15.1-32-18. Cost - Liability of school district for special education. ~~If the cost of providing special education and related services to a student with disabilities, as determined by the superintendent of public instruction, exceeds the reimbursement provided by the state, the student's school district of residence is liable to pay for each such student an amount over the state reimbursement up to a maximum each school year of two and one-half times the state average per student elementary cost of education or high school cost of education, depending on the student's level of enrollment, plus twenty percent of all remaining costs. The two and one-half times amount includes the amount that the school district is required to pay under section 15.1-32-14. The state is liable for eighty percent of the remaining cost of education and related services for each such student with disabilities within the limits of legislative appropriations.~~

1. Each year the superintendent of public instruction shall identify the approximately one percent of special education students statewide who are not eligible for cost reimbursement under section 15.1-29-14 and who require the greatest school district expenditures in order to provide them with special education and related services. This percentage represents the number of students that would qualify for excess cost reimbursement beyond the multiplier that is established in subsection 3.

5. In addition to any other reimbursements provided under this section, if a school district expends more than two percent of its annual budget for the provision of special education and related services to one student, the district shall notify the superintendent of public instruction. Upon verification, the superintendent shall reimburse the district for the difference between:

- a. Two percent of the district's annual budget; and
- b. The lesser of:
 - (1) The amount actually expended by the district for the provision of special education and related services to that student; or
 - (2) The amount representing four and one-half times the state average cost of education per student.

 - a. A school construction loan equal to the lesser of eight million dollars or eighty percent of the actual project cost;
 - b. An interest rate discount equal to at least fifty but not more than two hundred basis points below the prevailing tax-free bond rates; and
 - c. A term of repayment that may extend up to twenty years.

5. If an eligible school district's imputed taxable valuation per student is equal to at least eighty percent but less than ninety percent of the state average imputed taxable valuation per student, the district is entitled to receive:

- 4- 8. The superintendent of public instruction shall consider each loan application in the order it received approval under section 15.1-36-01.
- 5- 9. If the superintendent of public instruction approves the loan, the superintendent may determine the loan amount. ~~In determining the amount of a loan, the superintendent shall take into account the cost of the construction project and the fiscal capacity of the school district.~~
6. ~~If the superintendent of public instruction approves the loan, the superintendent may determine the interest rate to be paid. The interest rate on a loan under this section may not exceed a rate of two percent below the net interest rate on comparable tax exempt obligations as determined on the date the application is approved by the superintendent pursuant to section 15.1 36 01. The interest rate may not exceed six percent.~~
7. ~~A school district may not receive a loan under this section unless the superintendent of public instruction determines that the district has an existing indebtedness equal to at least fifteen percent of its taxable valuation. School construction projects - Reorganized districts - Interest subsidy.

1. If under chapter 15.1-12 two or more school districts prepare a reorganization plan, agree in that plan to pursue a construction project, and obtain the approval of the superintendent of public instruction in accordance with this chapter, the newly reorganized district is eligible to receive up to three hundred basis points of interest rate buydown on the lesser of:
 - a. Thirteen million five hundred thousand dollars; or
 - b. A percentage of the total project cost determined by:
 - (1) Allowing five percent for each school district that participated in the reorganization;
 - (2) Allowing five percent for each one hundred-square-mile [259-square-kilometer] increment that is added to the square miles [kilometers] of the geographically largest district participating in the reorganization;
 - (3) Allowing five percent for every ten students added to the enrollment of the district having the greatest number of enrolled students and participating in the reorganization; and
 - (4) Capping the allowable percentage at ninety percent of the total project cost.
2. In addition to the requirements of subsection 1, the percentage of cost subsidy determined under subdivision b of subsection 1 must equal at least twenty percent of the total project cost.

SECTION 45. A new section to chapter 15.1-38 of the North Dakota Century Code is created and enacted as follows:

English language learner - Definition. English language learner means a student who:

1. Is at least five years of age but has not reached the age of twenty-two;
2. Is enrolled in a school district in this state;
3. Has a primary language other than English or comes from an environment in which a language other than English significantly impacts the individual's level of English language proficiency; and
4. Has difficulty speaking, reading, writing, and understanding English, as evidenced by a language proficiency test approved by the superintendent of public instruction and aligned to the state English language proficiency standards and the state language proficiency test.

SECTION 46. A new section to chapter 15.1-38 of the North Dakota Century Code is created and enacted as follows:

New immigrant English language learner - Definition. A new immigrant English language learner is an English language learner who was not born in the United States and has not attended school in the United States for more than three school years or the monthly equivalent of three school years.

SECTION 47. AMENDMENT. Section 57-15-14 of the North Dakota Century Code is amended and reenacted as follows:

57-15-14. Tax levy limitations in school districts. The aggregate amount levied each year for the purposes listed in section 57-15-14.2 by any school district, except the Fargo school district, may not exceed the amount in dollars which the school district levied for the prior school year plus eighteen percent up to a general fund levy of one hundred eighty-five mills on the dollar of the taxable valuation of the district, except that:

1. In any school district having a total population in excess of four thousand according to the last federal decennial census:

