3 section 15.1-12-11.1 of the North Dakota Century Code, relating to school district  
4 reorganization bonuses.

5 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

6 **SECTION 1.** A new section to chapter 15.1-12 of the North Dakota Century Code is  
7 created and enacted as follows:

8 **Reorganization plan - Building fund levy.** The reorganization plan required by  
9 section 15.1-12-09 may propose the inclusion of up to ten mills as a building fund levy. If the  
10 reorganization plan is approved by a majority of electors residing within the boundaries of the  
11 proposed new district, the building fund levy becomes effective, notwithstanding any other voter  
12 approval requirement in section 57-15-16.

13 **SECTION 2.** A new section to chapter 15.1-12 of the North Dakota Century Code is  
14 created and enacted as follows:

15 **Reorganization plan - Interim fund balance.**

- 16 1. The reorganization plan must specify whether the balance in the interim fund of  
17 each district participating in the reorganization is to be wholly or partially allocated  
18 to the general fund of the newly reorganized district.
- 19 2. If the reorganization plan provides that the balance in the interim fund of each  
20 district participating in the reorganization is to be wholly allocated to the general  
21 fund of the newly reorganized district, the reorganization plan may also provide  
22 that the general fund mill levy applicable to property in those participating districts  
23 having a general fund mill levy that is lower than the proposed general fund mill

levy for the reorganized district may be raised incrementally, over a period of five years, to the level proposed for the reorganized district.

3. a. If the reorganization plan provides that the balance in the interim fund of each district participating in the reorganization is to be partially allocated to the general fund of the newly reorganized district, then each participating district shall divide the amount of its interim fund balance on the day preceding the effective date of the reorganization by the number of students in average daily membership in the district during the school year concluding on the day preceding the effective date of the reorganization.
- b. The participating district having the lowest per student interim fund balance must contribute the total amount of its interim fund balance to the general fund of the newly reorganized district.
- c. Each of the other participating districts shall multiply the lowest district's per student interim fund amount by the number of students in average daily membership in their respective districts during the school year concluding on the day preceding the effective date of the reorganization. Each of the other participating districts must contribute the lesser of the amount arrived at under this subdivision or the total amount in its interim fund to the general fund of the newly reorganized district.
- d. If after complying with the requirements of subdivision c, a participating district has a balance available in its interim fund, the reorganization plan must allow that balance to be used by or on behalf of property owners residing within the boundaries of that participating district, as a proportionate credit against any property taxes owed by the property owners. The reorganization plan must determine the manner in which the proportionate credit must be used. The credit may be used either in its entirety on a single occasion or applied to several taxable years. The credit may not be used beyond the fifth taxable year.
