24 **40-58-02. Findings and declarations of necessity.**

- 25 1. It is hereby found and declared that there exist in municipalities of the state slum
26 and blighted areas which constitute a serious and growing menace, injurious to the
27 public health, safety, morals, and welfare of the residents of the state; that the
28 existence of these areas contributes substantially and increasingly to the spread of
29 disease and crime, constitutes an economic and social liability, substantially
30 impairs or arrests the sound growth of municipalities, retards the provision of
31 housing accommodations, aggravates traffic problems, and substantially impairs or

1 arrests the elimination of traffic hazards and the improvement of traffic facilities;
2 and that the prevention and elimination of slums and blight is a matter of state
3 policy and state concern in order that the state and its municipalities do not
4 continue to be endangered by areas which are focal centers of disease, promote
5 juvenile delinquency, and, while contributing little to the tax income of the state and
6 its municipalities, consume an excessive proportion of its revenues because of the
7 extra services required for police, fire, accident, hospitalization, and other forms of
8 public protection, services, and facilities. It is further found and declared that
9 certain slum or blighted areas, or portions thereof, may require acquisition,
10 clearance, and disposition subject to use restrictions, as provided in this chapter,
11 since the prevailing condition of decay may make impracticable the reclamation of
12 the area by conservation or rehabilitation; that other areas or portions thereof may,
13 through the means provided in this chapter, be susceptible of conservation or
14 rehabilitation in such a manner that the conditions and evils described in this
15 section may be eliminated, remedied, or prevented; and that to the extent feasible
16 salvable slum and blighted areas should be conserved and rehabilitated through
17 voluntary action and the regulatory process.

18 2. It is further found and declared that there exist in municipalities of the state
19 conditions of unemployment, underemployment, and joblessness detrimental to the
20 economic growth of the state economy; that it is appropriate to implement
21 economic development programs both desirable and necessary to eliminate the
22 causes of unemployment, underemployment, and joblessness for the benefit of the
23 state economy; and that tax increment financing is an economic development
24 program designed to facilitate projects that create economic growth and
25 development.

26 3. It is further found and declared that, subject to chapter 32-15, the powers conferred
27 by this chapter are for public uses and purposes for which public money may be
28 expended and the power of eminent domain exercised and that the necessity in the
29 public interest for the provisions herein enacted is hereby declared as a matter of
30 legislative determination.