- a. There may be levied any specific number of mills that upon resolution of the school board has been submitted to and approved by a majority of the qualified electors voting upon the question at any regular or special school district election.
 - b. There is no limitation upon the taxes which may be levied if upon resolution of the school board of any such district the removal of the mill levy limitation has been submitted to and approved by a majority of the qualified electors voting at any regular or special election upon such question.
2. In any school district having a total population of less than four thousand, there may be levied any specific number of mills that upon resolution of the school board has been approved by fifty-five percent of the qualified electors voting upon the question at any regular or special school election.
- ~~3. In any school district in which the total assessed valuation of property has increased twenty percent or more over the prior year and in which as a result of that increase the school district is entitled to less in state aid payments provided in chapter 15.1 27 because of the deduction required in section 15.1 27-05, there may be levied any specific number of mills more in dollars than was levied in the prior year up to a general fund levy of one hundred eighty five mills on the dollar of the taxable valuation of the school district. The additional levy authorized by this subsection may be levied for not more than two years because of any twenty percent or greater annual increase in assessed valuation. The total amount of revenue generated in excess of the eighteen percent increase which is otherwise permitted by this section may not exceed the amount of state aid payments lost as a result of applying the deduction provided in section 15.1 27-05 to the increased assessed valuation of the school district in a one year period.~~

The question of authorizing or discontinuing such specific number of mills authority or unlimited taxing authority in any school district must be submitted to the qualified electors at the next regular election upon resolution of the school board or upon the filing with the school board of a petition containing the signatures of qualified electors of the district equal in number to twenty percent of the number of persons enumerated in the school census for that district for the most recent year such census was taken, unless such census is greater than four thousand in which case only fifteen percent of the number of persons enumerated in the school census is required. However, not fewer than twenty-five signatures are required unless the district has fewer than twenty-five qualified electors, in which case the petition must be signed by not less than twenty-five percent of the qualified electors of the district. In those districts with fewer than twenty-five qualified electors, the number of qualified electors in the district must be determined by the county superintendent for such county in which such school is located. However, the approval of discontinuing either such authority does not affect the tax levy in the calendar year in which the election is held. The election must be held in the same manner and subject to the same conditions as provided in this section for the first election upon the question of authorizing the mill levy.

SECTION 48. TRANSPORTATION GRANTS - DISTRIBUTION.

1.
 - a. During the first year of the 2007-09 biennium, the superintendent of public instruction shall calculate the payment to which each school district is entitled based on the state transportation formula as it existed on June 30, 2001, except that the superintendent shall provide reimbursement at the rate of:
 - (1) Fifty-one and one-half cents per mile for schoolbuses having a capacity of ten or more passengers and transporting students within city limits;
 - (2) Seventy-three and one-half cents per mile for schoolbuses having a capacity of ten or more passengers and transporting students in rural areas; and
 - (3) Forty cents per mile for vehicles having a capacity of nine or fewer passengers and transporting students in rural areas.

- b. During the second year of the 2007-09 biennium, the superintendent of public instruction shall distribute to each school district the same amount the district received under this section for transportation services provided during the first year of the biennium.
2. The superintendent of public instruction shall use the latest available student enrollment count in each school district in applying the provisions of the transportation formula as it existed on June 30, 2001.
3. If any moneys provided for transportation payments in the grants - transportation line item in Senate Bill No. 2013, as approved by the sixtieth legislative assembly, remain after application of the formula provided for in this section, the superintendent of public instruction shall prorate the remaining amounts according to the percentage of the total transportation formula amount to which each school district is entitled.
4. Nothing in this section authorizes the reimbursement of any costs incurred in providing transportation for student attendance at extracurricular activities or events.

SECTION 49. SCHOOL DISTRICT REORGANIZATION PLANNING GRANTS.

The superintendent of public instruction may expend up to \$100,000 from the grants - state school aid line item in subdivision 1 of section 3 of Senate Bill No. 2013, as approved by the sixtieth legislative assembly, for the purpose of providing planning grants to school districts participating in reorganizations under chapter 15.1-12, for the biennium beginning July 1, 2007, and ending June 30, 2009. A grant provided under this section may not exceed \$25,000 and may not be awarded unless the student enrollment of the participating districts exceeds three hundred sixty. If a grant is provided and the recipient districts vote not to reorganize, the superintendent of public instruction shall withhold the grant amount that each district received under this section from any state aid payable to the district.

SECTION 50. APPROPRIATION - SCHOOL DISTRICT - DEFERRED MAINTENANCE AND PHYSICAL PLANT IMPROVEMENT GRANTS.

1. There is appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum of \$5,000,000, or so much of the sum as may be necessary, to the superintendent of public instruction for the purpose of awarding to eligible school districts deferred maintenance and physical plant improvement grants, in accordance with the provisions of this section, for the biennium beginning July 1, 2007, and ending June 30, 2009.
2. If the office of management and budget determines by April 30, 2008, that the June 30, 2008, ending balance of the state general fund will be more than \$30,000,000 in excess of the amount predicted by the office of management and budget at the conclusion of the 2007 legislative session, the superintendent of public instruction shall forward to each eligible school district:
 - a. Ten thousand dollars; plus
 - b. The school district's pro rata share of the remaining appropriation, calculated by using the latest available average daily membership of each school district.
3. If the general fund balance requirements of subsection 2 are not met and if the office of management and budget determines by April 30, 2009, that the June 30, 2009, ending balance of the state general fund will be more than \$30,000,000 in excess of the amount predicted by the office of management and budget at the conclusion of the 2007 legislative session, the superintendent of public instruction shall forward to each eligible school district:
 - a. Ten thousand dollars; plus
 - b. The school district's pro rata share of the remaining appropriation, calculated by using the latest available average daily membership of each school district.

