2. **Narrative:** *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

This bill sets the per student payment amount for foundation aid at \$2,240 the first year and \$2,250 the second year of the 2001-2003 biennium and adds new sections to chapter 15-40.1 relating to the reimbursement of school districts for increases in teacher compensation.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

Expenditures under this bill are projected at \$508,499,866, \$456,166,156 for foundaiton aid and \$52,333,710 for teacher salary reimbursement.

Note: The language in the bill is worded such that the increase in teacher compensation is limited to an amount arrived at multiplying

FTE times \$2,000 first year and \$1,500 the second year. Using current FTE's of 9,515.22 a reimbursement at \$2,000 first year and \$1,500 the second year totals \$33.3 million.

If the intent is to spend the amount funded in the Hoeven budget, the payment amount needs to be changed to \$3,500 in the second year (\$19 million the first year, \$19 million increased base plus \$14.3 million second year). This note was prepared assuming the intent was to fund at the level recommended in the Hoeven budget.

2002-03	<u>9,515.22 x \$3,500 = 33,303,270</u>
