The section added by the Senate providing that 50 percent of these funds be used as determined by Senate members of the Legislative Management Committee, or its successor, and 50 percent by House members of the committee is changed to provide that \$400,000 is to be used as determined by Senate members of the committee, \$400,000 is to be used as determined by House members of the committee, and \$200,000 is to be used as determined by a majority of the members of the committee. The House had amended the section to provide that 35 percent of the funds be used as determined by Senate members of the committee, 55 percent of the funds by House members of the committee, and the remaining 10 percent of the funds by all members of the committee.

A section is added allowing legislators to exceed the monthly maximum lodging reimbursement for April 2009.
