

**Testimony
Long-Term Care Interim Committee
Representative Kreidt, Chairman
Thursday, May 6, 2010**

Chairman Kreidt and members of the Long-Term Care Interim Committee, I am Susan Wagner, Human Service Program Administrator, with the Division of Mental Health and Substance Abuse Services (DMHSAS), for the Department of Human Services (DHS). I am here to provide information on services available to children with a traumatic brain injury.

The DHS does not provide specific TBI services to children. Children may access services from the DHS service structure and or the private sector.

This concludes my testimony. I would be happy to answer any questions you might have.
