BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. A new subsection to section 26.1-04-03 of the North Dakota Century Code is created and enacted as follows:

As used in sections 2 and 3 of this Act, unless the context otherwise requires:

- a. "Entity" includes a third-party administrator or other person with responsibility for contracts with health care providers under a health plan.
- b. "Health care provider" means a person that delivers, administers, or supervises health care products or services, for profit or otherwise, in the ordinary course of business or professional practice.
- c. "Health plan" means any public or private plan or arrangement that provides or pays the cost of health benefits, including any organization of health care providers that furnishes health services under a contract or agreement with this type of plan.
- d. "Medical communication" means any communication, other than a knowing and willful misrepresentation, made by a health care provider to a patient regarding the health care needs or treatment options of the patient and the applicability of the health plan to the patient's needs or treatment. The term includes communications concerning:
 - (1) Tests, consultations, and treatment options;
 - (2) Risks or benefits associated with tests, consultations, and options;
 - (3) Variation in experience, quality, or outcome among any health care providers or health care facilities providing any medical service;

- (4) The process, basis, or standard used by an entity to determine whether to authorize or deny health care services or benefits; and
 - (5) Financial incentives or disincentives based on service utilization provided by an entity to a health care provider.

This subsection does not prohibit an entity from enforcing, as part of a contract or agreement to which a health care provider is a party, any mutually agreed upon terms and conditions, including terms and conditions requiring a health care provider to participate in and cooperate with all programs, policies, and procedures developed or operated by a health plan to assure, review, or improve the quality and effective utilization of health care services, if the utilization is according to guidelines or protocols that are based on clinical or scientific evidence and only if the guidelines or protocols under the utilization do not prohibit or restrict medical communications between providers and their patients.

SECTION 3. A new subsection to section 26.1-04-03 of the North Dakota Century Code is created and enacted as follows:

Unfair indemnification. A contract between an entity and a health care provider may not require the health care provider to indemnify the entity for the entity's negligence, willful misconduct, or breach of contract, and may not require a health care provider as a condition of participation to waive any right to seek legal redress against the entity. * Funding for risk management premiums is removed and funding is added in the highways program for highway construction and maintenance costs.

* Adds funding for highway construction and maintenance costs resulting from additional highway fund revenue which is generated by increasing special permit fees.

Sections are added which:

Provide that the department evaluate the cost-effectiveness of the continued use of one of its airplanes and report to the Budget Section regarding the department's options.

Preclude any funding to be used to widen Schafer Street in Bismarck.

Increase special permit fees for oversize and overweight vehicles. The fee increases are estimated to generate up to \$528,000 to the highway fund during the 1997-99 biennium.

Provide that state employees use state vehicles, whenever possible, when traveling by car or truck on state business.

Discontinue, on July 1, 1997, the deposit of interest earned on the highway fund into the special road fund for the construction and maintenance of roads relating to recreational, tourist, and historical areas. The interest earned will remain in the highway fund. This will result in an estimated increase of \$2.2 million of revenue to the highway fund during the 1997-99 biennium. The special road fund and the Special Road Advisory Committee will remain in effect until June 30, 1999, to advise the expenditure of moneys remaining in the special road fund on June 30, 1997.
