3. A manufacturer of a cigarette that the state fire marshal determines cannot be tested in accordance with the test method prescribed in subdivision a of subsection 1 shall propose a test method and performance standard for the cigarette to the state fire marshal. Upon approval of the proposed test method and a determination by the state fire marshal that the performance standard proposed by the manufacturer is equivalent to the performance standard prescribed in subdivision c of subsection 1, the manufacturer may employ the test method and performance standard to certify the cigarette pursuant to section 18-13-03. If the state fire marshal determines that another state has enacted reduced cigarette ignition propensity standards that include a test method and performance standard that are the same as those contained in this chapter, and the state fire marshal finds that the officials responsible for implementing those requirements have approved the proposed alternative test method and performance standard for a particular cigarette proposed by a manufacturer as meeting the fire safety standards of that state's law or regulation under a legal provision comparable to this section, the state fire marshal shall authorize that manufacturer to employ the alternative test method and performance standard to certify that cigarette for sale in this state unless the state fire marshal demonstrates a reasonable basis why the alternative test should not be accepted under this chapter. All other applicable requirements of this section apply to the manufacturer.
4. Each manufacturer shall maintain copies of the reports of all tests conducted on all cigarettes offered for sale for a period of three years, and shall make copies of these reports available to the state fire marshal and the attorney general upon written request. Any manufacturer who fails to make copies of these reports available within sixty days of receiving a written request is subject to a civil penalty not to exceed ten thousand dollars for each day after the sixtieth day that the manufacturer does not make those copies available.
5. The state fire marshal may adopt a subsequent American society of testing and materials standard test method for measuring the ignition strength of cigarettes upon a finding that the subsequent method does not result in a change in the percentage of full-length burns exhibited by any tested cigarette when compared to the percentage of full-length burns the same cigarette would exhibit when tested in accordance with

American society of testing and materials standard E2187-04 and the performance standard in subdivision c of subsection 1.

6. The state fire marshal shall review the effectiveness of this section and report each interim to the legislative council the state fire marshal's findings and any recommendation for legislation to improve the effectiveness of this chapter.
7. The requirements of subsection 1 may not prohibit:
  - a. Wholesale or retail dealers from selling their existing inventory of cigarettes after July 31, 2010, if the wholesale or retail dealers can establish that the inventory was purchased before August 1, 2010, in comparable quantity to the inventory purchased during the same period of the prior year; or
  - b. The sale of cigarettes solely for the purpose of consumer testing. For purposes of this subsection, "consumer testing" means an assessment of cigarettes which is conducted by a manufacturer, or under the control and direction of a manufacturer, for the purpose of evaluating consumer acceptance of those cigarettes, utilizing only the quantity of cigarettes which is reasonably necessary for the assessment.
8. This chapter must be interpreted and construed to effectuate its general purpose to make uniform this chapter with the laws of those states that have enacted reduced cigarette ignition propensity laws as of the date this chapter is enacted.

### **18-13-03. Certification and product change.**

1. Each manufacturer shall submit to the state fire marshal a written certification attesting that each cigarette listed in the certification has been tested in accordance with section 18-13-02 and each cigarette listed in the certification meets the performance standard set forth in subdivision c of subsection 1 of section 18-13-02.
2. Each cigarette listed in the certification must be described with the following information:
  - a. Brand or trade name on the package;
  - b. Style, such as light or ultra light;

  - g. Package description, such as soft pack or box;
  - h. Marking approved in accordance with section 18-13-04;

  - j. The date that the testing occurred.
3. The certifications must be made available to the attorney general for purposes consistent with this chapter and the state tax commissioner for the purposes of ensuring compliance with this section.
4. Each cigarette certified under this section must be recertified every three years.
5. For each cigarette listed in the certification or recertification, a manufacturer shall pay to the state fire marshal an initial fee of two hundred fifty dollars. The state fire marshal may adjust this fee annually to ensure the fee defrays the actual costs of the processing, testing, enforcement, and oversight activities required by this chapter.
6. There is established in the state treasury a special fund to be known as the Reduced Cigarette Ignition Propensity and Firefighter Protection Act enforcement fund. The fund must consist of all certification fees submitted by manufacturers, and, in addition to any other moneys made available, be available pursuant to legislative appropriation, to the state fire marshal solely to support processing, testing, enforcement, and oversight activities under this chapter.
7. If a manufacturer has certified a cigarette under this section and makes any change to the cigarette which is likely to alter its compliance with the reduced cigarette ignition propensity standards required by this chapter, that cigarette may not be sold or offered for sale in this state until the manufacturer retests the cigarette in accordance with the testing standards set forth in section 18-13-02 and maintains records of that retesting as required by section 18-13-02. Any altered cigarette that does not meet the performance standards set forth in section 18-13-02 may not be sold in this state.

#### **18-13-04. Marking of cigarette packaging.**

1. Cigarettes that are certified by a manufacturer in accordance with section 18-13-03 must be marked to indicate compliance with the requirements of section 18-13-02. The marking must be in eight-point type or larger and consist of:
  - a. Modification of the product uniform product code to include a visible mark printed at or around the area of the uniform product code which may consist of alphanumeric or symbolic characters permanently stamped, engraved, embossed, or printed in conjunction with the uniform product code;
  - b. Any visible combination of alphanumeric or symbolic characters permanently stamped, engraved, or embossed upon the cigarette package or cellophane wrap; or
  - c. Printed, stamped, engraved, or embossed text that indicates that the cigarettes meet the standards of this chapter.

2. A manufacturer may use only one marking and shall apply this marking uniformly for all packages, including packs, cartons, and cases, and brands marked by that manufacturer.
3. The state fire marshal must be notified as to the marking that is selected.
4. Before the certification of any cigarette, a manufacturer shall present its proposed marking to the state fire marshal for approval. Upon receipt of the request, the state fire marshal shall approve or disapprove the marking offered, except that the state fire marshal shall approve any marking in use and approved for sale in New York pursuant to the New York fire safety standards for cigarettes. Proposed markings are deemed approved if the state fire marshal fails to act within ten business days of receiving a request for approval.
5. A manufacturer may not modify its approved marking unless the modification has been approved by the state fire marshal in accordance with this section.
6. A manufacturer certifying cigarettes in accordance with section 18-13-03 shall provide a copy of the certifications to every wholesale dealer and agent to which the manufacturer sells cigarettes, and shall provide sufficient copies of an illustration of the package marking utilized by the manufacturer under this section for each retail dealer to which the wholesale dealer or agent sells cigarettes. A wholesale dealer and agent shall provide a copy of these package markings received from the manufacturer to all retail dealers to which they sell cigarettes. Wholesale dealers, agents, and retail dealers shall permit the state fire marshal, the tax commissioner, the attorney general, and their employees to inspect markings of cigarette packaging marked under this section.

#### **18-13-05. Penalties.**

1. A manufacturer, wholesale dealer, agent, or any other person that knowingly sells or offers to sell cigarettes, other than through retail sale, in violation of section 18-13-02, for a first offense is subject to a civil penalty not to exceed ten thousand dollars for each sale of cigarettes, and for a subsequent offense is subject to a civil penalty not to exceed twenty-five thousand dollars for each sale, but the penalty against any person may not exceed one hundred thousand dollars during any thirty-day period.
2. A retail dealer that knowingly sells cigarettes in violation of section 18-13-02:
  - a. For a first offense is subject to a civil penalty not to exceed five hundred dollars, and for a subsequent offense is subject to a civil penalty not to exceed two thousand dollars, for each sale or offer for sale of cigarettes if the total number of cigarettes sold or offered for sale in the sale does not exceed one thousand cigarettes; or
  - b. For a first offense is subject to a civil penalty not to exceed one thousand dollars, and for a subsequent offense is subject to a civil penalty not to exceed five thousand dollars for each sale or offer

Cigarettes seized under this subsection must be destroyed; provided, however, that before the destruction of the cigarettes, the true holder of the trademark rights in the cigarette brand is permitted to inspect the cigarette.
6. In addition to any other remedy provided by law, the state fire marshal or attorney general may file an action in district court for a violation of this chapter, including petitioning for:
  - a. Preliminary or permanent injunctive relief against any manufacturer, importer, wholesale dealer, retail dealer, agent, or any other person to enjoin the person from selling or offering to sell any cigarette that does not comply with the requirements of this chapter; or
  - b. To recover any costs or damages suffered by the state because of a violation of this chapter, including enforcement costs relating to the specific violation and attorney's fees.
7. Each violation of this chapter or of rules adopted to implement this chapter constitutes a separate civil violation for which the state fire marshal or attorney general may obtain relief.

#### **18-13-06. Implementation.**

1. The state fire marshal may adopt rules to implement this chapter.
2. The state tax commissioner in the regular course of conducting inspections of wholesale dealers, agents, and retail dealers, as authorized under chapter 57-36, may inspect such cigarettes to determine if the cigarettes are marked as required by section 18-13-04. If the cigarettes are not marked as required, the state tax commissioner shall notify the state fire marshal.

**18-13-07. Inspection.** The attorney general and the state fire marshal may examine the books, papers, invoices, and other records of any person in possession,

control, or occupancy of any premises where cigarettes are placed, stored, sold, or offered for sale, as well as the stock of cigarettes on the premises. Every person in the possession, control, or occupancy of any premises where cigarettes are placed, sold, or offered for sale, shall give the attorney general and the state fire marshal the means, facilities, and opportunity for the examinations authorized by this section.

The fund consists of all moneys recovered as penalties under section 18-13-05. The moneys must be deposited to the credit of the fund and must be made available to the state fire marshal to support fire safety and prevention programs upon legislative appropriation.

**18-13-09. Sale outside of North Dakota.** This chapter does not prohibit any person from manufacturing or selling cigarettes that do not meet the requirements of section 18-13-02 if the cigarettes are or will be stamped for sale in another state or are packaged for sale outside the United States and that person has taken reasonable steps to ensure that the cigarettes will not be sold or offered for sale to persons located in this state.

**18-13-10. Local regulation.** Notwithstanding any other provision of law, home rule charter, or ordinance made under a home rule charter, a political subdivision may not enact or enforce any ordinance or regulation conflicting with any provision of this chapter or with any policy of this state expressed by this chapter.

**SECTION 2. APPROPRIATION.** There is appropriated out of any moneys in the Reduced Cigarette Ignition Propensity and Firefighter Protection Act enforcement fund in the state treasury, not otherwise appropriated, the sum of \$200,000, or so much of the sum as may be necessary, to the attorney general to be made available to the state fire marshal for the purpose of processing, testing, enforcement, and oversight activities in this Act, for the biennium beginning July 1, 2009, and ending June 30, 2011.

(Natural Resources Committee)

(At the request of the State Board of Higher Education and State Forester)

AN ACT to create and enact a new chapter to title 18 of the North Dakota Century Code, relating to approval of a compact with other states to promote effective prevention and control of forest fires.

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1.** A new chapter to title 18 of the North Dakota Century Code is created and enacted as follows:

**Interstate compact for the prevention and control of wildland fires.** This compact for the prevention and control of wildland fires is entered into and enacted into law. The governor may execute a compact on behalf of the state with any one or more states who may by their legislative bodies, authorize a compact, in form substantially as follows:

ARTICLE I

The purpose of this compact is to promote effective prevention and control of forest fires in the great plains region of the United States by the maintenance of adequate forest fire fighting services by the member states, and by providing for reciprocal aid in fighting forest fires among the compacting states of the region, including South Dakota, North Dakota, Wyoming, Colorado, and any adjoining state of a current member state.

ARTICLE II

This compact is operative immediately as to those states ratifying it if any two or more of the member states have ratified it.

ARTICLE III

In each state, the state forester or officer holding the equivalent position who is responsible for forest fire control may act as compact administrator for that state and may consult with like officials of the other member states and may implement cooperation between the states in forest fire prevention and control. The compact administrators of the member states may organize to coordinate the services of the member states and provide administrative integration in carrying out the purpose of this compact. Each member state may formulate and put in effect a forest fire plan for that state.

ARTICLE IV

If the state forest fire control agency of a member state requests aid from the state forest fire control agency of any other member state in combating, controlling, or preventing forest fires, the state forest fire control agency of that state may render all possible aid to the requesting agency, consonant with the maintenance of protection at home.

## ARTICLE V

If the forces of any member state are rendering outside aid pursuant to the request of another member state under this compact, the employees of the state shall, under the direction of the officers of the state to which they are rendering aid, have the same powers (except the power of arrest), duties, rights, privileges, and immunities as comparable employees of the state to which they are rendering aid.

No member state or its officers or employees rendering outside aid pursuant to this compact is liable on account of any act or omission on the part of such forces while so engaged, or on account of the maintenance or use of any equipment or supplies in connection with rendering the outside aid.

All liability, except as otherwise provided in this compact, that may arise either under the laws of the requesting state or under the laws of the aiding state or under the laws of a third state on account of or in connection with a request for aid, shall be assumed and borne by the requesting state.

Any member state rendering outside aid pursuant to this compact shall be reimbursed by the member state receiving the aid for any loss or damage to, or expense incurred in the operation of any equipment answering a request for aid, and for the cost of all materials, transportation, wages, salaries, and maintenance of employees and equipment incurred in connection with such request. However, nothing in this compact prevents any assisting member state from assuming such loss, damage, expense, or other cost or from loaning such equipment or from donating such services to the receiving member state without charge or cost.

Each member state shall assure that workers compensation benefits in conformity with the minimum legal requirements of the state are available to all employees and contract firefighters sent to a requesting state pursuant to this compact.

Nothing in this compact authorizes or permits any member state to curtail or diminish its forest fire fighting forces, equipment, services, or facilities. Each member state shall maintain adequate forest fighting forces and equipment to meet demands for forest fire protection within its borders in the same manner and to the same extent as if this compact were not operative.

Nothing in this compact limits or restricts the powers of any state ratifying the compact to provide for the prevention, control, and extinguishment of forest fires, or

to prohibit the enactment or enforcement of state laws, rules, or regulations intended to aid in the prevention, control, and extinguishment in the state.

Nothing in this compact affects any existing or future cooperative relationship or arrangement between the United States forest service and a member state or states.

#### ARTICLE VII

Representatives of the United States forest service may attend meetings of the compact administrators.

#### ARTICLE VIII

The provisions of Articles IV and V of this compact that relate to reciprocal aid in combating, controlling, or preventing forest fires are operative as between any state party to this compact and any other state which is party to this compact and any other state that is party to a regional forest fire protection compact in another region if the legislature of the other state has given its assent to the mutual aid provisions of this compact.

#### ARTICLE IX

This compact shall continue in force and remain binding on each state ratifying it until the legislature or the governor of the state takes action to withdraw from the compact. Such action is not effective until six months after notice of the withdrawal has been sent by the chief executive of the state desiring to withdraw to the chief executives of all states then parties to the compact.

AN ACT to create and enact a new section to chapter 20.1-01 of the North Dakota Century Code, relating to exploitation of wildlife; to amend and reenact section 20.1-01-26 of the North Dakota Century Code, relating to suspension of hunting, trapping, or fishing privileges; and to provide a penalty.

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1. AMENDMENT.** Section 20.1-01-26 of the North Dakota Century Code is amended and reenacted as follows:

**20.1-01-26. Suspension of hunting, trapping, or fishing privileges - Surrender and return of license.** In addition to the penalty provided upon conviction under this title, the court may suspend the defendant's hunting, trapping, or fishing privileges for up to three years; however, if the defendant is convicted of an offense under section 2 of this Act, the court may suspend the defendant's hunting, trapping, or fishing privileges for up to the life of the defendant but not less than five years. The court may not suspend the defendant's privileges for a noncriminal violation if the defendant has not been convicted for a violation of this title in the last three years. Upon conviction for a violation of section 20.1-01-18, the court shall suspend the defendant's hunting, fishing, and trapping privileges for a period of at least one year, two years for the second conviction, and three years for the third or subsequent conviction. At the time of the suspension, the court shall determine whether the defendant must successfully complete the hunter education course provided for in section 20.1-03-01.1, as prescribed by the proper state or provincial natural resources or wildlife management agency, before the defendant may purchase a new or obtain the return of a valid hunting license.

Upon imposition of the suspension, the court shall take any hunting, trapping, or fishing license or permit held by the defendant and forward it, together with a certified copy of the suspension order, to the director. Except as otherwise provided in this section, upon expiration of the suspension, the director shall return the person's license or permit if it is still valid. No person may purchase, or attempt to purchase, a hunting, trapping, or fishing license or permit during a suspension period. If the court so ordered, no person who has had a hunting license suspended may purchase or attempt to purchase a hunting license nor may the director return a valid hunting license until the person has successfully completed the course provided for in section 20.1-03-01.1 and as prescribed by the proper state or provincial natural resources or wildlife management agency. A certificate of completion for a similar course issued by any other state or province of Canada is sufficient to meet this requirement. The person shall file proof of that completion with the court.

For the purpose of this section, the term "conviction" includes an admission or adjudication of a noncriminal violation.

**SECTION 2.** A new section to chapter 20.1-01 of the North Dakota Century Code is created and enacted as follows:

**Exploitation of wildlife - Penalty.**

1. A person is guilty of exploitation of wildlife if that person intentionally:

  - c. Furnishes assistance, management, or supervision to an individual who commits or assists in the commission of seven or more title 20.1 misdemeanor offenses within a two-year period; or
  - d. Commits a title 20.1 misdemeanor offense after having been previously convicted of seven or more title 20.1 misdemeanor offenses within a ten-year period.
  
2. Violation of this section is a class C felony and, in addition to other penalties imposed by law, is subject to section 20.1-01-26. The defendant being over a daily or possession limit of fish, small game, or waterfowl is not sufficient as a predicate offense for a conviction under subdivision b or c of subsection 1 unless the state proves that the conduct occurred over more than three days or the person takes or possesses more than four times a daily limit and the state alleges and proves beyond a reasonable doubt that the minimum number of predicate offenses required were committed intentionally. Except for a charge under subdivision d of subsection 1, the state may not charge an individual for both the predicate offense and a charge under this section. A conviction from another state or a federal court for an offense similar to one prescribed in title 20.1 may be used as a conviction under this section.

  - b. "Registration form" means a form prescribed by the secretary of state to facilitate the filing of a health care record.
2.
  - a. The secretary of state may establish and maintain a health care record registry, through which a health care record may be filed. The registry must be accessible through a website maintained by the secretary of state.
  - b. An individual who is the subject of a health care record, or that individual's agent, may submit to the secretary of state for registration, using a registration form, a health care record executed in accordance with chapter 23-06.5.
3. Failure to register a health care record with the secretary of state under this section does not affect the validity of the health care record. Failure to notify the secretary of state of the revocation of a health care record filed under this section does not affect the validity of a revocation that otherwise meets the statutory requirements for revocation.
4.
  - a. Upon receipt of a health care record and completed registration form, the secretary of state shall create a digital reproduction of the health care record, enter the reproduced health care record into the health care record registry database, and assign each registration a unique file number. The secretary of state is not required to review a health care record to ensure the health care record complies with any particular statutory requirements that may apply to the health care record.
  - b. The secretary of state shall delete a health care record filed with the registry under this section upon receipt of a revocation of the health care record along with that document's file number.

- c. The entry of a health care record under this section does not affect or otherwise create a presumption regarding the validity of the health care record or the accuracy of the information contained in the health care record.
- 5. a. The registry must be accessible by entering the file number and password on the internet website. Registration forms, file numbers, and other information maintained by the secretary of state under this section are confidential and the state may not disclose this information to any person other than the subject of the document, or the subject's agent. The secretary of state may not use information contained in the registry except as provided under this chapter.

  - b. At the request of the subject of the health care record, or the subject's agent, the secretary of state may transmit the information received regarding the health care record to the registry system of another jurisdiction as identified by the requester.
  - c. This section does not require a health care provider to seek to access registry information about whether a patient has executed a health care record that may be registered under this section. A health care provider who makes good-faith health care decisions in reliance on the provisions of an apparently genuine health care record received from the registry is immune from criminal and civil liability to the same extent and under the same conditions as prescribed in section 23-06.5-12. This section does not affect the duty of a health care provider to provide information to a patient regarding health care directives as may be required under federal law.
- 6. The secretary of state may accept a gift, grant, donation, bequest, or other form of voluntary contribution to establish, support, promote, and maintain the registry. Any funds contributed under this subsection and any fees collected under this section must be deposited in the secretary of state's general services operating fund. The secretary of state shall charge and collect a reasonable fee for filing a health care record and a revocation of a health care record.

**SECTION 6. AMENDMENT.** Section 23-37-06 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-06. (Effective through July 31, 2014) Release discovery.** If the department has reason to believe a release has occurred, it shall notify the administrator. The department shall direct the owner or operator to take reasonable and necessary corrective actions as provided under federal or state law or under adopted rules.

**SECTION 7. AMENDMENT.** Section 23-37-07 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-07. (Effective through July 31, 2011) Owner or operator not identified.** The department may cause legal action to be brought to compel performance of a corrective action if an identified owner or operator fails or refuses to comply with an order of the department, or the department may engage the services of qualified contractors for performance of a corrective action if an owner or operator cannot be identified.

**SECTION 8. AMENDMENT.** Section 23-37-08 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-08. (Effective through July 31, 2011) Imminent hazard.** Upon receipt of information that a petroleum release has occurred which may present an imminent or substantial endangerment of health or the environment, the department may take such emergency action as it determines necessary to protect health or the environment.

**SECTION 9. AMENDMENT.** Section 23-37-09 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-09. (Effective through July 31, 2011) Duty to notify.** This chapter does not limit any person's duty to notify the department and to take action related to a release. However, payment for corrective actions required as a result of a petroleum release is governed by this chapter.

**SECTION 10. AMENDMENT.** Section 23-37-10 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-10. (Effective through July 31, 2011) Providing of information.** Any person whom the administrator or the department has reason to believe is an owner or operator, the owner of real property where corrective action is ordered to be taken, or any person who may have information concerning a release shall, if requested by the administrator or the department, or any member, employee, or agent of the administrator or the department, furnish to the administrator or the department any information that person has or may reasonably obtain that is relevant to the release.

**SECTION 11. AMENDMENT.** Section 23-37-11 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-11. (Effective through July 31, 2011) Examination of records.** Any employee of the administrator or the department may, upon presentation of official credentials:

1. Examine and copy books, papers, records, memoranda, or data of any person who has a duty to provide information to the administrator or the department under section 23-37-10; and
2. Enter upon public or private property for the purpose of taking action authorized by this section, including obtaining information from any person who has a duty to provide the information under section 23-37-10, conducting surveys and investigations, and taking corrective action.

**23-37-12. (Effective through July 31, 2014) Responsibility for cost.** The owner or operator is liable for the cost of the corrective action required by the department, including the cost of investigating the releases. This chapter does not create any new cause of action for damages on behalf of third parties for release of petroleum products against the fund or licensed dealers.

**SECTION 13. AMENDMENT.** Section 23-37-13 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-13. (Effective through July 31, 2014) Liability avoided.** No owner or operator may avoid liability by means of a conveyance of any right, title, or interest in real property or by any indemnification, hold harmless agreement, or similar agreement. However, this chapter does not:

1. Prohibit a person who may be liable from entering into an agreement by which the person is insured or is a member of a risk retention group, and is thereby indemnified for part or all of the liability;
2. Prohibit the enforcement of an insurance, hold harmless, or indemnification agreement; or
3. Bar a claim for relief brought by a person who may be liable or by an insurer or guarantor, whether by right of subrogation or otherwise.

**SECTION 14. AMENDMENT.** Section 23-37-14 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-14. (Effective through July 31, 2014) Other remedies.** This chapter does not limit the powers of the administrator or department, or preclude the pursuit of any other administrative, civil, injunctive, or criminal remedies by the administrator or department or any other person. Administrative remedies need not be exhausted in order to proceed under this chapter. The remedies provided by this chapter are in addition to those provided under existing statutory or common law.

**SECTION 15. AMENDMENT.** Section 23-37-15 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-15. (Effective through July 31, 2014) Revenue to the fund.** Revenue from the following sources must be deposited in the state treasury and credited to the fund:

1. Any registration fees collected under section 23-37-17;
2. Any money recovered by the fund under section 23-37-23, and any money paid under an agreement, stipulation, or settlement;
3. Any interest attributable to investment of money in the fund; and
4. Any money received by the administrator in the form of gifts, grants, reimbursements, or appropriations from any source intended to be used for the purposes of the fund.

**SECTION 16. AMENDMENT.** Section 23-37-16 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-16. (Effective through July 31, 2011) Penalty.** A tank owner violating section 23-37-17 is guilty of a class B misdemeanor unless another penalty is specifically provided.

**SECTION 17. AMENDMENT.** Section 23-37-17 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-17. (Effective through July 31, 2011) Registration fee.**

1. An owner or operator of a tank shall pay an annual registration fee of fifty dollars for each aboveground or underground tank owned or operated by that person. If on the first day of July in any year the amount of money in the petroleum release compensation fund is less than six million dollars, the annual registration fee of fifty dollars is increased to one hundred dollars. If on the first day of July in any year the amount of money in the petroleum release compensation fund is five million five hundred thousand dollars or more and the annual registration fee has been increased to one hundred dollars, the fee must be reduced to fifty dollars. Annual registration fees must be reduced to five dollars if on the first day of July in any year the amount of money in the fund exceeds nine million dollars. Annual registration fees must continue at the fee of five dollars until the money in the fund does not exceed nine million dollars.
2. An owner or operator of an existing tank that is discovered at a location that currently and previously has had tanks registered with the fund on or before July 1, 2007, shall pay seventy-five dollars for each aboveground tank and one hundred twenty-five dollars for each underground tank owned or operated by that person for each previous year that the tank was required to be registered for which a fee was not paid. The payment includes the fees and the penalty for the failure to register.
3. An owner or operator of an existing tank at a location that was not previously and continuously registered with the fund, whether the registration was required by law or not, on or before July 1, 2007, must provide the fund with a phase two environmental study conducted by a qualified firm according to American society for testing materials standards. A tank integrity test must also be performed. The environmental study and tank integrity test must be reviewed by the commissioner along with the application for registration with the fund. If the commissioner rejects the application, the applicant is denied eligibility to the fund. However, if the site is remediated and the leaking tank is replaced, the applicant may reapply for registration with the fund. A new installation that is using a used tank must provide tank integrity test results for the used tank. Use of a synthetic liner in an aboveground dike system negates the need for a tank integrity test. The owner or operator of a new tank at a new site or a new tank at an existing site that had a tank registered at the site previously need only pay the required fees for registration with the fund.
4. If accepted for registration with the fund, the owner or operator of the tank shall pay seventy-five dollars for each aboveground tank and one hundred twenty-five dollars for an underground tank for each underground tank for each previous year that the tank was required to

be registered for which a fee was not paid, regardless of ownership in each of those years.

5. The registration fees collected under this section must be paid to the fund administrator for deposit in the state treasury for the dedicated credit to the petroleum release compensation fund.

**SECTION 18. AMENDMENT.** Section 23-37-18 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-18. (~~Effective through July 31, 2011~~) Reimbursement for corrective action.**

1. The administrator shall reimburse an eligible owner or operator for ninety percent of the costs of corrective action, including the investigation, which are greater than five thousand dollars and less than one million dollars per occurrence and two million dollars in the aggregate. An eligible tank owner or operator may not be liable for more than twenty thousand dollars out-of-pocket expenses for any one release. A reimbursement may not be made unless the administrator determines that:
  - a. At the time the release was discovered the owner or operator and the tank were in compliance with state and federal rules and rules applicable to the tank, including rules relating to financial responsibility which were in effect at the time of the release;
  - b. The department was given notice of the release as required by federal and state law;
  - c. The owner or operator has paid the first five thousand dollars of the cost of corrective action; and
  - d. The owner or operator, to the extent possible, fully cooperated with the department and the administrator in responding to the release.
2. The fund shall compensate third parties for corrective action taken for a petroleum release if the provisions of subdivisions a, b, c, and d of subsection 1 were met at the time the release was discovered. Compensation for third-party corrective action includes compensation for costs incurred in returning the real estate to that level deemed duly remediated by the department.
3. The fund shall reimburse the tank owner, operator, or dealer for bodily injuries to a third party caused by a petroleum release if the provisions of subdivisions a, b, c, and d of subsection 1 were met at the time the release was discovered in an amount determined by:
  - a. Findings reduced to judgment in federal or state district court within the state of North Dakota or such other court having jurisdiction over the matter in a proceeding in which the fund has been made a party;
  - b. Findings by an arbitration panel agreed upon in writing by the parties in a proceeding in which the fund has been made a party; or

- c. A written settlement entered into by the parties in which the commissioner or the commissioner's agent has participated. The settlement must be reviewed and approved by the commissioner.
4. In any civil action against the owner, operator, or dealer for damages resulting from a petroleum release, if the pre-leak condition of real estate is an issue and if there is no reasonable means of determining the pre-leak condition of real estate, the condition is that which exists at the time the department determines the real estate has been duly remediated.
5. The fund may not compensate for attorney's fees of owners, operators, or dealers, nor may the fund compensate for exemplary damages, criminal fines, or administrative penalties.
6. A third party accepting monetary compensation directly from the fund for damages due to a release caused by a tank owner, operator, or dealer covered by the fund is deemed to have waived any cause of action against the fund or against the tank owner, operator, or dealer.
7. The fund shall reimburse the department for all costs, attorney's fees, and other legal expenses relating to administrative and adjudicative proceedings under this chapter and any subsequent legal proceeding. Any monies reimbursed must be deposited in the department's operating fund in the state treasury and must be spent subject to appropriation by the legislative assembly.

