(Education Committee)
(At the request of the Superintendent of Public Instruction)

AN ACT to amend and reenact sections 15-40.3-01, 15-40.3-06, and 15-40.3-07 of the North Dakota Century Code or in the alternative to amend and reenact sections 15.1-31-01, 15.1-31-06, and 15.1-31-07 of the North Dakota Century Code, relating to open enrollment between school districts.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. If House Bill No. 1045 does not become effective, section 15-40.3-01 of the 1999 Supplement to the North Dakota Century Code is amended and reenacted as follows:

15-40.3-01. Open enrollment - Procedure. A student's parent or legal guardian who wishes to enroll the student in a North Dakota school district other than the student's district of residence shall, not later than February first of the school year preceding the year of enrollment, apply to the school board of the student's district of residence, on forms provided by the superintendent of public instruction, for approval to enroll the student in a district other than the student's district of residence. By March first of the school year preceding the year of enrollment, the school board of the district of residence shall act on the application, notify the parent or legal guardian of the board's decision within five days, and if the application is approved, immediately transmit the application to the admitting district. By April first, the board of the admitting district shall approve or disapprove the application. The board of the admitting district shall notify the board of the district of residence and the student's parent or legal guardian within five days regarding its decision. Notice of intent to enroll in the admitting district obligates the student to attend the admitting district during the following school year, unless the school boards of the resident and the admitting districts agree in writing to allow the student to transfer back to the resident district, or the student's parents or guardians change residence to another district. All applications must be reviewed in the order that they are received. A student whose school district of residence does not offer the grade level in which the student requires enrollment may not participate in open enrollment. For purposes of determining whether the grade level in which a student requires enrollment is offered, the several school districts cooperating with each other for the joint provision of educational services under a plan approved by the superintendent of public instruction must be considered to be a single district. A child placed at a group or residential care facility or a residential treatment center in accordance with section 15-40.2-08 is not eligible for open enrollment under this section. The school board of a school district of residence and of an admitting district shall waive the application, consideration, and approval dates in this section for any student who, together with the student's parent or legal guardian, moves from the student's school district of residence to another school district and who wishes to enroll in a school district, other than the district to which the student moved. The school board of a school district of residence and of an admitting district shall waive the application, consideration, and approval dates in this section for any student who, together with the student's parent or legal guardian, moves into this state from out of state and who wishes to enroll in a school district other than the district to which the student moved.

SECTION 2. AMENDMENT. If House Bill No. 1045 does not become effective, section 15-40.3-06 of the North Dakota Century Code is amended and reenacted as follows:

15-40.3-06. Local school boards - Standards.

1. Each school board shall adopt standards for the acceptance and rejection of applications for open enrollment as provided in section 15-40.3-01. The standards may include the

capacity of a program, class, grade level, or school building. The standards may not include previous academic achievement, participation in extracurricular activities, disabilities, English language proficiency, or previous disciplinary proceedings.

2. The school board of the admitting district may determine that the district may not accept applications for open enrollment under this chapter.
3.
 - a. A school district participating in an open enrollment program may not give or offer to give a student remuneration, or directly ~~or indirectly~~ exert influence upon the student or the student's family, in order to encourage participation in the open enrollment program ~~for the purpose of having the student participate in varsity athletic activities. However, any student who participated in varsity athletic activities during the 1992-93 school year, at a school in a district other than the student's district of residence or at a school outside the boundary within which the student would normally attend school may continue to participate in varsity athletics at that school for the duration of the student's high school career.~~
 - b. For purposes of this subsection, directly exerting influence means providing information about the school district to individuals who are not residents of that district unless the information is requested.
 - c. If the members of the board of a school district believe that another school district has violated this subsection, the board may file a complaint with the superintendent of public instruction. Upon receipt of a complaint alleging a violation of this subsection, the superintendent of public instruction shall hold a hearing and accept testimony and evidence regarding the complaint. If the superintendent finds that a school district has violated this subsection, the superintendent may withhold some or all of the transportation aid payments to which the district would be otherwise entitled for a period of one year from the date of the finding. A decision by the superintendent under this subsection is appealable to the state board of public school education. A decision by the state board of public school education is final.

SECTION 3. AMENDMENT. If House Bill No. 1045 does not become effective, section 15-40.3-07 of the 1999 Supplement to the North Dakota Century Code is amended and reenacted as follows:

15-40.3-07. Students not subject to this chapter. A student, who, as the result of dissolution or reorganization, resides in a district other than the one the student chooses to attend at the time of the dissolution or reorganization, is not subject to the provisions of this chapter and may attend school in the chosen school district if that district participates in open enrollment. The student may not be considered a student in average daily membership in the student's school district of residence for purposes of section 15-40.3-02.
