"SECTION 2. A new subsection to section 43-13-13.3 of the North Dakota Century Code is created and enacted as follows:

After initiating treatment for primary open-angle glaucoma, the therapeutically certified optometrist shall consult with a licensed ophthalmologist within seventy-two hours. A treatment plan for each individual patient must be cooperatively identified in accordance with the currently accepted standard of care. In treating and managing glaucoma, if no progress is achieved in realizing the selected range of pressure considered unlikely to cause further optic nerve damage or resulting in further visual field loss, a referral must be made to a licensed ophthalmologist without delay."
