This plan provides for 52 senators and 104 representatives. The average population per district is 12,350. Using the 1975 federal court standard—a 3-percent plus/minus deviation from average—allows a range from 11,980 to 12,720. A few districts have estimated populations subject to minor change upon application of census tracts with unorganized territories.

<u>District(s)</u>	<u>Component(s)</u>	<u>Population</u>	<u>Average</u>
1,2	Burke, Divide, Williams	24,286	12,143
3	see below		
4	Mountrail, pt McLean	12,085
