#### **POINT OF PERSONAL PRIVILEGE**

**REP. SKARPHOL:** Mr. Speaker: I rise on a point of personal privilege and request that my remarks be printed in the Journal.

#### **REQUEST**

**REP. SKARPHOL REQUESTED** that his remarks be printed in the Journal, which request was granted.

Today is the 50th Anniversary of the discovery of oil in North Dakota. It was on April 4, 1951, that the Clarence Iverson #1 well came in near Tioga in Williams County. Ladies and Gentlemen, as we contemplate the future of North Dakota, let us mark this Golden Anniversary by reflecting on what the discovery of oil has meant to our State.

For 28 years, that one well, the Clarence Iverson, produced oil -- 585 thousand barrels of it. But since 1951, another 14,000 wells have been drilled in North Dakota. North Dakota is now the 9th ranking oil-producing state. Last year alone, we produced nearly 33 million barrels of oil valued at more than \$750 million. In fact, in the 50 years since oil was discovered in North Dakota, our petroleum industry has produced over 1.3 billion barrels of oil worth over \$20 billion.

Oil tax revenues to the State over the past 50 years have exceeded \$1.9 billion. Additionally, the State of North Dakota has received more than \$500 million from oil and gas leases, bonuses, royalties and rentals on state lands. Private mineral owners in western North Dakota have received many times that amount.

Crude oil and refined petroleum products are among our most important exports and revenue producers. The oil industry is one of North Dakota's largest employers with nearly 3,000 people at work in the oil patch. These are high-paying jobs.

We have about 15 rigs drilling in North Dakota right now. The high point of working rigs was 147 in 1983. Each of those rigs results in 120 direct and indirect jobs, providing an annual payroll of more than \$2.6 million per drilling rig.

On a per-capita basis, North Dakotans are among our nation's biggest users of petroleum products. We drive long distances. We like to keep warm in the winter. Our farmers rely mainly on gasoline and diesel fuel to do their jobs. The increasing numbers of tourists who visit us use oil products to get here.

There are many uncertainties in our future. Rising energy costs, shortages, environmental restrictions that limit access to drilling, OPEC's changing production policies - these and many other unknowns make forecasting the future dangerous.

A significant part of the Little Missouri National Grasslands in western North Dakota may soon be off-limits to drilling because of increased United States Forest Service restrictions. So-called "roadless" areas, and other restrictions, will deny surface occupancy to important federal lands where oil and gas might be found.

Even with these problems, the future for North Dakota's oil industry is definitely bright. There's a huge amount of oil still in the ground in areas that haven't been explored. New technologies, new discoveries, and new work in older oil fields have vastly increased both the odds of finding oil and the efficiency of getting it out of the ground. Over the past 50 years, even in areas where we have production, most wells have left behind five to ten barrels of oil for every barrel

they have produced. The recovery rate is improving today; and with new technologies, such as horizontal drilling and better methods of enhanced recovery, we will get more of the oil out of the ground.

The wildly fluctuating prices for oil and gas over the last three years have proven again that the industry is very price-sensitive. Current events in our nation, as we have seen recently in California, have shown us the real value of energy resources, the impact energy has on both the local and national economies, and the need to properly administer the production and distribution of these resources.

Our role as legislators is to ensure, through appropriate legislation, that North Dakota maintains a strong viable oil industry. Our efforts in this behalf can help protect our citizens from the energy-related problems now being experienced by others.

We have with us today one of North Dakota's oil pioneers. Mr. Tude Gordon came to North Dakota just over 50 years ago as a drill stem tester to help Amerada Petroleum evaluate the Clarence Iverson #1 wildcat well south of Tioga. He was there when the first pint of oil was recovered from a test at 10,450 feet and was at the well 50 years ago when North Dakota became an oil producer. Tude liked the people of North Dakota so well, he never left. Please join me in welcoming Mr. Tude Gordon as our guest today.

I urge everyone here today to reflect for a moment on the importance that day 50 years ago, when oil was struck in North Dakota, has had on our state.

<sup>1</sup> Adjustment to reflect increases in travel authorized in the executive recommendation. Reduces the \$72,493 increase in travel for administration to \$50,000.

The amendment extends the sunset clause on the \$350 pesticide product registration fee until June 30, 2003. The product registration fee will revert to \$300 for each product registered after June 30, 2003. The amendment removes the requirement for the Department of Agriculture to generate \$100,000 revenues from collections of pesticides under Project Safe Send. It does maintain the requirement of establishing a fee schedule for the collection of select chemicals.

**"SECTION 5. INMATE PAY AND DEDUCTIONS FROM INMATE PAY - LEGISLATIVE COUNCIL STUDY.** During the 2001-02 interim, the legislative council shall consider studying wages paid to inmates sentenced to the state correctional system and the various deductions from those wages, including methods used to determine rates of pay; actual wages paid to inmates; deductions from inmate wages; and the effect deductions for incarceration costs, facility operation costs, and capital improvement costs have on inmate payments for child support and restitution.

**SECTION 6. DEPARTMENT OF CORRECTIONS AND REHABILITATION FACILITY NEEDS - LEGISLATIVE COUNCIL STUDY.** During the 2001-02 interim, the legislative council shall consider studying the facility needs of the department of corrections and rehabilitation, including the adequacy and utilization of the department's existing facilities; anticipated future facility needs considering the impact of alternative programs and trends in inmate population; the feasibility and desirability of increased utilization of county and private correctional facilities; and facilities required to address the needs of various inmate populations, including female inmates and inmates diagnosed with serious mental illness.