**SECTION 19. AMENDMENT.** Section 23-37-19 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-19. (Effective through July 31, 2014) Application for reimbursement.** Any owner or operator who is a first-party claimant who proposes to take corrective action or has undertaken corrective action in response to a release, the time of such release being unknown, may apply to the administrator for partial or full reimbursement under section 23-37-18. An owner or operator who is a first-party claimant may be reimbursed only for costs incurred after July 1, 1989, even if the releases were discovered before July 1, 1989, up to the maximum of twenty-five thousand dollars per location.

**SECTION 20. AMENDMENT.** Section 23-37-20 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-20. (Effective through July 31, 2014) Administrator to determine costs.** A reimbursement for corrective actions taken by an owner, operator, or dealer may not be made from the fund until the administrator has determined that the costs for which reimbursement is requested were actually incurred and were reasonable. All necessary loss adjustment expenses must be included as a component of the loss and must be paid out of the fund.

**SECTION 21. AMENDMENT.** Section 23-37-21 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-21. (Effective through July 31, 2014) Liability of responsible person.** The right to apply for reimbursement and the receipt of reimbursement does not limit the liability of an owner or operator for damages or costs incurred as the result of a release.

**SECTION 22. AMENDMENT.** Section 23-37-22 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-22. (Effective through July 31, 2014) Reimbursement not subject to attachment.** The amount of reimbursement to be paid for corrective action that was done by a third party is not subject to legal process or attachment if actually paid to a third party who performed the corrective action.

**SECTION 23. AMENDMENT.** Section 23-37-23 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-23. (Effective through July 31, 2014) Recovery of expenses.** Any reasonable and necessary expenses incurred by the fund, which exceed the coverage limits provided by section 23-37-18, in taking a corrective action, including costs of investigating a release, and in taking legal actions may be recovered in a civil action in district court brought by the administrator against an owner or operator. The certification of expenses by an approved agent of the fund is prima facie evidence that the expenses are reasonable and necessary. Any expenses that are recovered under this section must be deposited in the fund.

**SECTION 24. AMENDMENT.** Section 23-37-24 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-24. (Effective through July 31, 2014) Costs exceeding reimbursement.** If the cost of any extraordinary authorized action under this chapter exceeds amounts awarded to the administrator or the department from the federal government, the administrator may pay the department the cost of the corrective actions, including the cost of investigating a release, if the board finds that the cause was a petroleum substance, that an adequate amount exists in the fund to pay for the corrective action, that the occurrence was extraordinary in scope and size, and that a danger to the health and safety of citizens exists.

**SECTION 25. AMENDMENT.** Section 23-37-25 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-25. (Effective through July 31, 2014) Coordination of benefits.** If an owner or operator has an insurance policy that provides the same coverage as the fund, the administrator of the fund shall pay the share of the covered loss or damage for which the fund is responsible. The share that must be paid from the fund is equal to the proportion that the applicable limit of coverage under the fund bears to the limits of insurance of all insurance coverage on the same basis.

**SECTION 26. AMENDMENT.** Section 23-37-26 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-26. (Effective through July 31, 2014) Third-party damages - Participation in actions and review of settlements.**

1. An owner or operator who is sued for damages resulting from a release shall notify the administrator within fourteen days of being served with a summons and complaint. The owner or operator shall also advise the administrator if any insurer is defending the owner or operator and provide to the administrator the name of that insurer.
2. An owner or operator who, before litigation, enters into negotiations with a third party who claims to have been damaged by a release, or who

receives a demand for payment of damages to a third party who claims to have been damaged by a release, shall notify the administrator within fourteen days of the demand or the negotiations.

3. The administrator and the board shall review the conduct of any litigation or negotiation. The administrator may not assume any legal costs incurred by the defendant or plaintiff, but may participate in discovery, trial proceedings, or settlement negotiations of either disputed liability or damages that bear on the determination of a plaintiff's damages.
4. The administrator and the board shall review any settlement negotiations to determine the dollar amount of bodily injury or property damage actually, necessarily, and reasonably incurred by third parties which, if paid by the defendant, would be considered eligible costs.

**SECTION 27. AMENDMENT.** Section 23-37-27 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-27. (Effective through July 31, 2014) Third-party damages - Documentation.**

1. An applicant's payments for third-party damages pursuant to a judgment entered in a court must include copies of the notice of entry of judgment and abstract of costs.
2. An applicant's payments for third-party damages made by agreement in settlement of litigation must include copies of the settlement agreement and such supporting documents as may be required by the administrator.
3. An applicant's payments for third-party damages made by agreement without reference to litigation must include copies of the settlement and such supporting documents as may be required by the administrator.
4. The administrator and the board may require a third party who claims bodily injury to be examined by a physician and require that the physician's report be submitted to the administrator. The administrator may require a third party who claims property damage to permit a property appraiser or claims adjuster retained by the administrator to inspect the property and report to the administrator.
5. The fund shall pay a judgment against an owner, operator, or dealer awarded to a third party as a result of a third-party claim and property damage against an owner, operator, or dealer registered by the fund.
6. The fund shall pay for corrective action as awarded to a third party in any judgment against an owner, operator, or dealer.
7. Liability of the tank owner, operator, dealer, or fund to third parties for corrective action or personal injuries and property damage may not exceed, per person, one million dollars. Maximum liability of the fund, including all claims by third parties, may not exceed, for any release site, the maximum provided in section 23-37-18.

8. A third party may not bring an action against any owner, operator, or dealer more than three years after a corrective action plan has been approved by the department if the owner, operator, or dealer fully implements and complies with the corrective action plan.
9. In investigating a release site or reviewing the implementation of any corrective action plan approved by the department, the department shall determine whether the release currently threatens public health or the environment. The department shall require, based on science and technology appropriate for the site, any monitoring, remediation, or other appropriate corrective action that is reasonably necessary to protect public health or the environment. The department may require corrective action at a release site at any time after a release occurs.

**SECTION 28. AMENDMENT.** Section 23-37-28 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-28. (~~Effective through July 31, 2014~~) Matching federal funds.** The administrator and the board may annually allow the department a ten percent matching grant for federal leaking underground storage tank funds to be paid out of the fund if the moneys are available and the administrator and the board determine the allowance appropriate.

**SECTION 29. AMENDMENT.** Section 23-37-29 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-29. (~~Effective through July 31, 2014~~) Fund appropriations.** Money in the fund is continuously appropriated to the administrator for the purpose of making reimbursements under this chapter.

**SECTION 30. AMENDMENT.** Section 23-37-30 of the North Dakota Century Code is amended and reenacted as follows:

**23-37-30. (~~Effective through July 31, 2014~~) Investment of fund.** Investment of the fund is under the supervision of the state investment board in accordance with chapter 21-10. The commissioner may purchase a contract for reinsurance of any risk to be paid by the fund. The administrator may investigate the purchase of insurance that reimburses an owner or operator for property damage claims by third parties other than claims for costs of corrective action.

(Representatives Porter, Delmore, Hawken)  
(Senators Erbele, Nelson)

AN ACT to create and enact a new chapter to title 23 of the North Dakota Century Code, relating to hospital designation as a primary stroke center and related services offered by emergency medical services operations.

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1.** A new chapter to title 23 of the North Dakota Century Code is created and enacted as follows:

**Primary stroke centers.**

1. Effective January 1, 2010, the state department of health shall designate qualified hospitals as primary stroke centers. A hospital seeking designation as a primary stroke center shall apply to the department for that designation and shall demonstrate to the department that the hospital meets the applicable criteria established by the department.
2. The criteria established by the department for designation as a primary stroke center must include a requirement that the hospital be certified as a primary stroke center by the joint commission on accreditation of health care organizations or by a similar accrediting or certifying organization possessing hospital standards recognized nationally by the health care industry and accepted by the department.
3. The department may suspend or revoke a hospital's designation as a primary stroke center, after notice and opportunity for a hearing, if the department determines the hospital is not in compliance with the requirements of this chapter.
4. Annually, the state department of health shall provide a list of hospitals designated as primary stroke centers to each emergency medical services operation licensed in this state. The department shall post to the department's web site a list of the hospitals designated as primary stroke centers.

**Stroke system of care task force.**

1. The state department of health shall establish a stroke system of care task force. The purpose of the task force is to encourage and ensure the establishment of an effective stroke system of care throughout the state. The state health officer, or the officer's designee, shall serve on the task force. The state health officer shall appoint members to the task force who represent rural hospitals, physicians who treat patients in rural areas, and members representing emergency medical services operations that provide services in rural areas of the state. Members of the task force serve at the pleasure of the state health officer.

2. Before April 1, 2010, the stroke system of care task force shall provide the state department of health with recommendations regarding the establishment of an effective stroke system of care in the rural areas of this state. The initial recommendations must include:
  - a. Protocols for the triage, stabilization, and appropriate routing of stroke patients by emergency medical services operations in rural areas; and
  - b. A plan to provide for coordination and communication between rural hospitals, primary stroke centers, and other support services in order to assure that residents of all regions of the state have access to effective and efficient stroke care.
3. The state health council may adopt rules, based on the task force's recommendations.

#### **Stroke triage - Emergency medical services.**

1. Before January 1, 2011, the state department of health shall adopt a nationally recognized standardized stroke-triage assessment tool. The department shall post this standardized stroke-triage assessment tool to the department's website and shall provide a copy to each emergency medical services operation licensed in this state. As a term of licensure under chapter 23-27, each licensed emergency medical services operation shall adopt and implement a stroke-triage assessment tool that is substantially similar to the standardized stroke-triage assessment tool adopted by the department.
2. The department shall work with the stroke task force to establish protocols related to the assessment, treatment, and transport of stroke patients by emergency medical services operations licensed by the state. The protocols may include regional transport plans for the triage and transport of stroke patients to the closest, most appropriate facility, including the bypass of health care facilities not designated as primary stroke centers when it is safe to do so.
3. Effective April 1, 2012, each emergency medical services operation licensed under chapter 23-27 shall comply with this chapter.

**Reports.** Semiannually, each hospital designated as a primary stroke center shall provide the state department of health a report on the center's quality initiatives. The data in the report is an exempt record and is not subject to the state's open records law. However, the department shall make the data in these reports available to state and local government entities that have responsibility for the management and administration of emergency medical services throughout the state. Annually, the department shall compile the report data in aggregate form as a report card and post this report card to the department's website. The results of this report card may be used by the department to conduct training.

**Standard of care.** This chapter is not a medical practice guideline and may not be used to restrict the authority of a hospital to provide services for which the hospital has been licensed. This chapter must be interpreted to recognize that all patients should be treated individually based on each patient's needs and circumstances.

**Advertisement.** A person may not advertise to the public that a hospital is a primary stroke center unless the hospital has been designated as such under this chapter.

The plans and programs for each metropolitan area must provide for the development and integrated management and operation of transportation systems and facilities, including pedestrian walkways and bicycle transportation facilities that will function as an intermodal transportation system for the metropolitan area. 2. ~~The~~ As used in this section, the term "utility" includes all cooperatively, municipally, publicly, or privately owned utilities, for supplying water, sewer, light, gas, power, telegraph, telephone, transit, pipeline, or like service to the public or any part thereof. "Cost of change, relocation, or removal" includes the entire cost incurred by such utility properly attributable to such change, relocation, or removal after deducting therefrom any increase in the value of the new facility and any salvage value derived from the old facility. ~~Nothing herein contained may be construed to~~

5. When a utility facility needs to be relocated, the department shall enter an agreement with the utility indicating if the utility facility relocation work is eligible for reimbursement, the estimated cost for the work, the anticipated construction schedule, and the location of the work.
6. This section does not affect in any way the right of any utility to receive just compensation for the expense of changing, removing, or relocating its facilities located in a private right of way.

**SECTION 2.** A new section to chapter 24-01 of the North Dakota Century Code is created and enacted as follows:

**Relocation of utility facilities - Political subdivision roads.**

1. Whenever a political subdivision determines and orders that any utility facility that is or may be located in, over, along, or under a road right of way under its authority, qualifying for federal aid, should be changed, removed, or relocated to accommodate the construction of a project, the utility owning or operating the facility shall change, relocate, or remove the utility facility in accordance with the order of the political subdivision; provided that the costs of the change, relocation, or removal, including the cost of installing the facilities in a new location, must be ascertained and paid to the affected utility by the political subdivision as part of the cost of the federally aided project unless the payment would violate a legal contract between the utility and the political subdivision or where the roadway existed before the utility facility.
2. As used in this section:

At a minimum, the procedures must address notification, coordination, billing, and payment. The political subdivision shall coordinate with utilities that are affected by the construction project as early as possible in the project development process.

4. The political subdivision shall coordinate utility facility relocations with the affected utility in an effort to minimize costs associated with utility facility relocations.
5. When a utility facility needs to be relocated, the political subdivision shall enter an agreement with the utility indicating if the utility facility relocation work is eligible for reimbursement, the estimated cost for the work, the anticipated construction schedule, and the location of the work.
6. This section does not affect in any way the right of any utility to receive just compensation for the expense of changing, removing, or relocating its facilities located in a private right of way.

A request for examination at the state hospital must be screened and approved by a regional human service center. The respondent may be accompanied by one or more relatives or friends at the place of the examination. The costs of the court-ordered examination must be borne by the county that is the respondent's place of residence.

**SECTION 5. AMENDMENT.** Section 25-03.1-21 of the North Dakota Century Code is amended and reenacted as follows:

**25-03.1-21. Involuntary treatment order - Alternatives to hospitalization - Noncompliance with alternative treatment order - Emergency detention by certain professionals - Application for continuing treatment order.**

1. Before making its decision in an involuntary treatment hearing, the court shall review a report assessing the availability and appropriateness for the respondent of treatment programs other than hospitalization which has been prepared and submitted by the state hospital or treatment facility. If the court finds that a treatment program other than hospitalization is adequate to meet the respondent's treatment needs and is sufficient to prevent harm or injuries which the individual may inflict upon the individual or others, the court shall order the respondent to receive whatever treatment other than hospitalization is appropriate for a period of ninety days.
2. If the respondent is not complying with the alternative treatment order or the alternative treatment has not been sufficient to prevent harm or injuries that the individual may be inflicting upon the individual or others, the department, a representative of the treatment program involved in the alternative treatment order, the petitioner's retained attorney, or the state's attorney may apply to the court or to the district court of a different judicial district in which the respondent is located to modify the alternative treatment order. The court shall hold a hearing within seven days after the application is filed. Based upon the evidence presented at hearing and other available information, the court may:

- a. Continue the alternative treatment order;
  - b. Consider other alternatives to hospitalization, modify the court's original order, and direct the individual to undergo another program of alternative treatment for the remainder of the ninety-day period; or
  - c. Enter a new order directing that the individual be hospitalized until discharged from the hospital under section 25-03.1-30. If the individual refuses to comply with this hospitalization order, the court may direct a peace officer to take the individual into protective custody and transport the respondent to a treatment facility.
3. If a peace officer, physician, psychiatrist, clinical psychologist, or any mental health professional reasonably believes that the respondent is not complying with an order for alternative treatment  $\text{\textcircled{r}}$ , that the alternative treatment is not sufficient to prevent harm or injuries to the respondent or others, and that considerations of time and safety do not allow intervention by a court, the designated professional may cause the respondent to be taken into custody and detained at a treatment facility as provided in subsection 3 of section 25-03.1-25 and, within twenty-four hours, shall file a notice with the court stating the circumstances and factors of the case. The state hospital or public treatment facility must immediately accept, if appropriately screened and medically stable, and a private treatment facility may accept, the respondent on a provisional basis. The superintendent or director shall require an immediate examination of the respondent and, within twenty-four hours after admission, shall either release the respondent subject to the conditions of the original order or file a notice with the court stating in detail the circumstances and factors of the case. The court shall, within forty-eight hours of receipt of the notice of the superintendent or director, after a hearing and based on the evidence presented and other available information:
- a. Release the individual from hospitalization and continue the alternative treatment order;
  - b. Consider other alternatives to hospitalization, modify its original order, and direct the individual to undergo another program of alternative treatment for the remainder of the commitment period; or

**SECTION 6. AMENDMENT.** Section 25-03.1-25 of the North Dakota Century Code is amended and reenacted as follows:

**25-03.1-25. Detention or hospitalization - Emergency procedure.**

1. When a peace officer, physician, psychiatrist, psychologist, or mental health professional has reasonable cause to believe that an individual is a person requiring treatment and there exists a serious risk of harm to that person, other persons, or property of an immediate nature that considerations of safety do not allow preliminary intervention by a magistrate, the peace officer, physician, psychiatrist, psychologist, or mental health professional, using the screening process set forth in section 25-03.1-04, may cause the person to be taken into custody and detained at a treatment facility as provided in subsection 3, and subject to section 25-03.1-26, except that if emergency conditions exist that prevent the immediate conveyance of the individual to a public treatment facility, a private facility that has adequate resources and capacity to hold that individual may hold the individual in anticipation of conveyance to a public treatment facility for up to twenty-three hours:
  - a. Without conducting an immediate examination required under section 25-03.1-26; and
  - b. Without following notice and hearing requirements for a transfer to another treatment facility required under subsection 3 of section 25-03.1-34.
2. If a petitioner seeking the involuntary treatment of a respondent requests that the respondent be taken into immediate custody and the magistrate, upon reviewing the petition and accompanying documentation, finds probable cause to believe that the respondent is a person requiring treatment and there exists a serious risk of harm to the respondent, other persons, or property if allowed to remain at liberty, the magistrate may enter a written order directing that the respondent be taken into immediate custody and be detained as provided in subsection 3 until the preliminary or treatment hearing, which must be held no more than seven days after the date of the order.
3. Detention under this section may be:
  - a. In a treatment facility where the director or superintendent must be informed of the reasons why immediate custody has been ordered. The facility may provide treatment that is necessary to preserve the respondent's life or to appropriately control behavior by the respondent which is likely to result in physical injury to self or to others if allowed to continue, but may not otherwise provide treatment to the respondent without the respondent's consent; or
  - b. In a public or private facility in the community which is suitably equipped and staffed for the purpose. Detention in a jail or other correctional facility may not be ordered except in cases of actual emergency when no other secure facility is accessible, and then only for a period of not more than twenty-four hours and under close supervision.

4. Immediately upon being taken into custody, the person must be advised of the purpose of custody, of the intended uses and possible effects of any evaluation that the person undergoes, and of the person's rights to counsel and to a preliminary or treatment hearing.
5. Upon arrival at a facility the peace officer, physician, psychiatrist, psychologist, or mental health professional who conveyed the person or who caused the person to be conveyed shall complete an application for evaluation and shall deliver a detailed written report from the peace officer, physician, psychiatrist, psychologist, or the mental health professional who caused the person to be conveyed. The written report must state the circumstances under which the person was taken into custody. The report must allege in detail the overt act that constituted the basis for the beliefs that the individual is a person requiring treatment and that, because of that person's condition, there exists a serious risk of harm to that person, another person, or property if the person is not immediately detained.

**SECTION 7. AMENDMENT.** Section 25-03.1-34 of the North Dakota Century Code is amended and reenacted as follows:

**25-03.1-34. Transfer of patients.**

1. The superintendent or director of a treatment facility may transfer, or authorize the transfer of, an involuntary patient from a hospital to another facility if the superintendent or director determines that it would be consistent with the medical needs of the patient to do so. Due consideration must be given to the relationship of the patient to family, legal guardian, or friends, so as to maintain relationships and encourage visits beneficial to the patient. Whenever any treatment facility licensed by any state for the care and treatment of mentally ill or chemically dependent persons agrees with ~~a parent, a spouse, a brother, a sister, a child of legal age, the patient or patient's guardian of any patient~~ to accept the patient for treatment, the superintendent or director of the treatment facility shall release the patient to the other facility.
2. Upon receipt of notice from an agency of the United States that facilities are available for the care or treatment of any individual ordered hospitalized who is eligible for care or treatment in a treatment facility of that agency, the superintendent or director of the treatment facility may cause the individual's transfer to that agency of the United States for treatment. No person may be transferred to any agency of the United States if the person is confined pursuant to conviction of any felony or misdemeanor or the person has been acquitted of the charge solely on the ground of mental illness unless the court originally ordering confinement of the person enters an order for transfer after appropriate motion and hearing. Any person transferred under this section to an agency of the United States is deemed committed to that agency under the original order of treatment.
3. No facility may transfer a patient to another hospital or agency without first notifying the patient and the patient's legal guardian, spouse, or next of kin, if known, or a chosen friend of the patient and the court that ordered treatment. The patient must be given an opportunity to protest the transfer and to receive a hearing on the protest. The patient's

objection to the transfer must be presented to the court where the facility is located or to a representative of the facility within seven days after the notice of transfer was received. If the objection is presented to a representative of the facility, the representative shall transmit it to the court forthwith. The court shall set a hearing date which must be within fourteen days of the date of receipt of the objection. If an objection has not been filed or the patient consents to a transfer, the court may enter an ex parte order authorizing transfer.

#### **26.1-33.4-02. Licensing and bonding requirements.**

If there is more than one owner on a single policy and the owners are residents of different states, the life settlement contract must be governed by the law of the state in which the owner having the largest percentage ownership resides or, if the owners hold equal ownership, the state of residence of one owner agreed upon in writing by all owners.
2. Application for a provider or broker license must be made to the commissioner by the applicant on a form prescribed by the commissioner, and the application must be accompanied by a fee in an amount established by the commissioner; provided, however, that the license and renewal fees for a provider license must be reasonable and that the license and renewal fees for a broker license may not exceed those established for an insurance producer, as such fees are otherwise provided for in this title.
3. A life insurance producer who has been duly licensed as a resident insurance producer with a life line of authority in this state or the producer's home state for at least one year and is licensed as a nonresident producer in this state is deemed to meet the licensing requirements of this section and must be permitted to operate as a broker.

4. Not later than thirty days from the first day of operating as a broker, the life insurance producer shall notify the commissioner that the broker is acting as a broker on a form prescribed by the commissioner, and shall pay any applicable fee to be determined by the commissioner. Notification must include an acknowledgement by the life insurance producer that the broker will operate as a broker in accordance with this chapter.
5. The insurer that issued the policy that is the subject of a life settlement contract may not be responsible for any act or omission of a broker, provider, or purchaser arising out of or in connection with the life settlement transaction, unless the insurer receives compensation for the placement of a life settlement contract from the provider, purchaser, or broker in connection with the life settlement contract.
6. An individual licensed as an attorney, certified public accountant, or financial planner accredited by a nationally recognized accreditation agency, who is retained to represent the owner, whose compensation is not paid directly or indirectly by the provider or purchaser, may negotiate life settlement contracts on behalf of the owner without having to obtain a license as a broker.
7. Licenses may be renewed annually on the anniversary date upon payment of the periodic renewal fee. As specified in subsection 2, the renewal fee for a provider may not exceed a reasonable fee. Failure to pay the fee within the terms prescribed results in the automatic revocation of the license requiring periodic renewal.
8. The term of provider license must be equal to that of a domestic stock life insurance company and the term of a broker license must be equal to that of an insurance producer license. Licenses requiring periodic renewal may be renewed on their anniversary date upon payment of the periodic renewal fee as specified in subsection 2. Failure to pay the fees before the expiration of the renewal date results in expiration of the license.
9. The applicant shall provide such information as the commissioner may require on forms prepared by the commissioner. The commissioner, at any time, may require the applicant to fully disclose the identity of the applicant's stockholders (except stockholders owning fewer than ten percent of the shares of an applicant whose shares are publicly traded), partners, officers, and employees, and the commissioner may refuse to issue the license in the name of any person if not satisfied that any officer, employee, stockholder, or partner thereof who may materially influence the applicant's conduct meets the standards of this chapter.
10. A license issued to a partnership, corporation, or other entity authorizes all members, officers, and designated employees to act as a licensee under the license, if those individuals are named in the application and any supplements to the application.
11. Upon the filing of an application and the payment of the license fee, the commissioner shall make an investigation of each applicant and may issue a license if the commissioner finds that the applicant:
  - a. If a provider, has provided a detailed plan of operation;

- b. Is competent and trustworthy and intends to transact the applicant's business in good faith;
  - c. Has a good business reputation and has had experience, training, or education so as to be qualified in the business for which the license is applied;
  - d. If the applicant is a legal entity, is formed or organized pursuant to the laws of this state, or is a foreign legal entity authorized to transact business in this state, or provides a certificate of good standing from the state of its domicile;
  - e. Has provided to the commissioner an antifraud plan that meets the requirements of section 26.1-33.4-12 and includes:
    - (1) A description of the procedures for detecting and investigating possible fraudulent acts and procedures for resolving material inconsistencies between medical records and insurance applications;
    - (2) A description of the procedures for reporting fraudulent insurance acts to the commissioner;
    - (3) A description of the plan for antifraud education and training of the applicant's underwriters and other personnel; and
    - (4) A written description or chart outlining the arrangement of the antifraud personnel who are responsible for the investigation and reporting of possible fraudulent insurance acts and investigating unresolved material inconsistencies between medical records and insurance applications; and
  - f. If a provider or broker, has demonstrated evidence of financial responsibility in a format prescribed by the commissioner through a surety bond executed and issued by an insurer authorized to issue surety bonds in this state or through a deposit of cash, certificates of deposit, or securities or any combination thereof in the amount of one hundred fifty thousand dollars. The commissioner shall accept, as evidence of financial responsibility under this subdivision, proof that financial instruments in accordance with the requirements in this subdivision have been filed with one or more states in which the applicant is licensed as a provider or broker. The commissioner may ask for evidence of financial responsibility at any time the commissioner determines necessary. Any surety bond issued pursuant to this subdivision must specifically authorize recovery by the commissioner on behalf of any person in this state which sustained damages as the result of erroneous acts, failure to act, conviction of fraud, or conviction of unfair practices by the provider or broker.
12. The commissioner may not issue any license to any nonresident applicant unless a written designation of an agent for service of process is filed and maintained with the commissioner or unless the applicant has filed with the commissioner the applicant's written irrevocable consent that any action against the applicant may be commenced against the applicant by service of process on the commissioner.

13. Each licensee shall file with the commissioner before March first of each year an annual statement containing such information as the commissioner by rule may prescribe.
14. A provider may not use any person to perform the functions of a broker, as provided under this chapter, unless the person holds a current, valid license as a broker, and as provided in this section.
15. A broker may not use any person to perform the functions of a provider as defined in this chapter unless such person holds a current, valid license as a provider and as provided in this section.
16. A provider or broker shall provide to the commissioner new or revised information about officers, ten percent or more stockholders, partners, directors, members, or designated employees within thirty days of the change.
17. An individual licensed as a broker shall complete on a biennial basis fifteen hours of training related to life settlements and life settlement transactions as required by the commissioner; provided, however, that a life insurance producer who is operating as a broker pursuant to this section is not subject to the requirements of this subsection. Any person failing to meet the requirements of this subsection shall be subject to the penalties imposed by the commissioner.

**26.1-33.4-03. License suspension, revocation, or refusal to renew.**

1. The commissioner may suspend, revoke, or refuse to renew the license of any licensee if the commissioner finds that:
  - a. There was any material misrepresentation in the application for the license;
  - b. The licensee or any officer, partner, member, or director has been guilty of fraudulent or dishonest practices, is subject to a final administrative action, or is otherwise shown to be untrustworthy or incompetent to act as a licensee;
  - c. The provider demonstrates a pattern of unreasonably withholding payments to policyowners;
  - d. The licensee no longer meets the requirements for initial licensure;
  - e. The licensee or any officer, partner, member, or director has been convicted of a felony or of any misdemeanor of which criminal fraud is an element; or the licensee has pleaded guilty or nolo contendere with respect to any felony or any misdemeanor of which criminal fraud or moral turpitude is an element, regardless whether a judgment of conviction has been entered by the court;
  - f. The provider has entered any life settlement contract that has not been approved pursuant to this chapter;
  - g. The provider has failed to honor contractual obligations set out in a life settlement contract;

- h. The provider has assigned, transferred, or pledged a settled policy to a person other than a provider licensed in this state, a purchaser, an accredited investor or qualified institutional buyer as defined respectively in regulation D, rule 501 or rule 144A of the federal Securities Act of 1933, as amended [15 U.S.C. 77a et seq.], financing entity, special purpose entity, or related provider trust; or
  - i. The licensee or any officer, partner, member, or key management personnel has violated any of the provisions of this chapter.
- 2. The commissioner may suspend, revoke, or refuse to renew the license of a broker if the commissioner finds that the broker has violated this chapter or has otherwise engaged in bad-faith conduct with one or more owners.
- 3. Before the commissioner denies a license application or suspends, revokes, or refuses to renew the license of any licensee under this chapter, the commissioner shall conduct a hearing.

#### **26.1-33.4-04. Contract requirements.**

- 1. A person may not use any form of life settlement contract in this state unless the contract has been filed with and approved, if required, by the commissioner in a manner that conforms with the filing procedures and any time restrictions or deeming provisions, if any, for life insurance forms, policies, and contracts.
- 2. An insurer may not require, as a condition of responding to a request for verification of coverage or in connection with the transfer of a policy pursuant to a life settlement contract, that the owner, insured, provider, or broker sign any form, disclosure, consent, waiver, or acknowledgment that has not been expressly approved by the commissioner for use in connection with life settlement contracts in this state.
- 3. A person may not use a life settlement contract form or provide to an owner a disclosure statement form in this state unless first filed with and approved by the commissioner. The commissioner shall disapprove a life settlement contract form or disclosure statement form if, in the commissioner's opinion, the contract or provisions contained therein fail to meet the requirements of sections 26.1-33.4-07, 26.1-33.4-08, and 26.1-33.4-10 and subsection 2 of section 26.1-33.4-14 or are unreasonable, contrary to the interests of the public, or otherwise misleading or unfair to the owner. The commissioner may require the submission of advertising material.