4. Each school district accepting funds under this section shall apply those funds toward deferred maintenance and physical plant improvements and shall, by June 30, 2010:
 - a. Submit to the superintendent of public instruction documentation indicating the appropriate expenditure of the funds; or
 - b. Return the funds to the superintendent of public instructions for deposit in the general fund.
5. For purposes of this section, an "eligible school district" is a school district that:

2. For purposes of this section, the superintendent of public instruction shall calculate the amount of new money received by a district during the 2007-09 biennium by:

The provisions of this section do not apply to a school district if the board of the school district, after a public hearing at which public testimony and documentary evidence are accepted, determines in its discretion and by an affirmative vote of two-thirds of the members of the board that complying with the provisions of subsection 1 would place the school district in the position of having insufficient fiscal resources to meet the school district's other obligations.
 - b. Within ten days of the vote required by subdivision a, the school board shall notify the superintendent of public instruction of its action and shall file a report detailing the grounds for its determination and action.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. Chapter 57-51.2 of the North Dakota Century Code is created and enacted as follows:

57-51.2-01. Authority to enter agreements. The governor, in consultation with the tax commissioner, may enter agreements with the Three Affiliated Tribes relating to taxation and regulation of oil and gas exploration and production within the boundaries of the Fort Berthold Reservation.

57-51.2-02. Agreement requirements. An agreement under this chapter is subject to the following:

1. The only taxes subject to agreement are the state's oil and gas gross production and oil extraction taxes attributable to production from wells located within the exterior boundaries of the Fort Berthold Reservation.
2. The state's oil and gas gross production tax under chapter 57-51 must apply to all wells located within the Fort Berthold Reservation.
3. The state's oil extraction tax under chapter 57-51.1 as applied to oil and gas production attributable to trust lands on the Fort Berthold Reservation may not exceed six and one-half percent but may be reduced through negotiation between the governor and the Three Affiliated Tribes.
4. Any exemptions for oil and gas production from trust lands under chapters 57-51 and 57-51.1 do not apply to production within the boundaries of the Fort Berthold Reservation except as otherwise provided in the agreement.

5. The allocation of revenue from oil and gas production taxes on the Fort Berthold Reservation must be as follows:
 - a. Production attributable to trust lands. All revenues and exemptions from all oil and gas gross production and oil extraction taxes attributable to production from trust lands on the Fort Berthold Reservation must be evenly divided between the tribe and the state.
 - b. All other production. The tribe must receive twenty percent of the total oil and gas gross production taxes collected from all production attributable to nontrust lands on the Fort Berthold Reservation in lieu of the application of the Three Affiliated Tribes' fees and taxes related to production on such lands. The state must receive the remainder.
 - c. The state's share of the revenue as divided in subdivisions a and b is subject to distribution among political subdivisions as provided in chapters 57-51 and 57-51.1.
6. An oil or gas well that is drilled and completed during the time of an agreement under this chapter must be subject to the terms of the agreement for the life of the well.
7. The Three Affiliated Tribes must agree not to impose a tribal tax or any fee on future production of oil and gas on the Fort Berthold Reservation during the term of the agreement.
8. To address situations in which the tax commissioner refunds taxes to a taxpayer, the agreement must allow the tax commissioner to offset future distributions to the tribe.
9. The tax commissioner must retain authority to administer and enforce chapters 57-51 and 57-51.1 as applied to wells subject to any agreement authorized by this chapter.
10. An oil or gas well that is drilled and completed during the time an agreement under this chapter is in effect is subject to state regulatory provisions for the life of the well in addition to any other applicable regulatory provisions.
11. The federal district court for the western division of North Dakota is the venue for any dispute arising from a revenue-sharing agreement between the state and the Three Affiliated Tribes.

57-51.2-03. Statutory inconsistencies superseded. This chapter supersedes any inconsistent provisions of chapters 57-51 and 57-51.1 and any inconsistent provisions of state law relating to regulatory provisions and state law relating to oil and gas exploration and production and administration of those provisions.

57-51.2-04. Reports. After entering an agreement under this chapter the governor shall file a report with the legislative council describing the agreement's negotiations and terms and thereafter shall file biennial reports with the legislative council describing the agreement's implementation and any difficulties in its implementation.

57-51.2-05. Inapplicability of chapter 54-40.2. Chapter 54-40.2 does not apply to any agreement entered under chapter 57-51.2.

SECTION 2. EFFECTIVE DATE - EXPIRATION DATE. This Act is effective for oil production after June 30, 2007. This Act is ineffective after June 30, 2009, unless by that date the governor's office notifies the tax commissioner and legislative council that an agreement has been entered with the Three Affiliated Tribes under chapter 57-51.2.

REPORT OF CONFERENCE COMMITTEE

HB 1233, as engrossed: Your conference committee (Sens. Tollefson, Oehlke, Anderson and Reps. Brandenburg, Headland, S. Kelsh) recommends that the **SENATE RECEDE** from the Senate amendments on HJ pages 1154-1155, adopt amendments as follows, and place HB 1233 on the Seventh order:

That the Senate recede from its amendments as printed on pages 1154 and 1155 of the House Journal and page 1023 of the Senate Journal and that Engrossed House Bill No. 1233 be amended as follows:

Page 1, line 1, after "A BILL" replace the remainder of the bill with "for an Act to amend and reenact section 57-38-01.8 of the North Dakota Century Code, relating to assignment of a wind energy device installation tax credit; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 57-38-01.8 of the North Dakota Century Code is amended and reenacted as follows:

57-38-01.8. Income tax credit for installation of geothermal, solar, or wind energy devices.

