying out its powers and duties under section 26.1-38.1-05 with respect to such insurer have been fully recovered by the association.
7. a. If an order for liquidation or rehabilitation of an insurer domiciled in this state has been entered, the receiver appointed under the order has the right to recover on behalf of the insurer, from any affiliate that controlled its capital stock, the amount of distributions, other than stock dividends paid by the insurer on its capital stock, made at any time during the five years preceding the petition for liquidation or rehabilitation subject to the limitations of ~~this subsection and subsections 8 and 9~~ subdivisions b, c, and d.
- ~~8.~~ b. No such distribution is recoverable if the insurer shows that when paid the distribution was lawful and reasonable, and that the insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the insurer to fulfill its contractual obligations.
- ~~9.~~ c. Any person who was an affiliate that controlled the insurer at the time the distributions were paid is liable up to the amount of distributions the person received. Any person who was an affiliate that controlled the insurer at the time the distributions were declared is liable up to the amount of distributions the person would have received if payment had been made immediately. If two or more persons are liable with respect to the same distributions, they are jointly and severally liable.
- ~~10.~~ d. The maximum amount recoverable under this subsection is the amount needed in excess of all other available assets of the insolvent insurer to pay the contractual obligations of the insolvent insurer.
- ~~14.~~ e. If any person liable under ~~subsection 8~~ subdivision c is insolvent, all its affiliates that controlled it at the time the distribution was paid, are jointly and severally liable for any resulting deficiency in the amount recovered from the insolvent affiliate.

**SECTION 10. AMENDMENT.** Section 26.1-38.1-15 of the North Dakota Century Code is amended and reenacted as follows:

**26.1-38.1-15. Stay of proceedings - Reopening default judgments.**

All proceedings in which the insolvent insurer is a party in any court in this state must be stayed ~~sixtyone hundred eighty~~ days from the date an order of liquidation, rehabilitation, or conservation is final to permit proper legal action by the association on any matters germane to its powers or duties. As to judgment under any decision, order, verdict, or finding based on default, the association may apply to have such

judgment set aside by the same court that made such judgment and must be permitted to defend against such suit on the merits.

**26.1-38.1-17. Prospective application.**

This Act applies to cases involving an insolvent insurer which is placed under an order of liquidation with a finding of insolvency on or after the effective date of this Act. **SECTION 1.** A new chapter to title 26.1 of the North Dakota Century Code is created and enacted as follows:

##### **Definitions.**

As used in this chapter:

1. "Certificate holder" means a person, other than a policyholder, to which a certificate of insurance has been issued.
2. "Certificate of insurance" means a document or instrument, regardless of how titled or described, that is prepared or issued by an insurer or insurance producer as a statement of property or casualty insurance coverage. The term does not include a policy of insurance or insurance binder.

A person may not prepare, issue, or require the issuance of a certificate of insurance on property, operations, or risks located in this state unless the certificate of insurance form has been filed with the commissioner by or on behalf of the insurer and has been approved by the commissioner. The commissioner may designate as meeting the requirements of this section and not requiring further approval a standard certificate of insurance form, which may include a form promulgated and filed by a national insurance advisory organization, such as the association for cooperative research and development, the American association of insurance services, and the insurance services office.

##### **Certificate of insurance limitations.**

A person may not alter or modify a certificate of insurance form approved by the commissioner; may not demand, require, or issue a certificate of insurance that contains any false or misleading information concerning the policy of insurance to which the certificate of insurance makes reference; and may not knowingly prepare or

issue a certificate of insurance that purports to affirmatively or negatively alter, amend, or extend the coverage provided by the policy. A certificate of insurance may not contain a reference to a construction contract, service contract, or insurance requirement for the purpose of amending coverage afforded by the policy to which the certificate makes reference.

**Notice requirements.**

The only circumstance under which a certificate holder is entitled to the legal right to notice of cancellation, nonrenewal, or any material change or any similar notice concerning a policy of insurance is if the certificate holder has such notice rights under the terms of the policy or under any endorsement to the policy. The terms and conditions of the notice, including the required timing of the notice, are governed by the policy of insurance and may not be altered by a certificate of insurance.

- c. The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission, executive committee, or any other committee of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

#### **ARTICLE VIII - RULES AND OPERATING PROCEDURES - RULEMAKING FUNCTIONS OF THE COMMISSION**

1. The commission shall adopt reasonable rules in order to effectively and efficiently achieve the purposes of this compact. 2. Rules must be made pursuant to a rulemaking process that substantially conforms to the Model State Administrative Procedure Act of 1981, Uniform Laws Annotated, vol. 15, p. 1 (2000) as amended, as may be appropriate to the operations of the commission.

4. Not later than thirty days after a rule is adopted, any person may file a petition for judicial review of the rule, provided that the filing of such a petition may not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the commission consistent with applicable law and may not find the rule to be unlawful if the rule represents a reasonable exercise of the commission's authority.

