4 BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

5 **SECTION 1. AMENDMENT.** Section 52-04-05 of the 1995 Supplement to the North 6 Dakota Century Code is amended and reenacted as follows:

52-04-05. Determination of rates.

- 1. For each calendar year, the bureau shall estimate the amount of income needed to pay benefits and maintain a balance in the unemployment compensation fund, that as of October 1, 1989, is equal to twenty-five percent of the average annual amount of benefits paid. On each October first after October 1, 1989, the amount of the trust fund reserve must be sixty percent of the average annual amount of benefits paid. The average annual amount of benefits paid must be computed by dividing the total amount of benefits paid and projected to be paid during the previous thirty-six months by three.
- 2. Rates must be determined as follows:
 - a. The income required for the calendar year must be divided by the estimated taxable wages for the calendar year. The result rounded to the next higher one one-hundredth of one percent is the average required rate.
 - The minimum rate for each calendar year is the average required rate,
 multiplied by one-fourth, rounded to the nearest one-tenth of one percent.
 - The maximum rate for each calendar year is the average required rate,
 multiplied by three, rounded to the nearest one-tenth of one percent.
 However, the maximum rate must be at least five and four-tenths percent.

- 1 3. a. Except as otherwise provided in this subsection, an employer's rate may not 2 be less than the maximum rate for a calendar year unless the employer's 3 account has been chargeable with benefits throughout the 4 thirty-six-consecutive-calendar-month period ending on September thirtieth of 5 the preceding calendar year. If an employer in construction services has not 6 been subject to the law as required, that employer qualifies for a reduced rate 7 if the account has been chargeable with benefits throughout the 8 twenty-four-consecutive-calendar-month period ending September thirtieth of 9 the preceding calendar year. However, an employer in construction services 10 must be assigned the maximum rate or seven percent, whichever is greater, 11 for any year if, as of the computation date, the cumulative benefits charged to 12 the employer's account equal or exceed the cumulative contributions paid on 13 or before October thirty-first with respect to wages paid by that employer 14 before October first of that year. An employer identified as belonging to 15 industry group number 161, highway and street construction, except elevated 16 highways, provided in the standard industrial classification manual, must be 17 assigned a maximum rate or eight and one-fourth percent, whichever is 18 greater, for any year if, as of the computation date, the cumulative benefits 19 charged to the employer's account equal or exceed the cumulative 20 contributions paid on or before October thirty-first of that year. If an employer 21 in nonconstruction services has not been subject to the law as required, the 22 employer in nonconstruction services qualifies for a reduced rate if the 23 account has been chargeable with benefits throughout the 24 twelve-consecutive-calendar-month period ending September thirtieth of the 25 preceding calendar year. 26 An employer that does not qualify under subdivision a is subject to a rate b. 27 determined as follows: 28 (1) For each calendar year new employers must be assigned a rate of two
 - and two-tenths percent unless the employer is classified in construction services. However, an employer must be assigned the maximum rate for any year if, as of the computation date, the cumulative benefits

30

31

1 charged to that employer's account equal or exceed the cumulative 2 contributions paid on or before October thirty-first with respect to wages 3 paid by that employer before October first of that year. 4 (2) New employers in construction services must be assigned a rate of 5 seven percent or the maximum rate, whichever is greater. 6 (3)Assignment by the bureau of an employer's industrial classification for 7 the purposes of this section must be the two digit major group provided 8 in the standard industrial classification manual, in accordance with 9 established classification practices found in the standard industrial 10 classification manual issued by the executive office of the president, 11 office of management and budget. 12 4. An employer who has ceased to be liable for contributions shall continue its 13 established experience rating account if it again becomes liable within three years 14 from the date that it ceased to be liable. Such employer's rate, however, must be 15 determined in accordance with subsection 3. 16 **SECTION 2. AMENDMENT.** Section 52-06-05 of the 1995 Supplement to the North 17 Dakota Century Code is amended and reenacted as follows: 18 52-06-05. Maximum potential benefits. Any 19 Except as provided in subsection 2, any otherwise eligible individual is entitled 20 during the individual's benefit year to benefits for the number of times the 21 individual's weekly benefit amount appearing in the following table on the line 22 which that includes the individual's ratio of total base-period wages to highest 23 quarter base-period wages: 24 Ratio of Total Base-Period Times Weekly 25 Benefit Amount Wages to High Quarter 26 12 1.50 to 2.29 27 2.30 to 2.44 14 28 2.45 to 2.59 16 29 2.60 to 2.74 18
