* Developmental courses are basic academic skills courses designed to prepare students to complete regular academic degree-credit courses. Effective with the Fall 2010 term, all NDSU courses numbered less than 100 and English 100 and Math 101 and 102 are developmental courses. Developmental courses may count toward a student's full-time course load. Math 102 may be used to meet degree credit requirements in certificate, diploma and A.A.S. programs.
