4. The council shall have at least one regular meeting each year and such additional meetings as the chairman determines necessary at a time and place to be fixed by the chairman. Special meetings must be called by the chairman on written request of any three members. Four members constitute a quorum.

- 1           5.    The council shall recommend to the industrial commission the approval of grants,  
2                    loans, or other financial assistance necessary or appropriate for funding, research,  
3                    development, marketing, and educational projects or activities and any other  
4                    matters related to this chapter. ~~Any grants, loans, or other financial assistance~~  
5                    ~~must be matched on a dollar-for-dollar basis.~~

- 6           6.    Members of the council serve at the pleasure of the governor.

7           **SECTION 4. AMENDMENT.** Section 54-63-03 of the North Dakota Century Code is  
8 amended and reenacted as follows:

9           **54-63-03. Industrial commission powers.**

- 10          1.    The industrial commission may:
- 11               a.    Make grants or loans, and provide other forms of financial assistance as  
12                    necessary or appropriate, to qualified persons for funding research,  
13                    development, marketing, and educational projects or activities, feasibility  
14                    studies, applied research and demonstrations, venture capital investments,  
15                    grants and matching grants, and low-interest loans and loan buydowns to  
16                    foster the development of renewable energy, including wind, biofuels,  
17                    biomass, solar, hydroelectric, geothermal, and hydrogen, that is produced  
18                    from the foregoing renewable energy sources. Any financial assistance that  
19                    the commission awards to a project must not be the project's sole support.  
20                    Any financial assistance the commission awards must be conditioned on the  
21                    assurance that the applicant or a third party will support the project by either  
22                    monetary or nonmonetary means. The amount of this additional support is at  
23                    the commission's discretion.
- 24               b.    Provide incentives for multifeed facilities to process corn ethanol, cellulosic  
25                    ethanol, canola biodiesel, and soy biodiesel.
- 26               c.    Provide incentives for scaleable technologies.
- 27               d.    Provide incentives to increase efficiencies such as coproduct utilization  
28                    technologies.
- 29               e.    Execute contracts and all other instruments necessary or convenient for the  
30                    performance of its powers and functions under this chapter.

- 1           f.    Accept aid, grants, or contributions of money or other things of value from any  
2               source, to be held, used, and applied to carry out this chapter, subject to the  
3               conditions upon which the aid, grants, or contributions are made, including  
4               aid, grants, or contributions from any department, agency, or instrumentality  
5               of the United States for any purpose consistent with this chapter.
- 6           g.    Establish interest buydown programs for equipment needed for production,  
7               harvest, storage, and transport under the special private lands open to  
8               sportsmen pilot program for native grass stands.
- 9           h.    Fund technical assistance from the university system and private entities to  
10               producers.
- 11          i.    Establish incentive programs that have as their purpose demonstrating to the  
12               agriculture community the commercial feasibility of producing, harvesting,  
13               storing, and delivering biomass feedstock. The program may include  
14               providing funds to producers of perennial biomass crops, including native  
15               grasses, so that such producers have an income during the time needed for  
16               these plants to mature and become ready for harvest.
- 17          2.    The industrial commission shall contract with the department of commerce to  
18               provide technical assistance to the renewable energy council and the industrial  
19               commission to carry out and effectuate the purposes of this chapter, including  
20               pursuit of aid, grants, or contributions of money or other things of value from any  
21               source for any purpose consistent with this chapter. The department may contract  
22               with a public or private third party to provide any or all of the technical assistance  
23               necessary to implement the purposes of this chapter.

24           **SECTION 5. REPEAL.** Sections 54-17-38 and 54-17-39 of the North Dakota Century

25   Code are repealed.