1. Any taxpayer filing a North Dakota income tax return pursuant to the provisions of this chapter may claim a credit for the cost of a geothermal, solar, or wind energy device installed before January 1, 2011, in a building or on property owned or leased by the taxpayer in North Dakota. The credit provided in this section for a device installed before January 1, 2001, must be in an amount equal to five percent per year for three years, and for a device installed after December 31, 2000, must be in an amount equal to three percent per year for five years of the actual cost of acquisition and installation of the geothermal, solar, or wind energy device and must be subtracted from any income tax liability of the taxpayer as determined pursuant to the provisions of this chapter.
2. For the purposes of this section:
 - a. "Geothermal energy device" means a system or mechanism or series of mechanisms designed to provide heating or cooling or to produce electrical or mechanical power, or any combination of these, by a method which extracts or converts the energy naturally occurring beneath the earth's surface in rock structures, water, or steam.
 - b. "Solar or wind energy device" means a system or mechanism or series of mechanisms designed to provide heating or cooling or to produce electrical or mechanical power, or any combination of these, or to store any of these, by a method which converts the natural energy of the sun or wind.
3. If a geothermal, solar, or wind energy device is a part of a system which uses other means of energy, only that portion of the total system directly attributable to the cost of the geothermal, solar, or wind energy device may be included in determining the amount of the credit. The costs of installation may not include costs of redesigning, remodeling, or otherwise altering the structure of a building in which a geothermal, solar, or wind energy device is installed.
4. A partnership, subchapter S corporation, limited partnership, limited liability company, or any other passthrough entity that installs a geothermal, solar, or wind energy device in a building or on property owned or leased by the passthrough entity must be considered to be the taxpayer for purposes of this section, and the amount of the credit allowed with respect to the entity's investments must be determined at the passthrough entity level. The amount of the total credit determined at the entity level must be passed through to the partners, shareholders, or members in proportion to their respective interests in the passthrough entity.
5. If a taxpayer entitled to the credit provided by this section is a member of a group of corporations filing a North Dakota consolidated tax return using the combined reporting method, the credit may be claimed against the aggregate North Dakota tax liability of all of the corporations included in the North Dakota consolidated return.
6. The credit allowed under this section may not exceed the liability for tax under this chapter. If the amount of credit determined under this section exceeds the liability for tax under this chapter, the excess may be used as a credit carryover to each of the five succeeding taxable years.
7. All or part of the unused credit allowed under this section may be sold, assigned, or otherwise transferred by the taxpayer to the purchaser of the power generated by the device as part of the consideration in a power purchase agreement, or to any North Dakota taxpayer that constructs or expands an electricity transmission line in North Dakota after August 1, 2007. The taxpayer receiving the assignment of the credit is entitled to

claim the credit against that taxpayer's tax liability under this chapter beginning with the tax year in which the power purchase agreement or the tax credit purchase agreement was fully executed by the parties and the geothermal, solar, or wind energy device is installed. If the credit is transferred to an entity that constructs or expands transmission lines, the amount of credit claimed by that entity in any taxable year may not exceed the actual cost of acquisition and installation of the transmission lines constructed in North Dakota for that taxable year.

- a. A purchaser of the tax credit must claim the credit beginning with the tax year in which the purchase agreement is fully executed by the parties and the geothermal, solar, or wind energy device is installed. A purchaser of a tax credit under this section has only the right to claim and use the credit under the terms that would have applied to the tax credit transferor, except that in the case of a credit that is sold, assigned, or otherwise transferred by the taxpayer to the tax credit transferor, the credit allowed under this section may not exceed sixty percent of the liability for tax of the tax credit purchaser under this chapter. This subsection does not limit the ability of the tax credit purchaser to reduce the tax liability of the purchaser, regardless of the actual tax liability of the tax credit transferor.
- b. The tax credit transferor may sell the credit to only one tax credit purchaser each taxable year. The tax credit purchaser may not sell, assign, or otherwise transfer the credit purchased under the purchase agreement.
- c. If the taxpayer elects to sell, assign, or otherwise transfer an excess credit under this subsection, the tax credit transferor and the tax credit purchaser shall file jointly with the tax commissioner a copy of the purchase agreement affecting the tax credit transfer and a statement containing the name, address, and taxpayer identification number of any party to the transfer; the total installed cost of the qualifying geothermal, solar, or wind energy device; the amount of the credit being transferred; the gross proceeds received by the transferor; and the tax year for which the credit may be claimed. The purchase agreement must state clearly the purchase price associated with the tax credit sold. The taxpayer and the purchaser also shall file a document allowing the tax commissioner to disclose tax information to either party for the purpose of verifying the correctness of the transferred tax credit. The purchase agreement, supporting statement, and confidentiality waiver must be filed within thirty days after the date the purchase agreement is fully executed. The tax commissioner may audit the returns and assess or issue refunds, notwithstanding any other time limitation prescribed under law which may have expired for the purchaser.
- d. If the amount of the credit available under this section is changed as a result of an amended return filed by the transferor or as the result of an audit conducted by the internal revenue service or the tax commissioner, the transferor shall report to the purchaser the adjusted credit amount within thirty days of the amended return or within thirty days of the final determination made by the internal revenue service or the tax commissioner. The tax credit purchaser shall file amended returns reporting the additional tax due or claiming a refund as provided in section 57-38-38 or 57-38-40.
- e. The total amount of credits that can be sold by a taxpayer is limited to three million dollars each biennium. This limit applies on the basis of the date of installation of the geothermal, solar, or wind energy device.
- f. Gross proceeds received under the purchase agreement by the tax credit transferor for the sale, assignment, or transfer of the tax credit must be allocated to North Dakota. The amount assigned under this subsection may not be reduced by the taxpayer's income apportioned to North Dakota or any North Dakota net operating loss of the taxpayer.
- g. Within four years after the date of the credit assignment, the tax commissioner may audit the returns of the credit transferor and the

purchaser to verify the correctness of the amount of the transferred credit and, if necessary, assess the credit purchaser if additional tax is found due. This subdivision does not limit or restrict any other time period prescribed in this chapter for the assessment of tax.

