4. The characterization of a person, business, or transaction for purposes of this chapter does not determine the characterization of the person, business, or transaction for purposes of any other law, regulation, or rule.

**41-08-03. (8-103) Rules for determining whether certain obligations and interests are securities or financial assets. In this chapter:**

1. A share or similar equity interest issued by a corporation, business trust, joint stock company, or similar entity is a security.

2. An "investment company security" is a security. "Investment company security" means a share or similar equity interest issued by an entity that is registered as an investment company under the federal investment company laws, an interest in a unit investment trust that is so registered, or a face-amount certificate issued by a face-amount certificate company that is so registered. "Investment company security" does not include an insurance policy or endowment policy or annuity contract issued by an insurance company.

- 1           3. An interest in a partnership or limited liability company is not a security unless it is  
2           dealt in or traded on securities exchanges or in securities markets, its terms  
3           expressly provide that it is a security governed by this chapter, or it is an  
4           investment company security. However, an interest in a partnership or limited  
5           liability company is a financial asset if it is held in a securities account.
- 6           4. A writing that is a security certificate is governed by this chapter and not by chapter  
7           41-03, even though it also meets the requirements of that chapter. However, a  
8           negotiable instrument governed by chapter 41-03 is a financial asset if it is held in  
9           a securities account.
- 10          5. An option or similar obligation issued by a clearing corporation to its participants is  
11          not a security but is a financial asset.
- 12          6. A commodity contract, as defined in section 11 of this Act, is not a security or a  
13          financial asset.

14          **41-08-04. (8-104) Acquisition of security or financial asset or interest therein.**

- 15          1. A person acquires a security or an interest therein, under this chapter, if:  
16              a. The person is a purchaser to whom a security is delivered pursuant to section  
17              41-08-27; or  
18              b. The person acquires a security entitlement to the security pursuant to section  
19              41-08-41.
- 20          2. A person acquires a financial asset, other than a security, or an interest therein,  
21          under this chapter, if the person acquires a security entitlement to the financial  
22          asset.
- 23          3. A person who acquires a security entitlement to a security or other financial asset  
24          has the rights specified in sections 41-08-41 through 41-08-51, but is a purchaser  
25          of any security, security entitlement, or other financial asset held by the securities  
26          intermediary only to the extent provided in section 41-08-43.
- 27          4. Unless the context shows that a different meaning is intended, a person who is  
28          required by other law, regulation, rule, or agreement to transfer, deliver, present,  
29          surrender, exchange, or otherwise put in the possession of another person a  
30          security or financial asset satisfies that requirement by causing the other person to  
31          acquire an interest in the security or financial asset pursuant to subsection 1 or 2.

**41-08-05. (8-105) Notice of adverse claim.**

1. A person has notice of an adverse claim if:
  - a. The person knows of the adverse claim;
  - b. The person is aware of facts sufficient to indicate that there is a significant probability that the adverse claim exists and deliberately avoids information that would establish the existence of the adverse claim; or
  - c. The person has a duty, imposed by statute or regulation, to investigate whether an adverse claim exists, and the investigation required would establish the existence of the adverse claim.
2. Having knowledge that a financial asset or interest therein is or has been transferred by a representative imposes no duty of inquiry into the rightfulness of a transaction and is not notice of an adverse claim. However, a person who knows that a representative has transferred a financial asset or interest therein in a transaction that is, or whose proceeds are being used, for the individual benefit of the representative or otherwise in breach of duty has notice of an adverse claim.
3. An act or event that creates a right to immediate performance of the principal obligation represented by a security certificate or sets a date on or after which the certificate is to be presented or surrendered for redemption or exchange does not itself constitute notice of an adverse claim except in the case of a transfer more than:
  - a. One year after a date set for presentment or surrender for redemption or exchange; or
  - b. Six months after a date set for payment of money against presentation or surrender of the certificate, if money was available for payment on that date.
4. A purchaser of a certificated security has notice of an adverse claim if the security certificate:
  - a. Whether in bearer or registered form, has been endorsed "for collection" or "for surrender" or for some other purpose not involving transfer; or
  - b. Is in bearer form and has on it an unambiguous statement that it is the property of a person other than the transferor, but the mere writing of a name on the certificate is not such a statement.

- 1           5.   Filing of a financing statement under chapter 41-09 is not notice of an adverse  
2               claim to a financial asset.

3           **41-08-06. (8-106) Control.**

- 4           1.   A purchaser has "control" of a certificated security in bearer form if the certificated  
5               security is delivered to the purchaser.
- 6           2.   A purchaser has "control" of a certificated security in registered form if the  
7               certificated security is delivered to the purchaser, and:
- 8               a.   The certificate is endorsed to the purchaser or in blank by an effective  
9               endorsement; or
- 10              b.   The certificate is registered in the name of the purchaser, upon original issue  
11              or registration of transfer by the issuer.
- 12           3.   A purchaser has "control" of an uncertificated security if:
- 13              a.   The uncertificated security is delivered to the purchaser; or
- 14              b.   The issuer has agreed that it will comply with instructions originated by the  
15              purchaser without further consent by the registered owner.
- 16           4.   A purchaser has "control" of a security entitlement if:
- 17              a.   The purchaser becomes the entitlement holder; or
- 18              b.   The securities intermediary has agreed that it will comply with entitlement  
19              orders originated by the purchaser without further consent by the entitlement  
20              holder.
- 21           5.   If an interest in a security entitlement is granted by the entitlement holder to the  
22               entitlement holder's own securities intermediary, the securities intermediary has  
23               control.
- 24           6.   A purchaser who has satisfied the requirements of subdivision b of subsection 3 or  
25               subdivision b of subsection 4 has control even if the registered owner in the case  
26               of subdivision b of subsection 3 or the entitlement holder in the case of  
27               subdivision b of subsection 4 retains the right to make substitutions for the  
28               uncertificated security or security entitlement, to originate instructions or  
29               entitlement orders to the issuer or securities intermediary, or otherwise to deal with  
30               the uncertificated security or security entitlement.

7. An issuer or a securities intermediary may not enter into an agreement of the kind described in subdivision b of subsection 3 or subdivision b of subsection 4 without the consent of the registered owner or entitlement holder, but an issuer or a securities intermediary is not required to enter into such an agreement even though the registered owner or entitlement holder so directs. An issuer or securities intermediary that has entered into such an agreement is not required to confirm the existence of the agreement to another party unless requested to do so by the registered owner or entitlement holder.

**41-08-07. (8-107) Whether endorsement, instruction, or entitlement order is effective.**

1. "Appropriate person" means:

- a. With respect to an endorsement, the person specified by a security certificate or by an effective special endorsement to be entitled to the security;
- b. With respect to an instruction, the registered owner of an uncertificated security;
- c. With respect to an entitlement order, the entitlement holder;
- d. If the person designated in subdivision a, b, or c is deceased, the designated person's successor taking under other law or the designated person's personal representative acting for the estate of the decedent; or

- b. It is made by a person who has power under the law of agency to transfer the security or financial asset on behalf of the appropriate person, including, in the case of an instruction or entitlement order, a person who has control under subdivision b of subsection 3 or subdivision b of subsection 4 of section 41-08-06; or
- c. The appropriate person has ratified it or is otherwise precluded from asserting its ineffectiveness.

- 1           3. An endorsement, instruction, or entitlement order made by a representative is  
2           effective even if:
- 3           a. The representative has failed to comply with a controlling instrument or with  
4           the law of the state having jurisdiction of the representative relationship,  
5           including any law requiring the representative to obtain court approval of the  
6           transaction; or
- 7           b. The representative's action in making the endorsement, instruction, or  
8           entitlement order or using the proceeds of the transaction is otherwise a  
9           breach of duty.
- 10          4. If a security is registered in the name of or specially endorsed to a person  
11          described as a representative, or if a securities account is maintained in the name  
12          of a person described as a representative, an endorsement, instruction, or  
13          entitlement order made by the person is effective even though the person is no  
14          longer serving in the described capacity.
- 15          5. Effectiveness of an endorsement, instruction, or entitlement order is determined as  
16          of the date the endorsement, instruction, or entitlement order is made, and an  
17          endorsement, instruction, or entitlement order does not become ineffective by  
18          reason of any later change of circumstances.

19          **41-08-08. (8-108) Warranties in direct holding.**

- 20          1. A person who transfers a certificated security to a purchaser for value warrants to  
21          the purchaser, and an endorser, if the transfer is by endorsement, warrants to any  
22          subsequent purchaser, that:
- 23          a. The certificate is genuine and has not been materially altered;
- 24          b. The transferor or endorser does not know of any fact that might impair the  
25          validity of the security;
- 26          c. There is no adverse claim to the security;
- 27          d. The transfer does not violate any restriction on transfer;
- 28          e. If the transfer is by endorsement, the endorsement is made by an appropriate  
29          person, or if the endorsement is by an agent, the agent has actual authority to  
30          act on behalf of the appropriate person; and
- 31          f. The transfer is otherwise effective and rightful.

