This bill contemplates that cable internet providers will need to comply with federal interconnection requirements and other open competition requirements, some of which may come before the PSC. There is no expected difference between a cable company conforming to these provisions and a traditional incumbent or competitive telecommunications company conforming to these provisions --so no fiscal impact is anticipated

B. Expenditures: *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

See note to revenue section, above.

C. Appropriations: *Explain the appropriation amounts. Provide detail, when appropriate, of the effect on the biennial appropriation for each agency and fund affected and any amounts included in the executive budget. Indicate the relationship between the amounts shown for expenditures and appropriations.*

See note to revenue section, above.
