2005 HOUSE STANDING COMMITTEE MINUTES

BILL/RESOLUTION NO. HB 1528

House Government and Veterans Affairs Committee

☐ Conference Committee

Hearing Date 3/11/05

Tape Number	Side A	Side B	Meter #
1	x		0-end
Committee Clerk Signature 			

Minutes: HB 1528 Relating to maintenance of the veterans' memorial on the capitol grounds.

Chairman Haas: The meeting will come to order, please. The House Government and Veterans Affairs Committee to order and the ask the clerk to take the roll, please, thank you. The chair declares that we have a quorum and we will open the hearing on HB 1528 and ask the clerk to read the title. Thank you. Good morning Rep. Metcalf.

Rep. Ralph Metcalf-District 24-Introducing the bill. The bill that you see before you is to establish responsibility for the Veterans Memorial, which is located on the capital grounds. The problem is that it needs repair and improvement. What mainly brought this on is the current involvement in Afghanistan and Iraq which has created historically additional names to placed on that veterans memorial. I would like to present the amendment that I have to the current bill. It changes the current structure quite well. Rep. Kasper can solve some of the problems that you had with the original bill. This bill proposes a responsibility in getting the repairs made to the Veterans Memorial.

Rep. Kasper: Who is currently responsible for maintain and keeping good repair to the Veterans Memorial?

Rep. Metcalf: The capital grounds personnel.

Chairman Haas: Any further questions for Rep. Metcalf, thank you for presenting the bill for us. Additional testimony.

Merl Paaverud-Director of the State Historical Society of North Dakota-Testimony

Attached-For

Rep. Grande: Instead of redoing the entire work, could we just have another set of panels put together that talks about corrections and additions. Do we have room for that?

Merl: I think there is a whole bunch of things that need to be put on the table and considered.

Rep. Galvin: How could they make so many mistakes.

Merl: This is the question for the ages. We don't know. This was a Centennial project, they were probably pushed to get this done. We have to deal with it now. We have had people come in and they are hurt and concerned, some of them can't find there loved ones name, or it is misspelled, or relative. The issue is there and with this bill we will get it done.

Chairman Haas: What would be the possible future relationship between the historical society and facilities management, either maintaining or adding to the memorial.

Merl: Giving you a little background, we work with facility management, they maintain the building, this would be on going if we sit down and look at additional things and we can provide technical assistance. We have backgrounds in producing plaques.

Chairman Haas: Would the historical society take on that responsibility of ensuring accuracy of information that went on new plaques?

Merl: We would welcome the opportunity to share in that.

Rep. Sitte: You would be sure this would be accurate or are you just responding to complaints?

Merl: What we are doing right now is responding to complaints. We haven't had a chance to review it.

Chairman Haas: Are there further questions for Merl? Thank you very much, thank you for being here. Is there further testimony. Rep. Boucher good morning.

Rep. Merle Boucher-District 9-For-I was quite involved in the evolutionary of this bill. It is a very appropriate, very fitting memorial to the people of North Dakota who have given there ultimate sacrifice during war time. The unfortunate thing is that put together with good intentions, its there and some what forgotten. There are some issues with some names and some identifies of the folks, misspelled, they are inappropriately labeled, in some cases we had names that were omitted. A very big concern to the people in North Dakota. In respect to those citizens and there families the proper respect should be given to them and there families.

Rep. Boehning: I walked out there and look how the monument was set up and then I started looking at the structure. The monument needs a lot of work and I don't think what your bill is going to do here is we don't allow the money for the kind of repair it really needs. I would like to see if we could put some money into the budget to do some maintenance on it. Have you taken a look at the aspect of it?

Rep. Boucher- Certainly we have taken a look at that aspect of it. We are looking at the plaques, basically I think what has happened, it has become a forgotten part of the capital and the grounds. We need to make the folks in certain situations aware of what are concerns are.

Chairman Haas: Thank you Rep. Boucher, any further questions, thank you very much.

Additional testimony.

John A. Boyle-Director of Facility Management-Office of Management and Budget- I agree with what the Representatives have said and Merl. How many names are on the plaques and how many errors are actually known and we did a little research and there are actually 54 panels and there is approximately 4300 names. The inaccurate known errors is on the hand out.

Chairman Haas: John you said that known error. Before we replace the panels, we would want to do further research into the accuracy of the rest of the information?