- 1           2. A person who originates an instruction for registration of transfer of an  
2           uncertificated security to a purchaser for value warrants to the purchaser that:  
3           a. The instruction is made by an appropriate person, or if the instruction is by an  
4           agent, the agent has actual authority to act on behalf of the appropriate  
5           person;  
6           b. The security is valid;  
7           c. There is no adverse claim to the security; and  
8           d. At the time the instruction is presented to the issuer:

11          interests, restrictions, and claims other than those specified in the  
12          instruction;  
13          (3) The transfer will not violate any restriction on transfer; and  
14          (4) The requested transfer will otherwise be effective and rightful.  
15        3. A person who transfers an uncertificated security to a purchaser for value and  
16        does not originate an instruction in connection with the transfer warrants that:  
17        a. The uncertificated security is valid;  
18        b. There is no adverse claim to the security;  
19        c. The transfer does not violate any restriction on transfer; and

23        b. The endorsement is effective.  
24        5. A person who originates an instruction for registration of transfer of an  
25        uncertificated security warrants to the issuer that:  
26        a. The instruction is effective; and  
27        b. At the time the instruction is presented to the issuer the purchaser will be  
28        entitled to the registration of transfer.  
29        6. A person who presents a certificated security for registration of transfer or for  
30        payment or exchange warrants to the issuer that the person is entitled to the  
31        registration, payment, or exchange, but a purchaser for value and without notice of

adverse claims to whom transfer is registered warrants only that the person has no knowledge of any unauthorized signature in a necessary endorsement.

7. If a person acts as agent of another in delivering a certificated security to a purchaser, the identity of the principal was known to the person to whom the certificate was delivered, and the certificate delivered by the agent was received by the agent from the principal or received by the agent from another person at the direction of the principal, the person delivering the security certificate warrants only that the delivering person has authority to act for the principal and does not know of any adverse claim to the certificated security.

8. A secured party who redelivers a security certificate received, or after payment and on order of the debtor delivers the security certificate to another person, makes only the warranties of an agent under subsection 7.

9. Except as otherwise provided in subsection 7, a broker acting for a customer makes to the issuer and a purchaser the warranties provided in subsections 1 through 6. A broker that delivers a security certificate to its customer, or causes its customer to be registered as the owner of an uncertificated security, makes to the customer the warranties provided in subsection 1 or 2, and has the rights and privileges of a purchaser under this section. The warranties of and in favor of the broker acting as an agent are in addition to applicable warranties given by and in favor of the customer.

**41-08-09. (8-109) Warranties in indirect holding.**

1. A person who originates an entitlement order to a securities intermediary warrants to the securities intermediary that:

a. The entitlement order is made by an appropriate person, or if the entitlement order is by an agent, the agent has actual authority to act on behalf of the appropriate person; and

b. There is no adverse claim to the security entitlement.

2. A person who delivers a security certificate to a securities intermediary for credit to a securities account or originates an instruction with respect to an uncertificated security directing that the uncertificated security be credited to a securities account

1           makes to the securities intermediary the warranties specified in subsection 1 or 2  
2           of section 41-08-08.

- 3           3. If a securities intermediary delivers a security certificate to its entitlement holder or  
4           causes its entitlement holder to be registered as the owner of an uncertificated  
5           security, the securities intermediary makes to the entitlement holder the warranties  
6           specified in subsection 1 or 2 of section 41-08-08.

7           **41-08-10. (8-110) Applicability - Choice of law.**

- 8           1. The local law of the issuer's jurisdiction, as specified in subsection 4, governs:  
9           a. The validity of a security;  
10           b. The rights and duties of the issuer with respect to registration of transfer;  
11           c. The effectiveness of registration of transfer by the issuer;  
12           d. Whether the issuer owes any duties to an adverse claimant to a security; and  
13           e. Whether an adverse claim can be asserted against a person to whom transfer  
14           of a certificated or uncertificated security is registered or a person who  
15           obtains control of an uncertificated security.
- 16           2. The local law of the securities intermediary's jurisdiction, as specified in  
17           subsection 5, governs:  
18           a. Acquisition of a security entitlement from the securities intermediary;  
19           b. The rights and duties of the securities intermediary and entitlement holder  
20           arising out of a security entitlement;  
21           c. Whether the securities intermediary owes any duties to an adverse claimant  
22           to a security entitlement; and  
23           d. Whether an adverse claim can be asserted against a person who acquires a  
24           security entitlement from the securities intermediary or a person who  
25           purchases a security entitlement or interest therein from an entitlement  
26           holder.
- 27           3. The local law of the jurisdiction in which a security certificate is located at the time  
28           of delivery governs whether an adverse claim can be asserted against a person to  
29           whom the security certificate is delivered.
- 30           4. "Issuer's jurisdiction" means the jurisdiction under which the issuer of the security  
31           is organized or, if permitted by the law of that jurisdiction, the law of another

jurisdiction specified by the issuer. An issuer organized under the law of this state may specify the law of another jurisdiction as the law governing the matters specified in subdivisions b through e of subsection 1.

5. The following rules determine a "securities intermediary's jurisdiction" for purposes of this section:

a. If an agreement between the securities intermediary and its entitlement holder specifies that it is governed by the law of a particular jurisdiction, that jurisdiction is the securities intermediary's jurisdiction.

b. If an agreement between the securities intermediary and its entitlement holder does not specify the governing law as provided in subdivision a, but expressly specifies that the securities account is maintained at an office in a particular jurisdiction, that jurisdiction is the securities intermediary's jurisdiction.

c. If an agreement between the securities intermediary and its entitlement holder does not specify a jurisdiction as provided in subdivision a or b, the securities intermediary's jurisdiction is the jurisdiction in which is located the office identified in an account statement as the office serving the entitlement holder's account.

d. If an agreement between the securities intermediary and its entitlement holder does not specify a jurisdiction as provided in subdivision a or b and an account statement does not identify an office serving the entitlement holder's account as provided in subdivision c, the securities intermediary's jurisdiction is the jurisdiction in which is located the chief executive office of the securities intermediary.

6. A securities intermediary's jurisdiction is not determined by the physical location of certificates representing financial assets, or by the jurisdiction in which is organized the issuer of the financial asset with respect to which an entitlement holder has a security entitlement, or by the location of facilities for data processing or other recordkeeping concerning the account.

**41-08-11. (8-111) Clearing corporation rules.** A rule adopted by a clearing corporation governing rights and obligations among the clearing corporation and its participants

1 in the clearing corporation is effective even if the rule conflicts with this Act and affects another  
2 party who does not consent to the rule.

3 **41-08-12. (8-112) Creditor's legal process.**

4 1. The interest of a debtor in a certificated security may be reached by a creditor only  
5 by actual seizure of the security certificate by the officer making the attachment or  
6 levy, except as otherwise provided in subsection 4. However, a certificated  
7 security for which the certificate has been surrendered to the issuer may be  
8 reached by a creditor by legal process upon the issuer.

9 2. The interest of a debtor in an uncertificated security may be reached by a creditor  
10 only by legal process upon the issuer at its chief executive office in the United  
11 States, except as otherwise provided in subsection 4.

12 3. The interest of a debtor in a security entitlement may be reached by a creditor only  
13 by legal process upon the securities intermediary with whom the debtor's securities  
14 account is maintained, except as otherwise provided in subsection 4.

15 4. The interest of a debtor in a certificated security for which the certificate is in the  
16 possession of a secured party, or in an uncertificated security registered in the  
17 name of a secured party, or a security entitlement maintained in the name of a  
18 secured party, may be reached by a creditor by legal process upon the secured  
19 party.

20 5. A creditor whose debtor is the owner of a certificated security, uncertificated  
21 security, or security entitlement is entitled to aid from a court of competent  
22 jurisdiction, by injunction or otherwise, in reaching the certificated security,  
23 uncertificated security, or security entitlement or in satisfying the claim by means  
24 allowed at law or in equity in regard to property that cannot readily be reached by  
25 other legal process.

26 **41-08-13. (8-113) Statute of frauds inapplicable.** A contract or modification of a  
27 contract for the sale or purchase of a security is enforceable whether or not there is a writing  
28 signed or record authenticated by a party against whom enforcement is sought, even if the  
29 contract or modification is not capable of performance within one year of its making.

30 **41-08-14. (8-114) Evidentiary rules concerning certificated securities.** The  
31 following rules apply in an action on a certificated security against the issuer:

- 1           1. Unless specifically denied in the pleadings, each signature on a security certificate
- 2           or in a necessary endorsement is admitted.
- 3           2. If the effectiveness of a signature is put in issue, the burden of establishing
- 4           effectiveness is on the party claiming under the signature, but the signature is
- 5           presumed to be genuine or authorized.
- 6           3. If signatures on a security certificate are admitted or established, production of the
- 7           certificate entitles a holder to recover on it unless the defendant establishes a
- 8           defense or a defect going to the validity of the security.
- 9           4. If it is shown that a defense or defect exists, the plaintiff has the burden of
- 10          establishing that the plaintiff or some person under whom the plaintiff claims is a
- 11          person against whom the defense or defect cannot be asserted.

12           **41-08-15. (8-115) Securities intermediary and others not liable to adverse**

13 **claimant.** A securities intermediary that has transferred a financial asset pursuant to an

14 effective entitlement order, or a broker or other agent or bailee that has dealt with a financial

15 asset at the direction of its customer or principal, is not liable to a person having an adverse

16 claim to the financial asset, unless the securities intermediary, or broker or other agent or

17 bailee:

- 18           1. Took the action after it had been served with an injunction, restraining order, or
- 19           other legal process enjoining it from doing so, issued by a court of competent
- 20           jurisdiction, and had a reasonable opportunity to act on the injunction, restraining
- 21           order, or other legal process; or
- 22           2. Acted in collusion with the wrongdoer in violating the rights of the adverse
- 23           claimant; or
- 24           3. In the case of a security certificate that has been stolen, acted with notice of the
- 25           adverse claim.

