6. A motor vehicle registered in subsection 5 may be used for custom combining operations by displaying identification issued by the department and upon payment of a fee of twenty-five dollars.

~~7. Thirteen dollars of each registration fee collected under subsections 2 and 5 must be deposited in the state highway fund.~~

SECTION 3. AMENDMENT. Section 39-04-39 of the North Dakota Century Code is amended and reenacted as follows:

39-04-39. Distribution of registration fees collected. Any moneys in the registration fund accruing from license fees or from other like sources, in excess of the amount required to pay salaries and other necessary expenses; in accordance with the legislative assembly's appropriation for ~~such~~ these purposes, must be promptly deposited in the highway tax distribution fund ~~which must be distributed in the manner as prescribed by law. The state treasurer shall transfer annually from the highway tax distribution fund to the ethanol production incentive fund an amount equal to forty percent of all sums collected for the registration of farm vehicles under subsection 5 of section 39-04-19 except that no transfer may be made in an amount that would result in the balance of the ethanol production incentive fund exceeding seven million five hundred thousand dollars.~~

SECTION 4. AMENDMENT. Section 54-27-19 of the North Dakota Century Code is amended and reenacted as follows:

1 **54-27-19. Highway tax distribution fund - State treasurer to make allocation to**
2 **state, counties, and cities.** A highway tax distribution fund is created as a special fund in the
3 state treasury into which must be deposited the moneys available by law from collections of
4 motor vehicle registration and related fees, fuels taxes, special fuels taxes, use taxes, and
5 special fuels excise taxes. Any moneys in the highway tax distribution fund must be allocated
6 and transferred monthly by the state treasurer, as follows:

- 7 1. ~~Sixty-three and twenty-eight hundredths percent of such moneys~~ must be
8 transferred monthly to the state department of transportation and placed in a state
9 highway fund.
- 10 2. ~~Thirty-seven~~ Two and seventy-four hundredths percent must be transferred
11 monthly to the township highway fund.
- 12 3. One and fifty-three hundredths percent must be transferred monthly to the public
13 transportation fund.
- 14 4. ~~Thirty-two and forty-five hundredths percent of such moneys~~ must be allocated to
15 the counties of this state in proportion to the number of motor vehicle registrations
16 credited to each county. Each county must be credited with the certificates of title
17 of all motor vehicles registered by residents of ~~such~~ the county. The state
18 treasurer shall compute and distribute the counties' share monthly after deducting
19 the incorporated cities' share. All the moneys received by the counties from the
20 highway tax distribution fund must be set aside in a separate fund called the
21 "highway tax distribution fund" and must be appropriated and applied solely for
22 highway purposes in accordance with section 11 of article X of the Constitution of
23 North Dakota. The state treasurer shall compute and distribute monthly the sums
24 allocated to the incorporated cities within each county according to the formula in
25 this subsection on the basis of the per capita population of all of the incorporated
26 cities situated within each county as determined by the last official regular or
27 special federal census or the census taken in accordance with the provisions of
28 chapter 40-02 in case of a city incorporated subsequent to ~~such~~ the census.
29 ~~Provided, however, that~~ However, in each county having a city with a population of
30 ten thousand or more, the amount transferred each month into the county highway
31 tax distribution fund must be the difference between the amount allocated to that

county pursuant to this subsection and the total amount allocated and distributed to the incorporated cities in that county as computed according to the following formula:

- a. A statewide per capita average as determined by calculating twenty-seven percent of the amount allocated to all of the counties under this subsection divided by the total population of all of the incorporated cities in the state.
- b. The share distributed to each city in the county having a population of less than one thousand must be determined by multiplying the population of that city by the product of 1.50 times the statewide per capita average computed under subdivision a.