John: Yes, that is correct. I have a fellow on my staff, he is a member of the VFW and a high ranking member. He has actually taken it upon himself, over the years, to go through every single name, he is the one the worked to help compile this list and he is has gone to actual grave sites, to each of these names, to see how they are actually spelled on the tombstone. He has done a thorough job of all the names that are on the plaques that are known errors. What we don't know is how many names are actually missing from the plaques. They really did a thorough job from the very beginning. Getting the county records and looking through them. During World War 1 and World War 2, they didn't have computers. They were all written. Meadow Larks in Mandan are the ones that produce the plaques. There was a lot of work that went into this, through the Veterans Administration, Meadow Larks, but unfortunately there were some errors made. Are you going to correct every single error, probably not.

Rep. Amerman: This is a suggestion as I look at the plaques here, they are all engraved on the marble, instead having them engraved, this is just a suggestion, you could have a nice brass thing

that could screw in, if there would be errors in the future, they could remove that one main and then replace that.

Chairman Haas: Further questions for John? John do you know, maybe there are veterans that could answer this question better, how would three-hundred and fifty thousand dollars raised initially?

John: The history that I understand, they went out and got pledges from all the veterans organizations throughout the state, so the state didn't contribute any funds towards the initial installation. The veterans groups actually maintain it as well. There was a time that the veterans groups came to the capital grounds planning commission and asked if we could help maintain the memorial, by changing the light bulbs, the flag. One thing that has concerns me and unfortunately the reason it hasn't made our lists, is because we can only ask for so much.

Rep. Meier: In the past you have gotten your information from the county records, will you continue to get your information from the county records?

John: I actually didn't get the information, the veterans got that information.

Chairman Haas: Further questions for John? Thank you John. Any further testimony on HB 1528?

Lyle Schuchard-Member of the Administrative Committee on Veterans Affairs-Testimony Attached-For-Commander of the AMVETS POST 9-Bismarck. Speaking about additional funding if needed. We would be willing to contribute money annually to that memorial.

Chairman Haas: Are there questions for Lyle? If not, thank you Lyle. Additional testimony if favor of HB 1528?

Raymond Rothmann-Past Amvet State Commander-Appointed as Amvet State Legislative

Director-Testimony Attached-For-

Chairman Haas: Are there any questions for Raymond, if not thank you. Is there any additional testimony in favor of HB 1528.

Austin Gillette-Commander of Post 253-Whiteshield, North Dakota-For-My question to the committee is this, those men who have won the medal of honor deserve a separate place and now that this committee is considering the war memorial, I think it would be appropriate if something similar was done for them. There are only 16 that are on the highest honor list. You guys could consider it. Please consider this medal of honor memorial for those who have earned it.

Chairman Haas: Thank you Austin, is there any further questions for Austin, if not thank you very much Austin. Is there any more testimony in favor of HB 1528. Is there any opposition to HB 1528. If not we will close the hearing on SB 1528. Committee members what are your wishes on HB 1528. Is there a motion to move the amendment. Rep. Grande moves the amendments, seconded by Rep. Sitte. Is there any discussion on the amendment. We will have a voice vote on the amendments, everyone in favor say I, oppose no, amendment is carried. At this time we have the amended bill before us. Do we have a motion on HB 1528 as amended? Rep. Sitte moves a DO PASS as AMENDED, is there a second, seconded by Rep. Potter. Any further discussion? If not we will ask the clerk to take the roll on a DO PASS motion on HB 1528 as Amended.

VOTE: 13 NO 0 ABSENT 1 DO PASS AS AMENDED ON HB 1528

REP. GRANDE WILL CARRY THE BILL.

FISCAL NOTE

Requested by Legislative Council
03/15/2005

Amendment to: HB 1528

1A. State fiscal effect: *Identify the state fiscal effect and the fiscal effect on agency appropriations compared to funding levels and appropriations anticipated under current law.*

	2003-2005 Biennium		2005-2007 Biennium		2007-2009 Biennium	
	General Fund	Other Funds	General Fund	Other Funds	General Fund	Other Funds
Revenues	\$0	\$0				
Expenditures	\$0	\$0	\$0	\$0	\$100,000	\$0
Appropriations	\$0	\$0	\$0	\$0	\$100,000	\$0

1B. County, city, and school district fiscal effect: *Identify the fiscal effect on the appropriate political subdivision.*

2003-2005 Biennium			2005-2007 Biennium			2007-2009 Biennium		
Counties	Cities	School Districts	Counties	Cities	School Districts	Counties	Cities	School Districts

2. Narrative: *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

The recommendations for repairs and updates to the veterans' memorial by the legislative management committee could range from \$0 to \$100,000. The correction and replacement of all the panels would be included in the \$100,000 estimate. The recommended repairs and updates are not appropriated in HB 1015. This amount will need to be included in the 2007-2009 budget.