#### **ARTICLE IX - COMMISSION RECORDS AND ENFORCEMENT**

1. The commission shall adopt rules establishing conditions and procedures for public inspection and copying of its information and official records, except such information and records involving the privacy of individuals, insurers, insureds, or surplus lines licensee trade secrets. State transaction documentation and clearinghouse transaction data collected by the clearinghouse must be used for only those purposes expressed in or reasonably implied under the provisions of this compact, and the commission shall afford this data the broadest protections as permitted by any applicable law for proprietary information, trade secrets, or personal data. The commission may adopt additional rules under which it may make available to federal and state agencies, including law enforcement agencies, records and information otherwise exempt from disclosure, and may enter agreements with such agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.
2. Except as to privileged records, data, and information, the laws of any compacting state pertaining to confidentiality or nondisclosure may not relieve any compacting state member of the duty to disclose any relevant records, data, or information to the commission, provided that disclosure to the commission may not be deemed to waive or otherwise affect any confidentiality requirement, and further provided that, except as otherwise expressly provided in this section, the commission may not be subject to the compacting state's laws pertaining to confidentiality and nondisclosure with respect to records, data, and information in its possession. Confidential information of the commission must remain confidential after such information is provided to any member, and the commission shall maintain the confidentiality of any information provided by a member that is confidential under that member's state law.
3. The commission shall monitor compacting states for compliance with duly adopted bylaws and rules. The commission shall notify any noncomplying compacting state in writing of its noncompliance with commission bylaws or rules. ### **ARTICLE X - DISPUTE RESOLUTION**

1. Before a member may bring an action in a court of competent jurisdiction for violation of any provision, standard, or requirement of the compact, the commission shall attempt, upon the request of a member, to resolve any disputes or other issues that are subject to this compact and which may arise between two or more compacting states, contracting states, or noncompacting states, and the commission shall promulgate a rule providing alternative dispute resolution procedures for such disputes.
2. The commission shall also provide alternative dispute resolution procedures to resolve any disputes between insureds or surplus lines licensees concerning a tax calculation or allocation or related issues which are the subject of this compact.
3. Any alternative dispute resolution procedures must be utilized in circumstances where a dispute arises as to which state constitutes the home state.

### **ARTICLE XI - REVIEW OF COMMISSION DECISIONS**

1. Except as necessary for adopting rules to fulfill the purposes of this compact, the commission may not otherwise regulate insurance in the compacting states.
2. Not later than thirty days after the commission has given notice of any rule or allocation formula, any third-party filer or compacting state may appeal the determination to a review panel appointed by the commission. The commission shall adopt rules to establish procedures for appointing such review panels and provide for notice and hearing. An allegation that the commission, in making compliance or tax determinations acted arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law, is subject to judicial review in accordance with subsection 6 of article III.
3. The commission may monitor, review, and reconsider commission decisions upon a finding that the determinations or allocations do not meet the relevant rule. Where appropriate, the commission may withdraw or modify its determination or allocation after proper notice and hearing, subject to the appeal process in subsection 2.

### **ARTICLE XII - FINANCE**

1. The commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization. To fund the cost of its initial operations, the commission may accept contributions, grants, and other forms of funding from the state stamping offices, compacting states, and other sources.
2. The commission shall collect a fee payable by the insured directly or through a surplus lines licensee on each transaction processed through the compact clearinghouse, to cover the cost of the operations and activities of the commission and its staff in a total amount sufficient to cover the commission's annual budget.

3. The commission's budget for a fiscal year may not be approved until it has been subject to notice and comment as set forth in article VIII.
4. The commission must be regarded as performing essential governmental functions in exercising such powers and functions and in carrying out the provisions of this compact and of any law relating thereto, and may not be required to pay any taxes or assessments of any character, levied by any state or political subdivision thereof, upon any of the property used by it for such purposes, or any income or revenue therefrom, including any profit from a sale or exchange.
5. The commission shall keep complete and accurate accounts of all its internal receipts, including grants and donations, and disbursements for all funds under its control. The internal financial accounts of the commission must be subject to the accounting procedures established under its bylaws. The financial accounts and reports, including the system of internal controls and procedures of the commission, must be audited annually by an independent certified public accountant. Upon the determination of the commission, but not less frequently than every three years, the review of the independent auditor must include a management and performance audit of the commission. The commission shall make an annual report to the governor and legislature of the compacting states, which must include a report of the independent audit. The commission's internal accounts may not be confidential and such materials may be shared with the commissioner, the controller, or the stamping office of any compacting state upon request, provided, however, that any workpapers related to any internal or independent audit and any information regarding the privacy of individuals, and licensees' and insurers' proprietary information, including trade secrets, must remain confidential.
6. A compacting state may not have any claim to or ownership of any property held by or vested in the commission or to any commission funds held pursuant to the provisions of this compact.
7. The commission may not make any political contributions to candidates for elected office, elected officials, political parties, or political action committees. The commission may not engage in lobbying except with respect to changes to this compact.

### **ARTICLE XIII - COMPACTING STATES, EFFECTIVE DATE, AND AMENDMENT**

For states that join the compact subsequent to the effective date, a start date for reporting

clearinghouse transaction data must be set by the commission provided surplus lines licensees and all other interested parties receive not less than ninety days' advance notice.

  - b. The effective date of withdrawal is the effective date of the repealing statute. However, the withdrawal may not apply to any tax or compliance determinations approved on the date the repealing statute becomes effective, except by mutual agreement of the commission and the withdrawing state unless the approval is rescinded by the commission.
  - c. The member of the withdrawing state shall immediately notify the executive committee of the commission in writing upon the introduction of legislation repealing this compact in the withdrawing state.
  - d. The commission shall notify the other compacting states of the introduction of such legislation within ten days after its receipt of notice thereof.
  - e. The withdrawing state is responsible for all obligations, duties, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal.
