- 1 A BILL for an Act to create and enact a new section to chapter 54-59 of the North Dakota
- 2 Century Code, relating to reporting of certain information technology projects to the state
- 3 information technology advisory committee and the legislative council.

## 4 BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** A new section to chapter 54-59 of the North Dakota Century Code is created and enacted as follows:

Information technology projects - Report to state information technology advisory committee and information technology committee. An executive or judicial branch agency or the state board of higher education or an institution under the control of the state board of higher education shall report to the state information technology advisory committee regarding any information technology project that is estimated to cost more than one hundred thousand dollars if, during the completion of the project, the estimated budget to complete the project exceeds the original estimate by twenty percent or more or if the estimated completion date for the project exceeds sixty days beyond the original estimated project completion date. The report must specify corrective measures being undertaken to address the cost or completion date issues. If the agency has not taken adequate corrective measures within ninety days after the report, the agency shall submit a report to the legislative council's information technology committee regarding the project.
