**2. Narrative:** *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

The bill would enable an eligible organization that is not licensed by the Attorney General to conduct one charity night event per year to raise funds for educational, charitable, patriotic, fraternal, religious, or other public-spirited uses. The organization would apply to the governing body of the city or county for a permit and pay a fee of twenty-five dollars. Games of bingo, paddlewheels, sports pools, twenty-one, raffles, and poker would be allowed. Wagers would be made with chips or imitation money. The organization would not pay gaming tax on the adjusted gross proceeds. After the event, the organization would file an information report with the governing body of the city or county and Attorney General.

**3. State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

**A. Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

General Fund revenues would decrease because licensed organizations that presently file gaming tax returns would qualify to conduct charity night events and not be subject to gaming tax on the adjusted gross proceeds of their gaming activity. The bill would impact twelve licensed organizations.

**B. Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

Not applicable

C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, of the effect on the biennial appropriation for each agency and fund affected and any amounts included in the executive budget. Indicate the relationship between the amounts shown for expenditures and appropriations.*