#### **26.1-33.4-05. Reporting requirements and privacy.**

- 1. For any policy settled within five years of policy issuance, each provider shall file with the commissioner before March first of each year an annual statement containing such information as the commissioner may prescribe by regulation. In addition to any other requirements, the annual statement must specify the total number, aggregate face amount, and life settlement proceeds of policies settled during the immediately preceding calendar year, together with a breakdown of the information by policy issue year. The annual statement also must

include the names of the insurance companies whose policies have been settled and the brokers that have settled said policies.

- a. Such information must be limited to only those transactions where the insured is a resident of this state and may not include individual transaction data regarding the business of life settlements or information that there is a reasonable basis to believe could be used to identify the owner or the insured.
  - b. Every provider that willfully fails to file an annual statement as required in this section, or willfully fails to reply within thirty days to a written inquiry by the commissioner in connection therewith, shall, in addition to other penalties provided by this chapter, be subject, upon due notice and opportunity to be heard, to a penalty of up to two hundred fifty dollars per day of delay, not to exceed twenty-five thousand dollars in the aggregate, for each such failure.
2. Except as otherwise allowed or required by law, a provider, broker, insurance company, insurance producer, information bureau, rating agency or company, or any other person with actual knowledge of an insured's identity, may not disclose the identity of an insured or information that there is a reasonable basis to believe could be used to identify the insured or the insured's financial or medical information to any other person unless the disclosure:
- a. Is necessary to effect a life settlement contract between the owner and a provider and the owner and insured have provided prior written consent to the disclosure;
  - b. Is necessary to effectuate the sale of life settlement contracts, or interests therein, as investments, provided the sale is conducted in accordance with applicable state and federal securities law, and provided further that the owner and the insured have both provided prior written consent to the disclosure;

  - e. Is necessary to allow the provider or broker or its authorized representative to make contacts for the purpose of determining health status. For the purposes of this section, the term "authorized representative" does not include any person that has or may have any financial interest in the settlement contract other than a provider, licensed broker, financing entity, related provider trust, or special purpose entity; further, a provider or broker shall require its authorized representative to agree in writing to adhere to the privacy provisions of this chapter; or

#### **26.1-33.4-06. Examination.**

1. The commissioner, when the commissioner deems it reasonably necessary to protect the interests of the public, may examine the business and affairs of any licensee or applicant for a license. The commissioner may order any licensee or applicant to produce any records, books, files, or other information reasonably necessary to ascertain whether such licensee or applicant is acting or has acted in violation of the law or otherwise contrary to the interests of the public. The expenses incurred in conducting any examination must be paid by the licensee or applicant.
2. In lieu of an examination under this chapter of any foreign or alien licensee licensed in this state, the commissioner may, at the commissioner's discretion, accept an examination report on the licensee as prepared by the commissioner for the licensee's state of domicile or port-of-entry state.
3. Names of and individual identification data for all owners and insureds must be considered private and confidential information and may not be disclosed by the commissioner unless required by law.
4. Records of all consummated transactions and life settlement contracts must be maintained by the provider for three years after the death of the insured and must be available to the commissioner for inspection during reasonable business hours.
5.
  - a. Upon determining that an examination should be conducted, the commissioner shall issue an examination warrant appointing one or more examiners to perform the examination and instructing the examiners as to the scope of the examination. In conducting the examination, the examiner shall use methods common to the examination of any life settlement licensee and should use those guidelines and procedures set forth in an examiners' handbook adopted by a national organization.
  - b. Every licensee or person from whom information is sought, its officers, directors, and agents shall provide to the examiners timely, convenient, and free access at all reasonable hours at its offices to all books, records, accounts, papers, documents, assets, and computer or other recordings relating to the property, assets, business, and affairs of the licensee being examined. The officers, directors, employees, and agents of the licensee or person shall facilitate the examination and aid in the examination so far as it is in their power to do so. The refusal of a licensee, by its officers, directors, employees, or agents, to submit to examination or to comply with any reasonable written request of the commissioner is grounds for suspension or refusal of, or nonrenewal of any license or authority held by the licensee to engage in the life settlement business or other business subject to the commissioner's

jurisdiction. Any proceedings for suspension, revocation, or refusal of any license or authority must be conducted pursuant to section 26.1-01-03.1.

- c. The commissioner may issue subpoenas, administer oaths, and examine under oath any person as to any matter pertinent to the examination. Upon the failure or refusal of a person to obey a subpoena, the commissioner may petition a court of competent jurisdiction, and upon proper showing, the court may enter an order compelling the witness to appear and testify or produce documentary evidence.
- d. When making an examination under this chapter, the commissioner may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners, the reasonable cost of which must be borne by the licensee that is the subject of the examination.
- e. This chapter does not limit the commissioner's authority to terminate or suspend an examination in order to pursue other legal or regulatory action pursuant to the insurance laws of this state. Findings of fact and conclusions made pursuant to any examination are prima facie evidence in any legal or regulatory action.
- f. This chapter does not limit the commissioner's authority to use and, if appropriate, to make public any final or preliminary examination report, any examiner or licensee workpapers, or other documents, or any other information discovered or developed during the course of any examination in the furtherance of any legal or regulatory action which the commissioner determines appropriate.
- 6. a. Examination reports must be composed of only facts appearing upon the books, from the testimony of its officers or agents, or other persons examined concerning its affairs, and such conclusions and recommendations as the examiners find reasonably warranted from the facts.

b. No later than sixty days following completion of the examination, the examiner in charge shall file with the commissioner a verified written report of examination under oath. Upon receipt of the verified report, the commissioner shall transmit the report to the licensee examined, together with a notice that shall afford the licensee examined a reasonable opportunity of not more than thirty days to make a written submission or rebuttal with respect to any matters contained in the examination report and which shall become part of the report or to request a hearing on any matter in dispute.

c. If the commissioner determines that regulatory action is appropriate as a result of an examination, the commissioner may initiate any proceedings or actions provided by law.
- 7. a. Names and individual identification data for all owners, purchasers, and insureds must be considered private and confidential

information and may not be disclosed by the commissioner, unless the disclosure is to another regulator, is required under law, or is allowed under section 26.1-03-19.4.

- b. Except as otherwise provided in this chapter, all examination reports, working papers, recorded information, documents, and copies thereof produced by, obtained by, or disclosed to the commissioner or any other person in the course of an examination made under this chapter, or in the course of analysis or investigation by the commissioner of the financial condition or market conduct of a licensee must be confidential by law and privileged, is not subject to the state's open records laws, is not subject to subpoena, and is not subject to discovery or admissible in evidence in any private civil action. The commissioner may use the documents, materials, or other information in the furtherance of any regulatory or legal action brought as part of the commissioner's official duties. The licensee being examined may have access to all documents used to make the report.
- 8. a. An examiner may not be appointed by the commissioner if the examiner, either directly or indirectly, has a conflict of interest or is affiliated with the management of or owns a pecuniary interest in any person subject to examination under this chapter. This section may not be construed to automatically preclude an examiner from being:

  - (1) An owner;
  - (2) An insured in a life settlement contract or insurance policy; or
  - (3) A beneficiary in an insurance policy that is proposed for a life settlement contract.
- b. Notwithstanding the requirements of this subsection, the commissioner may retain from time to time, on an individual basis, qualified actuaries, certified public accountants, or other similar individuals who are independently practicing their professions, even though these persons may from time to time be similarly employed or retained by persons subject to examination under this chapter.
- 9. a. No cause of action arises nor may any liability be imposed against the commissioner, the commissioner's authorized representatives, or any examiner appointed by the commissioner for any statements made or conduct performed in good faith while carrying out this chapter.
- b. No cause of action arises, nor may any liability be imposed against any person for the act of communicating or delivering information or data to the commissioner or the commissioner's authorized representative or examiner pursuant to an examination made under this chapter, if the act of communication or delivery was performed in good faith and without fraudulent intent or the intent to deceive. This subdivision does not abrogate or modify in any way

- d. The fact that receipt of proceeds from a life settlement contract may adversely affect the recipient's eligibility for public assistance or other government benefits or entitlements and that advice should be obtained from the appropriate agencies.
- e. The fact the owner has the right to rescind a life settlement contract before the earlier of sixty calendar days after the date upon which the life settlement contract is executed by all parties or thirty calendar days after the life settlement proceeds have been delivered to the escrow agent by or on behalf of the provider as provided in subsection 11 of section 26.1-33.4-10. Rescission, if exercised by the owner, is effective only if both notice of the rescission is given and the owner repays all proceeds and any premiums, loans, and loan interest paid on account of the provider within the rescission period. If the insured dies during the rescission period, the contract is deemed to have been rescinded subject to repayment by the owner or the owner's estate of all proceeds and any premiums, loans, and loan interest to the provider.
- f. The fact that proceeds will be sent to the owner within three business days after the provider has received the insurer or group administrator's acknowledgement that ownership of the policy or interest in the certificate has been transferred and the beneficiary has been designated in accordance with the terms of the life settlement contract.
- g. The fact that entering into a life settlement contract may cause other rights or benefits, including conversion rights and waiver of premium benefits, that may exist under the policy or certificate of a group policy to be forfeited by the owner and that assistance should be sought from a professional financial adviser.
- h. The amount and method of calculating the compensation paid or to be paid to the broker, or any other person acting for the owner in connection with the transaction, wherein the term compensation includes anything of value paid or given.
- i. The date by which the funds will be available to the owner and the transmitter of the funds.
- j. The fact that the commissioner shall require delivery of a buyer's guide or a similar consumer advisory package in the form prescribed by the commissioner to owners during the solicitation process.
- k. The disclosure document must contain the following language:

All medical, financial, or personal information solicited or obtained by a provider or broker about an insured, including the insured's identity or the identity of family members, a spouse, or a significant other may be disclosed as necessary to effect the life settlement contract between the owner and provider. If you are asked to provide this information, you will be asked to consent to the disclosure. The information may be provided to someone who buys the policy or

provides funds for the purchase. You may be asked to renew your permission to share information every two years.

- l. The fact that the commissioner shall require providers and brokers to print separate signed fraud warnings on their applications and on their life settlement contracts the following statement:

Any person that knowingly presents false information in an application for insurance or life settlement contract is guilty of a crime and may be subject to fines and confinement in prison.

- m. The fact that the insured may be contacted by either the provider or broker or its authorized representative for the purpose of determining the insured's health status or to verify the insured's address. This contact is limited to once every three months if the insured has a life expectancy of more than one year, and no more than once per month if the insured has a life expectancy of one year or less. This contact may be made only by a provider or broker licensed in the state in which the owner resided at the time of the settlement or by the authorized representative of such a provider or broker.
- n. The affiliation, if any, between the provider and the issuer of the insurance policy to be settled.
- o. That a broker represents exclusively the owner, and not the insurer or the provider or any other person, and owes a fiduciary duty to the owner, including a duty to act according to the owner's instructions and in the best interest of the owner.
- p. The document must include the name, address, and telephone number of the provider.
- q. The name, business address, and telephone number of the independent third-party escrow agent, and the fact that the owner may inspect or receive copies of the relevant escrow or trust agreements or documents.
- r. The fact that a change of ownership could in the future limit the insured's ability to purchase future insurance on the insured's life because there is a limit to how much coverage insurers will issue on one life.
- s. If an insurance policy to be settled has been issued as a joint policy or involves family riders or any coverage of a life other than the insured under the policy to be settled, that the owner must be informed of the possible loss of coverage on the other lives under the policy and must be advised to consult with the owner's insurance producer or the insurer issuing the policy for advice on the proposed settlement.
- t. The dollar amount of the current death benefit payable to the provider under the policy or certificate. If known, the provider also shall disclose the availability of any additional guaranteed insurance benefits, the dollar amount of any accidental death and

dismemberment benefits under the policy or certificate, and the extent to which the owner's interest in those benefits will be transferred as a result of the viatical settlement contract.

- u. Any affiliations or contractual arrangements between the provider and the purchaser.
2. The written disclosures must be conspicuously displayed in any life settlement contract furnished to the owner by a provider, including any affiliations or contractual arrangements between the provider and the broker.
  3. A broker shall provide the owner and the provider with at least the following disclosures no later than the date the life settlement contract is signed by all parties. The disclosures must be conspicuously displayed in the life settlement contract or in a separate document signed by the owner and provide the following information:
    - a. The name, business address, and telephone number of the broker.
    - b. A full, complete, and accurate description of all the offers, counteroffers, acceptances, and rejections relating to the proposed life settlement contract.
    - c. A written disclosure of any affiliations or contractual arrangements between the broker and any person making an offer in connection with the proposed life settlement contracts.
    - d. The name of each broker who receives compensation and the amount of compensation received by that broker, which compensation includes anything of value paid or given to the broker in connection with the life settlement contract.
    - e. A complete reconciliation of the gross offer or bid by the provider to the net amount of proceeds or value to be received by the owner. For the purpose of this section, gross offer or bid means the total amount or value offered by the provider for the purchase of one or more life insurance policies, inclusive of commissions and fees.
    - f. The failure to provide the disclosures or rights described in this section is deemed an unfair trade practice pursuant to section 26.1-33.4-16.

**26.1-33.4-09. Disclosure to insurer.** Without limiting the ability of an insurer from assessing the insurability of a policy applicant and determining whether to issue the policy, and in addition to other questions an insurance carrier may lawfully pose to a life insurance applicant, insurance carriers may inquire in the application for insurance whether the proposed owner intends to pay premiums with the assistance of financing from a lender that will use the policy as collateral to support the financing.

1. If, as described in subsection 11 of section 26.1-33.4-01, the loan provides funds that can be used for a purpose other than paying for the premiums, costs, and expenses associated with obtaining and maintaining the life insurance policy and loan, the application must be

rejected as a violation of the prohibited practices in section 26.1-33.4-12.

2. If the financing does not violate section 26.1-33.4-12 in this manner, the insurance carrier:

a. May make disclosures, such as the following, to the applicant and the insured, either on the application or an amendment to the application to be completed no later than the delivery of the policy: "If you have entered a loan arrangement where the policy is used as collateral, and the policy does change ownership at some point in the future in satisfaction of the loan, the following may be true:

(1) A change of ownership could lead to a stranger owning an interest in the insured's life;

(2) A change of ownership could in the future limit your ability to purchase future insurance on the insured's life because there is a limit to how much coverage insurers will issue on one life;

(3) Should there be a change of ownership and you wish to obtain more insurance coverage on the insured's life in the future, the insured's higher issue age, a change in health status, and other factors may reduce the ability to obtain coverage and may result in significantly higher premiums; and

(4) You should consult a professional adviser, since a change in ownership in satisfaction of the loan may result in tax consequences to the owner, depending on the structure of the loan;" and

b. May require certifications, such as the following, from the applicant or the insured or both:

I have entered into any agreement or arrangement providing for the future sale of this life insurance policy;

My loan arrangement for this policy provides funds sufficient to pay for some or all of the premiums, costs, and expenses associated with obtaining and maintaining my life insurance policy, but I have not entered into any agreement by which I am to receive consideration in exchange for procuring this policy; and

The borrower has an insurable interest in the insured.

**26.1-33.4-10. General rules.**

1. A provider entering a life settlement contract with any owner of a policy, wherein the insured is terminally or chronically ill, first shall obtain:

a. If the owner is the insured, a written statement from a licensed attending physician that the owner is of sound mind and under no

- constraint or undue influence to enter into a settlement contract; and
- b. A document in which the insured consents to the release of the insured's medical records to a provider, settlement broker, or insurance producer and, if the policy was issued less than two years from the date of application for a settlement contract, to the insurance company that issued the policy.
2. The insurer shall respond to a request for verification of coverage submitted by a provider, settlement broker, or life insurance producer not later than thirty calendar days from the date the request is received. The request for verification of coverage must be made on a form approved by the commissioner. The insurer shall complete and issue the verification of coverage or indicate in which respects it is unable to respond. In its response, the insurer shall indicate whether, based on the medical evidence and documents provided, the insurer intends to pursue an investigation at this time regarding the validity of the insurance contract.
3. Before or at the time of execution of the settlement contract, the provider shall obtain a witnessed document in which the owner consents to the settlement contract, represents that the owner has a full and complete understanding of the settlement contract, that the owner has a full and complete understanding of the benefits of the policy, acknowledges that the owner is entering into the settlement contract freely and voluntarily, and, for persons with a terminal or chronic illness or condition, acknowledges that the insured has a terminal or chronic illness and that the terminal or chronic illness or condition was diagnosed after the policy was issued.
4. The insurer may not unreasonably delay effecting change of ownership or beneficiary with any life settlement contract lawfully entered in this state or with a resident of this state.
5. If a settlement broker or life insurance producer performs any of these activities required of the provider, the provider is deemed to have fulfilled the requirements of this section.
6. If a broker performs the verification of coverage activities required of the provider, the provider is deemed to have fulfilled the requirements of subsection 1 of section 26.1-33.4-08.
7. Within twenty days after an owner executes the life settlement contract, the provider shall give written notice to the insurer that issued that insurance policy that the policy has become subject to a life settlement contract. The notice must be accompanied by the documents required by subdivision b of subsection 1 of section 26.1-33.4-09.
8. All medical information solicited or obtained by any licensee must be subject to the applicable provision of state law relating to confidentiality of medical information if not otherwise provided in this chapter.
9. All life settlement contracts entered in this state must provide the owner with a right to rescind the contract before the earlier of sixty calendar days after the date upon which the life settlement contract is executed

by all parties or thirty calendar days after the life settlement proceeds have been sent to the escrow agent by or on behalf of the provider as provided in subsection 11. Rescission by the owner may be conditioned upon the owner giving notice and repaying to the provider within the rescission period all proceeds of the settlement and any premiums, loans, and loan interest paid by or on behalf of the provider in connection with or as a consequence of the life settlement. If the insured dies during the rescission period, the life settlement contract is deemed to have been rescinded, subject to repayment to the provider or purchaser of all life settlement proceeds and any premiums, loans, and loan interest that have been paid by the provider or purchaser, within sixty calendar days of the death of the insured. In the event of any rescission, if the provider has paid commissions or other compensation to a broker in connection with the rescinded transaction, the broker shall refund all the commissions and compensation to the provider within five business days following receipt of written demand from the provider, which demand must be accompanied by either the owner's notice of rescission if rescinded at the election of the owner or notice of the death of the insured if rescinded by reason of the death of the insured within the applicable rescission period.

10. Within three business days after receipt from the owner of documents to effect the transfer of the insurance policy, the provider shall pay the proceeds of the settlement to an escrow or trust account managed by a trustee or escrow agent in a state or federally chartered financial institution pending acknowledgment of the transfer by the issuer of the policy. The trustee or escrow agent must be required to transfer the proceeds due to the owner within three business days of the later to occur of the expiration of any then remaining rescission period or the escrow agent's receipt of the acknowledgment of the properly completed transfer of ownership, assignment, or designation of beneficiary from the insurance company.
11. Failure to tender the life settlement contract proceeds to the owner by the date disclosed to the owner renders the contract voidable by the owner for lack of consideration until the time the proceeds are tendered to and accepted by the owner. A failure to give written notice of the right of rescission tolls the right of rescission until sixty days after the written notice of the right of rescission has been given.
12. Any fee paid by a provider, party, individual, or an owner to a broker in exchange for services provided to the owner pertaining to a life settlement contract must be computed as a percentage of the offer obtained, not the face value of the policy. This section does not prohibit a broker from reducing such broker's fee below this percentage if the broker so chooses.
13. The broker shall disclose to the owner anything of value paid or given to a broker which relates to a life settlement contract.
14. It is a violation of this chapter for any person to enter a life settlement contract at any time before or at the time of the application for or issuance of a policy that is the subject of a life settlement contract or within a five-year period commencing with the date of issuance of the insurance policy or certificate unless the owner certifies to the provider

or the provider otherwise conclusively shows that one or more of the following conditions have been met within the five-year period:

- a. The policy was issued upon the owner's exercise of conversion rights arising out of a group or individual policy, provided the total of the time covered under the conversion policy plus the time covered under the prior policy is at least sixty months. The time covered under a group policy must be calculated without regard to any change in insurance carriers, provided the coverage has been continuous and under the same group sponsorship;
  - b. The owner submitted independent evidence to the provider that one or more of the following conditions have been met within the five-year period:
    - (1) The owner or insured is terminally or chronically ill;
    - (2) The owner's spouse died or no remaining beneficiaries are then surviving;
    - (3) The owner retired from full-time employment; or
    - (4) The owner became physically or mentally disabled and a physician determined that the disability prevents the owner from maintaining full-time employment;
  - c. A final order, judgment, or decree has been entered by a court of competent jurisdiction, on the application of a creditor of the owner, adjudicating the owner in default, bankrupt, or insolvent, or approving a petition seeking reorganization of the owner or appointing a receiver, trustee, or liquidator to all or a substantial part of the owner's assets; or
  - d. The owner entered a life settlement contract more than two years after the date of issuance of a policy and, with respect to the policy, at all times before the date that is two years after policy issuance, the following conditions are met:
    - (1) Policy premiums have been funded exclusively with unencumbered assets, including an interest in the life insurance policy being financed only to the extent of the policy's net cash surrender value, provided by, or fully recourse liability incurred by, the insured or a person described in paragraph 5 of subdivision b of subsection 11 of section 26.1-33.4-01;
    - (2) There is no agreement or understanding with any other person to guarantee any such liability or to purchase, or stand ready to purchase, the policy, including through an assumption or forgiveness of the loan; and
    - (3) Neither the insured nor the policy has been evaluated for settlement in connection with the issuance of the policy.
15. Copies of the independent evidence described in subdivision b of subsection 14 and documents required by subsection 1, 2, 3, or 7 must

be submitted to the insurer when the provider submits a request to the insurer for verification of coverage. The copies must be accompanied by a letter of attestation from the provider that the copies are true and correct copies of the documents received by the provider.

16. If the provider submits to the insurer a copy of the owner's or insured's certification described in and the independent evidence required by subdivision b of subsection 14 when the provider submits a request to the insurer to effect the transfer of the policy or certificate to the provider, the copy is deemed to establish conclusively that the life settlement contract satisfies the requirements of this section and the insurer timely shall respond to the request.

**26.1-33.4-11. Authority to adopt regulations - Conflict of laws.**

1. The commissioner may adopt rules implementing this chapter and regulating the activities and relationships of providers, brokers, and insurers and their agents.
2. The commissioner may establish standards for evaluating reasonableness of a payment under a life settlement contract for an individual who is terminally or chronically ill. This authority includes regulation of discount rates used to determine the amount paid in exchange for assignment, transfer, sale, devise, or bequest of a benefit under a life insurance policy insuring the life of an individual who is chronically or terminally ill.
3. The commissioner may establish appropriate licensing requirements, fees, and standards for continued licensure for providers and brokers.
4.
  - a. If there is more than one owner on a single policy and the owners are residents of different states, the life settlement contract must be governed by the law of the state in which the owner having the largest percentage ownership resides, or if the owners hold equal ownership, the state of residence of one owner agreed upon in writing by all of the owners. The law of the state of the insured governs if equal owners fail to agree in writing upon a state of residence for jurisdictional purposes.
  - b. A provider from this state who enters a life settlement contract with an owner who is a resident of another state that has enacted statutes or adopted regulations governing life settlement contracts is governed in the effectuation of that life settlement contract by the statutes and regulations of the owner's state of residence. If the state in which the owner is a resident has not enacted statutes or regulations governing life settlement contracts, the provider shall give the owner notice that neither state regulates the transaction upon which the owner is entering. For transactions in those states, however, the provider is to maintain all records required if the transactions were executed in the state of residence. The forms used in those states need not be approved by the commissioner.
  - c. If there is a conflict in the laws that apply to an owner and a purchaser in any individual transaction, the laws of the state that apply to the owner shall take precedence and the provider shall comply with those laws.

**26.1-33.4-12. Prohibited practices.**

1. It is unlawful for any person to:
  - a. Enter a life settlement contract if such person knows or reasonably should have known that the life insurance policy was obtained by means of a false, deceptive, or misleading application for such policy;
  - b. Engage in any transaction, practice, or course of business if such person knows or reasonably should have known that the intent was to avoid the notice requirements of this chapter;
  - c. Engage in any fraudulent act or practice in connection with any transaction relating to any settlement involving an owner who is a resident of this state;
  - d. Issue, solicit, market, or otherwise promote the purchase of an insurance policy for the purpose of or with an emphasis on settling the policy;
  - e. Enter a premium finance agreement with any person or agency, or any person affiliated with such person or agency, pursuant to which such person shall receive any proceeds, fees, or other consideration, directly or indirectly, from the policy or owner of the policy or any other person with respect to the premium finance agreement or any settlement contract or other transaction related to such policy that are in addition to the amounts required to pay the principal, interest, and service charges related to policy premiums pursuant to the premium finance agreement or subsequent sale of such agreement; provided, further, that any payments, charges, fees, or other amounts in addition to the amounts required to pay the principal, interest, and service charges related to policy premiums paid under the premium finance agreement must be remitted to the original owner of the policy or to the original owner's estate if the original owner is not living at the time of the determination of the overpayment;
  - f. With respect to any settlement contract or insurance policy and a broker, knowingly solicit an offer from, effectuate a life settlement contract with, or make a sale to any provider, financing entity, or related provider trust that is controlling, controlled by, or under common control with such broker;
  - g. With respect to any life settlement contract or insurance policy and a provider, knowingly enter into a life settlement contract with an owner, if, in connection with such life settlement contract, anything of value will be paid to a broker that is controlling, controlled by, or under common control with such provider or the financing entity or related provider trust that is involved in such settlement contract;
  - h. With respect to a provider, enter into a life settlement contract unless the life settlement promotional, advertising, and marketing materials, as may be prescribed by regulation, have been filed with the commissioner. In no event may any marketing materials expressly reference that the insurance is "free" for any period of

time. The inclusion of any reference in the marketing materials that would cause an owner to reasonably believe that the insurance is free for any period of time must be considered a violation of this chapter; or

- i. With respect to any life insurance producer, insurance company, broker, or provider, make any statement or representation to the applicant or policyholder in connection with the sale or financing of a life insurance policy to the effect that the insurance is free or without cost to the policyholder for any period of time unless provided in the policy.

2. A violation of this section is deemed a fraudulent life settlement act.

### **26.1-33.4-13. Fraud prevention and control.**

1. a. A person may not commit a fraudulent life settlement act.
  - b. A person may not knowingly and intentionally interfere with the enforcement of the provisions of this chapter or investigations of suspected or actual violations of this chapter.
  - c. A person in the business of life settlements may not knowingly or intentionally permit any person convicted of a felony involving dishonesty or breach of trust to participate in the business of life settlements.

2. a. Life settlement contracts and applications for life settlement contracts, regardless of the form of transmission, must contain the following statement or a substantially similar statement:

Any person that knowingly presents false information in an application for insurance or life settlement contract is guilty of a crime and may be subject to fines and confinement in prison.

- b. The lack of a statement as required in subdivision a does not constitute a defense in any prosecution for a fraudulent life settlement act.
3. a. Any person engaged in the business of life settlements having knowledge or a reasonable belief that a fraudulent life settlement act is being, will be, or has been committed shall provide to the commissioner the information required by and in a manner prescribed by the commissioner.
    - b. Any other person having knowledge or a reasonable belief that a fraudulent life settlement act is being, will be, or has been committed may provide to the commissioner the information required by and in a manner prescribed by the commissioner.
4. a. Civil liability may not be imposed on and no cause of action may arise from a person's furnishing information concerning suspected, anticipated, or completed fraudulent life settlement acts or suspected or completed fraudulent insurance acts if the information is provided to or received from:

- (d) A description or chart outlining the organizational arrangement of the antifraud personnel who are responsible for the investigation and reporting of possible fraudulent life settlement acts and investigating unresolved material inconsistencies between medical records and insurance applications.
- b. Antifraud plans submitted to the commissioner are privileged and confidential and are not a public record and may not be subject to discovery or subpoena in a civil or criminal action.

#### **26.1-33.4-14. Injunctions - Civil remedies - Cease and desist.**

1. In addition to the penalties and other enforcement provisions of this chapter, if any person violates this chapter or any rule implementing this chapter, the commissioner may seek an injunction in a court of competent jurisdiction in the county where the person resides or has a principal place of business and may apply for temporary and permanent orders that the commissioner determines necessary to restrain the person from further committing the violation.
2. Any person damaged by the acts of another person in violation of this chapter or any rule or regulation implementing this chapter may bring a civil action for damages against the person committing the violation in a court of competent jurisdiction.
3. The commissioner may issue a cease and desist order upon a person that violates any provision of this part, any rule or order adopted by the commissioner, or any written agreement entered into with the commissioner in accordance with chapter 28-32.
4. When the commissioner finds that such an action presents an immediate danger to the public and requires an immediate final order, the commissioner may issue an emergency cease and desist order reciting with particularity the facts underlying such findings. The emergency cease and desist order is effective immediately upon service of a copy of the order on the respondent and remains effective for ninety days. If the commissioner begins nonemergency cease and desist proceedings under subsection 1, the emergency cease and desist order remains effective, absent an order by an appellate court of competent jurisdiction pursuant to chapter 28-32. In the event of a willful violation of this chapter, the trial court may award statutory damages in addition to actual damages in an additional amount up to three times the actual damage award. The provisions of this chapter may not be waived by agreement. (Representatives Keiser, Klemin, Weisz)  
(Senator J. Lee)

AN ACT to create and enact subsection 15 to section 26.1-36-05, a new section to chapter 26.1-36, and a new section to chapter 54-52.1 of the North Dakota Century Code, relating to health insurance coverage for medical services related to intoxication; to amend and reenact subsection 2 of section 26.1-36-04 of the North Dakota Century Code, relating to individual health insurance coverage of injuries caused by intoxication or the use of narcotics or incurred in the commission of a crime; and to provide a statement of legislative intent.

