<sup>1</sup> This amendment provides a \$20 million general fund appropriation to the Department of Commerce for funding the centers of excellence program for the 2009-11 biennium. The executive budget provided funding of \$20 million, of which \$15 million is from the general fund and \$5 million is from Bank of North Dakota loan proceeds, for the centers of excellence program in House Bill No. 1015--the Office of Management and Budget appropriation bill.

<sup>2</sup> This amendment decreases one-time funding from the general fund added in the executive budget for matching grants to local communities to establish or expand child care options from \$3.5 million to \$2 million.

<sup>3</sup> Funding of \$1 million from the general fund is added for out-of-state student recruitment.

<sup>4</sup> Funding of \$50,000 from the general fund is added for a grant to the Dakota Defense Alliance Organization for business development expenses associated with seeking homeland security-, energy-, or defense-related contracts for North Dakota companies during the 2009-11 biennium.

<sup>5</sup> This amendment increases funding for the InnovateND program as follows:

	2007-09 Legislative Appropriation	2009-11 Executive Budget	2009-11 Senate Version
General fund	\$150,000	\$250,000	\$350,000
Special funds	150,000	150,000	150,000
Total	\$300,000	\$400,000	\$500,000

<sup>6</sup> This amendment provides funding of \$200,000 from the general fund for student-based technology grants. The Department of Commerce is to provide grants of \$25,000 to the extent matching funds are available from an angel fund on a dollar-for-dollar basis. The department may only award four grants to the same higher education institution.

<sup>7</sup> This amendment provides funding of \$1 million from the general fund for regional technical assistance grants to institutions of higher education assigned primary responsibility for workforce training. The Department of Commerce may award grants of

\$250,000 to the extent matching funds are available from nonstate sources on a dollar-for-dollar basis. The department may only award one grant to each higher education institution.

<sup>8</sup> Funding of \$400,000 from the general fund is provided for youth entrepreneurship grants to institutions of higher education assigned primary responsibility for workforce training. The Department of Commerce may award grants of up to \$100,000 each to the extent matching funds are available from nonstate sources on a dollar-for-dollar basis. The department may only award one grant to each higher education institution.

<sup>9</sup> This amendment provides funding of \$200,000 from the general fund for providing grants to the University of North Dakota and North Dakota State University patent offices. The Department of Commerce may award grants of \$100,000 to each university for support of the patent offices to the extent matching funds are available from nonstate sources on a dollar-for-dollar basis.

<sup>10</sup> This amendment increases funding for tourism marketing by \$500,000 from the general fund. This is in addition to the \$912,000 increase included in the executive budget.

<sup>11</sup> This amendment increases special funds spending authority by \$15 million to reflect the estimated carryover of federal funds for the neighborhood stabilization program.

<sup>12</sup> This amendment provides funding of \$200,000 from the general fund for the purpose of providing grants of up to \$10,000 each to cities in the state with a population of fewer than 8,000 for commercial business district improvement projects during the 2009-11 biennium. The Department of Commerce is to require a city receiving a grant to provide \$1 of matching funds for each \$1 of state funds provided for the project. Grant funds and required city matching funds may be used only for the purchase of materials associated with the project.

<sup>13</sup> This amendment increases funding for the North Dakota Trade Office from \$2 million, as provided for in the executive budget, to \$2,164,000. Of the additional \$164,000, \$64,000 is for an export assistance program, \$50,000 is for a global connections conference, and \$50,000 is for an export-related workforce recruitment study.

<sup>14</sup> This amendment provides authorization to the Department of Commerce to borrow \$500,000 from the Bank of North Dakota for providing a grant to the North Dakota Trade Office for implementing an export-related workforce recruitment program based on the results of the export-related workforce recruitment study and subject to Emergency Commission and Budget Section approval.

<sup>15</sup> Funding of \$5 million from the general fund is added for a grant for construction of a great plains applied energy research center on the Bismarck State College campus. The Department of Commerce may only spend the funding from the general fund to the extent other nonstate matching funds of \$3 for each \$1 of grant funds are available for all costs of the center.

<sup>16</sup> This amendment provides funding of \$5 million of one-time funding from the general fund for a base realignment grant program to enhance economic development and employment opportunities associated with the Grand Forks Air Force Base resulting from action by the federal Defense Base Closure and Realignment Commission.

<sup>17</sup> This amendment provides funding of \$1.5 million from the general fund for a grant to the Lewis and Clark Foundation. The Department of Commerce may only spend the funds appropriated from the general fund to the extent matching funds have been secured from nonstate sources on a dollar-for-dollar basis.

<sup>18</sup> This amendment provides funding of \$500,000 from the general fund for a grant to the Theodore Roosevelt Medora Foundation. The Department of Commerce may only spend the funds appropriated from the general fund to the extent matching funds of \$12 million from nonstate sources have been secured by the foundation.