**SECTION 7. FEDERAL FUNDING REDUCTIONS - BUDGET SECTION APPROVAL.** If, during the biennium beginning July 1, 2001, and ending June 30, 2003, the federal government reduces funding below the level anticipated by the fifty-seventh legislative assembly for any programs administered by the department of corrections and rehabilitation, the department may not supplant the federal funds with general or special fund moneys without first obtaining the approval of the budget section of the legislative council. The department's budget request for the biennium beginning July 1, 2003, and ending June 30, 2005, must identify any programs for which general or special fund appropriation authority is requested to replace federal funds previously available for the program.

**SECTION 8. YOUTH CORRECTIONAL CENTER - TEACHER CONTRACTS FOR SUMMER EDUCATION PROGRAMS.** The salaries and wages line item included in subdivision 2 of section 1 of this Act includes funding for teacher contracts to support the summer education program at the youth correctional center. Any moneys budgeted for teacher contracts for the summer education program but not spent for that purpose may not be used for any other purpose and must be returned to the general fund at the end of the biennium beginning July 1, 2001, and ending June 30, 2003.

**SECTION 9. TRANSFERS BETWEEN LINE ITEMS AND SUBDIVISIONS - COMPUTER PURCHASES.** Notwithstanding section 54-16-04, the department of corrections and rehabilitation may transfer between the various subdivisions included in section 1 of this Act and between the various line items included in subdivision 3 of section 1 of this Act for the purpose of purchasing personal computers to carry out the duties of the department.

**SECTION 10. OPERATION OF "PRERELEASE" AND "DUI OFFENDER TREATMENT" PROGRAMS - REPORT TO THE FIFTY-EIGHTH LEGISLATIVE ASSEMBLY.** During the biennium beginning July 1, 2001, and ending June 30, 2003, the department of corrections and rehabilitation shall monitor the operation of the programs known as the "prerelease center" and the "DUI offender treatment center" authorized by the fifty-seventh legislative assembly. The department shall present a report to the appropriations committees of the fifty-eighth legislative assembly regarding the operation of the programs, including the impact of the programs on recidivism rates; the cost-effectiveness of the programs; the success of the programs; the ability to collect fees, if any, from the participating inmates; and a comparison of the costs and benefits of the "prerelease center" and the "DUI offender treatment center" to other forms of treatment or incarceration.

**SECTION 11. "PRERELEASE" PROGRAM AND INMATE CONTRACT HOUSING - USE OF MONEYS APPROPRIATED.** The institutional offender services line item contained in subdivision 3 of section 1 of this Act includes funding for the operation of a "prerelease center". Any moneys budgeted for the operation of the "prerelease center" but not spent for that purpose may not be used for any other purpose except contracting for additional inmate beds at county or private correctional facilities, as determined necessary by the department. Notwithstanding section 54-16-04, the department may transfer moneys from the institutional offender services line item to the security and safety line item in subdivision 3 of section 1 of this Act as determined necessary by the department to contract for inmate housing.

**SECTION 12. LEGISLATIVE INTENT - FUNDING FOR DRUG COURT PROGRAM.** It is the intent of the fifty-seventh legislative assembly that the department of corrections and rehabilitation seek federal funding to support the drug court program during the biennium beginning July 1, 2001, and ending June 30, 2003. If federal funds do not become available to the department to support the program, special funds derived from other income of the department may be used to fund the program. If federal funds become available during the biennium, the department must use the federal funds, and any required matching funds to be provided from special funds, to fund the program for the remainder of the biennium before funds from any other source are used for this purpose. Special fund moneys not used for the drug court program pursuant to this section must be used in place of general fund moneys appropriated by the fifty-seventh legislative assembly for other programs operated by the department.

**SECTION 13. AMENDMENT.** Section 12-59-02 of the 1999 Supplement to the North Dakota Century Code is amended and reenacted as follows:

**12-59-02. Meetings - Compensation - Rules.** The governor shall appoint a member of the parole board to be chairman. The chairman of the parole board shall designate three members of the parole board for each meeting of the parole board. **SECTION 14.** A new section to chapter 54-23.3 of the North Dakota Century Code is created and enacted as follows:

Approval of new programs. Notwithstanding the powers granted under section 54-23.3-04, the director of the department of corrections and rehabilitation may not authorize any new program that serves adult or juvenile offenders, including alternatives to conventional incarceration and programs operated on a contract basis, without first reporting to the legislative assembly or, if the legislative assembly is not in session, the budget section of the legislative council.

**SECTION 15.** A new subsection to section 54-23.4-06 of the 1999 Supplement to the North Dakota Century Code is created and enacted as follows:

Compensation may not be awarded unless the claimant pursues each available collateral source, including claim for relief unless the claim for relief would place an undue burden on the claimant.

**SECTION 16. AMENDMENT.** Subsection 1 of section 54-23.4-12 of the 1999 Supplement to the North Dakota Century Code is amended and reenacted as follows:

1. If compensation is awarded, the division is subrogated to all the claimant's rights to receive or recover benefits or advantages, for economic loss for which and to the extent only that compensation is awarded, from a source that is, or, if readily available to the claimant, would be, a collateral source. - Funding is reduced to reflect an anticipated 20 contract bed reduction each month of the biennium due to the effect of the drug court (five less contract beds per month) and House Bill No. 1364 (15 less contract beds per month), which eliminates minimum mandatory sentences for certain first-time drug offenders.
- Funding is increased to reflect an anticipated 75 contract bed increase for each of the last eight months of the biennium due to not constructing the women's unit.