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1. AMENDMENT.** Subsection 2 of section 26.1-36-04 of the North Dakota Century Code is amended and reenacted as follows:

2. Except as provided in subsection 3, ~~no~~ an accident and health insurance policy delivered or issued for delivery to any person in this state may not contain provisions respecting the matters described in this subsection unless the provisions in the policy are not less favorable in any respect to the insured or the beneficiary.
  - a. A provision that if the insured is injured or contracts sickness after having changed occupation to one classified by the insurer as more hazardous than that stated in the policy or while doing for compensation anything pertaining to an occupation so classified, the insurer will pay only such portion of the indemnities provided in the policy as the premium paid would have purchased at the rates and within the limits fixed by the insurer for the more hazardous occupation. If the insured changes occupation to one classified by the insurer as less hazardous than that stated in the policy, the insurer, upon receipt of proof of the change of occupation, will reduce the premium rate accordingly, and will return the excess pro rata unearned premium from the date of change of occupation or from the policy anniversary date immediately preceding receipt of proof, whichever is the more recent. The provision must provide that the classification of occupational risk and the premium rates will be such as have been last filed by the insurer ~~prior to~~ before the occurrence of the loss for which the insurer is liable or ~~prior to~~ before date of proof of change in occupation with the state official having supervision of insurance in the state where the insured resided at the time the policy was issued; but if the filing was not required, then the classification of occupational risk and the premium rates will be those last made effective by the insurer in such state ~~prior to~~ before the occurrence of the loss or ~~prior to~~ before the date of proof of change in occupation.

- b. A provision that if the age of the insured has been misstated, all amounts payable under the policy will be such as the premium paid would have purchased at the correct age.
- c. A provision that if an accident or health or accident and health policy or policies previously issued by the insurer to the insured are in force concurrently therewith, making the aggregate indemnity for the type of coverage or coverages, in excess of the maximum limit of indemnity or indemnities, the excess insurance is void and all premiums paid for the excess will be returned to the insured or to the insured's estate. In lieu of this type of provision, the policy may provide that insurance effective at any one time on the insured under the policy and a like policy or policies in the insurer is limited to the one such policy elected by the insured, the insured's beneficiary, or the insured's estate, as the case may be, and the insurer will return all premiums paid for all other such policies.
- d. A provision that upon the payment of a claim under the policy, any premium then due and unpaid or covered by any note or written order may be deducted ~~therefrom~~ from the payment.
- e. Subject to chapter 26.1-36.4, a provision that the insurer may cancel the policy at any time by written notice delivered to the insured, or mailed to the insured's last address as shown by the records of the insurer, stating when, not less than five days thereafter, the cancellation is effective; and after the policy has been continued beyond its original term the insured may cancel the policy at any time by written notice delivered or mailed to the insurer, effective upon receipt or on such later date as may be specified in the notice. The provision must provide that in the event of cancellation, the insurer will return promptly the unearned portion of any premium paid, and, if the insured cancels, the earned premium will be computed by the use of the short-rate table last filed in the state where the insured resided when the policy was issued. The provision must provide that if the insurer cancels, the earned premium shall be computed pro rata. The provision must provide that cancellation is without prejudice to any claim originating prior to the effective date of cancellation.
- f. A provision that any provision of the policy which, on its effective date, is in conflict with the statutes of the state in which the insured resides on such date is amended to conform to the minimum requirements of such statutes.
- g. A provision that the insurer is not liable for any loss to which a contributing cause was the insured's commission of or attempt to commit a felony or to which a contributing cause was the insured's being engaged in an illegal occupation.
- h. ~~A provision that the insurer is not liable for any loss sustained or contracted in consequence of the insured's being intoxicated or under the influence of any narcotic unless administered on the advice of a physician.~~
- i. A provision that after the loss-of-time benefit of the policy has been payable for ninety days, such benefit will be adjusted, as provided

below under this subdivision, if the total amount of unadjusted loss-of-time benefits provided in all valid loss-of-time coverage upon the insured should exceed a percentage of the insured's earned income as provided in the policy; provided, however, that if the information contained in the application discloses that the total amount of loss-of-time benefits under the policy and under all other valid loss-of-time coverage expected to be effective upon the insured in accordance with the application for this policy exceeded an alternative percentage of the insured's earned income as provided in the policy, at the time of the application, such higher percentage will be used in place of the original percentage provided.

- (1) The provision must provide that the adjusted loss-of-time benefit under the policy for any month will be only such proportion of the loss-of-time benefit otherwise payable under the policy as ~~(4)~~ (a) the product of the insured's earned income and the original percent, or, if higher, the alternative percentage, bears to ~~(2)~~ (b) the total amount of loss-of-time benefits payable for such month under the policy and all other valid loss-of-time coverage on the insured, without giving effect to the "overinsurance provision" in this or any other coverage, less in both ~~(4)~~ (a) and ~~(2)~~ (b) any amount of loss-of-time benefits payable under other valid loss-of-time coverage which does not contain an "overinsurance provision".
- (2) The provision must provide that in making the computation, all benefits and earnings will be converted to a consistent basis weekly if the loss-of-time benefit of the policy is payable weekly, or monthly if the benefit is payable monthly, or otherwise, based upon the time period. If the numerator of the foregoing ratio is zero or is negative, no benefit is payable.
- (3) The provision must provide that in no event does the provision operate to reduce the total combined amount of loss-of-time benefits for such month payable under the policy and all other valid loss-of-time coverage below the lesser of three hundred dollars and the total combined amount of loss-of-time benefits determined without giving effect to any "overinsurance provision", nor operate to increase the amount of benefits payable under the policy above the amount which would have been paid in the absence of the provision, nor take into account or operate to reduce any benefit other than the loss-of-time benefit.
- (4) The provision must provide that:
  - (a) "Earned income", except when otherwise specified, means the greater of the monthly earnings of the insured at the time disability commences and the insured's average monthly earnings for a period of two years immediately preceding the commencement of the disability, and does not include any investment

income or any other income not derived from the insured's vocational activities.

- (2) (b) "Overinsurance provision" includes this type of provision and any other provision with respect to any loss-of-time coverage which may have the effect of reducing an insurer's liability if the total amount of loss-of-time benefits under all coverage exceeds a stated relationship to the insured's earnings.
- (5) This type of provision may be included only in a policy ~~which~~ that provides a loss-of-time benefit which may be payable for at least fifty-two weeks, which is issued on the basis of selective underwriting of each individual application, and for which the application includes a question designed to elicit information necessary either to determine the ratio of the total loss-of-time benefits of the insured to the insured's earned income or to determine that such ratio does not exceed the percentage of earnings, not less than sixty percent, selected by the insurer and inserted in lieu of the blank factor above. The insurer may require, as part of the proof of claim, the information necessary to administer this provision. If the application indicates that other loss-of-time coverage is to be discontinued, the amount of such other coverage must be excluded in computing the alternative percentage in the first sentence of the overinsurance provision. The policy must include a definition of "valid loss-of-time coverage" which may include coverage provided by governmental agencies and by organizations subject to regulation by insurance law and by insurance departments of this or any other state or of any other country or subdivision thereof, coverage provided for the insured pursuant to any disability benefits statute or any workforce safety and insurance or employer's liability statute, benefits provided by labor-management trustee plans or union welfare plans or by employer or employee benefit organizations, or by salary continuance or pension programs, and any other coverage the inclusion of which may be approved.

**SECTION 2.** Subsection 15 to section 26.1-36-05 of the North Dakota Century Code is created and enacted as follows:

15. A provision that except as otherwise provided under this subsection, the insurer is not liable for any loss to which a contributing cause was the insured's commission of or attempt to commit a crime or to which a contributing cause was the insured's engagement in an illegal occupation. However, under this subsection the insurer is liable for a loss to the extent the crime committed was a misdemeanor violation of section 39-08-01.

**SECTION 3.** A new section to chapter 26.1-36 of the North Dakota Century Code is created and enacted as follows:

**Medical services related to intoxication.** An insurance company, nonprofit health service corporation, or health maintenance organization may not deliver,

issue, execute, or renew any major medical expense policy on a group, individual, blanket, franchise, or association basis unless the policy, contract, or evidence of coverage provides benefits, of the same type offered under the policy or contract for illnesses, for health services to any individual covered under the policy or contract for injury or illness resulting from any loss sustained or contracted in the consequence of the insured's being intoxicated or under the influence of any narcotic. The coverage required under this section may be subject to limitations under subdivision g of subsection 2 of section 26.1-36-04 or subsection 15 of section 26.1-36-05.

**SECTION 4.** A new section to chapter 54-52.1 of the North Dakota Century Code is created and enacted as follows:

The schedule must be subscribed and sworn to by the debtor or the debtor's agent or attorney, and any property owned by the debtor and not included in such schedule is not exempt. No claim for exemptions may be disallowed for insufficiency as to form unless three days' notice in writing has been given first of the insufficiency by the party in interest claiming such insufficiency to the person making the claim for exemptions, and specifying in apt language the defect complained of. The person claiming the exemption thereupon may amend the same to conform to the objections made within three days, if that person desires so to do, by serving upon the proper person an amended claim for exemptions.

appropriate forum, and jurisdiction in this state is consistent with the constitutions of this state and the United States; or

4. The requirements for special jurisdiction under section 28-35-09 are met.

**28-35-09. (204) Special jurisdiction.**

1. A court of this state lacking jurisdiction under section 28-35-08 has special jurisdiction to do any of the following:
  - a. Appoint a guardian in an emergency for a term not exceeding ninety days for a respondent who is physically present in this state;
  - b. Issue a protective order with respect to real or tangible personal property located in this state; or
  - c. Appoint a guardian or conservator for an incapacitated or protected person for whom a provisional order to transfer the proceeding from another state has been issued under procedures similar to section 28-35-15.
2. If a petition for the appointment of a guardian in an emergency is brought in this state and this state was not the respondent's home state on the date the petition was filed, the court shall dismiss the proceeding at the request of the court of the home state, if any, whether dismissal is requested before or after the emergency appointment.

**28-35-10. (205) Exclusive and continuing jurisdiction.** Except as otherwise provided in section 28-35-09, a court that has appointed a guardian or issued a protective order consistent with this chapter has exclusive and continuing jurisdiction over the proceeding until the appointment or order is terminated by the court or the appointment or order expires by its own terms.

**28-35-11. (206) Appropriate forum.**

1. A court of this state having jurisdiction under section 28-35-08 to appoint a guardian or issue a protective order may decline to exercise its jurisdiction if the court determines at any time that a court of another state is a more appropriate forum.
2. If a court of this state declines to exercise its jurisdiction under subsection 1, the court shall either dismiss or stay the proceeding. The court may impose any condition the court considers just and proper, including the condition that a petition for the appointment of a guardian or issuance of a protective order be filed promptly in another state.
3. In determining whether a court is an appropriate forum, the court shall consider all relevant factors, including:
  - a. Any expressed preference of the respondent;
  - b. Whether abuse, neglect, or exploitation of the respondent has occurred or is likely to occur and which state could best protect the respondent from the abuse, neglect, or exploitation;

- c. The length of time the respondent was physically present in or was a legal resident of this or another state;
- d. The distance of the respondent from the court in each state;
- e. The financial circumstances of the respondent's estate;
- f. The nature and location of the evidence;
- g. The ability of the court in each state to decide the issue expeditiously and the procedures necessary to present evidence;
- h. The familiarity of the court of each state with the facts and issues in the proceeding; and
- i. If an appointment were made, the court's ability to monitor the conduct of the guardian or conservator.

**28-35-12. (207) Jurisdiction declined by reason of conduct.**

1. If at any time a court of this state determines that the court acquired jurisdiction to appoint a guardian or issue a protective order because of unjustifiable conduct, the court may:
  - a. Decline to exercise jurisdiction;
  - b. Exercise jurisdiction for the limited purpose of fashioning an appropriate remedy to ensure the health, safety, and welfare of the respondent or the protection of the respondent's property or prevent a repetition of the unjustifiable conduct, including staying the proceeding until a petition for the appointment of a guardian or issuance of a protective order is filed in a court of another state having jurisdiction; or
  - c. Continue to exercise jurisdiction after considering:
    - (1) The extent to which the respondent and all persons required to be notified of the proceedings have acquiesced in the exercise of the court's jurisdiction;
    - (2) Whether it is a more appropriate forum than the court of any other state under the factors set forth in subsection 3 of section 28-35-11; and
    - (3) Whether the court of any other state would have jurisdiction under factual circumstances in substantial conformity with the jurisdictional standards of section 28-35-09.
2. If a court of this state determines that the court acquired jurisdiction to appoint a guardian or issue a protective order because a party seeking to invoke its jurisdiction engaged in unjustifiable conduct, the court may assess against that party necessary and reasonable expenses, including attorney's fees, investigative fees, court costs, communication expenses, witness fees and expenses, and travel expenses. The court may not assess fees, costs, or expenses of any kind against this state or

a governmental subdivision, agency, or instrumentality of this state unless authorized by law other than this chapter.

**28-35-13. (208) Notice of proceeding.** If a petition for the appointment of a guardian or issuance of a protective order is brought in this state and this state was not the respondent's home state on the date the petition was filed, in addition to complying with the notice requirements of this state, notice of the petition must be given to those persons who would be entitled to notice of the petition if a proceeding were brought in the respondent's home state. The notice must be given in the same manner as notice is required to be given in this state.

**28-35-14. (209) Proceedings in more than one state.** Except for a petition for the appointment of a guardian in an emergency or issuance of a protective order limited to property located in this state under subdivision a or b of subsection 1 of section 28-35-09, if a petition for the appointment of a guardian or issuance of a protective order is filed in this state and in another state and neither petition has been dismissed or withdrawn, the following rules apply:

1. If the court in this state has jurisdiction under section 28-35-08, the court may proceed with the case unless a court in another state acquires jurisdiction under provisions similar to section 28-35-09 before the appointment or issuance of the order.
2. If the court in this state does not have jurisdiction under section 28-35-08, whether at the time the petition is filed or at any time before the appointment or issuance of the order, the court shall stay the proceeding and communicate with the court in the other state. If the court in the other state has jurisdiction, the court in this state shall dismiss the petition unless the court in the other state determines that the court in this state is a more appropriate forum.

**28-35-15. (301) Transfer of guardianship or conservatorship to another state.**

1. A guardian or conservator appointed in this state may petition the court to transfer the guardianship or conservatorship to another state.
2. Notice of a petition under subsection 1 must be given to the persons that would be entitled to notice of a petition in this state for the appointment of a guardian or conservator.
3. On the court's own motion or on request of the guardian or conservator, the incapacitated or protected person, or other person required to be notified of the petition, the court shall hold a hearing on a petition filed pursuant to subsection 1.
4. The court shall issue an order provisionally granting a petition to transfer a guardianship and shall direct the guardian to petition for guardianship in the other state if the court is satisfied that the guardianship will be accepted by the court in the other state and the court finds that:
  - a. The incapacitated person is physically present in or is reasonably expected to move permanently to the other state;

4. The court shall issue an order provisionally granting a petition filed under subsection 1 unless:
  - a. An objection is made and the objector establishes that transfer of the proceeding would be contrary to the interests of the incapacitated or protected person; or
  - b. The guardian or conservator is ineligible for appointment in this state.
5. The court shall issue a final order accepting the proceeding and appointing the guardian or conservator as guardian or conservator in this state upon the court's receipt from the court from which the proceeding is being transferred of a final order issued under provisions similar to section 28-35-15 transferring the proceeding to this state.
6. No later than ninety days after issuance of a final order accepting transfer of a guardianship or conservatorship, the court shall determine whether the guardianship or conservatorship needs to be modified to conform to the law of this state.
7. In granting a petition under this section, the court shall recognize a guardianship or conservatorship order from the other state, including the determination of the incapacitated or protected person's incapacity and the appointment of the guardian or conservator.
8. The denial by a court of this state of a petition to accept a guardianship or conservatorship transferred from another state does not affect the ability of the guardian or conservator to seek appointment as guardian or conservator in this state under chapter 30.1-28 or 30.1-29 if the court has jurisdiction to make an appointment other than by reason of the provisional order of transfer.

**28-35-17. (401) Registration of guardianship orders.** If a guardian has been appointed in another state and a petition for the appointment of a guardian is not pending in this state, the guardian appointed in the other state, after giving notice to the appointing court of an intent to register, may register the guardianship order in this state by filing as a foreign judgement in a court, in any appropriate county of this state, certified copies of the order and letters of office.

**28-35-18. (402) Registration of protective orders.** If a conservator has been appointed in another state and a petition for a protective order is not pending in this state, the conservator appointed in the other state, after giving notice to the appointing court of an intent to register, may register the protective order in this state by filing as a foreign judgment in a court of this state, in any county in which property belonging to the protected person is located, certified copies of the order and letters of office and of any bond.

**28-35-19. (403) Effect of registration.**

1. Upon registration of a guardianship or protective order from another state, the guardian or conservator may exercise in this state all powers authorized in the order of appointment except as prohibited under the laws of this state, including maintaining actions and proceedings in this state and, if the guardian or conservator is not a resident of this state, subject to any conditions imposed upon nonresident parties.

2. A court of this state may grant any relief available under this chapter and other law of this state to enforce a registered order.

**28-35-20. (502) Relation to Electronic Signatures in Global and National Commerce Act.** This chapter modifies, limits, and supersedes the federal Electronic Signatures in Global and National Commerce Act [15 U.S.C. 7001 et seq.], but does not modify, limit, or supersede section 101(c) of that Act [15 U.S.C. 7001(c)], or authorize electronic delivery of any of the notices described in section 103(b) of that Act [15 U.S.C. 7003(b)].

**SECTION 2. REPEAL.** Sections 30.1-29-02 and 30.1-29-32 of the North Dakota Century Code are repealed.

**SECTION 3. EFFECTIVE DATE.** Section 1 of this Act applies to guardianship and protective proceedings begun after July 31, 2009. Sections 28-35-01 through 28-35-05 and sections 28-35-15 through 28-35-20 apply to proceedings begun before August 1, 2009, regardless of whether a guardianship or protective order has been issued.

**30.1-04-18. (2-119) Parent-child relationship - Adoptee and adoptee's genetic parents.**

1. Except as otherwise provided in subsections 2 through 4, a parent-child relationship does not exist between an adoptee and the adoptee's genetic parents.
2. A parent-child relationship exists between an individual who is adopted by the spouse of either genetic parent and:
  - a. The genetic parent whose spouse adopted the individual; and
  - b. The other genetic parent, but only for purposes of the right of the adoptee or a descendant of the adoptee to inherit from or through the other genetic parent.
3. A parent-child relationship exists between both genetic parents and an individual who is adopted by a relative of a genetic parent, or by the spouse or surviving spouse of a relative of a genetic parent, but only for purposes of the right of the adoptee or a descendant of the adoptee to inherit from or through either genetic parent.

4. A parent-child relationship exists between both genetic parents and an individual who is adopted after the death of both genetic parents, but only for purposes of the right of the adoptee or a descendant of the adoptee to inherit through either genetic parent.
5. If, after a parent-child relationship is established between a child of assisted reproduction and a parent or parents under section 30.1-04-19 or between a gestational child and a parent or parents under section 30.1-04-20, the child is adopted by another or others, the child's parent or parents under section 30.1-04-19 or 30.1-04-20 are deemed the child's genetic parent or parents for purposes of this section.

**SECTION 12.** Section 30.1-04-19 of the North Dakota Century Code is created and enacted as follows:

**30.1-04-19. (2-120) Parent-child relationship - Child conceived by assisted reproduction other than a child born to a gestational carrier.**

1. In this section:
  - a. "Birth mother" means a woman, other than a gestational carrier under section 30.1-04-20, who gives birth to a child of assisted reproduction. The term is not limited to a woman who is the child's genetic mother.
  - b. "Child of assisted reproduction" means a child conceived by means of assisted reproduction by a woman other than a gestational carrier under section 30.1-04-20.
  - c. "Third-party donor" means an individual who produces eggs or sperm used for assisted reproduction, whether or not for consideration. The term does not include a husband who provides sperm, or a wife who provides eggs, that are used for assisted reproduction by the wife; the birth mother of a child of assisted reproduction; or an individual who is determined under subsection 5 or 6 to have a parent-child relationship with a child of assisted reproduction.
2. A parent-child relationship does not exist between a child of assisted reproduction and a third-party donor.
3. A parent-child relationship exists between a child of assisted reproduction and the child's birth mother.
4. Except as otherwise provided in subsections 9 and 10, a parent-child relationship exists between a child of assisted reproduction and the husband of the child's birth mother if the husband provided the sperm that the birth mother used during his lifetime for assisted reproduction, and the husband is the genetic father of the child.
5. A birth certificate identifying an individual other than the birth mother as the other parent of a child of assisted reproduction presumptively establishes a parent-child relationship between the child and that individual.

6. Except as otherwise provided in subsections 7, 9, and 10, and unless a parent-child relationship is established under subsection 4 or 5, a parent-child relationship exists between a child of assisted reproduction and an individual other than the birth mother who consented to assisted reproduction by the birth mother with intent to be treated as the other parent of the child. Consent to assisted reproduction by the birth mother with intent to be treated as the other parent of the child is established if the individual:
  - a. Before or after the child's birth, signed a record that, considering all the facts and circumstances, evidences the individual's consent; or
  - b. In the absence of a signed record under subdivision a, functioned as a parent of the child no later than two years after the child's birth; intended to function as a parent of the child no later than two years after the child's birth but was prevented from carrying out that intent by death, incapacity, or other circumstances; or intended to be treated as a parent of a posthumously conceived child if that intent is established by clear and convincing evidence.
7. For purposes of subdivision a of subsection 6, neither an individual who signed a record more than two years after the birth of the child, nor a relative of that individual who is not also a relative of the birth mother, inherits from or through the child unless the individual functioned as a parent of the child before the child reached the age of majority.
8. For purposes of subdivision b of subsection 6, if the birth mother is married and no divorce proceedings are pending or if the birth mother is a surviving spouse and at her deceased spouse's death no divorce proceedings were then pending then, in the absence of clear and convincing evidence to the contrary, her spouse or deceased spouse is deemed to have satisfied subdivision b of subsection 6.
9. If a married couple are divorced before placement of eggs, sperm, or embryos, a child resulting from the assisted reproduction is not a child of the birth mother's former spouse, unless the former spouse consented in a record that if assisted reproduction were to occur after divorce, the child would be treated as the former spouse's child.
10. If, in a record, an individual withdraws consent to assisted reproduction before placement of eggs, sperm, or embryos, a child resulting from the assisted reproduction is not a child of that individual, unless the individual subsequently satisfies the requirements of subsection 6.
11. If, under this section, an individual is a parent of a child of assisted reproduction who is conceived after the individual's death, the child is treated as in gestation at the individual's death for purposes of subdivision b of subsection 1 of section 30.1-04-04 if the child is in utero not later than thirty-six months after the individual's death; or born not later than forty-five months after the individual's death.

**SECTION 13.** Section 30.1-04-20 of the North Dakota Century Code is created and enacted as follows:

  - c. "Gestational child" means a child born to a gestational carrier under a gestational agreement.
  - d. "Intended parent" means an individual who entered into a gestational agreement providing that the individual will be the parent of a child born to a gestational carrier by means of assisted reproduction. The term is not limited to an individual who has a genetic relationship with the child.
2. A parent-child relationship is conclusively established by a court order designating the parent or parents of a gestational child.
3. A parent-child relationship between a gestational child and the child's gestational carrier does not exist unless the gestational carrier is:
  - a. Designated as a parent of the child in a court order described in subsection 2; or
  - b. The child's genetic mother and a parent-child relationship does not exist with an individual other than the gestational carrier under this section.
4. In the absence of a court order under subsection 2, a parent-child relationship exists between a gestational child and an intended parent who:
  - a. Functioned as a parent of the child no later than two years after the child's birth; or
  - b. Died while the gestational carrier was pregnant if:
    - (1) There were two intended parents and the other intended parent survived the birth of the child and functioned as a parent of the child no later than two years after the child's birth;
    - (2) There were two intended parents, the other intended parent also died while the gestational carrier was pregnant, and a relative of either deceased intended parent or the spouse or surviving spouse of a relative of either deceased intended parent functioned as a parent of the child no later than two years after the child's birth; or

- (3) There was no other intended parent and a relative of or the spouse or surviving spouse of a relative of the deceased intended parent functioned as a parent of the child no later than two years after the child's birth.
5. In the absence of a court order under subsection 2, a parent-child relationship exists between a gestational child and an individual whose sperm or eggs were used after the individual's death or incapacity to conceive a child under a gestational agreement entered into after the individual's death or incapacity if the individual intended to be treated as the parent of the child. The individual's intent can be shown by:
- a. A record, signed by the individual that, considering all the facts and circumstances, evidences the individual's intent; or
  - b. Other facts and circumstances establishing the individual's intent by clear and convincing evidence.
6. Except as otherwise provided in subsection 7, and unless there is clear and convincing evidence of a contrary intent, an individual is deemed to have intended to be treated as the parent of a gestational child for purposes of subdivision b of subsection 5 if:
- a. The individual, before death or incapacity, deposited the sperm or eggs that were used to conceive the child;
  - b. When the individual deposited the sperm or eggs, the individual was married and no divorce proceedings were pending; and
  - c. The individual's spouse or surviving spouse functioned as a parent of the child not later than two years after the child's birth.
7. The presumption under subsection 6 does not apply if there is a court order under subsection 2; or a signed record that satisfies subdivision a of subsection 5.
8. If, under this section, an individual is a parent of a gestational child who is conceived after the individual's death, the child is treated as in gestation at the individual's death for purposes of subdivision b of subsection 1 of section 30.1-04-04 if the child is in utero not later than thirty-six months after the individual's death; or born not later than forty-five months after the individual's death.
9. This section does not affect other law of this state regarding the enforceability or validity of a gestational agreement.

**SECTION 14.** Section 30.1-04-21 of the North Dakota Century Code is created and enacted as follows:

**30.1-04-21. Equitable adoption.** Sections 30.1-04-14 through 30.1-04-20 do not preclude, limit, or affect application of the doctrine of equitable adoption.

**30.1-05-01. (2-201) Elective share.**

1. The surviving spouse of a decedent who dies domiciled in this state has a right of election, under the limitations and conditions stated in this chapter, to take an elective share of ~~one-half~~ amount equal to fifty percent of the augmented estate.
2. If the sum of the amounts described in subdivision d of subsection 2 of section 30.1-05-02, subdivision a of subsection 1 of section 30.1-05-03, and that part of the elective-share amount payable from the decedent's probate estate and nonprobate transfers to others under subsections 2 and 3 of section 30.1-05-03 is less than fifty seventy-five thousand dollars, the surviving spouse is entitled to a supplemental elective-share amount equal to fifty seventy-five thousand dollars minus the sum of the amounts described in those sections. The supplemental elective-share amount is payable from the decedent's probate estate and from recipients of the decedent's nonprobate transfers to others in the order of priority set forth in subsections 2 and 3 of section 30.1-05-03.
3. If the right of election is exercised by or on behalf of the surviving spouse, the surviving spouse's homestead allowance, exempt property, and family allowance, if any, are not charged against, but are in addition to, the elective-share and supplemental elective-share amounts.

If encumbered chattels are selected and the value in excess of security interests, plus that of other exempt property, is less than ~~ten fifteen~~ thousand dollars, or if there is not ~~ten fifteen~~ thousand dollars worth of exempt property in the estate, the spouse or such children are entitled to other assets of the estate, if any, to the extent necessary to make up the ~~ten fifteen~~ thousand dollar value. Rights to exempt property and assets needed to make up a deficiency of exempt property have priority over all claims against the estate, but the right to any assets to make up a deficiency of exempt property abates as necessary to permit earlier payment of the homestead allowance and family allowance. These rights are in addition to any benefit or share passing to the surviving spouse or children by the decedent's will, unless otherwise provided, by intestate succession, or by way of elective share.

**SECTION 17. AMENDMENT.** Section 30.1-07-03 of the North Dakota Century Code is amended and reenacted as follows:

2. If the right to an elective share is exercised on behalf of a surviving spouse who is an incapacitated person, the personal representative may add any unexpended portions payable under the homestead allowance, exempt property, and family allowance to the trust established under subsection 2 of section 30.1-05-06.

**SECTION 21. AMENDMENT.** Section 30.1-09.1-06 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-09.1-06. (2-706) Life insurance - Retirement plan - Account with payable on death designation - Transfer-on-death registration - Deceased beneficiary.**

1. In this section:
  - a. "Alternative beneficiary designation" means a beneficiary designation that is expressly created by the governing instrument and, under the terms of the governing instrument, can take effect instead of another beneficiary designation on the happening of one or more events, including survival of the decedent or failure to survive the decedent, whether an event is expressed in condition-precedent, condition-subsequent, or any other form.
  - b. "Beneficiary" means the beneficiary of a beneficiary designation under which the beneficiary must survive the decedent and includes a class member if the beneficiary designation is in the form of a class gift and includes an individual or class member who was deceased at the time the beneficiary designation was executed as well as an individual or class member who was then living but who failed to survive the decedent, but excludes a joint tenant of a joint tenancy with the right of survivorship and a party to a joint and survivorship account.
  - c. "Beneficiary designation" includes an alternative beneficiary designation and a beneficiary designation in the form of a class gift.
  - d. "Class member" includes an individual who fails to survive the decedent but who would have taken under a beneficiary

- designation in the form of a class gift had the individual survived the decedent.
- e. "Descendant of a grandparent", as used in subsection 2, means an individual who qualifies as a descendant of a grandparent of the decedent under the rules of construction applicable to a class gift created in the decedent's beneficiary designation if the beneficiary designation is in the form of a class gift or rules for intestate succession if the beneficiary designation is not in the form of a class gift.
  - f. "Descendants", as used in the phrase "surviving descendants" of a deceased beneficiary or class member in subdivisions a and b of subsection 2, mean the descendants of a deceased beneficiary or class member who would take under a class gift created in the beneficiary designation.
  - g. "Stepchild" means a child of the decedent's surviving, deceased, or former spouse, and not of the decedent.
  - f. h. "Surviving" in the phrase "surviving beneficiary" or "surviving descendant" means a beneficiary or a descendant who neither predeceased the decedent nor is deemed to have predeceased the decedent under section 30.1-09.1-02.

