- Postponed retirement benefits are calculated as for single life benefits for those members who retired on or after July 1, 1977.
- d. Early retirement benefits are calculated as for single life benefits accrued to the date of termination of employment, but must be actuarially reduced to account for benefit payments beginning prior to the normal retirement date, which is the earlier of age sixty-five or the age at which current service plus age equals eighty-five. A retiree, other than a supreme or district court judge, is eligible for early retirement benefits only after having completed three years of eligible employment. A supreme or district court judge retiree is eligible for early retirement benefits only after having completed five years of eligible employment.
- e. Except for supreme and district court judges, disability retirement benefits are twenty-five percent of the member's final average salary. Disability retirement benefits for supreme and district court judges are seventy percent of final average salary reduced by the member's primary social security benefits and by any workers' compensation benefits paid. The minimum monthly disability retirement benefit under this section is one hundred dollars. A participant who, on July 31, 1997, is receiving disability retirement benefits that are not based upon the benefit multiplier is entitled to receive an increase in benefits equal to five percent of the individual's present benefit with the increased benefits payable beginning August 1, 1997.
- f. A participating member who is a vested permanent employee is entitled to purchase additional years of service credit to enable the member to qualify for the normal retirement date defined by subdivision a of subsection 3. The years of service purchased must be added to the years of service employment under paragraph 1 of subdivision a for calculating the service benefit.
- 6. If before retiring a member dies after completing three years of eligible employment, except for supreme and district court judges, who must have completed five years of eligible employment, the board shall pay the member's account balance to the member's surviving spouse. However, if there is no

6	pay the member's account balance to the named beneficiary. If the member has
7	named more than one primary beneficiary, the board shall pay the member's