26           **41-08-16. (8-116) Securities intermediary as purchaser for value.** A securities

27 intermediary that receives a financial asset and establishes a security entitlement to the

28 financial asset in favor of an entitlement holder is a purchaser for value of the financial asset. A

29 securities intermediary that acquires a security entitlement to a financial asset from another

30 securities intermediary acquires the security entitlement for value if the securities intermediary

1 acquiring the security entitlement establishes a security entitlement to the financial asset in  
2 favor of an entitlement holder.

3 **41-08-17. (8-201) Issuer.**

4 1. With respect to an obligation on or a defense to a security, an "issuer" includes a  
5 person who:

6 a. Places or authorizes the placing of its name on a security certificate, other  
7 than as authenticating trustee, registrar, transfer agent, or the like, to  
8 evidence a share, participation, or other interest in its property or in an  
9 enterprise, or to evidence its duty to perform an obligation represented by the  
10 certificate;

11 b. Creates a share, participation, or other interest in its property or in an  
12 enterprise, or undertakes an obligation, that is an uncertificated security;

13 c. Directly or indirectly creates a fractional interest in its rights or property, if the  
14 fractional interest is represented by a security certificate; or

15 d. Becomes responsible for, or in place of, another person described as an  
16 issuer in this section.

17 2. With respect to an obligation on or defense to a security, a guarantor is an issuer  
18 to the extent of its guaranty, whether or not its obligation is noted on a security  
19 certificate.

20 3. With respect to a registration of a transfer, issuer means a person on whose behalf  
21 transfer books are maintained.

22 **41-08-18. (8-202) Issuer's responsibility and defenses - Notice of defect or**  
23 **defense.**

24 1. Even against a purchaser for value and without notice, the terms of a certificated  
25 security include terms stated on the certificate and terms made part of the security  
26 by reference on the certificate to another instrument, indenture, or document or to  
27 a constitution, statute, ordinance, rule, regulation, order, or the like, to the extent  
28 the terms referred to do not conflict with terms stated on the certificate. A  
29 reference under this subsection does not of itself charge a purchaser for value with  
30 notice of a defect going to the validity of the security, even if the certificate  
31 expressly states that a person accepting it admits notice. The terms of an

uncertificated security include those stated in any instrument, indenture, or document or in a constitution, statute, ordinance, rule, regulation, order, or the like, pursuant to which the security is issued.

2. The following rules apply if an issuer asserts that a security is not valid:

a. A security other than one issued by a government or governmental subdivision, agency, or instrumentality, even though issued with a defect going to its validity, is valid in the hands of a purchaser for value and without notice of the particular defect unless the defect involves a violation of a constitutional provision. In that case, the security is valid in the hands of a purchaser for value and without notice of the defect, other than one who takes by original issue.

b. Subdivision a applies to an issuer that is a government or governmental subdivision, agency, or instrumentality only if there has been substantial compliance with the legal requirements governing the issue or the issuer has received a substantial consideration for the issue as a whole or for the particular security and a stated purpose of the issue is one for which the issuer has power to borrow money or issue the security.

3. Except as otherwise provided in section 41-08-21, lack of genuineness of a certificated security is a complete defense, even against a purchaser for value and without notice.

4. All other defenses of the issuer of a security, including nondelivery and conditional delivery of a certificated security, are ineffective against a purchaser for value who has taken the certificated security without notice of the particular defense.

5. This section does not affect the right of a party to cancel a contract for a security "when, as and if issued" or "when distributed" in the event of a material change in the character of the security that is the subject of the contract or in the plan or arrangement pursuant to which the security is to be issued or distributed.

6. If a security is held by a securities intermediary against whom an entitlement holder has a security entitlement with respect to the security, the issuer may not assert any defense that the issuer could not assert if the entitlement holder held the security directly.

1       **41-08-19. (8-203) Staleness as notice of defect or defense.** After an act or event,  
2 other than a call that has been revoked, creating a right to immediate performance of the  
3 principal obligation represented by a certificated security or setting a date on or after which the  
4 security is to be presented or surrendered for redemption or exchange, a purchaser is charged  
5 with notice of any defect in its issue or defense of the issuer, if the act or event:

- 6       1. Requires the payment of money, the delivery of a certificated security, the  
7 registration of transfer of an uncertificated security, or any of them on presentation  
8 or surrender of the security certificate, the money or security is available on the  
9 date set for payment or exchange, and the purchaser takes the security more than  
10 one year after that date; or
- 11       2. Is not covered by subsection 1 and the purchaser takes the security more than two  
12 years after the date set for surrender or presentation or the date on which  
13 performance became due.

14       **41-08-20. (8-204) Effect of issuer's restriction on transfer.** A restriction on transfer  
15 of a security imposed by the issuer, even if otherwise lawful, is ineffective against a person  
16 without knowledge of the restriction unless:

- 17       1. The security is certificated and the restriction is noted conspicuously on the  
18 security certificate; or
- 19       2. The security is uncertificated and the registered owner has been notified of the  
20 restriction.

21       **41-08-21. (8-205) Effect of unauthorized signature on security certificate.** An  
22 unauthorized signature placed on a security certificate before or in the course of issue is  
23 ineffective, but the signature is effective in favor of a purchaser for value of the certificated  
24 security if the purchaser is without notice of the lack of authority and the signing has been done  
25 by:

- 26       1. An authenticating trustee, registrar, transfer agent, or other person entrusted by  
27 the issuer with the signing of the security certificate or of similar security  
28 certificates, or the immediate preparation for signing of any of them; or
- 29       2. An employee of the issuer, or of any of the persons listed in subsection 1,  
30 entrusted with responsible handling of the security certificate.

31       **41-08-22. (8-206) Completion or alteration of security certificate.**

1       1. If a security certificate contains the signatures necessary to its issue or transfer but  
2       is incomplete in any other respect:

3       a. Any person may complete it by filling in the blanks as authorized; and

4       b. Even if the blanks are incorrectly filled in, the security certificate as completed  
5       is enforceable by a purchaser who took it for value and without notice of the  
6       incorrectness.

7       2. A complete security certificate that has been improperly altered, even if  
8       fraudulently, remains enforceable, but only according to its original terms.

9       **41-08-23. (8-207) Rights and duties of issuer with respect to registered owners.**

10      1. Before due presentment for registration of transfer of a certificated security in  
11      registered form or of an instruction requesting registration of transfer of an  
12      uncertificated security, the issuer or indenture trustee may treat the registered  
13      owner as the person exclusively entitled to vote, receive notifications, and  
14      otherwise exercise all the rights and powers of an owner.

15      2. This chapter does not affect the liability of the registered owner of a security for a  
16      call, assessment, or the like.

17      **41-08-24. (8-208) Effect of signature of authenticating trustee, registrar, or**  
18      **transfer agent.**

19      1. A person signing a security certificate as authenticating trustee, registrar, transfer  
20      agent, or the like, warrants to a purchaser for value of the certificated security, if  
21      the purchaser is without notice of a particular defect, that:

22      a. The certificate is genuine;

23      b. The person's own participation in the issue of the security is within the  
24      person's capacity and within the scope of the authority received by the person  
25      from the issuer; and

26      c. The person has reasonable grounds to believe that the certificated security is  
27      in the form and within the amount the issuer is authorized to issue.

28      2. Unless otherwise agreed, a person signing under subsection 1 does not assume  
29      responsibility for the validity of the security in other respects.

1       **41-08-25. (8-209) Issuer's lien.** A lien in favor of an issuer upon a certificated security  
2 is valid against a purchaser only if the right of the issuer to the lien is noted conspicuously on  
3 the security certificate.

4       **41-08-26. (8-210) Overissue.**

- 5       1. In this section, "overissue" means the issue of securities in excess of the amount  
6 the issuer has corporate power to issue, but an overissue does not occur if  
7 appropriate action has cured the overissue.
- 8       2. Except as otherwise provided in subsections 3 and 4, the provisions of this chapter  
9 which validate a security or compel its issue or reissue do not apply to the extent  
10 that validation, issue, or reissue would result in overissue.
- 11       3. If an identical security not constituting an overissue is reasonably available for  
12 purchase, a person entitled to issue or validation may compel the issuer to  
13 purchase the security and deliver it if certificated or register its transfer if  
14 uncertificated against surrender of any security certificate the person holds.
- 15       4. If a security is not reasonably available for purchase, a person entitled to issue or  
16 validation may recover from the issuer the price the person or the last purchaser  
17 for value paid for it with interest from the date of the person's demand.

18       **41-08-27. (8-301) Delivery.**

- 19       1. Delivery of a certificated security to a purchaser occurs when:
- 20       a. The purchaser acquires possession of the security certificate;
- 21       b. Another person, other than a securities intermediary, either acquires  
22 possession of the security certificate on behalf of the purchaser or, having  
23 previously acquired possession of the certificate, acknowledges that it holds  
24 for the purchaser; or
- 25       c. A securities intermediary acting on behalf of the purchaser acquires  
26 possession of the security certificate, only if the certificate is in registered  
27 form and has been specially endorsed to the purchaser by an effective  
28 endorsement.
- 29       2. Delivery of an uncertificated security to a purchaser occurs when:
- 30       a. The issuer registers the purchaser as the registered owner, upon original  
31 issue or registration of transfer; or

- 1           b. Another person, other than a securities intermediary, either becomes the  
2           registered owner of the uncertificated security on behalf of the purchaser or,  
3           having previously become the registered owner, acknowledges that it holds  
4           for the purchaser.