3. State fiscal effect detail: *For information shown under state fiscal effect in 1A, please:*

A. Revenues: *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

B. Expenditures: *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

Capital improvements - recommended improvements by the legislative management committee could range from \$0 to \$100,000.

C. Appropriations: *Explain the appropriation amounts. Provide detail, when appropriate, of the effect on the biennial appropriation for each agency and fund affected and any amounts included in the executive budget. Indicate the relationship between the amounts shown for expenditures and appropriations.*

There has been nothing included in HB 1015 for this projected expenditure.

REVISION

Bill/Resolution No.: HB 1528

1A. State fiscal effect: *Identify the state fiscal effect and the fiscal effect on agency appropriations compared to funding levels and appropriations anticipated under current law.*

	2003-2005 Biennium		2005-2007 Biennium		2007-2009 Biennium	
	General Fund	Other Funds	General Fund	Other Funds	General Fund	Other Funds
Revenues	\$0	\$0				
Expenditures	\$0	\$0	\$110,000	\$0	\$10,000	\$0
Appropriations	\$0	\$0	\$110,000	\$0	\$10,000	\$0

1B. County, city, and school district fiscal effect: *Identify the fiscal effect on the appropriate political subdivision.*

2003-2005 Biennium			2005-2007 Biennium			2007-2009 Biennium		
Counties	Cities	School Districts	Counties	Cities	School Districts	Counties	Cities	School Districts

2. Narrative: *Identify the aspects of the measure which cause fiscal impact and include any comments relevant to your analysis.*

The State Historical Society of North Dakota has not previously had the responsibility for the care, maintenance and update of the Veterans' Memorial. In checking with Facility Management, a division of the Office of Management and Budget and who has previously maintained the structure, they indicate that the normal ongoing maintenance and utilities for the Memorial is running approximately \$5,000 per year. It is our understanding that there are several errors on the current panels, and that corrections and additions need to be made to the panels contained in the Memorial. Facility Management has estimated that most of the panels would have to be replaced and that replacement process would run approximately \$100,000. The Historical Society would prefer to work closely with Facility Management in providing a resource for developing and maintaining information on and for the memorial plaques and continue to have Facility Management maintain the physical structure. We feel that Facility Management has better capability and resources in close proximity to this structure. Although the Society has equipment to maintain such structures, this equipment is located at remote historic sites throughout the state, whereas, Facility Management has equipment and personnel located on the capitol grounds. It is our understanding that Facility Management would also need an addition of \$100,000 to there budget if they were to undertake the panel replacements.

3. State fiscal effect detail: *For information shown under state fiscal effect in 1A, please:*

A. Revenues: *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

B. Expenditures: *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

Operating Line Item - Utilities and Maintenance - \$10,000

Capital Improvements - Panel replacement - \$100,000

C. Appropriations: *Explain the appropriation amounts. Provide detail, when appropriate, of the effect on the biennial appropriation for each agency and fund affected and any amounts included in the executive budget. Indicate the relationship between the amounts shown for expenditures and appropriations.*

There has been nothing included in the Executive Budget of the State Historical Society for this project. We assume that the Facility Management Division has had a minimal budget to maintain this memorial. It will be necessary to provide an appropriation if this memorial is to be maintained adequately. The Society does not have adequate funds within its current operating budget to assume the care of the structure without addition to the budget.

Committee Clerk Signature <i>Diane Davis</i>			

Chairman Krebsbach opens the hearing on HB 1528

To provide for inspection and repair recommendations for the veterans' memorial on the capitol grounds.

Representative Ralph Metcalf - Introduced delayed bill - He said there has been many changes in this bill. Said he doesn't want to be flamboyant just wants the repairs to be correctly and looks nice. He said repairs would be made out of the OMB budget if they cannot complete repairs out of their budget then they will have to look at other funds they have access to. If it is a drastic overhaul that has to be accomplished then they would have to come to the next session with a budget in appropriations bill. There are quite a few names that are incorrect on the memorial. Also with current war there are additional names that need to be put on.

Senator Nelson - Asked why a legislative committee instead of Capitol Grounds.

Rep. Metcalf - Replied that the people involved felt having this legislative committee would take more responsibility so hopefully there will be no more errors.

Senator Brown - Asked why they put in there the legislative council shall visit something that is right outside the door. Why shall?

