

Fifty-fifth
Legislative Assembly
of North Dakota

HOUSE BILL NO. 1162

Introduced by

Representative Maragos

Senator Nalewaja

(At the request of the Department of Corrections and Rehabilitation)

1 A BILL for an Act to create and enact three new subsections to section 54-23.4-10 of the North
2 Dakota Century Code, relating to closure of crime victims compensation claims; to amend and
3 reenact sections 54-23.4-01, 54-23.4-03, 54-23.4-06, 54-23.4-11, and 54-23.4-12 of the North
4 Dakota Century Code, relating to definitions, award of benefits, attorney's fees, and subrogation
5 for purposes of crime victims compensation; and to provide an effective date.

6 BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

7 **SECTION 1. AMENDMENT.** Section 54-23.4-01 of the 1995 Supplement to the North
8 Dakota Century Code is amended and reenacted as follows:

9 **54-23.4-01. Definitions.** As used in this chapter, unless the context or subject matter
10 otherwise requires:

- 11 1. "Bodily injury" means any harm that requires medical treatment and results in
12 economic loss and includes pregnancy and nervous shock.
- 13 2. "Claimant" means a victim, a dependent of a deceased victim, or a representative
14 of either, who claims compensation under this chapter.
- 15 3. "Collateral source" means a source of benefits or advantages for economic loss
16 otherwise reparable under this chapter which the claimant has received, or which is
17 readily available to the claimant. ~~Social service benefits are not a collateral source~~
18 ~~unless the claimant was receiving those benefits prior to the injury.~~ The first
19 twenty-five thousand dollars of a life insurance policy are not a collateral source if
20 they are payable to a dependent beneficiary.
- 21 4. "Criminally injurious conduct" means conduct that ~~occurs in or outside this state,~~
22 results in bodily injury or death, and is punishable by fine, imprisonment, or death,
23 or would be so punishable but for the fact that the person engaging in the conduct
24 was a minor or lacked capacity to commit the crime ~~under the laws of this state.~~

The term includes an act of terrorism, as defined under Public Law No. 102-572 [106 Stat. 4506; 18 U.S.C. 2331], committed outside of the United States against a resident of this state. The term does not include conduct arising out of the ownership, maintenance, or use of a motor vehicle except when intended to cause personal injury or death or when the division determines that the conduct ~~arose out of the use of intoxicating liquor or controlled substances as provided in section 39-08-01 or the conduct was followed by failure to stop or to give information and render aid as provided in sections 39-08-04 and 39-08-06~~ was in violation of section 12.1-16-02, 12.1-16-03, 39-08-01, 39-08-03, 39-08-04, or 39-08-06.

5. "Dependent" means a natural person wholly or partially dependent upon a victim for care or support and includes a child of a victim born after the victim's death.
6. "Division" means the division of adult services of the department of corrections and rehabilitation.
7. "Economic loss" means economic detriment consisting only of allowable expense, work loss, replacement services loss, and, if injury causes death, dependent's economic loss and dependent's replacement services loss. Noneconomic detriment is not loss. The term includes economic detriment caused by pain and suffering or physical impairment.
 - a. "Allowable expense" means reasonable charges incurred for reasonably needed products, services, and accommodations required due to the injury, including those for medical care, rehabilitation, rehabilitative occupational training, and other remedial treatment and care. The term includes a total charge not in excess of ~~one three thousand five hundred~~ three thousand dollars for expenses in any way related to funeral, cremation, and burial. The term does not include that portion of a charge for a room in a hospital, clinic, convalescent or nursing home, or any other institution engaged in providing nursing care and related services, in excess of a reasonable and customary charge for semiprivate accommodations, unless the excess represents costs of other accommodations that are medically required.
 - b. "Dependent's economic loss" means loss after a victim's death of contributions of things of economic value to a victim's dependent, not

1 including services the dependent would have received from the victim if the
2 victim had not suffered the fatal injury, less expenses of the dependent
3 avoided by reason of the victim's death.

4 c. "Dependent's replacement services loss" means loss reasonably incurred by
5 a dependent after a victim's death in obtaining ordinary and necessary
6 services in lieu of those the victim would have performed for the dependent's
7 benefit if the victim had not suffered the fatal injury, less expenses of the
8 dependent avoided by reason of the victim's death and not subtracted in
9 calculating dependent's economic loss.

10 d. "Noneconomic detriment" means pain, suffering, inconvenience, physical
11 impairment, and other nonpecuniary damage.

12 e. "Replacement services loss" means expenses reasonably incurred in
13 obtaining ordinary and necessary services in lieu of those the victim would
14 have performed, not for income but for the benefit of the victim or the victim's
15 family, if the victim had not been injured.