5           **41-08-28. (8-302) Rights of purchaser.**

- 6           1. Except as otherwise provided in subsections 2 and 3, upon delivery of a  
7           certificated or uncertificated security to a purchaser, the purchaser acquires all  
8           rights in the security that the transferor had or had power to transfer.  
9           2. A purchaser of a limited interest acquires rights only to the extent of the interest  
10          purchased.  
11          3. A purchaser of a certificated security who as a previous holder had notice of an  
12          adverse claim does not improve its position by taking from a protected purchaser.

13          **41-08-29. (8-303) Protected purchaser.**

- 14          1. "Protected purchaser" means a purchaser of a certificated or uncertificated  
15          security, or of an interest therein, who:  
16               a. Gives value;  
17               b. Does not have notice of any adverse claim to the security; and  
18               c. Obtains control of the certificated or uncertificated security.  
19          2. In addition to acquiring the rights of a purchaser, a protected purchaser also  
20          acquires its interest in the security free of any adverse claim.

21          **41-08-30. (8-304) Endorsement.**

- 22          1. An endorsement may be in blank or special. An endorsement in blank includes an  
23          endorsement to bearer. A special endorsement specifies to whom a security is to  
24          be transferred or who has power to transfer it. A holder may convert a blank  
25          endorsement to a special endorsement.  
26          2. An endorsement purporting to be only of part of a security certificate representing  
27          units intended by the issuer to be separately transferable is effective to the extent  
28          of the endorsement.  
29          3. An endorsement, whether special or in blank, does not constitute a transfer until  
30          delivery of the certificate on which it appears or, if the endorsement is on a  
31          separate document, until delivery of both the document and the certificate.

1       4. If a security certificate in registered form has been delivered to a purchaser without  
2       a necessary endorsement, the purchaser may become a protected purchaser only  
3       when the endorsement is supplied. However, against a transferor, a transfer is  
4       complete upon delivery and the purchaser has a specifically enforceable right to  
5       have any necessary endorsement supplied.

6       5. An endorsement of a security certificate in bearer form may give notice of an  
7       adverse claim to the certificate, but it does not otherwise affect a right to  
8       registration that the holder possesses.

9       6. Unless otherwise agreed, a person making an endorsement assumes only the  
10      obligations provided in section 41-08-08 and not an obligation that the security will  
11      be honored by the issuer.

12      **41-08-31. (8-305) Instruction.**

13      1. If an instruction has been originated by an appropriate person but is incomplete in  
14      any other respect, any person may complete it as authorized and the issuer may  
15      rely on it as completed, even though it has been completed incorrectly.

16      2. Unless otherwise agreed, a person initiating an instruction assumes only the  
17      obligations imposed by section 41-08-08 and not an obligation that the security will  
18      be honored by the issuer.

19      **41-08-32. (8-306) Effect of guaranteeing signature, endorsement, or instruction.**

20      1. A person who guarantees a signature of an endorser of a security certificate  
21      warrants that at the time of signing:

22          a. The signature was genuine;

23          b. The signer was an appropriate person to endorse, or if the signature is by an  
24          agent, the agent had actual authority to act on behalf of the appropriate  
25          person; and

26          c. The signer had legal capacity to sign.

27      2. A person who guarantees a signature of the originator of an instruction warrants  
28      that at the time of signing:

29          a. The signature was genuine;

30          b. The signer was an appropriate person to originate the instruction, or if the  
31          signature is by an agent, the agent had actual authority to act on behalf of the

appropriate person, if the person specified in the instruction as the registered owner was, in fact, the registered owner, as to which fact the signature guarantor does not make a warranty; and

c. The signer had legal capacity to sign.

3. A person who specially guarantees the signature of an originator of an instruction makes the warranties of a signature guarantor under subsection 2 and also warrants that at the time the instruction is presented to the issuer:

a. The person specified in the instruction as the registered owner of the uncertificated security will be the registered owner; and

b. The transfer of the uncertificated security requested in the instruction will be registered by the issuer free from all liens, security interests, restrictions, and claims other than those specified in the instruction.

4. A guarantor under subsections 1 and 2 or a special guarantor under subsection 3 does not otherwise warrant the rightfulness of the transfer.

5. A person who guarantees an endorsement of a security certificate makes the warranties of a signature guarantor under subsection 1 and also warrants the rightfulness of the transfer in all respects.

6. A person who guarantees an instruction requesting the transfer of an uncertificated security makes the warranties of a special signature guarantor under subsection 3 and also warrants the rightfulness of the transfer in all respects.

7. An issuer may not require a special guaranty of signature, a guaranty of endorsement, or a guaranty of instruction as a condition to registration of transfer.

8. The warranties under this section are made to a person taking or dealing with the security in reliance on the guaranty, and the guarantor is liable to the person for loss resulting from their breach. An endorser or originator of an instruction whose signature, endorsement, or instruction has been guaranteed is liable to a guarantor for any loss suffered by the guarantor as a result of breach of the warranties of the guarantor.

**41-08-33. (8-307) Purchaser's right to requisites for registration of transfer.**

Unless otherwise agreed, the transferor of a security on due demand shall supply the purchaser with proof of authority to transfer or with any other requisite necessary to obtain

1 registration of the transfer of the security, but if the transfer is not for value, a transferor need  
2 not comply unless the purchaser pays the necessary expenses. If the transferor fails within a  
3 reasonable time to comply with the demand, the purchaser may reject or rescind the transfer.

4 **41-08-34. (8-401) Duty of issuer to register transfer.**

5 1. If a certificated security in registered form is presented to an issuer with a request  
6 to register transfer or an instruction is presented to an issuer with a request to  
7 register transfer of an uncertificated security, the issuer shall register the transfer  
8 as requested if:

- 9 a. Under the terms of the security the person seeking registration of transfer is  
10 eligible to have the security registered in its name;  
11 b. The endorsement or instruction is made by the appropriate person or by an  
12 agent who has actual authority to act on behalf of the appropriate person;  
13 c. Reasonable assurance is given that the endorsement or instruction is genuine  
14 and authorized (section 41-08-35);  
15 d. Any applicable law relating to the collection of taxes has been complied with;  
16 e. The transfer does not violate any restriction on transfer imposed by the issuer  
17 in accordance with section 41-08-20;  
18 f. A demand that the issuer not register transfer has not become effective under  
19 section 41-08-36, or the issuer has complied with subsection 2 of section  
20 41-08-36 but no legal process or indemnity bond is obtained as provided in  
21 subsection 4 of section 41-08-36; and  
22 g. The transfer is in fact rightful or is to a protected purchaser.

23 2. If an issuer is under a duty to register a transfer of a security, the issuer is liable to  
24 a person presenting a certificated security or an instruction for registration or to the  
25 person's principal for loss resulting from unreasonable delay in registration or  
26 failure or refusal to register the transfer.

27 **41-08-35. (8-402) Assurance that endorsement or instruction is effective.**

28 1. An issuer may require the following assurance that each necessary endorsement  
29 or each instruction is genuine and authorized:

- 1           a. In all cases, a guaranty of the signature of the person making an  
2           endorsement or originating an instruction including, in the case of an  
3           instruction, reasonable assurance of identity;  
4           b. If the endorsement is made or the instruction is originated by an agent,  
5           appropriate assurance of actual authority to sign;  
6           c. If the endorsement is made or the instruction is originated by a fiduciary  
7           pursuant to subdivision d or e of subsection 1 of section 41-08-07,  
8           appropriate evidence of appointment or incumbency;  
9           d. If there is more than one fiduciary, reasonable assurance that all who are  
10          required to sign have done so; and  
11          e. If the endorsement is made or the instruction is originated by a person not  
12          covered by another provision of this subsection, assurance appropriate to the  
13          case corresponding as nearly as may be to the provisions of this subsection.  
14        2. An issuer may elect to require reasonable assurance beyond that specified in this  
15        section.  
16        3. In this section:  
17          a. "Appropriate evidence of appointment or incumbency" means:  
18            (1) In the case of a fiduciary appointed or qualified by a court, a certificate  
19            issued by or under the direction or supervision of the court or an officer  
20            thereof and dated within sixty days before the date of presentation for  
21            transfer; or  
22            (2) In any other case, a copy of a document showing the appointment or a  
23            certificate issued by or on behalf of a person reasonably believed by an  
24            issuer to be responsible or, in the absence of that document or  
25            certificate, other evidence the issuer reasonably considers appropriate.  
26          b. "Guaranty of the signature" means a guaranty signed by or on behalf of a  
27            person reasonably believed by the issuer to be responsible. An issuer may  
28            adopt standards with respect to responsibility if they are not manifestly  
29            unreasonable.  
30        **41-08-36. (8-403) Demand that issuer not register transfer.**

