4 **WHEREAS**, this state relies heavily upon government employment with 21 percent of all
5 workers being government employees as compared to 15 percent nationwide; and

6 **WHEREAS**, North Dakota ranks first in the number of statewide elected officials and
7 units of government as compared to the other states and the District of Columbia; and

8 **WHEREAS**, on the basis of governmental units per 10,000 population, this state has
9 over six times the governmental units of Minnesota, over three times the governmental units of

11 **WHEREAS**, many of the governmental units are funded primarily or entirely by property
12 taxes; and