- h. The tax commissioner may adopt rules to permit verification of the validity, timeliness, and limitations on the sale of the tax credit transferred under this section.

SECTION 2. EFFECTIVE DATE. This Act is effective for geothermal, solar, or wind energy devices installed after December 31, 2006."

Any person sixty-five years of age or older or permanently and totally disabled, in the year in which the tax was levied, with an income that does not exceed the limitations of subdivision c is entitled to receive a reduction in the assessment on the taxable valuation on the person's homestead. When any part of the twenty percent of the annual rent exceeds four percent of the annual income of a qualified applicant, the applicant is entitled to receive a refund from the state general fund for that amount in excess of four percent of the person's annual income, but the refund may not be in excess of two hundred forty dollars. SECTION 2. AMENDMENT. Section 57-12-09 of the North Dakota Century Code is amended and reenacted as follows:

57-12-09. ~~Written notice~~ Notice of increased assessment to real estate owner. When any assessor has increased the true and full valuation of any lot or tract of land ~~together with~~ or any improvements thereon ~~by fifteen percent or more to more than ten percent more than the amount~~ of the last assessment, ~~written~~ notice of the amount of increase over the last assessment and the amount of the last assessment must be delivered in writing by the assessor to the property owner ~~or~~, mailed in writing to the property owner at the property owner's last-known address ~~except that no notice need be delivered or mailed if the true and full valuation is increased by less than three thousand dollars~~, or provided to the property owner by electronic mail directed with verification of receipt to an electronic mail address at which the property owner has consented to receive notice. Delivery of notice to a property owner under this section must be completed not fewer than fifteen days before the meeting of the local equalization board. The tax commissioner shall prescribe suitable forms for this notice and the notice must show the true and full value as defined by law of the property, including improvements, that the assessor used in making the assessment for the current year and for the year in which the last assessment was made and must also show the date prescribed by law for the meeting of the local equalization board of the assessment district in which the property is located and the meeting date of the county equalization board. ~~The notice must be mailed or delivered to the property owner at least ten days in advance of the meeting date of the local equalization board and must be mailed or delivered~~ at the expense of the assessment district for which the assessor is employed.

SECTION 3. AMENDMENT. Section 57-15-14 of the North Dakota Century Code is amended and reenacted as follows:

57-15-14. ~~Tax~~ General fund levy limitations in school districts. The aggregate amount levied each year for the purposes listed in section 57-15-14.2 by any school district, except the Fargo school district, may not exceed the amount in dollars which the school district levied for the prior school year plus eighteen percent up to a

general fund levy of one hundred eighty-five mills on the dollar of the taxable valuation of the district, except that:

1. In any school district having a total population in excess of four thousand according to the last federal decennial census:
 - a. There may be levied any specific number of mills that upon resolution of the school board has been submitted to and approved by a majority of the qualified electors voting upon the question at any regular or special school district election.
 - b. There is no limitation upon the taxes which may be levied if upon resolution of the school board of any such district the removal of the mill levy limitation has been submitted to and approved by a majority of the qualified electors voting at any regular or special election upon such question.
2. In any school district having a total population of less than four thousand, there may be levied any specific number of mills that upon resolution of the school board has been approved by fifty-five percent of the qualified electors voting upon the question at any regular or special school election.
3. After June 30, 2007, in any school district election for approval by electors of unlimited or increased levy authority under subsection 1 or 2, the ballot must specify the number of mills, the percentage increase in dollars levied, or that unlimited levy authority is proposed for approval, and the number of taxable years for which that approval is to apply. After June 30, 2007, approval by electors of unlimited or increased levy authority under subsection 1 or 2 may not be effective for more than ten taxable years.
4. In any school district in which the total assessed valuation of property has increased twenty percent or more over the prior year and in which as a result of that increase the school district is entitled to less in state aid payments provided in chapter 15.1-27 because of the deduction required in section 15.1-27-05, there may be levied any specific number of mills more in dollars than was levied in the prior year up to a general fund levy of one hundred eighty-five mills on the dollar of the taxable valuation of the school district. The additional levy authorized by this subsection may be levied for not more than two years because of any twenty percent or greater annual increase in assessed valuation. The total amount of revenue generated in excess of the eighteen percent increase which is otherwise permitted by this section may not exceed the amount of state aid payments lost as a result of applying the deduction provided in section 15.1-27-05 to the increased assessed valuation of the school district in a one-year period.

The question of authorizing or discontinuing such specific number of mills authority or unlimited taxing authority in any school district must be submitted to the qualified electors at the next regular election upon resolution of the school board or upon the filing with the school board of a petition containing the signatures of qualified electors of the district equal in number to ~~twenty ten~~ percent of the number of ~~persons enumerated in the school census for that district for the most recent year such census was taken, unless such census is greater than four thousand in which case only fifteen percent of the number of persons enumerated in the school census is required~~ electors who cast votes in the most recent election in the school district. However, not fewer than twenty-five signatures are required unless the district has fewer than twenty-five qualified electors, in which case the petition must be signed by not less than twenty-five percent of the qualified electors of the district. In those districts with fewer than twenty-five qualified electors, the number of qualified electors in the district must be determined by the county superintendent for such county in which such school is located. However, the approval of discontinuing either such authority does not affect the tax levy in the calendar year in which the election is held. The election must be held in the same manner and subject to the same conditions as provided in this section for the first election upon the question of authorizing the mill levy.