- 1       1. A person who is an appropriate person to make an endorsement or originate an  
2       instruction may demand that the issuer not register transfer of a security by  
3       communicating to the issuer a notification that identifies the registered owner and  
4       the issue of which the security is a part and provides an address for  
5       communications directed to the person making the demand. The demand is  
6       effective only if it is received by the issuer at a time and in a manner affording the  
7       issuer reasonable opportunity to act on it.
- 8       2. If a certificated security in registered form is presented to an issuer with a request  
9       to register transfer or an instruction is presented to an issuer with a request to  
10      register transfer of an uncertificated security after a demand that the issuer not  
11      register transfer has become effective, the issuer shall promptly communicate to  
12      (a) the person who initiated the demand at the address provided in the demand  
13      and (b) the person who presented the security for registration of transfer or  
14      initiated the instruction requesting registration of transfer a notification stating that:
  - 15      a. The certificated security has been presented for registration of transfer or the  
16      instruction for registration of transfer of the uncertificated security has been  
17      received;
  - 18      b. A demand that the issuer not register transfer had previously been received;  
19      and
  - 20      c. The issuer will withhold registration of transfer for a period of time stated in  
21      the notification in order to provide the person who initiated the demand an  
22      opportunity to obtain legal process or an indemnity bond.
- 23      3. The period described in subdivision c of subsection 2 may not exceed thirty days  
24      after the date of communication of the notification. A shorter period may be  
25      specified by the issuer if it is not manifestly unreasonable.
- 26      4. An issuer is not liable to a person who initiated a demand that the issuer not  
27      register transfer for any loss the person suffers as a result of registration of a  
28      transfer pursuant to an effective endorsement or instruction if the person who  
29      initiated the demand does not, within the time stated in the issuer's communication,  
30      either:

- a. Obtain an appropriate restraining order, injunction, or other process from a court of competent jurisdiction enjoining the issuer from registering the transfer; or
  - b. File with the issuer an indemnity bond, sufficient in the issuer's judgment to protect the issuer and any transfer agent, registrar, or other agent of the issuer involved from any loss it or they may suffer by refusing to register the transfer.
5. This section does not relieve an issuer from liability for registering transfer pursuant to an endorsement or instruction that was not effective.

**41-08-37. (8-404) Wrongful registration.**

1. Except as otherwise provided in section 41-08-39, an issuer is liable for wrongful registration of transfer if the issuer has registered a transfer of a security to a person not entitled to it, and the transfer was registered:
  - a. Pursuant to an ineffective endorsement or instruction;
  - b. After a demand that the issuer not register transfer became effective under subsection 1 of section 41-08-36 and the issuer did not comply with subsection 2 of section 41-08-36;
  - c. After the issuer had been served with an injunction, restraining order, or other legal process enjoining it from registering the transfer, issued by a court of competent jurisdiction, and the issuer had a reasonable opportunity to act on the injunction, restraining order, or other legal process; or
  - d. By an issuer acting in collusion with the wrongdoer.
2. An issuer that is liable for wrongful registration of transfer under subsection 1 on demand shall provide the person entitled to the security with a like certificated or uncertificated security, and any payments or distributions that the person did not receive as a result of the wrongful registration. If an overissue would result, the issuer's liability to provide the person with a like security is governed by section 41-08-26.
3. Except as otherwise provided in subsection 1 or in a law relating to the collection of taxes, an issuer is not liable to an owner or other person suffering loss as a

1           result of the registration of a transfer of a security if registration was made  
2           pursuant to an effective endorsement or instruction.

3           **41-08-38. (8-405) Replacement of lost, destroyed, or wrongfully taken security**  
4 **certificate.**

- 5           1. If an owner of a certificated security, whether in registered or bearer form, claims  
6           that the certificate has been lost, destroyed, or wrongfully taken, the issuer shall  
7           issue a new certificate if the owner:  
8           a. So requests before the issuer has notice that the certificate has been  
9           acquired by a protected purchaser;  
10          b. Files with the issuer a sufficient indemnity bond; and  
11          c. Satisfies other reasonable requirements imposed by the issuer.  
12          2. If, after the issue of a new security certificate, a protected purchaser of the original  
13          certificate presents it for registration of transfer, the issuer shall register the  
14          transfer unless an overissue would result. In that case, the issuer's liability is  
15          governed by section 41-08-26. In addition to any rights on the indemnity bond, an  
16          issuer may recover the new certificate from a person to whom it was issued or any  
17          person taking under that person, except a protected purchaser.

18          **41-08-39. (8-406) Obligation to notify issuer of lost, destroyed, or wrongfully**  
19 **taken security certificate.** If a security certificate has been lost, apparently destroyed, or  
20 wrongfully taken, and the owner fails to notify the issuer of that fact within a reasonable time  
21 after the owner has notice of it and the issuer registers a transfer of the security before  
22 receiving notification, the owner may not assert against the issuer a claim for registering the  
23 transfer under section 41-08-37 or a claim to a new security certificate under section 41-08-38.

24          **41-08-40. (8-407) Authenticating trustee, transfer agent, and registrar.** A person  
25 acting as authenticating trustee, transfer agent, registrar, or other agent for an issuer in the  
26 registration of a transfer of its securities, in the issue of new security certificates or  
27 uncertificated securities, or in the cancellation of surrendered security certificates has the same  
28 obligation to the holder or owner of a certificated or uncertificated security with regard to the  
29 particular functions performed as the issuer has in regard to those functions.

30          **41-08-41. (8-501) Securities account - Acquisition of security entitlement from**  
31 **securities intermediary.**

- 1           1. "Securities account" means an account to which a financial asset is or may be  
2           credited in accordance with an agreement under which the person maintaining the  
3           account undertakes to treat the person for whom the account is maintained as  
4           entitled to exercise the rights that comprise the financial asset.
- 5           2. Except as otherwise provided in subsections 4 and 5, a person acquires a security  
6           entitlement if a securities intermediary:
  - 7           a. Indicates by book entry that a financial asset has been credited to the  
8           person's securities account;
  - 9           b. Receives a financial asset from the person or acquires a financial asset for  
10           the person and, in either case, accepts it for credit to the person's securities  
11           account; or
  - 12           c. Becomes obligated under other law, regulation, or rule to credit a financial  
13           asset to the person's securities account.
- 14          3. If a condition of subsection 2 has been met, a person has a security entitlement  
15          even though the securities intermediary does not itself hold the financial asset.
- 16          4. If a securities intermediary holds a financial asset for another person, and the  
17          financial asset is registered in the name of, payable to the order of, or specially  
18          endorsed to the other person, and has not been endorsed to the securities  
19          intermediary or in blank, the other person is treated as holding the financial asset  
20          directly rather than as having a security entitlement with respect to the financial  
21          asset.
- 22          5. Issuance of a security is not establishment of a security entitlement.

23           **41-08-42. (8-502) Assertion of adverse claim against entitlement holder.** An  
24           action based on an adverse claim to a financial asset, whether framed in conversion, replevin,  
25           constructive trust, equitable lien, or other theory, may not be asserted against a person who  
26           acquires a security entitlement under section 41-08-41 for value and without notice of the  
27           adverse claim.

28           **41-08-43. (8-503) Property interest of entitlement holder in financial asset held by**  
29           **securities intermediary.**

- 30           1. To the extent necessary for a securities intermediary to satisfy all security  
31           entitlements with respect to a particular financial asset, all interests in that financial

asset held by the securities intermediary are held by the securities intermediary for the entitlement holders, are not property of the securities intermediary, and are not subject to claims of creditors of the securities intermediary, except as otherwise provided in section 41-08-51.

2. An entitlement holder's property interest with respect to a particular financial asset under subsection 1 is a pro rata property interest in all interests in that financial asset held by the securities intermediary, without regard to the time the entitlement holder acquired the security entitlement or the time the securities intermediary acquired the interest in that financial asset.

3. An entitlement holder's property interest with respect to a particular financial asset under subsection 1 may be enforced against the securities intermediary only by exercise of the entitlement holder's rights under sections 41-08-45 through 41-08-48.

4. An entitlement holder's property interest with respect to a particular financial asset under subsection 1 may be enforced against a purchaser of the financial asset or interest therein only if:

- a. Insolvency proceedings have been initiated by or against the securities intermediary;
- b. The securities intermediary does not have sufficient interests in the financial asset to satisfy the security entitlements of all of its entitlement holders to that financial asset;
- c. The securities intermediary violated its obligations under section 41-08-44 by transferring the financial asset or interest therein to the purchaser; and
- d. The purchaser is not protected under subsection 5.

The trustee or other liquidator, acting on behalf of all entitlement holders having security entitlements with respect to a particular financial asset, may recover the financial asset, or interest therein, from the purchaser. If the trustee or other liquidator elects not to pursue that right, an entitlement holder whose security entitlement remains unsatisfied has the right to recover its interest in the financial asset from the purchaser.

5. An action based on the entitlement holder's property interest with respect to a particular financial asset under subsection 1, whether framed in conversion, replevin, constructive trust, equitable lien, or other theory, may not be asserted against any purchaser of a financial asset or interest therein who gives value, obtains control, and does not act in collusion with the securities intermediary in violating the securities intermediary's obligations under section 41-08-44.

**41-08-44. (8-504) Duty of securities intermediary to maintain financial asset.**

1. A securities intermediary shall promptly obtain and thereafter maintain a financial asset in a quantity corresponding to the aggregate of all security entitlements it has established in favor of its entitlement holders with respect to that financial asset. The securities intermediary may maintain those financial assets directly or through one or more other securities intermediaries.
2. Except to the extent otherwise agreed by its entitlement holder, a securities intermediary may not grant any security interests in a financial asset it is obligated to maintain pursuant to subsection 1.
3. A securities intermediary satisfies the duty in subsection 1 if:
  - a. The securities intermediary acts with respect to the duty as agreed upon by the entitlement holder and the securities intermediary; or
  - b. In the absence of agreement, the securities intermediary exercises due care in accordance with reasonable commercial standards to obtain and maintain the financial asset.
4. This section does not apply to a clearing corporation that is itself the obligor of an option or similar obligation to which its entitlement holders have security entitlements.

