WORKFORCE SAFETY & INSURANCE  
2005 LEGISLATION  
SUMMARY OF ACTUARIAL INFORMATION

BILL DESCRIPTION: Drug Testing

BILL NO: HB 1119

SUMMARY OF ACTUARIAL INFORMATION: Workforce Safety & Insurance, together with its actuary, Glenn Evans of Pacific Actuarial Consultants, has reviewed the legislation proposed in this bill in conformance with Section 54-03-25 of the North Dakota Century Code.

The proposed legislation provides WSI the opportunity to test injured workers where drug misuse or abuse is suspected. Workforce Safety and Insurance's ability to test an injured worker for the presence of an illegal substance or the absence of a prescribed substance is necessary for the organization to effectively medically manage claims and to facilitate an injured workers rehabilitation and return to work. When WSI has information that a substance is being abused, the ability to determine the accuracy of those suspicions is critical to affirmatively getting the injured worker the services they need to move their medical and vocational status forward.

FISCAL IMPACT: No significant quantifiable impact is anticipated. The drug testing provision may serve to expedite recovery and earlier returns to work in certain cases, resulting in some savings for those individual cases. To the extent savings occur, it will be reflected in future premium levels.