16 f. "Work loss" means loss of income from work the victim would have performed
17 if the victim had not been injured, and expenses reasonably incurred by the
18 victim in obtaining services in lieu of those the victim would have performed
19 for income, reduced by any income from substitute work actually performed
20 by the victim or by income the victim would have earned in available
21 appropriate substitute work the victim was capable of performing but
22 unreasonably failed to undertake.

23 8. "Victim" means a person who suffers bodily injury or death as a result of criminally
24 injurious conduct, the good faith effort of any person to prevent criminally injurious
25 conduct, or the good faith effort of any person to apprehend a person suspected of
26 engaging in criminally injurious conduct. The term includes a resident of this state
27 who is injured or killed by an act of terrorism, as defined under Public Law
28 No. 102-572 [106 Stat. 4506; 18 U.S.C. 2331], committed outside of the United
29 States. The term does not mean a person who suffers bodily injury or death as a
30 result of operating a motor vehicle, when, at the time of the injury or death, the
31 person was not in compliance with applicable state laws and rules concerning

motor vehicle insurance coverage and the person was at least partially at fault for causing the accident.

SECTION 2. AMENDMENT. Section 54-23.4-03 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

54-23.4-03. No award paid to inmates. The division may not make an award of any kind under this chapter to a victim convicted of a crime and injured while confined in ~~any state, county, or city~~ a jail, prison, or other correctional facility.

SECTION 3. AMENDMENT. Section 54-23.4-06 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

54-23.4-06. Application for compensation - Awards - Limitations on awards.

1. An applicant for an award of compensation shall apply in writing in a form that conforms substantially to that prescribed by the division. If a resident of this state is a victim of criminally injurious conduct, but the criminally injurious conduct occurred outside the geographical boundaries of this state, the resident has the same rights under this chapter as if the criminally injurious conduct occurred within this state upon a showing that the state, territory, country, or political subdivision of the country in which the criminally injurious conduct occurred does not have a crime victims compensation law which covers the bodily injury or death of the victim.
2. A claim for compensation must be filed within one year ~~after the date of injury or death. When the division cannot determine with certainty the date of injury, then the date of injury is the first date that a reasonable person should have known that the injury resulted from criminally injurious conduct~~ from the date the criminally injurious conduct was reported to a law enforcement officer. In the case of child abuse or sexual molestation of a child, the time for filing a claim may not extend beyond one year from the date the child reaches the age of majority. The division may extend the time for filing ~~when~~ if it determines that the interests of justice so require. There is no appeal from a decision of the division not to extend the filing time, not to reopen, or not to reinvestigate a claim.

- 1 3. Compensation may not be awarded to a claimant who is the offender or an
2 accomplice of the offender, nor to any claimant if the award would unjustly benefit
3 the offender or an accomplice.
- 4 4. Compensation may not be awarded unless the criminally injurious conduct
5 resulting in injury or death was reported to a law enforcement officer within
6 seventy-two hours after its occurrence or the division finds there was good cause
7 for the failure to report within that time.
- 8 5. The division, upon finding that the claimant has not fully cooperated with
9 appropriate law enforcement agencies, may deny, reconsider, or reduce an award
10 of compensation.
- 11 6. Compensation otherwise payable to a claimant must be reduced or denied:
12 a. To the extent the economic loss upon which the claim is based is recouped
13 from other persons, including collateral sources;
14 b. To the extent the division deems reasonable because of the contributory
15 misconduct of the claimant or of a victim on whose behalf compensation is
16 claimed; and
17 c. To the extent the division deems reasonable when it is determined that a
18 victim was under the influence of an alcoholic beverage or a controlled
19 substance at the time the criminally injurious conduct occurred and the
20 victim's intoxication was a factor causing the criminally injurious conduct.
- 21 7. Compensation for work loss, replacement services loss, dependent's economic
22 loss, and dependent's replacement services loss may not exceed three hundred
23 dollars per week.
- 24 8. Compensation payable to a victim and to all other claimants sustaining economic
25 loss because of injury to or death of that victim may not exceed twenty-five
26 thousand dollars in the aggregate. If a resident of this state is the victim of
27 criminally injurious conduct outside the geographical boundaries of this state and
28 the total amount of crime victims compensation benefits payable where the
29 criminally injurious conduct occurred is less than twenty-five thousand dollars, the
30 division may pay additional compensation to the victim. The maximum additional
31 compensation the division may pay is the difference between twenty-five thousand

dollars and the total amount of crime victims compensation benefits payable where
the criminally injurious conduct occurred.

SECTION 4. Three new subsections to section 54-23.4-10 of the 1995 Supplement to
the North Dakota Century Code are created and enacted as follows:

A claim for crime victims compensation benefits is presumed closed if the division
has not paid any benefit or received a demand for payment of benefits for a period
of five years from the date a payment was last made on a claim. A claim that is
presumed closed may not be reopened for payment of any further benefits unless
the presumption is rebutted by clear and convincing evidence that the criminally
injurious conduct is the principal cause of the current symptoms.

