15 **SECTION 2.** A new section to chapter 54-16 of the North Dakota Century Code is
16 created and enacted as follows:

17 **Line of credit authorization for emergencies.** The emergency commission, upon the
18 advice of the office of management and budget, may authorize a state officer to obtain a line of
19 credit from the Bank of North Dakota to provide for unanticipated cost increases that exceed
20 two and one-half percent of the agency's or institution's biennial general fund appropriation due
21 to an emergency. The line of credit authorization is limited to the additional funding necessary
22 to provide for the unanticipated cost increases that exceed two and one-half percent of the
23 agency's or institution's biennial general fund appropriation. The line of credit authority is
24 effective only for the remainder of the biennium during which the authority is granted by the

1 emergency commission. For purposes of this section, an "emergency" means a calamity or
2 unforeseen happening caused by a national or international event, natural disaster, or
3 significant inflationary increases that were not anticipated in the agency appropriation.

8 revenues for the biennium will be at least two and one-half percent less than
9 estimated by the most recently adjourned special or regular session of the
10 legislative assembly, and if the governor orders a transfer, which must be reported
11 to the budget section of the legislative council, the state treasurer shall transfer the
12 appropriate funds from the budget stabilization fund to the state general fund to
13 offset the decrease in general fund revenues. The amount transferred from the
14 budget stabilization fund upon order of the governor may not exceed the difference
15 between an amount two and one-half percent below the general fund revenue
16 projections for the biennium of the most recently adjourned special or regular

19 transferred from the budget stabilization fund upon order of the governor to the
20 state general fund may be expended within the limits of legislative guidelines and
21 general fund appropriations of the most recently adjourned special or regular
22 session of the legislative assembly. For purposes of this section, "general fund
23 revenues for the biennium" and "general fund revenue projections for the
24 biennium" include the general fund balance at the beginning of the biennium.
- 25 2. If a state officer has obtained a line of credit from the Bank of North Dakota
26 pursuant to authority granted under section 2 of this Act, the emergency
27 commission, upon the advice of the office of management and budget, and subject
