BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Community health grant program.

1. The state department of health shall establish a community health grant program. The primary purpose of the program is to prevent or reduce tobacco usage in the state by strengthening community-based public health programs and by providing assistance to public health units and communities throughout the state. The program must build on and may not duplicate existing programs. Grants awarded under the program must be awarded on a noncompetitive basis using the per capita formula provided for in this subsection. The program must, to the extent funding is available, follow guidelines concerning tobacco prevention programs recommended by the centers for disease control and prevention. Entities awarded grants under the program may contract with or award grants to private providers that conduct tobacco cessation programs. Not more than five percent of the community health grant program funds may be expended for surveillance and evaluation activities. Funds appropriated for the program must be allocated as follows:
 - a. Forty percent of all funds appropriated for the program must be granted to a public health unit or to cooperating public health units that have an agreement with school boards concerning preventive health programs to be funded. The program must be developed with student participation and must include a plan to reduce student tobacco use.
 - b. Forty percent of all funds appropriated for the program must be granted to a public health unit or to cooperating public health units that have established a unitwide plan, developed in cooperation with local elected officials in the unit's jurisdiction, concerning the preventive health programs to be funded. The plan must address programs to reduce tobacco use by the residents living in the counties serviced by the units; however, the plan may include other chronic disease programs. In addition to any grants received under this subdivision, each county with a population of less than ten thousand must receive five thousand dollars per biennium to be used to implement the county's programs.
 - c. Twenty percent of all funds appropriated for the program must be granted to public health units to supplement existing state aid from other sources. Each unit must receive one percent of the amount allocated under this subdivision for each county within the unit and the remaining amount must be distributed to each unit on a per capita basis.
2. The state department of health, in establishing the community health grant program, shall build upon the state's existing tobacco control grant program activities and shall follow the centers for disease control and prevention's best practices for comprehensive tobacco control programs. The department shall encourage applicants to monitor program accountability with respect to tobacco-related behaviors, attitudes, and health outcomes and to include in their plans:

- a. Community programs that:
 - (1) Engage youth in the development and implementation of interventions;
 - (2) Develop partnerships with local organizations;
 - (3) Conduct educational programs at local levels;
 - (4) Promote government and voluntary health policies, such as clean indoor air, youth access, and treatment coverage;
 - (5) Restrict minors' access to tobacco; and
 - (6) Deter smoking in public places.
- b. Promotion of school programs by partnering with public health organizations, school boards, education associations, and other organizations in each county to provide school programs that promote:

 - (2) Evidence-based curricula;
 - (3) Teacher training;
 - (4) Parental involvement; and
 - (5) Cessation services for students and staff.

SECTION 2. Community health grant program advisory committee - Duties of state health officer.

- 1. The state health officer shall establish a community health grant program advisory committee and shall appoint, after consulting with the governor, appropriate members to advise the state department of health in the development of a community health grant program. The state health officer, who shall be the chairman of the committee, shall appoint to the committee the state tobacco control administrator; one high school student; one student of a postsecondary institution in the state; one representative of a nongovernmental tobacco control organization; and one law enforcement officer. - 2. Members of the committee who are not state employees or officers are entitled to be compensated at a rate of sixty-two dollars and fifty cents per day and are entitled to mileage and expenses as provided by law for state officers and employees. A state employee who is a member of the committee must receive that employee's regular salary and is entitled to mileage and expenses, to be paid by the employing agency.
- 3. The state department of health, with the committee's involvement, shall provide assistance to:

- a. Evaluate programs;
 - b. Promote media advocacy by working with statewide media associations;

Upon request, the state health officer shall provide assistance to any interim legislative committee that may study the implementation of the community health grant program and shall recommend any legislation that the community health grant program advisory committee considers appropriate to improve the community health grant program.

SECTION 3. Gifts, grants, and donations - Continuing appropriation. The state department of health and public health units may accept any gifts, grants, or donations, whether conditional or unconditional. The department of health or public health units may contract public or private entities and may expend any available moneys to obtain matching funds for the purposes of this Act. All moneys received by the state department of health as gifts, grants, or donations under this section are appropriated on a continuing basis to the state department of health.

SECTION 4. APPROPRIATION. There is appropriated out of any moneys in the community health trust fund, not otherwise appropriated, the sum of \$100,000, or so much of the sum as may be necessary, to the state department of health for the purpose of funding the community health grant program advisory committee, for the biennium beginning July 1, 2001, and ending June 30, 2003.