SECTION 4. AMENDMENT. Section 57-20-07.1 of the North Dakota Century Code is amended and reenacted as follows:

57-20-07.1. County treasurer to mail real estate tax statement. On or before December twenty-sixth of each year, the county treasurer shall mail a real estate tax statement to the owner of each parcel of real property at the owner's last-known

address. The statement must be provided in a manner that allows the taxpayer to retain a printed record of the obligation for payment of taxes and special assessments as provided in the statement. If a parcel of real property is owned by more than one individual, the county treasurer shall send only one statement to one of the owners of that property. Additional copies of the tax statement will be sent to the other owners upon their request and the furnishing of their names and addresses to the county treasurer. ~~Such tax statements~~ The tax statement must include a dollar valuation of the true and full value as defined by law of the property and the total mill levy applicable. The tax statement must include, or be accompanied by a separate sheet, with three columns showing, for the taxable year to which the tax statement applies and the two immediately preceding taxable years, the property tax levy in dollars against the parcel by the county and school district and any city or township that levied taxes against the parcel. Failure of an owner to receive a statement will not relieve that owner of liability, nor extend the discount privilege past the February fifteenth deadline.

SECTION 5. A new section to chapter 57-38 of the North Dakota Century Code is created and enacted as follows:

Marriage penalty credit.

1. A married couple filing a joint return under section 57-38-30.3 is allowed a credit of not to exceed three hundred dollars per couple as determined under this section. SECTION 6. A new section to chapter 57-38 of the North Dakota Century Code is created and enacted as follows:

Homestead income tax credit - Rules.

In addition to any other credit or deduction allowed by law for a homeowner, an individual is entitled to a credit against the tax imposed under section 57-38-29 or section 57-38-30.3 for taxable years 2007 and 2008 in the amount of ten percent of property taxes or mobile home taxes that became due during the income tax taxable year and are paid which were levied against the individual's homestead in this state. For purposes of this section, "property taxes" does not include any special assessments.
2. For purposes of this section, "homestead" means the dwelling occupied by the individual as the individual's primary residence and, if that residence is in this state, any residential or agricultural property owned by that individual in this state.

57-55-04. Taxes - How determined - Disbursement. The director of tax equalization shall determine the tax for each mobile home by placing an evaluation on the mobile home based upon its assessed value and by adjusting the valuation of the mobile home by the percentage provided in section 57-02-27 to determine its taxable valuation under standards and guides determined by the state tax commissioner and applying that evaluation to the preceding year's total mill levies applying to property within the taxing district in which the mobile home is located. The county treasurer shall provide a tax statement for each mobile home subject to taxation under this chapter, including three columns showing, for the taxable year to which the tax statement applies and the two immediately preceding taxable years, the property tax levy in dollars against the mobile home by the county and school district and any city or township that levied taxes against the mobile home. If a mobile home is acquired or moved into this state during the calendar year and a tax permit has not been previously issued for such mobile home in this state for such year, the tax is determined by computing the remaining number of months of the current year to the nearest full month and multiplying that number by one-twelfth of the amount which would be due for the full year. The taxes collected under this chapter must be disbursed in the same year they are collected and in the same manner as real estate taxes for the preceding year are disbursed.

SECTION 9. APPROPRIATION. There is appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum of \$3,604,000, or so much of the sum as may be necessary, to the state tax commissioner for the purpose of enhanced funding for the expanded homestead tax credit as provided in this Act, for the biennium beginning July 1, 2007, and ending June 30, 2009.

SECTION 10. LEGISLATIVE COUNCIL STUDY. The legislative council shall study in each interim through 2012 the feasibility and desirability of property tax reform and providing property tax relief to taxpayers of the state, with the goal of reduction of each taxpayer's annual property tax bill to an amount that is not more than one and one-half percent of the true and full value of property, and including examination of the proper measure of education funding from local taxation and state resources and the variability of funding resources among taxing districts and examination of improved collection and reporting of property tax information to identify residency of property owners with minimized administrative difficulty. The legislative council shall report its findings and recommendations, together with any legislation necessary to implement the recommendations, to the legislative assembly subsequent to each interim.

SECTION 11. EFFECTIVE DATE. Sections 1, 3, and 4 of this Act are effective for taxable years beginning after December 31, 2006. REPORT OF CONFERENCE COMMITTEE

HB 1233, as engrossed: Your conference committee (Sens. Tollefson, Oehlke, Anderson and Reps. Brandenburg, Headland, S. Kelsh) recommends that the **SENATE RECEDE** from the Senate amendments on HJ pages 1154-1155, adopt amendments as follows, and place HB 1233 on the Seventh order:

That the Senate recede from its amendments as printed on pages 1154 and 1155 of the House Journal and page 1023 of the Senate Journal and that Engrossed House Bill No. 1233 be amended as follows:

Page 1, line 1, after "A BILL" replace the remainder of the bill with "for an Act to amend and reenact section 57-38-01.8 of the North Dakota Century Code, relating to assignment of a wind energy device installation tax credit; and to provide an effective date.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 57-38-01.8 of the North Dakota Century Code is amended and reenacted as follows:

57-38-01.8. Income tax credit for installation of geothermal, solar, or wind energy devices.

1. Any taxpayer filing a North Dakota income tax return pursuant to the provisions of this chapter may claim a credit for the cost of a geothermal, solar, or wind energy device installed before January 1, 2011, in a building or on property owned or leased by the taxpayer in North Dakota. The credit provided in this section for a device installed before January 1, 2001, must be in an amount equal to five percent per year for three years, and for a device installed after December 31, 2000, must be in an amount equal to three percent per year for five years of the actual cost of acquisition and installation of the geothermal, solar, or wind energy device and must be subtracted from any income tax liability of the taxpayer as determined pursuant to the provisions of this chapter.
2. For the purposes of this section:
 - a. "Geothermal energy device" means a system or mechanism or series of mechanisms designed to provide heating or cooling or to produce electrical or mechanical power, or any combination of these, by a method which extracts or converts the energy naturally occurring beneath the earth's surface in rock structures, water, or steam.
 - b. "Solar or wind energy device" means a system or mechanism or series of mechanisms designed to provide heating or cooling or to produce electrical or mechanical power, or any combination of these, or to store any of these, by a method which converts the natural energy of the sun or wind.
3. If a geothermal, solar, or wind energy device is a part of a system which uses other means of energy, only that portion of the total system directly attributable to the cost of the geothermal, solar, or wind energy device may be included in determining the amount of the credit. The costs of installation may not include costs of redesigning, remodeling, or otherwise altering the structure of a building in which a geothermal, solar, or wind energy device is installed.
4. A partnership, subchapter S corporation, limited partnership, limited liability company, or any other passthrough entity that installs a geothermal, solar, or wind energy device in a building or on property owned or leased by the passthrough entity must be considered to be the taxpayer for purposes of this section, and the amount of the credit allowed with respect to the entity's investments must be determined at the passthrough entity level. The amount of the total credit determined at the entity level must be passed through to the partners, shareholders, or members in proportion to their respective interests in the passthrough entity.
5. If a taxpayer entitled to the credit provided by this section is a member of a group of corporations filing a North Dakota consolidated tax return using the combined reporting method, the credit may be claimed against the aggregate North Dakota tax liability of all of the corporations included in the North Dakota consolidated return.
6. The credit allowed under this section may not exceed the liability for tax under this chapter. If the amount of credit determined under this section exceeds the liability for tax under this chapter, the excess may be used as a credit carryover to each of the five succeeding taxable years.
7. All or part of the unused credit allowed under this section may be sold, assigned, or otherwise transferred by the taxpayer to the purchaser of the power generated by the device as part of the consideration in a power purchase agreement, or to any North Dakota taxpayer that constructs or expands an electricity transmission line in North Dakota after August 1, 2007. The taxpayer receiving the assignment of the credit is entitled to claim the credit against that taxpayer's tax liability under this chapter beginning with the tax year in which the power purchase agreement or the tax credit purchase agreement was fully executed by the parties and the geothermal, solar, or wind energy device is installed. If the credit is transferred to an entity that constructs or expands transmission lines, the amount of credit claimed by that entity in any taxable year may not exceed the actual cost of acquisition and installation of the transmission lines constructed in North Dakota for that taxable year.

- a. A purchaser of the tax credit must claim the credit beginning with the tax year in which the purchase agreement is fully executed by the parties and the geothermal, solar, or wind energy device is installed. A purchaser of a tax credit under this section has only the right to claim and use the credit under the terms that would have applied to the tax credit transferor, except that in the case of a credit that is sold, assigned, or otherwise transferred by the taxpayer to the tax credit transferor, the credit allowed under this section may not exceed sixty percent of the liability for tax of the tax credit purchaser under this chapter. This subsection does not limit the ability of the tax credit purchaser to reduce the tax liability of the purchaser, regardless of the actual tax liability of the tax credit transferor.
- b. The tax credit transferor may sell the credit to only one tax credit purchaser each taxable year. The tax credit purchaser may not sell, assign, or otherwise transfer the credit purchased under the purchase agreement.
- c. If the taxpayer elects to sell, assign, or otherwise transfer an excess credit under this subsection, the tax credit transferor and the tax credit purchaser shall file jointly with the tax commissioner a copy of the purchase agreement affecting the tax credit transfer and a statement containing the name, address, and taxpayer identification number of any party to the transfer; the total installed cost of the qualifying geothermal, solar, or wind energy device; the amount of the credit being transferred; the gross proceeds received by the transferor; and the tax year for which the credit may be claimed. The purchase agreement must state clearly the purchase price associated with the tax credit sold. The taxpayer and the purchaser also shall file a document allowing the tax commissioner to disclose tax information to either party for the purpose of verifying the correctness of the transferred tax credit. The purchase agreement, supporting statement, and confidentiality waiver must be filed within thirty days after the date the purchase agreement is fully executed. The tax commissioner may audit the returns and assess or issue refunds, notwithstanding any other time limitation prescribed under law which may have expired for the purchaser.
- d. If the amount of the credit available under this section is changed as a result of an amended return filed by the transferor or as the result of an audit conducted by the internal revenue service or the tax commissioner, the transferor shall report to the purchaser the adjusted credit amount within thirty days of the amended return or within thirty days of the final determination made by the internal revenue service or the tax commissioner. The tax credit purchaser shall file amended returns reporting the additional tax due or claiming a refund as provided in section 57-38-38 or 57-38-40.
- e. The total amount of credits that can be sold by all taxpayers is limited to three million dollars each biennium. This limit applies on the basis of the date of installation of the geothermal, solar, or wind energy device.
- f. Gross proceeds received under the purchase agreement by the tax credit transferor for the sale, assignment, or transfer of the tax credit must be allocated to North Dakota. The amount assigned under this subsection may not be reduced by the taxpayer's income apportioned to North Dakota or any North Dakota net operating loss of the taxpayer.
- g. Within four years after the date of the credit assignment, the tax commissioner may audit the returns of the credit transferor and the purchaser to verify the correctness of the amount of the transferred credit and, if necessary, assess the credit purchaser if additional tax is found due. This subdivision does not limit or restrict any other time period prescribed in this chapter for the assessment of tax.
- h. The tax commissioner may adopt rules to permit verification of the validity, timeliness, and limitations on the sale of the tax credit transferred under this section.