A claim for crime victims compensation benefits must be closed ten years after
benefits have last been paid and may not be reopened.

This section applies to all claims for crime victims compensation benefits,
irrespective of the date of the criminally injurious conduct.

SECTION 5. AMENDMENT. Section 54-23.4-11 of the 1995 Supplement to the North
Dakota Century Code is amended and reenacted as follows:

54-23.4-11. Attorney's fees. ~~As part of an order, the~~ The division shall determine and
award reasonable attorney's fees, commensurate with services rendered, to be paid by the
state to the attorney representing the claimant. ~~Additional attorney's fees may be awarded by a
court in the event of review. Attorney's fees may be denied on a finding that the claim or appeal
is frivolous or that the appeal was unsuccessful if the claimant prevails after a petition for
reconsideration or rehearing under section 28-32-14 from an order reducing or denying crime
victims compensation benefits. A district court may award attorney's fees in an appeal pursuant
to section 28-32-15 if the claimant prevails on appeal from an order reducing or denying
benefits. Attorney's fees are allowable for settlement of a disputed claim. Attorney's fees are
not allowable for assisting a claimant in filing a claim. An award of attorney's fees is in addition
to an award of compensation and may be made whether or not compensation is awarded. An
award of attorney's fees may not exceed the lesser of twenty percent of the compensation
awarded or one thousand dollars. No attorney may contract for or receive any larger sum than
the amount allowed.~~

1 **SECTION 6. AMENDMENT.** Section 54-23.4-12 of the 1995 Supplement to the North
2 Dakota Century Code is amended and reenacted as follows:

3 **54-23.4-12. Subrogation - Actions - Allocation of expenses.**

4 1. If compensation is awarded, the ~~state~~ division is subrogated to all the claimant's
5 rights to receive or recover benefits or advantages, for economic loss for which and
6 to the extent only that compensation is awarded, from a source that is, or, if readily
7 available to the claimant, would be, a collateral source.

8 2. ~~As a prerequisite~~ Prior to bringing an action to recover damages related to
9 criminally injurious conduct for which compensation is claimed or awarded, the
10 claimant shall give the division ~~prior~~ written notice of the proposed action. ~~After~~
11 ~~receiving the notice, the division shall promptly:~~

12 ~~a. Join in the action as a party plaintiff to recover compensation awarded;~~

13 ~~b. Require the claimant to bring the action in the claimant's individual name, as a~~
14 ~~trustee in behalf of the state, to recover compensation awarded; or~~

15 ~~c. Reserve its rights and do neither in the proposed action.~~

16 ~~If, as requested by the division, the claimant brings the action as trustee and~~
17 ~~recovers compensation awarded by the division, the claimant may deduct from the~~
18 ~~compensation recovered in behalf of the state the reasonable expenses, including~~
19 ~~attorney's fees, allocable by the court for that recovery. If a claimant brings an~~

20 action for the recovery of damages related to criminally injurious conduct for which
21 compensation is claimed or awarded, the division is subrogated to the rights of the

22 claimant up to the total amount the division has paid. When there has been a
23 recovery of damages, the costs of the action, to be paid by the division from the
24 recovery, exclusive of attorney's fees, must be prorated and adjusted on the
25 percentage of the total subrogation interest of the division recovered to the total

26 recovery. If there is a recovery, the division shall pay attorney's fees to the
27 claimant's attorney from the recovery in the amount of twenty-five percent of the
28 subrogation interest recovered. For purposes of this section, recovery includes

29 proceeds paid pursuant to a settlement, confession of judgment, or judgment of a
30 court. The division may intervene in the action to recover compensation awarded.

31 The division has a lien on a recovery to the extent it has paid compensation. The

division is not liable for costs or attorney's fees when the claimant has not provided the division with prior written notice of the commencement of an action. If a claimant does not bring an action for damages within six months from the date the division awarded benefits, the division may bring an action or claim for relief in its own name and retain as its subrogation interest the full amount it has paid in compensation and benefits to a claimant. The division may bring an action within two years from the date it first awarded benefits, notwithstanding any other statute of limitation. Nothing in this section limits the claimant's right to bring an action to recover for other damages.

3. If a judgment or verdict indicates separately economic loss and noneconomic detriment, payments on the judgment must be allocated between them in proportion to the amounts indicated. In an action in a court of this state arising out of criminally injurious conduct, the judge, on timely motion, shall direct the jury to return a special verdict, indicating separately the awards for noneconomic detriment, punitive damages, and economic loss.

SECTION 7. EFFECTIVE DATE. This Act is effective August 1, 1997, for all claims for crime victims compensation benefits, irrespective of the date of the criminally injurious conduct or the date of application for crime victims compensation benefits.
