8 **13-04.1-05.** Expiration and renewal of license. All licenses required herein expire on 9 June thirtieth December thirty-first of each year and may be renewed. Renewals are effective 10 the succeeding July January first. Applications for renewal must be submitted thirty days 11 before the expiration of the license and must be accompanied by the required annual fees, 12 which are not subject to refund. The form and content of renewal applications must be 13 determined by the department of financial institutions, and a renewal application may be denied 14 upon the same grounds as would justify denial of an initial application. When a licensee has 15 been delinquent in renewing the licensee's license, the department may charge an additional 16 fee of fifty dollars for the renewal of such license. A money broker license is not transferable. If 17 the commissioner determines that an ownership change has occurred in a sole proprietorship, 18 partnership, limited liability partnership, corporation, or limited liability corporation that was 19 previously granted a money broker license, the commissioner may require a new application 20 from the purchaser. The application must be filed within forty-five days from the date change of 21 ownership is consummated. The department shall act on the application within sixty days from 22 the date the application is received but may extend the review period for good cause. The 23 money broker license granted to the previous owner continues in effect to the new purchaser 24 until the application is either granted or denied.

25 **SECTION 5.** A new section to chapter 13-04.1 of the North Dakota Century Code is 26 created and enacted as follows:

27 <u>Maximum charges permitted for loans not in excess of one thousand dollars -</u> 28 <u>Refund - Installment payments - Permitted charges.</u>

Every licensee may make loans under this section in any amount not exceeding
 one thousand dollars and may contract for, receive, or collect on the loans,
 charges not in excess of two and one-half percent per month on that part of the

1		unpaid balance of principal not exceeding two hundred fifty dollars; two percent per
2		month on that part of the unpaid balance of principal exceeding two hundred fifty
3		dollars but not exceeding five hundred dollars; one and three-fourths percent per
4		month on that part of the unpaid balance of principal in excess of five hundred
5		dollars but not exceeding seven hundred fifty dollars; and one and one-half percent
6		per month on that part of the unpaid balance of principal exceeding seven hundred
7		fifty dollars but not exceeding one thousand dollars. For the purpose of computing
8		charges for a fraction of a month, whether at the maximum rate or less, a day is
9		considered one-thirtieth of a month. Amounts to be charged for any small loan by
10		a licensee under this chapter may also be calculated and charged on a stated
11		dollar per hundred basis but the charges over the entire term of the loan may not
12		be in excess of the equivalent percentage charges on the monthly unpaid balances
13		of principal authorized in this section. If charges are calculated and charged on a
14		dollar per hundred basis, the loan must be repayable in substantially equal periodic
15		installments of principal and charges and the annual percentage simple interest
16		equivalent must be conspicuously stated in the note or small loan contract
17		executed in connection with the loan.
18	<u>2.</u>	When any note or loan contract in which charges have been calculated and
19		charged on a dollar per hundred basis is paid in full by cash, a new loan, renewal,
20		or otherwise, one month or more before the final installment date, the licensee
21		shall refund or credit to the borrower a portion of the total charges which must be
22		at least as great as the sum of the full periodic installment balances scheduled to
23		follow the installment date following the date of prepayment in full bears to the sum
24		of all the periodic installment balances of the loan contract, both sums to be
25		determined according to the payment schedules that had been agreed upon in the
26		loan contract. Charges during the month of payment must be prorated in the
27		proportion that the number of days remaining in the installment period bears to the
28		total days of the installment period. No refund of one dollar or less need be made.
29	<u>3.</u>	On any note or loan contract in which charges have been calculated and charged
30		on a dollar per hundred basis, a licensee may charge, collect, and receive on any
31		installment of principal and charges continuing unpaid for five or more days from

1		the date the payment is due a sum that may not exceed the amount of charges
2		during the final full month of the loan before maturity. The charge may not be
3		collected more than once for the same default. The charge may be collected at
4		the time of the default or any time thereafter. However, if the charge is taken out
5		of any payment received after a default occurs and if the deduction results in the
6		default of a subsequent installment, no charge may be made for the subsequent
7		default.
8	<u>4.</u>	On any note or loan contract in which charges have been calculated and charged
9		on a dollar per hundred basis, if the payment date for any scheduled installment is
10		deferred one or more full months and a corresponding deferment is made for all
11		subsequent installments, the licensee may charge and receive a deferment charge
12		that may not exceed one-twelfth of the charges authorized in subsection 1 applied
13		to the balance of principal and charges due at the date of the deferment multiplied
14		by the number of full months during the deferment in which no payment is made.
15		Thereafter, charges must be made over the remaining extended life of the loan in
16		the same manner and at the same ratio as though no deferral or extension had
17		been granted. The charges may be collected at the time of the deferment or any
18		later time. If the loan is prepaid in full during the deferment period, the borrower is
19		entitled to receive in addition to the refund required under subsection 2 a refund of
20		that portion of the deferment charge applicable to any unexpired months of the
21		deferment period.
22	<u>5.</u>	A licensee may not enter into any contract of loan under this section under which
23		the borrower agrees to make any scheduled payment of principal and charges
24		more than twenty-four and one-half calendar months from the date of making the
25		contract. Every loan contract must require payment of principal and charges in
26		installments that must be payable at approximately equal periodic intervals, except
27		that payment dates may be omitted to accommodate borrowers with seasonal
28		incomes. No installment contracted for may be substantially larger than any
29		preceding installment. When a loan contract provides for monthly installments, the
30		first installment may be payable at any time within forty-five days after the date of
31		the loan.

1	<u>6.</u>	A licensee may not induce or permit any person, or husband and wife, jointly or
2		severally, to be obligated, directly or indirectly, under more than one contract of
3		loan at the same time if the multiple loans result in a higher rate of charge than
4		would otherwise be permitted by this chapter.
5	<u>7.</u>	No further amount in addition to the charges provided for in this chapter may be
6		directly or indirectly charged, contracted for, or received. However, this restriction
7		does not apply to court costs, lawful fees for the filing, recording, or releasing in
8		any public office of any instrument securing a loan, and the identifiable charge or
9		premium for insurance provided for by rule. If any sum in excess of the amounts
10		authorized by this chapter is willfully charged, contracted for, or received, the
11		licensee or any assignee or other person has no right to collect or receive any
12		charges or recompense.
13	SEC	CTION 6. A new section to chapter 13-04.1 of the North Dakota Century Code is
14	created and	enacted as follows:
