Representatives Carlson, Thoreson

1 A BILL for an Act to create and enact sections 61-39-06, 61-39-07, 61-39-08, 61-39-09,
2 61-39-10, 61-39-11, 61-39-12, 61-39-13, 61-39-14, 61-39-15, and 61-39-16 of the North Dakota
3 Century Code, relating to issuance of bonds by the Lake Agassiz water authority; and to amend
4 and reenact sections 61-39-01, 61-39-02, 61-39-03, and 61-39-05 of the North Dakota Century
5 Code, relating to water supply contracts and membership of and powers of the Lake Agassiz
6 water authority.

7 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

8 **SECTION 1. AMENDMENT.** Section 61-39-01 of the North Dakota Century Code is
9 amended and reenacted as follows:

10 **61-39-01. Findings and declaration of policy.** The legislative assembly declares that
11 many areas and localities in eastern North Dakota do not enjoy adequate quantities of
12 high-quality drinking water; that other areas and localities in eastern North Dakota do not have
13 sufficient quantities of water to ensure a dependable, long-term supply; that greater economic
14 security and the protection of health and property benefits the land and water resources of this
15 state; and that the promotion of the prosperity and general welfare of all of the people of this
16 state depend on the effective development and utilization of the land and water resources of
17 this state and necessitates and requires the exercise of the sovereign powers of this state and
18 concern a public purpose. To accomplish this public purpose, it is declared necessary that a
19 water authority to store and distribute water to eastern North Dakota be established to provide
20 for the supply and distribution of water to the people of eastern North Dakota for purposes,
21 including domestic, rural water, municipal, livestock, light industrial, and other uses, with
22 primary emphasis on domestic, rural water, and municipal uses; and provide for the future
23 economic welfare and prosperity of the people of this state, and particularly the people of
24 eastern North Dakota, by the bulk purchase of water from the Garrison Diversion Conservancy

District delivered by the Red River valley water supply project for beneficial and public uses. The Garrison Diversion Conservancy District may acquire, construct, improve, and own the Red River valley water supply project and the Lake Agassiz water authority may enter one or more contracts to provide for the authority to acquire bulk water from the Garrison Diversion Conservancy District and may enter water supply contracts with member cities and water districts for the resale of this water for consumption within or outside the state.

The legislative assembly acknowledges that North Dakota and Minnesota communities jointly use the Red River as a water resource. It is in the best interest of eastern North Dakota also to study and possibly provide for the water needs of those Minnesota communities through a Red River valley water supply project, particularly if that project maintains the use of the Red River for North Dakota communities.

In furtherance of this public purpose, the state water commission may provide for the issuance of bonds in accordance with chapter 61-02 to finance the costs of any project to deliver water to eastern North Dakota. This chapter does not abrogate or limit the rights, powers, duties, and functions of the state water commission or state engineer, but is supplementary to those rights, powers, duties, and functions.

SECTION 2. AMENDMENT. Section 61-39-02 of the North Dakota Century Code is amended and reenacted as follows:
