"SECTION 8. A new section to chapter 54-59 of the North Dakota Century Code is created and enacted as follows:

Information technology department annual report. The department shall prepare and present an annual report to the information technology committee. In addition to the presentation of the annual report to the information technology committee, the department shall present a summary of the annual report to the budget section and to the legislative audit and fiscal review committee. The report must contain:

1. A list of major projects started, ongoing, and completed during the year including related budgeted and actual costs and the estimated implementation date for each project as well as the actual implementation date for completed projects.
2. A list of all projects for which financing agreements have been executed.
3. Information regarding evaluations of cost-benefit analyses for completed projects.

4. A comparison of the department's rates charged for services compared to rates charged for comparable services in other states and in the private sector.
5. Information regarding the information technology plans including the department's plan review process, the number of plans reviewed, and the number of plans approved.
6. A description of the benefits to the state resulting from its investment in information technology.

SECTION 9. LEGISLATIVE INTENT - PERFORMANCE MEASURES. It is the intent of the legislative assembly that the information technology department develop performance measures to assist the legislative assembly in determining the effectiveness and efficiency of the department's operations during the biennium beginning July 1, 2001, and ending June 30, 2003. Each performance measure must include a benchmark for targeted department performance based on national, other states, or private sector performance. The department shall report to the information technology committee, the budget section, and the legislative audit and fiscal review committee during the 2001-02 interim on the performance measures developed."