**41-08-45. (8-505) Duty of securities intermediary with respect to payments and distributions.**

1. A securities intermediary shall take action to obtain a payment or distribution made by the issuer of a financial asset. A securities intermediary satisfies the duty if:
  - a. The securities intermediary acts with respect to the duty as agreed upon by the entitlement holder and the securities intermediary; or

b. In the absence of agreement, the securities intermediary exercises due care in accordance with reasonable commercial standards to attempt to obtain the payment or distribution.

2. A securities intermediary is obligated to its entitlement holder for a payment or distribution made by the issuer of a financial asset if the payment or distribution is received by the securities intermediary.

**41-08-46. (8-506) Duty of securities intermediary to exercise rights as directed by entitlement holder.** A securities intermediary shall exercise rights with respect to a financial asset if directed to do so by an entitlement holder. A securities intermediary satisfies the duty if:

1. The securities intermediary acts with respect to the duty as agreed upon by the entitlement holder and the securities intermediary; or

2. In the absence of agreement, the securities intermediary either places the entitlement holder in a position to exercise the rights directly or exercises due care in accordance with reasonable commercial standards to follow the direction of the entitlement holder.

**41-08-47. (8-507) Duty of securities intermediary to comply with entitlement order.**

1. A securities intermediary shall comply with an entitlement order if the entitlement order is originated by the appropriate person, the securities intermediary has had reasonable opportunity to assure itself that the entitlement order is genuine and authorized, and the securities intermediary has had reasonable opportunity to comply with the entitlement order. A securities intermediary satisfies the duty if:

a. The securities intermediary acts with respect to the duty as agreed upon by the entitlement holder and the securities intermediary; or

b. In the absence of agreement, the securities intermediary exercises due care in accordance with reasonable commercial standards to comply with the entitlement order.

2. If a securities intermediary transfers a financial asset pursuant to an ineffective entitlement order, the securities intermediary shall reestablish a security entitlement in favor of the person entitled to it, and pay or credit any payments or

distributions that the person did not receive as a result of the wrongful transfer. If the securities intermediary does not reestablish a security entitlement, the securities intermediary is liable to the entitlement holder for damages.

**41-08-48. (8-508) Duty of securities intermediary to change entitlement holder's position to other form of security holding.** A securities intermediary shall act at the direction of an entitlement holder to change a security entitlement into another available form of holding for which the entitlement holder is eligible, or to cause the financial asset to be transferred to a securities account of the entitlement holder with another securities intermediary. A securities intermediary satisfies the duty if:

1. The securities intermediary acts as agreed upon by the entitlement holder and the securities intermediary; or
2. In the absence of agreement, the securities intermediary exercises due care in accordance with reasonable commercial standards to follow the direction of the entitlement holder.

**41-08-49. (8-509) Specification of duties of securities intermediary by other statute or regulation - Manner of performance of duties of securities intermediary and exercise of rights of entitlement holder.**

1. If the substance of a duty imposed upon a securities intermediary by sections 41-08-44 through 41-08-48 is the subject of other statute, regulation, or rule, compliance with that statute, regulation, or rule satisfies the duty.
2. To the extent that specific standards for the performance of the duties of a securities intermediary or the exercise of the rights of an entitlement holder are not specified by other statute, regulation, or rule or by agreement between the securities intermediary and entitlement holder, the securities intermediary shall perform its duties and the entitlement holder shall exercise its rights in a commercially reasonable manner.
3. The obligation of a securities intermediary to perform the duties imposed by sections 41-08-44 through 41-08-48 is subject to:
  - a. Rights of the securities intermediary arising out of a security interest under a security agreement with the entitlement holder or otherwise; and

b. Rights of the securities intermediary under other law, regulation, rule, or agreement to withhold performance of its duties as a result of unfulfilled obligations of the entitlement holder to the securities intermediary.

4. Sections 41-08-44 through 41-08-48 do not require a securities intermediary to take any action that is prohibited by other statute, regulation, or rule.

**41-08-50. (8-510) Rights of purchaser of security entitlement from entitlement holder.**

1. An action based on an adverse claim to a financial asset or security entitlement, whether framed in conversion, replevin, constructive trust, equitable lien, or other theory, may not be asserted against a person who purchases a security entitlement, or an interest therein, from an entitlement holder if the purchaser gives value, does not have notice of the adverse claim, and obtains control.

2. If an adverse claim could not have been asserted against an entitlement holder under section 41-08-42, the adverse claim cannot be asserted against a person who purchases a security entitlement, or an interest therein, from the entitlement holder.

3. In a case not covered by the priority rules in chapter 41-09, a purchaser for value of a security entitlement, or an interest therein, who obtains control has priority over a purchaser of a security entitlement, or an interest therein, who does not obtain control. Purchasers who have control rank equally, except that a securities intermediary as purchaser has priority over a conflicting purchaser who has control unless otherwise agreed by the securities intermediary.

**41-08-51. (8-511) Priority among security interests and entitlement holders.**

1. Except as otherwise provided in subsections 2 and 3, if a securities intermediary does not have sufficient interests in a particular financial asset to satisfy both its obligations to entitlement holders who have security entitlements to that financial asset and its obligation to a creditor of the securities intermediary who has a security interest in that financial asset, the claims of entitlement holders, other than the creditor, have priority over the claim of the creditor.

2. A claim of a creditor of a securities intermediary who has a security interest in a financial asset held by a securities intermediary has priority over claims of the

securities intermediary's entitlement holders who have security entitlements with respect to that financial asset if the creditor has control over the financial asset.

3. If a clearing corporation does not have sufficient financial assets to satisfy both its obligations to entitlement holders who have security entitlements with respect to a financial asset and its obligation to a creditor of the clearing corporation who has a security interest in that financial asset, the claim of the creditor has priority over the claims of entitlement holders.

**41-08-52. (8-603) Savings clause.**

1. This Act does not affect an action or proceeding commenced before this Act takes effect.

2. If a security interest in a security is perfected at the date this Act takes effect and the action by which the security interest was perfected would suffice to perfect a security interest under this Act, no further action is required to continue perfection. If a security interest in a security is perfected at the date this Act takes effect but the action by which the security interest was perfected would not suffice to perfect a security interest under this Act, the security interest remains perfected for a period of four months after the effective date and continues perfected thereafter if appropriate action to perfect under this Act is taken within that period. If a security interest is perfected at the date this Act takes effect and the security interest can be perfected by filing under this Act, a financing statement signed by the secured party instead of the debtor may be filed within that period to continue perfection or thereafter to perfect.

**SECTION 8. AMENDMENT.** Subsection 6 of section 41-09-03 of the 1995

Supplement to the North Dakota Century Code is amended and reenacted as follows:

6. ~~Uncertificated securities. The law, including the conflict of laws rules, of the jurisdiction of organization of the issuer governs the perfection and the effect of perfection or nonperfection of a security interest in uncertificated securities.~~

Investment property:

- a. This subsection applies to investment property.  
b. Except as otherwise provided in subdivision f, during the time that a security certificate is located in a jurisdiction, perfection of a security interest, the

1 effect of perfection or nonperfection, and the priority of a security interest in  
2 the certificated security represented thereby are governed by the local law of  
3 that jurisdiction.

4 c. Except as otherwise provided in subdivision f, perfection of a security interest,  
5 the effect of perfection or nonperfection, and the priority of a security interest  
6 in an uncertificated security are governed by the local law of the issuer's  
7 jurisdiction as specified in subsection 4 of section 41-08-10.

8 d. Except as otherwise provided in subdivision f, perfection of a security interest,  
9 the effect of perfection or nonperfection, and the priority of a security interest  
10 in a security entitlement or securities account are governed by the local law of  
11 the securities intermediary's jurisdiction as specified in subsection 5 of section  
12 41-08-10.

13 e. Except as otherwise provided in subdivision f, perfection of a security interest,  
14 the effect of perfection or nonperfection, and the priority of a security interest  
15 in a commodity contract or commodity account are governed by the local law  
16 of the commodity intermediary's jurisdiction. The following rules determine a  
17 "commodity intermediary's jurisdiction" for purposes of this subdivision:

18 (1) If an agreement between the commodity intermediary and commodity  
19 customer specifies that it is governed by the law of a particular  
20 jurisdiction, that jurisdiction is the commodity intermediary's jurisdiction.

21 (2) If an agreement between the commodity intermediary and commodity  
22 customer does not specify the governing law as provided in  
23 paragraph 1, but expressly specifies that the commodity account is  
24 maintained at an office in a particular jurisdiction, that jurisdiction is the  
25 commodity intermediary's jurisdiction.

26 (3) If an agreement between the commodity intermediary and commodity  
27 customer does not specify a jurisdiction as provided in paragraph 1  
28 or 2, the commodity intermediary's jurisdiction is the jurisdiction in  
29 which is located the office identified in an account statement as the  
30 office serving the commodity customer's account.

