Representatives Callahan, Kretschmar, Wilkie Senator Heitkamp

- 1 A BILL for an Act to create and enact a new section to chapter 26.1-45 of the North Dakota
- 2 Century Code, relating to rate stabilization for long-term care insurance policies.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

- SECTION 1. A new section to chapter 26.1-45 of the North Dakota Century Code is created and enacted as follows:
 - **Rate stabilization.** For policies and certificates issued after August 1, 1997, the following rate increase standards apply:
 - 1. The initial premium rate schedule provided to an insured covered by a long-term care policy may not increase during the initial three years the policy is in force.
 - 2. Any premium rate schedule increase provided an insured after the initial three-year period is subject to the following:
 - The premium rate increase must be guaranteed for at least two years from its effective date.
 - b. Insureds at least seventy-five years of age, whose long-term care policies or certificates have been in force for at least ten years may not have a rate increase exceeding ten percent; and the annual premium may not be in excess of the amounts prescribed in subdivision c.
 - c. The maximum lifetime amount the annual premium may be increased after an individual turns age sixty-five may not exceed one hundred percent of the annual premium charged as of the date the individual turned age sixty-five or the date of the payment of the original annual premium, whichever is later. Increases or decreases in coverage must be taken into consideration when meeting these maximum lifetime premium limitations.

- All rate filings must include a complete rate history to make the determinations
 under subsections 1 and 2.
 - 4. These provisions apply to any replacing or assuming insurer that purchases, reinsures, or otherwise assumes a block of long-term care policies from a prior or ceding insurer. For purposes of these provisions, any rate increase of the prior or ceding insurer applies to the replacing or assuming insurer.