- a. Except as provided in subdivision d, if the beneficiary designation is not in the form of a class gift and the deceased beneficiary leaves surviving descendants, a substitute gift is created in the beneficiary's surviving descendants.   - b. Except as provided in subdivision d, if the beneficiary designation is in the form of a class gift, other than a beneficiary designation to "issue", "descendants", "heirs of the body", "heirs", "next of kin", "relatives", "family", or a class described by language of similar import, a substitute gift is created in the surviving descendants of any deceased beneficiary. The property to which the beneficiaries would have been entitled had all of them survived the decedent passes to the surviving beneficiaries and the surviving descendants of the deceased beneficiaries. Each surviving beneficiary takes the share to which the surviving beneficiary would have been entitled had the deceased beneficiaries survived the decedent. Each deceased beneficiary's surviving descendants who are substituted for the deceased beneficiary take by representation the share to which the deceased beneficiary would have been entitled had the deceased beneficiary survived the decedent. For the purposes of this subdivision, "deceased beneficiary" means a class member who failed to survive the decedent and left one or more surviving descendants.

- c. For purposes of section 30.1-09.1-01, words of survivorship, such as in a beneficiary designation to an individual "if the individual survives me", or in a beneficiary designation to "my surviving children", are not, in the absence of additional evidence, a sufficient indication of an intent contrary to the application of this section.
  - d. If a governing instrument creates an alternative beneficiary designation with respect to a beneficiary designation for which a substitute gift is created by subdivision a or b, the substitute gift is superseded by the alternative beneficiary designation ~~only if an expressly designated beneficiary of the alternative beneficiary designation:~~
    - (1) The alternative beneficiary designation is in the form of a class gift and one or more members of the class is entitled to take; or
    - (2) The alternative beneficiary designation is not in the form of a class gift and the expressly designated beneficiary of the alternative beneficiary designation is entitled to take.
3. If, under subsection 2, substitute gifts are created and not superseded with respect to more than one beneficiary designation, and the beneficiary designations are alternative beneficiary designations, one to the other, the determination of which of the substitute gifts takes effect is resolved as follows:
- a. Except as provided in subdivision b, the property passes under the primary substitute gift.
  - b. If there is a younger-generation beneficiary designation, the property passes under the younger-generation substitute gift and not under the primary substitute gift.
  - c. In this subsection:
    - (1) "Primary beneficiary designation" means the beneficiary designation that would have taken effect had all the deceased beneficiaries of the alternative beneficiary designations who left surviving descendants survived the decedent.
    - (2) "Primary substitute gift" means the substitute gift created with respect to the primary beneficiary designation.
    - (3) "Younger-generation beneficiary designation" means a beneficiary designation that is to a descendant of a beneficiary of the primary beneficiary designation, is an alternative beneficiary designation with respect to the primary beneficiary designation, is a beneficiary designation for which a substitute gift is created, and would have taken effect had all the deceased beneficiaries who left surviving descendants survived the decedent except the deceased beneficiary or beneficiaries of the primary beneficiary designation.

- (4) "Younger-generation substitute gift" means the substitute gift created with respect to the younger-generation beneficiary designation.
4. a. A payer is protected from liability in making payments under the terms of the beneficiary designation until the payer has received written notice of a claim to a substitute gift under this section. Payment made before the receipt of written notice of a claim to a substitute gift under this section discharges the payer, but not the recipient, from all claims for the amounts paid. A payer is liable for a payment made after the payer has received written notice of the claim. A recipient is liable for a payment received, whether or not written notice of the claim is given.
- b. The written notice of the claim must be mailed to the payer's main office or home by registered mail, return receipt requested, or served upon the payer in the same manner as a summons in a civil action. Upon receipt of written notice of the claim, a payer may pay any amount owed by it to the court having jurisdiction of the probate proceedings relating to the decedent's estate or, if no proceedings have been commenced, to the court having jurisdiction of probate proceedings relating to decedents' estates located in the county of the decedent's residence. The court shall hold the funds and, upon its determination under this section, shall order disbursement in accordance with the determination. Payment made to the court discharges the payer from all claims for the amounts paid.
5. a. A person who purchases property for value and without notice, or who receives a payment or other item of property in partial or full satisfaction of a legally enforceable obligation, is neither obligated under this section to return the payment, item of property, or benefit nor is liable under this section for the amount of the payment or the value of the item of property or benefit. But a person who, not for value, receives a payment, item of property, or any other benefit to which the person is not entitled under this section is obligated to return the payment, item of property, or benefit, or is personally liable for the amount of the payment or the value of the item or property or benefit, to the person who is entitled to it under this section.
- b. If this section or any part of this section is preempted by federal law with respect to a payment, an item of property, or any other benefit covered by this section, a person who, not for value, receives the payment, item of property, or any other benefit to which the person is not entitled under this section is obligated to return the payment, item of property, or benefit, or is personally liable for the amount of the payment or the value of the item of property or benefit, to the person who would have been entitled to it were this section or part of this section not preempted.

**SECTION 22. AMENDMENT.** Section 30.1-09.1-07 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-09.1-07. (2-707) Survivorship with respect to future interests under the terms of a trust - Substitute takers.**

1. In this section:
  - a. "Alternative future interest" means to an expressly created future interest that can take effect in possession or enjoyment instead of another future interest on the happening of one or more events, including survival of an event or failure to survive an event, whether an event is expressed in condition-precedent, condition-subsequent, or any other form. A residuary clause in a will does not create an alternative future interest with respect to a future interest created in a nonresiduary devise in the will, whether or not the will specifically provides that lapsed or failed devises are to pass under the residuary clause.
  - b. "Beneficiary" means the beneficiary of a future interest and includes a class member if the future interest is in the form of a class gift.
  - c. "Class member" includes an individual who fails to survive the distribution date but who would have taken under a future interest in the form of a class gift had the individual survived the distribution date.
  - d. "Descendants", in the phrase "surviving descendants" of a deceased beneficiary or class member in subdivisions a and b of subsection 2, mean the descendants of a deceased beneficiary or class member who would take under a class gift created in the trust.
  - e. "Distribution date", with respect to a future interest, means the time when the future interest is to take effect in possession or enjoyment. The distribution date need not occur at the beginning or end of a calendar day, but can occur at a time during the course of a day.
  - e- f. "Future interest" includes an alternative future interest and a future interest in the form of a class gift.
  - f. g. "Future interest under the terms of a trust" means a future interest that was created by a transfer creating a trust or to an existing trust or by an exercise of a power of appointment to an existing trust, directing the continuance of an existing trust, designating a beneficiary of an existing trust, or creating a trust.
  - g- h. "Surviving" in the phrase "surviving beneficiary" or "surviving descendant" means a beneficiary or a descendant who neither predeceased the distribution date nor is deemed to have predeceased the distribution date under section 30.1-09.1-02.
2. A future interest under the terms of a trust is contingent on the beneficiary's surviving the distribution date. If a beneficiary of a future interest under the terms of a trust fails to survive the distribution date, the following apply:
  - a. Except as provided in subdivision d, if the future interest is not in the form of a class gift and the deceased beneficiary leaves surviving descendants, a substitute gift is created in the

beneficiary's surviving descendants. They take by representation the property to which the beneficiary would have been entitled had the beneficiary survived the distribution date.

- b. Except as provided in subdivision d, if the future interest is in the form of a class gift, other than a future interest to "issue", "descendants", "heirs of the body", "heirs", "next of kin", "relatives", or "family", or a class described by language of similar import, a substitute gift is created in the surviving descendants of any deceased beneficiary. The property to which the beneficiaries would have been entitled had all of them survived the distribution date passes to the surviving beneficiaries and the surviving descendants of the deceased beneficiaries. Each surviving beneficiary takes the share to which the surviving beneficiary would have been entitled had the deceased beneficiaries survived the distribution date. Each deceased beneficiary's surviving descendants who are substituted for the deceased beneficiary take by representation the share to which the deceased beneficiary would have been entitled had the deceased beneficiary survived the distribution date. For the purposes of this ~~paragraph~~ subdivision, "deceased beneficiary" means a class member who failed to survive the distribution date and left one or more surviving descendants.
  - c. For purposes of section 30.1-09.1-01, words of survivorship attached to a future interest are not, in the absence of additional evidence, a sufficient indication of an intent contrary to the application of this section. Words of survivorship include words of survivorship that relate to the distribution date or to an earlier or an unspecified time, whether those words of survivorship are expressed in condition-precedent, condition-subsequent, or any other form.
  - d. If a governing instrument creates an alternative future interest with respect to a future interest for which a substitute gift is created by subdivision a or b, the substitute gift is superseded by the alternative future interest ~~only if an expressly designated beneficiary of the alternative future interest:~~
    - (1) The alternative future interest is in the form of a class gift and one or more members of the class is entitled to take in possession or enjoyment; or
    - (2) The alternative future interest is not in the form of a class gift and the expressly designated beneficiary of the alternative future interest is entitled to take in possession or enjoyment.
3. If, under subsection 2, substitute gifts are created and not superseded with respect to more than one future interest and the future interests are alternative future interests, one to the other, the determination of which of the substitute gifts takes effect is resolved as follows:
- a. Except as provided in subdivision b, the property passes under the primary substitute gift.

- b. If there is a younger-generation future interest, the property passes under the younger-generation substitute gift and not under the primary substitute gift.
- c. In this subsection:
  - (1) "Primary future interest" means the future interest that would have taken effect had all the deceased beneficiaries of the alternative future interest who left surviving descendants survived the distribution date.
  - (2) "Primary substitute gift" means the substitute gift created with respect to the primary future interest.
  - (3) "Younger-generation future interest" means a future interest that is to a descendant of a beneficiary of the primary future interest, is an alternative future interest with respect to the primary future interest, is a future interest for which a substitute gift is created, and would have taken effect had all the deceased beneficiaries who left surviving descendants survived the distribution date except the deceased beneficiary of beneficiaries of the primary future interest.
  - (4) "Younger-generation substitute gift" means the substitute gift created with respect to the younger-generation future interest.
- 4. Except as provided in subsection 5, if, after the application of subsections 2 and 3, there is no surviving taker, the property passes in the following order:
  - a. If the trust was created in a nonresiduary devise in the transferor's will or in a codicil to the transferor's will, the property passes under the residuary clause in the transferor's will; for purposes of this section, the residuary clause is treated as creating a future interest under the terms of a trust.
  - b. If no taker is produced by the application of subdivision a, the property passes to the transferor's heirs under section 30.1-09.1-11.
- 5. If, after the application of subsections 2 and 3, there is no surviving taker and if the future interest was created by the exercise of a power of appointment:
  - a. The property passes under the donor's gift-in-default clause, if any, which clause is treated as creating a future interest under the terms of a trust; and
  - b. If no taker is produced by the application of subdivision a, the property passes as provided in subsection 4. For purposes of subsection 4, "transferor" means the donor if the power was a nongeneral power and means the donee if the power was a general power.

**SECTION 23.** Section 30.1-10-05 of the North Dakota Century Code is created and enacted as follows:

**30.1-10-05. (2-805) Reformation to correct mistakes.** The court may reform the terms of a governing instrument, even if unambiguous, to conform the terms to the transferor's intention if it is proved by clear and convincing evidence that the transferor's intent and the terms of the governing instrument were affected by a mistake of fact or law, whether in expression or inducement.

**SECTION 24.** Section 30.1-10-06 of the North Dakota Century Code is created and enacted as follows:

**30.1-10-06. (2-806) Modification to achieve transferor's tax objectives.** To achieve the transferor's tax objectives, the court may modify the terms of a governing instrument in a manner that is not contrary to the transferor's probable intention. The court may provide that the modification has retroactive effect.

**SECTION 25. AMENDMENT.** Section 30.1-15-06 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-15-06. (3-406) Formal testacy proceedings - Contested cases - Testimony of attesting witnesses.** In a contested case in which the proper execution of a will is at issue, the following rules apply:

1. If evidence concerning execution of an attested will which is not self-proved is necessary in contested cases, the testimony of at least one of the attesting witnesses, if within the state, competent, and able to testify, is required. Due execution of an attested or unattested will may be proved by other evidence. If the will is self-proved pursuant to section 30.1-08-04, the will complies with the requirements for execution without the testimony of any attesting witness, upon filing the will and the acknowledgment and affidavits annexed or attached to it, unless there is evidence of fraud or forgery affecting the acknowledgment or affidavit.
2. If the will is self-proved, compliance with signature requirements for execution is conclusively presumed and other requirements of execution are presumed, subject to rebuttal, without the testimony of any witness upon filing the will and the acknowledgment and affidavits annexed or attached thereto, unless there is proof of fraud or forgery affecting the acknowledgment or affidavit. If the will is notarized pursuant to paragraph 2 of subdivision c of subsection 1 of section 30.1-08-02, but not self-proved, there is a rebuttable presumption that the will complies with the requirements for execution upon filing the will.
3. If the will is witnessed pursuant to paragraph 1 of subdivision c of subsection 1 of section 30.1-08-02, but not notarized or self-proved, the testimony of at least one of the attesting witnesses is required to establish proper execution if the witness is within this state, competent, and able to testify. Proper execution may be established by other evidence, including an affidavit of an attesting witness. An attestation clause that is signed by the attesting witnesses raises a rebuttable presumption that the events recited in the clause occurred.

**SECTION 26. AMENDMENT.** Section 30.1-35-01 of the North Dakota Century Code is amended and reenacted as follows:

**30.1-35-01. Time of taking effect - Provisions for transition.**

1. This title takes effect on July 1, 1975.
2. Except as provided elsewhere in this title, on the effective date of this title or any amendment to this title:
  - a. ~~¶~~ The title or amendment applies to any wills of decedents dying thereafter. No provision of this title, however, shall be effective to invalidate any will executed prior to July 1, 1975, when that will would be valid under the laws of this state in effect at the time of its execution.
  - b. The title or amendment applies to any proceedings in court then pending or thereafter commenced regardless of the time of the death of decedent except to the extent that in the opinion of the court the former procedure should be made applicable in a particular case in the interest of justice or because of infeasibility of application of the procedure of this title.
  - c. Every personal representative including a person administering an estate of a minor or incompetent holding an appointment on that date continues to hold the appointment but has only the powers conferred by this title or the amendment and is subject to the duties imposed with respect to any act occurring or done thereafter.
  - d. An act done before the effective date in any proceeding and any accrued right is not impaired by this title or the amendment. If a right is acquired, extinguished, or barred upon the expiration of a prescribed period of time which has commenced to run by the provisions of any statute before the effective date, the provisions shall remain in force with respect to that right.
  - e. Any rule of construction or presumption provided in this title or the amendment applies to instruments executed and multiple-party accounts opened before the effective date unless there is a clear indication of a contrary intent.
  - f. A person holding office as judge of the court on the effective date of this title may continue the office of judge of this court and may be selected for additional terms after the effective date of this title.

(Representatives Keiser, Wald)  
(Senator Klein)

AN ACT to create and enact chapter 32-03.4 of the North Dakota Century Code, relating to the transfer of structured settlements; and to provide a penalty.

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1.** Chapter 32-03.4 of the North Dakota Century Code is created and enacted as follows:

**32-03.4-01. Definitions.** For purposes of this chapter:

1. "Annuity issuer" means an insurer that has issued a contract to fund periodic payments under a structured settlement.
2. "Dependent" includes a payee's spouse and minor children and all other persons for whom the payee is legally obligated to provide support, including alimony or support.
3. "Discounted present value" means the present value of future payments determined by discounting those payments to the present using the most recently published applicable federal rate for determining the present value of an annuity, as issued by the United States internal revenue service.
4. "Gross advance amount" means the sum payable to the payee or for the payee's account as consideration for a transfer of structured settlement payment rights before any reductions for transfer expenses or other deductions to be made from such consideration.
5. "Independent professional advice" means advice of an attorney, certified public accountant, actuary, or other licensed professional adviser:
  - a. Who is engaged by a claimant or payee to render advice concerning the legal, tax, and financial implications of a structured settlement or a transfer of structured settlement payment rights;
  - b. Who is not in any manner affiliated with or compensated by the defendant in the settlement or the transferee of the transfer; and
  - c. Whose compensation for rendering the advice is not affected by whether a settlement or transfer occurs or does not occur.
6. "Interested party" means, with respect to any structured settlement, the payee, any beneficiary irrevocably designated under the annuity contract to receive payments following the payee's death, the annuity issuer, the structured settlement obligor, and any other party that has continuing rights or obligations under the structured settlement.

7. "Net advance amount" means the gross advance amount less the aggregate amount of the actual and estimated transfer expenses required to be disclosed under subsection 5 of section 32-03.4-02.
8. "Payee" means an individual who is receiving tax-free payments under a structured settlement and proposes to make a transfer of payment rights under the structured settlement.

11. "Settled claim" means the original tort claim or workers' compensation claim resolved by a structured settlement.

13. "Structured settlement agreement" means the agreement, judgment, stipulation, or release embodying the terms of a structured settlement.
14. "Structured settlement obligor" means, with respect to any structured settlement, the party that has the continuing obligation to make periodic payments to the payee under a structured settlement agreement or a qualified assignment agreement.
15. "Structured settlement payment rights" means rights to receive periodic payments under a structured settlement, whether from the structured settlement obligor or the annuity issuer, if at least one of the following applies:
  - a. The payee is domiciled in, or the domicile or principal place of business of the structured settlement obligor or the annuity issuer is located in, this state;
  - b. The structured settlement agreement was approved by a court in this state; or
  - c. The structured settlement agreement is expressly governed by the laws of this state.
16. "Terms of the structured settlement" includes, with respect to any structured settlement, the terms of the structured settlement agreement, the annuity contract, any qualified assignment agreement and any order or other approval of any court or other governmental authority that authorized or approved such structured settlement.
17. "Transfer" means any sale, assignment, pledge, hypothecation, or other alienation or encumbrance of structured settlement payment rights made by a payee for consideration. The term does not include the creation or perfection of a security interest in structured settlement

payment rights under a blanket security agreement entered with an insured depository institution, in the absence of any action to redirect the structured settlement payments to the insured depository institution, or an agent or successor in interest thereof, or otherwise to enforce the blanket security interest against the structured settlement payment rights.

18. "Transfer agreement" means the agreement that provides for a transfer of structured settlement payment rights.
19. "Transfer expenses" means all expenses of a transfer which are required under the transfer agreement to be paid by the payee or deducted from the gross advance amount, including court filing fees, attorney's fees, escrow fees, lien recordation fees, judgment and lien search fees, finder's fees, commissions, and other payments to a broker or other intermediary. The term does not include preexisting obligations of the payee payable for the payee's account from the proceeds of a transfer.
20. "Transferee" means a party acquiring or proposing to acquire structured settlement payment rights through a transfer.

**32-03.4-02. Required disclosures to payee.** At least three days before the date on which a payee signs a transfer agreement, the transferee shall provide to the payee a separate disclosure statement, in bold and in at least fourteen-point type, setting forth:

1. The amounts and due dates of the structured settlement payments to be transferred;
2. The aggregate amount of the payments;
3. The discounted present value of the payments to be transferred, which must be identified as the "calculation of current value of the transferred structured settlement payments under federal standards for 'valuing annuities'", and the amount of the applicable federal rate used in calculating the discounted present value;
4. The gross advance amount;
5. An itemized list of all applicable transfer expenses, other than attorney's fees and related disbursements, payable in connection with the transferee's application for approval of the transfer and the transferee's best estimate of the amount of any such fees and disbursements;
6. The net advance amount;
7. The amount of any penalties or liquidated damages payable by the payee in the event of any breach of the transfer agreement by the payee; and
8. A statement that the payee has the right to cancel the transfer agreement, without penalty or further obligation, no later than the third business day after the date the agreement is signed by the payee.

**32-03.4-03. Approval of transfers of structured settlement payment rights.** A direct or indirect transfer of structured settlement payment rights is not effective and a structured settlement obligor or annuity issuer may not be required to make any payment directly or indirectly to any transferee of structured settlement payment rights unless the transfer has been approved in advance in a final court order based on the following express findings by the court:

1. The transfer is in the best interest of the payee, taking into account the welfare and support of the payee's dependents and whether the transaction, including the discount rate used to determine the gross advance amount and the fees and expenses used to determine the net advance amount, are fair and reasonable. If the court makes the findings as outlined in this subsection, there is not a requirement for the court to find that an applicant is suffering from a hardship to approve the transfer of structured settlement payments under this subsection;
2. The payee has been advised in writing by the transferee to seek independent professional advice regarding the transfer and has either received that advice or knowingly waived the advice in writing; and
3. The transfer does not contravene any applicable statute or the order of any court or other governmental authority.

**32-03.4-04. Effects of transfer of structured settlement payment rights.** Following a transfer of structured settlement payment rights under this chapter:

1. The structured settlement obligor and the annuity issuer are discharged and released from all liability for the transferred payments as to all parties except the transferee;
2. The transferee is liable to the structured settlement obligor and the annuity issuer:
  - a. If the transfer contravenes the terms of the structured settlement, for any taxes incurred by those parties as a consequence of the transfer; and
  - b. For any other liabilities or costs, including reasonable costs and attorney's fees, arising from compliance by those parties with the order of the court or arising as a consequence of the transferee's failure to comply with this chapter;
3. Neither the annuity issuer nor the structured settlement obligor may be required to divide any periodic payment between the payee and any transferee or assignee or between two or more transferees or assignees; and
4. Any further transfer of structured settlement payment rights by the payee may be made only after compliance with all of the requirements of this chapter.

**32-03.4-05. Procedure for approval of transfers.**

1. An application for approval of a transfer of structured settlement payment rights under this chapter must be made by the transferee and may be brought in the county in which the payee resides, in the county

in which the structured settlement obligor or the annuity issuer maintains its principal place of business, or in any court that approved the structured settlement agreement.

2. At least twenty days before the scheduled hearing on any application for approval of a transfer of structured settlement payment rights under section 32-03.4-03, the transferee shall file with the court and serve on all interested parties a notice of the proposed transfer and the application for its authorization. The notice must include:
  - a. A copy of the transferee's application;
  - b. A copy of the transfer agreement;
  - c. A copy of the disclosure statement required under section 32-03.4-02;
  - d. A list of each of the payee's dependents and each dependent's age;
  - e. Notification that any interested party is entitled to support, oppose, or otherwise respond to the transferee's application, either in person or by counsel, by submitting written comments to the court or by participating in the hearing;
  - f. Notification of the time and place of the hearing; and
  - g. Notification of the manner in which and the time by which written responses to the application must be filed in order to be considered by the court, which may be not less than fifteen days after service of the transferee's notice.

**32-03.4-06. No waiver by payee.** The requirements of this chapter may not be waived by any payee.

**32-03.4-07. Disputes decided under state law.** Any transfer agreement entered on or after the effective date of this chapter by a payee who resides in this state must provide that disputes under the transfer agreement, including any claim that the payee has breached the agreement, must be determined in and under the laws of this state. Such a transfer agreement may not authorize the transferee or any other party to confess judgment or consent to entry of judgment against the payee.

**32-03.4-08. Life-contingent payments not to be transferred - Exception.** A transfer of structured settlement payment rights may not extend to any payments that are life-contingent unless, before the date on which the payee signs the transfer agreement, the transferee has established and has agreed to maintain procedures reasonably satisfactory to the annuity issuer and the structured settlement obligor for periodically confirming the payee's survival and giving the annuity issuer and the structured settlement obligor prompt written notice in the event of the payee's death.

**32-03.4-09. No payee liability for failure to comply with chapter.** A payee who proposes to make a transfer of structured settlement payment rights may not incur any penalty, forfeit any application fee or other payment, or otherwise incur any liability to the proposed transferee or any assignee based on any failure of the transfer to satisfy the conditions of this chapter.

**32-03.4-10. Effect of chapter on existing laws and transfer agreements.**

This chapter does not authorize any transfer of structured settlement payment rights in contravention of any law nor does this chapter imply that any transfer under a transfer agreement entered before August 1, 2009, is valid or invalid.

**32-03.4-11. Transferee solely responsible for certain requirements.**

In any transfer of structured settlement payment rights, compliance with the requirements of section 32-03.4-02 and fulfillment of the conditions of section 32-03.4-03 are the sole responsibility of the transferee. Neither the structured settlement obligor nor the annuity issuer bears any responsibility for, or any liability arising from, noncompliance with those requirements or failure to fulfill those conditions.

**32-03.4-12. Penalty.** Any transferee that willfully violates this chapter is guilty of an infraction. A second or subsequent violation of this chapter is a class B misdemeanor.

**32-03.4-13. Applicability of chapter.** This chapter applies to any transfer of structured settlement payment rights under a transfer agreement entered after July 31, 2009. This chapter does not imply that any transfer under a transfer agreement reached before August 1, 2009, is either effective or ineffective.

A contract under this section may not limit any direct loss to the state or loss resulting from property damage or personal injury.

## CHAPTER 290

### HOUSE BILL NO. 1430

(Representatives Thoreson, DeKrey, Klemin, Koppelman)  
(Senators Dotzenrod, Nething)

AN ACT to create and enact chapter 32-46 of the North Dakota Century Code, relating to successor corporation asbestos-related liabilities.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** Chapter 32-46 of the North Dakota Century Code is created and enacted as follows:

**32-46-01. Definitions.** As used in this chapter:

1. "Asbestos claim" means a claim, wherever or whenever made, for damages, losses, indemnification, contribution, or other relief arising out of, based on, or in any way related to asbestos, including:
  - a. The health effects of exposure to asbestos, including a claim for personal injury or death, mental or emotional injury, risk of disease or other injury, or the costs of medical monitoring or surveillance;
  - b. A claim made by or on behalf of a person exposed to asbestos, or a representative, spouse, parent, child, or other relative of the person; and
  - c. A claim for damage or loss caused by the installation, presence, or removal of asbestos.
2. "Corporation" means a corporation for profit, including a domestic corporation organized under the laws of this state or a foreign corporation organized under laws other than the laws of this state.
3. "Innocent successor" means a corporation that assumes or incurs or has assumed or incurred successor asbestos-related liabilities that is a successor and became a successor before January 1, 1972, or is any of that successor corporation's successors.
4. "Successor asbestos-related liabilities" means a liability, whether known or unknown, asserted or unasserted, absolute or contingent, accrued or unaccrued, liquidated or unliquidated, or due or to become due, which is related to asbestos claims and were assumed or incurred by a corporation as a result of or in connection with a merger or consolidation, or the plan of merger or consolidation related to the merger or consolidation with or into another corporation, or that is related in any way to asbestos claims based on the exercise of control or the ownership of stock of the corporation before the merger or consolidation. The term includes liabilities that, after the time of the merger or consolidation for which the fair market value of total gross assets is determined under section 32-46-04, were or are paid or otherwise discharged, or committed to be paid or otherwise discharged,

by or on behalf of the corporation, or by a successor of the corporation, or by or on behalf of a transferor, in connection with settlements, judgments, or other discharges in this state or another jurisdiction.

5. "Transferor" means a corporation from which successor asbestos-related liabilities are or were assumed or incurred.

#### **32-46-02. Applicability.**

1. The limitations in section 32-46-03 apply to an innocent successor corporation.
2. The limitations of section 32-46-03 do not apply to:
  - a. Workers' compensation benefits paid by or on behalf of an employer to an employee under the provisions of title 65, or a comparable workers' compensation law of another jurisdiction;
  - b. A claim against a corporation that does not constitute a successor asbestos-related liability; or
  - c. An obligation under the National Labor Relations Act, 29 U.S.C. 151 et seq., or under a collective bargaining agreement.

#### **32-46-03. Measure of liabilities.**

1. Except as further limited in subsection 2, the cumulative successor asbestos-related liabilities of an innocent successor corporation are limited to the fair market value of the total gross assets of the transferor determined as of the time of the merger or consolidation. The innocent successor corporation does not have responsibility for successor asbestos-related liabilities in excess of this limitation.
2. If the transferor had assumed or incurred successor asbestos-related liabilities or liabilities in connection with a prior merger or consolidation with a prior transferor, then the fair market value of the total assets of the prior transferor determined as of the time of the earlier merger or consolidation must be substituted for the limitation set forth in subsection 1 for purposes of determining the limitation of liability of an innocent successor corporation.

#### **32-46-04. Establishing fair market value of total gross assets.**

1. An innocent successor corporation may establish the fair market value of total gross assets for the purpose of the limitations under section 32-46-03 through any method reasonable under the circumstances, including:
  - a. By reference to the going concern value of the assets or to the purchase price attributable to or paid for the assets in an arms-length transaction; or
  - b. In the absence of other readily available information from which the fair market value may be determined, by reference to the value of the assets recorded on a balance sheet.

2. Total gross assets include intangible assets.
3. To the extent total gross assets include liability insurance that was issued to the transferor whose assets are being valued for purposes of this section, the applicability, terms, conditions, and limits of the insurance are not affected by this chapter, nor does this chapter otherwise affect the rights and obligations of an insurer, transferor, or successor under an insurance contract or any related agreements, including preenactment settlements resolving coverage-related disputes, and the rights of an insurer to seek payment for applicable deductibles, retrospective premiums, or self-insured retentions or to seek contribution from a successor for uninsured or self-insured periods or periods where insurance is uncollectible or otherwise unavailable. Without limiting the foregoing, to the extent total gross assets include any such liability insurance, a settlement of a dispute concerning the liability insurance coverage entered into by a transferor or successor with the insurers of the transferor before the effective date of this Act are determinative of the total coverage of the liability insurance to be included in the calculation of the transferor's total gross assets.