(4) If an agreement between the commodity intermediary and commodity customer does not specify a jurisdiction as provided in paragraph 1 or 2 and an account statement does not identify an office serving the commodity customer's account as provided in paragraph 3, the commodity intermediary's jurisdiction is the jurisdiction in which is located the chief executive office of the commodity intermediary.

f. Perfection of a security interest by filing, automatic perfection of a security interest in investment property granted by a broker or securities intermediary, and automatic perfection of a security interest in a commodity contract or commodity account granted by a commodity intermediary are governed by the local law of the jurisdiction in which the debtor is located.

**SECTION 9. AMENDMENT.** Section 41-09-05 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**41-09-05. (9-105) Definitions and index of definitions.**

1. In this chapter unless the context otherwise requires:

- a. "Account debtor" means the person who is obligated on an account, chattel paper, or general intangible.
- b. "Chattel paper" means a writing or writings which evidence both a monetary obligation and a security interest in or a lease of specific goods; <sup>1</sup> but a charter or other contract involving the use or hire of a vessel is not a chattel paper. When a transaction is evidenced both by such a security agreement or a lease and by an instrument or a series of instruments, the group of writings taken together constitutes chattel paper.
- c. "Collateral" means the property subject to a security interest, and includes accounts and chattel paper which have been sold.
- d. "Debtor" means the person who owes payment or other performance of the obligation secured, whether or not ~~he~~ the person owns or has rights in the collateral, and includes the seller of accounts or chattel paper. Where the debtor and the owner of the collateral are not the same person, the term "debtor" means the owner of the collateral in any provision of the chapter

1 dealing with the collateral, the obligor in any provision dealing with the  
2 obligation, and may include both where the context so requires.

3 e. "Deposit account" means a demand, time, savings, passbook, or like account  
4 maintained with a bank, savings and loan association, credit union, or like  
5 organization, other than an account evidenced by a certificate of deposit.

6 f. "Document" means document of title as defined in the general definitions of  
7 chapter 41-01 (section 41-01-11), and a receipt of the kind described in  
8 subsection 2 of section 41-07-07.

9 g. "Encumbrance" includes real estate mortgages and other liens on real estate  
10 and all other rights in real estate that are not ownership interests.

11 h. "Goods" includes all things which are movable at the time the security interest  
12 attaches or which are fixtures (section 41-09-34), but does not include money,

16 removed under a conveyance or contract for sale, the unborn young of  
17 animals, and growing crops.

18 i. "Instrument" means a negotiable instrument (defined in section 41-03-04), ~~a~~  
19 ~~certificated security (defined in section 41-08-02)~~, or any other writing that  
20 evidences a right to the payment of money and is not itself a security  
21 agreement or lease and is of a type that in the ordinary course of business is  
22 transferred by delivery with any necessary endorsement or assignment. The  
23 term does not include investment property.

24 j. "Mortgage" means a consensual interest created by a real estate mortgage, a  
25 trust deed on real estate, or the like.

26 k. An advance is made "pursuant to commitment" if ~~the a~~ a secured party ~~has~~

28 default or other event not within ~~his~~ a secured party's control has relieved or  
29 may relieve ~~him~~ it from ~~his~~ its obligation.

30 l. "Secured party" means a lender, seller, or other person in whose favor there

22 **SECTION 10. AMENDMENT.** Section 41-09-06 of the North Dakota Century Code is  
23 amended and reenacted as follows:

24 **41-09-06. (9-106) "Account" and "general intangibles" defined.** "Account" means  
25 any right to payment for goods sold or leased or for services rendered which is not evidenced  
26 by an instrument or chattel paper whether or not it has been earned by performance. "General  
27 intangibles" means any personal property (including things in action) other than goods,  
28 accounts, chattel paper, documents, instruments, investment property, and money. All rights to  
29 payment earned or unearned under a charter or other contract involving the use or hire of a  
30 vessel and all rights incident to the charter or contract are accounts.

1           **SECTION 11.** A new section to chapter 41-09 of the North Dakota Century Code is  
2 created and enacted as follows:

3           **(9-115) Investment property.**

4           1. In this chapter:

- 5           a. "Commodity account" means an account maintained by a commodity  
6 intermediary in which a commodity contract is carried for a commodity  
7 customer.
- 8           b. "Commodity contract" means a commodity futures contract, an option on a  
9 commodity futures contract, a commodity option, or other contract that, in  
10 each case, is:
- 11           (1) Traded on or subject to the rules of a board of trade that has been  
12 designated as a contract market for such a contract pursuant to the  
13 federal commodities laws; or
- 14           (2) Traded on a foreign commodity board of trade, exchange, or market,  
15 and is carried on the books of a commodity intermediary for a  
16 commodity customer.
- 17           c. "Commodity customer" means a person for whom a commodity intermediary  
18 carries a commodity contract on its books.
- 19           d. "Commodity intermediary" means:
- 20           (1) A person who is registered as a futures commission merchant under  
21 the federal commodities laws; or
- 22           (2) A person who in the ordinary course of business provides clearance or  
23 settlement services for a board of trade that has been designated as a  
24 contract market pursuant to the federal commodities laws.
- 25           e. "Control" with respect to a certificated security, uncertificated security, or  
26 security entitlement has the meaning specified in section 41-08-06. A  
27 secured party has control over a commodity contract if by agreement among  
28 the commodity customer, the commodity intermediary, and the secured party,  
29 the commodity intermediary has agreed that it will apply any value distributed  
30 on account of the commodity contract as directed by the secured party  
31 without further consent by the commodity customer. If a commodity customer

1                   grants a security interest in a commodity contract to its own commodity  
2                   intermediary, the commodity intermediary as secured party has control. A  
3                   secured party has control over a securities account or commodity account if  
4                   the secured party has control over all security entitlements or commodity  
5                   contracts carried in the securities account or commodity account.

6                   f. "Investment property" means:

7                   (1) A security, whether certificated or uncertificated;

8                   (2) A security entitlement;

9                   (3) A securities account;

10                  (4) A commodity contract; or

11                  (5) A commodity account.

12                  2. Attachment or perfection of a security interest in a securities account is also  
13                  attachment or perfection of a security interest in all security entitlements carried in  
14                  the securities account. Attachment or perfection of a security interest in a  
15                  commodity account is also attachment or perfection of a security interest in all  
16                  commodity contracts carried in the commodity account.

17                  3. A description of collateral in a security agreement or financing statement is  
18                  sufficient to create or perfect a security interest in a certificated security,  
19                  uncertificated security, security entitlement, securities account, commodity  
20                  contract, or commodity account whether it describes the collateral by those terms,  
21                  or as investment property, or by description of the underlying security, financial  
22                  asset, or commodity contract. A description of investment property collateral in a  
23                  security agreement or financing statement is sufficient if it identifies the collateral  
24                  by specific listing, by category, by quantity, by a computational or allocational  
25                  formula or procedure, or by any other method, if the identity of the collateral is  
26                  objectively determinable.

27                  4. Perfection of a security interest in investment property is governed by the following  
28                  rules:

29                  a. A security interest in investment property may be perfected by control. A  
30                  secured creditor that obtains control over any investment property to perfect a  
31                  security interest as provided by this chapter, by virtue of that conduct alone,

1                   does not control a debtor for any purpose under the federal bankruptcy code  
2                   [11 U.S.C.].

3           b.   Except as otherwise provided in subdivisions c and d, a security interest in  
4               investment property may be perfected by filing.

5           c.   If the debtor is a broker or securities intermediary, a security interest in  
6               investment property is perfected when it attaches. The filing of a financing  
7               statement with respect to a security interest in investment property granted by  
8               a broker or securities intermediary has no effect for purposes of perfection or  
9               priority with respect to that security interest.

10          d.   If a debtor is a commodity intermediary, a security interest in a commodity  
11               contract or a commodity account is perfected when it attaches. The filing of a  
12               financing statement with respect to a security interest in a commodity contract  
13               or a commodity account granted by a commodity intermediary has no effect  
14               for purposes of perfection or priority with respect to that security interest.

15          5.   Priority between conflicting security interests in the same investment property is  
16               governed by the following rules:

17          a.   A security interest of a secured party who has control over investment  
18               property has priority over a security interest of a secured party who does not  
19               have control over the investment property.

20          b.   Except as otherwise provided in subdivisions c and d, conflicting security  
21               interests of secured parties each of whom has control rank equally.

22          c.   Except as otherwise agreed by the securities intermediary, a security interest  
23               in a security entitlement or a securities account granted to the debtor's own  
24               securities intermediary has priority over any security interest granted by the  
25               debtor to another secured party.

26          d.   Except as otherwise agreed by the commodity intermediary, a security  
27               interest in a commodity contract or a commodity account granted to the  
28               debtor's own commodity intermediary has priority over any security interest  
29               granted by the debtor to another secured party.

30          e.   Conflicting security interests granted by a broker, a securities intermediary, or  
31               a commodity intermediary which are perfected without control rank equally.

f. In all other cases, priority between conflicting security interests in investment property is governed by subsections 5, 6, and 7 of section 41-09-33.

Subsection 4 of section 41-09-33 does not apply to investment property.

6. If a security certificate in registered form is delivered to a secured party pursuant to agreement, a written security agreement is not required for attachment or enforceability of the security interest, delivery suffices for perfection of the security interest, and the security interest has priority over a conflicting security interest perfected by means other than control, even if a necessary endorsement is lacking.