Rep. Metcalf - Said he has found that unless you use the word "shall" there is a good possibility that it will be never. This is the appropriate time to bring the Memorial up to speed to express our thanks to our servicemen.

Senator Brown - Asked if you expect that this visit to happen before session is up. Seems odd to him to specifically say shall visit something.

Rep. Metcalf - He thinks it is important that this is done now. This is very simple situation, just walk out and look at it.

(meter #1200)

Senator Syverson - Thought since they addressing grounds issues, he wondered about the flag poles out front. He would like to see a grand flag pole.

Rep Metcalf - Said he is not a good person to ask that. He doesn't think they are very impressive either.

Senator Nelson - Told of a new master plan that is being worked on that basically moves the main entrance to the west side of the building. She thinks when they redo the grounds those flag poles will probably be addressed.

(meter #1569)

Representative Boucher - District 9 - Sponsor of this bill - He said the issue here is to honor the war dead. The people that visit it say there are names missing and out of order and the building

needs repair. It is only right that we take care of it. Its a very fitting memorial and we need to properly maintain it.

Senator Syverson - Asked his feelings on the flag poles.

Rep. Boucher - Said if it can improve the appearance of the grounds then he is for it.

Senator Krebsbach - Asked why this isn't under the umbrella of the Capitol Grounds and Improvement Committee.

Rep. Boucher - Said its a cooperative situation between many state agencies.

(meter #2170)

Merl Paaverud - Director of the State Historical Society of ND - See written testimony.

Senator Syverson - Asked if they would consider a plaque that is able to add names to.

Paaverud - Replied yes, that is necessary. We have new names now to put on there. The original intent of the Memorial was for ND 1st 100 years but if we intend to add to it then that understanding needs to be done.

Senator Syverson - Asked if it had to be brass and he would hope they would bring in Veterans' organizations and get them involved.

(meter #2920)

John Boyle - OMB Facility Management - Agrees with what has been said. He said there is approximately 4000 names on the Memorial and approximately 90 are misspelled. He said it means a lot to those who have someone there to have it corrected. He said the fiscal note would be for the 07-09 biennium. They do about \$5,000 a year for maintenance. He said the Veterans raised \$350,000 to build the Memorial of that \$70,000 was used to make name corrections.

More of the name that were left out not misspelled.

He said he has tried to get the Veterans' to raised \$60,000 and he would match it in his budget but they thought it would be difficult for them to raise that money.

Senator Nelson - Asked where is the Capitol Grounds budget.

Boyle - Said the Capitol Grounds Planning Commission is appropriated \$50,000 every biennium for improvements on the Capitol grounds, anything over that they would have to receive an appropriation from the legislature.

Senator Nelson - Asked what is the time frame for the master plan.

Boyle - Said originally 30 year period, they are now into in to 5 years.

Senator Krebsbach - Asked who serves on the Legislative Committee.

Boyle - Said the Lt. Governor is in charge, 2 Representatives, 2 Senators, someone from the State Historical Society, an appointed architect and 2 other individuals that the Governor appoints. and State Parks and Rec.

Senator Krebsbach - Can see why it needs to be in legislative management because of the dollars that are needed.

Closed the hearing on HB 1528

(meter #3936)

Discussion

Senator Syverson - Would like to see an effective date. He would like to look at the master plan to include the grand entrance on the south side.

Senator Lee - Agrees on the flag pole but does not believe the master plan should be interfered with.

Senator Syverson - He does think there needs to be some repairs in the Grand Hall. He heard two years ago that the brass pillars would be repaired and it has not happened.

Senator Krebsbach - Thinks we should not cloud this project with more than they are ready to undertake at this time.

Senator Nelson - Moved for do pass

Senator Brown - Seconded

Senator Lee - Asked if Capitol Grounds Improvement Committee should be put in someplace.

Senator Krebsbach - There should be some of that stated in here.

Senator Nelson - Pointed out that it is already in the bill, goes through Facility Management.

Senator Krebsbach - Asked Mr. Boyle when this is given to you and the updates and recommendations given to Facility Management do you then take it to the Capitol Grounds and Improvement.

Boyle - Replied, yes he would have to.

Senator Krebsbach - Does Capitol Grounds and Improvement looked at this.

Boyle - Said no this isn't even on their radar.