SECTION 2. EFFECTIVE DATE. This Act is effective for geothermal, solar, or wind energy devices installed after December 31, 2006."

² This amendment reduces funding for the Division of Independent Study for developing online North Dakota studies resources and curriculum by \$30,000, from \$120,000 to \$90,000, the same as the Senate version.

³ This amendment provides funding of \$190,000 from the general fund to the Educational Technology Council for providing kindergarten through grade 12 video grants, the same as the Senate version.

⁴ This amendment provides funding for the Educational Technology Council for increasing kindergarten through grade 12 classroom transformation grants by \$40,000, from \$349,000 as provided in the executive budget to \$389,000, the same as the Senate version.

⁵ This amendment provides funding of \$100,000 from the general fund for geographic information system data acquisition, the same as the Senate version.

⁶ This amendment removes 2 FTE positions included in the executive budget for the Criminal Justice Information Sharing Initiative. The department is to use the funding provided for the 2 FTE positions to contract with the Attorney General's office.

This amendment:

- Amends Section 4 of the engrossed bill to limit transfer of funds between the salaries and wages, operating expenses, and capital assets line items, the same as the Senate version.
- Amends Section 5 of the engrossed bill to reflect one-time funding for the 2007-09 biennium, the same as the Senate version.
- Adds a new section providing that the North Dakota University System is to provide funding of \$300,110 for the cost of 2 FTE positions and related operating expenses for support of video services in school districts, the same as the Senate version.
- Adds a new section to create a new section to North Dakota Century Code (NDCC) Chapter 23-01 relating to the creation of a health information technology steering committee, the same as the Senate version.

This amendment also recognizes additional department collections of \$1,204,688 for the 2005-07 biennium due to the receipt of a portion of e-rate reimbursement funding for costs incurred during fiscal year 2002. The Information Technology Department was originally denied e-rate reimbursement funding for fiscal year 2002 due to a technicality in the filing of forms for the e-rate program. Therefore, this amendment results in an increase of \$1,204,688 in the beginning general fund balance for the 2007-09 biennium. This additional revenue was also recognized in the Senate amendment.

- 8 Funding from the multijurisdictional task force grant fund created by House Bill No. 1330 is provided for salaries and wages relating to the administration of the multijurisdictional grant program.
- 9 Additional funding added by the Senate to purchase land and construct a new Crime Laboratory in north Bismarck is removed. The Attorney General is authorized in Section 8 of the engrossed bill to spend \$3,280,722 of remaining bond proceeds and \$1,642,840, of which \$1,442,840 is from the general fund and \$200,000 of other funds, except that the other funds may not be from the Attorney General refund fund, is appropriated in Section 3 of the bill. The Attorney General may use this funding, which totals \$4,923,562 for constructing a new Crime Laboratory building designed to allow for expansion on state land located near the current Crime Laboratory location. Sections are added authorizing the Attorney General to build on state land near the existing Crime Laboratory and providing that the Attorney General report to the Budget Section on the status of the project. The amounts provided are \$400,000 more, \$200,000 of which is from the general fund, than the funding provided by the House. The conference committee also added language authorizing the Attorney General to move the State Department of Health storage building from the site if necessary to allow for the building construction.
- 10 Authorization and funding added by the Senate for the Attorney General to purchase the Professional North Building which houses the Bureau of Criminal Investigation is removed, the same as the House version. Funding is provided to continue to lease the building, the same as the House version.
- 11 The conference committee appropriated \$42,000 from the general fund for operating costs of the existing crime lab facility for the last nine months of the 2007-09 biennium. This funding may be used only for operating costs of this facility during the period of time it is unoccupied.

A section is added providing that if additional federal funds become available, the Attorney General may not spend general fund moneys appropriated for similar purposes, the same as the House version.

A section is added identifying one-time funding included in the budget and providing for a report to the 61st Legislative Assembly on the agency's use of one-time funding. The House added a similar section.

Sections are added by the conference committee which:

- Allow the Attorney General to retain the June 30, 2007, balance in the Attorney General refund fund rather than transferring the balance to the general fund.
- Provide for a sobriety program pilot project.
- Provide legislative intent that Facility Management develop a plan for the existing Crime Laboratory space when the new Crime Laboratory is completed.

Funding provided by the Senate but removed by the House for a .5 FTE horse racing auditor position is included in the conference committee version.

Funding of \$279,599 is included for additional Crime Laboratory operating costs resulting from inflation and the building expansion. This amount was included in the executive budget and the Senate version, but was removed by the House.

Engrossed SB 2003 was placed on the Seventh order of business on the calendar.
