1. The department shall establish specific standards, policies, and guidelines to support the future vision of migrating to a small number of operating system platforms. The standards and guidelines must be developed through the enterprise architecture process in accordance with section 54-59-09.
2. An agency or institution information technology plan required by section 54-59-11 must include data regarding business application assets, including age, and a planned replacement cycle. The department shall develop a long-term plan for the cost-effective, needs-based replacement of all critical business applications over a period of ten years or more. The process must include participation of affected agencies and institutions and must incorporate the standards, policies, and guidelines developed by the enterprise architecture process. The state information technology advisory committee shall prioritize application replacement projects in accordance with section 54-59-02.1. An agency or institution implementing a replacement application shall comply with the standards, policies, and guidelines developed under section 54-59-09 and shall obtain the services as provided by section 54-59-22. This subsection does not require the consolidation of business applications.
3. If an agency request for an exemption from the requirements of section 54-59-22 is denied by the office of management and budget, the agency may submit to the state information technology advisory committee any information it considers necessary to support its request for an exemption. The state information technology advisory committee may request the office of management and budget to reconsider the request for the exemption. If the office of management and budget denies the request for reconsideration or again denies the exemption, the agency may appeal to the governor. The governor may approve or deny the request. If the governor denies a request for an exemption, the agency may appeal to the legislative council's information technology committee. If an exemption is granted, the legislative assembly, at the next regular session of the legislative assembly, shall consider extending the exemption. If the legislative assembly does not extend the exemption, the exemption may not extend beyond the adjournment of that session of the legislative assembly.
4. If an industry regulated by a state agency incurs or anticipates incurring additional costs or permitting delays as a result of the effect on the regulating state agency of specific standards, policies, or guidelines established by the department under chapter 54-59, the industry may submit to the state information technology advisory committee a request for an exemption for the regulating state agency. The request must include any information the industry considers necessary to support its request for an exemption. The chief information officer shall request advice from the state information technology committee regarding the exemption. If the chief information officer denies a request for an exemption, the industry may appeal to the legislative council's information technology committee for the regulating state agency. The information technology committee may approve or deny the request. If the committee denies a request for an exemption, the industry may appeal to the governor. If the information technology committee or the governor approves an exemption, the exemption is effective for a period of up to ten years unless changes in technology require reconsideration of the exemption."

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Section 14-10-17 of the North Dakota Century Code is amended and reenacted as follows:

#### **14-10-17. Minors - Treatment for sexually transmitted disease - Drug abuse - Alcoholism - Pregnancy.**

1. Any person of the age of fourteen years or older may contract for and receive examination, care, or treatment for sexually transmitted disease, alcoholism, pregnancy-related care, or drug abuse without permission, authority, or consent of a parent or guardian.
2. For purposes of this section, "pregnancy-related care" means prenatal care, labor, and delivery, and other health care services to determine the presence of or to treat pregnancy or conditions associated with pregnancy. This section does not authorize a minor to consent to abortion or otherwise supersede the requirements of chapter 14-02.1. A physician or other health care professional or a health care facility may not be compelled against their best judgment to provide pregnancy-related care to a minor based on the minor's own consent. A physician or other health care professional who provides pregnancy-related care to a minor may inform the parent or guardian of the minor of any health care services given or needed if the physician or other health care professional discusses with the minor the reasons for informing the parent or guardian before the disclosure, and in the judgment of the physician or other health care professional:
  - a. Failure to inform the parent or guardian would seriously jeopardize the health of the minor or the unborn child;
  - b. Severe complications are present or anticipated;
  - c. Major surgery or prolonged hospitalization is needed; or
  - d. Informing the parent or guardian would benefit the minor's physical and mental health."
