

PROPOSED AMENDMENTS TO SENATE BILL NO. 2178

Page 1, line 1, replace "subsection" with "subsections" and after "2" insert "and 3"

Page 1, line 2, remove "an"

Page 1, line 5, replace "Subsection" with "Subsections" and after "2" insert "and 3"

Page 1, line 6, replace "is" with "are"

Page 1, line 20, remove the overstrike over "~~three~~", remove "~~eight~~", and after "year" insert "; however, a county may receive up to eight million nine hundred thousand dollars under this subdivision for each fiscal year if during that fiscal year the county levies a total of at least ten mills for combined levies for county road and bridge, farm-to-market and federal-aid road, and county road purposes. Any amount received by a county exceeding three million nine hundred thousand dollars under this subdivision is not subject to allocation under subsection 3 but must be credited by the county treasurer sixty percent to the county general fund, ten percent to school districts within the county on the basis of average daily attendance, and thirty percent to incorporated cities of the county based upon population"

Page 1, line 22, remove the overstrike over "~~four~~" and remove "nine"

Page 1, line 23, after "year" insert "; however, a county may receive up to nine million one hundred thousand dollars under this subdivision for each fiscal year if during that fiscal year the county levies a total of at least ten mills for combined levies for county road and bridge, farm-to-market and federal-aid road, and county road purposes. Any amount received by a county exceeding four million one hundred thousand dollars under this subdivision is not subject to allocation under subsection 3 but must be credited by the county treasurer sixty percent to the county general fund, ten percent to school districts within the county on the basis of average daily attendance, and thirty percent to incorporated cities of the county based upon population"

Page 2, line 2, remove the overstrike over "~~four~~", remove "nine", and after "year" insert "; however, a county may receive up to nine million six hundred thousand dollars under this subdivision for each fiscal year if during that fiscal year the county levies a total of ten mills or more for combined levies for county road and bridge, farm-to-market and federal-aid road, and county road purposes. Any amount received by a county exceeding four million six hundred thousand dollars under this subdivision is not subject to allocation under subsection 3 but must be credited by the county treasurer sixty percent to the county general fund, ten percent to school districts within the county on the basis of average daily attendance, and thirty percent to incorporated cities of the county based upon population"

Page 2, after line 5, insert:

- "3. Forty-five percent of all revenues as may by the legislative assembly be allocated to any county hereunder must be credited by the county treasurer to the county general fund. Thirty-five percent of all revenues allocated to any county must be apportioned by the county treasurer no less than quarterly to school districts within the county on the average daily

attendance distribution basis, as certified to the county treasurer by the county superintendent of schools. However, no school district may receive in any single academic year an amount under this subsection greater than the county average per student cost multiplied by seventy percent, then multiplied by the number of students in average daily attendance or the number of children of school age in the school census for the county, whichever is greater. Provided, however, that in any county in which the average daily attendance or the school census, whichever is greater, is fewer than four hundred, the county is entitled to one hundred twenty percent of the county average per student cost multiplied by the number of students in average daily attendance or the number of children of school age in the school census for the county, whichever is greater. Once this level has been reached through distributions under this subsection, all excess funds to which the school district would be entitled as part of its thirty-five percent share must be deposited instead in the county general fund. The county superintendent of schools of each oil-producing county shall certify to the county treasurer by July first of each year the amount to which each school district is limited pursuant to this subsection. As used in this subsection, "average daily attendance" means the average daily attendance for the school year immediately preceding the certification by the county superintendent of schools required by this subsection. Twenty percent of all revenues allocated to any county hereunder must be paid no less than quarterly by the state treasurer to the incorporated cities of the county based upon the population of each incorporated city according to the last official decennial federal census. ~~However, no city may receive in any fiscal year an amount under this subsection greater than five hundred dollars per capita.~~ Once this level has been reached through distributions under this subsection, all excess funds to which any city would be entitled except for this limitation must be deposited instead in that county's general fund. Provided, however, that in determining the population of any city in which total employment increases by more than two hundred percent seasonally due to tourism, the population of that city for purposes of determining the per capita limitation in this section must be increased by adding to the population of the city as determined by the last official decennial federal census a number to be determined as follows:

- a. Seasonal employees of state and federal tourist facilities within five miles [8.05 kilometers] of the city must be included by adding the months all such employees were employed during the prior year and dividing by twelve.
- b. Seasonal employees of all private tourist facilities within the city and seasonal employees employed by the city must be included by adding the months all such employees were employed during the prior year and dividing by twelve.
- c. The number of visitors to the tourist attraction within the city or within five miles [8.05 kilometers] of the city which draws the largest number of visitors annually must be included by taking the smaller of either of the following:
  - (1) The total number of visitors to that tourist attraction the prior year divided by three hundred sixty-five; or
  - (2) Four hundred twenty."

Renumber accordingly
