wages and technology from the appropriations contained in subdivision 1 of section 1 of this Act:

- a. Base salary allocations are to be made for operations based on mission, historical funding, major enrollment changes, campus size, size of physical plant, instructional and research programs, program type, comparisons with peer institutions, special systemwide services, student service levels, and tuition revenues related to each entity.
- b. Salary increase allocations are to be made based on general salary increases, one-time increases, performance-based increases, market increases, and other increases, including workload changes, new responsibilities, and promotions.
- c. Targeted initiative allocations are to be made for campus reallocation efforts, consolidation of administrative functions across campuses, collaborative academic programs offered among campuses, and for distance education initiatives or innovations in instructional delivery.
- d. Technology funding allocations are to be made based on historic funding, the higher education computer network strategic plan, base funding for higher education computer network computer center operations, base funding for interactive video network and on-line Dakota information network operations, the system distance learning plan, training needs, classroom technology renovation, technology innovations, and technology-related matching grants. Technology fees paid by students shall remain at the respective institution.
- 2. The legislative assembly recognizes the constitutional authority of the state board of higher education and also recognizes the role of the legislative assembly in providing adequate funds for the board to carry out its functions and duties. The legislative assembly declares its intent that allocations are not to be used to close any institution of higher education. In addition, the board of higher education may not substantially reorganize the work of any institution except as authorized by the legislative assembly.
- 3. The state board of higher education shall follow the following guidelines in making the allocations for salaries and wages and technology as provided in this Act:

- a. Changes in allocations from historic patterns may be made if based upon documented enrollment changes.
 - The state board of higher education may provide incentives to institutions for effectuating savings in administrative costs.
 - c. The board may allocate funds to maximize benefits of matching programs and grants from outside sources.
 - d. Notwithstanding guidelines a, b, and c, an institution of higher education shall receive salaries and wages for the 1997-99 biennium that are at least ninety-five percent of the salaries and wages for the 1995-97 biennium.
- 4. The state board of higher education shall periodically report to the budget section of the legislative council on the allocations made pursuant to this section and shall make recommendations regarding the allocation process for the 1999-2001 biennium.

SECTION 17. LEGISLATIVE INTENT - STATEWIDE ACCESS TO WORK FORCE TRAINING PROGRAMS - REPORT TO LEGISLATIVE COUNCIL COMMITTEE.