#### **32-46-05. Adjustment.**

1. Except as provided in subsections 2 through 4 of this section, the fair market value of total gross assets at the time of the merger or consolidation increases annually at a rate equal to the sum of:
  - a. The prime rate as listed in the first edition of the Wall Street Journal published for each calendar year since the merger or consolidation, unless the prime rate is not published in that edition of the Wall Street Journal, in which case any reasonable determination of the prime rate on the first day of the year may be used; and
  - b. One percent.
2. The rate found in subsection 1 may not be compounded.
3. The adjustment of the fair market value of total gross assets continues as provided in subsection 1 until the date the adjusted value is first exceeded by the cumulative amounts of successor asbestos-related liabilities paid or committed to be paid by or on behalf of the innocent successor corporation or a predecessor or by or on behalf of a transferor after the time of the merger or consolidation for which the fair market value of total gross assets is determined.
4. An adjustment of the fair market value of total gross assets may not be applied to any liability insurance that may be included in the definition of total gross assets by subsection 3 of section 32-46-04.

**32-46-06. Scope of chapter.** This chapter applies to all asbestos claims filed against an innocent successor on or after the effective date of this Act. This chapter also applies to any pending asbestos claims against an innocent successor in which trial has not commenced as of the effective date, except that any provisions of these sections which would be unconstitutional if applied retroactively must be applied prospectively.

**CHAPTER 294****HOUSE BILL NO. 1229**

(Representatives Martinson, Karls, Keiser, Weiler)

AN ACT to create and enact a new chapter to title 35 of the North Dakota Century Code, relating to a lien on property stored in a portable storage unit.

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1.** A new chapter to title 35 of the North Dakota Century Code is created and enacted as follows:

**Definitions.** As used in this chapter, unless the context otherwise requires:

1. "Default" means failure of the lessee to pay the rent and other charges at the time and in the manner set forth in the rental agreement.
2. "Last-known address" means the address provided by the lessee in the latest rental agreement or the address provided by the lessee in a subsequent written change of address notice.
3. "Lessee" means a person who leases a portable storage unit, regardless of the unit's location, under a rental agreement. The term includes a sublessee, successor, and assignee.
4. "Owner" means a person who owns, leases, subleases, manages, or operates a portable storage unit and receives rent from a lessee under a rental agreement.
5. "Personal property" means movable property not affixed to land, including merchandise and household goods.
6. "Portable storage unit" includes a portable container, overseas shipping container, or semitrailer which may be moved by the owner to a location designated by the lessee or moved by the lessee to one of several locations, in accordance with the rental agreement, and in which the lessee customarily stores and removes personal property.
7. "Rental agreement" means a written agreement between the owner and the lessee which establishes or modifies the terms and conditions of the lessee's use of the portable storage unit.

**Lien against property.** The owner of a portable storage unit has a lien on all personal property stored under a rental agreement in a portable storage unit for rent, labor, and other charges, and for expenses reasonably incurred in the sale or other disposition of the property under law. This lien is superior to other security interests except those perfected before the date the lien attaches. The lien attaches upon default by the occupant as stated in the notice of default served on the occupant as provided in this chapter.

**Custody and control of property.** Unless the rental agreement provides otherwise, until a sale under this chapter, the lessee is responsible for the care,

custody, and control of all property stored in the portable storage unit unless the owner secures the property elsewhere during the sale proceedings.

**Notice of proceedings.**

1. Before conducting a sale, the owner shall deliver in person or send by certified mail a notice of default to prior lienholders and to the lessee at the lessee's last-known address. A notice under this section is presumed delivered if the notice is deposited with the United States postal service and properly addressed with postage prepaid. The notice must include:
  - a. A statement that the contents of the portable storage unit are subject to the owner's lien and that the lessee is denied access to the portable storage unit until the owner's claim is satisfied;
  - b. The name of the lessee and the address at which the portable storage unit is located;
  - c. A statement of the charges due, the date of default, and a demand for payment of the charges due within a specified time, which may not be fewer than ten days after the date of the notice;
  - d. A statement in bold type providing that, unless the claim is paid within the time stated, the contents of the portable storage unit will be sold; and
  - e. The name, address, and telephone number of the owner or other person that the lessee may contact in response to the notice.
2. In addition to the requirements of subsection 1, an owner shall also publish, once a week for two consecutive weeks, with the first publication not more than thirty days before the sale and the last publication at least seven days before the sale, the time, place, and terms of the sale in a newspaper of general circulation in the county where the portable storage unit is located.

**Sale of property - Application of proceeds.** At any time before the sale, the lessee may pay the amount necessary to satisfy the lien and redeem the lessee's property. If a sale is held, the owner shall satisfy the lien from the proceeds of the sale and hold the balance, if any, for delivery on demand to the lessee or any other recorded lienholder for a period of six months from the date of sale. Any amount not claimed by the lessee from the owner within the six-month period is subject to the reporting requirements of section 47-30.1-08.

**Protection of purchaser in good faith.** A purchaser in good faith of any property sold under this chapter takes the property clear of any rights of persons against whom the lien was valid, subject to the rights of prior lienholders.

**Liability of owner.** If the owner complies with this chapter, the owner's liability to the lessee is limited to the application of the proceeds received from the sale of the property necessary to satisfy the lien. The owner's liability to other lienholders is limited to the proceeds received from the sale of any property covered by the other lien, less the amount necessary to satisfy the owner's lien.

**Validity of certain rental agreements.** Any rental agreement entered before August 1, 2009, remains valid and may be enforced or terminated in accordance with its terms or as permitted by law.

**Sale proceedings - Titled vehicles.** The sale proceedings in this chapter are sufficient to provide the instruments or documents of authority to obtain a transfer of title to vehicles under section 39-05-19. However, the rights of a prior listed lienholder are not affected by this transfer and the department may not remove a prior lienholder in this transfer of title without a release from the lienholder.

## CHAPTER 295

### SENATE BILL NO. 2404 (Senators Miller, O'Connell, Wardner) (Representatives S. Meyer, Rust, Weiler)

AN ACT to provide a lien for oil and gas owners to secure payment for the sale of oil and gas.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

##### **SECTION 1. Definitions. As used in this Act:**

1. "First purchaser" means the first person who purchases oil or gas from an interest owner at or after the time the oil or gas is severed.
2. "Interest owner" means a person owning an entire or fractional interest of any kind or nature in the oil or gas at the time it is severed, or a person who has a right, either express or implied, to receive a monetary payment determined by the value of the oil or gas severed.
3. "Operator" means a person engaged in the severance of oil or gas.
4. "Purchaser" means a person who purchases oil or gas from a first purchaser.
5. "Severed" means the taking, extraction, or production from the land of oil or gas in any manner.

##### **SECTION 2. Extent of lien - Dispute as to amount due - Notice - Buyer in ordinary course of business.**

1. To secure payment from the sale of oil or gas, an interest owner, subject to section 4 of this Act, has a continuing security interest in and a lien on the oil or gas severed, or the proceeds of sale if the oil or gas has been sold, to the extent of the interest owner's interest until the purchase price has been paid to the interest owner.
2. In the event of a bona fide dispute as to the amount due the interest owner, the security interest and the lien do not accrue if the person holding the proceeds upon which a lien is claimed tenders to the interest owner the amount which that person in good faith believes to be due and payable.
3. A security interest or lien claimed pursuant to this Act is not effective against an interest owner, operator, first purchaser, or purchaser until a copy of the notice of lien required to be filed under section 4 of this Act has been delivered to the interest owner, operator, first purchaser, or purchaser by registered mail.
4. Notwithstanding any other provision in this Act to the contrary, a person who pays the purchase price for oil or gas severed from a well to the interest owner with whom that person has a contract regarding

purchases from the well or to one who is authorized to receive payment on behalf of or for the interest owner is deemed a buyer in the ordinary course of business and takes the oil or gas free of the security interest and lien granted to the interest owner by this Act, and the first purchaser or purchaser who makes the payment and all its property is free from and not subject to the security interest or lien granted to the interest owner by this Act.

**SECTION 3. Validity of lien.** The validity of the security interest and lien granted to an interest owner under this Act is not dependent upon possession of the oil or gas by an interest owner or operator and a security interest or lien does not become or may not be deemed to be void or expired by reason of a change or transfer of the actual or constructive possession or title of the oil or gas from the interest owner or an operator to a first purchaser or purchaser.

**SECTION 4. Perfection of lien - Verified notice - Effect of instruments - Effective date of lien.**

1. If the proceeds for oil or gas which are required to be paid are not paid to the interest owner when due, the interest owner may perfect the security interest and lien by filing a form UCC-1A in the central indexing system and recording the lien in the real estate records in the office of the county recorder of the county in which the well is located. If the oil and gas owner's lien is not filed within ninety days from the date of production, the security interest is not perfected and does not give the interest owner priority over a perfected security interest in the same oil, gas, or proceeds of the oil or gas.
2. All instruments that are presented to a county recorder for filing in accordance with subsection 1 are effective as financing statements even though the signature of the debtor may not appear on the lien. Liens must be filed in the central indexing system and recorded in the real estate records of the county. Liens may be terminated in the same manner as financing statements.
3. Upon perfection by filing, the security interest and lien of the interest owner takes priority over the rights of all persons whose rights or claims arise or attach thereafter to the oil or gas unpaid for, or the proceeds of oil or gas if the oil or gas has been sold, including those that arise or attach between the time the security interest and lien attaches and the time of filing. The security interest and lien created pursuant to this Act do not have priority over the security interest and lien rights previously created and perfected or an operating agreement or other voluntary agreement for the development and operation of the property.

**SECTION 5. Rights of first purchasers.** Neither this Act nor the filing of a lien permitted under this Act affects the time at which legal title to the oil and gas may pass from an interest owner or operator to a first purchaser or the ownership of the oil and gas before severed as reflected by the records affecting real property or the right of a first purchaser to take or receive oil and gas under the terms of a division order or similar agreement for the sale and purchase of oil or gas. Notwithstanding this Act, a first purchaser or purchaser is free to transport products out of the state and to sell the products without permission or release of lien.

**SECTION 6. Expiration of lien - Enforcement - Joinder and consolidation - Costs - Personal actions - Other rights and remedies.**

1. The security interest and lien granted to an interest owner follow the oil and gas unpaid for or the proceeds of the oil or gas if the oil or gas has been sold. The security interest and lien expire one year after the date of the filing of the notice of lien unless proper action to enforce the lien is commenced within such time in the district court of the county in which the well is located, or wherever the oil or gas unpaid for or the proceeds of oil or gas sold may be found. Persons claiming security interests and liens with respect to the oil or gas from the same well may join in the same action, and where separate actions are commenced the court may consolidate them. The court may allow as part of the costs of the action moneys paid for filing and recording instruments and reasonable attorney's fees for the prevailing party. If an action is commenced after the filing of a lien, the lien is considered a lien upon the oil or gas severed, or the proceeds of sale if the oil or gas has been sold, to the extent of the interest of the claimant, for payment of the amount due the claimant and the security interest and lien of the claimant may be enforced in the manner provided by law.
2. This Act does not impair or affect the right of a person to whom a debt may be due to maintain a personal action to recover the debt against the person liable for payment of the debt.
3. This Act does not impair or affect the rights, priorities, or remedies of a person under the Uniform Commercial Code and this Act is cumulative to and not a limitation on or a substitution for any rights or remedies otherwise provided by law to a creditor against the creditor's debtor.

2. In the case of a volunteer health practitioner who is not covered under subsection 1, the volunteer health practitioner registration system is the

system established under subsection 1 or a system that qualifies under this subsection. To qualify as a volunteer health practitioner registration system under this subsection, a system must:

- a. Accept applications for the registration of volunteer health practitioners before or during an emergency;
  - b. Include information about the licensure and good standing of health practitioners which is accessible by authorized persons;

During an emergency, the state department of health, a person authorized to act on behalf of the state department of health, or a host entity may confirm whether volunteer health practitioners utilized in this state are registered with a registration system that complies with subsection 1 or 2. Confirmation is limited to obtaining identities of the practitioners from the system and determining whether the system indicates that the practitioners are licensed and in good standing.
  4. Upon request of a person in this state authorized under subsection 3, or a similarly authorized person in another state, a registration system located in this state shall notify the person of the identities of volunteer health practitioners and whether the practitioners are licensed and in good standing.

5. A host entity is not required to use the services of a volunteer health practitioner even if the practitioner is registered with a registration system that indicates that the practitioner is licensed and in good standing.

**37-17.3-05. Recognition of volunteer health practitioners licensed in other states.**

1. During an emergency, a volunteer health practitioner, registered with a registration system that complies with section 37-17.3-04 and licensed and in good standing in the state upon which the practitioner's registration is based, may practice in this state to the extent authorized by this chapter as if the practitioner were licensed in this state.
2. A volunteer health practitioner qualified under subsection 1 is not entitled to the protections of this chapter if the practitioner is licensed in more than one state and any license of the practitioner is suspended, revoked, or subject to an agency order limiting or restricting practice privileges, or has been voluntarily terminated under threat of sanction.

**37-17.3-06. No effect on credentialing and privileging.**

**37-17.3-07. Provision of volunteer health or veterinary services - Administrative sanctions.**

1. Subject to subsections 2 and 3, a volunteer health practitioner shall adhere to the scope of practice for a similarly licensed practitioner established by the licensing provisions, practice acts, or other laws of this state.
2. Except as otherwise provided in subsection 3, this chapter does not authorize a volunteer health practitioner to provide services that are outside the practitioner's scope of practice, even if a similarly licensed practitioner in this state would be permitted to provide the services.
3. The state department of health or the state board of animal health may modify or restrict the health or veterinary services that volunteer health practitioners may provide pursuant to this chapter. An order under this subsection may take effect immediately, without prior notice or comment, and is not a rule within the meaning of chapter 28-32.

4. A host entity may restrict the health or veterinary services that a volunteer health practitioner may provide pursuant to this chapter.
5. A volunteer health practitioner does not engage in unauthorized practice unless the practitioner has reason to know of any limitation, modification, or restriction under this section or that a similarly licensed practitioner in this state would not be permitted to provide the services. A volunteer health practitioner has reason to know of a limitation, modification, or restriction or that a similarly licensed practitioner in this state would not be permitted to provide a service if:
  - a. The practitioner knows the limitation, modification, or restriction exists or that a similarly licensed practitioner in this state would not be permitted to provide the service; or
  - b. From all the facts and circumstances known to the practitioner at the relevant time, a reasonable person would conclude that the limitation, modification, or restriction exists or that a similarly licensed practitioner in this state would not be permitted to provide the service.
6. In addition to the authority granted by law of this state other than this chapter to regulate the conduct of health practitioners, a licensing board or other disciplinary authority in this state:
  - a. May impose administrative sanctions upon a health practitioner licensed in this state for conduct outside of this state in response to an out-of-state emergency;
  - b. May impose administrative sanctions upon a practitioner not licensed in this state for conduct in this state in response to an in-state emergency; and
  - c. Shall report any administrative sanctions imposed upon a practitioner licensed in another state to the appropriate licensing board or other disciplinary authority in any other state in which the practitioner is known to be licensed.
7. In determining whether to impose administrative sanctions under subsection 6, a licensing board or other disciplinary authority shall consider the circumstances in which the conduct took place, including any exigent circumstances, and the practitioner's scope of practice, education, training, experience, and specialized skill.

**37-17.3-08. Relation to other laws.**

1. This chapter does not limit rights, privileges, or immunities provided to volunteer health practitioners by laws other than this chapter. Except as otherwise provided in subsection 2, this chapter does not affect requirements for the use of health practitioners pursuant to the emergency management assistance compact.
2. The department of emergency services, pursuant to the emergency management assistance compact, may incorporate into the emergency forces of this state volunteer health practitioners who are not officers or

employees of this state, a political subdivision of this state, or a municipality or other local government within this state.

**37-17.3-09. Regulatory authority.** The health council may adopt rules to implement this chapter. In doing so, the health council shall consult with and consider rules adopted by similarly empowered agencies in other states to promote uniformity of application of this chapter and make the emergency response systems in the various states reasonably compatible.

**37-17.3-10. Limitations on civil liability for volunteer health practitioners.**

1. Subject to subsection 3, a volunteer health practitioner who provides health or veterinary services pursuant to this chapter is not liable for damages for an act or omission of the practitioner in providing those services.
2. A person is not vicariously liable for damages for an act or omission of a volunteer health practitioner if the practitioner is not liable for the damages under subsection 1.
3. This section does not limit the liability of a volunteer health practitioner for:
  - a. Willful misconduct or wanton, grossly negligent, reckless, or criminal conduct;
  - b. An intentional tort;
  - c. Breach of contract;
  - d. A claim asserted by a host entity or by an entity located in this or another state which employs or uses the services of the practitioner; or
  - e. An act or omission relating to the operation of a motor vehicle, vessel, aircraft, or other vehicle.
4. A person that, pursuant to this chapter, operates, uses, or relies upon information provided by a volunteer health practitioner registration system is not liable for damages for an act or omission relating to that operation, use, or reliance unless the act or omission is an intentional tort or is willful misconduct or wanton, grossly negligent, reckless, or criminal conduct.
5. In addition to the immunity provided in subsection 1, a volunteer health practitioner who provides health or veterinary services pursuant to this chapter is entitled to all the rights, privileges, or immunities provided by state laws limiting liability of volunteers.

**37-17.3-11. Workers' compensation coverage.**

1. Except as provided in subsection 2, a volunteer health practitioner who dies or is injured as the result of providing health or veterinary services as provided under this chapter is not considered to be an employee of this state for the purpose of receiving benefits under title 65 and must be

treated for the purposes of North Dakota law as an individual eligible for workers' compensation or similar benefits under the law of the state in which the volunteer is qualified for service under an emergency system for advance registration of volunteer health practitioners authorized under subsection 2 of section 37-17.3-04.

## CHAPTER 314

### HOUSE BILL NO. 1071

(Representatives Drovdal, S. Meyer, Froseth)  
(Senator Lyson)

AN ACT to amend and reenact subsection 1 of section 38-08-08 and section 47-16-39.1 of the North Dakota Century Code, relating to the provisions of pooling orders and the failure to pay royalties to unleased mineral interest owners.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Subsection 1 of section 38-08-08 of the North Dakota Century Code is amended and reenacted as follows:

1. When two or more separately owned tracts are embraced within a spacing unit, or when there are separately owned interests in all or a part of the spacing unit, then the owners and royalty owners thereof may pool their interests for the development and operation of the spacing unit. In the absence of voluntary pooling, the commission upon the application of any interested person shall enter an order pooling all interests in the spacing unit for the development and operations thereof. Each such pooling order must be made after notice and hearing, and must be upon terms and conditions that are just and reasonable, and that afford to the owner of each tract or interest in the spacing unit the opportunity to recover or receive, without unnecessary expense, that owner's just and equitable share. Operations incident to the drilling of a well upon any portion of a spacing unit covered by a pooling order must be deemed, for all purposes, the conduct of such operations upon each separately owned tract in the drilling unit by the several owners thereof. That portion of the production allocated to each tract included in a spacing unit covered by a pooling order must, when produced, be deemed for all purposes to have been produced from such tract by a well drilled thereon. For the purposes of this section and section 38-08-10, any unleased mineral interest pooled by virtue of this section before August 1, 2009, is entitled to a cost-free royalty interest equal to the acreage weighted average royalty interest of the leased tracts within the spacing unit, but in no event may the royalty interest of an unleased tract be less than a one-eighth interest. An unleased mineral interest pooled after July 31, 2009, is entitled to a cost-free royalty interest equal to the acreage weighted average royalty interest of the leased tracts within the spacing unit or, at the operator's election, a cost-free royalty interest of sixteen percent. The remainder of the unleased interest must be treated as a lessee or cost-bearing interest. ~~Any unleased mineral interest pooled prior to July 4, 1983, is entitled to the cost-free royalty~~

interest and working interest as provided in this section from and after July 1, 1983.

**SECTION 2. AMENDMENT.** Section 47-16-39.1 of the North Dakota Century Code is amended and reenacted as follows:

**47-16-39.1. Obligation to pay royalties - Breach.** The obligation arising under an oil and gas lease to pay oil or gas royalties to the mineral owner or the mineral owner's assignee, or to deliver oil or gas to a purchaser to the credit of the mineral owner or the mineral owner's assignee, or to pay the market value thereof is of the essence in the lease contract, and breach of the obligation may constitute grounds for the cancellation of the lease in cases where it is determined by the court that the equities of the case require cancellation. If the operator under an oil and gas lease fails to pay oil or gas royalties to the mineral owner or the mineral owner's assignee within one hundred fifty days after oil or gas produced under the lease is marketed and cancellation of the lease is not sought or if the operator fails to pay oil or gas royalties to an unleased mineral interest owner within one hundred fifty days from initial oil or gas production from the unleased mineral interest owner's mineral interest, the operator shall pay interest on the unpaid royalties at the rate of eighteen percent per annum until paid, except that the commissioner of university and school lands may negotiate a rate to be no less than the prime rate as established by the Bank of North Dakota plus four percent per annum with a maximum of eighteen percent per annum, for unpaid royalties on minerals owned or managed by the board of university and school lands. Provided, that the operator may remit semiannually to a person entitled to royalties the aggregate of six months' monthly royalties where the aggregate amount is less than fifty dollars. The district court for the county in which the oil or gas well is located has jurisdiction over all proceedings brought pursuant to this section. The prevailing party in any proceeding brought pursuant to this section is entitled to recover any court costs and reasonable attorney's fees. This section does not apply when mineral owners or their assignees elect to take their proportionate share of production in kind ~~or~~, in the event of a dispute of title existing that would affect distribution of royalty payments, or when a mineral owner cannot be located after reasonable inquiry by the operator; however, the operator shall make royalty payments to those mineral owners whose title and ownership interest is not in dispute.

## CHAPTER 315

### SENATE BILL NO. 2141

(Natural Resources Committee)

(At the request of the Industrial Commission)

AN ACT to create and enact chapter 38-11.2 of the North Dakota Century Code, relating to damages to land surface caused by subsurface mineral extraction and related exploration.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** Chapter 38-11.2 of the North Dakota Century Code is created and enacted as follows:

**38-11.2-01. Definitions.** In this chapter, unless the context or subject matter otherwise requires:

1. "Agricultural production" means the production of any grass or crop attached to the surface of the land, whether or not the grass or crop is to be sold commercially, and the production of any farm animals, whether or not the animals are to be sold commercially.
2. "Drilling operations" means the drilling of a subsurface mineral extraction well and the injection, production, and completion operations ensuing from the drilling which require entry upon the surface estate, and includes subsurface mineral exploration activities.
3. "Mineral developer" means the person who acquires the mineral estate or lease for the purpose of extracting or using the subsurface minerals for nonagricultural purposes.
4. "Mineral estate" means an estate in or ownership of all or part of the subsurface minerals underlying a specified tract of land.
5. "Subsurface mineral" means any naturally occurring element or compound recovered under the provisions of chapter 38-12, but for the purpose of this chapter excludes coal, oil and gas, sand and gravel, and rocks crushed for sand and gravel.
6. "Subsurface mineral exploration activities" means any method of obtaining information relative to locating and defining subsurface minerals that results in surface disturbance.
7. "Surface estate" means an estate in or ownership of the surface of a particular tract of land.
8. "Surface owner" means any person who holds record title to the surface of the land as an owner.

**38-11.2-02. Inspection of well site.** Upon request of another state agency, the surface owner, or an adjacent landowner, the state department of health shall conduct a site visit and evaluate site-specific environmental data as necessary to

ensure compliance with applicable environmental protection laws and regulations relating to air, water, and land management under the jurisdiction of the department.

**38-11.2-03. Notice of drilling operations.**

1. The mineral developer shall give the surface owner written notice of the drilling operations contemplated at least twenty days prior to the commencement of the operations, unless waived by agreement of both parties.
2. This notice must be given to the record surface owner at that person's address as shown by the records of the county recorder at the time the notice is given.
3. This notice must sufficiently disclose the plan of work and operations to enable the surface owner to evaluate the effect of drilling operations on the surface owner's use of the property. Included with this notice must be a copy of this chapter.
4. If a mineral developer fails to give notice as provided under this section, the surface owner may seek any appropriate relief in the court of proper jurisdiction and may receive punitive as well as actual damages.

**38-11.2-04. Damage and disruption payments - Statute of limitations.**

1. The mineral developer shall pay the surface owner a sum of money equal to the amount of damages sustained by the surface owner and the surface owner's tenant, if any, for loss of agricultural production and income, lost land value, lost use of and access to the surface owner's land, and lost value of improvements caused by drilling operations. The amount of damages may be determined by any formula agreeable between the surface owner and the mineral developer. When determining damages, consideration must be given to the period of time during which the loss occurs.
2. The surface owner may elect to be paid damages in annual installments over a period of time.
3. The surface owner must be compensated for harm caused by subsurface mineral exploration only by a single sum payment.
4. The payments contemplated by this section only cover land directly affected by drilling operations.
5. Payments under this section are intended to compensate the surface owner for damage and disruption. Any reservation or assignment of such compensation apart from the surface estate except to a tenant of the surface estate is prohibited. In the absence of an agreement between the surface owner and a tenant as to the division of compensation payable under this section, the tenant is entitled to recover from the surface owner that portion of the compensation attributable to the tenant's share of the damages sustained.
6. To receive compensation under this section, any person shall notify the mineral developer of the damages sustained by the person within two

years after the injury occurs or would become apparent to a reasonable person.

**38-11.2-05. Agreement - Offer of settlement.** Unless both parties provide otherwise by written agreement, the mineral developer shall make a written offer of settlement to the person seeking compensation for damages when the notice required by section 38-11.2-03 is presented. The person seeking compensation may accept or reject any offer so made.

**38-11.2-06. Rejection - Legal action - Fees and costs.** If the person seeking compensation rejects the offer of the mineral developer, that person may bring an action for compensation in the court of proper jurisdiction. The court, in its discretion, may award the person seeking compensation reasonable attorney's fees, any costs assessed by the court, and interest on the amount of the final compensation awarded by the court from the day drilling operations are commenced. The rate of interest awarded must be the prime rate charged by the Bank of North Dakota on the date of the judgment.

**38-11.2-07. Protection of surface and ground water - Other responsibilities of mineral developer.**

1. The mineral developer shall conduct or have conducted an inventory of water wells located within one-half mile [804.67 meters] of where subsurface mineral exploration activities are conducted, if such exploration activities appear reasonably likely to encounter ground water, or within one mile [1.61 kilometers] of a subsurface mineral production site.
2. The mineral developer shall conduct or have conducted a certified water quality and quantity test within one year preceding the commencement of subsurface mineral production operations on each water well or water supply located on the involved real property and as identified by the surface owner of that real property.
3. If the domestic, livestock, or irrigation water supply of any person who owns an interest in real property within one-half mile [804.67 meters] of where subsurface mineral exploration activities are or have been conducted or within one mile [1.61 kilometers] of a subsurface mineral production site has been disrupted, or diminished in quality or quantity by the drilling operations, the person who owns an interest in real property is entitled to recover the cost of making such repairs, alterations, or construction that will ensure the delivery to the surface owner of that quality and quantity of water available to the surface owner prior to the commencement of drilling operations.
4. Any person who owns an interest in real property who obtains all or a part of that person's water supply for domestic, agricultural, industrial, or other beneficial use has a claim for relief against a mineral developer to recover damages for disruption or diminution in quality or quantity of that person's water supply proximately caused from drilling operations conducted by the mineral developer.
5. Prima facie evidence of injury under this section may be established by a showing that the mineral developer's drilling operations penetrated or disrupted an aquifer in such a manner as to cause a diminution in water quality or quantity within the distance limits imposed by this section.

6. An action brought under this section when not otherwise specifically provided by law must be brought within six years of the time the action has accrued. For purposes of this section, the claim for relief is deemed to have accrued at the time it is discovered or might have been discovered in the exercise of reasonable diligence.
7. A tract of land is not bound to receive water contaminated by drilling operations on another tract of land and the owner of a tract has a claim for relief against a mineral developer to recover the damages proximately resulting from natural drainage of waters contaminated by drilling operations.
8. The mineral developer is also responsible for all damages to person or property resulting from the lack of ordinary care by the mineral developer or resulting from a nuisance caused by drilling operations.
9. This section does not create a cause of action if an appropriator of water can reasonably acquire the water under the changed conditions and if the changed conditions are a result of the legal appropriation of water by the mineral developer.

**38-11.2-08. Application of chapter.** The remedies provided by this chapter do not preclude any person from seeking other remedies allowed by law. This chapter does not apply to the operation, maintenance, or use of a motor vehicle upon the highways of this state as these terms are defined in section 39-01-01.

**CHAPTER 316****SENATE BILL NO. 2140**

(Natural Resources Committee)

(At the request of the Public Service Commission)

AN ACT to amend and reenact subsection 18 of section 38-14.1-24 and subsection 2 of section 38-14.2-14 of the North Dakota Century Code, relating to the time period for successful revegetation on lands permitted for surface coal mining and reclamation operations and limitations for filing liens on abandoned mine lands that are reclaimed.

