Page 1, line 1, after "32-03" insert "and a new section to chapter 49-10.1"

Page 1, line 3, after "operator" insert "and the determination of train speeds"

Page 4, after line 10, insert:

"SECTION 6. A new section to chapter 49-10.1 of the North Dakota Century Code is created and enacted as follows:

Determination of train speeds. If the governing body of a city proposes to establish a speed limit on trains passing through its corporate limits and an agreement cannot be reached with the railway company operating the railroad, the governing body of the city may file, with the commission, a petition that sets forth the facts and which requests the commission to make a determination regarding reasonable train speeds within the city. The commission, after giving reasonable notice, shall conduct a hearing and issue an order that establishes reasonable train speeds through the city."