**SECTION 12.** A new section to chapter 41-09 of the North Dakota Century Code is created and enacted as follows:

**(9-116) Security interest arising in purchase or delivery of financial asset.**

1. If a person buys a financial asset through a securities intermediary in a transaction in which the buyer is obligated to pay the purchase price to the securities intermediary at the time of the purchase, and the securities intermediary credits the financial asset to the buyer's securities account before the buyer pays the securities intermediary, the securities intermediary has a security interest in the buyer's security entitlement securing the buyer's obligation to pay. A security agreement is not required for attachment or enforceability of the security interest, and the security interest is automatically perfected.

2. If a certificated security or other financial asset represented by a writing which in the ordinary course of business is transferred by delivery with any necessary endorsement or assignment is delivered pursuant to an agreement between persons in the business of dealing with such securities or financial assets and the agreement calls for delivery versus payment, the person delivering the certificate or other financial asset has a security interest in the certificated security or other financial asset securing the seller's right to receive payment. A security agreement is not required for attachment or enforceability of the security interest, and the security interest is automatically perfected.

**SECTION 13. AMENDMENT.** Subsection 1 of section 41-09-16 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

1           1. Subject to the provisions of section 41-04-22 on the security interest of the  
2           collecting bank, ~~section 41-08-36.4~~ sections 11 and 12 of this Act on security  
3           interests in ~~securities~~ investment property, and section 41-09-13 on a security  
4           interest arising under the chapters on sales and leases, a security interest is not  
5           enforceable against the debtor or third parties with respect to the collateral and  
6           does not attach unless all of the following take place:

- 7           a. The collateral is in the possession of the secured party pursuant to  
8           agreement, the collateral is investment property and the secured party has  
9           control pursuant to agreement, or the debtor has signed a security agreement  
10          that contains a description of the collateral and, in addition, if the security  
11          interest covers crops growing or to be grown or timber to be cut, a description  
12          of the land concerned.  
13          b. Value has been given.  
14          c. The debtor has rights in the collateral.

15           **SECTION 14. AMENDMENT.** Subsection 4 of section 41-09-16 of the 1995  
16 Supplement to the North Dakota Century Code is amended and reenacted as follows:

- 17          4. A transaction, although subject to this chapter, is also subject to chapters ~~40-18.1,~~  
18          13-03, 35-05, 49-09, and 51-13, and in the case of conflict between the provisions  
19          of this chapter and any such statute, the provisions of such statute control. Failure  
20          to comply with any applicable statute has only the effect which is specified therein.

21           **SECTION 15. AMENDMENT.** Subdivision d of subsection 1 of section 41-09-22 of the  
22 North Dakota Century Code is amended and reenacted as follows:

- 23          d. In the case of accounts ~~and~~, general intangibles, and investment property, a  
24          person who is not a secured party and who is a transferee to the extent that  
25          he person gives value without knowledge of the security interest and before it  
26          is perfected.

27           **SECTION 16. AMENDMENT.** Subsection 1 of section 41-09-23 of the 1995  
28 Supplement to the North Dakota Century Code is amended and reenacted as follows:

- 29          1. A financing statement must be filed to perfect all security interests except the  
30          following:

- a. A security interest in collateral in possession of the secured party under section 41-09-26.
- b. A security interest temporarily perfected in instruments, certificated securities, or documents without delivery under section 41-09-25 or in proceeds for a ten-day period under section 41-09-27.
- c. A security interest created by an assignment of a beneficial interest in a trust or a decedent's estate.
- d. A purchase money security interest in consumer goods; but filing is required for a motor vehicle required to be registered and fixture filing is required for priority over a conflicting real estate interest in a fixture to the extent provided in section 41-09-34.
- e. An assignment of accounts which does not alone or in conjunction with other assignments to the same assignee transfer a significant part of the outstanding accounts of the assignor.
- f. A security interest of a collecting bank (section 41-04-22) or ~~in securities (section 41-08-36.1)~~ or arising under the chapters on sales and leases (section 41-09-13) or covered in subsection 3.
- g. An assignment for the benefit of all the creditors of the transferor, and subsequent transfers by the assignee thereunder.
- h. A security interest in investment property which is perfected without filing under section 11 or 12 of this Act.

**SECTION 17. AMENDMENT.** Subsection 1 of section 41-09-24 of the North Dakota Century Code is amended and reenacted as follows:

1. A security interest is perfected when it has attached and when all of the applicable steps required for perfection have been taken. ~~Such~~ These steps are specified in sections 11 of this Act, 41-09-23, 41-09-25, 41-09-26, and 41-09-27. If ~~such~~ these steps are taken before the security interest attaches, it is perfected at the time when it attaches.

**SECTION 18. AMENDMENT.** Section 41-09-25 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**41-09-25. (9-304) Perfection of security interest in instruments, documents, and goods covered by documents - Perfection by permissive filing - Temporary perfection without filing or transfer of possession.**

1. A security interest in chattel paper or negotiable documents may be perfected by filing. A security interest in money or instruments, other than ~~certificated securities~~ or instruments that constitute part of chattel paper, can be perfected only by the secured party's taking possession, except as provided in subsections 4 and 5 of this section and subsections 2 and 3 of section 41-09-27.
2. During the period that goods are in the possession of the issuer of a negotiable document therefor, a security interest in the goods is perfected by perfecting a security interest in the document, and any security interest in the goods otherwise perfected during that period is subject thereto.
3. A security interest in goods in the possession of a bailee other than one who has issued a negotiable document therefor is perfected by issuance of a document in the name of the secured party or by the bailee's receipt of notification of the secured party's interest or by filing as to the goods.
4. A security interest in a negotiable document or ~~an instrument other than a~~ certificated security is perfected without filing or the taking of possession for a period of twenty-one days after it attaches to the extent that it arises for new value given under a written security agreement.
5. **SECTION 19. AMENDMENT.** Section 41-09-26 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**41-09-26. If the collateral other than goods covered by a negotiable document is held by a bailee, the secured party is deemed to have possession from the time the bailee receives notification of the secured party's interest. A security interest is perfected by possession from the time possession is taken without relation back and continues only so long as possession is retained, unless otherwise specified in this chapter. The security interest may be otherwise perfected as provided in this chapter before or after the period of possession by the secured party.

**SECTION 20. AMENDMENT.** Subsections 1 and 3 of section 41-09-27 of the North Dakota Century Code are amended and reenacted as follows:

1. "Proceeds" includes whatever is received upon the sale, exchange, collection, or other disposition of collateral or proceeds. Insurance payable by reason of loss or damage to the collateral is proceeds, except to the extent that it is payable to a person other than a party to the security agreement. Any payments or distributions made with respect to investment property collateral are proceeds. Money, checks, deposit accounts, and the like are "cash proceeds". All other proceeds are "noncash proceeds".
3. The security interest in proceeds is a continuously perfected security interest if the interest in the original collateral was perfected but it ceases to be a perfected security interest and becomes unperfected ten days after receipt of the proceeds by the debtor unless:

- a. A filed financing statement covers the original collateral and the proceeds are collateral in which a security interest may be perfected by filing in the office or offices where the financing statement has been filed and, if the proceeds are acquired with cash proceeds, the description of collateral in the financing statement indicates the types of property constituting the proceeds;
- b. A filed financing statement covers the original collateral and the proceeds are identifiable cash proceeds; ~~or~~
- c. The original collateral was investment property and the proceeds are identifiable cash proceeds; or
- d. The security interest in the proceeds is perfected before the expiration of the ten-day period.

Except as provided in this section, a security interest in proceeds can be perfected only by the methods or under the circumstances permitted in this chapter for original collateral of the same type.

**SECTION 21. AMENDMENT.** Section 41-09-30 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**41-09-30. (9-309) Protection of purchasers of instruments, documents, and securities.** Nothing in this chapter limits the rights of a holder in due course of a negotiable instrument (section 41-03-28) or a holder to whom a negotiable document of title has been duly negotiated (section 41-07-30) or a ~~bona-fide protected~~ purchaser of a security (section ~~41-08-18~~ 41-08-29) and those holders or purchasers take priority over an earlier security interest even though perfected. Filing under this chapter does not constitute notice of the security interest to those holders or purchasers.

**SECTION 22. AMENDMENT.** Subsections 1 and 7 of section 41-09-33 of the 1995 Supplement to the North Dakota Century Code are amended and reenacted as follows:

1. The rules of priority stated in other sections of this part and in the following sections shall govern when applicable: section ~~41-04-22~~ 41-04-26 with respect to the security interests of collecting banks in items being collected, accompanying documents, and proceeds; section 41-09-03 on security interests related to other jurisdictions; ~~and~~ section 41-09-14 on consignments; and section 11 of this Act on security interests in investment property.

1           7. If future advances are made while a security interest is perfected by filing, the  
2           taking of possession, or under section ~~41-08-36.1 on securities~~ 11 or 12 of this Act  
3           on investment property, the security interest has the same priority for the purposes  
4           of subsection 5 or subsection 5 of section 11 of this Act with respect to the future  
5           advances as it does with respect to the first advance. If a commitment is made  
6           before or while the security interest is so perfected, the security interest has the  
7           same priority with respect to advances made pursuant thereto. In other cases, a  
8           perfected security interest has priority from the date the advance is made.

9           **SECTION 23. REPEAL.** Chapters 10-18.1 and 41-08 of the North Dakota Century  
10       Code are repealed.