Called roll

Do Pass

HB 1528
Government and Veterans Affairs Committee
March 11, 2005
Testimony by Merl Paaverud, Director
State Historical Society of North Dakota

Introduction

Mr. Chairman and members of the Committee, my name is Merl Paaverud and I am director of the State Historical Society of North Dakota. The mission of the State Historical Society of North Dakota is to identify, interpret, preserve and protect the heritage of the people of North Dakota. A major part of this tradition takes place when we recognize historical events and the individuals who are associated with them. The North Dakota Veterans' Memorial is one of the sites where this tradition is time honored and accomplished in our great state.

Overview

I think we all believe that the North Dakota Veterans Memorial should provide accurate information about people who have made the ultimate sacrifice for their country and state. The idea for this memorial is honorable, and we are now aware that corrections must be made so that its true meaning can be appreciated by all. House Bill 1528 provides an opportunity to focus our efforts on this important site and to update the information included in it so that it is more accurate.

I am asking that the Office of Management and Budget-Facility Management be given the opportunity to continue maintaining the memorial and to update the memorial's listing of names. I am also offering the assistance of the State Historical Society for researching, producing and preserving this information for posterity.

Budget Summary

The production of new plaques is estimated to be \$100,000. The maintenance of the structure is \$10,000 per biennium.

Conclusion

I believe that the North Dakota Veteran's Memorial needs our combined efforts to update its historical record. Facility Management has the staff and equipment to maintain the structure and the State Historical Society will provide its assistance to secure accurate information and produce high quality historical plaques. The plaques will honor our war dead, educate our children and will promote understanding about the sacrifices that so many have made for our state and nation.

I will be glad to answer any questions that you might have.

NORTH DAKOTA VETERANS MEMORIAL 1989

IN THIS YEAR OF NORTH DAKOTA'S CENTENNIAL, THIS MONUMENT IS DEDICATED TO ALL NORTH DAKOTANS WHO SERVED IN THE ARMED FORCES DURING THE FIRST ONE HUNDRED YEARS OF STATEHOOD. THE NAMES OF THE MEN AND WOMEN LISTED ON THIS MEMORIAL GAVE THEIR LIVES IN WARTIME SERVICE OF OUR COUNTRY.

THE MEMORIAL

SHELTERED BY A DOME AND COVERED BY A CUBE, SYMBOLS OF PURITY, UNITY AND STABILITY. THE SUPPORTING COLUMNS SYMBOLICALLY DEFINE THE INSIDE AND OUTSIDE OF THE MEMORIAL, WHILE LINKING IT TO THE WOOD OF LAND IN ALL DIRECTIONS. ON THE ELEVENTH MONTH OF THE ELEVENTH DAY OF THE ELEVENTH MONTH TO HONOR VETERANS WILL SHINE ON THE BRONZE GLOBE TO HONOR VETERANS DAY.

MAY THEY REST,
WHERE EVER THEY LIE,
IN SERENE GLORY.

PERSIAN GULF WAR

JEFFRY J. OLSON

1990-

1528

HB 1528
Government and Veterans Affairs Committee
March 24, 2005
Testimony by Merl Paaverud, Director
State Historical Society of North Dakota

Introduction

Madame Chair and members of the Committee, my name is Merl Paaverud and I am director of the State Historical Society of North Dakota. The mission of the State Historical Society of North Dakota is to identify, interpret, preserve and protect the heritage of the people of North Dakota. A major part of this tradition takes place when we recognize historical events and the individuals who are associated with them. The North Dakota Veterans' Memorial is one of the sites where this tradition is time honored and accomplished in our great state.

Overview

I think we all believe that the North Dakota Veterans Memorial should provide accurate information about people who have made the ultimate sacrifice for their country and state. The idea for this memorial is honorable, and we are now aware that corrections must be made so that its true meaning can be appreciated by all. Amended House Bill 1528 provides an opportunity to focus our efforts on this important site and to update the information included in it so that it is more accurate.

I am asking that the Office of Management and Budget-Facility Management be given the opportunity to continue maintaining the memorial and to update the memorial's listing of names. I am also offering the assistance of the State Historical Society for researching, producing and preserving this information for posterity.

Budget Summary

The production of new plaques is estimated to be \$100,000. The maintenance of the structure is \$10,000 per biennium.

Conclusion

I believe that the Veteran's Memorial needs our combined efforts to update its historical record. Facility Management has the staff and equipment to maintain the structure and the State Historical Society will provide its assistance to secure accurate information and produce high quality historical plaques. The plaques will honor our war dead, educate our children and will promote understanding about the sacrifices that so many have made for our state and nation.

I will be glad to answer any questions that you might have.