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1. AMENDMENT.** Subsection 18 of section 38-14.1-24 of the North Dakota Century Code is amended and reenacted as follows:

18. Assume the responsibility for successful revegetation, as required by subsection 17, for a period of ten full years after the last year of augmented seeding, fertilizing, irrigation, or other work, provided that, when the commission approves a long-term intensive agricultural postmining land use, the ten-year period of responsibility for revegetation commences at the date of initial planting. However, for previously mined areas that are affected by remining, the operator's responsibility for successful revegetation will extend for a period of five full years after the last year of augmented seeding, fertilizing, irrigation, and other work in order to assure compliance with the applicable standards. For the purposes of this subsection, "previously mined areas" are lands that were affected by coal mining activities prior to January 1, 1970, and "augmented seeding, fertilizing, irrigation, or other work" does not include normal conservation practices recognized locally as good management for the postmining land use.

**SECTION 2. AMENDMENT.** Subsection 2 of section 38-14.2-14 of the North Dakota Century Code is amended and reenacted as follows:

2. No lien may be filed against the property of any person, in accordance with this section, ~~who owned the surface prior to May 2, 1977, and who~~ neither consented to nor participated in nor exercised control over the mining operation which necessitated the reclamation performed hereunder.

**CHAPTER 317****HOUSE BILL NO. 1370**

(Representatives S. Meyer, Drovdal, Kempenich, Onstad)  
(Senators Bowman, Wardner)

AN ACT to create and enact a new section to chapter 38-18.1 of the North Dakota Century Code, relating to perfecting title to dormant minerals; and to amend and reenact sections 38-18.1-03, 38-18.1-04, 38-18.1-05, and 38-18.1-06 of the North Dakota Century Code, relating to termination of mineral interests.

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1. AMENDMENT.** Section 38-18.1-03 of the North Dakota Century Code is amended and reenacted as follows:

**38-18.1-03. When mineral interest deemed to be used.**

1. A mineral interest is deemed to be used when:
  - a. There are any minerals produced under that interest.
  - b. Operations are being conducted thereon for injection, withdrawal, storage, or disposal of water, gas, or other fluid substances.
  - c. In the case of solid minerals, there is production from a common vein or seam by the owners of such mineral interest.
  - d. The mineral interest on any tract is subject to a lease, mortgage, assignment, or conveyance of the mineral interest recorded in the office of the recorder in the county in which the mineral interest is located.
  - e. The mineral interest on any tract is subject to an order or an agreement to pool or unitize, recorded in the office of the recorder in the county in which the mineral interest is located.
  - f. Taxes are paid on the mineral interest by the owner or the owner's agent.
  - g. A proper statement of claim is recorded as provided by section 38-18.1-04.
  - ~~h. The owner or lessee utilizes the mineral interest in a manner pursuant to, or authorized by, the instrument creating the mineral interest.~~
2. The payment of royalties, bonus payments, or any other payment to a named or unnamed interest-bearing account, trust account, escrow account, or any similar type of account on behalf of a person who cannot be located does not satisfy the requirements of this section and the mineral interest is not deemed to be used for purposes of this section. Interest on such account must be credited to the account and

may not be used for any other purpose. A named or unnamed interest-bearing account, trust account, escrow account, or any similar type of account that has been in existence for three years is deemed to be abandoned property and must be treated as abandoned property under chapter 47-30.1. A lease given by a trustee remains valid.

**SECTION 2. AMENDMENT.** Section 38-18.1-04 of the North Dakota Century Code is amended and reenacted as follows:

**38-18.1-04. Statement of claim - Recording - Time.** The statement of claim provided for in section 38-18.1-02 must:

1. Be recorded by the owner of the mineral interest or the owner's representative prior to the end of the twenty-year period set forth in section 38-18.1-02; ~~or within two years after July 1, 1983, whichever is later.~~ A joint tenant, but not a tenant in common, may record a claim on behalf of oneself and other joint tenants.
2. Contain the name and address of the owner of the mineral interest, and a legal description of the land on, or under which, the mineral interest is located as well as the type of mineral interest involved.
3. Be recorded in the office of the recorder in the county in which the mineral interest is located.

The mineral interest is deemed to be in use at the date of recording, if the recording is made within the time provided by this section. A statement of claim filed after July 31, 2009, by a person other than the owner of record of the mineral interest is not effective to preserve a mineral interest unless accompanied by a reference to the name of the record owner under whom the owner of the mineral interest claims.

**SECTION 3. AMENDMENT.** Section 38-18.1-05 of the North Dakota Century Code is amended and reenacted as follows:

**38-18.1-05. Failure to record the statement of claim.** Failure to record the statement of claim within the time period provided in section 38-18.1-04 will not cause a mineral interest to be extinguished if ~~the owner of the mineral interest meets all of the following requirements:~~

1. ~~Owns one or more mineral interests in the county in which the mineral interest in question is located at the time of the expiration of the time period provided in section 38-18.1-04.~~
  2. ~~Has failed to preserve the mineral interest in question.~~
  3. ~~Within sixty days after first publication of the notice provided for in section 38-18.1-06, recorded a statement of claim.~~
1. The owner of record of the mineral interest satisfies either one of the following requirements within sixty days after first publication of the notice provided for in section 38-18.1-06:
    - a. Files with the county recorder a statement of claim as required in section 38-18.1-04; or

- b. Files with the county recorder documentation that at least one of the activities under subsection 1 of section 38-18.1-03 took place during the twenty-year period immediately preceding the first publication of notice.
2. A person other than the owner of record of the mineral interest files with the county recorder within sixty days after first publication of the notice provided for in section 38-18.1-06 an affidavit under oath or a declaration under oath which includes an explanation of the factual and legal basis for the person's assertion of title to the mineral interest. This explanation must be accompanied by documentation supporting the assertion or an explanation why documentation is unavailable.

**SECTION 4. AMENDMENT.** Section 38-18.1-06 of the North Dakota Century Code is amended and reenacted as follows:

**38-18.1-06. Notice of lapse of mineral interest - Method.**

1. ~~Any person~~ The owner or owners of the surface estate in the land in or under which the mineral interest is located intending to succeed to the ownership of a mineral interest upon its lapse shall give notice of the lapse of the mineral interest by publication.
2. The publication provided for in subsection 1 must be made once each week for three weeks in the official county newspaper of the county in which the mineral interest is located; however, if the address of the mineral interest owner is shown of record or can be determined upon reasonable inquiry as defined in subsection 6, notice must also be made by mailing a copy of the notice to the owner of the mineral interest within ten days after the last publication is made.
3. The notice must state:
  - a. The name of the record owner of the mineral ~~interests~~ interest;
  - b. A description of the land on which the mineral interest involved is located; and
  - c. The name of the ~~person~~ owner or owners of the surface estate in the land in or under which the mineral interest is located giving the notice.
4. A copy of the notice and an affidavit of service of the notice must be recorded in the office of the recorder of the county in which the mineral interest is located and constitutes prima facie evidence in any legal proceedings that such notice has been given.
5. ~~A person~~ The owner or owners of the surface estate in the land in or under which the mineral interest is located who succeeds to the ownership of a mineral interest upon its lapse under this chapter is entitled to record a statement of succession in interest indicating that ~~that person~~ owner or owners of the surface estate in the land in or under which the mineral interest is located has succeeded to the ownership of the mineral interest.

6. To constitute a reasonable inquiry as provided in subsection 2, the owner or owners of the surface estate or the owner's authorized agent must conduct a search of:
  - a. The county recorder's records for the existence of any uses as defined in section 38-18.1-03 by the owner of the mineral interest;
  - b. The clerk of court's records for the existence of any judgments, liens, or probate records which identify the owner of the mineral interest;
  - c. The social security death index for the last-known residence of the owner of the mineral interest, if deceased; and
  - d. One or more public internet databases to locate or identify the owner of the mineral interest or any known heirs of the owner. The owner or owners of the surface estate are not required to conduct internet searches on private fee internet databases.

**SECTION 5.** A new section to chapter 38-18.1 of the North Dakota Century Code is created and enacted as follows:

**Perfecting title in surface owner.**

1. Upon completion of the procedure provided in section 38-18.1-06, the owner or owners of the surface estate may maintain an action in district court in the county in which the minerals are located and obtain a judgment in quiet title in the owner or owners of the surface estate. This action must be brought in the same manner and is subject to the same procedure as an action to quiet title pursuant to chapter 32-17.
2. In an action brought under this section, the owner or owners of the surface estate shall submit evidence to the district court establishing that all procedures required by this chapter were properly completed and that a reasonable inquiry as defined by subsection 6 of section 38-18.1-06 was conducted. If the district court finds that the surface owner has complied with all procedures of the chapter and has conducted a reasonable inquiry, the district court shall issue its findings of fact, conclusions of law, and enter judgment perfecting title to the mineral interest in the owner or owners of the surface estate.
3. A judgment obtained by the owner or owners of the surface estate in compliance with this section is deemed conclusive except for fraud, misrepresentation, or other misconduct.
4. A mineral lessee that obtains a lease from the owner of the surface estate, which owner has obtained a judgment to minerals pursuant to this section, is deemed a bona fide purchaser and its lease remains effective in the event the judgment is subsequently vacated for any reason. Further, the lessee is not liable to any third party for lease bonus, royalties, or any other proceeds paid to the surface owner under the lease before the judgment being vacated.

5. Absent fraud or misrepresentation, the owner or owners of the surface estate which obtain a judgment under this section and lease minerals to a lessee are entitled to retain all lease bonus, royalties, or any other proceeds paid to the surface owner under the lease before the judgment being vacated.

## CHAPTER 318

### SENATE BILL NO. 2095

(Natural Resources Committee)

(At the request of the Industrial Commission)

AN ACT to create and enact chapter 38-22 of the North Dakota Century Code, relating to the geologic storage of carbon dioxide; to repeal section 38-08-24 of the North Dakota Century Code, relating to priorities in permitting carbon dioxide geologic storage projects; to provide a penalty; and to provide a continuing appropriation.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** Chapter 38-22 of the North Dakota Century Code is created and enacted as follows:

**38-22-01. Policy.** It is in the public interest to promote the geologic storage of carbon dioxide. Doing so will benefit the state and the global environment by reducing greenhouse gas emissions. Doing so will help ensure the viability of the state's coal and power industries, to the economic benefit of North Dakota and its citizens. Further, geologic storage of carbon dioxide, a potentially valuable commodity, may allow for its ready availability if needed for commercial, industrial, or other uses, including enhanced recovery of oil, gas, and other minerals. Geologic storage, however, to be practical and effective requires cooperative use of surface and subsurface property interests and the collaboration of property owners. Obtaining consent from all owners may not be feasible, requiring procedures that promote, in a manner fair to all interests, cooperative management, thereby ensuring the maximum use of natural resources.

**38-22-02. Definitions.** As used in this chapter, unless the context requires otherwise:

1. "Carbon dioxide" means carbon dioxide produced by anthropogenic sources which is of such purity and quality that it will not compromise the safety of geologic storage and will not compromise those properties of a storage reservoir which allow the reservoir to effectively enclose and contain a stored gas.
2. "Commission" means the industrial commission.
3. "Geologic storage" means the permanent or short-term underground storage of carbon dioxide in a storage reservoir.
4. "Permit" means a permit issued by the commission allowing a person to operate a storage facility.
5. "Pore space" means a cavity or void, whether natural or artificially created, in a subsurface sedimentary stratum.
6. "Reservoir" means a subsurface sedimentary stratum, formation, aquifer, cavity, or void, whether natural or artificially created, including

oil and gas reservoirs, saline formations, and coal seams suitable for or capable of being made suitable for injecting and storing carbon dioxide.

7. "Storage facility" means the reservoir, underground equipment, and surface facilities and equipment used or proposed to be used in a geologic storage operation. It does not include pipelines used to transport carbon dioxide to the storage facility.
8. "Storage operator" means a person holding or applying for a permit.
9. "Storage reservoir" means a reservoir proposed, authorized, or used for storing carbon dioxide.

**38-22-03. Commission authority.** The commission has authority:

1. Over all persons and property necessary to administer and enforce this chapter and its objectives.
2. To regulate activities relating to a storage facility, including construction, operation, and closure.
3. To enter, at a reasonable time and manner, a storage facility to inspect equipment and facilities; to observe, monitor, and investigate operations; and to inspect records required to be maintained at the facility.
4. To require that storage operators provide assurance, including bonds, that money is available to fulfill the storage operator's duties.
5. To exercise continuing jurisdiction over storage operators and storage facilities, including the authority, after notice and hearing, to amend provisions in a permit and to revoke a permit.
6. To dissolve or change the boundaries of any commission-established oil or gas field or unit that is within or near a storage reservoir's boundaries.
7. To grant, for good cause, exceptions to this chapter's requirements and implementing rules.

**38-22-04. Permit required - Permit transfer.** Geologic storage is allowed if permitted by the commission. A permit may be transferred if the commission consents.

**38-22-05. Permit applications, fees, costs, and priorities - Carbon dioxide storage administrative fund.**

1. A person applying for a permit shall:
  - a. Comply with application requirements set by the commission.
  - b. Pay a fee in an amount set by the commission. The amount of the fee must be set by rule and must be based on the commission's anticipated cost of processing the application. The fee must be deposited in the carbon dioxide storage administrative fund.

- c. Pay to the commission the costs the commission incurs in publishing notices for hearings and holding hearings on permit applications.
2. In processing permit applications the commission shall give priority to storage operators who intend to store carbon dioxide produced in North Dakota.

**38-22-06. Permit hearing - Hearing notice.**

1. The commission shall hold a public hearing before issuing a permit.
2. Notice of the hearing must be published for two consecutive weeks in the official newspaper of the county or counties where the storage reservoir is proposed to be located and in any other newspaper the commission requires. Publication deadlines must comply with commission requirements.
3. Notice of the hearing must be given to each mineral lessee, mineral owner, and pore space owner within the storage reservoir and within one-half mile of the storage reservoir's boundaries.
4. Notice of the hearing must be given to each surface owner of land overlying the storage reservoir and within one-half mile of the reservoir's boundaries.
5. Notice of the hearing must be given to any additional persons that the commission requires.
6. Service of hearing notices required by this section must conform to personal service provisions in rule 4 of the North Dakota Rules of Civil Procedure.
7. Hearing notices required by this section must comply with deadlines set by the commission.
8. Hearing notices required by this section must contain the information the commission requires.

**38-22-07. Permit consultation.** Before issuing a permit, the commission shall consult the state department of health.

**38-22-08. Permit requirements.** Before issuing a permit, the commission shall find:

1. That the storage operator has complied with all requirements set by the commission.
2. That the storage facility is suitable and feasible for carbon dioxide injection and storage.
3. That the carbon dioxide to be stored is of a quality that allows it to be safely and efficiently stored in the storage reservoir.
4. That the storage operator has made a good-faith effort to get the consent of all persons who own the storage reservoir's pore space.

5. That the storage operator has obtained the consent of persons who own at least sixty percent of the storage reservoir's pore space.
6. Whether the storage facility contains commercially valuable minerals and, if it does, a permit may be issued only if the commission is satisfied that the interests of the mineral owners or mineral lessees will not be adversely affected or have been addressed in an arrangement entered into by the mineral owners or mineral lessees and the storage operator.
7. That the proposed storage facility will not adversely affect surface waters or formations containing fresh water.
8. That carbon dioxide will not escape from the storage reservoir.
9. That substances that compromise the objectives of this chapter or the integrity of a storage reservoir will not enter a storage reservoir.
10. That the storage facility will not endanger human health nor unduly endanger the environment.
11. That the storage facility is in the public interest.
12. That the horizontal and vertical boundaries of the storage reservoir are defined. These boundaries must include buffer areas to ensure that the storage facility is operated safely and as contemplated.
13. That the storage operator will establish monitoring facilities and protocols to assess the location and migration of carbon dioxide injected for storage and to ensure compliance with all permit, statutory, and administrative requirements.
14. That all nonconsenting pore space owners are or will be equitably compensated.

**38-22-09. Permit provisions.** The commission may include in a permit or order all things necessary to carry out this chapter's objectives and to protect and adjust the respective rights and obligations of persons affected by geologic storage.

**38-22-10. Amalgamating property interests.** If a storage operator does not obtain the consent of all persons who own the storage reservoir's pore space, the commission may require that the pore space owned by nonconsenting owners be included in a storage facility and subject to geologic storage.

**38-22-11. Certificate.** When the commission issues a permit it shall also issue a certificate stating that the permit has been issued, describing the area covered, and containing other information the commission deems appropriate. The commission shall file a copy of the certificate with the county recorder in the county or counties where the storage facility is located.

**38-22-12. Environmental protection - Reservoir integrity.**

1. The commission shall take action to ensure that a storage facility does not cause pollution or create a nuisance. For the purposes of this provision and in applying other laws, carbon dioxide stored, and which remains in storage under a commission permit, is not a pollutant nor does it constitute a nuisance.

2. The commission's authority in subsection 1 does not limit the jurisdiction held by the state department of health. Nothing else in this chapter limits the jurisdiction held by the state department of health.
3. The commission shall take action to ensure that substances that compromise the objectives of this chapter or the integrity of a storage reservoir do not enter a storage reservoir.
4. The commission shall take action to ensure that carbon dioxide does not escape from a storage facility.

**38-22-13. Preservation of rights.** Nothing in this chapter nor the issuing of a permit:

1. Prejudices the rights of property owners within a storage facility to exercise rights that have not been committed to a storage facility.
2. Prevents a mineral owner or mineral lessee from drilling through or near a storage reservoir to explore for and develop minerals, provided the drilling, production, and related activities comply with commission requirements that preserve the storage facility's integrity and protect this chapter's objectives.

**38-22-14. Fees - Carbon dioxide storage facility administrative fund - Continuing appropriation.**

1. Storage operators shall pay the commission a fee on each ton of carbon dioxide injected for storage. The fee must be in the amount set by commission rule. The amount must be based on the commission's anticipated expenses that it will incur in regulating storage facilities during their construction, operational, and preclosure phases.
2. The fee must be deposited in the carbon dioxide storage facility administrative fund. The fund must be maintained as a special fund and all money in the fund is appropriated and may be used only for defraying the commission's expenses in processing permit applications; regulating storage facilities during their construction, operational, and preclosure phases; and making storage amount determinations under section 38-22-23. The commission, however, through a cooperative agreement with another state agency, may use the fund to compensate the cooperating agency for expenses the cooperating agency incurs in carrying out regulatory responsibilities that agency may have over a storage facility. Interest earned by the fund must be deposited the fund.

**38-22-15. Fees - Carbon dioxide trust fund - Continuing appropriation.**

1. Storage operators shall pay the commission a fee on each ton of carbon dioxide injected for storage. The fee must be in the amount set by commission rule. The amount must be based on the commission's anticipated expenses associated with the long-term monitoring and management of a closed storage facility.
2. The fee must be deposited in the carbon dioxide storage facility trust fund. The fund must be maintained as a special fund and all money in the fund is appropriated and may be used only for defraying expenses the commission incurs in long-term monitoring and management of a

closed storage facility. The commission, however, through a cooperative agreement with another state agency, may use the fund to compensate the cooperating agency for expenses the cooperating agency incurs in carrying out regulatory responsibilities that agency may have over a storage facility. Interest earned by the fund must be deposited in the fund.

3. The industrial commission shall file with the director of the legislative council a report discussing whether the amount in the carbon dioxide storage facility trust fund and fees being paid into it are sufficient to satisfy the fund's objectives. The first report is due in December of 2014 and subsequent reports are due every four years thereafter.

**38-22-16. Title to carbon dioxide.** The storage operator has title to the carbon dioxide injected into and stored in a storage reservoir and holds title until the commission issues a certificate of project completion. While the storage operator holds title, the operator is liable for any damage the carbon dioxide may cause, including damage caused by carbon dioxide that escapes from the storage facility.

**38-22-17. Certificate of project completion - Release - Transfer of title and custody.**

1. After carbon dioxide injections into a reservoir end and upon application by the storage operator, the commission shall consider issuing a certificate of project completion.
2. The certificate may only be issued after public notice and hearing. The commission shall establish notice requirements for this hearing.
3. The certificate may only be issued after the commission has consulted with the state department of health.
4. The certificate may not be issued until at least ten years after carbon dioxide injections end.
5. The certificate may only be issued if the storage operator:
  - a. Is in full compliance with all laws governing the storage facility.
  - b. Shows that it has addressed all pending claims regarding the storage facility's operation.
  - c. Shows that the storage reservoir is reasonably expected to retain the carbon dioxide stored in it.
  - d. Shows that the carbon dioxide in the storage reservoir has become stable. Stored carbon dioxide is stable if it is essentially stationary or, if it is migrating or may migrate, that any migration will be unlikely to cross the storage reservoir boundary.
  - e. Shows that all wells, equipment, and facilities to be used in the postclosure period are in good condition and retain mechanical integrity.
  - f. Shows that it has plugged wells, removed equipment and facilities, and completed reclamation work as required by the commission.

6. Once a certificate is issued:
  - a. Title to the storage facility and to the stored carbon dioxide transfers, without payment of any compensation, to the state.
  - b. Title acquired by the state includes all rights and interests in, and all responsibilities associated with, the stored carbon dioxide.
  - c. The storage operator and all persons who generated any injected carbon dioxide are released from all regulatory requirements associated with the storage facility.
  - d. Any bonds posted by the storage operator must be released.
  - e. Monitoring and managing the storage facility is the state's responsibility to be overseen by the commission until such time as the federal government assumes responsibility for the long-term monitoring and management of storage facilities.

### **38-22-18. Penalties.**

1. A person who violates a provision of this chapter or a commission rule or order under this chapter, is subject to a civil penalty imposed by the commission or a court not to exceed twelve thousand five hundred dollars for each offense, and each day's violation is a separate offense. Paying the penalty does not make legal an illegal act nor relieve a person on whom the penalty is imposed from correcting the violation or from liability for damages caused by the violation.
2. In determining the amount of the penalty, the commission shall consider:
  - a. The nature of the violation, including its circumstances and gravity, and the hazard or potential hazard to the public's or a private person's health, safety, and economic welfare.
  - b. The economic or environmental harm caused by the violation.
  - c. The economic value or other advantage gained by the person committing the violation.
  - d. The history of previous violations.
  - e. The amount necessary to deter future violations.
  - f. Efforts to correct the violation.
  - g. Other matters justice requires.

### **38-22-19. Enhanced recovery projects.**

1. This chapter does not apply to applications filed with the commission proposing to use carbon dioxide for an enhanced oil or gas recovery project, rather such applications will be processed under chapter 38-08.

2. The commission may allow an enhanced oil or gas recovery project to be converted to a storage facility. In considering whether to approve a conversion, and upon conversion, the provisions of this chapter and its implementing rules apply, but if during the conversion process unique circumstances arise, the commission, to better ensure that the chapter's objectives are fulfilled, may waive such provisions and may impose additional ones.

**38-22-20. Cooperative agreements and contracts.**

1. The commission may enter into agreements with other governments, government entities, and state agencies for the purpose of carrying out this chapter's objectives.
2. The commission may enter into contracts with private persons to assist it in carrying out this chapter's objectives. Unless the circumstances require otherwise, the commission shall, in entering such contracts, follow the process set out in section 38-08-04.4. If an emergency exists the commission may enter contracts without public notice and without competitive bidding.

**38-22-21. Trusts, monopolies, restraint of trade.** Cooperative operation of a storage facility permitted by the commission does not violate North Dakota statutes relating to trusts, monopolies, or restraint of trade.

**38-22-22. Participation of public interests.** The entity or official controlling state interests or the interests of political subdivisions is authorized to consent to and participate in a geologic storage project.

**38-22-23. Determining storage amounts - Carbon credits - Fee.**

1. The commission, under procedures and criteria it may adopt, shall determine the amount of injected carbon dioxide stored in a reservoir that has been or is being used for an enhanced oil or gas recovery project. The commission may also make such a determination for carbon dioxide stored under this chapter.
2. The purpose for determining storage amounts is to facilitate using the stored carbon dioxide for such matters as carbon credits, allowances, trading, emissions allocations, and offsets, and for other similar purposes.
3. The commission may charge a reasonable fee to the person requesting a storage determination. The fee must be set by rule.
4. Fees the commission receives for storage determinations must be deposited into the carbon dioxide storage facility administrative fund.

Satisfactory proof of ownership must include compliance by the transferee with the procedures outlined in title 35. The department may establish procedures for determining satisfactory proof of ownership of a vehicle in those cases when the department is unable to determine the legal owner of record. 2. A person holding a certificate of title whose interests in the vehicle have been extinguished or transferred other than by voluntary transfer shall mail or deliver the certificate to the department upon request of the department. The delivery of the certificate pursuant to the request of the department does not affect the rights of the person surrendering the certificate. The action of the department in issuing a new certificate of title as provided herein is not conclusive upon the rights of the owner or lienholder listed in the old certificate.

23. Substandard buildings or structures. The governing body of any city shall have the authority to provide by ordinance for the demolition, repair, or removal of any building or structure located within the limits of such city or other territory under its jurisdiction, which creates a fire hazard, is dangerous to the safety of the occupants or persons frequenting such premises, or is permitted by the owner to remain in a dilapidated condition. Any such ordinance must provide for written notice to the owner of a hearing by the governing body before final action is taken by such body. It must also provide a reasonable time within which an appeal may be taken by the owner from any final order entered by such governing body to a court of competent jurisdiction. The amount of the cost of any demolition, repair, or removal of a building or structure constitutes a lien against the real property from which the cost was incurred and the lien may be foreclosed in judicial proceedings in the manner provided by law for loans secured by liens on real property. If this amount is not adequate to cover the cost of demolition, repair, or removal, the city has a lien for the amount of the additional costs on all real property owned, or later acquired, by the owner in the city. If the city provides the amount of the lien and the name of the owner, the county auditor shall enter on the tax list the amount of the additional cost as a tax lien. The tax lien is enforceable by the city in the same manner as a tax lien by a county. This subsection in no way limits or restricts any authority which is now or may hereafter be vested in the state fire marshal for the regulation or control of such buildings or structures.

### HOUSE BILL NO. 1554

(Representatives Damschen, D. Johnson, Wrangham)  
(Senator Klein)

AN ACT to amend and reenact section 40-47-01.1 of the North Dakota Century Code, relating to extraterritorial zoning jurisdiction of cities; to provide legislative intent; and to declare an emergency.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Section 40-47-01.1 of the North Dakota Century Code is amended and reenacted as follows:

#### **40-47-01.1. (Effective through July 31, 2009) Extraterritorial zoning - Mediation - Determination by administrative law judge.**

1. A city may, by ordinance, extend the application of a city's zoning regulations to any quarter quarter section of unincorporated territory if a majority of the quarter quarter section is located within the following distance of the corporate limits of the city:
  - a. One-half mile [80 kilometer] if the city has a population of fewer than five thousand.
  - b. One mile [1.61 kilometers] if the city has a population of five thousand or more, but fewer than twenty-five thousand.
  - c. Two miles [3.22 kilometers] if the city has a population of twenty-five thousand or more.
2. Subject to subsections 5 and 6, a city, by ordinance, may extend the application of the city's zoning regulations to two times the distance allowed under subdivisions a, b, and c of subsection 1 if the extension is approved by at least five of six members of a committee established to review the proposed extension. The committee must consist of three members appointed by the governing body of the city and three members appointed, jointly, by the governing bodies of any political subdivision that is exercising zoning authority within the territory to be extraterritorially zoned.
3. If a quarter quarter section line divides a platted lot and the majority of that platted lot lies within the quarter quarter section, a city may apply its extraterritorial zoning authority to the remainder of that platted lot. If the majority of the platted lot lies outside the quarter quarter section, the city may not apply its extraterritorial zoning authority to any of that platted lot.
4. A city exercising its extraterritorial zoning authority shall hold a zoning transition meeting if the territory to be extraterritorially zoned is currently zoned. The city's zoning or planning commission shall provide at least fourteen days' notice of the meeting to the zoning board or boards of all

political subdivisions losing their partial zoning authority. The purpose of the zoning transition meeting is to review existing zoning rules, regulations, and restrictions currently in place in the territory to be extraterritorially zoned and to plan for an orderly transition. The zoning transition meeting must take place before the city's adoption of an ordinance exercising extraterritorial zoning.

5. If two or more cities have boundaries at a distance where there is an overlap of extraterritorial zoning authority under this section, the governing bodies of the cities may enter into an agreement regarding the extraterritorial zoning authority of each city. The agreement must be for a specific term and is binding upon the cities unless the governing bodies of the cities agree to amend or rescind the agreement or unless determined otherwise by an administrative law judge in accordance with this chapter. If a dispute arises concerning the extraterritorial zoning authority of a city and the governing bodies of the cities involved fail to resolve the dispute, the dispute must be submitted to a committee for mediation. The committee must be comprised of one member appointed by the governor, one member of the governing body of each city, and one member of the planning commission of each city who resides outside the corporate city limits. The governor's appointee shall arrange and preside over the meeting and act as mediator at the meeting. A meeting may be continued until the dispute has been resolved or until the mediator determines that continued mediation is no longer worthwhile.
6. If the mediation committee is unable to resolve the dispute to the satisfaction of the governing bodies of all the cities involved, the governing body of any of the cities may petition the office of administrative hearings to appoint an administrative law judge to determine the extraterritorial zoning authority of the cities in the disputed area. A hearing may not be held until after at least two weeks' written notice has been given to the governing bodies of the cities involved in the dispute. At the hearing, the governor's appointee who mediated the meetings under subsection 4 shall provide information to the administrative law judge on the dispute between the cities involved and any proposed resolutions or recommendations made by a majority of the committee members. Any resident of, or person owning property in, a city involved in the dispute or the unincorporated territory that is the subject of the proposed extraterritorial zoning, a representative of such a resident or property owner, and any representative of a city involved, may appear at the hearing and present evidence on any matter to be determined by the administrative law judge. A decision by the administrative law judge is binding upon all the cities involved in the dispute and remains effective until the governing bodies of the cities agree to a change in the zoning authority of the cities. The governing body of a city may request a review of a decision of an administrative law judge due to changed circumstances at any time ten years after the decision has become final. An administrative law judge shall consider the following factors in making a decision under this subsection:
  - a. The proportional extraterritorial zoning authority of the cities involved in the dispute;
  - b. The proximity of the land in dispute to the corporate limits of each city involved;

- e. The proximity of the land in dispute to developed property in the cities involved;
  - d. Whether any of the cities has exercised extraterritorial zoning authority over the disputed land;
  - e. Whether natural boundaries such as rivers, lakes, highways, or other physical characteristics affecting the land are present;
  - f. The growth pattern of the cities involved in the dispute; and
  - g. Any other factor determined to be relevant by the administrative law judge.
7. For purposes of this section, the population of a city must be determined by the last official regular or special federal census. If a city has incorporated after a census, the population of the city must be determined by a census taken in accordance with chapter 40-22.
8. When a portion of the city is attached to the bulk of the city by a strip of land less than one hundred feet [30.48 meters] wide, that portion and strip of land must be disregarded when determining the extraterritorial zoning limits of the city. This subsection does not affect the ability of a city to zone land within its city limits.
9. For the purposes of this section, a quarter quarter section shall be determined in the manner provided by 2 Stat. 313 [43 U.S.C. 752]. When appropriate, the phrase "quarter quarter section" refers to the equivalent government lot.

