**2A. Bill and fiscal impact summary:** *Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

This bill provides a season long nonresident small game hunting license costing \$170. Under current law, a small game license for two 7 day periods costs \$85. Hunters may purchase additional licenses if they want to hunt for more than 2 weeks.

**B. Fiscal impact sections:** *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

**3. State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

**A. Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

The \$170 license would be attractive to those who have purchased 3 or more of the \$85 licenses per year. In 2008 this involved a very small group of about 100-125 hunters. This small group would save money on their license purchases. Game and Fish revenue would be reduced by no more than \$10,000 per year.

**B. Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

**C. Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation is also included in the executive budget or relates to a continuing appropriation.*
