If the federal government during the 1999-2001 biennium terminates funding for any program administered by an agency, department, or institution of the state of North Dakota, the agency, department, or institution, subject to budget section approval, may terminate the program and not replace the reduction in federal funds with state funds, notwithstanding any other provision of law. If the federal government combines funding for separate programs in a block grant resulting in a reduction of total federal funds available for those programs, the administering agency, department, or institution may, subject to budget section approval, prioritize or reprioritize programs as necessary in making programmatic reductions. The agency, department, or institution may administer funds available under a new federal block grant or similar measure, consistent with the terms of that measure, notwithstanding any other provisions of law intended to conform to or implement the provisions of the repealed federal Act, and shall report any program terminations, reductions, or changes resulting from this section to the budget section of the legislative council for its approval.

SECTION 14. PROGRAM-BASED PERFORMANCE BUDGETING. The office of management and budget shall discontinue the program-based performance budgeting pilot project when preparing the 2001-03 biennium budget documents and accompanying appropriation bills. Budget documents for the 2001-03 biennium are to be based on the standard line items and are not to contain agency performance measures.

SECTION 15. LEGISLATIVE COUNCIL INTERIM STUDY OF PERFORMANCE INCENTIVE PILOT PROGRAMS. The legislative council shall consider studying the establishment of agency performance incentive pilot programs. If conducted, the study should address how agencies could develop, implement,

administer, maintain, and evaluate performance incentive pilot programs. The study should also address the development of personnel policies and procedure manuals and how pay raises which may not be across the board are to be awarded as a reward and incentive for superior performance and the length of time they may be in effect. The legislative council shall report its findings and recommendations, together with any legislation required to implement the recommendations, to the fifty-seventh legislative assembly.

SECTION 16. AMENDMENT. Subsection 2 of section 32-12.2-07 of the 1997 Supplement to the North Dakota Century Code is amended and reenacted as follows:

2. The state risk management fund is a special fund in the state treasury administered by the director of the office of management and budget. The fund is a revolving fund consisting of contributions from participating state entities, all payments received by the fund from its activities, and other appropriations by the legislative assembly. The state investment board shall invest the fund in accordance with chapter 21-10. Funds received as contributions from state entities, all other payments deposited in the fund, and interest and income received on investments are hereby appropriated on a continuing basis for the purposes of the fund. Section 54-44.1-11 does not apply to the fund.

SECTION 17. AMENDMENT. Section 54-16-04.1 of the 1997 Supplement to the North Dakota Century Code is amended and reenacted as follows:

54-16-04.1. May authorize acceptance and disbursement of federal funds.

The emergency commission with the advice and counsel of the executive office of the budget may authorize the state treasurer to receive any moneys not appropriated by the legislative assembly which are made available by any federal agency and which the legislative assembly has not indicated an intent to reject. The emergency commission may authorize pass-through federal funds from one state agency to another state agency. The emergency commission, with approval of the budget section of the legislative council if the amount under consideration exceeds fifty thousand dollars, may authorize any state officer to expend federal moneys from the date such moneys become available until June thirtieth following the next regular legislative session. The expenditures must be consistent with state law and with the terms of the grant and the program may not commit the legislative assembly for matching funds in the future unless the program has first been approved by the legislative assembly. A state officer may not expend funds received from the federal government which have not been specifically appropriated by the legislative assembly except as provided in this chapter. A state officer shall submit an expenditure plan with a request for approval under this section of expenditure of federal funds combined with or as part of a block grant for a new or existing program.

SECTION 18. AMENDMENT. Section 54-16-04.2 of the 1997 Supplement to the North Dakota Century Code is amended and reenacted as follows:

54-16-04.2. Commission may authorize acceptance and expenditure of moneys. The emergency commission, upon the advice of the office of management and budget, with approval of the budget section of the legislative council if the amount under consideration exceeds fifty thousand dollars, may authorize a state officer to receive moneys from gifts, grants, donations, or other sources, not otherwise appropriated by the legislative assembly, for new or existing programs if the legislative assembly has not indicated an intent to reject the moneys or the program. The emergency commission may authorize the state officer to expend money received under this section from the date the money becomes available until June thirtieth following the next regular legislative session."

"SECTION 21. RETROACTIVE APPLICATION. Section 16 of this Act is effective for all funds received and deposited into the risk management fund on or after July 1, 1997.