**(Effective after July 31, 2009) Extraterritorial zoning - Mediation - Determination by administrative law judge - Definition.**

1. a. A city may, by ordinance, extend the application of a city's zoning regulations to any quarter quarter section of unincorporated territory if a majority of the quarter quarter section is located within the following distance of the corporate limits of the city:

A city that has exercised its authority under this subdivision has joint zoning and subdivision regulation jurisdiction from one-half mile [.80 kilometer] to one mile [1.61 kilometers] with the other political subdivision.
  - b. (2) Two miles [3.22 kilometers] if the city has a population of five thousand or more, but less fewer than twenty-five thousand. The committee must be comprised of one member appointed by the governor and two members of the governing body of the other political subdivision and two members of the governing body of the city. The governor's appointee shall arrange and preside over the meeting and act as mediator at the meeting. A meeting may be continued until the dispute has been resolved or until the mediator determines that continued mediation is no longer worthwhile. If the mediation committee is unable to resolve the dispute to the satisfaction of the governing bodies, the dispute must be resolved by the board of county commissioners.

4. If a quarter quarter section line divides a platted lot and the majority of that platted lot lies within the quarter quarter section, a city may apply its extraterritorial zoning authority to the remainder of that platted lot. If the majority of the platted lot lies outside the quarter quarter section, the city may not apply its extraterritorial zoning authority to any of that platted lot.
- ~~3-~~ 5. A city exercising its extraterritorial zoning authority shall hold a zoning transition meeting if the territory to be extraterritorially zoned is currently zoned. The city's zoning or planning commission shall provide at least fourteen days' notice of the meeting to the zoning board or boards of all political subdivisions losing their partial zoning authority. The purpose of the zoning transition meeting is to review existing zoning rules, regulations, and restrictions currently in place in the territory to be extraterritorially zoned and to plan for an orderly transition. The zoning transition meeting must take place before the city's adoption of an ordinance exercising extraterritorial zoning.
- 4- 6. If two or more cities have boundaries at a distance where there is an overlap of extraterritorial zoning authority under this section, the governing bodies of the cities may enter into an agreement regarding the extraterritorial zoning authority of each city. The agreement must be for a specific term and is binding upon the cities unless the governing bodies of the cities agree to amend or rescind the agreement or unless determined otherwise by an administrative law judge in accordance with this chapter. If a dispute arises concerning the extraterritorial zoning authority of a city and the governing bodies of the cities involved fail to resolve the dispute, the dispute must be submitted to a committee for mediation. The committee must be comprised of one member appointed by the governor, one member of the governing body of each city, and one member of the planning commission of each city who resides outside the corporate city limits. The governor's appointee shall arrange and preside over the meeting and act as mediator at the meeting. A meeting may be continued until the dispute has been resolved or until the mediator determines that continued mediation is no longer worthwhile.
- ~~5-~~ 7. If the mediation committee is unable to resolve the dispute to the satisfaction of the governing bodies of all the cities involved, the governing body of any of the cities may petition the office of administrative hearings to appoint an administrative law judge to determine the extraterritorial zoning authority of the cities in the disputed area. A hearing may not be held until after at least two weeks' written notice has been given to the governing bodies of the cities involved in

the dispute. At the hearing, the governor's appointee who mediated the meetings under subsection 4 6 shall provide information to the administrative law judge on the dispute between the cities involved and any proposed resolutions or recommendations made by a majority of the committee members. Any resident of, or person owning property in, a city involved in the dispute or the unincorporated territory that is the subject of the proposed extraterritorial zoning, a representative of such a resident or property owner, and any representative of a city involved, may appear at the hearing and present evidence on any matter to be determined by the administrative law judge. A decision by the administrative law judge is binding upon all the cities involved in the dispute and remains effective until the governing bodies of the cities agree to a change in the zoning authority of the cities. The governing body of a city may request a review of a decision of an administrative law judge due to changed circumstances at any time ten years after the decision has become final. An administrative law judge shall consider the following factors in making a decision under this subsection:

- a. The proportional extraterritorial zoning authority of the cities involved in the dispute;
  - b. The proximity of the land in dispute to the corporate limits of each city involved;
  - c. The proximity of the land in dispute to developed property in the cities involved;
  - d. Whether any of the cities has exercised extraterritorial zoning authority over the disputed land;
  - e. Whether natural boundaries such as rivers, lakes, highways, or other physical characteristics affecting the land are present;
  - f. The growth pattern of the cities involved in the dispute; and
  - g. Any other factor determined to be relevant by the administrative law judge.
- 6- 8. For purposes of this section, the population of a city must be determined by the last official regular or special federal census. If a city has incorporated after a census, the population of the city must be determined by a census taken in accordance with chapter 40-22.
- 7- 9. When a portion of the city is attached to the bulk of the city by a strip of land less than one hundred feet [30.48 meters] wide, that portion and strip of land must be disregarded when determining the extraterritorial zoning limits of the city. 2. The commission order must be rendered no later than seven months after the public utility files its application requesting a prudence determination of an electric resource addition.
3. A resource addition approved by the commission is subject to annual reporting requirements until commercial operation of the resource addition.
4. The commission's order determining prudence of the resource adjustment is binding for ratemaking purposes.
5. If at any time following an initial commission order, the commission, following a subsequent hearing, determines that continuation of a project is no longer prudent or that its prior order should be modified, the public utility may recover in its rates, and in a timely manner consistent with the public utility's financial obligations, the amounts the public utility already has expensed, incurred, or obligated on a project, including interest expense and a return on equity invested in the project up to the time the new order is entered even though the project may never be fully operational or used by the public utility to serve its customers.

6. There is a rebuttable presumption that an energy conversion facility, renewable energy facility, transmission facility, or facility generating the energy to be purchased which is located in the state is prudent.

(Legislative Council)  
(Judicial Process Committee)

AN ACT to amend and reenact section 50-09-08.6 of the North Dakota Century Code, relating to restrictions on an individual's operator's license for nonpayment of child support or failure to obey a subpoena.

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1. AMENDMENT.** Section 50-09-08.6 of the North Dakota Century Code is amended and reenacted as follows:

**50-09-08.6. Suspension of occupational, professional, recreational, motor vehicle operator, and vehicle licenses and registrations for nonpayment of child support or failure to obey subpoena.**

1. As used in this section:

a. "License" means:

- (1) Any certificate, permit, or license issued by an agency of the state or a political subdivision of the state which the obligor is required to obtain prior to engaging in the obligor's occupation or profession;
- (2) Any certificate, permit, or license issued by an agency of the state which the obligor is required to obtain prior to engaging in a recreational activity; and
- (3) Any operator's license or vehicle license or registration which the obligor is required to obtain prior to operating or owning a vehicle in this state. As used in this section, "vehicle" includes any motor vehicle as defined in section 39-01-01, aircraft, snowmobile, motorboat, or personal watercraft.

b. "Licensee" means a person who has applied for or currently possesses a license.

c. "Licensing authority" means an agency of the state or a political subdivision of the state that issues a license, including occupational or professional boards, the game and fish department, and the department of transportation.

d. "Restrict", as it relates to the operator's license of an obligor or a person who fails to comply with a subpoena, includes the authority of the state agency to authorize the issuance, upon request for good cause, of a restricted operator's license that is solely for the use of a motor vehicle during the licensee's normal working hours.

2. The state agency, directly or through agents and child support agencies, may withhold, restrict, or suspend one or more licenses issued to:
  - a. A person who has failed, after receiving proper notice, to comply with a subpoena relating to a paternity or child support matter;
  - b. An obligor who is listed on the arrears registry; or
  - c. An obligor who is not in compliance with an existing payment plan that has been negotiated between the obligor and the state agency under this section or in exchange for the state agency refraining from taking an enforcement action against the obligor.
3. Before withholding, restricting, or suspending a license under subdivision a or b of subsection 2, the state agency shall send a notice to the licensee by first-class mail to the licensee's last-known address stating that the licensee has thirty days after the date of the notice to comply with the subpoena, satisfy the arrearage in full, or negotiate a payment plan with the state agency under this section. The notice must further state that the licensee may contest the action of the state agency by making a written request for a court hearing under subsection 5 within ten days of the date of the notice.
4. Upon notice to the licensee, the state agency may withhold, restrict, or suspend a license under subdivision c of subsection 2 at any time if the licensee fails to comply with a payment plan negotiated under this section. A copy of the state agency's order to withhold, restrict, or suspend a license must be sent to the licensee by first-class mail to the licensee's last-known address. The order must state that the licensee may contest the action of the state agency by making a written request for a court hearing under subsection 5 within ten days of the date of the order.
5. A request for a hearing under this section must be made to the court that issued or considered the child support order. If a child support order was issued by a court or administrative tribunal in another jurisdiction, the request may be made to any court of this state which has jurisdiction to enforce that order or, if no court of this state has jurisdiction to enforce that order, in any court of this state with jurisdiction over the licensee.
6. In a contest under this section, the court must affirm the action of the state agency to withhold, restrict, or suspend a license unless it finds that the licensee's delinquency or failure to comply with a subpoena, or an existing payment plan was not willful. Upon a showing by the state agency that the licensee has failed to comply with a subpoena, is listed on the arrears registry, or is not in compliance with an existing payment plan between the licensee and the state agency under this section, the licensee has the burden of proving that the delinquency or failure to comply was not willful.
7. The state agency shall notify the appropriate licensing authority that the state agency has withheld, restricted, or suspended a license under this section. A license that is withheld, restricted, or suspended by the state agency under this section may be reinstated only by the state agency after the licensee complies with the subpoena, satisfies the arrearage in

full, or enters into a payment plan with the state agency under this section.

8. An obligor and the state agency may enter into a payment plan under which the obligor agrees to satisfy the obligor's total child support obligation, including arrears, within a period not to exceed ten years. A payment plan under this section must require the obligor to make an immediate payment to the state disbursement unit in an amount equal to five percent of the total arrears owed by the obligor or five hundred dollars, whichever is greater. The state agency may waive or reduce the immediate payment that is due under a payment plan if the obligor's current or most recent monthly support obligation is less than five hundred dollars. The state agency may require that a payment plan under this section include satisfaction of all court-ordered child support obligations of the obligor. The obligor's current or most recent monthly support obligation under section 14-09-09.30 must be considered when determining the duration of a payment plan under this section and the payments due under the agreement. A payment plan under this section is not a modification of any child support obligation of the obligor and does not bar judicial review of a child support order under section 14-09-08.4 or other enforcement actions by the obligee or the state agency.
9. An action of the state agency to withhold, restrict, or suspend a license under this section may not be appealed to the state agency or to the licensing authority, including an appeal under chapter 28-32. Section 50-09-14 does not apply to actions taken by the state agency under this section.
10. Except for statistical purposes, an entry on the driving record or abstract of a restriction or suspension under this section after the restriction or suspension ceases may not be available to the public other than by order of a court of competent jurisdiction.
11. A licensing authority and any person acting on its behalf is not liable for any actions taken to withhold, restrict, or suspend a license under this section. This section does not limit the ability of a licensing authority to withhold, restrict, or suspend a license on any other grounds authorized by law.

2. The applicant shall provide information sufficient to establish the eligibility of each individual for whom assistance is requested, including the age, verification of relative relationship, citizenship or resident alien status of the children, verification of participation in an allowable activity, and financial eligibility.

3. An eligibility decision must be made within fifteen days on child care assistance applications whenever possible. The county agency shall notify the applicant following a determination of eligibility or ineligibility.
4. The department shall establish rules for the administration of the child care assistance program, including rules on income requirements, appeals of eligibility determinations for child care assistance, closure of a child care assistance case, and a sliding scale fee schedule for child care assistance benefits and to establish and enforce standards against program fraud and abuse.

#### **Available benefits.**

1. The department shall pay child care costs required as a result of participation in allowable activities by the eligible caretaker in a temporary assistance for needy families household or diversion assistance household. The department shall pay a portion of child care costs required as a result of participation in allowable activities by the caretaker based on family size and countable income by applying a sliding fee schedule established under rules to be adopted by the department.
2. Subject to the availability of funding, the department may expand child care assistance to include an eligible caretaker who is attending a postsecondary education program in pursuit of a one-year, two-year, or four-year degree or certificate. If a child care assistance unit includes two parents, child care assistance may be paid with respect to any child only during times that both parents are engaged in an allowable activity.

**Caretaker temporarily out of the home.** A caretaker, temporarily living apart from the remaining members of the child care assistance unit due to employment, education, training, medical care, incarceration, or uniformed service, is not considered absent from the home as long as the caretaker continues to function as caretaker, even if the level of support or care is reduced. The caretaker is counted as a child care assistance unit member and all gross countable income of that caretaker is included as child care assistance unit income used to determine the child care assistance payment.

**State of residence.** Only child care assistance units physically residing within the boundaries of the state are eligible for child care assistance.

#### **Approved relative provider.**

1. The department may approve a relative provider to provide care for specific children within a specified county. The department shall provide an approved relative provider with a provider identification number. An approved relative provider may provide care for no more than five children under the age of twelve or three children under the age of two, including the provider's children.
2. Before approving an individual as an approved relative provider, the department shall seek a criminal history record investigation as provided under section 50-11.1-06.2 and pursuant to section 12-60-24. The department shall consider any criminal history record information available at the time approval decision is made. A background check

must be completed for each adult living in the household of the prospective provider.

3. No payment may be made to a relative provider who is not an approved relative provider.

**Sliding fee schedule.**

1. The sliding fee schedule established by the department for inclusion within the child care and development fund state plan to determine eligibility, benefit levels, and the portion of the allowable child care cost that may be paid as a benefit under this chapter, must not:
  - a. Exceed available federal and non-federal funding; and
  - b. Provide benefits to a family whose income exceeds eighty-five percent of the state median income for a family of the same size.
2. Child care costs that exceed maximums established under this section are the responsibility of the family and may not be considered in determining the child care assistance program payment amount.

**Limitations on in-home child care benefits.** No benefits under this chapter may be provided for in-home child care unless:

1. A health professional provides written documentation demonstrating to the department's satisfaction that the child's health would be at risk if taken to an outside provider; or
2. A developmental disabilities case manager or a special education case manager provides written documentation demonstrating to the department's satisfaction that the child's disability is such that taking the child to an outside provider creates an undue hardship.

### SENATE BILL NO. 2101

(Industry, Business and Labor Committee)  
(At the request of Job Service North Dakota)

AN ACT to amend and reenact subsection 6 of section 52-04-05 and subsection 2 of section 52-04-06 of the North Dakota Century Code, relating to rounding of calculations for employer unemployment compensation contribution rates.

#### BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1. AMENDMENT.** Subsection 6 of section 52-04-05 of the North Dakota Century Code is amended and reenacted as follows:

6. a. Except as otherwise provided in this subsection, an employer's rate may not be less than the negative employer minimum rate for a calendar year unless the employer's account has been chargeable with benefits throughout the thirty-six-consecutive-calendar-month period ending on September thirtieth of the preceding calendar year. If an employer in construction services has not been subject to the law as required, that employer qualifies for a reduced rate if the account has been chargeable with benefits throughout the twenty-four-consecutive-calendar-month period ending September thirtieth of the preceding calendar year. If an employer in nonconstruction services has not been subject to the law as required, the employer in nonconstruction services qualifies for a reduced rate if the account has been chargeable with benefits throughout the twelve-consecutive-calendar-month period ending September thirtieth of the preceding calendar year. The executive director may provide any negative employer whose contributions paid into the trust fund are greater than the benefit charges against that employer's account, for a minimum of three consecutive years immediately preceding the computation date or subject to the law as required, with up to a thirty percent reduction to that employer's rate for any year if that employer has in place a plan approved by the bureau which addresses substantive changes to that employer's business operation and ensures that any rate reduction provided will not put the employer account back into a negative status.
- b. An employer that does not qualify under subdivision a is subject to a rate determined as follows:
  - (1) For each calendar year new employers must be assigned a rate that is ninety percent of the positive employer maximum rate or a rate of one percent, whichever is greater, unless the employer is classified in construction services. However, an employer must be assigned within the negative employer rate ranges for any year if, as of the computation date, the cumulative benefits charged to that employer's account equal or exceed the cumulative contributions paid on or before October thirty-first with respect to wages paid by that

employer before October first of that year. All results calculated under this paragraph must be rounded to the nearest one-hundredth of one percent.

- (2) New employers in construction services must be assigned the negative employer maximum rate.
- (3) Assignment by the bureau of an employer's industrial classification for the purposes of this section must be the three-digit major group provided in the North American industrial classification system manual, in accordance with established classification practices found in the North American industrial classification system manual, issued by the executive office of the president, office of management and budget. Employers who are liable for coverage before August 1, 2001, remain under an industrial classification under the two-digit major group provided in the standard industrial classification manual unless they are classified in the construction industry within the standard industrial classification code.

**SECTION 2. AMENDMENT.** Subsection 2 of section 52-04-06 of the North Dakota Century Code is amended and reenacted as follows:

2. For each calendar year the bureau shall establish a schedule of positive employer rate groups within the positive employer minimum rate and the positive employer maximum rate determined under section 52-04-05. Each successive rate group for positive employer rate groups must be assigned a rate equal to one hundred twenty percent of the previous group's rate with a minimum increase of one-tenth of one percent and a maximum increase of four-tenths of one percent. The number of rate groups in the positive employer schedule must be ten. For each calendar year the bureau shall establish a schedule of negative employer rate groups with the negative employer minimum rate and the negative employer maximum rate determined under section 52-04-05. Each successive rate group for negative employer rate groups must be assigned a rate equal to the previous group's rate plus four-tenths of one percent. The number of rate groups in the negative employer schedule must be the number required to provide for a rate group at each four-tenths of one percent interval between the negative employer minimum rate and the negative employer maximum rate determined under section 52-04-05. All results calculated under this subsection must be rounded to the nearest one-hundredth of one percent.

**SECTION 1. AMENDMENT.** Subsection 2 of section 52-04-11 of the North Dakota Century Code is amended and reenacted as follows:

2. Any employer who fails to submit to the bureau any employer's contribution and wage report by the date due shall pay the bureau a penalty equal to five percent of the contributions due for each month or part of a month until the report is submitted. The penalty for the first month of the first delinquent report in a calendar year may not be less than twenty-five dollars. **CHAPTER 446****HOUSE BILL NO. 1362**  
(Representatives Grande, Kasper, Ruby)  
(Senators Klein, J. Lee, Triplett)

AN ACT to amend and reenact section 52-04-24 of the North Dakota Century Code, relating to unemployment compensation rates for staffing services.

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1. AMENDMENT.** Section 52-04-24 of the North Dakota Century Code is amended and reenacted as follows:

**52-04-24. Staffing services - Payment of unemployment insurance taxes.**

1. If a staffing service exclusively provides temporary staffing services, the staffing service is considered to be the employee's employer and the staffing service shall pay unemployment insurance taxes at the staffing service's unemployment insurance tax rate. If a staffing service provides temporary and long-term employee staffing services, the staffing service is subject to the reporting and tax requirements associated with the type of employee provided to the client company.
2. For the purposes of long-term employee staffing services provided by a staffing service, the staffing service shall:
  - a. Report quarterly the wages of all employees furnished to each client company and pay taxes on those wages at the client company's unemployment insurance tax rate, except as otherwise provided under subsection 3.
  - b. Maintain complete and separate records of the wages paid to employees furnished to each of the client companies. Claims for benefits must be separately identified by the staffing service for each client company.
  - c. Notify the agency of each client company's name and unemployment insurance account number and the date the staffing service began providing services to the client company. The staffing service shall provide the agency with the information required under this subdivision upon entering an agreement with a client company, but no later than fifteen days from the effective date of the written agreement.
  - d. Supply the agency with a copy of the agreement between the staffing service and the client company.
  - e. Notify the agency upon termination of any agreement with a client company, but no later than fifteen days from the effective date of the termination.

- f. Share employer responsibilities with the client company, including retention of the authority to hire, terminate, discipline, and reassign employees. If the contractual agreement between the staffing service and a client company is terminated, the employees become the sole employees of the client company.
3. For the purposes of long-term employee staffing services provided by a staffing service, upon authorization of the agency, the staffing service may be considered to be the employee's employer and the staffing service shall pay unemployment insurance taxes at the staffing service's unemployment insurance tax rate. The agency may not make an authorization under this subsection unless one of the following requirements is met:
  - a. In the case of a client company unemployment insurance tax rate that is higher than the staffing services tax rate:
    - (1) The staffing service:
      - (a) Calculates the difference between the staffing service's tax rate and the client company's tax rate;
      - (b) Applies the difference to the wages to be earned by the employees furnished to the client company in the following completed calendar quarter; and
      - (c) Notifies the agency that such application would, if the staffing service's tax rate were applied to those same wages, cause a reduction in the tax due on those wages which does not exceed five hundred dollars.
    - (2) If the reduction under paragraph 1 exceeds five hundred dollars, at the written request of the staffing service, the agency may make a written determination that it is appropriate to allow the staffing service to use the staffing service's unemployment insurance tax rate. The agency shall respond to a request under this paragraph within fifteen days of receiving all required information.
  - b. The staffing service includes in its contract with the client company a requirement that if the client company's unemployment insurance tax rate is higher than the staffing service's tax rate, the client will arrange to make payment to the agency, pursuant to subsection 4 of section 52-04-06, in the amount necessary to cause the client company's unemployment insurance tax rate should it be recomputed to be determined by the agency to be equivalent to the staffing service's unemployment insurance tax rate. Before the agency makes an authorization under this subdivision, the agency actually must receive payment of the amount required to cause the determination that the client company has complied with this subdivision.
  - c. The staffing service demonstrates to the agency that the staffing service has entered an agreement with a client company that has an unemployment insurance tax rate that is, at the time of

execution of the contract, equal to or lower than the staffing service's tax rate.

4. If a staffing service enters a contract with a client company that has an unemployment insurance tax rate that is lower than the staffing service's tax rate, the agency shall determine the following year's tax rate for the staffing service by calculating a blended reserve ratio using the proportion of that client company's total wages paid for up to the previous six years to the total wages paid for up to the previous six years for all of that staffing service's client companies whose furnished workers are considered the staffing service's employees for unemployment insurance tax purposes pursuant to subsection 3.
5. Both a staffing service and client company are considered employers for the purposes of this title. Both parties to a contract between a staffing service and a client company are jointly liable for delinquent unemployment insurance taxes, and the agency may seek to collect such delinquent taxes, and any penalties and interest due, from either party. The agency shall send notices of rate determinations annually to the staffing service. This chapter does not modify or impair any other provisions of the contract between the staffing service and the client company not relating to the requirements of this subsection concerning liability for payment of taxes on the wages paid to workers furnished by the staffing service to the client company, and the means of determining the tax rate to be applied to those wages. Any report that relates to the Federal Unemployment Tax Act [68A Stat. 439; 26 U.S.C. 3301 et seq.] which is required to be submitted to the federal internal revenue service regarding a staffing service must be submitted with the employer identification number of the staffing service.
6. The agency shall determine whether a person is a staffing service. If the agency determines a person is a staffing service, the agency may further determine if the person is a temporary staffing service. The agency's determination must be issued in writing, and within fifteen days of the date of issuance of that determination, a person aggrieved by that determination may appeal that determination. The appeal must be heard in the same manner and with the same possible results as all other administrative appeals under this title. In making a determination under this subsection, the agency may consider:
  - a. The number of client companies with which the staffing service has contracts;
  - b. The length of time the staffing service has been in existence;
  - c. The extent to which the staffing service extends services to the general public;
  - d. The degree to which the client company and the staffing services are separate and unrelated business entities;
  - e. The repetition of officers and managers between the client company and staffing service;
  - f. The scope of services provided by the staffing service;

- g. The relationship between the staffing service and the client company's workers;
  - h. The written agreement between the staffing service and the client company; and
  - i. Any other factor determined relevant by the agency.
7. The agency may require information from any staffing service, including a list of current client company accounts, staffing assignments, and wage information. A client company shall provide any information requested by the agency regarding any staffing service.

**CHAPTER 448****SENATE BILL NO. 2106**

(Industry, Business and Labor Committee)  
(At the request of Job Service North Dakota)

AN ACT to amend and reenact subsections 1 and 2 of section 52-06-02 of the North Dakota Century Code, relating to overcoming disqualification from unemployment compensation benefits.

**BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

**SECTION 1. AMENDMENT.** Subsections 1 and 2 of section 52-06-02 of the North Dakota Century Code are amended and reenacted as follows:

1. For the week in which the individual has left the individual's most recent employment voluntarily without good cause attributable to the employer, and thereafter until such time as the individual:
  - a. Can demonstrate that the individual has earned remuneration for personal services in employment from and after the date of the unemployment compensation claim filing, equivalent to at least eight times the individual's weekly benefit amount as determined under section 52-06-04; and
  - b. Has not left the individual's most recent employment under disqualifying circumstances.

A temporary employee of a temporary help firm is deemed to have left employment voluntarily if the employee does not contact the temporary help firm for reassignment before filing for benefits. Failure to contact the temporary help firm is not deemed a voluntary leaving of employment unless the claimant was advised of the obligation to contact the temporary help firm upon completion of an assignment and advised that unemployment benefits may be denied for failure to contact the temporary help firm. As used in this subsection, "temporary employee" means an employee assigned to work for a client of a temporary help firm; and "temporary help firm" means a firm that hires that firm's own employees and assigns these employees to a client to support or supplement the client's workforce in a work situation such as employee absence, temporary skill shortage, seasonal workload, a special assignment, and a special project.

This subsection does not apply if job service North Dakota determines that the individual in an active claim filing status accepted work which the individual could have refused with good cause under section 52-06-36 and terminated such employment with the same good cause and within the first ten weeks after starting work.

This subsection does not apply if the individual left employment or remains away from employment following illness or injury upon a physician's written notice or order; no benefits may be paid under this exception unless the employee has notified the employer of the

physician's requirement and has offered service for suitable work to the employer upon the individual's capability of returning to employment. This exception does not apply unless the individual's capability of returning to employment and offer of service for suitable work to the employer occurs within sixty days of the last day of work. However, the cost of any benefits paid under this exception may not be charged against the account of the employer, other than a reimbursing employer, from whom the individual became separated as a result of the illness or injury. Job service North Dakota may request and designate a licensed physician to provide a second opinion regarding the claimant's qualification; however, no individual may be charged fees of any kind for the cost of such second opinion.

This subsection does not apply if the individual left the most recent employment because of an injury or illness caused or aggravated by the employment; no benefits may be paid under this exception unless the individual leaves employment upon a physician's written notice or order, the individual has notified the employer of the physician's requirement, and there is no reasonable alternative but to leave employment.

For the purpose of this subsection, an individual who left the most recent employment in anticipation of discharge or layoff must be deemed to have left employment voluntarily and without good cause attributable to the employer.

For the purpose of this subsection, "most recent employment" means employment with any employer for whom the claimant last worked and voluntarily quit without good cause attributable to the employer or with any employer, in insured work, for whom the claimant last worked and earned wages equal to or exceeding eight times the individual's weekly benefit amount.

This subsection does not apply if the individual leaves work which is two hundred road miles [321.87 kilometers] or more, as measured on a one-way basis, from the individual's home to accept work which is less than two hundred road miles [321.87 kilometers] from the individual's home provided the work is a bona fide job offer with a reasonable expectation of continued employment.

This subsection does not apply if the individual voluntarily leaves most recent employment to accept a bona fide job offer with a base-period employer who laid off the individual and with whom the individual has a demonstrated job attachment. For the purposes of this exception, "demonstrated job attachment" requires earnings in each of six months during the five calendar quarters before the calendar quarter in which the individual files the claim for benefits.

2. For the week in which the individual has been discharged for misconduct in connection with the individual's most recent employment and thereafter until such time as the individual:
  - a. Can demonstrate that the individual has earned remuneration for personal services in employment from and after the date of the unemployment compensation claim filing, equivalent to at least ten times the individual's weekly benefit amount as determined under section 52-06-04; and

- b. Has not left the individual's most recent employment under disqualifying circumstances.

For the purpose of this subsection, "most recent employment" means employment with any employer for whom the claimant last worked and was discharged for misconduct in connection with the claimant's employment or with any employer, in insured work, for whom the claimant last worked and earned wages equal to or exceeding ten times the claimant's weekly benefit amount.
